Tincy Andrew, fountain clerk Close Drug Store, went rabbit hunting Saturday. Quote: "killed two rabbits." Unquote: "Who was hunting with you?" Unquote: "I was hunting with you."

Bill Hromas is to build one and possibly two houses on the lot south of the R. S. Scott home on B Street. Gravel for one is ready on the ground.

Miss Dorothy Trantham, Close Drug Store, spent the week end with her parents, Mr. and Mrs. E. F. Trantham at Chick, Okla.

Probably one of the highlights of the Community Sing broadcast Sunday afternoon was when Alec Thompson announced over the air that he was Robert Thompson's grandfather.

Cliff Acker came in the Brand office yesterday morning asking for Jimmie Gillentine. When told that Jimmie wasn't in he said: "I just wanted to make sure Jimmie was out in this."

FAMOUS LAST SAYINGS (Heard Wednesday). "They can't do this to us." Chamber of Commerce. "Boys, we gotta deliver the mail." Jim Lipscomb.

How he happened to name his sedan car "Milburn's Flat Chaser," is at last revealed by Emmett. It seems that when he sees someone driving with a low wheel he chases the car until the wheel goes flat. Then drives up.

The American Legion working through its 11,715 posts is going to register all of its 1,078,119 members, if possible, for national defense service. Unaffiliated World War veterans also will be asked to register. The registration will be entirely voluntary. Its purpose is to provide the local, state and national leadership of the American Legion with a complete inventory of the assets of the organization in manpower, experience and special training that could be made available to the government if needed in the defense of the nation.

National Commander Milo J. Warner has proclaimed Saturday, February 22, the 209th anniversary of the birth of George Washington, as national defense registration day for all Legionnaires and unaffiliated World War veterans who care to do so.

Hereford Post No. 192 will undertake to register all Legionnaires and unaffiliated World War veterans in this community and surrounding area. "This is a summons for possible important service to God and Country whom we served as young men in 1917-18," Commander Hershel E. Miller of the local post said. "I feel certain that every Legionnaire, and World War veterans, generally, will welcome this opportunity of perhaps doing another bit for their country. We do not expect to be called for active military service. Most of us are beyond that age."

Let's Cook Something

When a man cooks he usually makes a big success of it or gives it up entirely. G. M. Hudson can really cook, and he is not only a connoisseur of one specialty in the culinary art, but he can prepare a whole meal from soup to dessert. Meats are the bright spots of his cookery and he has worked out numerous combinations to add variety and interest. Here is his recipe for Baked Halibut which you will find delicious.

BAKED HALIBUT

Select a perfectly fresh fish, weighing about two pounds. Remove scales and trim ragged edges of skin or meat, but do not remove the tail or fins. Wash the fish carefully both inside and out. Mix together one-third cupful each of cracker crumbs, white bread crumbs, whole wheat bread crumbs and corn meal. Be sure the bread is hard and dry and that the crumbs are very fine. Add to the crumbs one-eighth tea spoon each of thyme, black pepper, paprika and mustard and mix thoroughly. (The proportions may be varied according to individual tastes; the above will give a moderately strong flavor.) Beat two eggs well and add one-third tea spoon of salt and a cup of sweet milk. Dip the fish in the liquid, then roll in the crumbs; dip in the liquid again and roll in the crumbs again. Place in a greased, shallow baking pan that is barely large enough for the fish. Moisten the top of the crumbs with a little of the liquid or some sweet milk, being careful not to get the crumbs moist enough to fall off. Pour the rest of the liquid into the greased pan around the fish and bake in a 350 degree oven for one hour.

When done, slip the whole fish out on a warm platter and serve with mashed potatoes, yellow wax beans, tartar sauce or chopped vegetable salad, and above all—hot biscuits.

This recipe serves six but your family-or-guests-will want second helpings, so two fish and the whole performance doubled wouldn't be a bad idea.

