## Rural Electrification For Dawson County Is Assured

### Activity Continues In New Cedar Lake Pool Survey To Start Within Next Few Days On Project

#### Work Under Way On Three Offsets And One Wildcat

#### Interest Centering On Warehouse No. 1

Drilling on three wells in the Cedar Lake field continues merrily along this week, with American Warehouse No. 1, west offset to the discovery, leading the way.

Drilling in that well was between 2,600 and 2,700 feet. Nine and 5-8 inch casing was set Wednesday and it is reported that strong gas pressure has been encountered. These reports reached Lamesa today but could not be verified.

Riley No. 1, wildcat test located three and one half miles north of the discovery well, is reported drilling after being held up for lack of water. Reports reaching Lamesa state that this will be a tight test, similar to the discovery well. In other words, no information will be released as to what is found until the well is completed.

Graders were busy early in the week throwing up a road from Fairview west to the new pool. Every assurance has been given by Commissioner Oscar Kelley, as well as the entire Commissioner's Court that the road will be pushed along as rapidly as possible. Commissioner Mercer of Gaines County assured a group of Lamesa citizens Tuesday that he was ready to meet the Dawson County road at the line and continue it on to the field. The last two miles of the road will be in his county.

Weekly meetings are being held in Lamesa by the steering committee of the Chamber of Commerce. Different phases of activity have been taken up and discussed at these meetings and much good has been accomplished. A report from the financial committee was heard last Tuesday and it was stated that the financial drive was meeting a hearty response from the business men of Lamesa. It was thought that no trouble will be experienced in securing whatever money is necessary to promote Lamesa's interest in the new field.

#### Announce Avery Dealer For Area

Announcement is made this week by H. M. Moore of Lamesa, that he has just been appointed Avery Tractor and Implement dealer for this territory. Mr. Moore only recently came from Colorado City and purchased the O. Lambeth Oil property in south Lamesa.

He has two of the late model Avery Tractors on display at his property just south of the CCC Camp on the highway. He also has a new type feed grinder on display. The Avery line of farm equipment is among the pioneers in this industry. Your attention is called to their announcement in this issue of the Courier.

#### Lamesa Grocery Add Improvements

W. H. and O. H. Strange, owners and operators of the Lamesa Grocery, have just completed remodeling their store on North Austin.

Renovation of this building, in which they have been located since 1936, included redecoration on the inside and along the front. A new color scheme of orange and green trimming adds much to the appearance of this modern grocery firm.

The management announces fixtures have been attractively arranged to better accommodate shoppers. These improvements coupled with others made over a period of three years places this firm among the leaders in the grocery field.

They announce a series of advertisements, the first of which appears in this issue of the Courier in another section.

#### Among The Younger Set

Photos By Ash Studio

The dimpled darling pictured above is the Courier's choice for the First Lady of the Younger Set for this week. She is the charming little daughter of Mr. and Mrs. W. O. Tunnell of O'Donnell. Her name is Anita Joyce. She has brown eyes and blond hair. She was born Oct. 27, 1936.

#### Business Will Go On As Usual Here On Armistice Day

#### Stores In Lamesa To Be Open As Usual

Business will go on as usual in Lamesa next Saturday, despite the fact that it is Armistice. As was announced last week, business men of Lamesa decided at a meeting to remain open throughout the day.

Announcement was made Wednesday by Owen C. Taylor, Lamesa postmaster, that the Post Office would remain open until noon, as is the usual Saturday custom. "Although this is a legal holiday for postal employees, we feel that in view of the fact that other places of business will be open that day, that we can serve our patrons better by remaining open," Mr. Taylor stated. "No rural routes will be run Saturday, but other Post Office business will go on as usual."

Citizens of the territory are again reminded that Lamesa business firms will observe November 30th as Thanksgiving and will be open for business as usual on Thursday, November 23rd. It is understood that all schools of the city and county will also observe the latter date as their official Thanksgiving holiday.

#### BUYS FRUIT STAND

C. C. Houhlin and Son this week purchased the fruit stand of Joe Peterson, located two doors west of the Lamesa Steam Laundry on North First. They will add a complete stock of groceries, they announced this week. See their ad in this issue.

#### Hearty Response

The response to the Courier Bargain Rates which are now in effect, have been most gratifying to the publishers. There has been a steady flow of new and renewal subscribers, who have come in to take advantage of the savings offered.

Those who have not yet availed themselves of the opportunity, are urged to do so at once, as the time is limited. After the Bargain Days are over the Courier will charge \$1.50 per year in Dawson and adjacent counties and \$2.00 per year elsewhere. So it really means a saving of exactly one half on the cost of the paper.

Besides bringing to you the news of Lamesa, the county as a whole and your own individual community news, The Courier is more than just the cost of a year's subscription. With the oil field development at Cedar Lake, government regulations of farming operations, as well as many important features which you can't get elsewhere except through your home town newspaper, you cannot afford to be without the paper when you can get it for less than one and one-half pennies per week.

Below is given the names of those who have come in during the past week to either renew or subscribe for the first time:

#### Allen-Houston Post Will Observe Armistice Day With Stag Breakfast

#### COMING EVENTS

**ARMISTICE DAY**—Next Saturday, with the Allen-Houston Post of the American Legion observing the day with an early morning program. Stores of Lamesa will remain open throughout the day as usual. Post Office will be open until noon.

**THANKSGIVING**—Lamesa will observe November 30th as the official Thanksgiving Day, with all retail stores expected to close throughout the day. It is expected that the schools of both city and county will be closed.

**CHRISTMAS SHOPPING SEASON**—It has been voted to open the official Christmas Shopping Season in Lamesa on Friday, December 1st.

**UNVEILING OF WINDOWS**—Unveiling of Christmas Windows and the turning on of Christmas Street Lights will be simultaneously observed at 7:30 P. M. Friday, December 8th.

#### The Courier To Be \$1.50 Per Year After Present Bargain Days Are Over

After the present Bargain Days are over, the subscription price of the Courier will be \$1.50 per year in Dawson and adjacent counties and \$2.00 per year elsewhere.

This is done after a careful survey of the rising costs of production, including higher news print, etc. In view of the fact that The Courier now comes to you in a much larger form it is felt that this increase in price is fully justified.

The Courier is now classed among the largest weekly newspapers in Texas and the subscription price of \$1.50 per year is considered nominal in view of what the subscribers get for their money.

But you had better hurry, as these Bargain Days will not last long. While they last, you can get the paper for seventy-five cents per year if you live in Dawson or adjoining counties.

#### Two New Roads In Precinct Three Be Constructed

#### Welch To Seagraves And Cedar Lake Projects

According to W. M. Yates, Dawson County Judge, the road to the new Cedar Lake Oil Field will be pushed forward as rapidly as possible, and the Commissioners Court has the assurance of Gaines County Commissioner Mercer, that his county will take up the road at the county line and complete the remaining two miles as quickly as possible.

It was further revealed in road building connection, that the Welch to Seagraves road will be built very shortly. It seems that a report had been circulated that the proposed road from Welch to the Gaines County town would be abandoned because of the new oil field road. This is in error, according to Judge Yates. "We intend to build this road as quickly as possible, and our plans for its construction have not been altered in the least," he stated this week.

A group of Lamesa citizens met with Mr. Wagner, Production Superintendent for Stanolind Oil Company for this district, Tuesday to ascertain just what was the best way Lamesa could cooperate with the company. He stated that up until this time, Lamesa's efforts had been not only as the company wanted them, but had also been deeply appreciated. Mr. Wagner was assured by the Lamesa representatives that they would give him and his company every possible cooperation and invited him to offer any suggestions which would prove mutually beneficial.

It is understood that the Chamber of Commerce has secured some apartments and houses for oil field workers. Those who have vacancies are asked to turn them in to that office.

#### War Souvenirs Of Local Man Are Interesting

Sam Park, local dairyman, and World War Veteran, has some interesting papers as souvenirs of his experiences in Uncle Sam's Service.

He has three issues of the Agamemnon Daily News, printed aboard the steamship Agamemnon, which transported him and thousands of other soldiers home from France. The papers are dated July 18, 19, and 20, 1919.

The boat carried 5,938 soldiers aboard, which added to their crew brought the total to 6,902 men aboard.

Movies advertised to be shown aboard ship starred Wallace Reid in "Allas Mike Moran". On July 18th the paper stated that the ship was 1192 miles from New York and on July 20th the distance was quoted as 401 miles. The papers consist of four pages each 5 1/4 inches by 8 inches. They were printed each day aboard ship.

