Brutally Hacked Body of Girl Found; Known Pervert Sought

Shamrock Child Is Killed in Collision

SHAMROCK — (Special) — An eight-year-old boy was killed last night and his mother is in critical condition today as the result of an automobile-freight train collision in Shamrock.

John F. Willoughby, about 30, is in Shamrock General Hospital with head injuries, but his condition was reported this morning as "satisfactory."

Mrs. Pearl W. Willoughby, 26, is in critical condition in the same hospital with both head and internal injuries.

Fannie Lavon Willoughby, 8, died a few minutes after the crash in which he was riding with his parents was in collision with a Rock Island freight train at the Main Street crossing in Shamrock about 9:45 p. m. yesterday.

Details of the accident were not available this morning. The train involved was Rock Island's last east-bound freight, Number 94.

The Willoughby car, make and model of which could not be identified, was involved in the collision.

Civil Suits Filed Result Auto Wrecks

CLOSE TO \$100,000 is involved in two civil suits filed yesterday in 31st District Court, both the result of automobile smashups on Highway 66.

Seeking \$68,000 in permanent injuries and doctor bills, L. L. See, Shamrock, filed suit against Lawrence Blaser, Chicago, Ill., following the Oct. 30 head-on collision on Highway 66 that resulted in the death of Wheeler County Commissioner Don Preston.

See, 48, and Edward E. Cockerell, 52, and Blaser, 54, are in Shamrock Hospital with serious injuries.

In another action Harris King, McLean, filed suit for \$31,250 against Morris B. Thomas, doing business as M. B. Thomas Auto Agency, of Missouri, as a result of a two-truck crash on Highway 66 on April 22, 1949.

The crash occurred as King's car was attempting to pass Thomas's truck.

King is seeking \$30,000 permanent injuries, \$1,000 for his smashed pickup truck and \$250 in doctor bills.

Shortly before the two suits were filed a judgment of \$750 against Bob McCoy, in an old civil litigation, was filed for record.

This judgment, handed down late last week, also arose out of a car-truck crash about one quarter of a mile west of Pampa on Highway 152 in March, 1947.

The award was made to H. C. Groendyke, Garfield County, Okla. Groendyke charged in his petition that his gasoline tank-trailer was damaged in a crash with McCoy on March 11, 1947. He had originally asked damages amounting to \$2,491.61 on the truck.

John A. Smith Succumbs Here

John Albert Smith, born Sept. 10, 1901, at Romney, W. Va., died in a local hospital at 6:55 a. m. today. He had been in failing health about a year.

Smith was an oil well driller until about 20 years ago, when he bought a drug store in Big Spring. He operated the store until March, 1948, when he sold and moved to Pampa. He made his home at 208 N. Sumner.

In addition to his wife, Dorothy, he is survived by one son, Albert Thomas of Lubbock; by one daughter, Mrs. Herky Lane, also of Lubbock; by two sisters, Mrs. W. D. Kellogg of Pampa and Mrs. E. A. Cunningham of Dallas, and by one brother, Forrest Smith of Andrews, Texas.

The body will lie in state at the home of Mrs. Kelley, 1228 N. Charles, from 10 a. m. this afternoon until funeral time.

Funeral arrangements to be conducted by the Duenkel-Carmichael Funeral Home, are pending.

WE HEARD . . .

Tickets for the Pampa-Borger football game will go on sale at 9 a. m. tomorrow at the school business office, City Hall. Bet the waiting line runs a close second to the line for the Pampa-Amarillo game.

Re-sale of detective and comic books is good business. So good, in fact, that the St. Matthews Episcopal Church Auxiliary will sell them at their benefit Fun Night Friday, 7:30 p. m., at the church.

Heer 'Slightly Amorous' Says Dance Date

COLUMBUS, Ohio — (AP) — A young woman who danced with Jaimes E. Heer shortly before he shot and killed a fellow student at Ohio State University has denied they quarreled on saying goodnight.

Joyce Crafton says Heer was only "slightly amorous."

That was her reply yesterday to the statement of a Columbus detective that the shooting of Jack T. McKeown was an aftermath of a rebuff she had given the admitted slayer's improper advances.

Mrs. Crafton had come from her Cleveland home last Friday to accompany Heer to a homecoming party preceding the Ohio State-Illinois football game.

The shooting occurred early Saturday morning after the party, near the fraternity house where both Heer and McKeown lived.

Through her attorney yesterday Miss Crafton told newsmen: "There were no improper advances. There was no violent argument either at the dance or after it. He became slightly amorous while saying goodnight."

In her statement, she denied that Heer was even angry when he left her.

A grand jury, probably next week, will consider a first-degree murder charge against Heer.

Heer, a handsome, curly haired ex-marine from Euclid, Ohio, is charged with fatally shooting McKeown, a journalism senior, after a homecoming dance early Saturday. McKeown's home was in Newwood, Ohio, a Cincinnati suburb.

Heer is 20; McKeown was 21. Miss Crafton also was held to the grand jury yesterday under \$300 bond as a material witness.

Detective Sgt. Lowell V. Sheets said yesterday Heer's action was (See HEER, Page 10)

Name Added to Christmas Gift List for One Pampa Woman—She Finds Long 'Lost' Aunt

Mrs. G. H. Hudson, Phillips Camp, will put one Christmas gift on her shopping list this year that she has been unable to do for 22 years. Until a short time ago her "lost" aunt was nothing more than a memory.

Mrs. Hudson and her aunt were especially close until 1927 when Mrs. Hudson moved and her aunt moved and remarried. Unintentionally they both forgot to leave forwarding addresses.

After each sent several letters that got no farther than the dead-letter office, the two women gave up.

Several weeks ago Mrs. Hudson, while feeling a little homesick for her aunt, decided she would find her or know the reason why.

First she went to Oklahoma City where the aunt formerly lived and looked through the telephone book and city directory—but no aunt.

However, Mrs. Hudson thought luck was turning her way when she spied the name of her aunt's daughter. She immediately went to the address where the daughter was supposed to be working. But Mrs. Hudson soon found she was right where she had started for the daughter had moved to California several years previously.

Looking up old mutual friends was the next try for Mrs. Hudson, but that too failed. She made many phone calls and paid plenty in taxi fares, but was still in the dark.

After getting back to her home she combed through the notes she made in Oklahoma City and hit upon new hope. She found the place there her aunt's brother-in-law was supposed to work and called there. No luck!

Reaching for the phone one Sunday night, she called everyone she thought could give her a possible clue as to the whereabouts of her aunt. She kept long distance operators busy in Arkansas, Oklahoma and California for two whole days.

When she was about ready to give up all hope of ever finding her aunt one of her calls paid off. By the following Tuesday night she had found her aunt, now Mrs. Newton Palmer, in a small California town.

Red Cross Reports Typhoon Toll 975
MANILA — (AP) — The Red Cross reported the bodies of 177 more persons killed in the Oct. 31-Nov. 1 typhoon had been recovered in Kabanakan, Negros Occidental Province.

This raised the toll to 975.

Court Accepts Bids for Last Of Equipment

LOS ANGELES — (AP) — Her head crushed by an axe, six-year-old Linda Joyce Glucoft was found slain today a few blocks from her home. Police broadcast a pickup order for a 67-year-old man.

The girl had been missing from the home of her parents, Jules and Lillian Glucoft, since yesterday afternoon. Officers identified the man they sought as a known pervert, questioned only last April in a child molestation case, but released.

The chubby body was found by homicide detectives who entered the case when a night-long search by neighbors and officers failed — jammed into a box covered with rubbish, debris and old boxes. It was in the backyard of a modest dwelling near her own home.

"It is unbelievable," screamed her mother when told of the discovery. The mother told police that the child was prompt in coming to dinner but when she didn't show up by 5:45 p. m., last night, the mother called police.

The child's body was brutally mutilated. Immediately one of the most intensive man hunts in the city's history was begun for the fiendish slayer.

It was in that vicinity that the murders of Nina Martin and her sister, Mae, occurred in 1924 — a case that led to the conviction of Scott C. Stone, a night watchman.

The case was the city's most brutal child murder since 1946, when six-year-old Rochelle Gluskoter, daughter of butcher Abe Gluskoter, was kidnapped at play. Her body was found more than a year later in the hills, and although scores of persons have been questioned and one now is being held, no formal charges have ever been filed.

A first-grade student at Crescent Heights School, Linda was last seen about 3:45 p. m. yesterday, Mrs. Glucoft told police.

Club Members Start Campaign

Kiwanians, Lions, and Rotarians this morning received work cards in the Salvation Army's current drive for \$7,000 operating funds.

Those workers who failed to show up for the kickoff breakfast at the American Legion-VFW Hall have been requested by the drive director, Lt. Fred McClure, Army officer in charge, to pick them up at the First National Bank.

He said a number of workers did not appear.

Salvation Army's Col. John A. Morrison, Dallas, was on hand to stress the importance of Salvation Army work around the clock and around the year.

Red Move Is 'Invalid'

WASHINGTON — (AP) — The United States served notice on Russia and five Soviet bloc states today that it considers invalid their new commission to control shipping on the Danube River.

The commission was set up Nov. 11 at Galatz, Romania. It replaced a control commission dating back to 1921 on which five Western nations were represented.

An American note today said the new arrangement, coupled with the device of Soviet-controlled joint shipping companies on the river, is "clearly designed to enable the Soviet Union to maintain a monopoly of Danubian commerce."

The Soviet bloc commission, it was charged, violates the peace treaties signed with Bulgaria, Hungary and Romania and "violates the concept of international waterways which has been recognized in Europe for more than 130 years."

Moose to Initiate New Candidates

The ritual drill team from the Borger lodge will be in Pampa tomorrow night to initiate candidates in the local Moose lodge.

Secretary Vincent D. Kersey said today. The ceremony will be held at 8 p. m. in the local lodge's new quarters, 408 E. Brown, formerly the Terrace Grill.

