## American Legion To Hold Memorial Day Services At 8 A. M. Saturday May 30

The Allen-Houston Post of the American Legion in Lamesa have completed plans for the annual observance of Memorial Day here Saturday, May 30, with the program to be held in front of the post office beginning at eight a. m.

The following program is to be given:

Band music — with the band to assemble at the high school building and march with the local Home Guard unit to the post office.

Invocation — Rev. E. D. Landreth.

National Anthem and Flag Raising.

Reading — Patsy Jo Roundtree.

Roll Call — Post Commander.

"Stars and Stripes" — Band.

Taps.

After the program at the Post Office, members of the Legion will proceed to the cemetery and place flowers on the graves of all veterans buried locally. Flowers will be available for those graves in the out-lying cemeteries and any ex-service men or other interested people living in such communities would render a service by calling for those flowers and placing them on the graves Saturday.

The American Legion Auxiliary is to furnish the flowers for this occasion. The Auxiliary will also conduct a Poppy Sale Saturday.

The public is urgently invited to attend this Memorial Day Service.

## Rotary Club To Have Ladies Night

The Lamesa Rotary Club will observe a Ladies Night program on Friday night of this week instead of the regular Friday noon meeting.

The Ladies Night program is to be held in the new municipal building at the City Park, and will get under way at exactly 8:30 p. m.

An entertaining and interesting program has been arranged, and all members of the club are urged to be present and to bring their wives.

## Christian Church To Show Pictures

A group of selected motion pictures will be shown at the Lamesa Christian Church Monday night at 8:30. These pictures include two comedies, "Helpful Henry" and "How Not to Conduct a Meeting" (with Colonel Stoppagne); three technical productions, "Cavalcades of Texas," "India," and "To New Horizons." Beside these there are two pictures in black and white, "Jungle Yachts in the Belgian Congo" and "Palestine." All pictures are in sound.

There will be no admission charge made.

This feature of entertainment is being sponsored by Church Youth. An offering will be accepted to help finance delegates who wish to attend youth camps sponsored by the Christian Church.

## ENLISTS IN NAVY

John Clyde Sharp, a Lamesa boy, has been inducted into the United States Navy with a unit formed at Houston, Texas, to replace the men lost in the Battle of Java, according to advices reaching Lamesa.

## Lamesa Dodgers Hold To Second Place In West Texas-New Mexico League

After playing and winning one of the best ball games of the year Sunday afternoon when they defeated the Clovis Pioneers 3 to 2, both the Lamesa Dodgers and the Pioneers came complete apart at the seams Monday night in the series final, when after nearly three hours of playing the Clovis boys came out on the long end of an 11 to 10 score.

The Monday night game was a scorekeeper's nightmare, with bases on balls, wild pitches, hit batsmen, outfielders pitching, and other line-up changes all taking place.

Tuesday night the Dodgers went to Pampa where they took their second straight licking, this time by a score of 6 to 4.

Wednesday night, however, it was a different story at the Dodgers handed the Oilers a 9 to 0 pasting behind the magnificent four-hit pitching of Preston Elkins.

Stevens, Bonnell and Palmer lead the Dodger attack with three hits each.

The Dodgers return to Lamesa Friday night to open a nine game home stand, that will see them play Pampa, Borger and Amarillo three times each.

The Dodgers signed a new catcher this week, Newell Landreth of Ada, Oklahoma, a 19-year-old, 6 ft. 185 pound lad, who is expected to greatly assist the Local squad.

League standings as of Thursday found the Dodgers in a tie with Borger for second place, trailing the first place Clovis club by one full game.

The Standings:

Team	W	L	Pct.
Clovis	19	10	.655
LAMESA	18	11	.621
Borger	18	11	.621
Amarillo	16	12	.571
Pampa	15	14	.517
Albuquerque	14	16	.467
Lubbock	8	20	.286
Big Spring	8	22	.267

## Subscribers Are Asked To Check Expiration Dates

Courier readers are asked to watch their expiration dates on their subscriptions in order that they not miss a single issue of their home town newspaper.

In other words, if the numbers following your name on your paper reads 6-42, that means that your subscription will expire on June 1, 1942, and that unless you renew your subscription will be stopped at that time.

The subscription price of the Courier is now \$2.00 per year in Dawson, Martin, Gaines, Borden and Lynn Counties, \$1.25 for six months, or \$3.00 for two years. The subscription price outside this territory is \$3.00 per year.

## Tire Rationing For May 1 to 25 Is Released

The following persons have been issued certificates for the purchase of passenger car tires and tubes from May 1 through May 25:

Harriet E. Wasson 2 tubes, Otho Watson Neill 2 tubes, Warren Hurley Burns, 2 tubes; Floyd L. Holder, 1 tube; Robert H. Ray, Inc., 3 tubes; Elmo Murrif, 2 tubes.

Total numbers of persons to receive certificates, 6. No passenger tires granted. Total number passenger tubes granted, 12.

The following persons have been issued certificate for new truck, bus and implement tires and tubes:

Jenkins & Wood, 2 tires and 2 tubes; Buck Bennett, Jr., 2 tires and 2 tubes; William Thomas Hendon, 2 tires; Don Crockett Carter, 2 tires; John L. Mundell, 2 tires.

Ira Hill Written, 2 tires; Will Joe Jayroe, 2 tires; Elmo Smith, 2 tires and 2 tubes; John Edward Brewer, 2 tires; Rueben Lafayette Jones, 4 tires and 4 tubes; Warden Almond Britt, 2 tires and 2 tubes; Henning Bros., Inc., 2 tires and 2 tubes; Howard Raymond Cope, 1 tire and 2 tubes; Dee Wilson Scott, 1 tire and 1 tube; Elmer Lee Barron, 1 tire and 1 tube; Fred Merrill Plankin, 1 tire; Robert Alfred Carr, 2 tires; S. D. Moore Jr., 2 tires; K. Whitmire, 2 tires.

Spencer Reese Barron, 1 tire; Jimmie Ewins Newman, 1 tire and 1 tube; John Andy Edwards, 1 tire; John Preston McCulloch, 1 tube; Howard Raymond Cope, 1 tire; Warden Almond Britt, 2 tires and 2 tubes; Howard Raymond Cope, 1 tire and 1 tube; Vaudra Jewell Coleman, 1 tube; William Franklin Vensley, 2 tires and 2 tubes; Willie Clide Langham, 2 tires; William Earl Boyd, 2 tires; James William Grand Webb, 2 tires; Chas. Raymond Wiggins, 2 tires; Clarence

## Roads To Be Completed Soon

Judge R. R. Townsend, and the Commissioners, O'Brien, Schofer, Aten and Debnam attended a high-way meeting in Lubbock Monday.

They met with S. C. McCarty, State Highway Engineer.

Assurance was given by Mr. McCarty that the Brownfield Road, and the Cemetery Road would be completed in the near future.

## Receive New Red Cross Materials

A new shipment containing one thousand yards of material has been received by the Red Cross, this past week.

This material will be made into hospital bedshirts and operation gowns Mrs. M. Q. Martin, local Red Cross chairman stated that in order to have this order in time, more help will be needed at the Red Cross sewing room.

There are more than 665,000 buildings in New York city.

## Funeral Services Held Monday For Mrs. McClure

Funeral services for Mrs. Annie McClure, resident here 17 years, who died in a hospital Monday night after a lingering illness, were conducted at 3 o'clock Monday afternoon from the Higginbotham funeral chapel by Rev. E. F. Cole, pastor of the First Baptist Church.

She had been living with a daughter, Mrs. Ollie Smith, near Morton, for the past year.

Burial was in the Lamesa cemetery under the direction of Rix Funeral Home of Lubbock.

Surviving are five sons, C. W. McClure of Lamesa; L. V. McClure of Wadsworth, California, and Cephus and George Irons of San Francisco; two brothers, two sisters, 18 grandchildren, a great grandchild and Mrs. Ollie Smith of Morton, a daughter.

## H. A. Wright Now In Navy Training

GREAT LAKES, Ill. — Now serving with the U. S. Navy is Henry Alexander Wright, Jr., 21, son of Mr. and Mrs. H. A. Wright of Lamesa, who was received at the U. S. Naval Training Station here and is now undergoing recruit training.

The new recruit will be given a series of aptitude tests to determine whether he will be sent for further instruction at one of the Navy's many service schools, or assigned for duty at sea or at some other naval station.

# Henningsen-Lamesa To Open New Creamery On June 1st

## Sgt. Y. L. Echols Writes Parents

Mr. and Mrs. R. E. Echols are in receipt of a letter from their son, Sgt. Y. L. (Shacky) Echols of the United States Marines, stating that he had arrived safely at an undisclosed point in the Southwest, Pacific. Shacky reported that he was well, working extra hard, and raring for action. He told his parents not to worry, that distance and time would prevent them from hearing from him regularly.

## Construction Work To Be Started Soon At Lamesa Glider Pilot Training School

Reports Monday morning indicated that the base section at the Lamesa Glider Pilot Training School has been cleared of all mesquites and other brush, and that engineers were busy marking off the locations for the various buildings and other improvements to be located there.

Col. Meyers of Randolph Field was in Lamesa the first of the week to inspect the work done on the school site and to get a report on the progress being made.

Mr. Younger of the Younger Construction Company has also been here conferring with the engineers and making final plans to get the construction work under way as soon as possible.