Besides giving ship news they gave baseball results, news of foreign countries, but very little news from the United States.

#### First In Series Of Musical Art Programs Will Be Held Here Next Thursday Night

#### Merle McRorey Buys Interest In Gas Station

Announcement was made this week by Lem Gresham to the effect that Merle McRorey has acquired an interest in the Gresham Magnolia Station on the southeast corner of the square.

The new associate has been connected with a number of the leading stations in Lamesa since he became engaged in the filling station business shortly after graduation from the local high school in 1935. His announcement is contained in another section of this paper.

#### Dewey's Bargain Has Anniversary

Dewey's Bargain Center, on the east side of the square, are this week announcing some extra special values for this week end.

Marking their First Anniversary in Lamesa, they have been offering special prices throughout the store all week. Their sale will close Saturday night and they are quoting extra values. Your attention is called to their ad on the back page of this issue.

#### Red Cross Annual Roll Call Opens Wednesday

The Dawson County Annual Roll Call for the Red Cross will be held November 15, and will start off with a big kick-off breakfast at the Plaza Hotel. All workers will attend the breakfast and receive final instructions and supplies for the campaign.

After the breakfast, which will be held at 7:00 A. M., the workers will all start the campaign at the same time, and it is hoped to have the drive completed here in Lamesa within two hours. Announcements will be made from the street over an amplifying system, and everybody is asked to cooperate with the workers in putting the drive over as quickly and as successfully as possible.

Dawson County's quota for this year is 500 members and it is hoped that the drive will net a membership in excess of that number. The American Red Cross is asking for one million additional members this year.

These ladies will act as group chairmen for the drive: Mrs. J. D. Dyer, Mrs. Guy Simpson, Mrs. W. H. Arnett, Mrs. Tony Goble and Mrs. D. D. Arnett.

Below is given a list of workers who have volunteered their services in putting on the campaign this year: Walter Harold Collins, J. H. (Continued on Back Page)

#### One Hundred Seventy Miles Of Line In County

Word was received Monday afternoon by Joe M. Peterson, that the application for the Rural Electrification Program for Dawson County had been approved and the money appropriated.

The program calls for the building of 171 miles of electric lines in this county to serve approximately five hundred rural homes.

Staking for poles is expected to begin within the very near future, according to Mr. Peterson, who has been a leader in the movement since its inception. After the poles are staked and map is drawn, the board of directors will meet to let the contract. It is further stated that the contractor will use his own skilled labor and will use as much local unskilled labor as possible. The board of directors will not have anything to do with the hiring of labor it was said.

Signers on the project are asked to be patient, as the building of a line of this length will necessarily require some time and a great deal of labor.

There will be approximately 2565 poles used in the construction, and each one will require a hole of five and a half foot depth. Added together this reaches a total of 14,057 feet of post holes, or enough, if added together, to dig three oil wells. There will be several hundred miles of wire to string and when this is taken into consideration, it (Continued on Back Page)

#### Aunt Of Lamesa Woman Succumbs

Mrs. J. H. Clark of the Clark-McDonald Drug Store, left Wednesday for Lone Oak, Texas, to be at the bedside of her aunt, Mrs. McBride, who was seriously ill.

Word was received by friends in Lamesa that the aunt passed away Sunday and was buried there on Monday.

Mrs. Clark is expected to return to Lamesa Thursday night.

#### Elder To Preach At Welch Sunday

Rev. Jack Thompson, pastor of the Lamesa Circuit of the Methodist Church, received a message Thursday morning from Preaching Elder O. P. Clark, stating that he would preach at Welch Sunday morning at 11 o'clock.

"Bro. Clark is a forceful speaker and we urge every member, as well as the entire community to join us Sunday morning in hearing him," Rev. Thompson stated today.

#### Allen Hardware Gets Tractors

Allen Hardware Company, local John Deere dealers, unloaded a carload of the new model John Deere Tractors, Thursday.

There were a total of five tractors, including three models they are on display in their showroom on South Austin Street.

This firm has handled the John Deere line in Lamesa for many years and have built a large business on this old line of merchandise.

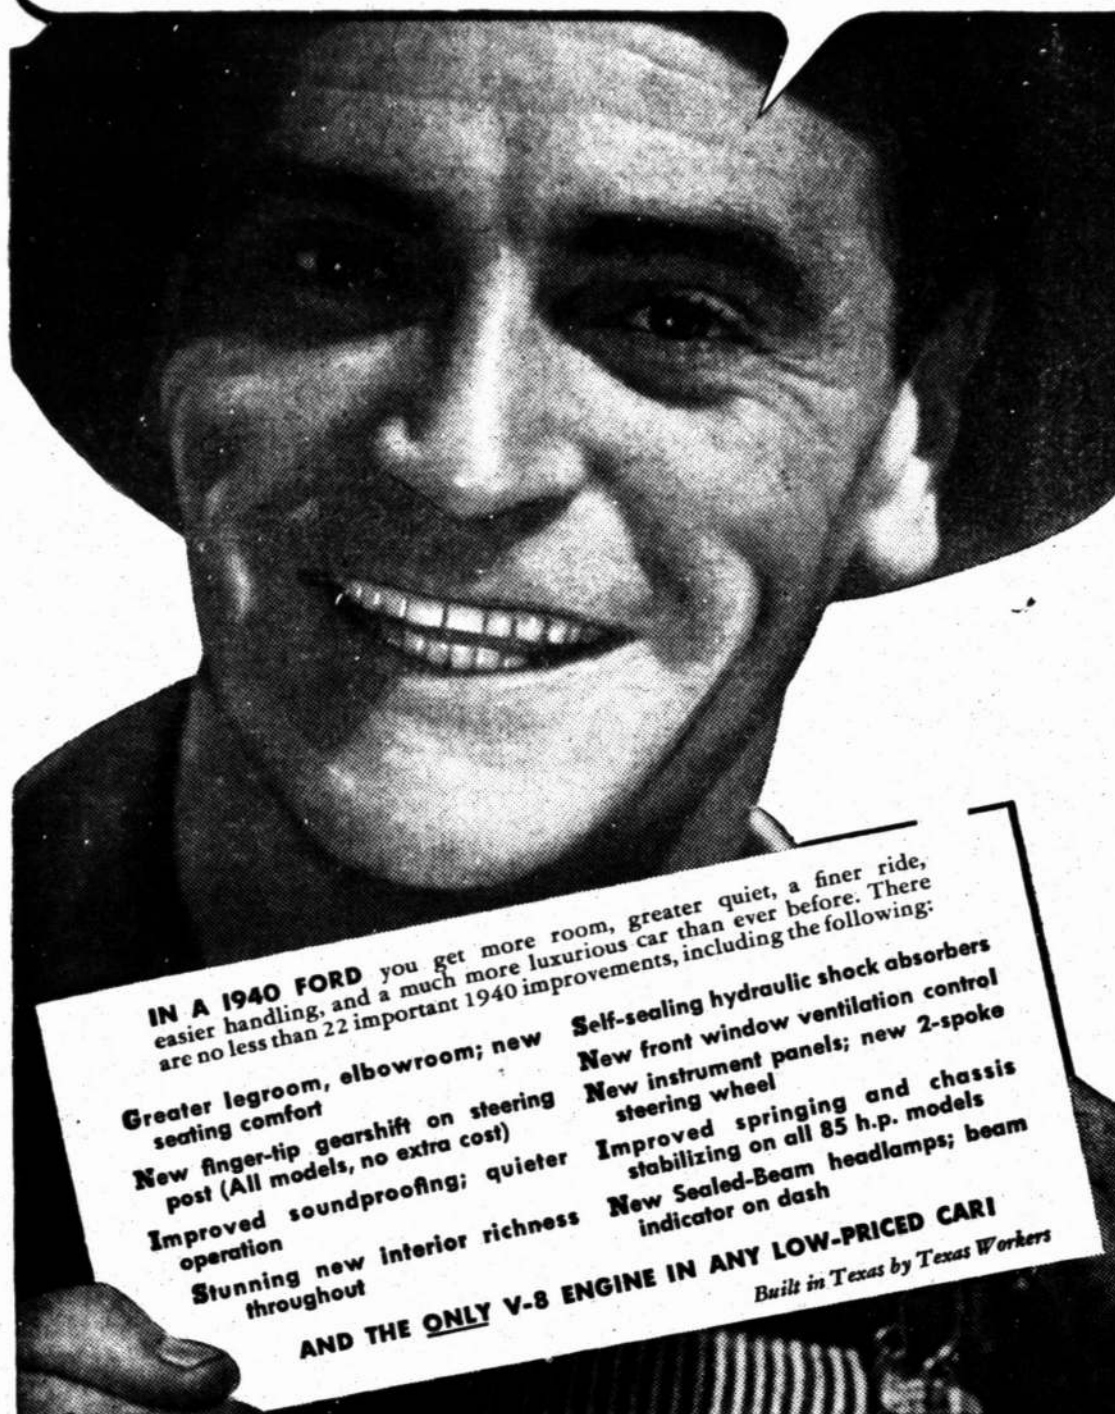

Your attention is called to their ad in this issue.