Interesting Program Features B&PW Meet

Two interesting talks on present world conditions were presented at the meeting of the Business and Professional Women's Club held at the court house Monday night. Mrs. Lois Moore was leader and directed the program.

"The effect of the present war on the foreign trade of the Western Hemisphere" was the sub-

ject discussed by Miss Virginia Bowman and Miss Sadie Lee. Oliver reviewed an article "What We Are About To Defend" by Pare Lorentz in the February McCall's Magazine.

Band Parents Make Plans For Students

Band and Orchestra Parents of Hereford High School held the regular meeting at the high school Thursday night.

Plans were discussed for the band and orchestra to attend the Music Festival which will be held in Amarillo the first week in April. Bands this year may enter in class "B" or in Class 2-B. In class 2-B any contest

piece may be chosen and bands play against small towns. In class "B" they are required to play specified contest pieces and much larger towns with larger instrumentation compete, thus making the work harder but more beneficial. Members decided for the Hereford Band to enter class "B" as in past years.

Plans were also made for the group to go to Littlefield on March 1, to attend a band clinic and plans were made for a clinic to be held here.

On Friday and Saturday, March 21-22 clinics will be held in the High School auditorium for Glee Clubs and for bands and orchestras. These clinics benefit the students in many ways and they are of great help in preparation for the contest in the Musical Festival.

Mrs. Ireland was assisted by her sister, Mrs. Travis Dameron, at both parties.

Mass Chorus At Los Angeles May Include Members Of Voco Club

Now that the National Federation of Music Clubs has made history by presenting a National mass chorus of 1,000 voices at its Biennial Convention in Baltimore, in 1939, the Junior Division again enters the list with the proposal to present a Junior chorus of similar proportions at the 22nd Biennial convention to be held in Los Angeles in June.

Mrs. Charles Fike of Lubbock, announces that nationwide rehearsal by air of the required numbers will be held in the month of March, with juniors listening in, music in hand, while a chorus from a central point broadcasts the selections. Date and hour for such rehearsals will be released later.

Many juniors between the ages of eight and twelve will go to Los Angeles for this third National Junior mass chorus. Several from Texas have already signified their intentions of attending the convention and participating.

The Voco Club of Hereford is planning to have representation on the mass chorus in Los Angeles.

TELEPHONE FOREMEN are never Hired!

...they come up from the ranks

In the telephone business, the men at the top all started at the bottom. Today's plant chiefs, managers, chief operators... even the presidents of Bell companies... began their telephone careers as clerks, groundmen, and operators.

This long-established policy of promotion from the ranks means recognition and reward for smaller jobs well done. It means, too, that your telephone service is supervised by competent men and women, whose "know how" is backed by long experience.

And that is one reason why America's telephone system has marched steadily forward... furnishing fast, dependable, low-cost telephone service to the nation.

HEREFORD

BULL

By Jimmie Gillentine

Folks are sure wanting to know about the freight train ride. They are asking all sorts of questions about how the diesel engine operated and whether I got kicked off or not. To tell the truth, I can't answer either question.

The working parts of the engine were covered with metal, which for all the world looked like a bunch of long boilers. Also, there were a string of gadgets, dials and the like—and that's all you could see. Riding was equally as smooth as on a passenger train. I rode in the cab from Canyon to Joel Switch. Looking out, it was very similar to the view through your automobile windshield—except it seemed that you were very high from the ground. While I was in the cab the engine cruised around 63 miles an hour. Also, there was very little passage space beside the diesel units; the door in the rear of the train was not more than 4 1/2 feet high.

The run last Thursday was a test run. A special coach included instruments made graphs of speed, bumps, load-pull, and a lot of other things.

About getting kicked off, I was originally supposed to ride to Clovis and they were going to return me to Hereford in an automobile. Well, they figured I could go on to California and they would bring me back—and they would stop in Hereford—and they still insisted they would bring me back from Clovis in the car. Since it was a cold night and since California was a long, long way, I selected to get off at Hereford. I didn't really get where I originally planned, but if they kicked me off, they sure did it in a lot nicer manner than they used several years ago.

