BARRETT PUT ON TRIAL IN SOWELL CASE

JURY SECURED FROM SPECIAL VENIRES IN SHORT TIME

MANY LAWYERS

State Represented by Four While Defendant Has Two Attorneys

The case of the State of Texas vs. C. H. Barrett, charged by indictment with the killing of W. B. Sowell on the Barrett Ranch north of Hereford on Sunday, February 1, 1920, is now on trial in the District Court at Hereford.

A special venire of 108 men was summoned for this case, and afterwards an additional thirty men were called, although not all of the latter were examined before twelve men had been secured.

The jury now hearing the evidence consists of: E. W. Kinney, Carl Cockrell, T. K. Wilson, Troy Womble, W. D. Kelichor, Walter Dunlap, Arthur C. Thompson, Jim Sanders, John J. Kemp, B. R. Jennings, B. A. Atchley, and J. S. Orr.

The selection of the jury was completed late Thursday afternoon, and the taking of testimony began Friday morning. The State is represented in the trial by County Attorney Megert, District Attorney Clifford Braley, State Senator W. H. Bledsoe and Carl Gilliland. The defendant is represented by Hon. R. F. Underwood, of Amarillo, and Jno. P. Slaton, of Hereford.

Visiting attorneys and witnesses this week are: Will Humble, Dr. F. G. Bates and Dr. J. T. Hutchinson, of Lubbock, Dr Bell of Silverton, D. M. Hilliard and Jno. Q. McAdams of Winters, Judge Reese Ewing of Miami, and G. I. Britain of Plainview.

Plans Complete Alumni Banquet Saturday Night

The stage is set and the actors are in their dressing rooms in preparation for the big Hereford High Alumni Banquet. The curtain goes up promptly at 8:00 p. m., next Saturday night, May 22. The place is at the Christian church. A. O. Thompson will be official Toastmaster.

Prior to time for essembling to sample the "eats" a "Get Acquainted" hour will be observed when the guests will be expected to shake hands and gossip sociably.

The committee on arrangements reports that tickets are selling briskly and prospects point to a full table. The repast will be served by the ladies of the Christian church. Heres the

Quartette—"Pale in the Amber West"
Toast to Class of '20—L. M. Fertsch.

Remains of Webb Renfro Interred By His Comrades

From time immemorial it has been the custom in military circles, when a comrade departs from its ranks and goes on to join that Invisible Army in the courts above to conduct the funeral with military honors.

When the news was received that the remains of Wilbur Renfro had reached Hoboken, New Jersey, the debarkation, as well as the embarkation point of practically all the two million men that went overseas, the local post of the American Legion, at the suggestion of the Post Commander, Dr. W. Floyd Gabbert, thought such a ceremony would not be out of place, notwithstanding the fact that he was accorded this compliment at the time of his death, shortly after his arrival in France. The program, arranged under the supervision of Capt. Robert Elliott, was simplified to some extent from the original plans owing to the heavy rains of Saturday night and Sunday morning.

One of the largest processions in Hereford's history assembled at the E. B. Black Undertaking Parlors Sunday afternoon at 4:00 o'clock. No ceremonies were held here and the march to the cemetery began. The honor guard was formed near the south entrance to the cemetery, and upon the arrival of the hearse containing the casket wrapped in the starry folds of the flag under which he was serving at the time of his death, executed the salute. At the command of "left by squads" the line of march was taken up which led the procession up to the open grave where the relatives and friends had gathered to pay their last respects to the honored dead.

A. J. Hartson, Cliff Estes, A. R. Hughes, R. T. Green, Mitchell Short and Aaron Judd were the pall bearers and as they passed with the casket another salute was executed. While the ceremony was being pronounced by Rev. J. M. Asbell, the formation stood at "parade rest" with heads bowed. Immediately following the benediction, the firing squad, composed of George LeGrand, Walter London, Carroll Hunter, Harry Lomas, Richard R. Dixon, Roy Gilliam, Ray Smith and Joe Greer, fired in succession three volleys from their rifles.

As the remains were being lowered, "taps" was sounded by Leslie Smith at the bier, and in the distance by Phillip Broadwell. Thus the full significance of "taps" was brought out—to those who are familiar with life around the army posts know it means the passing of a day, and on occasions like this the "pasing of a soul."

School Days Over Board Adopts the Uniforms for 1921

With the end of the present week the scholastic year of 1919-20 in the Hereford public schools comes to an end and vacation time for the children will be at hand.

Monday and Tuesday final examinations were held; Tuesday and Wednesday books were turned in and checked up. Thursday night the Seventh Grade pupils were scheduled to hold closing exercises; Friday night the Commencement Program was to be rendered in the District Courtroom, and the final touch to all was planned for Saturday night when the Alumni Banquet was set for 8:00 p. m. at the Christian church.

One of the important matters brought before the School Board at it's last meeting was that of a regulation dress for the girls of the 7th grade and High School.

The board placed itself on record as approving and endorsing such movement and recommended the adoption of such uniform as a committee appointed by the board should select, the selection to be approved by the board.

It recommended further that there be no ironclad regulation as to color, design or material but that an effort be made to conform as nearly as possible to the selections of the committee.

The committee appointed is as follows: Mrs. J. T. Rutherford, Mrs. H. H. Hawkins, Mrs. C. C. Ferguson, Dr. J. W. Hicks, Supt. L. M. Fertsch.

MOTHERS' DAY IS FITTINGLY OBSERVED IN SUNDAY PROGRAM

"Mothers' Day was appropriately observed at the First Christian church last Sunday afternoon, the program as given in The Brand of last week being followed in the main. Rev. Asbell delivered an address on "The American Home," and a vocal duet by Miss Bonnie Chamness and Mrs. John Williams, nee Miss Elxina Mounts, as well as a quartette rendition by Mrs. A. O. Thompson, Miss Clyde Wilson, and Messrs. Earl Gough and J. S. Warner, were enjoyed by the audience.

FEDERATION IS EXPLAINED BY SPEAKER

MRS. MARK HENRY OF STATE OFFICE IS LOCAL VISITOR

BROADER VISION

In Earnest Address Speaker Outlines Scope of State Work and Aims

The Federated Clubs of Hereford have had the pleasure of having in their midst the past week their District President and State Vice President, Mrs. Mark Henry, of Foard County, Texas. Mrs. Henry has just conducted a very enthusiastic and successful District meeting in Amarillo, and came from there to Hereford to visit an old friend of hers, Mrs. J. Frank Potts, and to get in personal touch with the clubs and their work here. The first District is very fortunate in having Mrs. Mark Henry as their President as she is acquainted with the conditions in West Texas and the Panhandle which makes her better qualified to aid West Texas Clubs in Federated work.

On Thursday afternoon, a reception was tendered Mrs. Henry by the Federated Clubs, viz; The Mothers' Club, The Music Club, and The Bay View Club, to which all the women of the town were cordially invited, also the invitation was extended to the ladies of Summerfield, who are interested in the organization of a Club in their town. The reception was held in The First Christian church, the parlors and the main auditorium being thrown open for this occasion. Potted plants were artistically arranged so as to add a touch of color and beauty and while the crowd was gathering Miss Elizabeth Tatman gave several beautiful musical selections. Mrs. Sherm Williams and Mrs. H. H. Hawkins received the guests at the door and presented them to the receiving line which was composed of the honor guest, her hostess, and the Presidents and Secretaries of the various clubs. In the Sunday School room delicious punch was served by Mesdames McLean, Tynes, Betts and Stocking. When the guests had all arrived, Mrs. B. F. Guthrie expressed the sentiments of the ladies when she said, "Are we not more than fortunate in being privileged this afternoon to hear from the lips of one who is a leader among the Club women of our State concerning the vital problems of which her own thought is helping to shape the solution? Honored indeed are we to have such a one as our guest and doubly honored in that she will speak to us and give us the inspiration that comes only from those whose lives

(Continued on Page Five)

Over Three Inches Of Rain Fell Here In Month May

The rain guage in the First National Bank says that on May 6 we had rainfall amounting to three tenths of an inch; on May 7, one fourth of an inch, and on May 9 one inch and three tenths, making a total of one inch and eighty-five hundredths.

Friday morning before daylight it began raining hard here, and all day Friday a steady drizzle descended. Up to about eight o'clock the precipitation had been about one inch, and it is conservatively estimated that at least one and a quarter inches has fallen so far. This brings the total for the month to date to about three inches and a fraction.

Wheat, while damaged slightly, has been holding up remarkably well and this last rain is just what the Doctor ordered. A fine top season, added to the ground season still left, insures another banner crop for 1920, and smiles are the order of the day hereabouts, where grave faces were the rule two weeks ago.

Hereford Breeders Incorporate For $20,000; Will Sell Stock And Build Barn and Pavillion

Following their successful First Annual Sale of last month the Hereford Registered Breeders' Association of this county have determined that they cannot stand still or rest on their oars but must progress if the Association is to grow and prosper.

Accordingly they have resolved to incorporate for $20,000, rebuild the old Bowe barn, across from the depot, for a conditioning and feed barn, and then erect a modern, up-to-the-minute Sale Pavillion, seating 1100 people, where future Sales can be held.

These steps were officially determined upon a meeting held last Friday afternoon when a committee to handle the matter was appointed. A good slice of the stock was taken on the spot by the breeders present, and the coming week a drive will be made over the City and county to place the balance of the amount needed and go ahead with the construction work. The exact location for the Pavillion has not yet been determined.

The new barn is to be 60x100 feet, with four rows of stalls and capable of housing 100 head of cattle. The Pavillion is to be 65 feet in diameter, octagon shaped, with seats raised about the ring side.

This aggressive forward move on the part of the Breeders is but a culmination to a series of similar live movements made by this organization since its formation, and assures the future status of the association as well as meaning much for the prosperity of the entire country hereabouts.

Chautauqua Plans Nearing Completion; Tent is Here

Meetings of various Chautauqua Committees were held the past week, and detailed arrangements for staging the big summer tent show are well under way.

The big tent has arrived and has been stored until the tent gang arrives next week. Tickets have been placed on sale at the three drug stores and the three banks until next Monday, when the ticket committee and all volunteers that can be obtained will take the street and endeavor to clean up the guarantee.

It has been decided to erect the tent this year on the vacant property north of the Star Theatre and east of The Brand office, which has paved streets on two sides and is conveniently located.

A half page ad by the local committee outlining the program, is carried on another page of this issue of The Brand.

Normal Team is Given Walloping In Hitting Game

The Canyon Normal baseball team, accompanied by its coach and by the school band, came over to Hereford Tuesday afternoon and tied into Dr. Gabbert's Whitefaces. The collegians received a strenuous lesson in the art of hitting and were man-handled to the tune of 18 to 5. A large and appreciative audience witnessed the slaughter.

There were three reasons for the lopsided score: (1) too much Curtsinger, (2) murderous hitting by Captain Bennett's squad, (3) the visiting hurler was keeping company too fast for his wares.

For four innings it was a ball game. After that it was a Marathon. Pitcher Battlefield did very well those four innings, but in the fifth he exploded with a bang. Curtsinger started this inning with a single through third; Patton doubled to left, sending the twirler to third; then Captain Bennett hit one half way to Happy, Texas, and cleaned up. Battlefield tightened for a moment, fanned Robinson and forced Vaughn to pop out to short, but he walked Smith, Shirley hit safely to left and Sone dropped Dyer's drive to left, Smith and Shirley scoring. Carter ended the agony with a roller to the pitcher. Four hits and five runs. That was the turning point, and afterwards it was a question of how many more and nothing else.

Hereford scoring in every inning except the third, while Curtsinger pitched steady baseball and held the visitors well in hand. With the game in a sack, he eased up in the ninth and lobbed them over, allowing the Normalites three hits and three runs that did no good but probably made them feel better.

Ralph Smith had a remarkable record for the day. He faced Battlefield five times. The first time up he walked; the second time he was hit by the pitcher; the third time he walked again; and the last two times up he singled. Officially he was credited with but two times at bat, but secured two hits and scored three runs.

Curtsinger was up six times, hit two doubles and two singles, scored three

(Continued on Page Five)

Barrett Case is Moved to Dallam County

The Brand is late this week and is therefore able to state that after the story above was written and after the jury had been selected the attorneys for C. H. Barrett withdrew their announcement as ready for trial, and made a motion for continuance.

Judge Tatum granted the motion and a change of venue, moving the case to Dallam County for the next term of Court, which convenes at Dalhart September 13. The case is set for September 20. All witnesses were notified to appear at that time and place.

Legion Post Will Have Membership Push and Banquet

A membership "push" by the Tierra Blanca Post of the American Legion will be inaugurated May 17-22, according to Dr. W. Floyd Gabbert, Commander. The purpose of the "push" is to secure the names of every ex-service man in Deaf Smith county on the membership roll of the organization. The general public is asked to aid the Legion members with their influence and endorsement.

The "push" will end with a Banquet on the night of May 22, details of which will be announced shortly.

In explaining why this effort is called a "push" instead of a "drive" the Legion headquarters says:

"The great American public, which has been the 'drivee' in so many intensive efforts of the last several years, has cultivated a fine taste in campaign. It has come to be able to spot a good drive from one that is poorly handled. It can distinguish points of variety in a campaign. It has become a connoisseur in appeal.

"The public, then, will be quick to recognize the essential difference of this American Legion effort.

"In the first place, it is not a 'drive,' but a 'push'. Back in the dim days of the early war publicity experts borrowed the word 'drive' from the slang of the day. Everyone who went out after something fell into the easy habit of calling his campaign a 'drive'. Then, when it came time for the men who really knew what a war 'drive' was to go out after new members for their Legion, they found that the word 'drive' was as punchless as a blank cartridge. They had to dig themselves up a new word. So they called their campaign a 'push'; which is a great deal like a 'drive' except that it goes farther in implying relentless effort and resistless force."

Party of Nine go To Conference at Canyon's Normal

A meeting in the interest of the necessary and legitimate expansion of the West Texas Normal was held at Canyon on Tuesday of this week which was attended by representatives from several counties in this section. Hereford had the honor of making the best showing of any other county present, in point of numbers, nine persons comprising the Deaf Smith county party.

The entire school board, with the exception of B. A. Nicks, who was unavoidably detained, made the trip. Those who attended were: G. A. F. Parker, A. O. Thompson, Roscoe Davidson, Al Miller, Mesdames B. F. Guthrie and E. W. Harrison, Mayor Knight, Rev. J. R. Sharp and Superintendent Fertsch.

Arriving at Canyon in the forenoon they were shown over the entire plant of the Normal, and then partook of a delicious lunch served by the Domestic Science department of the college. After lunch the meeting was held in a large class room.

President Hill of the Normal made the opening address, outlining the needs for expansion in the domestic science, engineering and agricultural branches of the Normal, and the reasons for the needs. Practically everybody present participated in the discussion. A bill will probably be introduced at the next session of the legislature, asking that the above mentioned departments of the Normal be enlarged to meet the demands of the present.

The Hereford delegation were delighted with their treatment and state that they received much enlightment regarding the actual work of the Normal as well as much inspiration in their labor for the local schools.

ENGINEER'S CITY PLANS SUBMITTED

DAVID DRENNAN HAS COMPLETE PROJECT FOR FUTURE

ABOUT THE LAKE

He Suggests Terrace With Playgrounds for the Little Children

The City Commission and Park Board are in receipt of detailed recommendations from David Drennan, engineer with the Henry Exall Elrod Company, who supervised Hereford's paving and sewerage system, relating to to a City Plan and Park Improvement schedule which is given in full below. Mr. Drennan's suggestions are so concrete and original that it is believed they will be of very general interest.

Mr. Drennan is furnishing this plan free of charge to the City, as agreed upon at the time the sewerage enlargement contract was let. The communication follows:

To the Honorable Board of Commissioners and the Honorable Board of Park Commissioners of the City of Hereford:

For the sake of brevity and because no useful purpose is served by the recital of obvious facts in connection with the general features of your City, we will launch directly into the subject to be treated without dwelling upon such general preliminary matters as usually take up the first part of technical reports.

Generally, every city presents its own unique problems, and a careful study must be made when new work is contemplated in order that the new work may harmonize with that already constructed. Fortunately, what has been done at Hereford to this time has been wisely planned, and will, in no manner, be harmful to any future development.

