J. L. MAY VICTIM OF HUNTER'S BULLET

HAZEL JONES SERIOUSLY INJURED IN AUTO ACCIDENT

STUDABAKER COACH TURNS COMPLETELY OVER PINNING DRIVER UNDERNEATH THE CAR.

Sunday afternoon, while out driving in the Studabaker Coach of Claud Jones, Hazel Jones, his 14 year old daughter, in company with some of her companions, Opal Holder, Myrtice Shock, Clara Grinnon, Ted Caraway, Lloyd Odell, and Claudine Jones, was the unfortunate victim of an auto wreck which all but cost her her life.

The young people were driving on the highway just southwest of town and had just passed the curve where the highway turns toward Elida, when she lost control of the car. At first the car ran off the highway on the right side of the road and in turning it back it ran off the grade on the left side, and in making a short turn to get back on the grade the car turned over, and according to some of the eye witnesses, rolled over four times.

Some of the children were thrown out of the car and only sustained minor bruises and cuts. Hazel Jones, who was driving the car, was thrown out and caught under the overturned car, sustaining very serious injuries.

Opal Holder was holding the Jones baby and held it up, protecting it from injury.

Just before the accident the car passed the car of C. M. Compton, Jr., who with Mrs. Compton were taking a drive on the highway. Judge Compton noticed that the car acted queerly and Mrs. Compton looked back just as it went over the first time.

They turned around and drove back, but before they reached the scene of the accident, some boys had righted the car by lifting it off of Hazel who was pinned beneath.

Judge Compton picked the injured child up and carried her to the residence of Dr. Braswell, but the doctor being gone on a hunting trip, he carried her on to the residence of her parents and surgical aid was summoned as soon as possible.

Dr. Pearce was the first to arrive and gave such aid as possible at the time, finding that her injuries were very serious. Dr. Miller, of Clovis, who had been duck hunting near Floyd, drove through town and was called in. He with Dr. Pearce, made a valiant fight for her life far into the night, but her injuries were of such a nature that time alone could give the verdict of life or death.

The grim battle with death continues for three nights and days, to noon Wednesday when the indications were favorable that life was to be victorious and death conquered. At this time the symptoms for her recovery were

better than they had been and the doctors were encouraged and gave some hope for her recovery.

She was crushed in the abdomen, causing very serious and delicate injuries which surgical and medical science were unable to correct or relieve.

Since Sunday afternoon when the news of the accident spread over the town, the entire town has been almost paralyzed, and everyone has constantly prayed that the life of this little girl be spared.

Through all of her sufferings Hazel was conscious and knew her parent and friends and talked to them.

The car was a wreck, striking on the right hand corner of the top in making the first turn, it was a miracle that the top was not crushed, which fact alone saved the lives of the occupants. Both rear wheels were reduced to splinters and every spoke in the left front wheel was broken. The steel framework of the cab saved the top from being crushed.

Thursday morning, Hazel Jones is reported to have rested well through the night, and at time of going to press her condition is reported as more favorable than it has been.

R. D. WRIGHT'S FATHER DROPPED DEAD

Monday evening R. D. Wright was called to Anson, Texas, by a message announcing that his father had dropped dead.

Mr. J. P. Fitch, Regional Boy Scout Executive for the states of Texas, Oklahoma and New Mexico spent three days of last week in going over the Eastern New Mexico Area, in company with Minor Huffman, Area Scout Executive. District meetings were held in Clovis and Alamogordo and an Area meeting at Roswell.

Mr. Fitch was well pleased with the Boy Scout work done in Eastern New Mexico and reports that the scout troops have increased from 7 to 25 and the scouts from 140 to 432. At present 585 boys and men of Eastern New Mexico are actively engaged in the Scout Movement.

Plans were made not only to raise the quality but to reach more boys the coming year.

Mrs. G. T. Littlefield and daughters, Miss Rosalie and Miss Grace Margurite of Elida were up Friday to see the Freshman at the Cozy.

BARN DESTROYED BY FIRE ON TUESDAY

Tuesday about 11:30 a. m. the barn on the old Meredith place near the grade school building was discovered to be on fire, the alarm was given and the fire department responded in time to save the joining buildings. The barn was almost totally destroyed.

This is the first fire since the new fire plugs in the residence part of the town have been installed and it was found that a very good water pressure was available with which to fight fire.

SANTA FE TO INAUGURATE NEW TRAIN SCHEDULE

The following from the Roswell Record will be of interest to Portales people.

The new schedule will be of great convenience to the Portales Valley News as it will enable subscribers on the routes out of Elida to get their paper on Friday each week. The News has not learned of the date of the change in schedule, but will announce it as soon as it is made public.

A new time schedule on the Santa Fe lines is to go into effect immediately. This schedule will be effective not only on the Pecos Valley division of the Santa Fe, but on the main lines as well and will eventually effect the Southern Pacific lines to the west running into El Paso.

Under the new schedule the Santa Fe north bound passenger train will leave here at 1:30 o'clock in the afternoon, making direct connection at Clovis for points west, north and east. This train will carry a Pullman which will go on at Carlsbad.

The train from the north will arrive here about 1 o'clock in the morning. This train will also carry a Pullman which will go on south to Carlsbad. The Roswell train from Clovis will leave for Pecos Valley points immediately after the arrival of trains from the west, north and east.

Under this new schedule all trains will arrive in Clovis at approximately the same time and depart at approximately the same time, so that either leaving Roswell or coming to Roswell there will be no delay in Clovis, direct connections being made to all points and from all points.

This will mean a greatly improved mail schedule for Roswell. Mail will be in the boxes at the post office at a nearly hour each morning and business men will have from then until 4 o'clock in the afternoon to get their letters answered so they may go out on the same day.

No definite announcement as to the times of the arrival and departure of trains from Roswell was available from Santa Fe officials today, but they will be approximately as given above. The exact date of the time change has not yet been announced.

RECITAL

Mrs. Wade Freeman will present a number of her pupils in a recital Thursday evening at 7:30, Nov. 19th, at the Methodist church.

The program will be of interest to all music lovers. In addition to the regular solos there will be duets, two piano numbers and choruses.

The public is cordially invited. The girls need the experience and you need to be there to encourage them. Come! Fill the House.

