American Legion and County Welfare Ass'n Sponsoring Drive For Winter Needs

BENEFIT INDIGENT

Cats and Outer Garments Greatly Needed; Necessary Alterations Made By Sewing Room

An appeal is made to every individual in Perryton and Ochiltree county to assist in the campaign for used clothing. This drive, sponsored by The County Welfare Association, The American Legion and American Legion Auxiliary will be staged Sunday, November 14. The purpose of the drive is to secure additional clothing to help provide for the needs of indigent families in this community during the coming winter. All churches, schools and organizations in the county are requested to cooperate in this campaign.

Ransack your closets, your old trunks, your basement and the attic for any cast off clothing that could be remodeled and used by some needy person in our county. Any items of apparel for adults or children, especially coats and other outer garments, which have served their purpose in the family, will be acceptable. Shoes are also needed. Have your children shoes, which they have outgrown?

It does not matter if the garments are out of style as they will be re-conditioned and altered, if needed, by workers of the County sponsored WPA sewing room.

Put your donations on your front porch or step on Sunday afternoon, November 14. Starting at two o'clock Sunday afternoon, cars and trucks manned by Legionnaires will cover each street of the city and gather from the homes any items donated. The American Legion committee composed of F. L. Garrett, W. M. Boston, E. W. Thomas and Post Commander Harry Nail will direct the Sunday collecting.

If your donation has not been picked up by four o'clock, it is overlooked by the committee. So they request that the donation be taken made, and you notify any of the Legionnaires, who will call for it. People residing outside of Perryton are asked to bring their donations to the WPA Sewing Room or Sibley Jines' office.

Glee Club at Lions

Membership Contest and Excellent Programs Increasing Attendance of Lions

Increasing attendance at every weekly luncheon of the Lions Club can be attributed in no small measure to the red-hot membership contest now in progress between the Whigs and the Tories. The latter, headed by J. H. Woodward, have a good lead in the contest, but Irvin Buchanan and his Whigs haven't quit by any means.

Under the able leadership of President O. A. Bush, some excellent programs have been presented recently. Appearing as a headline attraction at the Tuesday luncheon was the High School Glee Club. Representative Max W. Boyer, who has just returned from Austin, and Max King and Vance Johnson, Amalia, made short talks.

Theatre Attractions

At Killa Theatre for the coming week:
November 11-12—Ritz Brothers and Tony Martin in "Life Begins in College."

SALE OF BEER ENDED MONDAY

ALL DEALERS ARE ORDERED TO DISPOSE OF STOCK AND WILL GET A REBATE ON LICENSE

The legal sale of beer in Ochiltree county came to a definite end Monday at the orders of the county attorney's office, upon receipt of a man date from the 7th Judicial Court of Civil Appeals in Amarillo.

The battle for the eviction of beer has been a long drawn out affair, having been carried to the state supreme court, which rejected it as being out of their jurisdiction. This reverted it back to the court of civil appeals in Amarillo which held the election of March 20 legal. It was being contested by J. H. Shearer, with J. W. Payne and R. T. Correll as his attorneys. The final decision on the question over ruled a decision by Judge E. J. Pickens, April 27, ruling the election illegal on the grounds of a questionable ballot.

E. S. Carter, State inspector of the Liquor Control Board in the city Monday and Tuesday inspecting the stock of dealers and giving them formal instructions to close. All beer now in stock must be returned to the warehouse where purchased.

Dealers were told that they could send their license to the board and receive a rebate on the unused portion. Thirty days was not allowed this time for the clearing out of stock on hand.

Mr. and Mrs. A. J. George and son left this morning, Thursday for Galveston on a two weeks vacation. Their daughters, Misses Wilma, Claudia and Steryl George, have been in Galveston the past two months assisting in evangelistic work.

LOCAL MEN TO MURDER TRIAL

TALLEY, ROBERTSON, JOHNSON CALLED TO PLAINVIEW AS DEFENSE WITNESSES IN KING MURDER TRIAL

Sheriff J. S. Talley, Leonard Robertson and B. A. Johnson were called to Plainview, November 8, to testify in the case of H. E. King versus State of Texas in a murder trial held there this week.

King is charged with the wanton slaying of Dr. E. F. McLendon, Plainview physician, June 25, 1937. Dr. McLendon had been summoned to King's jail cell to quiet him with sedatives and was killed when King ran amuck. He had been placed in jail on a disorderly conduct charge.

King had been in Perryton two days prior to going to Plainview and had ran afoul of the local police department. It was thought that the man was insane when here, but he was not detained. He spent the night of June 23 in the home of B. A. Johnson and left for Plainview the next day.

Talley, Robertson and Johnson were called by the defense to testify as to the sanity of King, who has entered an insanity plea. He will be sent to the asylum for the criminal insane if his defense stands up or will be subject to life imprisonment or death if proven sane. There is no doubt as to whether he is guilty of the crime.

EDDIE CANTOR (above) has joined forces with hit-making Twentieth Century-Fox to give you the hip-hip-hooroaring mirth musical of all time, "Ali Baba Goes to Town," coming to the Ellis Sunday and Monday, November 14-15.

MIRTH MUSICAL SHOWS AT ELLIS

EDDIE CANTOR IN DELIRIOUS COMEDY FILM FEST OF MODERN SWING AND BAGDAD RHYTHM

Eddie Cantor's first picture for Twentieth Century-Fox is the grandest, fun-jammiest, most extravaganza, beautiful girls, lavish sets and side-splitting comedy to the rhythmic, swaying hit tunes of Mack Gordon and Harry Revel, which include "I've Got My Heart Set On You," "Laugh Your Way Through Life" and "Swing Is Here to Stay."

Loaded with gags and girls, swing and things, "Ali Baba Goes to Town" is a surprising grab-bag of hi-de-highlights. To name a few of the thousand and one delights, there's Eddie aboard the Magic Carpet; the harem's Sultana, Louise Hovick, making love to roving-eyed Eddie; the sumptuous banquet with Eddie as master of ceremonies; countless kisses under the desert moon as Tony sings to June; the fabied gorgeousness of Bagdad; and elaborate dance ensembles in which Eddie, the Peters sisters, Jenni Le Gon, and hundreds of lush harem beauties and Oriental darlings perform in riotous, rhythmic routines, while Raymond Scott and his famous Quintet play his own composition, "Twilight in Turkey."

The spectacular musical hit has been enriched by a revolutionary new three-tone tinted process in which a combination of blue and orange is utilized for the night sequences, while sepia, amber and copper provided the three-tone effect for the day-time episodes.

Included in the important supporting cast are John Carradine, Virginia Field, Alan Dinehart, Douglas Dumbrille and thousands of others.

Dear Sirs:

You will find enclosed in this letter a full copy of our home town paper. This little paper cost us one dollar a year and I haven't a thing to say against it, in fact I enjoy it, but what I am interested in is how

you people can afford to put out a quality paper the size of the Herald for the price you ask. I am just beginning to appreciate your efforts and wonder if anyone else is doing the same.

However, I know that your heart is in it and for the welfare of your community and that you have labored for its betterment.

I can still remember back in the early depression days when you, yourself, like so many others, was being forced to use red ink, yet in spite of that fact you traded subscriptions for wheat, the same to be made and was made into flour and distributed free of charge to the needy of Perryton. You deserve the full support of your community.