Water

The dominant factor at Hereford, governing the future beautification of the City, is water, and all recommendations are made on the supposition that water is or will be available.

Triangular Tracts

The original town-site would be parallel with and at right angles to the Santa Fe Railway. The later additions to the original town-site were laid off parallel to latitudinal and longitudinal land lines, so where the old and new additions join a triangle is formed, which is often too small for residential purposes. It is recommended that these small triangles be acquired by the City for park purposes, or that the City pass such ordinances as will give the Commission jurisdiction to prohibit the use of these triangular tracts for undesirable purposes, such as gasoline filling stations or other small commercial enterprises.

Much has been said as to the beautification of these triangles, and as they form a permanent part of the City of Hereford, any attempt toward temporary improvement would be futile. It is suggested that steps be taken to have a concrete curb built around each triangle, and then trees planted. Later each individual triangle may be treated as a unit, and flowers, shrubbery or other ornamentation added as the occasion demands.

It is recommended that the City agree to a proposal made by the U. D. C., giving them the use of the triangle where the Amarillo Highway enters the City. This triangle, if improved, would present a pleasing appearance, and favorably impress anyone coming into or leaving Hereford, as the contrast between the well cared for park and the open bare plains would be so marked.

Lake

It is recommended that the Commission and the Park Board jointly petition the County of Deaf Smith to make an appropriation for the purchase and maintenance of the large lake West of the City land immediately surrounding it, and if it can be legally done, to place the management in the hands of the Park Board. The Park Board could then provide a water supply to keep the lake full. This would make an admirable location for a country club. By locating the source of the supply in the Northwest corner of the cemetery, it would irrigate the cemetery and the surplus water would run by gravity to the lake.

Mothers Park

It is recommended that the Pa Board consult with the owners

THAT BONUS PLAN

Americans, rich and poor, realize that the nation owes a debt that can never be paid to soldiers who were maimed, disfigured, shell-shocked, or permanently injured by gas during the World War.

These men offered their lives for the sake of their country and their future chance of success, their ability to make good in civil life, was impaired by the services which they so unselfishly rendered for love of country.

We believe that the country owes these men a living wage and every facility to bring them back into as good physical condition as may be. No whole-souled American would have it any other way.

Thousands of soldiers, neither wounded nor gassed nor shell shocked, offered their lives just as freely as their unfortunate brothers. Luck was with them and they came through the conflict unscathed. They performed their duty with the same fortitude, the same cheerfulness, as did those whom the Germans killed or wounded.

Not a single soldier entered the service of his country with the hope of financial reward. Most of them accepted service on far less pay than they could have received in civil life. Yet reward sufficient to make up for impaired health is justly due the injured.

But we cannot understand how strong, patriotic young men—men in good health and of sound minds—can ask the government to saddle upon the taxpayers of the country a tremendous burden in order to pay them a bonus for having performed their duty as citizens of the United States. The word "cannot" is used inadvisedly. We "could not" understand it if they did expect Congress to make such an appropriation. For ninety per cent of these young men ask nothing of Uncle Sam but that same freedom which they assisted in protecting, for themselves and for all the rest of us.

We firmly believe that a very large number of discharged soldiers regard the tactics now being employed by both the great parties in Congress with disgust. We believe that they will construe the political play now in progress as a direct insult—an attempt to buy the soldier vote.

Why should a young man, hale and hearty, and chances are, with a good business of his own or a good paying position, be given a war bonus which the widow taxpayer, as well as all the rest of the hard-pressed taxpayers, must pinch themselves to pay?

To say the least, the sane citizen must refuse to consider such a proposition until Uncle Sam has first made due provision for the boy whose earning capacity was impaired by his service overseas.—Amarillo News.

—O—

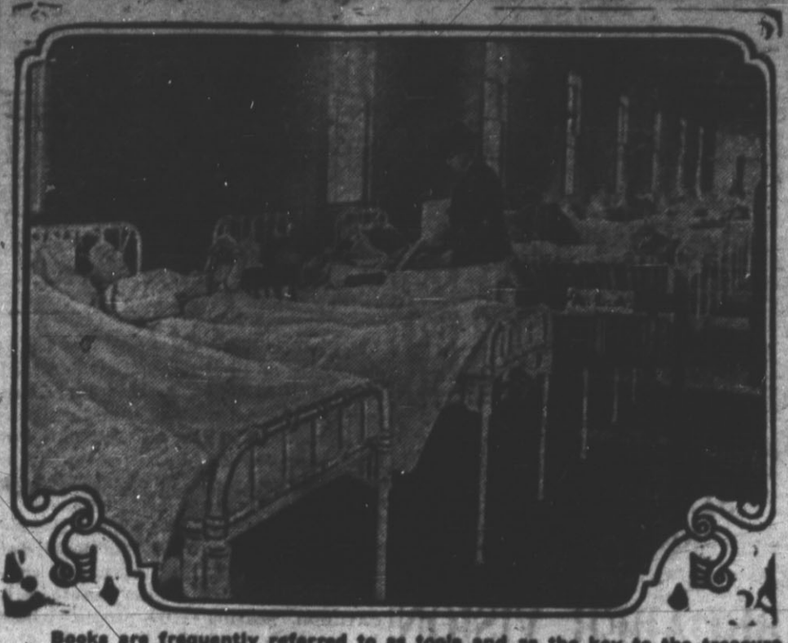

ECONOMY

Since the extravagant buying that is one of the causes of the country's economic ills is made possible largely by the use of credit, it might be thought there is something anomalous in the action of the National Association of Credit Men in adjuring the country to put that baleful habit under restraint. Or, if not that, at least it might be thought that its members exercise a greater power than any they can yield by appealing to the country's sense of prudence. The power to restrict credit does not lie altogether in the hands of the banks. They can, indeed, contract the credit of the manufacturers and merchants of whom the members of this association are employees. But the power to contract the credit of these manufacturers and merchants, and thus to put the habit of extravagant buying under some restraint, is possessed by these men themselves. Possibly they are exercising it, and intend to exercise it more rigorously. Certainly they have need to, if they are to practice their precept.

In accounting for "the extravagance of our people since the armistice day," the Credit Men's Association speaks of it as "one of those psychological phenomena to which man is subject," and illuminates that somewhat gnomic observation by adding: "During the war period we sacrificed gladly, but with the cessation of hostilities the restrained feeling broke loose and we went on a rampage of extravagance such as never before has been exhibited in this land." Undoubtedly the extravagance that has characterized the buying of the people of this country during the last year is a natural and inevitable reaction from the pains of self-denial which patriotism required them to endure during the time we were at war. We were not habituated to the practice of economy, and there is a law of human nature which gives riotous force to a habit that has been released after a season of restraint. Possibly, if the war had lasted two or three years longer, the practice of economy would have been formed into a habit, which may suggest whether, in the economic sense solely, the early ending of the war was so unmitigated a blessing as has been popularly thought. But, however that may be, the fact is that we were not compelled to practice economy long enough to become habituated to it, with the inevitable result that our desires and appetites got even for the denials that had been imposed on them by even a greater indulgence in extravagance than they had been accustomed to. Perhaps, now that the balance has been restored, or nearly so; now that we have spent all that we were compelled to save and a good deal in addition, we shall relapse into our pre-war ways, and even possibly be content with a smaller indulgence in extravagance than we were accustomed to. —Dallas News.

—O—

BOOKS AS MEDICINE

Books are frequently referred to as tools and as the key to the treasure trove of knowledge. The American Library is daily demonstrating in U. S. Public Health Service Hospitals that convalescent soldiers and sailors find returning health and increasing strength in good books.

Rearing Chickens with Hens

Sitting hens should be confined to slightly darkened nests at hatching time and not disturbed unless they step on or pick their chickens when hatching, in which case the chickens should be removed as soon as dry, in a basket lined with flannel or some other warm material, and kept near a fire until all the eggs are hatched; or the eggs may be removed and placed under a quieter hen whose eggs are hatching at the same time.

WANTED—Good clean rags at The Brand Office.

Political Announcements

The following candidates authorize us to announce them for the office under which they are listed, subject to the action of the Democratic Primary:

For State Representative, 123rd District:
Burke Mathes
Plainview, Texas

For County Judge:
Jas. A. Hughes
(Re-election)

For Sheriff and Tax Collector:
Omer Baker
Geo. W. Cloyd
C. S. Purcell
(Re-election)
W. A. (Will) Carroll
R. W. (Bob) Baird

For County and District Clerk:
A. L. (Lee) Biggs
Cliff Estes
E. H. (Ezra) Norton

For Tax Assessor:
C. E. Lester
(Re-election)

For County Treasurer:
J. J. Ward
(Re-election)
J. H. Wilson

Fishing Season

Another fishing season is in process of opening and hundreds of fishing craft—boats of all sizes and descriptions—are arriving in Alaska waters from all along the Pacific Coast and especially from Puget Sound. It is expected that the usual number of people, from 20,000 to 22,000, will be employed in the fishing industry in Alaska during the season.

Vacation Time

As vacation time approaches remember that the national forests, east and west, contain some of the finest recreation spots in all America. For information write the Forest Service, United States Department of Agriculture, Washington, D. C.

New Pulp Mill

A pulp mill at Thomas Bay, fifteen miles from Petersburg, will be installed within the near future. Much interest in the pulp industry is being shown in Southeastern and Western Alaska.

CASTRO COUNTY

Political Announcements

The following Castro County candidates authorize us to announce them for the office under which they are listed, subject to the action of the Democratic Primary:

For County Judge:

B. D. Woodlee
(Re-election)

O. H. Reeves

DIMMITT

The farmers of Castro County have undergone quite a change in countenance since last writing, all on account of the rain, which appears to be general. An average of about two inches fell and will save the wheat crop.

The picnic at the Dimmitt Ward School was a decided success, as was the program rendered. Miss Stacy Master was the very efficient teacher at that place this year and is to be commended for her work.

Miss Fern Burton, one of Castro counties' who had the flu while at the Canyon Normal, is still very low. She has been sick since last January.

Harvey Cash and family left Thursday for El Paso to visit Mr. and Mrs. B. T. Bell. They made the trip in their new Buick.

Ladies' Aid met Thursday with Mrs. J. E. Turner. The ladies spent the entire day making clothes for Buckner's Orphan Home.

Rev. Lindley preached to a very small congregation Sunday morning.

The Dimmitt Chautauqua will commence May 30th and continue until June 3. From the programs we are led to believe that the Chautauqua will be unusually good this year.

Mr. and Mrs. Calvin Bell are visiting old friends in Dimmitt this week.

Quite a number from here attended the funeral of Wilber Renfro in Hereford Sunday afternoon. Those who took part in the Military funeral were: Art Patton, Edgar Ramey, Bryan McDonald, Frank Hyatt and Morris Kimbell.

Railroad is the popular topic of conversation in Dimmitt this week. The reason for this is the fact that Tuesday a promoter from the North was in town acquiring information concerning right of way, bonus, etc. His proposed road is to extend from Mangum, Okla. to some point in New Mexico, possibly Clovis. The people here stand ready to do the right thing about this, for the only drawback to Dimmitt and Castro is the lack of a railroad.

Miss Mary Hardin ,of Muleshoe, is visiting Miss Gettye Lovelace this week.

Dimmitt Chautauqua

The Dimmitt Chautauqua begins on Sunday, May 30, and lasts through June 3. The entertainment is put on by the Cadmean Chautauquas Company. The program is as follows: First afternoon—Novelty Musical Program by the Thos. J. Kellam Company; evening, Songs from Dixie by the same Company and a lecture on the Possibilities of Life by Geo. L. Barker. Second day—afternoon, Music, Mirth and Mimicry by Uncle Sam's Nieces; evening, Kinks and Quirks by the same organization, and an Address entitled, "Tales From the Hills" by Samuel Justin Sparks. Third day—afternoon, Musical Matinee Extravaganza by the Kenilworth Players; evening, "Taming of the Shrew" by the Kenilworth Players. Fourth day—afternoon, Music and Readings, by the Chicago Entertainers and a lecturette, "Our Good Bad Boys," by Edgar S. Kindley; evening, Popular Concert and Entertainment by the Chicago Entertainers and an Address, "Your Regardless," by Edgar S. Kindley. Fifth day—afternoon, Instrumental and Vocal Concert by Ricketts Jazz Band; evening, Up-to-the-minute Joy Festival, by the Band, and a Hilarious musical farewell to the Chautauqua.

The program is varied and pleasing and prospects are for a fine attendance.

SUMMERFIELD

Frank McMinn returned from Austin Monday night where he had been attending the State track meet, going as one of the representatives of the Hereford High School. He reports the Hereford boys returning without any additional laurels, but with a lot of knowledge gained by observation. Frank met with an accident the night of the Senior Class play in Hereford, a slight fall which cracked one of his ribs. The injury seemed so slight he paid little attention to it. In fact, did not suffer any inconvenience from it to speak of until he was well on his way to Austin. This prevented him, however, from doing his best. But in the preliminary performance he was third. First and second were entered in the final contest. He reports a good trip and an enjoyable time.

The children of Fate and Charlie Walser came near having a very serious accident one day last week while driving home from school. Zella owns a Shetland pony and cart and the three children drive to school. They ran over a bump or something in the road suddenly and the little boy, Guy, lurched sideways against Zella, throwing her out. This frightened the pony, causing the runaway. The little girl, however, stayed in holding tight to the lines until the pony was stopped. Zella suffered an ugly gash cut across her forehead and was otherwise badly bruised, but no bones were broken.

Bluford McMinn had his hand badly mangled one day last week while working on a windmill. The pulleys slipped catching his hand, severing the little finger completely and breaking several bones in the hand.

Mr. and Mrs. Frank Sparks and Mr. J. W. Sparks were pleasant callers at J. W. Hanlan's Saturday evening.

Mrs. Hawkins, mother of Mrs. Jesse McMinn, left Tuesday for Bowling Green, Mo. and from there together with her son and daughter-in-law she will go to St. Louis, where her youngest daughter graduates on May 28 from the Baptist Mission Training School.

Thelma Lance and her cousin, Myrtle Lance, of Chillicothe, visited Saturday and Sunday in the homes of Charlie and Fate Walser.

Mr. and Mrs. Dee Owen visited one afternoon last week with Mr. and Mrs. J. W. Hanlan.

Mrs. Will Storey and Maymie and Mrs. Louie Huckert attended the funeral in Hereford last Friday of the little babe of Mr. and Mrs. Lem Sawyer.

Some of our farmers have commenced planting this week.

Percy Estes had a horse badly cut on the wire one morning recently. He and Glen Greer were driving cattle cattle when in some manner the horse ran into a wire severing an artery.

Everyone is wearing a smile since our rain Saturday morning. For several days during the past week the clouds gathered and showers fell in places amounting to enough to put a good season in the ground, while in other places nearlyby only a slight sprinkle fell. In some parts of Castro county, they had a two inch rain the latter part of last week and had begun planting. Since Saturday night last not a single dry spot is reported and the rain seems to have been evenly distributed throughout this district. There was suffcient to make the farming start in earnest.

Will Storey arrived last Tuesday from Enid, Oklahoma, where he spent a few days with his father. He purchased a new Buick car while there and drove it home. Mr. Storey reported all wheat as looking fine enroute. They had rain up that way some two weeks ago.

Mrs. Jesse McMinn has been enjoying a visit from her sister and brother-in-law, Mr. and Mrs. A. W. Luper, who will sail May 26, going to Southern Brazil as Missionaries. Mr. Luper is a graduate of a Theological College and Mrs. Luper, a graduate from the training school in Dallas.

Miss Myrtle Lance, of Chillicothe, Texas, is visiting here in the home of her uncle, Cass Lance, and other relatives.

Most of our young people attended the Senior Class play in Hereford Tuesday night and report it as being fine.

Mr. Hubbert, of Amarillo, had dinner and spent a few hours between trains in the S. J. Rice home on Thursday of last week.

Mrs. Will Storey spent the day with Mrs. J. W. Hanlan Monday.

Friends and relatives of Bluford McMinn met at his home Sunday and gave him a surprise in the way of a birthday dinner. A most enjoyable day was spent socially. And in a general way rejoicing over the rain of Saturday night.

