Dunn homecoming

The Dunn Community Homecoming will be held Saturday, November 13 at the Dunn Community Center.

Coffee and cookies will be served during registration, which will begin at 1 p.m. The evening meal will be served at 6 p.m.

Everyone, except guests coming a great distance, is asked to bring sandwiches and cookies. Drinks and chips will be furnished by the community.

Volunteers needed

Kelley Elementary School is in the process of implementing a school volunteer program. Anyone who is interested in working as a volunteer in the reading and language area at Kelley should come by the principal's office and fill out an application form.

Halloween party

The Wilson Wyatt VFW Post 9178 and its Ladies' Auxiliary are sponsoring a come-and-go Halloween party for all children in the Mitchell County area aged 1-13 on Sunday, October 31 at the VFW Post Home at 1264 College Avenue from 6 to 9 p.m.

Prizes for the most original costume will be awarded in three age groups: 1-6, 7-11, 11 and up. The judging will be at 7 p.m.

There will be games and refreshments of cookies, punch and coffee will be served to all children and adults.

Landfill hours

Regular hours have been started at the sanitary landfill, according to City Manager Rick Crowley.

The landfill will be open from 9 a.m. to 6 p.m. every day except Monday and Wednesday.

Deer tags

Texas Parks and Wildlife Department will issue special antlerless tags for Mitchell County on November 10, from 8 a.m.-noon and 1 p.m.-5 p.m. in the county courthouse in Colorado City.

Class of '53 reunion

Members of the 1953 graduating class of Colorado High School are planning a class reunion next spring.

Also to be invited are those who, for whatever reason, left the class before graduating and faculty members from 1949 through 1953.

Local residents working on reunion plans are looking for information and addresses of these persons: Joyce Barber, Yvonne Hartsfield, Calvin Campbell, Gwendolyn Fuller, Rebecca Guzman, Robert Gross, Teresa Chapman, Carol Clark, Barbara Walker and Carol Jean Boatright.

Anyone having information about these or any other person in the class are asked to phone Virgie Goodlett, 728-5358, or Lena Marcom, 728-3796.

Bulldog band rehearsal

The Loraine 1982-83 Bulldog Marching Band is going to have an open dress rehearsal at 7 o'clock on Monday, November 1 to display their new uniforms.

Everyone is invited to go and see the band and listen as they practice for contest.

New bank opens for business

First National Bank of Colorado City officially opened for business Friday morning as bank officials, local dignitaries and citizens gathered to celebrate the opening of Mitchell County's newest financial institution.

The Chamber of Commerce ambassadors and bank board members officially cut the ribbon at 9 a.m.

After the ribbon cutting, coffee and cookies were served to the crowd as citizens got their first look at the new bank.

First National Bank will serve its customers at its temporary facilities located at 2225 Hickory at I-20. Plans to start construction of a permanent building will begin in the near future. The permament structure will be built on the adjacent land to the north of the temporary building.

In a brief statement to the crowd prior to the ribbon cutting, Max Shaw, president of the new bank said, "We see a bright future for Colorado City and want to be a part of it." First National Bank becomes the third bank serving Mitchell County residents.

A group of local citizens started organizing the bank in September of 1981. The group applied for a bank charter in December of 1981. The Comptroller of Currency in Washington, D.C. approved the charter in June.

The Board of Directors were elected at the bank's first stockholders meeting October 9th. Elected to the board were Max Shaw, Eddie Piland, R. J. Hoback, Bobby Nobles, Woody Anderson and Warren Anderson, all of Colorado City and Scott Smith of Denison.

Officers are Max Shaw, president; Scott Smith, vice-president and Leslie Williamson, vice-president and cashier. Employees include Carol Trulock, Kim Anderson, Carolyn Shaw and Sareesa Proctor.

FIRST NATIONAL BANK Directors and Chamber of Commerce Ambassadors cut the ribbon Friday morning opening Mitchell County's newest bank. Assisting in the ribbon cutting ceremonies were: Porter Richardson, Ray Ann Carlock, Max Shaw, Mildred Free, Linda McCombs, Bobby Nobles, Bob Ratliff, Mac Perkin, Eddie Piland, Charles Godwin, Warren Anderson, Nina Crout, Leslie Williamson, Woody Anderson, Scott Smith, R. J. Hoback, Shirley Delaney, Lee Woods, Leslie Perkins and J. O. Dockrey.

Voters go to polls Tuesday

Mitchell County voters will go to the polls Tuesday to cast ballots in the statewide elections. A breakdown in the 4,434 registered voters in Mitchell County look like this:

–Precinct One-1,538.
–Precinct Two-485.
–Precinct Three-1,351.
–Precinct Four-830.
–Precinct Seven-230.

The polling places in Mitchell County for the November 2 elections have been released by the county clerk's office at the Mitchell County Courthouse.

All polling places will be open from 7 a.m. to 7 p.m. They are as follows: precinct one, the county courthouse with Murrell Blassingame acting as presiding judge. Precinct two will be the Westbrook School Tax office, with Douglass Barber as presiding judge, precinct three will vote at the Housing Authority Building with J. M. Munoz, Jr., serving as presiding judge.

The Loraine Lions Club will be the site for precinct four, and Neysa Beights will be the presiding judge. Voting precinct seven will be the Oak Street Baptist Church Annex with Billie Ruffin acting as presiding judge. The Absentee voting precinct will be the County Clerk's Office, and Bob Ratliff is the presiding judge.

Wolves ride Broncos

Sonora didn't throw the football much Friday night, but when they did Wolves Safety Dennis Rivera had their number.

The Wolves senior safety picked off two Bronco passes to kill scoring threats. After both his thefts, the Wolves roared back to score touchdowns while going on to down the Sonora Broncos 21-13 at Bronco Stadium.

The win keeps the Wolves playoff hopes alive and virtually eliminates Sonora from the playoff picture. The game was a hard hitting defensive struggle all night with Sonora keeping the ball and eating up the clock, but the Wolves got the big plays when they needed them.

The Wolves defense, led by Rivera, Tom Rees, Donnie Davenport, Raymond Bassinger, Fred Dakan, Ben Gonzales and Ruben Luera bent but did not break. They turned the Broncos back four times inside Wolf territory.

Sonora scored first on an 80 yard drive that ate up eight minutes of the clock. The Bronco's Wing-T attack simply ran right at the Wolves. David Buitron scored from one yard out. He also added the point after touchdown and the Broncos had a 7-0 lead at the start of the second quarter.

Two possessions later, Sonora began another long drive started from deep in their territory, but the drive was stopped when Stacy Tarter recovered a fumble from the Wolves 18 yard line.

Later on in the quarter, Rivera picked off his first pass of the night at the Sonora 45. From there it took quarterback Doug Chitsey three plays to find wide receiver Stacy Tarter behind the Bronco secondary. Tarter caught the ball at the 15 to complete a 41 yard scoring pass. Tip Chaney added the point after touchdown and the half ended, 7-7.

The Wolves got a break in the third quarter when Ben Gonzales roared through and blocked a Sonora punt. Tom Rees recovered at the Sonora 26. But two plays later the Wolves fumbled the ball right back to the Broncos the 22.

The Wolves coughed the ball up early in the fourth quarter when running back Kevin Norman was hit hard at the line. Sonora recover

City of Loraine to apply for grant

Forty-five Loraine residents attended the public hearing concerning the Community Development Block Grant application on Tuesday night.

Dan C. Batwell of Freese and Nicholas Engineering was on hand to assist Mayor Royce Beights and Councilmen Jack Brewer, Tommy Green and Eddie Galvan in explaining the purpose and possibilities of the grant from the Department of Housing and Urban Development to the citizens present.