There were a bunch of writers on the train. Men with COLLIERS, ATLANTIC MONTHLY, POPULAR SCIENCE, NEW YORK TIMES, CHICAGO, LOS ANGELES, SAN FRANCISCO, as well as the CANYON NEWS and THE HEREFORD BRAND.

These fellows were unusually nice. They asked a lot of questions about our cattle and our potatoes. Furthermore, they seemed to feel that the prices on both commodities would remain good. If most of them hadn't needed a shave they never could have told that they were newspaper men; that is, provided they had worn ties. The fellow with Atlantic Monthly said, "We have two coaches of newspaper men and two coaches of Santa Fe vice-presidents." He was about right, too.

Mrs. E. J. Williams was kind enough to send in a recipe for Sour Dough Biscuits and if Ernest Medkief will drop by the office I shall be glad to give him a copy.

Urlin Strew is at home in bed, the result of forgetting his age. Urlin was at the Scout meeting Sunday afternoon, along with a bunch of Scouts and their Dads. Urlin and R. L. Dowell watched the boys playing ball for awhile, then Urlin suggested they join in the fun. Mr. Dowell remarked that he was getting too old for such frolic, but Urlin "pooh-poohed" the idea and dashed out to make a spectacular catch. Well, he wound up with a broken rib. Mrs. R. L. Flowers, visiting evangelist, spoke before the Lions Club and related a definition of the word "adult." Wednesday, I'm not saying this applies to Urlin, but it will give him something to think about. She said an adult is a man who has stopped growing at the top or at the bottom.

and has started growing around the middle.

Larry Loerwald took off Monday for Ft. Sill, where he was called into army service. Larry has seen army duty in China, the Philippines and several other foreign stations. He sure wants to stay in the U. S. A. this time. It looks as if everything is happening to these scoutmasters at one time. Anyway, we are betting Larry will make good no matter where he is stationed.

Vivian Olson On Honor List

Vivian Olson, daughter of Mr. and Mrs. J. H. Olson, of this city and a freshman in Trinity University, Waxahachie, has been placed on the Dean's list for the first semester of the 1940-41 year, it was announced today by Dr. Paul J. Schwab, dean of the University.

The list consists of all students who make five or more "A's" in academic courses. This semester, only eight students were eligible for the honor.

Miss Olson, recently, made the highest grade on the freshman I. Q. test and the English Placement Test in the University.

Spring Texas Highway Map Now Available

Austin—The 1941 spring edition of the Texas Highway map issued by the Texas Highway Department is now available to the public. The cover of the spring edition is a natural color photograph picture showing a sunrise scene on the Gulf Coast of Texas, and the new map shows all State highways, cities and towns, and, as with every issue of the map, shows that pavement has been placed on many unpaved gaps since the last map was issued in the spring of 1940.

Features of the 1941 spring edition map are the new Federal census figures for Texas cities and towns. Shown on the map itself are oil and gas regions, national forests, and principle lakes and streams. Insert around the map show in larger scale the routes into and thru larger cities. On the back is a brief description of State parks, and other attractions, facts about Texas, and interesting pictures of industry development in the State. The state is shown in comparative distances showing that it is farther between some cities than from the same cities to Los Angeles, Chicago, and Jacksonville on the Atlantic Ocean.

The Highway Department constantly strives to improve the map, and this edition is the most complete one yet issued. While new paving is shown, it is impossible, of course, to indicate on the map the many miles of old type paving on which reconstruction, improvement and modernization has been done. The map is free to the public and copies may be obtained by writing the State Highway Department at Austin, or any of its District Offices.

Draftees Ineligible For Regular Army After Draft Call

Sgt. R. A. Jackson of the Amarillo Recruiting Office announces that no longer may applicants for enlistment in the various branches of the Regular Army be accepted after they have received orders to report to their local board for induction. The draft boards usually send these orders to report about 5 days in advance.

