## Sales tax rebate plunges

Colorado City received 19.50 percent less in sales tax rebate this month that it did a year ago, according to State Comptroller Bob Bullock.

Colorado City's total this is \$40,223, compared to \$49,967 a year ago. However, the 1989 payments to date are \$258,784, up 6.90 percent, from a year ago when the total stood at \$242,077.

Loraine's payment this period is \$1,296, down 2.49 percent from a year ago when the payment was \$1,329. The payments to date are \$4,539, up 7.73 percent from the 1988 payments to date of \$4,214.

Westbrook's payment this period is \$1,533, up 23.98 percent from a year ago when it stood at \$1,238. The 1989 payments to date are \$3,610, down 65.30 percent from the 1988 payments to date of \$10,406.

Mitchell County's rebate this month is \$17,887, down 23.05 percent from the \$23,244 received a year ago. The 1989 payments to date total \$88,534, 6.02 percent ahead of the 1988 payments to date of \$92,936.

**CHEERLEADING CAMP** - Colorado High School cheerleader Tammy Blair demonstrates a cheer to a group of middle school students during a cheerleading clinic underway this week for middle school Jamborees and high school Wolverines. Since Jamborees will be taking turns as the middle school cheerleaders this year, a large number turned out for the annual clinic.

## County keeps same tax rate

Mitchell County Commissioners' Court Monday approved a 1989 tax rate of 39.07 cents per \$100 valuation following adoption of the 1990 budget.

The tax rate is the same as the past three years and includes 9.25 cents for the county road fund and 29.82 cents for the county, said auditor Georgie Griffith.

The new budget, which totals \$3,123,073, has a deficit of \$167,152. Anticipated receipts, which include interest and sales tax, total \$2,955,921.

In other business, the court accepted a bid from Hutchins Ford for two 1990 Ford Crown Victorias in the amount of \$26,925 including trade-ins. The only other bidder was Toliver Chevrolet of Sweetwater which bid \$27,396 including trade-ins for two 1990 Chevrolets.

Pct. 1 Commissioner Ed Roach said he plans to purchase a used front end loader for installation on a mowing tractor in the amount of \$3,750, installed. Since the amount is less than the \$5,000 bid requirement, no action was necessary.

However, since a new state law raising the minimum bid amount from \$5,000 to \$15,000 will go in

effect on Sept. 1, the commissioners agreed that court approval will be necessary before purchasing anything costing more than \$5,000 but less than \$15,000.

After accepting Dr. Joe Terry's resignation as county health officer, the commissioners named Dr. Dee Roach as his replacement. The court also agreed that new employees, both full-time and part-time, will have to pre-employment physicals.

The court approved five members to the newly formed Mitchell County Economic Development Commission. Named to the two-year terms are Mike Hemphill, Bobby Lemons, Elmer Martin, Woody Anderson and Gayle Houston. Named to the Mitchell County Economic Development Advisory Council are Ben Lancaster, one-year term; Royce Beights, one year; Edgar Haltom, two years; Richard Murphy, two years; Marion Bassham, one year; Maggie Compton, three years; Rex Thackerson, one year; Dr. Dee Roach, three years; Bob Reilly, two years; Jesse Munoz, three years; and Mike Burt, two years.

The court approved a contract

## School officials prepare for new year

Colorado City school officials are busily preparing for a new school year, board members learned Monday night.

At Monday night's board meeting, Dr. Jim Ramsey, superintendent, gave trustees an update on the asbestos abatement work currently underway as well as an update on the renovation at the middle school.

Ramsey said that workers are ahead of schedule for the asbestos abatement at Kelley and Hutchinson elementary schools. However, because of the high humidity in the hall ways at the two schools, floor tile (also made of asbestos and glued to the floor with asbestos material) is coming loose. The board declared the floor tile situation an emergency abatement procedure, and the abatement workers will remove the tile while they're still set up. The tile in the band hall area at middle school also will be removed and

new tile in all three schools should be in place by the time classes start Aug. 28.

