Hall County Soil Conservation District News

Whether you live on the farm, in a nearby town or far away in the city, your Hall County Soil Conservation District can provide you with many individual services to help you conserve the soil and water and the plant and wildlife resources on your farm or ranch.

If you operate rented or leased land, you can get the same service as an owner. Here are some of the services available from the Soil Conservation Service through the District. A detailed soil, and land capability map of your farm or ranch, a range site and range condition map of rangeland. Information about the different uses and adapted crops (including grasses) for each kind of soil on your farm or ranch. Information about the kind of conservation practices needed on each kind of soil. Technical services as needed to design, lay out, and check the construction of dams, terraces, irrigation systems, or other structures that you decide to build.

In addition the Hall County Soil Conservation District offers co-operators various types of equipment such as grass drills, alfalfa drills, shredders, inter row seeders and other types of equipment.

You can find out about these services by inquiring at the Soil Conservation Service at the Court House in Memphis.

The 1960 traffic death rate on Texas highways was the lowest in history, 4.9 persons killed for every 100 million miles of vehicular miles driven.

The University of Buffalo

The University of Buffalo, one of the country's leading urban institutions dedicated to leadership and contributions through research, education and public service, is located on a 178-acre campus in the northern part of Buffalo, N.Y.

Founded as a medical school in 1846, the University throughout its history has been a privately-supported institution, while fulfilling in recent years the role of a major State university in Western New York.

As Buffalo has become the nation's fourteenth largest metropolitan area with a population of 1,300,000, the University has kept pace in becoming the largest educational institution in Western New York, with fourteen Divisions, an enrollment of 12,500 and a physical plant of over 30 buildings valued at \$36-million.

The University of Buffalo had an auspicious beginning, enjoying the services of Millard Fillmore as its first Chancellor while he concurrently served as the nation's thirteenth President. UB became unified on one campus under the direction of Chancellor Samuel P. Capen, and under its present Chancellor, Dr. Clifford C. Furnas, a noted engineer, researcher and one-time Assistant Secretary of Defense, it has enjoyed its period of greatest growth.

The Divisions of the University, with their date of founding, include the School of Medicine (1846), School of Pharmacy (1896), School of Law (1897), School of Dentistry (1892), College of Arts and Sciences (1913), Summer Session (1915), Millard Fillmore College (evening division) (1923), School of Business Administration (1927), School of Education (1931), School of Social Work (1936), Graduate School of Arts and Sciences (1939), School of Nursing (1940), School of Engineering (1946), and University College (first two years) (1958).

In the last decade significant physical expansion has included an \$8,000,000 Health Sciences complex, with integrated facilities for the School of Medicine, School of Dentistry, Medical Research, School of Pharmacy, School of Nursing and the Department of Biology; six residence halls, including the 11-story Tower Residence Hall for Men and the 10-story Ella Conger Goodyear Residence Hall for Women; the \$2,000,000 Acheson Hall for Chemistry; a new music building, and the \$2,200,000 Western New York Nuclear Research Center, Inc.

Twenty-six degrees are granted by the various divisions of the University.

LOCALS AND PERSONALS

Mr. and Mrs. C. M. Hawkins left Monday for their home in Marionville, Mo. after visiting here for several days with Mrs. Carl Harrison and Mr. and Mrs. Wendell Harrison and other relatives.

Those visiting in the home of Mr. and Mrs. J. L. Richburg Sunday were Mr. and Mrs. Clinton Richburg and Sandra, Mr. and

Mrs. Cecil Adams, Mr. and Mrs. Bobby Lee Adams, Mrs. J. H. Wright, all of Estelline, Mr. and Mrs. James Richburg and Joyce, Lewis and Bill of Lakeview, Mr. and Mrs. Weldon Couch of Parnell, Mrs. James Spencer and Gary, Linda Kaye and Connie Jayne of Houston, and Mr. and Mrs. Lowell Richburg and DeAnn of Plainview. The group enjoyed a delicious chicken dinner.

Mrs. D. L. C. Kinard and granddaughter, Diane Galley, left Sunday for a visit in California.

Mr. and Mrs. Robert Nash of Princeton, Ky., visited here last week with his sister and husband, the Phaeton Alexanders.

Dr. and Mrs. J. A. Odom had as Sunday guests Mr. and Mrs. Ney Hale and son, Jimmy of Lubbock; Mr. and Mrs. Oak Odom of Pampa; and Lola Sparks of Rogers.

Jo Ann Odom left Sunday for Lubbock to visit for a few days with Mr. and Mrs. Ney Hale and Jimmy and with Mr. and Mrs. Bill Weatherby.

Visiting in the home of Mr. and Mrs. T. J. Brock last weekend were their grandson and family, the Jack Wheelers of Bakersfield, Calif. Mr. and Mrs. Brock and the Wheelers then visited in Dallas with the Brock's granddaughter, in Fort Worth with Mr. Brock's daughter and in Kaufman with Mrs. Brock's twin sister.

Mrs. Ila Roberts is visiting in Lamesa with relatives and friends.

Jim Smith and Betty Lemons left Monday morning to attend a Methodist Assembly at McMurry College. Betty will be on the teaching staff for the assembly.

Mrs. Wendell Harrison is visiting in Midland with her sister and in Sylvestre with her mother, Mrs. Ed Beck.

Mrs. Jimmy D. McElreath and family of Borger were here last week visiting with Mr. and Mrs. Ivan McElreath and Mr. and Mrs. Callahan.

Mr. and Mrs. Henry Hays visited Sunday in Vernon with his mother, Mrs. C. L. Hays.

Mr. and Mrs. Phillip Patrick and daughter, Kerry, of Borger and Mr. and Mrs. Shirley of Greenville visited last weekend with Mr. and Mrs. R. S. Patrick.

Mrs. R. C. Lemons, Judy Lemons, Gladys Power, Mrs. C. E. Denny and Mrs. Don Leary were in Childress Monday night to attend the shower honoring Linda Jane Denny, bride-elect of Don Davis.

Judy Lemons left Tuesday to visit the rest of the week in Abilene with friends.

Mr. and Mrs. Randal Brice of Amarillo spent the weekend here visiting with her parents, Mr. and Mrs. Alvin Winters.

Mrs. R. C. Lemons and daughters, Betty, Judy and Mary Ann, were in Childress Sunday afternoon to attend a tea honoring Linda Jane Denny.

Mrs. Ector D. Kile and son Joe, of San Antonio were guests in the home of Mr. and Mrs. Guy Wright Sunday.

Mr. Claude Hickey, Mr. Eddie-man and Mrs. Brigham Young visited Sunday in Silverton with relatives.

Mrs. E. Posey and daughters, Shari LaRae and MariAnn, spent last week in Panhandle visiting with her parents, Mr. and Mrs. R. G. Downs.

James Dickey of Amarillo spent Thursday of last week in the home of his parents, Mr. and Mrs. W. D. Dickey. His niece and nephew, Sandra and Danny Dickey, returned home with him after spending a few days with their grandparents.

Stan and Ken Shelton of Ash-tola spent the weekend with their grandparents, Mr. and Mrs. L. W. Stanford.

Mrs. Herschel Montgomery of Dallas is visiting here with her mother, Mrs. E. P. Thompson, and other relatives. Mr. Montgomery will join her here the weekend of July 7th and she will accompany him home on July 10.

AF Reserve To Be Organized In Childress

A new Air Force Reserve outfit is being organized in Childress and there will be plenty of good openings for qualified people in an area of slightly over a 50-mile radius of that city, announced Lt. Col. James E. Ragsdale, of Childress, designated Commander of the new unit.

The new reserve unit will be the 9416th Air Force Recovery Squadron and will operate a civilian air port as a military base in the event regular military air bases are knocked out by enemy action.

Col. Ragsdale said there will be paid positions for reserve airmen in 11 different career fields.

"The airmen we need are administrative specialists, safety technicians, air operations men, communications specialists, ground radio operators, wood workers, plumbers, heavy equipment operators, air policemen, firefighters and medical doctors, nurses and technicians," Col. Ragsdale said.

"These will be paid positions with training two days a month and an annual two-week tour of active duty," he added.

At present, only former service men are eligible for enlistment in the new unit, but they can be from other services—not just the Air Force.

For administrative purposes the new 9416th Squadron will come under the 8508 Air Force Recov-

ery Group, Fort Worth. The Squadron's official birthday will be July 1, 1961, but much of the groundwork is being accomplished now and enlistments are being accepted.

The idea behind the recovery type operation for Air Force Reservists is that in case of nuclear war, air bases rather than cities will be the prime targets.

The Air Force believes that its alert system will prevent its bombers and fighters from being caught on the ground, but after an attack, they might not have bases to return to.