The Baptist Ladies' Aid met last Wednesday at the home of Mrs. Ki Lawrence, in an all day meeting for the purpose of sewing for the children of the Buckner Orphans' Home at Goodnight. A letter received from the superintendent of this institution states that donations in the way of clothing for the older girls and little boys are so much less than for the other children. He especially mentions the need of clothing for girls from thirteen to fifteen years of age. The Summerfield society will take up the work in this line now and do what they can to alleviate this condition. Their next meeting will be at the home of Mrs. J. W. McMinn. Everyone who can should donate for the support of the orphans. The Buckner Home now has seven hundred children.

BOOKS BRING AID TO SOLDIER SICK

American Library Association Serves Ten Thousand Men In Nation's Hospitals.

EFFORTS BRING RESULTS.

Works on Vocational Training Circulated Among Men Who Must Take Up New Callings Because of Their Injuries.

Hospital library service maintained by the American Library Association during the war was credited with great value in aiding in the recovery of many sick and disabled men.

There are still in our hospitals more than 10,000 former service men. Of these nearly 8,000 are in Public Health Service hospitals, the remainder in civilian hospitals. Books, magazines and newspapers are sent to these men from the American Library Association. In the larger hospitals, containing over 300 patients, special librarians are placed. To the smaller hospitals, through the co-operation of many public libraries, library visitors are sent to visit the wards once or twice a week and learn the book needs of the patients.

A special effort is made to supply to ex-service men in hospitals the books in demand as a result of the training given by the Federal Board for Vocational Education.

More Books for Blind.

The A. L. A., in co-operation with other agencies already interested in work for the blind, is printing books in the new Braille type. Because of the newness of the revised Braille adopted for teaching to the American war blind, literature printed in it is limited to fewer than 200 books. Though the total number of blinded soldiers is small, their need of books is great, and the "magic of print" can do much to restore hope and usefulness to them.

Not only for former service men who are sick or disabled is the association working. The value of books proved so great to men in camps that efforts are still being made to connect discharged soldiers and sailors with libraries wherever they may be. Hundreds of letters have reached A. L. A. headquarters from former service men telling of the lack of library facilities in particular localities to which those men have returned.

Direct Service Provided.

In many cases there is a state library commission or a nearby library to which a man can be referred for the books he needs, but if there is no such organization through which he can be served, books for almost any serious purpose may be borrowed directly from the A. L. A. War Service, 24 West Thirty-ninth street, New York city. The only expense in connection with these loans is prepayment of return postage on books borrowed.

The A. L. A. has published lists of books to help ex-service men who are studying to advance themselves in their work. "Five Hundred Business Books," "One Thousand Technical Books" and reading courses on practical subjects are now in preparation.

Other Work Being Done.

Other branches of work which the A. L. A. War Service is carrying on include service to the Merchant Marine, Coast Guard and lighthouses, service to industrial communities which are resultant from the war, service to United States forces overseas. This work is carried on with money received from the United War Work funds, the use of which is limited by the conditions of the gift to these specific purposes.

The service of the Merchant Marine department provides free library service to seamen on American merchant ships in the form of "crews' libraries," bookcase boxes, each containing about 50 books. These libraries are exchangeable at principal ports. Books and magazines are sent also to men in coast guard stations, in lighthouses and on lightships.

Patrol Alaska Waters

A Washington telegram says the navy department has promised Governor Thomas Riggs, Jr., of Alaska, that two subchasers and one Eagle boat will be stationed in Alaska waters during the summer to patrol the fishing waters and to prevent piracy.

Substitute Rice for Costly Potatoes

That the use of rice for potatoes, a substitution already made by many thrifty housewives, could be even more widely adopted with profit, is a suggestion of the United States Department of Agriculture, prompted by the present high prices of potatoes. The department's food specialists point out that potatoes are approximately four-fifths water and one-fifth food material, whereas, in rice, as well as in most other grains, the proportions are practically reversed. Under normal conditions the prices of these two commodities usually are such as to somewhere nearly equalize the two from the standpoint of food cost.

Recently, however, potatoes have sold from $1 to $1.50 per peck, which means about 7 to 10 cents a pound, whereas rice has retailed at 15 to 17 cents a pound. So long as the price of the two foods is substantially in this relationship, it is obvious that a given sum of money can be spent much more economically for rice than for potatoes.

The estimated production of rice in this country for the past year was 41,000,000 bushels, an increase of nearly 3,000,000 over 1918. While some export business in rice has begun to develop the supplies for domestic consumption are considered sufficient to meet a growing demand.

A New Name for Scrubs

From a farmer in Wisconsin comes a new word for use in the "Better Sires—Better Stock" campaign now being carried on by the United States Department of Agriculture in cooperation with State and local agencies. He applies a new title to the reactionaries of bovine society, and cites the indubitable fact that scrub bulls are the enemies of good production; that they levy upon the milk, cream, and butter checks and compel the farmer to keep cows, where the cows should keep the farmer.

With these charges in mind and with his eyes on the international situation, this farmer suggests that the scrub bull be known hereafter as the Bulshevika.

When planning to build a farm home, say specialists of the United States Department of Agriculture, select a location near good trees, so that their shade may be used and enjoyed by the family every day during the summer. It takes so long to grow treet that existing ones should be cherished and utilized to the fullest extent.

Williams—Mounts

On last Saturday eveing at 6:30 the hospitable Mounts home was thrown open to a few of Miss Elzina's friends.

The covers were laid for the following guests: Misses Mary Fox, Bonnie Chamness, Mary Bourn, Clyde Wilson, Douglas Wilson, Clara Dunlap, Elzina Mounts, and Messrs. Cliff Acker, Fred Oberthier, Roy Jowell, Cliff Estes, Johnathan Pitman, Bobo McLean and John Williams.

The rooms were adorned with pink roses and Easter lillies, with pot plants in evidence which lent an air of good cheer and happiness throughout.

Immediately upon arrival of the guests, dinner was called and Mr. John Williams made himself very conspicuous by his absence.

A delicious fruit Cocktail was served in orange baskets upon the handles of which were tied a tiny white bow. Then followed a sumptuous repast consisting of chicken salad, butter sandwiches, potato chips, and olives with ice tea. Just as the guests were being served ice cream and angel food cake, Miss Mattie called her sister, Miss Elzina, to the phone, and a she tarried longer than expected, several dishes of ice cream suffered because the guests were too courteous to eat before she returned.

Presently the strains of Lohengrin were heard resounding throughout the house and upon investigation, Jack, the only brother, was discovered revelling in his happy interpretation of this wonderful Wedding March. Everyone was all excitement. Little did they think that the March was again opening the way to the Hymnal Altar for two of Cupid's victims. With little warning the bride beautifully gowned in white georgette, appeared with the groom, in a dark business suit, and before the guests could realize that the whole affair was a reality, Rev. J. E. McClurkin had entered. The ring ceremony was used and simplicity was the keynote of the beautiful service. As soon as the guests had gained their composure, congratulations of all kinds and styles were "poured" upon the happy pair.

The very interesting wedding cake was then brought forth and each one was allowed to cut a tiny piece for themselves. This was done with the keenest interest and with a feeling of joy mixed with fear, as to what the outcome would be. The piece with the button was cut off by Cliff Estes, the thimble fell to the lot of Bobo McLean and lo, when examining her cake, Miss Mary Bourn found the ring.

Immediately after the ceremony the couple went to their new home in East Hereford. The entire community join in expressing to this well known couple congratulations and best wishes.

Heard Schumann-Heinck

Among those to attend the recital of Madam Schumann—Heinck at Amarillo last Friday were: Mr. and Mrs. H. L. Broadwell, Mrs. Ralph Barnett, Mrs. E. R. Read, Mrs. C. H. Dyar, Mrs. H. H. Hawkins, Mr. and Mrs. Alex Thompson, Mrs. C. C. Ferguson, Miss Lucy Goodwine, Mrs. Cris Garrison, Mrs. J. N. Askren Misses Johnnie and Margaret Estes, Cliff Estes, Mrs. D. W Kelleher, Miss Minnie Dea Coffin, Rev. J. R. Sharp, Miss Helen Lea, Fred Oberthier, Miss Bonnie Chamness, Johnathan Pitman, Miss Douglas Wilson, Miss Clara Dunlap, Mrs. Geo. Guinn, Mrs. F. W. Gabbert, Earl Gough, Mrs. A. L. Gibson, Mrs. Roy Stocking, Mr. and Mrs. E. W. Harrison, Miss Clyde Wilson, Mr. and Mrs. E. B. Black, Mrs. F. H. Oberthier, Miss Francis Oberthier, Mr. and Mrs. Percy Welliver, Mrs. J. B. Jones, Mrs. Katherine Kerr, Mrs. W. F. West, Miss Annie Fitzhugh Parker, Mrs. Gillian Parker, Miss Grace Lucas, Mrs. Homer Fox, Miss Minnie Wiles, Miss Coy Wilson, Miss Jessie Sisk, Mr. R. K. Brunner, Miss Mary Parmer, Mrs. S. G. Bratton, Mrs. Chas. Donald, Miss Emma Gene Donald, Mrs. John McLean, John Williams, Miss Elzina Mounts, Miss Mattie Swisher and others.

Buffet Luncheon

Miss Annie Price was hostess to a buffet luncheon and line party Wednesday evening honoring Misses Helen Lea and Minnie Dea Coffin. The luncheon was a very delightful affair with a menu which consisted of sandwiches, pickles, olives, fruit salad and ice tea. The evening at the show would have been a pleasure itself, but a more complete one had been planned by the hostess and, after enjoying the pictures the happy party again made their way to the Price home where a regular Jubilee was enjoyed until a late hour and as a climax to the glorious evening Ice cream and Angel fool cake were served.

The guests to enjoy the occasion were: Misses Helen G. Lea, Minnie Dea Coffin, Grace Lucas, Margaret and Johnnie Estes, Mable Schwartz, Elya Shackleford, Mrs. Roberta Dyar, Ina Gregg and Clyde Wilson.

A Party

On last Saturday evening Messrs. Harry Seed and David Broadwell were hosts at the Broadwell home. Entertaining with an informal reception in honor of Misses Helen Gould Lea and Minnie Dea Coffin.

A more pleasant evening could not have been planned. Through the evening music was enjoyed and by the shuffling of cards around the fifteen tables of forty-two it was plain to see the degree of interest that was being taken. Delicious refreshments consisting of brick ice cream and Angel food cake were served at a late hour.

Music Study Club

The Music Study Club and their guests met Monday, May 10, at the home of Mrs. Homer Wilkinson, in an open meeting. Due to the fact that each number on the program consisted of the work of a woman composer, all the members answered to roll call by giving the name of a woman composer and a few important facts about the composer's life. This proved to be very interesting and was enjoyed to the fullest extent. The program then followed and with Miss Annie Price as the able leader, proved to be one of the best of the year.

At the close of the program the hostess served sandwiches, salad and ice tea.

Honoring Mrs. Cardwell

A party of friends of Mrs. Oscar Cardwell, who is visiting friends in Hereford, motored to the country home of Mr. and Mrs. A. L. Gibson Thursday, where a sumptuous dinner was served by Mrs. Gibson.

The afternoon was spent in visiting and music and the sun had almost hidden its face in the west before the guests departed for their homes.

Teachers Entertained

The teachers of the Central School were the geusts of Mrs. J. M. Suggs, Mrs. Geo. Burns and Miss Marie Burns at lunch Thursday, May 13th, at the Burns home.

Lunch was served cafeteria style and a most delicious menu consisted of chicken, creamed potatoes, candied sweet potatoes, peas, pickles, ice cream and angel food cake.

Entertainment

Mr. and Mrs. Press Dyer entertained a number of friends last Saturday evening at their home south of town. A pleasant evening was spent in dancing and forty two.

The guests departed at a late hour for their homes declaring Mr. and Mrs. Dyer delightful entertainers.

Shower

Thursday afternoon at the home of Mr. and Mrs. Dunlap, with a number of her girl friends as hostesses, a miscellaneous shower was given in honor of Mrs. John Williams, a full account of which will be given next week.

Piano Recital

Miss Minnie Dea Coffin will present her pupils in a piano recital with a demonstration of the Dunning system for beginners on Monday May 17, 8:00 o'clock, at the Presbyterian church.

LONA HOOVER,
With Baldy Strang at Chautauqua

Pina Smith Dove

Pina Smith Dove departed from this life May 4, 1920. She was born near Neoga Ill., June 1, 1877, where she grew to womanhood. She was united in marriage to S. F. Dove January, 1914, when they moved to Texas.

Mrs. Dove united with the Baptist church in 1910 in Salem, Ill. and lived a faithful Christian life. She was a devoted wife and was loved by all who knew her. She leaves to mourn her loss a husband, her mother and two sisters, Mrs. H. B. Hunter and Mrs. Effie Storm, who were all at her bedside at her passing. The out of town relatives are one sister, Mrs. Charles Estes, and one brother, Will Smith in Illinois two brothers, Clarney Smith and Charles Smith, who reside in Indiana, also a brother, Arlie Smith, in Canada. Beside the relatives a host of friends will miss her. The funeral services were held at the home, Rev. J. R. Sharp officiating. The remains were laid to rest in the Hereford Cemetery.

W. F. Stimson

L. P. Landrum informs The Brand that W. F. Stimson, formerly of Hereford, died at his home in Austin, Texas, last week.

Mr. Stimson will be remembered as the owner of the Hereford Nursery some 15 years ago.

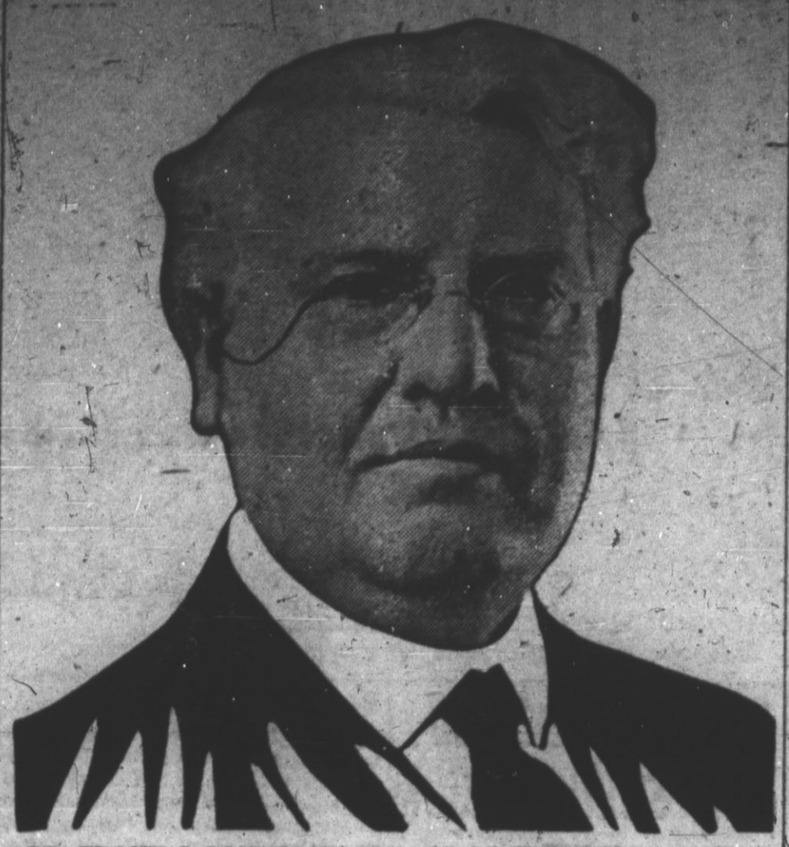

Mr. Stimson had been complaining for some time but his trouble was not thought to be of a serious nature. He had a smothering spell the day before he died but had recovered from this attack enough to be able to attend to his business.

Mr. Stimson is the founder of the present Hereford Nursery. F. T. Ramsey was his partner.

Cody Skeens

Cody Skeens aged 27, a brother of Mrs. C. D. Biggs, of Hereford, died of pneumonia at the Biggs home Tuesday after a short illness. Burial services were conducted by Rev. J. M. Asbell Tuesday, interment in the city Cemetery.

Mr. Skeens, who was deaf and dumb, was a resident of the Jacksonville, Texas community, and had been in Hereford but about three weeks.

DR. FRANK J. LOVELAND SPEAKS AT THE CHAUTAUQUA.