GARBAGE TRUCK FIRE
Firemen went to 1000 Campbell at 11:15 a. m. today to extinguish a fire in the back of a city garbage truck. No damage was reported.

Use Line or Lose It, Says Central Head

Regular air mail and passenger service started this morning. Eastbound planes will arrive here daily at 7:30 a. m. and 1:35 p. m., leaving at 9 a. m. and 2 p. m. Westbound planes will arrive at 10:51 a. m. and 4:31 p. m. and leave at 10:56 a. m. and 4:36 p. m.

Kable said service at all stops is Central's objective. Accompanying the president on the pre-inaugural flight were R. E. Harding, chief of operations; Bill Berry, CAA official; and Sam Turner, chief pilot.

An added phase of the ceremony yesterday was added by Raymond G. Hughes, 18, who presented an exhibition parachute jump. He is in the 319th Field Artillery, 82nd Airborne. Yesterday's jump was the 26th one for him.

Central Airlines is one of the first feeder lines in the nation to take advantage of a CAA Board's ruling permitting the use of single-engine aircraft for scheduled air flights.

Local people taking part in the ceremony were C. A. Huff, Jr., Fred Thompson, president of the Chamber of Commerce; Roy Webb, Jr., airport manager; and W. B. Weathered, postmaster.

Winners in Picture Contest Are Announced

Charles Spencer, Pampa, and John Humphreys, Canadian, have been announced winners of the recent West Texas Chamber of Commerce photographic contest.

Spencer, who is a student at Wayland College, Plainview, won a Crown Graphic camera for his picture of a grain field with oil derricks in the background. The picture, taken southwest of Pampa, was entered in the amateur class.

Humphreys' "Home on the Plains" picture was of the Cleveland Ranch home south of Canadian. It was entered in the professional class, and he gets a Crown Graphic camera.

The contest was open to all photographers in West Texas. Subjects were to be agricultural and industrial. Judging was at Abilene.

Below-the-Knee Bloomer Girls Win 3-Game Volleyball Series

HENRIETTA — (AP) — The P-T-A girls from Henrietta busted around in their bloomers—pulled modestly below the knee by husbandly edict—and gave the Midway P-T-A a trimming in a three-game volleyball series last night.

They couldn't have used the bloomers to abate the heat if they'd lost. The Midway Parent-Teacher Association team was dressed the same way.

But the proper wearing of bloomers wasn't the issue in the nearby Midway community that it was here. Some said the "hem-line" ought to be above the knee (with four yards of material gathered in). Others said that wouldn't do at all—the knees must be hidden.

The girls, most of whom are nudging middle age, finally went to the Midway gym with their knees decorously out of sight.

"Our husbands forced us into this," said Mrs. W. B. Hargrove, P-T-A president and captain. "I wouldn't have sent my husband said he wouldn't pay the doctor bill if his wife got hurt with her knees in view."

"But we decided if we won the first game, we'd hitch our bloomers up a little."

Henrietta did win the opener, 15-7. Up went the bloomers—above the knees of Mrs. Hargrove and Mrs. Andy Richardson. The other players didn't like them quite that high.

Henrietta lost the second game, 3-15. But the girls made a rousing comeback to win the third, 15-6.

Mediators Work Against Time To Head Off Maritime Strike

WASHINGTON — (AP) — Government mediators worked against the clock today to avert a deck officers' strike threatening to tie up passenger and dry cargo vessels sailing from Atlantic and Gulf ports after midnight tonight.

The AFL Masters, Mates and Pilots Union, with four or five men on each freighter and more on passenger ships, threatens to strike tonight, largely over the issue of rotating jobs. Oil tankers and coal-carrying vessels would be exempt, as would the ships in commerce within the ports.

Capt. Charles F. May, head of the union, said vessels on the high seas would be considered struck at their destinations under an agreement with the international transport workers.

Frank J. Taylor, president of the American Merchant Marine Institute and chief negotiator for the Atlantic and Gulf port shipowners, said that the officers sign articles to serve until they reach the return ports, so that union members would be obligated to complete their runs, even if the strike develops.

Conciliator William N. Margolis was doubtful that a strike could be avoided. He said after meetings with the parties yesterday that "it looks very much" as if a walkout is imminent.

May told reporters "we're notifying our people to prepare for a strike." He said 17 issues are being pressed, but didn't say what they were.

The contract, which expired September 30, was twice extended. Taylor said the union's other demands have been negotiated and there was little difference between the parties on anything but the hiring hall requirement.

The union is asking that the present preferential hiring arrangement be broadened so that officers be chosen in rotation from a hiring hall spreading employment. Such an arrangement is in effect on the West Coast.

The 500 vessels in operation for (See MEDIATORS, Page 10)

Attorneys Pick Jury in Sanity Trial

DALLAS — (AP) — Keith Petersen, 21-year-old collegian who killed his girl friend when he decided to marry another man, fidgeted restlessly in court today as attorneys picked a jury to determine his sanity.

It seemed likely that testimony would begin late today, Assistant District Attorney Henry Wade indicated.

Petersen was a student at Southern Methodist University when he fatally shot pretty Carolyn Schofield, 20, in a Dallas office building last Sept. 2.

A 12-man jury will be asked to judge the state of Petersen's mind now — and when he killed the girl who spurned his love.

The court was half-filled. The defendant's parents, Mr. and Mrs. Lewis Petersen, were also present.

Petersen, tall, handsome, self-styled "intellectual" said he killed Miss Schofield because she intended to marry another man.

He shot her with a newly bought pistol in the office of a geologist for whom she worked. "I fired six times. I think I got her with five out of six," he said afterwards.

Petersen showed no regret. "I'm not sorry I killed her—I'd do it again."

Petersen displayed little interest yesterday as selection of a jury started.

Hughes said the youth shows no remorse and refused to sit with his parents — or Hughes. If the jury finds Petersen sane at the time of the act and sane now, he will be sent to an asylum. If he is pronounced cured at any future time, he could be tried for murder.

If the jury finds him insane at the time of the crime and sane now, Petersen would be released, never to go on trial.

Texans Can Handle Reds

HOUSTON — (AP) — Senator Tom Connally (D-Tex.) says Texans know how to handle Communists.

The chairman of the Senate Foreign Relations Committee last night told a group of the nation's top businessmen that Texas is the safest place on the globe in which to invest money.

He spoke at a dinner given for directors and officials of the National Escut Company, which tomorrow formally opens a \$7,000,000 plant here.

Connally said there is not going to be any war in the foreseeable future.

"And there is not going to be any communism in this country or in Texas," he added.

"We know how to handle Communists in Texas," he said. "We know how to handle them in frontier days. We know how to handle at San Jacinto those who have enslaved our people and exploited our resources."

Air Reserve Will Meet Wednesday
The regular meeting of the local Air Reserve will be held in the County Court Room Wednesday at 7:30 p. m. according to Major Ralph Thomas, unit executive officer. Some interesting films will be shown.

All former Air Force officers and enlisted personnel are invited to attend the meeting.

HELPING HAND—Tony Henson, two years old, of Knoxville, Tenn., tries to comfort his dog, Snowball, after the pet was struck and slightly injured by a truck. The pup was hurt while trying to prevent Tony from wandering away from his home.

Help Wanted: One Expert Fact Finder

AUSTIN — (AP) — Help wanted male: one expert fact finder. Salary up to \$10,000. Apply state of Texas.

That in effect was the notice put out yesterday by the state Legislative Council looking for a top ranking research man to head its technical staff.

The council also wants a No. 2 man in the set-up, and will pay up to \$8,000 a year for this job.

The Legislative Council, made up of key members of House and Senate, was established by the last Legislature to work between sessions on major questions of state policy, to look into any matter of government, and to bring recommendations based on its findings.

FBI AGENT TESTIFIES PAIR TRIED TO ESCAPE DRAGNET

NEW YORK — (AP) — An FBI agent, commander of 20 G-men who played hide-and-seek with Gubitchev through Manhattan, was called back to the witness stand today to give more testimony that her arrest was legal.

The agent, Robert R. Granville, testified yesterday that the 28-year-old brunette and Gubitchev, a Russian engineer, were seized without a warrant because they tried to escape a dragnet of FBI men.

Miss Coplon, a former U. S. Department of Justice worker, and Gubitchev, suspended United Nations employee, were called for trial yesterday in federal court on charges of conspiracy to steal secret U. S. documents for the Russians.

The trial was delayed by a preliminary hearing on a defense demand for return of papers and other property seized from Miss Coplon's handwriting when she was arrested here with Gubitchev last March 4.

Return of the papers would be a severe blow to the government's case against the little brunette. The prosecution contends the papers are transcripts of government secrets, while the defense claims they are legitimate personal property.

Miss Coplon's lawyer, Archibald Palmer, contends her arrest and seizure of the papers — made without a warrant — were illegal.

Granville traced in his testimony each move in the pursuit of the pair by the score of agents with seven radio-equipped cars. The defendants finally were arrested by Granville in the shadow of the Third Avenue elevated railroad on Manhattan's lower east side.

No warrant was obtained, the agent said, because he had not intended to arrest the pair at the time.

Defense counsel asked what led the agent to make the arrest, and the witness explained:

"Because of their attempts to elude surveillance, getting on and off subways, it was my opinion that they had passed or attempted to pass classified (secret) material. It was my opinion that the safety of the United States was involved and that their arrest was justified."

Granville said Miss Coplon and Gubitchev gave the 20 G-men the slip four times for brief periods on the night of their arrest.

The hearing, before Judge Sylvester A. Ryan, may last several days.

Miss Coplon — already under sentence of 40 months to ten years on a conviction of stealing government papers for the Russians — is appealing the conviction in Washington.

The 32-year-old Gubitchev, who was not a defendant in the Washington trial, was stood mute in court here and says he will offer no defense. He claims diplomatic immunity from trial. But the U. S. government and United Nations officials have rejected this claim.