The Continental Air Command organized seven recovery groups last year. Seventy-five more are now being organized throughout the country. Each group will have at least one squadron that will operate from either civilian airports or inactive Air Force strips capable of handling big Air Force jets.

The recovery units, with small cadre of doctors, firemen, crash and rescue communications specialists, others, will care for the plane air crews when they come landings.

If the aircraft are not damaged, they would be prepared for flights to the nearest Air Force base still capable of receiving them for further combat.

People in this area interested in obtaining additional information on the new Childress recovery squadron may contact Col. E. Ragsdale either by phone by writing him in care of Box 790, Childress, Texas.

Of the 2,254 Texas traffic deaths last year, 1,661 were 593 were women. Of that 1,086 were drivers, 827 were passengers, 311 were pedestrians 30 others.

Do you really want to live in the good old days

— or is it just a dream?

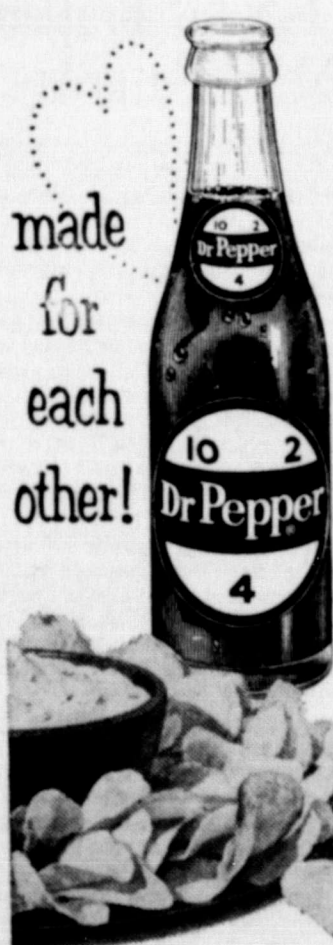

"What program did you watch when you were little, Mama?"

It's easy for us to forget the comforts we have today. If we don't watch ourselves, all we think of is the hurry and bustle of the day. The "good old days" to the little girl pictured above are just a few years ago to some of us. We forget that TV's so new. Yet most of our wonderful electric servants have been developed in just a generation!

As still more new ones come along, it's good to know that there will be plenty of electricity—from companies like this one—to run them. And the more new appliances you use, the less your electricity will cost per average kilowatt-hour. Now think about it for just a minute—do you really want to live in the "good old days" without your electric servants—or is it just a dream?

Here's a bargain for Mama!
For less than 3¢ the average family, served by WTU, can cook a complete meal the modern electric way... and enjoy the cleanliness and convenience of Flameless Electric Living.

Report From Washington

By WALTER ROGERS
Representative, 18th
Congressional District

Desalination of Water

On June 21st the President of the United States pressed a button in Washington, D.C. that started the flow of water produced from the first large-scale desalination plant in the world. The plant, located in the Gulf of Mexico, is the first of a long-range government program destined to produce water for one of man's oldest needs. It is the hope of all of us that effective answers to this problem can be found at an early date. However, we must recognize that the proper attack must be on a long-range basis. If we had the solutions early, the problem could be terminated. On the other hand, if the answers are not forthcoming quickly, we must not risk wasting money on piecemeal, ineffective programs. The theory of desalination moves step by step into the future. He who discovers by repeated attacks to gain the desired result, the words, "If you don't succeed the first time, try, try again."

It was this philosophy that the first flight of Wright brothers blossomed into the jet airliners of today.

We know that the vast waters in the sea, as well as the brackish waters underlying the earth in many places, can be changed into life-giving fluid that can be utilized not only for human consumption, but for all other domestic and industrial needs of man. The question is, as to how this can be done by perfecting present known methods, or whether it will be done by new and unknown methods, is our responsibility. It must be accomplished and it can only be done by proper research and development. It must be done, because this accomplishment during our generation would go down in history as the greatest single step ever taken by mankind to bring about universal peace.

I was honored to be present at the Freeport ceremonies, as the legislation making possible the research and development in this field was handled by a subcommittee of which I am chairman. It was indeed gratifying to see the physical results of what can be produced by a free nation with the government and private enterprise working hand in hand for the betterment of mankind. The ceremonies were most impressive and were attended by the Vice President of the United States, Lyndon B. Johnson, whose long record in support of this program was written in the Senate; the Honorable Stewart L. Udall, Secretary of the Interior; several United States Senators and several members of the House of Representatives; Lt. Governor Ben Ramsey; and other State officials. Private enterprise was represented by leaders in the industrial and commercial fields of this country.

Let us all hope that this occasion which took place in the State of Texas will constitute the beginning of man's conquest of one of his most dread enemies, "drought."

The Berlin Issue

The Berlin issue could turn out to be the number one issue in this decade. There is no doubt that Khrushchev so considers it. Some feel that he would rather have the issue than a settlement. This, however, appears to be wishful thinking. The Berlin question has al-

HALF-PAST TEEN

ready been pushed by Khrushchev to the point that some settlement is expected by the other countries of the world. Undoubtedly Khrushchev realizes this, because he has as much, or more, at stake than does this country. He also realizes that war is not and cannot be the answer to this dilemma. It can probably be concluded that he also realizes the futility of war as a solution to problems, as compared to the additional problems created. Our position must be firm and he must understand that we will not vacillate. Unless this position is maintained, our position in the eyes of the world and each area could be seriously jeopardized.

In passing, I would make the following observation: although the Germans have been our enemies twice in this century, it is difficult to visualize people of the German stock remaining complacent under a Russian boot heel.

CARD OF THANKS

May we take this method of thanking our neighbors and friends for their kind expressions of sympathy in our bereavement. We especially want to thank Dr. Clark, Dr. Odom, the staff at Odom Clinic and the Memphis Fire Department and City Police for their many kindnesses to us. We truly appreciate these acts of kindness. May God bless each of you.

The family of Mrs. W. T. Merrell

Mr. and Mrs. W. D. Dickey visited Sunday in Amarillo with their sons, James and Mr. and Mrs. Bill Dickey and family. The Bill Dickey's have a new baby girl born June 16.

James Smith, Donley County Farmer, Dies

James Benjamin Smith, 63, long-time resident of Clarendon, died at 2 p.m. Sunday in a Clarendon hospital after suffering a heart attack while attending church. He was a brother of the late Carl Smith of Memphis.

Funeral services were conducted at 4 p.m. Monday in the First Baptist Church of Clarendon with Rev. W. R. Lawrence, pastor officiating.

Mr. Smith was born Feb. 14, 1889, in Wise County. He had been a resident of Donley County for most of his life, farming at Lelia Lake. He was a member of the First Baptist Church of Clarendon and was a deacon of the church.

He had served on the county agricultural committee and on the draft board in Clarendon.

Survivors include his wife, Lena of Lelia Lake, a sister, Mrs. Pauline Pruitt of Lubbock; two brothers, George L. and Richard, both of Duncan, Okla.

County Agent Gives Crop Insect Report

Thrips continue to retard the growth and weaken young cotton seedlings in Hall County fields during the past week, County Agent W. B. Hooser reported.

"Thrip control, when needed, is vitally important in permitting the young cotton seedling to establish a healthy plant, mature rapidly and produce maximum yields during our shortened growing season," he said.

The hard dashing rain which fell over much of the county recently did a good job in reducing the thrip population. However, reinfestation due to migration and egg hatch was rapid in a few cases, the agent said.

Flea-hoppers were found in older, fruited cotton this week, according to the county agent, but infestations did not warrant control. As cotton begins fruiting, fields should be closely watched for damaging flea-hoppers, cautioned Hooser.

Flea-hoppers feed on the very small squares in the terminal bud of the cotton plant causing them to die and fall from the plant.

Locals and Personals

Mr. and Mrs. Benny Smith and son, of Santa Maria, Cal., are visiting this week with Mr. and Mrs. M. C. Spencer.

Mr. and Mrs. Herschel Combs visited in Amarillo Sunday with Mr. Combs parents, Mr. and Mrs. W. O. Combs.

Mr. and Mrs. A. O. Odom and granddaughter, Debbie Odom of Borger, visited in East Texas last week. While gone they visited in Tyler, Palestine and Jacksonville, Mr. Odom's home town. It had

The loss of these first squares commonly produces a delayed harvest, poorer quality and less money for the farmer, Hooser said.

been 50 years since Mr. Odom left Jacksonville and this was his first time to return. He reported considerable change and said it was interesting to note that there was considerable tree farming in that area now.

"HOW COME A CAR THAT RIDES LIKE" THIS ONE DOESN'T COST MORE?

A good question—and we could spend this whole page answering! But what it all boils down to is this: It just stands to reason you're going to get more for your money when you put it on the car more people are buying... and that car is the Jet-smooth Chevrolet.

