

FOR FIRST SEMESTER WORK

Top Scholars Are Honored At Olton Junior High School

Scholastic awards for the first semester were presented to outstanding students in a special junior high assembly here Wednesday morning.

Presented by Carl McClure, junior high principal, awards

went to one sixth, one seventh, and one eighth grade student in each of the subjects.

Special awards were also given to members of the student council and four students who have been chosen Students of the Month.

Scholastic awards were as follows:

MATH—Kathy Turner, sixth; Mack Lancaster, seventh; and Joe Dale Chitwood, eighth.

SCIENCE —Kermit Cottrell, sixth; Mack Lancaster, seventh; and David Hamilton, eighth.

ENGLISH —Sheree Coleman, sixth; Connie Hall, seventh; and Brenda Leonard, eighth.

READING, SPELLING—Kenneth Spain, sixth; Mack Lancaster, seventh; and Leslie Holladay, eighth.

SOCIAL STUDIES — Kay Johnson, sixth; JoEllen Spain, seventh; and Brenda Leonard, eighth.

GIRLS PE — Teresa Wilks, sixth; Sharon Hendricks, seventh; and Gay Fisher, eighth.

BOYS PE — Kenny Jones, sixth; Mike Parsons, seventh; and Barry Cowart, eighth.

BAND — Gaynette Edwards, beginning band; Mike Phillips, junior high band.

CHOIR — Kathy Turner, sixth; Luis Rey, seventh; and Marilana May, eighth.

PRE-VOCATIONAL — Candy Garza and Thomas Marquez

Student council members include Sunya Sorley, Barry Cowart, Mike Parsons, Carroll Blackwell, Dona Sorley, Gaynette Edwards and Myrle Givens.

Students of the Month have been Leslie Holladay, Sunya Sorley, Maria DeLaCorda and Janie Jones.

SA Drive For Funds Is Slated

Olton's annual Salvation Army fund campaign starts Feb. 3 with a coffee for volunteer workers.

Walter Struve will head up the volunteers, who this year have a goal of \$1,250.

Assisting Struve will be Bub Holt, Howard Hall, Bill Turner, Jessie Stovall, Basil Sherman, Larry Griffin, Tommy Sluder, Russell Strain, Nig James, Opal Bowers, Bruce Hackler, Ira Foster, and Doug Jones.

Also assisting will be Mozelle Trotter, Kenneth Campbell, Melvin Raines, Winston Bley, Enid Givens, Mrs. Owen Jones, Billy Norfleet, Betty Jordan, Percy Parsons, Annette Billingsley, Beulah Lawson, Mabel Bizzell, Dardie Williamson, Billie Hall, Lee Neinast, Emmett Burrows, Lavernia Thompson and Kenneth Moore.

Ray Schultz, superintendent of the Olton school system, will be in charge of solicitation through the schools.

In addition to the personal contacts made by local workers, there will be a mail solicitation.

The local service unit committee was organized in January of 1965 and was established to provide welfare for those in need.

Local committee members include Basil Sherman, chairman; C. H. McClure, vice-chairman; Gene Trotter, treasurer; Mrs. Orlean Hackler, welfare secretary; and Emmett Burrows, Homer Whisenand, B. G. Kelly, the Rev. John Lewis, the Rev. Cecil Hardaway, the Rev. J. D. Lancaster and Leta Bell.

Sherman said the cost of administration of the Salvation Army is less than nine cents per dollar contributed, and that one-third of the funds contributed locally remain for the committee to use as it needs.

The rest goes to support state services, which include a home and hospital for unwed mothers, a missing persons bureau, disaster relief and a summer camp for boys.

In the event the local committee runs out of funds between campaigns, money is granted back to the local committee upon the request of the local treasurer.

Sherman said contributions may be mailed to Gene Trotter in care of the Olton Salvation Army Service Unit, Olton State Bank.

Holladay Resigns As Football Coach

THE BRIGHTER SIDE OF WINTER—The weekend snow left a thin covering of snow and frost over these trees in the downtown Olton square, giving them the appearance of a flocked Christmas tree.

Olton Seeks New Mentor

Olton school trustees Tuesday accepted the resignation of Otis Holladay, athletic director and head football coach, effective May 31, 1966.

Holladay submitted a written resignation at a special meeting of the board Tuesday afternoon. In it, he expressed a desire to remain in the system next year as a classroom teacher.

The board said it would review Holladay's contract at its March meeting, when all teacher contracts will come under study.

Trustees said they would begin accepting applications immediately for the head football coaching post.

Holladay, a veteran of 18 years as a coach, came here last August from Pampa, where he served three years as grid mentor.

After resigning at Pampa, Holladay left the coaching field for the insurance business, but he returned to coaching last August when the Olton post was offered.

His Mustang team won three of 10 games last fall, including one of five in district. The team faced strong Class AAA opposition early in the year and fared well, but crippling injuries took their toll and the Ponies wound up in the cellar with Dimmitt and Floydada in district play.

In his 18 years of coaching, Holladay compiled a fine record, winning 60 per cent of his games.

He met with best results at White Deer, where he won the Class A state championship in 1958, and at Gainesville, where his team advanced to the Class AAA semi-finals in 1961 before losing to the eventual state champion, Dumas.

His teams were 37-18-2 in five seasons at White Deer and 18-5 in two years at Gainesville before he ran into a 12-18 mark in three years at Pampa.

C-CA BANQUET SPEAKER—S. J. Sparks, community leader and businessman from Texarkana will address the annual Chamber of Commerce and Agriculture banquet scheduled for Feb. 18.

Snow, Below Zero Cold Chills Olton And Area

White was the word for the weather this week and the fluffy form of precipitation was for the most part welcome in all sections.

About the only effect the snow had on farmers' plans in the area was to help winter wheat off to a better start than it sometimes gets.

Slippery streets caused more than a few anxious moments for motorists, but only one wreck that caused damage of any note was attributed to the condition of the streets.

A car driven by Stephen David Hucklebee of Olton collided with an auto driven by Marvin David Fisher of Lubbock Sunday afternoon.

Police Chief Emmett Burrows said Fisher was stopped at a stop sign, with his car headed west on W. 9th St.

Burrows said Hucklebee started to make a right turn off FM 168 while going south.

The police officer said apparently Hucklebee's wheels failed to hold and he slid into Fisher's car.

Damage to Fisher's car was set at \$50, while the damage to Hucklebee's was estimated at \$25-30.

In a happier vein, Olton's school students got a break, with classes being dismissed Friday.

One result of the school dismissal was the cancellation of a pair of basketball games Friday night at Floydada—a fact basketball players and coaches alike probably wish had not happened.

The next night in makeup games both teams were defeated in district competition.

James Gallagher, weatherman for Olton, recorded a total of eight inches of snow that fell during the three-day period, amounting to .47 inch of moisture.

The temperature reached a high of 39 degrees Jan. 20 and since that date the mercury hasn't gone above the freezing mark.

The lowest official temperature recorded by Gallagher was -5 degrees Saturday morning, although other residents reported readings as low as -10.

On the Henry Aigaki farm northwest of Olton, the snow didn't seem to bother anything, not even the cattle on the place. The Aigakis noted a low of -2 degrees during the cold storm, but said it probably was colder, since the reading was taken during daylight hours.

Mrs. W. L. Gardner said she and her husband were, "Just enjoying the moisture," on their farm west of town, since all

their crops were in and they don't have any livestock and winter wheat to worry about.

Mrs. R. V. Allcorn said the moisture would help winter wheat planted on their farm southeast of town, and hadn't hurt anything else.

Exchange Student Will Need Home

A student from a foreign land will get a first-hand view of Olton this fall—if he can find a place to live.

That's the word from Joe Turner, principal at Olton High School.

"Any family who would be interested in keeping a foreign exchange student this next year is asked to contact Bill Kelley, president of the local chapter of American Field Service, or me," said Turner.

The program is scheduled to begin this next August.

BOOKMOBILE SCHEDULE SET

The High Plains Bookmobile will be in Hart Camp on Friday from 1:45-2:30 p.m., and then will travel to Fieldton from 2:45-3:30 p.m.

On Saturday, the Bookmobile will be in Olton from 9:15-11:45 a.m..

Olton 4-H Gets Awards At Denver Stock Show

Olton's 4-H Club made the name "Olton" a familiar sound at the National Western Stock Show in Denver, Colo., last week.

In the sheep division of the show, the group picked up four champion awards and three reserve champion honors in the junior division, and one reserve champion for the entire show.

Marilana May was the leader of the group, picking up two champion awards, two reserve champion ribbons and the reserve champion of the entire show.

Marlos May showed the champion crossbreed lamb and the reserve champion Hampshire lamb in the junior show, while Tommy Lewis showed the champion fine wool lamb in the junior category.

Marilana's awards were the champion pen-of-three, the champion cheviot, dorset and shropshire in the heavyweight class, reserve champion pen-of-three for the entire show, reserve champion cheviot, dorset and shropshire, and reserve champion southdown.

Complete results are as follows:

Marilana May -- first, pen-of-three southdown and southdown crosses; first, heavy cheviot, dorset and shropshire;

second, light cheviot, dorset and shropshire; second, pen-of-three cheviot, dorset and shropshire; second, heavy southdown and southdown crosses; third, light southdown and southdown crosses; fourth, heavy cheviot, dorset and shropshire;

Marlos May -- first, pen-of-three hampshires; first, pen-of-three crossbreeds; first, heavy crossbreed; first, light crossbreed; second, heavy Hampshire; second, light Hampshire; second, light crossbreed; third, light Hampshire;

Tommy Lewis -- first, light fine wool;

Gary Dickenson -- second, light fine wool;

Benny Akin -- fourth, other breeds and crosses.

