

LeDerer Withdraws; 3 Others Announce For City Offices

Withdrawal of Mayor F. C. LeDerer from the race for re-election as Mayor of Wellington, and the filing of the names of three additional candidates for city offices brought attention to the city election Tuesday evening and Wednesday morning. The city election will be held Tuesday, April 1.

Pink Sullivan resigned from the Wellington school board this week and became a candidate for the office of mayor, Ross Wilkerson filed for the place of City Secretary, and J. N. Wallace became a candidate for alderman. Each of these men filed Tuesday evening.

Mayor LeDerer announced the

withdrawal of his name from the ticket and stated that owing to the time required for his business interests, being no third term, and having served four years as mayor, he had decided to withdraw his name from the ticket, and that he does not seek another term in that office.

"I want to thank all of those who have so earnestly solicited me for another term, as well as all of the citizens of Wellington for the splendid support given me during both terms served," he said.

"If at any time I can do anything toward the betterment and upbuilding of Wellington, I am only too glad to help."

The city election is to be held Tuesday, April 1. Final date for the filing of candidates is Friday, Joe Thompson, city secretary, said Wednesday.

In addition to the three men who filed Tuesday, only three other men are now seeking city offices. Joe Thompson, present city secretary, is seeking re-election to that office.

Other candidates for the places as aldermen are Bill Hall and J. V. Langford. Both men are seeking re-election. Mr. Hall, however, has served only a part of one term, having been elected to fill the unexpired term of Riley Dunson, who moved to Estelline.

Norwood Ball Tourney Draws Leading Teams

One day and three nights of basketball, featuring games between some of the outstanding independent and high school teams in this section of the Panhandle, are scheduled for the Samnorwood Independent Basketball Tournament Thursday night, Friday and Saturday, March 20, 21, and 22.

"Everything's ready, and we can assure you that you'll see more good basketball playing here than you've seen in any three days in a long, long time," Paul Morris, Norwood coach, and director of the tournament, said early this week. Both boys' and girls' teams will perform.

Men's teams already entered include the Samnorwood All-Stars, Pampa, Kirkland, Quail, Wellington, Canyon, and Shamrock, all independent teams, and the Samnorwood High School team.

Girls' teams are Mobeetie, Kellerville, Samnorwood, Quail Independent, and Quail High School girls.

Other entries are expected from the Lone Mound Independent team, Shamrock, McLean, Canadian and Lelia Lake.

Reviewing the achievements of some of these teams, Mr. Morris pointed out that the Pampa boys' team is composed of former high school basketball stars. This team won the Kellerville Independent Tournament recently, and several others during the course of the season. Another winner to be seen is the Kirkland team, which won the Estelline Independent Tournament. The Canyon team is composed of members of the football team from West Texas State College, and although this is not the famous Buffalo Basketball team, these boys are expected to offer some stiff competition.

Among the girls' entries, outstanding teams are expected to be the Samnorwood group, which won their division of the Kellerville Tournament; and the Mobeetie all-stars, made up of former high school stars, who have participated in the state girls' basketball tournament at Waco for the last two

Soil Hearing Plans Ready

SELECTIVE SERVICE TRAINEES

These four men left Wellington last week for Fort Bliss to begin their year's military training under the Selective Service Act. In the top row are Thurman Earl Emmert, left, and John Gustav Barton. In the lower row are Vernon Lewis Barton and Francis Leon Leach.

All plans, insofar as they can be carried out locally, have been completed for the hearing on the Collingsworth County Soil Conservation District, scheduled for Friday afternoon, March 21, in Wellington, W. K. Cottingham, county agent, said Tuesday night.

The hearing will begin at 2 o'clock and will be held in the district court room.

A representative of the State Conservation Board in Temple will be present to conduct the hearing.

Information gained at this time will determine whether or not an election will be called to determine if the district is formed. While one purpose of the meeting is to give this information to the members of the Conservation Board, it is also held with the purpose of giving out any desired information to those attending, in order that there may be a complete understanding of just what a soil conservation district is, and how it operates.

Letters were sent every landowner in the county this week reminding them of the hearing.

"We urge every farm owner, operator, and business man in the county to come out," Mr. Cottingham said. "Everyone of us realizes that farming in this county needs a boost, and those of us who have been working on this conservation district for a number of months, feel that we have a plan that can prove of definite benefit to the Collingsworth County land operators in their efforts to conserve their soil."

Ample opportunity to ask questions will be given.

This is the first time that an effort to secure a Soil Conservation District to include this county has been made.

Red Cross Forms Knitting Class

Women wishing to learn to knit for the Red Cross war relief program, and those needing assistance in their work, may take advantage of the knitting classes, organized this week, Mrs. J. W. Harper, Red Cross production chairman, announced Tuesday.

These classes will meet each Wednesday and Saturday from 2 o'clock until 5 o'clock in the district judge's office on the third floor of the court house, Mrs. Harper said. At each session some experienced knitter will be present to give lessons or to assist those who have work under way.

"These classes are for every woman in the county who wants to knit for the Red Cross," Mrs. Harper said. "We are needing knitters badly, and while a large group has already volunteered to work, still more are needed if we are to fill our new quota of 112 sweaters to be sent off by May."

"A number of women over the county have expressed a desire to knit for the Red Cross if they could learn to do so. It is with them in view that we are opening these classes," she continued.

It is not necessary to be present at the first class in order to learn, for beginners will be given instruction at any time they may be able to attend a class.

Each woman who knits is asked to bring her own needles, standard No. 4 or 5 size, either round or straight type.

Mrs. Gene Lewis was in charge of the first class, which was held Wednesday, March 19. Mrs. J. W. Stevenson will be in charge

(Continued on Page 8, Sec. 1)

Work Order Is Issued For Local Municipal Building

A work order issued from the Amarillo WPA office to state office at San Antonio relative to the Wellington municipal building, requested that work on the project begin on or about April 1, Bura Handley, city engineer, said early this week.

In the work order, George A. Linder, district director of operations, pointed out that labor conditions in Wellington warrant the immediate beginning of the construction. A copy of Mr. Linder's letter was sent Mr. Handley.

"They are acquainted with local labor conditions in the San Antonio WPA office as well as in the Amarillo office, and because of this we are expecting the work to come on just as it is scheduled," Mr. Handley said.

County Teachers NTCE Officers

Two Collingsworth County teachers were named to offices in the Northwest Texas Conference for Education when it met in its annual session in Canyon Friday and Saturday, March 14 and 15.

Carl Chaudoin, superintendent of the Quail schools, was named one of the district executive committees for a two year period. In this office, Mr. Chaudoin will help with the selection of conference speakers for the next two years, and with other plans relative to the meeting of the body.

Mrs. Chaudoin, at the same meeting, was chosen vice president

(Continued on Page 8, Sec. 1)

March 31 Is Car License Deadline

Midnight, March 31, is the deadline for buying 1941 automobile licenses, Howard Riggs, county tax assessor and collector, announced Tuesday.

In the past, the deadline has not been until midnight of April 1, one day later than it will be under the present regulation.

All persons who drive their cars without 1941 tags on April 1 or thereafter, will be subject to prosecution, he pointed out.

Although only about one and one-half weeks remain in which to purchase tags, only 250 have been sold to date, Mr. Riggs said, adding that this indicated a heavy rush for tags during the last day of the month.

"We of the Tax Assessor's office should like to urge as many car owners as possible to buy their licenses at the earliest possible date. It will save you time by coming when you will not have to stand in line waiting to buy the tags," Mr. Riggs urged.

Quail Students To Give 'Hullabaloo'

A sprightly farce full of action and with a unique plot teeming with unexpected turns and twists that will make the audience wonder what is coming next—that's "Hullabaloo," the play that the Quail juniors are sponsoring and the speech class is presenting Friday evening, March 21 in the Quail auditorium.

Behind the fun and movement lurks a dramatic story.

Leading man is that gypsy lover of fame and fortune, played by Buford Adcock. Pauline Cherry is leading lady of the play, acting the part of the school teacher. Orville Atkinson is the "smart-aleck" villain, while Clifton Dollar plays the role of his father. Gloria Ann Quinn is the feeble mother whose life the hero saves by a clever ruse.

A couple of country kids, Nolly Tolliver and Letty Hooper, played by White Pate and Vergie Duckworth will send the audience home with aching sides from this tornado of fun.

Rocket Boxers To Meet Borger In Final Fight

One of the best fights of the season! That's what the Rocket Boxers and their supporters are expecting Friday night, March 21, when they meet the Borger team in the last home fight of the season.

Tickets for this fight are already on sale, and early indications are that a capacity crowd will be on hand when the first bout opens.

Although the Wellington fighters have made an outstanding record from the opening of their season, constant practice and actual experience with some of the best fighters in the Panhandle have more fully developed the traditional Rocket smoothness and accuracy of timing.

"These Borger boys are tough," Coach John Lee acknowledged. "The Wellington team defeated

them once this season, taking six of the nine bouts, and this time they're out to even off that score," he reminded.

"Altogether, this is going to be one of the best fights in which the Rockets have engaged this year," Mr. Lee said.

Eighteen fights have been scheduled, ranging from the 65 pound weight division to the 165 pound section. Fighting in this meet will be all of the Rockets' best fighters, and in addition a group of younger boys who are quickly becoming tops in high school boxing circles.

Tickets for the event are now on sale, and may be secured from Mr. Lee, from the members of the team, or at Parsons' Drug, Goat's Cafe, and the Pullman Cafe.

All money taken in on this fight will go toward lettering the members of this year's team. "If you

(Continued on Page 8, Sec. 1)

Magician To Perform Tuesday

Magic acts that have thrilled thousands are in store when Bob Clark, recognized as the Southwest's leading magician, appears in Wellington Tuesday night, March 25, at the Ritz Theatre. This presentation is sponsored by St. Joseph's Hospital Auxiliary, and proceeds will be used to buy equipment at that hospital.

A resident of Sayre, Oklahoma, Mr. Clark has appeared on programs throughout the Texas Panhandle and in Oklahoma for approximately five years, and Wellington residents who have seen his magic performances report that his acts compare favorably with those of many of the more highly publicized magicians of the country.

This performance is in addition to the regular show at the Ritz, Bill Turk, manager, states. On that evening, the Dead End Kids will be seen in "Give Us Wings."

Mr. Clark's performance is scheduled for 8 o'clock, and will be one hour in length. Only one

(Continued on Page 8, Sec. 1)

Auto Mechanics Now Taught In Defense School

Twenty-four boys are now enrolled in the auto mechanics course now being taught in the Quail National Defense School. This course began March 1, with Jack Clark teaching the course at his garage in Quail. The course will close April 30.

The boys enrolled are as follows: Finis Hall, Herman Winegeart, Welman White, Paul Alfred, John Hilgenfeld, Lester Roan, Andrew Gonsell, Hillary Weaver, Kenneth King, Thomas McMin, J. C. Breeden, Cleo and Leroy Robinson, Herman Mitchell, Jahue Creed, Emmett Palmer, Paul Winegeart, Joseph Thomas, G. W. Gass,

(Continued on Page 8, Sec. 1)

Ministerial Alliance Sponsors Co-Op Revival

Four churches of Wellington announced today they will open a simultaneous revival on April 6 and continue it through Easter Sunday.

Each pastor will do his own preaching in his own pulpit at the evening services but a joint service will be held each morning at 10 o'clock at the Ritz Theatre with the cooperating pastors doing the preaching. The morning services will last forty-five minutes and the pastors are asking that the business houses of the city and the people of the community cooperate to make these services reach the largest possible number of people.

"It would be appreciated if the business houses would close for these services during the week," the pastors said. Pastors of the four churches are: Rev. J. P. Neal, Rev. H. H. Neeley, Rev. Hadley A. Hall, and Rev. J. Edmund Kirby.

Norwood Students For School Who's Who Are Chosen

Billy Joe Whitfield and Juanita Decker were chosen recently to represent Samnorwood High School in "Who's Who Among High School Students of Texas."

These students, along with two others, were selected as candidates

FHT Girls Of District Meet Here Saturday

The Wellington Future Homemakers Chapter will be hosts for the District Homemakers meeting Saturday, March 22, when girls from ten high schools in this area will be present.

Zonetta Moore of Wellington, president of the District Homemakers, will preside during the day, while Trula Jo House of Childress will serve as song leader.

A tentative program has been worked out to include band music, an educational picture show, accordion music, group singing, and readings. Get-acquainted games will be played during the afternoon.

Registration of the girls will begin at 9 o'clock Saturday morning, and the program will get underway at 9:45 o'clock. The session will last until 3:00 o'clock in the afternoon. Girls in charge of the arrange-

New AAA Man Begins Work Here

R. E. Byrom, newly chosen AAA administrative officer for this county, arrived in Wellington late last week, and Saturday took up his new duties here.

Both he and Mrs. Byrom, who accompanied him here, have been employed as teachers near Chico. In addition to his teaching, Mr.

(Continued on Page 8, Sec. 1)

Lindsey Completes Work At Coast Artillery School

John Lindsey, formerly of Wellington, has completed his course of training at the Coast Artillery School at Fort Monroe, Va., he notified his father, V. H. Lindsey, this week. Upon his graduation, he was named a staff sergeant and assigned to the 5th Coast Artillery Division at Fort Wadsworth, Staten Island, New York City.

Lindsey lived in Wellington for a number of years, and graduated from the local high school.

He visited here early in the winter, as he was en route from the west coast, where he had been stationed with the army, to Fort Monroe.

Comedy Billed For Lone Mound

"Crashing Society," a comedy in three acts, will be presented at the Lone Mound School Thursday evening, March 20, by residents of that section.

Rehearsals, which have been under way during recent weeks, indicate that this is to be one of the outstanding community plays given there in recent years.

Action of the comedy centers around Adam Dunnington, an old-fashioned country gentleman, who inherits a million dollars. Elsie, his wife, is determined to crash society, and Adams is forced to purchase an expensive home in New York City.

"You'll sympathize with Adam when Elsie prevails upon him to

(Continued on Page 8, Sec. 1)

Mitchell Taylor Accepts Place With Leader Store

Mitchell Taylor of Anadarko, Okla., arrived recently to begin work in the Leader Department Store. He takes the place of his brother, Floyd Taylor, who with Mrs. Taylor, is opening the Leader Store in Quannah in the near future.

Mr. Taylor is experienced in the dry goods business, having engaged in that line of work in Anadarko. He will be joined here by his mother, Mrs. S. Taylor, at the close of school.

Mr. and Mrs. Floyd Taylor left here Monday for Quannah. They will, however, spend several weeks in Dallas buying material before their store is opened. Mrs. Taylor is the daughter of Mr. and Mrs. Mack Saied, owners of the two stores.

WTCC Dues Are Now Payable

Annual dues to the West Texas Chamber of Commerce should be paid during the remainder of this month, S. R. Pinkston reminded Wellington merchants Monday.

Mr. Pinkston is a director of the West Texas Chamber of Commerce, and will be in charge of collecting the dues here this year.

He stated that he will contact local merchants some time before the end of March to take up these dues.

"I hope that Wellington can make as good a report this year as we have in past years," he commented.

Ira W. Neeley, Former Resident, Dies At Memphis

Ira W. Neeley, assistant secretary-treasurer of the Memphis Production Credit Association, and a former resident of this county, died Friday morning, March 14, in a Memphis hospital after an illness of several weeks. He was a brother of W. W. Neeley of Wellington.

Funeral services were conducted Sunday afternoon at 3 o'clock, from the First Methodist Church of Memphis, with Rev. E. L. Yeats, pastor, officiating.

Mr. Neeley was born in November, 1887, in Iola, Grimes County, Texas, the son of Mr. and Mrs. James Neeley. He came to Quail with his parents when he was quite small, and spent his boyhood in that vicinity. He moved to Memphis about 30 years ago.

He was married to Miss Mamie Brumley of Memphis. She preceded him in death about four years ago.

A member of the Methodist Church, he took an active part in its work, and served as a steward for fifteen years.

He had been associated with the credit association for a number of years. As Wellington was included in his territory, he made regular visits here, and not only did he keep in touch with those who knew him as a boy, but he continually enlarged his circle of acquaintances in this county.

Survivors include three brothers and three sisters: W. W. Neeley of Wellington, D. A. Neeley of Memphis, J. E. Neeley of Lamesa, Mrs. D. C. Worsham of Enid, Okla., Mrs. Sam Alexander of Wheeler, and Mrs. Helen Place of Carlsbad, N. M.

Attending the funeral services from this county were: Mrs. Jewell Powell, Mr. and Mrs. P. C. Cummings, Mr. and Mrs. Noel Cudd, Dr. F. C. Murray, Rev. R. L. Porter, Tom Berry, George Owens, Guy Owens, Arthur Owens, Mr. and Mrs. E. G. Pierce, and Van Allred.

SAMNORWOOD

By MRS. C. W. FRITTS

W. C. Lindsey of East Texas is visiting his uncle and aunt, Mr. and Mrs. Clarence Morrow and H. C., and grandfather, Mr. Lindsey.

Carey Clement is rebuilding the house on the Darlington farm five miles south of Samnorwood. He and his family will live there. They are living temporarily in one of the houses on the O. E. Rogers farm.

Miss Daisy Rogers of Oklahoma is visiting her brother and his family, Mr. and Mrs. O. E. Rogers and Henry and Edgar.

Mrs. Roy Shirley and Mrs. James Miester and Mae Jean Fritts of Canyon and Wayne Landers of Abernathy visited Mae Jean's parents, Mr. and Mrs. Walter Fritts, and Belva and Quentin, on Sunday.

Jim Whitfield of Dallas visited his wife and children in the home of his parents, Mr. and Mrs. Claud Whitfield, Saturday night and Sunday.

Mr. and Mrs. Wilburn Sullivan and children of near McLean moved last week to one of the H. S. Cook farms, located east of Samnorwood.

Mr. and Mrs. E. A. Peck and children of Lakeview visited in the Grant Jolly home on Friday night and Saturday.

Almost all of the teachers from this place attended the teachers' meeting at Canyon Friday and Saturday.

Mr. and Mrs. B. H. Walker were Canyon visitors Saturday.

Vivian and Houston Lynch and Jack Chase of Lone Mound visited Belva and Quentin Fritts Sunday afternoon.

School was dismissed Monday for the St. Patrick's Day celebration at Shamrock. Almost all of the community attended.

Bay View, a racehorse owned by Mrs. Anthony Pelletieri of New Orleans, a 50 to 1 shot, won the rich Santa Anita Handicap in the biggest upset of the winter racing season.

ROMANTIC "ARIZONA" INTERLUDE

William Holden and Jean Arthur are shown above in a scene from Wesley Ruggles' new Columbia screen epic, "Arizona," which opens at the Ritz prevue Saturday night and shows through Monday. The film, based upon Clarence Budington Kelland's novel of the same name, includes Warren Williams, Porter Hall and thousands of others in its cast.

Paper Recognizes . . . Local Rancher . . . At Stock Show

(The following story of C. W. Roberts, Wellington rancher, appeared in the Fort Worth Star-Telegram Thursday, March 13. Mr. Roberts at that time was attending the Fat Stock Show.)

By WARREN AGEE

C. W. Roberts of Wellington is 79, but he still takes his Silver Spur Galeties from a front-row table.

That's where he was at the matinee show Tuesday with two daughters, Mrs. Bertie Atkinson, also of Wellington, and Mrs. Ollie Turley, Vernon, and his granddaughter, Miss Patsy Nell Turley, of Vernon.

It was the second time the veteran rancher had seen the Galeties this year, but it wasn't his first visit to the Southwestern Exposition and Fat Stock Show, for he has missed only about four shows in the entire 45 year history of the exposition.

A rancher for 52 years, Roberts raises Hereford cattle on his 4,800 acre place near Wellington. He has 192 head now.

Roberts came to Fort Worth from Illinois when he was twelve years of age, and still remembers reading the old Fort Worth Gazette, one of the city's earliest newspapers. He went to Well-

ington in 1888. The keen-eyed rancher, whose distance vision is almost perfect, thinks nothing at all of driving his own automobile several hundred miles a day. He'll be behind the steering wheel of his 1941 machine on the trip home Wednesday.