Best way to settle any further questions about Chevy's ride is to settle behind the wheel and try it. Full Coil suspension and over 700 other gentle persuaders throughout the body and chassis will go to work cushioning, insulating, smoothing, soothing and pampering. Only **JET-SMOOTH CHEVY**

question you'll have left is why didn't you try it sooner.

You might also ask: Who else in Chevrolet's field gives you Body by Fisher craftsmanship and such a wide variety of models to make sure you get just what you're looking for? Answer: Nobody.

Prices? The man to check for the low-down on that one is your Chevrolet dealer. He's ready and waiting for you right now with all the right answers.

Air conditioning—an extra-cost option that gives you fingertip temperature control. Try it.

Kathleen Hawkins Becomes Bride Of Jay McNemar, Jr., in Missouri Rites

In an 8 o'clock ceremony read on June 17 in the Methodist Church in Marionville, Mo., Miss Kathleen Hawkins became the bride of Lt. (jr.) A. Jay McNemar Jr. The bride is the daughter of Mr. and Mrs. C. M. Hawkins of Marionville, Mo., and formerly of Memphis and the granddaughter of the late Mr. and Mrs. S. T. Harrison, one of Memphis' pioneer families. The bridegroom's parents are Mr. and Mrs. A. J. McNemar of Pine Bluff, Ark.

Baskets of white gladioli and giant mums and two seven-branched candelabra formed the background for the double ring vows which were read by the Rev. Richard L. Burgess.

Mrs. Karl Skogman, organist, accompanied Miss Beth Gambill of Tulsa, Okla., as she sang "At Dawning," "The Wedding Prayer" and "The Lord's Prayer."

Rosemary Harrison of Memphis, cousin of the bride, and Kathy McNemar, niece of the bridegroom, lighted the tapers preceding the ceremony. Their dresses were of white organdy designed with bouffant skirts and mint green silk organza cummerbunds. They wore wristlets of white baby mums.

The bride, given in marriage by her father, chose a formal gown of silk organza styled with a basque bodice fastening down the back with self covered buttons. The low scooped neckline and short shirred sleeves were enhanced with hand-made rose design Swiss embroidery. The bouffant skirt swept to the back in an aisle wide train and was gathered to a deep circular hip band on which the same Swiss embroidery was repeated at random in a single rose motif. Her very bouffant shoulder-length veil of pure silk imported English illusion was secured to an imported headpiece of organdy flowers and tulle leaves. The bridal bouquet was a cascade of white roses and stephanotis.

Miss Sally Wooten of Aurora attended as maid of honor. Her dress of Nile green silk organza was designed with a Sabrina neckline and short sleeves. The bell shaped skirt was accented in front with a single organza rose. Her headpiece was a white mum surrounded by lemon leaves and tulle with white ribbon streamers. She wore white gloves and satin shoes.

Bridesmaids were Miss Carol Robinson of Norman, Okla., Miss Phyllis Gentry of Weatherford, Okla., Miss Carleen Harrison of

Memphis, cousin of the bride, Mrs. Dennis Foxworthy of Oklahoma City, Okla., and Mrs. Mickey Viles of Republic, Mo. Their dresses, headpieces and flowers were identical in style and color to those of the honor attendants.

Kenneth L. McNemar of Houston attended as best man and ushers were George Hollenbeck of Madison, Wis., Sam Puddephat of Pine Bluff, Ark., Dennis Foxworthy of Oklahoma City, Okla., Mickey Viles of Republic, Mo., and Eugene Harris of Pine Bluff, Ark.

For her daughter's wedding Mrs. Hawkins chose a mauve silk linen sheath dress with self-fabric trim, half sleeves and sweetheart neckline. Her accessories were of matching color and her flowers were green cymbidium orchids.

The bridegroom's mother was attired in an ice blue cotton lace dress with slightly flared skirt and elbow-length sleeves. Her accessories were white and she wore pink cymbidiums.

Following the ceremony a reception was held in the church social room. The bride's table held a three-tiered rectangular wedding cake and twisted tapers in triple-branched candelabra. Small white mums and lemon leaves surrounded the cake.

Miss Janet Simmons of Marionville attended the guest book and reception assistants were Mrs. Earl Wheatley of Hedley, cousin of the bride, Mrs. Larry Bangle of Marionville, Mo., and Miss Jackie Dull of Woodward, Okla.

For traveling the bride chose a green cotton and silk blend two-piece suit with a bone ribbon hat and bone colored accessories. The suit jacket featured a wide collar with double breasted buttons and elbow length sleeves.

Following a wedding trip to San Francisco, Calif., the couple will reside in San Diego, Calif.

Attending the wedding from here were Mrs. Carl Harrison and daughter, Carleen, Mr. and Mrs. Wendell Harrison and daughter Rosemary, Mr. and Mrs. Earl Wheatley of Hedley and Mrs. Allyn Finch of Dalhart.

CARD OF THANKS

I want to thank everyone for their contributions which made it possible for me to have a nice bathroom. I will do my best to reimburse each of you with kindness or money. God bless each of you.

Mrs. R. R. Thompson

MRS. A. JAY MCNEMAR, JR.

Mrs. Essie Putman Dies In Clarendon; Funeral Wed.

Funeral services for Mrs. Essie V. Putman, 43, of Clarendon were conducted at 2:30 p. m. Wednesday from the First Baptist Church in Clarendon with the Rev. W. R. Lawrence, pastor, and the Rev. Paul Hancock, pastor of the First Christian Church of Clarendon, officiating.

Mrs. Putman died Sunday evening at her home in Clarendon after suffering a heart attack.

A former Memphis resident, Mrs. Putman moved to Clarendon in 1947. She was owner of the Vogue Beauty Shop in Clarendon. She was born Jan. 4, 1918, in

Giles. She and Clyde Putman were married July 26, 1947.

Survivors are her husband; five sisters, Mrs. Alice Johnson of Amarillo, Mrs. Albert Smith of Santa Maria, Calif., Mrs. Cecil Davis of Miami, Ariz., Mrs. Daisy Castell and Mrs. Jacquelin Bueina, both of Pas Robles, Calif.; three brothers, W. O. Cope of Abilene, H. L. Cope of Enid, Okla., and D. S. Cope of Hansford, Calif.

Mrs. Ozelma Miller and daughter and Mr. and Mrs. A. J. Fowler attended funeral services for James B. Smith in Clarendon Monday.

Miss Maud Milam visited several days last week in Oklahoma City with her sister and husband, Mr. and Mrs. Felix Cochran.

Don Peebles To Forecast Area Weather

Don Peebles, weathercaster for Amarillo's KGNC-TV, will handle the "Local Weather News" for the Memphis-Esteline-Lakeview area beginning July 1.

The weather news will be recorded directly from the KGNC weather studios in Amarillo and will include the very latest weather conditions for this area. Anyone having access to a telephone can get this information, day or night, by dialing 259-3555.

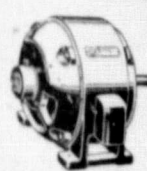

Peebles, a licensed meteorologist and member of the American Meteorologist Society, has been associated with radio and television forecasting since 1940. He

spent 10 years weather forecasting in various radio stations in Eastern Oklahoma, then in 1953, he made his television debut at KSWO-TV in Lawton, Okla. From there, he shifted to WKY-TV in Oklahoma City as staff meteorologist and later moved to KOCO-TV, Oklahoma City. He joined the staff of KGNC-TV in May, 1960.

In preparing his weathercasts, Peebles has at his disposal the complete facilities of the KGNC-TV weather department. Teletype service "A" in the studio enables him to receive the same information that goes to the weather bureau and at the same time, always well in advance of the press wires. In addition, KGNC-TV has access to airlines information, and a direct line to the local weather bureau allowing cut-ins, and, in this case, call-ins for information of an emergency nature. The station recently designed and implemented a new and more functional weather board which features the latest in precision equipment.

This service is sponsored by First State Bank in Memphis.

Mrs. E. G. Archer has returned from a visit with her George, who is music and editorial director of the First Baptist Church of Brady.

Annie Hightower, Andy Dunlap Wed In Clovis, N. M.

Annie Hightower, daughter of Mr. and Mrs. C. B. Hightower of Goodland, became the bride of Andy Dunlap, son of Benny Dunlap, on Friday, June 23, in Clovis, N. M. The double ring ceremony was held at a justice of the peace in Clovis, N. M. The bride was attired in a blue street-length dress with a fitted bodice and a soft skirt. Her accessories were a white veil and a white sash. The bride and groom are residents of the Estelline area and have numerous friends and relatives here. The bride was graduated from Clovis High School and attended South Plains College, Levelland, before accepting a secretarial position in the Bailey county office where she is presently employed. The bridegroom was graduated from Morton High School and is engaged in farming in the area. The couple will make their honeymoon trip to Rudisno, where the couple will make their home at 307 West Avenue E, Clovis.