FARM NEWS

PAMPA NEWS, TUESDAY NOV. 15, 1949 - PAGE 3

American Royal Grand Champion Steer

KANSAS CITY, MISSOURI—This smooth, beefy Hereford steer, finished perfectly, and a 19 year old FFA boy from Oklahoma, proved the winning combination of the 1949 American Royal Livestock Show held here, October 15-22. The fat steer Grand Championship went to Bob McKinley of Dale, Oklahoma, on his Hereford, Hercules' Pride. The 1190 pound winner was selected by H. E. Kildes of Iowa State College from some 350 steers of all breeds. In addition to the regular show premium money, Bob won \$700 from a feed manufacturer and \$500 from the American Hereford Association.

Hercules' Pride was purchased at the close of the show by the Williams Meat Company for \$1,500. In addition, they purchased the Grand Champion Carcass of fat steers, also Hercules, for \$61 per cwt.

Hot Weather Dairy Cattle Developed

WASHINGTON — (AP) — The government is working with Texas and Louisiana to develop a strain of dairy cattle that will produce more milk in the hot weather zones.

Cross breeding of popular thoroughbred livestock with Indian humpback Brahmas is the key to the project.

Dr. Ralph E. Hodgson, assistant chief of the Agriculture Department's Bureau of Dairy Industry, said experiments are underway at the Texas Agricultural and Mechanical College research station and at Jeanerette, La.

"It is our hope to develop a strain of dairy cattle that will have strong resistance to prolonged and intense heat," commented Dr. Hodgson.

"There is nothing spectacular about our work, and it will take years to know what success we will have in this undertaking. If we do succeed it will mean a great deal, though increased milk production, to areas where the

present yield per cow is relatively low."

He said that the hotter the area, the less a farmer generally can expect in production from such pure stock as Jerseys, Guernseys and Holsteins.

In South Texas and most areas along the Gulf Coast production per head usually is less from the same breed of cattle than it is on farms farther inland and north.

At Texas A&M the scientists are breeding pure American-born Brahmas cows with thoroughbred Jersey bulls. In Louisiana the reverse procedure is followed, breeding popular-breed cows with Brahmas bulls.

The work has been going on for about two years, on a strictly cooperative basis between the states and the federal government.

Lower Prices Cut U.S. Income

WASHINGTON — (AP) — Because farm prices were lower, total personal income of Americans slipped in September despite the first appreciable gain in factory payrolls this year.

The Commerce Department reported Monday that personal income — backbone of consumer buying power — slipped to an annual rate of \$210,800,000,000 in September from \$211,400,000,000 in August.

The September rate also was well below the \$218,300,000,000 pace of September, 1948, but 1949 was still leading 1948 on the average for the first nine months.

The nine-month average for this year amounted to an annual rate of \$212,300,000,000 compared with \$210,300,000,000 for the same months of last year.

BOAT FIRED ON HONG KONG — (AP) — The China Mail reported today the river boat Singing, flying the British flag, was machine-gunned by Chinese Nationalist planes at Swatow. No details were given.

Workers Still Gleaning Harvest

WICHITA FALLS — (AP) — Workers still were cleaning up the grain harvest in Wichita Falls today — 24,000 bushels of wheat splattered on the ground when two huge elevators collapsed.

The elevators were about 24 feet in diameter and towered about 60 feet above the ground. Seven hundred tons of wheat were in one elevator which started buckling Saturday when workmen started moving wheat out of it. The elevator fell against an empty tower next to it.

Workmen said suction caused when the wheat was released near the bottom of the elevator caused the structure to buckle.

Paul Berend, partner in the Berend Brothers firm that owned the elevators, said he stood to lose more than \$45,000 in grain alone unless salvage operations were successful.

Poisoned Grain Stopping Rats

RIO GRANDE CITY — (AP) — Poisoned grain is proving a success in stopping a horde of rats, destruction of crops in this area.

"That poison does the business," grower Ralph Jones said. "It's stopped the losses."

The rats begin swarming into tomato and green pepper fields near La Grulla about three weeks

Gray County Farmers Build Water Diversion Terraces

HARRY BURDEN has recently finished construction of two earth dams on the McAfee Ranch northeast of Lefors.

The dams will provide additional water for livestock and will also assist in checking serious erosion on the drainageways below the dams. The dams were staked by engineers from the Soil Conservation Service, working with the Gray County Soil Conservation District, Quentin Williams, district conservationist, said.

Dams have also recently been staked on land owned by O. H. Ingram of Pampa and R. C. McPherson of Lefors.

Ingram built some diversion terraces this past summer to protect part of his cultivated land, and McPherson is planning a diversion terrace to protect land which he intends to plant to pasture grasses next spring.

Frank Carter reports that he has an excellent stand of 20 acres of alfalfa and 80 acres of pasture grass mixture which were planted this fall on the Combs-Worley Ranch southeast of Pampa.

Both the alfalfa and pasture were irrigated by a sprinkler system.

ago and they moved up and down the Rio Grande until the invasion covered a 15-mile strip, one to two miles wide.

Harvests Save Crop Controls

WASHINGTON — (AP) — Midwestern farmers apparently have been saved from rigid crop production controls in 1950 by harvest-time reductions in this year's official production estimates.

During the summer growing season, controls appeared inevitable next year on two major Midwestern crops — corn and wheat. But wheat failed to turn out as well as had been forecast. As a consequence, the Agriculture Department announced in July that wheat marketing quotas would not be necessary next year.

Corn appeared to be in line for quotas until the Agriculture Department issued a semi-final report Friday showing a decline of 119,000,000 bushels in prospect for this crop. The revised estimate is a crop of 3,335,000,000 bushels.

Rig Built to Reclaim Land

VERNON — (AP) — A rig to reclaim farm land near shelterbelts has been designed and tested by a Vernon contractor.

R. B. Charnick, member of the Vernon work unit of the conservation service, said Jake Simmons designed a cutter for tree roots.

The thin blade, fastened to a heavy tractor, cuts three feet down into the soil. By running the blade along a shelter belt, Simmons can cut tree roots that steal moisture from the crops.

Charnick estimates that as many as 35 acres for every section of land surrounded by a shelter belt, can be put back into crops when the roots are severed.

Court Passes on Job Security

WASHINGTON — (AP) — The Supreme Court held that a veteran's job-security rights under the first draft act extend beyond his first year back at his prewar job.

Justice Burton delivered the 8-0 decision. Justice Douglas took no part.

The act requires employers to restore veterans to their former positions, or to positions of "like to work." The court agreed.

seniority, status and pay.

It also provides that the veteran may not be fired without cause for one year after he takes back his old job.

The decision was given on appeals by John Walter Oakley, Jr., who was reemployed by the Louisville and Nashville Railroad, and by John S. Haynes, who went back to his old job on the Cincinnati, New Orleans and Texas Pacific Railway.

Both suits grew out of claims that but for the war the two men would have had greater seniority than the railroads credited them with when they went back to work. The court agreed.

Texas Amvets to Meet Over This Weekend

GATEVILLE, Texas — (AP) — Officers of the Texas Department of Amvets and its affiliated auxiliaries will meet in Coryell Memorial Park Nov. 18 and 19. Some 300 delegates will discuss their work and formulate resolutions to present at the next national convention.

Celebrate Golden Wedding Day

MR. AND MRS. ARTHUR C. HUSTED

Surrounded by their children, grandchildren and great-grandchildren, Mr. and Mrs. Arthur C. Husted of Pampa celebrated fifty years of marriage, Wednesday afternoon, by holding open house to relatives and friends—some of them new and some dating back beyond the fifty-year span being observed.

More than 100 guests called during the receiving hours at the home filled with yellow and gold chrysanthemums and roses, to offer congratulations to the couple and to leave "Golden Wedding gifts."

Spry and "peppery" at sixty-plus, Mrs. Husted received her many friends dressed in a gray gabardine frock trimmed with green buttons and wore a corsage of yellow roses pinned to her shoulder. She recalled that 50 years ago she became Arthur Husted's bride dressed in another gray dress, but it was a silver brocade trimmed in gold braid. She insisted that she did not wear high top shoes at her wedding. "More of a slipper" she said.

The Husteds' children were on hand to help celebrate their parents' big day. They came from near and far — sons, M. G. Husted, C. A. Husted and E. C. Husted of Pampa and L. L. Husted of Hilar, Calif., and daughters, Sybil Husted, and Mrs. L. L. Guthrie of Pampa and Mrs. Juanita Cushing of San Fernando, Calif. — Son-in-law and daughters-in-law were also present with the exception of Mr. Cushing, who was unable to come. The gold trimmed, white wedding cake was baked by Coston's Bakery and was served by Mrs. Preston Wynn. Mrs. Bob Short ladled punch and Mrs. Darrell Timmons assisted with serving. The table was covered with a handmade table cloth, which Mrs. Husted crocheted last year.

"OLD GRAY BONNET" During the receiving hours Mark McNatt played a violin which has been in the family for many years. He played "The Old Gray Bonnet" and the guests all joined in with the vocal. Edna McNatt and Arthur C.

Husted were married Nov. 9, 1899 in Bowie, Texas. They lived in Oklahoma during their early married life, but came to this community 35 years ago and have made their home here since then, with their children growing up in Pampa. They have 10 grandchildren and two great-grandchildren. Arthur and Edna Husted are "Texans and proud of it." She was born in a Spanish fort and has spent much of her life on new frontiers. She said, however, "I'm through opening up new frontiers. If he goes on to any more unsettled country he goes alone. I like it here."