County Officers Appear Before State Committee

County Judge C. C. Bishop and Commissioners Bert Weaver and Jason Young appeared before the Committee on State Affairs of the House of Representatives at Austin Wednesday and Wednesday night relative to the assumption of road bonds by the state assumption board.

Findings of the committee will be reported to the House, which is now considering the Road Bond Assumption Bill, and should the bill be approved, the Senate will next pass on the measure.

Collingsworth County is primarily concerned with the bill, Judge Bishop pointed out, due to the fact that bonds have been voted in this county to be taken up by the State Assumption Board before the proposed road improvement can be made.

Judge Bishop also reported that both State Senator Grady Hazlewood and State Representative Ennis Favors are working for the measure.

The only equestrienne statue in the city of Washington is one of Joan of Arc.

League Meet Students Chosen

Students to represent the Quail School in public speaking events of the county interscholastic league meet in Wellington March 28 and 29 were chosen in the elimination program Friday night. Previous eliminations had been held in most divisions, and students who had been defeated spoke again for the practice.

Flowers and fern decorated the auditorium stage, from which the contestants spoke.

In the story-telling division, Hardie Mac Bourland placed first and Jan Allen second.

First place winner in the junior girls declamation was Martha Allen, while Willa Jean Cummings was second. J. W. Bishop was first in the junior boys' group, while Roy Ray Bell was second.

In the Junior High girls' division, Grace Aaron placed first, while second place went to Lolla Jean Doster. Cecil McBride was first in the boys' division and Raymond Bailey second.

In the senior girls' division, Pauline Cherry was first and Nina Mae Thurman was second. R. B. Johnson placed first in the senior boys' division.

In the extemporaneous speaking division, Ruth Aaron and Trudie Ogletree were the representatives from the girls' division, while Whit Pate and Eugene McBride won for the boys.

Winners in the debating contests, for which eliminations were held last week, were Carl Wischkaemper and Glynn Breeden, for the boys, and Janice Grigsby and Annette Atkinson for the girls.

"This year, the Interscholastic League program has worked out very nicely, as it was begun early, so that neither the students nor the teachers would be overworked. An additional outstanding feature was that it included a large number of students of the school," Miss Virginia Lee Fortenberry, who has been in charge of this work, said.

With a supermicroscope recently invented, scientists claim the ability to magnify an image 100,000,000 times. The instrument uses electron rays instead of ordinary light rays.

By means of a new lighting arrangement, the sharp border of present-day screens is abolished and the movie appears to fill the entire front of the stage.

Civil Service Places Open On Altus Dam

Examinations have been announced by the U. S. Civil Service Commission for filling vacancies in the following positions in the Bureau of Reclamation, at the Altus Project, Altus, Oklahoma, applications for which may be filed with the Manager, Ninth U. S. Civil Service District, 627 New Federal Building, St. Louis, Mo., until the close of business on March 27, 1941.

Foreman, Construction, \$225 per month.
Foreman, Quarry, \$250 per month.
Operator, Screening Plant, \$10 per day.

Operator, Tractor (With Carry-all Attachment), \$6 to \$10 per day.
Pumpman, \$8 per day.
Truck Driver (Light Duty), \$4 to \$6.75 per day.

If you will call in person at the post office in this city the local Civil Service Secretary will be glad to furnish information as to experience requirements, age limits,

etc. Announcements and application blanks may be obtained from the Secretary, Board of U. S. Civil Service Examiners, Post Office, Altus, Oklahoma, or the District Manager at the address given above.

It's Not Wise To Sell Liquor To State Officers

Sale of a pint of liquor to two strangers was costly to a Dodson man Saturday night, March 15, as the two immediately afterward announced themselves as officers of the State Liquor Control Board, with a warrant to search his premises.

An additional half pint of whiskey was found, and charges of possession of liquor for the purpose of sale, and the sale of liquor were made against the man, W. M. Tucker, county attorney, said Monday.

Since the man was ill, and confined to his bed, he was not placed in jail.

Two local officers assisted the State Liquor Control men.

Rev. Knight To Speak In City

Rev. John Knight, district superintendent of the Abilene District of the Church of the Nazarene, will speak at the Wellington Church of the Nazarene Sunday morning, March 23, at 11 o'clock. "He is an outstanding speaker and religious leader, and we cordially invite the public to hear his message," Rev. Hadley Hall, pastor of the local church said.

Before his election to the office of district superintendent, Rev. Knight was pastor of the Church of the Nazarene at Hillsboro, and served as secretary and treasurer of the district.

ASK ME ABOUT MY BUSINESS

Personal

Mr. and Mrs. Buster Hughes were Paducah visitors Sunday.

Mr. and Mrs. Bill Goforth of Oklahoma City arrived Friday to visit with their daughter, Mrs. Jones Singley, and family. Mr. Goforth is a former district clerk of Collingsworth County. They returned to their home Sunday.

Mr. and Mrs. W. R. Scott of Paducah were guests here Sunday of their daughter, Mrs. D. Dodson, and family. Mr. Scott is publisher of the Quitaque Post.

Mrs. Zipper Zorns and daughter of Wheeler were guests last week of their parents and grandparents, Mr. and Mrs. H. A. Phillips.

Dr. J. C. Agee made a business trip to Amarillo Tuesday.

Mitchell Taylor, John Shadid, Mr. and Mrs. Mack Saied and Mrs. Shaker Dakil and son, Camal, were in Quannah Sunday visiting with Mr. and Mrs. Saied's daughter and Mrs. Dakil's sister, Mrs. Floyd Taylor, and Mr. Taylor. Mrs. Saied remained for a longer visit.

Mrs. Fletcher Curry and Mrs. R. F. Curry returned their sister-in-law and daughter, Mrs. Sam Gholson, and twin daughters to their home in Quannah Thursday.

Mr. and Mrs. Richard Berryman and daughter, Juandell, and Mrs. Buford Hobbs and son, Ronald, all of Matador were here Sunday visiting with Mr. Berryman's parents, Mr. and Mrs. C. R. Berryman.

Miss Della Turner, Mr. and Mrs. Joe Hite, all of Amarillo, and Tom Royal of Borger were here Sunday visiting with friends and relatives. All are former Wellington residents.

Mr. and Mrs. Donald Curry and Mr. and Mrs. Fletcher Curry were visitors in Granite, and Altus, Okla., Sunday.

Miss Norene Frazier of Sudan was here last week visiting with her uncle and aunt, Mr. and Mrs. J. W. Masten.

Mrs. Hollis Rainey and daughter, Sandra Jean, of Conway, were here last week as guests of their sister and aunt, Mrs. Cicero Guley, and Mr. Guley.

Henry Sullivan, who is attending the University of Texas at Austin, was a guest from Thursday until Sunday of his parents, Mr. and Mrs. Pink Sullivan.

Mr. and Mrs. W. R. Franks were guests from Friday until Sunday of their daughter, Miss Vernene Franks, who teaches at Southland, Texas. Miss Franks has been teaching at Southland, which is near Lubbock, since the beginning of school in the fall.

Miss Leota Crane and Mrs. Marcus Siler and daughter, Martha Frances, of Childress were guests last Thursday of Miss Crane's sister, Mrs. Wylie McKinney, and family.

J. D. Wilson of Paducah was here Wednesday of last week visiting with friends and looking after property interests here.

Clinton McBroome of Lamesa spent the week end here with his parents, Mr. and Mrs. J. McBroome. A senior in the Lamesa High School, he is a member of the debating team from that place which recently won the county debating championship. He with other members of the team, will take part in the district contests in the near future.

Jules Boverie left Monday on a business trip to Roswell, New Mexico.

Mrs. L. C. Craven and Mrs. Buster Barker were in Wichita Falls over the week end to visit their daughter and sister, Mrs. Debs Simmons.

Mrs. A. C. Boverie and sons, John and Jack, and Dane Sisk, were in Fort Worth over the week end attending the Fat Stock Show and visiting with Mrs. Boverie's mother.

Miss Nancy Sullivan was a guest over the week end of Miss Gloria Holmes of Shamrock. Miss Sullivan remained over Monday to attend the St. Patrick's Day celebration being held there.

Mr. and Mrs. Ansel McDowell and family of Wheeler were here Sunday visiting with Mrs. McDowell's parents, Mr. and Mrs. Sandy Parsons, Sr., and other relatives and friends.

Drs. J. C. and Opal Agee attended a chiropractic meeting in Childress Sunday.

Mr. and Mrs. W. W. Sugg and daughter, Miss Jewel Sugg, returned Thursday from Harlingen, where they have been spending the past six weeks.

Mr. and Mrs. Eugene McClure of Springlake were guests of Mr. and Mrs. L. A. Dickey two days last week. Mr. McClure is a nephew of Mrs. Dickey.

Mr. and Mrs. Winter returned last week from Fort Worth, where they attended the Fat Stock Show and visited with their daughter, Mrs. R. J. Hickman, and family.

Miss Helen Hudson, who is employed in Clarendon, spent the week end with her parents, Mr. and Mrs. Arthur Hudson. Her sister, Miss Viola Hudson, went for her and returned her to Clarendon.

Mr. and Mrs. J. A. Leach and Miss Inez Leach returned Monday after a short visit in Fort Worth, Dallas, and Irving. At the latter place they were guests of their daughter, Mrs. Chet Gibbs, and Mr. Gibbs.

Mr. and Mrs. B. H. Brewer of Adrian were in this county over the week end visiting Mr. and Mrs. Robert Strong, Mr. and Mrs. Ray King, Mr. and Mrs. George Brewer, Mrs. Ellen Ingram, and Mr. and Mrs. B. W. Beard. Mr. and Mrs. Brewer formerly lived here.

Miss Margaret Hix, Miss Bessie Jean Willis and Mrs. Ernest Elliott were in Canyon Friday to attend the teachers' convention being held there. From there, Miss Hix went to Levelland to visit with her sister, Miss Argen Hix, while Miss Willis went to Lubbock to visit her sister, Miss Floy Willis, who is attending Texas Tech. Mrs. Elliott went on to Levelland, also, to visit with her husband. Accompanying the group from Wellington to Canyon were Mrs. R. C. Brantley, who visited in Amherst with relatives, and Mrs. J. C. Whisenant, who was a guest in Canyon of her daughter, Miss Louise Whisenant, who is attending W.T.S.T.C.

Miss Winifred Brown of Hedley was a guest Sunday of her brother, Morris Brown, and Mrs. Brown. Miss Brown is a former resident of Collingsworth County.

Mrs. R. L. Tension underwent an emergency major operation in St. Joseph's Hospital Tuesday night. Her condition is reported as being good.

RECRUITING UNIT "SHOOTS" FOR THE CROWD

Even though rural communities furnish larger numbers of our soldiers, there is plenty of recruiting interest in the city, the above picture shows. A unit of the crack First Division of World War renown demonstrates a 27-millimeter antitank gun on New York City's Times Square as the statue of Father Duffy, famed chaplain of that war, looks approvingly on. Results of this recent recruiting effort were increased interest in the Army and a good number of enlistments.

Mrs. George Cogswell and son of Amarillo and Mr. and Mrs. Hardin Boyles and baby and Billy Braboy of Tulia were guests last week of Mr. and Mrs. H. M. McCaskill. Mrs. McCaskill, who has been seriously ill, is doing fairly well, according to reports.

Mrs. Art Frost of Amarillo was a guest last week of her parents, Mr. and Mrs. Pat Shields.

Mr. and Mrs. Ralph Gray of Pampa were here Sunday visiting with Mrs. Gray's parents, Mr. and Mrs. France Holley, and family.

Mr. and Mrs. Will Patrick of Dodson were here Sunday visiting with Mrs. Susie Patrick and children.

Mr. and Mrs. Sam Odom of Lubbock visited Mrs. Odom's parents, Mr. and Mrs. L. E. Reeves, over the week end. Miss Zephia Lee Reeves returned home with them for a few weeks' visit. Miss Reeves then plans to visit her sister in Corona, Calif., for the summer.

Mr. and Mrs. Dick Wiley and Mr. and Mrs. E. J. Smith of Dodson were week end visitors in Amarillo.

Miss Ruby James returned Sunday night from Fort Worth, where she spent the week end.

Mr. and Mrs. Charlie Hill and Mr. and Mrs. Bill Hill and son, Robert Ray, were visitors in Canyon Friday.

Calvin Aaron Hurst, son of Mr. and Mrs. Ben Hurst, was a guest of his parents over the week end. He is attending business school in Wichita Falls.

Mr. and Mrs. Hoyet Williams were guests of Mr. Williams' mother, Mrs. J. C. Williams, of Olney over the week end. They also visited in Canyon while gone.

Mrs. Luther Gribble returned recently from a visit in Stephenville with her daughter, Miss Edna Joyce Gribble, who is attending John Tarleton College.

Junior Ball Winners Named

Samnorwood teams emerged winners in three divisions of the junior basketball meet held in Wellington March 12. Quail was winner of the other division.

In the high school boys' division of the junior meet, the Wellington boys won over Quail in the first game, by a score of 27 to 24. An overtime period was necessary, however, to decide the winner. In the second game of this series, Samnorwood defeated Wellington 34 to 15.

The Samnorwood grade school boys' team won over Quail by a score of 24 to 9.

In the high school girls' division, Samnorwood again won from Quail, this time by a score of 20 to 16.

Quail took the ward school girls' honors by default.

Well—Where Do College Students Get Their Pencils

CANYON.—Investigators for the student newspaper at West Texas State College have made an astonishing discovery: Only 18 per cent of the students ever buy pencils, yet all appear to be well supplied.

Most of the three hundred students interviewed could not recall when they had last bought a pencil. Asked pointblank where they obtained the pencils then in use, many replied:

"Why, I haven't the least idea." Pencils, the inquiry showed, are "picked up" in offices, stores, classrooms, and on the streets, and also obtained from roommates, boy friends, and traveling salesmen. One student confessed:

"I haven't bought a pencil since I was in grade school."

As to the honesty or dishonesty involved, one student voiced a common viewpoint:

"Somebody swiped mine, so I took the next one I saw."

Another said she never "took" a pencil, but merely traded her own for a longer one now and then.

Most students were satisfied to possess one pencil—but not O. T. Schupbach, burly football tackle. He has a collection of 10,000 from all parts of the world and protects them with all his 265 pounds.

But the mystery remains: Where do all the pencils come from?

Texas Producing Quality Turkeys

COLLEGE STATION.—Many Texas turkey growers have taken a page from the book of experience of cattle raisers and are improving the quality of the turkeys, says Geo. P. McCarthy, Extension Service poultry husbandman for Texas. A. and M. College.

A few years ago very little selection was practiced and production of turkeys was comparable to the hit-and-miss methods of the beef cattle business of 25 years ago. Four years ago, however, growers adopted the example of the cattlemen in breeding up their herds and introduced the broad breasted turkey. Only three farms experimented with the new type at the outset, but other producers since have found that the broad breasted specimen not only improved the quality of their stock, but also are good feeders, mature early and increase the vitality of ordinary turkeys.

Mainly as the result of educational work by the Extension Service, McCarthy says, 8,000 flocks today contain broad breasted breeders. This figure is based upon the 1941 breeding season, and

represents approximately ten percent of the turkey population in Texas.

The specialist regards this achievement as "remarkable" in view of the short time the program has been under way.

"The result of the turkey improvement work sponsored by the Extension Service," McCarthy says, "was clearly reflected during the 1940 turkey marketing season. Texas produce dealers said that the quality of turkeys in the state was the best they ever had handled. Market demands have been studied carefully and turkey producers today are more interested in producing the kind of turkey the American housewife, hotels, restaurants and the retail trade as a whole want. Turkey production in Texas today is maturing fast and many of the growing pains eased."

Texas produced 58,073 bales of cotton in 1940.

Deck's DIDACTICS

By H. D. W.

This week farm leaders were unable to get action from the House Agricultural Committee on their efforts to get the loan price on basic farm commodities. For instance they were asking that the loan price on cotton be advanced to 13.49c and that wheat be advanced to 96.2. Parity on cotton is 15.87 cents per pound and parity on wheat is \$1.13 a bushel.

The farm leaders are asking \$5 per cent parity to be coupled with AAA payments and thereby yield 100 per cent parity. If you favor immediate action, which is necessary if it is to be effective this year, write to Congressmen Richard Kleberg and W. R. Poage, who are on the Agricultural Committee.

Corn, hogs, cattle, poultry and dairy products stand to continue at good price levels and will probably increase, but the picture is dark for the man who depends mainly on cotton and wheat.

England will buy those first named commodities, but she will buy her wheat from Canada that has a huge surplus. There is no market for cotton outside of the United States that I know of.

I am still of the opinion that we will live to see the time when the nation will be glad to have farm surpluses rather than that it did have them. But the farmers should not be required to produce them at starvation wages while many parts of the country are rolling in prosperity created by government credit and subsidy.

The farmers are patriotic. Farm communities are willing to do their part. They are willing to sacrifice to make the defense program successful. But it seems to me that something like a balance for agriculture would be real preparedness.

In his column in the Amarillo News, Gene Howe recently nominated J. D. Sugg as the politest man in Amarillo. J. D.'s politeness is no news to people in Wellington, but they were glad to see him get the recognition.

The Commissioners Court would not buy Sheriff Paul Bell a criminal docket book. He and Margaret Shields rummaged around in the vault and found the first criminal docket ever used in the county. About half the book was unused. Now Paul is keeping his records in the same book that was used 50 years ago.

If they ever find out that Paul is flouting the old book around in his office, I imagine that some of our highly respected citizens and former citizens will take up a collection and buy him a brand new book. The old book notes arrests for carrying a pistol, for fighting chickens, for defacing a school building, failure to work the road, as well as other innocent pastimes of the people who lived here in those happy days.

Sid Hughs generally looks like he just got up from a nap, but the old boy is on his toes just the same. He is making plans now to start baking vitamin B1 bread and will have it in all the grocery stores in the county in three weeks. When he does, let's call for Sid Hughs' vitamin B1 bread. The way to build more payrolls in this county is to patronize those firms that maintain payrolls here now.

I told Sid that England had made it compulsory for all their bakers to bake vitamin B1 bread. "Yeah, I know it," Sid said, "and look how it made them fight. What do you think it will do to us?"

Mrs. Bill McClaskey just phoned me about the band suits. The band mothers have raised \$200, but they need \$600 in all. Let's get behind them and get those new suits. Do any of you have any suggestions?

Last year we raised \$600 for the Boy Scouts—more than any other town in our district. This went to the district, but apparently we received less help than any town in the district. The main help I noticed was that ever so often some of our civic leaders, who were trying to help with scouting, received a genuine bawling out for doing so sorry. We would have been better off if we had kept about \$500 of the money and hired a couple of scoutmasters.

Since the conditions are as they are, why don't we cut down the Scout drive to say

"PEACH" OF AN AD FOR ORANGES

Contender for the crown of "Sun Princess" at the National Orange Show was Ruth Swanson of San Bernardino, Calif. Pretty as a picture, isn't she?

\$200 and raise the remainder for the band mothers.

What do I think of scouting? I think it is splendid. What did I give last year? I gave \$24. And The Leader gave bigger heads and more display to scout stories than any other paper in the district.

M. C. Pigg received \$379 for eggs alone last year. It was enough to pay for the chicken feed and leave him profit enough to more than pay for his grocery bill.

J. F. Skaggs lost a calf on the highway while bringing a load of hogs to town to sell to Harley Kern. That does not sound right, but it is true. Mr. Skaggs had one calf in with the load. The endgate came loose and the calf jumped out.

W. D. Bailey brought in a letter from a man who wants to block some acreage south of Salt Fork and drill a test well. If he gets the leases, he will put down a well to a depth of 3,800 feet.

Bill Turk is showing a very splendid picture next Sunday and Monday. It is "Arizona." "The World In Flames," which showed Tuesday and is showing Wednesday in case you get your paper in time is one that will make goose pimples chase up and down your back and fan your patriotism to a bright flame. There have been a number of excellent ones in the last two weeks—in fact the best that go to any town. But Bill, that "High Sierra" thing that your home office selected for a major dating—it was stupid. On such pictures as that there should be a law preventing anyone under 25 years of age from seeing it. It will bore anyone over 25 years of age to death.