Phil Johnson, halfback, has been going strong this season. He was a first reserve last fall but has earned a regular berth in the Bulldog backfield this season. He is a hard hitter and has a lot of fight in him in every game. He comes from Portales, N. M., where he had made a good record in high school football. He will likely face the Matadors Saturday.—Amarillo News.

Portales is proud of Phil. He is not only a good football player, but a good all around boy. His mother Mrs. Nora Johnston and his sisters, Miss Estelle and Miss Edna live in Portales. The girls are both teachers.

PORTALES VALLEY PEANUTS TOTAL MANY DOLLARS VALUE

In the Portales Valley this season there were between 250 and 300 acres of Tennessee Red Peanuts planted. This crop made a good average yield of 1500 pounds to the acre. Based on last years price these will bring 10 cents per pound, or \$150 per acre.

Figuring the acreage at 250, this would be a total of 375,000 pounds or in dollars at a value of \$37,000.00.

In the old days when one wished to speak with derision of any one they spoke of them as a peanut merchant. Now the peanut merchant bids fair to be the leading merchant of the town or county. The peanut industry is in its infancy and will soon develop into a business that will rival the cotton and sweet potato farming in the Portales Valley.

This season the peanuts are being picked and cleaned with the new peanut picker and cleaner of Wheeler Bros., which is doing splendid work and leaving the peanuts in fine shape for the market.

The Tennessee Red Peanut is the best peanut for peanut confections, and has always found a ready market.

The industry can be developed to such an extent that a peanut butter plant can be profitably operated here.

OVER 200 CRATES FROM QUARTER ACRE

Last Saturday E. N. Wheeler employed Carl Muller to dig his quarter acre potato patch, making arrangements for the storing of 25 crates.

Up to Monday night Carl Muller said that he had dug 199 crates, and if the weather was favorable and sufficient help could be secured that he thought that he could get the patch finished this week.

Now E. N. is contemplating shipping in a car of Missouri O'Possums so that he can market his potatoes with the proper trimmings.

COUNTY BOARD MEETS

The Roosevelt County Board of Education met in Portales, Oct. 29th for the purpose of considering the advisability of re-opening the school at Richland. Mr. J. C. Thomas, Principal of the school at Richland and J. H. Short, one of the directors, appeared before the Board and requested that the school be opened at once. All the patrons residing on the East truck line came before the Board and requested that their children be transported to the Midway school.

The Board realizing that the housing facilities of the school are inadequate, decided to send the East truck to the Midway school and to transfer one of the Richland teachers to this school. The Board also accepted the offer of the Odd Fellows Hall at Richland and decided to divide the Hall into two rooms by a partition and equip each room for school purposes. The Board also authorized Mr. Short to make arrangements to move the New Hope Building back to Richland. The Board plans to add three additional rooms to the New Hope Building. By these means, a room will be provided for each teacher.

The Board authorized Principal J. C. Thomas to open the school again November 2nd.

HIGH SCHOOL NOTES

The Comets have had a good deal of hard luck this year in football and are slightly discouraged, but the season is not over, they play Clovis in two games and Texico here Friday Nov. 13th.

The girls are practicing basketball with several experienced players out. They have prospects of a good team.

PROMINENT PORTALES BUSINESS MAN LOSES LIFE IN MOUNTAINS NEAR ALAMOGORDO.

Wednesday morning Portales was shocked by a telephone message from Alamogordo, stating that J. L. May had been killed.

For several hours no further news could be secured, but when telephone connections were again secured, it was learned that he was found dead in the mountains 40 miles from Alamogordo, from a gunshot wound.

Saturday noon Mr. May left Portales in company with J. R. Shock and Ed Herndon on a deer hunt. Their destination was the mountains between Alamogordo and Cloudcroft.

Reports from that section early on the morning of the 10th, when the deer season opened up, was that the mountains were literally full of hunters.

The telephone message did not state by whom he was shot, but that it was not by one of his party.

In a telephone conversation with Ed Herndon Wednesday evening between three and four o'clock, it was learned that Mr. Herndon and Mr. Shock were bringing in the body of Mr. May in Mrs. Wollard's coach, Mrs. Wollard having been in attendance at the Baptist convention at Alamogordo, and that they expected to arrive in Portales about midnight.

About two o'clock Thursday morning, Dr. Braswell, Dr. Camp, Ed Herndon and J. R. Shock arrived with the body of J. L. May. The following account of the tragedy was given:

On Tuesday noon the party scattered over the mountain in quest of deer, with the instructions to be back at camp by sundown.

Ed Herndon went higher up on the mountain than Mr. May, and in returning to camp accidentally came across his body which was cold in death. His death was caused from a rifle bullet, which pierced his right side in a way to cause almost instant death, and it is thought that he must have been shot about two o'clock in the afternoon. The woods were full of hunters and it is not known by whose hand that the fatal bullet was fired.

A Mr. Jernegan, brother of Frank Jernegan, who was on his way to visit the camp, says that he thought that he heard a cry for help, but that it was very faint, and although he attempted to trace it he was unsuccessful. The tragedy is deplored by all and has cast a gloom over the entire community.

J. L. May was born February 3, 1880 at Cincinnati, Arkansas, moved to Portales in 1905, homesteading near Portales. He has resided here continuously with the exception of the first few months after homesteading. He has been rural mail carrier with 16 years continuous service last May.

At the time of his death he was manager of the Gulf Refining Co. at this place, and has been identified with the business activities of the town for a number of years.

During the past 19 years he has been active in any movement for the betterment of Portales or of Roosevelt county, and has given freely of his time and money in every public movement.

He has been a staunch supporter of better schools and was largely instrumental in the campaign which resulted in the building of the splendid high school building which is now the pride of Roosevelt county.

For a number of years he has served as the secretary of the Portales Chamber of Commerce

without pay, while that organization was active and during the period that it has been dormant he has still served in that capacity giving out much valuable information in regard to the town of Portales and the county in general.

Mr. May has been a town builder and it was one of his dreams to see Portales the best commercial and school town in Eastern New Mexico. While his life has been one of public service his death will only show the great place that he filled in the community.

He was active in the Masonic circles of the town and state being a member of the Blue Lodge and Chapter of Portales, Commandry No. 14 of Clovis, and a Shriner of Albuquerque.