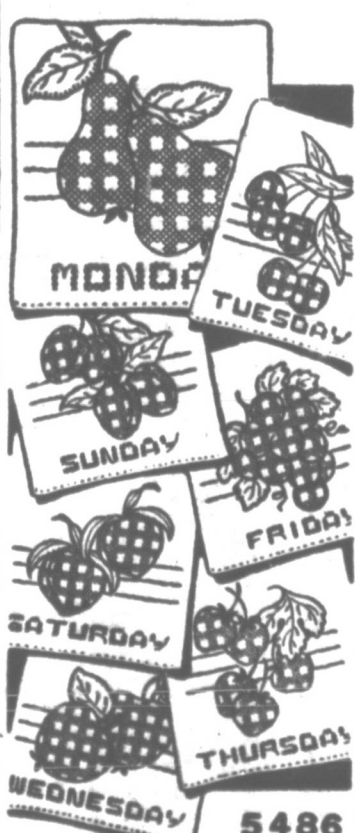

WEDDING GUESTS PRESENT Among the callers Wednesday were three of the Husteds' wedding guests 50 years ago. They were Zephia Mitchell, Clayton Mitchell and Mrs. Carr McNatt, who was a good friend at that time, but who later became Mrs. Husted's sister-in-law.

Other out-of-town guests Wednesday were Mrs. Clayton Mitchell, Miss Anita J. Sullins, Cordell, Okla.; Mr. and Mrs. L. R. Day, Alameda; Mr. and Mrs. C. S. McNatt and Frances, Casta Grande, Ariz.; Mark McNatt, Phoenix, Ariz., and two granddaughters of Mr. and Mrs. Husted, Josephine McCracken and Dixie Lee Cushing of San Fernando, Calif., and a grandson, Darrell Husted, who attends the University of Oklahoma.

A feature of the Golden Wedding celebration was a family tree, drawn especially for the occasion by Mrs. C. H. Wood. It hung on a wall of the Husted home.

On Sunday, Nov. 6, the family held a "private celebration" for the celebrants and their family, when their children presented them with matching gold wedding bands.

Cross Stitch Fruit

By MRS. ANNE CABOT

Embroider these big four and five inch fruit motifs in popular gingham cross stitch. The bright colors will add gaiety to any kitchen, dinette or dining porch as they may be used on place mats, curtains, cloths and towels.

Pattern No. 5486 consists of hot-iron transfers for 5 designs, color chart, stitch illustrations and embroidering directions.

Send 20c in COINS, your name, address and the PATTERN NUMBER to ANNE CABOT (Pampa Daily News), 1120 Ave. Americas, New York 10, N.Y.

On Memorial Day the flag should be displayed at half mast from sunrise to noon and at full mast from noon to sunset.

Blend Powder to Highlight Skin

By ALICIA HART
NEA Staff Writer

Summer's tan powder doesn't have to be discarded during the fall when a girl needs to switch to a paler shade.

An economy trick is to continue to dust on any suntan shade of face powder that's in use, but to "lift" color by blending in a lighter shade. A small box of powder that's not much larger than a sample size used for blending will not only lighten the shade of a dark powder but will stretch a girl's supply.

This blend-your-own procedure is also one of the best ways to accommodate a face powder to skin as it gradually loses its tawny color.

If a fading tan leaves skin looking sallow, as it so often does, the powder-blender should mix a good bit of out-and-out pink powder into the dark powder shade which she wants to lighten.

Movie starlet Joan Barton blends her darker toned summer powder with a lighter shade to lift color and accommodate her fading tan.

McKENNEY ON BRIDGE

By WILLIAM E. MCKENNEY
America's Card Authority

Written for NEA Service

There are many players who do not like to bid four-card majors.

If they bid a heart or a spade, it means that they have at least five of that suit. When that convention is used, it is announced to the opponents.

♠ 98	♥ 4	♦ 9864	♣ 87
♠ 432	♥ 1087	♦ 5	♣ 65
♠ 1087	♥ 63	♦ None	♣ 1075
♠ A Q J 10	♥ A Q J 10	♦ A Q J 10	♣ 953
Declarer

AJ 107			
AQ 9			
A 3			
642			
Rubber—Neither vul.			
South	West	North	East
1♠	1♥	Pass	2♦
2♣	3♥	4♣	Pass
Pass	Double	Pass	Pass
Opening—♥ 7			

Without a five-card major in a biddable hand, you must bid a minor suit, and that is where the opening club bid has come into great use. This artificial convention can get you into peculiar situations occasionally, such as the one in which Dan Mahoney of New York City found himself in today's hand.

Having four spades and four hearts, Mahoney (South) opened the bidding with 1♠. When he bid two spades on the second round of bidding, his partner should have known that he was showing a four-card major. It is hard to say why North took him to four clubs. When North passed the double of four clubs, Mahoney decided not to jump out of the

trying pan into the fire. He abided by his partner's judgment.

When the dummy went down, he saw that he could have made four spades, but with a mistake or two on the part of the opponents, maybe he would make four clubs.

He won the opening lead of the seven of hearts with the nine-spot and immediately led the queen of hearts. West covered and Mahoney trumped in dummy with the seven of clubs. The queen of diamonds was led from dummy and when East did not cover, declarer let it ride. West trumped with the ten of clubs.

West now decided to pull the trumps to keep declarer from doing any more ruffing, so he cashed the ace of clubs and led the queen, dummy winning the trick with the king. Mahoney then led dummy's queen of spades and took the finesse, playing the ten-spot from his own hand. Next he led the nine of spades from dummy, and when East again refused to cover, he played the seven-spot. The third spade was led from dummy and won in Mahoney's hand. West trumped the fourth spade, but he had to lead away from his king-ten of hearts into declarer's ace-jack. Thus the opponents took only three tricks.

STRONG AS TEXAS AND STRONG FOR TEXANS

for the Holiday Feast

Fritos Dressing

3 C. Fritos, crushed
1 1/2 tsp. minced onion
1 tsp. minced celery leaves
2 tsp. minced green peppers
1/4 C. melted butter
1 No. 2 can cream
1/2 tsp. salt
1/4 tsp. black pepper

Cook onion, celery leaves and green pepper in the butter in a skillet until tender. Add the corn, seasonings, then Fritos, and heat well. For a more moist dressing, add a little stock from the bird. Makes about 4 cups. Ideal to use for stuffing all fowls.

In tempting holiday recipes, or crunchy-fresh from the bag, Fritos are delicious! They're ready-to-eat, golden-crisp bits of sun-ripened corn, delicately salted to your taste. That famous Fritos flavor means good eating at any time... with snacks and appetizers... tempting beverages, salads, or soups. Get Fritos today... America's favorite corn chips!

TEEN - TALK

By VIVIAN BROWN
AP Newsfeatures

Midwestern teen-agers, reports Betty Prosser from Chicago, have fallen in love with culture. Plays or concerts now are popular objectives for dates, and Illinois moderns consider them "sexy."

Betty got the lowdown from Alice Wylie, 15, a Junior at New Trier high school in suburban Winnetka, says Alice:

"Until lately, you only went to concerts or plays with your parents, then which nothing could be schmoe-er. Now all the kids go, and they think culture is terrific—real gone."

Even classical waxings are listened to by the hot-rod set. This doesn't mean Billy Eckstine or Vaughn Monroe are being neglected. The kids say they are just branching out.

Clothes are getting more conservative. No more flapping shirt-tails. For outdoor play, but not for school wear, it's shirts and levis—shirts tucked in and levis skin fitting. For school, it's dresses or sweaters and skirts dyed to match, worn with loafers and a bobby sock by the upperclassmen, but with nylons and ballet slippers for freshmen, who still follow the long and full-skirted "new look."

Argyle hose, preferably knitted by the wearer, are popular. Hand-made argyles as a gift for her "ace," will make any girl a "queen," 'tis said.

One Illinois high school has a number of unofficial girls' clubs. Their badges are ribbons, different colors for different clubs, tied in tiny bows and worn at odd places on members' clothes. One club's bow may be sewed at the left front hem of a skirt; another's to a shoelace.

A new twist is that most terms of approbation are phrased negatively by the teen-agers. Practically anything is a "revolting development." If a boy says "She's not so cute," (accent on SO) you can almost bet she's a dream.

"It was non-fine" means just the opposite. "It was no great dance" compliments one's partner nicely. Lucky is the boy who doesn't have to use the family car. He can take his jalopy and "rod it up," which can mean adding plastic butterfly wings and plastering signs in the interior. Some of these roll down to "Don't bother the driver." Anything good about the car makes

Entre Nous Club Members Honor Recent Bride

Mrs. C. A. Tignor was hostess to members of the Entre Nous Club in the home of Mrs. Guy Farrington, with Mrs. Ray Robinson and Mrs. Emmett Johnson as assisting hostesses.

The meeting honored Mrs. Leon Daugherty, a recent bride, who was presented with a corsage.

Mrs. Donald Walberg gave several piano selections and Mrs. Norman Walberg poured coffee from a silver service. Individual pumpkin tarts and mints were served.

Those present were Mrs. Leon Daugherty, Mrs. Frank Daugherty, Mrs. Donald Walberg, Mrs. O. H. Ingram, Mrs. Maye Skaggs, Mrs. Venice Farrington, Mrs. Norman Walberg, Mrs. Joe Lewis, Mrs. Gene Shackleton, Mrs. J. L. Strope, Mrs. A. E. McAfee.

In addition to the gifts presented by those attending the meeting, many were sent by those who could not be present.

The next meeting will be Friday Nov. 18 in the home of Miss Donnie Lee Strope.

it "rodgy." A boy who has a car "has wheels."

A determined eccentric among masculine teen-agers is a "hood," short for hoodlum, but the term doesn't denote criticism. A good student is a "Brain." Last year's fun-expression "D.D.T." (drop dead twice) has been dropped.

Dead. This year, it is "shut your hairy mouth." To this a "big dealer," this year's term for "sharply," would reply, "What does that make me, an Elk?"

Friday and Saturday are the date nights. Movies, bowling or parties—as well as concerts and plays—are popular. Once a year, there's the Prom, when the kids really stay up late. They drive in crowds from the dance to another dance spot. It's breakfast before they go home.

