PUT BAN ON BLACK HULL WHEAT HERE

Black hull wheat will be docked heavily at at least one local elevator next year, according to E. W. Harrison, grain buyer.

"I have not made a careful study of the black hull variety," said Mr. Harrison Wednesday, "but I do know that a great many mills are refusing to buy it under any condition, which means that we naturally will be forced to dock it heavily."

Opposition is strong. "It is some times difficult to watch closely the wheat that comes into the elevator especially during the rush season. If wheat men persist in planting the black hull variety we will be forced to visit local fields and spot the wheat before it is cut. Only in this way can we protect ourselves."

Millers generally over the country seem to be united in their opposition to black hull wheat. L. E. Leathercock, chief chemist with the Kansas Milling Company in Wichita, in a recent article in the Wichita Beacon says:

Poor Quality Gluten
"Black hull wheat is inferior, from the baker's and miller's point of view, to the old standard varieties, Kanred, Turkey and Kharhoff. There are three main reasons why the variety is unpopular. In the first place it doesn't make as strong a dough; second, it will not stand the punishment of the high speed machinery in use today in grinding the grain; third, it doesn't make as large a loaf of bread as do the other varieties."

"The reasons for these defects is that the black hull does not have as good a quality gluten. The strength of the dough is dependent on the quality of the gluten, as are the other two defects."

It appears, furthermore, that the black hull variety is not the best variety for the Panhandle country. Walter Barlow, vice president and general manager of the Great West Mill and Elevator Co., in a recent article in the Amarillo News, says he was well adapted to the Panhandle soil.

"The black hull wheat is not as well adapted to the Panhandle soil and climatic conditions as the Turkey red and other varieties and I feel the farmers are making a mistake in planting it. Only a very small per cent of the present crop is black hull and I do not anticipate that there will be any penalty in price because of it but if there is any considerable amount planted this year we can expect to get less money for our wheat next year because millers certainly object to handling it, in fact some of them refuse to use it."

The Panhandle has made an enviable record for high quality wheat and I would regret to see that reputation spoiled through the advent of black hull wheat in our fields."

Mills and bakeries everywhere are discriminating against the black hull variety. Many flour buyers are stipulating in their orders that the variety must not be used in making any flour shipped to them.

"Very little black hull wheat was planted in the Hereford territory," said Mr. Harrison, "and wheat growers should put it definitely on the black list from this time on."

Local Church Plans

Revival In August

The annual revival meeting of the local Methodist church will begin August 14, according to an announcement made Wednesday by A. B. Davidson, pastor.

"We are planning to have one of our very best evangelistic pastors," said Reverend Davidson, "and also a singer-evangelist to assist with the meeting."

"We hope our people will make their plans now to be present and we extend a most cordial invitation to all members of other churches to cooperate with us and attend the meetings. Our desire is to make it a strictly cooperative, non-sectarian effort to build up the kingdom of God in our community."

REVEREND MORGAN VISITS THE GRAND CANYON

The Brand office is in receipt of a card from Reverend Morgan, who left last week for California. Mr. Morgan wrote the card at Grand Canyon and states that his experience as a cowboy preacher was very valuable in making the trip down the Canyon by mule. "We are having a great time," he says.

GRAZED WHEAT CROP ON E. K. BURCH FARM MAKES RECORD YIELD

The most unusual story connected with this year's wheat harvest in the Hereford territory comes from E. K. Burch who lives on a farm west of Hereford.

Mr. Burch reports that from a sixty acre field of volunteer wheat which was grazed until ten days before cutting, he harvested 120 bushels of grain which tested 58. The crop had received very little rain and he had not intended to cut it but noticing that the heads had filled out much better than he expected he decided at the last minute to put his header in the field.

Thelma Webb is Killed When Hit By Ford Truck

Thelma Pearl Webb, 3 year old daughter of Mr. and Mrs. D. G. Webb was instantly killed at the Webb home, two miles north of Progressive community, about 8:00 p. m. Friday, when she was struck by a Ford truck driven by Cecil Baker.

Baker had driven into the yard at the Webb home and as he passed the gate the little girl and a sister and brother swung on to his truck.

He drove to the rear of the yard and then deciding to close the gate, backed up the truck. The children jumped and Thelma fell under the car and it is believed that she was struck by a rear spring. The wheel apparently did not pass over her as the body was not crushed. The other children jumped clear of the truck and were unharmed.

Funeral services were held Sunday at 10:00 a. m. and the body was buried at the West Park Cemetery.

VISITS IN HEREFORD
Mrs. W. A. Duff of Sherman, Texas, is visiting her nephew, Mr. Frank Ball, and Mrs. Ball in Hereford this week. Mr. and Mrs. Ball are guests in the home of Mrs. R. G. Sisk.

During the past school year Mrs. Duff acted as house mother for a men's dormitory at Austin College in Sherman. Formerly she was a frequent visitor here in the T. E. Shirley home and has many friends in Hereford.

Farm Sale Dates

These sales are billed for the Hereford territory next week. One Tuesday, July 12, Mrs. Ida Blackburn and Son, twelve miles northwest of Hereford, will offer at public auction seven head of horses, thirteen head of dairy and stock cattle, 15 head of hogs, 108 chickens, household goods and farm machinery.

The Blackburn farm is known as the old Ellis place and may be reached from Hereford by going four miles north on 25 Mile avenue, three miles east, three miles north and two miles west. Lunch will be served at noon by the Ward Community Sewing club. Col. Ray Barber is the auctioneer and C. G. Acker sales clerk.

On the following day, Wednesday, July 13, Mrs. W. H. Eddleman will sell at auction thirteen head of Jersey cattle, seven head of horses, 700 hens and pullets, several head of turkeys, 3 head of hogs, household articles and farm tools.

The sale will be held at the Eddleman farm beginning promptly at 1:00 p. m. An incorrect location of the farm appears in the sales bill published in the paper. The farm is located five miles north and one-half mile west of Dawn and one-half west of the Dawn Wildorado highway. Mrs. Eddleman is leaving this section because of the recent death of her brother, Mr. Charles F. Griffith.

She announces that the chickens offered for sale are pedigreed leghorns from the Farris hatcheries. Col. W. S. Williams, auctioneer, and E. B. Ramsey, clerk will handle the sale.

The Whiteface ball club copped both ends of a twin bill with the Vega Outlaws Sunday and Monday. The first went to Hereford 9-8, the second 14-0. It was Hereford's third win over Vega in four starts. Walcott did the hurling Sunday, winning his fourth consecutive game. Curtisinger, veteran of many games with the local club, took the mound Monday for the first time this season and after getting off to a bad start settled down and pitched good ball.