MRS. R. T. EVANS BADLY HURT WHEN CHURCH DOOR FALLS

Information received here by relatives this week indicates that Mrs. R. T. Evans suffered peculiar and perhaps grave injuries at Wichita Falls last Sunday.

It seems that Mrs. Evans was attending church and was standing under a heavy slide door, which separated two compartments of the church. The weights upholding the door broke and the heavy door crushed Mrs. Evans under it.

From the meager information The Brand has received, it is believed that Mrs. Evans' hip was broken and probably internal injuries sustained.

Mrs. Evans has a host of relatives and friends in Hereford and vicinity who are anxiously awaiting further news of the deplorable affair.

ELIZABETH STEPHENS IS VERY ILL; LIFE IS DESPAIRED OF

Elizabeth, little five-year-old daughter of Mrs. H. B. Stephens of Amarillo, was critically ill on Thursday of this week and her life was despaired of. The many local friends of Mr. and Mrs. Stephens are hoping that the little one pulls through, although reports indicate that the chance is slight.

T. E. HUFFMAN MAKING GOOD WITH BIG CONTRACTS

The Austin American in a recent issue carried the following item, which will be of interest to the friends of Mr. and Mrs. T. E. Huffman, former residents of Hereford:

"Bryant & Huffman, Austin highway engineers, have returned from Valley View, Cooke County, where they secured the contract for engineering work in that road district for roads costing $275,000.

"This contract brings the total value of road work now being planned by the Austin company in Texas to $6,018,000 in the counties of Hill, Denton, Cooke, Freestone, Leon."

BERNICE BAUGHMAN,
With Baldy Strang at Chautauqua

SPEAKER THOMASON AT AMARILLO AND CANYON MONDAY

The Hon. Robert E. Thomason, Speaker of the House of Representatives, and prominent candidate for Governor at the coming elections, will speak at Canyon next Monday, May 17, at 2:30 p. m., and that night at Amarillo. From there he goes to Lubbock and then to Austin to preside over the House at the special session called by Governor Hobby to begin May 20.

It had been Mr. Thomason's plan to visit Hereford and other towns in this section on this trip, but the Governor's emergency call has forced him to limit his speaking dates in this section to railway junction points where voters from nearby points can more easily come to hear him.

Hon. Lee Satterwhite, Representative in the Legislature from the Amarillo district, and father-in-law of Jim Sanders of Hereford, is looking after Mr. Thomason's interests in this section and earnestly requests that a representative crowd from Hereford attend the Canyon or Amarillo meetings.

W. S. WILLIAMS LEADS AUCTIONEERS

W. S. Williams, of Hereford, was elected President of the Panhandle Auctioneers' Association for the coming year, at the annual meeting held at Amarillo on May 1st. Plainview secured the next meeting of the Association, to be held on the third Friday in May, 1921. Other officers elected were W. A. Nash, Plainview, vice president; J. W. Creary, Wayside, secretary; R. O. Teals, Floydada, assistant secretary, and S. J. Jogren, Kress, sergeant at arms.

Mr. Williams reports a good attendance and a fine meeting. The association is rapidly growing in membership and influence.

McDONALD PLANS TO TRY TO RAISE COTTON ON PLAINS

Cotton on the Plains? That's the latest agricultural endeavor of which The Brand has heard. D. L. McDonald informed us this week that it is the intention of himself and L. F. Borden to plant five acres each of good cotton seed this year, and to endeavor to persuade several others to do likewise. It is Mr. McDonald's contention that cotton will mature and pay well in this altitude, and he intends to give the question a thorough trying-out.

PIERCE OIL MAN SAYS BIG ENGINEERS BILLED FOR CANYON

J. J. Curlee, of the Pierce Oil Corporation, spent Monday in Hereford visiting the local Agent, J. B. McCord. Mr. Curlee stated that T. A. Peck, Chief Engineer for the Corporation, a member of the Air-Craft Board during the war and an engineer of high standing will deliver an address at the Tractor School to be held at the Canyon Normal next Monday afternoon.

NEW PAINTING AND PAPERING HOUSE BEING INSTALLED

C. R. Hamilton, painter and paper hanger, has opened up a business office in Hereford in the building adjoining the Turner Tin Shop.

Mr. Hamilton comes here from Amarillo, where he has been a member of the force of the Williams Sign & Painting Company and brings a long and successful experience to his new venture here.

JUDGE HUGHES HAS LET CONTRACT FOR MODERN RESIDENCE

County Judge Jas. A. Hughes this week began work on the construction of a modern home on his lot near the site of his old homestead. The building will be finished in stucco. J. A. Buckner is the contractor, while Carroll Bros. have the basement and concrete work.

The new dwelling will be modern in every respect, and a worthy addition to the residential section of the City.

WANTED—Good clean rags at The Brand Office.

Gulf Oil Station Is Most Complete Plant on Plains

The new Gulf oil station is now complete. Dow Mercer, manager of this plant, informs us that he has the most complete oil and gas headquarters in the Panhandle.

The warehouse occupies 1-2 of a city block and is very commodious, the dimensions being 40x40 feet and capable of over two carload storage of oil products. All gas and kerosene drums can be filled on the inside of this warehouse. This is done by pipe line connections with the large storage tanks. The lubricating products are handled with hoists to their position, making a gravity feed contrivance. The handy feature of this plant is the 12x40 drum loading platform making it possible for two or more wagons or autos to load or unload at the same time. The ware house is lighted throughout by electricity. The pump house contains an electric pump which is capable of pumping a car of gasoline or kerosene in one hour and ten minutes.

The large steel tanks are constructed of one half inch steel and mounted on 3 heavy brick walls. Every thing about this plant is built substantially. In fact, it was made to stay.

Mr. Mercer inform us that the Santa Fe will lay about one thousand feet of track which will connect the warehouse and yards with the commercial track.

AMUSEMENTS DAY PROGRAM RAPIDLY BEING COMPLETED

Preparations for the first big Amusement Day, to be held here on Saturday, May 22, are rapidly being rushed to completion. The grounds, corrals, fences, etc., are complete and work is being pushed on the half mile race track for the ponies.

Truman Hines left this week to purchase the steers and goats for the riding and roping contests. Real riders from Silverton, Tulia, and many other points have sent word that they are waiting for the day and will be on hand. Neighboring cowboys are grooming up their race, roping and pitching horses for the contests.

Everything points to a whale of a big day for the opener, and if the Weather Man is in a smiling humor that day it is confidently believed that the custom will be auspiciously and triumphantly established here for good and all.

Engineer's City Plans Submitted

(Continued from Page One)

Mothers' Park, and endeavor to have the present curb abandoned and a new curb line built out to co-ordinate with the curb line established by the City. Then the lower or South end should be raised at least to the level of the street. These two changes will not only add more area to Mothers' Park, but will make it harmonize better with the general civic improvements of the City.

Central Park

Now that the present city administration has so wisely provided drainage for the old lake, located in Block 50, what was once an unsightly and unattractive spot to the City, may be developed into a beautiful park which will be within walking distance of all parts of the City.

In the development of this park, which will always be the main feature of the future park system, consideration must necessarily be given to the financial end of the project, as it is preparing the premises to receive the future development that is most costly. The City in acquiring the lots at the South end, and possibly Lots 1 and 2 of Block 10, will have exhausted its ability toward donating more funds—therefore, the funds required must be procured from other sources.

It is recommended that this park be divided into two distinct but related systems. The smaller system planned for the immediate use of Hereford, and the larger system for future requirements. That part of the area owned by the City South of Seventh Street is termed the smaller system, and it is recommended that this be cleared now of all rubbish and other debris—the earth pulled back toward the South end and placed so as to form a terrrace extending from Main to Schley Street, at a distance of say 100 feet South of Seventh Street.

The Main Street side of this terrace would make an admirable site for a children's play ground, equipped with swings, slides and other amusement features.

Below the terrace, also on the Main Street side, it is suggested that tennis courts be constructed. These two features aside from the beneficial effect of the exercise to the participants, would add to the pleasure of the public at large, as no one is so engrossed in himself but that he would enjoy the sight of young people at innocent and healthful play.

It is recommended that a swimming pool be constructed on the Schley Street side of the terrace, and also a shallow wading pool for the children. The water from these pools could be used to irrigate the area North or below the terrace.

Between the children's play ground and the swimming pool, a part of which is now on Sampson Street, it is recommended that two Rest or Dressing-rooms be built, connected with a pagoda over which vines could be trained, and that in front of the pagoda a band-stand be erected. Shrubbery, of the hedge variety, along the property line from Main to Schley, will add to the general effect.

Streets and Driveways

The most revolutionary recommendation in this report is the suggestion of street and driveways surrounding and through the park.

It is suggested that Sampson Street be abandoned North of Sixth, or the South property line of the park. Then a gravel driveway be built through the park, starting at the intersection of Main and Seventh Streets, twenty (20) feet wide, to run along gracefully curved lines to Schley and continue in two branches—one thirty (30) feet wide, to join Schley Street with C Street; the other thirty (30) feet wide, to join Schley with D Street. These two branches of the driveway will give continuous passage from C and D Streets to the city proper.

Circle in Driveway

In the center of the park opposite the band-stand, it is suggested that a circle—say, fifty feet in diameter, be constructed, surrounded by the driveway, on which could be placed an ornamental light, and the circle beautified with flowers and shrubbery.

Walks

Gravel walks, four (4) feet wide, bordered with a low hedge, are suggested from Schley to Main Street, passing in front of the band-stand and connecting the pagoda with the driveway.

Additional Property for Park Purposes

It is recommended that the City acquire Lots 1 and 2, of Block 10. Then, abandon that part of Tenth Street within the park limit, and open a street along the North property line of Lots 1 and 2, which would give a continuous drive around and through the entire park system. To better illustrate this recommendation, certain sketch maps are submitted with this report.

The acquisition of Lots 1 and 2, in Block 10, together with Block 49, now owned by the City, will give sufficient area to form a central park that will be extensive enough to serve its purpose, however large the City of Hereford may grow.

Park Boundary

It is suggested in the present treatment of the larger system, that the East line of Main Street, from Seventh to Tenth, be surveyed and marked with large stones, built up in the form of a retaining wall, to a height of—say, two feet or more, and that part of the street beween this wall and the present Street surface be filled as soon as practicable. It is recommended that a rugged pile of large stones be placed around and over the present intake of the fifteen inch drain pipe.

Trees

It is recommended that trees, suitable to the climate and conditions at Hereford, be planted around the boundary at a distance of—say, thirty feet apart, and that trees be planted at random over the balance of the area, with the exception of the Southeast corner of the larger park, which it is suggested be preserved as a base-ball field.

Topography

The topography of the park suggests that water be applied at the North side, which would flow by gravity over the entire area up to to and including the South side of the graveled driveway, separating the larger from the smaller park.

Considering this topographical feature, it is suggested that the Park Board make an effort to have a water supply developed at the Northeast corner of Lot 1.

Street Paving

It is recommended that the Park Board bring to the attention of the City, and to the interested property owners, the necessity of paving on Railroad Avenue—not so much for the commercial advantage to the City, but as a part of the general beautification of the City proper. First and last impressions of a city are lasting.

Respectfully submitted,
HENRY EXALL ELLIOD CO.,
By David Drennan.

TWO DELIGHTFUL ARTISTS ON LAST DAY PROGRAM AT CHAUTAUQUA.

SECTION TWO

The Hereford Brand

20th YEAR, NO. 16. HEREFORD, DEAF SMITH COUNTY, TEXAS, MAY 13, 1920. TWO DOLLARS A YEAR.

Hereford High Students Edit This Section of The Brand Unassisted

STORY OF THE 1919-20 SCHOOL YEAR TOLD BY STUDENTS THEMSELVES

HIGH COST OF PRODUCING THE ANNUAL, "THE WHITE FACE," CAUSES CHANGES IN YEARLY CUSTOM OF SCHOOL

A YEAR VERY RICH IN EXPERIENCE

Through Changes in Teaching Staff and Many Other Vicissitudes the Hereford Public School Students Emerge With Flying Colors and Record of Doing Things

(Editor's Note: The Hereford Schools are closing one of the most successful years in their history, in spite of unusual financial difficulties. The school spirit for the year 1919-1920 has been conspicuous by its assertiveness and abundance. This has been especially true of athletic endeavor. It is universally admitted by educators that the school without athletic spirit cannot atttain the highest scholarship. The spirit and "pep" of the students of 1919-20 has gone a long way toward rounding out a scholastic year that will stand out in the Hereford school history.

The students have requested space in The Brand this week in which to insert their own copy, their own stories, their own poetry, their own photographs, all edited and handled by themselves. The Brand is delighted to be able to aid, in this small way, the boys and girls who have worked so hard this year.)

L. M. Fertsch

Hereford School Superintendent, Who Was Unanimously Reelected for Another Year

Why We Do This

It has been the custom for the past few years for the Seniors to put out a High School Annual, the title of which is "The White Face". On account of the high prices, the Seniors of 1920 have decided not to put out an annual, but instead to edit one number of The Brand. By so doing, we hope to bring the High School and its activities before the people, in such a way that they will take more interest in our High School and help to make it better and stronger in the years to come.

Some Financing!

The school organizations—Glee Club, Chorus, Library Association, Athletic Association, etc.—raised during the term of 1919-20, for the betterment of school conditions, the following:

Painting Study Hall	$ 95.00
Victrola Central School	135.00
Library (Both Buildings)	352.00
Athletics	285.00
Senior Play	118.00
Liberty Bonds (Previous year)	200.00
Total	$1185.00
On hand, Library Fund	$ 4.00
Athletics	20.00
Senior Play	118.00
Liberty Bonds	200.00
	342.00
Due on Painting Hall	80.00
Total on hand	$262.00

Literary Societies

During the first week of school the student body organized their literary societies. Each class having their own organization, and were to render their programs accordng to order, that is, the Seniors first, Juniors second, Sophomores third, Freshmen fourth.

The first program was given in October by the Seniors, their central theme being autumn. Many good numbers were given, and were greatly enjoyed by all.

The literary work went on through the year, with great success, each program being rendered with much spirit and enthusiasm.

The Seniors are to render the last program on May 11, this being their Class Day. The program is as follows:

Song—"School Days"—Seniors.
Senior Yell—Class.
Address—Bruce Guthrie.
Social Music—Senior Orchestra.
Reading—Jewell Gilbreath.
Senior Jokes—Frank McMinn.
Song—Lillian Roberson; Lillian Fulkerson, Catherine Wilson, Halcyon Donner, Lura Gregg, Viola Gischlier, Galdys Howton.
Sketch—Forest Randall, Lelan Gilbreath.
Piano Solo—Alena Knox.
Crayon Sketches—Charles Greer.
What Our H. S. Has Meant to Us—Gwynne Guthrie.
A Tribute to Our Teachers—Lura Gregg.
Vocal Solo—Halcyon Donner.
Class Will—Marie Burns.
Class Prophecy—In costume.
Class Song.
Ode.

FOUR EVENTFUL SEASONS NOW HISTORY

Nineteen Out of Forty That Started Together in 1916 Graduate

It was in the month of September, 1916, that about forty very happy students began their High School career. Ten of this group came up from the first grammar grades together. We plunged into the new work with a whole hearted interest. Latin was a new subject to us and one of the remarkable things about our Freshman year was that more of our class took up the study of Latin than any other class in the history of our institution. When spring came and it was time for examinations we took our medicine like men and women. Some went on without a stop, while others remained to see all that was coming to the next Freshman year.

The next year there were about thirty two new and old pupils enrolled as Sophomores. This year the World War was in full swing and everyone did his best in buying Liberty Bonds the girls helping considerably in the Red Cross rooms. We had two class socials of importance, when we entertained the Freshman class and when they returned the compliment. They were both well attended and enjoyed. This year we had quite a change in teachers. In history we had three, Miss James, however, stayed with us and put us into the Junior year.

In our next year we noticed quite a few of our old school mates had dropped out, gone to pursue the different occupations of life. The few boys we had with us surely made us proud of them when they went to Canyon to the track meet. They came back with all degrees of medals.

One of the most enjoyable of days was our Class Day. That was the first real class day there had been for a number of years but the Juniors let the rest know they were there. When the other classes came to school they were somewhat surprised to meet green and white in every direction. School closed in nthe usual way, some weepink, but the majority seeing a "dignified Senior" year in store for them.