The girls love to have "bag parties." Usually, the boys crash. And, most of the time the girls expect them to. Usually charades or Twenty Questions is played, and Canasta, the new card game. Canasta, says Alice Wylie, is T.T. (The Thing.)

Be-bop is hard to dance to, so popular music still has a large teen following. Bop expressions—

Paint Performs

NEW paints can do almost everything! With but a stroke of her brush any housewife can paint frosting on glass, chrome finishes on fixtures, de-skid a walk and take a hand-rubbed gloss on furniture.

This housewife (upper left) brushes new frosting paint on her clear glass bath windows to make their transparency opaque for privacy. A cheese cloth pad will mottle the surface so that when the simple paint-job is dry it will pass for expensive frosted glass. Chrome-effect paint is applied to old bathroom fixtures (lower left) to make these accessories look spanking new. Shiny new "chrome" will dry waterproof and washable.

More strokes of the paintbrush dipped into another type of paint eliminate the hazard of slippery steps around the kitchen: (right). Housewife uses a bright floor enamel containing new non-skid compound which she can also use on her cellar floors.

Her table (center left) bought unfinished, takes on a hand-rubbed lacquer finish with two coats of a new paint application: that produces a satin lustre without sandpaper or waxing.

—By MARJORIE SCHLICK, NEA Staff Writer

Mrs. Albert Fuller Hosts Meeting of Firemen's Auxiliary

Mrs. Albert Fuller was hostess to the Firemen's Auxiliary at a recent meeting.

During the business session, which was called to order by Mrs. Tom Haggard, plans were made for a Thanksgiving dinner to be at the Fire Station at 6 o'clock on Friday, Nov. 25. The dinner will be for all firemen and their families. Also, plans were made to give a Girl Scout donation. A

except for real gone (something good) — haven't found their way into teen-ers' lingo.

But if an Illinois teen-ager were to say to you, "it's been REAR," you'll know you're not so good.

Food Requirements Heard by HD Club

A recent meeting of the Wayside Home Demonstration Club was held in the office of Mrs. Mary Ann Duke, agent.

Mrs. Duke gave each member a copy of the "Texas Food Standard" and stated that if everyone ate balanced meals, according to the Texas Food Standard, good health would be more prevalent.

Mrs. Duke also showed a film on the effects of vitamins, and explained it to the group.

Mrs. Harold Osborne gave the yearly report, which revealed that the club members had attended the open meetings on rural roads, wells, mental health, psychological effects of the war on Germany and the Tater family. Reports also showed that 15 members

made gloves and 15 now have home freezer lockers.

A party was planned for Friday night, Nov. 18.

The next meeting will be Wednesday, Nov. 30, at 2 o'clock at the home of Mrs. Wood Osborne.

NASH IS FIRST AGAIN—IN POWER!

Nash engineers have done it again! Now—for the first time—you can have all the thrill of super-compression power on regular gasoline!

You'd expect the company that's been ahead in the power parade for a third of a century to stay ahead—but wait 'til you drive a 1950 Nash Airflyte.

Take out a new Nash Ambassador. Its Turbo-head engine has a 7.3 to 1 ratio. Fill it up with "regular"—then tackle the worst hill you know—take the challenge of any other car at the traffic light.

And let the throttle tell the story!

Check your gas mileage for another surprise. No other car of Nash Ambassador size can come anywhere close to it in miles to the gallon.

And the Nash Statesman, with its high-compression engine, is equally outstanding in its class—with over 25 miles to the gallon at average highway speed.

What has Nash got the others haven't? Exclusive sealed-in manifolds, for one thing. They utilize the leanest of mixtures. Uniflo-Jet Carburetion, for another. It means smoother performance.

20.7% Less Air Drag

Then, these great engines get another boost from America's best aerodynamic design—for Airflyte design has 20.7% less air drag than the average of nine other current cars tested.

And Nash alone has Airflyte Construction that is stronger, safer, without useless weight.

Now—Hydra-Matic Drive

For the best test of all, see your Nash dealer and get the thrill yourself of Airflyte high-compression power. Try it in the Nash Ambassador with Hydra-Matic Drive (optional extra) and exclusive Selecto-Lift Starting.

And let the throttle tell the story!

New Lower Prices—
\$73 to \$140 less
than last year!

See the new and finer 1950 Nash Airflytes, with Super-Compression Power, Skyliner Lounge Interiors, and dozens of other new features, all priced far less than last year. Compare value—compare prices—you'll agree they are the best buy today.

THROWN FOR A LOSS—Jack Archer, Texas Christian University back, is thrown for a two-yard loss as he is brought down by Texas guard Danny Wolf (68) and Rudy Bauman, end, (81) during first period of the Texas-TCU game in Austin. TCU won 14-13. (AP Wirephoto)

White Deer Prepares for District 1-B Title Bout

Sports Round-Up

By HUGH FULLERTON, JR.

NEW YORK — (AP) — The North Carolina fans weren't the only ones waving Confederate flags around New York in the past few days. Maryland's Jim Tatum turned up at yesterday's Football Writers' gabfest with an impassioned plea for "states rights" — or rather, conference rights — in determining how much "aid" should be granted to football players. Tatum's argument followed an old Southern line — If we can't help the boys in our own way, the Big Ten will outbid us.

HE COULD SPEAK EASY. This one will be told without names, partly to avoid embarrassing anyone and partly because we don't know them all. . . . Story is that a football broadcaster had an injured player spotting for him during a game and the kid became rather tired of listening to unimaginative descriptions of plays. . . . Seeking to be helpful when the quarterback faked a handoff, concealed the ball behind his hip and snaked around end, the spotter scribbled "bootleg" on a scrap of paper and handed it to the word jockey. . . . The broadcaster announced "Jones ran the ball ten yards around end." Then he glanced at the paper and corrected hastily: "Excuse me, folks, it was bootleg who carried the ball on that play."

Selecting New Site For Girls Cage Meet

GATESVILLE — (AP) — The board of directors of the Texas High School Girls Basketball League will meet about Dec. 1 to select a site for the 1950 tournament, Director General L. C. McKemie announced today. Mineral Wells, Waco and Dallas are seeking the tournament which will be moved from Hillsboro for the first time. Hillsboro does not have the facilities to handle the growing tournament. McKemie said there were 392 teams in the league this year—the all-time high. A number of teams had to be turned down because they filed entries too late.

Guillotine won the Belmont Futurity. When Guillotine wins, even the horse gets a cut.

It costs Uncle Sam about one cent to make a dollar bill.

WHITE DEER — (Special) —

White Deer Bucks have a busy week ahead in preparation for their game with the Panhandle Panthers at Panhandle Friday night. The contest will determine the 1-B representative in the district playoffs. Should the Panthers win it will give them a first place tie with the Bucks and the right to represent the district in the playoffs.

The Bucks will spend their time this week trying to find a replacement for their star blocking back, Franklin Hussey. Hussey obtained what appeared to be a sprained ankle in the game with Canadian last Friday night, but X-rays proved it to be a cracked heel bone. The loss of Hussey brings the total to three regular backs lost to the Bucks this year.

Since the Bucks cannot hope to match the weight of the Panthers, (again the Bucks will be about 12 pounds per man shy in that department) they will have to depend upon quick starting and hustling performance for 45 minutes.

Present District 1-B standings:
Team W L
White Deer 7 0
Panhandle 1 1
Canadian 5 2
Groom 3 4
Spearman 3 4
Claude 3 4
Vega 3 4
Wheeler 2 5
Stunnett 0 8

Top Golfers in Court Seeking Club Grip Rights

HOUSTON — (AP) — Five of the nation's top professional golfers go to court today to ask \$200,000 in a civil suit over rights they claim in sale and manufacture of an all-weather club grip and shoe spike.

Craig Wood, Byron Nelson, Jimmy Demaret, Ben Hogan and Henry Picard filed suit with Mrs. John J. Burke of Houston against Tracy S. Park of Houston. Mrs. Burke is the widow of a former professional at the River Oaks Country Club here. The suit originally was filed in Fort Worth in 1946.

The plaintiffs seek to have a receiver appointed and demand that Park be required to give an accounting of profits since Feb. 11, 1946. They also ask a judgment for a share of such profits and that Park be required to comply with contracts allegedly signed in 1941.

Judge Ben Moorhead is expected to rule first on a motion for a continuance that was filed with District Judge Wilmer B. Hunt. Moorhead is hearing the motion in place of Hunt, who is ill.

McMurry Offense Leader in State

(By The Associated Press)
Hardin has the best record out McMurry has shown the top offense in Texas College football this season.

Hardin rests this week with a 9-1 mark and an average of 31.2 points per game. McMurry, which meets weak Southwestern University, has a 7-2 record but has rolled up 35.2 points per contest. There are no undefeated teams and only five that have not lost more than one game. These are Hardin, Baylor, TCU, Rice, Texas A&M, TCU, and Southern Methodist 5-1-1.

Records of Leading Texas college teams:

TEAM	W	L	T	PTS.	OPP.	Pct.
Hardin	9	1	0	312	98	.900
Rice	7	1	0	268	63	.875
Texas A&M	7	1	0	280	98	.875

Notre Dame Maintains National Rating; Sooners Move to Second; Army Fourth

Snarl Shots

By HAROLD V. RATLIFF

Associated Press Sports Editor
DALLAS — (AP) — The annual rash of "viewing with alarm" what football is leading us to has broken out. Charges are made thicker and yon that the athletes are being paid. Which is not a profound observation in any sense. Of course they are—room, board and tuition, and a little laundry money perhaps.

What's wrong with giving a football player his meals, a place to stay and a place to study? Doesn't he earn it? Doesn't the amateur basketball player, the amateur track man, et al., get paid expenses for competing? The boy on the football team not only works just as hard as the other students getting an education but he spends three or four hours a day sweating for Alma Mater and the big game.

What kind of football teams and baseball teams and track teams would we have if we depended upon only those boys who were financially able to live in style while going to college? Also, what size gates would we have?