Large and desirable quotas are in effect at the Amarillo Office with the applicant having his choice of Air Corps, Coast Artillery, Field Artillery or Infantry, for stations in Texas, Oklahoma, California, and Nevada and the Philippine Islands.

Importance Of Social Security Number Stressed

Thousands of workers are now being called into industry to help build army camps, equipment for defense projects, and perform various types of other work connected with the national defense program. It behooves every individual, therefore, to know what his social security account number is and where it is, according to a statement made by Dewey Reed, manager of the Amarillo office of the Social Security Board.

"We have reminded workers many times in the past that a number of employers have adopted a rule whereby an individual is not placed on the pay roll until he has his social security account number recorded on the employer's books. This is necessary in order to enable the employer to make his quarterly wage report to the Collector of Internal Revenue. It was further explained by Reed that any person who lost or misplaced his social security card may secure a duplicate of his original number through the

Social Security Board office, 324 New Post Office Bldg., Amarillo, Texas.

Your social security account number card is evidence that you have an insurance account with the United States Government through the Federal old-age and survivors insurance program of the Social Security Act, the purpose of which is to pay a regular monthly income to a worker when he reaches the age of 65 years and retires, or to his family if he dies," Reed explained.

"A worker needs a social security account number so that his wages may be counted toward his insurance benefits. But needed.

For each account number issued, there is set up by the Social Security Board a separate insurance account; therefore, if a worker has more than one number, he should go to the nearest Social Security Board field office and find out which one he should use."

Entry Blanks Available For Photo Contest

Canyon.—Requests for entry blanks in the third annual Panhandle-Plains Salon of Photography here March 1-16 are coming in from several states in the great plains area.

Prints will be received by Olin E. Hinkle, director of the salon, through February 23. There is no entry fee for the exhibit. Miss Isabel Robinson, head of the department of art is co-director of the salon.

Competition for top ratings and the honor of having prints hung in the art room of the Panhandle-Plains museum is expected to be especially keen this year. Exhibits at Amarillo and Lubbock have shown much improved techniques and a growing list of advanced amateurs on the plains. Competition within clubs in half a dozen cities has produced very apparent improvement in camera work.

Entry blanks and details of the local salon are available from the director. No prints will be accepted which do not conform with rules of the exhibit.

yond that age. But there are many home defense duties to be performed.

"I urge every Legionnaire and other interested World War veterans in this community to register on February 22. If you are going to be out of town on that date, fill out your questionnaire before you leave. It is a patriotic duty, and we of the American Legion have never shirked our duty or lagged in our patriotism. The time has come again when we may be called upon more to stand up for America, and I am sure every Legionnaire in this community is ready."

Appointment of a special committee to handle the voluntary registration of all local Legionnaires and World War veterans generally for possible future national defense service as part

of the nation-wide American Legion preparedness for any emergency, was announced here today by Commander Miller and Frank E. Givan was named chairman of the special national defense registration committee. Other members of the committee are Arch Dobbins and L. H. Foster. All the officers of the local post will serve as ex-officio members of this special committee.

TO BE VOLUNTARY

National Commander Milo J. Warner has fixed Saturday, February 22 national defense registration day for all members of the American Legion and such unaffiliated World War veterans as may desire to participate. There is nothing compulsory about the registration. Filling out of the American Legion national defense questionnaire and rendering any service that may be called for later, both will be entirely voluntary on the part of the individual. Registration does not involve any military liability.

The nationwide registration of Legionnaires and unaffiliated World War veterans was authorized by the 22nd national convention of the American Legion in Boston, Mass., last September, and by the National Executive Committee at its meeting in Indianapolis, Ind., November 21 and 22, 1940. It is merely for the purpose of cataloging the qualifications and special talents of all Legionnaires and World War veterans for national defense. From the questionnaires to be filled out by all members and veterans, local posts, department and national headquarters will prepare indexes which will list the experience, education, training, and

other qualifications of the registrants. The information contained in these indexes will be made available to the Federal, State and Local authorities whenever the need arises.