Yours sincerely,

Agents To Gruver

E. W. Thomas and Wertha Tarter To Attend Demonstration Held In Gruver, November 17

A number of farmers and farm women will accompany County Agent E. W. Thomas and Home Demonstration Agent Miss Wertha Tarter to Gruver, next Wednesday, November 17 to a Meat cutting, curing and canning demonstration to be given by Roy Snyder, Meat Specialist and Miss Ruby Mashburn District Agent of the Extension Service. Meat work has been carried on for several years by the Extension Agents of Ochiltree county, however, there are some new developments that will be brought out at the demonstration and which will be given emphasis in the County this season. This is the new method of storing cured meat in cottonseed oil. This method of storage serves to prevent all loss from shrinkage, molding and insects. This year the method is particularly applicable for

the reason that cottonseed oil is cheaper than it has been for several years. Beef may also be sugar cured by the same methods used in curing pork. The cured product, which is very similar to ham, can be stored in the oil.

Demonstrations will be carried out in several communities of the County during the coming winter season.

Double stitching not only adds to the appearance of a child's garment but also strengthens any places where strain is likely to break the threads, such as around armholes, underarm seams, neck edges and plackets.

A play pen built in the yard of hog or chicken wire or of fence palings provides a safe, roomy place for the toddler and saves the mother many steps a day looking out for the child. One end of a large porch is also a good place if protected by wire so the child won't fall to the ground.

International Sunday School Lesson

Ideals for Christian Ministers

The International Uniform Sunday School Lesson for Nov. 14
Text: I Timothy 4:6-16; II Timothy 2:1-4.

OF particular value not only for ministers but for all who will study it, is a lesson on the high ideals of Christian ministry.

In Paul's letter to Timothy, whom he regarded as his son in the faith and as a man particularly called to the ministry of the Gospel, high standards are clearly set forth. It is appropriate and necessary that they be recalled at the present time.

He must be, first of all, a man of godliness. That is, he must strive to have a character like that of the God whom he worships, and an attitude of love and graciousness toward his fellow-men in harmony with the Gospel of the love of God. A true minister of Jesus Christ must be an example to others "in word, in manner of life, in love, in faith, and purity."

He must be a reader and a teacher, instructing others that they may also become teachers. He must not look for a life of ease, but must think of himself as a good soldier of Jesus Christ, willing to suffer hardship, and keeping himself clear from entangling alliances that he may be free to serve.

OBVIOUSLY, the power of such a minister and the effect of his ministry depend upon those who are under his care. People have a right to expect great things of ministers, but only insofar as in their own hearts and lives they approve of the ideal that they set up for the minister. The worth, power, and effectiveness of the Christian minister in his church and community depend more than is commonly recognized upon the

attitude of the laymen.

There is a story told of a church that had had for many years the ministry of a great and brilliant man. It is said that when the end of this man's ministry came and the responsible laymen of the church were looking for a successor, they said, "We shall not seek a man whose record and attainment are comparable to the great minister who has served us. We shall look, rather, for a young man of devotion and promise, and the church will make him."

The man whom they called became internationally known as a great preacher and leader. It was not quite true that the church made him, for he had the qualifications of greatness in him; but even this man of influence could not have wielded such power in pulpit and pastorate if he had not had the strong support and confidence of the wise laymen of that church.

When later in his life this minister went to another distinguished church, his ministry lacked something of the power and effect that it formerly had, because he did not find the support of laymen of similar vision and devotion.

If there be a church suffering anywhere from an ineffective ministry, let the laymen take the situation to heart, not in narrow criticism, not in fault-finding, not in weakening the resources of the minister, but in giving him a new attitude of support in prayer, in encouragement, and if it be in critical suggestion, with kindness and constructive purpose.

The church needs today more than anything else intelligent co-operation and mutual understanding between laymen and ministers; and this can be developed by a careful study of such lessons as this.

Theme: "The Thousand Years"

There is possibly no other subject mentioned in the Holy Scriptures, concerning which men have concocted a greater and more colorful variety than the subject of the Thousand Years. However, if we but permit the Bible to give its own explanation on this subject, it is not at all difficult of understanding.

The Young People's Society will gather on Friday evening at the home of A. A. Engelmann. Come, you are welcome.

CHRISTIAN SCIENCE

"Mortals and Immortals" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, November 14.

The Golden Text is: "Because ye are sons, God hath sent forth the Spirit of his Son into your hearts, crying, Abba, Father. Wherefore thou art no more a servant, but a son; and if a son, then an heir of God through Christ" (Galatians 4: 6, 7).

Among the citations which com-

prise the Lesson-Sermon is the following from the Bible: "When Christ, who is our life, shall appear, then shall ye also appear with him in glory" (Colossians 3:4).

The Lesson-Sermon includes also the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "In his resurrection and ascension, Jesus showed that a mortal man is not the real essence of manhood, and that this unreal material mortality disappears in presence of the reality" (page 292).

MAYOR'S PROCLAMATION

Once again the time has come for the community to demonstrate its concern for maintaining a very necessary part of our civic welfare program—the work maintained by the Ochiltree County Chapter of the American Red Cross.

It is not necessary for me to remind citizens of our community that the work of the Red Cross is a vital contribution to our community welfare. We have all seen, during the year, how effective the Red Cross is, both from the standpoint of year-round program and that during times of great national emergency. Perhaps never before has the work of this great national agency been so universally endorsed as in this year during the gigantic operation in the Ohio and Mississippi valleys. It was a great work, done in an efficient manner and it deserves our most sincere commendation.

Our community, I am pleased to say, carried its full share of the responsibility for making this great relief work possible, through contributions of our citizens.

The annual Roll Call of the Red Cross, through which such fine work is supported, is from November 11 to Thanksgiving Day. Memberships enrolled during that time will support the work for one year ahead of us. The Red Cross asks little from the community, yet contributes much to the general welfare of our people.

It gives me great pleasure, as mayor of Perryton, to set aside the designated period as the time when all members will be asked to renew their memberships and those who have not enrolled before are urged to add their names to the ranks of Red Cross members in our community.

C. E. FORBES, Mayor
Perryton, Texas.

WORK AT NIGHT

There is really no need for a business man's business to remain dormant from the time he closes shop at night and the time he opens in morning. How to remedy just this situation was discussed fully in editorial in the Winchester Star, which pointed out that though the salesman cannot go to customer's home at night, there is no reason why the merchant did not be storing up sales for tomorrow. "An advertisement in the daily newspaper," they say, "will be hundreds of people to think of store tonight, will prevent your loss from being forgotten while doors are locked. People who are reading the advertisements in the paper tonight will make the sales of tomorrow. Night does bring stagnancy in the store as owner advertises in the weekly paper."

That every astute businessman needs in promoting sales, reaching as many people with his talk as possible. Can you think any better way of accomplishing this by means of space in a paper? Your salesmen are able to contact only a limited number of people. Circulars and mail literature are handicapped by the excess after a final analysis is made of cost per prospect. Radio has obvious drawbacks. Advertising is as old as time and takes many forms, but none compete with the weekly newspaper when an analysis is made of cost and results. When enlisting aid of space in newspapers you are putting a 24 hour a day man to work for you. He works while you sleep.

Mrs. Ray Cook had as guests for dinner Monday, Mr. Mrs. M. F. Hethcock and Mr. Mrs. Dalton Patterson.

Mrs. Van Earl Steed and visited with relatives in Sham-Sunday.

Ocie Nichols returned home Monday from Hereford, where she been visiting the past six weeks. Home of her daughter, Mrs. Nelson. Mr. and Mrs. Neil and new son, Phil Warren, left her home and visited over day.

MAX W. BOYER RETURNS HOME

REMAINS IN AUSTIN FOR TEN DAYS AFTER SPECIAL SESSION ADJOURNED ON COMMITTEE DUTIES

Representative and Mrs. Max W. Boyer returned to their home in this city Saturday from Austin, Texas, where they have been since the convening of the special legislative session. Mr. Boyer was detained in the capitol for 10 days after the adjournment of the session by a house committee investigation into nepotism and other irregularities in various state departments.