Dodson Juniors To Give Play

"Let's Go Places," a hilarious side-splitting comedy in three acts, will be presented at Dodson High School Friday evening, March 21, at 8 o'clock.

This play is given by the Junior Class.

"Everyone is cordially invited to attend. This offers you an evening full of good clean entertainment—and more laughs than you've had this year," the sponsors promise.

A small admission charge will be made.

Cotton Coats For Sheared Sheep Is Latest Farm Idea

COLLEGE STATION.—The office of information of the United States Department of Agriculture says that Dr. Robert H. Burns of the Wyoming Experiment Station, in cooperating with the New Orleans regional laboratory, is experimenting with the idea of clothing sheep in cotton "coats" after shearing. The purpose would be to protect the animals from exposure after shearing.

Last year, Dr. Burns tried out 72 of the "coats" and this year ordered 500 more. This new use for cotton might mean a potential consumption of 50,000 bales of the staple yearly.

Miss Dorothy Onderdonk of Hall, N. Y., bought a calf for \$150 when she was eight years old. Today, at 22, she has 35 registered Guernseys valued at \$7,000.

African Hero's Grandfather Was Texas Landowner

DALLAS.—General Sir Archibald P. Wavell, the one-eyed commander of Britain's middle east forces, is the grandson of a man who once owned land on which six northeast Texas cities were located, a Dallas research historian said recently.

Homer L. DeGolyer of Dallas said he had filmed facsimiles of letters and documents which showed that Sir Archibald's grandfather, Major General Arthur Goodall Wavell, originally owned hundreds of thousands of acres of Texas land granted to him about 1825 by the "free state" of Coahuila and Texas under the Mexican government.

This was known as Wavell's colony and extended from the Red River southward to the Sulphur River. It ran westward to about the west boundary of present day Grayson County, Texas.

In this section the present cities of Denison, Sherman, Bonham, Paris, Clarksville, and Texarkana were located, DeGolyer said.

He said that representing Major General Wavell as a resident agent in the colony was Col. Benjamin R. Milam, the "Old Ben Milam" who led the Texans in the assault and capture of San Jacinto in December, 1835, a charge in which Milam was killed.

The present British general's grandfather came to the new world before Mexico won its independence from Spain, fought for Spain, but later became a citizen of Mexico after helping that country win its freedom, DeGolyer said. Transcripts of letters in DeGolyer's possession show Major General Wavell traveled extensively in the United States and Texas, and visited Nacogdoches, Texas, in 1830, the Dallas historian disclosed.

Among colonists introduced into northeast Texas into Wavell's colony by Ben Milam were Richard Ellis, later president of the convention that declared Texas a free and independent republic; Collin McKinney, for whom Collin County was later named and James Clark, the founder of Paris, said DeGolyer.

He showed facsimile of a land certificate he identified as issued to James Clark by Ben R. Milam on December 31, 1830, for the land on a part of which the city of Paris now stands.

A letter the historian identified as from Wavell to Milam, written from New Orleans under the date of March 21, 1829, tells of a trip being taken by General Wavell and wife from Mexico to the United States.

Helium Is Being Used Medically

AMARILLO.—In addition to its military uses, helium gas is now being used medicinally, according to reports reaching Amarillo.

Its medical uses are being tested in Philadelphia hospitals where it is mixed with explosive anesthetics to lower their likelihood of exploding, it was said.

Amarillo is looking forward to a greatly expanded helium gas production program. The Amarillo plant is producing 13,500,000 cubic feet of gas per year, and experts say that production could be upped for a maximum of 36 million feet, but no higher.

The Army and Navy said Thursday they would need at least 23,755,000 feet of helium gas this coming year, and 100 million feet if war comes.

The gas assertedly will be used for lighter-than-air craft, and for barrage balloons. Indicative of the importance the armed forces attach to helium, is the fact that the FBI is increasing the guard over the present helium production facilities in Amarillo.

Cars In Denmark Run On Peat

COPENHAGEN.—The extreme shortage of gasoline for fuel has led the Danish branch of an American automobile firm to redesign one of its automobiles so it will run on peat. A sample car already is in operation.

The device fits on the rear of the automobile, converts the peat into a burnable gas much in the manner of wood-burning automobiles which have been in use in Europe for some years.

The firm estimates a middle-sized car will do a hundred miles on \$1.30 worth of peat.

Mrs. Kate Stratton of Clovis, N. M., arrived Sunday for a visit here with her daughter, Mrs. G. B. Hopper.

TRAVELS TO TRY-OUT

Bill Smith drove all the way from Lake City, Ia., to San Bernardino, Calif., for a try-out with the Pittsburgh Pirates at their spring training camp.

Cotton Stamps To Put \$16,000,000 In Circulation

COLLEGE STATION.—Texas merchants are eyeing with anticipation the \$16,000,000 worth of cotton stamps the 640,000 cotton farmers in Texas could put into circulation this year—if 100 per cent participation in the supplementary cotton program were achieved.

The stamps, which will be paid to cotton farmers who voluntarily reduce their cotton acreage in 1941, will be exchangeable in retail stores for any merchandise made entirely of cotton grown and manufactured in the United States, Donald L. Cothron, state AAA committeeman and Lamar County cotton grower, declared.

Cotton piece goods, women's dresses and housecoats, men's shirts and pants, children's and infants' clothes, sheets, cotton blankets, and other household goods, work gloves, and stockings are but a few of the articles cotton farmers can buy with the stamps, the committeeman pointed out.

"More cotton goods in use by farm families instead of more raw cotton in warehouses already bulging with stored cotton will result from successful operation of the new supplementary cotton program," he said.

"With many export markets for cotton closed, and with government stores of cotton approaching 12,000,000 bales, the Department of Agriculture has developed this plan designed to increase the domestic use of cotton and at the same time maintain conservation and parity benefits under the AAA."

Under the supplementary program, a farmer who voluntarily reduces his acreage below the 1941 allotment or the 1940 measured acreage, whichever is smaller, will receive cotton stamps at the rate of 10 cents a pound times the normal yield of his underplanted acreage. Sharecroppers, tenants, or owner-operators may receive up to \$25 worth of stamps for cooperating in the program, while producers on more than one farm, or operators of a farm with two or more tenants, may qualify for a maximum of \$50 worth of stamps.

Any acreage reduction made to comply with the program will not in itself affect cotton allotments in 1942 or any subsequent year. The supplementary program will be carried out in Texas jointly by the AAA, the Surplus Marketing Administration, and the Texas A. and M. College Extension Service.

Plans have been completed for the Dixie Doodles presentation of the Junior Class of Wellington High School, to be given Thursday night, March 20, at the high school auditorium.

Dixie Doodles Plans Complete

This is a variety show, and is scheduled as one of the most humorous presentations on the school calendar this year.

Mr. and Mrs. Bill McClaskey, Mary McClaskey, Richard McClaskey and Wynona Smith were in Estelline Saturday visiting with Mr. and Mrs. Sam Cooper. Mr. Cooper, a former cowboy of Collingsworth County and well known by all old timers here, is seriously ill. He and Mr. McClaskey are cousins. Mr. and Mrs. Bob Oldham and Mrs. T. T. Fain were visitors in the Cooper home on Wednesday of this week.

Center of area of U. S. is 10 miles north of Smith Center, Kan.

Management Can Give More Rest To Farm Homes

COLLEGE STATION.—Farm families are having increased time for rest and leisure activities as a result of the home management program of the Texas A. and M. College Extension Service.

Louise Bryant, extension specialist who is directing this program, says home management means budgeting expenditures of money and time, keeping home and personal accounts, planning schedules and home living arrangements for greater efficiency. In short, it's the application of sound business principles to homemaking.

As a result of the program more than a thousand women in 28 counties during 1940 followed a definite schedule for home activities to check on their household efficiency. A few less than a thousand families—980 families—980 to be exact—kept home accounts according to a recommended plan, and 690 budgeted their

spendings in relation to their income. Keeping of records was not limited to adults, Miss Bryant says, for 1,800 4-H Club members in 52 counties carried on practical demonstrations by keeping personal accounts.

The specialist points out that the Extension Service, through its county agricultural and home demonstration agents, helped more than 5,000 families in 36 counties during 1940 by providing timely information which was used as a basis for readjusting family living. Reports also showed that through better home management practices nearly 15,000 cooperating families were able to have a more satisfactory standard of living.

Savings due to home management plans made in 22 Texas counties were estimated at \$14,001.

Resembling a miniature piston ring, a new permanent valve guide repair ring to prevent oil and air from leaking past worn valve guides has been invented.

West of Farmers Co-Op Gin Wellington, Texas Prices Good for Wellington and Dodson

Largest Scout Court Of Honor Held Here Tues.

The largest Boy Scout Court of Honor in the history of District 4 was held in Wellington Tuesday night, March 18, when Scouts from Wheeler, Shamrock, Kellerville, McLean, Dodson, and Wellington received advancements or badges. In addition to the large number of advancements, a larger number of parents were present for the Court than at any held in the district previously.

Earl R. Gobble, Shamrock, was chairman of the court. Second class awards were presented by L. A. Manzer; First Class awards by Rev. J. E. Kirby; Merit Badges by N. C. Beam; the Star Rank by O. B. Raburn, and the Life Badges by Rev. J. P. Neal.

Second Class awards were presented to Frank Simpson, James Hinton, Glen Chilton and Jack Sanders of McLean; Olan Carter of Dodson; Dick Ellis, O. B. Raburn, and Fred Decker, Jr., of Wellington; and Jack Berten and Billy Braudt of Shamrock.

First Class awards went to Junior Ahler and Elmer Tolliver of Wheeler; Billy Braudt and Jack Roach of Shamrock.

Merit Badges were awarded to F. B. Craig, Jr., Donald Hunt, Gene Hall, Lewis Craig, R. J. Holt, Jr., of Wheeler; Billie Wall, Nolan Guilford, Neal Schaffer, C. E. Coleman, Jr., and Joe Read Snell of Shamrock; Kenneth Bruton, John Chapman, Leo McDonald, Ernest West, of Kellerville.

Receiving Star Badges were R. J. Holt, Jr., F. B. Craig, Jr., of Wheeler; Billie Wall, Gilford Nolan, and Joe Read Snell, of Shamrock. Scouts must earn at least five merit badges before they can be awarded a Star Badge, Troy Israel, district Scout officer, pointed out.

Life awards went to Ernest West of Kellerville. Life ranking is next to the Eagle rank, highest awarded in Scouting, and requires at least ten merit badges.

Rating of the various troops on the Court of Honor Ladder was given, with Troop 70 of Kellerville leading, with 530 points. Other places included second, Troop 72, Wheeler, 510 points; third, Troop 32, Wellington, 472 points; fourth, Troop 31, Wellington, 419 points; fifth, Troop 76, Shamrock, 241 points; sixth, Troop 73, Shamrock, 230 points; seventh, Troop 25, McLean, 220 points; eighth, Troop 30, Dodson, 156 points. Troops 43, 44, 45 and 74, representing Lela, Mobeetie, Briscoe and Kelton, failed to score. The first three of these are newly organized troops.

Scoring on the Court of Honor Ladder is based on Scout attendance, parent attendance, correctly uniformed Scouts, wearing of the neckerchief, leaders in attendance, leaders in uniform, advancement of the Scouts. Incorrectly uniformed Scouts, and failure to appear at the Court of Honor mean a loss of points to the troop.

The next Court of Honor will be held in May at Shamrock. At this time, Scouting awards will be made by mothers of the boys.

Bug Is Carrier Of Sleeping Sickness Among Livestock

COLLEGE STATION.—Dr. C. H. Kitzelman of Kansas State College reported recently to the American Association of Economic Entomologists that a bloodsucking insect that feeds on horses, mules and other animals in the west carries equine encephalomyelitis, or horse sleeping sickness. The office of information to the United States Department of Agriculture quotes Dr. Kitzelman that this constitutes the first case in which neurotropic virus had been isolated from an insect in nature.

In experiments, Dr. Kitzelman said, numbers of the insect which had been captured in pastures where horses had died of the sleeping sickness were ground up and a filtered, germ-free extract from their bodies was injected into guinea pigs. The guinea pigs developed symptoms of encephalomyelitis and died. The virus able to cause the disease in other guinea pigs was isolated from their bodies. The insect is known in Kansas as the "Mexican bedbug."

Desert Willows Make Excellent Home Windbreaks

COLLEGE STATION.—The native flowering willow, which is often called desert willow, is excellent as a shrub or tree. Sadie Hatfield, Extension Service specialist in landscape gardening, says it is one of the best trees for the first or outside row of a windbreak, since it can take an almost unbelievable amount of punishment from the mechanical action of the wind.

MODEL FOR A GROWING MAID

For daughter, who's growing fast, Hollywood suggests an ingenious dress style that allows for expansion. Betty Brewer, 13, models the dress of sanforized Cedarbrook pique in red, pin-striped in white, with a sash arranged to tie both back and front, so that it's easy to let out.

Texas Farmers' Co-ops Increase During 1940

COLLEGE STATION.—Chartering of 75 new cooperatives in 1940, increased the number of farmers who are members of some type of cooperative to about one-third of the total engaged in agriculture in Texas, says C. E. Bowles, extension cooperative marketing specialist.

Reviewing the year's developments, Bowles says the total of farmers' cooperative business organizations now number about 840. Of those chartered within the year, 41 were set up to gin cotton, nine were associations to prepare and market fruits and vegetables; six were rural electric cooperatives, and the remainder were for processing and marketing various farm produce and for buying farm supplies. One-half of the 22 cooperative refrigerator food lockers were put into service in 1940.

The specialist says the volume of business handled through the cooperative organizations totals several million dollars yearly. The saving to Texas cotton growers through ginning their own cotton in 1940 is estimated at \$2,000,000.

Farmers' cooperatives, despite some opinion to the contrary, are among the most successful businesses in the country. "Some do fail," Bowles concedes, "but their record in this respect is far better than that of business in general." "Farmers set up their cooperatives to help themselves to better returns for their crops and to bring within the reach of their families some of the comforts of life," he adds. "Cooperatives apply democratic principles to business and seek to narrow the spread between themselves and their customers who consume the products of the farm."

North Wellington H. D. Club Group Meets March 18

The North Wellington Home Demonstration Club met on Tuesday afternoon, March 18, at the home of Mrs. J. L. Hays. Mrs. J. W. Masten, president, conducted the business meeting. Plants and flower seeds were exchanged by the members. Four of the attending members drew birthday gifts.

The next meeting will be with Mrs. J. E. Cooper on Tuesday, April 1. Attending were: Mmes. C. E. Williams, R. H. Eads, E. A. Box, W. D. Aldridge, W. M. Tucker, F. G. Dorsey, T. T. Fain, Bruce Hite, A. B. Cooper, Masten, and two visitors, Mrs. T. W. Kesler and Mrs. Bill Berryman, and the hostess, Mrs. Hays.

Fireproofing Of Child's Clothing Simple Home Job

STILLWATER, Okla.—Fireproofing children's garments is important particularly during the winter months. Nowadays mothers can fireproof children's clothing just as easily as they launder the garments.

The fireproofing solution is made at home from the following simple formula:

Seven ounces of borax and three ounces of boric acid are mixed with two quarts of hot water and then stirred until the borax and boric acid are dissolved. The borax and boric acid is more easily dissolved if a paste is made by first adding only a small quantity of the matter.

Miss Ruby Johnson of the School of Home Economics at the Oklahoma A. and M. College, in advocating that children's clothing be sprayed with this solution before ironing, points out that, while it does not provide 100 per cent fire proofing, it does prevent the spread of the flame and thereby removes the fire hazard.

"Children often play around an open fire before bedtime or rush to the fire in the early morning while still in their sleeping garments. These are usually made of napped cotton fabrics which catch fire easily.

"Sleeping garments should be washed and dried and then dipped into the borax and boric acid solution. The fireproofing materials are soluble in water and are removed from the fabric by laundering and rain.

"For those garments which are ironed, the solution may be used to sprinkle the garments just as one would use plain water. However, the garment must be dry before sprinkling, since the excess moisture would cause a part of the value of the fireproofing solution to be lost.

"It is probably necessary to dampen the fabric more than customary when water is used in order to saturate it with the fireproofing solution, but the dampened fabric should be nearly dry before it is ironed. Only a moderately hot iron can be used on fabrics treated with this solution.

If the fabric is too damp or the iron too hot, the borate mixture will deposit on the iron and make further ironing impossible until the deposit has been removed with a clean, wet cloth.

Will the solution have a harmful effect on the fabric and destroy its original appearance? The home economist says that there is no change in the color or the texture of the fabric so treated and that which is untreated. One cannot tell the difference except in the case of fire. In the untreated material there will be a flash and a quick spread of flame, while in the treated material the fire will spread very little.

Texas sweeps 773 miles from east to west.

Natural Gas Is Vital Cog In Defense Work

Vital cog in the country's national defense machinery, the natural gas industry, an infant in the war days of 1917-18, is meeting increasingly large demands for gas fuel daily and already is furnishing billions of cubic feet over normal consumption to plants, factories, army cantonments and naval bases.

United Gas Pipe Line Company, one of the largest natural gas transmission companies in the world, recently began regular deliveries to a large army camp in the vicinity of Alexandria, La., where gas requirements are approximately the same as those of a city of 30,000 population. At the same time the government and United conferred on gas requirements at other projected camps.

Unusually large demands have not been limited to the army and navy in the case of the United Gas system, although it serves natural gas to naval bases, army and navy air fields and army camps in the Gulf South area which comprises parts of Texas, Louisiana, Mississippi, Alabama and Florida. Many industries engaged in the production of materials and supplies vital to the defense program have been calling for more natural gas.

Boat yards along the Gulf coast, machine plants, refineries, cement and lime companies, the many electric generating plants which rely upon natural gas as a source of energy—and many others have called for increased amounts of natural gas to aid them in meeting defense requirements.

One of the reasons the natural gas industry has been able to meet the increased demands made upon it is attributable to the fact that once the large reserves of natural gas in the Gulf South were discovered, the industry constructed a grid-work of pipe lines calculated not to serve only present needs, but those of the future as well. That the dream of increasing industrial activity in the Gulf South is being realized is proved by the many industries which, faced with the necessity for expansion because of large private and government contracts, have chosen that area as a site for their new plants.

In a recent interview R. H. Hargrove, general manager of United Gas Pipe Line Company, said, "We are proud of the part this area and the natural gas industry is now playing and in the fact that they are prepared to play an even greater part in meeting the demands of our National Defense program."

Mr. and Mrs. Penney Lindley announce the birth of a daughter, Janet Claudell, on March 6, in a Monte Vista, Colo., hospital. Mrs. Lindley is the former Miss Mutt Neese, daughter of Mr. and Mrs. Claude Neese.

Mr. and Mrs. Jessie Pullman Washam, who live near Lutie, are the parents of a son, who has been named Billy Joe. The baby was born Sunday morning, March 17, and weighed eight pounds.

Jo Nell, daughter of Mr. and Mrs. A. L. Booker of Altus, Okla., was born in St. Joseph's Hospital on Friday, March 14. The baby weighed seven pounds and twelve ounces.

Drugstore Cowboys Please Take Notice Of Boot Rulings

MADISONVILLE.—Drugstore cowboys from the city would have a hard time getting by in Madisonville.

Viewing with alarm the fact that everybody around here was coming out in a pair of high-heeled cowboy boots, the Madisonville Sidewalk Cattlemen's Association drew up the following regulations governing the wearing of them in Madisonville:

- (1) A man must own at least two head of cattle before he is entitled to wear boots.
- (2) Owner of three head—can stuff the right pants leg in.
- (3) Owner of four head—can stuff both pants legs in.
- (4) Owner of six head—can wear spurs.

BLUES FOR BLONDES

Blond Brenda Joyce, left, picked a fine shepherd's check woolen in dark blue and white to make this trim little suit for spring. Susanna Foster, right, chose a deep blue wool for her spring suit. The skirt has wide, deep pleats front and back, and the wrist-length jacket is beautifully tailored with large patch pockets.

Old Dog Knows His Way Around

Maybe an old dog can't be taught new tricks, but they always know their way around if Zero, registered collie belonging to Mrs. O. F. Russell of Clarendon, Texas, is any criterion.

Zero and the mother of pups which he sired were kept for several months at the Phil Childers farm about five miles south of Dalhart. The pups were born there.