It was decided to apply for a single purpose grant in the amount of $328,000 to pave some of the city streets.

The area they propose to pave is from FM 644 South down Looby St. to Pacific St.; from Looby to Lightfoot St. on School St.; from Pacific up Kindred St. to Crockett St. and back to Main.

The City of Loraine will be notified in January as to whether or not the grant has been accepted.

4 candidates file for city council seats

Four people have filed to run for the two city council seats open in Loraine. They are Lillian Hallmark, Roland (Rick) Rickard, Ninfa Esquivel and Jimmy G. Lopez.

One of the vacancies occurred when Raymond Hackfeld resigned in September and the other when Calvin Forbus died on September 24.

The election will be held on January 15, 1983 and the candidiate candidate who gets the most votes will take over Hackfeld's position, which will run until April of 1984. The candidate that receives the second largest number of votes will take Forbus' position, which will be until April of 1983.

Anyone wishing to file to run in the election can do so by going by Loraine City Hall before 5 p.m. on December 15.

Hearin is sentenced Wednesday

Jim Hearin received a 10-year probated sentence and a $5,000 fine Wednesday night after being convicted for possession of cocaine on December 23, 1981.

Hearin's wife, Lou, was found not guilty.

Chamber to meet Monday

The Colorado City Chamber of Commerce will meet Monday, November 1 at 7 p.m. in the Chamber office to discuss, among other things, the Christmas Parade.

Mildred Free will also discuss the Chamber banquet and there will be an Arts & Crafts financial report presented.

The Texas Tourist Council is also on the agenda.

HORTENCIA DELOREA was crowned Homecoming Queen Friday night in Loraine. DeLoera is a junior at Loraine High School. She was escorted by her father Raymond DeLoera and Ricky Banks (64). Homecoming King is Adam Merket and Coming Home Queens were Betty Hackfeld and Joann Merket.

Write-in candidates are listed

With statewide elections right around the corner, a list of write-in candidates has been released for the November 2 elections.

Bill Williamson will be seeking the spot of Constable for Precinct One in Mitchell County. Other write-ins are Darryl Anderson, Lenard Mark Bennett, L. A. Sims and Norma Saldana for United States Senator.

Steve Warshell and Sims are running for governor. Also Debbie Lazar is a write-in for Railroad Commissioner and D. Diane Sarge is a candidate for Attorney General.

Check blood pressure

Hypertension, or high blood pressure, is a major health problem in the United States and is also a contributor to heart attacks and strokes. It has no clear signs or symptoms, and a person can have it and not know it, reminds Dr. Mary Ann Shirer, health education specialist with the Texas Agricultural Extension Service, Texas A&M University System. It is important for all individuals to have their blood pressure checked regularly–and if it is high–to follow the treatment prescribed by their doctors.

Quail season begins

Saturday marked the end of dove season and the beginning of quail season for Mitchell County hunters.

Quail season will last until January 31, and the bag limit is 20 per day and 60 in possession. Deer and turkey season starts November 13 and ends January 2.

The limit on deer is three of either sex, and two bucks. A hunter may kill two turkeys of either sex.

According to Mitchell County Game Warden Ronnie Aston, this ought to be one of the best seasons for deer, quail and turkey hunting. "The deer are in good shape, we had a good fawn crop this year," said Aston.

Aston also explained that a fine will be charged for violating hunting times. A person can hunt 30 minutes before sunup and 30 minutes after sundown.

Reed begins curatorship

Dona Reed took over the curatorship of the Colorado City Museum on September 15 after Evelyn Rose resigned.

Mrs. Reed is no stranger to the museum, having been Mrs. Rose's substitute for the last two years whenever she took a vacation or needed to be away.

"I was more or less familiar with it," Mrs. Reed said, "and I've known Evelyn for a long time. I was just interested in the museum."

Mrs. Reed has lived in Colorado City since 1941 and has taught in the public school. She said that she taught in the special education program for 11 years and truly enjoys working with the retarded.

Not only has she worked with the retarded in school, she works with the group at the Woodland Activity Center and worked at the Big Spring State Hospital for 12 years.

Her favorite hobby is needlework: "I've done quite a bit of many different kinds, but some of it I don't care much for."

Mrs. Reed's other activities include membership in the Self Culture Club, the Maranatha Club and the Eastern Star.

KING DEWAYNE PIERCE and Queen Christi Vanderpool were crowned as Halloween Carnival royalty during the festivities at Westbrook Friday night.

Donations being accepted for 4th annual Joint Venture Sale

Oilfield equipment and services donations are now being accepted for the 4th annual Joint Venture for Crippled Children Oilfield Equipment & Services Sale to be held Wednesday, December 1st at the Abilene Civic Center.

The annual Joint Venture raises about one-third of the budget of the West Texas Rehabilitation Center, where handicapped children and adults are treated without charge at campuses in Abilene, San Angelo, and Snyder.

Previous fund-raisers, the Andy Williams, Benefit Dinner, the West Texas Oil & Gas Exposition, and the recent PGA LaJet Classic Golf Tournament, have also added to the JVCC total.

More than $150,000 in goods and services have already been donated for the auction and more is expected. "Gifts of cash, properties, equipment, and services are anticipated before the end of November to help the Joint Venture reach its goal," said JVCC Chairman Dick Bowen. The West Texas Rehabilitation Center will arrange to pick up donated equipment. The oil and gas industry members may call the WTRC central office 915-692-1633 for delivery arrangements. Bowen encouraged petroleum industry leaders who have not already made their commitment to the Joint Venture for Crippled Children to please do so now.

The West Texas Rehabilitation Center is a private, non-profit treatment facility for handicapped children and adults. The Center was founded in 1953 and will treat over 10,000 people without charge in 1982.

If you're concerned about rising grocery costs, here's something you can do about it.

On November 2, you can make a positive step toward helping hold the line on rising grocery costs.

Proposition 3, one of six proposed Constitutional Amendments which will be offered on the ballot, would correct the tax exemption for agricultural machinery and equipment. The effect of passage of this amendment will be to lower production costs for food and fiber. In the long run, this will be a positive step we can take to help hold the line on grocery price increases.

For you and for your family, both now and especially in the future, this may be one of the most important votes you'll ever cast.

Mr. & Mrs. W. H. Prescott

Reception to be held for Prescotts

Mr. and Mrs. W. H. Prescott will mark their 50th wedding anniversary November 8th. A reception will be held Sunday, November 7th at Lone Wolf Electric building Medallion Room, with their daughter, son-in-law, and grandchildren hosting the event from 2 until 5 p.m.

All relatives and friends are invited to attend.

The couple were married Nov. 8th, 1932 at China Grove Community by the Minister L. L. Trott. They have resided here in Colorado City since 1949, moving from Scurry County. Prescott was born in 1910 4 miles southeast of Hermleigh, son of Mr. and Mrs. T. H. Prescott.

Mrs. Prescott, the former Iva Marie Hall, born in 1913, in China Grove Community, daughter of Mr. and Mrs. R. D. Hall. They have one daughter, Donna Thomasson, and one granddaughter and one grandson.