Sunday's game was an extra inning battle ending in the twelfth when Mills tripped to center field and scored the winning run on Clennin's high fly to the same garden. The Whitefaces battled the Outlaws on even terms all the way and the score was tied in the fourth, sixth and eighth with neither team able to score the necessary run in the ninth.

Walcott allowed but six hits while the Whitefaces touched Berry and Moore, who took the mound when Berry showed signs of weakening in the eighth, for twelve safe blows including a home run, three triples and a double. Batting averages for both clubs suffered rather severely. Smith of Hereford led the hitting with a triple and a single in four times at bat.

Manager Whitehead used a shifted lineup with Mills at second, Posey at short and Carroll in left field. A little nervousness was evident on the part of the players in strange positions but only three errors marred Hereford's playing.

Ralph Smith, Hereford's veteran lead-off man started things with a bang when he tripped to right in the first frame. He scored on Murphy's single and Murphy came in with the third run following an overthrow and Carroll's single.

Two singles by Curtisinger and Mills and a double by Posey scored a run in the third and the Whitefaces were scoreless until the sixth when Clennin went to first on R. McNabb's error and came home on Walcott's fielder's choice. Curtisinger did a "Babe Ruth Special" in the seventh and Young followed with a triple but was left stranded on third base. Hereford scored twice in the eighth on three safe blows by Smith, Carroll and Clennin and Ivy's error.

The Outlaws scored twice in the first and twice more in the fourth when McNabb hit for four bases following Robertson's single to left field. They added another in the fifth and three more in the eighth aided by three safe blows and Ivy's infield hit.

Neither team could score in the ninth, tenth or eleventh although Smith got as far as third base in the tenth. Berry batted for Ivy in the eleventh but failed to deliver the needed hit. In the twelfth Mills tripled and Clennin's high fly gave the Whitefaces the winning run.

THREE GIRLS ARE HURT IN AUTO WRECK

Leah Thurmond was seriously injured and two other Hereford girls, Alice Womble and Willie Thurmond, were badly bruised and shaken up when the Dodge sedan in which they were returning from Amarillo turned over twice on the highway five miles east of Hereford about 7:30 Saturday evening.

The accident occurred just west of Joel where the road takes a sudden dip downward. According to Willie Thurmond, who was driving, the car suddenly started to weave from one side of the road to the other. She was driving about forty miles an hour and fearing to lose entire control she jerked on the emergency brake with such force that the car rolled over twice, end-for-end, and tumbled into a ditch at the side of the road.

Thrown From Car
Leah Thurmond who was lying down in the rear seat was thrown out of the car as it turned over the first time. She struck the road with such force that she did not regain consciousness until Sunday morning.

The other two girls, both in the front seat, were not thrown out. Miss Womble was only slightly bruised and crawled out from under the car and pulled Willie Thurmond from under the drivers seat. A Buick sedan driven by an Amarillo man was right behind the Dodge when it turned over. He was barely able to stop his car in time to prevent hitting Leah Thurmond who was thrown to the side of the road.

The Amarillo car brought the girls to the county hospital. Miss Womble and Willie Thurmond received only slight bruises and cuts and were taken to their homes Sunday morning. Leah Thurmond was much more seriously injured and the exact character and extent of her injuries has not been determined. Reports from the hospital Thursday indicated that she probably could not be removed to her home for several days. She has lapsed into unconsciousness several times during the last two days and it is thought that she is suffering from a slight concussion of the brain.

Miss Willie Thurmond and Miss Womble had gone to Amarillo to meet Leah Thurmond who was returning from Abilene. The Dodge sedan, a practically new car, was a complete wreck.

Tank Explodes; A. C. Barnhart Receives Burns

A. C. Barnhart received painful burns about the arms and hands early Wednesday morning in an explosion at his welding and blacksmith shop on South Miles avenue.

He was preparing to weld a small hole in a fifty-gallon drum which he thought had been used only as a container for coal oil. It had been used recently as a container for gasoline and there was enough of the liquid in the drum to cause a terrific explosion when Barnhart applied his blow torch.

Both ends were torn out of the drum which was blown almost as high as the roof of the building, according to Mr. Barnhart. Fortunately the drum did not strike him although he received painful burns on the left arm.

FORMER RESIDENTS HERE

Trenton, Mo., arrived in Hereford Friday from Plainview where they have been visiting their son, Mr. E. W. Kinney, and his family.

Mr. Kinney formerly had the Ford Agency in Hereford. He and Mrs. Kinney left Saturday for New Mexico but will return to Plainview in a few weeks. They plan to locate in this section in the near future.

Three weeks' battling slump and cracked out a home run, two triples and two singles in five times at bat for a percentage of 1000. Robinson was shifted to first to fill Curtisinger's place and in addition to perfect fielding contributed two doubles and a triple in four times at bat.

The crowd of enthusiastic fans found itself going back to the old days of Hereford baseball when Curtisinger walked to the mound as umpire London called, "play ball".

Business Shift of Interest Takes Place; Pitman Joins Firm of Jones & McLean

A business shift of unusual public interest, involving two of Hereford's most popular and progressive young men, and brings a new citizen to the city, occurs this week.

Johnathan A. Pitman, vice president and cashier of the First State Bank & Trust Company, is retiring to take an active part in the management of the well known firm of Jones & McLean. His successor in the bank, it is announced, will be Harry Fritz of Plainview, former active vice president of the Third National Bank of that city and one of the most progressive and successful factors in development work in the Plainview section in recent years.

The changes became effective July 1. Mr. Fritz was expected here Thursday or Friday to assume his new duties. As soon as the necessary transfers can be made Mr. Pitman will at once become identified with the firm of Jones & McLean. He has purchased a substantial interest in this old and established business, in which he will be associated with Bobo McLean and Mrs. J. B. Jones. It is stated that there will be absolutely no change in the name of the firm or in its policies, and that the new management will strive to continue and if possible advance the established reputation of this aggressive business house in service to the community.

Johnathan Pitman started several years ago as the "bat boy" in the First State Bank & Trust Co., and by sheer merit and native business ability worked himself steadily upwards to the active management of the largest financial institution in the county. His record is enviable and his personality has endeared him to the general public in a remarkable way. There is no question in the minds of his countless friends as to his success in his new venture.

While the loss of Mr. Pitman will be keenly felt at the bank, President Henry Wilkinson states that in Mr. Fritz he believes he has secured the most available and efficient successor to be found in the Plains region. S. P. Rosson, of the R. B. R. Implement Co., formerly a citizen of Plainview, is enthusiastic over the new member of Hereford's banking fraternity. Mr. Rosson has divulged the information that Mr. Fritz is a real banker, a "regular fellow," an aggressive community booster and a most desirable citizen in every sense of the word. As vice president of the Third National Bank of Plainview Mr. Fritz pulled that institution through the severe crisis following the war. The strain having told upon his health he resigned to enter outside work for a time, and of late has been conducting a lucrative bond business. He is a man in the prime of life, unusually well equipped from experience for active banking work, and is especially noted for his strength in the department of farmer-banking.