This year, our last in High School, opened with twenty on the roll all enthusiastic to make it best year yet. Everything was athletics this year. Our girls have entered the sports. All the boys entered in some phase of athletics, two entered nearly all that was offered. Three of our Senior boys had the honor of going to Austin to the track meet. There were nineteen Seniors at the Baccalaureate sermon May 2. Thirteen girls and six boys.

"The Lone Star," the Senior play, seems to have been a huge success. Commencement and examinations are not far off but we feel confident that there will soon be nineteen new H. H. S. Alumni.

—Class Historian.

JUNIORS ARE CONFIDENCE PERSONIFIED

Enter Sacred Precincts of Seniorland Hopeful and Humorous

The Junior Class of 1920 entered High School with about forty-five enrolled. While Freshmen we were considered the most brilliant class in school, especially by the teachers. We worked hard during the year, but played harder. We learned all the history that two different teachers could teach us in one year. Our pleasures took the form of pranks, parties, picnics and "exams."

When we reentered school the next year we found we had lost a few of our original number but had gained a few new ones. During this year about five of our number left the happy school room to enter the happier realm of matrimony. At the end of the term our English teacher followed their example. The work of the year moved along steadily until to our great regret it was interrupted by the "flu". But we returned, after a month's absence, with renewed energy and a zest for work.

We returned this year with the honored title of Juniors and with twenty five enrolled. At the beginning of the year we organized our class with the following officers: Keith Stegall, President; Mattie Mounts, Vice President; and Lelia Orr, Secretary and Treasurer. This term we have had the best faculty of our whole career in High School. We have developed great imagination on account of having "exams" every two months. Among our many frolics, we had two Junior-Senior parties and several picnics.

Among our football and basket ball stars were many members of the Junior class.

This, of course, will be expected to be the most brilliant, the best looking, the most favored, the fullest of "pep" of any class that has gone out from the H. H. S. Seventeen of these entered the Freshman class together and eleven entered the Primary grade.

JUNIORS

SOPHOMORES' MOTTO TELLS CLASS AIMS

Consider Junior Work Climb Necessary to Reach The Real Goal

Every class upon entering High School apparently has great anticipation, hopes and interest, but to the Freshmen of two years ago it seemed a future with visions of difficult problems before them.

Not long did this feeling hang over this particular group of students, because they were the class that now holds its place in Hereford High as the Sophomore. As they began their duties visions grew brighter.

The first class meeting was not delayed for any great length of time and the necessary officers were elected. Following this came the usual round of fun and frolic. The main events of the first class party were a piano solo by Mr. Fertsch and a negro sermon by Miss Morton, who was then History teacher.

As Chas. Sprague says in regard to the North American Indian, "He had not written his laws for them on tables of stone, but he had traced them on the tables of their hearts," neither was it necessary for the laws to be written for this class as they were traced on their reports from the beginning of the term.

As the term glided past a few members left the class. Their classmates were sorry to see them go but newcomers soon appeared to fill the vacancies and were given a warm welcome.

As Freshmen, they worked steadily and faithfully. It was not their aim to become teachers' pets, but they did please the teachers. They were thoroughly exposed to Ancient History, Spanish, Algebra, Domestic Science, English, Music and Bible; but they did not prove immune from any of them.

The teachers tried to see just how much knowledge could possibly be placed in the head of a future Sophomore. Then at the end of the term, they were asked to present their wisdom to the faculty, but instead of enclosing it in gray matter as had formerly been the custom, they were obliged to give it in black and white. The result proved to be satisfactory with the teachers, and the group of Freshmen who had labored faithfully, looked about them in wonder and amazement as they discovered that they had passed the summit of Mount Freshmen and were on their way to the summit of Mount Sophomore.

Thus ended the first lap of the journey. The future beckoned them on and they employed "Courage" as a guide to continue the voyage.

With the beginning of the term of nineteen hundred and nineteen, class officers were again chosen, Wm. Black as President, and Lenis Anthony as Secretary and Treasurer. Then of course a motto, pennant and colors were next on the list.

The Sophomores of ninteen hundred and twenty have as their motto, "Give to the world the best you have, and the best will come back to you." The colors are gold and white.

Only a few more steps to Mount Junior, but they do not tarry long at this place. "Slow and steady wins the race." The one main attraction that leads them on is Mount Senior, which is their destination, for a while. It is their aim to reach higher altitudes yet.

It is true that perseverance deserves reward, and the Sophomors take it for granted that through perseverance they have almost received their reward, as they look back on the beginning of the term when they left Mount Freshmen.

Once upon a school day dreary, as we pondered, weak and weary,
Over many tiresome questions of the lessons taught before,
While we worried, nearly crazy, till our minds grew dull and hazy
Over Algebra and English, themes lay stacked up three and four.
As our eyes beheld the sight of papers, piled and stacked galore—
Questions there—and nothing more.

Ah, distinctly we recall, it was in the early fall,
When the pupils' hurrying steps were heard on Hereford High Schools floors.
When the Seniors, Juniors, Freshmen, asked the teachers all the question,
"What one class in school is brightes, brighter yet than all before?
Who is it that answers quizzes, holds their place upon the floor?"
Quoth the teachers—"Sophomores."

Henry Ford Started on Tractor 15 Years Ago

On February 19th at 9 a. m. Fordson Tractor Number 100,000 left the assembly line in the Fordson Plant at Dearborn, Michigan, slightly less than two and one-half years after number one was completed. And here again has Henry Ford set a new high record in the manufacture of farm tractors via the Quantity production route.

Although the Ford interests are very recent entrants in the ranks of the tractor Manufacturers, yet Henry Ford really built a tractor—of the steam type—before he started work on his first gas car. And incidentally, that tractor and the first car, still in very good running condition, and Mr. Ford occasionally demonstrates both to visitors at his farm in Dearborn.

Some fifteen years ago Mr. Ford began work on what has come to be the Fordson. This tractor was really a Ford Car equipped with special wheels and included of course some mechanical changes. By 1908 he had a workable tractor; it plowed, harrowed, and did much other work on the farm. Then ensued nine more years of experimental work before the tractor was put on the market.

Fordson tractors are now being assembled at a rate of 350 daily at Dearborn 100 at the St. Louis Assembling Plant, and it is estimated that within a short time the Des Moines Branch will be in operation. There is also an assembling plant in Cork, Ireland.

"The Billy Sunday of Business." Chautauqua Speaker Magnetic

Harry "Gatling Gun" Fogleman delivers the bombardment in the evening. Some speakers may appeal to only a class; Fogleman, master salesman, demonstrates his title by selling himself to everyone to everyone in the audience who can understand rapid English. He is immense. The Billy Sunday of Business is an apt title. Nicknames are always an evidence of affection. Fogleman has a string of them. Don't look for technicalities or dry analytical lecture on psychology. T'ain't. If you can't sell it is your own fault. "Gat" Fogleman will tell you and if you have the "punch" that thousands of others have had you will go out and "deliver". The individual who can hear this whole day's program and not stand straighter and step higher needs an alienist.

PARMER COUNTY

BOVINA

(Delayed from last week.)

In the Democratic convention here last Saturday, the principles of the Fort Worth meeting were adopted.

Last Saturday the Republicans of precinct 3 held their first convention, with Geo. Sachs, chairman; and Ford Elfers, secretary.

A swatfest was held here last Saturday in which the young men defeated the married men 22 to 11. On last Thursday night the Bovina Baseball Team was organized with Marx Wells, Captain; J. P. McDonald, Manager, and B. Y. Dickinson, Secretary-Treasurer. A team is being picked and will be ready for games soon.

Mrs. Simeon Shaw, of Canyon, gave a chalk talk at the Methodist church Tuesday night, to a good-sized audience. This lady is capable of holding the attention of her audience from beginning to end and the Bovina people will welcome her return.

The time has arrived for the closing of our schools, and plans are being made for closing exercises. Rev. J. R. Sharp, of Hereford will preach the baccalaureate sermon Sunday night, May 9. Wednesday night a mixed program will be rendered. Thursday night a play, "Aaron Boggs, Freshman," will be given by the Senior class and other High School students, assisted by members of the faculty. Friday night the graduation exercises will be held, thus closing a very successful term. Members of the graduating class are Wilma Crowley, Charles Tidenberg, Naomi Tidenberg, Leroy Berggren, and Mary McDonald.

Performing wild animals consisting of lions, leopards, pumas and other species of forest bred beasts have been added to the Gentry Bros. Famous Shows until the title of Wild Animal Circus has been affixed to the trademark of this popular firm. Many new acts and features are in store for the patrons of Gentry Bros. Shows which will exhibit here on Tuesday, May 18. The street parade will contain all of the old favorite animal performers as well as the new department of performing wild animals. Clowns and other novelties that are new to this show will take part in the procession and all the little folks should be on hand to see the dogs, ponies and elephants in dress parade.

The Quinine That Does Not Affect the Head

Because of its tonic and laxative effect, LAXATIVE BROMO QUININE is better than ordinary Quinine and does not cause nervousness nor ringing in head. Remember the full name and look for the signature of E. W. GROVE. 30c.

FRESHMEN AS USUAL WERE NUMEROUS

Thirteen of Sixty Members Began School Days In First Grade

As usual, the Freshman Class of 1920 was a large one, there being about sixty members enrolled. Thirteen of the number entered Hereford Schools in the First grade.

Beginning the year the class organized with the following results: Glenola Powelson, President; Gladys Beams, Secretary and Treasurer. The class has tried to live up to its motto, "Labor overcomes all difficulties."

The entertainment of the year consisted of a party given at the High School building, and a picnic on April 2.

The class was instrumental in fixing up the Study Hall and otherwise, taking its proportional part in athletics and other school activities.

MUSE BREAKS OUT IN ODE TO TEACHERS

Poetess Describes Impressions of School Marms In Work and Play

How dear to my heart are the scenes of my school days
When cross looking teachers would make me walk chalk,
Or gaze with a keen knowing look ever present,
Which made me to know that I didn't dare talk.
I see myself pondering o'er some assigned lesson,
That I may impress the assigner, so dear.
But Fate is against me and so far I've missed it;
My awful report card—it fills me with fear!
Our English is taught by a charming young lady;
Miss McKee always has a bright smile as you pass,
But how she can keep it is past my conception,
When most of us students are green as green grass.
Miss Wiles—Oh, she's witty and very consoling,
Especially when somebody makes a low grade,
But you'd better have all of your smelling salts ready
Before lending an ear to find out what you made.
We all have a knowledge that's wierd and deceptive
When time for exams keeps on creeping nigh.
How we all hate to falter and disappoint others
In that cherished ambition that's waving on high.
Prof. Atkins was naturally born a musician,
But science must seem more appealing to him.
We sit in his class and play wise, when we're ignorant,
With an insight to Physics remarkably dim.
Miss Rusk is our basket ball coach, and a good one!
My fond recollection presents her to view,
As a young and most enviable good looking lady,
For sometimes she acts as our chaperon, too.
Our manual training is taught by woman,
An "all around good sport" couldn't better be had,
She's jolly or serious—just fits the occasion,
In fact, she's just good to have round, when you're sad.
And there's Mr. Hodges, our mathematician;
In classes "Professor" is truly his name,
But the twins they call "Golddust" could never work harder
Than he does at tennis when playing a game.
Miss Wilson is "Coy" in name and in manner,
Her subject is History; her failing is dates;
But not of the years of historical battles,
They're handsome young things that are looking for mates.
At the end of this throng is the "Principal" man,
In reality he is "The Head of Affairs."
For years all the Seniors partook of Diplomas
Sincerely believing he answered their prayers.
So Here's to our Teachers, who've been ever patient;
A light to our pathway—a lamp to our feet.
May many years hence find them still guiding others,
And bring opportunities for us to meet.

LURA GREGG

PLANT PURE SEED

Pure Bred Field Seeds Pay as Well As Pure Bred Live Stock

Nearly every farmer knows it pays to plant good seed, but not many take the pains to select their seed at he proper time. It is a positive fact that the grain yield of the Deaf Smith county can be wonderfully increased by seed selection and there will never be a more opportune time to start than right now. The ground is in prime condition for planting and every advantage of the execellent moisture condition should be taken. Every farmer should plant pure bred seed—not because I have seed for sale—strictly from a dollar and cents standpoint. It does not pay to plant mixed seed of inferior quality but it does pay to plant good vigorous pure bred seed because more grain will be threshed next fall. It has been demonstrated beyond doubt that good seed has increased the corn yield throughout the corn belt and the same practice applied to kafir and maize will produce the same result. It is very often necessary to look two or three times to tell whether a field has been planted in kafir, maize, or sorghum on account of the mixture of seed planted the previous spring. This is a bad, costly practice and should not be done. For the past three years I have ben planting hand threshed selected kafir and maize and boosted the yield up to eighty bushels per acre.

I believe seed selection is largely responsible for this excellent yield. It costs very little to use good seed so why not start this spring and plant the best. Then next fall og into your field and select seed for next year. Pure bred dwarf kafir and dwarf maize seed grown on my farm on Twenty Five Mile Avenue is for sale by E. W. Harrison at $5.00 per hundred pounds. This seed was all sacked at my farm and every sack is tagged showing the variety and a guarantee of purity.

D. L. McDONALD.

Better Than Mind Reading. Business Expert at Chautauqua

Any community that has the opportunity of hearing Gatling Gun Fogleman is fortunate. Any salesman on the road or in the store, if his head is good for anything beside wearing a hat, will get facts and "dope," as Fogleman calls it, enough to keep him busy improving his work for some time to come.

The biggest Chambers of Commerce in the country endorse Fogleman. Meetings of hundreds of executives have him back again and again for the new grip he enables them to get on themselves and the improved ideas he has about the proper use of mental and physical machinery.

If you ever lost out on an order or if there is a prospect you don't know how to handle hear this man Fogleman. He is waking up more dead ones than any speaker in the country.

Estray Sale Notice

I WILL SELL to the highest bidder, for cash, at R. F. Speer's place, about 35 miles West and about six miles North from Hereford, in Deaf Smith County, Texas, within the hours prescribed by law, the following described estray stock, to wit: One whiteface roan cow, about 4 years old, branded JF (together) left shoulder and Slash on left shoulder. One yearling steer which belongs to said cow, no brand. One two year old steer, (Hereford) branded F left hip with slash on left

Said stock was estrayed by me on the 20th day of March, 1920, and has been held as the law requires.

The C. O. Lee Hardware

The investment, the up-keep expense and depreciation are three more items you should take into consideration in comparing horse vs. tractor farming. The investments in an Avery Tractor will average considerably less than the cost of the horses necessary to do the same amount of work. The up-keep expense of an Avery Tractor will average less than the cost of shoeing, veterinary work, and other expenses necessary to keep the horses in shape. The depreciation on an Avery Tractor will also be much less if properly cared for than with the usual animal power. The reason for this is that in an Avery Tractor, all easily broken parts are eliminated, all main parts will last indefinitely and all wearing parts are so built that they can easily be renewed. An Avery Tractor can be adjusted, repaired or renewed at a very low expense by yourself without the aid of an expert. You can always make an Avery Tractor new again, but you cannot fix a dead horse with a monkey wrench.

REAL VALUE OF FOOTBALL RECOGNIZED

Adds Spirit to School. Had Winning Combination Past Season

The value of athletics in the high schools of this country can not be overestimated. It has been shown many times that high schools that give athletics an important part in their school life are the leading ones of this country. Athletics keep a students interest centered in school as nothing else possibly can. Athletics instill school spirit into the students, and without school spirit school life is a failure. In most high schools, before a student can enter into athletic contests he must make good records in his school work. This fact raises the educational standard of the schools, because the students will make good grades in their work in order to be eligible to participate in the athletics of their school. This one thing in itself should cause athletics to be given an important part in school life.

In the fall of 1919, Hereford, for the first time in three years, had a winning football team. This has been attributed to the excellent coaching the Hereford football squad received and the support of the Hereford people. When the season opened only three men of the squad had ever played a matched game of football. With this material a winning team seemed almost an impossibility but never the less Coaches Acker and Terry built up a team that was hard to beat.