John Wilson, who is to be operator of the school, has been in Big Spring most of the week getting the school personnel lined up and making arrangements with the Texas Electric Service Company for the lighting of the field.

Reports this week indicate that actual construction on the school will get underway the first of next week, and that the school will begin operating around July 1.

## Sells Jersey Bull To Dublin Man

J. M. Peterson, route 2, Lamesa, well known West Texas Jersey cattle breeder, this week reports the delivery of a 12 months old Jersey bull, on Wednesday, May 26, to J. K. Grissom, of Dublin, Texas.

In so far as we were able to learn, this is the first time a Dawson County bred bull has been sold to a stockman of Erath County, as it is usually the other way around, for Erath County is well known for its fine Jersey cattle, and one that has always sold purebred Jersey to other sections of the country.

The young bull sold by Mr. Peterson was sired by Onyx Faithful Observer, grand champion of the 1942 Dawson County Dairy Show, and out of Sophie's Dairy Maid, a line of cows that Mr. Peterson has been breeding since 1919.

## Seagraves To Fete 83rd Air Base Group June 2

According to word received from Amos Harper of the Seagraves Reporter today, a celebration will be held Tuesday, June 2 honoring the 83rd Air Base at Lubbock.

A barbecue will be held at the football field, beginning at 5:30.

A dance, which will be held in the Rainbow Inn, will begin at 8:30. Music will be furnished by an orchestra composed of boys from the Lubbock Air Base.

The Air Base has asked that the Lamesa girls be invited as their guests, and they in turn are asked to invite all the girls of their acquaintance to attend and participate in the activities. All are promised a grand and glorious time.

## Wading Pool To Be Opened Soon

The City Commission has promised the Lions Club that they will fill the pool at City Park with water and will appoint a custodian to look after the pool.

This pool is to be a wading pool only, and is to be used by children of pre-school age. Children of Lamesa and every community in Dawson County will have access to the pool at any time they desire.

A Bathing Revue to be held within the next two weeks, with a definite date will be announced later through the columns of the Courier.

## Morris Has Big Veterinary Ad

Attention of the farmers and stockmen of Lamesa territory is called to the large ad of Morris Pharmacy in this issue of the Courier, asking that they bring their livestock and poultry problems to them.

Morris Pharmacy carries a full line of veterinary serums, vaccines, and bacterins, as well as all medical specialties, syringes and instruments.

B. F. Morris, owner of the store states "Every animal saved contributes to the national defense effort, and our store is more than ready to help farmers and stockmen at all times with their livestock and poultry problems."

**KEEP MILK COOL AND CLEAN FOR BEST RESULTS**

To make every gallon of milk and cream readily available for the "Food For Victory" program you must save every gallon, every pound. Heaviest losses are caused by failure to be clean and to cool milk (or cream) rapidly. Water direct from the well will cool milk 21 times as fast as cold air. So fix up a home-made milk-cooler. Stir milk or cream while cooling it down.

## Sells Tank In A Hurry With A Courier Ad

About a week ago, F. H. Lee advertised a 200 barrel tank for sale in the Courier Classified section.

Mr. Lee reported this week that he sold the tank to the first caller before breakfast less than an hour after the paper had been distributed. And before the deal was completed, several other prospective buyers showed up at Mr. Lee's home.

Such results as told above is one of the many reasons we are so proud of the Courier Classifieds and why we boast so much about the results received by their users.

For the surest and most economical method of getting your message before the most people the Courier Classified section is the best we know anything about, and results such as Mr. Lee received, are adequate proof of this statement.

## Need Wire To Finish School Tennis Courts

An appeal is being made this week for the donation of some used galvanized barbed wire to be used as reinforcement for the three new tennis courts to be built on the Lamesa High School playgrounds.

All persons having some wire of this description are asked to leave it at the rear of V. O. Key's office where it will be stored until needed.

Jack Broyles has contributed sufficient wire to complete one court, so that wire for the two remaining courts is all that is necessary.

The building of these tennis courts is being sponsored by the Senior Class of Lamesa High School, the Lamesa School Board and the Lamesa Rotary Club.

## Lions Clubs Elects New Officers

In a regular meeting of the Lions Club, held at the Plaza Hotel, Wednesday noon, the members of the Lamesa Lions Club elected the following new officers for the ensuing year:

Oliver Cates—President.  
Leslie Pratt—First Vice-President.  
Stanell Clement—Second Vice-President.  
Don Emory—Third Vice-President.  
Dr. J. M. Harrington—Lion Tamer.  
J. R. Earnest—Tail Twister.  
M. E. Boren and Travis Tarter, are hold over directors and Harvey Pace and Joe Whitlow were elected as new directors.  
E. D. Landreth—Song Leader.  
Oliver Cates and Joe Whitlow were elected as delegates to attend the Rotary International Convention, which will be held in Toronto, Canada in July.

Julius Caesar planned the first public libraries.

## USO Drive For \$3,073.40 To Get Under Way In County

W. D. Arnett, Dawson County USO Chairman is attending a district meeting in Lubbock today (Thursday) at which plans will be completed for the USO drive for funds in this area.

Dawson County's quota in the latest USO drive has been set at \$3,073.40, which is based upon a 19 cents per capita assessment. The quota for Texas is \$1,100,000 and the national figure has been set at \$32,000,000.

Mr. Arnett has expressed the opinion that upon completion of the plans for this area at the Lubbock meeting, the drive in this county will get under way the first of next week, and that he hopes to appraise Dawson County's quota within the week.

The appointment by Mr. Arnett of his staff of workers is expected to be made Friday or Saturday, and the complete organization will be ready and on the job by Monday morning.

Approximately 50 per cent of the USO funds to be raised will be used for the upkeep of the 450 club houses and 250 smaller units already established or soon to be placed in operation over the nation and the units which are in foreign bases.

Around four million dollars of the money to be raised will go for recreation and amusement features with about a million dollars going for essential non-operating expenses. An emergency fund of \$500,000 will be established with the approval of the president and the Army and Navy Department, to care for any emergency that might arise.

## Improvements Are Valued At Nearly \$250,000

V. W. Henningsen of New York City, president of the Henningsen Corporation, Walter Henningsen of Portland, Oregon, U. S. Harkness, Shanghai, China, and Harold Silver of London, England, have been in Lamesa this week on an inspection tour of the Henningsen properties, and to look over the many new improvements of the Henningsen-Lamesa plant.

Henningsen-Lamesa will open their new creamery plant on Monday, June 1, and this with other recent improvements, constitute an additional investment by this firm of approximately a quarter of a million dollars in Lamesa. The new creamery will buy cream both from dealers and direct shippers, and will give dairymen of the area an additional market for their milk and cream.

Bill Hessler, manager of Henningsen-Lamesa, reports that there are approximately 380 persons now employed by his firm, and that they are breaking around 2,000 cases of eggs per day. These eggs are all purchased within a radius of 150 miles of Lamesa.

Mr. Hessler states that the entire output of Henningsen-Lamesa is going to the government, both for shipment to England and for use by the armed forces of this United States. An interesting sidelight was given on the shipments to England, when Mr. Hessler said that as far as his company could learn, not a single consignment had been lost in transit to that country.

Lamesa is to be congratulated on being the location of such a firm as Henningsen-Lamesa.

## To Leave Soon For Army Duty

Bob Wade, an employee of the Courier for most of the time during the past nine years, will leave the latter part of this week for service in the United States Army. Wade will go in as a volunteer officer candidate.

Mrs. Wade will remain in Lamesa for a short time before going to Mineral Wells to spend the summer with her parents, Mr. and Mrs. Cullen Grimes.

J. C. Pope, a newspaper man of wide experience has been employed by the Courier to take over Wade's duties.

There are 10,000 farms, averaging about four acres, on the island of Malta.

## Important!

Do any of the following numbers appear on your Sugar Rationing Book?

25828-251
25875-251
25876-251
25877-251
25878-251
25879-251
25880-251
25881-251

If so, please report to the local rationing board immediately as it is most important that we have record of these books. It is important to the book holder as well as to this office.

Rep. Sam Rayburn beamingly approves Hopkins County stew, popular East Texas dish, served at Sulphur Springs' unity rally. Its base usually is chicken which is supplemented by a number of other appetizing ingredients.

Mr. and Mrs. Earl Goen and family left Monday for San Angelo, where they will spend several days visiting with relatives and friends.

Mrs. Glenn Cope spent the week end in Abilene visiting with her husband, who is stationed at Camp Berkeley.

**"We get finer. Lighter cakes with K C Baking Powder"**  
—Say Many Famous Home Economists

Cakes—cookies—biscuits—they're all better when you bake with K C Baking Powder.

For more than fifty years, K C's high quality has made it the choice of housewives and home economists alike. And the K C you buy today is an improved, modern, double-action baking powder—unexcelled for baking dependability.

K C is economical, too—full 1 pound can costs only 15c. For better baking every time get a can from your grocer today.