Middle school principal Jim McLean said that the renovation to the exterior of the building is moving along rapidly now, although workers probably won't be finished by the time classes start. However, McLean said he has been reassured that work inside in the school will be finished by the time school starts.

The asbestos abatement at the CVAE building at the middle school won't be finished until after school starts. Ramsey said another classroom will be used for the CVAE classes until the building can be occupied.

Ramsey also gave an update about reorganization of duties within the school system concerning Wallace Center, the pre-kindergarten program and the In-School Suspension (ISS) program.

Ramsey said because of a lack of space at Kelley Elementary, the pre-kindergarten program will be moved to the middle school where the ISS room was last year. The ISS room will be moved to Wallace Center.

Mark Merrell, who had headed the ISS program, will be assistant principal at the middle school and also serve as director of the Wallace Center. He'll replace Wallace Center director Barbara Gray retired this summer.

Jerold Epperson, who coached and taught at high school, will be in charge of the ISS program at Wallace.

"We'll be able to use present space to the maximum," said Ramsey of the changes.

He noted that pre-kindergarten is a half-day program and the students will not be fed lunch. In addition, middle school student council members or other student leaders will be able to assist the

pre-kindergarten teacher by making sure the pre-kindergarten students find their way to and from class. Also, a small, fenced playground will be constructed at the middle school for the young students.

The board approved the appointment of Edwin L. Ethridge as counselor for grades kindergarten-eight. Ethridge has 20 years experience, 18 of which as counselor. He comes to Colorado City from the Ferris ISD. He holds bachelor's and master's degrees from Northeastern State University.

In other business, the board:

- approved bus routes for the new year;
- awarded the bid for bread and bread products to Mts. Bairds;
- awarded the bid for gasoline to Billie Brookover, and;
- awarded the bid for milk and novelties to Gandy's.

### C-City school registration is scheduled

Registration for new students at Colorado High School and all students at Kelley and Hutchinson elementary schools has been scheduled.

High school Principal Jerry Reynolds said registration for new students at high school will be Thursday and Friday.

Juan Espinoza, Kelley principal, and Bobby Lemons, Hutchinson principal, announced that all students in those schools need to register Friday, Aug. 25, between 9 a.m.-noon. Kelley has grades kindergarten through second and Hutchinson has grades third through fifth.

Registration for new students at Colorado Middle School will continue through Friday (8 a.m.-noon, 1-4 p.m.), said Principal Jim McLean.

## Spade cowboys ready for ranch roundup

Mitchell County's Renderbrook-Spade Ranch will be participating in the ninth annual Texas Ranch Roundup Friday and Saturday in Wichita Falls.

Teams of working cowboys, wagon bosses, ranch owners and family members from 11 of Texas' best known ranches gather in the Wichita County Mounted Patrol Arena for a weekend of tale swapping, trail cooking and friendly roping and riding competition.

Patterned closely after daily ranch chores, the events give old west fans a first-hand look at cowboy life unmatched by television or modern-day professional rodeos.

Competition starts at 7:30 p.m. Friday and resumes again Saturday evening. Competition is followed each night by dancing under the north Texas sky.

In addition, the roundup features a ranch talent competition Saturday morning. Around noon Saturday, tempting aromas signal a chuckwagon cookoff as ranch "cookies" - working over white-hot mesquite coals in another display of ranch tradition - rustle up their favorite dishes. For a \$2 contribution to roundup charities, spectators can sample golden brown angle biscuits, baked in a castiron pot in the ground, chicken-fried steak, juicy cobbler and other specialties. And, for a \$5 contribution, hungry cowpokes can have a full "hearin' helpin'" of great ranch cooking.

The ranch roundup's climax comes Saturday night with the naming of the top hand, top horse and the 1989 "Best Ranch in Texas".