In the open division, Melita May placed first in both the light and heavy Hampshire lambs class.

Archie May, adult 4-H leader, placed first in the carcass class, third in the light Hampshire and fifth in the heavy Hampshire class, all in the open show.

Earlier Doyle Meadows, senior FFA member from Olton, picked up reserve grand champion honors in the barrow show with his Yorkshire.

He also took the champion of

breed award and a third place durac ribbon.

J. Curtis Hall showed the champion Southdown lamb and the third place Hampshire barrow, and Steve Moss had the third and sixth place crossbreed lambs.

Also placing earlier was Darryl Dennis in the open division with a second place durac, a fourth place pen-of-three, and the fifth and seventh place Southdown lambs.

Two Are In Race For District Clerk

Lamb County's political pot began to boil a little this week, but activity could hardly be counted more than a slight simmer.

Mrs. Ray Lynn Britt of Amherst paid her filing fee this week to run for district clerk.

Ernest Owens, the incumbent, earlier filed for the same position and Mrs. Britt's entry make this one the first competitive race in the county so far.

Still running unopposed are J. B. Davis for reelection as county judge, Charles Jones for another term as county clerk and C. Roy Stevens for reelection as school superintendent.

Herbert Dunn, county tax assessor and collector, once again reminded county residents to obtain their poll tax if they wish to vote this year.

Dunn said less than a third of the county's eligible voters had thus far turned in their \$1.75 fee to vote.

Area Cattle In Quarantine

Lamb county was one of five adjoining area counties placed under quarantine for cattle scabies by the Federal government this week.

Included in the quarantine are Lamb, Castro, Hale, Floyd and Swisher Counties.

Before any cattle can be offered for sale in the affected area, they must be inspected and approved for sale by a Federal inspector.

Ronny McNutt, assistant county agent, said cattle moving within the state do not have to be inspected, but any moving across state lines must.

McNutt said V. H. Holland, who is staying at the Congress Inn in Plainview, would handle requests for inspectors.

He said only the northern part of Lamb county was affected by the quarantine, roughly the portion north of Highway 70.

Fillies Split To Even Record

Close games are getting to be a habit for Coach Sandra Meadows' Filly basketball team when they play on the home court.

And the Fillies played their usual nerve-wrecking brand of basketball Tuesday night before downing Friona, 62-56.

It took an overtime to take the win, though, and only a last second basket by Susan Norfleet sent the contest into extra time.

The win evened the Fillies district mark to 2-2.

Meanwhile, Friona's male team blasted the Mustangs, 79-29, to send the Mustangs down to their fourth loop defeat.

Charles Church was the only Mustang in double figures with 11.

District crown hopes for the Fillies went down with the temperatures over the weekend, when they were downed by Floydada's feds, 48-37.

Playing on Saturday night to make up the game cancelled because of the snow Friday, the Fillies hit a disastrous cold

spell themselves in the second quarter. They scored only three points, while the Floydada girls picked up 17 points.

The boys were also having trouble the same night, and lost to the Floydada team, 62-47.

Sherry Caddel was high scorer in both games, picking up 21 points against Floydada and 33 against Friona.

Karen Hipp collected six points in the Floydada tilt, and picked up 18 against Friona.

Susan Norfleet hit for 10 points against Floydada, then tallied 11 against Friona.

Kathy Kidd led Olton's defense in the Friona game with nine rebounds.

Charles McClain hit for 12 points against Floydada to lead Olton scoring, while Charles Church picked up 11 against Friona.

Next game for both clubs will be against Lockney here Friday night. The second round of district competition starts next Tuesday when both Clubs tangle with Dimmitt here.

THE OTHER SIDE OF WINTER—Despite the beauty left by the falling snow, there was another effect, as evidenced by the man with the shovel preparing to help a woman drive away from a Main Street parking place.

Dr. Trout Speaker For PTA Program

Dr. Virgil Trout will speak at the PTA Founder's Day program set for Feb. 3 at 7:30 p.m. in the school cafeteria.

Trout, former pastor of Sunset Church of Christ in Lubbock, is now in Duncan, Okla.

He is most famous for his work in the philosophy of science and its relation to religious thought. He received an honorary doctor's degree from Oxford University in England, and has given two lecture series on "Christian Evidences" in London.

His topic in Olton will be, "Together We Help A Child By Strengthening Our Heritage."

Trout has also been listed three times in a national publication, "Leaders of American Science," because of his work.

He has spoken approximately 2,800 times before various groups since 1961 and has published a book, "Christian Evidences."

DR. VIRGIL TROUT

Trout has spoken on 61 university and college campuses and will lecture in eight states in the next four months.

The Olton Enterprise

Published each Thursday at Olton, Texas, 79064.

Entered as second class matter at the post office at Olton, Texas under the act of Congress, March 3, 1879.

Any erroneous reflection upon the character, firm or corporation which may appear in the columns of The Olton Enterprise, will be gladly corrected upon being brought to the attention of the publisher.

Get Your Ticket To Vote

Deadline for payment of the poll tax -- the "ticket to vote" in 1966 elections -- is closing in.

Democrats, Republicans, liberals and conservatives are emphasizing this in the windup of their voter registration drives this week.

All sides apparently are concerned that some of their supporters may fail to qualify. This because of confusion over the federal suit to ban the poll tax.

The suit has not been decided.

Atty. Gen. Waggoner Carr and State Democratic Executive Committee Chairman will D. Davis issued reminders that federal judges who will rule on it have advised Texans to pay their poll taxes, since they will reach no decision before January 31.

Carr noted these requirements for voter eligibility in 1966:

*Those who want to vote in all primary general or special elections for nomination of candidates (including state and local), or on bond issues, constitutional amendments and other propositions -- and who hold no exemptions -- must pay the \$1.75 poll tax no later than the end of the month.

*Persons over 60 must obtain exemption certificates by January 31.

*Those turning 21 years of age can secure exemption certificates up to 30 days prior to an election, as can new residents just completing their residential eligibility by election date.

*Free poll tax receipts are available through January 31 to qualify voters to cast ballots for federal officers (U.S. senator and congressman only this year.)

Apparently, 1966 will see lots of political action -- and the voter without a poll tax will be on the outside looking in.

Heredity And Environment

Is heredity or environment the major factor in influencing one's personality traits? Mothers declare -- and researchers agree -- that there is a sex difference in the origin of personality qualities.

Studies indicate that a girl's personality is primarily a product of heredity, while a boy's traits tend to be shaped more by the environment of his early years.

Thus, the atmosphere of the home is a potent factor in a child's mental development. Boys show more intellectual growth when they get along well with their mothers, according to a long-time study of children.

Girls, on the other hand, tend to reach their maximum in mental ability when their fathers are openly friendly and affectionate toward the mother in the home.

"Many parents erroneously believe

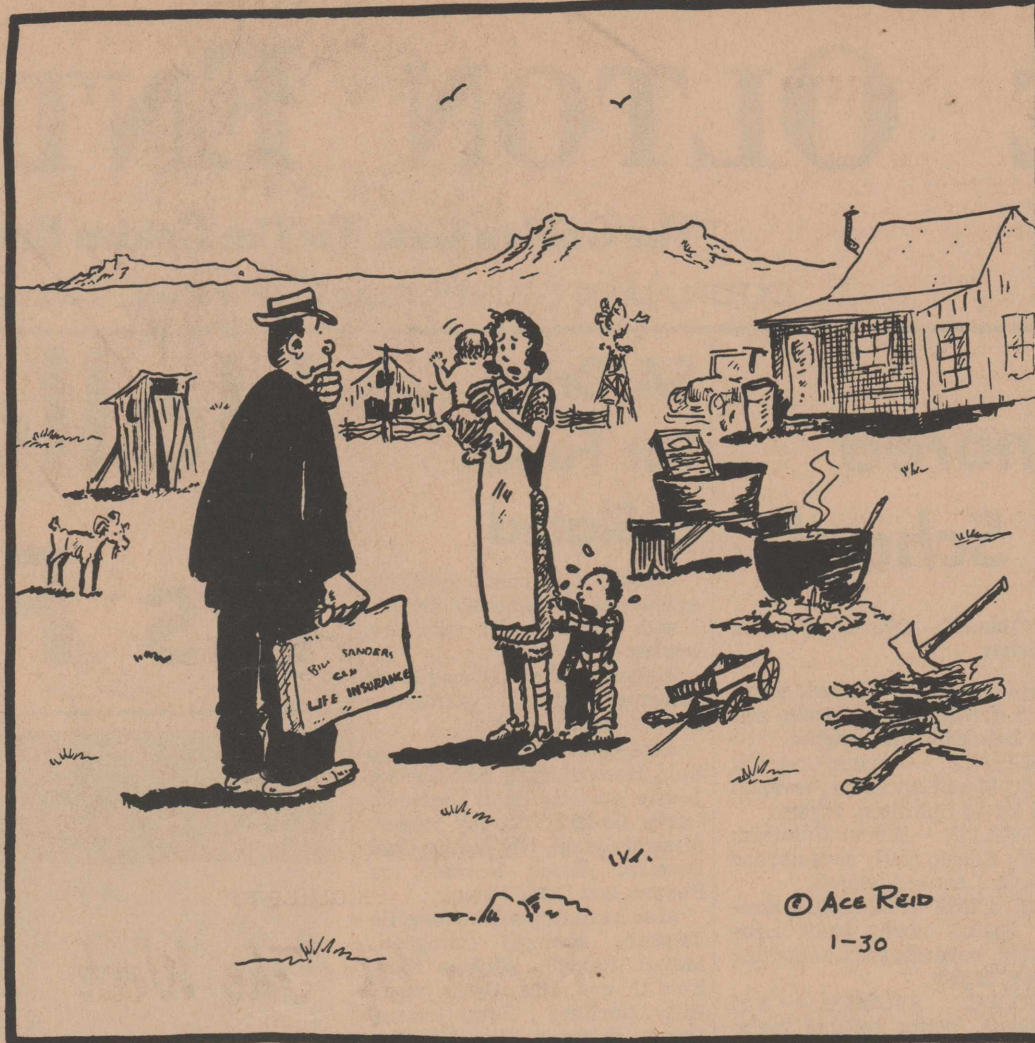

"they can wait until the child is old enough to understand" to create a desirable atmosphere. Much of the intellectual growth comes before six years of age -- and it may be too late to foster this growth when the child understands what is happening," say the researchers.