November plans are discussed

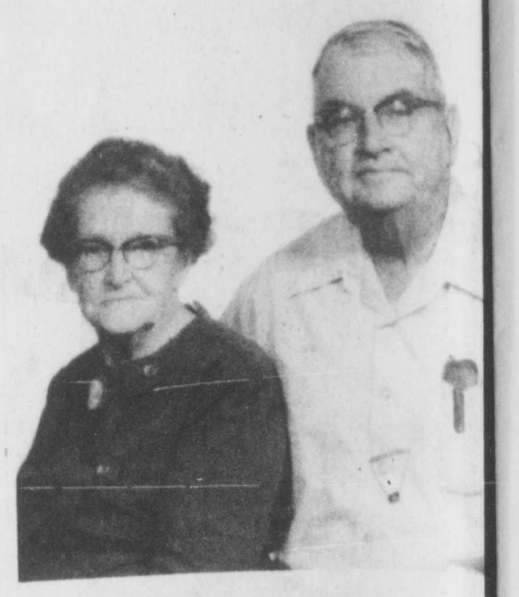

The Ladies' Auxiliary to Wilson Wyatt VFW Post 9178 held their regular meeting on Thursday, October 28, with Auxiliary President, Audrey Wilson, presiding.

Programs for November were discussed, including youth party, Veterans Day, buddy poppy, family Thanksgiving and the Auxiliary's on-going projects.

The Auxiliary voted to make a donation and to help with the fund raising drive for the Salvation Army. A donation was made to the VFW National Homes Health and Happiness-Christmas cheer fund.

A work day was set for Tuesday, November 2, at 9 o'clock. Meet at the Post Home and work on certificates and when finished there, go to Mary Bell's, 128 West 8th, and work on lap robes. Please bring your scissors with you.

Those present at the meeting were Audrey Wilson, Martha Wilson, Dorothy Clark, Pauline Woods, Emma Lee Hill, Kay Braden, Ann Ingram, Estella Rivera, Virgie Mosley, Mary Bell and Nellie Bunch.

Mr. & Mrs. Paul Byrd

Mr. & Mrs. Byrd to be honored in Westbrook

Mr. and Mrs. Paul Byrd will be honored on their 60th wedding anniversary on November 7 at the Golden Age building in Westbrook and want to invite all their friends and relatives to help them celebrate the occasion.

The event will be hosted by the couple's three children, Hubert Byrd of San Angelo, Latrece Forbes of Panhandle and Virginia Wade of Snyder, and also by their five grandchildren and six great-grandchildren.

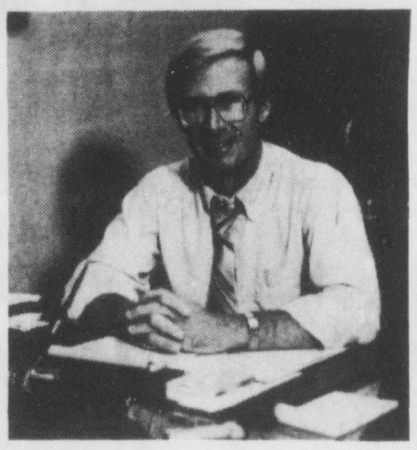

Mr. Byrd was born in Lime Stone County on March 22, 1899 and Mrs. Byrd, the former Emma Russell, was born on December 4, 1898 in Parker County.

They met at Estelline and were married there on November 4, 1922.

The Byrds moved to Mitchell County in December of 1953 and have lived on a farm southeast of Westbrook for 2[illegible] years.

They have been farmers all their married life.

IT'S TIME TO... COMPARE AND DECIDE

Dick Burnett ● born in Ohio ● 60 years old ● graduated University of Toledo, Ohio ● retired FBI agent ● current State Representative, 60th District (Concho, Irion, Tom Green Counties).

Don Dorsey ● born in Big Spring, Texas ● 40 years old ● BA Texas A & M University, 1964 ● JD University of Texas School of Law, 1967, ● businessman and practicing attorney in San Angelo, Texas.

The Issue:	Burnett's Record	Dorsey's Stand	Your View
1. Should the voters be allowed to propose and approve laws to limit the amount of money the legislature can spend as well as reduce or limit the rate of existing taxes (Initiative and Referendum)?	**NO** H.J.R. 60 H.J. 1762 1767	**"Yes,** I think this type of Initiative and Referendum vested in the voters will keep our Legislature more responsive to the public wants and needs."	
2. Should we repeal the current ad valorem tax system (Peveto Tax Bill) which demands that our city, county and school district taxes be based on 100% of market value on most of our real and personal property...and our former ad valorem tax system be restored?	***NO** H.B. 602 H.J. 2411	**"Yes,** we must find a way to control and reverse the unprecedented rise in ad valorem taxes which was triggered by passage of the so called "Peveto Tax" Bill currently in use. This taxation system has generally caused huge tax increases."	
3. Should our state constitution be amended to allow our legislature to spend more on Public Welfare by raising the ceiling to a fixed percentage of our state budget?	**YES** H.J.R. 62 H.J. 2060	**"No,** Texans cannot afford for increases in Public Welfare at this time, nor do we want to index it to an arbitrary figure, which can only lead to vast increases as it does in the federal system."	
4. Should a person who is as much as 75% at fault themselves be allowed to sue in court and recover damages from another person for an accidental injury?	****YES** H.B. 2310 H.J. 1190 1227	**"No,** this encourages more lawsuits to be filed which are not justified and offends any thinking persons sense of fairness."	
5. ‡Should we expand Bilingual education from initial grades to a point where we provide it or English as a second language from kindergarten through high school?	**YES** S.B. 477 H.J. 4068	**"No,** to extend this costly program through this many grades actually discourages the learning of English skills necessary for full opportunities in education and in the job market in later years."	
6. Should collective bargaining be allowed in our public schools?	**YES** T.S.T.A. Interview	**"No,** this can only lead to repeated strikes in public schools as it has done for years in the north and east."	
7. Should certain Farmers and Ranchers be forced to provide their employees with Worker's Compensation Insurance?	†**Undecided/ ****YES** H.B. 698-53 H.J. 2955 2995	**"No,** this would unduly burden farmers and ranchers financially at a time when their expenses need to be decreased rather than increased."	
8. Should Texans be required to educate the children of illegal aliens at state expense?	**YES** H.B. 467 H.J. 2320	**"No,** even if the court orders us to provide such free education, it should be at federal expense rather than state expense."	

*Vote to table H.B. 602 which would have repealed the Peveto Tax legislation and restored our former property tax system. H.J. 2411.
**Bill passed on voice vote. Burnett did not register a "No" vote.
†Present not voting.
‡Kindergarten through Grade 6 requires Bilingual education. Grades 7 through 9 require Bilingual education or English as a second language. Grades 10 through 12 require English as a second language.

Bearcubs claw 7th, 8th graders

The Ballinger Bearcubs came to Colorado City Thursday and gave the Wolves seventh and eighth grade teams rude treatment, as the 'Cubs came away with victories.

The big play killed the Pack in the seventh grade contest as one Ballinger back scored all of the Bearcubs touchdowns. The Wolves struck first in the opening quarter. The Pack drove the ball 70 yards in for the score, behind the nifty running Cary Ritchey. The big play was a 30 yard run by Ritchey. On a third and seven from the Ballinger nine, Ritchey swung right, got around the corner and went in for the score. The try for two failed, and the Wolves held a 6-0 lead with 1:39 remaining in the first stanza.

But the lead was short lived as Ballinger scored on its next possession with a 50 yard run to tie the score. The Pack got one more chance to score right before half when they drove to the Bearcut 30. But on a fourth and 25 a wingback trap run by Edward Garcia ended up 10 yards short.

But Ballinger didn't stop there. With 14 seconds remaining in the half, the Ballinger back romped 64 yards to paydirt, to give the 'Cubs a 12-6 halftime lead.

The second half was all Ballinger as they added two more touchdowns on runs of 33 and 67 yards to earn a 28-6 victory. The Wolves had a couple of chances to score but the Ballinger defense prevailed. One chance came when Rivera returned a kick-off to the Wolf 45, and the other came when Rivera scampered 40 yards down to the Ballinger 35.