We Need New Scenery for the Stage

The scenery for our stage is just terrible looking. Many schools are smaller than Hereford have much prettier stage equipment. The only catch to getting new scenery is that it costs over \$100. Perhaps we could have had new decorations this year if the things had not started falling, but they did; so we don't have any new scenery. A good repair job would cost about thirty dollars if the students did the work. The work would consist of re-canvassing the frames and painting them a light gray. Some students seem to think that the seniors started the whole thing, and are going to get all the benefit, and are not going to help finance it. Someone was badly informed when he started this thing. Some senior did have the idea, and Mr. Kinard approved it. The seniors will possibly benefit more from it this year, but it will be several years before new equipment can be bought. The other classes will have next year, and perhaps the sophomores and freshmen can use it two years before new scenery is purchased. The plan submitted for the school's approval was that all classes share equally in the work and the expense. It is hardly possible that our spending our money on the stage would affect the length of time it would have to be used.

Fourteen Hereford Girls Give Radio Broadcast

Did you hear us? How did it sound? That's the question the fourteen girls who went to Amarillo Tuesday afternoon, February 11, have been asking. These girls gave a radio program representing the music division of Hereford High School. Five of the girls, Mary Lee Wood, Mildred Bowsher, Mildred Heppard, Nettie Hood and Gertrude London, were in the string quartet. They played "La Media Noche," "The Merry Peasant," and "Sobre Las Olas." The other nine girls were from the Glee Club. They sang three songs: "In the Time of Roses," "I'll Not Pass Again This Time," and "Beautiful Dreamer." The last piece was accompanied by a violin solo by Ralph Smith. These girls in the small ensemble were Troyce Stambaugh, Dameron, Maxine Beach, Louise Davis, Phyllis Radovich, Betty Jo Kendall, Jean Vance, Agnes Albracht, and Polly Dixon.

Amarillo-H. H. S. Teams Debate

Wednesday afternoon, February 5, marked the beginning of a new era for the Debators of Hereford High School. Out teams and the Amarillo High School teams debated the State Question: Resolved That Texas Should Increase the Tax on Natural Resources. There were four girls' teams and two boys' teams; also several extempo speakers. Nell Moore, first negative speaker, and Jimmie Lee Williamson, second negative speaker, composed one of the Amarillo girls' teams. They debated with Mondeleen Miles, first affirmative speaker, and Margaret Olson, second affirmative speaker. This debate was held in Room 27, with Evelyn Benson as chairman and Rev. James A. Aiken, our local Presbyterian minister, as a critic judge. The decision was given in favor of the negative.

The other girls' team from Amarillo was composed of Mary Pat Inman, first affirmative, and Betty Bell, second affirmative, who debated with Dora Lee Burgess, first negative, and Wilma Higgins second negative speaker. This debate was held in Room 23, with Margaret Ohlby as chairman, Don McCullough as time-keeper, Rev. Marvin Norwood as critic judge, and Richard Petersen as an assistant judge. The decision was given in favor of the affirmative. The Amarillo boys' team was composed of Bob Sieber, first affirmative speaker, and Howard Fisher, second affirmative, who debated with F. L. Lucas, first negative speaker, and Calvin Brumley, second negative speaker. This debate was held in Room 30, with Mr. Willoughby as critic judge and Mary Jordan as chairman. The decision was given in favor of the affirmative. The extempo speakers were held in room 33 and 31. The speakers in room 33 were Riley Jones, Amarillo, who won first place; Raylan Evans, who won second place; Jack Allmon, Donald Henslee, and Leonard Burdison. Eisle Williams was the critic judge and Margaret Ann Miller was the time-keeper.