About two weeks ago the two parent dogs and the litter were taken back to Clarendon, and then suddenly Zero was back at the Childers' farm, having traversed the approximate 160 miles from

Clarendon on foot. He had been brought to the Childers farm and taken back to Clarendon in a car.

"Old cats also know their way around," said Childers. A couple of years ago he got two beautiful Persian cats—a mother and daughter—at Sunray, Texas, 40 miles east of Dalhart. In an effort to thoroughly locate them, he kept them in his basement for a week. He turned them loose and four days later the mother Persian showed up at her old Sunray home. The daughter stayed at Childers.

Mrs. S. G. Henry returned home Tuesday night after spending the week end with her daughter, Miss Martha Jeanne Henry, who is attending a business college in Wichita Falls.

Swearingen took the girls' title, since no other school was entered.

Largest County Meet In Years Is Predicted

Predicting that more students will take part in the county Interscholastic League Meet this year than at any time in recent years, Logan Cummings, county superintendent, said Wednesday morning that plans for that event were rapidly nearing completion. The meet will be held in Wellington Friday and Saturday, March 28 and 29. Practically every school in the county will take part.

The League program is being worked out this week, and a copy will be sent each teacher in the county, Mr. Cummings said.

This year, for the first time, rural choral singing will be held Thursday night, March 27, at the high school. This date has been set in order to avoid conflicts on the following day.

All other literary events will be held Friday.

Saturday's calendar includes all track and field events. Tennis competition is scheduled for April 5, and playground ball will be held at a later date.

Basketball competition is just closing in the county, Mr. Cummings pointed out. Last of the basketball contests included the rural boys' and girls' contests, held at Quail last week. Only three teams were entered in the boys' division. Swearingen defeated Cottonwood in the first game 20 to 0, but lost the second to Buck Creek 14 to 6.

Swearingen took the girls' title, since no other school was entered.

Social Thursday To Observe 22nd Legion Birthday

The regular joint social of the American Legion and Auxiliary unit will be held Thursday night, March 20, Mrs. S. G. Henry, president of the Auxiliary reminded members today.

The social will begin at 7:30 o'clock, and each one attending is asked to bring a covered dish.

At this meeting, the 22nd birthday of the American Legion will be observed.

About 550 native grasses are found in Texas.

Senatorial District Changes Proposed

Collingsworth County will be changed from the 31st senatorial district to the 28th district if the measure proposing the redistricting of state senatorial districts passes the Texas Legislature, it was learned here Saturday. This would place it in a district along with other counties of the Southern Panhandle.

Redistricting of the Senatorial districts is permissible after the federal census each ten years. The present districts, however, were established in 1921, and after the 1930 census, no action was taken to change them.

The proposed 28th district would include Collingsworth, Childress, Cottle, Motley, Floyd, Hale, Lamb, Bailey, Parmer, Castro, Swisher, Briscoe, Hall, Donley, Armstrong and Randall counties.

The 31st district would then include Wheeler, Gray, Carson, Potter, Oldham, Hartley, Moore, Hutchinson, Roberts, Hemphill, Ochiltree, Hansford, Sherman, Dallam and Deaf Smith counties.

MARELLA

By MRS. J. W. PEARSON

There was a nice crowd at the churches Sunday, but due to the cold weather Sunday night, only a small crowd attended the young peoples' meeting.

Barbara Pearl Bartlett spent the week end with Mary Bell Depauw.

Mrs. B. Ogletree and baby returned home Saturday from her father's at Wellington.

Mr. and Mrs. Jim Jones and children of Brownfield spent the week end with her parents, Mr. and Mrs. J. C. Claunch.

Several of the farmers in this community have started their listing, but the sandstorms this last week will make a delay with their work.

Mr. and Mrs. Ross Gladney and children spent Sunday evening with Mr. and Mrs. O. Z. Bartlett.

Mr. and Mrs. J. W. Pearson visited Sunday with Mr. and Mrs. J. H. Winegeart.

Mrs. Sarah Johnson and two sons of Arkansas, Mr. and Mrs. John Russell of Quail spent Sunday with Mr. and Mrs. Preston Gilbreth and family.

Mr. and Mrs. Ruleford Jones and family of Bula visited last week with their parents, Mr. and Mrs. R. E. Farmer and Mr. and Mrs. H. D. Jones. Mr. and Mrs. Jones were en route to the Fat Stock Show at Fort Worth.

Minister Reynolds To City Church

Minister James E. Reynolds arrived in Wellington recently to become pastor of the Church of Christ here, taking the place of Guy N. Wood, who resigned to enter evangelistic work.

Mr. and Mrs. Reynolds came here from Sunray, where he had been in charge of the Church of Christ for more than a year.

He has been engaged in ministerial work for approximately six years. During a part of this time, he attended Abilene Christian College in Abilene, where he was graduated in 1939.

Neither Mr. or Mrs. Reynolds are strangers to this section of the country. Most of his life until recent years, was spent at Lelia Lake, while Mrs. Reynolds is the daughter of Minister E. Green, of the Church of Christ in Altus, Oklahoma.

Mr. Reynolds is a nephew of Mrs. J. S. Dorn, and a cousin of Ed Reynolds of Wellington.

1,500 Attend Loco Singing

Approximately 1,500 singers, some of whom came from points as far distant as Wichita Falls and Pampa, attended the annual Loco singing, held at the school house at that place Sunday, March 16.

Unable to find seating space in the school house for all those attending, a large number were forced to stand on the outside of the building during the afternoon session.

In charge of the singing were the presidents of the Collingsworth and Childress county singing associations, Bob Spears of Wellington and Merle Cohn of Childress County.

This singing is held the third Sunday in March each year, and has become one of the largest singing events in this immediate section of the Panhandle.

An electrical device for recording the growth of plants has been invented.

CHAMPIONS

You've heard about the bulldog expression on Prime Minister Churchill's face. Here the likeness is best seen in comparison with the expression of "Berton's Jack Tar," champion bull in the Westminster Dog Show, owned by Wallace L. Benjamin of Arlington, Mass.

Training For Track And Field Sports Opens At Norwood

Training in track and field events was begun by the Samnorwood athletic department recently, Paul Morris, coach, said Monday.

Boys now in training include J. C. Young, dashes and relay; J. E. Childress, relay and distance running; M. V. Tenison, mile run; Bill Finch, dashes and broad jump; Glenn Massey, dashes and relay; and Stanley Hill, relay.

Dodson Church Speaker Named

Rev. John L. Knight, district superintendent for the Church of the Nazarene for the Abilene district, will speak in the Dodson church at the evening hour Sunday, March 23, Rev. E. P. Aikin, pastor, announced this week.

Rev. Knight, who is from Mineral Wells, is already well known among the members of the church in this county, as he has visited here a number of times.

"We especially urge all members of the church to be present, and we extend a cordial invitation to all our friends to come and hear Rev. Knight," the pastor said.

Efforts are also being made by the Dodson church to secure an attendance of 80 for the Sunday school service on that date.

McGuire Has Part In Educational Radio Number

Delbert McGuire of Wellington was one of a group of students from West Texas State College's Radio Workshop which presented a play on the contributions of Dr. William McGuffey to education in a special education program Thursday night, March 6, over an Amarillo radio station.

"We considered it successful when the negro janitor at the station requested a copy of the script after the program was over," one of the students taking part said.

County Cotton To Be Used In Free Comfort Program

Cotton from Collingsworth County, purchased by the Commodity Credit Corporation, will be used to make the free comforts under the program of the CCC and AAA to furnish these and mattresses for low income farm families, Miss Rose Erisman, county home demonstration agent, said Tuesday.

Heretofore, it has been necessary to ship in the cotton used in the mattress program.

Miss Erisman, who attended a district meeting of home demonstration agents in Amarillo Tuesday and Wednesday, March 11 and 12, relative to the work, stated that the making of the comforts would begin in this county in the near future.

"I'M BEGINNING TO WONDER IF WE WEREN'T FOOLISH TO GET AWAY FROM THE HIGH RENT DISTRICT."

Perennial Wheat On Trial At Tech

LUBBOCK.—A small plot of perennial wheat, a Russian hybrid, planted at Texas Technological college last spring, has started its second year's growth without re-

planting. Under supervision of Tech agronomy department, Robert Spencer, junior agricultural student, is conducting the experiment.

Brought in 1938 from Russia, where it has a steady yearly yield from a permanent root system, the perennial wheat is being tested for adaptability to West Texas.

Why Should Chukhars Like Carbon Black?

What would make a Chukhar partridge want to hang around a carbon black plant, especially when the food and cover are not nearly so good as the place he left?

"I can ask that question, but I can't answer it," said Jim H. Maggard, Panhandle game warden of Amarillo, when he visited in Dalhart the other day.

A. L. Gray, Hartley county rancher 20 miles southwest of Dalhart, as well as many other stockmen and sportsmen, are anxious to get the Chukhars well enough established in the Northwest Texas Panhandle for hunting. Gray says they are about three times as big as a blue quail, which now offers the only hunting in this area except for doves, ducks and geese.

About two years ago, said Maggard, 200 Chukhars were released

on the R. S. (Uncle Dick) Coon ranch in Moore county, near Dumas, where cover and food were abundant, if not ideal.

Yet now most of them have gone. Some have doubtless fallen prey to coyotes, skunks and other predators, but others have migrated and a considerable number, said Maggard, have taken up residence around carbon black plants in the Moore county oil field near Sunray.

Blownout, abandoned farm land, fence rows, a short grass prairie with some soapweeds and perhaps an occasional abandoned house or farm building offer the only cover and food is likewise scanty, said Maggard. Yet the Chukhars have stayed there, apparently because they like to be near the carbon black plants. The dense black smoke that rolls endlessly from the plants has gradually made the Chukhars nearly as black as crows, he added.

"Frankly," he said, "I don't know whether Chukhars can be established in this Northwest Panhandle area. The 200 birds turned loose on the Coon ranch were bought by the state. The average farmer or rancher can hardly afford to buy and try to establish them, because they cost \$4 to \$5 a pair."

Why Keep Advertising?

When Business Is Slack WHY KEEP ADVERTISING?

Did you ever notice that it takes time and experience to accomplish anything worth while? You can't advertise today and expect to find your store crowded tomorrow unless you have through consistent advertising educated the public to read your ads.

The majority of the people are slow to act. You have to tell them the same thing over and over again before they will heed your message.

Advertise now for the business you hope to do next month. It is the cumulative effect that brings results.

Deadline On 1940 AAA Applications Set For March 31

COLLEGE STATION.—All applications for payment under the 1940 Agricultural Conservation Program must be signed and in the county offices by March 31, Fred Rennels, assistant administrative officer in charge of the AAA in Texas, has announced.

The deadline applies to payments for soil-building and range-improvement work as well as regular payments under the conservation program, the AAA official said. The closing date is applicable all over the United States. To date, 361,628 applications for a total of \$43,314,700 have been certified for payment in the state office out of an anticipated 405,000 applications for \$50,000,000 in payment under the conservation program, Rennels said.

These payments brought to \$71,508,054 the amount received by farmers and ranchmen for cooperating with the 1940 AAA program, Rennels said. Estimates are that the total will reach \$78,775,000. Status of price adjustment payments on the major commodities follows:

Wheat—48,064 applications for \$3,483,285, out of an anticipated 48,100 for \$3,485,000;

Cotton—337,523 applications for \$24,469,982 out of an anticipated 350,000 for \$25,000,000;

Rice—647 applications for \$240,087 out of an anticipated 800 for \$290,000.

Absolutely no extension will be made on the closing date, Rennels declared, and applicants who fail to meet the deadline will not receive payment.

Worley Requests Area Information

In an open letter to the citizens of the 18th Congressional District, Representative Eugene Worley recently requested of them any information relative to the facilities this area offers which might help to bring as large a share as is possible of the defense program to the district.

"It is my opinion that contracts, locations of cantonments, airports, training schools, etc., should be spread out as much as possible for two reasons: first, from the viewpoint of military safety and strategy, and second, in order that money involved may be distributed as evenly as possible throughout the length and breadth of our country," he wrote.

"It stands to reason that many existing facilities will be overlooked unless the government officials are informed of them and just what the local communities and individuals can contribute. I am greatly interested in securing as large a share in the defense program as is possible for the district I represent, and I shall be more than glad to submit any prospectus, brief or suggestion that may be sent to me. The information should be as definite and concrete as possible, so that those in charge may get a clear picture of the situation."

Mr. Worley pointed out that it is the duty of the Advisory Commission to the National Defense Council to supervise and direct investigations and make recommendations to the President and heads of executive departments as to various factors vital to the national welfare in the present emergency.

The greatest possible response from those who might be in a position to supply material or do work under the defense program was requested, and Mr. Worley assured that he will see that any information sent him will be submitted to the proper officials.

CAMERAS RECORD HISTORIC MOMENT

As President Roosevelt signs the historic lease-lend bill, cameras record on film a moment destined to hold an important position in American history.

Just Luck! But The Very Best Of It

Just what sort of a rabbit foot John Calvin Harper carries, or whether it's something with an even stronger attraction for luck, he hasn't said, but three pieces of good luck came his way all on the same Sunday recently when he was on his way from Wellington to Oklahoma City, where he is attending Draughon's Business College.

Young Harper started out to hitch-hike but his first piece of luck came in a ride all the way from Shamrock to Oklahoma City. It wasn't just an ordinary ride, however, for the driver of the car was Mrs. Laura V. Hamner of Amarillo, a writer and former county superintendent of Potter County. On the following Sunday, a considerable portion of her column in the Amarillo News, "Talks to Teens," was devoted to her ride with the Collingsworth County youth.

Then, as the third piece of luck, and resulting from the drive, Harper was employed by Mrs. Hamner to type the manuscript of her history of the Rocking Chair Ranch, which is to be published in book form in the near future.

Concerning the local youth, who is the son of Mr. and Mrs. John C. Harper, Mrs. Hamner wrote in her column:

"John Harper's family were pioneers in Collingsworth. His grandfather, A. W. Thomas, founded the Pioneer Hardware Store, and John Morton Harper was an early settler. John knows his county well and is interested in its early history. He pointed out a blue-darter hawk as we came along. That is a resident of his county.

"Hell's Half Acre is a patch of shinnery covering several acres near Wellington and so dense is its growth that it is hard to work your way through it.

"The Old Rocking Chair Ranch headquarters, known later as Hay Camp, is now Cottonwood Ranch and there Mr. Lafayette Hughes of Denver, heir of the big Hughes estate, comes down for quail hunts, bringing his friends for several weeks of pleasure. Six sections are kept as a quail preserve and a bounty of fifty cents each is paid for the destruction of any enemy of the quail—coyote, skunk, badger, snake, hawk, opossum, civit cat. Feeders scatter grain so that the birds will be fat. One year the Fleischman of the Fleischman Yeast Company came in his plane, his wife with him, to hunt quail on the Cottonwood preserves.

"All this and more John Harper told me for John is keenly alive

to his county and its happenings.

"John and I stopped by the roadside to study the map of Oklahoma. We were discussing the Washita River which starts up in Texas and runs along our highway for many miles after we got over into the state. A soft gray ragged ribbon of cottonwoods marked the river and we were surprised that it ran so long without emptying into a larger stream. We had our opinion as to whether it ran into the Red River or the Canadian and to settle that we got out our maps and traced a long, long way until it flowed into—well, I shall leave you to trace that river. I believe you will be surprised that it is so long."

Eighty-three per cent of the predictions of the weather bureau at Washington are correct.

Boxing Introduced In Samnorwood Athletic Department

For the first time in the history of the Samnorwood athletic department, boxing classes have been formed. Earl Breeding, vocational agriculture instructor, is coaching the boxers.

An inter-squad fight will be held this week, and matches with several other schools will be held before the season is closed. Complete plans for these matches have not yet been worked out.

A new ring has been constructed in the gymnasium, and new boxing equipment has been received. Nine weight divisions are included on the team, the 65 pound to 125 pound, and the 145 pound and 170 pound groups. Altogether, approximately eighteen boys will form this year's team.

Present plans are to make boxing one of the major high school sports at Norwood during next year.

School Class Chooses Play

"Brothers of Belinda" has been selected by members of the Quail senior class as their annual play. A comedy in three acts, this play will be presented April 25.

Hero of the play is Alvin Jones, played by Whit Pate, while Mary Louise Weaver, as Belinda Dasset, is the heroine, and a heartless little flirt.

Other characters are Brooks Eaton, played by Harold Hammit; Arlene Niles, Janice Grigsby; Gordon Ellis, Clifton Dollar; Janice Royce, Gloria Ann Guinn; Wilmot Barnes, Luford Adcock; Sally Clifford, Wilma Adcock; Annie, Dorothy Stephens; and Barton Dasset, James Sessions.

Father, Brother Of Local Man Injured In Wreck

Mr. and Mrs. L. T. Walker of Wellington returned home Wednesday night from Fort Smith, Ark., where they had been at the bedside of Mr. Walker's father and brother, who were injured in a car wreck earlier this month.

The car in which M. J. Walker, father of the local man, and his 14-year-old son, Gilbert, were riding collided with a logging truck. The elder Mr. Walker received a broken hip, leg and arm. Attendants at the Fort Smith hospital where he is confined, considered his condition critical. The boy received a broken hand and head cuts. The Walker home is at Waldron, Ark.

HIGH STEPPER

Verna Gail Allen, Spearman lass enrolled as a freshman at West Texas State College, Canyon, has been made drum major of the Buffalo Band. Miss Allen placed in the first divisions of two state and two national drum major contests.

Mrs. Archie Towle of Wausau, Wis., wife of an airport manager and mother of four children, is one of the few Wisconsin women holding a private flying license.

The first umbrella came to the United States from India in 1772 and was owned by a Baltimore man.

March 31 Deadline For AAA Changes

All farmers wishing to split or combine farms under the 1941 AAA program were notified Wednesday morning that March 31 is the deadline for making these changes.

"All those who must do this are urged to call at the office as early as possible and attend to it," J. C. Emmert, chairman of the AAA committee, said.

It is necessary this year to secure a combination in those cases where one tenant tends several farms belonging to one landlord, it was explained.

At the same time Mr. Emmert said that the feed allotments for this county have been received from the state office, and as soon as approval is given them by the county committee, the individual allotments will be mailed to producers.

Rev. Neeley Is Speaker At Quannah Church Sunday

Rev. H. H. Neeley, pastor of the First Christian Church in Wellington, was guest speaker at the First Christian Church in Quannah, which he formerly served as pastor.

Rev. Neeley was the first pastor to speak in the church since it has been remodeled.

For three years, from 1925 until 1928, he was pastor of the Quannah Church.

Mrs. Neeley accompanied him to Quannah.

LIVESTOCK SALES

The Wellington State Bank is glad to welcome the establishment of the Livestock Auction Sale in Wellington. Throughout the years, this bank, which was established by home men for the benefit of home people, has been eager to support those policies and those institutions that would benefit the people of this community.

This is no new thing. It goes as far back as the establishment of this bank in 1906. It comes up to the present. Changing times have caused us to render greater and more varied services, but the fundamental principles of the Wellington State Bank are the same reliable, friendly ones that you have known throughout the years.

Thus it is that we say that Methods change, but Principles never do.

WELLINGTON STATE BANK

Shrub Control Would Benefit Range Lands

Invasion of mesquite into Texas grasslands has become a nuisance. Robert R. Lancaster, extension pasture specialist for Texas A. and M. College, estimates that about 35,000,000 acres of farm pasture and rangeland in the state are infested.

Such food for animals as the tree provides, especially the richly protein pods, is more than offset by its competition with grass for moisture and sunlight. Growth of grass requires an average of about 500 pounds of water to produce one pound of dry matter, while mesquite absorbs 2,000 pounds in the same process.

Mesquite, however, is not the only shrub menace, and Lancaster estimates that at least 80 per cent of all pasture land in the state needs to be rid of some noxious shrub. Problems of control are seriously acute almost universally throughout the state, he explains, adding that Texas grasslands would be much improved by removal of worthless shrubs amounting to 10,000,000 solid acres.