Good defensive performances were turned in by Billy Alsobrook, Saul Pineda, Garcia and Ricky Arispe who had a pass interception.

In the eighth grade contest, Ballinger scored first and never let up in downing the Wolves 22-0.

Following a Ballinger TD and two point conversion, the Wolves started driving. A Michael Swan to Reggie Gardner pass covered 35 yards to midfield, but the drive stalled. Ballinger struck again in the second quarter through the air. Four pass plays covered 85 yards and the halftime lead was 14-0.

The second half was a defensive struggle with the only score coming on a 25 yard Ballinger scoring pass, as the game ended 22-0.

ed at the Wolves 45.

On the following play, Bronco quarterback Marney Sorenson threw a 45 yard scoring pass to DeVoe Smith. The try for two points failed and Sonora held a 13-7 lead with 11 minutes and 15 seconds remaining in the contest.

But proving that you can't keep a good team down, the Wolves reeled off an 82 yard scoring drive of their own. The big play coming on a 31 yard Chitsey to Tarter pass went down to the Sonora 12 yard line. From there the Broncos held three plays, and with the Wolves facing a fourth and seven from the Sonora nine yard line, Chitsey rolled right and threw a perfect strike to Rivera by the flag. Somehow the slick wide receiver got one foot down inside the boundary for the score. Chaney's point after touchdown gave the Wolves a 14-13 lead with six minutes and 43 seconds remaining in the game.

Sonora came back driving from deep inside their own territory on a 34 yard run by Buitron moving the ball to the Wolves 40. From there Rivera turned thief again as he picked off another pass at the Wolves 26 yard line.

On third down the Wolves game breaker Larry Hamilton cleared the line of scrimmage, hit the side lines, and dashed 76 yards for the score and to insure the Wolves of victory. Chaney's point after touchdown added the icing to the cake.

Bucy wins men's singles in tourney

The Mitchell County tennis tournament was held last Saturday with the tourney being climaxed when Randy Bucy defeated Don Jones for the championship in men's singles.

Keith Mathis took third place in the men's singles competition. Mathis and Carolyn Cline won the mixed doubles competition over Don Jones and Jackie Riley. Preston and Carolyn Comeaux finished third. In the high school girls singles, Benny Hampton took first, Monique Comeaux finished second and Missy Neff came in third.

In the middle school boys competition, Shane Comeaux won with Mark Walker coming in second and Wylie Dakan finishing third.

In the 10 and under boys division, Scott Walker defeated John Ornelas for first, and Chris Comeaux finished third.

Jackson ranked 6th in LS Conference

Former Colorado City Wolves football star Victor Jackson has been seeing limited playing time this season with the Howard Payne Yellowjackets.

The 5-10, 170 pounder is currently ranked sixth in the Lone Star Conference in kickoff returns. He is average 20.2 yards on nine returns. His longest is a 61 yarder against LSC power Southwest Texas.

Jackson has seen action at cornerback in five of the Yellowjackets six games. He is playing behind Mike Mitchell, an All Conference performer. The Yellowjackets record is currently 1-5.

Loraine drops homecoming

A large homecoming crowd gathered at Johnson Field Friday to see the Loraine Bulldogs battle the Sands Mustangs.

It was all Sands as the Mustangs rolled to a 35 to 14 victory.

The loss dropped the Bulldogs to 1-8 on the year with their last game on the road next week against a tough Forsan team.

The first three quarters was all Sands, scoring 35 points while holding the Bulldogs scoreless.

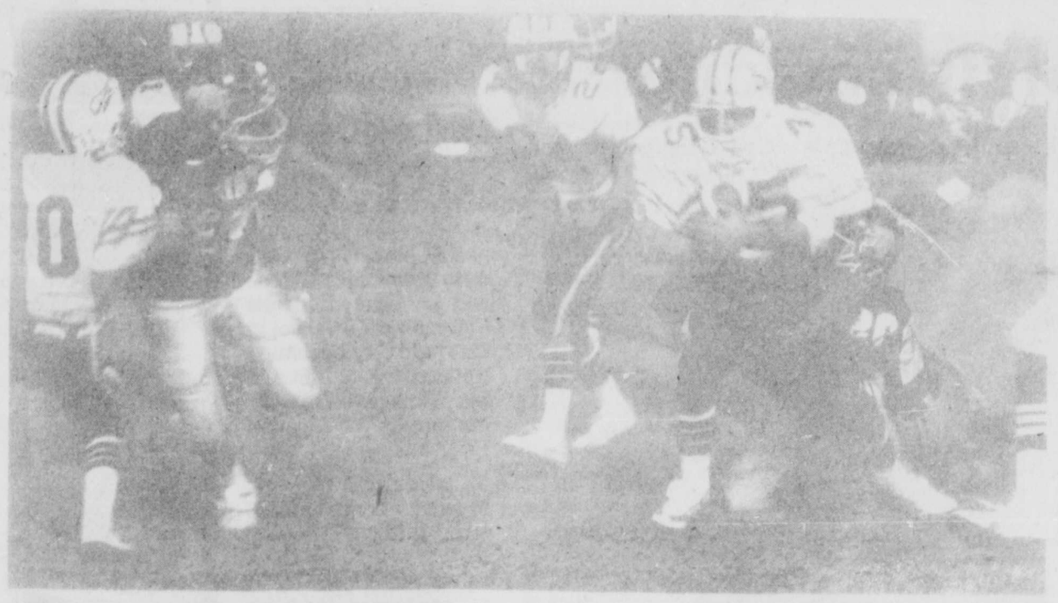

Loraine's first touchdown came with 6:17 to go in the game as Jerry Darnell scored on a seven yard run. The PAT was good as quarterback Adam Merket hit James Griffith for the two point conversion.

Loraine scored again when a 30 yard pass interference call got the Bulldogs up on the Mustangs seven yard line.

The penalty followed a halfback option pass from James Griffith to Tony Morris.

With 30 seconds left to go in the game, Merket hit Griffith in the endzone for a touchdown. The point after failed.

Tempers flared late in the game as players from both teams went at it with fists instead of shoulder pads. The skirmish was brought under control by school officials.

LORAINE BULLDOG defense stops Mustang fullback in last Friday night's game in Loraine. Sands won the homecoming encounter 35-14.

Woman's looks decides future

Does a woman's appearance really determine how successful she will be in her career? According to many "dress for success" authorities it does, reports Becky Saunders, clothing specialist with the Texas Agricultural Extension Service, Texas A&M University System.

A recent study funded by a major beauty products corporation photographed potential employees "before" and "after" makeovers.

According to the study, the recommended changes in hairstyles, makeup and clothing definitely improved the woman's possibility of being hired. Their salary estimates were also higher.

In response to the question, "what should a female manager or executive look like," the employers answered "confident, organized, in charge, serious, intellectual and career-oriented."

Hairstyles noticeably influenced employers, Saunders says. Shoulder-length or shorter styles were favored. In addition to being easy to care for, shorter hair also draws attention to the eyes.

Did you ever wonder...

Have you ever wondered what happened to those men who signed the Declaration of Independence?

Five signers were captured by the British as traitors and tortured before they died. Twelve had their homes ransakced and burned. Two lost their sons in the Revolutionary Army, and another had two sons captured. Nine of the 56 fought and died from wounds or the hardships of the Revolutionary War.

What kind of men were they? Twenty-four were lawyers and jurists. Eleven were merchants, nine were farmers and large plantation owners, men of means, well educated. But they signed the Declaration of Independence knowing full well that the penalty would be death if they were captured.