#### Receives Broken Neck In Accident

Buster Hemphill and Earnest Randolph of the Five Mile community, were in an automobile accident last Saturday night near Big Spring, according to news releases in the daily press this week.

Details of the accident were not learned by the Courier. Mr. Hemphill received a broken neck and is in a Big Spring hospital where his condition, although serious, is not thought will prove fatal. Mr. Randolph escaped with minor cuts and bruises.

**"BET THEY'RE USING LOW-TEST GAS AGAIN"**

**The kid's right!** It's a safe bet that the gasoline in the tank is not "hot" enough when any engine—in good mechanical condition—begins giving starting trouble as the weather gets colder. It's an even safer bet that Phillips 66 Poly Gas will give you extra fast starting even on cold days... because this sensational gasoline is extra high test!

Why not get a demonstration in your own car of the difference this lively motor fuel will make? Check how it does away with starting trouble. Note the faster warm-up. The improvement in power and pick-up. The gain in smoother running. Besides, mileage is increased by the sharp reduction in the need for wasteful choking.

Best of all, Phillips 66 Poly Gas costs nothing extra, since Phillips is the **WORLD'S LARGEST PRODUCER** of natural high test gasoline. Find out how to run your car for less this winter by getting a trial tankful of self-demonstrating Phillips 66 Poly Gas, at any Orange and Black 66 Shield.

**STYLES HAVE CHANGED FROM 1889 TO 1939  
BUT COLLEGE GIRLS HAVE SAME PROBLEMS**

In 1889, girls at Baylor Female College were hampered by their voluminous skirts, their three petticoats and their top-heavy hairdress as attested by the group in the center. Today, students at Mary Hardin-Baylor College present a different picture with their abbreviated skirts, sweaters, and socks, except when they don long-skirted evening frocks and pile their tresses on their heads, adding charm and dignity in striking contrast to their efficient day-time costumes, BUT basically their joys, trials and tribulations are remarkably similar if the four letters written in 1889 and recently given to the Alumnae Association can be depended on for a true picture of the life of a college girl 50 years ago.

### Lamesa Elementary P.T.A. Enrolls Over 200 Members

With 477 pupils enrolled in the Lamesa Elementary School, the P. T. A. membership committee has announced over 200 paid up members on the roll of the Association. The membership committee is headed by Mrs. Hubert Nelson, and she is assisted by Mrs. W. H. Perkins and Mrs. Joe Green.

Second meeting of the current year was held November 2 at 3:30 p. m. in the Elementary School auditorium under the leadership of Mrs. Glenn Jones. Highlight of the program was a talk by Mrs. D. W. Ogletree on the subject, "Individuality and Social Adaptability." A folk dance and musical entertainment was given by the sixth grade pupils.

Attendance prize, given to the room having the largest number of mothers present, went to Mrs. Cox's room. Miss Lillydahl's room was second place winner.

The program theme for this year is "Needs of the Child for a Well Rounded Life." The aim of the Association is to develop between the school and the general public such united efforts as will secure for every child the highest advantages in physical, mental, social and spiritual education.

Plans are being considered for a W. O. A. Lunch Room Project, and information regarding such has been sent to each child's home.

### Mrs. Herbert Caudle Hostess To Sew And Sew Club

The Sew and Sew Club was entertained Wednesday by Mrs. Herbert Caudle. Her home was beautifully decorated with bronze caryanthenums and other fall flowers. ### Mrs. Jap Randle Hostess To Bridge Club Wednesday

Mrs. Jap Randle was hostess to members and guests of the Wednesday bridge club at her home on North First Street, Wednesday afternoon.

Games of bridge were enjoyed during the afternoon with Mrs. F. T. McCollum winning high score and little slam prizes. Mrs. A. G. Barnard also won little slam.

A salad course was served to Mesdames F. T. McCollum, A. G. Barnard, Lt. Bradley, A. M. Bennett, W. B. Collins, W. A. Wallace, Charles Hunt, A. Cox, Elzie Burleson, J. L. Sypert, Pffuefer, and the hostess Mrs. Randle.

### Mrs. Joe Whitlow Entertains Forty-Two Club

Mrs. Joe Whitlow entertained members and guests of the Wednesday Forty-two Club at her home on North Third Street, Wednesday afternoon.

Games of 42 were enjoyed during the afternoon with Mrs. Joe English winning 84 prize and Mrs. Elmer Cope winning high score.

At the conclusion of the games a delicious dessert course was served to Mesdames C. St. Joe, Boyd Echols, Durwin Echols, Joe English, Blaine Wiggins, Elmer Cope, Ross McDonald, Olen York, Guy Williamson, Ebbie Lee, Jap Baldwin, and the hostess, Mrs. Whitlow.

### Delphian Club Holds Art Tea Tuesday Evening

The Lamesa Delphian Club, in regular meeting at the Club House Tuesday night, were honored by having Mrs. J. M. Rutherford, President of the 7th District of Federated Women's Clubs, of Chillicothe, Texas, present, and addressing the group.

Mrs. R. H. Huddleston and Miss Florence Griffith were co-chairmen of the night's program which was in the form of an art tea.

Mrs. W. P. Avriett, ex-president of the Seventh District, introduced Mrs. Rutherford, who gave the main address of the evening.

All club members enjoyed the talk by Mrs. Rutherford and expressed the desire that she be with them again in the near future.

### American Art Week To Be Observed In Lamesa Nov. 8-13

This week, November 8 to 13th inclusive, is American Art Week. It was through the efforts of the American Artist's Professional League that American Art Week was set aside as a national tribute to artists and art. National chairman is P. Ballard Williams of New York City; national director is Mrs. Florence Tapping Green of Long Branch, New Jersey; and the Texas director is Mrs. Greenleaf Fisk of Abilene, Texas.

The Artists Professional League was organized 12 years ago in order to secure proper cooperation and understanding among artists, dealers, art collectors, and laymen. Wide interest in art on the part of the general public in America has cleared the road of many obstacles confronting American artists. Last year more than 30 state governors proclaimed Art Week. Numerous organizations in Lamesa are observing National Art Week by having programs emphasizing art. First of these programs was the Delphian Art Tea held Tuesday evening at the club house. The week is also being observed in the Lamesa Elementary School art classes.

### Wilma Faye Mitchell Wins First Place In Contest

As a preliminary contest to the State Future Homemakers Rally, the Homemaking 2-B classes had a contest for tailored costumes with correct accessories, one day last week.

Wilma Faye Mitchell won first; Donna L. Love second; Wanda Lee Henderson third. The delegates to the rally this year will be based on a point system. Therefore, these girls will enter other contests during the year in order to determine the local winners.

The things which will determine the schools representatives are: activity in the Future Homemakers Club; class average; contests; home projects and attitude.

### Interesting Program Is Presented By Seventh Grade

The sixth and seventh grades of the Lamesa Elementary school gave their first program of the year last Friday afternoon.

The seventh grade under the direction of Mrs. Ogletree gave the program which was as follows:

Patsy Jo Rountree gave a reading; Mary Lou Bizzell and Jimmie Rex Mitchell played a violin duet accompanied by Mrs. Hardesty; Kathlena King, Oatus Roberts, Bennie Thigpen and Robert Kirk played a number on their band instruments. Last of all was a group of college songs sung by the room, accompanied at the piano by Mrs. Weldon Lindsey.

### Student Council To Be Formed

The Lamesa Elementary School has decided to form a Student Council of the fourth, fifth, sixth and seventh grades.

Each room is to elect a president, vice president, secretary, fire chief and room monitor. These to form the Student Council.