In the opinion of those best qualified to judge, these changes in the local business field are all for the best interests of those involved and for the community, and congratulations seem to be in order all around.

Whippet-Knight Co. Moves to New Location

The Whippet-Knight Motor Company, formerly located in the Kellieher building on Main Street, has moved to the new Carroll building on South Miles Avenue near the Clark blacksmith shop.

Displaying the latest Knight and Whippet models in the new 40 x 30 show room, Mr. L. A. Ricketts, manager, announces that the company will carry a complete line of Willis Knight, Overland and Whippet parts and that his shop is equipped for quality repair work. A line of Pink Oils and tubes will also be carried.

The new building furnishes ample room for storage. The outside walls are to be given a coat of stucco in the near future. The new home of Whippet-Knight furnishes an attractive addition to Hereford's Auto Row.

DAN CUPID REFUSES TO ALLOW HOLIDAYS TO SPOIL HIS PLANS

Dan Cupid simply refuses to be denied and to pay any attention whatever to mere legal holidays such as the Fourth of July.

Last Monday Mr. R. L. Newton and Mrs. Juanita Hamilton Burchfield of Plainview succumbed to Cupid's wiles and departed for Clovis expecting to have the marriage ceremony performed.

Unable to find the county clerk at Clovis they proceeded to Farwell where they were again disappointed when the proper official was found to be away celebrating Independence Day. Undaunted, the couple drove on to Hereford, where County Clerk Leonard Foster was rushed in from the local golf course to issue the necessary license.

Rev. V. M. Cloyd of the Baptist church performed the ceremony late Monday afternoon at his home and as the couple departed on the honeymoon trip, Dan Cupid placed another arrow in his bow and prepared for future conquests.

Parker Reports Good Will Tour A Real Success

G. A. F. Parker and E. B. Black returned to Hereford the first part of the week after a fifteen-day visit to cities in the North and East as members of the Texas Good Will Tour. They report a most successful and enjoyable trip.

"We made lots of friends for the state and we were treated royally at every place visited," said Mr. Parker Wednesday. "The tour was semi-official as it was endorsed by Gov. Dan Moody and by both houses of the state Congress."

Mr. Parker and Mr. Black traveled in the same pullman with Governor Moody. At each city the party was announced by an aviator flying a plane with the word "Texas" plainly visible on the under wing. The aviator unfurled a Texas flag over each city and allowed it to float to earth as the Texas Special arrived.

"We met distinguished Texans every place we stopped," said Mr. Parker. "For example, at Cleveland we met a man who was formerly a member of the Texas University faculty and now holds a prominent position in the city of Cleveland."

At St. Louis we greeted Governor B. B. McLean, who was in Chicago, we saw vice president Dawes, and in New York it was our pleasure to meet and hear Gov. Al Smith and Mayor Jimmie Walker.

"At no place were we more cordially greeted than at Boston where we visited many places of historic interest as was the case at Philadelphia. We visited Coney Island as the guests of the Baltimore Junior Chamber of Commerce and enjoyed a boat ride in New York harbor where we had a glimpse of the Statue of Liberty."

In Washington, D. C., Mr. Parker found his brother, Edwin D. Parker, among the welcoming committee. Mr. Edwin Parker is chairman of the board of directors of the U. S. chamber of commerce and umpire between the U. S. and Germany and the U. S. and Austria and Hungary in the settlement of war claims.

The party visited the Library of Congress, the Washington and Lincoln monuments and Arlington cemetery where Governor Moody placed a wreath on the grave of the unknown soldier.

"Moody spoke in every city," said Mr. Parker, and always was well received. It was indeed a wonderful trip and will be of the greatest value to Texas. We learned many things and one thing especially; the people of the North are good citizens and delightful hosts. We are glad to have had such an opportunity but of course are glad to be back in Hereford again."

Mr. Black visited in Dallas and Cleburne before his return to Hereford Wednesday.

ARREST MAN AS SUSPECT IN ROBBERY

Word was received in Hereford Thursday morning of the arrest in El Paso of a man thought to have had a part in the recent bank robbery at Friona.

The man was arrested on suspicion and is now being held in the Bailey county jail at Muleshoe. He was arrested following information furnished by a man employed by the Burns Detective Agency and was brought to Muleshoe Monday by Sheriff J. H. Martin of Farmer county.

It is reported that the man arrested has been identified positively by two of the men in the bank at the time of the robbery as being the man who held them up with a gun while his accomplice removed the money from the vault.

The Friona bank was robbed June 3 by two men who escaped in a Buick coach to Mohair canyon near Adrian. All trace was lost of the men at that point where they wrecked the Buick car which had been stolen in Clovis preceding the holdup. The man will be held in the Muleshoe jail pending action of the Farmer County Grand Jury which will convene in Farwell July 11.

W. L. Pickett Installs Electrola at Theatre

W. L. Pickett, owner of the Star Theatre, has installed a \$500 Victor Electrola in his movie house.

The machine is located in the theatre office but is connected with a large amplifier placed at the center of the stage. The reproducing qualities of the machine are quite exceptional and Mr. Pickett's many patrons are highly pleased with the music now furnished during the theatre programs.

Mr. Pickett has purchased a fine selection of records ranging from pipe organ solos to the best of orchestra selections.

Committees Visit Club Members and Projects

A committee headed by Jesse Stanford, H. H. Hawkins, G. R. Jewell, Bobo McLean and N. C. Vogele started today to inspect the projects of Deaf Smith county club members.

They will visit 63 homes and 108 club members in the next few days and will select a member from each community as a winner of a free trip to the Texas A. & M. short course to be held at College Station July 25-30. The winners will be announced next week.

Enough money has been subscribed to send eight delegates to College Station. The money was donated by the following men and business firms: T. E. Seliger, Ralph Barnett, Rockwell Bros. Lumber Co., Hereford Motor Co., C. W. Drug Store, J. O. Nowell, Frank Gyles and the Foreman-Cronin Clothing Co.

Enjoy Basket Dinner at R. J. Kibbe Home

The American spirit of neighborliness was manifested in a fitting observance of the nation's birthday, Sunday, at the hospitable home of R. J. Kibbe north of town, when 102 persons spent the day in the shady grove at the Kibbe home.

The company, which included guests from Amarillo and New Mexico as well as the Hereford community, assembled immediately after church services and spread a beautiful dinner which was the feature of the occasion.