Analyzing data from the United States bureau of the census, the pasture specialist found that the area of "woodland pastures" in the state increased 110 per cent from 1924 to 1934, or from eleven and one-half million to twenty-three million acres. "Woodland pasture" includes only land that has trees suitable for fuel or posts. Examination, he says, revealed that only 10 per cent of that increase occurred in the 50 counties east of the 99th meridian. Therefore, "the indictment covers chiefly the western range country which originally was prairie and plains."

Considering means of control, Lancaster says that a kill of 75 per cent by the commonly used kerosene treatment is considered good, but questions the efficiency of having to retrace the whole area to clear up the remainder. The cleanup necessary from trial and error methods increases the cost of work 50 per cent.

Effective and discriminating control is a big question because research has not determined in what areas and types of soil mesquite growth is wholly destructive to grass. Moreover, the specialist says, "it is becoming increasingly and urgently important that we should learn more than is now known about shrub control, its value and the most economical means of getting it done." This points to the need of a long range study of climate, germination and seed distribution to find the cause for the spread of mesquite.

Lancaster endorses a conclusion of the Agriculture Experiment Station of the College of Agriculture, University of Arizona, that "the expense and labor of eradication of mesquite or other undesirable plants on grassland ranges is justifiable only where it is quite certain that palatable grasses and forage plants will take their places. The problem of rehabilitating deteriorated ranges must be solved by further experimental work." Meanwhile the problem of evolving a broad and effective method of controlling shrub pests remains unsolved, Lancaster says.

Rocket Boxers -

(Continued from Page 1, Sec. 1)

want to help us do this, just buy more tickets and help advertise the fights," the coach recommended.

Lwood Dow, assistant high school coach and a former West Texas State College athlete, will serve as referee.

The fights scheduled, including the weight division, Wellington contestants and Borger contestants, in the order named, are

65 pound—Purvey vs. Syrus.
75 pound—Crawley vs. Asque.
75 pound—McPherson vs. Lee-mae.

85 pound—Bever vs. Hale.
85 pound—Smith vs. Mays.
95 pound—Winters vs. Vann.
105 pound—Cristy vs. Brown.
105 pound—Childress vs. Higgins.

118 pound—Van Pelt vs. Fraley.
125 pound—Cummings vs. Billy Asque.

125 pound—Jones vs. Thomas.
125 pound—French vs. Flora.
135 pound—Cook vs. Priest.
135 pound—Young vs. Riddle.
145 pound—Montague vs. Newberry.

145 pound—Ingram vs. Nelson.
155 pound—Bowen vs. Bradford.
165 pound—Thompson vs. Carter.

J. D. Shanks, son of Mr. and Mrs. H. H. Shanks, who has been confined for some time in St. Joseph's Hospital, is reported to be improving.

FUN—IN RUSSIA AND IN AMERICA

It's all in fun . . . so far . . . as Russian children cavort through the snow with a war tank as a toy. Contrast the American style of fun, an older boy teaching youngsters the fine art of becoming a champion at marbles. Which would you prefer for your children?

ONE WEEK'S WAR REVIEW

MARCH 13—MARCH 19

AXIS press denounced President Roosevelt for his outspoken announcement of friendship for Great Britain.

MUSSOLINI'S misfortunes provided the news from Italy. More Nazi domination was imminent, with Italy's status expected to sink to a place little better than that of Czechoslovakia. The Duce's personally ordered Albanian drive netted nothing but the loss of 50,000 Italian fighters, and his oldest daughter, Countess Edda Ciano, barely escaped from a British torpedoed ship.

GERMANY, too, suffered a defeat, but a diplomatic one, in Greece, and as a result another 120,000 Nazi soldiers were reported en route to the frontier to be placed in readiness for a predicted invasion of Greece. Last week the Nazis bombed Glasgow, Liverpool, Bristol and other key British shipping points, in the fiercest air barrage of 1941.

ENGLAND became more daring in its raids over Germany as U. S. aid appeared certain. The threat of German submarines in the west Atlantic caused concern among the English, as well as their cousins in the United States. The English, too, went on bombing raids with increased tempo, and reports reaching here stated that much of the German port of Hamburg was in flames as a result of the raids.

GREECE continued her rout of the Italian forces. Key news, however, was the report that the greatest British convoys ever assembled were arriving in Greece safely. Whether troops were aboard or not was not said, but it is presumed they were, and widely believed rumors said that 100,000 soldiers had arrived and 200,000 more were on their way.

YUGOSLAVIA appeared to be casting her lot with the Allies, and diplomatic sources reported that country and Turkey were massing troops along the Bulgarian border to resist any German attack. If this is true in the case of Yugoslavia, it would be a lucky day for England, for it would cut Germany's easiest route to Albania and Greece.

AFRICA showed renewed activity, as it seemed evident that General Wavell had decided to clean up the war there as quickly as possible in order to release more men for the Balkan war.

THE UNITED STATES pushed its efforts for British Aid, but men in key positions were uneasy after receiving word that Germany is sending a long-range submarine to operate near the eastern coast of the United States against British shipping.

Stock Auctions -

(Continued from Page 1, Sec. 1)

has grown in this immediate area during recent days.

"Bring your livestock. We will furnish you with as good an outlet for stock as you can find in this part of the Panhandle. We were confident when we started, and we still believe, that these sales will be a definite help to Wellington and Collingsworth

County," the managers explained.

Both Mr. Deger and Mr. Peeples are well known here. Mr. Deger has been a resident of this county since 1919, and his home is in the Lutie community. Mr. Peeples is also a resident of that community, and he has lived in this county all his life. While this is the first time that either of the men have conducted an organized stock auction, both have considerable experience in buying and selling stock.

More Texas Milk Goes To Make Ice Cream For Nation

AUSTIN.—More than twice as much Texas milk and cream is going into the manufacture of ice cream today as there was five years ago.

Production of this delicacy in January, 1941, totaled 512,000 gallons, as compared with about 250,020 gallons in January, 1937, the University of Texas Bureau of Business Research reports.

Ice cream production for January showed a 57.5 per cent gain over January a year ago, and a 12.7 per cent gain over December, the report indicated.

Other dairy products revealed mixed tendencies, creamery butter production remaining about the same as in January a year ago but dropping 9.6 per cent from December, and American cheese manufacture gaining 2.1 per cent over December but declining 6.5 per cent from January, 1940.

Production of butter was estimated at 2,508,000 pounds, cheese production at 864,000 pounds.

Norwood -

for the places, and the final choice was made by members of the senior class.

Miss Decker has the highest average in the senior class for her entire high school work. She is, in addition, associate editor of "The Eagle's Nest," high school paper, and is an officer of the Future Homemakers Chapter.

Whitfield has served as a class officer each of the four years he has been in high school. He has played tennis and softball, and this year was captain of the basketball team. He is also a member of the Future Farmers.

These students were selected on a basis of character, scholarship, personality and extra curricular activities.

County Teachers -

(Continued from Page 1, Sec. 1)

of the music section of the conference.

Collingsworth County teachers have taken an active part in the affairs of this conference during recent years, and E. G. Sanders, superintendent of schools at Samnorwood, was honored at the meeting as immediate past president of the Northwest Texas Conference of Education.

Red Cross -

Saturday. More persons are needed to help teach knitting, and any woman who would be willing to do this is asked to contact Mrs. Harper.

Women of the various churches in Wellington, girls of the NYA project, and a group of Dodson women have also volunteered with this knitting, Mrs. Harper said.

New AAA Man -

(Continued from Page 1, Sec. 1)

Byrom has been employed during the summer months for four years with the state and county AAA setup. He is a graduate of Rhome High School, and holds a Bachelor of Science degree from North Texas State Teachers College at Denton.

While living at Chico, they were active in church work, and Mr. Byrom is a member of the Masonic Lodge.

TWENTY FIVE CENT NON-TRANSFERABLE COTTON ORDER

SUBJECT TO CONDITIONS PRESCRIBED BY THE SECRETARY OF AGRICULTURE

U.S.D.A. 25

FARMER'S COTTON STAMP

Cotton order stamps, like the one reproduced here, will be issued to farmers cooperating in the new supplementary cotton program by reducing their cotton acreage this year. The stamps can be exchanged for cotton goods at retail stores.

Comedy -

(Continued from Page 1, Sec. 1)

mingle with aristocrats, absorb culture and endure the annoying observations of an English butler," G. L. Stanley, principal of the Lone Mound School said, describing the play.

"Follow the Dunning family through three weeks of New York social life and come prepared for two hours of wholesome hilarity when you see 'Crashing Society'."

The cast of characters includes the following: Adam Dunningham, the husband, G. L. Stanley; Elsie Dunningham, his wife and ruler of the Dunningham home, Mrs. John King; Marguerite, their eldest daughter, Ruby Cates; George, the son, Jack Stafford; Cristabel, the youngest daughter, Mrs. Cortez Barnett; Scruples-Scruples, the butler, Cortez Barnett; Miss Gadgett, the tutor, Mrs. Herbert Massey; Mr. Van Witherspoon, a leader in New York society, Earl Barber; Mrs. Van Witherspoon, Mrs. Earl Barber; Cyril Van Witherspoon, their son, Herbert Massey; Agatha Mulrooney, virtuous, Mrs. Bill King; Miss Louise Miller, reporter, Mrs. Luther Troxell.

The play will begin at 8 o'clock. A small admission charge will be made and proceeds will go to buy school equipment.

Norwood Tourney

(Continued from Page 1, Sec. 1)

These games begin at 7:30 o'clock Thursday night, March 20, when three games will be played. No games will be played during the day Friday, but the second session will be held Friday night at 7:30.

Saturday's games will begin at 10 a. m. and the afternoon session opens at 2 o'clock.

Finals will begin at 7 o'clock Saturday night.

Cash awards will be given instead of the usual trophies. Winner of the men's division will receive \$20, while the second high team gets \$10. First place in the

Vegetable Laxative With Proved Feature

The punctual, gentle relief from constipation which is generally enjoyed when BLACK-DRAUGHT is used by directions is due to a combination of vegetable ingredients. Chief of these is an "intestinal tonic-laxative" which helps tone lazy bowel muscles. Next time, remember spicy, aromatic, time-tested BLACK-DRAUGHT! It is economical, too: 25-40 doses, 25c.

Auto Mechanics -

WSCS Members Are Entertained Monday At Birthday Luncheon

The Woman's Society of Christian Service of the Methodist Church, entertained Monday, March 17, with a birthday luncheon at the church given in honor of its members who have had birthdays within the past three weeks. Hostesses were Mrs. Clark Anderson, Mrs. J. B. Floyd and Mrs. Leslie Woodridge. The honorees were Mrs. M. M. Kern, Mrs. J. A. Mahan, Mrs. Frank Anderson, Mrs. H. M. Longino, Mrs. A. V. Coker, Mrs. W. O. Richards, Mrs. Noel Cudd, Mrs. R. H. Coker and Mrs. J. Edmund Kirby.

Mrs. Clifford Quaid conducted the devotional and Mrs. Lee Lehmborg was in charge of the business meeting.

Attending were: Meses. John Forbis, Lela Robertson, Earl Tolleson, T. C. Fuller, Quaid, L. C. Lehmborg, Ralph Ball, Pink Sullivan, J. B. Stevenson, John Henard, J. L. Beard, Miss Effie Lee Richards and the honorees, Meses. Kern, Mahan, Anderson, Longino, Coker, Richards, Cudd, Coker, Kirby and the hostesses, Meses. Anderson and Floyd.

Dodson Civic Club Meets At Home Of Mrs. Joe Wilson

The Dodson Civic Club met in the home of Mrs. Joe Wilson on March 12. Mrs. Dolly Whisenant was co-hostess. Each person registering received, as an ornament for her lapel, a St. Patrick Day favor.

During the business meeting a plan for financing the park work was agreed upon by all members. Mrs. Dorothy June Duvall was accepted as a new member. During the social hour a "Test Your Knowledge" quiz was conducted by Mrs. E. J. Smith. A prize given for the highest I. Q. went to Mrs. Duvall. Mrs. Ben Webb received a hostess prize. Noise makers containing brief savings and emblems also provided entertainment. Green and white refreshment plates furthered the St. Patrick's Day motif.

Attending were: Meses. Hattie Scott, Webb, Lorene Smith, Duvall, Mary V. Rollings, Edith Painter, Hunter Sims M. P. Scott, Mabel Scott, Helen Howell, Dean Teutsch, Doris Sue Painter, and the hostesses, Meses. Wilson and Whisenant.

The next meeting for the group will be at the home of Mrs. Ben Webb.

Demonstration Given For Abra H. D. Club Is On "Landscaping"

Mrs. Guy Beasley entertained the Abra Home Demonstration Club in her home on Wednesday, March 12. Miss Rose Erisman, county home demonstration agent, was in charge of the demonstration on "Principles of Landscaping." Plans were made for improvements in home landscaping.

Mrs. Beasley was leader of the recreational period. Refreshments representing the three leaves of the shamrock plant were served, thus using the St. Patrick's Day motif.

Present were: Miss Erisman, and Meses. Joe Laycock, A. R. Clay, Buck Breeding, Gus Gooch, Pat Bradley and the hostess, Mrs. Beasley.

The next meeting of the Abra Club will be on Wednesday, March 26, at the home of Mrs. Pat Bradley.

W. M. U. Members Honor Mrs. Elmer Bockman Recently

The Women's Missionary Union of the Baptist Church of Samnorwood honored Mrs. Elmer Bockman, who was married March 1, with a shower. Mrs. Bockman is the former Miss Esther Clement, daughter of Mr. and Mrs. Carey Clement.

Members of the organization met at the church on Thursday, March 6, and gave the shower following the "Day of Prayer" program. The program was one observed by all W. M. U. organizations.

Those attending were: Meses. R. L. Thompson, Alma Clement, Jake Montgomery, Lucy Montgomery, John Daffron, J. D. Dorsey, T. A. Jones, C. W. Bradley, Messrs. and Meses. Davidson, Homer Amerson, J. E. Throckmorton, Vernon Fritts, Carey Clement, Mr. M. L. Gambrell, and the honoree, Mrs.

Quail Cowgirl Chorus Making Appearances

The Quail Cowgirl Chorus was one of the outstanding features entered in the St. Patrick's Day celebration in Shamrock March 17. These girls, dressed in cowgirl regalia, comprise a part of the Quail music program. They sing cowboy and popular songs accompanied by piano, guitar and accordions.

Mrs. Carl Chaudoin, teacher in the Quail school, is director of the organization. Mrs. Chaudoin led the girls in a fifteen minute program from the sound stage on the main street of Shamrock following their appearance in the morning parade.

The chorus will present a program at Allison on Friday night, March 21. The organization is receiving many requests for personal appearances.

Supt. Beard Speaks To East Ward P.T.A.

"Character Education Through Hobbies" was the topic discussed by Supt. J. L. Beard Tuesday afternoon at the East Ward Parent-Teacher Association. Mr. Beard stressed the importance of developing and directing hobbies for children to take care of the leisure hours. He also pointed out a need for directed play for groups after school hours and during the summer months.

Miss Hutcherson's fourth grade choral club presented a group of songs including "Heave Ho, My Laddies," "Beautiful Blue Danube," and "Sleepy Heads Time to Rise."

During the business session the nominating committee presented the following officers for election: Mrs. Deskins Wells, president; Mrs. Joe Baumgardner, vice president; Mrs. Roy Mims, second vice president; Mrs. Wade Dent, third vice president; Mrs. Jimmie Richards, treasurer; Miss Bonnie Willis, secretary; and Mrs. W. L. Karnes, reporter.

Thirty mothers were present with the largest number representing Mrs. Aldah Taylor's room. Mrs. Taylor's room was presented the attendance prize of one dollar.

Mrs. Ansel McDowell and son, Ansel McDowell, Jr., and Mrs. Sandy K. Parsons, Sr., were guests last week of Mrs. Parsons' sister, Mrs. W. E. Metz, of Oklahoma City.

Mrs. Oris West, the former Miss Laverne Welch, daughter of Mr. and Mrs. S. A. Welch of Dodson, whose marriage in Altus on March 10, was announced this week.

Mrs. Bill Smith Of Houselog Entertains H. D. Club Thursday

"Eat meat for a body builder," was a statement made by Miss Rose Erisman, county home demonstration agent, to the Houselog Demonstration Club when she spoke before that group on Thursday, March 13. Mrs. Bill Smith was hostess to the club in her home at 2:30 o'clock.

Mrs. Bob Stephenson was elected as delegate to attend a meeting in Pampa. The next meeting of the club will be had in the form of an all-day quilting at the home of Mrs. Eddie Smith on Thursday, March 27, and is scheduled to begin at 10:00 o'clock a. m. Members are asked to bring covered dishes for the luncheon.

A cordial invitation is extended to all persons to attend the meetings.

Attending were: Meses. M. C. Pigg, Eddie Smith, R. H. Long, R. L. Karnes, Bob Stephenson, Misses Erisman and Ruby Lee Roberts,

Quail Cowgirls

One of the hits of the day at the Shamrock St. Patrick's Day celebration, March 17, was the colorful cowgirl chorus of Quail, pictured above. Reading from left to right the members are: Glendora Thomas, Nina Mae Thurman, Naomi Neeley, Rougene Duggins, Helen DeBord, Glenda Davis, Johnnye B. Neeley, Jennice Grigsby, Mary Lee Bishop, Morene Walters, Cleo Allen, Evelyn Jo Farmer, Jo Helen Norman, Blanche Williams, Trudie Ogletree, Oletha Morris, Grace Aaron, Lurline Wilson, Glenma Jane McMinn, Barbara Wilson and Martha Allen.

MRS. CARL CHAUDOIN

26th Birthday Of Domestic Science Club Celebrated

In observance of the 26th birthday of the Domestic Science Club, members met at the home of Mrs. J. B. Stevenson on Wednesday, March 12, for a luncheon.

The club color of yellow was carried out in the centerpiece made of jonquils placed in a crystal bowl. At either side of the centerpiece, crystal candle holders with yellow candles were placed. A lace cloth covered the table, and guests' places were marked with floral favors of jonquils and daffodils. Twenty-six candles were placed on a cake which commemorated the 26th birthday of the club.

Attending were: Meses. Pink Sullivan, T. E. Bengt, J. L. Beard, S. R. Pinkston, W. R. Orr, E. N. Lewis, Cleo Templeton, Lee O'Neil, A. B. Mears, Walter Campbell and the hostess, Mrs. Stevenson.

Shower Tuesday Given In Honor Of Mrs. Jensen

Mrs. Joe Grigg, Mrs. S. H. Merritt and Mrs. Chester Hufstetler entertained with a stork shower on Tuesday afternoon. Mrs. Paul Jensen was the honoree, and the shower was given at the home of Mrs. Hufstetler.

Several games were played and Miss Nellie Bly Slay gave some musical numbers. Mrs. Jensen was presented with a small buggy filled with lovely gifts.

A refreshment plate of pink and blue ice cream, frozen in the form of lilies and placed on pink doilies, was served with angel food cake and coffee.

Those present were: Meses. T. W. Dickens, Albert Thompson, Fletcher Curry, Arveze Winter, Ernest E. Wise, Ralph W. Dent, Cotton Vandiver, Travis Somerville, Curtis McKinney, Clinton Epps, Leonard Karnes, J. E. Cooper, Lee Cook, Bob Crowell, John Lee, the honoree, Mrs. Jensen, and the hostesses, Meses. Grigg, Merritt and Hufstetler.

Hospital Auxiliary Names Projects In Meeting On Friday

St. Joseph's Hospital Auxiliary held a regular meeting on Friday, March 14, at the hospital. The group held a business session concerning its projects, and this included the special furnishing of one hospital room; the rummage sale which is held each Saturday; a magician show featuring Bob Clark to be held Tuesday, March 25, at the Ritz Theatre; clean-up of the alleys of the city.

Attending the meeting were: Meses. Jones Singley, E. A. Singley, Bryan Denley, Frank Eikenburg, M. M. Kern, Sandy Parsons, Jr., Kelly Pigg, S. R. Pinkston, E. W. Jones, Austin O'Neil, Lee O'Neil, and J. W. Wells, and Sisters of St. Joseph's Hospital.

Mrs. Morgan Tucker spent the week end in Amarillo with her daughter, Mrs. Howard Goodrich, and Mr. Goodrich.