When a child exhibits certain traits, adults treat him in a certain way, which may intensify these traits. These facts tend to bear out the statement that heredity may establish a ceiling for a person's development -- physical, emotional or mental -- and environment will determine how nearly that person reaches his potential.

The greater the variety of experiences provided by the parents, the more opportunity each child will have to reach his potential.

COW POKES

By Ace Reid

"Yes, Mr., I do need some life insurance, 'cause I sure ain't doin' much livin' now!"

Courses Offered

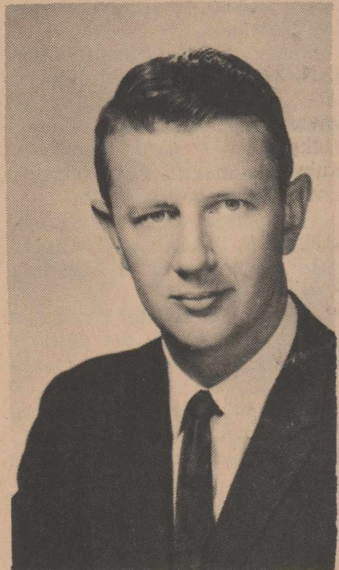

PLAINVIEW (Special) --- A variety of studies from Spanish Conversation to the History of Soviet Russia and Old Testament will be offered at night during the spring semester at Wayland Baptist College.

For teachers lacking certification and other area people, the college is offering state and local government at night and essentials of geography on the afternoon schedule. In addition, two education courses are scheduled for night, as well as two sections of Reading Improvement.

Two 30-minute sessions twice a week are planned for students taking reading improvement. The first section will meet at 7 p.m. each Tuesday and Thursday and the second section will meet at 7:30 p.m. each Tuesday and Thursday.

Comparative economic systems will be offered on Monday evenings from 7 - 10. Evaluation and measurements in public school education meets at the same time, while reading and language arts in the elementary school meets on Tuesdays, 7-10 p.m.

A section of second semester freshman composition is offered 7-8:45 p.m. Tuesdays. On Saturday mornings a workshop in modern math for primary grades will be offered, 9-11. Teachers and parents may profit from this workshop.

JACK HIGHTOWER

Hightower

Visits Olton

Senator Jack Hightower of Vernon was in Olton Wednesday in connection with his candidacy for re-election to the Texas Senate from the new 30th Senatorial District.

Senator Hightower filed his application to be placed on the official ballot in the Democratic primary with Glenn Batson of Littlefield, Democratic chairman for Lamb County.

The new senatorial district which includes Lamb County is now composed of 21 counties, stretching from Wichita and Archer Counties on the east, to the New Mexico line on the West. The redistricting was done by the last session of the Legislature under orders of the federal courts to comply with the new "one man -- one vote" decision of the Supreme Court.

While in Olton Senator Hightower visited briefly with campaign supporters and advised that he will publish his formal announcement in the near future.

Letter to the Editor

Mr. Bill Turner
Olton Enterprise
Olton, Texas

Dear Mr. Turner:

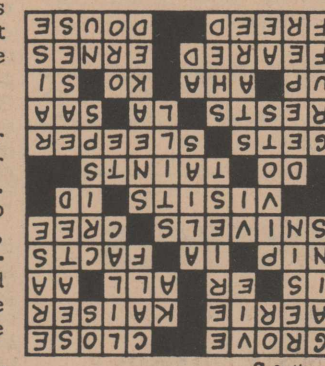

The December issue of the "Texas Press Messenger" depicts the growth and strength of Texas' newspapers and is indicative of the pride and spirit that has made your industry one of which we are proud.

Congratulations to you, your newspaper and your industry for your many accomplishments. The contributions you make to the people of your community, state and nation are most significant and are particularly noted by those of us who have the privilege of serving this state as public officials.

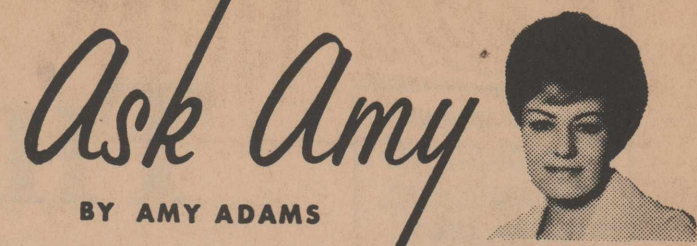

As, Lieutenant Governor of

Texas, I have enjoyed and appreciated the opportunity and privilege of working with you and your association.

Sincerely,
Preston Smith
Lt. Governor of Texas

HARD SELL NEEDS SOFT SOAP

Dear Amy:

As a newlywed, I have what I feel is a real problem. My husband, who is a mechanic, comes home from work every night quite greasy and dirty. He insists on climbing into bed like that. How can I get him to take a shower or at least wash up without hurting his feelings too much? I have tried hinting, but it didn't work.

Grey Sheets

Dear Grey Sheets:

It will take more than a gentle hint to get him into a shower. Put on the heat! If he gives you a dirty look, then try soft-soaping him.

Dear Amy:

I have met and fallen in love with the most wonderful man. He has been married, divorced and remarried. He has a son, 14, by his first wife. He is childless by his second marriage. We have been together several times and I am deeply in love with him. He has told me he loves me and would go away with me. I know I shouldn't feel this way about him, but I can't help myself. He is the kindest, most considerate person I have ever known, and we have a wonderful time when we are together. We both hate to sneak around, so you can understand the mental and emotional turmoil I am in. When I am near this man, I can't think straight. I go all weak in the knees.

Please, Amy, don't tell me to give him up, he is the only real happiness I have ever known. And as sure as God is above me, I know we could be happy together, and I could give him all the love that is lacking in his second marriage.

In Love With Love

Dear In Love:

His second wife thought so, too. That's why she married him. A man who is wonderful, kind and considerate and who has had two chances to make marriage work wouldn't be running around with Woman No. 3.

If you can't think straight, you have my sympathy . . . because you'll need it!

Dear Amy:

Is it proper, or would it be appropriate to give a portable T.V. as a shower gift?

The bride-to-be is my future daughter-in-law.

Mrs. C. R.

Dear Mrs. C. R.:

"To Tell The Truth," it's spectacular!

Dear Amy:

I'm a 16 year old high school boy. I have been going steady with A.C. for about six months and I can't do anything without her knowing about it. I asked her if she would stop having people watch me and report to her, but she won't stop. What should I do about her?

Stephen

Dear Stephen: The last thing a 16 old boy needs is a girl who operates like a detective agency. Give her the gate and fly the coop!

Dear Amy:

My wife and I recently bought a new dining room set. It took her weeks to choose the right fabric and color for the chairs. After the set arrived, we used it for two short weeks, when she decided the fabric was getting dusty and should be covered. I told her not to worry about the dust, when the fabric got soiled, we would replace it.

But no, she insisted on having wipe-off cushions made to put on top of the fabric seats. So we had cushions made. Now to keep the cushions clean, she has a piece of plastic on top of each cushion. If she isn't nutty, I don't know who is.

It's got to the point where I don't eat in the dining room. The darn plastic sticks to me. You're a woman, maybe you can tell me what comes after the plastic?

A. R. Williams

Dear A.R.:

A straight jacket!

DOWN MEMORY LANE

FIVE AND TEN YEARS AGO IN OLTON

TEN YEARS AGO IN OLTON

Dedication of the new Springlake school buildings will be held Monday night in the new auditorium.

J. M. Machen has been elected president of the newly-formed Olton farm labor cooperative group.

Olton youths showed the grand champion school group of ten lambs and the champion and reserve champion medium wool lambs at the Amarillo Far Stock show Monday.

"Show me an athlete who tries his best, and I'll show you a boy who will be a good citizen," Sammy Baugh told the more than 200 people who attended the Olton High School football banquet here Saturday night.

Ground-breaking ceremonies were held here Sunday on an \$85,000 expansion program planned by the Main Street Church of Christ. Foundation work has been started on a new auditorium which will adjoin the present church on the north side, according to E. R. Huggins, preacher.

Anita Sorley and Jack Royce Straw were elected "Smile King and Queen" of Olton High School Friday as a climax to the OHS "Smile Week."

FIVE YEARS AGO IN OLTON

The bi-district champion Olton Mustangs were once again the "toast of the town" Monday night when approximately 200 persons turned out for the Quarterback Club's annual football banquet honoring the 1960 team.