A check of our Representative's record during the called session shows the following highlights which should be of interest to his constituents. Supported revenue-raising bill (same failed to pass due to Senate non-support). House revenue bill would have provided funds for Social Security legislation as mandated by voters in passing constitutional amendments. 2. Voted against sale by the drink of liquor. 3. Voted for economy bill in state departments at Austin. 4. Did some valuable work on Ochiltree State Park project. 5. Served on post-session investigation committee. 6. Advised with authorities in regard to keeping needy old on pension rolls. 7. Secured approval of Attorney-General on Dallas county land values. 8. Supported bill for re-allocation of transportation funds in rural aid school work.

Representative Boyer, when pressed for a statement as to his activities and the work of the called session, had the following to say: "I am indeed glad to return home after six weeks spent in Austin as there is no place like the Panhandle in which to live. Much has been said about the recent session of the Legislature and I was disappointed that reasonable revenue was not raised to take care of old age assistance, blind and dependent children and teachers retirement. It was my pleasure to support a measure that would have financed the program adopted by the people in the special election last summer. However, I desire more than anything else to reduce expenditures in the state government and economy should have been submitted, in my opinion, along with revenue raising. Texas has over \$48,000,000 in the state treasury in all funds despite the \$14,000,000 deficit in the general fund. Millions of dollars could be re-allocated and taxes on real estate decreased and all taxes more fully equalized. Many needless departments can and should be eliminated and I believe the day is close at hand when this will be a reality."

Watch Indoor Heat

Over-Heated Houses are Dangerous And Cause Unnecessary Illness During Winter Months

Austin, Texas, Nov. 8—"With colder weather on its way to Texas, it's time to think about home temperatures during the winter months," states Dr. Geo. W. Cox, State Health Officer.

"There is evidence that thousands of homes are constantly over-heated during the winter. In fact, many families tolerate an indoor temperature during the colder months to which they would and do strenuously object in the summer. Such persons are not only uneconomical with their fuel supply, but are endangering their health as well," Dr. Cox continued.

"People living in homes with over-heated temperatures become soft, the system is weakened and is at a decided disadvantage in defending itself against the sudden change from a too great intramural heat to the penetrating cold.

"Consequently colds, bronchitis, troubles and pneumonia, taking advantage of the situation, step in and do much unnecessary, and not infrequently fatal damage. You will agree that this is entirely too high a price to pay for a few extra degrees of unneeded heat.

"We all know families who are starting on their annual scourge of colds and sore throats. But this does not alter their affinity for super-heat. They ignore the fact that 68 to 70 degrees is the best temperature. A thermometer kept within that range, plus proper humidity, is a definite safe-guard. We need that safe-guard. What does your thermometer read?"

Mr. and Mrs. Art Tregelala, Dodge City, Kans., and their daughter and husband, Mr. and Mrs. Ben Myers of Belpre, Kans., were week-end guests in the home of Mrs. Tregelala's sister, Mrs. E. E. Barnett, and with her mother, Mrs. I. N. Pennington.

Mr. and Mrs. E. W. LeMaster and Barbara Kae were dinner guests with Mr. and Mrs. Jake LeMaster, Thursday evening.

Mrs. H. H. Balzer and Mrs. Dave Calhoun visited Friday with Mrs. Bob Hoover, Canadian.

Guests enjoying bridge with Mrs. A. J. Kelly Saturday afternoon were Mrs. H. J. Boisdor, Mrs. Vance Apple and Mrs. H. I. Hudson.

BASKETBALL TOURNAMENT ON DECEMBER 10-11

Dates for the Perryton High School Basketball Tournament have been set for Friday and Saturday, December 10-11. This tournament, one of the high lights of the school year, has been an annual affair for the past several years. It has become the largest invitational tournament in this part of the Panhandle. Last year there were more than 30 teams, boys and girls, entered with approximately 350 of the best athletes in the North Plains competing. It is anticipated that this year's affair will draw a larger number. Prizes and awards will be given the winning teams, and the outstanding players. The school authorities are asking that the local people cooperate in entertaining these visiting boys and girls and their coaches. It is customary for the players to be furnished lodging on Friday night. If you have any extra room and are able to take some of the players, it will be greatly appreciated by the school. Last year, there were not enough rooms available. The school had to pay for a night's lodging for about 22 players. Thus, the proceeds of the tournament were greatly reduced. The Athletic Association is badly in need of funds and will appreciate your cooperation in the matter of lodging.

Their car was damaged considerably.

COLLEGE MEN VISIT SCHOOL

TOUR BY COLLEGE HEADS ENABLES THEM TO PREPARE BETTER TEACHERS AT CANYON SCHOOL

Canyon, November 9.—High praise for the school system at Perryton and other towns in Ochiltree and Hansford counties is contained in a report made to Dr. J. A. Hill, president of West Texas State College, by Prof. S. H. Condon and Prof. Mitchell Jones of the education department, who recently visited these counties.

Supt. R. A. Burgess of Perryton showed the visitors the large school system which was still further enlarged by transporting pupils from five additional rural schools this fall. A fleet of buses takes the pupils to Perryton. The college men attended a number of classes, taught some, and held conferences with the teachers on current problems of the profession. They were pleased by the cordiality of city officials and other citizens and that of Van W. Stewart, publisher of The Ochiltree County Herald.

Of particular interest at the Morse school was the work being done by the band and orchestra directed by Wallace Byers and the chorus directed by Principal A. B. Riemerson. These groups were heard following a luncheon. Supt. W. A. Gillispie welcomed the professors and explained the workings of the school.

Supt. Frank Wilson of Gruver showed the trippers his effective organization. This school is active in public service and its teachers are service-minded. It operates a lunch counter which for a nominal sum meets a keen need and enables pupils to do better work. A system of class rivalry is used to stimulate scholarship.

Supt. W. R. Finley of the Spearman schools told the trippers that he and his board had decided preference for teachers trained in Teachers College, believing that their professional attitude is productive of superior teaching in most instances.

Supt. Finley pointed out that Spearman students are given opportunity to participate in at least one worthwhile club or musical activity. Teachers find it essential to direct at least two of these activities.

The college men visited the Spearman Lions club, which is an ardent supporter of the schools, and called on W. J. Miller, editor of the Spearman Reporter.

As a result of the trip, Prof. Condon and Prof. Jones told President Hill they know the problems of the teachers better and have an insight which will enable them to prepare

better teachers for service on the plains. They can appreciate, also, the resourcefulness exhibited by school heads, boards, and teachers in meeting financial, geographic, and other problems.

Other groups from the college faculty are making four-day trips to various counties of the Panhandle.

Mr. and Mrs. H. Miller and Mr. and Mrs. N. G. Nelson of the Gray, Okla., community, returned last week from Abilene, Kans., where they visited several days in the home of the ladies' sister, Mrs. Chas. Reuter. While there another sister came, Mrs. Rose Illingsworth of Pocatello, Idaho. The four sisters had not been together for thirty-one years.

Mr. and Mrs. Jake Schwab, Mrs. R. L. Jennings and her mother, Mrs. Walter Russell of Custer, Okla., were Amarillo visitors, Tuesday.

Mr. and Mrs. J. D. Wade and Mr. and Mrs. J. W. Buckley returned Tuesday from a trip to Del Rio.

Mrs. Oscar Hayne and children, Betty Jean, Bobby and Donald Ray of Sharon, Kans., spent the week-end in Perryton visiting with Mrs. Coleman's sister, Mrs. C. F. McLarty and with friends.

Mr. and Mrs. Leroy Hartman and son, Verlin, and Mrs. Hartman's mother, Mrs. W. E. Garrison, and her grandmother, Mrs. Onnie Hinds, spent the day Sunday visiting in Pampa in the home of Mr. and Thurman Hinds. Mr. and Mrs. H. E. Shotwell and Ruth accompanied them and visited with his brother and family.