The Council is being formed in hopes of making the school a safer and happier place for the school children. The Council was formed once before, during the school year of 1938-39, but with just the sixth and seventh grades participating.

### Ting Ta Ta Chapter Enjoys Good Meeting

The Ting Ta Ta Chapter of the Future Homemakers of Texas had an interesting program, Wednesday, November 8, in the Homemaking Department.

The theme of the program was "America," with these girls as leaders in their respective groups: Glenna F. Bailey, Mary Lou Murray, Margaret Davis and Donna Lita Love.

Two topics included on the program were "America Through Women's Eyes," and "The American Girl Travels." American songs were sung at the close of the meeting.

### Co-Hostesses Honor Sunday School Class

Misses Texana Chilton and Gerlie Stump entertained the members of the Baptist Sunday School Class, Ackerly, with a social last Wednesday night, in the home of Mrs. Roy Chilton.

Various games were enjoyed during the evening.

A delicious refreshment plate of chicken salad sandwiches, hot chocolate and candy was served to Misses Hattie Crane, Helen Clark, Quanda Gene Pendergrass, Othella Chilton, Lillie Jay Graves, Messrs. Derwood Crane, Junior Pendergrass, Raymond Duffie, Harmon Hambrie, Bob James, Darwin Hinson, Roy Gaston Bingham of Lamesa, Rev. and Mrs. Cumble, Mrs. Roy Chilton and the hostesses.

### Henry Norris To Give Review At Study Club

The program for the Woman's Study Club for November 10, will feature a review by Mr. Henry Norris, County Superintendent, on world affairs. The review will be based on the opinions of Mr. Streib, a delegate of America to the League of Nations for many years, and the articles features by late numbers of Times Magazine.

The first part of the talk will deal with the political ideology that has grown up in Germany since the signing of the Peace Treaty of Versailles.

The second section of the review will be a comparison of Germany with the United States; and showing the place that the United States holds in world affairs.

The third point on the outline will be in the nature of a criticism of newspaper and radio propaganda in the United States; and of means that the United States may employ to keep Democracy a vital thing in our international life.

The meeting will begin at 3:00 p. m. at the Club House.

### Homemaking Classes Present Style Show Wednesday

The High School Assembly program for Wednesday, November 1, was a style show presented by the Homemaking 2-B Class. Twenty-five girls modeled their tailored dresses of silk, rayon or wool. These attractive and colorful dresses were planned, selected and constructed by the girls.

Mr. King and his High School Orchestra furnished the music for this occasion.

### Mrs. Joe Barron Is Hostess To Pioneer Club

Mrs. Joe Barron was hostess to members and guests of the Pioneer Club, Tuesday afternoon at her home.

Games of eighty-four were enjoyed during the afternoon. At the conclusion of the games a delicious salad course was served to Mesdames W. V. P. Baker, D. S. Day, R. E. Simpson, Sr., A. M. Bennett, N. D. Bartlett, Dixie Kilgore, C. P. Petty of Austin, and the hostess, Mrs. Barron.

### Mrs. M. Lamphere Hostess To Bridge Club

Mrs. Maurice Lamphere was hostess to members and guests of the Thursday Bridge Club last Thursday afternoon at her home on North Third Street.

Games of bridge were enjoyed during the afternoon with Mrs. George Mac Yates winning high score and slam prizes. Mrs. Lloyd Mitchell was winner of the Bingo prize.

At the conclusion of the games, sandwiches, cake, and coffee were served to Mesdames Clarence Newland, Karl Cayton, I. F. Dodd, Sidney Randall, Robert Koger, Ben Allen, R. E. Jones, Davie Jones, Ralph Fry, Lloyd Mitchell, George Mac Yates, Elwin Kutch, and the hostess, Mrs. Lamphere.

### Announce "Know Texas" Contest

"Know Your Texas Contest," sponsored by the Dallas News, is now ready for the students of the county. Contest blanks may be secured at the County Superintendent's office.

Many of the students of the county have already heard of the contest. For those who have not, the contest is for school children of all grades above the fourth, and consists of questions, the answers to which may be found in the Texas Almanac. Forty-eight children over the state and six teachers will be given a free tour of Texas next summer as a reward for their work.

Teachers should encourage this contest among the children because it is not only educational but the reward is worth the effort.

Tracy Campbell, of Campbell's Grocery, is back on the job again this week after having been confined to his home a few days due to illness.

Harold Simpson of the University of Texas, Austin, spent the week end here visiting with his parents Mr. and Mrs. Ross Simpson.

### HOSPITAL NEWS

Miss Lavenia Estes is receiving medical treatment this week.

C. T. Westcott of Seminole is receiving medical treatment this week.

H. A. Mason Jr., received medical treatment this week.

Mrs. J. W. Small was a medical patient this week.

Mrs. L. L. Lambright received medical treatment this week.

J. C. O'Brien underwent an appendectomy November 5.

### Schools Warned On Attendance

Attention of the trustees and teachers of the rural schools of the county has again been called to the 65 per cent average daily attendance clause in the new state aid bill. According to a letter received this week from the deputy state superintendent, a school which has not maintained this percentage up to the time of his visit, will not be able to meet it for four consecutive months after that date and will consequently lose all aid.

Teachers are urged to keep close check on attendance and if attendance falls short, some reason should be found for the shortage and a remedy should be found immediately. If children are out for fall work perhaps school should be dismissed until the fall rush is over even though dismissing is a bad practice. Most of our schools cannot run a full term without rural aid, so therefore, dismissing in order to provide a full term is better than to have the school cut short.

In some instances the trustees might make a canvas of the district urging parents to see that children attend regularly and in that way remedy the situation. Last year this practice was employed in

### Warn Motorists Of Violations

School officials and members of the sheriff's department have repeatedly been warned during the past few weeks by school bus drivers and motorists that practices which endanger the lives of children have been noticed on the highways.

It has been pointed out that parents are responsible for some of these dangers. Many times parents meet the bus on a main highway and ask that their children be transferred to their private car. Approaching traffic passing between the two vehicles have narrowly escaped serious accidents on several occasions.

Motorists are also warned that a traffic law frequently violated is that which forbids motorists passing school buses while in the act of unloading children at regular bus stops. The sacrifice of a few moments on the part of a motorist is nothing compared to the lives of one child.

It seems especially fitting that we should all check up on ourselves during the coming weeks in view of the fact that the week just closing has been designated by the Governor of Texas as school safety week and violations have been so numerous as to cause much comment among the people of the county.

Miss Willie Vaughn spent the week end at Lubbock visiting with friends.

### HANCOCK School News

The school will celebrate Armistice with a chapel program given by the 3, 4, 5, and 6th grades, and with a football game between the Hancock outsiders and the Woody outsiders.

Friday afternoon the Hancock outsiders beat the school boys 8 to 6.

The classes were rather dull last Wednesday morning since every one was sleepy. It's a good thing that Halloween comes only once a year.

The tenth grade has taken up new work in English and are having quite a lot of trouble with adjectival accusatives.

There is much reading going on lately for it is almost time for book reports again. We had individual tests on our book reports last week.

Mr. Miller visited his parents in Seymour over the week end.

Archie McCurry visited his parents at Jayton over the week end.

The Citizenship Club met in its regular meeting Friday and enjoyed a good lesson in the play put on by the Thrift Committee. If the club can accomplish as much this year as it did last year, we feel that our efforts will not be wasted. We hope to form habits of good citizenship that will mean good men and women of tomorrow.

Several good story books have been brought in by pupils for the 3, 4 and 5 grades and many are reading that have no interest in reading before these new books were brought.

### DAWSON School News

Football

The football team worked hard last week so that they might defeat Ackerly on November 3. They played a good game and lost with the best of sportsmanship. At the end of the game the score was 26 to 30. We are to play Klondike here Friday, November 10, and Union here on November 17. Be sure and come to these games as we can assure you that your time will be well spent.

Basketball

The boys and girls basketball team went to Loop Friday night, October 26. The girls won 10 to 9 and the boys lost by a score of 16 to 15. Although the boys had not practiced this year they played an excellent game. The girls are to go to Loop again Friday night, November 10. They have won three games while losing two this season. We hope they have good luck in their remaining games.

Homemaking Club

The Homemakers met on November 6. We took up embroidery work and will try to learn more about it at our next meeting which will be November 20. We are having a box supper November 26. The money will be used for kitchen utensils in the food laboratory.