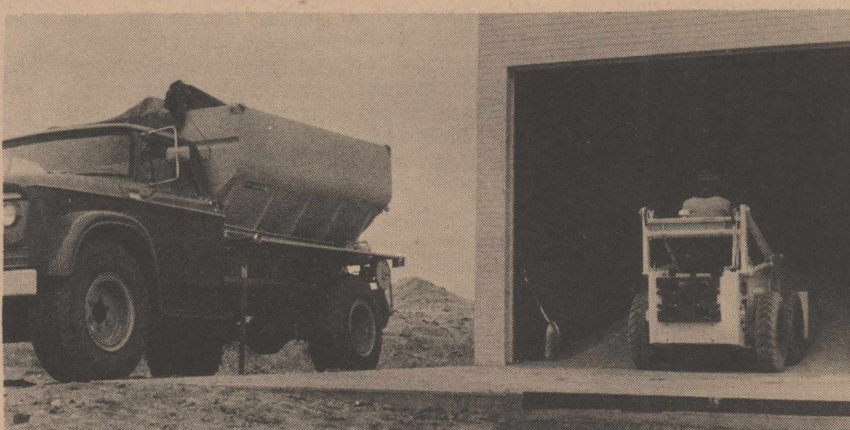

Clear skies returned to the Olton area Wednesday following a savage snow storm which hit the area Tuesday. Temperatures rose to 22 degrees here Wednesday about 4 p.m. after flirting with the zero mark Tuesday night. It was 8 degrees at 8 a.m. Wednesday. Blizzard conditions prevailed Tuesday night as high winds accompanied the snow.

Registrations for "Freedom Seminar," a six-weeks course designed to present the facts on Communism's threat to the American way of life, are now being taken at the Olton Chamber of Commerce office.

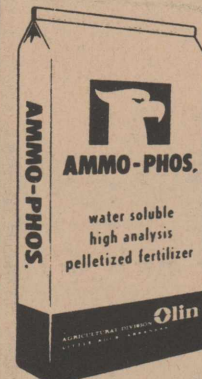

Olton 4-H and FFA boys have again "brought home the bacon" from the annual Amarillo Fat Stock Show. Robert Struve and Robert Duncan, FFA boys, and J. Curtis Hall, Aaron Roberson, Kay Hedges and Richard Hall, 4-H members, were among Olton youth who showed prize-winning stock at the show.

SULFUR

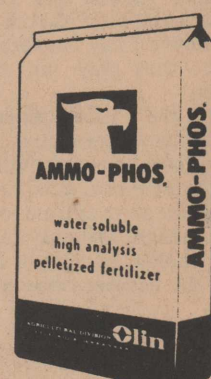

An Old Friend Speaks Up

Our bulk facilities and spreader service are at your service . . . call us soon.

Recent studies indicate that SULFUR is a vital plant food element for your crops. AMMO-PHOS high analysis fertilizers in pelletized form have always contained SULFUR. Now -- with SULFUR deficiencies showing up more and more -- you should be sure to use fertilizer containing SULFUR -- like AMMO-PHOS fertilizers. We want to emphasize SULFUR'S importance and be sure you know it is there. Remember, AMMO-PHOS fertilizers contain SULFUR -- they always have.

DEBBIE CADE

Former Resident Receives Honor At State Meeting

Debbie Cade, daughter of Mr. and Mrs. Dick Cade, was named State Little Sister at the Young Homemakers convention held in Austin Jan. 14-15.

Miss Cade attends Cooper Rural High School south of Lubbock.

The Cades are former Olton residents.

Study Club Meet Set For Feb. 2

New Century Study Club will meet Feb. 2 in the home of Mrs. Ed Thompson for a luncheon.

Mrs. Jaffar Zakka will prepare the food for the luncheon.

VISIT IN MISSOURI

Mrs. Virgle Gray and Mr. and Mrs. T. J. Smith and children left Sunday to visit in Cassville and Verona, Mo. They plan to return home Friday.

FROM FRIONA

Mr. and Mrs. Tom Lewellen, their sons, Joe and Delton, and daughter and son-in-law, Mr. and Mrs. T. A. Kelly, all of Friona, visited Sunday in the home of Mr. and Mrs. J. L. Snider. They also attended the funeral of Roy Hooper.

Manners, Morals Discussion Topic At FHA Meeting

Manners and morals were the main topics discussed by a panel at the FHA meeting held Jan. 17. The panel consisted of Mrs. Tom Witten, Harold Dean Carson, Coach Otis Holladay, Charles Church, Karen Hipp, and Letha Estes. Susan Norfleet was narrator. Such topics as manners -- inside and outside the home, the language used today, expectations of a date and sportsmanship were all discussed. The chairman of the program, Iva Tanner, gave a summary of the discussion as a conclusion.

Kathy Kidd presided over the business meeting at which ideas for the FHA banquet were discussed. The banquet is scheduled for Feb. 12.

As a recent project, members of the club gathered cookies, candies, razor blades, toothpaste and other items to total a package of 20 pounds, which was sent to members of the armed forces stationed in Viet Nam.

ATTEND FUNERAL HERE

Out-of-town friends attending the funeral of Harold C. (Pete) Turner last week were X. A. Austin, Dalhart; Foy Dodson, Hale Center; D. M. Granbery, Kress; James A. Gowdy, Littlefield and Mrs. Helen Rondos of Las Vegas, Nev.

FORMER RESIDENT IN ARMY

Jesse H. Adams of Amarillo, formerly of Olton, has entered the U.S. Army. He left Amarillo Jan. 24, his destination El Paso, where he entered officer's training. Prior to entering the army, he was employed by the City of Amarillo. He is the son of Mrs. Buford Adams of Pampa, formerly of Olton. He is married to the former Darlene Mathis of Portales, N.M. She plans to live in Portales until she joins her husband.

FROM PLAINVIEW

Visiting in the Dan Adair home Monday was her brother and sister-in-law, Mr. and Mrs. Joe McPeat from Plainview. They recently moved to Plainview from Whitney where they were the proprietors of some cabins on Lake Whitney.

Givens Home Is Setting For Shower

Mrs. Dwayne Campbell, nee Sherry Adams, was honored with a bridal shower Jan. 22 in the home of Mrs. K. Y. Givens.

The honoree's chosen colors of green and white were used in decorating. The serving table was covered with a white lace cloth over green, centered with a floral arrangement of white, pale green and other darker shades to dark green. Serving pieces were crystal and silver.

Refreshments of green punch and date bread were served by Mrs. Andy Andrew and Mrs. Major James. Mrs. Cass Kirkpatrick registered guests.

Hostess gifts were an electric mixer, a cutlery knife set, deep fryer and eight place settings of flatware. Approximately 50 other individual gifts were registered.

Hostesses were Meses. C. D. Kirkpatrick, Lewis Clark, Vernon Britton, Delmer Givens, Henry Mathis, Mitchell Haddad, Wayne Hair, Roy Thurman, Drexel Lawson, Major James, Ancil Miller, Clary Phillips, George Brown Sr., Ershel Johnson, Garner Ball, R. W. Ball, O. E. Patterson, J. F. Miller, Bob Mills, Ralph Glover, C. S. Silcott, W. E. Andrew, D. S. Price, K. Y. Givens, Era Mae Walthall and Robert Edwards.

MRS. JACK GULLETT

Recipe Of The Week

This week's recipe comes from Mrs. Jack Gullett, and she has selected two of her favorites.

Mrs. Gullett and her family attend the Church of Christ. Mrs. Gullett, who has lived at Olton all her life, says her hobbies are cooking and sewing. Her husband is a farmer. They have three children -- Ronda, 14, Lynn, 13, and Jenny, 4.

SAUCY BAKED PORK CHOPS

6 pork chops
1 can Cream of Chicken soup
1 med. onion, sliced
2 T. catsup
2 T. Worcestershire sauce
Trim fat from chops. Brown in hot fat; season with salt and pepper. Drain off excess fat. Combine remaining ingredients and pour over chops. Cover; bake in moderate oven (350°) 45 to 60 minutes.

MARDI GRAS CAKE

2/3 c. butterscotch morsels
1/4 c. water
2 1/4 c. sifted flour
1 tsp. salt
1 tsp. soda
1/2 tsp. baking powder
1 1/4 c. sugar
1/2 c. shortening (part butter may be used.)

3 unbeaten eggs
1 c. buttermilk or sour milk
Melt butterscotch morsels in water in saucepan. Cool.

Sift dry ingredients except sugar. Add sugar gradually to shortening, creaming well. Blend in eggs; beat well after each addition.

Add melted butterscotch mixture. Add dry ingredients alternately with buttermilk, beginning and ending with dry ingredients. Blend well after each addition.

Pour into two 9 in. (or two 8 in. at least 1 1/2 in. deep) round layer cake pans, well greased and lightly floured on bottoms. Bake at 375 degrees for 25-30 minutes. Cool; spread filling between layers and on top to within 1/2 inch of edge. Frost sides and edge of top with Sea Foam Frosting or whipped cream.

BUTTERSCOTCH FILLING

Combine 1/2 c. sugar and 1 T. cornstarch in 2 qt. pan. Stir in 1/2 c. evaporated milk, 1/3 c. water, 1/3 c. butterscotch morsels and 1 beaten egg yolk. Cook until thick. Remove from heat, add 2 T. butter, 1 c. coconut and 1 c. chopped nuts.

SEAFOAM FROSTING

Combine in pan 1/3 c. sugar, 1/3 c. water, 1/3 c. brown sugar and 1 T. cornstarch. Cook to soft ball stage (235 degrees) Meanwhile beat one egg white with 1/4 tsp. cream of tartar until stiff peaks form. Add syrup to egg whites in slow stream, beating until thick with mixer.

