Is Your Newspaper Worth Supporting?

Many people and even many merchants have the mistaken impression that the price of a newspaper pays for its printing. The cost of printing a newspaper has greatly increased during the past few years. Even the cost of a sheet of paper alone is 1.4c. And this is but a small matter. It requires at least \$60.00 worth of advertising per page to pay the cost of printing the news in this small town newspaper.

Not many small towns now have a newspaper of their own. Those which have are fortunate, and those which have not soon realize that it is a great asset to a community to have a medium in which to place their advertising along side of their hometown news of special interest to hometown people.

We think it pays to support the hometown paper with your advertising dollar.

Austin. — Texas became one of the first states to defy President Nixon's wage freeze order as it applies to public employees and school teachers.

Gov. Preston Smith, after three days of conflicting reports, issued a proclamation instructing agency heads to ignore the August 15 order against pay raises for teachers and state workers. Raises were authorized by the Legislature long ago and funds appropriated for the new budget beginning September 1.

U. S. Office of Emergency Preparedness official first informed the Governor's office that the freeze did not apply to local and state government employees and teachers.

But 24 hours later, the President's Cost of Living Council headed by former Texas Gov. John Connally, now U. S. Treasury Secretary, reversed this position. Council held that state and local government workers were subject to the 90-day freeze, and teachers could get raises only if their contract periods began before August 15.

Texas officials had taken the stand that the law authorizing present salary levels for 95,000 state employees and 132,000 teachers expires August 31, and they had no authority but to put new wage scales ordered by the Legislature into effect after that.

"I am refusing to obey the President's order to scrap our appropriations bill, which was signed into law months ago," said Smith. "Texas is going to obey the laws of the 62nd Legislature."

In his official proclamation, the Governor accepted "full responsibility" for his order of federal defiance. Governor further blasted the federal government for issuing "two conflicting sets of orders on every vital issue."

Smith's directive means the 6.8 per cent raise for state employees will go into effect September 1, and teachers will get their long-range increase approved by the Legislature two years ago.

At the same time, tax and college tuition raises also will go into effect. Scheduled auto insurance rate boost has been postponed until after the 90-day freeze, and has consideration of freight rate increases.

"SCANDAL" HEARINGS HELD — House General Investigating Committee held the opening round in its hearings on stock-loan scandals involving high state officials.

Frank W. Sharp, onetime head of Sharpstown State Bank and National Bankers Life Insurance Company, was the star witness. He told Committee members he and House Speaker Gus Mutscher had a "tacit understanding" that there was a link between stock purchases in NBL by the speaker and passage of banking bills favored by Sharp in 1969.

Speaker Mutscher borrowed money from the Sharpstown Bank to buy the stock, as did a few other state officials, including Governor Smith.

Sharp denied, however, he ever gave anything of value to a state official in exchange for a political favor.

Former Atty. Gen. Waggoner Carr, appearing before the Committee, called the federal Securities and Exchange Commission investigation of stock-loan transactions a Republican-inspired plot

litical "hatchet job."

OIL ALLOWABLE CUT — For the fifth month running, Texas Railroad Commission ordered a reduction in statewide oil allowable, fixing it at 65.1 per cent of potential for September.

Figure is the lowest since August, 1970, when it dropped to 62.9 per cent.

September allowable, down slightly from 66.2 per cent for August, will permit a 3,350,493 barrel-per-day production maximum flow, 45,264 less than the present top.

Nominations by crude oil buyers for next month totalled 3,218,430 barrels daily. That is 24,032 less than August figures. Only one major producer, Shell, asked more oil in September. Ten the same allowable, and three wanted less.

AG OPINIONS — Counties adopting workmen's compensation for their employees must carry appropriate insurance or lose common law defense of contributory negligence and assumed risk, Atty. Gen. Crawford Martin has held.

In a flood of other recent opinions, Martin concluded:

• A local option election legalizing the sale of mixed alcoholic beverages may be held in any city of Precinct 7, Jefferson County within a year after May 18, 1971.

• Regional planning commissions may be created by two or more counties and/or cities and membership extended to other subdivisions, with the governing bodies determined by agreement among members.

• Bexar County commissioners have no authority to expend money for the purpose of making a grant to a non-profit corporation to promote industrial development in the county.

• Bill to abolish county school superintendent in Matagorda County is void, so the office continues to exist.

WELFARE POLICY CHANGED — State Board of Public Welfare has changed its policy to permit Old Age Assistance recipients to earn up to \$50 a month without loss of assistance payments, effective November 1.