**BAKING HINT NO. 49—Better cookies are baked in shallow pan placed near top of oven.**

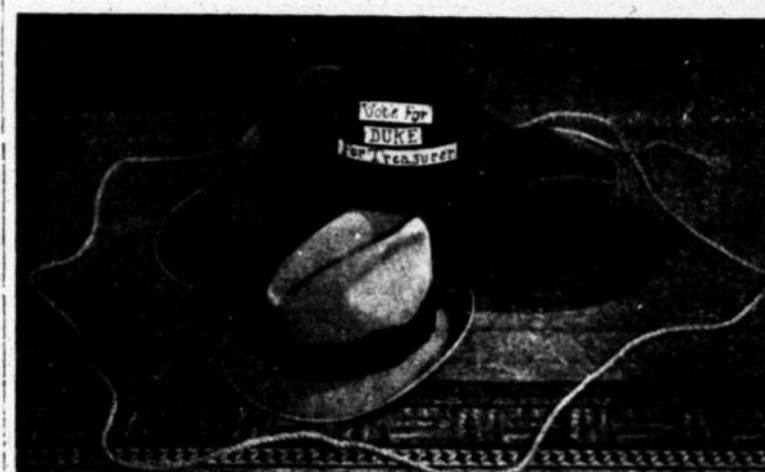

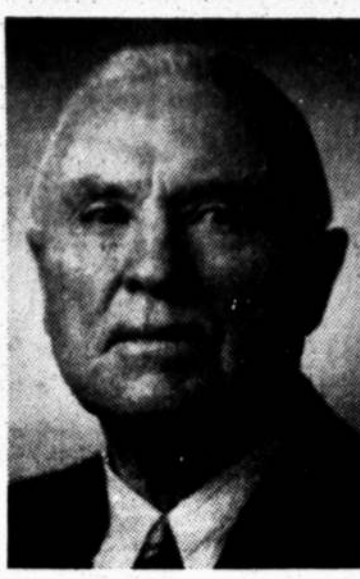

**KC BAKING POWDER**  
You Can't Buy a Better Baking Powder

**H. Lambert Duke Makes Statement To Voters**

Before announcing for the office of County Treasurer, I first found out the duties of the office to make sure that I was qualified to perform those duties. Then I tossed my derby in the political ring for the first time in 65 years.

If you think you can vote for me without your conscience hurting you, I assure you that your vote and influence will be greatly appreciated, and if elected, will try and conduct myself in a manner that you will not be ashamed of having supported me.

The Treasurers office is strictly a

book-keeping job, and that has been my line of work for the past six years with Bryant-Link Co., assisting Mr. Cecil Speck with his office work and making change at the cash register on busy days, working only in the afternoon of each week day during the fall rush, and on Saturday afternoon only, during the spring and summer months.

Counting full time, this will amount to less than three months work for the entire year, and this will not pay my living expenses. I kept books for almost two years at the First National Bank, and when Simpson & Jones were in business here in Lamesa, I was transferred from behind the Grocery Counter to the office to help Mr. Jones during the fall rush.

All in all, I have had better than 15 years of actual experience in different kinds of office work.

I have resided in Lamesa for the past 27 years and I am asking the good citizens of Dawson County for the privilege of serving them for the next 2 years as their next County Treasurer.

Due to the restriction on Auto tires and tubes, I will not attempt making a house to house canvass of the county, but will try and see you on the streets of Lamesa and ask you personally for your support.

I realize that I will miss seeing some of you, and I am asking you to PLEASE accept this message as a personal request for your vote and influence. I feel like it is my duty to cut expenses all I can, and invest the savings in War Stamps and Bonds, so as to help our government in speeding up production on the necessary war equipment for our soldiers boys to fight with. We have got to win this war, and the quicker we help our government get ready the less lives will be lost.

Due to war conditions, I am also

in favor of discontinuing the former custom of holding candidate speakings all over the county, and buy Stamps and Bonds with the savings. I am 100 percent for helping Uncle Sam win this war. I have no hard luck story to make, and I am not asking you to support me through sympathy. Neither am I asking you to support me because you are a good friend of mine, because my opponents might also be a good friend of your, and that would be unfair to both of you.

I am asking you for your support STRICTLY ON EFFICIENCY, and as a law abiding citizen of Dawson County, for the past 27 years.

If I happen to be chosen as your next County Treasurer, I give you my word of honor that I will perform the duties of the office to the best of my ability, and will try and keep the books in balance so you will have a correct record showing what your tax money was spent for.

Thanking you in advance for all favors shown me, and hoping you will leave my name UNSCRATCHED on July the 25th.

Yours sincerely,  
**H. LAMBERT DUKE.**  
(Pol. Adv.)

Miss Polly Lynette Carroll left Wednesday for Denton, Houston and Trinity, where she will visit for several days with friends and relatives.

Mr. and Mrs. Paul Collier and children of Jal, New Mexico, spent several days this week visiting with relatives and friends here.

Mr. Vernon Carver and daughter, of Childress, are visiting here this week in the home of Mr. and Mrs. J. D. Davis, and Mr. and Mrs. Carroll Davis.

**Can Pineapple; Use Substitute For Sugar**

As fresh pineapple becomes more plentiful, many housewives will be interested in canning some for next winter's use. The lack of sugar does not mean that good pineapple cannot be canned, one may use corn syrup to a very good advantage.

Mattie Phenix, the county home demonstration offers the following directions:

Select ripe orange colored fruit from which the spines may be pulled out very readily. Cut off the stem end and twist out the tip. Place the pineapple on its side on a table and slice crosswise. Peel each slice. Cut out core and shape the slices with a sharp round cutter or cut in pieces of any desired shape.

Juice or sirup for canning the fruit is best made by cooking the outer trimmings of the meat of the fruit. Add cores and enough water to cover. Simmer until the fruit is clear, then strain the juice and add an equal amount of light corn sirup.

Cook slices or pieces of fruit in the sirup 8 to 10 minutes or place in the container and exhaust 5 to 10 minutes in the container after the hot sirup has been added. Then seal and process in water bath. No 2 cans for 15 minutes, No. 3 cans and pint glass jars for 20 minutes, quart glass jars for 25 minutes. Use plain tin cans when canning in tin.

Cool quickly to prevent overheating, as this affects the flavor and color.

**PERSONALS**

Mr. and Mrs. Frank Ogle of Brownfield spent Sunday in Lamesa visiting with friends.

Mr. and Mrs. Eldrid Travis of Lubbock spent Sunday here visiting with relatives and friends.

Mr. and Mrs. Jess Slaughter of Gail spent Monday here visiting in the home of Mr. and Mrs. A. B. Heffernan.

Miss Maxine Speck who has been teaching at Sonora, the past term has returned to Lamesa, where she will spend the summer visiting with her parents, Mr. and Mrs. O. C. Speck.

Mr. and Mrs. E. V. Wilkes and Rex Wilkes, and Mr. and Mrs. James Crumbley spent Sunday in Lubbock visiting with Tom Wilkes.

Mr. and Mrs. Jim Wade of Combs are visiting here this week in the home of Mr. and Mrs. Wade Bartlett.

Mr. and Mrs. Ben Cason and children returned Monday from Waxahatchie, where Mrs. Cason and children had spent the past several weeks visiting with relatives.

Miss Leva Cason spent the week end in San Angelo visiting with her Mr. and Mrs. Phil McKee.

Mr. and Mrs. Esdel Allen of Big Bend in San Angelo, are visiting here this week with relatives and friends.

Wedding Of Miss Gerry Gamblin And Lt. McBride Solemnized At Floydada

The marriage of Miss Gerry Gamblin of Lubbock, daughter of Mr. and Mrs. J. M. Gamblin of Floydada to Lt. John G. McBride, son of Mr. and Mrs. W. C. McBride was solemnized at 7:30 o'clock Monday night at the home of the brides parents.

The Rev. Doyle, pastor of the First Baptist Church of Floydada, read the impressive wedding service before an improvised altar of ever tuffeta, fashioned with a round neckline, a full bodice, and a full skirt. Her finger tip length veil of illusion was attached to a halo of orange blossoms. She wore a strand of pearls. White stephenodus formed her colonial nosegay which was tied with white satin ribbon.

Miss Estelle Hoder of Lubbock was maid of honor. She wore a colonial Shirlmaker of Aquie and carried a chortmal nosegay of mixed flowers.

Attending Lt. McBride as best man was Lt. Perry S. Cox of Lamesa. Mrs. McBride is a graduate of the Floydada High School and attended Tech at Lubbock for several years.

Lt. McBride is a graduate of the Lamesa High School and also attended Tech at Lubbock. He has just completed his basic training at A. C. T. S. C. Scott Field, Ill.

A reception followed the wedding ceremony at the Gamblin home with only close friends and relatives attending.

The table was laid with a blue linen cloth and centered with an arrangement of cornflowers and delphinium, with tall white tapers on either side. Mrs. Lowell Gamblin presided at the three tiered wedding cake.

Following the reception Lt. and Mrs. McBride left on a short wedding trip. For her traveling costume she wore a black suit with white accessories.

Lt. McBride will be stationed in Florida.

PERSONALS

Mrs. Lynelle Klines Becomes Bride Of Dr. S. Z. Frazier Sunday Afternoon

The marriage of Mrs. Lynelle Klines, daughter of Mr. and Mrs. Wade Bartlett to Dr. S. Z. Frazier, son of Mrs. Fannie E. Frazier of Kermit, West Virginia, was solemnized at 2:30 Sunday afternoon at the home of Mr. and Mrs. Sam Jenkins with Rev. E. F. Cole, pastor of the First Baptist Church officiating.

The bride wore a British T and a Shantung suit with white accessories. Mrs. Frazier is a graduate of the Lamesa High School and attended Draughton's Business College. For the past year she has been employed by Dr. J. M. Harrington.

Dr. Frazier is a graduate of the University of Louisville and interned at the Louisville City Hospital, Louisville, Kentucky, and is a member of the Phi Beta Pi Fraternity.