Until the learned men who view with alarm can suggest that football games, baseball games, basketball games, et cetera, be played free to the public they have little basis for their arguments that athletes should receive nothing and that they work for all they get. Incidentally, if playing football with the drug addicts isn't work, then a practice session with a guy who employed a guy should be in Siberia.

Bob Berry, successful coach of East Texas State College, just doesn't look like a coach. We depend upon only those boys who were financially able to live in style while going to college? Also, what size gates would we have?

When his team was playing at San Marcos recently, Bob almost had to pay to get into the park. He had the squad in tow and went to a gate at the stadium. The fellow watching the gate let the team in but was skeptical of Berry. "You'll have to identify yourself," he said. Berry couldn't do it to the man's satisfaction, so he went to another gate. He found a fellow he knew and got into the park.

Berry did quite a job of coaching at East Texas State this season. His team wasn't rated outside chance of winning the Lone Star Conference title but it not only won that but tumbled the high and mighty Hardin Indians, leaders of the Gulf Coast Conference.

East Texas handed Hardin its only defeat of the season.

Berry was a football star at Texas A&M in his college days. He was playing intramural football but was considered too little (he weighs about 135 pounds now) for the varsity. But one day he turned in such an exhibition in an intramural game that the coach asked him to come out for the varsity.

Bob coached at Paris Junior College from 1927 through 1934 and has been at East Texas State ever since. His record is 106 wins, 51 losses and 19 ties. His East Texas State teams won the conference title in 1937, 1938 and this year and tied for it in 1936.

Football fans are bound to have been confused by reports of the meeting of the advisory council of the Texas Intercollegiate League. The council recommended some changes in the eligibility rules, one of them raising the semester rule.

We read one report that said the change was from eight to 12, another eight to 10 and still another eight to 13. . . . Eight to ten is correct.

Here's Sooner Success Formula

NORMAN, Okla. — (AP) — A straight line is the shortest distance between two points, and the longest too, if you know the University of Oklahoma football formula.

Bud Wilkinson, Oklahoma's head football coach, and line mentor Gomer Jones have developed a line that can do both. Take rushing defense. The Sooners find the shortest distance is directly to a ball carrier as he passes the line of scrimmage. That formula has enabled Oklahoma to yield less than 50 net yards a game rushing to lead the nation.

As for the longest distance, a ball carrier can't get away for those long treks without a lot of help from a forward wall that knows how to block. This the Sooners do well, and lead the nation in rushing offense with more than 300 yards a game. With that type of versatility, you'd think Oklahoma's line mountains enough to push the opposition into gopher holes.

Instead, the Sooners' starting line averages just under 200 pounds per man.

That's lighter than most teams of Oklahoma's caliber and record.

The Rock of Gibraltar is about 250 feet taller than the Empire State Building.

Lefors One of Eight Unbeaten And Unfled Class A Elevens

By WILBUR MARTIN

Associated Press Staff
Twenty-one district titles are at stake this week in Class A football, but some of them may have to be decided in conference rooms.

It would take only an upset or two in the final week of regular season play to cause plenty of headaches for district committees. Eleven teams have clinched spots in the five-week playoff that will determine a champion in the vast Class A set-up in Texas.

These are Lefors in District 2; Ranger; Atlanta-14; Minola-15; Grand Saline-18; LaLampas-22; Brenham-23; New Braunfels-24; Freer-25; Mission-30. It is still possible for one or two of these to be ousted as the district's representative in the playoffs.

Above Knee? That's the Issue

HENRIETTA — (AP) — There's a difference of opinion among Henrietta Parent-Teacher Association members.

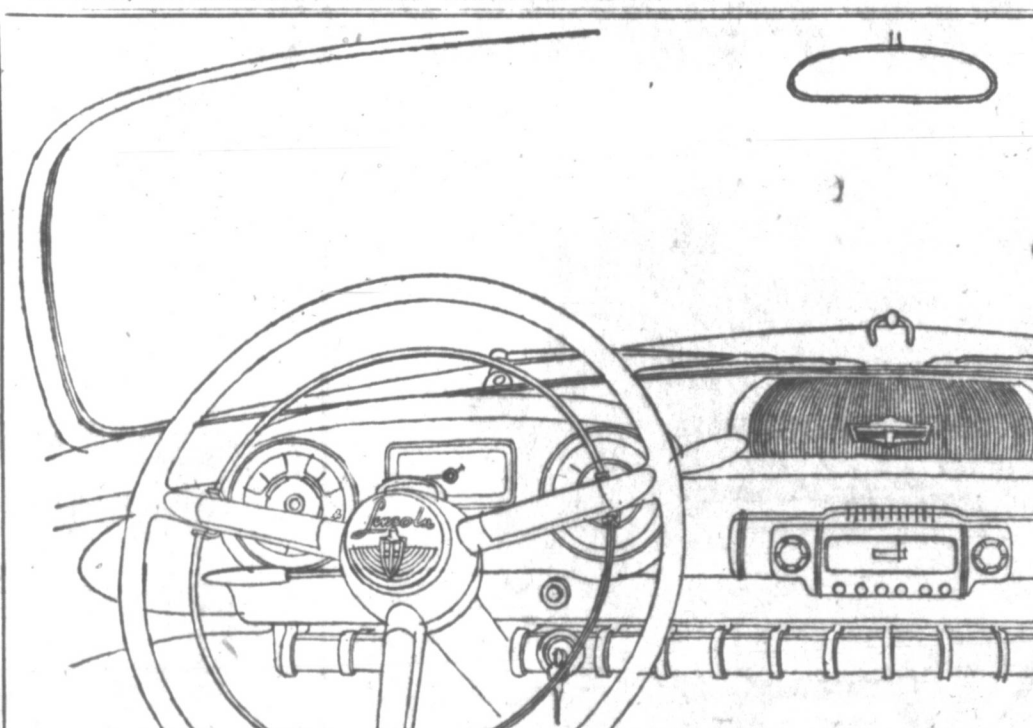

The issue: Shall the elastic in the bloomers of the P-TA volleyball team be worn below the knee or above the knee.

This fascinating question must be decided before Monday night. That's when the Henrietta P-TA and the Midway P-TA teams will play a volleyball game.

The Clay County Leader said: "Some of the prospective players say that when they went to school they were definitely worn below the knees, while others say the 'hemline' of the bloomers (with four yards of material gathered in) were worn just above the knees."

WILLIAMS SETS MARK FOR IRISH—Bill Wightkin, Notre Dame left end, gets set to grab short over-the-line pass from Bob Williams, Notre Dame quarterback, for a nine yard gain in the first quarter of the Notre Dame-North Carolina game at New York's Yankee Stadium. Other players include Notre Dame's Ralph McGeehee and Frank Spaniel, North Carolina's Irv Holdash, Ed Bilpuch, Bill Kuhn, Ken Powell and Bob Ganti. Notre Dame won 42-6.

Finest outlook on the road!

Truly . . . when you drive the Lincoln Cosmopolitan, you do enjoy the finest outlook on the road.

And not merely from the standpoint of its superbly unhampered visibility alone—not merely because of its huge, one-piece windshield is a crystal curve of distortion-free "safety glass" almost five feet wide!

For everything else about this magnificently fine automobile has been designed to make your motoring outlook more enjoyable, too.

Its smartly tailored, luxuriously upholstered "Salon Styled" interior is the most beautiful automobile interior in the world—and the most comfortable, too.

Its brilliant combination of Lincoln power and HYDRA-MATIC* offers you performance that is hard to surpass for sheer ease and smoothness.

And most important of all to you who value personal prestige—is the exclusive body styling of this Lincoln Cosmopolitan. Styling that proudly marks it as the most distinctive car in America!

Incidentally, prices are much lower than you may think. When may we place a car at your call?

Rice Owls in Top Shape to Take SWC Title This Week

PORT WORTH — (P) —

Lindy Berry, Texas Christian University quarterback, suffered a fractured jaw last weekend in the 14-13 victory over University of Texas and was placed on the doubtful list here today for the Saturday clash with Rice Institute.

Coach L. E. (Dutch) Meyer made the announcement this morning after hearing physical reports on X-rays made of Berry's jaw yesterday.

NY Racing Ends

NEW YORK — (AP) — The New York 1949 racing season ends today with the \$20,000 Daini gerfield Handicap featuring the Empire City program at Jamaica. King Ranch's Flying Missile heads the six-horse field.

Sul Ross Nears Third Straight Conference Title

(By The Associated Press)
Last place St. Michael's of Santa Fe is the only remaining barrier between Sul Ross State Teachers College and its third straight New Mexico College Conference title.

Sul Ross won its fourth in a row Saturday, defeating fourth place New Mexico Western 58-20. Second place Adams State of Alamosa, Colo., lost a non-conference game to Colorado College, 25-0.

Eastern New Mexico is in third place in the circuit. ENMU defeated Daniel Baker of Texas 13-7.

New Mexico Highlands shut out St. Michael's 20-0.

Panhandle Aggies of Goodwell, Okla., edged Cameron A&M (Okla) Saturday, 23-21.

This week St. Michael's plays Sul Ross at Alpine, Texas.

The second ten — 11. Kentucky, 150; 12. Stanford, 105; 13. Louisiana State, 87; 14. Dartmouth, 75; 15. Baylor, 64; 16. Maryland, 52; 17. Cornell, 49; 18. Michigan State, 44; 19. 20. Tulane and Santa Clara, each 44.

Others receiving votes included: Texas, 7, and Texas Christian, 2.

WARREN'S WARMUP

By Warren Hesse—News Sports Editor

QUESTION: What major league pitcher was the first to hurl four shutouts in a row?

BARRING ANY PRACTICE SESSIONS INJURIES the Fighting Harvesters will be at full strength as they go into the Borger game on Thanksgiving Day at Borger. And if they can escape that day without injury they will be in a good position for the bi-district playoff game with the winner of the Wichita Falls-Vernon contest this weekend at Wichita Falls.