Vandals or soldiers, or both, looted the properties of Ellery, Clymer, Hall, Walton, Gwinnett, Heyward, Ruttledge and Middleton.

Francis Lewis had his home and properties destroyed. The enemy jailed his wife and she died within a few months.

John Hart was driven from his wife's bedside as she was dying. Their 13 children fled for their lives. His fields and his grist mill were laid waste. For more than a year he lived in forests and caves, returning home after the war to find his wife dead, his children vanished. A few weeks later he died from exhaustion and a broken heart. Norris and Livingston suffered similar fates.

Such were the stories and sacrifices of the American Revolution. These were not wild-eyed, rabble-rousing ruffians. They were soft-spoken men of means and education. They had security, but they valued liberty more. Standing tall, straight and unwavering, they pledged: "For the support of this declaration, with a firm reliance on the protection of the divine providence, we mutally pledge to each other, our lives, our fortunes, and our sacred honor."

They gave us an independent America. Can we keep it?

Specialty is plain cooking

"I cook just plain stuff," says Denise Love, wife of T. C. and mother of 4-year-old Zack. "Nothing fancy. Home-cooked is all I know how to do."

Denise teaches aerobics for an hour a day, three days a week, so she has plenty of time to cook. She says, "I'm not really rushed on cooking. I do some stuff a day ahead, but not a whole lot."

Since the Loves live near Lake Champion, Denise's favorite recipes are those which do not call for special ingredients: "You already have them at home. Usually, if I have something that I have to go out and buy all this special stuff, I don't make it."

The recipes Denise has chosen to share are ones she thinks are easy and call for ingredients that are usually on hand.

APPLE DUMPLINGS

6 baking apples, pared and cored
3 T. raisins
3 T. chopped nuts
2 c. packed brown sugar
1 c. water

PASTRY

Two-thirds c. plus 2 T. shortening
2 c. flour
1 t. salt
4 or 5 T. cold water

Heat oven to 425 degrees. Prepare pastry. Roll two-thirds of pastry into 14 in. square—cut into four squares.

Roll remaining pastry into rectangle 14x7 pan and cut into squares. Place apple on each square. Mix raisins and nuts and fill each apple. Moisten corners of pastry squares, bring two opposite corners up over apple and pinch. Heat brown sugar and water to boiling. Carefully pour around dumplings. Bake, spooning syrup over dumplings two or three times until crust is golden and apples are tender—about 40 minutes in an ungreased dish.

SOMBRERO MEATBALL SOUP

1 can (10¾ oz.) Campbell's Golden Mushroom Soup
½ lb. ground beef
2 T fine dry bread crumbs
¼ t. salt
dash pepper
½ c. thin carrot strips
One-third c. thin celery strips
⅛¼ c. water
¼t. oregano, leaves, crushed
One-eighth t. ground cumin

Mix 2 T soup with beef, crumbs, salt and pepper; shape into 24 balls. Arrange on broiler pan; broil 4 inches from heat until brown; turn once. Meanwhile, in saucepan, combine carrots, celery, water and seasonings. Cover, simmer five minutes or until vegetables are tender. Stir in remaining soup, add meatballs; heat, stir occasionally.

SQUASH BALLS

2 c. grated squash
2 c. grated carrots
2 c. grated cheese
1 med. onion, chopped
1 egg
1 c. flour
salt and pepper to taste

Mix ingredients and fry in deep fat.

Colorado Middle School Report

By CHARLIE GARRETT

It has been a very busy week in Colorado Middle School.

Tuesday, October 26, the first Industrial Arts Club of '82-83 was officially started.

Election of officers was held and the officers are: Randy White, president; Terry Henderson, vice president; Cindy Watkins, secretary; Charles Garrett, reporter; Brad Goins, treasurer and Larry Raschke, Sargent-at-Arms.

Wednesday, a Fun Day was held. Everybody was dressed in Halloween costumes. Some of the most interesting were: Mark Jones, Toby Bell and Israel Davila, dressed as girls. One student came as his favorite super hero. Don Hearn dressed Diaper Man. There were many military costumes of all the different branches of the service.

Several clowns were seen dancing down the halls. Punk Rock, Hobo, Hippie, and Gypsies were plentiful around the school. The only costume resembling a specific rock star was a Gene Simmons look-alike, Lana Bedell. Another original was an ape man, Ralphy Gonzales.

Kitty-kat costumes were popular and worn by many girls. A few of them were: Billie Muncrief, Regina Jones and Mary Quiroz.

There weren't as many Dracula costumes as expected. A few of them were: Dion Alvarez, Terry Henderson and Larry Raschke.

The Hunchback of Notre Dame was a very interesting home-made costume, a very good job by Danny Hogue.

Teachers also participated in the fun. Prizes were awarded. Toby Bell, dressed as a woman, won $5 as the funniest. Jerry Hulme won $5 as the scariest. Afterwards, a Playday was held. Everyone participated in the games.

The cake walk was the most popular event..but alas, the bell sounded and the fun was over.

Thursday, the Wolves battled it out in football against Ballinger. The scores were: 7th grade Wolves, 24, Ballinger 6, and 8th grade Wolves, 22, Ballinger 0.

MRS. SCOTT is loading her first grade students at Kelley Elementary on a bus for a farm-oriented field trip.

First grade class goes on farm tour

Mrs. David (Susan) Scott took her first grade class on a field trip to learn about the importance of farming and about crops being grown locally. The field trip was also made to observe and learn about conservation practices being installed by local farmers.

One stop was made at the Floyd Ritchey farm to look at a newly established farmstead windbreak of Mondell (Afthan) pines. Contour farming, terracing, grassed waterway and cropping system were also observed on the Ritchey farm. Other crops and conservation practices were observed on the one hour study trip.

Clarence McDaniel and Van Mills of the local Soil Conservation Service office accompanied the students and discussed the various conservation practices and crops that were observed.

Letters to the Editor

Dear Editor:

The American Civil Liberties Union sent out a flier to raise money for the causes they are against. Here are a few on their list of the New Right and Religious Right goals to which the ACLU is so bitterly opposed.

"The New Right wants to bring back prayer and Bible reading in public schools. The New Right wants nc pornographic and amoral sex instruction in public schools. The New Right wants to oppose homosexuality because it is anti-famiy. The New Right wants to give less power to the federal government and more to state and local governments. The New Right wants to stop indulgent judges from coddling hardened criminals. The New Right wants to allow police to investigate and arrest lawbreakers with a minimum of red tape and bureaucratic meddling. If you want to oppose all these New Right goals, you can send your money to the ACLU."

The man who holds the most powerful state elected position in Texas apparently did just that. Two years ago Lt. Gov. Bill Hobby raised $60,000 for the ACLU in his home. The Dallas Times Herald quotes Strake as saying, "Hobby appointed the darling of the ACLU to be chairman of the committee that deals with drugs, pornography and crime." Hobby said, "State government is not a place for brass-knuckled extremism." Then why, oh why, has Hobby aligned himself with the extreme left? Lieutenant Governor Hobby needs to be retired from public office and sent home to Houston.

Sincerely,
William Wade Smith

Editors's Note--According to Lt. Gov. Hobby's press secretary, Frank Griffis, "Lt. Gov. Hobby permitted the use of his home" for the fund-raising mentioned but does not endorse everything the ACLU does. Griffis said that Hobby "did not donate a penny" to the group. His reason for allowing the use of his home, Griffis stated, was because he does agree with their stance on freedom of speech and freedom of the press.

Dear Editor:

With Nov. 2 just around the corner, I would like to take this opportunity to urge everyone to vote.