Other ranches competing are returning champion W. T. Waggoner Estate (Vernon), Cowan &

Son Circle Bar Ranch (Seymour), Double U Hereford Ranch (Levelland), JA Cattle Co. (Palo Duro), Lewis Ranches (Clarendon), Moorhouse Ranch Co. (Benjamin), Pitchfork Land & Cattle Co. (Guthrie), R.A. Brown Ranch (Throckmorton) and the Tongue River ranch and Spur Headquarters Ranches (Dumont).

The roundup is co-sponsored annually by Budweiser and the North Texas Rehabilitation Center. Proceeds from the event benefit the North Texas Rehabilitation Center (Wichita Falls), the West Texas Rehabilitation Center (Abilene) and the West Texas Boys Ranch (San Angelo).

Roundup tickets are \$9 reserved and \$4 general admission. Tickets may be purchased at the gate or by calling Teresa Til-

**FIRST LADY OF RANCHING** - Derlene Gabaldon, who has worked side by side with her husband on the Renderbrook-Spade Ranch for 12 years, will serve as First Lady of the ninth annual Texas Ranch Roundup Friday and Saturday in Wichita Falls. She received the title of First Lady at last year's roundup based on her knowledge of ranching and her contributions to the Renderbrook-Spade.

## Drug suspects still at large

Local law enforcement officials are still trying to apprehend persons named in sealed indictments last week on drug charges. The indictments came following an undercover investigation by the area drug task force which serves a 13-county area in cooperation with local police and sheriff's departments. Frank Cleveland, commander of the drug task force headquartered in Abilene, said the local investigation began in June of 1988 at the request of the Colorado City Police Department.

## 4-H rally day slated

Mitchell County 4-H will sponsor a rally day on Monday, Aug. 21, at Lake Colorado City. "Activities will begin at 9 a.m. at the pavilion down by the boat dock," said Mike Mauldin, county extension agent. Mrs. Marsha Stabel, 4-H and youth specialist with the Texas Agricultural Extension Service, will be there from 10 a.m.-noon to provide training in project planning and records. Following a "bring your own sack lunch," there will be a beach party with swimming, volleyball, treasure hunt and sand castle building. After the beach party, there will be a leadership and officer training session followed by a hot dog supper.

## Letter to the editor

### God help us

TO THE EDITOR and MITCHELL COUNTY: Maybe some of you will remember the letter I put in the paper a while back about bringing Colorado City back to life.

Well, this time I am going to discuss something that has been on my mind for a time. I have been watching all the publicity that Larry Hale has been getting for the laws he has supposedly broken and has to answer for.

I met Larry about three years ago in the county. I ran a main-tainer for the state department of highways and Larry ran one for the county. Some times, we would be at the same place at lunch time and discuss Mitchell County. He and I both ran in the elections. He won, and I lost. I liked Larry's ideas about changes that would benefit Mitchell County. New people and new ideas are what will pull us out of the nine-year slump we all have suffered through.

If Larry is being put on trial for helping Mitchell County in different areas, at least somebody got something for that hard-earned tax dollar they paid.

I cannot conceive of a man being put on these charges, that could ruin his whole life, for trying to help a county he took an oath for.

What in the world has this town come to? Are we under Mitchell County law now? I work for the state and we must have taken 70 or 80 loads of dirt to the country club to help them to restore something that needed help. We needed a place to get rid of dirt and they needed it. Are we going to be arrested, too?

God, Larry has committed a cardinal sin! He tried to help people get a little something for their tax dollar. He has been accused of moving dirt from one precinct to another - God forbid that's not legal in our Mitchell County's laws. Also, he's accused of fixing a few driveways for people. Boy, that's bad. And the worst of it all, he went to the courthouse and tried to break up a 20-year-old domino game. He got thrown out.

So, we the people can't afford a big trial - it is not in our budget. So, I guess we will just have to hang him on the courthouse lawn and sell tickets so we can bring our budget back to normal.