This hospitality has been extended by Mr. and Mrs. Kibbe for a number of years and has grown into an annual event that is looked forward to from year to year.

LEAVE ON CAMPING TRIP

George Beams, J. M. Posey and Mr. and Mrs. George LeGrand left Tuesday for Las Vegas on a six-day camping trip.

They will visit Santa Fe and other points of interest in northern New Mexico before returning to Hereford Monday.

BAND CONCERT FRIDAY

The Hereford band will play a concert at the Texas Filling Station Friday at 8:45 p. m.

The program will include popular marches and overtures. No collection will be taken, according to director Ralph Smith.

CHRYSLER "70"***That's the way to find out how
much better it is*

WE can recite to you the advantages of Chrysler "70's" speed of 70 and more miles an hour, its astonishing pick-up of 5 to 25 miles in 7¼ seconds, its economy of 20 miles to the gallon of gas.

We can tell you what its scientifically balanced 7-bearing crankshaft and impulse neutralizer contribute toward greater smoothness, how much

more easily you ride because of its low chassis design, its unique spring suspension and its shock absorbers; what greater handling ease results from its pivotal steering and how much safer you feel because of its four-wheel hydraulic brakes.

But the real way for you actually to discover these things for yourself is to learn them by a real test drive.

Come in today. Let us place a new, finer Chrysler "70" at your disposal in this manner, for you to drive in your own way and over any route you choose.

BALL GAMES

(Continued from Page One.)
and when Morris relieved Berry in the fifth it was a case of veteran against veteran. Morris pitched for Vega many years ago and often faced Curtisinger in the "good old days". One could almost imagine that Carter and "Fess" Dyer were in the outfield and Charlie Bennett behind the bat.

It looked like a bad day for the Whitefaces, though, when Curtising-

er pitched seven straight balls that were far beyond the reach of the batter. R. McNabb walked and Fowler came to first on an error. Bell advanced them with his sacrifice and McNabb scored on Dunn's infield hit.

Curtisinger came back to earth struck out, Robinson and Owen went out, second to first. The Whitefaces started out early to win another game from the club that has caused them the most trouble this season. Scoring thirteen runs in the first four innings, they practically put the game on ice.

In the first stanza Smith singled, Murphy walked and Carroll was out on a pop fly. Smith scored as Curtisinger went to first on a fielders choice. With two men on bases Young stepped to the plate with Hereford fans wondering if he was still afflicted with the serious case of "strikeoutitis". Young didn't hesitate to make it clear that he was back in the front ranks of the heavy artillerymen. He cracked the third ball pitched to left field for a home run, and a home run for an anti-speed demon like Hereford's catcher is a real hit.

The Whitefaces scored again in the second when Clennin walked, stole second and came home on Smith's single to left. Nine men came to bat in the third when three singles and a double with an error scored four runs. The fourth frame was another four-run inning featured by Carroll's single, Robinson's double and Young's triple. With two men out in the fourth, Berry relieved Moore but was unable to stem the tide and the veteran Morris took the mound. Hereford retired as Smith hit an easy grounder to first base. Morris held the Whitefaces scoreless until the seventh when Robinson scored the fourteenth run following his triple to left.

Vega scored once in the fourth, once in the second, twice in the fifth and twice in the sixth. In the last frame the Outlaws started a rally which scored three runs

but failed to overcome Hereford's early inning lead.

Young and Robinson carried off the batting honors for the local club while Fowler led the hitting for Vega with a triple and two singles in five times at bat.

THE CHURCH ON TOP. TUBERCULOSIS AND CANCER. WHO WILL RIDE? WHEN OLD AND POOR.

Man builds the house for to dwell therein was the old idea. The modern idea is a combination skyscraper church, stores, offices, apartments, swimming pools, gymnasium. New York's Manhattan Congregational Church will spend \$2,000,000 on such a building, twenty-three stories high. The clergymen will live on the ground floor.

A Frenchman, Doctor Calmette, has developed an anti-tuberculosis vaccine, so successful that its use for children is suggested.

There is no injection of tuberculosis germs. The vaccine merely "suggests" the disease, and causes to actively the anti-tubercular bacilli in the body. The new remedy, called "BCG," was tried on monkeys and other animals for thirteen years in the Pasteur Institute before experiments were made on humans. "BCG" is said to reduce consumption in twenty-five cases out of twenty-six.

The famous American doctor, William J. Mayo, believes that science will find a way to immunize against cancer. A woman, Doctor Maud Slye, of Chicago, has bred mice in which cancer can by no means be developed, and other mice invariably born with cancer.

When consumption and cancer are conquered, as they will be, men will be rid of their most deadly microscopic enemies. They already know how to deal with the deadly plagues from Asia, one of which, "the black death," wiped out nearly half the population of Europe.

ocean flights, may become a reality soon. Commander Byrd was besieged by would-be passengers willing to pay "any price" if he would take them to Europe.

Young Lindberg casually flew from St. Louis on a little trip to New York via Washington.

Bellanca, the Italian genius, builder of the Chamberlin-Lavine airplane, is building airplanes for a commercial air line between Chicago and New York. Five ships are ordered, guaranteed to make the trip in seven and a half hours. Each car will carry twelve passengers, have three engines, and cost \$28,500.

When you ask yourself, "Who will ride in them?" remember that when the French built the railroad from Paris to Versailles, actors and actresses were hired to sit in the train looking out of the windows, smiling as though they enjoyed it. And when the first elevator with a steel column under it was installed in the Grand Hotel in Paris, about sixty years ago, old French ladies and gentlemen continued to walk up stairs to the fifth floor.

The world is a sad place for the old and poor, and children are cruel.

Long years ago, Anna Novke sang before the Emperor Franz Joseph in Vienna. Now, seventy-seven years old, she is ejected from her one room dwelling, "not so much because she doesn't pay her rent, but because she had

twenty cats in the room with her." Bent, old and gray, she stood on the sidewalk with her twenty forlorn cats, and children that call her "old witch" threw stones at her. A year ago as she hurried along the street to work they tripped her and broke her shoulder. She had been earning \$1.00 a day doing fine embroidery. Cold charity will take care of her somehow—or at least see that the cats do not starve.

If past forty please read. The head of the American College of Surgeons says: "After forty comes the dangerous age."

Five great dangers that threaten you are kindred trouble, heart disease, tuberculosis, Bright's disease and paralysis.

It is possible, but fortunately, unusual, to have all of them. Also with a little thought and common sense you may avoid all of them, or get rid of them if they haven't gone too far.

For ALL diseases there are five remedies. Fresh air, cheerful thought, moderate exercise, slow, temperate eating, regular sleep.