Joint Meeting Is Held Of Childress, Wellington N. Y. A.

Girls of the Wellington National Youth Administration Project met Monday evening, March 17, with Childress NYA members for a challenged volley ball game and other forms of entertainment. Roller skating and a social hour followed. Local girls also visited the project of the Childress NYA.

Local NYA girls and their guests were: Meses. Mattie Mae Shumate, Ida Mae Riley, Elizabeth Curtner, LaVerna Maye, Mary Peters, LaVona Willingham, Naomi York, Pauline Simpson, Helen Nelson, Dorothy Richards, Cleo Harrison, Oneta Graham, Kathryn Allen, Ozette Jolly, Velma Lee Cleveland, Eva Thurman, Margaret Ellen Cleveland, Lorene Shields, Texene Shields, Merle Hays, Carol Craven, and Allegra Gibbs and Mrs. Lwood Dow, project supervisors.

Texas Day Observed By 1924 Study Club

Texas Day was observed by members of the 1924 Study Club in their program on Thursday, March 13. Mrs. J. W. Wells, leader of the program, discussed "Historic Monuments of the State Capitol and Grounds." Mrs. M. M. Kern gave a very interesting talk on the "Texas Flags." Members answered roll call by naming historic spots or buildings of Texas.

Mrs. Deskins Wells was hostess on this day and served a dessert course following the program. Plate corsages of pansies were given to each guest.

Those attending were Meses. J. W. Harper, Kern, J. W. Wells, Fred LeDerer, Frank Eikenburg, J. B. Castleberry, D. G. Ellis, Jno. D. Glenn, W. O. Richards, E. H. Small and hostess, Wells.

Miss June Thomas spent the week end in Sudan with her sister, Mrs. Truman Parrish, and Mr. Parrish.

Laverne Welch Is Bride Of Oris West

Miss Laverne Welch, daughter of Mr. and Mrs. S. A. Welch of Dodson, and Oris West, son of Mr. Willie West of Wellington, were married Monday evening, March 10. The ceremony was performed by Reverend Bowen in Altus in the home of Rev. and Mrs. Bowen.

The bride has made her home near Dodson all of her life. She attended school at Kelley and later at Dodson where she graduated with the class of last May. During her four years of high school work she was active in student organizations. She was a member of the Glee Club, Pep Squad, Home Ec Club and served as a class officer each year. The last two years she was president of her class.

The groom's father, Mr. Willie West, is a long time resident of Collingsworth County. The groom attended Dodson High School, and was a star football player on the Dodson team.

Guests who were present for the wedding included Mr. and Mrs. Wayne Darnell, Margaret Nell Wynn, Zelta Welch, and Harold Putnam.

Mr. and Mrs. West will make their home at Alice, Texas.

Claude Neece, Jr., of Shamrock visited his mother, Mrs. Claude Neece, Sr., last week. Mrs. Neece, who has been confined to her bed for the past two years, has been sick with influenza. She returned home only recently from Galveston, where she had been in John Sealy Hospital for treatment.

Mrs. Dewey Ellis left last week for Rhome, Texas, where she will be at the bedside of her father, Z. B. Bobo. Mr. Bobo, also the father of Mrs. J. B. Castleberry of Wellington, is seriously ill.

Announcement Made Of G. Adams Marriage To H. Balkum, Lefors

Jeanne And Polly Price, Childress, Wed On March 16

In a double ceremony performed Sunday morning, March 16, Miss Jeanne Price and E. R. Blair, Jr., and Miss Polly Price, all of Childress, and John E. Fouts, Jr., of Haskell, were married. The rites took place in the Central Christian Church at Childress, and were officiated over by its pastor, the Rev. G. H. Farmer. The brides are daughters of Mr. and Mrs. Hal Price of Childress. Mr. Blair, Jr., is the son of Mr. and Mrs. E. R. Blair, Sr., who lived in Wellington many years ago, but who are now Childress residents. Mr. Fouts, Jr., is the son of Mr. and Mrs. John E. Fouts, Sr., of Haskell.

The brides have resided in Childress for most of their lives, and are both graduates of Childress High School. Mrs. Blair attended Colorado Women's College at Denver, Colo., and received her degree from that college in 1940. She is society editor of the Childress Index. Mrs. Fouts has attended Texas Wesleyan College in Fort Worth, and also Texas Technological College at Lubbock.

Mr. Blair, Jr., graduated from Childress High School in 1929. He is employed at the William Cameron Co. in Childress, where the couple will make their home. He is a cousin of Mrs. Wylie McKinney of Wellington, with whom he has visited several times.

Mr. Fouts, Jr., completed his training at Kelly Field, San Antonio, last week. The couple will live for a while in San Antonio, where shortly, Mr. Fouts will receive his army commission.

Twin Sisters Celebrate Birthdays

Mrs. J. N. Glasgow and twin sister, Mrs. J. C. Stephenson of Amarillo, were given a surprise birthday dinner on Sunday, March 16, at the Glasgow home in Wellington.

Mrs. Glasgow's children made the arrangements for the day and brought the dinner to the Glasgow home where they spent the day.

Those attending were Mr. and Mrs. Don Hudgins and two small daughters, and Mrs. Arlene Barns of Amarillo, Mr. and Mrs. Barns and son of Altus.

Mrs. H. D. Balkum whose marriage was announced this week. The rites took place in Sayre, Okla., on March 1. Mrs. Balkum is the former Miss Georgia Adams, daughter of Mr. and Mrs. Jap Smith.

Mrs. C. Epps Is Hostess To W. M. U. Members Monday

Circle 4 of the First Baptist Church met in the home of Mrs. Clinton Epps Monday afternoon at 2:30 o'clock. Mrs. Robert Mills opened the meeting by reading the 36th chapter of Psalms. Mrs. J. O. Wells led the group in prayer. Mrs. Wells then taught the lesson on "China Calls." Mrs. John Dix dismissed the meeting with a prayer.

Refreshments were served to the following: Meses. John McClure, Mills and daughter, Glenda Sue, Dix, Jess White, Buck Berryman, Charlie Williams, T. W. Dickens, Alvin Winter, Wells, and the hostess, Mrs. Epps.

Miss Georgia Adams, daughter of Mr. and Mrs. Jap Smith, was married Saturday afternoon, March 1, to H. D. Balkum of Lefors, son of Mr. and Mrs. J. W. Balkum of Collinston, Louisiana. The rites were performed by the Rev. Paul Hively, pastor of the Methodist Church at Sayre, Okla. The ceremony took place in the parsonage at Sayre.

The bride, with her family, has lived in Wellington for the past eleven years. She attended local schools. She was active in high school activities, as well as being a member of the pep squad for two years. At the time of her marriage she was employed by the National Youth Administration.

The groom was reared in Collinston, La., and is a graduate of the high school there. He is employed at present with the Carltext Company at Lefors.

The bride wore a rose crepe dress with blue accessories. Attending the wedding were friends of the bride and groom.

The couple will make their home at Lefors.

Shower Given
Tuesday evening, March 18, Mr. and Mrs. S. F. Hughes entertained with a shower for Mr. and Mrs. Balkum. Guests called between the hours of 7 and 9 p. m.

Many nice gifts were received by the couple. Refreshments of hot chocolate and cake were served.

Those bringing and sending gifts were: Meses. and Mmes. Wilson Porter, Elmer Sweatt, B. F. Ford, Ray Love, Ed Box, Ed C. Smith, Oran Reddoch, Austin Gammill, Denzil Peoples, Foll, J. M. Strong, Roscoe Land of Hedley, Lloyd Graham, Fred Kersten, Cotton Vandiver, B. A. Vandiver.

Mmes. J. K. McGill, J. D. Tidrow of Dallas, Otto Russell, Anna Montague, Dewey Ellis, Allard Vandiver, Enis Schaded, Porter Loving, Lwood Dow, Fred Dorsey, Ella George, Glen Brickey, Ruel F. Curtner, Clinton Epps and daughter, C. E. Williams, Buster Hughes, Winfred Payne.

Misses Onie D. Smith, Vivian Louise Vandiver, Margaret Hood, Evelyn Beck, Elizabeth Curtner, Mr. Richard Springer, the honorees, Mr. and Mrs. Balkum, and the hosts, Mr. and Mrs. Hughes.

Wellington Club Members Invited To Childress Meet

Wellington members of Delta Kappa Gamma, teachers sorority, and the Business and Professional Women's Club were extended an invitation this week to attend a joint meeting and banquet of Childress clubs which will be held Saturday evening, March 22, at the Hotel Childress. The American Association of University Women, Delta Kappa Gamma and the Business and Professional Women's Club, all Childress organizations, are sponsoring the affair.

The main speaker will be Dr. David Lefkowitz, Rabbi of Temple Emanu-el at Dallas, and his subject will be "Democracy—The Submerged Cathedral." Dr. Lefkowitz is an outstanding leader in the Jewish world, and is particularly active in civic and charitable work in Dallas. He is listed in Who's Who In America as an outstanding leader of the present time.

The meeting will be open by invitation of members of the three organizations in Childress, and many members of the same clubs in Wellington are planning to attend.

Program, Business Are Featured At W. S. C. S. Meet

The Aberdeen Woman's Society of Christian Service met at the church on March 10. Mrs. G. L. Jones was in charge of the meeting. Mrs. E. Smith gave the devotional, and Miss Leota Ammons gave an interesting talk on "Investing Our Heritage for Minority Groups and Inter-racial Co-operation." Mrs. C. Bodine gave a talk on "Investing for Good Will." Mrs. S. D. Shaw talked on "The Challenge of the City's Change." Mrs. G. L. Jones gave a talk, "The Negro in Our Democracy."

The program was followed by a business meeting. Meses. Smith, Bodine, Merle Hankins, Eldia Thompson, Shaw, Jones, Dollie Fletcher, and Miss Ammons.

Recipes For March

Divinity Lemon Pie

- 3 eggs
- 2 lemons
- 3 tsp hot water
- 1 cup sugar
- 1-8 tsp salt
- Pie shell

Beat egg yolks very light. To this add juice of 1 lemon and rind of 2 lemons, hot water, 1-2 cup sugar and salt. Cook in double boiler until thick. Beat egg whites until stiff, add remainder of sugar and fold into cooked mixture. Fill pie shell that has been baked. Brown at 350 degrees.

Dixie Bacon Cornbread

- 1 egg
- 1-4 cup sugar
- 1-2 cup all bran
- 1 cup white corn meal
- 1 cup milk
- 1 cup flour
- 1-4 tsp salt
- 1 tsp baking powder
- 1-4 diced bacon

Beat eggs and sugar together. Add all-bran, corn meal and milk. Sift flour with salt and baking

powder. Add to first mixture and beat well. Pour batter into greased pan and sprinkle diced bacon on top. Bake in moderately hot oven (400 degrees F.) for 15 or 20 minutes. Remove when bacon is brown and crisp.

Cereal Cookies

- 2 cups shortening
- 1 cup granulated sugar
- 1 cup brown sugar
- 2 eggs, well beaten
- 2 cups flour
- 1 tsp baking soda
- 1-4 tsp salt
- 2 cups rolled oats
- 1 cup crushed corn cereal
- 1 cup ground salted peanuts
- 1 cup ground dates
- Cream shortening with sugars.
- Add eggs. Sift flour, measure and sift with soda and salt. Add cereal, nuts and dates. Add to first mixture. Mix thoroughly. Form in balls. Place on well oiled baking sheet, flatten with fork. Bake in moderate oven (350 degrees F.) for 15 minutes.

Early Grazing Better If Dry Roughage Fed

(Editor's Note: This is one of a series of articles, "Blending Livestock with Cotton," published as a service to farmers and stockmen.)

In the blending of livestock with cotton, Southern cotton fields provide dry roughage—cottonseed hulls—especially valuable in helping dairymen to make more effective use of pastures at this time of the year.

"Young, tender green grass analyzes from 85 per cent to 90 per cent water," E. R. Eudaly, Texas Extension Dairyman, recently said. He pointed out that cows grazing on this kind of grass usually lose flesh and eventually fall off in milk production unless fed dry roughage.

An average Jersey cow, he added, needs about 20 pounds of dry matter daily, in the form of roughage, in addition to concentrates. This cow can consume about 75 pounds of green grass daily, but if the grass contains 90 percent water, she will get only 7 1-2 pounds of dry matter from the grass. Therefore, she will need about 12.5 pounds of dry matter from other roughage.

As grass matures, it contains less water. However, it is not necessary to know the moisture content of grass because cows usually will eat the amount of dry roughage they need, if the roughage is kept before them at all times. This year, abundant winter rains in many areas may cause grass to be unusually "watery" or "sappy," so that adequate amounts of dry roughage are especially important.

Cottonseed hulls, comparable in feeding value to many of our grass and prairie hays, furnish many dairymen with valuable dry roughage during spring months when pasture grasses are growing rapidly. Hulls are especially valuable to prevent excessive looseness and scouring and to keep cows on feed.

Dairymen also value cottonseed hulls for their use as excellent carriers for the concentrates in feed mixtures, and some dairymen follow the practice of feeding 5 to 6 pounds of hulls, daily per head, with concentrate mixture while cows are on pasture.

Cows producing milk require more nutrients to insure maximum production than are usually supplied by roughages alone. For this reason, three pounds of concentrate mixture, furnishing adequate protein, should be fed daily for each gallon of milk produced. The protein content of the mixture will be determined by the kind and quality of roughage fed.

Ed Greenidge, 17-year-old Negro boy, recently made the 60-yard dash in 6.4 seconds in New York, tying the world record.

QUEEN OF DAFFODILS

queen of the Puyallup Valley Daffodil Festival at Sumner, Wash., is Pauline Martin, 18-year-old high school beauty. The festival will be held from March 23 to 30 this year.

Correspondent To Talk In Childress

James R. Young, for ten years head of the International News Service Bureau in Tokyo, Japan, will give an up-to-the-minute analysis of the Far Eastern situation when he speaks at the Childress high school auditorium Friday night, March 28, at 8:15 o'clock.

Mr. Young made the headlines of daily papers throughout the nation about two years ago when he was arrested without cause by the Japanese police, and held for two months in a Tokyo prison. His story continued to hold interest after his release and return to the United States, and the story of his experiences was published in one of the nation's better known magazines.

First hand information on what is happening at the Asiatic end of the Berlin-Rome-Tokyo Axis will be given by Mr. Young in his talk.

His appearance in Childress is sponsored by the Childress Lion's Club, and proceeds will go to the Lion's Club Charity Fund. Tickets for the lecture are now on sale at Childress, or may be secured in Wellington from Sidney Heath at the Palace Drug Store.

LETTERS From the PEOPLE

(This letter was written by E. C. Roark, formerly of the Lutie community, now at the U. S. Naval Training Station at San Diego, Calif., to Dick Wiley of the First National Bank, who in turn handed it to The Leader. Mr. Roark is the son of Mr. and Mrs. C. L. Lowry.)

March 8, 1941

Dear Dick:

I guess I will surprise you and write as I said I would before I left.

Everything has been going off swell and I sure like the life here so far. I only hope I can always like as well as I do now. We spent three weeks in the quarantine quarters and now we are in what is called the No. unit. We get week end liberties here if we don't have to stand watch.

I was off last week end, so I took off for the sights of the city of San Diego. We have a very lovely city here; lots of things to visit, such as parks (which we have the third largest in the world), water front, ships and many other interesting sights. I have an uncle here to stay with when I am off duty and have leave to go up town, and I can stay in town on leave over week ends because of his being here. But if we didn't have someone to visit with we would have to come back at 12 each night.

My company will get out in three weeks and we will be given a 9 day leave, with pay, or we may be given a school where we will study the field in which we are interested in. I hope to be able to make a school and get the leave later.

The news in this letter covers

the affairs of the station almost as well as the Wellington Leader covers Collingsworth County. Sincerely yours, Edd C. Roark.

ROUNDUP By THELMA W. JOHNSON

The longest baseball game on record was played by two teams in Columbus, O., and lasted 36 innings.

The first Rotary Club was founded 35 years ago by Paul P. Harris of Chicago.

Farmers of this community are very grateful for the past moisture which has fallen. Most of them are looking forward to a good wheat crop.

Mr. Parker is on the sick list this week. We are wishing for him a speedy recovery.

Geraldine Hale spent Monday

night with Evelyn Johnson.

Mr. and Mrs. Charlie Keys of Wellington spent Sunday evening with friends in this community.

Florence and Evelyn Johnson spent Wednesday night with their aunt and uncle, Mr. and Mrs. J. L. Light.

Mrs. Ira Wellborn spent several days the past week with Mr. and Mrs. Wade Brewer. Mrs. Wade Brewer is seriously ill at the time of this writing.

Judge Marion J. Harron is the only woman and the youngest of 16 members of the United States Board of Tax Appeals.

No Ford has ever carried
EXTRA VALUE
quite so far!

We'd like you to see and drive the finest Ford we've ever built. You'll find its big bodies longer inside, greater in total seating width, and larger in windshield, than anything else in the Ford price field right now. You'll find a great new Ford ride, too. A soft and quiet new ride that has surprised a lot of people and may surprise you.

And with its room and ride and view, you get Ford extra power with extra thrift, the biggest hydraulic brakes near its price, and a lot of fine-car mechanical "features" found only in a Ford at low price. If you are choosing a new car this year, you'll do well not to miss this Ford. And not just because we say so, but because the facts do!

GET THE FACTS AND YOU'LL GET A FORD!

SPEED

... a **FIRST** requirement in Defense Production

SPEED is a **FIRST** requirement in this nation's defense production.

Today the Gulf South is meeting its obligations for stepped-up industrial production. Many plants have been expanded and converted to manufacture of defense materials. The vast natural resources of the area are being utilized.

Natural Gas . . . the **PERFECT INDUSTRIAL FUEL** . . . is playing a major role in stepped-up industrial production. This Company and associated Companies provide industry with an adequate, dependable supply of this modern, flexible fuel, adaptable to the high-speed, highly specialized production methods of our present-day industrial system.

As suppliers of this ideal fuel, our organization, with more than 3,000 men and women, is now taking an important part, and is prepared to take even a greater part, in our National Defense program. We are ready, eager, and fully prepared to meet the increased fuel demands of industry.

DEPENDABLE NATURAL GAS SERVICE DOESN'T JUST HAPPEN!

NATURAL Gas FOR NATIONAL DEFENSE

UNITED GAS PIPE LINE COMPANY

Senior Series

Robert Baumgardner

Helen Maxwell

Thelma Va Rue Dyson
Born in Mobeetie October 15, 1922, Va Rue is the daughter of A. H. Dyson. She has attended Wellington school only two years, but before that she was in Mobeetie school for nine years and at Pampa one semester. Typing, shorthand and speech have claimed most of Va Rue's attention.

She has been outstanding in many activities during her school life. She was on the basketball team two years at Mobeetie, and the volley ball team at Pampa. She played tennis one year at the county meet.

While in Mobeetie she was vice president of the Freshman Class, a member of the choral club and the F.H.T., reporter for the Sophomore Class, and took part in two three-act plays.

Va Rue has done excellent work as typist on the "Skyrocket" and as a member of the F.H.T. here. Undecided as to where she will go, Va Rue plans to take a business course and become a stenographer, and also to take a beauty course on the side.

Mary Dell Longino

Mary Dell was born February 2, 1924 at Wellington, to Mr. and Mrs. H. M. Longino of 1209 East Avenue. Eleven years in Wellington constitute her school career. During this time she has enjoyed history and physical education more than anything else. Mary Dell was in the Choral Club one year, in the Pep Squad one year, and in F.H.T. two years.

Mary Dell intends to further her education at the Chillicothe Health Home. Strange as it may seem, she is going to become a Chiropractor! If you should happen to have lumbago, or rheumatism, we're sure you will find Mary Dell to be of considerable aid. To all of us who knew her, she was "the kind you grow fond of."

Paula Ruth Jackson

March 6, 1924, at Wellington, Ruth was born to Mr. and Mrs. S. B. Jackson.

Ruth went to Wilnolcer school for seven years, then came to Wellington to spend the four remaining years. Typing and Home Economics have been her favorite subjects.

She has participated in basketball, and volley ball, and was a member of the pep squad two years, and the 4-H Club four years. She entered in declamation contests three years.