Miss Blanche Allen returned home Saturday from a three weeks stay in California.

Miss Essie Todd and Ray Cole of Canyon were dinner guests Sunday with Mr. and Mrs. Tom McLarty.

Mr. and Mrs. W. L. Herndon Jr. and son, Billy, went to Pampa Wednesday evening and visited over Armistice with relatives. Mr. and Mrs. Herndon attended the homecoming for Pampa exes Wednesday evening.

Miss Nora Eads, Amarillo, spent the week-end with her parents, Mr. and Mrs. W. T. Eads.

Mr. and Mrs. D. E. Autry left Tuesday for Marlin, where they expect to spend several weeks for Mr. Autry's health.

Mr. and Mrs. T. H. Blair, of the Gray, Okla., community were Perryton shoppers, Wednesday.

TESTING COFFEE

A way to test the quality of coffee is to put a spoonful in a glass of cold water and add a few drops of lemon juice. If the coffee is pure it will remain on top of the water; if not, the water will become brown in color.

A crack on the inside of a range can be mended by using a filler made of equal parts of common table salt and wood ashes, moistened with water to the proper consistency. The filler will dry hard and will be lasting.

Membership Drive

American Legion Auxiliary Strives To Reach '38 Membership Quota Before November 13

Re-enrollment of the entire membership of the Pierce Johnson Unit of the American Legion Auxiliary for 1938 before November 13th is the goal of a campaign by the unit. Mrs. R. J. Barlow, Unit President, announced. New members also will be accepted during the campaign and the unit expects to enter the new year with an increase over its 1937 enrollment.

The campaign will be directed by Mrs. F. L. Garrett, chairman of the membership committee, with the assistance of Mrs. Hugh Shotwell, Mrs. Sibley Jines and Mrs. Tom Denman. All members of the unit are being urged to work actively in the membership effort.

"The American Legion Auxiliary reached the largest membership in its history this year," said Mrs. Barlow, "with nearly 450,000 women enrolled throughout the nation. The Perryton unit had 68 members for 1937."

The growth of the Auxiliary is a result of the practical program of civic and patriotic service which it offers to its members. Local activities cover a wide field of civic and patriotic work, and include many enjoyable social affairs. The program committee is planning for an instructional program for each business meeting, and some special social affairs for the coming months.

Wives, mothers, sisters and daughters of American Legion members or deceased veterans, and women who were themselves in World War service are eligible to the Auxiliary. They are extended an invitation into the membership of the Perryton unit at this time.