What's Doing In West Texas

Glen Rose.—Work on the road from Glen Rose to Walnut Springs will soon be completed. The local chamber of commerce raised more than \$300 to supplement the county fund used on this project.

Mobeetie.—The Pampa-to-Mobeetie mail route, now tri-weekly, will soon be operated six days a week, giving it daily classification. The chamber of commerce has been working to get this recognition.

Brownwood.—The West Texas Chamber of Commerce has written chamber of commerce secretaries of its territory to express their sentiments in regard to Brownwood's water application to the State Board of Water Engineers at Austin. The regional organization intervened in the case as a matter of principle, urging that Brownwood's application for an irrigation and storage dam be granted, and denying prior claims of the Syndicate Power Company and Rice Growers of Matagorda, Wharton, and other South Texas counties. The West Texas Chamber hold that agricultural and municipal needs of the West should come first since they have no alternative other than water while power companies have alternatives of energy supply from coal, gas, oil, and lignite.

Cloudcroft, N. M.—A governor, a mayor, a judge, and other prominent men will be feature speakers on the program provided for the third annual district convention of the Pecos Valley-Inter-Mountain

District of the West Texas Chamber of Commerce to be held in this Mile High Town on July 9. The interest of the meet will be heightened by the attendance of the West Texas Chamber of Commerce motorcade party which is made up of a most distinguished personnel.

Claude.—Natural gas for Claude has been contracted for and assured by September 1. The line will be laid with two or three inch

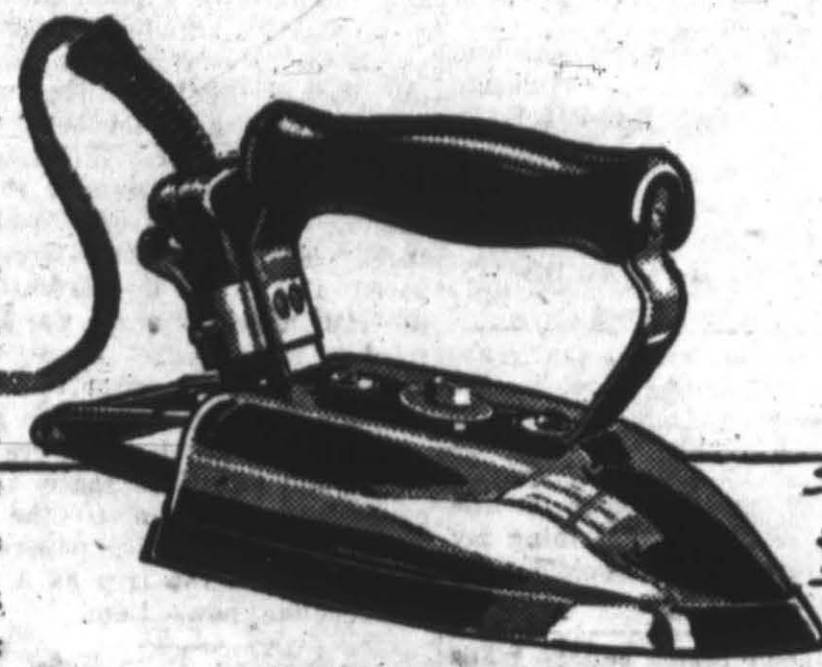

pipe, and will be tapped from the one serving Panhandle at a point one mile east from that city.

Hico.—Work is progressing nicely on the heavy construction lines of the Texas-Louisiana Power Company connecting Walnut Springs, Meridian, Iredell, Hico, and Glen Rose. The line to Meridian has been completed and the remainder will be furnished up within a short time.

The Westinghouse Automatic Iron
Correct ironing temperature... always

Perfect ironing is made much easier with this wonderful iron. Any one will do better work with it—and save time!

It's the Million Dollar Disc Thermostat in this new Westinghouse that makes it so much superior to any other electric iron you have seen.

No matter what you are ironing, the marvelous thermostat control keeps the heat of this iron just right. It delivers continuously all the heat you need for heavy table linen. Yet so perfect is the heat control that you don't have to worry about overheating when you are fussing with a piece of sheer organdy or georgette. This iron does not overheat even if you should accidentally leave it connected all night.

Notice, too, how this iron is shaped to help you. There's the big, broad surface, evenly heated, that makes short work of plain ironing—and a tapering point that noses its way easily into the finest shirting and smoking.

Accept our special offer on this Westinghouse Automatic Iron today. The terms are so easy you will not notice its cost.

Free This month only

With every Westinghouse Automatic Iron sold this month we will give absolutely free this all metal Kitchen Stool, 24" high. Every joint electrically welded. Rubber tipped feet. The strongest kitchen stool made.

Misunderstand Texas Trip

The 125 Texans who toured the North and East on a special train for the purpose of making Texas understood by the cities visited appear to have succeeded in making Texas more misunderstood. The party was headed by Governor Dan Moody, and despite that all he and members of the party said to the contrary, the Eastern papers and the Eastern people insisted that the tour was political in purpose and intended to exploit Moody as a prospective candidate for vice-president. No effort was made on the part of the Easterners to conceal the fact that they believed the Texans were more interested in Moody's political fortunes than in making Texas better known to them. The newspapers largely ignored any other interpretation of the visit, however, which the Texans tried to tell them of the wonderful resources of our great State. In fact a large number of the papers almost ignored the visitors altogether, giving small space and inconspicuous position to the visit. Even the Texas daily papers gave little space to the trip as a Texas constructive news item.

Home Missionary Effort

The facts stated in the foregoing paragraph lead to a restatement of an opinion several times expressed in these articles, which is that the greatest field for making Texas understood is right here in Texas. That has all along been the prime purpose of the articles—to bring Texans to knowing more about what is being done throughout the State and through that to a greater interest and pride in Texas achievements. Once get the people of Texas to complete understanding of what we have here and what can be done with our wonderful resources and they will in numerous ways carry the information to the people outside the State. Too many Texans have what is called an "inferiority complex" when it comes to the possibilities right about us. When that is removed through knowing Texas better, and not until then, Texans will become information missionaries carrying the glad tidings to other States.