Agnes Bailey Class Meets In Home Of Mrs. D. Lawrence

Agnes Bailey Sunday School Class met in the home of D. W. Lawrence. The absence of the president, Ben Jackson, vice president, the short business meeting, the opening song was "What a Wonderful Life We Have in Jesus." Mrs. Richardson led the opening prayer. The devotion was given by Mrs. Lawrence. Mrs. T. L. Hill led the closing prayer. Mrs. R. A. Eddleman had charge of the games which consisted of refreshments were served by Mrs. T. L. Waddill, R. A. Eddleman, E. R. Eddleman, John Longman, Jim Longbine, E. R. Eddleman, Ben T. Jackson, Everett Eddleman, D. W. Lawrence, Joyce Eddleman and Dolie Rogers.

Lawrence Family Hold Reunion Sunday, July 2

The family of Mr. and Mrs. J. Lawrence will hold a family reunion Sunday, July 2, at the American Legion Hall. The family are invited to call at the Legion Hall at the afternoon, beginning at 2 p.m.

O. L. Hammonds, mother of Charlie McBee, is in the new Clinic seriously ill due to heart attack.

ENGAGEMENT REVEALED — Mr. and Mrs. R. A. Massey of Dumas and formerly of Memphis announce the engagement and approaching marriage of their daughter, Ouida, to James Edward Bradshaw, son of Mr. and Mrs. Leo Bradshaw of Waco. The couple will exchange wedding vows on July 22 in the Cogdell Methodist Church in Waco. Miss Massey was graduated from Memphis High School and is now a junior student at Baylor University. Her fiancé was graduated from Kemper Military School, and is also a junior student at Baylor, majoring in business.

Langford-Montgomery Nuptial Vows Read In Pretty Home Ceremony Sat.

Nuptial vows were solemnized for Miss Wanda Ruth Langford, daughter of Mr. and Mrs. Loyd Langford of Borger, formerly of Memphis, and Jerry Montgomery, son of Mr. and Mrs. Paul Montgomery of Memphis, on Saturday evening, June 17, at 7:30 p.m.

Rev. Richard Avery, minister of the First Presbyterian Church, read the double ring ceremony in the ranch home of the groom's parents, southwest of Memphis.

The setting for the wedding was formed by candelabra holding lighted cathedral tapers, with pedestal arrangements of lilies on either side. Arrangements of white daisies and roses were used throughout the house.

Traditional selections were used in the piano and vocal music. Given in marriage by her father, the bride wore a gown of broad silk. The bodice was fashioned with a dropped waistline edged in scallops, and the scallops were repeated in the round neck, while the puffed sleeves were three-quarter length. Fullness accented the street length skirt. Her circular veil was worn over a pearl studded halo, and she carried a bouquet of white carnations atop a white Bible.

Miss Alice Kay Young was maid of honor. She wore a yellow dress styled with fitted bodice, bolero and pleated skirt. Her headpiece was of yellow and white daisies and she carried a bouquet of white daisies.

Douglas Widener of Memphis was best man and Michael Montgomery, brother of the bridegroom, lighted the candles. The bride's mother chose a beige lace dress with bone accessories, while the bridegroom's mother wore a white eyelet embroidered dress. Both wore corsages of pink rosebuds.

A reception followed the ceremony. The bride's table was centered by four lighted candles in silver holders, entwined with daisies and greenery. Miss Joan Langford of Borger and Mrs. Calvin Tow of Dalhart, sisters of the bride, served. Miss Sara Beth Montgomery, cousin of the bridegroom, registered the guests. As the couple left on their wedding trip, the bride wore a beige cotton knit suit with brown and white accessories. Her corsage was of white carnations.

Upon returning the couple will be at home on their farm near Memphis.

The bride is a graduate of the Memphis High School with the spring graduating class. She was named Memphis Harvest Queen and worked in the high school principal's office.

The bridegroom is also a graduate of Memphis High School, where he lettered in football. He is now engaged in farming and ranching.

Mrs. W. E. Beckham Is Hostess To Sewing Club

The Friendly Sewing Club met in the home of Mrs. W. E. Beckham on Tuesday, June 27, with Mrs. C. E. Hankins as co-hostess.

After a short business meeting held by the vice president in the absence of the president, Mrs. Estelle Barber, Mrs. Anna Dickson led the prayer. Mrs. Beckham brought the thought for the day. The afternoon was spent doing needlework for the hostess.

Members present were: Mmes. Sam Alexander, Larry Simpson, Julia Smith, Ed McMurtry, Anna Dickson, Lucy Phillips, L. G. Yarbrough, A. B. Jones, C. E. Hankins, and the hostess, Mrs. W. E. Beckham.

Vivian Maddox Named As Outstanding Home Economics Student For 1960-61

Miss Vivian Maddox was chosen and was commended for her co-operation and excellent help in class projects. She is the daughter of Mr. and Mrs. L. J. Kennon.

CARD OF THANKS

We wish to thank our many friends for their kindness, the beautiful flowers, visits, letters and cards while in the hospital. Also, the doctors and nurses at Goodall Hospital.

Charlie J. Wynn and family

This was the final meeting of the summer project session. Many of the girls brought the garments they had made as project work and they were exhibited.

A delicious meal consisting of fried chicken, assorted vegetable dishes, salads, chocolate cake, hot rolls, butter and iced tea was served to 22 girls and eight mothers.

Several of the projects are to be continued through the summer as the girls are keeping house for the family while their mothers work. Miss Maurice Berry, instructor, explained.

Daughter of Mr. and Mrs. Gordon Maddox, Vivian received the trophy for her work in the home economics department during both the winter and summer session. In order to qualify for the award a student must do excellent work in the home economics department, have a high scholastic record in other courses and should be an all-around student.

In addition to meeting the above qualification, Vivian plays in the band and is active in church work, Miss Berry said.

Miss Kennon, second place winner, was given honorable mention for her work in the department.

David Payne To Attend WTSC Speech Workshop

David Payne, senior student in the Lakeview High School, has enrolled in the high school speech workshop which will be held at West Texas State College from July 2 to 14.

The two-week course will include study in debate, dramatics and individual events. Practical fundamentals of debate will be taught and debaters will gain experience through practice sessions. Students will gain practical experience in the many areas of dramatic work, all of which should improve their ability to more effectively participate in school plays and contest plays next year. The group will work on several plays and a public production will conclude the workshop on the night of July 14.

Experience will be provided in preparing for participation in persuasive speaking, prose reading, poetry interpretation and extemporaneous speaking.

David is the son of Mr. and Mrs. H. D. Payne of Lakeview.

Mr. and Mrs. James Evans and two children of Los Angeles, Calif., visited here with Mr. and Mrs. A. J. Fowler last week. He is a nephew of Mrs. Fowler.

"Quality you can measure by your car's performance."

Agricultural Act of 1961

Before the Congress of the United States in the form of proposed legislation is the Ellender-Cooley Bill (the Agricultural Act of 1961). The bill has created much controversy since its introduction.

A close look at the Omnibus Farm Bill, without the opinions of those who are against any type of government assistance to farmers and of those who are proponents of the bill, would be beneficial to all Americans. What will it do? How does it affect existing farm laws? What would it change, and Why? What are its objectives? What will be the long range effect of the bill if it is passed?

The objectives of the act are: 1. to improve and protect farm prices and farm income; 2. to increase farmer participation in the development of farm programs; 3. to adjust supplies of agricultural commodities in line with the requirements therefor; 4. to improve distribution and expand exports of agricultural commodities; 5. to liberalize and extend farm credit services; 6. to protect the interest of consumers, and other purposes.

Title I of the act is entitled "Supply Adjustment and Price Stabilization" and it provides the procedures and the machinery whereby farmers can work together, in cooperation with government, to adjust their production to modern needs and conditions; and thereby to achieve for themselves fair incomes, as they make available to consumers adequate supplies at fair prices.

Title I includes the establishing of National Farmer Advisory Committees with membership being selected by farmer-elected county ASC committees from different geographical areas.

The "Marketing Orders" section of Title I carries out President Kennedy's statement in his Agriculture Message to Congress. "There is no single farm problem and no single solution. Each commodity requires a somewhat different approach." The Agriculture Act of 1961 provides authority and machinery for this commodity by commodity approach through marketing orders, developed and administered by producers themselves. The act extends the marketing order concept to all agricultural commodities. Marketing agreements and orders are now authorized only for milk, certain fruits and vegetables, tobacco, soybeans, and a few specialized crops.