After a short wedding trip to Fort Worth they will make their home on North Seventh.

WHEN CLEANLINESS OUTRANKED GODLINESS

WATERLOO, Okla. (AP)—A dust storm wiped out morning services at the Waterloo church, which doesn't employ a regular janitor and is kept clean by members.

Along came a dust storm after the regular cleaning and when the congregation arrived the pews, walls and floors were covered with dirt.

So everyone, including the minister, got busy with dust cloths, brooms and dust pans. When they finished, the workers joined in singing a few hymns and the pastor, the Rev. James Shepherd, spoke a few words. Anyway, the church was clean for the evening services.

THEY CAN ASK FOR THE FAMILY RATE

PETERSBURG, Ill. (AP)—Brothers Fred F. Finney, 54, and David B. Finney, 52, carry their brother act pretty far.

Their brother Rotarians and hospital workers. When Fred entered the hospital, brother David followed. The parallel extended to major operations for both hardly a week apart, for an identical ailment. They had the same surgeon.

ALL IN THE DAY'S WORK

BALTIMORE (AP)—The policemen found the gas leak they were looking for but not until after an unexpected interruption. A door-to-door check of the suspected apartment building took them to the home of Mrs. Gertrude Dove.

"I think I need your help," she told the gas hunters. "I'm going to have a baby." They rushed her to the hospital four minutes before her son was born. Then they returned to the apartment building and found the leak in the basement.

A PLEBEIAN FOOD GOES TO COLLEGE

OKLAHOMA CITY (AP)—Roy Dillon, professor at Oklahoma City University, says he has eaten a hamburger every evening at dinner for two years.

'M ONLY DOING THIS BECAUSE I HAVE TO'

BALTIMORE (AP)—Albert Robinson went to jail for a year despite his patriotic alibi. He told the judge the reason he was caught taking tires and a heater from an automobile was to raise money to pay his income tax.

TERRAIN NO BARRIER TO ARMY RAILMEN

CAMP CLAIBORNE, La. (AP)—When the United States army invades in this war, soldiers will be ready to build railroads in a hurry.

The 71th Engineers Battalion, railway operating, is nearing completion of a 45-mile railroad line between this camp and Camp Polk, home of armored troops.

The road is being constructed over a rough terrain, hills and crosses several streams including the Calcasieu river.

Army officers explained that the route taken for the railroad was picked in accordance with actual war conditions—it is wrapped around the hills to follow the easiest and quickest course.

The federal census calls any town with 2,500 inhabitants or more a city.

Able Seaman Oscar G. Chappel (above) of Nornagee, Tex., burned to death at the helm of a flaming torpedoed vessel in the Atlantic while keeping the ship headed into the wind to give his shipmates a chance to escape.

**DEDICATED TO HENRY J. PRICE**  
 By daughter Mrs. A. S. Alsobrook  
 Written by A. L. Burnett, Lubbock.  
 A sturdy sapling stands straight and tall on the brink of Hope's river.

His feet are set deep in the rich river-nourished soil.  
 His arms are strengthened by the daily battle for existence.  
 His head stands high among those of his fellows.

The soil bursts at his feet. He has become a forbear. His own scars have come forth and hence-forward look to him for shelter from storm and sun.

What consolation is his! What pride!  
 His hands are uplifted in worship. His will is ever to do good to all that come his way.

Strangers find hospitality and shelter in his domain.  
 He grows more stalwart and more serene.

Time furrows his face and gnarls his fingers but his heart grows richer and more mellow with the years.  
 Accident, disease, and the unkind in nature, leave their mark.

His shoulders droop. His knees stiffen.  
 Locks turn gray and become thinned so that the sunlight trickles through. But in his heart there still is a sweet song. And his kindness and helpfulness fall on all that are near.

His feet hold fast their anchor on the river's brink.  
 That stream has meant so much to him.

In times of trial and adversity it has been his loyal stay.  
 How many times it has steadied him in the hot drouth of summer!

How often he has gained from it, that last few ounces of strength necessary to hold on, and to stand firm, in the night of howling storm!  
 Gladly now it flows at his feet. Sweet river!

Hope!  
 He feels that perhaps the sweetest experiences that have come his way, the sweetest things of Life itself, have come by, through, or because of this river.

Ah, if only his very being could become enveloped in that flood.  
 Oh, happy thought!  
 His arms become limp and fall at his side.

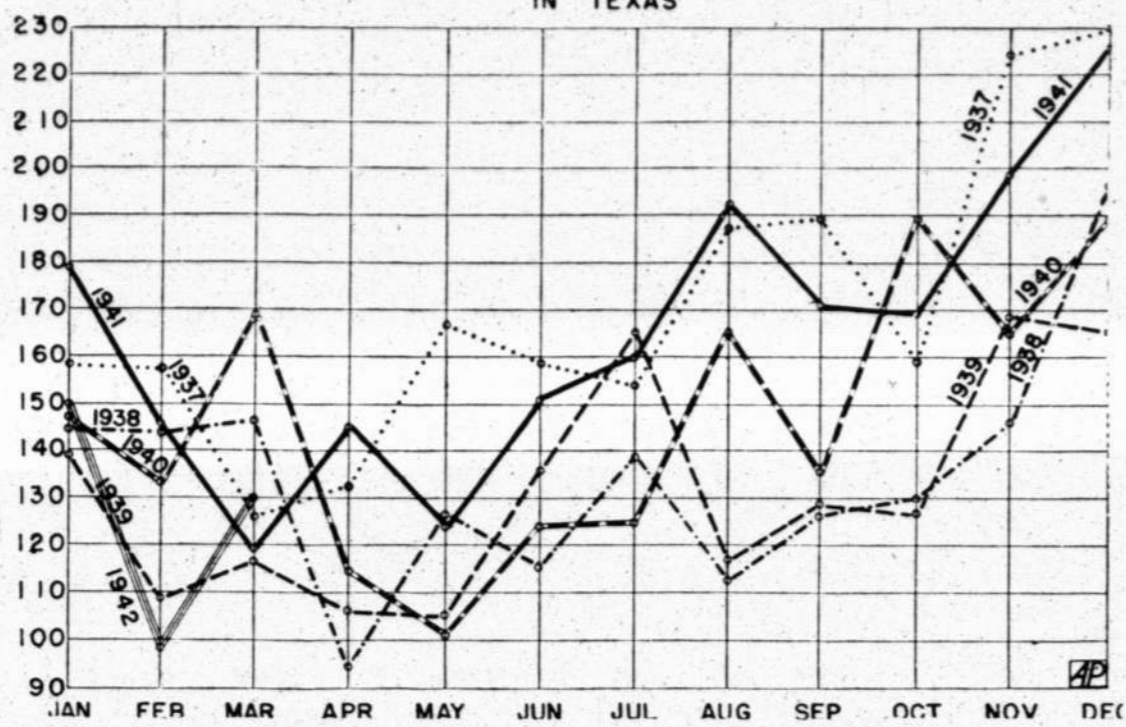

His proud head bows in awe.  
 His twisted, time-ravaged body contorts itself to the woeing stream and he floats out of time, on the softly swelling bosom of this Hope, into the sea of God's Eternity.

**CLEAR, CLEAN, COOL FRESH WATER IS CHEAP COW FEED**  
 Clear, clean, cool, fresh water is the cheapest feed you can give a dairy cow. Since milk is over 85 percent water it pays big dividends to have such water before your cows at all times.

**TEXAS 4-H BOYS SELL ENOUGH LAMB, BEEF AND PORK IN 1941 TO SUPPLY CAMP BARKELEY**

Texas 4-H Club boys sold enough lambs, beef and pork in 1941 to feed Camp Barkeley for one year. These same boys have raised their goals in 1942. Have you?

### MOTOR VEHICLE TRAFFIC FATALITIES IN TEXAS

Texas' traffic death total nosedived 14 per cent in the first three months of 1942, reports the Department of Public Safety. In 1941, traffic fatalities jumped 12 per cent, taking the lives of 1,979 persons.

### Tire Rationing

(Continued from Front Page)

James Booe, 2 tires and 2 tubes; James William Grant Webb, 2 tires and 2 tubes; John Robert Gandy, 1 tire and 1 tube; Jenkins & Wood, 1 tire and 1 tube; Wiley N. Temple, 2 tires and 2 tubes.

Total number tires issued for new truck, bus and implement, 63. Total number tubes issued for new truck, bus and implement, 34. Total of 39 persons received certificates.

The following persons received certificates for retreaded or recapped car tires:

Charles Rudolph Burleson, 5 tires; Tom Hastings, 1 tire; Harriet E. Wasson, 2 tires; Otho Watson Neill, 2 tires; Dwie Dwight Woodul, 1 tire; Clyde Herman Edwards, 5 tires; Warren Hurley Burns, 2 tires; Robert David Etchison, 2 tires; Grover Cleveland Aten, 3 tires; Thomas Claud Moseley, 1 tire; Walter Tucker Meeks, 5 tires; Carl Wilbur McClure, 1 tire; Jack Sykes Phinizy, 2 tires.

Total certificates issued for retreaded or recapped tires for cars, 33. Total number of retreaded or recapped tires issued, 32.

The following persons received certificates for retreaded or recapped truck, bus and implement tires:

Howard Raymond Cope, 5 tires; Lamesa Meat Co., 5 tires; Joseph Robert Flanken, 1 tire; Garland Gross, 1 tire; Joseph Robert Flanken, 2 tires; Simpson Oil Co., 4 tires; Wendell Kavanagh Jordan, 2 tires; Texas Highway Department, 5 tires.