Work of the Texas Press

The removal of this "inferiority complex" will to a large extent have to be the work of the Texas Press, which should use every effort to teach Texas and preach Texas to Texas people. Most newspapers, especially in the smaller cities and towns, become too localized. Often this is because local conditions are such that the papers feel they must spend their efforts to improve these even to the neglect of what appear to be outside efforts. This writer has long had the opinion that the best way to interest people in improving local conditions is by showing them what others are doing to help themselves, and that is why these

The Treasonous Arrow

A SPEEDING arrow freighted with a treasonous missile turned the scales in favor of Christianity in Russia. The Russian church, was as bloody and treacherous a monarch as ever reigned. In his youth expelled from Novogorod by his victorious brother, Yaropolk, he wandered over northern Europe with a band of brigands and had enlisted force enough to drive Yaropolk from his kingdom. He won his first bride, Rogneda of Polotsk, by killing her father and brothers. Other wives he seized in much the same fashion and of concubines he acquired more than 800. Skilled as a leader of armies, Vladimir soon gained the sovereignty of all Russia and extended its borders on all sides. Roman Catholics, Greek Catholics, Mohammedans and Jews strove for his

training, he was not averse to strengthening his government with the aid of religion. The pomp and splendor of the Greek Christian church of Constantinople appealed to him most, but he would not be satisfied to be baptized in his city of Kiev by an ordinary priest, nor would he agree to make a pilgrimage to Constantinople to receive the rite from the emperor. That would appear too much like offering homage to a fellow ruler, Vladimir eventually decided that the appropriate way for him to acquire religion would be to seize it by force of arms. Accordingly he prepared a great army and laid siege to the great Greek city of Kherson in the Crimea. The defense was stubborn and after six months Vladimir had made few gains.

One day an arrow with a letter attached was picked up and carried to the king. It had been written by a traitor within the walled city and it informed the besiegers that the city drew its water supply from a spring outside. Vladimir had the water pipes cut and Kherson surrendered. Vladimir was baptized as a conqueror, rather than as a suppliant.

articles are written. The papers that use them seem to think they are serving that purpose—not in a way to show any remarkable results, but gradually and effectively. The press is the greatest medium of information. A press constant in its enthusiasm for Texas can impart its enthusiasm to those it reaches.

Texas Tourist Camps

The association that gathers data on Texas tourist camps says that many of the modern tourist camps are full to overflowing every night, while others are full six nights of each week. It concludes that the modern well-equipped camp, when well managed, is a success and as permanent a business institution as a hotel. Some places, however, have overdone the building of camps just as other businesses are overdone in some places. There are now something over 300 tourist camps in Texas, about 100 of which may be classed as modern, comfortable stopping places for tourists. The places that have the best camps are the places that are best pleased with the tourist business.

Texas Textile Mills Prosper

Textile mills in the State, of which the number is entirely too small, are prospering, and they have prospered through the "hard times" through which the Northern mills have been going. Textile manufacturing in this State has passed the experimental stage and it has also passed the stage where local capital can be exploited through the construction of local mills, built with the idea that they will soon be allowed to fail, after which the stock will pass into the hands of exploiters who will then make the mills successful. In other words the textile industry in Texas is now built and run on solid, substantial, and approved business lines.

Pecan Growers to Meet

The Texas Pecan Growers Association will hold a meeting at Galesburg July 12-14, at which every phase of the pecan growing business will be discussed. Pecan growing in Texas has become a business, but it needs to be studied like other business. Last year 300 carloads of pecans were gathered and marketed, bringing something like \$1,750,000, which the growers think was less than half their real value, when compared with other nuts. Marketing of pecans is not systematized and orderly; profitable marketing is now perhaps the most difficult problem confronting growers. Growers receive too little and brokers too much, is the contention of the industry.

Collins County Onions

That South Texas is not the only section where onions may be grown with profit is shown by reports coming from Collins County, where onion growers have netted from \$200.00 to \$300.00 an acre on the crop just gathered. Almost every section of Texas where there is a light soil and enough rainfall can grow onions to the profit of the growers.

Camp County Potatoes

Camp county farmers have made money this year growing Irish po-

tatoes, Pittsburg having shipped forty-two carloads at prices ranging from \$3.00 to \$4.35 a hundred pounds. One farmer with the use of commercial fertilizer realized \$325 from one acre of spuds. What can be done in Camp can be done in one hundred other counties in Texas.

George Neu Passes On

George Neu, who was elected president of the Texas Press Association at its recent meeting, died

from the stroke of paralysis which he suffered while on the way to the El Paso meeting, and his death has grieved the newspaper people and numerous other friends.

Dimmitt Castro County News

Dimmitt, July 4, 1927.

B. B. Easter has returned from an extended trip to Seymour, Paris, Ft. Worth, San Angelo, and El Paso. His little grandson, Junior Dickey, from El Paso returned with him.

Miss Loma Woodburn of Hereford visited home folks Friday afternoon.

Miss Zonell Brooks spent a few days last week visiting in Amarillo. Mr. and Mrs. Brooks spent two days up there also.

Miss Velma Burnam, who is attending school in Amarillo, spent the week end at home.

Rev. E. L. Naugle returned last Thursday from Dallas where he has been attending school at S. M. U. Mrs. Naugle and daughter will not return for several days

owing to Katherine's illness.

Mr. and Mrs. H. E. Rantz are rejoicing over the arrival of a baby boy in the home last Wednesday.

Mr. and Mrs. Lee Duncan also announce the arrival of a baby boy in their home on June 24th.

Mr. and Mrs. A. L. Maltby, Mrs. Florence Briggs and Mr. Kinsinger of Elkhart, Kan., and Harry Adams of Boise City, Oklahoma, were business visitors in Dimmitt one day last week.

Mr. and Mrs. D. S. Bruton were called to Jackson county last Saturday to the bedside of Mrs. Bruton's father who is critically ill.

Miss Lasele Brandon of Mobeile, Texas, is here on an extended visit with Mrs. O. B. Trimble. The Westinghouse Electric Co.

of Ohio have had their factory representative in Dimmitt the past week demonstrating their electric range and other appliances. Several purchased an electric stove.

A mass meeting was held at the court house last Saturday evening at which time the Railroad Committee announced that the right of way was in sight up to the town section but quite a bit of work will have to be done before that is secured.

The citizens voted their confidence in the committee and their support in doing all necessary to assist them. This does not mean that the railroad is coming as President Claridy told the committee a few days ago that they did not care whether they came to Dimmitt or not and that every letter of the contract would have to be met before they would come.

Let every good citizen put his shoulder to the wheel and help the committee in every way possible.

Mrs. W. T. Gollebon entertained her Sunday School class last Saturday afternoon with a party at her home. A large number of the class were present and a fine time was spent in games and blowing bubbles, after which ice cream and cake were served.

We are very proud of the way the election carried last Thursday when the voters of District 1 were voting for an Independent District which carried with 72 for and 2 against. This is another move taken to improve the Dimmitt High School. Great efforts are going to be made this coming year towards affiliation. If the trustees and teachers can have the support of every one in this district we will soon have a school equal to any of our neighboring towns. Let us all work hard towards this end.

The following trustees were elected last Thursday for District No. 1: A. M. Brownlee and B. D. Woodlee re-elected, Edwin Ramey, R. A. Fuller, Ray Sheffy, J. R. Hastings and E. B. Wright. These men will control the future of the Dimmitt School and are entitled to your loyal support.