The Act provides for two types of Federal marketing orders: Regional and National. Regional orders could continue to use the organizational procedure of promulgation hearings. National orders would not require hearings but could be promulgated after consultation with the appropriate national farmer advisory committee and after approval by the President. To establish a marketing order of either type, a referendum would be held, with the two-thirds rule applying. Following this, Congress would have 60-days in which to reject the order.

The Act would set up authorization for producer allotments on commodities for which marketing orders are established. The allotment provision applies to both regional and national marketing orders. Approval by the President and the Congress would be required for any marketing order providing for allotments. Allotments would be authorized on either the total quantity of a commodity or on any grade, size, or quality of it—they could be in terms of quantities for market or production from a given number of acres or other production units. The cost of administering a marketing order under the Act would be borne by those regulated by the order. Expenses of members of the national farmer advisory committees, however, would be paid from funds available to the Secretary of Agriculture.

Marketing Quotas—marketing quotas may continue to be proclaimed and used for basic commodities under present law unless producers elect to come under new quota provisions or unless they disapprove the quotas in a referendum. The Agricultural Act of 1961 permits marketing quotas to be established for any agricultural commodity whenever the Secretary of Agriculture determines that the supply of the commodity will exceed the normal supply by such an amount as will make marketing quota program necessary to carry out the declared policy of the Act.

The Act also provides broadened authority under which similar machinery can be used to formulate and put into effect operations to support farm income and farm prices of agricultural commodities. The Act stipulates the various methods whereby price stabilization may be achieved. These include commodity loans, commodity purchases, compensatory payments, diversion payments, incentive payments, and "any other operation which The Secretary deems appropriate." No commodity could be supported at more than 90 per cent of parity.

The key recommendation to the Act in the Agricultural Trade Development, Title II, is in the extending of Public Law 480 for a five-year period. It would give greater assurance of a continuing supply of commodities required by the underprivileged nations, and would be an integral part of U. S. plans to establish a national food policy and develop a world food budget.

Title III, Agricultural Credit, calls for a number of changes in USDA's supervised credit programs. These changes will make it possible for all family farmers who are unable to obtain needed credit elsewhere to benefit from improvements contemplated in the farm program, will strengthen the position of family farmers and will enable them to make their maximum contribution to the nation's economic growth.

Under Title IV—the Act reaffirms the national policy of aiding and encouraging the organization, operation, and sound growth of farmer cooperatives.

Secretary of Agriculture Freeman, said, "I believe that affirmative action by the Congress on the programs we present in the Act would set the state and provide the tools by which: 1. the farmers of this nation can achieve incomes comparable, in terms of labor and capital and management skills invested, to those received by other Americans; 2. a healthy and increasingly efficient and productive agriculture will continue to provide an abundance of food and fiber at fair prices to the consumers; 3. better farm incomes and a sound farm economy will contribute to economic growth and national prosperity; 4. costs of the Federal Government can be expected to decline as programs get underway and become effective; and 5. we can achieve maximum utilization of our abundance to meet needs and promote freedom at home and abroad."

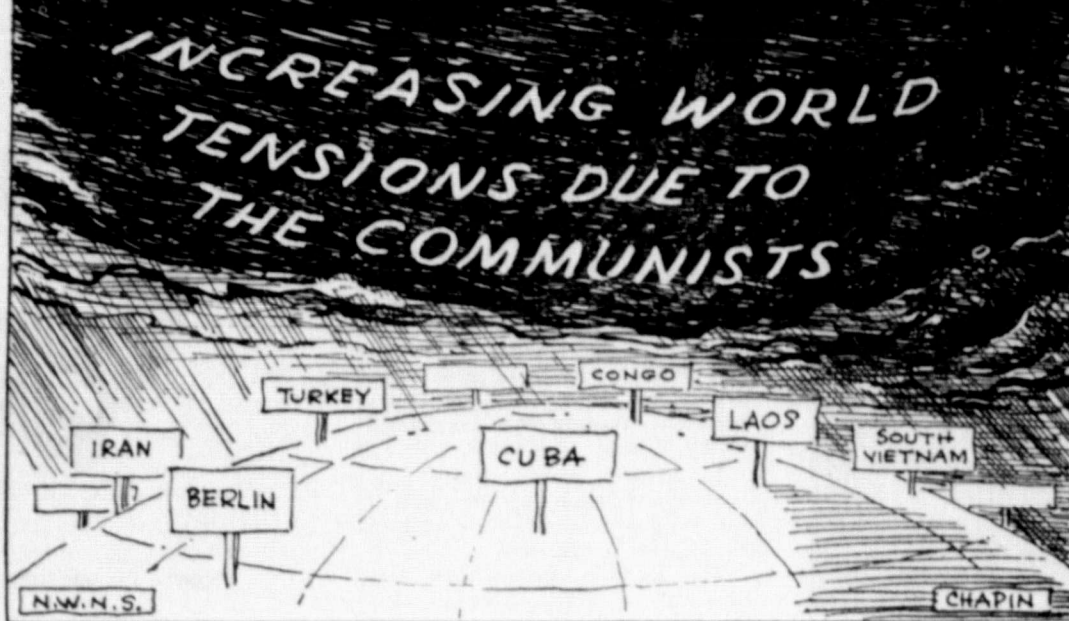

The Secretary of Agriculture has agreed to certain changes in the Act to insure its fully democratic character. So far these changes have not been introduced. A workable farm program is needed. A program can not be formulated as long as unjustifiable criticism is voiced while on the other hand, needed criticism is left unsaid. Any Act has its strong points and its weak points, and if the weak points of this act are eliminated, the need for a workable farm program may be alleviated, upon its passage.

CONTINUING STRUGGLE, JULY 4, 1961

"IT IS A STRUGGLE FOR MAINTAINING IN THE WORLD THAT FORM AND SUBSTANCE OF GOVERNMENT WHOSE LEADING OBJECT IS TO ELEVATE THE CONDITIONS OF MEN — TO LIFT ARTIFICIAL WEIGHTS FROM ALL SHOULDERS; TO CLEAR THE PATHS OF LAUDABLE PURSUITS FOR ALL; TO AFFORD ALL AN UNFETTERED START AND A FAIR CHANCE IN THE RACE OF LIFE."

ABRAHAM LINCOLN'S SPECIAL MESSAGE TO CONGRESS

JULY 4, 1861

ACROSS the DESK

What Other Editors Say

Indispensable Man

Here is a little poem, which is a sermon within itself. It goes like this: Sometime when you're feeling important — Sometime when your Ego's in bloom; Sometime when you take it for granted you're the best qualified in the room; Sometime when you feel your going would leave an unfillable hole—just follow this simple instruction and see how it humbles your soul.

Take a bucket and fill it with water, put your hand in it, up to the wrist, pull it out and the hole that's remaining is a measure of how you'll be missed.

You may splash all you please when you enter, you can stir up the water galore; but stop and you'll find in a minute that it looks quite the same as before.

The moral in this example is do just the best that you can; Be proud of yourself, but remember: —There's No INDISPENSIBLE MAN.

— Turkey News

America — Which Way?

The United States — now generally believed to be the most powerful industrial country in the world, and certainly the richest country in the world — is at the crossroads of history.

We are challenged by a tremendous new force in the world, communism. We might as well admit it, whether we like it or not, that the communists are fanatical in their beliefs and have advanced their strength, and cause, by sensational steps in recent decades.

It is not the question of which system can win the great test now in progress for control of most of the people and resources of the world.

In such a contest, the toughest race, the most hardened people, the most dedicated race, usually wins. Where are the Russians going, as a race, today, then, and where are we going? That is the question on which hangs the fate of democracy.

A look at the trend in the United States is disheartening. A look at the trend in Russia is av-

esome. The quicker all of us wake up to what is happening here and there, the greater the chance of democratic success in this contest will be.

Our educational system, quite good, is not turning out equals, in the fields of learning, for the same number of years in school, as are the systems in many other countries. The communists in Russia are graduating far more scientists each year than we are.

The Russians are catching up each year in steel production, electricity, oil and in many other vital industrial fields.

Areas which have long been populated by our solid allies, Central and South America, are now beginning to stir, and some countries are moving in the communist direction.

We are in a serious period— which will see the United States lose its high perch among the nations of the world, or retain it. If we are worthy of the challenge facing us, and if we are willing to work together for the best interests of our country, as a unified and vigorous people, we will retain our place in the world.