Total retreaded or recapped truck, bus tires issued, 25.

Two persons have received certificates for obsolete tires:

Elmo Murff, 2 tires; Herman Petteway, 1 tire.

### Cotton Onsurance Meeting To Be Held June 3

Groundwork for the 1943 cotton crop insurance program will be laid by Texas agricultural leaders in Dallas, Wednesday, June 3.

Regional AAA directors and coordinators are cooperating with the Department of Agriculture's insurance agency in making arrangements for the one-day session. Leading cotton growers, warehousemen, processors of cotton and cottonseed and representative of farm, trade, bankers and other agricultural organizations have been invited to participate in discussions.

Representatives of Federal Crop Insurance Corporation will explain the operation of the cotton crop insurance program and request recommendations that will improve the program, making it even more acceptable to cotton growers.

In announcing the meeting, Donald L. Cothran, state crop insurance supervisor, explained that similar discussion meetings are being held in other major cotton producing states during May and June and will replace a national conference. Reducing expense and travel time in interest of economy are reasons for state conferences, he said.

Texas cotton growers led all other cotton farmers in the nation in all-risk crop insurance which is offered for the first time this year. Approximately 54,252 farming units in the state insured 1,488,690 acres against all unavoidable hazards. On national basis, 172,000 farming units, comprising more than a million and a half acres, were insured.

**COOPERATE WITH YOUR NEIGHBOR TO SAVE TIRES**

With tire shortages becoming more and more serious, and with the need of rubber for war machines increasing rapidly, farmers are urged to conserve all tires as well as automobiles in every possible manner. This can be done by bringing your neighbors to town, to meetings and to recreational and entertainment centers. Just one of those old "I will carry you this time, and you carry me next time" propositions—but it will help a whole lot between now and 1944. The sooner we start the sooner we will see the results of such conservation methods.

**GOOD SHADE FOR COWS PAYS DIVIDENDS IN MILK**

High winds and the hot sun have reduced milk production more than anything else in this area. A good shade-belt at home and covered with old burlap—will really pay dividends in July and August. Build a good shade early in June.

### Lubbock Cadets Purchasing Bonds

Lieutenant U. S. Bond carries on. Yes, the flying cadet with the timely name has received his commission and is still engaged in helping swell the sales of U. S. Bonds at the large Lubbock Army Flying School.

Only last week three enlisted men in the Lubbock School personally purchased \$4500 worth of bonds.

Neal Wright, assistant county chairman of bond sales for Lubbock County, named the three men as Pvt. Charlie Bando of Lubbock, Pvt. J. L. Scott of Wilson, Texas, and Pvt. J. D. Gaughan of Paola, Kansas.

Already the total of bond deductions from salaries of officers, cadets, enlisted men, and civilian employees is over \$17,000 monthly, and the figure is still growing.

**Lubbock Cadet Wins Sweetwater Golf Tourney**

Holing a chip shot from off the green for a birdie, Aviation Cadet Ted Adams of the Lubbock Army Flying School broke the tie on the twentieth hole to win the Sweetwater Invitation Golf Tournament from Bobby Davidson of Sweetwater, runner-up in last year's West Texas Tournament.

Playing a closely contested game before a large gallery, Cadet Adams won individual honors in the tournament, his prize a U. S. Bond. Adams is a former Missouri Amateur Champion and Canadian Amateur Champion.

Pvt. Foy Fanning of the Lubbock Flying School won the championship flight consolation and the Lubbock team received the service trophy.

**GROW OUT DAIRY HEIFERS THEY WILL MAKE GOOD MILK COWS**

Grow out those young dairy heifers so that they will develop into good milk cows. Money and feed spent now will return many times in the next few years. A good ration must provide plenty of minerals and vitamins as well as proteins, carbohydrates and fats.

A well recommended ration for young heifer calves is:

Ground maize heads—200 lbs.  
 Ground oats—200 lbs.  
 Wheat Bran—100 lbs.  
 Cottonseed meal—100 lbs.  
 Limestone flour—12 lbs.  
 Salt—6 lbs.

Feed about one pound per day for each month of age of calf—as follows: 2 months calf, one pound; three months, 2 pounds; 4 months, 3 pounds; 5 months, 4 pounds; 6 months, 5 pounds; 7 months and older, 6 pounds. The calf should have access to plenty of good pasture or silage all of the time.

**WATCH YOUR EGGS—AND REAP MORE PROFIT**

Eggs produced in the "Food for Victory Program" are of no value if they are not usable. To be usable eggs should be:

1—Gathered twice per day.  
 2—Clean.  
 3—Kept in a cool place.  
 4—Marketed at least twice per week.  
 5—Infertile.

### Hat In Ring

This is the latest photograph of Dan Moody, who after more than a decade engaged in private law practice, announced he was in the race for the United States senate nomination.

### Cattlemen Are Meeting Goals

Reports on movement of cattle to market indicate that Texas cattlemen are meeting the goals they accepted in the Food for Freedom program, the Texas USDA War Board announced today.

The USDA War Board announcement cited the BAE range and livestock report for May 1, which declared that "total market movement of cattle and calves for the first quarter of the year 1942 was 421,000 head, which was the second largest movement on record for that period and compares with 351,000 head for the same period last year."

The USDA War Board goal for 1942 called for the marketing of 3,521,287 head of cattle, an 18 per cent increase over 1941.

B. F. Vance, chairman of the Texas USDA War Board, declared that the increased cattle marketings were a good indication that cattlemen, along with other branches of the agricultural industry, intend to meet their pledges and to do their share in providing Food for Freedom.

**FARMERS ARE CAUTIONED TO TAKE NOTE OF NEW RULING BY OPA**

Farmers are cautioned to take note of a recent ruling of the OPA regarding care of tires. This ruling is that where the Local Rationing Board has reason to believe that the tire user has failed to adopt such reasonable precautions as would prevent the destruction of a tire the Board can and will refuse to issue a certificate for the purchase of a new tire. This means that farmers should use diligent care to not overload tires or tractors, should keep tires properly inflated and should have such tires recapped rather than wearing same to the point where recapping is not practical.

**THEY CUT EXPENSES**

McARTHUR, O. (AP)—Lack of funds to pay for removal of four dead elm trees on the lawn of the Vinton County courthouse stumped county officials—but not for long. They rolled up their sleeves, manned axes and saws, and did the entire job in five hours.

## RURAL CORRESPONDENCE

### More Canneries Certified

The Texas USDA War Board today announced that 12 more tomato canneries had been certified which are guaranteeing producers

fair prices for tomatoes for canning. Canners who are certified will receive higher prices for that portion of their tomato pack which is purchased by the government. To be certified, canners were required to contract with growers for their tomato crops, guaranteeing a price of not less than \$17 per ton. Canners recently certified included: Southwest Products Co., McAllen; Marshall Canning Co., Mc-

Allen; Texas Food Products Co., Mission; Taormina Corp., Donna; Griggs Canning Co., Natalia; Halsey Canning Co., San Antonio; Adams Garden Nursery Corp., Harlingen; Whitson Food Products, Inc., Denton; Rio Food Co., Mercedes; Vitamin Foods, Inc., Pittsburg; Mountain Pass Canning Co., Canutillo; and Delta Canning Co., Raymondville.

**JUST AS QUICK, NOT SO COMFORTABLE**  
OKLAHOMA CITY (AP) — Consider the case of O. E. Mason, in charge of an oil field salt water disposal system. Mason has been getting around oil fields for 21 years—on rubber tires. Now he uses a horse. One of his duties is the checking of 22 salt water meters. For six years he has ridden — in cush-

ions—26 miles every day, covering his meter route. "It took six hours by truck," says Mason. I've cut the distance to 18 miles by horseback by riding across country and it still takes six hours. "Gosh, I'm sore!" Bonds buy bombs, Stamps buy bullets! Buy U. S. Defense Bonds or Stamps every pay day!

## THEATRE PROGRAM

### PALACE

ADMISSION 11c and 30c

### Friday

LAST DAY TO SEE

### "Born To Sing"

The stars of tomorrow in the Musical of TODAY.

### Saturday Only

MAY 30TH

It's different — she played a man's game with the heart of a woman...

### "Gambling Lady"

—with—  
Barbara Stanwyck—  
Joel McCrea and Pt O'Brien  
Also Serial and Comedy

### Sunday - Monday

Also News and Comedy

### THREE LEAGUE

Gladys Russell

Gladys Russell spent the week end with Darline Moore of Union.

W. H. Rollow and son of Ada, Oklahoma, visited in this community Sunday.

Joyce Painter of Wilson is spending the week with Maxine Russell.

Mr. and Mrs. Cay Elrod of Aberdeen spent Sunday with Mr. and Mrs. Cecil Reid.

Mr. and Mrs. W. C. Holcomb, Mr. and Mrs. G. M. Oliver and Mrs. Norwood made a business trip to Stanton Wednesday.

Cleveland Conger made a business trip to Lubbock Monday.

Mr. and Mrs. W. C. Halcomb and daughter, Gloria, attended the Old Settlers Reunion in Plainview Saturday.

Mr. and Mrs. Amos Painter and family of Wilson visited Mr. and Mrs. J. M. Russell Sunday.

### MIDWAY

Mrs. W. E. Love

This community received about four inches of rain and hail Friday night. The crops and fruit crop was a total loss. A number of people lost practically all of their young chickens, caused from high water.