The season opened with a game with Tulia H. S. at Hereford. While we lost this game by a score of 13 to 19 we were by no means discouraged, as this game showed the merit of the Hereford eleven. Our next game was with Clovis at Clovis. We also lost this game by a score of 33 to 0. Then began two long weeks of practice, after which we played Canyon Normal second team, and thanks to the fine work of some of the town boys, we defeated them 27 to 0.

The following Tuesday we tackled Amarillo at Hereford, and played the fighting Amarillo team to a standstill. The score at the end of the last quarter stood 6 to 6. This was one of the best football games ever played on a Hereford field.

Our next game was with Clovis at Hereford. This was the one all important game of the season. The Hereford eleven played the Clovis team off their feet and won by a score of 9 to 7. Captain Randall, who drop-kicked goal from the thirty yard line in the last ten seconds of play when the score stood 7 to 6 in favor of Clovis, was the star of the game.

We then played Amarillo at Amarillo and won by a score of 19 to 14. We were now on our way to the championship of the Panhandle—the Tulia team alone standing between us and the coveted honor. On November 14 we played the Tulia team at Tulia and were defeated by a score of 27 to 0. The Hereford team offered no excuses for this defeat as the Tulia team was clearly our superior. This game ended the Hereford season, and although we failed to win the championship of the Panhandle, the Hereford eleven of 1919 was one of which the Hereford people may be justly proud.

Football Lineup

Paul Jowell, Right Half Back.
Forest Randall (Captain) Full Back.
Bruce Guthrie, Letf Half Back.
Keith Stegall, Quarter Back.
James McIntire, Center.
Finas Wade, Left Guard.
Ollie McMinn, Left Tackle.

Annette Delano and her troupe of young lady riders, her remarkable carriers pigeons and the scores of renowned Genty animal actors, human circus stars and unusual novelty features will be seen when Gentry Bros. Shows and Wild Animal Circus come to Hereford on Tuesday, May 18, to exhibit afternoon and night and to parade the principal streets that morning with a mile of pageantry, an open air review of great beauty and colorful attractiveness, including open and closed cages, camel tandem teams, mounted bands, 200 ponies, beautiful horses, elephants, dromedaries, clowns, tableau wagons and Mother Goose floats filled with the most beautiful and most intelligent performing dogs in the world.

THREE YEARS WITHOUT HOPE

A Story of Sickness and Suffering with Final Return to Health
It will do you good to read it

No matter how long nor how much you have suffered, do not give up hope. Do not decide there is no help for you. There is. Make up your mind to get well. You can. There is a remedy in which you may place full reliance as did Mrs. Rozalia Kania of 39 Silver Street, New Britain, Conn. This is what she says: "I had cramps for three years and thought I would never be any better. I could not eat without distress. Slept with my mouth open and could hardly breathe. No medicine helped me. I had catarrh of the stomach. Now I have no cramps and am feeling well and healthy. I wish every suffering person would take PE-RU-NA."

Catarrh effects the mucous membranes in any organ or part. PE-RU-NA, by regulating the digestion and aiding elimination, sends a rich, pure supply of blood and nourishment to the sick and inflamed membranes and health returns.

For coughs, colds, catarrh and catarrhal conditions generally, PE-RU-NA is recommended. If you are sick, do not wait and suffer. The sooner you begin using Dr. Hartman's well-known PE-RU-NA, the sooner you may expect to be well and strong and in full possession of your health. A bottle of PE-RU-NA is the finest emergency, ready-to-take remedy to have in the house. It is fourteen ounces of prevention and protection.

Sold everywhere in tablet or liquid form.

NOTICE

On account of labor conditions, we will be forced to go on a spot cash basis, and will do so May 3rd, 1920. This is not because our customers do not pay us, but because we are short of help and haven't the time to make collections.

Thanking our many and valued customers, we remain

Very truly yours,

BASKET BALL DECLAMATORY AND TRACK

Teams Clean up at Canyon, Are Represented at State Meet at Austin

The Hereford School was well represented in the Interscholastic meet held at Canyon, April 16th and 17th.

In the Declamatory Contest Hereford had four representatives: Gladys Howton and Frank McMinn as Senior contestants; Lucile Hicks and Marlin Gilliland, Junior. Our spelling contestants were Inez Ott and Elmer Paterson, the latter winning third place.

Hereford Girls' Basket Ball Team gave their opponents a close game, and lost only by one point, the score being 13-14.

The Hereford Track Team entered thirteen representatives in the contests with the following results:

100 yd. dash—Bruce Guthrie, Lelan Gilbreath, Sam Ratcliff. Guthrie won second, time 10 2-5 sec.

220 yd.—McMinn, Time 25 sec.

440 yd.—Bruce Guthrie, Time 60 sec.

880 yd.—Paul Smith, third; Lelan Gilbreath fourth.

High Jump—McMinn, 5 ft. 6 in.; B. Guthrie, 5 ft. 5 in.

Broad Jump—B. Guthrie, 18 ft. 1 in., second.

Vault—Guy Gilliland, 9 ft. 3 in., third.

Discus—Paul Jowell, 79 ft. 8 in., third.

Shot Put—Paul Jowell, 34 ft. 9 in., second.

Hereford won first in track with 35½ points to her credit, winning over Dalhart, the second in the line by 11½ points. Beside the new Track Cup, we brought back a tennis cup, both of which, if defended another year by our High School, will become our permanent property; and will find a place beside another track and another tennis cup won in previous years. Our Tennis representatives are Gwynne Guthrie and James McEntire.

The following members of our Track Team are now attending the State Meet at Austin: Bruce Guthrie, Gwynne Guthrie, James McIntyre, Frank McMinn.

Just as the Basket Ball season opened this year with several games scheduled for the boy team, school closed on account of Influenza, and the season for the boys was necessarily cut short so as to have time for practice in track events. Only three games were played by out team. The first on Feb. 20, on our own court was played with Farwell and ended with a victory for Hereford with a score of 33 and 34.

Line up was as follows:
Bruce Guthrie, r. forward.
Howard Golden, l. forward.
Frank McMinn, Center.
Gwynne Guthrie, l. guard.
Ollie McMinn, r. guard.

The return game was played at Farwell with the same lineup on February 27 and ended in a victory for Farwell, score 44 to 21.

This may look as if our Basket Ball team had not done much work, but when one stops to consider the short time given to Basket Ball and that they defeated Farwell in the only game that team lost, and that Farwell won the championship of the Panhandle in the District meet, one must see that our team did a splendid season's work.

The scores for the basket ball games played by the girls during the season are:

Hereford vs. Friona, 16-7 at Hereford
Hereford vs. Farwell, 23-24 at Hereford.
Hereford vs. Farwell, 12-13 at Farwell.
Hereford vs. Tulia, 10-16 at Hereford.
Hereford vs. Quitoque, 13-14 at Canyon.

The team played Quitoque at the Meet at Canyon and though they lost the game by one score, they played a clean, fast game. The officials in charge of Basket Ball at Canyon paid the Hereford girls a tribute by saying that they played the fairest and cleanest game of any team in the contest.

The girls are looking forward to a very successful Basket Ball season for the coming year. During the past year the team was made up of girls who had never played ball before and most of these girls will be with us next year therefore, we hope to regain and maintain the old reputation of Hereford Girls' Basket Ball teams.

TRACK
Bottom row, left to right—G. Guthrie, O. McMinn, Terry, Gilliland, F. McMinn, Wood, (middle row) Smith, Jowell, B. Guthrie, Curtis, Gilbreath, Womble, (top row): Ratcliff, Greer, Golden.

Gentry Brothers Famous Shows & Wild Animal Circus which will exhibit in Hereford, on Tuesday, May 18, are presenting a patriotic spectacle as the opening number of this year's all new performance. Nearly 100 of the ponies take part in the picture which represents the allied nations. At a command from the trainer they march in different directions, each one bedecked with flags of the nation they represent and the entire moving panorama of horses forms one of the most stirring events in the program. This spectacle is the result of the trainer's efforts of the past year and is pronounced the biggest and best animal display ever seen. Many new acts and features have been added to Gentry Brothers Shows this year, including a complete wild animal circus.

Strategic America

That we may more clearly understand where we are situated in world affairs, R. E. Pattison Kline of Chicago will talk on the subject of the heading, at Chautauqua. Kline stands off to one side and views us in an analytical mood. Untinged by any shade of partisanship, Kline sums up.

Kline is new to the West, although a man of big reputation in Eastern Chautauquas. He has been speaking to big civic and business organizations in the largest cities of the East for years. Big newspapers give him whole columns after one of his powerful speeches.

Business men should not overlook this program this year. Kline is one of the men who will make a tremendous hit with the business man.

Estray Sale Notice

I WILL SELL to the highest bidder, for cash, at H. Trow place, about 22 miles North and about six miles East from Hereford, in Deaf Smith County Texas, within the hours prescribed by law, the following described estray stock, to wit: Two small mare mules, (blocky) about 8 years old, Color, bay. Unbranded. Said stock was estrayed by me on the 2nd day of April, 1920 and has been held as the law requires.

W. B. PHILLIPS, County Commissioner, Precinct No. Four, Deaf Smith County, Texas.

Big Value in Tires for The Smaller Cars

Back of the manufacture of Goodyear Tires for the smaller cars is the same purpose to supply high value in the product that is behind the manufacture of the Goodyear Tires that equip the most expensive automobiles built.

This purpose is expressed by the enormous resources, extraordinary skill and scrupulous care applied to the manufacture of Goodyear Tires in the largest tire factory in the world devoted solely to the 30x3-, 30x3½-, and 31x4-inch sizes.

The effect of this endeavor is noted in the fact that last year more cars using these sizes were factory-equipped with Goodyear Tires than with any other kind.

It is also noted in the fact that if you own a Ford, Chevrolet, Dort, Maxwell, or other car requiring one of the sizes mentioned, you can secure Goodyear Tires and Goodyear Heavy Tourist Tubes at the nearest Goodyear Service Station.

30x3½ Goodyear Double-Cure Fabric, All-Weather Tread $23.50

30x3½ Goodyear Single-Cure Fabric, Anti-Skid Tread $21.50

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3½ size in waterproof bag $4.50

GOODYEAR

FARM DWELLERS ASK FOR BOOKS

Announcement of the "Books for Everybody" Movement Brings Letter Flood.

INFORMATIVE WORKS SOUGHT

Requests for Reading Matter Range From Volume on Drainage to Collins' "Book of the Stars."

The announcement of the entrance of the American Library Association upon the "Books for Everybody" movement and still later news accounts of the activities of the organization along these lines resulted in a widespread appeal from residents of the rural districts of the country for books on farming. Whether the American farmer is simply evidencing his ambition to do a good job better or whether the better crops of his neighbor, who has attended an agricultural college or school, has spurred him on is a matter difficult to determine. But the fact remains the farmer is asking for books. The great majority of American farmers are either without libraries and book service or they are inadequately served.

One of the points which the American Library Association in its "Books for Everybody" movement is strongly urging is the extension of the county library system in states where enabling acts have been passed—some twenty-one in number—and the proper legislation in others which have not yet taken the step. The system, with its central library and radiating lines to stations in the remotest sections of the county, assures good books to every man, woman and child who cares to reach out a hand and grasp one.

Letters Show Need of Service.

The American Library Association is not giving its entire attention to the urban dweller, nor is it neglecting the centers of population for the rural districts and communities. It is, however, unquestionably eager to create a steady flow of informative reading to rural America. That the need for such service exists and that it is anxiously sought is evidenced in every letter of this nature received by state library commissions and by the A. L. A. A few excerpts have been selected because they seem to express most truly the needs of thousands of others.

When Lydia Carlson, whose farm is beyond Mason, Wis., asked for copies of "Productive Farm Crops," "Productive Vegetable Growing" and "Principles of the Practice of Poultry Raising" she echoed the book needs of her neighbors. Then she revealed the fact that her eyes are not always in the furrows by asking for a copy of Collins' "Book of the Stars."

What Others Desired.

There was a pressing need behind the letter from James Dunn, who lives ten miles from Convent, La., the nearest town, which has a population of only 500 people. He asked for a copy of "Practical Farm Drainage." The task of keeping his acres dry was beyond him. Walter Williams of Osseo, Wis., wanted to know if he could make fuel alcohol from frozen potatoes and spoiled fruits, and if he could, were there any books on the subject. The requests run the whole range of farm operations. Some wish to know how to treat scale, others desire facts on hog raising. Books giving information on crop rotation are in demand.

The American Library Association is raising a $2,000,000 fund to finance the "Books for Everybody" movement which during the next three years will be carried on in co-operation with existing libraries and library agencies. The money is not being raised through the medium of an intensive drive but through the individual efforts of the librarians, library trustees and friends of libraries.

Roaring Comedy Success at Chautauqua

"Nothing But the Truth" takes up a whole evening. The play has always been the most popular single feature of the Chautauqua, judged by attendance. "Nothing But the Truth" is the funniest comedy Redpath-Horner has yet offered and one of the most recent National successes of the famous comedian, William Collier. The plot is excellent and very fast. The lines are extremely clever while the situations create gales of laughter.

The hero, a young broker, faced with the task of doubling ten thousand dollars in twenty-four hours, wagers that he can tell nothing but the truth for an entire day. His friends, with whom he makes the bet, are considerably more sophisticated and experienced along the line of skillful and gentlemanly lying. He is obliged to answer reasonable questions by the terms of the agreement, and his friends inject him into a number of situations which literally "knock him cold." Truth surely proves itself "stranger than fiction." The caste is from New York. The staging is excellent.

You Do More Work,

You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness.

GROVE'S TASTELESS Chill TONIC restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

GROVE'S TASTELESS Chill TONIC is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood.

The Strength-Creating Power of GROVE'S TASTELESS Chill TONIC has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get GROVE'S TASTELESS Chill TONIC when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 60c per bottle.

James Orville Nutter

James Orville Nutter, aged 6 months and 20 days, the infant son of Mr. and Mrs. B. Keene Nutter, died Saturday afternoon, May 1, at 2:20 o'clock and was buried Sunday, May 2, in the cemetery at Delta, Colorado.

No Worms in a Healthy Child

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS chill TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 60c per bottle.

Good Printing at The Brand.

What You Will Hear at Chautauqua's Fourth Day. An Orchestra Plays That Sways Even the Tent

If ever there was a day's program crammed full of the spectacular in music this is it.

The Orchestral Entertainers and Herbert J. Leake start on "high" hitting on all twelve, never letting up until the finish of a program you will vote perfect. Leake was with Al G. Fields Minstrels for years and then played the drums for Bohumir Kryl's Band. He is undoubtedly one of the greatest drummers. He plays everything that goes with a set of traps and does his imitations with his lips.

He changes all your ideas of what one man can do at one time. Three artists, young ladies, aid Mr. Leake. Saxophones, violin, clarionet, cornet, piano, mirambaphone, duos, trios and quartettes.

This is one of the most versatile and capable musical companies in the country. They give a full concert in the afternoon and a prelude in the evening.

American Joy Program

REDPATH-HORNER bring here greatest program in their history. Lectures on Civic, National and International Duties, Salesmanship, Economy and Science, Musical and Entertainment Features of unusual interest and excellence; one of the greatest Comedies with metropolitan cast.

American Joy Program

Card of Thanks

We wish to thank the many kind friends and neighbors who so loyally and faithfully stood by us in our great hour of need.

S. F. Dove,
Mrs. Elizzie Curry,
Mrs. H. B. Hunter
Mrs. Effie Storm.

J. FRANKLIN CAVENY, Artist, Humorist, Clay Modeler, at Chautauqua.

An Artist in Rags, Mud and Chalk—A Wonder Worker at Chautauqua

Franklin Caveny is versatile in his work. Of course his reputation is high or he would not be on the Premier program. Lightning monologue accompanies his flying fingers whether he is drawing with chalk, building pictures with vari-colored rags or modeling with clay. He varies this work by drawing cartoons of people in the audience. Mr. Caveny is assisted by both Marie M. Caveny, soprano and an accomplished pianist. This makes a most delightful and entertaining program.

A most unusual feature of a very original program is the illustrating of the songs which are sung by Marie Caveny. This work is done by Mr. Caveny while the singing goes on. There are many surprises in the program. Caveny is a humorist, too.