The extempo speakers in room 31 were Pat McCarty, who won first place; Margaret Higgins, who won second place; Vesta Mae Landers, Elma Shugart, and Virgie Lee Sparks. Mary Nicks was chairman and time-keeper. Mrs. Patterson was the critic judge. This was Hereford's first debate of the year with another school, and it was the first debate and extempo-speaking for several of our students. We expect to have many more debates during this last semester.

Open Forum To Be Held

Did anyone ever ask you, "Who pays taxes?" And did you answer, "I don't." Did you think that our dads are the only ones who pay taxes? Who does pay taxes? For the answer to that question, you should attend the open forum to be held by the Hereford High School Debate Club on Thursday, February 20, at 7:30 p. m. in our high school auditorium. The question is: "Resolved: That Texas Should Adopt a Natural Resource Tax." The question is now before the Texas State Legislature; therefore, it should be of interest to every Texas citizen. The question will be discussed by prominent business men and local lawyers. The debaters, who have been studying the question all year, will help to answer the questions of the audience concerning the tax question. The public is urged to come and be prepared to ask questions on the subject.

Mr. and Mrs. Renzi Honored At Breakfast

Honoring Mr. and Mrs. S. A. Renzi, the high school faculty had a breakfast in the home economics department, Monday morning at 7:30. The tables were attractively arranged and decorated, the chief point of interest being a large heart of white and red sweet peas placed before the honored guests. The menu consisted of tomato juice, scrambled eggs, link sausage, blueberry muffins, preserves and coffee. Those responsible for preparation of the breakfast were Misses Foster, Pratt, and Ramey. Toward the end of the meal, Mr. and Mrs. Renzi were presented an electric percolator, a gift from the faculty.

Lease-Lend Bill Debated In History Classes

The American History classes have been discussing the Lease-Lend Bill for the past two weeks. In general this bill states: To give the President power to send lend, lease or otherwise dispose of goods, munitions, etc. to any country whose independence or existence is vital to our National Defense. The first discussion was the committee hearing of this bill. Special reports on this subject were made by Mattie Lawhon, Donald McCullough, Harold Parsons, Richard Petersen, Claudine Newman, Larry Trimble, Jeff Washam, and Bill Ashlock. The first period class voted for the bill with limitations; the fifth period class voted 26 for it with certain limitations and 3 against it; the seventh period class voted for it, 2 against it, and 1 uncertain.

The second discussion was the debate of the bill in the House of Representatives. In the fifth period class Betty Jo Potter acted as chairman; Mary Lookingbill acted chairman in the seventh period class. In the fifth period class Jack London moved that the bill apply only to President Roosevelt's administration; this was the primary amendment. Harold Parsons presented the secondary amendment that the powers be restricted for a period of one year. They didn't have time to vote on the bill, however. In the seventh period class the primary amendment was made by F. L. Lucas, stating, in general, that the President's powers be restricted; the secondary amendment was that the powers of the President be terminated by a simple majority of Congress. This was presented by Rachel Ireland. The class did not have time to clarify its vote on the bill.

Football Boys Are Given New Nicknames

Football season is over, but school goes on just the same. After some snooping, it was discovered that everyone of the football boys has some sort of nickname. Here they are: Leonard Johnson-Flash, Not Flash Gordon, but the one and only Flash Johnson; Henry Ford-Hank, just plain Hank; Clifford Vaughn-Cliff; George Weems-Weemse; O. G. Hill-Pretty Boy, you know wavy hair and pretty grey eyes; Joe Brock-Little Joe; J. P. Jones-Fighting 13; Jack London-Touchdown London or Pack; Roger Hartman-Mortimer Snurd. I wonder where that came from. Ewell Fox-Foxy. We wonder. Duane Balza-Wild Horse; Harold Loerwald-Knock Out; Poor Boy! Charlie Hill-Blue Boy, not little Blue Boy, but Blue Boy; Joy Worley-Grandpa; Roy Saltzman-Saucy; Milton Brown-Brown; Jack McCrary-Eagle Beak; Daniel Russell-Rusty; J. W. Merrill-Red. Know Why? J. Clark-Slow but Sure; Alvin Czerner-Widow Woman; Lloyd Olson-Pete; Harry Finck-Finckle; J. F. Ford-T-Model; Herman Hypock-High Pockets; Harold Saltzman-Little Brother; and last, but far from least, A. J. Robinson-Fat. These boys are as well known to each other by their nicknames as by their real names. So if you hear any strange names around school, don't be alarmed, for it is probably just one of the nicknames for the football boys.