Dorothy Lee Jeter, underwent an operation for appendicitis Saturday.

Mr. and Mrs. Claud Love and daughter of Monahans, spent the week end with Mr. and Mrs. W. V. Love.

Mr. and Mrs. Coffman and sons and Mr. and Mrs. Elmo Murff and daughter visited Mr. and Mrs. J. M. Ballard of Hancock.

Mr. and Mrs. Bill Love and Curtis Woodward visited Mr. and Mrs. A. S. Riddle Sunday afternoon.

We are sorry to report A. P. and Minnie Ann Mullins are ill with the mumps.

### WELCH

Hazel Greer

Sunday School attendance was well attended Sunday at the Baptist Church. Attendance at the Methodist Church was also good Sunday morning and Sunday night.

Mr. and Mrs. R. H. Ranson and family visited Mr. Ranson's parents Sunday at McCarty.

Dorothy and Junior Lane, Finis Meeks, James Houston, Preston and Elvie Wilson visited in the Coker home Sunday.

Everyone enjoyed the music Sunday afternoon, furnished by Ike Houston and other men of Lamesa and the Welch gang.

A baseball game was enjoyed Sunday afternoon with the O'Donnell boys and Welch. Welch was the winner of the game.

Mrs. Joe Pounds and friend of Lamesa, visited in the Lane home Sunday.

Mrs. R. H. Ranson and Mrs. Jim Greer visited Mrs. Frank Lane Monday afternoon.

Hazel Greer visited with Dorothy Lane Monday afternoon.

We are sorry to report that Robena Fortenberry has the mumps. We hope for her a speedy recovery.

There will be a music rally at Welch Friday night and Ike Houston of Lamesa is also going to speak. Everybody come.

Mr. and Mrs. S. T. Biss and family and Mr. and Mrs. R. D. Porter and son left Sunday for Lake Arthur, New Mexico, where they will make their home.

Mr. and Mrs. Frank Wilson are the proud parents of a baby girl.

### SPARENBERG

Sherman Moulton, Jr.

Bro Leach filed his regular appointment with the Baptist Church here Sunday.

Mrs. O. G. Lewis and Linda spent the latter part of the week in Post visiting relatives.

Misses Tommy Bradford and Opal Russell of Odessa spent the week end with the former's parents, Mr. and Mrs. I. S. Bradford.

Mr. and Mrs. Claud Love and daughter, Cecil of Monahans, spent Sunday in the home of her parents, Mr. and Mrs. T. S. Bradford.

Jack Turner left Wednesday for Fort Worth, where he will spend the summer.

Mr. and Mrs. Burchell of Sand spent Sunday with their daughter, Mrs. J. E. Airhart and Mr. Airhart.

Cecil Lewis is visiting with his grand-parents at Rule this week.

### Permissible Farm Construction

Construction work on a farm must be essential to the meeting of agricultural production goals on the farm if it is to be approved by USDA war boards, B. F. Vance, chairman of the Texas USDA War Board, has announced.

Also the intended construction must be consistent with sound agricultural practices. County boards were instructed to take into consideration past farm records and the competency of the producer.

Buildings which will use a minimum of scarce materials will be more likely to get approval than buildings using large amounts of such materials, Vance said, since the principal purpose of the War Production Board limitation of non-essential construction was to conserve critical materials and equip-

ment.

Another factor which will be taken into consideration is the extent to which the construction work will require labor which might otherwise be engaged in war work.

In considering applications for construction permits, county boards were told to determine whether present buildings were adequate and whether the same production could be attained through the adaptation of existing buildings.

Although county USDA war boards will accept or reject applications for construction permits, final approval or disapproval is up to the War Production Board, Vance pointed out.

teaching at Pettit the past year came home Saturday and is recuperating from a case of mumps. Wanda Lanelle Trice who had been visiting him the past week returned home with him.

Mr. and Mrs. Herbert Wilcox visited their daughter, Mrs. Grison and family at Shumake Sunday.

Mr. and Mrs. Sherman Moulton spent Sunday at Rotan and attended the dedication services at the Baptist Church there.

Rev. Marvin Leech and family left Tuesday morning for a visit in Tahoka, Lubbock and Abilene. They expect to be gone a week.

Miss Lavenia Davis, who has been attending school in Canyon arrived home Friday to spend her vacation.

Mr. and Mrs. Monroe Karther and the Misses Petersons from McCarty enjoyed a few days fishing near San Angelo last week.

Little Carlene Kaddatz is spending this week with relatives at Flower Grove.

Mr. and Mrs. O. G. Guest and daughter, Betty Jane Flache and Mrs. F. A. Lane came over from Carlsbad, N. M., Monday night to visit Mr. and Mrs. Bud Turner and family. Mr. and Mrs. Guest returned to their home Tuesday evening. Betty Jane remained here to visit for several days. Mrs. Lane expects to return to her home at Cross Plains, the last of the week.

Cecil Lewis is visiting with his grand-parents at Rule this week.

# NOTICE!

## TO THE FARMERS OF DAWSON COUNTY AND LAMESA TRADE TERRITORY:

By order of the Office of Defense Transportation the consignees of petroleum products have been notified that effective June 1, 1942 we cannot make special deliveries and must reduce our mileage by at least 25 percent per month over the corresponding month of 1941, and at the same time operate as nearly as possible on an organized schedule.

In order to abide by these regulations we are asking that our customers cooperate by making their orders at least 5 days in advance, checking all needs so that complete service may be rendered with one call.

## Wartime Transportation

Cattle on the hoof, grain on the farm, minerals at the mine, oil at the well, goods at the factory—these cannot help our soldiers or our people until delivered where they are needed.

### Our job is to "Keep 'Em Rolling"

Santa Fe is eager to do its full share of this huge wartime transportation job, military and civilian, throughout our territory. Years of careful operation, maintenance and expansion conditioned Santa Fe facilities for just such an emergency. But to meet every demand, existing equipment must be used to the limit!

### You Can Help, Too

Last year you shippers did a lot to increase efficient use of existing freight equipment. Now we ask your continued cooperation to that end by doing these things:  
• Make every car you use carry a maximum load • Save every hour you can in loading and unloading cars • Order cars only for your actual current needs.  
Your help will help us do a better job for you, as well as for Uncle Sam, whose needs must come first in war.

### At Your Command

Besides all-out war service, Santa Fe is maintaining regular and efficient freight and passenger transportation vital to your community. Talk over your travel and traffic problems with your Santa Fe agent.

SYMBOL OF PATRIOTISM

MINUTE MAN FLIES HIGH.—This is the new Minute Man War Bond Flag, designed by the Treasury Department for firms and organizations which attain more than 90 percent participation in War Savings Bonds purchases by their employees or members through a systematic purchase plan. The Minute Man is embossed in white on a blue background, surrounded by thirteen stars, representing the Nation's thirteen founding States. When companies, labor unions, and other organizations top the 90-percent figure, they will receive a special Minute Man Certificate of Award signed by Secretary Morgenthau, the State Administrator, and the State Chairman of the War Savings Staff, the Treasury Department announced. This certificate entitles the recipient to fly the flag, which is being manufactured in various sizes and is sold by licensed suppliers at a nominal price.

H. D. Council Met In Regular Session Last Saturday

The county home demonstration council met in regular session last Saturday in the office of the county home demonstration agent. Nine were present, representing 6 home demonstration clubs. Mrs. C. W. Shafer, parliamentarian acted as chairman in the absence of Mrs. T. E. Temple. Upon the resignation of Mrs. V. B. Hon, as vice chairman, Mrs. J. L. Morris, of the Wilson community was elected to fill this office. Each council delegate reported good club meetings during the month. The club members have been especially interested in the sugarless recipes which were given to the members. As time goes on, more people are becoming interested in testing their

Specialists Needed In Radio Work By U. S. Army

As an aid in procuring the skilled personnel required for the Army of the United States an intensive effort is being made on the part of the War Department to procure men with specialist qualifications as radio repairmen. The following specifications:

- 1. Guard children from injury in danger zones. 2. Protect children from neglect, exploitation, and undue strain in defense areas. 3. Strengthen the home life of children whose parents are mobilized for war or war production. 4. Conserve, equip, and free children of every race and creed to take their part in democracy.

The clubs are also holding cheese making days. This is follow-up work of a demonstration given to club representatives in April by the home demonstration agent, Mattie Phenix. One of the ways of financing the council and the clubs this year is to produce one-act plays. Mrs. Lee Hansen, council treasurer and a member of the Sparenberg club presented this plan to council in April. It was discussed by the clubs in May and accepted by most of them.

As chairman of the exhibits committee, Mrs. C. W. Shafer, announced a schedule for the clubs to follow in placing timely exhibits in various windows in Lamesa. The council voted to hold a rally during the month of August. Definite plans for the rally will be made later by the yearbook committee.

Miss East Texas Crowned

Dark-eyed Jo Carroll Dennison of Tyler wears the crown of Miss East Texas of 1942. Entering the East Texas Beauty Revue at Tyler as Miss Tyler, she won the judge's choice over contestants from other East Texas cities.

War Board Urges Use Of Enriched Flour

A plea for every family in the state of Texas to use only enriched flour and bread in the interest of war-time health needs, was issued today by B. F. Vance, chairman of the Texas USDA War Board. "Flour which is plainly 'enriched,' can now be obtained in practically all retail stores throughout the riched flour contains thiamin chloride (vitamin B1), riboflavin (vitamin G), niacin (a pellagra-preventing vitamin substance), and iron. These vitamins and minerals are an essential part of any well balanced diet. Enriched flour also may contain added calcium and vitamin D.