The play entitled "Brown-Eyed Betty" presented by the Priscilla Art Club at the school auditorium last Friday evening for the purpose of starting a fund for a public auditorium here was attended by a large and appreciative audience.

The cast was well selected and every player is to be complimented, which was as follows: Jonas Hutchins—Mrs. Will Crane.

Violet Hutchins, his granddaughter—Mrs. Clarence Goins.

Miranda Hutchins, his sister, the minister's housekeeper—Mrs. Frank Easter.

Rev. Cyrus Hardy—Mrs. R. B. Boren.

Hiram Whitcomb, constable—Mrs. Birdie Duree.

Harry Leon, of the Moving Picture Company—Mrs. Henry Stalcup.

Jim Blinn, a Boston Detective—Mrs. Dow Duree.

Sam Mason—Mrs. Elma Tate.

Letitia Starbird, the village seamstress—Mrs. Bill Webb.

Lucinda Mason, Sam's wife—Mrs. Charles Wilson.

Hilda Griffin—Mrs. Lewis Allen.

Brown Eyed Betty—Mrs. O. B. Trimble.

The receipts netted some \$50.00.

W. S. Patrick, who has taught Vocational Agriculture in the Dimmitt and Nazareth Schools the past year has secured a place in the Snyder School and left with his family last Saturday for his new home. We are glad to see his advancement and although they will be greatly missed we wish them much success and happiness in their new home.

The Methodist Missionary Society held their second social meeting last Monday afternoon at the home of Mrs. Cleve Tate. A number of the Society's plans and business matters were discussed and the quarterly report made out. The hostess served a delicious lunch.

The Priscilla Art Club entertained at the home of Mrs. L. P. White in a charming manner last Thursday afternoon honoring Mrs. W. S. Patrick, who leaves for Snyder, Texas, where Mrs. Patrick will teach Vocational Agriculture the coming year.

Following the violin solo by Mrs. H. F. Hunter, Mrs. B. D. Woodlee in a few well chosen words expressed the appreciation of the Priscilla Art Club to Mrs. Patrick as a member presenting her with a beautiful water set.

Mrs. M. R. Avery then presented her a lovely pyrex baking dish and mixing bowls from the members of the W. M. U. of the Baptist church, after which expressed their regret in losing such a faithful worker not only in the Union work but also in all church work which has been exemplified by her true Christian life. Not only will Mrs. Patrick be greatly missed in the church and social work here but also in the P. T. A. work. Mrs. Ray Sheffy in behalf of the Dimmitt P. T. A., after presenting her with a lovely pair of cut glass candle sticks as a token of their love and appreciation then wishing her well in every thing in her new home giving the assurance that the great love of her many Dimmitt friends would be with her always. Several individual gifts were presented also.

From a table which was artistically decorated with garden flowers Mesdames Clarence Goins and Bill Webb served sandwiches and punch.

About thirty-five friends were present.

At the last regular meeting, Dimmitt Masonic Lodge elected their new officers and on June 24 held a public installation with their families and friends present. B. D. Woodlee acted as installing officer.

C. C. Reynolds, deputy Marshal. They were installed as follows: W. M. U. R.

Brooks, S. W.; C. E. Reynolds, J. W.; K. E. Turner, Sec.; Bruce McLean, Treas.; Ester Noble, S. W.; Edwin Ramey, J. D.; C. C. Reynolds, Chaplin; Jay Hastings, S. S.; Ray Sheffy, J. S.; Edgar Ramey, Tyler.

After the installation lemonade, divinity bars and cake were served.

Work on the new residence of Sheriff Clem Maples was started last week. This will be a six room house with bath, and is located on S. D. Highway.

A. Maynard is the contractor.

The crowd at the Campfire Girls Play entitled "Any Girl" presented June 25th was the smallest crowd in sometime at a program at the school house, only a small sum was realized and the girls are disappointed but ask them to try again.

A number of the head officials of the Ft. Worth and Denver Railroad were here last Friday picking out sights for the new depots and switch yards. They were here only a few minutes but we are always glad to welcome them back.

J. R. Allen and daughter of Amarillo spent a few days last week with relatives here. Mr. Allen is a brother to Mrs. B. B. Easter.

Floyd Reynolds spent Sunday in Plainview.

Mr. and Mrs. John Burgess of Happy were here Sunday to bring their daughter to see Dr. Miller. She remained with her grandparents, Mr. and Mrs. S. P. Crawford, and will be treated by Dr. Miller.

Dimmitt Drug Company moved to their new location, the Baker-Hanna building formerly occupied by O. A. Barnett. They feel like

they will be better able to serve the people in their new location.

Mr. and Mrs. W. D. Duree and family motored to Claude Sunday.

Bob Flanagan who has been quite ill for the past week was able to be up Monday.

The Priscilla Art Club motored to Olton Monday afternoon where they presented their play "Brown Eyed Betty."

Mrs. Carlos Reynolds was quite sick last Saturday night and Sunday.

The citizens of Dimmitt and Castro county did not stage a celebration on the 4th, they will wait until their annual celebration in August.

Motion picture theatres in the United States now take in approximately a billion dollars a year in admission tickets.

Captain Charles Lindbergh, New York to Paris flying hero, is a member of Keystone Masonic lodge No. 243 of St. Louis.

"Boyette" is a new English term for "a flapper who dresses like a boy and smokes cigarettes like a woman."

A box which a woman had sent to an orphanage in Oxford, Eng., by a messenger was found to contain a live baby.

Progressive News

The attendance at Sunday School numbered between 60 and 70 members. Rev. Davidson, pastor of the Methodist church in Herford, preached, just after the Sunday School hour. Mr. Spratt of Herford was a visitor at Progressive's Sunday School.

A sad accident occurred in our community last Friday evening at about 8:00 o'clock, when little Thelma Pearl Webb, daughter of Mr. and Mrs. D. G. Webb of this community, was run over by a truck driven by Cecil Baker of the Ward community. The little girl and her sister and brother were holding on to the back of Mr. Baker's truck as he was going through a gate at the Webb home, unknown to Mr. Baker, so in backing his truck, the child failed to get out of the way, fell and was run over and killed. Funeral services were held at the West Park cemetery of Herford on Sunday morning at about 10:00 o'clock.

A large number of relatives of Mr. and Mrs. Webb from Amarillo, Clarendon and Hills County attended the funeral. Mr. and Mrs. Webb have a large number of friends in this community who deeply sympathize with them in the loss of their little daughter.

Misses Mildred Ricketts and Beulah McKensie, who are attending college in Amarillo, spent last week end and the holiday, July 4, with their parents of this community.