1966 Farm Outlook Good According To Economist

COLLEGE STATION—Agriculture fared well in 1965 and should do even better in the year ahead, John G. McHaney, Extension economist at Texas A&M University, said today, noting that realized net farm income in 1965 reached the highest total since 1952 and may be up another quarter to a half-billion dollars in 1966.

The nation's realized net farm income for 1965 is now estimated at \$14 billion. Realized net income, explains the economist, is income above production costs.

Three factors are listed by McHaney for the bright outlook for 1966. The production and price outlook looks favorable for livestock producers; the new food and agricultural act of 1965 will provide some increases, especially for crop farmers and he expects the domestic demands for farm products and exports to continue their expansions.

A growing economy, rising incomes and population gains will result in increased consumer expenditures for food. However, he does not expect the increase to equal the six percent gain of 1965. Commercial food purchases in 1966 will again be supplemented by such programs as national school lunch special milk, direct distribution and food stamp. The per capita food use is expected to hold near the 1965 figure but there'll be more people to feed, he said.

Exports have played an increasingly important role in American agriculture over the past 15 years and sales abroad in 1964-65 amounted to \$6.3 billion. While the value of exports may be up only moderately in 1966, McHaney expects the volume to increase by four

or five percent. Larger exports are expected for Texas feed grains and wheat but smaller for cotton.

Cotton farmers, he said, will get much of the increase in government payments, about \$1 billion, to offset the income effect from the reduction in price-support loan rates to competitive world price levels. Some increase to wheat farmers will result from the new legislation and the new Cropland Adjustment program will also add to increased farm income in 1966.

The economist expects production expenses to continue their upward trend and to offset much of the indicated gain in gross farm income. Prices paid for commodities, interest, taxes, and wages are expected to increase but the rise will be less than the increase from 1964-65.

Net income per farm in the nation in 1965 is now estimated at over \$4,000 -- 10 percent above 1964 and 40 percent above 1960 and the best in over a decade. With the continuing decline in farm numbers and farm people, per farm and per capita incomes of farmers should reach new highs in 1966.

FUNERAL HELD

Funeral services were held Saturday in Friona at the Friona Congregational Church for Mrs. G. L. Cranfill, sister of Dwight Cranfill and daughter of Josephine Coventry, former Olton residents, now living in Dumas at the Phillips Memorial Home.

ATTENDS DENVER SHOW

Mrs. Nettie Hall accompanied her son, J. Curtis Hall to Denver to attend the stock show last week.

PCG Notes Confusion In Support Programs

LUBBOCK -- Sign-up period for the 1966 cotton and feed grains program in this area has been announced as Jan. 24 through April 1.

Walter Wells, Lubbock County ASCS office manager, reports to Plains Cotton Growers that some farmers seem to be confusing the Cropland Adjustment Program with the cotton and feed grains program, particularly with regard to the money available for carrying them out.

Under the Cropland Adjustment Program, in which farmers contract with the Government to retire all of at least one allotted crop for from 5 to 10 years, the Secretary of rows, and four rows skipped will not qualify as diverted acres. Agriculture is limited to \$225 million for each of the four years of the program. And, if he has requests for long-term retirement contracts which would involve more than that amount, he would presumably allocate the money on a first come-first served basis.

But this has nothing at all to do with the diversion and price support payments on cotton and feed grains. Wells assured PCG that all producers would have the opportunity to participate in these payments, whether they sign-up on the first day, Jan.

24, or the last day, April 1.

Wells said the beginning sign-up date for the Cropland Adjustment Program is also Jan. 24, with no ending date set. However, since there is a dollar-limit on this program, it might be to the interested producer's advantage to sign-up as early as possible.

The latest word, not yet official, on skip-row measurements of cotton planted in other than 40-inch rows is that any row-width 36 inches or wider will count the same percentage cotton as would 40-inch rows. And if planted in a pattern leaving at least four rows blank between rows of cotton the blank rows will still qualify as diverted acres, provided they are 36 inches or more wide.

Any row-width under 36 inches, if our information is correct, will measure as cotton 32 inches beyond the outside. Occasionally the civilian population can learn from the military. One such occasion arose recently when the Defense Personnel Supply Center, charged with procuring of "soft" goods for the military, placed its order with the textile industry for 4 million pairs of uniform trousers during the first six months of 1966.

The order specified 100 per-

cent cotton, with military leaders reportedly insisting that the more absorbent cotton added appreciably to the wearer's comfort.

Even with stepped up military demand for cotton fabric resulting from the Viet Nam war, no big hole is expected to be made in the cotton surplus. Nevertheless, the realization that such a large buyer of apparel knows about the inherent comfort in cotton garments is enough to warm the cockles of a cotton farmer's heart.

And when civilians begin to pay this much attention to comfort it's a cinch there'll be more all-cotton clothing bought.

Another bright spot on the cotton-consumption front is the race between major shirt making concerns to get a "durable-press" cotton dress shirt on the market for the Fall of 1966.

The Arrow Company, for one, announced last week that it will introduce an all-cotton "DP" shirt this fall. The shirt will be made from pre-cured white broadcloth and will appear in both long and short-sleeved models. Collars will have a snap-fastener tab and will have a moderate spread.

The Arrow shirt is tentatively priced at \$6 -- a dollar below the price of the polyester-cotton blend shirt in a comparable model.

Arrow officials say the shirt will withstand commercial laundering without losing its finish, but they plan to recommend machine laundering and tumble drying.

Manhattan Shirt Company has also made public its intention to market an all-cotton durable press dress shirt, but has given no details regarding colors, prices or styles.

These two companies, plus Van Heusen and others had already announced their intentions to have a durable press sport shirt in all-cotton on the market for the coming Fall.

HONORED AT PARTY

Mr. and Mrs. Tom Smith were recently honored with a "42" party at which they were presented an electric can opener and re-elected for the 14th consecutive year as fire chief of the Olton Fire Department.

HOME FOR A FEW DAYS

Mrs. Ruth Roebuck is home to spend a few days. She plans to return to Bakersfield, Calif. to spend the rest of the summer.

STATE CAPITAL HIGHLIGHTS

AUSTIN—One of the big sleeper battles on the Texas political scene during 1966 will be for control of the state Democratic party machinery. Some observers think this brewing struggle is behind the fuss between U. S. Sen. Ralph Yarborough and Gov. John Connally. Few think Yarborough has any intention of running against Connally for governor, as some have suggested.

But there is every reason to believe that Yarborough will be the key figure in any all-out liberal Democratic effort to wrest control of the State party committee from the hands of the governor's friends.

Shifting population patterns and legislative redistricting tend to shorten long odds against a liberal victory in this year's conventions. Half the 6,000-plus delegates to the September state Democratic convention will come from 12 major counties where liberals are gathering strength.

Furthermore, the big counties will have more members on state party committees. This because of the Senate redistricting act, which adds senatorial representation in Bexar, Dallas and Harris Counties.

A personality clash at the top leadership level is necessary to whip up enthusiasm for convention warfare. The feud between Connally and Yarborough most likely will provide the spark that sets off the 1966 version of a familiar state Democratic fight.

Stakes are high, for not only is the party committee an effective power base but a powerful instrument in the process by which delegates are selected to the future (1968) presidential nominating convention.

Not since the administration of Coke Stevenson has a Texas governor lost control of the state Democratic party machinery.

DAUGHTER TO VISIT

Mr. and Mrs. Ira Limbocker are expecting their daughter Pat, of Amarillo, to visit this weekend.

Mr. and Mrs. Jack Silcott returned home last week from a two-month stay in Clovis, N.M.

MOVING SATURDAY

Mr. and Mrs. Homer Whisnand plan to move to their new home in Wichita Falls Saturday.

Mahon Reports On Congress

The President's budget was submitted to Congress this week and referred to the House Appropriations Committee headed by Representative George Mahon.

In commenting on the huge request for funds, Mahon said he thought the President used a great deal of restraint in submitting spending requests to Congress.

Of special interest to the 19th District is a budget estimate of \$14,215,000 for the continuation of the Canadian River Municipal Water project and \$1 million for the continued maintenance of the boll weevil barrier.

Of interest to ranch men throughout the state was the request for \$2.8 million to continue the highly successful screw worm program.

Mahon said that Congress would move as rapidly as possible toward evaluating the programs and fulfilling its responsibility to determine the amount of funds to be made available for defense and non-defense purposes. The total request of the President for appropriations, including interest on the federal debt, is approximately \$121 billion.

Don't order a big cube V8
Don't order a floor-mounted shift
Don't order special flat-cornering suspension
Don't order sporty red-stripe tires

All that's standard to begin with on a Chevelle SS 396

PERFORMANCE THE CHEVROLET WAY

The standard engine in both the Chevelle SS convertible and hardtop is a 396-cubic-inch Turbo-Jet V8 with 325 hp. The standard transmission is a fully synchronized 3-speed with floor-mounted stick shift. (Yes, you can order a 4-speed or Powerglide. Strato-bucket front seats and console, too.) And the SS 396 chassis comes complete with

firm-riding, flat-cornering suspension and wide-base wheels with red-stripe nylon tires.

Is this the kind of no-compromise road machine you're looking for? Drop into your dealer's and point an SS black grille toward an open stretch of highway. You'll find out -- quick.

Youngsters Are Taking Over In Lamb County Population

In Lamb County, youth is bustin' out all over.

During the last five years, in particular, the number of people in the younger age groups has been increasing at a much faster rate than the number in the older groups.

As a result, the median age of the local population is now approximately 24.4, as against 25.9 in 1960. Half of the people are above that age and half below it.

In the United States, by comparison, the age level is 28.0 and, in Texas, 25.5.

The local change is based on recent estimates made by the Census Bureau, on a national basis, to determine the age distribution of the American people as of July, 1965.