Flour which has been enriched by adding vitamins and minerals after milling, closely resembles ordinary white flour in taste and color. Other enriched flour, produced under a new milling process which retains more of the vitamin and mineral content of whole grain wheat, may be a light cream color.

"USDA War Boards, Nutrition Committees, and cooperating agencies, especially throughout the South are making a concentrated effort to get all white flour and bread enriched as soon as possible," Vance said. "The quickest way to get enrichment of flour and bread sold in Texas is for consumers to insist on receiving products plainly marked 'enriched.'"

"Nutritionists and other interested persons have long realized the need for addition of vitamins and minerals to white flour products. This need has become more and more urgent, however, as increasing demands are made upon the strength of all our people," Vance said.

Enriched flour has been listed as a Blue Stamp Food under the Agricultural Marketing Administration's food stamp program since August, 1941. Whole-wheat flour, also containing essential vitamins and minerals, likewise can be purchased with either blue or orange food stamps. The AMA also furnishes large quantities of enriched flour for use in Community School Lunch Programs and for distribution to needy families in areas where the Food Stamp Program is not operating.

"Buckle down—to work for Uncle Sam"

BEFORE washing a garment, remove breakable buttons and buckles. Fast buttons or jeweled buckles haven't the stamina to face washing machines or hard scrubbing. Broken or missing buttons can ruin a costume, or, if unmatchable, necessitate the purchase of a new set.

Then put the money saved into U. S. SAVINGS STAMPS—to help button up Hitler! Every pay check should be budgeted to include generous help for Uncle Sam.

Be sure hens have plenty of green feed every day. If you do not have plenty of fresh, green feed then be sure to feed alfalfa. 2 pounds per 100 birds per day. This alfalfa should be soaked before giving to hens.

Lamesa Steam Laundry Phone 141 "A Service For Every Need"

**MAXIMUM USE OF FARM MACHINERY URGED**

Farmers are being urged to make plans now whereby the maximum use of such machinery may be obtained through 1942 and 1943. Such suggested expansion can be accomplished by (1) "custom" work, and (2) "labor exchange." The need for such expansion in the use of farm machinery is because (1) expanded production of feed and food crops, (2) limited supplies of new farm machinery and (3) decreasing numbers of farm laborers. Especially is the expanded use of combines, threshers and row-binders in 1942 to become a major problem. Shortage of labor will require that a high percentage of all feed crops be harvested by machinery. Careful planning now will aid materially in caring for "bottle-necks" in harvesting of silage crops, maize, hegar and kaffir.

**Texan Tries Bull Fighting**

Douglas Henderson, Dallas wrestler, didn't fare so well in his debut as a matador in Mexico City, but he did win the admiration of fans for his courage. One master of the sport said it was only inexperience that forced the Texan, one of the few Americans to try bull fighting, to give ground in his first public appearance in the arena.

**Supplementary Cotton Stamps Will Be Redeemed**

"Contrary to rumors, farmers holding 1941 Supplementary Cotton Stamps can redeem same for merchandise of American Cotton for at least one year," states B. J. Baskin, County Agent.

"Inasmuch as the AMA has announced that the Stamp Plan would be discontinued there has been much misinformation put out regarding 1941 Supplementary Cotton Stamps. If you have some of these Stamps on hand you do not have to rush in and use them just to prevent losing their value. These Stamps will be good for at least one year, and maybe for a longer time."

This information comes in a letter from the Regional Director of the AMA, which reads:

"We would appreciate your advising your county agents through your regular channels that the redemption of 1941 Supplementary Cotton Stamps will continue for at least one year and, if necessary, longer, in order that they may advise interested parties. We believe that this information will prevent unconfirmed rumors from circulating and thereby impeding the Supplementary Cotton Program."

**Save Burlap Bags For 1942 Use**

With a much larger volume of farm products this year than last, Dawson County farmers will need larger numbers of sacks and other farm containers. War, however, has materially reduced our supply of burlap (from which 60 percent of bags are normally manufactured), and textile machinery which can manufacture cotton bags is badly needed for the manufacture of other essential war materials.

Because we will have fewer new bags this year, it is up to each and every farmer to begin at once to save all sacks, to keep such bags as are suitable for feed in safe storage, to repair damaged bags, and, if you have enough bags for your own use, to sell your surplus bags to those merchants that need bags for their sales and customers. If all the surplus sacks on farms can be made available for re-use, we will have gone a long way toward overcoming a bag shortage.

**HOW TO TAKE CARE OF BURLAP BAGS**

Farmers can help themselves by following the following suggestions in caring for all types of Bags: (1) Open bags without cutting them; (2) protect bags against rat and mice damage; (3) Store in a dry place; (4) when emptying bags,

**31-YEAR Old Model 'T' Ford Prized Possession**

SANTA ROSA, Texas, (AP) — John S. Stoops understands her and she understands him, so he wouldn't think of selling his 31-year-old Model 'T' car—not when he can still get all the tires he needs.

Mr. and Mrs. Stoops, pioneer farmers in the Santa Rosa section decided to move to Texas in 1917 from Sioux Falls, South Dakota.

Through varying kinds of weather and over so many different kinds of roads—and trails—that they often wondered whether they made a mistake in starting, they continued to push the 1911 Model 'T', loaded with all they could haul. They covered the 1,400 miles in 14 days, finally stopping at Kingsville on October 6, 1917. There, they were advised not to try to break trail through the South Texas "desert," and they shipped the faithful Ford by rail from Kingsville to Raymondville and drove through the sand of Willacy and Cameron counties to Santa Rosa.

"Any car that would do all that," said farmer Stoops, "was good enough for me, so I've still got 'er!" Does anybody ever make farmer Stoops an offer for his car? "Boys, do they!" He answers. "Everybody wants to buy my Ford."

There's nearly always some automobile salesman trying to talk me into a trade, and then there are a lot of people who make me offers just because they think my car is something out of the ordinary, I guess."

When asked why he didn't accept some of the offers, a few of which were many times the amount he paid 27 years ago, farmer Stoop answered: "Well, it doesn't cost me much to operate her, and besides, I understand her and she understands me."

Sometimes, he has a little trouble finding a dealer with 30x3 or 30x3 1-2 tires on hand, but as far as rationing is concerned, he has no troubles. Tires of that size are classed as obsolete and are readily saleable.

There are 51 mountain peaks more than 14,000 feet high in Colorado.

A bushel of soybeans produces approximately 49 pounds of soybean meal.

turn inside out, shake well (beat if necessary) and hang out to dry; wet bags should be dried by sunshine; and (5) patch damaged bags at once.

**Texans Who Raided Japan With Doolittle**

Texas was well represented on the April 18 raid in Japan. Here are six of the Texans awarded the Distinguished Service Cross for their historic flight with Brig. Gen. James H. Doolittle: top row, left to right, Lt. William N. Fitzhugh, Galveston; Lt. Kenneth Reddy, Bowie; Capt. David M. Jones, Winters; lower row, left to right, Lt. Dean E. Hallmark, Dallas; Maj. J. A. Hilger, Houston; Lt. E. E. McElroy, Longview.

**\$42 Monthly To Be Lowest Pay In U. S. Forces**

WASHINGTON (AP) — Rejecting proposals to set the lowest pay in the fighting forces at \$50 monthly, a Senate-House committee today agreed on a \$42 minimum. This, the figure approved by the Senate, is exactly double the \$21 a month now paid Army privates and Navy seamen when they first enter the services.

While the House voted for a \$50 minimum, Chairman May (D-Ky) of the House military committee said he expected the joint committee's decision to win House approval.

**To Be Made Permanent**

Both the Senate and House must ratify the committee's action. If President Roosevelt then signed the legislation, the pay boost would become effective one month later.

Legislators said they were uncertain whether the raise would apply to the women's Army auxiliary corps.

In addition to increasing the pay of enlisted men, the measure would boost the base pay of second lieutenants in the Army and Marine corps and ensigns in the Navy from \$1,500 to \$1,800 annually.

**the pay adjustment permanent.**

As agreed by the Senate-House committee, the legislation would increase rental allowances for second lieutenants and officers of corresponding rank from \$40 with or without dependents to \$60 with dependents and \$45 without. Similar increases were made in rental allowances for higher grades.

The subsistence allowance of \$18 monthly to lowest ranking commissioned officers with or without dependents were increased to \$42 with dependents and \$21 without.

Richard Crooks, the tenor, enlisted in an aero squadron in the first World War. The sparrow hawk weighs only 5 or 6 ounces.

**DOCTOR REDDY KILOWATT'S** prescription for ailing electric appliances is—Take them to an Electric Shop for repairs. Not only will you save money and have the use of your time-saving and work-saving appliances, but you also will be co-operating in the program to conserve vital metals needed for war production.

Your electric appliances will last longer and give you better service if you'll take a few simple precautions. Avoid letting lamp and appliance cords become twisted or frayed. Oil fans, cleaners, food mixers and other motor-driven appliances regularly.

**TEXAS ELECTRIC SERVICE COMPANY**  
C. E. CAMERON, Manager

**Big Demand For Tomatoes Is Forecast**

Civilians will have difficulty in buying processed tomatoes over the grocery counters, forecasts Mattie Phenix, county home demonstration agent. An abundant crop in Texas is indicated, but advance orders from the Quartermaster General's department of the United States Army will absorb practically all of the 100 million cases of tomatoes processed in the nation this season.