In 1914 he was married to Miss Lula Anderson, who with two children survive him, together with his father and mother who live in Clovis, a brother in Oklahoma and a brother in Carlsbad, two sisters, Mrs. Elmer Howard and Mrs. M. H. Ray of Portales. These of his immediate family have the heartfelt sympathy of the entire community in their loss.

The funeral services will take place on Friday. The Masonic Lodge conducting the services.

The funeral services will be held at the family home at 2:30 o'clock, Friday afternoon, Nov. 13th. Interment in Portales cemetery.

SPEEDERS ARE STOPPED

Signs have been placed at all the school houses in the county warning autoists to slow down to eight miles an hour, since a recent case in which an autoist whose car hit a child was dismissed because there were no signs on the road. Officer Vanderpool, who has been employed by the county to stop speeders, brought two into Justice Roddys court Wednesday and they were fined.—Albuquerque Journal.

POTATO OUTLOOK BRIGHT

C. A. McNabb, manager of the Sweet Potato Association says that the sweet potato markets is looking good at the present time, with indications that it will get better later in the season.

Government reports give a very short crop of white potatoes, and the public are looking to the sweet potato to take their place.

The curing plants are now full and are curing out nicely, and Mr. McNabb predicts a 7 cent market the first of the year, for Portales, f. o. b. Portales.

MAIL ROUTE

Bids are now open for service on the three star routes going out from Portales; Floyd to Portales, Emzy to Portales, and Inez to Portales. Bids may be accepted up until January 19th, 1926. Blanks and information as to distance traveled, bonds required, and present compensation, may be secured at the Post Office.

TWO BOYS SUFFER FROM BROKEN ARMS

Monday evening Clifton Banks-ton had the misfortune of breaking his arm.

Clifton was playing at gymnastics on a turning pole when he fell breaking his arm.

Monday evening while helping unload freight at the depot, Edwin Jaquess had his left arm caught between one of the freight trucks and the depot, breaking his wrist.

The News greatly appreciate the efforts of Sears Roebuck, The Bankers Investment Ass'n, The state University The Albuquerque Chamber of Commerce, The Los Angeles Chamber of Commerce, and the Automobile and Harvester Manufacturing Companies, together with dozens of other public spirited space grafters, for their efforts to edit the Portales Valley News. Lack of space deprives our readers of much of this valuable (?) bunk, and it is with extreme regret that the necessity of devoting part of our space to the advertisements of the local merchants and a small part to the news of the town and county makes this necessary. However, if this is what the readers of this Great Moral Uplift wants, we will be glad to supply it. To do this it would only be necessary for two thousand of our readers to plank down \$10 each for one years subscription, as it would require that amount to defray the expense of this class of literature. Please do not all call at once as the clerical force is not sufficient to handle over 500 \$10 subscriptions in any one day.

It has been the policy of this paper to throw all of this free publicity in the waste basket, as it is of absolutely no value to the readers, and comes under the caption of paid advertising.

The Portales Valley News is published in the interest of the people of Roosevelt county, and at all times is glad to have any news of value to its readers, but for special interest propagads to get into its column, the necessary filthy lucre will have to be forthcoming.

We have before us a letter from the secretary of the Chamber of Commerce of a certain Panhandle town which requests that we submit bids on ten and fifteen thousand small booklets advertising their county, that they are desiring that number printed and would like to have our closest figures. Frankly we do not believe in that way of doing. As it happens the town from which the request comes is well equipped to handle the job and do it at as reasonable a figure as any of us, and we are not sending any bid. When it comes to competitive bidding on job work locally we will stay in there till the last but if a Chamber of Commerce cannot patronize their local print shops when they are capable of doing the work at a fair price, it would seem that there is little need for the organization. Surely an organization composed of the business men of the town know that they cannot build a prosperous community when they encourage the mail order business in any such manner. A newspaper seldom laps an issue pass without some rap at this "destroyer of a town" and it would seem that they would have the cooperation of civic organization such as their local Chamber of Commerce.—Plainview News.

In the past few months the Portales Valley News has printed many thousand folders for the real estate men and the Chamber of Commerce of Portales. Portales people are loyal to the home printer, and the Portales Valley News always strives to give them full 100 per cent value on every order. The home loyalty is what builds up a town, and Portales is growing.

Ticket agents at all Santa Fe railroads stations have received instructions concerning the Indian Detour of the Santa Fe-Fred Harvey systems which will be inaugurated May 15, 1926. Passengers west bound who wish to take the motor trip leave the California Limited at Las Vegas, go by motor to Santa Fe, Tesuque, Santa Clara, San Juan, Santo Domingo and Puye. At noon the third day they board the train at Albuquerque. Passengers east bound reverse the trip.

The Santa Fe-Fred Harvey systems are going to develop the Indian Detour as the Grand Canyon was developed. It is the greatest step forward for New Mexico in years. It means that people who have never had any impression of the state save what they got from the train window will now get into the interior of the state and get an idea of its vast resources. It should add millions of dollars of capital for new investments here.—Carlsbad Argus.

OUR WASHINGTON LETTER (By National Editorial Asso.)

Washington, Nov. 11.—It takes something unusual to arouse official Washington. What is perplexing all political leaders is the growing friendship between President Coolidge and Senator Borah of Idaho. If Borah had a reputation as a strong partisan there would be little surprise manifested but he is not a party man. The Senator is one of the outstanding figures in national life and has always played a lone hand, deliberately avoiding alliances which might dwarf or restrict his individuality.

Because Borah is always Borah the frequent visits to the White House has agitated his colleagues on Capitol Hill considerably. The frequent visits to the Executive Mansion are justly regarded as significant because Mr. Coolidge's policies very seldom coincide with the opinions of Senator Borah. Mr. Coolidge is recognized as a skillful politician and some of his opponents profess to note this handiwork in his relations with the chairman of the Senate Committee on Foreign Affairs.

The President and the Senator have been at odds on foreign policies for some time but there is nothing unusual in this fact. It is said that the Chief Executive is giving Borah a "pro-view" of his ideas on foreign and domestic policies for the purpose of obtaining reaction before actually submitting the matter to Congress. By these means, it is argued, that the President could revise his recommendations, especially in foreign affairs to cover the objections of the chairman of the Senate Foreign Relations Committee, and thus keep down the verbal attacks on the Administration's foreign affairs.