Undecided as to where she will go, she wants to take a business course and do secretarial work.

Juanita Crane

Plymouth Community was greatly honored when on January 9, 1924, Juanita arrived in the home of Mr. and Mrs. R. H. Crane.

She has gone to Wellington school four years, and before that she went to Fresno five years and to Dozier one year. She was valedictorian of her seventh grade class.

Besides her outstanding work in her favorite subjects of home economics, shorthand and typing, she has participated in several outside fields—in Glee Club at Dozier, in Choral Club at Wellington, and this year she is serving as secretary and treasurer of the senior class by members of the faculty.

Juanita was selected as D.A.R. girl from Wellington High School as their representative of the senior class by members of the faculty.

Possibly we shall see Juanita looking over her spectacles at us and talk in a very important tone when she is head of the Home Economics Department in Wellington. Juanita is undecided as to where she will go to school, but wherever she goes, she intends to major in home economics.

Carthel George Lewis

Carthel Lewis has become to the students of our high school a symbol of perfect behavior and of a perfect gentleman. In his four years at Wellington, he has definitely made a place for himself in the hearts and memories of its teachers and his associates while there.

Carthel was born August 23, 1924 at Wellington. He is the son of Mr. and Mrs. George Lewis.

Before coming to Wellington he spent six years in school at Kesler. He graduated there with honors.

At Wellington Carthel has served as a home room president and president of the Pan-American Club during his junior year. In his senior year he has served as historian of the Future Farmers of America. His favorite subjects at Wellington have been typing and agriculture. Besides these varied experiences, Carthel has also taken two years of piano while attending school here. He is one of the most talented seniors. He plays the accordion also. Those who have heard him play in assembly can testify to his ability as an accordion player.

Carthel plans to attend A. and M. College at College Station next year. While there he is intending to major in Animal Husbandry. When his education is complete, he expects to take up farming as a vocation. We are sure that Carthel will go far and accomplish much in the years to come. He may be kind of quite and retiring, but bear in mind, "The world knows nothing of its greatest men."

Royce Allen Walters

Royce is one of the red-heads in the Senior Class this year. He is known around school as one who does big things in a quiet way. He is one of our most unobtrusive and yet most progressive members.

Royce was born May 8, 1923, in Oklahoma. He is the son of Mr. and Mrs. J. H. Walters who live on Route 3, Wellington. He has with us at Wellington four years. His other years of schooling were acquired at Kelley, Quail, and Wilnolcer. He spent four years at Kelley, one year at Quail, and three years at Wilnolcer. During his school years he has been very active in athletics. He played baseball for three years at Kelley; at Wilnolcer he played baseball and basketball three years, and then one year of baseball at Wellington. But he has not overlooked the scholastic side of school. He was in declamation at Wilnolcer and spelling one year at Kelley. And here at Wellington he has decided on typing, agriculture and

"QUICK, CASEY, STOP HER... I JUST SAW A FOUR-LEAF CLOVER!"

bookkeeping as his favorite subjects.

Royce plans to attend Draughan's Business College in Wichita Falls next year and major in typing and bookkeeping. When his education is complete, he intends to enter the business world. Power to you Royce, we know you can do it if you're a mind to.

Alvin Durant McInnis

He really is a nice kid. We're sure in life he'll never skid. Durant was born January 2, 1924 at Wellington. His parents are Mr. and Mrs. Barney Cook, who live on Route 5, Wellington. It seems that in every class there is a student who has graced the seats of more than the usual number of schools. Durant has attended school in two states, Georgia and Texas. He has spent only two and one-half years at Wellington. His other eight and one-half years have been spent in Bowen, Rolla, Seale and Samnorwood. He was watch-dog of his Sophomore Class.

Durant's athletic life seems to have been rather limited. He played basketball one year at Samnorwood and one year of playground ball at Wellington. However, his academic life is represented by the fact that he won second place in declamation in the Interscholastic League Meet while at Seale. Durant plans to go to West

Texas State College at Canyon next year and major in Business Administration. His ambition is to be a bookkeeper or accountant.

Frederic Robert Pepper

Fred Pepper? What does that name mean to every student and person who has known Fred up to this point in his career? To most of us it brings to mind a boy with an armload of books. To anybody who has delighted in his friendship it stands for a very studious, polite, and outstanding young man.

Fred was born November 23, 1923, near Wellington. Mr. and Mrs. A. R. Pepper claim the distinction of being his parents.

Fred has attended school at Wellington only four years. He spent his other seven years at Midway. However in four years Fred has accomplished many things. He was vice-president of his Sophomore, and president of the Junior Class. He was the first mayor of Wellington High School. During his senior year he has succeeded himself as mayor, and he is president of the Boy's Service Club. In four years Fred has held a grand total of 17 offices in the various organizations of which he has been a member.

His favorite subjects are economics, typing, history, English, speech and bookkeeping. Thus it is easy to see why Fred has so high a scholastic standing. With

as many favorite subjects as those just named he can't help himself.

Fred plans to go to the University of Texas next year. After studying law for four years he intends to further his knowledge at Harvard Law School. He intends, after this, to enter the realm of law and politics. Who knows, Fred may be our Senator some day!

Quail FFA, FHT Honor Parents

Taking the place of the annual Father-Son and Mother-Daughter banquets of the Quail FFA and FHT chapters, an informal reception for the parents of these members is scheduled to be given at the Quail gymnasium Wednesday evening, March 19.

Humor and gaiety for the entire evening is the aim of the boys and girls in planning this reception, Miss Velma Sweat, homemaker instructor, pointed out Tuesday evening.

Relay games will be played until all guests arrive. This will be followed by a style show, presenting the girls of the first and third year homemaking classes, modeling garments which they have made in their class work. Climaxing the entertainment will be a comic wedding, "The marriage of Mr. Homer Economics and Miss Aggie Culture."

Bernice Oatman will act as the bride, while Richard Gilbreath is the groom. J. L. Bartlett will take the part of the preacher, while Frank Coleman, Jr., is to be the bride's father. Others taking part are Roland Ed Roan, best man; Adderlene Clay, maid of honor; Carrol Blevins, Carl Wischkaemper, J. L. Jones and Troy Bass, ushers; Oma Lee Hill, Jennice Grigsby, Iris Blevins and Johnnie Blevins, bridesmaids; Ruth Aaron and Trudie Ogletree, flower girls; N. E. Childers, ring bearer; Louise Moss and Donnit-Blain, pianist; and Helen DeBord, soloist.

Girls taking part in the style show will be Grace Aaron, Ada Allred, Evelyn Jo Farmer, Alene Amerson, Annett Atkinson, Ruby Mae Dollar, Opal Gibbons, Jessie Faye McDaniel, Willie Jo Minyard, Eunice Robinson, Ila Mae Robin-

son, Modena Spier, Wauline Spier, Ethel Stephens, Willene Squires, Glendora Thomas, Nina Mae Thurman, Lurline Wilson, Lorene Duckworth, Rexie Duggins, Rougine Duggins, Jane McMinn, Naomi Neeley, Mary Katherine Stevens, Marie White, Erma Lee Bell, Clio Allen, Glenda Davis, Virginia King, Blanche Williams, Barbara Bartlett, Rhunell Fielding, Edith Gosnell, Emajean Gray, Irene Gray, Alpha Neeley, Ila Lee Reeves and Ina Mae Winegeart.

Janice Lee, a 13-year-old fencing expert, will shortly be ready for competition in major tournaments, and is believed to be a coming champion.

Several major league club owners favor dropping the all-star game after this year, as they say it interferes with the regular schedules too much.

JAPANESE-AMERICANS

An organized movement on the part of American citizens of Japanese ancestry to definitely proclaim their entire loyalty to the United States is being made under the auspices of the newly-organized speakers' bureau of the Los Angeles Citizens' League.

This bureau is headed by an American-born Japanese, Massao Satow, a graduate of the University of California and of Princeton Theological Seminary. Its object is to better inform the public of the patriotic attitude of Japanese-Americans, which their representatives have embodied in a creed which declares, in part:

"I am proud that I am an American citizen of Japanese ancestry, for my very background makes me appreciate more fully the wonderful advantages of this nation. She has granted me liberties and opportunities. She has permitted me to build a home, to earn a livelihood, to worship, think, speak and act as I please.

"Because I believe in America, I pledge myself to do honor to her at all times; to support her Constitution; to obey her laws; to respect her flag; to defend her against all enemies, foreign and domestic; to assume my obligations as citizen, cheerfully and without any reservations whatsoever, in the hope that I may become a better American in a greater America."

If all our citizens, whatever their origin, would adopt and live up to the principles embodied in the foregoing creed, we would have less of the internal strife which is our country's greatest danger today.

Miss Etta Anchester, Philadelphia school teacher, says a child shouldn't get too many A's, explaining: "He should get D once in a while. It will do him good, for life isn't going to strew A's all around him."

Mrs. M. H. Hoppel of Cleburne, Tex., wrote to an exterminating company last summer asking how to rid her home of termites. After being delayed for several months, the letter was delivered, and half of it had been destroyed by termites.

"Watch the car in front of you," warns a safety bulletin. It is also advisable to have a care for the car just behind the car in front of you.

Superior people are necessary, but we common folks don't like for them to keep reminding us of their superiority.

OTHER EDITORS SAY--

• No Army For Europe

It is true that sentiment for helping England to the limit in supplies and armament, is very, very strong. But—sentiment for our actual participation by sending over soldiers and sailors, is no stronger than it was. If anything, it has slipped back the other way.

Even if our war vessels start conveying food ships to England and some of our convoys are sunk, it is doubtful whether any majority of the American people will favor sending an expeditionary force to the Balkans or to Spain or to South France.—Gene Howe in The Amarillo News.

• What Of Our Liberty?

Wonder what our forefathers would think if they could see our use of liberty and freedom that they fought for? If they could see us fighting, not some foreign nation that wants to take our liberties away from us, but each other for the liberty and freedom we think we are entitled to as individuals, with no thought of what we are doing to our nation. What if they had fought each other as we are doing today, how far would they have gotten toward writing the Declaration of Independence.—Ed Bishop in The Dalhart Texas.

• A King And The Pigs

The only real live king I ever saw was Alexander of Serbia. In some respects he was the most kingly figure that Europe knew, in his day. And he was the great grandson of a swineherd! Much more proud, to be sure, are the genealogical backgrounds of most of Europe's remaining royal rulers; but Alexander was a very competent ruler who measured up to a difficult task, and probably no one ever thought about pigs in connection with him.—John Gould in The Wichita Daily Times.

• A Slight Error

Did you see the look on a certain matron's face as she and her husband stood at the station waiting for a friend to get off the train . . . and then the long awaited friend arrived . . . extremely well dressed, but getting off the train backwards. Friend husband rushed forward expectantly . . . and then the passenger turned around . . . was F. H.'s face red when he saw that the dismounting passenger's face was "high Yaller!" P. S. The expected visitor got off later!—Iowa Park Herald.

• Power Of Prayer

A better definition of prayer was given the other day by Dr. Alexis Carrell, a physician and a scientist of world fame, in an article in the Readers Digest. Dr. Carrell speaks not as a churchman but as a man who has discovered by research some of the mysterious things of the material world. His learning and his career ought to demand notice when he speaks of prayer. To his understanding, "Prayer is the effort man to reach God, to communicate with an invisible being, creator of all things, supreme wisdom, truth, beauty and strength, father and redeemer of each man. This goal of prayer always remains hidden to intelligence. For both language and thought fail when we attempt to describe God. We do know, however, that when we address God in fervent prayer we change both soul and body for the better."—Ashley Evans in the McKinley Examiner.

That Reminds Me--

By RALPH HERBERT

Adventurous souls, the merchants in Our Village? Ha! Why, they're the most easy-going, steady, sedate fellows in the world. They're perfectly content to pass their days behind the counter.

But listen to the stories of their youth.

When Al, who runs the furniture store on Maple street, was 17, he left home to make his own way in the Big City. Work was scarce. Al slept in a flop house. For two days he had nothing to eat. At noon on his third foodless day, Al stood at the Public Square, listening to a Communist soapbox orator haranguing the Workers of the World to Arise. Al's hungry look caught the speaker's eye. He staked Al to a meal and invited him to stay at his home.

So Al became a Communist, and went to all the Communist meetings—until one day he was arrested when police broke up a riot. Al's parents saw his name in the Big City papers. They took him home. Ever since, Al has been content to stay in the furniture business.

Jack is the best meat-cutter in town. When he was young, everyone in Our Village thought he'd be a merchant, like his dad and his brothers. Jack married and had two youngsters. Then his wife died. Jack just wandered away. His brothers took care of the kids.

Jack learned cable slicing. He traveled everywhere. Sometimes he had money. More often he was broke. When was broke, he wound up in jail. His favorite jail was one in Texas, where the sheriff's wife fed him chicken every day.

In his white butcher's coat, you'd never guess the adventuresome life Jack has led. He's content now to wait on trade.

Lew is the cheerful guy who fills your gas tank every day. He started his career as a musician. He played with a pretty good orchestra, until one day Lew and his band landed in an up-state New York city.

They played a week's engagement, the proprietor of the dance spot paid the manager for the band's services, and the manager skipped out with all the money. The orchestra had no money for food, or rent. The hotel took their instruments as security for the unpaid bill.

Lew found another job in a town 20 miles away. It took a lot of talking to convince the hotel management that the boys couldn't pay their rent unless they played the engagement, and they couldn't play unless they had their instruments.

That was typical of Lew's heart-breaking experiences on the road. He's content to stay in Our Village now.

We could tell you more. About the time Jimmy, who runs the radio store, got left behind by a boat in Lower California, and had to eat snails and hike 30 miles cross-country without meeting a living soul for two days. About Dy Evans, the bank president, who left Wales with 11 cents in his pocket, and arrived in the United States with pockets full of money. He sold fruits and candies and performed little services for seasick passengers.

The merchants in Our Village have lived full lives. Maybe that's why they trust people for food, lots of times, when they know they'll never be paid. Maybe that's why they take such personal pride in furnishing the homes of our newlyweds. Maybe that's why they lend an understanding and sympathetic ear to our stories of Trials and Tribulations.

Odd Bits Of News

George H. Goodrich is in prison at New Britain, Conn., for helping a friend commit suicide. The friend left him \$500.00 insurance.

After searching London for his cousin, Lieut. Brodt, a Polish officer, ran into a girl in a "blackout" and knocked her down. It was his cousin.

After a Philadelphia attorney spent 20 years in searching for the heirs of a man who died in 1890, a judge awarded him \$549 for his services and expenses.

Two New York policemen helped load a beer cooler on a truck. After informing the proprietor of their good deed they were told it was stolen from his establishment.

Within three months the five daughters of Mr. and Mrs. H. H. Davis of Brooklyn became mothers. Their ages range from 23 to 28 years.

The Great American Home

"Grandma, I'm disappointed in Brownie. When we first got him I hoped he would grow up to be a police dog."

It Happened In . . .

Compiled By ELIZABETH GILLENTE

1918

(Jan. 18)
Last Friday night the Young Ladies Missionary Society entertained with a social at Brother Hawkins. After the contest was over, refreshments were served the following: Misses Mary Hite, Bess French, Jewel Sugg, Bess Prichard, Mary C. Royal, Johnny Day, Mildred Richardson, Pearl Renner, Mary French, Sue Campbell, Mary Sugg, Edna Dyche, Marjorie Wall, Tommie Starkey, Ivy Holbert, May Starkey, Margaret Hawkins, Louise Hardy, Messrs. Jackson, Ernest Griffith, Walker Brickey, Milford Stockton, Robert Leggett, Clifford Cook, Bland Riggs, Ralph Royal, Joe Fuller, Herman Haralson.

The Leader is authorized to announce the candidacy of Miss Sallie Kelly for the office of County Treasurer for Collingsworth County, subject to the action of the Democratic primary. Miss Kelly bears the distinction of being the first woman to announce for any public office in Collingsworth County.

Hon. C. C. Small authorizes The Leader to announce his candidacy for County Judge subject to the action of the Democratic primary. The income tax officer will be in Wellington January 23. His duty will be to assist individuals in the preparation of their income tax returns. Persons should confer with this representative of the government at once and ascertain whether or not they are liable under the law for a report.

1925

(July 1)
A contract for a second well in Collingsworth County has been let by S. W. Norwood and A. S. Wischkaemper to the Martin-Hawkins Co. of Wichita Falls. Mr. Norwood and Mr. Wischkaemper let the contract as representatives of a large number of land owners living between Dozier and Salt Fork. Farmers from various sections of the county report some lice on the cotton, although no serious damage is being done at present, many of the farmers

say that a good hard rain is needed to wash the lice off. Grasshoppers are also reported. Crops are doing very well for this time of the year, which is usually dry and hot.

H. D. Raney of Wellington and Miss Ila Cooper of Fort Worth were quietly married at the bride's home in Fort Worth last Wednesday, June 24.

John Bishop and Miss Lee Gibson were united in marriage Saturday at 6 p. m. at the Baptist parsonage in Childress, with Rev. Curley officiating at the ceremony. Miss Gibson is a daughter of Mr. and Mrs. J. F. Gibson, who live in Childress County near the Loco community. Mr. Bishop lives near Fresno.

1930

(Nov. 20)
A survey conducted by The Wellington Leader indicated that Collingsworth County was holding its own in cotton production with reports from 23 gins showing a total of 5,353 bales being ginned in two weeks. Other counties in the Panhandle were showing a decrease.

Three new officers for the Wellington Chamber of Commerce were being elected from a group which included: H. A. Phillips, A. L. Cochran, Joe Hardy, A. M. Duvall, L. A. Manzer, and J. A. Lucas.

An artist at forgery secured approximately \$200 from five Wellington merchants Saturday, as well as a small amount of merchandise at each of the business houses where the worthless checks were passed. Names of local stores were: Baker-Hanna Brothers, C. E. Stone Company, The Leader Store, The Fair Store and A. Bailey and Co.

TEST YOUR I. Q.

Can you answer these questions about places and people?
1. Who was Kit Carson?
2. What is the oldest library in the United States?
3. When did former President Calvin Coolidge die?
4. What state has the largest number of counties?
5. How many people speak the English language?
(Continued on page 7, Sec. 2)

What? No Anchovies?

Stop, Look And Laff!

"BE SURE TO TUNE IN AGAIN NEXT WEEK FOR THE FURTHER EXCITING ADVENTURES OF THE FEARLESS MASKED RIDER."

I SAW

—By VIRGINIA ROBEY

Livestock trade of the week: Frank Pope traded for a cow and calf from Harley Kern. Then he sold her back to Kern for \$55, but later bought her back again for \$62.50. And still again he sold her back to Harley Kern for \$65. The cow and calf were out at Bill Harris' place, and he says he hasn't the slightest idea which one of the two they belong to. And neither is this any indication of whom they belong to now, or how much they are worth, for Frank says as soon as he can sell them to Harley for \$100, he's quitting this trading business.

Mrs. Leo Steele gone patriotic, wearing a red, white and blue handkerchief around her head down town one day.

Mrs. J. A. Lowe saying how much she enjoyed the Junior High patriotic program. "I think it's one of the finest things this school has put on here lately," she said.

Mrs. E. W. Moss carrying a bright red toy bugle up to a small patient in the hospital.

Velma Sweat, homemaking teacher at Quail, buying white cardboard "to build a ship," she said. But it was only a make believe ship for the style show at the reception the FFA boys and FHT girls are giving for their parents.

Burton Love enjoying the sunshine after so much cloudy weather, but still walking with a cane after his recent injury on a New Mexico ranch.

Example of cooperation: Cora Elizabeth Clark knitting a Red Cross scarf as she walked down town from school. Leo Thompson, who was with her, carried the ball of yarn in his pocket, and saw that it unwound as she needed more thread.

Bill Goforth, in from Oklahoma City, calling hello to friends, in exactly the same way he has for years.

Dalton Vaughan leading his small daughter across a busy street, but he wasn't nearly so anxious to get across as she was.

Mr. and Mrs. Bill Suggs back from several weeks in the Rio Grande Valley—and they got here just in time for the sand storms.