Remember this at election time. We need some new blood. God help us.

Jimmy Redwine

## Carlock receives honor

Jim Carlock of Abilene, son of Mr. and Mrs. Bim Carlock of Colorado City, has been named 1988 Driver of the Year for the Sun Refining and Marketing Crude Trucking Department.

Carlock, of the Ranger Trucking Area, started his career with Sun as a contract driver in 1980 at Colorado City. He became a SRMC employee on March 2, 1981.

He volunteered to transfer to Ranger in March, 1983 when Sun started its truck gathering operation in the Ranger Area. He worked by himself hauling oil, strapping tanks and looking after the equipment at the Ranger station for 18 months. During this time, his hours were spread over seven days a week to accommodate customers.

In August, 1984, he volunteered to transfer to Hobbs, N.M. when Sun started truck gathering

operations in New Mexico. He worked by himself doing whatever was necessary to accommodate customers and look after SRMC's two stations in New Mexico. His hours were spread over a seven-day period until the volume justified additional drivers in March, 1985.

He transferred to the Abilene Truck Area in April of 1985.

"Jim has an excellent attendance record and a perfect safe driving record with SRMC," said Don Bauer, supervisor. "Jim takes pride in his work and maintains a positive attitude which has a lot to do with the excellent relationships he maintains with our customers. He is always on the lookout for new business for SRMC. Jim is truly a 'professional' in every sense of the word and it gives me a great deal of pleasure in naming him our '1988 Driver of the Year'."

## Oil and Gas Report

Anadarko Petroleum Corp. of Midland is preparing to drill four 2,250-ft. developmental wells in the W.W. Watson and Bell leases of Mitchell County's East Howard-Iatan Field. All ventures are located about 5.5 miles south of Iatan.

The wells included the No. 4 W.W. Watson "D", located in the T&PRR Survey A-4532, and the Nos. 10 and 11 W.W. Watson "C", located in the T&P Survey A-600.

Also scheduled for spudding is the No. 19 Bell, located in the same Survey A-14339.

AA Production Inc. of Lubbock has plugged and abandoned

an unsuccessful venture in Mitchell County's Sharon Ridge Field, six miles northwest of Colorado City. The well probed to a dry bottom at total depth of 1,975 feet and was known as the No. 1 MCI Energy-McGuire.

Plug-and-abandon orders have been issued for the No. 189 Mary Foster in Mitchell County's East Howard Field. The well was taken to total depth of 3,470 feet with no commercial shows. It was located about nine miles southwest of Westbrook with Mobil Producing of Midland as the operator.

## What You Don't Know Can Hurt You.

But not if you take a few minutes to learn about electrical safety around your home or business.

Here are a few safety tips worth remembering.

### Overhead.

Never fly a kite, or raise an antenna or place a ladder where it can come in contact with a power line. Touching power lines with any object can result in serious injury or even death. Stay clear of all overhead power lines.

### Underground.

Know before you dig. Some neighborhoods have underground power lines. If you don't know whether you have

underground power lines, or if you need to know their location, call TU Electric.

### Out and around.

Pad mounted transformers, large metal boxes that are usually green or cream colored, are safe when they are closed and locked. However, if one is opened or damaged, it can be deadly. Call TU Electric immediately to report the situation and warn others to stay away until the repairman arrives.

### Be safe around electricity.

Being aware of the location of power lines can save your life or the life of a loved one. So take time now, before you start your next fix-up project, to learn the location of power lines near your home or business. Because what you know about power lines can make the difference between being safe or being sorry.

DON'T LET A POWER LINE BE THE END OF THE LINE.

Survivors include his wife, Pat Bodiford of Dallas; two brothers, Barney Bodiford and J.W. Bodiford; and several nieces and nephews.

Honorary pallbearers were men of the Red Ball Motor Freight. Memorials may be made to the American Heart Association.