ARMISTICE

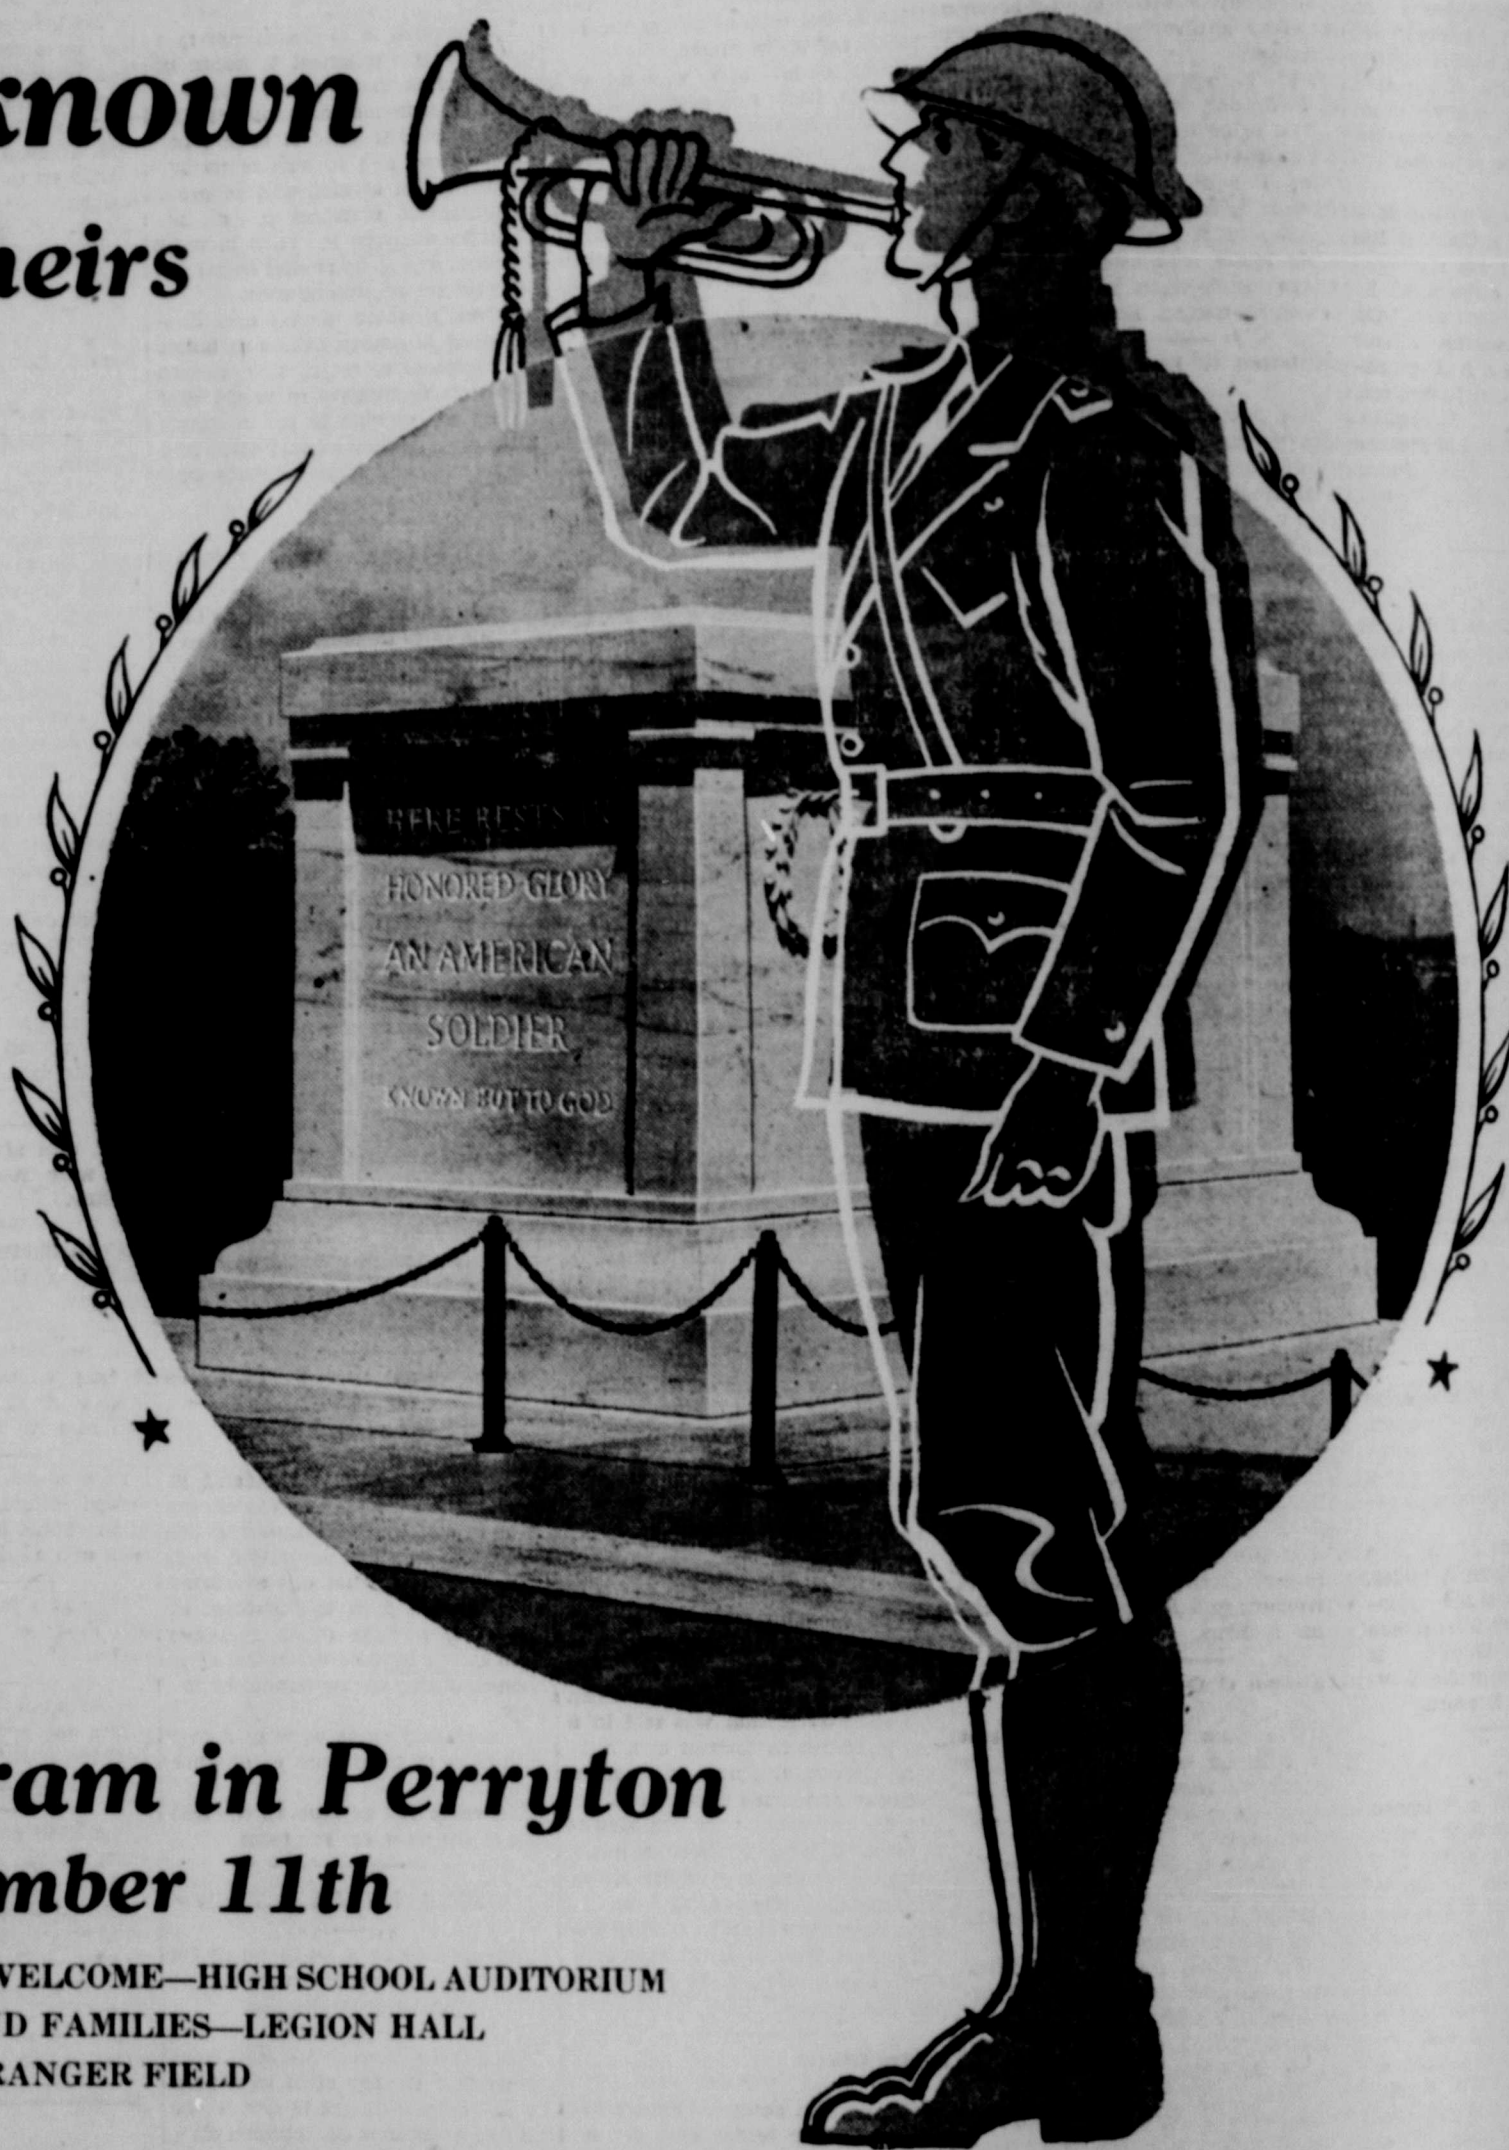

Known and Unknown ... This Day is Theirs

That history was made on that day in November none would deny; that history is being recalled today is difficult to remember.

For most of us, that great event is still too close. To most of us it is still the return of a dear one, a tugging at heart-strings as the last lists were posted, a little one meeting an almost forgotten father.

Generations from now the true import of the event may be recognized. Whether November 11, 1918 will go down as just another dry date marking the end of another horrible war or whether that day will mark the beginning of a great era of world peace depends on those of us who live today.

Those who died during the conflict have written their chapter; our's is still the opportunity to write the happy ending that they would so desire.

Ranger-Lynx Squads Meet Here Today For 14th Encounter

ARMISTICE DAY; RANGERS WON 7, LYNX 5; 1 TIED; RANGERS FAVORED

Crowd Expected at Game, as Perryton American Legion Post Plays Host to "Buddies" and Families from Spearman

Struggle for supremacy on the gridiron between the Perryton American Legion and the Spearman Lynx on Armistice Day in 1927—almost ten years ago today—more games that were played in earnest the contention as to which team is the better.

Another of these big games was played today it might be said to fans to scan the progress up to date, if they have time for figuring out how the day will be recorded.

There in that first traditional game resulted in the Rangers winning the sack first with their ground work, gaining 261 yards against 44 for the Lynx. And incidentally in the Ranger defense started savagery by turning back a ball toters for a loss of 10 yards than was gained. The game during that game in which the Rangers invaded the Ranger territory a Lynx player scooped a fumble and ran it to the 10 yard line. Nelson, at fullback, the visitors, made Spearman first down when he ran 17 yards over his own line. Shearer, Tucker, E. and McLarty were the big offensive for Perryton.

With one whipping the Spearman allowed the Ranger to enter their lair on November 11 and pluck all the tail out of their turkey with a score. This game was a little however, and blocked punts possible for the most of the game. The Ranger's came in the first quarter

when Black, playing left guard, broke through the line to smear a Lynx punt, and Beardsley, Captain and center, came through to fall on the elusive pork rind for the touchdown. Perryton scored again the first half on straight football when Tucker, playing left half, smashed over the line. Bruner, at left end, made the extra point with his toe. The Lynx tally came in the last quarter when they bowled over the Perryton defense to block a punt and recover it over the goal line.

The third game at Spearman, October 19, 1928, left the Lynx with more sore spots and the disappointing end of a 45 to 0 score. The Rangers scored three times in the first quarter, twice in the second, and two more times during the last half. Coach Shupe took his entire squad of 32 boys to Spearman that day, and using 20 of them in the game, showed the fans some plain and fancy passing, punting and ball carrying.