Miss Ethel Rice Leaves To Assume New Duties

Miss Ethel Rice, who for the past five years has taught mathematics in Hereford High School, resigned last week. The reason for her resignation is that she has just become Mrs. S. A. Renzi.

Prior to coming to Hereford, Miss Rice taught in Lockney and in Pampa. She has a B. S. degree from Canyon and an M. S. degree from Boulder, Colo. She has attended Texas University and Columbia University and has done work toward her doctor's degree. She is a member of the Loyd Green Allen Scholarship Society of Canyon and of the Delta Kappa Gamma of Pampa. Miss Rice has traveled extensively, having been in all but nine of the states in the U. S. She has been into Canada for a short stay; into Mexico for several weeks; to Bermuda, flying from Miami, Florida, to Havana, Cuba; and to Venezuela, S. A. She has traveled by bus, train, plane and steamship; she prefers the latter mode of transportation—there is a special reason why. S. A. Renzi is in the employ of the "S. S. America," which is the largest passenger ship owned by the U. S. and operated by the U. S. Lines. Mr. and Mrs. S. A. Renzi left Hereford Tuesday, February 11, to go to New York City, where they will make their home.

Five per cent of the juniors, which is four students, may have membership in the society. This five per cent may be elected this spring and the remaining ten per cent next fall, as they will then be seniors. Gertrude London made a financial report from the staff as to the staff's expenditures and income.

H. H. S. Wins Over Sudan, Lose to Dimmitt

Friday the Sudan Hornets invaded the home court of the Hereford lads and took a 28 to 27 shellacking. High point man for the Hereford squad was Russell with 8 points. High point man on the game was Richards of Sudan.

At half time, the Hornets were leading the Whitefaces 17 to 12. The last half was nip and tuck to the very end. The winning goal was a long shot by one of the Hereford boys in the last minutes of play.

Saturday night the Dimmitt Bobcats handed the Whitefaces a 39 to 19 defeat. High point man was Shipley of Dimmitt with 22 points. This game was much closer than the score would indicate. The Dimmitt lads carried the game, and they knew that they had played a team that does not give up.

In the curtain raiser game, the Dimmitt Kittens defeated the Hereford Calves. Next week the Whitefaces play host to the Canyon Eagles. This game should be worth seeing as both teams will be out to win.

CHDA NOTES By Sadie Lee Oliver

Buff Orpington hens make up the flock at the Claude Bogle home. Protein food is supplied by skinned jackrabbits. There is a never-ending supply in the near-by wheatfields. Green feed is supplied by wheat planted right up to the farmstead. This wheat has been planted three times this year. As the hens eat it, it is replanted. Mrs. Bogle stated that some years it may have to be replanted seven or eight times. We estimated the strip to be about one hundred yards wide.

The thrifty condition of this flock is probably due to the protein and green feed supplied. The average egg yield is in line with that which can be expected from a well-fed flock. At the home of Mrs. Mary Ott in Wyche, a new bathroom has been built on what was the back porch. The bathroom is eight by eight along the south end of the porch. This leaves the cellar entrance conveniently located on the back porch. The tub was installed and the walls built later, because the door used was so narrow that the tub could not be taken through it. All work has been done by her son, Ira Ott. His wife plans to build or refinish a dressing table for the bathroom.