Its figures show that this is a relatively young generation and that it is getting younger. Up to 100 years ago, the age level had been rising. After that the pendulum began swinging in the other direction. In the last five years alone, there has been a major drop, about 1 1/2 years in the median age.

Chiefly responsible for this change was the sharp rise in the number of persons between 14 and 24. In 1960 there were 26.9 million of them. By 1965, their total had jumped to 33.8 million, an increase of 25.7 per cent.

The rest of the population, by way of contrast, rose only 7.7 percent in the same period.

As for the senior citizens category -- men and women over age 65 -- an increase of 9.0 per cent was recorded nationally.

In Lamb County, some 8.2 per cent of the total population is now in that age area.

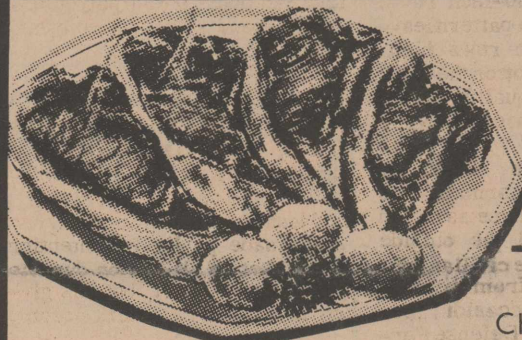

A large proportion of local residents, judging by their median age, has had no first-hand knowledge of many of the memorable events of modern times.

A majority of them were not around in 1927, for example, when Lindbergh made the first

non-stop flight from New York to Paris.

Few would be able to remember 1933, when Adolf Hitler became chancellor of Germany and the move toward World War II began. Nor would they remember the stock market crash of 1929, when 16 million shares changed hands in one day and the country's worst depression occurred.

The seeming inconsistency of a nation growing younger and larger at the same time is explained by the unusually high birth rates following the last war.

Dry weather won't let your cotton weed killer work?

New Treflan® doesn't need moisture to kill weeds -- It's weatherproof

- Six reasons why you should use Treflan:
- Doesn't need rain to make it work.
 - Controls weeds for months longer than other cotton herbicides.
 - Kills over 20 kinds of grasses and weeds.
 - Won't harm cotton or crops that follow.
 - Shallow cultivation, irrigation don't lessen its effectiveness.
 - It's a liquid for easy mixing and spraying.

Treflan® is the brand name for Flanco Products trifluralin.

Here's where to get your supply of Treflan:

Hart Camp Happenings

BY MRS. EDWIN OLIVER

A Training Union study course is in progress this week at the Baptist Church with classes being held from 7 to 8:30 each evening Monday through Friday. Members of the Fieldton Baptist Church are attending and helping with the teaching. The Rev. Raymond Quick, pastor of the First Baptist Church in Amherst, is teaching the adult class on the Book of Saint John in the Bible. Mrs. Paul Hukill is teaching the Young People and Intermediates, "Letters of Christian Living". Dewey Parkey and Ray Muller are teaching the Junior Class, "This is my Bible". Mrs. Elma Burleson is primary teacher and Mrs. Gene Joplin teaches the Beginner Class. Enrollment thus far has been 71.

Mr. and Mrs. Joe Caddell and Kathy spent Thursday through Monday in Sundown with their parents, Mr. and Mrs. H. C. Janes and Mr. and Mrs. Preston Caddell. When they returned home Monday night about 9 p.m., there was someone in their house but he escaped into the darkness before they could get a look at him. He had entered the house through a bedroom window and had apparently just entered when the Caddells arrived home because they have found nothing missing.

Mr. and Mrs. Layton Covington and daughter visited Monday night in the Joe Caddell home.

Attending the modern math course being taught at the Olton School cafeteria the next four Monday nights are Mmes. Roy Hendrick, Gerry Langford, L. A. Smith, Blanton Martin, and Edwin Oliver. Mrs. Smith, a second grade teacher in the H. P. Webb Elementary at Olton was one of the instructors Monday night.

Mrs. R. S. Moore has a new great-grandson, born to Mr. and Mrs. George Ragle in Plainview, last week. He has been named George Eric. This makes 12 great-grandchildren for Mrs. Moore.

Mr. and Mrs. Joe Gibson and young son have moved to California, where he will be employed. They decided to move their after losing all of their household possessions in a fire a few days ago. Gibson's parents live there also.

Mr. and Mrs. L. A. Smith and Mary Bess carried Helen Smith to Canyon, Friday, where she spent Friday to Sunday afternoon with a girl friend, Miss Jackie Ziegler. Mr. and Mrs. Smith went for her Sunday afternoon.

Mr. and Mrs. Paul Hukill accompanied Mr. and Mrs. Vernon Qualls to Hale Center Friday afternoon, Feb. 4, at 2 p.m. Everyone is invited to attend.

day of last week, where they were at the bedside of the Qualls' daughter, Mrs. Laverne Balko, who had surgery in the Hale Center hospital.

The Rev. and Mrs. John Nelson and daughter, Lesa, were in Wichita Falls last Saturday to visit relatives and to investigate a break in of a house there, where they had some of their possessions stored. They found nothing missing however.

Baptist Layman's Day was observed Sunday at the Baptist Church, with the men of the church doing all of the teaching and bringing the message. Fieldton Baptist Church and Hart Camp Baptist Church did some exchanging and George Harlan of Fieldton brought the Sunday morning message here while Blanton Martin of Hart Camp brought the message at Fieldton. The two churches also exchanged song leaders and pianist, Kerwin Oliver and Shirley Leonard went to Fieldton and Mrs. Royce Goynes and Truman McCain came to Hart Camp.

At the night services, these men came to their home churches and brought the same messages they had brought Sunday morning.

Hart Camp students on the mid-semester honor roll at Olton were Mark Neinast, Shirley Leonard, Wanice Neeley, David Neinast, Steve Burleson, Gary Parkey, Pam Foster, Helen Smith, Brenda Leonard, Lajuana Burleson, Sharron Hendrick, Don Parkey, Kay Johnson and Teresa Neeley.

Jim Hill, son-in-law of Mr. and Mrs. L. A. Pressley, had heart surgery recently in a Houston hospital. He is at home now with the Pressleys, where he and his wife have lived since the serious illness of Mrs. Hill the last year.

Mr. and Mrs. Harvey Jones and children are in the process of moving to their farm in Hereford. Danny, Ronnie, and Sherri started to school there in Hereford at mid-term. The oldest son, Bobbie, who is a senior at Spade High School, will remain here until school is out so he can graduate with his class.

Mr. and Mrs. J. C. Muller were Sunday dinner guests of Mr. and Mrs. Bob Worley in Olton. In the afternoon they all attended funeral services at the Baptist church for Roy Hooper.

Kerwin Oliver accompanied Mr. and Mrs. Jack Stubblefield and Evone of Spade to Lubbock Saturday where they attended the Texas Tech-SMU basketball game.

Mr. and Mrs. Wesley Neinast attended funeral services Sunday for Mr. Ganzer at Saint Martin's Lutheran Church in Littlefield.

There will be a bridal shower for Miss Carolyn Osthus, bride-elect of Fred Bordon of Portales, N.M. in the home of Mrs. Wesley Neinast Friday afternoon, Feb. 4, at 2 p.m. Everyone is invited to attend.

AMARILLO HWY. -PLAINVIEW

Last Rites Held In Olton For Well-Known Stockman

Funeral services were conducted Jan. 23 at 2:30 p.m. for Roy Hooper, 61, who died Jan. 21 at Plainview Hospital and Clinic following a short illness. Services were conducted at the First Baptist Church, Olton, with the Rev. John E. Lewis officiating. Burial was in Halfway Cemetery under the direction of Parsons Funeral Home.

A well-known farmer and stockman, Mr. Hooper had been a resident of the Olton area for the past 38 years, moving here from the Halfway community. Born Aug. 31, 1908, in Hale County, he was married to the former Ollie Smith April 24, 1926, in Plainview.

He was a member of the Baptist Church for 45 years.

Survivors include his wife, Ollie; one daughter, Mrs. Doug Menden of Wichita Falls; one son, Dick of Austin; three brothers, Chester of Plainview, R. L. Jr. of Springer, N.M. and Sidney of Tulsa; three sisters, Mrs. Clayton Lewellen of Plainview, Mrs. J. Tom Holland of Pasadena, Calif., and Mrs. Frank Fortenberry of Albuquerque, N.M.; and one grandson, Ricky Menden.

Pallbearers were Aubrey Oursbourn, W. B. Dickenson

Local Youth Now Serving Off Viet Nam

USS HANCOCK -- Aviation Boatswain's Mate Third Class Lester E. Hines, USN, son of Mr. and Mrs. Milton E. Hines of Olton, Tex., is off the Vietnamese coast in the South China Sea, serving aboard the attack aircraft carrier USS Hancock. The carrier is the most recent addition to the carrier strike force of the Seventh Fleet.

Since its arrival in the South China Sea, the Hancock has been launching almost daily air strikes against Viet Cong positions in South Vietnam.

This is the Hancock's second cruise in the combat area.

The ship took part in the first strikes launched against the Viet Cong last Feb. 6, in retaliation for the Viet Cong's bombing of an American military barracks at Pleiku.

Services Held In Earth Church For Mrs. Morris

Funeral services were held Jan. 25 at 2:30 p.m. at the Earth First Methodist Church for Mrs. Jodie Foster Morris, 77, who died Jan. 23 in Community Hospital of Olton following a lengthy illness.

Officiating minister was the Rev. Albert Lindley, pastor, assisted by the Rev. Cecil Hardaway of Olton. Burial was in Earth Cemetery under the direction of Parsons Funeral Home.