The Cavenys have been with Redpath for years. Their work has made them very popular. Overseas they were among the most successful entertainers before the soldier boys. They will appear both afternoon and night in entirely different programs.

Good Printing at The Brand.

Pure Dwarf Kafir Seed

Pure Dwarf Maize Seed

The crop you harvest next fall depends largely on the kind of seed planted. Pure field seeds are advocated by all good farmers—but not always used.

With the excellent condition of the ground for planting this spring every farmer should plant the very best quality of seed available.

Both kafir and maize seed for sale grown and guaranteed pure by D. L. McDonald, who last year raised 78.5 bushels per acre. This is positively the best seed I have ever handled.

Price $5.00 cwt. sacked.

CASTRO COUNTY

SUMMERFIELD

(Delayed from last week.)

Percy Estes and Glen Greer made a business trip to Dimmitt last Tuesday.

Mr. Lance and family attended the Baccalaureate service in Hereford Sunday. They had dinner and spent the afternoon with Mr. and Mrs. Fate Walser.

Our community was well represented at the speaking Thursday night at the Courthouse.

Mrs. Eva Botsford and children and Mrs. Goodloe visited Tuesday afternoon at the home of Mrs. Botsford parents, Mr. and Mrs. S. J. Rice.

Another birthday feast was enjoyed last Thursday when the friends and neighbors gathered at the home of Joe Stagner, with well filled baskets, to celebrate Mrs. Stagner's birthday. The affair was so deftly planned that the surprise was complete, for Mr. Stagner, as well as Mrs. Stagner. A bounteous dinner was spread at the noon hour including a treat of fresh fish supplied by W. B. Green, who that morning returned from an outing down on the Concho river. He brought with him fish weighing twenty seven pounds. The entire day was spent in feasting, visiting and having a general good time. Mr. Stagner treated the crowd to candy and fruit.

Mrs. Mary Tyce, of Hereford, visited last week with her son and family.

Mrs. Estes and daughters, Misses Margaret and Johnnie, and Mrs. Carl Gilliland spent the day Thursday with Mrs. Percy Estes.

Mr. and Mrs. Glen Greer and children visited Sunday at the home of Mrs. Greer's sister, Mrs. Ira Cochell, southeast of Hereford.

Mr. and Mrs. B. C. Roberson, Mrs. A. W. Alexander and little daughter, Kathleen, were shopping in Hereford Friday.

S. J. Rice is building an addition to his house this week.

The change in the atmosphere came all right, first, to a little colder, no snow, then to real summer weather, no rain, so something different than a change like that has got to happen to produce a moisture for us is the unanimous decision of all.

Frank Jacobs was moving his cattle to the summer range this week. Don Doolittle and wife stayed with Mrs. Jacobs and the babies and Mr. Doolittle looked after the chores during Mr. Jacobs' absence.

Mr. and Mrs. Dee Owen and Mr and Mrs. Percy Estes and family attended the B. Y. P. U. social in Hereford Friday night

The eclipse of the moon Sunday night was plainly visible. Although it was to be a total eclipse it scarcely looked so here as it came over the moon rather early in the evening before it was dark enough for the shadow to be so conspicuous but close observers say that the mon was completely obscured for a very brief time.

Patrons of what is known as the Easter and Frio districts are anxious to consolidate and build a good, substantial school house on the State plan. A meeting was held last Tuesday and the question discussed. They hope to be able to call a meeting in the near future and vote bonds, decide their boundary lines and choose a location for the new building.

Percy Estes and family visited in Hereford Sunday with Mrs. Estes' parents, Mr. and Mrs. Greer.

Hollis Galley has finished work with his disc plows and is now pulling two 2-row listers behind his engine

Mrs. Lawrence Johnson and Mrs. Jim Florey attended the meeting of the Rebecca Lodge in Hereford Thursday night.

Ernest Betts and family spent the evening Thursday at Chancey Tyce's.

Andy Noland had his hand badly injured one day last week while helping Mr. Johnson close and fasten a car door. It was necessary to use a large crowbar to pry the door into place. In some manner it slipped and the weight of the crowbar, estimated at about forty pounds, also Mr. Johnson's weight, fell in such a way as to catch Mr. Noland's hand badly lacerating it.

J. W. Sparks had the rest of his goods, including some cows, calves, lumber, and so forth, shipped from his former home at Panhandle to his farm here this week.

Mr. Parks, the section foreman here, is promised a new house in the near future. The possibility of a depot at Summerfield looks very promising at present.

Mr. Johnson has made a good showing in cleaning up his grain yard this week. He was fortunate in procuring cars and the wagons were busy all week loading them with grain. If he continues to be this lucky in receiving cars, he will not build a granary at present.

Fate Walser and family visited Saturday in the Lance home.

Mr. and Mrs. W. B. Hord and sons, Tandy and Dee, and Mr. and Mrs. L. Jarrett, of Amarillo, motored down Sunday and had dinner and spent the day with Mr. and Mrs. J. W. Hanlan, returing to Amarillo Sunday night.

Mrs. Lance has been in very poor health for the past week. She had a very severe attack of the flu and it seems hard for her to regain the lost strength.

Miss Kenney and and Miss Slaton are working diligently as the close of their school term draws near, preparing their pupils for the final examinations and also for the closing exercises.

Earl Lance is spending a few days in Chillecothe, Texas.

Estelle Slaton was an Amarillo visitor Friday of last week.

Ira Logue has gone to Wichita, Kansas for a short visit. From there he will enter a government school, the location of which has not been decided upon as yet.

Dee Owen is helping Mr. Rice with his house this week.

Mrs. Hollis Gadley is ill this week. A very severe cold seems to be the cause, affecting her throat and bronchial tubes.

Mrs. Monroe is much improved in health and has returned to her home in Higgins this week.

"Gee, Jordie eyes is grand!" 7390

VIVIAN MARTIN in "Mirandy Smiles"
A Paramount Picture

Dainty Vivian Martin, one of the most charming of the long list of Paramount stars, scores another personal triumph in her new photoplay, "Mirandy Smiles," which will be presented at the Star Theatre Monday, May 14th. Presented in the garb of a scrub lady in a little Western town, Miss Martin prover herself as delightful amid her soapsuds as she is charming in more refined settings. She has the beauty that does not need stunning clothes to show it off. True, she looks well in beautiful clothes, but in "Mirandy Smiles" she appears in old clothes and old shoes, and with her hair drawn straight back, and—she's just as fascinating as ever. "The Adventures of Ruth" and Pathe Review will also be shown with "Mirandy Smiles" at the Star next Monday.

Good Printing at The Brand.

700,000 Sparrows

Seven hundred thousand English sparrows were killed in a state-wide campaign of Utah farmers to exterminate this grain eating pest. Seven hundred thousand sparrows, each eating six quarts of wheat a year, would mean a feed bill of more than $131,000. Therefore, the farmers in the drive saved themselves that amount.

The method of killing the sparrows was to place poisoned wheat around the farmyard in places not frequented by other birds and also inaccessible to the poultry. The poisoned grain was sent out by the biological survey of the United States department of agriculture. In the campaign, 5,243 pounds of poisoned bait were used. As many as 240 dead sparrows were gathered up as the result of a single package of bait, and in each of several counties fifty thousand to one hundred thousand sparrows were destroyed.—Kansas City Star.

Tractor dealers, owners, operators and farmers—Attend this free school. Every question you can ask will be answered.

Ford

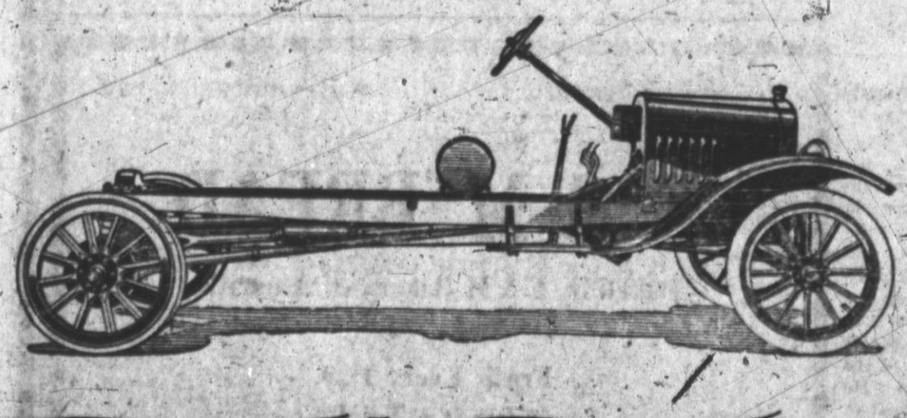

THE UNIVERSAL CAR

Weak Links in a Strong Chain

That's just what imitation parts are when they become a part of your Ford car. They look strong enough, but the metal isn't there—the strong, durable Vanadium steel that goes into the Ford chassis and every Ford part. Ford parts are specially cast and heat-treated, each according to its use. Some require a hard, flint-like wearing surface, others need resiliency, and some need just "toughness."

Ford metallurgists have been studying those problems for sixteen years and know just how each unit should be made to endure a maximum of wear and tear. They know that best results can be obtained only by the use of special formulas for different parts, and that honest Ford parts wear from thirty-five to one hundred per cent longer than counterfeits.

We carry complete assortments of genuine Ford parts for both passenger cars and trucks. And our garages are equipped to give careful, prompt Ford service—from minor adjustments to complete overhauls. Drive in, it's better to be safe than sorry. Come to the Authorized Ford dealersadjustments to complete overhauls. Drive in, it's better

HARRY L. "GATLING GUN" FOGLEMAN,
Master Salesman and Speaker Extraordinary, at Chautauqua.

EDITION WENT LIKE WILDFIRE.

"Was your last book a success?"

"Oh, immense. The publisher sent the entire edition to my house just as we ran out of coal."

AS TO BORES.

He—Do you believe in the survival of the fittest?

She — No. When several men call on the same evening, the greatest bore is always the last to go home.

AT THE SHAM BATTLE.

General: Why did you retreat. You had the other side outnumbered and technically defeated.

Captain: I know, general, but a nest of hornets got into the game.

CAREFULLY PREPARED.

Does your husband make a report to you of how he employs all of his time?

Yes, but he censors it.

POOR DOGGIE.

She had a dog with soulful eyes
That was her pet, her joy, her prize—
She bo't him specs, to see, I think,
His soulful eyes were on the blink.

AND HE DID, BY GUM.

Hubby — I've got a job in a glue factory.

Wifey — Good! I hope you will stick there.

SWAPPING EXPERIENCE.

Doctor: How do you feel, Colonel, when you have actually killed a man?

Colonel: Oh, not so bad. How do you?

BROKE.

Come on Bill. Join us in a little game of poker.

Sorry, boy, but I can't.

Why not? Your wife is in the country.

Yes, so is my salary.

ROMANCE VS. REALISM.

How did Tom come to break with Miss Sweet? He used to say that she was as good as gold.

Yes, but you see he's got acquainted with a girl who has gold.

A GOOD REASON.

Why is your husband so insanely jealous of you?

He doesn't want me to find out what a fool I was to marry him, I guess.

OUCH!

Can you lend me a cup of sugar, an egg, a piece of butter and a—

Certainly! Wouldn't you like to take home some of our gas to cook it with?

DIFFERENTIATION.

Is your husband an optimist?

Well, he's an optimist in hoping for the best, but a good deal of a pessimist in working for it.

Mr. Pep

Regardless of the high cost of living writing Paper will remain Stationary

A brilliant idea of Mr. Pep's. It makes even him smile.

Federation Work Fully Explained

(Continued from Page One)

are aflame with the spirit of highest service."

Mrs. Henry in a very earnest manner, talked of the great good to be derived from Federated work and she contrasted the clubs of twenty-five years ago with the clubs of today—showing a broader, greater vision, impressing her audience with the fact that through cooperation of Federated club work, "service" to mnakind has no limit. Every woman present was made to realize that Club work makes her a better friend, neighbor, wife and mother and that its various departments are so planned that no matter what her talent, here is a place for her in which her individual efforts are needed to "carry on" this great work. The "highest possible development" and "service to mankind" is none too high an ideal, and it is upon this ideal that club work is based. The world's war taught us that any organization to be successful must be "inclusive" as well as "exclusive" and the same principal is applicable to club work.

Mrs. Simeon Shaw, of Canyon City, Texas with chalk drawing, pictured "service" and made a short talk as she saw "serivce" during the war. Mrs. Henry told the story of an ideal home as written by Sam Walter Foss in that beautiful little poem entitled, "The House by the Side of the Road" which is a splendid illustration of "serivce" of today. While Mrs. Henry related the story connected with the writing of this poem, Mrs. Shaw illustrated it in such a way that each guest carried the picture home with her to be an inspiration in the future.

At the close of the program Mrs. Henry called for questions and by special request Miss Swisher sang "Perfect Day."

THE CHEERFUL CHERUB

The ones who break the laws in careless moments,
Their wicked souls may have some saving leaven
But the ones who rattle programs at a concert—
I know they'll never, never go to heaven.

Normal Team is Given Wolloping

(Continued from Page One)

runs and accepted three put outs and had six assists without an error. Karl Shirley hit a triple in the eighth that he could very easily have stretched into a home run if he had exerted himself. For the visitors Roffey showed clever work on bases while shortstop Jenkins made a run and got a hit in addition to accepting ten fielding chances without a bobble.

The game was but another evidence of the tremendous hitting powers carried by the local athletes, and gives plenty of promise for trouble ahead of other teams who take them on the remainder fo the season. The score:

Hereford	AB	R	H	PO	A	E
Dyer, 2b	6	1	2	5	4	0
Carter, cf	5	2	3	1	0	0
Curtsinger, p	6	3	4	3	6	0

BOOSTS SALE BY BREEDERS

Hereford Journal Says April 13 Was Far From an Unlucky Day

April 13 was not an unlucky day for the Hereford breeders holding their first sale at Hereford, Tex. This enthusiatic group, making up the Hereford Breeders' Association of Hereford, Tex., now has the distinction of having one of the best auctions ever held within the bounds of the Lone Star State. Fortune favored the consignors at every hand—the day was ideal, there was an enthusiastic bunch of buyers, and the cattle were of a good class. On the day of the sale Hereford was a magnet in the Panhandle for everyone interested in Whiteface cattle. The offering was presented in good flesh and for the most part represented some of the strongest bloodlines of the breed.

Some of the females did not sell up to their values, but the bulls in general brought good prices. The demand for range bulls still is strong in that section of the country and forecasts higher prices this season. For the last three years New Mexico has experienced the same drouth that Texas has gone through, and a great number of the bulls were shipped out of the territory. In replacing these bulls the New Mexico cowmen are buying a good class of animals.

Otto Hedgecoke, Roswell, N. M., took ten of the good bulls out of this offering home with him. Mr. Hedgecoke had started north to purchase these bulls, but upon seeing the offering at Hereford he stayed over and bought the number he needed. The top bull of the sale, consigned by C. R. Barber, sold to J. W. Keim, Tulia, Tex., for $1550. This yearling, sired by Domineer and out of a daughter of Bright Donald, was pronounced a good one by everyone who saw him. The cow, Mabel Rex, by Beau Picture out of a cow by Domino, consigned by Jones & Dameron, Hereford, held first honor in prices brought by the females going to J. C. Copeland of Hereford at 1,250. A close second was Miss Pearl, a daughter of Beau Randolph, also consigned by Jones & Dameron. She went to G. W. Sidder, McLean, Tex. This firm also sold the second highest priced bull, Don Carlos Jr., a son of Rex Stanway, to J. M. Alexander, Claude, Tex., for $1,400.

Among the other prominent buyers in the sale were J. H. Bursen, Silverton, Tex.; J. C. Sanders, Hereford, Tex.; C. W. Frye, Hereford; H. T. Wedel, Hereford; W W Gouldy, Amarillo, Tex.; B. B. Farley, Groom, Tex.; W. C. Russell, Hereford; C. O. Norton, Hereford; W. A. Vaughn, Hereford; W. A. Daugherty, Hereford; L. Johnson, Summerfield, Tex.; J T. Shirley, Hereford; R. W. Hough, Hereford; W. W. Nelson, Snyder, Tex.; B. H. Conner, Claude, Tex.; Carl Gilliland, Hereford; Claud Raybourne, Clovis, N. M.; John H. Edwards, Odessa, Tex.; L. L. Cannon, Summerfeld, Tex., and R C. Titwell, Wildorado, Tex.