Halloween Carnival

The P. T. A. sponsored a Halloween Carnival Tuesday night. There was a large crowd present and it seemed that every one had an enjoyable time. In the Freshman class, Modell McClure and J. T. Fowler were representatives for king and queen. Erna Lou Jones and Billy Harred for the Sophomore class, Latrice Lee and Forrest Meeks for the Junior Class and Adella Turner and Maurice Womack for the Senior class. The representatives for the Senior class won the race.

Honor Roll

The High School has set up a system of requirements for the honor roll. We feel that this system is fair to all alike and by diligent efforts the various pupils can attain this honor and at the same time improve his or her scholastic standing in the various classes. The faculty has devised the following method of awarding the honor points:

A counts five points.  
B counts three points.  
C counts one point.  
D counts minus one point.

A pupil must make this honor roll must make not less than sixteen points and cannot make over twenty. If a pupil is taking more than four subjects the four highest will be counted.

For the first six weeks, the following students have made the roll and their names and points are as follows:

Bonnie Jo Ballard, 18 points.  
J. D. Birdwell, 16 points.  
Sylvia Cornett, 18 points.  
Lavenia Davis, 20 points.  
L. T. Davis, 16 points.  
Catherine Greaves, 16 points.  
Edward Grison, 18 points.  
Troy Lee Jones, 16 points.  
Florence Leonard, 16 points.  
Katherine Matthews, 18 points.  
Catherine Parchman, 16 points.  
Walter Reithmayer, 16 points.  
Bobby Stanfield, 16 points.  
Wanda Trice, 16 points.  
Elwanda Vardeman, 18 points.  
Leon Williams, 18 points.  
The Grade School Honor Roll will appear in the next issue.

Halloween Carnival

The Halloween Carnival given Friday night at the High School building was a big success. The expenses were \$22.07. The total receipts were \$182.77. The net profit was \$160.70.

The Sparenberg School would like to take this opportunity to thank the merchants and business concerns of Lamesa, Sparenberg and Ackerly who generously contributed donations to our Halloween Carnival.

The proceeds will be divided between the F. F. A., Home Economics and Athletic Departments and the Grammar School.

Senior Class News

The Senior Class wishes to congratulate the Sophomore Class over their successful victory in electing the football queen. The grammar school queen gave the high school queen some real competition in the race.

Home Economics News

The carnival was a great success and the home economics department cleared about eighteen dollars.

# ELECTRICITY IS YOUR biggest bargain

IT'S REAL ECONOMY TO MAKE FULL USE OF YOUR ELECTRIC SERVICE

**TEXAS ELECTRIC SERVICE COMPANY**  
C. E. CAMERON, Manager

● Thrifty housewives who keep a close check on expenses know that electricity is the biggest bargain of all household needs. They also know that the more electricity they use, the more they save in time, energy, add to the comfort of their home and protect the health of their family.

They know, for instance, that a penny's worth of electricity cleans the rugs in the entire house; that a few pennies a day is all it costs to keep food fresh and healthful in an electric refrigerator; that good light for reading costs only a penny or two an evening, and radio entertainment for a whole evening costs less than three cents.

When the end of a month comes around, they know that the cost of full use of electric service has averaged only a few cents a day, and is one of the smallest items of household expense... and the biggest bargain.

## WINTER DISARMED

90-hour threat ended by OIL-PLATING your engine today

You can probably agree that these are certainly conservative figures...

- 4 or 5 months of nasty weather right ahead of you now
- 8 or 10 daily cold starts for your car
- 6 to 8 minutes per start, till your engine's near-warm

And yet even that can run up your engine's cold-weather "starting-stretch" to right around 90 hours! ... The foulest 90 hours that Gangster Winter could fire at your engine—your battery. And don't ever hope to halt him with motor oils whose biggest brag is "fast flow." That's not enough—and it's not your money's worth, considering that "fast flow" is mighty slow Winter lubrication compared to OIL-PLATING.

OIL-PLATING in your engine will lubricate before any oil can circulate. That's because the minute you start up with patented Conoco Germ Processed oil it makes OIL-PLATING "magnetize" to all inner engine surfaces, so that it cannot drain down again. It cannot retire to the crankcase as you park the car. Like any other good plating, OIL-PLATING stays right where it's plated by Germ Process action—all over the working parts. They've "got on" their OIL-PLATING all the while you're indoors. They never "take off" their OIL-PLATING. When you come out to start then, your OIL-PLATING can't be delayed even 90 seconds—or one-ninth of

a second! And away you go. The battery hardly knows it was working. And it's a good long while before the gauge-stick calls for an added quart of Germ Processed oil. Your Mileage Merchant has your right Winter grade. Change today—to that Conoco station of his. Continental Oil Company

## Tornadoes Trek To Midland Grid For Friday Game

### Large Delegation To Go Along With Team

Three football games in as many weeks will close the 1939 season for the Lamesa High School Golden Tornadoes. They play at Midland at 8 p. m. Friday night, next week, November 17, at Sweetwater, and on November 24th. San Angelo's Bobcats come here. Lamesa is in fifth place in the seven member district with one win and two losses. Abilene and San Angelo are below the locals with no wins in district games.

A few of the forecasters predict that Midland will handle Lamesa easily Friday night.

The Golden Tornadoes have not conceded the game to the less column but on the contrary have gone about their preparations for the next three games with a renewed spirit and determination. Recent scrimmage reveals improvement in line play both on defense and offense. The rest last week gave time for injuries to heal so that the team members are in better physical condition than at any time since the Raton game.

The running and passing game of the Golden Tornadoes has improved to the extent that Midland is promised a real game.

Midland citizens are looking for a large crowd at the game and are all set to welcome all Dawson County visitors. The Lamesa band and rooting section will attend. Tickets are available at Taylor-McCall Drug.

## Lamesa Rotary Has Visitors

One of the best meetings in many weeks was enjoyed by the Lamesa Rotary club last Friday at noon at the Plaza Hotel.

The Hon. Tom Garard of Tahoka, was the principal speaker and addressed the body on the opportunities and responsibilities of a Rotarian. His talk was highly inspir-

ational and thoroughly enjoyed by the entire membership. He is an able and forceful speaker and his talk struck a very responsive chord with all.

The club reported a one hundred per cent attendance the week before and with only one member absent Friday it was felt that he would make up his attendance elsewhere to bring that meeting to 100 per cent.

The club will hold their regular weekly meeting Friday at the Plaza Hotel.

## NYA Woodwork Shop Be Opened In Lamesa Soon

### To Be Located In Old Lamesa Band Hall

W. Baxter of Anson, Area Supervisor of the National Youth Administration, and Jennings L. Lewis, of Lubbock, Acting District Director, were in Lamesa last week making preparations for the establishment of a NYA Woodworking Shop in Lamesa.

The shop will be located in the Band Hall on North Houston Street. It was expected to have the machinery, which has been in storage at Lubbock, set up this week and the shop ready for operation in a few days.

X. R. Banks, former teacher in the Sparenberg school, will be in charge of the Lamesa Shop. He is at Ranger now, where he has been for several days, receiving instructions for teaching this work.

This is a youth project wherein youths between the ages of 18 and 25 and who come from families who are either receiving old age assistance or Farm Security cases. Those desiring to take this work and who are eligible are requested to contact either Miss Ruth Magee of the Farm Security Administration or Mrs. J. M. Medlin.

These shops repair and build furniture, desks, bookcases, etc., for any tax supported institution. The institution to furnish all materials and the NYA will furnish the labor.

## County Library For Schools Now Ready For Usage

### Books Are Available To Teachers And Students

The Dawson County School Library, located in the office of the county superintendent has been completely set up and is ready for operation. There are approximately two hundred volumes of new books in the library at the present time which have not been checked out by the teachers. There are approximately two hundred more volumes which are on the state reading list which have been ready for use for some time. Many of these books are suitable for reading for the first three years of high school.

Attention has been called to the fact that schools trying for standardization may receive credit on the score card provided a number of the children receive state reading certificates during the year.

Teachers may get application blanks from Mrs. Nance, county librarian at the county superintendent's office, for a reading certificate provided the child has read and reported on thirty approved books. Teachers should encourage this extremely worthwhile project.

## Hooten Building Nears Completion

The J. T. Hooten buildings on Dallas Street are nearing completion and will be ready for occupancy within the next few days.