In view of this, Miss Phenix says, "every patriotic housewife, institutional manager and dietitian; every school lunch room supervisor, and restaurant and hotel dining room manager should collect and get in readiness immediately every available glass and second-hand tin container, and see that sealing supplies for these are on hand. They should obtain the latest approved recipes, improvise water bath containers for processing tomato products, and supply themselves with some kind of efficient juice and purea-making equipment so that as many persons as possible may have tomatoes 'some way every day,' unless citrus, melons, raw cabbage or strawberries are available as substitutes."

Miss Phenix suggests that farm housewives, community and other buyers begin now to pool their needs under the neighborhood, community and county agricultural Victory Leaders, and make plans for co-operative buying in order to insure the highest quality of tomatoes in sufficient quantities at the lowest cost possible.

Ripe or green tomatoes are a rich and cheap source of vitamin C which prevents bleeding gums, loose teeth, sore points, and loss of appetite and weight. Ripe tomatoes have abundant vitamin A which guards against "dry eye" and night blindness.

Clyde Bailey left this week for Dallas, where he will spend several days transacting business.

Guy Ranson, son of Mr. and Mrs. J. M. Ranson, who has been here visiting for the past week left Wednesday for the University of Indiana, where he will attend school this summer.

Mrs. Z. T. Davis left Friday for Denton, where she will attend the graduation exercises of her daughter, Elizabeth Lee, who is a student of N. T. S. T. C.

**Selective Service "Send-Off" Now Allowed By Board**

Parades and other patriotic "send off" demonstrations by the neighbors of men inducted into the Army through Selective Service can now be planned with certainty because of the new procedure arranged by the War Department and the Selective Service System. It was announced today by General J. Watt Page, State Director of Selective Service.

The new procedure, which becomes operative in Texas July 10, assures a two-week furlough, at Government expense, for every selectee who is accepted by the Army. General Page pointed out, and sets a date for each group to report back to its Selective Service local board headquarters for transportation to an army Reception Center. This date, General Page emphasized, is the one for which local demonstrations should be planned. He said:

"Since all of the men assembling at the local office after a furlough period have been accepted for military service and ordered to active duty, none will be faced with the embarrassment of returning home as rejected following such ceremonies. The local communities also can make their plans for these 'going away' demonstrations with definite knowledge that the men are going into active service, which was not possible under the former procedure when group departures of selectees were for the purpose of induction depending upon passing the Army physical examination.

The new arrangement replaces the present system of granting inductees ten-day furloughs upon request and is expected to eliminate any further injustices which might occur to men inducted immediately following physical examination by the Army. Although every attempt has been made to grant ten-day furloughs upon request, there have been some instances when such requests were denied and in other cases inductees were unable to pay their transportation to return home. As the new system calls for the immediate release of all men who wish to go home and payment of the costs of their travel by the Army, there can be no discrimination against any inductee.

The Army will furnish transportation, meals and lodging of such reservist enroute to the city in which the local board is located and from that point to the Reception Center.

"There will be no change in the present procedure for delivery of registrants to the induction station by the local board, or for the return of rejected men to the local board area from the induction station. Inducted men who do not desire to return to their homes will be forwarded direct from the induction station to the Reception Center.

"In the case of inducted men who do desire to return to their homes the following procedure will be followed at the induction station: '1. The inducted man will be transferred immediately to the Enlisted Reserve Corps and will be given an order to proceed to the city in which his local board is located.

"2. At the same time an order will be issued recalling him to active service on a certain date and ordering him to proceed on that date from the city in which the local board is located to a designated Reception Center for duty. The normal period between transfer to the Enlisted Reserve Corps and recall to active service will be four-ten days. This period may be extended or shortened by not to exceed two days in order to meet processing schedules at Reception Centers, or to prevent Sunday travel."

Discussing the elimination of injustices, General Page said: "Many of the disadvantages of the present system will be eliminated in the new procedure. Every man who wishes to return to his home will be given the opportunity to do without being required to establish his reasons for returning. Investigation and recommendation by the local board is no longer necessary. Reservists are released from active service at the induction station instead of the Reception Centers. They travel at Government expense in local board groups under an appointed leader."

Another feature of the present system which will be eliminated by the new procedure, General Page said, will be possible delay between the time a man is inducted and the

**East Texas Pulchritude**

Auburn-haired Juanita Standifer hails from Tyler, the rose capital, and is proof that all beauties over her way are not plucked from bushes. She was a contestant in Tyler's annual water carnival.

**Green Lettuce Contains Many Vital Vitamins**

The current lettuce crop is estimated at 8,000,000 crates, or one and one half million crates more than at the corresponding time in 1941. The heaviest supplies are expected to be on the consumer market by the first of June, according to Mattie Phenix, county home demonstration agent.

Lettuce belongs to the leafy family of vegetables of which every person should have at least one half cup every day. Green lettuce is a good source of caroten, which the body can change into vitamin A. Miss Phenix says. It contains also some vitamin B-1, riboflavin, and vitamin C and is a good source of iron and calcium. The greener the lettuce leaf, the better source of caroten and iron it is. So be careful in taking off the outside leaves and discarding them because they are not as pretty and white as the inside leaves.

Now is the time to enjoy lettuce in raw salads; in combination with fruits; and as wilted lettuce.

To make wilted lettuce, put about one quarter cup of bacon drippings into a heavy skillet and add a small amount of finely chopped onion. Cook the onion until it turns a light yellow, then add carefully, one-half cup of vinegar. When heated, add two quarts of garden leaf lettuce or shredded head lettuce. Cover and wilt until the lettuce is just wilted. Season with salt and pepper and serve hot with crisp bacon. One will find that the old fashion hot water

time he is granted a furlough. Under the new procedure, the transfer to the Enlisted Reserve Corps will occur on the same day that the man is inducted and here is no likelihood that he will have to wait two to five days before he can return to his home as sometimes happens under the present system.

Local boards will cooperate with the armed forces in every possible way by providing a place of assembly for the departing reservists, by arranging transportation facilities and by taking care of other necessary details such as advising the Commanding Officer of the Reception Center of the route and time of departure of groups of reservists and the number of men in contingents, General Page said.

**The Anti-Inflation Battle Front**

The government's new program to keep the cost of living from spiraling upward ranks with mobilization of man power and physical resources and the current transportation bottleneck as one of the three current major programs to win the war according to Director H. H. Williamson of the Texas A. and M. College Extension Service.

He announced that the Texas Extension Service is giving leadership to the general educational work to acquaint rural people with the General Maximum Price Regulation, especially as it will affect farm and ranch families. The Office of Price Administration will administer the order and State and County USDA War Boards will cooperate.

"No Texas farmer or farm woman can be left in the dark about the necessity of our fighting the battle of inflation and how we can win it," he said. The information will be sent to every farm and ranch family in the state by means of the new human chain which County Agricultural Victory Councils and the Extension Service have set up in every county. Thousands of community and neighborhood leaders designated in the past three weeks will help spread the facts about the inflation menace.

This new educational job is right in line with extension's streamlined war-time job, the Victory Demonstration. Director Williamson pointed out. One objective of the Victory program is to assist in winning the war by helping farm and ranch families "understand the 'why' and 'how' of adjustments rural people must make to the war-time situation."

Field workers of the various agricultural agencies will hear details of the program at some one-day sectional conferences scheduled in Dallas, June 1; Houston, June 2; San Antonio, June 3; and Big Spring, June 5.

Mrs. Katherine Rose and son, Tuna Rose, spent Monday in Lubbock transacting business.

corn bread is excellent with wilted lettuce. To make hot water corn bread, pour enough boiling water over the meal to make it only stiff enough to handle. Then dip the hands in water and shape the bread into small individual "pones" and fry in small amount of fat, or bake in the oven.

**TORNADO STRIKES 63 IMAGINATIONS**

TULSA, Okla. (AP) — John Spikes, meteorologist at an air school, rushed to Pryor, Oklahoma, after a tornado struck there. He wanted to get a first hand account of the behavior of a "big blow."

American Football Statistical Bureau figures show that there were 53 football playing colleges in the Golden State last year. Pennsylvania was second with 50, and Texas third with 46.

Three states are bunched at the bottom of the list. Delaware, Nevada and Wyoming have one football-playing school apiece.

Billie Jo Stricklin is visiting in the home of F. E. Berryman at Winters this week.

**POLL MAKES CALIFORNIA NATIONAL GRID CENTER**

SEATTLE (AP) — Where is the collegiate football capital? The state of California!

J. C. Goen who has been visiting here in the home of Mr. and Mrs. Earl Goen left Monday for San Angelo.

# DOLLAR DAY

**MONDAY  
JUNE  
1ST**

**WE CAN'T RAISE 'EM! SO WE LOWER THEM!**

Uncle Sam says we can't sell merchandise for a price higher than that we received in March 1942, but he didn't say we could not lower our prices as far as we wanted to. So for just Monday, Dollar Day, June 1, we are making some drastic reductions on hundreds of items in our store. Many of them will be sold at far below replacement cost, but our customers come first, and we are willing to take our loss. We advise you to buy many of these bargains Monday, because they are the very things you will need and use this summer. Come to the Fair Store Monday and Save!

**Free! Free! Free!**