## Warrick named agronomy specialist

SAN ANGELO -- The extension agronomy specialist position here, vacant since 1985 has been filled by Dr. Billy E. Warrick of Lubbock. Warrick began work August 7. He is based at the Texas Agricultural Research and Extension Center here.

As District 7 Agronomist, Warrick will serve as a resource person for county Extension staffs in the 17 counties of the district.

"We are thrilled with the appointment of Dr. Warrick," said Ken Cook, extension director at the center. "Farming makes up much of the agricultural income in this district making this position one of major importance to the area's producers. We have no research base for row crops at this particular center which makes Dr. Warrick's position all the more critical."

Prior to accepting the agronomy specialist position,

Warrick served as an extension associate while completing a PhD in agronomy at Texas Tech. He was also an extension agricultural agent in Hockley, Hale and Potter counties.

Along with his PhD, the new agronomist earned M.A. and B.S. degrees in plant science and general agriculture respectfully from West Texas State University.

Warrick has been the recipient of numerous awards and honors including: Outstanding Young Men of America in 1979, Citation for Outstanding Soil and Water Conservation District in 1988, Citation for Outstanding Service to 4-H in 1988 and being the recipient of the Texas County Agricultural Agents Crop Production Education Award in 1988.

He has been a member of the Texas County Agricultural

Agents Association since 1976 and Epsilon Sigma Phi since 1982.

A native of Hereford, Warrick, 36, grew up on an irrigated farm with crop production in cotton,

milo, wheat, alfalfa, corn and soybeans. He is married to the former Lanee Raye Welch of Vega. The couple has two children, Brock, age 8, and Krigh, age 6.

## Annual county fair scheduled Sept. 28-30

The annual Mitchell County Fair will open Thursday evening, Sept. 28 at 6 p.m. in Colorado City. The fair is held at the agricultural barn just west of downtown Colorado City on Highway 80. The fair will be open Thursday, 6 p.m. until 10 p.m.; Friday, 4 p.m. until 10 p.m. and Saturday, 10 a.m. until 10 p.m.

Jest Amusement will provide the carnival entertainment. Tickets for carnival rides will be sold in advance at the Chamber of Commerce office, 157 West Second Street. These tickets will

be half-price when purchased in advance.

Booths for the Mitchell County Fair are still available. An 8x8 booth is \$30 and an 8x16 booth is \$50. Those interested in a booth for the Mitchell County Fair, Sept. 28, 29 and 30 should call the Colorado City Chamber of Commerce office, phone (915) 728-3403.

Exhibits for judging are open only to Mitchell County residents. Entries will be received Thursday morning 7:30 until noon, with judging from 1 p.m. until 6 p.m.

## Estella Rivera presides at VFW auxiliary meeting

The Ladies Auxiliary to VFW Post 9178 met Thursday night with Estella Rivera, president, presiding.

Eight members were present. Audrey Wilson reported that Nellie Bunch took ice cream to the VA home. Audrey Wilson and Bonnie Story delivered numms to Peggy Bagwell who has been ill. The ladies of the auxiliary are organizing groceries for Christmas baskets.

There was a called meeting for the men of Post 9178 and the Ladies Auxiliary to discuss the painting of the post inside and out. Several businesses and individuals have donated money or paint for the upcoming project. The Ladies Auxiliary presented a check to the post to help cover expenses. Anyone who would

like to donate paint or money, contact Lou Williams at 728-5503 or Phil Ball at 728-8490.

The next meeting will be Thursday, Aug. 24, 8 p.m.

## Cox wins AJRA honors in Snyder

# Bruce returns from trip

Ralston Bruce of Loraine recently returned home from a trip to the Holy Land and Cairo, Egypt.

Bruce flew from Midland to Houston where he met and visited with Merlyn and Lora Nell Bruce. He joined the tour group led by Dr. Charles L. Allen and Mrs. Mildred Parker and departed from Houston on July 13. There were 27 members in the group, with five states represented.