On October 11, 1929 the Lynx came to Perryton, only to return home that evening with the back side of their laps dragging out their tracks after a 40 to 0 drubbing. This was the year in which the Lynx outweighed the Rangers 35 pounds to the man. And what a show that must have been! While the Rangers were making their six touchdowns the Lynx were able only to get three first downs. Shearer, Witt and L. Tucker made most of the touchdowns possible with their pass interceptions, together with the effectiveness of the defensive line play of the Rangers in blocking the Lynx punts.

Their encounter in 1930, on October 31, at Spearman, proves conclusively that you may be down but you're never out, for the Spearman

squad did everything but take the britches off their foes. Coach Jarvis and his boys had the Shupemen laughing out of the other side of their faces when the last quarter ended, for they came out of that fray with a 19 to 6 score, blasting the conference hopes of the Rangers, and giving them a taste of the humiliation that the Lynx had been eating for the three years previous. From the records, Spearman received the breaks of the game in four recovered Ranger fumbles, and several intercepted passes, together with their effective offensive play netting them their three touchdowns. But, that brings up that old maxim that if you are playing good football you're a good team, and if the breaks are "agin" you, you look like so many dubs on the field. The lone Ranger score came in the third period when Bradford, playing left tackle, intercepted a Lynx lateral, and ran 45 yards for the payoff.

Having tasted victory the year before, the Lynx licked their chops and came to Perryton for more meat on October 31, 1931. They got their meat too! They defeated the Rangers 6 to 0 in a punting duel between Vernon of the Lynx, and Shockley of the Rangers. While the fleet-footed Shockley out-punted his rival, the Rangers were fumbling to the extent that the Lynx whipped them with their recoveries. The lone Lynx score came in the early part of the second period when Vernon received a Ranger punt on the Lynx 38 yard stripe and ran it across the Ranger goal for the victory. And up to this point the Ranger goal had not been crossed in 1931.

My, my! How those Lynxman do play! Here it is November 4, 1932, and another victory to the credit of Spearman. Coach Keith and his Rangers supposedly had everything necessary with which to come out on top in that encounter, yet Mr. Madden, the fleet-footed fullback for the Lynx, scampered around his right end of a delayed buck to sift through all the Rangers secondary and cross the goal. This only score came in the opening quarter, and the remainder of the game was a see-saw mele with both teams threatening but lacking the necessary something to score. Once the

Lynx had the ball on the Ranger six-inch line but were unable to push over.

A non-conference tilt on October 6, 1933 at Spearman, resulted in a 6-6 tie. The morale of Coach Keith's Rangers was below the surface shortly after the start of the game, when on a fumble, a blocked punt on the third down but recovered by the Rangers, after a loss of 18 yards, and the punt on the fourth down going out of bounds on their own 20 yard line, the Lynx took over and crossed the goal in the next three plays, Curtis, playing fullback for the Lynx registering. In the second quarter Butler, playing left half for the Rangers, went over the goal to mark the only counter for Perryton. No goal kicks were completed.

What the Ho! I do believe the Rangers have come to life! In the second game with the Lynx in 1933, on Armistice Day at Perryton, the Rangers copied the big stick and stirred the Lynxmen off their feet to win the conference title with a 13 to 0 score. The Rangers never permitted their foes inside the twenty yard line all afternoon, and in the first and third quarters pushed their two touchdowns across. Pletcher, playing fullback for the Rangers broke loose for a 41 yard gain to be pulled down on the Lynx 6 yard mark, but later crossed the payline on a one-yard plunge, after Spearman had been penalized 5 yards for offside. Pletcher was again the man to carry over the Ranger's other score.

Now on the other hand, in 1934, the Lynx reared up on their hind feet to cop both games that year, and blast the Ranger hopes for another year. All that Coach Keith could do about both affairs that he might win the conference title during his last year as mentor for the Rangers was in vain. The first tilt, a non-conference affair, resulted in a 6-0 victory for the Lynx to be repeated on November 9th with a 28-8 score. Curtis, fullback, for the Lynx, crossed the pay line in the first game played at Perryton, after the Spearman lads had recovered a Ranger fumble. In the second game, at Spearman, a conference go, the Rangers played "hard luck" ball to go down after having gained more yardage from scrimmage than their rivals, but at the crucial moments their offensive would not click sufficiently to score more than once. Their lone touchdown came in the final quarter when Butler, right half, made the final thrust to go over. Hergert, at left guard, was responsible for a safety in the third quarter when he smashed through the line to grab a Lynxman with the ball behind the goal. Curtis was the main stem for the Lynx, after having been reported as definitely out of the game due to illness. He made three of the Spearman touchdowns, and Holton, right end, for the Lynx, romped across with a pass for the other score.

On November 11, 1935, Coach Burk's first year here as mentor, saw the tables turned on the Lynx to cop the conference go with a 19 to 0 score. In this game was seen one of the most peculiar plays perhaps ever seen on any gridiron. After the Rangers had chalked up two touchdowns, they kicked off again to the Lynx to resume play, and to score on the kick—believe it or not! The kick, a beautiful end-over-end boot that went well into Spearman territory, was muffed by Ooley, quarterback for the visitors, and rolled into the end zone. In a moment of excitement and undecision as to what to do with the ball, Ooley made an attempt to throw it out of his possession, and it fell into the waiting arms of Lilly, Ranger left end, who fell to the ground with a touchdown in the pit of his stomach. The Rangers excelled in each department of the game with the exception, perhaps of passing, in which the Lynx were a bit the better.

Duplicating their efforts exactly, so far as the scoring was concerned,

the Rangers again defeated the Spearman lads at Spearman, on November 11, 1936, with a 19-0 score. During the entire first half of the game took on the aspect of a scoreless tie—with one penetration to the credit of the Rangers during the second quarter. During the last half, however, the Burkmen added the spark, and Jones went over for one touchdown, and Lilly accounted for two, with Jones adding an extra point with his toe, to win that game, and incidentally earning the right to meet the Panhandle Panthers at

Pampa in the district play-off. Oh, I'm sorry, I didn't intend to even mention that Panhandle fracas.

Now in the game between the Lynx and Rangers on November 11, 1937, the Rangers de (oh, that's right, they play that game today).

Thus bringeth the results of the ten-year-old rivalry between the Rangers and Lynx on the gridiron up to today. Be there for some thrills!

Halfbacks Lead Way as Grid Heroes Make Final Drive for All-America

BY IRVING DIX

Grade has started. In fact, hell on its way—and two more of the finest examples of gridiron proficiency in the nation are swinging down the stretch with their final All-America rating.

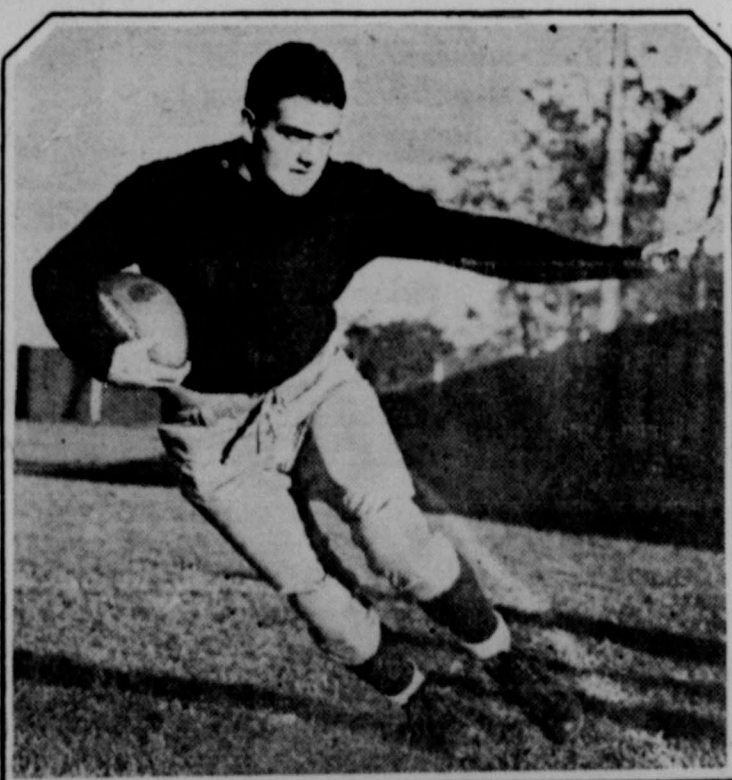

Backs by the dozen are up the picture, and it's that only two boys can end on the same team. But a lot of consolation in the fact you just aren't anyone unless you pick an All-America, so a majority of the boys are bound to make some honor selection.