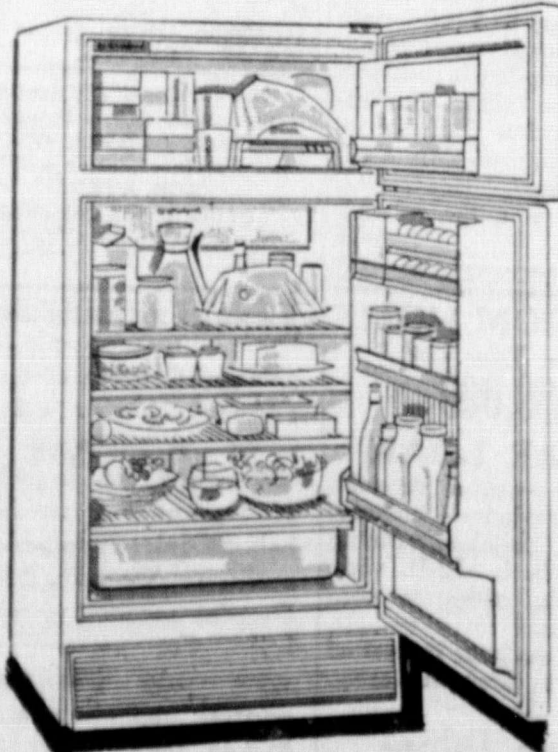

— The Shamrock Texan

In 1960, there were only 13 days on which 15 or more persons died in Texas traffic, as compared with 23 such days in 1959.

30 YEARS AGO

July 3, 1931
The administration of R. S. Greene, as president of the Memphis Rotary Club, came to a close Tuesday afternoon at six o'clock at a club picnic staged in the large cottonwood grove, near Wayside Park. The setting is an ideal one for a picnic and the large crowd present, consisting of Rotarians and the immediate members of their families and a few invited guests, enjoyed the outing and picnic supper through-

ly. . . .
Winston C. Montgomery Jr., of Oklahoma City, came Monday for a visit with his grandparents, Mr. and Mrs. S. S. Montgomery. . . .

The Methodist Junior church was entertained with a sunrise breakfast at the Girl Scout Island Tuesday morning at 5:30 o'clock by Mmes. J. L. Barnes, W. A. Thompson, and N. A. Hightower. About fifty children were in attendance. . . .

The formal opening of the Ritz Theatre, formerly known as the Gem, will take place Wednesday night of next week, according to Max L. McClure, manager.

20 YEARS AGO

July 3, 1941
According to information received here from the U. S. Naval Station in Dallas, Clinton Earl Voyles, teacher in the Memphis Schools, has enlisted in the U. S. Naval Reserve. Mr. Voyles taught one year in the high school and was principal of the high school and also of junior high. . . .

Mrs. A. Anisman and son, Sheldon, left last week for Pittsburg, Pa., where they will visit her parents, Mr. and Mrs. Joe Marcus. D. R. Kelly is visiting in Mineral Wells this week. . . .

Mr. and Mrs. Barney Bess and daughter, Audrey Beth, visited with Mr. and Mrs. R. E. Fattillo in Lubbock Sunday. Billie Jean Stroble celebrated her third birthday, June 30, at her home on South 7th St. Refreshments were served to 15 guests by Mrs. Bess. . . .

10 YEARS AGO

July 5, 1951
Pfc. Robert H. Duncan was noted to private first class one month after completing his training at Lackland Air Force Base and has been transferred to Biggs Field, El Paso. . . .

Mr. and Mrs. J. S. McMurry as guests Sunday her sister, Drucilla Householder, and Ralph Jr., of Amarillo, and cousin, Mr. and Mrs. Lee F. and two daughters of Sweetwater, Okla. . . .

The 31 Annual Encampment of the Department of Texas Veterans of Foreign Wars, was held in Dallas, June 24 to 27. Those attending from Memphis were: V. V. Vandeventer, Aulus A. Lelia Scott, Lelia Beth Galt, Gerrie Putts, Lena Pearl stream, Mattie Ora Jones, Vera Kulp. . . .

Motor vehicles traveled 127 million miles every day in Texas last year, and the economic loss resulting from their collisions averaged \$956,000 a day.

In 1960 Texas traffic, one son was killed every three hours and 53 minutes; one was injured every one hour and 35 minutes; a traffic crash was recorded every 100 seconds.

4th of JULY GULF QUALITY SPECIAL!

Gulf Cushion Tire

- BUDGET TERMS:
- Wide, flat tread
 - Non-skid design
 - Economical mileage

AMAZING NEW GUARANTEE

If for any reason (except for malicious, willful, intentional, or negligent damage) your Gulf brand tire does not prove serviceable for its entire guaranteed minimum lifetime, you are entitled to an adjustment as follows: If the cause is defective workmanship or material you will receive a new tire without charge. If the cause is any other reason, then Gulf will either repair it without charge or offer you a brand new tire, allowing credit for that portion of the purchase price represented by the unused minimum guaranteed life of the tire.

Around and About

By HELEN COMBS

The weather is warming up after one of the coolest springs we can remember. . . June has been most pleasant without any of the usual hot winds we sometimes experience. The cotton is growing . . . the lawns are green . . . the remodeling continues . . . summer activities are in full swing . . . in fact folks, everything is "looking up" here in Hall County.

And, we quite agree with Clifford Farmer, Chamber of Commerce manager, who remarked one day last week when we met him on the street that so much was going on about town that he could hardly keep up . . . concluding by asking if we'd heard Lone Star Gas Company was to have a new front for their building in the near future.

Out on Boykin Drive there is the Nic-Nac Drive-In which held its formal opening last Saturday and adds another attractive business to the highway for tourists and home folks as well. The opening was a marked success, Mrs. Wheeler said, and more than 300 residents enjoyed free cokes during the day!

Then, on the East side of the square Smith Auto has poured a new sidewalk in front of their store . . . If this doesn't stop soon the annual tourists enroute from down state to the cool shades and bubbling streams of Colorado won't recognize the ole town.

Over a cup of coffee Tuesday morning Jewel Stanford, Ida Anisman and myself did a little reminiscing into the past and recalled Saturday in the hometown is not what it used to be! In fact Monday is now considered a better shopping day. It's agreed this is a product of modern progress . . . folks stay home on Saturday night to watch TV rather than come to

town to visit with friends and neighbors and do the weekly shopping. For a long time we've wondered if it wouldn't be more profitable for local shops to close up on Saturday night and stay open on a week-day night — say Thursday.

Speaking of progress, beginning July 1 General Telephone Company is adding a new service for customers. Friends in Memphis, Estelline and Lakeview can now chat to their hearts delight and without any charge . . . isn't that fine, folks!

Also, through the courtesy of the First State Bank, you may pick up your telephone, day or night, dial 259-3555 and get the latest report on the weather in this area. Weather forecaster will be Don Peoples, KGNC meteorologist.

O. V. Alexander, secretary of the Hall County Picnic Association, was busy this week getting plans underway for the annual picnic which will be held September 17. You out-of-county residents be sure and mark your calendar because you're going to be expected . . . home-county residents are making plans again this year for a big celebration.

Congratulations to Patsy Jarrell who this week received a cash award in recognition of her outstanding work at the Hall County ASC office. What could be nicer than \$150 at vacation time!

There will be activities galore at the Memphis County Club this weekend. A Scotch tournament will be in progress, concluding with a picnic supper on Tuesday evening, July 4, with the winners feeding the losers. If you haven't entered the tournament, Jack Norman and Violet McQueen urge you to do so soon. Men list their names with Jack and women with Violet.

FLASH: To youngsters who want to learn to swim! Be at the

City Pool Monday morning at 9 a. m. Hubert Dennis, pool instructor, will start the first classes of the summer for beginners.

Despite the fact that he hadn't seen a member of his grandmother's family for whom he was named since he was 10 years of age, Shira Patrick wasn't at a loss when Mr. Shira knocked on his door Sunday. Shira said, "I can't recall your first name, but you're a Shira." Mr. Shira is from Greenville and manufactures the Shira Underwear line which is sold here by Baldwin's.

It's always interesting to look over weeklies printed in other states and especially to read the columns written by various editors and columnists. Ruth Harrison brought us a Marionville Free Press with an account of the wedding of Miss Kathleen Hawkins and Lt. (Jg) A. Jay McNemar, which we are carrying this week in our society section. Carleen Harrison and Rosemary Harrison, cousins of the bride, went to Marionville to serve as attendants in the wedding.

In the column, "Around the Square with Gene" we run across these items: "Mrs. Smart fooled the doctors and gripped the hospital when she rallied from a sick spell last week." Another one: "Larry Cook has bought his first car and like always, it's getting tender loving care. It is like your first sweetheart — you'll always remember her (or it)." Also: "Jackie Cox has accepted a position with the Roche Pharmaceutical firm and is busy working at it." "And have you heard about the cannibal who was expelled from school? He was buttering up his teacher."