After a four-hour layover in the Netherlands at Amsterdam, the group departed for Tel Aviv where they met their guide and bus driver. It was about an hour's ride to Jerusalem.

The next day, the group drove to Bethany, where Lazarus was raised from the dead. They continued on to Jericho and saw the excavations of the old city. At Qumrana, they saw the remains of the Essene monastery and the caves where the Dead Sea Scrolls were found. They drove beside the Dead Sea and picked rocks off the beach. They returned to Emmaus and walked on the old Roman road where Jesus appeared to the disciples.

On Sunday, July 16, they drove the Place of Ascension and the Pater Noster Church. At the foot of the hill, they visited the Garden of Gethsemane with its ancient olive trees. From there, they drove through the Kidron valley and saw the Pool of Siloam and St. Peter in Gallicantu, built over the palace of the High Priest Caiaphas. They drove south to Bethlehem and visited the Church of the Nativity. As they drove out of Bethlehem, they saw the field of Ruth and Boaz. They stopped at the Shepherds' Fields before returning to Jerusalem.

Other points of interest visited by the group included the Wailing Wall, St. Anne's Church, Pool of Bethesda, Mount Zion, Israel Museum and the Garden Tomb.

While in the Jordan Valley, those who wished to were baptized in the Jordan River.

In Nazareth, they saw the Church of the Annunciation and Mary's Well. They stopped to

visit the church at Cana where Jesus performed his first miracle. In Haifa, they visited a diamond factory.

They crossed the Suez Canal on a ferry boat. They viewed the sand dunes as they neared the city of Cairo.

They visited the pyramids and the sphinx and traveled to Memphis, the first capital of ancient Egypt.

Driving beside the Nile, they visited "Old Cairo" and the Coptic churches associated the flight of the Christ Child to Egypt.

**ASTROS** - Members of the I-20 Midget League champs, the Loraine Astros, include front row, from left, T.J. Aguilar, Mike Rico, Adrianna Baeza, Bubba Williams and Daniel Martinez. Middle row, from left, are Ralph Martinez, Patrick Brown, Josh Wooddell, Fernando Baeza, Eric Martinez and Oscar Baeza. Back row, from left, are coaches Oscar Baeza, Duane Linam and Don Boyd. Not pictured are pick-up players Patrick Brown, Eric Martinez and Rene Garcia.

**NURSING HOME VISITORS** - Members of the I-20 Midget League champions, the Loraine Astros, visited with residents at the Loraine Nursing Center Wednesday afternoon. The nursing home sponsored the baseball team.

## Loraine Personals

...by Lois Phillips

Max Hallman is in town visiting relatives and old friends. I know his friends in and around Loraine are old because I know how old he is. That's alright Max I won't tell for obvious reasons. Max is visiting his brother Roy and family, cousins, etc. The Hallman brothers are brothers to Mae Hallman Wheeler. He now makes his home in Abilene.

Christene Britton went with Dwight and Carla Aston to the Dallas area over the weekend where Mark and Scott Aston played in a tennis tournament in Arlington.

Christene visited with Trey, Jana, their little daughter Jordan in Carrollton and they also watched the Aston boys play tennis on Sunday.

I guess most of you knew that Hazel McCollum had major surgery in Big Spring recently. She seems to be recovering nicely at the home of her son and family, the Weldon McCollums. We are anxious for you to be able to come home and we are praying for this to happen if it is God's will. Hazel, we love you.

Ruby Lee Small spent Wednesday night of last week with her daughter, Barbara McGee in Snyder. It was Barbara's birthday so I feel like they had good food, lots of fun etc. Barbara, we wish you many more happy birthdays.

We have hung up our balls and bats, gloves and such and have brought out the footballs. The guys have already been introduced to the coaches. I hope great things will come from this meeting. We had a good team last year but we like to do better this year, both junior high and high school. We have one new coach and I am hoping everything will work out fine.