As the number one foot-catcher in the nation today, greatest standout at his is Clint Frank, Yale's able halfback and captain, leading without the redoubtable Kelley this season, nearly has demonstrated gridiron genius in his play.

Great halfbacks are Marshall Goldberg of Pitt, leading choice; Eric (The Duke) of Duke; Sid Luck of Columbia; Sam Chapman of Bottari, California's star; Byron (Whizzer) of Colorado; Joe Kilgore, of Joe Gray, Oregon; Howell Little, North Carolina; Isbell, Purdue; Johnson, Michigan State, and Arkansas, Detroit.

West coast boys, John Davis, Indiana, and Rabb, Ohio State, are slim field of fullbacks. Bershak, North Carolina; Perry Schwartz, Jim Benton, Arkansas; Holland, Cornell; Bill Pitt, and Bill Jordan, Tech, are outstanding two of whom would win an honor team selection could make.

Big, tough tackles naming the gridiron to coast and from

Outstanding in the race for All-America honors this season are Clint Frank, sensational Yale halfback, top above; Marshall Goldberg, left below; Pitt's halfback ace; Andy Bershak, below center, North Carolina's star, and Bob Herwig, below right, California's candidate for All-America center.

Canada to the Gulf, with the following having stood out all season:

Brulser Kinard, Mississippi State; Ed Franco, Fordham; Ed Gatto, Louisiana State; Alex Schoenbaum, Ohio State; I. B. Hale, Texas Christian, and Alex Kavorkian, Harvard.

For guards you can't forget Joe Routh and Virgil Jones of Texas A. and M.; Ray Dubois, Navy; Bob Weld, Minnesota, and Vard Stockton of California.

Best of the center crop are Alex Wojciehewicz, Fordham; Carl Hinkle, Vanderbilt; Bob Herwig, California; Ralph Wolf, Ohio State; Ki Aldrich, Texas Christian; Quinton Lumpkin, Georgia; Charley Brock, Nebraska, and Jack Daugherty of Santa Clara.

Nor is the supply of all-star material exhausted with this list. Before the season is over there'll be a lot of new names heard from.

GIRL SCOUT NEWS

A discussion of performing kind deeds for some unfortunate children featured the program of the Girl Scouts, Thursday, November 4.

Some of the period was devoted to reading topics on social problems in which high school girls are interested.

GIRL RESERVES

Tuesday night, November 2, the Girl Reserves had a picnic at Jines Springs.

Two bonfires were built. One was used by Miss Scott to cook some stew, and the other fire was used to roast apples and potatoes.

Those present were: Joan Balzer, Bette Jo Perry, Ruth Jeffroy, Cleo Payne, Jean Lynch, Nelda Rose Wright, Maxine May, Mary Ellen Newman, Ruth Sharpe, Glenna Williams, Margaret Drake, Jackie Enfield, Elaine Shockley, and Miss Scott.

SCIENCE DONATION

Francis Dowers, an alumni of the Perryton High School, now living in Redmond, Oregon, has donated his entire chemical supplies and equipment from his personal laboratory to the Science Department.

We are indeed grateful to Mr. Dowers for the donation. Mr. Dowers studied science under Mr. Bush nine years ago. He developed a great interest in all phases of mechanical science and is now formulating plans to continue his study in this field.

TRAVEL CLUB

At the meeting of the Travel Club, Thursday, interesting discussions on Austin were given by Barbalee Chase, Ruth Huston, and Superintendent Burgess, our visitor.

Next meeting of the club will discuss Texas A. and M. and other interesting things at College Station.

6-A NEWS

We are working on our Texas booklets and have been studying the Texas government. The room mothers of both sixth grades gave a very enjoyable party. We thank them very much.

Jacqueline Adams spent Friday night with Doris Mae Wagon.

JANITORS IMPORTANT IN OUR SCHOOL LIFE

Do you ever wonder where the waste paper goes overnight? Why the janitors sweep it up and burn it. There is really only one janitor-in-chief here, and that is Don Shockley. There are several N. Y. A. boys who help him in caring for the school buildings. Without them, all three buildings might not be so neat as they are.

People comment on the neatness of our buildings and that, of course, helps to keep our school on the high standard that it is supposed to be in accordance with. If you drop a bottle of ink, doesn't the janitor help you clean it up, or perhaps cleans it up himself? Of course he does, and he does it willingly. When you need equipment or material with which to build a project, he is always ready to help you in any way possible.

Most of you do not appreciate the help the janitor gives the school, but you know the waste-paper would be yards high in the halls if he did not sweep it out. He is another part of the mechanism which keeps the school running.

MEET THE SENIORS

Who is that tall, dark and handsome football hero of the senior class? He is none other than Wayne Gyger, regular center of the Ranger team. Wayne has attended school here practically all of the eleven years that he has been in school. He is a member of the Hi-Y and Boys' Athletic Club. He was born April 2, 1920 near Gray, Oklahoma.

Ruth Huston, a member of the Travel Club and the Girls' Choral Club, was born June 21, 1919 near Perryton. Ruth's hobby is music and her favorite subject is history. After graduating from Perryton High School, she plans to enter business college.

CAMPUS CHATTER

We'll gladly embrace this opportunity to have our say. Proudly, we report today:

Glen Williams and Clinton Hearn still bemoaning the fact that they didn't break the arms they wrote with.

Dorris who, when asked if she wished a coke or a doctor, answered politely, "Yes, thank you."

And let him remain nameless who hopefully presented his teacher with a beautiful bouquet. He has the right idea.

And how about Virginia, who when asked if she would like to go to a show, said, "I'd love to."

And was it one of our fellow students who was yearning for one of the grade teachers to save him a seat in Sunday school?

And then there is Mr. Henry who escorted himself to the cinema. He looked very lonesome.

How does Harry Stump manage to keep from mixing his verbs with his cokes?

Who has been teaching Annabelle McCarter to stutter so gracefully and so cunningly?

Lemme see. Shall we remove ourselves from the blot of your presence? Not yet, we've thought of something else. 'S a fact.

A little butterfly must have told us that Miss Rabel carries in her purse a dream book.

Clarence Lewis should be pious now. (He's full of pie.)

Elaine likes Pords because she was brought up on a rattler.

(Well, we're writin' as fast as we can.)

Why did your Editor, Tuesday, look like a petrified statue of "What's the Use?"

CAN YOU IMAGINE

Speedy Johnson being energetic? Maxine May without her non-sense?

Queenie Wright without that Kemper bracelet?

Ray McWilliams not pestering someone?

Troy (Hig, Pockets) Boilerjack standing on tip toes to reach his locker?

Dean Blank walking through the hall without bumping into anyone?

"Toots" Garrison making the honor roll?

Leon Morris telling Doris how to work chemistry problems?

"Shorty" Horne being graceful? Glenna Williams not being the good scout that she is?

Knute Dowers without a sister to call him "Broth-er?"