Have you ever made good on one job.. for 39 years?

THE extra mileage you get from Dunlop tires starts with the fact that Dunlop has had thirty-nine years of tire-building experience—more than any other tire-maker.

Each part of each Dunlop is built right. Dunlop owns its own cotton mills to spin selected long-fibre cotton into the special Dunlop cable-twist cords.

These cords mean extra strength—an added factor of safety against constant load and pounding of roads—longer life and greater mileage.

They mean extra "stretch"—so the tire carcass will give under blows, and come back to its original shape without the slightest injury.

Every Dunlop you buy has extra miles built into it because Dunlop knows each part of its job. That is why we recommend you put Dunlops on your car.

Platted Frills Achieve Chic for the Blouse

All signs point to a season of triumph for the blouse. Its return to favor is along a pathway of genuinely new ideas, such as sunburst frills, for instance—see them in this picture. Modern blouse styling makes much use of finely-platted frills and labets.

SHERIFF'S SALE

STATE OF TEXAS
COUNTY OF DEAF SMITH
WHEREAS, by virtue of an order of sale issued out of the honorable District Court of Deaf Smith County, Texas, on the 5th day of July, 1927, by the Clerk of said Court, in cause No. 1618, entitled Bessie B. Crackel and husband, K. J. Crackel vs. Jas. R. Robinson et al. wherein Bessie B. Crackel and K. J. Crackel are plaintiffs, and Jas. R. Robinson, Eunice Robinson and M. R. Corbett are defendants, and to me as sheriff, directed and delivered, I will proceed to sell, within the hours prescribed by law for Sheriff's Sale, on the first Tuesday in August, 1927, it being the 2nd day of said month, before the Court House door of said Deaf Smith County, in the City of Hereford, the following described Real Estate situated in Deaf Smith County, Texas, To-wit:

A part of Section No. 89, Block M-7, described as beginning at a point in the S. line of said Section 89, Block M-7, 272 ft. W. from the S. E. corner of said Section 89, and running thence W. with the S. line of said Section, 3236 ft. to the S. W. corner of a 86 acre tract decided by J. W. Robinson, to said Jas. R. Robinson; thence N. parallel with the E. line of said Section 2640 ft. to the half Section line; thence E. on the half Section line 1333 ft. to an iron pipe, the S. W. corner of 115.7 acre tract decided by Charles F. Gallagher to Jas. R. Robinson; thence N. with the W. line of said 115.7 acre tract, 2646.5 ft. to an iron pipe; thence E. 2685 ft. to a coupling of sucker rod placed in the ground; thence S. 19 degrees 50' W. 501 ft. to an iron pipe, thence S. 4731 ft. to the place of beginning, containing 311.7 acres.

Said land located about 2 miles S. E. from the City of Hereford, and generally known as the "Jas. R. Robinson Irrigation Farm"; levied on, on the 5th day of July, 1927, as the property of Jas. R. Robinson, to satisfy a judgment in favor of the said Bessie B. Crackel and against the said defendant Jas. R. Robinson, and M. R. Corbett, for the sum of \$10,300.00, with interest thereon from May 3rd, 1927, at the rate of 7 per cent per annum and all costs of suit.

Given under my hand this 5th day of July, 1927.

C. BENTON,
Sheriff of Deaf Smith County
Texas.

Why Your Agent Sells Sound Protection

At the time of selling an insurance policy, all protection looks nearly alike.

Months later—should a loss occur—the reputation of your agent depends on the performance of his companies.

An agent building a sound business—and not looking for a one premium sale—urges you to insure where you can have no regrets now—or later.

Mary Hicks Wedding Beautiful Ceremony

The marriage of Miss Mary Hicks, charming and accomplished daughter of Mr. and Mrs. W. E. Hicks, to J. David Raymond of Higgins, was beautifully solemnized at 8:45 o'clock Thursday evening, at the home of the bride's parents.

Rev. V. M. Cloyd, pastor of the First Baptist Church, read the impressive service before an improvised altar, lighted with tall cathedral candles and banked with pink roses and ferns, emphasizing the bride's chosen colors of pink and green.

Promptly at 8:45 the soft mellow notes of the xylophone, played by Edgar Pickett, heralded the wedding hour. Before the ceremony, Mrs. Ray Conway sang "Because", accompanied by Clar Mac Glenn at the piano. Miss Glenn also played the wedding march. During the ceremony she played "At Dawning" with xylophone accompaniment by Edgar Pickett.

The bride, who was given in marriage by her father, was becomingly attired in a gown of white satin and lace, embroidered in seed pearls and rhinestones. Her veil, of white tulle, caught with orange blossoms, fell from a bandeau of sweet peas and lilies of the valley. She carried a shower bouquet of brides roses and lilies of the valley, tied with venetian lace.

The bride was attended by Mrs. Paul Johnson of Amarillo, as matron of honor, wearing a beaded gown of pink georgette. Miss Gladys Hicks, sister of the bride, as maid of honor, was lovely in a gown of green georgette. Both matron and maid of honor carried arm bouquets of pink rose buds and sweet peas, tied with white

tulle. The bride's younger sister, Miss Lucille, and Miss Maurine Beyer, as bridesmaids wore gowns of pink and green georgette respectively and carried arm bouquets tied with green tulle. They were preceded by the junior maids, Misses Pauline Wilson and Allie Elliston, whose gowns were of the same colors as the bridesmaids. Their bouquets were tied with yellow tulle. Wee Misses Doris Elaine Dillehay and Jacqueline Wilkinson, as flower girls, wore dainty frocks of pink and green and carried baskets of rose petals, that were strewn in the pathway of the bride.

The bridegroom was attended by his brother, Elmer A. Raymond, of Clovis, N. M.

Following the ceremony, an ice, in the shape of a rose, in colors of pink and green, with the wedding cake was served to about one hundred guests.

Mr. and Mrs. Raymond left immediately on a short wedding trip to Galveston, Dallas, College Station, and other points. They will be at home in Higgins, Texas, after July 15, where Mr. Raymond holds a responsible position with the Santa Fe Railway.

The out of town guests were:

Mr. and Mrs. Paul Johnson, Mrs. W. B. McQueen and daughter, Miss Mabel, all of Amarillo; Mr. and Mrs. Gordon Wilkison, Mr. and Mrs. J. D. Crawford and Mrs. J. C. Carl of Friona; Miss Mattie Swisher of Canyon; W. C. Gilbreath of Tulsa and Elmer A. Raymond of Clovis.

Mrs. Raymond is a graduate of the Hereford High School. She attended W. T. S. T. O. at Canyon, the University of California at Berkeley and Baylor university at Waco, at which place she received her A. B. degree, majoring in English and Public speaking.