Having recently moved from Colorado City to Austin, I have become very much aware of the function of state government.

As most of you know, Mitchell County was caught in the redistricting shuffle and has been placed in the district with San Angelo. I felt that this shuffle would lessen the voting importance of Mitchell County and it would become the "step child." However, upon arriving in the state capital I contacted Rep. Dick Burnett, who represents Mitchell County after the district change."

Rep. Burnett readily opened his office doors to me and went out of his way to assist me in locating a job, place to live and gave me introductions which opened many, many doors in this very political town.

Mitchell County was very good to me and my family and I shall miss it, however, Austin has proven to be a warm, friendly place and any of you who are down this way should stop by to see the capitol. It is beautiful.

Sincerely Yours,
Donna Watson

TESCO honors employees

Texas Electric President Bill Marquardt said he feels "real good" about the way things are going on the Comanche Peak nuclear plant.

During a recent series of licensing hearings the company did "a fine job of stating our case that we're building a safe plant."

Marquardt's comments were to a group of active and retired employees Tuesday night at the annual Quarter Century Club dinner held at Scurry County Coliseum in Snyder.

The Quarter Century Club Honorees from the Sweetwater division are: F. R. Forbes, B. A. Jackson, R. B. Moore and M. W. Palmer from Colorado City and P. E. Oliver of Westbrook.

Comanche Peak "will be good for our customers because it will help provide a reliable source of needed electricity at a reasonable price."

Unit 1 is scheduled to be ready for fuel loading in 1983 and in operation in 1984, with Unit 2 following in 1985.

Noting the availability and stability of nuclear fuel, he said that Comanche Peak "will produce electricity cheaper than our natural gas plants can."

And that electricity will certainly be in demand, Marquardt said, because the current slow economy has not stopped the growth in the Texas Electric service area.

In fact, since this time last year TESCO has gained over 27,000 new customers and kilowatt hour sales have increased more than four percent.

He told the group gathered to honor TESCO 25-year employees that an upswing in the economy could produce an even faster growth rate.

He praised TESCO customers for "following the conservation programs we've been telling them about" to hold down growth in the maximum demand for electricity.

Marquardt noted that customers remain complimentary of their electric service despite higher energy bills.

Want To Be Prepared

Dear Want To Be Prepared,
The major advantage to a group plan is the security of guaranteed continuous coverage. Although medical evidence is required for new applicants, on-going coverage is guaranteed after acceptance and if the quarterly payments are made promptly.
With thousands of members participating, the Texas Farm Bureau program has tremendous purchasing power, allowing the TFB Board of Directors and officers to negotiate the most comprehensive benefit package at the lowest possible price.
To find out the coverage available for you, come to the Farm Bureau office and we will be glad to show you what we have to offer.

Voters to decide on amendments

Six proposed amendments to the Texas Constitution will be on the ballot in the general election to be held November 2.

An explanation and analysis of three of them appeared in the Sunday, October 24 edition of the RECORD; the other three are being presented today.

Proposed amendment No. 4 will appear on the ballot as follows: "The constitutional amendment authorizing the Legislature to provide terms not to exceed four years for members of governing boards of certain water districts and conservation and reclamation districts."

The proposed amendment is designed to allow the legislature to determine those districts that suffer from low voter turnout and considerable election expense and to provide by law for terms of office of up to four years in the hope that less frequent elections will generate more voter interest and reduce election costs.

Arguments for the proposed amendment include:

(1) Under current constitutional provisions requiring two-year terms for directors, districts are required to hold directors' elections every year or every two years. The frequency of these elections places a severe financial burden on some districts, particularly those in rural areas. The adoption of four-year terms would allow districts to reduce substantially the cost of directors' elections by holding the elections less frequently.

(2) Voter interest in many water district and other conservation and reclamation district directors' elections is very low. It is alleged that part of this voter apathy results from the frequency of elections. The adoption of the proposed amendment would provide less frequent elections, which should generate more voter participation.

(3) a Two-year term is a very short period in which to develop expertise and efficiency on the part of members of a governing board. Adoption of up to four-year terms would allow members to serve long enough to become familiar with the operation of the district and to contribute to more knowledgeable and efficient administration and decision making.

Arguments against the proposed amendment include:

(1) Even though directors' elections may be of considerable expense to a district, the financial cost to the district cannot be as great as the value to the voters and taxpayers of assuring that members of the governing board will be responsive to their needs and desire through frequent elections.

(2) There are times when a member of a governing board does not adequately serve his district because of illness, lack of interest, or incompetence. Frequent elections to brief two-year terms provide the voters with a means to assure that those persons unable or unfit to serve on the board can be expeditiously replaced. Adoption of four-year terms will seriously reduce this power of the voters.

(3) Water districts and other conservation and reclamation districts have operated since the turn of the century under the two-year term limitation for directors and do not appear to have suffered any major negative effects as a result of the limitation. Therefore, the adoption of four-year terms would not seem to be vital to continued efficient operation of these districts.

Proposition No. 5 will appear on the ballot as follows: "The constitutional amendment to abolish the office of county treasurer in Tarrant and Bee counties."

If passed, this amendment would abolish the office of county treasurer in Tarrant and Bee counties and transfers the powers, duties and functions of the office to the office of the county auditor or its successor. If the amendment is adopted, a separate election will be required in each of the affected counties at which the local voters will be permitted to make a final decision on the matter.

Arguments for the proposition include:

(1) Allowing the voters of Tarrant and Bee Counties to decide for themselves whether the separate elective office of county treasurer serves their needs is in the best tradition of local self-government.

(2) Merging the offices of treasurer and auditor will eliminate wasteful overlapping of functions and save scarce county revenue--a particularly worthy objective in difficult financial times such as these.

(3) The idea of an appointive officer serving as treasurer of a political subdivision is neither novel nor radical: most Texas cities, many of which have much larger budget than either of the affected counties, have appointed treasurers.

Arguments against the proposition include:

(1) The duties of treasurer and auditor are incompatible and should not be vested in a single officer. Merger of the positions will eliminate a needed safeguard against misapplication of county funds.

(2) Elimination of a local elective office will diminish the voters' control over county government and make county government less attentive to the will of the people.

(3) Although county government may need streamlining and reorganization, the piecemeal approach taken by the proposed amendment is not the answer. A thorough, statewide study should precede any attempt to alter the constitutional framework of local government.

Proposed amendment No. 6 will appear on the ballot as follows: "The constitutional amendment increasing the maximum interest rate allowed on state general obligation bonds to a weighted average annual interest rate of 12 percent."

This proposition would raise the constitutional interest rate limit on state general obligation bonds from 6 percent to 12 percent. The new ceiling would not apply to bonds issued by the Veterans' Land Board.

The proposed change would affect water quality enhancement and water conservation bonds, park development bonds and student loan bonds.

Arguments for the amendment include:

(1) The 12 percent rate ceiling is necessary to sell bonds that have already been authorized by voters of the state. The current six percent interest ceiling is too low for the state to sell bonds in the current bond market and it does not appear that, in the near future, the interest rates will fall low enough to permit the authorized bonds to be sold.

(2) Bond interest rates are set by the bond market and not by the state. This proposed amendment does not increase interest rates; it only permits the state to sell previously authorized bonds in today's market.

Arguments against the amendment include:

(1) The expenditures for which the proceeds of bonds affected by the proposed amendment will be used can be postponed until interest rates come down to a reasonable level. Payment of interest at rates above six percent a year is too costly.

(2) Payment of interest at increased rates contributes to the inflationary process. If inflation is to be controlled, the state must bite the bullet and not increase its debt by selling more bonds.