However, Senator Borah's voice is only one of 96 in the Senate and Mr. Coolidge will find it difficult to silence criticism of the Democratic members and the so-called insurgent group from his own party. It would be a poor political policy which would permit "steamroller" tactics by the Administration. This raises the all-important question as to whether Borah will champion policies of the Administration and thus become the real leader of the Senate majority or remain steadfast to his present policy of being just Borah, of Idaho, ready to vote on Democratic measures if they are in accordance with his opinions as readily as Republican plans.

With the word passed out that Borah would assume an important role at the next session, inquiries are coming into Washington as to the manner of the man. He has fitted into the role of a critic rather than an originator of legislation.

In fairness, it may be said that Borah is the only man in the United States Senate who has the advantage of holding the attention of the individual senators as well as the galleries. Even his critics say that he honestly endeavors to keep the role of orator and debator distinct from giving the impression of a demagogue. It cannot be said that he is in the strict sense a popular man but he has a compelling personality.

The above is not intended as a eulogy but represents a consensus of opinion among Democrats, Republicans and insurgents in the Senate. Many of them doubt that he will prove tractable to White House influence. Mr. Borah is undoubtedly assisting Mr. Coolidge in editing paragraphs of the President's message relating to foreign affairs. Always a politician, Mr. Coolidge knows that Mr. Borah will not stay put, but is making earnest efforts to have his approbation early in the session. It may be extravagant admiration on the part of Mr. Coolidge but the results cannot be predicted before a test is made.

Every now and then a rumor of Secretary Mellon's resignation is revived. The story persists in the drawing rooms where the great of the land assemble for social functions, that Mr. Mellon has lost some of his urbanity and is obviously peeved at the President's action in the French debt question. It will be remembered that the Chief Executive did not follow the recommendations of the Secretary of the Treasury as was expected. According to the current report, Mr. Mellon with years of success to his credit as a banker believed in applying the banker's method to the foreign debt problem. High Finance is something new to Mr. Coolidge. Mellon would like to have taken

what cash the French could accumulate and spread the rest over a period of years. In other words, he believes that a dollar in hand is worth two dollars on a promissory note.

The outcome of the tax program in Congress and the legislative attitude on foreign debts will undoubtedly have much to do with Mr. Mellon's tenure in the President's Cabinet. Advising a superior is not without difficulties as many Cabinet officers have learned to their sorrow in this and other Administrations.

The daily newspapers find themselves carrying an unusual amount of information from the Federal Trade Commission. This arouses curiosity in official circles because of the avowed policy of those in charge of the Commission for a "no publicity" era. Condition of the Federal Trade Commission has been likened to Kilkeney cats thrown over a clothes line with their tails tied together.

The majority members announced a few months ago that in fairness to American business there would be no publicity regarding the complaints until investigation in each case had been completed. The majority also

agreed to restrict the publicity as to the disposal of a case by the bare statement of facts. They reckoned without the fighting minority who very promptly issued dissenting reports giving reasons for their views. In defense, the majority is then obliged to answer the report of the dissenters which involve more publicity over trivial matters. The chances are that a very serious move will be undertaken in Congress this winter to abolish the Federal

Trade Commission along with several other independent Government agencies.

Many members of Congress are returning several weeks in advance of the congressional session in order to obtain assignments to powerful committees. A congressman may be known in his own community as an important individual, but in Congress his rank is judged by his committee appointment.

**SAY, DID YOU KNOW
THIS ABOUT EGGS?**

The 1924 chicken egg crop, placed end to end, would reach 838,754 miles, or three times from the earth to the moon, with enough left over to circle three times around the earth and seven times around the moon, is the startling deduction from statistics compiled by the U. S. Department of Agriculture, says E. E. Anderson of the New Mexico A. & M. College.

If all these eggs were sent to the market in standard sized

cases and 400 cases to the car, it would take 164,023 cars, and would form a train 1,242 miles long, which would reach from San Antonio, Texas, to Chicago.

At one and one-half pounds per dozen these eggs would weigh 1,476,207 tons.

If the 678,300,000 chickens raised in 1924 were formed in single file, with one foot of space for each, they would reach more than five times around the earth at the equator.

The total number of poultry on farms January 1, 1925, was 422,800,000, with a value of \$349,006,000. Assuming three square feet of floor space were required for each chicken, a chicken house 20 feet wide would have to be 12,130 miles long, or four times the distance across the United States, in order to house them all. Given only one ounce of grain feed each per day, the yearly feed would amount to 4,870,195 tons.

Compared with farm values of other products, the farm value of the total poultry products is one-sixth as much as all animal products; nearly one-fifth that of all cereals produced; one-third the value of the corn crop; about four-fifths that of the wheat crop greater than that of the oats raised; nine times the value of barley; over one-half the value of the cotton crop; over four times that

of the apple crop; over one and one-half the value of all fruits produced; more than half as great as the value of all hay and forage nearly three times the value of the potato crop; nearly as large as the value of all vegetables produced; greater than all cattle raised in 1924; nearly as great as the swine raised; eight times the value of all horses raised; six and one-half times the sheep raised; about two-fifths the value of all dairy products; and 11 times greater than the value of the 1924 wool clip.

However, farmers of New Mexico, don't quit raising chickens. At the present time New Mexico consumes almost twice as much poultry and poultry products as is produced in the state.

That Portales and Roosevelt county will profit by the visit of the Eastern Bankers, there is no doubt. They came with the view of investigating the resources of the country, and will go home with a clear conception of what this section of the country really is. New Mexico has never received the proper recognition from the east, and the News earnestly hopes that this visit will dispell the illusions that New Mexico is a desert. That it is inhabited by savages. Every effort was made to show what the country is doing and what it can do with a little help. The greatest need is more farmers in every section of the county. Not that the farmers we have are not doing their part. They are the biggest and best farmers to be found anywhere but their number is too small. There are thousands of acres of lands in Roosevelt county which are in native grass, and in many instances alongside of lands which are producing from \$300 to \$500 per acre. This should not be. A fuller development is needed to get into the best markets. Trainloads of the Portales Valley products should be shipped where now they are shipped in ear lots.