Facing seventy-five feet on Dallas and cornering on South First, these buildings are among the better class structures of Lamesa. A cream color face brick, with the trim around the bottom will be used.

The building has been divided into three spaces. It is understood that one of them has been leased, but no information as to who the occupant will be, was released. Mr. Hooten states that he has had several applications for the other structure.

## Rural Schools To Observe Nov. 30 As Thanksgiving

### To Celebrate Same Day As City Schools

At the invitation of the president, P. K. Humes, the superintendents and principals of the schools of the county met at the court house Tuesday night for the purpose of discussing plans for the teachers organization of the county. About twenty of the school men were present and a profitable round table discussion was conducted.

It was reported that 100 per cent enrollment in the Texas State Teachers Association has already been reached in the following schools: Dawson, Woody, Key, McCarty, and Sparenberg Elementary. This report was extremely gratifying and the teachers of these schools were complimented for their professional spirit.

A resolution was unanimously adopted recommending that the county board recommend to the local trustees of the county for a uniform Thanksgiving holiday to include November 30 and December 1. The County Superintendent was asked to present this matter to the county board for their consideration. The purpose of this move was to make for more uniformity among the schools.

It was agreed by all present that the next county teachers meeting be held at 7:30 p. m., Thursday, November 23, at the basement of the First Methodist Church rather than at the Court House on the Saturday following as previously announced.

The program as arranged for his meeting will be as follows: short opening program to be arranged by Howard Humphrey of McCarty; P. K. Humes of Union will preside at the general assembly; the discussion of the group meetings will be under the direction of the following leaders. Primary, Lorraine McMillan of Union; Intermediate, Mrs. Ben Sullivan of Klondike; High School, H. T. Copeland of Sparenberg. Refreshments will be served by the Missionary Society of the Church.

It is the sincere desire of all to make this meeting one in which all the teachers will have a part and one which will appeal to their interests.

## RURAL

(Continued from Front Page) is readily seen that the project will require several weeks to complete. It is understood that the current will not be turned on until the line is complete for the entire 171 miles. According to Joe M. Peterson, those who have not already signed up for service, and who live within 1,000 feet of the proposed line, may yet sign up, provided they do so before the poles are staked and turned over to the contractor. If you live on this line and intend to sign up, you are urged to see him immediately and sign up before the project is closed.

The wiring of homes on the line are a private proposition, but all wiring will be inspected and must pass a certain test before it will be accepted and the current turned on. Those who have already signed for service are urged to find out what requirements are necessary before they let any contract or attempt any wiring.

Thus five hundred homes throughout the county who have heretofore had to depend on various means of light and power will now be afforded the convenience of electricity twenty-four hours a day. It is understood that the source of electrical supply will be from the same line that serves Lamesa.

A more detailed account of just where the lines will be built will be given at a later date.

To Joe Peterson, Rip Spraberry, Amos Painter, Howard Moore, Curtis Woodward, Frank Harris, Horace Duke, Walter Bartlett, C. P. Middleton and others, goes much of the credit for the completion of this project. They have given their time, thought and energy to its promotion, with only the remuneration of having the service for themselves on the same basis that the five hundred others will receive it.

## MARRIAGE LICENSES

and exceptional carrying qualities—always under perfect control. Her voice is as good in the simplest of songs as in the most elaborate of arias. By special request, Miss Carson has consented to sing a number of the older and simpler songs especially for the Lamesa audience. She will render such titles as "Songs My Mother Taught Me", "When I Was Seventeen", "Annie Laurie", "Comin' Thru the Eye", and others. In addition to these, she will present a number of more classical selections for the benefit of those more versed in music.

Miss Vera Harper, who will accompany Miss Carson, is an accomplished pianist and has had much experience in the concert work. A part of the program will be devoted entirely to piano renditions by Miss Harper.

Rose Paldar, who was originally scheduled to appear on this program, will not be able to make the series this year due to unavoidable circumstances. Miss Paldar's friends will regret her failure to return, but they will be gratified to learn that she has been replaced by as lovely and capable an artist as Miss Carson.

These persons will make an afternoon appearance for the students of the school.

## Thornton Is New Hudson Dealer

Information was released this week, revealing the recent appointment of L. M. Thornton as Hudson dealer for this territory.

The new models are now on display in their show rooms at the corner of North Second and Austin Streets.

Mr. Thornton is not new to the Hudson organization, having been their dealer here for a number of years. They will not only offer sales of new cars but will offer Hudson service on all models.

## Four New Members Join Lions Club

At the regular meeting of the Lamesa Lion Club, held Wednesday at noon at the Plaza Hotel, A. G. Bearden, local chamber of commerce secretary and Lion Governor of District 2-T, served as toastmaster.

Four new members were installed in a very impressive ceremony. Jack McLaughlin, J. R. Earnest, Lynn Edwards and Judge W. M. Yates were taken in as members. A nice crowd was present and enjoyed some interesting talks from out of town visitors whose names were not available. The club meets each week on Wednesday at the Plaza.

## REV. RANDOLPH DEATH VICTIM

Funeral services were held Monday afternoon at 4 p. m. for Rev. W. R. Randolph, 67, pioneer resident of this section. He had been a Baptist minister for many years.

His death came as a distinct shock to his family and friends as he had apparently been in excellent health. He died Sunday. Services were conducted at Higginbotham Funeral Home by Rev. E. F. Cole. Interment was in the Lamesa cemetery.

## Theo. Ashby Dies At Ackerly Home

Theo. Ashby, 62, prominent Ackerly resident, died at his home in the Brown community last Monday morning at 9 o'clock. Cause of his death was not learned in Lamesa. Funeral services were held at the Baptist church in Ackerly, Wednesday afternoon at 2 o'clock, conducted by the pastor Rev. R. R. Cumble, assisted by Rev. H. H. Hollowell of the Ackerly Methodist church. Interment was in the Ackerly cemetery.

## Extension Class Organized Monday

The first meeting of the recently organized extension class was held in the county court room Monday night, November 6, with a small but enthusiastic group present.

It was found that the course previously agreed upon and which had been offered here in the fall of 1937-38, did not seem acceptable to the majority and was decided that Education 439, "Unit Building", would be substituted.

This course has never been offered here before and will count for either graduate or undergraduate credit and will apply on an administrative, high school or elementary certificate. It will be taught by Dr. Doyle Jackson who has proven so popular with Dawson County students in the past.

This is a three hour course and will meet each Monday at 6:00 p. m., for a period of 15 weeks. The fee is \$15.00 and checks may be postdated to suit the individual.

The following teachers of the county enrolled the first night: Ila Faye Cowan of Grandview; L. L. Moore of Liberty; William Gay and Naomi Holder of Sparenberg; J. H. Milliken of Lubbock; Verdie Brock of Lamesa; Mrs. Elmer Miller of Key; Wilma Allen and Naomi Dement of McCarty; and J. H. Norris. Others who expect to enroll at the next meeting are Mrs. Mary Morris, Howard Humphrey, C. T. Clanton, A. J. Oliver, Ruth Reavis, Mildred Hemphill, Miss Harville and Mrs. Payne of Dawson, Mrs. Cates and Mrs. Dahnke of Woody, and several others.

By the number of inquiries which have been received it is ex-

## Hooten Building New Apartments

J. T. Hooten is building three apartments on his property on South First just off Dallas Street.

The buildings will be modern in every respect and will contain three apartments, equipped with automatic refrigeration, as well as every convenience.

Construction will be frame with brick veneer and stucco. It is expected to have the apartments ready for occupancy within a short time.

## G. A. Reeves Dies Of Heart Attack

Funeral services for G. A. Reeves, 62, were held Thursday morning at 10 o'clock at Higginbotham Funeral Home.

Mr. Reeves had been ill only a few hours prior to his death which came as a distinct shock to his family and friends. He passed away in the early hours of Wednesday morning at the home of his daughter Mrs. Howard Lee, where he had made his home for some time.

He became ill Sunday night and a physician was summoned. He became better, and Monday was up. Tuesday afternoon he was able to be out on the streets, and it was thought that he would be all right. His daughter was awakened by his groans early Wednesday morning. A physician was quickly called but he succumbed before the doctor arrived. His death was attributed to a heart attack.

He is survived by six daughters, Mrs. Howard Lee, and Mrs. Russell Crawford of Lamesa, Mrs. B. J. Boyd of O'Donnell, one daughter in California and two in New Mexico, as well as one son of Lovington, New Mexico. They all attended the funeral except the daughter from California, who was unable to be here.

