TO THE CITIZENSHIP OF KIMBLE COUNTY.

I hereby respectfully announce my candidacy fo rthe office of County Judge of Kimble County, subject to the action of the Democratic Primary in July

In so doing, I realize that this is an office of dignity and responsibility, and believe that the County's business should be run upon the most economical an dbusiness like manner possible. I believe in an equal distribution of all moneys spent in the county. Every portion and parcel of the county pays its proportionate share of taxes and every portion and parcel of the county should have value received for the taxes paid by it

I am an ardent advocate of good schools and am in sympathy with the need of the schools of the county. Ibeliev that I am qualified to look after the interests of our schools, having taught school eight years myself, andif elected to this office, I pledge you my very best efforts towards the helping and bettering of our schools.

I shall make a consistent effort to see every voter of the county before the election. If you believe that I am qualified to fill the office to which I aspire, and that I will attend to its duties after being elected, your support is earnestly solicited and your vote will be sincerely appreciated.

Respectfully submitted,
Fred E. Knetsch.

MAN KILLED NEAR MASON IN AUTO CRASH.

Word reached here Tuesday morning that a man by the name of Chas. Stark, of Mason County, had been killed the night before, when the car in which he was riding collided with a big International truck belonging to R. L. McKinney of London, which was being driven by Mr. McKinney's brother.

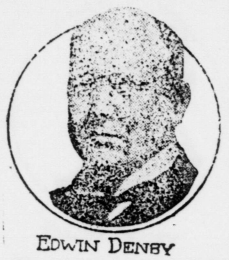

The Ford was driven by a son of the dead man, and it is stated that they were carrying a casket out of Mason for some neighbor and were driving at a very rapid rates. The truck had turned out of the road, but was hit by the Ford with such velocity that the frame and front springs were broken and other damage done, while the Ford was completely demolished

On another page in this issue is an article about the probability of Governor Neff announcing for President, and another stating that W. J. Bryan is backing him. Later news reports state that Mr. Bryan is a candidate for Democratic National Committeeman from Florida, and that he has made the statement that he will place a Florida man in nomination if he is elected, so this press matter that has been going the rounds to the effect that Mr. Bryan is supporting Mr. Neff, seems to have become about as flat as our pocket-book was after the holidays.

Our guess is that Governor Neff would like very much to make his announcement for the high office of President, and our next guess is that he would get about af far as Farmer Jim got when he ran on the American Party Ticket.

In this issue will be found a political callendar for the year. If our readers will clip this and preserve it, it will prove a source of valuable information many times during the year. This is county, state and national campaign year, and you will want to know what is happening at different times during the year,

On account of bad weather only a small crowd was out to hear Senator Burkett, candidate for Governor, when he spoke here Friday.

EDWIN DENBY

The present Secretary of the Navy, was born fifty-three years ago, at Evansville, Ind. When he was fifteen years of age he went to China with his father, who was then Minister to that country. In 1896 he was admitted to the Michigan Bar and practiced for several years in Detroit.

During the Spanish-American War, he was a gunner's mate in the Marine Corps. At the outbreak of the World War, while he could have entered as a commissioned officer, he chose to enlist as a private in the Marine Corps. During the war he rose from a private to the rank of Major.

He was appointed Secretary of the Navy by President Harding and retained by President Coolidge. Until he was appointed, he had only held one public office—that of chief probation officer in the Recorder's Court, City of Detroit.

NEW SCHOOL BONDS APPROVED AND REGISTERED

The local school board received a letter this week from the State Comptroller, stating that the new Junction School District Bonds had been apjproved by the Attorney General's Department and registered in the Comptroller's office, and were there subject to the order of the local board, to be turned over to the buyers when sold.

It was necessary to have the bonds reprinted, as the first ones were made in denominations of $1,500 each, while the new ones are in denominations of $500 each.

TEXAS POLITICAL CALENDAR FOR 1924.

The Texas primary election law discriminates in its requirements as concerns nominations for state, district, county and precinct offices. Parties which cast 100,000 or more votes at the last preceding election are required to nominate by the primary election method. Parties which cast more than 10,000 and fewer than 100,000 votes at the last preceding election may nominate by either the primary election or convention system, but at a certain time in advance must elect which method will be adopted.

The Democratic party, having cast more than 100,000 votes in the last preceding election, is required to nominate by the primary election.

The Republican party having cast fewer than 100,000 votes and more than 10,000 for its candidate for governor at the last preceding election, may nominate by primary election or by the convention system.

Smaller parties are free as to both time and methods, with the exception that parties having no state organization which nominate for district, county or precinct offices by the convention or primary election system are required to make nominations on the dates provided by law, according to a compilation of state political information by the Dallas News.