DAIRYING

The dairying industry of Roosevelt county is increasing. The price of butter fat is very good, and the farmer who keeps a few dairy cows is able to meet his bills the year around.

At the present time Portales is the greatest shipping point for cream in the Panhandle of Texas, Oklahoma or New Mexico.

The progressive farmer has found that by dairying and poultry he can reap profits each year, and not suffer from the failure of any one crop.

There is a story being told of a farmer who dreamed he had 500 bushels of wheat, which he sold, not all to one dealer, but a bushel to each of 500 people. Some paid him cash, but the majority put off paying, most of them thinking that, since it was such a small amount, he would hardly miss it. Then he needed seed for the new crop, needed to pay his help, needed to pay some notes, and in general as hard up. He appealed to those to whom he had sold his wheat, but since each only owed him a small amount, they did not think it necessary to pay. He could get along without it.

When he awoke he hastened to town and paid his subscription to the local newspaper, which he had thought it hardly necessary to pay for, since the small amount of the subscription would not make the publisher either rich or poor. He saw that a lot of small amounts total up to a goodly sum, which must be had if business is to go on.—Ex.

MAN AND HIS DREAMS

(By Helen Crumes)

If man with his mortal weakness
Could do those things he desires,
Could accomplish those wonderful
day dreams

To which his soul aspires;
Earth would be heaven, perhaps—
And life, I think would be
sweet,
But such is not often granted,

For man must know defeat.
Man must suffer the pangs of woe,
Must bear disappointment and
shame
Ere he can bring his dreams to
pass
Or win a worldly fame.
And oft' the reward is too trivial,
The crown is of bronze, not
gold,
But life has always been so
And will always be, I'm told.

We are in the market for your Hogs, Cat-
tle and Grain. Would buy 50,000 bundles
of feed. See us before you sell.

P. H. S. FIESTA

If you have ever attended a
New Mexico Fiesta, we know you
will not let anything keep you
away. If you have not, then let
us advise you to come up to the
High School Building Friday
evening, Nov. 13, for the time
of your life.

This entertainment is being put
on not only for the High School
but for the entertainment of the
public as well and we believe that
we have prepared an entertain-
ment that you can truthfully say
was well worth your money.

3-lte.

On November 13, a Fiesta will
be given by the pupils of P. H. S.
at the High School Building.

Numerous entertainments are
being prepared by each of the
different classes in school, chief
of which is a play, "Poly Wants
a Cracker" by the Senior Class.
This amusing play is one hour
and a half long and chuck full
of amusing and funny situations.
A wedding, two great secrets, a
Romance, an unexpected visit,
the theft of a valuable necklace,
the suspicion of which is laid in
turn on every character in the
play are some of the tangling
events which make it a play of
mystery as well as comedy.

Ten minute vaudevilles will
be staged between acts. This play
will be the first on the program
beginning at 7:30 P. M. prompt
after which the doors of the gym
will be opened to the public,
where various kinds of entertain-
ment will be found.

Admission to play 25c. Admis-
sion to booths 10c. Proceeds go
to the 1926 Yam. 3-lte.

We, the Senior Class of '25 ex-
pect to exceed all others in the
making of the School Annual,
"The Yam". Profiting from past
history of P. H. S. Annual mak-
ing we have decided to change
our tactics as to the method of
financing our annual. Instead of
depending largely on the business
people of the town to finance our
annual by large donations, buy-
ing advertisements, etc., we have
decided to give the public the
worth of it's money by way of
good entertainments put on by
the best talent in High School
and of a different nature to any
that have ever been given at Por-
tales.

It's Unusual, Different and
new. So Don't Miss It.
P. H. S. FIESTA, Nov. 13, 7:30
P. M. 3-lte.

"GREAT HOURS"

Is the theme for next Sunday
morning sermon at the Methodist
church.

The subject, "Mr. World and
Miss Church on Easy Street," an-
nounced for last Sunday was de-
ferred till next Sunday evening.
Bro. Goodloe having preached
last Sunday evening.

The house was well filled for
the Sunday morning sermon last
Sunday. It is indeed encouraging
to a pastor to have a good hear-
ing. Let Portales fill her churches.

A THRIVING BUSINESS

Just a little over a year ago
Milt Kornegay opened, Milt's
Barber Shop on the north side of
the square, with two chairs. This
business has grown until today
they are operating four chairs,
and are doing a thriving business
daily.

Milt is a good barber, and one
who makes it a pleasure for the
customers to trade with him.

His force consists of the best
that can be secured, and are
artists in their line.

The first chair is presided over
by C. C. Knoles who can take care
of you in any way and specializes
in hair restorer, exhibiting his
curly locks as testimony.

The second chair is in charge
of Jim Gilliam, who has develop-
ed into a first class barber.

The third chair is in charge of
Erb Connor, who has been bar-
bering for the people of Portales
for the past five years with the
exception of a few months, which
he spent in Oklahoma after sell-
ing his shop here a little over a
year ago.

Milt presides over the fourth
chair and has won quite a reputa-
tion as a ladies barber, and as the
Elida Enterprise says he can talk
anyone into taking a shave, sham-
poo and massage.

Jack Lamke, who bought grain
for the Amarillo Feed and Seed
Co., last year is again in town and
will buy grain here this season.
See his advertisement elsewhere
in this paper.

GETTING USED TO IT

A Scot from Peebles emigrated
to Chicago. At first he couldn't
understand the lingo; it puzzled
him and disgusted him; but in a
short time it got to seem all right.

As his job was a good one, the
Scot sent for his wife. She said
on her arrival:
"Gosh, Dugald, how queer the
folk talk here."

"Hoot," says Dugald, "they
talk all right now. Ye should ha'
heard 'em three months ago."

STUDENT BORROWERS
PROVE SAFE RISK

Loans granted to students on a
character basis and for purposes
of study are reported by the Har-
mon Foundation to be good pay.
More than forty per cent of the
\$26,385 loaned to students during
the year 1922-23 has been paid,
though according to agreement
only 29 per cent was due on Feb-
ruary 1, 1925. The foundation re-
ports that not a single account is
likely to default.