WHAT IS ARMISTICE

What is Armistice Day? Was it a celebration to cause people of all nations to stop and give thanks for the completion of a war to end wars? Or is the Armistice Day observation to give a time when all people will have a chance to stop and take a look at the picture as it is? The armistice did not end war. It was an admission that all people were tired and needed time to think. From this thinking came slow treaties—not satisfactory; but something for which to work.

Do we individually ever declare an armistice? Do we ever take time to look at ourselves to see what we are and what our needs are? Any sane person agrees that he needs an education if he understands that education means the ability to think and live more satisfactorily; not a mere collection of facts.

American economics recovery is beginning and with it new jobs are coming. The future is what we make it. Needs are everywhere and they can be turned into work or play by those who can meet requirements. In America where everyone is born free and equal, opportunity, success or failure is possible by our own planning.

As an outstanding citizen has said: "Let the youth who aspires to a great future for himself and his country prepare himself in the spirit of Abraham Lincoln and of Benjamin Franklin, and his day will come. The weaklings who cannot meet the higher standard will fall by the way, but real leadership will make its place."

Armistice Day is what you make it.

THROUGH THE KEYHOLE

We hear that Roger Tandy has advanced one step from his bashfulness, and that he has asked one girl for a date. Who is the lucky girl? Even football players can feel low and down-hearted when his girl is it. Isn't that right Ed?

Just listen close and you will hear the pitter-patter of the Sophomore girls hearts. I think maybe Jimmie Wordworth, a newcomer, is the cause of this.

To whom it may concern. We have just learned that Clyde Skinner act as postman to some of the girls. Clyde, how much is your salary?

It seems that Letha Nichols likes Biblical names—Paul for instance.

PEP SQUAD NEWS

Twenty Questions on Social Security

Question No. 14

QUESTION: May an employee use a name on his Social Security account card other than the exact name under which he was born?

ANSWER: An employee may use a name on his account card other than the name under which he was born. He should, however, show his real name on line 1 of the application, sign his name on the application as he usually signs it, and attach to such application a request that his account card be issued in a name other than that shown on line 1.

It is necessary the employee's real name be shown on line 1 in order that proper identification may be made at the time he applies for benefits, and for verification of his age. His account card will then be given to him under the name by which he is known to his employer, which he is known to his employer.

Attractive Southern Style

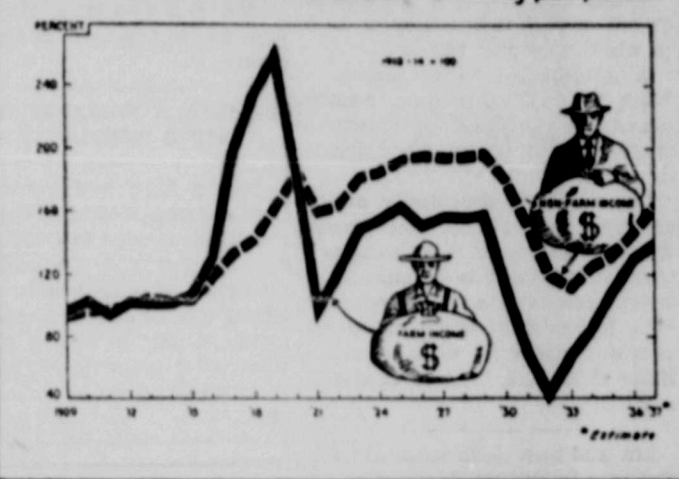

Gracing the sea shore or perched on an inland slope, this home is equally attractive. The mingled effects of smooth stucco, the bright roof tile and occasional artistic trim, such as the porch railing and neat pillars, are captivating. Inside we are equally charmed when we become aware of the roominess and excellence of arrangement.

BETTER BALANCE NEEDED

Farm U non-farm income available for living per person

The chart shows a comparison of farm income and non-farm income available per capita. Each income is expressed as a percentage of its 1910-14 average. For example, in 1932 farmers had about 40 per cent as much income available for living as they had back in the years 1910-14, while city workers had about 120 per cent as much as their average for 1910-14. The difference between the income of farmers and non-farmers has decreased since 1932 and for the past three years incomes of the two groups have been in better balance than at any time since the war. The tendency toward this balance has been maintained over the nation as a whole during 1937, but farmers in the cotton states, and especially in Texas, suffered a decline in income.

SCHOOL HEADS HOLD SESSION

BURGESS ATTENDS DISTRICT
MEETING OF SUPERINTEN-
DENTS LAST SATURDAY
IN AMARILLO

Supt. Roger A. Burgess, Perryton Independent School District, was in Amarillo, Saturday, November 6, attending the first meeting of the year of the Panhandle Superintendents Association. The Association consists of 23 counties in the Panhandle, comprising state school district No. 1.

Both morning and afternoon sessions, held in Amarillo High School auditorium, were in charge of C. A. Cryer, superintendent of schools at McLean and president of the Panhandle association. The principal speaker of the day was Dr. L. A. Woods, state superintendent of instruction, who made the challenge, "We talk too much and do too little."

There were several other speakers on the all-day program. Representative Jack Little discussed the reasons for the lack of more wholehearted action in the Legislature on behalf of the school system. He pointed out that the average layman representative or senator did not know the details of what was actually needed in the state.

Among the resolutions passed by the association were: that teachers continue to support the Teacher Retirement Plan with contributions; that the association continue to support the simple salary plan; that the association recommend that the Legislature appropriate at least one and one-quarter million dollars for the state equalization fund; that the association recommend that either the investigating committee of school affairs in Texas disclose what they had already found out or that the Legislature discontinue the investigation; that the Legislature be asked to pass a bill enabling public high schools to have free textbooks.

During the past few weeks, either disease or poison has killed a number of Perryton dogs, some of them valuable pets. Among those that have died are the dogs of Virgil Castle and Garland Redfern. Local veterinarians pronounce that the fatal illness is similar to sleeping sickness. Some think that a human skunk, better known as a dog poisoner, might be getting in some dirty work.

METHODISTS GO TO CONFERENCE

LOCAL CHURCH SENDS REPRESENTATIVES TO ANNUAL
MEETING AT QUANAH
NOVEMBER 17-21

The Northwest Texas Annual Conference of the Methodist Churches will meet November 17-21 in Quanah, Texas. Bishop H. A. Bova will preside over this conference, which includes nine Presiding Elders' districts, 200 pastoral charges and 440 churches.

Besides the other regular business of the conference, there will be two very interesting matters this year—the election of delegates to the General Conference which meets in May next year, and the vote on unification of the Methodist churches.

Three of the delegates from the Perryton district are from the local church: G. T. McLarty, T. V. Ellzey and W. C. Bryan. Others attending will be Rev. and Mrs. W. C. Hinds and Rev. and Mrs. W. B. Vaughn.

Rev. Hinds having spent 4 years as presiding Elder of this district, will be assigned to some other work in the pastorate. This closes the third year for Rev. Vaughn as pastor of the Perryton church.

Rev. Vaughn will be able to make a good report again this year. In spite of the financial conditions in this section, the church has been able to raise necessary funds to meet its obligations, under his leadership. Forty-three new members have been added to the church the past year.

The conference opens Wednesday morning, November 17, and closes Sunday evening, November 21, with the reading of appointments for the coming year.

Mr. and Mrs. Tom Denman and son visited last week in Dalhart and Perico.

ARMISTICE DAY

ONE MINUTE

Only sixty seconds. No more than is spent before a shop window, and less than is wasted each day in waiting.

Only sixty seconds. No one can miss it. Yet sixty seconds bring a host of pictures, remind us of scores of incidents half forgotten in that time.

Only sixty seconds. But a short time to give to all that that minute on Nov. 11 must signify to each of us. But in that minute let us remember, and in remembering honor those to whom that minute is dedicated. No less can be expected of each of us, and of most, no more need be asked.