A native of Site Springs, Tex., Mrs. Morris was a resident of Earth for the past 25 years. She was a retired telephone operator, and had been in the telephone business for 30 years. She and her husband, the late Madison Monroe (Matt) Morris, had the first telephone exchange in the Idalou area.

Mrs. Morris was a member of the Methodist Church for 70 years.

Survivors include two daughters, Mrs. Joe (Mattie Jo) Chester, Olton, and Mrs. E. C. (Blanche) Hudson, Earth; a twin sister, Mrs. Willard E. Trimble, Indianapolis, Ind.; seven grandchildren and eight great-grandchildren.

Pallbearers were John Welch, Pody Welch, L. G. Henderson, M. E. Kelly, Johnny Haberer, Clarence Hamilton, Lester Thompson and D. M. Holt.

Honorary pallbearers were L. D. Henderson, Buford Price, Denver Offield, Tom Smith, R. H. Beale, Dr. Basil Johns, Dr. Ollie Jones, Gene Reynolds, Irvin Anderson, Harold Miller, O. B. Whitford, Jim Dick McNeill, Jack Thomas, and Orian Hacker.

Sunday visitors in the home of Mr. and Mrs. Jack Silcott were Mr. and Mrs. Earl Smith and Terry of Lubbock; Bill Irby and son Rick of Clovis and Mr. and Mrs. C. S. Silcott of Olton.

SCOUT NEWS

Troop 12 of the Girl Scouts met Jan. 26 for a skating party at the local skating rink. They will earn their skating badge this way. Lester Thompson, owner of the rink, helped the girls with their skating. The girls had met Jan. 25 to form an all-girl skating team.

Mrs. Ross served refreshments to Sharon Davis, Pam Galloway, Debra Graham, Carmen Gonzales, Teresa Griffith, Randie Sue Howell, Kathleen Jones, Sherree Meinecke, Farra Richards, Donice Ross, Debra Sweat, Linda Williams and Carol Walden.

LEADING SCORER FOR GIRLS--Sherry Caddel picks up two more points under the basket in the Olton-Friona clash. Miss Caddel led all scoring with 33 points in the contest.

FILLY SCORES TWO MORE--Karen Hipp lets fly for two more points in the Olton-Friona game Tuesday night. The Fillies took the contest 62-56 in an overtime period.

Final Traffic Death Count Expected To Show Decrease

Memories of 1965 are slipping quietly away for most people, but for those maimed in automobile accidents and the families of others who were killed during the year, 1965 will be remembered always with dread and sorrow.

The Texas Highway Patrol investigated 19 accidents on rural highways in Lamb County during the month of December, according to Sergeant Thurman Keffer, Highway Patrol supervisor of this area.

The rural traffic accident summary for this county for the calendar year of 1965 shows a total of 128 crashes resulting in five persons killed, 48 injured, and an estimated property damage of \$111,390.00.

Four of the 29 counties in the THP's Lubbock district had no traffic fatalities during 1965. These were Bailey, Kent, Terry and Throckmorton--but 77 persons were injured and property damage reached \$95,975 in automobile accidents in those four counties during the year.

"It is estimated when the final reports are tabulated, we will find that less people were killed in Texas traffic accidents during 1965 than in 1964," the Sergeant stated. The final count is expected to be about three per cent less than the 1964 all time high of 3,006 traffic deaths.

The patrol supervisor reminded all motorists to think about reducing the deaths even more in 1966 than in 1965. This reduction can be brought about by strict observance of traffic laws and defensive driving practices. Remember, every time you drive you have a motive, that is, drive to live.

FROM INDIANAPOLIS
Mrs. W. E. Trimble of Indianapolis, Ind., arrived Sunday to attend the funeral of her twin sister, Mrs. Jodie Morris and is here visiting with her nieces Mrs. Joe Chester of Olton and Mrs. E. C. Hudson of Earth.

MRS. LYNN CLIFTON

MISS KAY PAFFORD

New Teachers Join Olton School System

Four new faces are in the teacher lineup for Olton Public School's spring semester. Three of the four are in the elementary section, while one has assumed a high school position.

Teaching in the elementary school are Mr. and Mrs. Doug Brunson and Miss Kay Pafford. Brunson is in charge of a fifth grade class, Mrs. Brunson is teaching a first grade group, and Miss Pafford has taken over a second grade class.

Mrs. Clifton is teaching home economics in high school.

Brunson is a fall semester graduate of Texas Tech, while his wife has taught 2 1/2 years in the Lubbock school system after graduating from Baylor University.

Both are from Snyder and are

members of the Church of Christ.

Miss Pafford is a January graduate of West Texas State University and is from Claude, A Methodist, she plans to go into special education.

Mrs. Clifton is also a January graduate from Tech and comes from Texas City. She is a Presbyterian.

Draft Quotas Down Slightly For February

State draft boards are scheduled to induct 1,372 single and married men without children during February.

The quota actually is less than January's 1,475 and December's 1,523 and represents Texas' share of a national call for 29,400 men. Inductees will be 19-25 years old.

Col. Morris S. Schwartz, State Selective Service Director, emphasized that no married men with children or expected children, will be selected to fill the February call. But he warns that information on unborn children certified to by a doctor should be promptly transmitted to draft boards.

AUNT TO VISIT

Mrs. Opal Crosby of Houston, who has been on a trip from Omaha, Neb., to the Virgin Islands, arrived via plane in Lubbock to visit with her niece and family, Mr. and Mrs. Shem Davis and daughter.

RETURNS FROM HOSPITAL

Mrs. Loyd Sweatt returned home recently after undergoing surgery in a Littlefield hospital. She is reported to be doing well.

HOME FROM COLLEGE

Miss Bernadette Sweatt is home from college for a week between semesters at Amarillo College. She is the daughter of Mr. and Mrs. Loyd Sweatt and will return to college Sunday.

HOME FROM COLLEGE

Dennis Givens, son of Mr. and Mrs. Delmer Givens, was home from college from Thursday through Monday. He is attending college at Panhandle A&M in Goodwell, Okla.

"THE TEEN REVIEW"

Ready for a new challenge for '66? There's ballooning, karate clubs, pity parties, and sociology. The teens of California are trying the new sport of ballooning, while kids in Pennsylvania are baking cookies for the soldiers in Vietnam. Other easterners are forming karate clubs and holding "pity parties" ("group suffering from tragedies like failed exams or lost boy friends"). Anyone ready for a "pity party"? We are!!!!

Can you believe that real student-faculty trust and co-operation may be the new routine of schools in '66? If in fact, they have gone as far as letting students make their own school rules. In a Florida school, teens will be able to skip lunch, grow manly beards, and dress as they please (if parents don't interfere); in fact they can do "anything that does not hurt someone else."

In several Seattle schools, high school students will be able to skip study hall. They will have a choice of attending language labs, libraries, any chosen class, or an activity center to discuss homework. Don't give up, fellow classmates!!!

Let's show our faculty that we can be responsible and reliable and maybe, some day, this new "school trend" will be accepted at OHS!!!

Passing thought:

I'm not really covetous, I do not crave a lot. The things I want are limited To what I haven't got.

Kenneth, what did you say about those SHORT skirts in English class the other day?

A typical American boy learns how to walk within a year, but forgets how to do so upon securing a driver's license.

Mr. Todd: What was one outstanding accomplishment by the Romans?

Quenette Redinger: They understood Latin.

Danny Sides: See that little girl across the street? She's been walking since she was eight months old.

Johnny Lewis: Doesn't she get tired?

Belva Howard: What did one candle ask the other candle?

Judy Miller: Going out tonight?

Lannie McClain: May I hold your hand?

Robbie Langford: I can manage, thank you. It isn't very heavy.

Joe Priest: Look at that bunch of cows.

Charles Church: Not bunch—herd.

Joe P.: Herd what?

Charles C.: Of cows.

Joe P.: Yes, I've heard of cows.

Charles C.: No, I mean a cow herd.

Joe P.: That's all right. I have no secrets from them.

Mrs. Armstrong: Shhhh! The people next to you can't read. Jimmy Huckabee: What a shame! I've been reading since I was six years old.

The weekend snow brought welcomed relief to the many OHS students and their teachers since school was closed Friday. It really seemed like winter for a change, and everyone appeared to be enjoying it thoroughly.

Last Wednesday was "doomsday". Yes, that was the day that was — report card day. It was an emotional one at that. Faces were filled with shock, happiness, sadness, and some were just blank and

unmoved by their semester grades. It was quite a sight to observe! Also Wednesday class favorites were elected by their fellow classmates. From the freshman class, Letha Estes and Danny Sides were elected. Jackie Harrod and James Hall were class favorite of the sophomores. In the junior class, Albert Key and Gayle Truelock were chosen for the second consecutive time. Francine Struve and Joe Bob Smith were elected as class favorites in the senior class. OHS extends a big congratulations to each one of you for such a big honor.

"Congratulations" also goes out to Cheryl Vandell and Dennis Hines for being chosen Best Citizens for the third six weeks. The student body voted Susan Norfleet and Steve Huckabee as "Best All Around" in Olton High. "Congratulations" to two well-deserving students!

We want to commend the student body and the parents for their TERRIFIC support at the basketball games. Please keep it up so we can cheer our girls to State! By the way, our cheerleaders are really yelling their hearts out at the games, so let's help them along and yell, too!

Even though the Fillies lost a heartbreaking game to Floydada last week, they made up their minds to make the very best of their next district contest.