IN HONOR OF A
GREAT EVENT

Birthdays are always impor-
tant occasions, especially if one
is very young or very old. Be-
fore long The Youth's Companion
will be a hundred years old, and
the event is going to be made a
memorable one for The Compan-
ion's many friends. So, although
the date is not until April 16,
1926, preparations will begin with
1925.

In honor of its birthday The
Companion will come to you next
year at the new low price of \$2.
It will be dressed in its party
clothes, with new cover designs,
enlarged illustrations, new bril-
liantly clear type, and over 200
pages more than last year. It will
contain 9 book-length serial stor-
ies, fascinating mystery stories,
tales of adventure on land and
sea, the new "Make-It and Do-It"
Pages, radio, games, books, and
puzzles, interesting special arti-
cles and the ever-delightful Chil-
dren's Page. Don't miss this great
year of The Youth's Companion;
subscribe now and receive:

1. The Youth's Companion—52
issues in 1926, and
2. The remaining issues of
1925. All for only \$2.
3. Or include McCall's Maga-
zine, the monthly authority on
fashions. Both publications, only

MAY OPEN NEW BANKS
SAUNDERS GETS NIBBLES

"There seems to be a feeling
that a prosperity wave is due in
New Mexico." Said State Bank
Examiner W. P. Saunders.

His office has gotten inquiries
about the banking conditions in
the state in the last few days
from concerns thinking of open-
ing up banks in the state. This
was the occasion for his optimis-
tic remark.—Santa Fe New Mexi-
can.

Last week W. W. Love sold the
Valley Trading Co., grocery busi-
ness to W. T. Braswell, who will
continue the business.

This being the open season for
small game, J. G. Greaves and
family took advantage of the op-
portunity to make a business trip
to their farm last Sunday.

WHAT MY NEIGHBOR SAYS

Is of Interest to Portales Folks.

When one has had the misfor-
tune to suffer from backache,
headaches, dizziness, urinary dis-
orders and other kidney ills—
and has found relief from all this
sickness and suffering, that per-
son's advice is of untold value to
friends and neighbors. The fol-
lowing case is only one of many
thousands, but it is that of a Por-
tales resident. Who could ask for
a better example?

Mrs. C. M. Dobbs, says: "My
kidneys bothered me and every-
time I tried to bend, sharp pains
caught me in my back and I
could hardly straighten. I felt
miserable and headaches and diz-
zy nervous spells bothered me
frequently. Doan's Pills removed
the trouble quickly and I soon
felt like a different woman."

SEVERAL YEARS LATER,
Mrs. Dobbs said: "I have used
Doan's occasionally since, and
have always gotten fine results."

The H. M. C. met Wednesday Nov. 4, with Mrs. H. M. Livingston. After roll call and reading of minutes of previous meeting, Mesdames Ford and Livingston demonstrated not only the making of cottage cheese but various ways of serving it. Cottage cheese sandwiches, cottage cheese and tomato salad and prunes stuffed with cottage cheese accompanied by devil food cake and coffee made a serving fit for a king. Say folks if you want to learn to make really good dishes join the H. M. C. Next meeting Wednesday Nov. 18, at Court House. Subject Christmas suggestions. Roll call response, Exchange of Christmas Ideas.

A goodly portion of the Christian church of Portales also of the Texico-Farwell congregation accepted the invitation of the Christian church of Clovis to be her guest last Lords day and were

royally entertained. First the Bible School with the inspiration that comes with numbers, next the memorial of the Lords own appointing. The breaking of bread at His table. The beautiful solos, the excellent sermon by Bro. Rogers, a veritable spiritual feast followed by the material spread in the basement by the ladies, (and they are certainly artists in the culinary line.) A rare day of fellowship. Next Lords Day Nov. 15, the Clovis church and the Texico-Farwell church will be guests of the Portales church. The program for the day is as follows:

Bible School at 10:00 o'clock.
Sermon by Bro. Rogers at 11:00 o'clock.
Basket Dinner.
Song Service.
Sermon by Bro. Rogers 2:00 o'clock.

The Christian ladies aid was entertained Thursday Nov. 5, by Mrs. Rose McDowell. Roll call was followed by scripture lesson and prayer. Mrs. McDowell in her usual charming manner gave a reading. That was much enjoyed. The business part of the program was bazaar talk. The date set is Saturday Dec. 5. The hostess ser-

ved delicious refreshments to eleven members and guests. Next meeting Thursday Nov. 19, with Mrs. Pyatt. Program quilting and comfort making, bring your thimble and needles.

The Missionary Society of the Baptist church held a meeting with their President, Mrs. Coe Howard this week to complete their plans for the lunch and pantry sale to be held in the Universal garage on the twenty-first of this month.

We hope every lady in the church will take notice as this will be of interest to all the ladies and will cause the Men's Class to be a bit envious. This will mean the beginning of an improvement fund to add a Woman's Class room to some side of the church.

Mrs. Lee Johnson entertained on Friday afternoon with a forty-two party honoring Mrs. Carl Cox who has recently come to Portales to make her home. The room was beautiful with its autumn decorations and the ladies thoroughly enjoyed the afternoon. Mrs. R. W. Means making highest score. Delicious refreshments were served to the following ladies:

Mrs. Carl Cox, Mrs. J. C. Lyons, Mrs. Coe Howard, Mrs. Lillian Taylor, Mrs. A. D. Ribble, Mrs. J. C. Compton, Mrs. N. F. Wollard, Mrs. Jim Warnica, Mrs. Malcolm Troutt, Mrs. R. W. Means, Mrs. Christoe, Mrs. W. B. Oldham, Mrs. C. W. Nelson and Mrs. Burl Johnson.

Supt. Jno. W. Williamson and his party consisting of A. E. Lang, Chas. F. Bieler and Jefferson Boone came in Sunday from the Teachers meeting at Albuquerque.

The Teachers meet next year at Santa Fe.

L. Farris Powell of Slaton, Texas will fill the pulpit at the Christian church on Lords day Nov. 22nd, both morning and evening also each evening during the week following. Bro. Powell comes not only to preach but to get acquainted with the people and with a view of taking charge of the work here. Everyone is cordially invited to attend these services.