The auction was conducted by Col. Ed. S. Snell, Cambridge, Neb., and he sold the cattle to the satisfaction of the consignors and the buyers alike. He was assisted in the ring by Col Fred Well and the newspaper representatives.—Hereford Journal.

PARMER COUNTY

FRIONA

W. E. Goodwine, who is now in Hereford under the care of a physician and whose conditions has become quite serious, is reported some better at this writing.

Mesdames Henschel and Kinsley spent Friday and Saturday visiting in Amarillo.

R. H. Kinsley spent Monday in Amarillo attending a meeting of the Hardware Dealers.

J. R. White returned from Kansas with his bride on May 2, and was treated to a chariyari on Tuesday night of last week. Ray and Mrs. White received their young friends pleasantly and candy and cigars were passed around and all enjoyed the occasion.

The copious and refreshing showers of Friday and Sunday have given a new lease of life to the wheat crop and the farmers are looking happy.

County Commissioner Reeve has been having a lot of much needed work done on the roads leading into Friona and some of the streets have also been graded so as to give better drainage to the town.

The Chautauqua tickets have arrived and the committee is busy dispensing same to the public. The program for this year promises to be one of the best ever given here.

Work at the oil well is progressing steadily and the hole is gradually going deeper. The depth is now nearing 1,000 feet. The drillers say that the formations they have recently passed through look very encouraging and bidders for leases are now offering as high as five dollars per acre for leases.

T. W. Galloway shipped several cars of cattle out last week and a large drove was shipped Monday.

It apears that the city of Hereford is very strict on the "Sunday closing" regulations as even the churches are closed on Sunday evenings. Two men from Friona visited every church in the city Sunday evening in an effort to find one where they might attend services but all were closed and dark.

JESS PUGH, Nationally Known Humorist,
Who Is in Command of Joy Night Festivities at Chautauqua.

2ND MISSION COMES FROM PHILIPPINES

Body Headed by Senate President Quezon Reiterates Demand for Independence.

That the Filipino people are in earnest in their demand for immediate independence is indicated by the coming to the United States of a second Philippine mission to work for independence. Coincident with this announcement the War Department received a cable from Manila stating that the all-Filipino legislature had adopted resolutions reiterating its plea for immediate independence.

The second mission, like the first, is composed of the leading men of the islands and will work in the United States not only for immediate independence, but also to bring about "better understanding, greater confidence and closer economic relations between the United States and the Philippines."

The mission is again headed by Manuel L. Quezon, president of the Philippine Senate, who is well known in America, having been for six years resident commissioner to the United

Senate President Manuel L. Quezon.

States. Mr. Quezón and the Hon. Sergio Osmena, Speaker of the Philippine House of Representatives and Vice President of the Council of State, are the leaders of the Nacionalista party, which has been in power since 1907.

While Speaker Osmena is not so well known in the United States as Quezon, he is considered one of the ablest men in the islands. Senate President Quezon recently referred to Osmena as "the greatest Filipino since Rizal."

The personal relations between Osmena and Quezon are probably without a parallel in modern politics. They have been the leading political figures in the islands for 12 years, yet there has never been the slightest indication of rivalry between them. Throughout their college life as well as their long political service each has refused to be a candidate for any position that the other aspired to.

During the years Quezon was the Philippine delegate in the American Congress he won the esteem and confidence of both the Republican and Democratic sides of the chamber. Whepever he spoke he was assured of a good attendance. One of the official short hand reporters once declared Quezon used the purest English of any member of the House.

Osmena, as president of the Nacionalista party, is the leader of the national movement for independence.

"Osmena is the premier 'de facto' of the Philippines," said a leading Filipi-

Speaker Sergio Osmena.

no journalist, now in America. "A very conscientious and tireless worker, thorough and persistent, a genius for grasping the big features as well as the smallest details of public affairs, cool headed, quiet by temperament and education, a deep thinker, an eloquent speaker, a polished writer, a keen observer of men—such is Osmena."

Both Osmena and Quezon have been consistent advocates of Philippine independence, yet when the occasion demanded it they have never hesitated to champion the cause of America's good intentions toward the Filipino people.

Feeding Young Chickens

Young chickens should be fed from three to five times daily, depending upon one's experience in feeding, says the United States Department of Agriculture. Undoubtedly chickens can be grown faster by feeding five times daily than by feeding three times daily, but it must be borne in mind that more harm can be done to the young chickens by overfeeding than underfeeding and at no time should they be fed more than barely enough to satisfy their appetites and to keep them exercising, except at the evening or last meal, when they should be given all they will eat. Great care must be exercised not to overfeed young chicks that are confined, as leg weakness is apt to result.

Alaska Lumber

A Juneau sawmill has contracted to supply three million feet of spruce lumber to dealers in the States the coming season. During the war, when spruce was in demand for the construction of aeroplanes, the Alaska product ranked as the finest in the world.

BAD BACK TODAY?

Backache is usually kidney-ache and makes you dull, nervous and tired. Use Doan's Kidney Pills for week kidneys—the remedy recommended by your friends and neighbors.

Mrs. W. M. Megert, Hereford, says: "I have used Doan's Kidney Pills off and on when I have needed a kidney remedy. My back often got sore and lame and ached a good bit of the time. My kidneys have also been weak and a pain shot through my back and shoulders when I stooped over. When I have felt any of these symptoms coming on I begin taking Doan's Kidney Pills and a few doses of this medicine have never failed to relieve me of all the trouble in a very short time. I never hesitate in saying a few words in favor of Doan's Kidney Pills because I know they are a reliable remedy."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Megert had. Foster-Milburn Co., Mfgrs., Buffalo, N. Y.

WANTED—Good clean rags at the Brand Office.

MEET THE DE VEYRA FAMILY!

They Are Putting the Philippines on the Map in Washington

Hon. Jaime C. de Veyra, Who Has Just Been Re-elected as Philippine Commissioner to the U. S.

Mrs. Jaime C de Veyra. She Is Doing Important Work for Her People in America.

THE CHILDREN OF THE PHILIPPINE COMMISSIONER.

The Baby of This Group Speaks Three Languages—Visayan, Spanish and English.

Permit us to present the De Veyra family.

The Hon. Jaime C. de Veyra is the Resident Commissioner from the Philippine Islands to the United States and has just been elected to a second term of three years. As Resident Commissioner he has a seat on the floor of the American Congress, the privilege of taking part in debates, although no vote.

Commissioner de Veyra has an interesting wife and four bright Filipino kiddies. The De Veyra family, individually and collectively, constitute the best argument as to the tact and capabilities of Filipinos that the Philippine Islands have in Washington.

The commissioner is a 100 per cent Filipino, a Visayan, and is one of the foremost leaders of the party in power in the islands. During American occupation he has been successively governor of his province, member of the Philippine legislature, cabinet member and executive secretary of the islands.

Like many statesmen of the Philippines, he was originally a newspaper man. He was one of the founders of El Nuevo Dia of Cebu, the first Filipino paper published advocating Philippine independence. The paper came under the censorship of General McIntyre, and on the appearance of the first number the editors were left in the singular position of seeing every prominent article blue penciled.

Mrs. de Veyra, like her husband, is a "live wire" in the Philippines' cause. She is the best known Filipina in America. She is an interesting public speaker and is constantly giving illustrated lectures at women's clubs and other gatherings. Mrs. de Veyra is a publicity bureau all in herself and has put the Philippines on the map, so far as the women folk of Washington congressional circles are concerned.

"I find that the Filipino people have been much misrepresented in the United States," says Mrs. de Veyra. "I do not mean to infer we are perfect, for we are not. My people have most of the defects, I suppose, that other humans have, but at the same time we are far from the people that many Americans have been made to believe. Not only are we a Christian people, but our race has a history that we are not ashamed of. Throughout the Philippine Islands the people are now working earnestly to improve themselves and their conditions so they will be prepared to take over their own affairs. We all love America for giving us a chance to help ourselves and for having promised us our independence, which is one of the dearest desires of the entire citizenship of the islands."

To American women whose ideas of Filipinos have been founded on Sunday supplement descriptions of wild tribes, Mrs. de Veyra's gentle manner and evident culture have been a revelation. She is sought by women's clubs because of her charming manner as an impromptu speaker on the subject nearest her heart—the women of her country.

At a recent Washington gathering she gave in perfect English a concise account of the work of a woman's club in Manila which supplies milk to the babies of the poor and trains mothers to care for their young children. She told of another woman's club which has branches all over the Philippine Islands and which maintains day nurseries for the children of the working women, provides Christmas cheer for the lepers, the insane and the convicts, and gathers data to influence legislation for the benefit of Filipino women and children.

The four little De Veyras, shown in the picture, having attended the public schools in Manila, slipped right into the same grades in the schools of Washington. Even little Mary, the baby of the family, speaks three languages—her native tongue, Spanish and English.

BALDY STRANG in His "Harry Lauder Review" at Chautauqua.

PARMER COUNTY

BOVINA

Mr. and Mrs. Frank Hastings took their little daughter, Anna, to Hereford Sunday, where they had her tonsils removed.

Last Wednesday night at the schoolhouse the Muleshoe Entertainers presented "Tony the Convict" to a crowded house.

Rev. Sharp, of Hereford, preached the Baccalaureate sermon at the Methodist church last Sunday night, and other exercises are being held this week.

Last Friday the Bovina school enjoyed a picnic on the draw, and Saturday night Rev. and Mrs. B. Y. Dickinson entertained the Seniors, the faculty and their friends.

The second Quarterly Conference of Bovina Charge will be held at Friona Saturday and Sunday, May 15 and 16.

Let everybody remember the cooperative meeting which begins May 19.

J. T. McGee and family have recently moved to Clovis.

Quite a nice bit of rain fell in this immediate vicinity last week.

Bovina baseball team went to Texico Saturday where they played the team there. The score was 8 to 5 in favor of Texico. This was our boys' first game, and when they have had a little more practice will put up a good game.

The Farwell-Tulia-Estelline Cut-off of the Ozark Trail has been shaved from here to the Castro county line, and men are at work putting auto gaps up, which will be completed within a few days, and this will throw the entire road open to the traveling public. The road has been designated as State Highway No. 5A and connects with one of New Mexico's best Highways. The new road will be the greatest thing that has happened to Bovina since the advent of the Santa Fe railroad.

Tin Deposits

A letter from Nome suggests that the tin deposits of that locality may be extensively exploited soon. A shaft is to be sunk to a depth of 1,000 feet, and crosscuts will be run. If the property shows up as well as it is believed it will, ten-million dollar plant will be installed and 2,000 men will be furnished employment.

More Money for Roads

Through representations made at Washington by the governor of Alaska, an additional appropriation of $450,000 has been made and will be expended on roads in the Territory this year.

Prairie rice constituted approximately 75 percent of the 40,424,000 bushels of rice produced in the United States in 1918.

Keep Well

Do not allow the poisons of undigested food to accumulate in your bowels, where they are absorbed into your system. Indigestion, constipation, headache, bad blood, and numerous other troubles are bound to follow. Keep *your* system clean, as thousands of others do, by taking an occasional dose of the old, reliable, vegetable, family liver medicine.

Thedford's

Black-Draught

Mrs. W. F. Pickle, of Rising Fawn, Ga., writes: "We have used Thedford's Black-Draught as a family medicine. My mother-in-law could not take calomel as it seemed too strong for her, so she used Black-Draught as a mild laxative and liver regulator . . . We use it in the family and believe it is the best medicine for the liver made." Try it. Insist on the genuine—Thedford's. 25c a package. E-75

Habitual Constipation Cured in 14 to 21 Days

"LAX-FOS WITH PEPSIN" is a specially-prepared Syrup Tonic-Laxative for Habitual Constipation. It relieves promptly but should be taken regularly for 14 to 21 days to induce regular action. It Stimulates and Regulates. Very Pleasant to Take. 60c per bottle.

Windmilling

All kinds of windmill work done.
14-4t-Pd. H. E. Sullins, Phone 317.

Rev. J. E. McClurkin left Sunday afternoon to attend the Southern Baptist Convention which convenes at Washington, D. C. An interesting feature of the convention for this year is the fact that it will be held in Liberty Hut.

If you need any household goods, see my ad. J. S. Warner. 16-1t

You have a better chance to get a big fish if you get your tackle at Skelton's.

A few boxes of nice fresh strawberries left at the Hereford Produce Co.

Our stock of Columbia Grafonolas is very complete. Don't forget the Columbia when you are ready to buy.
W. H. Ray.

Mrs. A. L. Gibson left Friday of this week for a visit with her brother, Walter, at Dallas, Texas and from there she will go to Wichita Falls, Tex., to visit with other relatives.

W. B. Dameron who has been spending the winter in San Antonio, Texas, returned home Sunday night. His wife has been in Washington, D. C. during the winter with her daughters, Misses Bertha and Francis, who are in Civil Service work there, and Miss Marjorie, who is attending school. She returned home Tuesday and they state that they will be at home at least during the summer.

Miss Helen Lea leaves Friday for Muskogee Oklahoma, for a short visit with her sister, after which she will enter summer school in Pea Body College, Nashville, Tenn. Miss Lea states that she has accepted a position in the Muskogee public school and will not be a member of our faculty another year. We regret very much to lose Miss Lea for we feel that by her going we are losing on of our most capable teachers.

Better get you an alarm clock before they are all gone. Big Ben is the best.
W. H. Ray.

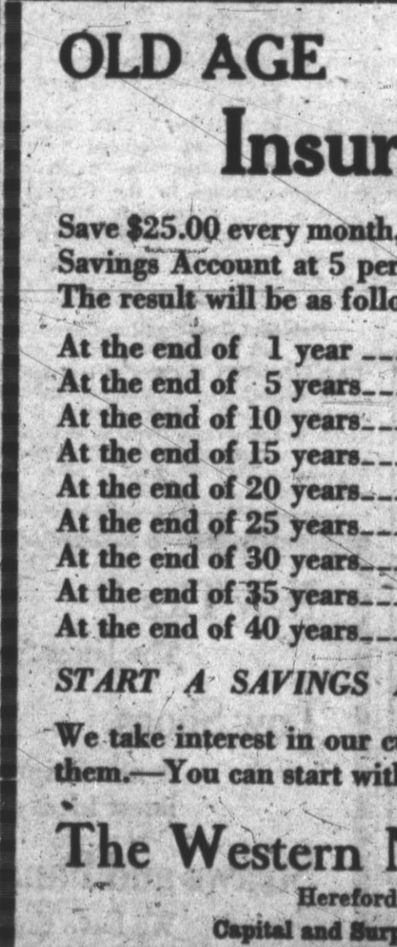

MANY REAL ESTATE DEALS REPORTED NEARLY ALL CITY

Trading in city property has been brisk the past ten days. Some of the deals reported are:

The beautiful little Frank Lambert home was purchased by D. L. McDonald, who will make it his home. Mr. Lambert in turn purchased the home of J. S. Warner, formerly the J. W McQueen place. Mr. Warner made both these deals and, in addition, sold his former home near the Central school to Lee Riggs.

H. H. Walker sold his home, just east of the Court house, to J. L. Pleasants, and another place he owned in west Hereford to J. L. Pritchard, of Canyon. Mr. Walker then purchased the T. F. Bishop place in north Hereford.

Lee Terry has purchased the S. L. Harmon property, which has changed hands three times within the past year.

Mr. and Mrs. Frank Gunn, of Los Angeles, Calif., who are enroute to Kansas to spend the summer visited from Saturday until Monday with their old neighbors, Mr. and Mrs. H. H. Boardman, southeast of town.

Not only do we secure for you the best possible furniture values but we try to sell you only what you need.

An indiscriminate mass of furniture does not make a home.

If we have an idea of the effects you desire to secure, we will save you many a dollar by our suggestions.

REFRIGERATOR

We are showing rare values in this department of our big store. All our Refrigerators are being sold today at a saving to you of 33 1-3 percent. You cannot afford to delay your buying. Our stock is complete.

A progressive drug service, one sufficient unto your every need, is the guarantee of this store.

It is our pride that we carry only the purest, highest quality ingredients, only remedies tested and proven beyond doubt.

If there is anything better than ours in drug service we want to know it.