The Fillies' determination, skill, and a little bit of Ole Lady Luck was just enough to conquer the Friona Sawks and gain the Fillies another victory. Wow! What a victory it was! The Fillies and Sawks hustled and hustled for the old basketball and when final seconds of the clock were ticking away, Susan Norfleet made a field goal to tie the score 56 to 56. The fans went wild. A three minute overtime was played and the Fillies won over Friona 62-56. Let's keep up the good work Fillies!

This season just hasn't been too good for the Olton Mustangs, but in their games with Floydada and Friona, the boys never gave up. They kept on fighting even though the going was rough.

HOME FROM COLLEGE

Rusty Sherman, student at Texas Tech, is home for the mid-semester holidays to visit with his parents, Mr. and Mrs. Basil Sherman.

VISIT SISTER

Mr. and Mrs. Vernon Carlisle and Mrs. Lillian Green visited one day this week with Mrs. E. S. Ivy in a Levelland hospital. Mrs. Ivy, who suffered a heart attack, is the sister of Carlisle and Mrs. Green.

Cattle Prices Will Go Higher Says Specialist

Prospects for livestock prices for the year ahead are bright.

Ed Uvacek, livestock marketing specialist at Texas A&M University, says lower cattle numbers, a smaller calf crop, and a reduced slaughter level should hold fed cattle and feeder calf prices above 1965 levels.

He adds that 1966 may well be one of the most profitable years since the early 1950's for sheep and lamb producers.

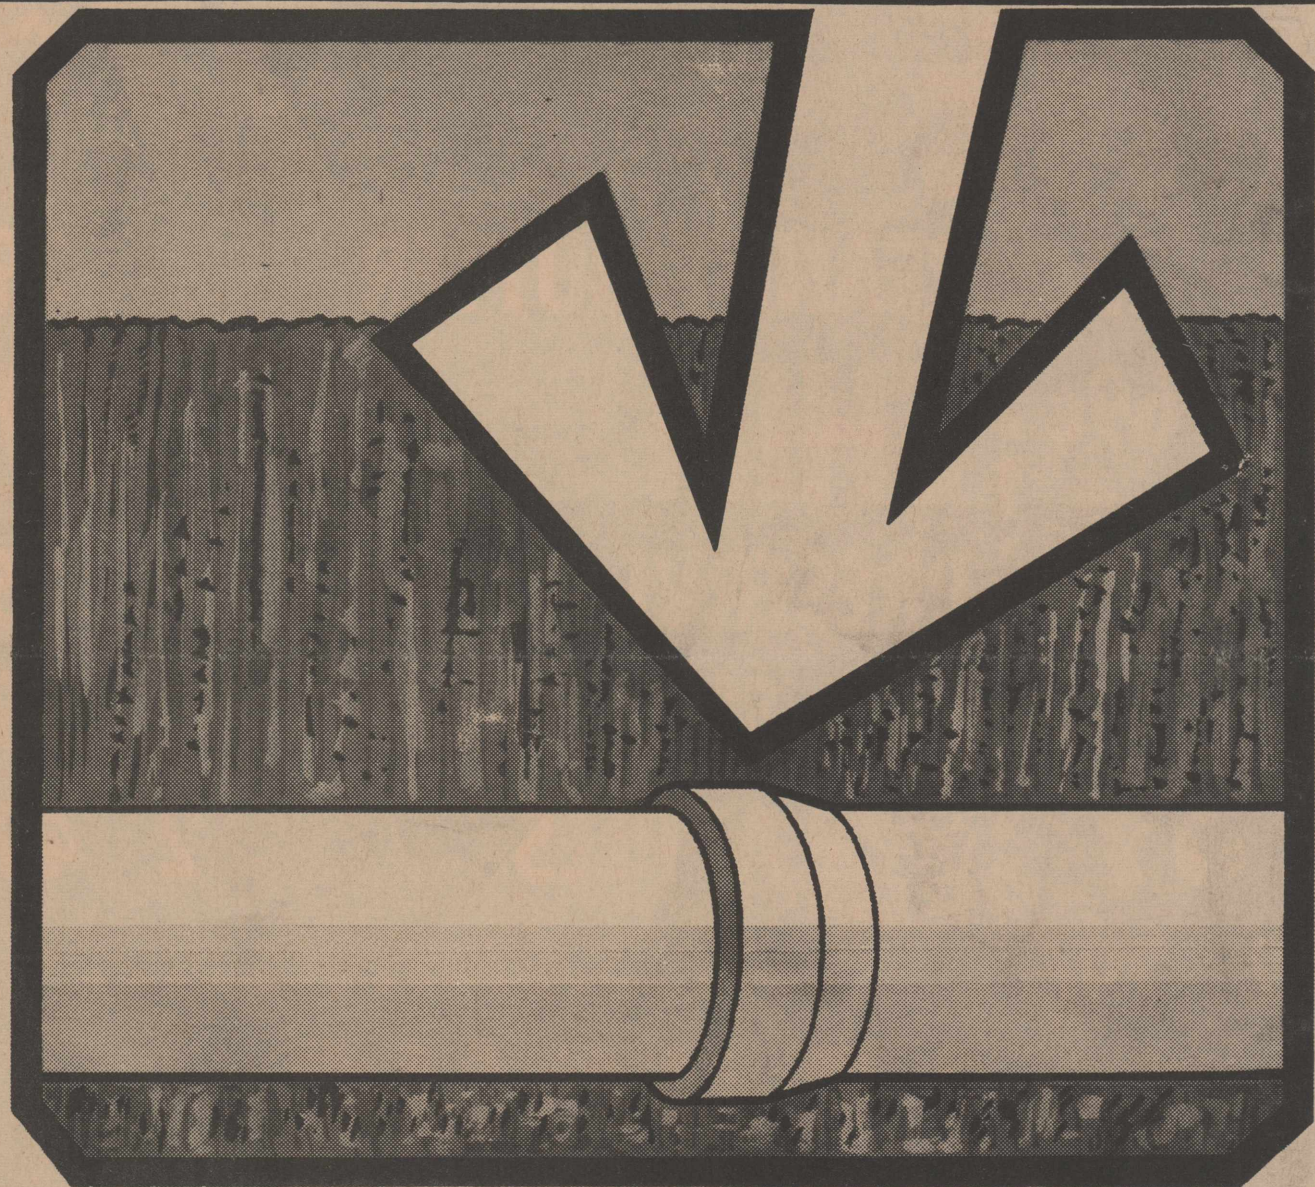

The specialist believes hog prices during the first half of 1966 will again establish new highs. A large production expansion of the spring pig crop could provide an over-correction on the number of hogs and force price levels during the last half of 1966 to levels slightly below those of last year.

Uvacek says the inventory count of cattle and calves on farms on January 1 is expected to be down about one and a half million head from a year ago. He believes herd liquidation to continue through 1966 but at a slower rate, thus reducing the number still further on next Jan. 1. This, he adds, may well be the end of the liquidation and the start of another build up phase for a new cycle.

He noted that cow slaughter in 1965 was up about 26 percent over 1964 and was a major factor in the Jan. 1 inventory reduction figure. But there were other factors which added strength to the 1965 market; steer slaughter was down and heifer slaughter up and slaughter weights of both steers and heifers were down, thus reducing the total production of beef.

Uvacek expects cow prices to seasonally move higher into spring and then slack off during the summer and fall. The demand for replacements plus lower levels of imports strengthened cow prices during 1965, and will continue to influence 1966 prices, he says.

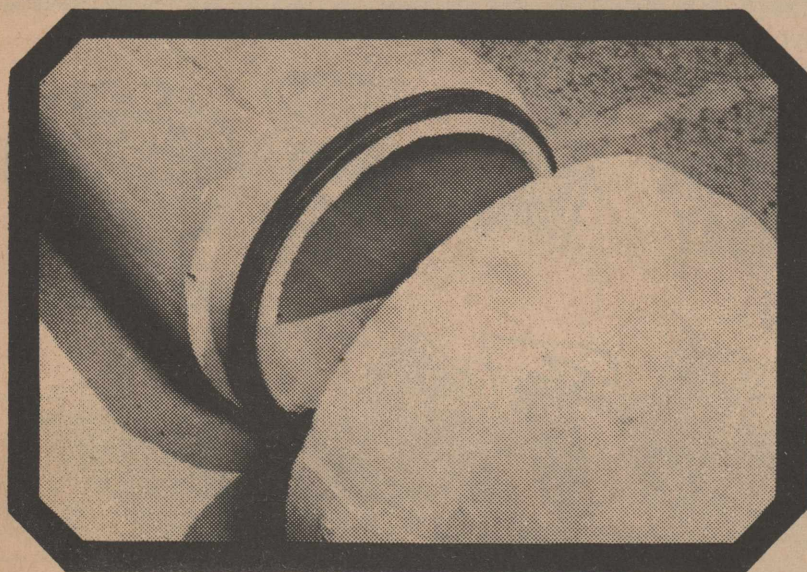

YOUR OLTON C-CA URGES YOU TO PAY YOUR POLL TAX BEFORE JAN. 31ST.

under-the-surface
DEPENDABILITY!

An underground irrigation system can be one of the most important improvements on your farm! Besides conserving valuable irrigation water, you save productive acres and labor costs when you put your irrigation water underground. You'll want the most dependable products when you install an underground system and that means Gifford-Hill-Western's LOCK-SEAL irrigation pipe! LOCK-SEAL'S rubber gasket joint is flexible yet remains watertight... eliminates soil movement and variable temperature problems. Flexible joint, rigid wall and quality controlled construction all add up to generations of trouble free service. Contact Gifford-Hill-Western for all of your irrigation system needs.