Mr. Cox is to be congratulated on the class of pictures he is now displaying at the Cozy. The people of Roosevelt county have the opportunity to see such pictures as are shown in Amarillo, Albuquerque or any of the cities, and they are put on while they are new. The program which is now appearing in this paper will give the idea of the class of shows that he is giving you. An extra fine program is being given all through this month.

added Roominess

Buick Master Six Four Passenger Coupe

Come in and try the seating space in the Better Buick. There is more of it—added head room—added leg room—added width in seats for both driver and passengers. Buick engineers have discovered new ways to increase interior space.

They have made the Better Buick more roomy than other cars of even longer wheel base.

It is a full-sized, man-sized car, for grown-up people to ride in, without being squeezed in.

Come in and try it!

BACK AT GRANDMA'S FOR THANKSGIVING

For your Thanksgiving dinner, Miss Edith Whitehurst of the New Mexico A. & M. College, suggests the following recipes "like Grandmother used to make," most of which are taken from an 1870 cook book.

Roast Turkey With Pinon Nut Dressing.

Dress the turkey carefully and rub thoroly inside and out with salt and pepper. Stuff with pinon nut dressing as follows: Take a loaf of stale bread, cut off crust and soften by placing in a pan, pouring over warm water, removing water after bread is soaked by squeezing with hands. Shell one quart pinon nuts; remove skins; press thru collander; season with 2 T butter, 2 t salt, 1-4 t pepper. Sew up opening. Spread the turkey over with butter, salt, pepper; place in a dripping pan in a medium oven; add 1-2 pint water, and roast. Bake 3 hours in oven. Turn until nicely browned on all sides. Baste with butter and dredge with a little flour, shortly before removing from oven.

Giblet Gravy.

If there is much fat left in the pan, pour off most of it and add the chopped giblets which have

been boiled, with liquid in which they were cooked. Mix 1 T flour in a pint bowl, with a little cream, fill up bowl with milk; add 1-4 t salt and several dashes of pepper. Stir constantly until a nice consistency.

Glazed Sweet Potatoes.

Wash and pare 8 medium sized sweet potatoes (for ten people). Cook in boiling water until soft. Drain out in halves lengthwise, and put into buttered pan. Make a syrup by boiling one cup sugar and 4 T water for 3 minutes. Add to this 1 T butter. Brush potatoes with syrup and bake until brown, basting twice with remaining syrup.

Boiled Carrots.

Wash, scrape and cut young carrots into small cubes. Cook until soft in boiling salted water or stock. Drain off part of liquid, season with butter, salt and pepper.

Cranberry Salad.

1-2 cup gelatine, 1 1-2 cup water, 1 cup sugar, 1 pint cranberries, 3-4 cup celery, diced, 1-3 cup nut meats chopped. Cook the cranberries in water 20 minutes; stir in sugar and cook 5 minutes; add the gelatine which has been softened in 1-2 cup cold water 10 minutes, and stir until dissolved. When the mixture begins to thicken add celery and nuts and turn into pan which has been rinsed in cold water, and chill. When firm, cut into squares, place a whole nut on top of square, and serve on lettuce leaf with a garnish of salad dressing.

Celery Curls.

Scrape and wash celery well. Cut into 2 inch pieces, cutting ends of celery in several pieces until it curls up. Wipe with dry cloth and serve.

Mince-meat Pie.

Mince-meat is best when made two weeks before Thanksgiving, so that the flavor will have mingled to the right degree of deliciousness. Mix 5 lbs. chopped beef, 8 lbs. apples chopped, 1 lb. suet. All should be ground thru food chopper. Add 1 lb. whole seedless raisens, 1 lb. currants, 1 lb. shredded citron, 3 t cinnamon, nutmeg, cloves, mace and 2 of salt. Add 1 pt. wine (berry juice may be substituted), 2 pts. strawberry jam. Bring all to boiling point; let simmer on back of stove.

Plain Pastry.

1 1-2 cups flour, 4 to 6 T cold water (have all ingredients cold), 1 t salt, 1 1-2 cups shortening. Sift flour and salt and cut shortening into flour with knife until finely divided. The finger tips may be used to finish blending material. Add enough water to make stiff paste. Form lightly and quickly into dough, roll out on slightly floured board, about 1-4 inch thick. Use light motion in handling rolling pin from center outward. Cover pie pan with dough, bake crust, fill with mince-meat, covering with strips of dough rolled thin and placed crosswise over pie.

PAINS ALL OVER

Lady Says She Took Cardui and Never Saw Such Improvement—Was So Weak Couldn't Stand.

Wethersby, Miss. Mrs. James M. Hall, of this place, writes that she was "getting weaker all the time" when Cardui, the woman's tonic, was first brought to her attention. After she had taken Cardui a while, she writes that she "never did see such an improvement."

"I suffered all the time and had pains all over," says Mrs. Hall. "I was so weak I could not stand. My skin was cold and flabby. I did not have any color. I had always been a very active woman—used to outdoor exercise, walking and going where I pleased, and to get down, not able to get myself a drink, was indeed a hardship."

"Nothing seemed to help me, till I began on Cardui. The first bottle seemed to strengthen me, and I went for five more. By the time I had taken these, I was on my feet, going around, doing my work, gained in health and strength."

"I took two more bottles, and I am well and strong. Can work my garden. I haven't had any more sickness."

23—Putting Stroke With Other Clubs.

Aside from the "hole-in-one" there is no more pleasurable sensation in golf than an approach shot close to or into the cup. It is the purpose of this article to tell how this can be accomplished far more often than it is.

We will take it for granted that you are fairly expert with the putter and that you understand fully that the putter face shall go back and come through the ball at right angles to produce the overpin putt. At a distance of perhaps 20 feet you find that on a slow green you lose accuracy through having to hit the ball too hard for your putting stroke. When this distance is reached, 20 or 50 feet, take your driving iron or cleek and putt it. Forget entirely that the club is not a putter. Play exactly as if it were a putter. A little practice will make you as accurate with the driving iron as with the putter.