Were tax money to be spent with the same care and competency that successful business men are accustomed to use in their private transactions, the rate of taxation could, conservatively speaking, be sliced in half. Or, if, preferred, the rate might be left where it is now, and more good roads and other public benefits provided. If every private concern were to copy-cat the government methods, we'd soon find it on the junk heap with only life enough to wiggle its fingers at the policies that had brought on their difficulties. The national government is the biggest sinner, with state, county and city following close behind. Why not whittle out two husky shingles, label them "More Business" and "Less Politics," and prepare to do some sensible paddling?—Texas Farm and Ranch.

Horace Greeley did not say, "Go West, young man." This expression was first used by John L. Soule in 1851 in the Terre Haute Express. Greeley later used the sentence in an editorial entitled "Hints Toward Reform," Later Greeley re printed the article from the Terre Haute Express and explained that he was not the originator of the expression.—Dearborn Independent.

We are filing several co.'s plaints with the Postoffice Department through the Inspector at Austin. There have been a number of people who have not been getting their paper regularly. Those that have advised us of this will receive attention and we ask that all others who have been missing copies of the paper, or have been getting the paper from one to three weeks late, notify us at once, as we wish to file these complaints with the Inspector also.

We are using a long wrapper and our names are all stamped in type large enough for the purpose, and there is no excuse for such delays as we are being notified of.

Write us at once, telling us whether you are missing your paper, or if you are getting the paper after weeks of waiting, and we will see what can be done

On page six will be found an advertisement of the John W. Burney Store of Kerrville. These people are in the market for your turkeys, and as you will see, are paying a fair price for them. They are also buying chicken hens and ducks and geese.

A Good many turkeys have been sold recently for a much lower price than the one advertised by this Kerrville firm, and this advertisement will be good news for those who have any surplus poultry on hand. Note the date for delivery at Kerrville.

Now's a mighty good time to pay your subscription to The Eagle, if your time has expired or is about to expire. We are very busy and so far have not found time to mail out cards to the very few who are not paid in advance. A prompt renewal will save us the time and expense of sending you a card.

Notice to Tax Payers.

I would especially like to call your attention to the list of lands published in this paper during the month of December, in order that you ascertain if any of your land is contained in that list. If any of your land has been published, please see about it before District Court in February, and thus avoid the extra expense of taking judgment and advertising same for sale.

It may be that you have a receipt showing taxes paid for year that suit has been brought, if so, kindly present this receipt and suit will be dismissed.

At any rate, it will be well for you to carefully look over this list to be sure that none of your land is contained therein.

Fred E. Knetsch,
County Attorney.

Editorial

That which makes a man great is the power to give others power.

The Farmer Won't Be Fooled

Whatever may be public opinion in reference to a soldiers' bonus, whether approval spring from the welling of gratitude in the American heart, or disapproval come from calm examination of the country's finances, Senator Smoot, who opposes the bonus, is likely to stub his toe in his proposition to meet the emergency by establishing a sales tax. And he is not likely to fool the farmer by alluding to his proposed bill as an "expenditure tax."

The people are already taxed to death.

The farmer already is suffering severely from having to pay exhorbitant prices for the things he has to buy while obtaining very low prices for what he has to sell, and, unquestionably a sales tax will not lessen this burden. The Senator who admittedly is one of the country's foremost experts in taxation, tries to cross this bridge and assuage the farmer by providing that all expenditures below $6,000 shall be exempt from the proposed tax, but it is difficult to see how this will affect the farmer any more than any other class of our citizens.

The expenditures of the farmer as a fact are usually on a larger scale than the expenditures of men personally engaged in many other industries. Moreover, Senator Smoot should remember if there is one characteristic that stands out in the man with the hoe it is the spirit of fair play which always bespeaks opposition to class legislation. The farmer's cry is for a square deal. He does not ask anyone to discriminate in his favor. All he asks is that the government shall not discriminate against him. No matter how sincere the senator from Utah may be, the farmer will not silently agree to be placed in a position where he may be pointed to as accepting benefits under a system of class legislation when he has consistently and persistently protested against this sort of thing. He knows, too, the ills from which he suffers never can be soled by any sales tax, and that the proposed exemption is aimed only at obtaining his approval of a measure that will add a still greater burden to the American people.

If Senator Smoot wants to find a way to meet the soldiers' bonus problem, let him approach the task from a different angle. The farmer is opposed to a sales tax, call it what you will, and he won't be misled by the exemption clause.

The Hamer Store

Is operated primarily for profit--this is easily understood, but where there is no service there is no profit.

Therefore it is necessary that we render a service that will create in the minds of our patrons a desire to patronize our store.