We still love you little Pirates but now you must be Loraine Bulldogs and play football.

The Loraine Lions met last week and as usual enjoyed a good meal prepared by the Methodist Ladies.

County Judge Mac Morris was the speaker. Everyone enjoyed him.

This next item sort of got misplaced but the Lions enjoyed the fashion show the 4-H Club girls put on. We appreciate the youth for taking time out of their busy schedule to bring your program to us.

Last week I dropped in at the Pizza Hut one noon time. I saw Joan Beach, Ann Hallmark and two other ladies, Emma Hopper and Lodena Blassingame.

Glenn and Shirlene had two of their grandsons with them Friday night at the Cree-Mee. Justin is from Alpine and Casey lives in Midland. Casey had great plans to play golf with his granddad on Saturday morning. I sure hope he got to go.

We have a new coach. I think I have already mentioned him, but I know a little more about him now. He is Dan McGhee. He and his wife have two children so far as I know, a son who is a junior in high school and a daughter in the eighth grade. Welcome to our school and to our town!!

Glenda Haltom had a nephew who was killed in a terrible car

wreck recently. He was also the nephew of Dub Woodell and Louise Liles. We send our sympathy to you.

Recently Jackie MacDonald went home to be with his mother while the father was so sick and being buried. While he was here after the funeral and visiting, Edgar and Glenda Haltom, Paula Brock, Roy and Jean Johnson, Freddie and Barbara Bowlin took Jackie on kind of a reunion as the younger bunch were all in school the same time.

They went to the Golden Corral in Snyder and enjoyed a very nice meal and visited until the manager had to ask them to go.

Lupe and Connie Rodriguez attended the ordination of their nephew, David Lee Herrera into the priesthood in the Sacred Heart Cathedral in San Angelo. They also attended the reception at the Knights of Columbus Hall after the ordination. On Sunday they attended the first Mass by Father David and the reception that followed in the Saint Mary's Church in Odessa and also the dinner given by the family at the Bernardo Marquez residence in Odessa.

### 1989 PROPERTY TAX RATES FOR COLORADO INDEPENDENT SCHOOL DISTRICT

This notice concerns 1989 property tax rates for COLORADO I. S. D. It presents information about three tax rates. Last year's tax rate is the actual rate the taxing unit used to determine property taxes last year. This year's EFFECTIVE tax rate would impose the same total taxes as last year if you compare properties taxed in both years. This year's ROLLBACK tax rate is the highest tax rate the taxing unit can set before taxpayers can start tax rollback procedures. In each case, these rates are found by dividing the total amount of taxes by the tax base (the total value of taxable property) with adjustments as required by state law. The rates are given per \$100 of property value.

#### LAST YEAR'S TAX RATE:

|                             |             |
|-----------------------------|-------------|
| Last year's operating taxes | \$2,095,869 |
| Last year's debt taxes      | 196,849     |

#### SCHEDULE A: Unencumbered Fund Balance

The following balances will probably be left in the unit's property tax accounts at the end of the fiscal year. These balances are not encumbered by a corresponding debt obligation.

| Type of Property Tax Fund | Balance      |
|---------------------------|--------------|
| General                   | \$1,900,000. |
| Trust                     | 24,000.      |
| Activity                  | 30,000.      |
| Interest and Sinking      | 117,000.     |

#### SCHEDULE B: 1989 Debt Service

The unit plans to pay the following amounts for long-term debts that are secured by property taxes. These amounts will be paid from property tax revenues (or additional sales tax revenues, if applicable).

| Description of Property | Principal or Contract Payment to be Paid | Interest to be Paid | Other Amounts to be Paid | Total Payment |
|-------------------------|------------------------------------------|---------------------|--------------------------|---------------|
| 1973 Building Bonds     | \$175,000.                               | \$48,995.           | \$193.                   | \$224,188.    |

## FACTS & FIGURES

Ours has long been known as a mobile society. In fact, sixteen million American households move every year, on average.