County feels rise in unemployment

Unemployment ate further into Texas' deteriorating economy last month as 68,800 more Texans lost their jobs--drastically increasing an already record statewide unemployment rate to 8.0 percent.

Mitchell County felt that whopping jump over August's 7.0 percent statewide rate with an 0.3 percent rise in its own unemployment rate. The current local unemployment rate stands at 4.8.

The total number of locally unemployed now stands at 184 and the total number of employed, at 3,677, according to Texas Employment Commission figures released Wednesday to Capitol News Service.

Those figures compare with the 176 local unemployment figure for August, and the 3,740 employed.

James Barnes, TEC labor market analyst, Wednesday said the end is not in sight. "The August - to-September period traditionally has been a period when unemployment declined, because students are leaving the work force and returning to school," he said.

But last month's drastic unemployment jump, combined with what has historically been a small increase in unemployment during October, lead Barnes to believe the usual drop in unemployment during the Christmas season may not come this year.

Don Dorsey

will be an Energetic, Effective, State Representative.
Don Dorsey's opponent has not been effective, has not voted right for this district, and has tried to distort the issues. Look at the record.

(Don Dorsey has clearly and carefully pointed out in his comparison ad where each vote can be checked. It is a matter of public record.)

KEY VOTES AFFECTING WEST TEXAS

Do you want a State Representative. . .

. . .who voted not to repeal the Ad Valorem Tax System (Peveto Tax Bill) in the last session of the legislature, when he had a chance? This legislation requires us to pay ad valorem taxes on 100% of market value on our property.

. . .who voted to require Texans to educate the children of illegal aliens at state expense?

. . .who voted that our state constitution be amended to allow our state legislature to spend more on Public Welfare by raising the ceiling on spending to a fixed percentage of our state budget?

The Difference

DICK BURNETT VOTED FOR ALL OF THE ABOVE, AND IN A T.S.T.A INTERVIEW SAID HE FAVORS COLLECTIVE BARGAINING IN OUR PUBLIC SCHOOLS. ANOTHER IMPORTANT POINT, DICK BURNETT NEITHER WROTE NOR INTRODUCED ANY OF THE FOUR BILLS HE TOOK CREDIT FOR IN HIS AD.

DON DORSEY TAKES THE OPPOSITE AND CONSERVATIVE POSITION ON THESE KEY ISSUES.

Don Dorsey has the energy, know-how and experience to do a truly outstanding job for us in the Legislature.

THE PEOPLE'S LAWYER

"The People's Lawyer shingle is a symbol to the people of Texas that they are about to get themselves a lawyer who will fight for their interests in Austin."

That's what Jim Mattox is about to do—stand up for the people's interests in Austin. Texans from all walks of life are choosing **Jim Mattox for *their* Attorney General.** They know he will represent their interests on issues like utility rates, employment, fair taxation, consumer representation, a clean environment, nursing home abuse, equal rights, drug and alcohol abuse and other matters essential to average Texas families.

After two years in the Dallas District Attorney's office, four years in the Texas Legislature, and six years in the United States Congress, Jim Mattox is ready to stand alone as the Attorney General of Texas: *The People's Lawyer.*

JIM MATTOX

If you're concerned about rising grocery costs, here's something you can do about it.

On November 2, you can make a positive step toward helping hold the line on rising grocery costs.

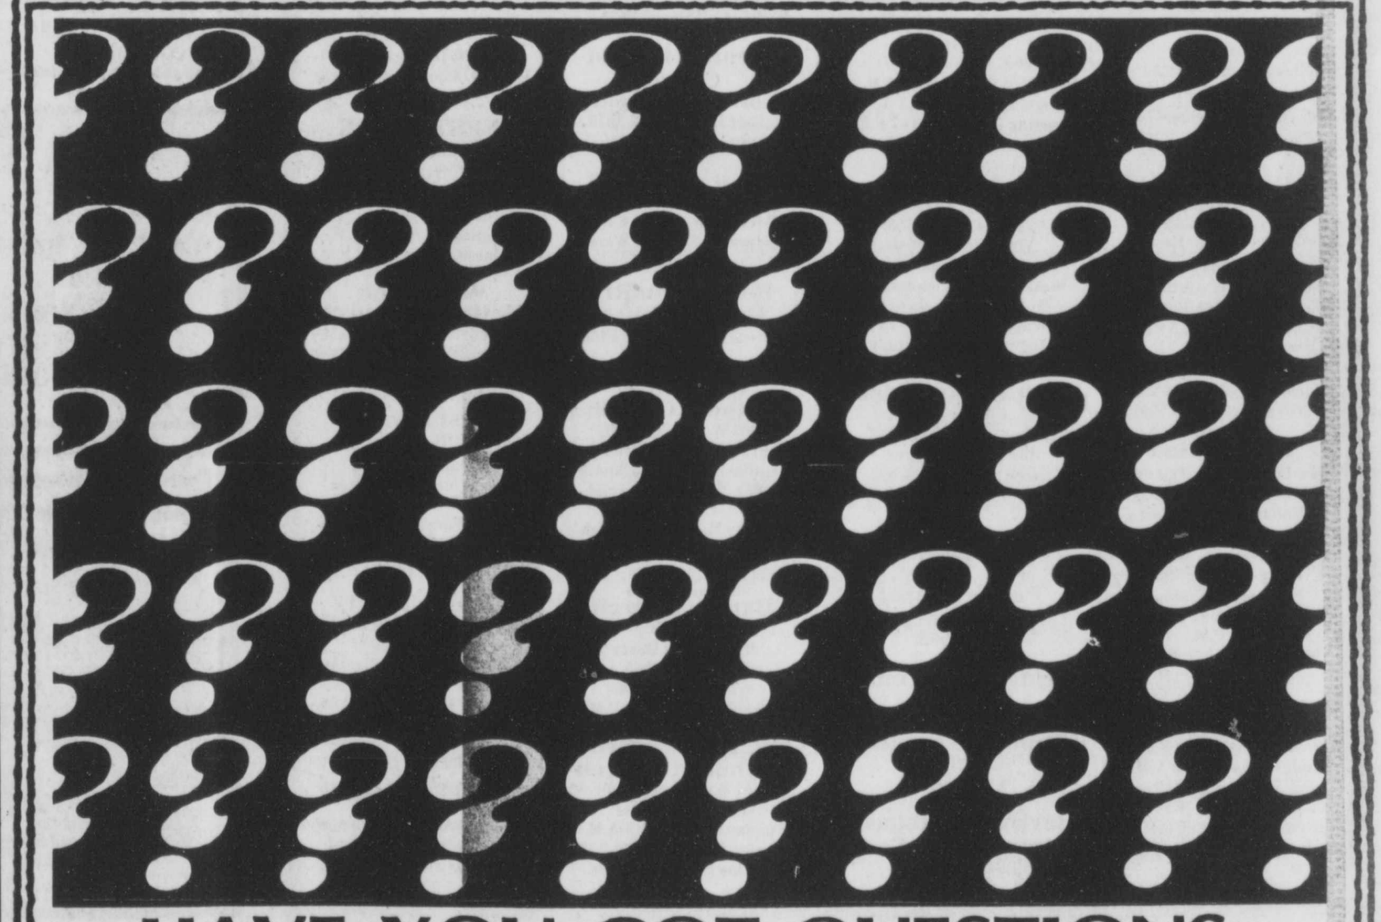

Proposition 3, one of six proposed Constitutional Amendments which will be offered on the ballot, would correct the tax exemption for agricultural machinery and equipment. The effect of passage of this amendment will be to lower production costs for food and fiber. In the long run, this will be a positive step we can take to help hold the line on grocery price increases.