Rev. David Murray conducted the funeral services. Interment was in Lamesa cemetery.

## Two Local Youths Join The Marines

Youland L. Echols and Robert G. Ragan, cousins, sons of Mr. and Mrs. Reginald E. Echols and Mrs. Kate L. Ragan, respectively, were accepted for service with the United States Marines by the Dallas Marine Corps Recruiting Office on November 6th and immediately transferred to San Diego, California, according to information received from Captain J. D. O'Leary of that office.

Both boys attended Lamesa High School and will, upon their arrival at the Pacific Coast city, be eligible to continue their education through the Marine Corps Institute without cost to themselves.

Miss Bill Upton and Mr. and Mrs. Bill Scott visited with Miss Upton's and Mrs. Scott's parents, Mr. and Mrs. J. W. Upton in Meadow over the week end.

Jack Hughes of the University of Texas at Austin, spent the week end here with relatives and friends.

Ed Tinsley was a business visitor in Dallas this week.

## SHERROD BROS. REORGANIZING

Dissolution of partnership of B. and Paul Sherrod in reorganization of their business interests here and in Big Spring and Lamesa was announced last night to 75 members of the firm and their wives at a called meeting and dinner in north ballroom of Lubbock Hotel. The change will become effective Jan. 1.

Emphasis was placed on the fact that this rearrangement of business was not a disbandment of hardware interests on the South Plains but merely a reorganization for the purpose of dividing wholesale and retail branches separately. Paul

will have charge of retail division operating independently under the title Sherrod Hardware Co. B. will own and operate wholesale interest under a name yet to be determined and will operate the Big Spring retail store.

It was stressed that all employees at the present time need not fear of losing their jobs with the concerns since the idea was for expansion rather than liquidation. All stores will continue with only slight changes except the Slaton store under the direction of N. R. Carter, which will remain virtually the same.

Sherrod Bros. Hardware Co., was organized in Lubbock in 1923 when the brothers were sole employees

and served as clerks and bookkeepers as well as owners. The businesses have expanded until the present status with four large hardware stores and appliance companies scattered over the South Plains. The store at Lamesa is managed by Barney McKinney and the Big Spring business is operated by Allen Cox. No change in personnel is anticipated when the change occurs the brothers announced.

The Sherrods have made no plans to change residence as a result of the dissolution. (Lubbock Avalanche, Oct. 28).

It is unlawful in Texas to kill or take turkey hens, the State Game Department points out.

## Southern Methodist University Inaugurates 4th President, Nov. 5-6

Dr. Umphrey Lee was inaugurated November 5 and 6 as Southern Methodist University's fourth president. Church dignitaries, including nine bishops of the South Central Jurisdiction of the Methodist Church, along with thirty-one members of the Board of Trustees, the honorary alumni, representatives of the Ex-Students Association, members of the faculty and student body, and friends and benefactors of the University attended the inaugural events. Bishop Charles L. Mead delivered the sermon at the religious convocation Sunday evening and Chancellor Oliver C. Carmichael of Vanderbilt University gave the principal address at the inauguration ceremony at 10 a. m. Monday in McFarlin Memorial Auditorium. Bishop A. Frank Smith, chairman of the S. M. U. Board of Trustees, invested Dr. Lee with the presidency. The inauguration closed with a large reception in honor of the new president Monday night, November 6.

## F.B.I. To Conduct Police School At Lubbock

Peace officers of the South Plains will have an opportunity to attend a Police Instruction School conducted by the Federal Bureau of Investigation and the Lubbock Police Department.

Plans for the school were made by special agent E. C. Wenig of the FBI. The program will be especially adapted to problems of this area. Don Reeder, Lubbock chief of police, announced this week.

The two weeks school begins Monday afternoon, November 13, and will continue through November 24, with the exception of Saturday and Sunday. Subjects taught at the school will be fingerprinting, Preservation of Evidence at the Scene of the Crime, Crime Scene Search, Cooperative Functions of the FBI, Legal Rights in Connection with Arrests, Discipline, Morale and Police Courtesy, Testifying in Court, Jui Jitsu, Disarming, Restraining Devices and Methods of Search, Traffic, Firearms, and Methods of Scientific Crime Detection.

There will be no charge for the two weeks school. Two identical sections of the school will be held for the convenience of all officers. The afternoon sessions will begin at 2:30, ending promptly at 4:30. The evening classes will start at 7:30 and continue until 9:30. Sessions will be held in the American Legion Hall in Lubbock.

Only officers of the law will be permitted to enter the school.

Those eligible for examinations are any child under the age of 21, who has a bone or muscle disability hair lip or cleft palate. There is only one restriction. Feeble minded children will not be accepted for this clinic.

Three of the outstanding orthopedic surgeons in Texas will be present to make all examinations and recommendations. They are: Dr. Frank Goodwin, El Paso, Texas; Dr. Charles F. Clayton, Ft. Worth, and Dr. P. M. Girard, Dallas.

It is the desire of the State Department of education to be of service to any and all crippled children in the Lubbock area. They realize that there are a great many who cannot be present for this clinic unless some neighbor will help them get there. Therefore, they are asking the people of Dawson county to cooperate in furnishing ways for those who could not otherwise attend.

Marie Dyer, presented a splendid instrumental solo. J. D. Dyer Sr., and C. W. Firestone had a few witty accounts to relate. The group enjoyed another song session, then each one present was asked to make some remarks on various assigned topics—impromptu. Brief remarks on the importance of Father-and-Son friendships were made by Rev. Rodney Glasscock. Following a hymn, the benedictory prayer was led by J. D. Dyer.

Mr. and Mrs. Hardy Parker of Sudan were visitors in Lamesa Wednesday.

Mrs. R. G. Ragan and son Robert spent several days in Dalake this week attending to business.

Mrs. Leroy Surface and Mrs. Carl Cox visited with friends in Lubbock Wednesday.

Be courteous. You may want to hunt on the farmer's land again.

## Child Clinic Be Held In Lubbock

The State Department of Education has been invited by the Lubbock-Crosby County Medical Assn., and the Lubbock County Crippled Children's Council to hold a free clinic in Lubbock during the month of November. The invitation has been accepted and the date set for November 15th.

The clinic will be held at the First Baptist Church and will begin at 8:30 a. m. All services will be free.

## Father And Son Banquet Is Held

Wednesday night, fourteen men and boys attended a banquet sponsored by the Christian Church. This was in observance of "Father and Son Week" which is recognized throughout the United States. Some men who did not qualify as fathers were generous enough to "adopt" sons for the affair.

The program was opened with a general son, all the more fun because of the tune becoming lost. Following the banquet, J. D. Dyer Jr., accompanied by Miss Tennie

## Wins Title for Fifth Time

FOR THE FIFTH consecutive year, Tony Accetta, star of the popular sound motion picture, "Let's Go Fishing", out-distances his rivals to win the coveted title of U. S. professional all-around bait-and-fly-casting champion, taking six firsts and two seconds in a nation-wide competition sponsored by the National Association of Scientific Anglers. The annual tournament was held this year at San Francisco. Fishing enthusiasts are being given the benefit of Accetta's wide experience through the medium of the 2-reel film, which has been viewed by nearly three-quarters of a million persons since its availability as a free attraction was announced by the Fisher Body division of General Motors just a few months ago.

## Business Is Up From Year Ago

Texas business records for September showed substantial improvement over the same period a year ago. The University of Texas Bu-

reau of Business Research has announced.

The Bureau has collected statistics showing: Consumption of electric power 10.4 per cent higher; postal receipts 1.7 per cent higher; capitalization of new firms chartered 40 per cent higher; production of Southern lumber mills approximately the same but shipments 12.4 per cent higher, and unfilled orders September 31 118.8 per cent higher; building permits 10.5 per cent higher; production of cement plants 9.8 per cent higher.

Prayer is for title and possession of said premises, for the cancellation of said deeds and lease, that the title to said property be quieted in the plaintiffs, for general and special relief, cost of suit and damages.

You are commanded to so sum-  
mons the defendants, and to serve

**Broaden Services To Texas Schools**

Reaching into every schoolroom in the state, a University of Texas survey aimed at improvement of classroom instruction was last week broadened to embrace three new units, Dr. Hob Gray, University education professor and originator of the survey, has announced.

Initiated last year by the department of superintendence of the Texas State Teachers Association as a survey of public school instruction, the project this year has added three new phases: an experimental class plan, assistance in giving tests, and special teacher instruction.