The manner in which our customers continue to patronize us has convinced us that our efforts to maintain a degree of efficiency have been appreciated.

In fact THE HAMER STORE has become an institution which the people of Junction depend upon to fill their every requirement, and the Quality of our Merchandise are always kept up to the Highest Standard, and have never been criticized unfavorably.

CATTLEMEN GOT VERY LITTLE PROFIT IN 1923.

Fort Worth, Dec. 31.—Regardless of the fact that combined receipts of cattle and calves on the Fort Worth market in 1923 were more than 172,000 head in excess of the number received in 1922, prices during the past year were generally higher than those of the preceding year. In practically all departments higher top sales were recorded.

Hog and pig prices ruled lower on the average than they have at any time since the year 1915.

Slightly higher prices for cattle the past year did not bring any great returns for the producers. The decline in hog values in the face of a high market for corn proved disastrous to feeders and resulted in sharp cutting of production toward the end of the year. The sheep men realized a fair profit on their season's output, another good year falling to their lot.

Fort Worth's greatest livestock receipts were recorded in 1917, the fifteenth year following the completion and full operation of the packing houses of Armour & Co., and Swift & Co. In 1917 a total of 1,641,110 head of cattle, 313,427 calves, 1,062,021 hogs, 405,810 sheep and 115,233 horses and mules arrived, making an aggregate of 3,542,601 head of livestock. During that year 69,526 car loads were received at the Fort Worth Stockyards, a record that has never since been equalled.

Top prices paid for the various classes of livestock on the Fort Worth market, during the past year, compared with the peak years, 1919, and 1918, and with 1913, before the World War, are as follows:

	1923	1922	1919	1918	1913
Beef Steers:	$9.50	$8.50	$15.50	$16.75	$8.75
Butcher Cows:	6.50	7.00	12.50	13.00	7.00
Heifers and Yearlings:	10.00	9.75	16.00	16.00	8.50
Bulls:	5.50	5.50	10.00	10.55	6.65
Calves:	10.00	9.50	16.00	14.50	9.50
Hogs:	9.65	10.80	23.50	20.25	9.32
Sheep:	9.00	9.50	14.25	15.75	7.25

16 HORSES, 1680 QUARTS TAKEN IN SOUTH TEXAS.

Hebbronville, Texas, Jan.6.—Following a battle late Saturday lasting almost half an hour, during which several hundred rifle and revolver shots were fired, a gang of 15 Mexican liquor smugglers was put to route, and their pack train, consisting of 16 horses and saddles and 1,680 quarts of tequilla, fell into the hands of a party of eigth officers. It was not believed that any of the Mexicans had been killed, although the officers said some of them were wounded.

The officers had been notified that a large party of Mexicans was coming across country thru the brush with a pack train, apparently carrying liquor. They took up the trail and ran upon the smugglers about 5 o'clock in the afternoon, soon after they had butchered a calf belonging to Juan Benavides, on whose ranch, 15 miles northwest of Hebbronville, they were The officers opened fire and for a moment confusion reigned in the camp, but the smugglers, who out-numbered the officers two to one, deployed on foot through the brush and attempted to surround the officers.

Despite the fact that they were fewer in number, the officers put up so strong a battle that the smugglers lost heart and fled about 20 minutes after the fight had begun, abandoning their pack train and camping outfit, as well as their liquor. As it was about dusk, no attempt was made to follow the smugglers.

During the past year, we have made an effort to please every customer With the coming of the New Year, we have entered our work with the determination to give you even better service than we were able to give you in 1923.

Austin, Tex. Jan. 6.—Though many things may operate to change such a program, it is the confident belief of Governor Neff's closest friends and advisers about Austin that, shortly after his return from Washington where, on the night of January 15, he is slated to deliver an important addres before the Anti-Saloon League of America, he will formally annuonce his candidacy for the Democratic presidential nomination.

BRYAN TO LECTURE IN SAN ANTONIO.

Announcement is made that William Jennings Bryan is to speak in San Antonio on Saturday night, February 2. It is understood that Mr. Bryan is coming to San Antonio on invitation of the Men's Barraca Bible Class of the Travis Park Methodist Church, and will deliver one of his lectures, probably at Beethoven Hall. The invitation was extended Mr. Bryan by this class several months ago.

It is the understanding that Mr. Bryan will deliver his lecture on the topic, "Is the Bible True?" This is the address in which he scores the evolutionists.

Governor Neff of Austin will be invited to attend the lecture and introduce the speaker. It is probable that he will accept as Mr. Bryan is in the State at that time as the guest of the Texas Governor.

STATE BANK EMPLOYEES HAVE OYSTER SUPPER.