Suppose you are off the cut surface of the green, 30 to 50 feet from the pin. Here is a chance to use your head. If you can loft the ball to the cut surface, use a mid-iron by preference but be sure and use the regular putting stroke. Actually the shot is a pitch-and-run but it is nothing like the stroke necessary if you are more than 50 yards from the hole. It is a putt pure and simple, the only movement being with the wrists, the rest of the body being held without the slightest motion, stiff as a wedge if you wish so long as you let the wrists do the work freely. If the ball is lying close in grass an inch long, better try a jigger on account of its greater loft. You will find that with a moderate amount of practice you can be as certain of holing out in one or two strokes under these conditions as with the putter from half the distance. Then try the mashie with the putting stroke. Without trying for distance, note carefully just how far the ball will loft and how much of a roll it will have. Probably you will find that on an average you can loft the ball 10 or 15 feet, followed by a roll of the same length, by putting with the mashie. Now try the same shot over a sand trap. You can be certain of better results than by using the regular mashie stroke. By putting with the clubs as noted, you can materially reduce your score.

A GOOD BULL STORY

A traveling man with torn clothes and a crushed hat sat in a country hotel expounding upon the necessity of compulsory automobile liability insurance maintained by the state to protect the public from damage done by automobiles. His clothes had been torn, his car wrecked and his life endangered by a driver with no assets.

A farmer in the corner grocery store, with a bloody nose and a broken buggy whip in his hand, was cussing his neighbor Jones for allowing a bull to run loose on the highway to frighten his team, cause a runaway, upset his load of berries and nearly killed him.

Jones was financially irresponsible but nobody thought of suggesting a law that all owners of bulls should be required to carry compulsory state liability insurance to protect the public from the dangers of such animals. Yet hardly a day passes that one does not read of some person or animal being gored to death by an enraged bull.

Our present laws provide for collecting damages from people whose acts cause injury or loss to others. If persons who are liable are financially insolvent the injured party cannot secure compensation. The same law applies to automobiles accidents as to bull accidents or to any other kind of accidents.

Why should the automobile owner be made an exception to the rule in regard to compulsory automobile insurance in order to provide against a possible insolvent driver? Why should the state be put into the business of insurer? The whole proceeding is just another step toward socialism. People thoughtlessly argue in favor of this type of compulsory insurance supported by a state fund, who would not for a minute consider such a proposition if they understood it in all its ramifications. The traveling man and the bull story are everyday examples.—Artesia Advocate.

PATCH OF NUT BROWN HUE

Two girls gay met a boy one day. His legs were briar scratched. His clothes were of blue, but a nut-brown hue.

Marked the place his pants were patched.

They laughed with joy at the blue-clad boy.

And his patch of nut-brown hue.

"Why don't you patch with color to match?"

They said "Why not with blue?"

Don't be coy, my blue-clad boy.

"Speak up," and they laughed with glee.

When he hung his head as he bashfully said:

"That ain't no patch, that's me."

Editor H. C. McCown of Elida was in town on business Monday. Editor McCown is boosting the Elida Day and says that the 28th of this month is the time set for the second event. This Elida Day of last month was quite a success, and will prove a great worth to Elida, as well as to the entire county.

M. A. OTERO, JR., WILL PRACTICE LAW WITH BOWMAN IN SANTA FE

Santa Fe, Oct. 17.—M. A. Otero, Jr., of Santa Fe, who has been closely identified with welfare work among the disabled ex-service men of New Mexico for the past six years retired as state adjutant of the American Legion on October 1, to resume the active practice of law, and is associated with former Attorney General Harry S. Bowman, with offices in the Laughlin building.

Mr. Otero has a wide acquaintance among the ex-service men of the country, particularly among the disabled. He worked for a year as chief of the cooperation section of the Veterans bureau's in Albuquerque, where he had charge of the claims and legal work of the disabled veterans of this state.

Graduating from the law department of Washington and Lee university in 1915, Mr. Otero was admitted to the bar in the fall of that year and was associated with Mr. Bowman in practice until he entered the military service.

CHANGE IN STAGE LINE

Joe Anderson has bought an interest in the Clovis-Roswell stage line and in the future the Roswell stage will run from Portales to Roswell and return each day.

As soon as the change in the Santa Fe schedule takes place, Mr. Anderson says that he will put on a daily stage from Portales to Amarillo, and one to Lubbock in addition to the daily stage to Roswell and the regular Clovis run.

Headquarters have been established at the C. & T. Service Station for all stage lines.

The regular schedule will appear in this paper in the near future.

TEXAS FARMERS WARNED NOT TO SNAP COTTON

"Texas cotton farmers are facing heavy losses on the balance of the present crop if they continue to snap the cotton instead of picking it," was the warning sounded to Texas cotton farmers and merchants by M. H. Wolfe Cotton Factors, Inc., of Dallas, in a statement issued Tuesday.

"It is a well-known fact that only with a large quantity of such cotton on the market the price will be reduced to a very low level, perhaps to half the price of picked cotton," the statement continues.

"Knowing the situation and with the hope of preventing such heavy losses, we feel obligated to sound the note of warning and urge farmers, merchants and bankers all over Texas to avoid such a disaster by using every means to have cotton picked in the usual way, and thus safeguard the financial interests of all concerned." —Wellington Leader.

FAIRLY-DENTON

Just before going to press the News hears that Miss Jasmine Fairly and J. E. Denton of Kenna, were married at Clovis Sunday evening.

Jasmine is the daughter of Mr. and Mrs. J. A. Fairly of Portales, and has been reared in this town. She graduated from Portales High School two years ago and last year taught in the Kenna school where she met Earl Denton.

Earl is the son of the late L. C. and Mrs. L. C. Denton of Kenna. They have been in the mercantile business in Kenna for years.

The young couple will live in Kenna where the groom runs a filling station.

ACCEPTING CHECKS FOR MONEY ORDERS BRINGS INDICTMENT

Accommodating friends by taking checks in payment for money orders apparently has caused Hugh Longan of Ramsdell, Texas to be indicted by the Federal

grand jury.

Longan, who is assistant postmaster at Ramsdell, was arrested yesterday following an indictment charging embezzlement found against him by the grand jury Tuesday. Checks that had been accepted by Longan for money orders on which he was unable to collect from banks due to insuf-

ficient funds amount to \$970 it is said.

His bond was signed by W. P. Haynes and W. P. Rogers. Sherman White of McLean, his attorney, was here yesterday in connection with the case. Longan's wife is postmistress at Ramsdell and he assisted her.—Amarillo News.