The Lloyd Ridling family has moved into their new home six miles north of Dimmitt. The house is thirty-two by thirty feet. There are five rooms and a bath. The combination living and dining-room is sixteen by twenty feet. Mr. and Mrs. Ridling have done much of the work themselves. The bath is complete. Two closets, one bathroom and the kitchen are papered. A windcharger will furnish the lights until the REA builds three-fourths of a mile more. After that the milking machine can be used. Their fuel is butane. There is a lake which sub-irrigates more than a dozen large cottonwoods and cherry trees. Mr. Ridling plans to reconstruct the lake this year. Plans include a windbreak, a Buffalo grass lawn, and foundation planting. These can be conveniently irrigated from the ditch used to irrigate fields.

Bay View Club Names Mrs. Dameron As New President For Coming Year

Club Elects New Officers

Mrs. Travis Dameron was named to head the Bay View Study Club for the new year beginning next fall. Other officers elected by the club include Mrs. John Olson, vice-president; Mrs. Knox Kinard, recording secretary; Mrs. Bob Wilson, corresponding secretary; and Mrs. E. W. Harrison, treasurer. Officers will be installed at the last meeting of this club year which will be held in May.

During the business session plans were made for an international relations program which will be given at the Presbyterian Church on Feb. 20 with Rev. James Aiken as the speaker. Members of the club also voted to assist in bringing Dr. Paul Popenoe of Los Angeles, Calif., authority on heredity and marriage problems to Hereford.

"The Development of the Little Theatre in the Southwest" was outlined by Mrs. John Olson who opened the program by tracing the growth of the Little Theatre Movement from the time of its beginning to the present date. She explained how the movement grew out of a very small effort, its rapid progress from 1918-1931, of organized groups in Dallas, San Antonio, Houston, Santa Fe and Albuquerque, N. M., Tucson and Phoenix, Ariz., and of the work being accomplished in schools and colleges of the Southwest. An interesting part of her talk dealt with the sources of the dramatic activities of the Southwest, especially the part the Indians and Cowboys have played in contributing to this phase of literary education.

A drama "Green Grow the Lilacs" by Lynn Riggs was presented by four members of the club. The play dealt with the story of life in Oklahoma in its earliest days. Character parts were presented by Mrs. Knox Kinard, Mrs. Bob Wilson, Mrs. R. P. Conaway and Mrs. John McLean. Vocal selections were presented by Mrs. Conaway. Attending the meeting were Mesdames D. H. Alexander, C. R. Barber, R. P. Conaway, Colby Conkwright, H. G. Conkwright, E. W. Harrison, G. W. Heard, Knox Kinard, J. W. Kirby, Paul Mathers, Clara McLean, C. F. Moore, John Olson, G. A. F. Parker, F. T. Roloson, John McLean, J. P. Slaton, J. W. Spradley and Bob Wilson.

Bridge Dinner Given

Mr. and Mrs. George V. Stambaugh entertained with a turkey dinner at their home Wednesday evening February 5. High scores were made by Mrs. Colby Conkwright and Sylvester Slagle.

Summerfield Club Hears Book Review

The Summerfield Study Club was entertained at the home of Mrs. Tandy Legg Thursday afternoon with Mrs. Legg and Mrs. A. L. Behrends co-hostesses.

Mrs. Ray Johnson brought the program of the afternoon when she reviewed "The Family" by Nina Fedorova whose work won the Atlantic Monthly ten thousand dollar prize. Characteristic of Russian novels the book shows much depth of feeling. The artfully told story tells of a white Russian refugee family in China in 1937. Their struggle for existence against many odds reveals the deplorable aftermath of war.

Mrs. O. B. Sumner conducted roll call which was in the form of a true and false test on modern science. Delightful refreshments were served to Mesdames L. L. Cannon, Brit Clark, Jim Clark, Lee Curry, Ray Johnson, Lloyd Lookingbill, Chas. Moland, Mack Noland, B. E. Roberson, C. R. Waiser, Guy Waiser, D. C. Waiser, Taylor Smithee, O. B. Sumner, and the hostesses.