James Sullivan getting ready to go to the St. Patrick's Day celebration when his mother, Mrs. Pink Sullivan, told him to go home and shave. "I don't want you over there representing the store looking like that," she told him. To which he grinned and answered, "Here those Shamrock men have been growing beards for the last three months, and you want me to go shave."

Edmund Schaded and O. B. Raburn, Jr., local Scouts, ready to go to the St. Patrick's Day celebration in Shamrock. "I hope it doesn't get any colder," Edmund wished, thinking of his bare knees, "and I hope no little boys have any paper wads. I haven't been as cold since I had to wear a skirt in a play at the school house."

A sign, on Monday, on the door of Mrs. Ona Smith's beauty shop, reading "Gone with the Wind" . . . be back at 1 o'clock."

BRIEF TOPICS

Bert Ryner of Scottsbluff, Neb., has built a golf bag carrier out of an old go-cart and has trained his pet water spaniel to pull it as his caddie.

A Methodist minister in Southport, N. C., recently used "Ashes" as the subject of his sermon, and within an hour after his address the building caught fire.

Louis Lipman of New York City proved in court that he was employed by his wife as a cleaner and that his wages were not sufficient to enable him to pay his debts.

A land terrapin on which Charles Noel carved his initials in 1861 has made its second appearance in Greensburg, Pa., since then.

When told that he had to remain in jail or leave the state, John Lavery of Sioux City said: "I'll take Iowa; it's more fun looking out of jail windows than roaming around other states."

Price-Fixing Act May Undermine Anti-Trust Laws

AUSTIN.—If Texas is to have the so-called Fair Trade price-fixing Act, it must strike down one of the most important sections of its anti-trust laws, according to an opinion by Attorney General Gerald Mann.

Asked by Senator W. C. Graves of Dallas, chairman of the Commerce and Manufacturing Committee to pass on this controversial measure which is to be considered by his committee, Mann ruled that the measure is constitutional but—

"If the bill becomes a law, the anti-trust laws of this state will, by virtue thereof, be repealed to the extent that such laws condemn the 'vertical' price-fixing agreements described in Senate Bill No. 9."

"Our anti-trust laws constitute a legislative determination that agreements and combinations having for their purpose or effecting by their acts the fixing of prices upon the subjects of commerce, though manifestly beneficial to that portion of the public engaged in the selling of such commodities who are parties to such agreements and combinations, are obnoxious and harmful to the interest of the public generally."

"This legislative determination upon which the anti-trust laws are predicated, however, is subject to review by the Legislature. There is no provision in our constitution which prevents the legislature from modifying or revoking the policy embodied in the anti-trust laws. Hence, whether these laws shall be repealed in whole or in part presents purely a question for the Legislature, to be solved by the Legislature in such manner as it appears to be in the interest of the general public."

With these words, capital observers believe General Mann has laid before the legislature one of the most important decisions in Texas history. More than 40 years ago, a legislature, prodded by Jim Hogg's determination, developed for the protection of the Texas public a set of anti-trust statutes which many outstanding legal authorities call the best in the United States. If any portion of these be modified, it is the general opinion here that the hitherto excellent structure will lose practically all of its protective power, and the Texas consuming public will be laid open to every type of price-manipulation exploitation that the anti-trust laws now forbid with sharpest possible legal teeth. This the legislature has been asked to do by powerful, moneyed lobbyists.

Other recent price-fixing developments were the introduction into both the House and Senate of so-called Anti-Loss Leader bills which fix prices on a cost-plus basis. No committee hearings have yet been held on either type of price-fixing.

The Fair Trade Act two years ago was passed by the Legislature but vetoed by Gov. O'Daniel after Mann ruled that by certain of its own provisions (which it now contains) it was null and void.

ELLA

By MISS BERNICE DAVIS

Mr. and Mrs. Shannon spent Sunday with Mr. and Mrs. Bradley of Benonine.

George Francis was a visitor Tuesday night with Gene Moore.

Mr. and Mrs. Dees spent Sunday with Mr. and Mrs. Davis.

Mr. and Mrs. LeRoy Neely were visitors in Sayre, Okla., last Sunday.

Clint Moore, who has been working at Borger, was here recently on a visit.

James Hobbs of this community is now employed at the oil mill at Shamrock.

"I WON'T TAKE THAT TICKET UNLESS YOU TAKE ONE OF THESE TO OUR P. T. A. CARD PARTY!"

8 Year Record Is Broken By City Teacher

A record of eight years teaching without the loss of a single day due to sickness was broken recently by Miss Margaret Hix, a teacher in East Ward School. Even so, she made an effort to keep on with her work, but was forced to leave school and remain at home two days.

During the eight years, she had missed only three days altogether, and each day she was out was due to the death of a relative.

And now Miss Hix' friends are wondering just what other teacher in this county has a record of only five days' absence from work in eight years.

LILLIE

By MRS. G. D. THOMAS

The sandstorm Sunday was the worst one this year. It's just a reminder that we live in the West.

James Eiland left Saturday for Hereford, where he has accepted a position with the AAA work.

Mrs. G. D. Thomas returned Thursday from Plainview, where she had been at the bedside of her mother, Mrs. A. J. Ashton, who is seriously ill. Mrs. Ashton is in the W. A. Hefner home.

Mrs. L. Little and Mrs. Jack Martin visited in the J. L. Glad-

ney home Wednesday evening.

Mrs. L. D. McMinn and Mrs. Zook Thomas and Mrs. Dave Thomas visited Mrs. Jhillip Bartlett, who is ill in the Calvin Aaron home. We are glad to report that Mrs. Bartlett is better.

Mrs. J. L. Gladney, Mrs. Fred Perry and Mrs. G. D. Thomas visited Mrs. Ed Howell who is ill in her home in Wellington.

Jack Black purchased a new tractor last week.

Mr. and Mrs. Rob Isbell returned home Sunday from Whitesboro, where they had been visiting in the Lee Sanders home.

Sunday school was well attended at Lillie.

Matt Eiland visited his sister, Mrs. R. C. O. Brunley, in Amarillo last Saturday.

Gaino Presley, the small son of Mr. and Mrs. Woodrow Wilson, was operated on Saturday in a Wellington hospital. At the last report he was doing fine. We wish him a speedy recovery.

Mr. and Mrs. John Gollighugh moved last Tuesday to the C. W. Gollighugh home place. Mr. and Mrs. Henry Gollighugh moved to the place vacated by the John Gollighugh family on Thursday.

Jack Aaron, grandson of Mr. and Mrs. Conrad Cass, was moved from the hospital in Wellington to the Cass home Monday. Jack is recovering from influenza.

Mr. and Mrs. D. Harris were dinner guests in the L. J. Jones home Sunday.

Kiwanis Officer Here Friday

A. Foy Curry, Jr., Lt. Governor of Kiwanis International of the Oklahoma-Texas district, paid his semi-annual visit to the Wellington Kiwanis Club Friday, March 7, Mr. Curry was featured as speaker of the hour, and discussed "Citizenship Responsibility is the Price of Liberty."

Mr. Curry is an attorney at Tulsa.

Visiting here for the first time, Mr. Curry complimented the members upon the cleanliness of their town and upon the fine club spirit which they have worked up.

Mr. Curry is visiting all Kiwanis Clubs throughout his territory.

MARELLA

By MRS. J. W. PEARSON

Sunday school was well attended. There were fifty-one present and Rev. A. V. Jones filled his regular second Sunday appointment after the Sunday School hour.

Mr. and Mrs. Wilborn Depauw and son of Pampa spent the week end with Mr. and Mrs. E. G. Pierce and Mr. and Mrs. C. B. Depauw.

Mrs. S. J. Cockrell of Wellington is spending the week with her daughter, Mrs. J. H. Winegeart.

A very bad sand storm visited this community Sunday evening.

Mrs. Lewis Morris spent the week end with her husband and son. Mrs. Morris is attending college at Canyon.

Gene Farmer of Morton, Texas, is visiting his parents, Mr. and Mrs. R. E. Farmer, this week end.

Mrs. Bill Melton and son of Lutie visited Sunday with her aunt, Mrs. Preston Gilbreth.

Mr. and Mrs. Ross Gladney and children, Juanita and Charlie, Mr. and Mrs. O. Z. Bartlett, Joe and June were dinner guests with Mr. and Mrs. J. W. Pearson.

W. P. Gilbreth, Hilary Weaver, Edward Claunch, Barbara Pearl, and Bonnie Val Bartlett were dinner guests.

"FOR TWENTY YEARS I've found ADLERIKA satisfactory." (H.B.-Mich.)

When bloated with gas, annoyed by bad breath or sour stomach, due to delayed bowel action, try ADLERIKA for QUICK relief. Get it TODAY. Palace Drug Store, Parsons Drug Company and Pruden Drug Company. T-3

ner guests of Herman, Paul, Ina May and Oleta Ruth Winegeart Sunday.

Joe Gilbert Stratton, Jr., was a dinner guest of J. L. Bartlett's Sunday.

We are sorry to hear of Mrs. B. Ogletree being ill. We wish her

a speedy recovery.

Mr. and Mrs. O. Z. Bartlett visited his mother, Mrs. P. L. Bartlett on Tuesday. We are very glad to know that Mrs. Bartlett is improving.

Mr. and Mrs. Clarence McNabb

of Dimmitt visited with her parents, Mr. and Mrs. F. Banister and his brother, Mr. and Mrs. Floyd McNabb.

Mr. and Mrs. J. W. Pearson returned home Tuesday from Lubbock, where they visited with their daughter, Mrs. W. V. Hill.

Important Easter Announcement To Our Customers

Here are some vital reasons why your Spring-time Clothes should be ordered EARLY.

1. The Government Priority Board demands first call on the woolen mills for the delivery of cloth to the Army and Navy. This may cause shortage later in the season.

2. The Army and Navy contracts MUST be given first preference in tailoring labor, and since civilian demands are heavier than usual, manufacturing facilities will not be adequate to cope with the rush of orders during the Easter season.

3. In addition to this, the Tailoring Trade is restricted in its working hours by the Wage and Hour Bill.

We urge you, therefore, to order your made to measure clothes at the earliest moment. This will assure you against any RISE IN PRICES which may come later in the season and enable us to give YOUR orders scrupulous attention.

There is no substitute, in fit, for a suit that is TAILORED-TO-MEASURE FOR YOU!

Industry's Wheels Must Move Faster... FASTER!

War today is a war of machines, a war of mass production, a war where organization of industries to build planes, ships, and ammunition is of even greater importance than organization of manpower. The effectiveness of our national defense program, therefore, depends on industry's ability to produce these necessary war materials quickly and economically.

Vital to stepped-up industrial production is Natural Gas to help move the wheels of industry faster—ever faster. Natural Gas is industry's new, vital ally. Natural Gas for industry is the flexible, dependable, economical fuel of today.

United Gas Corporation is prepared for the defense program with adequate Gas reserves to meet present and future industrial fuel demands.

UNITED GAS CORPORATION

1941 Auto Plates

Must be on all cars by midnight of April 1st, 1941, or owners will be subject to a fine, and must pay a penalty for not buying their plates on time.

Highway officers are instructed to arrest those who have not properly equipped their cars with the new 1941 license plates.

Plates are now on sale and may be placed on your cars immediately. They are on sale at the office of Howard Riggs, Tax Assessor and Collector, in Wellington.

License tags must be bought in the county where you live.

New drivers must secure and carry a drivers license, examinations for which are given by State Highway Patrolmen each Wednesday at 10 o'clock to 2 o'clock in Wellington.

Howard Riggs

TAX ASSESSOR AND COLLECTOR

Fire Prevention Week Set For March 30-April 6

AUSTIN.—The Annual Clean-Up and Fire Prevention Week will be held March 30 through April 6, according to Dr. George W. Cox, state health officer. State and city-wide clean-up campaigns are scheduled throughout Texas, the campaigns being designed to facilitate public health protection, lessen fire loss, and promote public safety.

The Texas State Department of Health and the Texas Fire Insurance Commission will jointly sponsor the week.

Clean-Up week is an important week in Texas, important because every dollar invested in property destroyed by fire is a dollar lost forever. "Careless housekeeping" in the home and in business paves the way for tremendous annual fire losses, and all fire loss is, to a large extent, preventable by exercising recognized laws of fire prevention and control.

Every citizen should have pride in his home town, its streets, playgrounds, parks and buildings. Homes and buildings freshly painted, with well kept lawns and gardens, increase values and intensify community interest. Cleanliness creates confidence.

Preservation of human life is an important undertaking. Any undertaking which contributes to greater human safety deserves the attention of thinking citizens. Clean-Up Week in Texas is such an undertaking. Its advantages are obvious, it contributes to a cleaner, safer, happier place in which to live, no matter how large or small the community.

Cities and towns of Texas will conduct clean-up programs of far-reaching activity. Scheduled for that week are the cleaning, draining and graveling of alleys and streets, the cleaning of city parks and vacant lots and unsightly areas. Malaria control, fire prevention, garbage and trash disposal and related activities of spring housecleaning will be encouraged.

Clean-Up week, among its other functions, focuses public attention on the dirt and disease problem. It helps to make Texas a healthier, cleaner place in which to live.

NO. 924
STATE OF TEXAS
COUNTY OF WHEELER
W. R. THORNTON, PLAINTIFF
VS.
A. F. WISCHKAEMPER, SR.,
DEFENDANT
IN THE COUNTY COURT OF
WHEELER COUNTY, TEXAS,
EXECUTION SALE

WHEREAS, by virtue of an execution issued out of the County Court of Wheeler County, Texas, on a judgment rendered in said court on the 5th day of April, 1938, in favor of the said W. R. Thornton and against the said A. F. Wischkaemper, Sr., and Edgar Wischkaemper, No. 924, on the docket of said Court, I did, on the 7th day of February, A. D. 1941, at 3:30 o'clock P. M. levy upon the following described tract and parcel of land situated in the County of Collingsworth, State of Texas, and belonging to the said A. F. Wischkaemper, Sr., to-wit:

All of that certain tract and parcel of land situated in said county Southwest from the Town of Shamrock, Texas, and generally known as the Wischkaemper place and consisting of acres and being the east 120 acres of the south half of Section 32 in Block 16 of the H&GN Railway Company Surveys in said county and state,

and on the 1st day of April, A. D. 1941, being the first Tuesday of said month, between the hours of 10:00 o'clock A. M. and 4:00 o'clock P. M., on said day, at the Court house door of said County of Collingsworth, I will offer for sale at public auction, for cash, all the right, title and interest of the said A. F. Wischkaemper, Sr., in and to said property.

Dated at Wellington, Texas, this the 7th day of February, A. D., 1941.

PAUL BELL,
Sheriff of Collingsworth
County, Texas. 34-3-c

A new lens invented by a Columbia University scientist enables a person to read who has only two per cent vision.

"MODEL" DEMONSTRATION OF AERIAL ACROBATIC TECHNIQUE

Looping the loop is first demonstrated with model planes in the training of flying cadets at Randolph Field, Texas, the United States Army's "West Point of the Air." Here the flying instructor (left) shows cadets how the plane dives to gain speed. Stick then is eased back to lift the nose, full throttle up and into a climb, over on back, ease up on throttle and into a dive, finally leveling out with horizon and leaving pattern. Then model planes are put away and instructor and cadets take off in their 450-horsepower training planes to put into real practice, 5,000 feet in the air, what has been shown with the miniature planes on the ground.

Paper Tells Of ... Auction Sale ... During 1849

An auction sale can still be about the most interesting thing in a community, and the indications are that this has been the case in the United States for the last hundred years.

A reprint of such a sale was sent The Leader this week by Frank Light of Route One, Wellington. The original notice appeared in a Versailles, Ky., newspaper in 1849, and reads: "Having sold my farm and as I am leaving for Oregon territory by oxen team, I will sell all my personal property except two oxen (Ben and Buck and Lon and Jerry) consisting of the following:

"Two milk cows, 1 gray mare and colt, team of oxen, 1 yoke, 1 baby yoke, 2 ox carts, 1 iron plow with wood mould boards, 88 feet of weather boards, 1,500 fence rails, 160 gallon soap kettle, 85 sugar troughs, 10 gallons maple syrup, 1 barrel of Johnson Miller whiskey (7 years old), twenty gallons of apple brandy, 1 40-gallon copper still, 2 spinning wheels, 30 pounds of tallow, 1 large loom, 300 poles, 100 split hoops, 100 empty barrels, 4 sides of leather, 12 wooden pitch forks, half interest in a tan yard, 1 rifle with powder horn and bullet mould, soft soap, bacon, hams, lard, molasses, and 6 fox horses, all soft mouth but one.

"Also 6 negro slaves, 2 men, 2 boys, and 2 mulatto wenches. Altogether in one party as I will not separate them.

"Sale will begin at 8 o'clock a. m. Plenty to eat and drink.

"Owned by Mr. Charles Bailey, Lee Summit, Mo."

Liquid meat with full nutritional value has been developed, and plans are being made to manufacture it commercially.

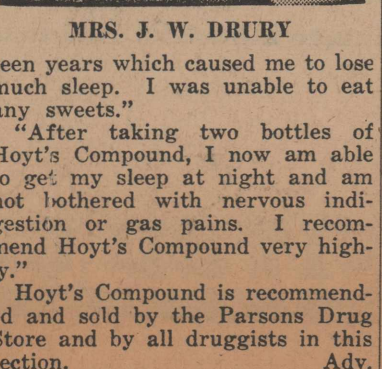

Was Run Down And Unable To Eat Or Sleep

Tried Many Things But Hoyt's Compound Gave More Relief Than Other Medicines, Says Lubbock Lady.

Mrs. J. W. Drury, Route 6 Lubbock, Texas, states: "I have had gas pains and indigestion for fifteen years which caused me to lose much sleep. I was unable to eat any sweets."

"After taking two bottles of Hoyt's Compound, I now am able to get my sleep at night and am not bothered with nervous indigestion or gas pains. I recommend Hoyt's Compound very highly."

Hoyt's Compound is recommended and sold by the Parsons Drug Store and by all druggists in this section.

FRESNO By CORRESPONDENT

Mr. and Mrs. C. McKnight of Pampa visited Mrs. George Ketchum Saturday. Mr. and Mrs. McKnight formerly lived on what is now known as the R. L. Wood place.

Mr. and Mrs. Price Roberts of Childress were Sunday dinner guests of his brother, D. F. Roberts, and family.

Mr. and Mrs. Earl Reynolds had as their guests Saturday, Mrs. Joe Locke and daughter, Katherine Joe, of Amarillo, and Misses Mary Lee and Eloise Bishop of Quail, and Arthur Gibson and son, Billy, of Loco.

Mr. and Mrs. Hayden Williams,

Mr. and Mrs. John Jackson, Mr. and Mrs. Ray Uselton were visitors of Mr. and Mrs. Marvin Clubb Friday night.

Mr. and Mrs. S. E. Elmore were Sunday dinner guests of Mrs. Elmore's father, Mrs. George Ketchum.

Mr. and Mrs. Clair Mitchell returned to Amarillo Friday after visiting here for several weeks with his parents.

Mr. and Mrs. Morris Brown visited with Mrs. Brown's parents, near Wellington over the week end.

Greg Rice, former Notre Dame athlete, set a new three-mile indoor record to win the national championship in 13 minutes, 51 seconds, clipping 1.3 seconds from the former mark.

Honus Wagner, by many considered the greatest shortstop of all time, wasn't always perfect. The records show that he once made six errors in one world series.

SWERINGEN By W. A. ANTHONY

Church services were well attended Sunday morning and night. L. E. Tyler took his daughter, Erline, to Sanatorium, Texas, for treatment Saturday. She had been in St. Joseph's Hospital at Wellington part of last week for treatment before going to Sanatorium.

Denton Anthony was confined to St. Joseph's Hospital last week. He was operated on for appendicitis. He is convalescing in the home of his wife's parents, Mr. and Mrs. Joe Childress, at Wellington.

Mr. and Mrs. Carl Bowman have moved from the Gilpin community in Childress County, to the L. G. Yarbrough place, where they will farm this year.

Mrs. Wayne Hull has been at the bedside of her mother, Mrs. E. J. Rawlins. Mrs. Rawlins is suffering with an attack of appendicitis.

Mr. and Mrs. Claud Brown attended the educational convention in Canyon Friday and Saturday.