Pampa fans will be watching with interest the outcome of that game. The winner, if it is Vernon, will come to Pampa on Dec. 3 for the playoff game. If the winner is Wichita Falls, and the Coyotes are highly favored, the flip of a coin will determine the playing site, unless the coaches agree to play on a neutral field. Despite the underlying role that the Vernon team will be playing next Friday, there is a good chance of an upset. These two clubs always fight a bitter battle, and Vernon points for the Wichita Falls game each season. Even as early in the year as we played the Lions the fans and players were talking about Wichita Falls.

And to clear up any misunderstanding on news reports about the Wichita Falls football players that were drowned last weekend, the two were not members of the Coyote team. Whether or not they were on the "B" team I do not know, but they definitely were not A team players.

A LOOK AT THE Fighting Harvesters' individual statistics after last weekend's game shows that Jimmy Hayes still holds a one-touchdown margin over Pete Cooper. Hayes has scored 48 points to Cooper's 42. Carl Kennedy took over third place with 30 points. Elmer Wilson is next with 28 and DeWay Cudney is fifth with 16 extra point conversions. A strong wind at Plainview blew him out of more. In the individual rushing department Hugh Gracey, senior, has carried 8 times for an average of 9.4. Jimmy Hayes comes up second with a mark of 7.2, and Elmer Wilson is third with an even 6 yards per try. Dale Richardson has a 5.7 mark, Charley Smith 5.3, and John Young an even 5. Pete Cooper and Carl Kennedy both averaged an even 4 yards per carry.

I WAS TALKING TO Dory Detton, Amarillo wrestling and boxing promoter, the other night in Amarillo. Dory said that he was sorry that he didn't have any wrestling in Pampa this year, but there was no place to hold it now that the Sportatorium was unavailable.

Dory has a national junior heavyweight title match coming up December 1 in Amarillo. LeRoy McDuck, present holder, will put his belt on the line, probably against Dory Funk, who is coach at Boy's Ranch. He defeated Funk earlier this fall on a disqualification in a rough match. I asked Dory how and where some of the other boys that

ND Shifting Line Puts Defense Where Needed

By HARRY GRAYSON
NEA Sports Editor
NEW YORK (NEA)—Michigan State really needed the Spartan courage from which the squad draws its nickname to make that highly creditable showing against Notre Dame.

Biggie Munn's men raced what must have looked like something out of this college world in the South Bend line.

As though things were not tough enough normally, Frank Leahy did not commit his defensive alignment till after Michigan State came out of the huddle.

In what from the stands look-

ed like a V, the Irish before deploying finally lined up behind the center with the six-foot four-inch, 250-pound co-captain and end Leon Hart at the head or point, flanked a bit to the rear by the tackles, six-foot one-inch 232-pound Bob Tonniff and the six-foot two-inch, 204-pound co-captain Jurgle Jim Martin. The other four were likewise aligned to the rear.

Hardly exactly new, it was just another touch of the shifting line Coach Leahy has been using all fall. The object is, of course, to get there first with the most, put the main strength where it is needed.

Against Michigan State's single wing and T, the Micks simply waited till the shift, then moved their predominant line strength, which is definitely Hart, Martin, Tonniff and center Jerry Groom into position to do the most good; or harm, whichever side you happened to be rooting for. And that alignment is something fearsome to behold.

Not going quite to such extremes, it has been the Master's practice this autumn to repeatedly shift the strong side defensive end and tackle in toward the center, the lighter guard moving to the outside in a backer-up capacity, or sliding into the end position as the situation warranted. The versatile Hart plays both ends.

Michigan State didn't see anything precisely brand new, but lining up the three big guys at the point of a V sort of concentrates the discouragement of a Notre Dame opponent all in one huge bundle.

That rough Army - Fordham game was disgraceful on the part of both teams. There is no percentage in retaliation in foot-

Greenberg Headed for GM's Job With Tribe

CLEVELAND (AP)—Hammerin' Hank Greenberg is slated to move up from vice president to general manager of the Cleveland Indians once the ball club changes owners, the news reports.

Celeri Had Californians Jumpy Bear Foes Now Do The Quaking; Unpredictability Balks Defense

By JIM O'LEARY
NEA Staff Correspondent

A year ago, erratic and daring Bob Celeri made California men nervous.

Now only opponents start quaking when the all-conquering Golden Bears' quarterback is at the helm.

A seafaring leader who generates team spirit, young Celeri — pronounced Sell-air-ee — is majoring in Physical Education, plans to coach. Unmarried, he functions socially as a member of Theta Delta Chi.

Celeri, 21 and a five-foot 10-inch, 170-pound senior, earned a letter in 1944 before going into the Navy, and five years later was still the most controversial of Berkeley players. Last season he played behind Dick Erickson, who was as steady and unspectacular as the Fort Bragg, Calif., High School product was unpredictable and exciting.

But it gradually became another story this fall as Celeri moved into the driver's seat. The defense can't get accustomed to his generalship.

Sensibly, he goes for six points on one play rather than take the Blue and Gold on a concerted march.

"He did seven or eight things no quarterback should ever do, yet got away with them," said Howie Odell after California beat Washington, 21-7.

"Celeri was the extra edge needed by the Bears," said Red Sanders after UCLA had lost, 35-21. "He is the best back I've seen this year, a better runner than Harry Gilmer of Alabama when he was giving my Vanderbilt team a bad time."

"Our offense was built around Celeri, who played brilliant, inspirational ball," said Lynn Waldorf.

Celeri, a superb ball-handler as the man down under in the T and the Pacific Coast Conference total offense leader, sets a new California record every time he completes a pass. He blocks, kicks, sticks out on the defense.

Bob Celeri is still unpredictable, but that is now his greatest value.

NBA Gives Vote To Abe Greene

MIAMI BEACH, Fla. (AP)—Delegates to the National Boxing Association's annual convention, quieted down after a short-lived revolt aimed at Commissioner Abe J. Greene faded yesterday, resume business sessions in Havana, Cuba, today.

The convention, which adjourned after a hectic session yesterday, is scheduled to discuss a program of safety in boxing on a nation-wide basis. A revolt aimed at unseating Greene as commissioner ended after hot words were exchanged. The convention gave Greene a unanimous vote of confidence.

Girl Scout Fund Drive Still Short

The eleventh annual Pampa Girl Scout Association drive is \$2,252.20 short of its \$6,000 goal, Joe Wells, general chairman, said this morning.

"We have not increased the budget over last year despite troop and membership increases," he said. "Last year the association had 29 troops as compared with 37 troops today."

The drive chairman said several Pampans had asked him where the contributed money was to be used. In response he said each of the 37 troops is supported.

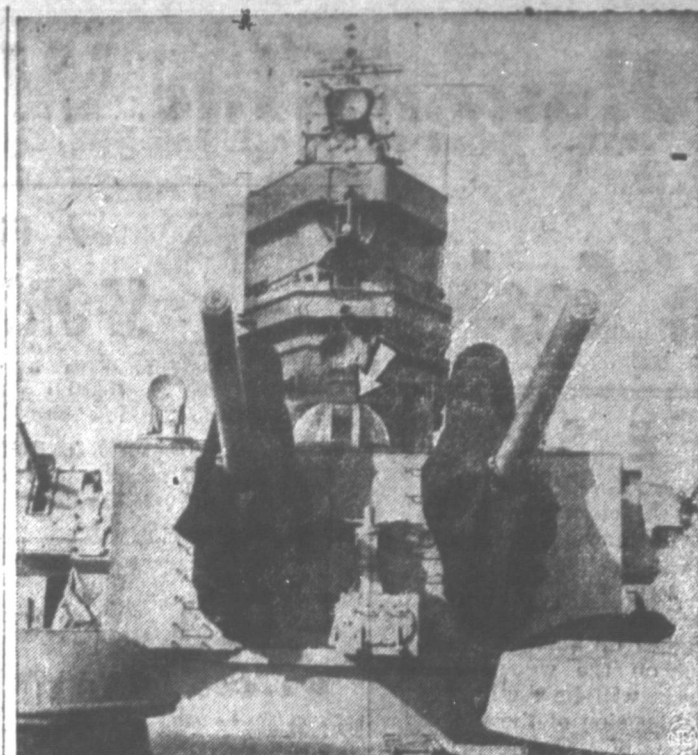

The troops and their leaders follow:

Brownie Troops, 1, Mrs. H. W. Beckert; 2, Mrs. J. R. Miller; 3, Mrs. Robinette Willis; 4, Mrs. W. S. Marsh; 5, Mrs. C. E. Hoyer; 6, Mrs. M. X. Beard, Jr.; 7, Mrs. H. F. McDonald, Jr.; 8, Mrs. Myles Morgan; 9, Mrs. Juanita Dodd; 10, Mrs. Frank Clifford Jones; 11, Mrs. Frank Palmer; 12, Mrs. L. E. Jordan; 13, Mrs. John McNeil; 14, Mrs. Bob McCurry; 15, Mrs. Eugene McCurry; 16, Mrs. T. K. Suggs; 17, Mrs. John Kelley; 18, Mrs. R. H. Nenstiel; 19, Mrs. L. L. Ewing; 20, Mrs. C. H. Chisum; 21, Mrs. A. W. Trimble; 22, Mrs. Don Farley; 23, Mrs. Noel Dalton; 24, Mrs. W. B. Cox; 25, Mrs. Clyde Batson; 26, Mrs. Carroll Pettit; 27, Mrs. Burl Lewter; 28, Mrs. Howard Vineyard; 29, Mrs. Harold Osborne; 30, Mrs. C. D. Herring; 31, Mrs. Ray McVay; 32, Mrs. Joe Wells; 33, Mrs. W. E. Hinton; 34, Mrs. L. Mulanax; and 35, Mrs. C. Martin.