Of this year's millions of movers, 75 percent will be do-it-yourself movers, according to a recent study by Ryder Truck Rental. Many of the do-it-yourselfers will use rental trucks, saving an average of 43 percent of the cost of commercial moving.

Though cost savings may be compelling, many do-it-yourself movers choose to do so to gain a greater degree of control over the entire process. They can set such important dates as that of pick up and

delivery and personally see to the handling of their precious possessions.

You can get a free copy of "Mover's Advantage," a brochure on do-it-yourself moving, by calling, toll-free, 1-800-327-3399

STATE CHAMPS - Nicole Reeves, right, and Lista Johnson of Alvin, are members of the state championship softball team, the Bayou Babes in Alvin, which is playing in the national tournament in Midland. Reeves is the granddaughter of Mrs. Frances Grisham of Colorado City and the late Eldon Grisham.

## NEWS OF NUTRITION

### Good News For Older Americans

Here's a fact that may give you some food for thought. After age 50 your nutrition needs can change. Fortunately, you can learn a lot about food and nutrition by calling a toll-free hotline, 800-533-VITA.

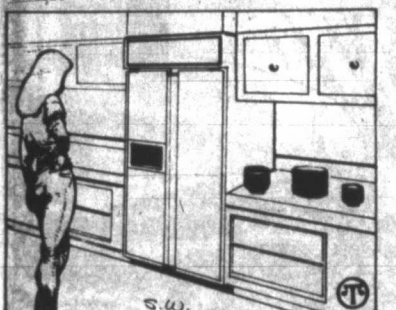

A toll-free number can help older Americans enjoy better nutrition.

Registered dietitians at the other end answer specific questions. You may also ask for a free copy of a booklet called: "The Best Years of Your Life." It includes tips for healthy eating and enjoying interesting meals. It also contains information on specific nutrition concerns of older Americans, such as how to get enough iron, protein and calcium; how to lose weight; and how to eat for a healthy heart. The booklet also features nutritious make-ahead recipes.

### The 90s Kitchen The Built-In Look

Euro-style...the integrated look...the built-in look. All describe kitchens featuring uncluttered designs with plenty of workspace that are also comfortable places to spend time.

A key element of the built-in kitchen is a built-in refrigerator which integrates smoothly with virtually any kitchen cabinet. For example, a true built-in model from Kitchen-Aid is 24-inches deep and fits American style 25-inch cabinet tops and European style 24-inch cabinet tops. To match both American and European cabinet toe kick heights, the lower ventilation panel is adjustable up to 4-1/2 inches.

With door and handle inserts, the look is custom. Looking good is not enough, however. Through-the-door ice and water dispenser, adjustable shelves and door bins, separate controls for refrigerator and freezer compartments, and a generous warranty round out the total style and performance of the built-in refrigerator.

The beauty and performance of built-in appliances go a long way to making kitchen design dreams a reality.

### Softball tourney slated in Snyder

There will be a co-ed and men's softball tournament in Snyder Aug. 18-20.

Entry fee is \$65 per co-ed team and \$85 per men's team.

Field will be limited to the first 28 teams entered.

For more information, call Mike at 573-4931 or 573-4146.

The basketball dribble was first used professionally by Bert Loomis in 1896.

"Can you tell  
me how to quit  
smoking?"

Whether you need to know how to quit smoking or what your doctor's warning means, the latest treatment, whether or questions you have about cancer, call the American Cancer Society.

It's a place to turn to when you don't know where to turn.

NINE-YEAR-OLD Camille Marshall, daughter of Oscar and Kathy Marshall of Colorado City, holds the trophy she was presented after being named to the Division I All-Tournament Team at the state United Girls Softball Tournament in Abilene in July. One girl from each team was selected for the all-tournament honors.