A 250-point check list, seeking to analyze teaching methods, has been mailed to 1,500 independent school districts, to every county superintendent or county judge, to every rural supervisor, and to 24

state deputies who superintend the educational areas of Texas, Dr. Gray said.

Purpose of the survey is not destructive criticism, he pointed out, but guidance for self-improvement of teachers and detection of weakness in collegiate teacher-education.

Experimental classes are being set up by 101 teachers in elementary, junior and senior schools, Dr. Gray said. Duplicate classes are set up and different instruction methods tried—ranging from the regular lecture to use of radio and reading courses. Results will be gauged by standardized tests given each group after one semester's work has been completed.

At the University, Saturday short courses for project directors in schools within a 100-mile radius are to be augmented by teacher conferences scheduled in Austin, November 18, in December and in January, Dr. Gray said.

**TEXAS OUT-O'-DOORS**

Racketeering in the name of wildlife restoration was branded in Austin this week by the executive secretary of the Texas Game, Fish and Oyster Commission as a criminal as selling gold bricks. The executive secretary pointed out reports to the Game Department office indicate persons are attempting to collect money from communities on the pretense of being able to influence allocation of federal aid to wildlife projects. Such projects in Texas are under the jurisdiction of the Game Commission and no one has been authorized to raise funds for such projects, nor for any other work the Department is doing.

Claims, it is said, are being made that local financial assistance is necessary to qualify for projects financed through Pittman-Robertson funds. However, this is untrue, as the game department will give careful consideration to suggestions of sportsmen, landowners, or nature organizations without their contributing any money, he emphasized.

A black fox, an extremely rare animal, is being sought in Comal County. Several persons, including the state game warden there, have seen the animal, one of the few, if not the only one in Texas.

White wing doves, as predicted by the Game Department before the hunting season opened, were more plentiful this season than in many years. The Department's warden in the Rio Grande Valley estimated that 250,000 were killed the first three weeks of the season.

Mourning doves were also plentiful throughout most of the state and were remaining in the northern portions of Texas later than usual, reports to the Game Department indicate.

Concho Lake recently gave up a gold fish thirteen inches in length and weighing more than one and a half pounds. It was caught by J. W. Revel of San Angelo while he was fishing with pole and line. Goldfish are members of the carp family.

Fishermen living in jack rabbit infested sections of Texas will find the livers of big rabbits makes excellent fish bait.

Students Bask In Balmy Weather

While Northern and Eastern campuses are snowbound, University of Texas students are holding class under spreading trees to escape the brilliance of the autumn sun.

Mrs. Annie S. Irvine, University English professor, last week marched her class in creative writing from the 31-story Main Building, out under a sycamore tree, where they sprawled on the grass for an hour and read each other's stories.

Cotton Is Best Money Crop Here

King Cotton is still a potent force in Texas' swing to industrialization, despite its drop from 1927 pre-eminence, a University of Texas expert predicted last week.

Dr. A. B. Cox, director of the University's Bureau of Business Research, pointed out that, although income from cotton and cotton seed now accounts for only 28 cents of each dollar of the Texas cotton farmer's income, compared with a 67 cent slice in 1927, the staple is still not only the state's best money crop but its surest cultivated feed crop.

In the field of synthetic fibers, coupled with conditions set up by rapidly changing arts and technologies, lies the way to healthy-recovery for the cotton industry, he said. Consideration must be given to the natural environment in which the staple grows, as well as to the principal characteristics of the plant itself, he added.

"We are going to have to stop viewing the Texas cotton industry as an independent local enterprise and the worry of growers, ginners, merchants, and cotton seed crushers," he declared.

Invitations To Inaugural Meet Are Dispatched

Special invitations to attend the formal installation of Dr. Homer P. Rainey as president of The University of Texas, December 9, will go to almost a thousand eminent educators and state dignitaries, the inaugural committee has announced.

The inauguration, as well as the pre-inaugural conferences starting Thursday, December 7, and continuing through Friday night, is open to the public, and general invitations will not be sent out, it was stated.

President Rainey has especially urged Texans to attend the conferences, which will center on the general theme, "The State and Public Education."

**Dr. Cox Says-**

Children brought up according to the Three "R's" of mouth health have a very good chance to escape the discomforts and accompanying ill-health that comes from dental disorders, according to the Texas State Department of Health.

This season of the year, when the children are getting adjusted to school routine, is a particularly appropriate time to give special thought to the physical as well as the mental aspects of a child's development. The child who is physically fit makes much better progress in school, than does the boy or girl who is below par. Parents can help to keep their children fit by carefully following the rules of mouth health in bringing up their children.

The three "R's" of course, are not Reading, Riting, and Rithmetic, but are Right' foods, 'Real' cleansing, and 'Regular' office visits, which are as important to mouth health as the old three "R's" are to mental development.

The teeth and other mouth tissues depend for their original structural strength and their continued resistance to ill-health on the quality and quantity of building materials made available in the food one eats. The first set (baby or foundation) of teeth obtain their materials from the mother before a child's birth. The permanent set may depend on the diet of both the mother and the child itself.

Consequently, the diets of both should be rich in calcium, phosphorus, and in those vitamins that seem to affect mouth tissues, with special emphasis on vitamin "D" which is found principally in sunshine, codliver oil, and fish. That is, there must be the 'right' food in the diet for strong, decay-resisting teeth.

'Real' cleansing means twice-a-day thorough brushing of the teeth with every effort to reach every tooth surface, and finally, the equally thorough flushing of the mouth with some mild antiseptic liquid or saline solution. The germs that play the part of tooth and gum destroyers in the diseases known as dental decay and pyorrhea are more active in unclean mouths. Real cleansing will help to prevent their activity.

But it is unwise to place complete dependence for dental health on the first two "R's". So "Regular" dental office visits should be made if only to assure one's self that the mouth is healthy. These visits permit your family dentist to discover defects when they are small and to correct them before much damage is done. Naturally these corrections are much more easily made than those which have gone unattended.

Children of two and a half years of age are not too young to start dental office visits. From then on "Regular" visits, combined with the other two "R's" will be good insurance of continued dental health.

**S.C.S. NOTES**

Moisture conserved from melting snow may often mean the difference between crop success and crop failure, according to Keathley of the Lamesa Soil Conservation Service.

Snow, held on the ground where it falls, melts and soaks into the soil to provide more moisture for crop and grass growth in the spring.

When snow falls in the Great Plains area, it usually is subject to the force of strong winds which prevail during the winter and spring. If the ground is smooth and there is nothing to break the force

of the wind, the snow may be swept into gullies and roadside ditches, against buildings, or into fence-row drifts.

When this occurs, grass lands often are left bare and cultivated fields not only barren, but also smooth and glazed so that the next high winds may start the movement of top soil, it is pointed out.

Snow swept into gullies and ditches means that the moisture has been lost for crop or grass growth on the land where it fell. This fact is made evident, by the fact that vegetation grows in draws, drainageways and in roadside ditches during the dry periods in the summer.

Where snow is held on pastures by contour furrows, ridges or diversion structures, and on cultivated fields by terraces, contour rows, crop stubble or strips of vegetation, the moisture is conserved for crop use when melting occurs.

Grain stubble and strips of vegetation left on the fields also serve as protection against soil blowing where wind erosion is a serious problem. In addition, strips of vegetation aid in the propagation of wildlife by providing feed and cover during the winter months.

In areas where snowfall is followed by strong winds, it has been observed that furrows and ridges hold the snow in small drifts, while on untreated pasture land, the snow is swept into gullies or into huge drifts against fences or other obstructions.

"Conservation practices and crop residues can plan an important part in conserving moisture by holding drifting snow," Keathley declares.

Mr. and Mrs. N. E. Bartlett and Mr. and Mrs. S. S. Caldwell were business visitors in Abilene Wednesday.

FUNNY... what happened to me today?  
I just had to find out if that new Nash would act the way it looks. And the first thing that happened was—I nearly lost my hat on the getaway!  
We leveled out. When we raced solid and true over a twisting, rutty road, I knew nothing could equal Nash's Arrow-Flight Ride. And when that Weather Eye\* turned raw Autumn into Spring... I made up my mind, quick!  
You won't find me in the office tomorrow. I'm a million miles away. But if you want to come along, remember—this big Nash is priced right down next to the lowest. I'll be waiting for you.