British Figure Up Occupation Costs

LONDON — (AP) — The occupation of Germany cost Britain \$1,520,000,000 up to last March 31.

Expert Shoe Repair Service
GOODYEAR SHOE SHOP

NEW GUNS FOR THE NAVY—The experimental ship, USS Mississippi, carries this new twin-barreled, six-inch gun mount, designed for both surface fire and anti-aircraft. A minimum crew of five can operate the mount. The plastic bubble, giving all-around vision (arrow), allows one officer to control the fire direction.

Veep Gives Fiancee New Wedding Present

ST. LOUIS — (AP) — Mrs. Carleton S. Hadley was driving around in a sleek new automobile today, a wedding present from Vice President Alben W. Barkley. They are to be married Friday morning.

The car, which cost around \$3,000, is a black (Oldsmobile) convertible with red leather seats and a tan top.

Quirino Claims Election Assured

MANILA — (AP) — President Elpidio Quirino told a news conference Monday night the official count in last Tuesday's election assured him of election.

The President said he would welcome aid of his two rivals, Dr. Jose P. Laurel and Jose Avelino, in an attempt to solve the islands economic problems.

Rum Cake Baked for Tiny Prince

LONDON — (AP) — Prince Charles celebrated his first birthday Monday by tossing a tea party for a few friends.

It was just a small affair. The royal family has a policy of keeping birthday celebrations pretty private.

Among the guests were Charles' five-year-old cousin, Prince Richard, son of the duke of Gloucester, and some little girls whose families have palace connections.

By express wish of the prince's mother, Princess Elizabeth, there was nothing even faintly resembling an official celebration. During the morning about a hundred persons gathered at the gates of Clarence House, where Charles and his parents live. They hoped to see him depart for his usual outing in nearby Green Park.

Although the day was mild and the sunshine brilliant, the prince did not appear.

Charles' father, Prince Philip, sent best wishes and a present by plane from Malta. A lieutenant in the Navy, he is stationed there.

The prince presumably had a look at his fancy 40-pound birthday cake, the gift of a group of Manchester College students, although he couldn't eat a piece because it was flavored with rum.

Police Seek Jostling Gent

DALLAS — (AP) — Police are looking for a pickpocket who has picked up more than \$2,000 in two days' work here.

Officers say the slick fingered gentleman, believed to operate in Fort Worth and San Antonio.

Last Wednesday, R. E. Blankenship, vice president of a wholesale jewelry, left a bank with a \$1,815 payroll. A man dropped his glasses, and Blankenship halted to avoid bumping him, another man jostled Blankenship. A few minutes later the payroll was missing.

Mrs. Ray Johnson started to a bank with \$1,022 her father had asked her to save for him.

"A man jostled me while I waited for a red light to change," she said. "A few minutes later I missed the money."

Police say the victims all describe the same "jostling" gentleman.

AWOL Soldiers Meekly Give Up

FORT MORGAN, Colo. — (AP) — Two armed soldiers, fugitives from a Denver guardhouse, were caught in a farm haystack Monday and surrendered without a struggle.

Officers said they seemed glad to give up. "They were darned near frozen to death."

The soldiers, Pvt. Duane F. Teeters, 22, a military policeman, and Thomas J. Mulligan, 28, escaped from the guardhouse at Fitzsimons General Hospital Sunday night.

Thomas Trial Is Again Postponed

WASHINGTON — (AP) — The trial of Rep. J. Parnell Thomas (R-NH) on fraud charges was postponed again yesterday.

Another week's delay was granted at the request of Defense Attorney William H. Collins. He told Federal Judge Alexander Holtzoff that he still is engaged in another trial.

Webb School Didn't Hold an Election

Box 18 Webb School, was finally reported yesterday. No election was held in the precinct, according to County Clerk Charlie Thut.

County Judge Bruce Parker, acting on Thut's request, sent the sheriff's Department to the box so the election returns for the county could be canvassed.

Girl Rides to School Aboard Bull Calf

SOUTH TROMASTON, Me. — (AP) — Marianne Loukin, 12, couldn't have a pony so she settled for a bull calf.

Ferdinand does more than sit and smell flowers. He carries Marianne to school and back.

Riding astride a saddle made from an old belt, some burlap and a blanket, Marianne steers with rope reins.

State Department Weighs Charges

WASHINGTON — (AP) — The State Department today weighed Arab charges and Israeli denials that the Jewish state is "flouting" United Nations resolutions on Palestine.

The charges were carried to the secretary of State Webb yesterday by diplomatic representatives of the seven Arab nations—Egypt, Hashemite Jordan, Syria, Lebanon, Yemen, Iraq and Saudi Arabia. The denial came from Israeli Ambassador Eliahu Elath.

HEER

(Continued from Page 1) a result of a combination of factors including intoxication, a rebuke by Miss Crafton of his "improper advances" and criticism of him by fraternity members.

Heer went directly to the fraternity house after he left Miss Crafton, grabbed an automatic pistol belonging to a fraternity member and ran from the house waving the weapon, Sgt. Sheets said.

McKeown was shot while he and several other Delta Tau Delta members attempted to get the gun away from the berserk

Mainly About People

Mental Patients Go to Air Field

AUSTIN — (AP) — An emergency plan to care for overflow mental patients was adopted by the State Board for Hospitals and Special Schools yesterday.

It voted to set up a branch of Wichita Falls State Hospital at nearby Vernon, utilizing former air field buildings described as "semi-permanent and semi-fire proof."

The board was told the Vernon installation could care for approximately 420 mental patients by January, and relieve the strain on the Wichita Falls institution.

The board also named M. E. Dumas of Fort Worth as superin-

Area Residents Leave For Germany Service

Sgt. and Mrs. Jack Grant with their two children will leave Nov. 22 for Germany, where Sgt. Grant will serve a tour of duty with the occupation forces.

Grant reenlisted in the Army a few weeks ago at his old rating. He was on the staff of Radio Station KPDR for a few months two years ago. Mr. Grant is the daughter of Mr. and Mrs. Byrd Neal of Lefors.

tendent of the State Orphan Home at Corsicana. He will succeed Moyné Kelly, who was named recently as the board's executive director.

Sophie Sells Records for Charity

By BOB THOMAS
HOLLYWOOD — (AP) — "May I sell you some records?" "The scene was not a local department store, but the Sunset Strip saloon, Cro's, the saleswoman was Sophie Tucher, who had just finished singing her sentimental and risque songs for filmsters.

"Would you like to buy my autobiography?" She addressed the patrons as they filed out the door. Sale of the books and records, she estimated, contributed \$481,000 to Sophie's charities. She hustled sidewalk pitchman, and it was no small chore to interview her.

"Where do you go next?" I asked.

"I'm due in San Francisco, then later up to Seattle and Vancouver. Then to Florida, where I'll play the winter. I would like you to autograph an album."

"Do you think you'll ever quit singing?"

"Me quit?" she scowled. "Just see me singing up there and ask if I'll ever quit. I've been singing for 43 years and I'll keep it up until I drop."

"How about the album. It's \$5 for the funny songs, \$3 for the little album."

"I hear you might sell your autobiography to the films."

"They're talking about it, but they want to get it cheap. I won't sell it cheap. It's too good a story."

"What do you think of the new generation of singers?"

"That struck the note, Sophie's chins shook."

"They don't have it," she said. "They sing and encore and encore. They think they're doing you a favor. They just sing for the money, not for the love of singing. There's one important thing they don't have and that's heart."

"Aren't there any of the young girls who have the spark?"

"Not a one," said the last of the red-hot mamas. "Not a one."

Concrete Dome Ordered Off

HOUSTON — (AP) — The 64-foot concrete dome on the Harris County Civil Courts Building was ordered removed Friday.

County commissioners say the dome has been leaking ever since it was built. It was built in 1904. An architect said the structure is decaying, is full of water and eventually might collapse.

The commissioners were advised it would cost \$200,000 to rebuild the dome, \$200,000 to have it removed.

They chose the \$200,000 figure.

Baptist Group Bans Council

OKLAHOMA CITY — (AP) — Churches that join the Federal Council of Churches or the World Council of Churches will be banned from the Oklahoma Baptist General Convention.

Churches recognizing non-Baptist of all faiths to take part in communion in Baptist churches also will be banned from convention membership.

A resolution to that effect was adopted by the Baptist General Convention which closed here Thursday night. Only a few of the attending 1,500 delegates dissented.

Saucer Witnesses Asked to Banquet

ALEXANDRIA, La. — (AP) — The Young Men's Business Club Thursday was going ahead with plans for a convention of flying saucer witnesses here on Dec. 10.

Club officials said invitations have gone out to more than 80 persons in a dozen states who have reported they saw mysterious flying objects.

The YMBC also expects Army, Air Force and FBI investigators to attend the meeting.

1000 PAIRS

THE BRAND

advertised (you'll recognize it immediately, but we promised the manufacturer we wouldn't advertise the name — in return he sold us these hose at an unheard of low price).

THE SHADES

one that blend with any outfit you have. FAWN. Brown shade, to wear with browns, thrush, greens, beige and other such colors... VICTORIAN, TAUPÉ, a greyish shade to wear with black, grey, blue, navy... GAZELLE, light brownish shade, same matching colors as fawn... ROYAL SABLE, dark brown. To wear with darker shades as listed under "Fawn."

Specally purchased for this great event. Not another pair to be had. We took the entire stock.

\$1.29 PAIR
\$2.50 2 PAIR

These hose are very, very slightly irregular but it would take a trained expert to detect the flaws. We examined many of them and could find absolutely nothing wrong.

You'd gladly pay \$2.95 for these beautiful hose if advertised under their brand name.

Buy a season's supply for yourself and for Christmas gifts... Shop early... They won't last long!

Levine's in Pampa are now official distributors for the following nationally advertised brands: Claussner, Gotham Gold Stripe, Hummingbird, Quality Sheer, and Lady Levine.