For you and for your family, both now and especially in the future, this may be one of the most important votes you'll ever cast.

Make Things Right With Your Brother

A proper relationship between God and man is important. In the Lord's eyes a correct relationship of upmost concern to God is that between people. Jesus Christ spoke addressing this issue of life: "If therefore you are presenting your offering at the altar, and there remember that your brother has something against you, leave your offering there before the altar, and go your way; first be reconciled to your brother and then come and present your offering." St. Matthew 5:23, 24.

The Lord teaches that a correct relationship between man and God cannot be suitably maintained without keeping in proper perspective one's own relationship with his fellow man. Jesus placed such emphasis on this that He said: Even if you are at the altar of God prepared to give a gift to the Lord and there you remember someone has something against you, then leave your gift at the altar, go make things right, make peace with your neighbor, then come and give your gift to God.

The Lord is concerned about the wounds of hurt, and frustration being healed. God wants you to be at peace with yourself, which means being at peace with your fellow man. If there is need to ask someone for forgiveness, then go ask them. It will help to heal the hurts of the past and present, doing more good for you than anyone else.

Mark White - Governor

AUSTIN—Attorney General Mark White is leading his GOP opponent in every area of the State in his bid for Governor according to recently released polls.

As the state's chief enforcement officer, White co-chairs the Federal-State Law Enforcement Coordinating Committee and is a member of the Organized Crime Prevention Council.

On the national level, White has gained recognition as Attorney General. He was elected chairman of the Southern Conference of Attorneys General in May 1981.

Before he became Attorney General in 1979, White served as Secretary of State under Gov. Dolph Briscoe. During his four years and nine months as Secretary of State, White streamlined operations and made his office more responsive to the public.

As Attorney General, White's office has won 98.4% of the cases that have gone to litigation—31,000 cases—and has recovered over $60 million, which has been returned to state offices.

As Secretary of State, White supervised the first state supported voter registration drive which resulted in a record 6.3 million registered voters in 1976. He also drafted and guided through the legislature Texas' own strong and permanent Voting Rights Act.

"This is the sort of efficiency, reliability and leadership you have every right to expect from your governor," White said. "I want to make Texas a better place for all of us—a better place to live, to work, to go to school, to raise our families.

Bill Hobby - Lt. Governor

HOUSTON—Lieutenant Governor Bill Hobby has been in office nine years and has spent those years gaining the experience and know how that Texas will need to face the issues of the '80's.

Bill Hobby has demonstrated that he has the experience and compassion to deal with tough and complex issues while maintaining a balanced budget without new or increased taxes.

The Lieutenant Governor has been effective, sensitive and fair-minded in conducting Texas government and offers Texans positive programs for greater job opportunities, a healthy economy and efficient, honest government.

Hobby graduated from Rice University and served three years in the Navy as an intelligence officer. He and his wife have four children and they are active in the Episcopal Church and in educational and civic programs.

As Lieutenant Governor, Hobby chairs the Legislative Budget Board, which submits spending recommendations to the Legislature, and the Texas Legislative Council, which conducts research on legislation. He is co-chairman of the Texas Energy and Natural Resources Advisory Council.

Since he was first elected, support for public education has been one of Bill Hobby's highest priorities. He has placed equal emphasis on improving the quality of teaching and extending equal educational opportunity to all Texans.

Through Hobby's leadership, the Legislature has authorized an abuse reporting system and protective services program for older Texans.

Ann Richards - State Treasurer

AUSTIN—Ann Richards, the Democratic nominee for State Treasurer, is no stranger to public service. As Travis County Commissioner for more than six years, Richards has overseen all aspects of county government in one of the most rapidly growing urban areas of the state. As a member of the Lieutenant Governor's Special Committee on the Delivery of Human Services, Richards was instrumental in overhauling the state's juvenile justice system. She has served on the Texas Criminal Advisory Board which allocates funds to criminal justice projects and on President Carter's Advisory Committee on Women.

Born in Waco, Texas, in 1933, Richards earned her B.A. at Baylor University and attended graduate school at the University of Texas at Austin.

"Few people realize that the state treasury is a revenue producing agency," Richards said. "In 1981, the Treasury made $300 million for Texas. This money is used to fund needed services which range from educational programs to roads. I am not afraid of computers and I am committed to bringing the Treasury Department into the 20th century. That's the only way state government can meet its growing responsibilities and continue to improve basic services without raising taxes."

Lloyd Bentson - U.S. Senator

LAKE JACKSON—At a time when answers to complex economic questions are sorely needed, Senator Lloyd Bentsen has moved to the front rank of national leaders working to get the nation back on course.

To further this goal, Bentsen has led the fight for individual tax cuts, tax incentives to increase savings and productivity, and reduction of the federal deficit to bring down interest rates.

Bentsen has broad experience in both government and business. A bomber pilot with 50 missions over Europe during World War II, he first went to Washington in 1948 as a Congressman from South Texas after serving as County Judge of Hidalgo County. Following three successive terms of office, Congressman Bentsen declined to seek re-election and the following year moved to Houston to enter business where he became President of Lincoln Consolidated. Sixteen years later he went back into public service by winning election as U.S. Senator.

Senator Bentsen is ranking Senate Democrat on the Joint Economic Committee of Congress and second ranking Democrat on the Senate Committee on Environment and Public Works. At the start of the 97th Congress Bentsen was assigned to the prestigious Senate Select Committee on Intelligence. The senator is widely recognized as a skilled legislator and is respected for his effectiveness in the Senate and his knowledge of economic affairs.

Bob Bullock - State Comptroller

HILLSBORO—Comptroller Bob Bullock is known for his effectiveness at collecting the state's business taxes. He has set up field offices around the state to assist taxpayers with their problems and to implement and enforce the tax laws. Bullock is also known for developing the shortest tax reporting form in the nation.

Bullock, an attorney from Hillsboro, is seeking re-election to a third term as Comptroller of Public Accounts. A former Secretary of State and two term member of the Texas Legislature, Bullock has also served as Assistant Attorney General.

"The vast majority of taxpayers want to do what is right if only someone will help them," said Bullock. "That is what we have done since 1975. By using common sense, cutting red tape, and listening to the problems of business. The result has been efficiency in collecting more tax money from taxes already on the books than had been collected by any previous Comptroller. In 1975 our collections represented $2.5 million for every employee in the department. In 1981 that was $3.2 million, a 28% increase. That's efficiency at work."

Jim Mattox - Attorney General

DALLAS—Jim Mattox of Dallas won the Democratic nomination for Texas Attorney General in a hotly contested primary election. Mattox, 39, now serves as U.S. Congressman from Dallas, an office he has held since 1976.

Mattox was elected the first chairman of the New Members Caucus of the 95th Congress and became the only freshman elected to the powerful House Budget Committee. He also served on the House Committee on Banking, Finance, and Urban Affairs.

Before his election to Congress, Mattox served two terms in the Texas Legislature and was named one of the "Ten Best Legislators" by Texas Monthly Magazine.

Congressman Mattox is a graduate of Baylor University and earned a law degree from Southern Methodist University. He is a life-long member of the East Grand Avenue Baptist Church, and is a member of the Christian Life Commission.

Jim Mattox is well known as a public servant who honors the principles of honesty and integrity. He has been conservative when it comes to spending the taxpayer's money, and he has provided progressive humanitarian leadership for our growing state. Above all, Mattox has been an independent who is not afraid to stand up and fight for what's right.

His record and aggressive, issue oriented campaign have gained Mattox the endorsement of the 5,000 member Combined Law Enforcement Association of Texas, a statewide group of law enforcement and public safety officers.