When you read this we will have taken off for a week's stay in a warmer climate — Houston! What takes one down state in the heat? . . . three of our five grandchildren who happen to reside there

Wesleyan Guild Has Installation Meeting June 19

The Wesleyan Guild of the First Methodist Church met on Monday, June 19, in the church annex.

The program was opened with the singing of the Guild Hymn. Rev. O. B. Herring offered prayer. A delicious salad supper was served with members of the Guild serving as hostesses.

The following were present:

at the present time. Anyway, we're looking forward to a visit with Pat, A. J. and the three girls. And we'll be looking forward to seeing all of you when we return home some 10 days hence!

Lucille Burnett, Mildred Gidden, Pauline Wynn, Ruth Fowler, Mable Lavender, Ola Gowan, Dorothy Gowan, Lillie Messer, Sophia Stillwell, Hester Bownds, Hattie Linville, Ira Hammond, Mrs. Bill Bennett, Mildred Stephens, Mildred Spicer, Betty Johnson, one guest, Mary Lee Linville, and Rev. and Mrs. O. B. Herring.

Following the salad supper, Mildred Stephens introduced the program for the evening which was a pledge service and installation of officers. Mrs. Bill Bennett gave the meditation, "I give You My Word." Pauline Wynn, Lucille Burnett, Ira Hammond and Mildred Spicer presented the pledge service.

Lucille Burnett, past president, served as installing officer and installed the following officers: Hat-closing prayer.

Mothers' Club Meets In Home Of Mrs. W. Davis

The Progressive Mother's Club met in the home of Mrs. Wyman Davis at 2 o'clock June 20.

The president called the meeting to order. The club creed was given by Mrs. Otis Cobb. Mrs.

tie Linville, president; Ira Hammond, vice president; Pauline Wynn, recording secretary; Mildred Spicer, treasurer. Polly Brown will be co-ordinator for the ensuing year.

Mrs. O. B. Herring gave the

D. W. Lawrence presented devotional.

Roll call was answered some of Women's Rights. Reading of the minutes followed and approved as read. There was old or new business.

"Women's Rights" was given by Mrs. Lewis Hamilton. Recreational program was given by Mrs. Ott Misenheimer. Strawberry cupcakes, sandwiches and punch were served. Mmes. D. W. Lawrence, P. Gardenhire, Lewis Hamilton, Misenheimer, Ted Barnes, Cobb, Denton Anthony, W. Morrison and the hostess, Wyman Davis.

Guests present were Jack Ann Gipson of Barger and Davis.

The next meeting will be July 4 at 2 p.m. in the home of Mrs. Otis Cobb.

Thirty-five Girl Scouts Take Part in Day Camp Activities

ing, outdoor cooking and study were among the activities enjoyed by 35 Girl Scouts who took part in the annual day camp at the Giles Picnic grounds, northeast of Memphis, last weekend.

Attendance certificates were awarded to 33 girls. The leaders stated they had a successful program this year as the Girl Scouts expressed a desire to see the activities to an end.

Each day was a group working on the Indian Theme. Elmont Branigan, business manager, said. Rest periods, hiking and consultations filled the time.

Wednesday morning the group went out for a hike. The girls dug out the fire wood, and prepared for fire hazard training and water to be at hand. The leaders assisted the Scouts prepared the food, and in foil to be placed in

the coals and cooked. Learning by experience is the best teacher and some food was burned to a crisp. However, sharing is a Girl Scout attribute and food was provided for those who had misfortune.

Hiking was very educational, the leaders said. And observing nature was interesting, including harmful and harmless snakes, all kinds of insects and pretty rocks.

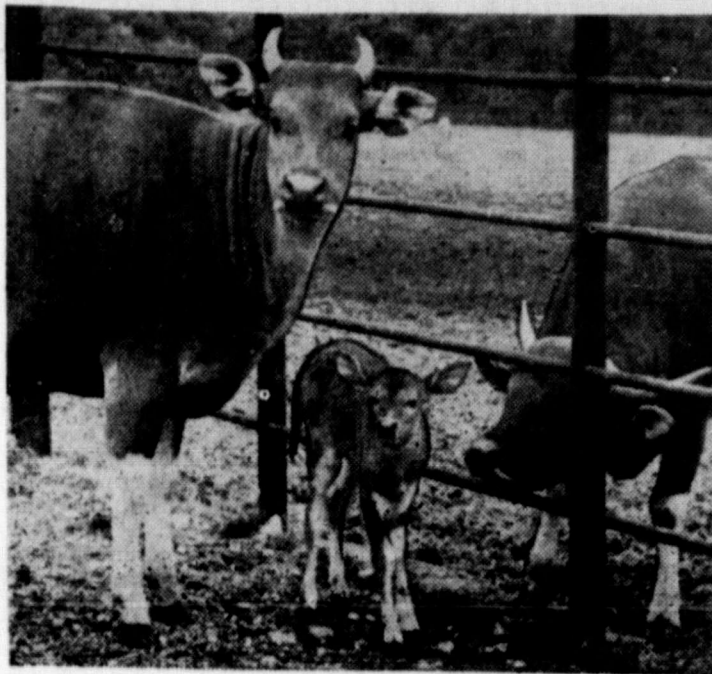

The Scouts were undaunted in finding the local citizens, the cows, had enjoyed their camp one night and dislocated the latrines and water-can stands. They immediately checked out equipment and began restoring order. One cattle round-up was held and all agreed the gate should be closed at all times although this was inconvenient for anyone arriving or leaving the camp grounds.

One of the highlights of the five-day camp was visitation night. A large number of parents and friends came to see the accomplishments of the scouts and were entertained with skits and songs.

Leaders for the Camp included Mrs. Brode Hoover, camp director; Mrs. W. H. Goodnight Jr., camp nurse; Mrs. Elmont Branigan, business director and staff leaders, Mrs. Y. Z. Taylor, Mrs. Doug Burgess, Mrs. C. L. Johnson, Mrs. Travis Hill, Joy Baten and Helen Howard. Mrs. C. T. Snowden served as program advisor.

Day Camp could not be held without groceries, transportation and program supplies, Mrs. Branigan said. A number of firms assisted with this phase of the work and all these items are greatly appreciated by the Girl Scouts and the leaders, Mrs. Branigan stated.

These items were supplied by the following firms and individuals: Mr. and Mrs. Lovell Houston, the use of their beautiful camp area; M. C. Allen, Memphis Compress, the burlap used in building latrines; Omer Hill, Hill Elevator, burlap sacks used in making the India Costumes; Bill Hall, Perry Bros., discount on material for projects; Mr. Willingham, Ice Co.,

FIRST FAMILY . . . Mother, baby, and father, makeup the "first" family at England's Whipsnade Zoo. Baby is center of attention because she is the first banteng (species of wild ox) born in Britain.

ned Co., storage of tents and materials used in day camp; Mrs. B. McQueen Jr., supplying ice boxes and water cans and hauling equipment to camping area; J. M. Ferrel Jr., Memphis Tire and Supply, supplying ice box; Fowler Drug, discount on tongue depressors; Goodall Hospital, supplying tongue depressors and The Memphis Democrat, discount on supplies and coverage of the activities of camp and the opportunity for the girls to see themselves on T. V.

Girls attending day camp were: Anita Taylor, Travynne Hill, Lu Gay Godfrey, Mitzie Lindsey, Fleeta Coldiron, Kathy Johnson, Marcy Shepherd, Susan Goodnight, Pat Wilson, Ronda Davis, Connie Guthrie, Nancy Voyles, Lynette Spicer, Luceta Burgess, Nola Sue McCravy, Judy Rich and Donna Johnson, all Brownies; Perry Jo Glover, Shelia Ford, Holly Clark, Kay Coppedge, Laurel Pounds, Linda Ford, Elmonette Branigan, Ronda Burgess, Carolyn Hutcherson, Glenna Bruce, Diane Gailley, Judy Guthrie, Lynn Gibson, Renee Wood, Janetta Baten, Jane Hoover, Regina Hoover, Belinda Wells, Susan McQueen, all intermediates. A number of intermediates will go into senior scouting during the next year and will be able to serve

Greatest reduction in traffic deaths in 1960 took place on highways and roads outside of Texas cities, under direct supervision of the Texas Highway Patrol. The reduction was 13 per cent over 1959.

Commissioners Meet Wednesday On County Disaster Relief Business

The Hall County Commissioners met Wednesday afternoon to handle business concerning the Disaster Relief program.

Commissioner W. F. Brittain made a motion and H. W. Spear seconded it, with all the commissioners voting for it.