The employees of the Junction State Bank gathered at the Fritz Hotel last Friday evening to enjoy an oyster supper. The oysters had been given the bank by a party at Galveston, and the Fritz Hotel prepared the oysters and other good things that were necessary to make a complete supper, such as the Fritz Hotel has the reputation for serving.

The following were present: Mr. and Mrs. W. P. Riley, and Max; Mr. and Mrs. C. T. Holekamp; Mrs. H. O. Denman; Misses Gladys Van Clief, Tottie Martin, and Tyler Wilkinson; and Cecil Craven and Clay Maddux.

MERRY WIVES CLUB.

On Friday afternoon Mrs. H. O. Patterson very delightfully entertained members of the Merry Wives Club and guests, with a ballon bridge party.

The room closely resembled the rainbow, as balloons of all colors floated from the back of each chair where they were tied as favors for those present.

The tallies further carried out the balloon motif.

Mrs. L. L. Skaggs received a beautiful silk garment for having highest club score.

Mrs. Freidman, as guest, received an earthenware tea pot.

Mesdames Phillip Joseph, Conrad Holekamp, C. R. Stevenson and Miss Irene Chase, each received a hand painted lemon fork as table prizes. Mrs. H. O. Denman was consoled with a balloon pig.

Delicious refreshments of ambrosia in orange cups, garnished with whipped cream and cherries, cake and hot chocolate were served.

Unique little faces peered from each slice of cake as plate favors.

The guests were: Mesdames W. P. Riley, C. E. Reid, Homer Livingston, Freidman, George Braley and Misses Irene Chase and Dorothy Hodges.

SMITH-FOLEY.

Cupid is still putting in good time in Junction.

Friends of the contracting parties were agreeably surprised when announcement was made that Reginald Smith and Miss Ada V. Foley were quietly married at the Methodist parsonage last Sunday night, by Rev. R. E. Parker.

The groom is the oldest son of Mr. and Mrs. Hoy Smith who live five miles above town on the South Llano, and was one of the graduates of the Junction High School last year.

The bride is a daughter of Mr. and Mrs. I. S. Foley and has many friends who will wish them much joy along their wedded pathway.

Both these young people have grown up here and The Eagle extends congratulations.

MISCELLANEOUS SHOWER.

Mrs. Roscoe Stevenson was treated to a most delightful surprise on Saturday night of last week, when a number of her friends stormed her with a miscellaneous shower at the home of her parents, Mr. and Mrs. Pickett.

The guests assembled at the Bob Ragland home and rushed into the Pickett residence with arms filled with packages before Mrs. Stevenson realized what was happening.

She was the recipient of many useful gifts and every one looked on with pleasure while she opened each one and in her most gracious manner, thanked the guests.

Music and various games were played, after which delicious refreshments, consisting of pimento and cheese sandwiches, and hot tea were served to the following:

Misses Joan Wilson, Bernice Chenault, Elizabeth Patterson, Austin Durst, Stella Whittle, Louise Farmer, Bernice Sutton, Elizameth Estes, Vivian James, Mesdames Pickett, Sutton, Bob Ragland, Vara James, Lucy Motley, Chris Schraub, Jennie Patterson, and Mr. and Mrs. Roscoe Stevenson.

DIVORCE

The greatest evil that faces the social world today is the divorce evil.

It is perfectly clear that the Bible does not permit of divorce and remarriage on any ground except one, and that whosoever putteth away his wife, saving for the cause of fornication, maketh her an adulteress, and if he marries another he himself commits adultery. This much is plain as day, namely, that there is only one Scriptural ground for divorce and remarriage—impurity on the part of the other party.

But, what are you going to do when divorce has really become a pastime? Some are treating it as but a passing experience. Social lines are being broken, moral standards are being shattered, children are being cursed, homes are being broken up, and men and women are losing all sense of regard for the sacradness of the marriage vow.

Of course, where one party is guilty, the innocent party has a perfect right to re-marry, and the innocent party ought to get a divorce. But, there are too many people deliberately committing the offense in order that they may secure the divorce. They are deliberately creating the cause for the purpose of being separated.

Nearly sixty per cent of the divorces of today have been brought about by the parties premeditatedly creating the cause for the divorce.

Why don't the Christian forces of the country speak and suppress this evil?

So They Voted for "TH"

The question in the Graham family was whether it was to be TH-rift or D-rift. The vote was for TH-rift after Mrs. G. presented it thusly:

"Are we content to drift along with no preparation for the future?"

"Or, are we thriftly going to save money for the future?"

"A bank account will help us meet possible misfortune without a qualm. And when opportunity knocks it will make it possible for us to take full advantage.

"Now—what do you say, shall it be thrift or drift?"

This bank helps people to save by paying interest on saving accounts. Start yours this week.