The motion read: "Whereas Hall County has been declared a disaster area and has been participating under public law 875 and has been approved for reimbursement of \$102,000.00 and the county has made available to it certain excess property by OCDM and the state office of disaster and civil defense and this has been greatly appreciated and because of the great extent of damages suffered to the road and bridges of this county and due to the financial condition of Hall County there is still much work to be done by this county road department and the equipment received can and will be utilized for at least another year in road rebuilding which has been destroyed by floods and rain.

"The work as set forth by the OCDM engineers has been done as the documentation reflects and is completed and request is hereby made for final inspection and reimbursement." The order was signed by County Judge Tracy L. Davis, official representative of Hall County.

Also signed by Judge Davis was the Blanket Certificate which is in connection with the attached documentation and voucher submitted by Hall County. The document certifies that the attached documents were correct and covers only services performed, or material used, exclusively in connection with disaster relief operations in Hall County. It also certifies that the Rates, Payroll, Documentation and payment is all complete.

These documents completed the County's disaster relief projects. The deadline for this was July 1.

Also at the meeting, the commissioners accepted the resignation of Sim Goodall from the Committee No. 3, the committee to study the requirements set up by the state to be met by a county-

owned hospital and make recommendations. It was announced Thursday morning that no one has been selected to take Goodall's place on the committee, however, a selection would be made soon.

Mrs. R. L. Farris, Longtime Hedley Resident, Dies

Mrs. R. L. Farris, 75, Donley County resident for the past 48 years, died Saturday at her home in Hedley.

Funeral services were held at 3 p.m. Sunday from the Church of Christ in Hedley with Ministers J. C. Stepp of Kirkland and Dixon Latham officiating.

Burial was in Rowe Cemetery with services under the direction of Spicer Funeral Home.

The former Cordelia Owens, Mrs. Farris was born April 1, 1886. She was married to Robert Farris on March 31, 1903, in Moss, Tenn.

The couple moved to Brice in 1911 and later to Donley County in 1913.

Mrs. Farris was a member of the Church of Christ.

She is survived by three sons, Charlie H. of Albuquerque, N. M., Woodrow W. of Hedley and Jack of Odessa; two daughters, Mrs. Art Gamble of Marlow, Okla., and Mrs. H. E. Davidson of Amarillo, and eight grandchildren.

Pall bearers were Hobart Moffitt, Charlie Johnson, Lemore Bailey, J. L. Baggett, C. R. DeBoard and Jerald Bland.

Mrs. J. M. Saunders was a visitor in Minco, Okla., a few days last week in the home of her brother, Lloyd Trosper.

Sam Anthony of Holdenville, Okla., is visiting here with his uncle and aunt, Mr. and Mrs. L. M. Wiginton and his grandmother, Mrs. Myrtle Hammons.

Mr. and Mrs. L. M. Wiginton and sons, Larry and Dale, Mrs. Myrtle Hammons and Sam Anthony visited in Vernon Sunday with Mr. and Mrs. Omer Johnsey.

Hall County— (Continued From Page One)

Homer Tucker and Les Sims: Food Committee, Ollie Jones, chairman, Herb Curry and Hal Goodnight; Telephone Committee, Roy Brewer, chairman and Roy Currin.

Funeral Service For John Bevers To Be Held Friday

Funeral services for John Columbus Bevers, 69, of Amarillo will be held at 2 p.m. Friday in the First Baptist Church with the Rev. Fern Miller, pastor, officiating.

Mr. Bevers was struck and killed by an automobile at 11th and Lincoln about midnight Monday. He was operator of the Yucca Hotel, 521 E. 10th, Amarillo.

He is survived by his wife, Lola of Amarillo; seven sons, J. C. of Great Falls, Mont., Arthur L. of San Diego, Calif., Ray H. of Mesa, Ariz., Glen R. of Lubbock, Leon L. with the U. S. Army in Korea, and Joe N. and Louis A., both of Amarillo; a daughter, Mrs. Gene Roan of Amarillo; three brothers, W. D. Bevers and Luther Bevers, both of Memphis, and Harvey Bevers of Los Angeles, Calif., two sisters, Mrs. Sallie Edmondson of Memphis and Mrs. Rufus Cooper of Seymour and 19 grandchildren.

Plans For Palo Duro Theatre Are Explained

A small but select group of interested people met at the First Presbyterian Church Tues., June 20, to hear Dr. and Mrs. Ples Harper of Canyon give details about the project now under way for building an amphitheatre in Palo Duro Canyon where historical dramas will be given.

The initial meeting for organizing this undertaking was held in the Branding Iron Theatre in Canyon, June 11. At that time, a tentative board of directors made plans for acquainting the entire Panhandle area with the intended project; a name for the organization and a constitution were touched on.

Mrs. Ples Harper, as instructor of Music in West Texas State College, is the instigator and reigning president of the group. Besides that, she is a most enthusiastic promoter.

Paul Green of Chapel Hill, North Carolina and a Pulitzer Prize winner for play-writing will write the manuscript based on Panhandle history and tradition. Dr. Moore, director of the Speech Arts and Drama Department of WTSC will direct the production. It is hoped that they may have the theatre and a pageant with the nucleus of a drama within it ready for presentation next summer.

Refreshments were served to the group who gathered at the church in Memphis before Mrs. Harper made her talk followed by a period for questions and suggestions. A ticket-selling campaign will be staged in February. In the meantime, anyone wishing to know more details of this project, please contact Virginia Browder.

Those attending the meeting were: Dr. and Mrs. Harper and daughter of Canyon, Mmes. Frank White Jr., J. M. McMurtry, Millard Word, J. H. McMurtry, C. B. Morris, Charlie Fairfield, George Benson, Harold Bugbee, all of Clarendon; Mr. Kerry Moore from Muleshoe and Mmes. Roy Guthrie, Frank Foxhall, Miss Gertrude Rasco, Mr. Richard Avery and Virginia Browder, all of Memphis.

Good Government— (Continued From Page One)

assumption. He said that the hospital construction will cost the taxpayers as follows: if your property is valued at \$500 then the increase for the hospital issue amounts to \$1.44 per year. If valued at \$1000.00 then the increase is \$2.88 per year. Property valued at \$5,000.00 would be \$14.38 more per year.

Raymond Ballew then ask Leslie to tell the group how much money the Tulia hospital was losing. Leslie said that the Swisher County Hospital was losing up to \$27,000.00 per year. He explained that the hospital is three-story and that the employee cost is higher as a result. Leslie said that this was confirmed by an investigation of their operating statement.

Leslie went on to say that the hospital at Spur had lost money for the first five years because they did not have the proper equipment to begin with but that since they have their equipment now they have broken even for

the last three years.

Raymond Ballew then discussed the charity problem stating that he thought the court should go back to a rule of \$40 limit for any one person. He also advocated a "no work, no pay" for those persons who were able to work.

Ballew also pointed out that there was a medicine bill last month which amounted to \$240 and that the wholesale cost of the medicine was only \$83.10. "If the county is going to pay for

these cases then I think we get some help on the cost said.

Leslie said that he agreed the county should try to get for all who could work out of giving charity.

Leslie stated that the commissioners court meeting next would be interesting because the reports of the various committees and that the Good Government Committee would meet again this court meeting.

MINUTE MEDITATION

The Lord our God is the great Creator which hath formed the heavens and the earth, the land and the seas, and all things that are therein.

"All things were made by him: the sea is his he made it, and his hand formed the dry land."

"We are his workmanship created in Christ Jesus unto good works."

"Lift up your eyes on high, and behold who hath created these things . . . the Everlasting God, the Lord the Creator of the ends of the earth."

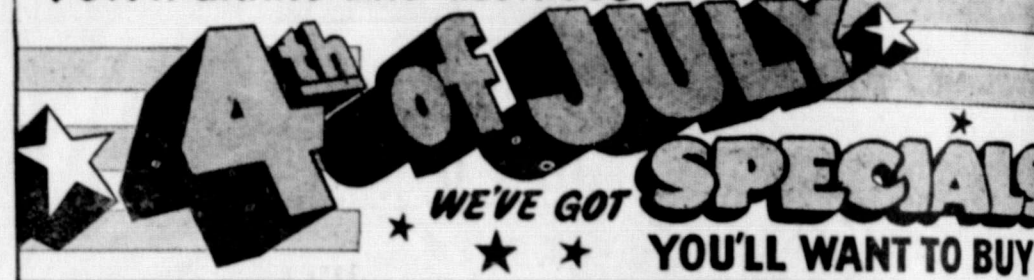

"By Him were all things created . . . in Heaven . . . Earth, Visible and Invisible . . . Thrones, or Dominions or Principalities, or Powers."

And now, O Merciful God, create within me a clean heart that I may know the only True and Living God, for this is everlasting life.

In the name of Jesus Christ, our Lord and Savior.

—CECIL E. HADAWAY