Under current eligibility rules, only \$7.50 of any income source is exempted in calculating an OAA recipient's budgeted needs for an assistance check.

New policy will exempt the first \$20 of earned income and one-half remainder up to \$80 a month.

Governor said OAA recipients will be permitted a better standard of living and not penalized for working. OAA average monthly grant is about \$32.26.

SHORT SNORTS — Roy R. Evans of Austin is the new president of Texas AFL-CIO and Harry Hubbard is the new secretary treasurer. They won elections at labor's convention August 14.

Governor has been urged to permit the Legislature in special session next year to consider a competitive rate system for auto insurance.

New "Texas Hunting Guide" for 1971-72 is available from Parks and Wildlife Department showing seasons, bag limits and game law summaries.

Attorney General Martin filed suit against City of Galveston for environmental law violation in refuse disposal and city dump burning.

Sen. Ralph Hall of Rockwall said he will announce for lieutenant governor in September.

ises to keep the road in good condition.

People here and elsewhere with relatives buried in the old cemetery are urged to check on the condition of the tombstones and see to it that stones broken and scattered are gathered up and placed in the proper lots. This will serve in identifying the grave sites as well as making grounds easier to mow and maintain. Where possible, footstones should be taken up to allow uninterrupted mowing, Bryson says.

Contributions continued to be need to carry forward the work and should be made by check or money order to the Deport Cemetery Association and mailed or taken to Miss Edith Fuller, secretary-treasurer, P. O. Box 142, Deport, Texas 75435. Donations may also be left at the First National Bank, Deport.

In urging the co-operation of all interested persons, Bryson reminds that the condition of the cemetery reflects the care and concern of all who have relatives buried there.

Request Made For FHA Grant

The Regional Office of the Farmers Home Administration, in Temple, Texas, reviewed the request of the Red River County Water Supply Corp for a loan and grant totaling \$465,000 to finance a planned expansion of their water system. This expansion, as reviewed, is intended to serve approximately 300 rural families with clean, safe water.

Due to a lack of grant funds at this time the Regional Office of the FHA took no action on the request, but placed it on their active list to be considered again at the next review scheduled for February 1972.

People who have paid their membership dues and are included in this expansion are urged to be patient and not be discouraged by this delay. Everything possible is being done to expedite action on this expansion.

Mrs. Gene Cavender spent from Wednesday to Sunday in St. Joseph's Hospital. She will return Thursday for knee surgery.

Grayson Norwood of Dallas visited his sisters, Miss Agnes Norwood at Deport Nursing Home, and Mrs. Roger Bell Tuesday.

Mrs. Fielder Dies In Clarksville

Free Lunch Policy Announced

The Talco-Bogata School today announced a free and reduced price lunch policy for school children unable to pay the full price.

Families falling within a certain income scale or those suffering from unusual circumstances or hardships are urged to apply for free or reduced price lunches for their children.

They may do so by filling in the application forms to be sent home in a letter to parents. Additional copies are available at the principal's office in each school. Applications may be submitted any time during the school year. The form itself is simple to complete and requests information needed to determine economic need based on income and number of persons in the family and any unusual circumstances or hardships which affect the family's ability to pay for school lunches. The information provided on the application will be confidential and will be used only for the purpose of determining eligibility.

Under the provisions of the policy the principals will review applications and determine eligibility. If a parent is dissatisfied with the ruling of the local official he may make a request either orally or in writing for a hearing to appeal the decision. Tal-madge Morgan, superintendent, whose address is Box 125, Bogata, Texas has been designated as the Hearing Official. Hearing procedures are outlined in the policy.

The policy also provides that there will be no identification of, or discrimination against, any student unable to pay the full cost of a lunch. A complete copy of the policy is on file in each school and in the office of the superintendent, where it may be reviewed by any interested patron.

Pittman - Logan Wedding Saturday

Saturday evening during a formal ceremony in the Calvary Baptist Church, Talco, Miss Marla Pittman became the bride of Rickey W. Logan. The Rev. Bob Williams, pastor of the church, heard the couple's double-ring vows at 8 o'clock.

Parents of the bride are Mr. and Mrs. A. M. Pittman of Talco, and parents of the groom are Mr. and Mrs. Lewis Logan.

The wedding scene was centered with a white wrought iron archway, flanked by baskets of white gladioli, mums and fern, and standing candelabras holding burning white tapers. A tall cupid holding orchid asters completed the decorations. Pews were marked with white and orchid bows and bridal wreath.

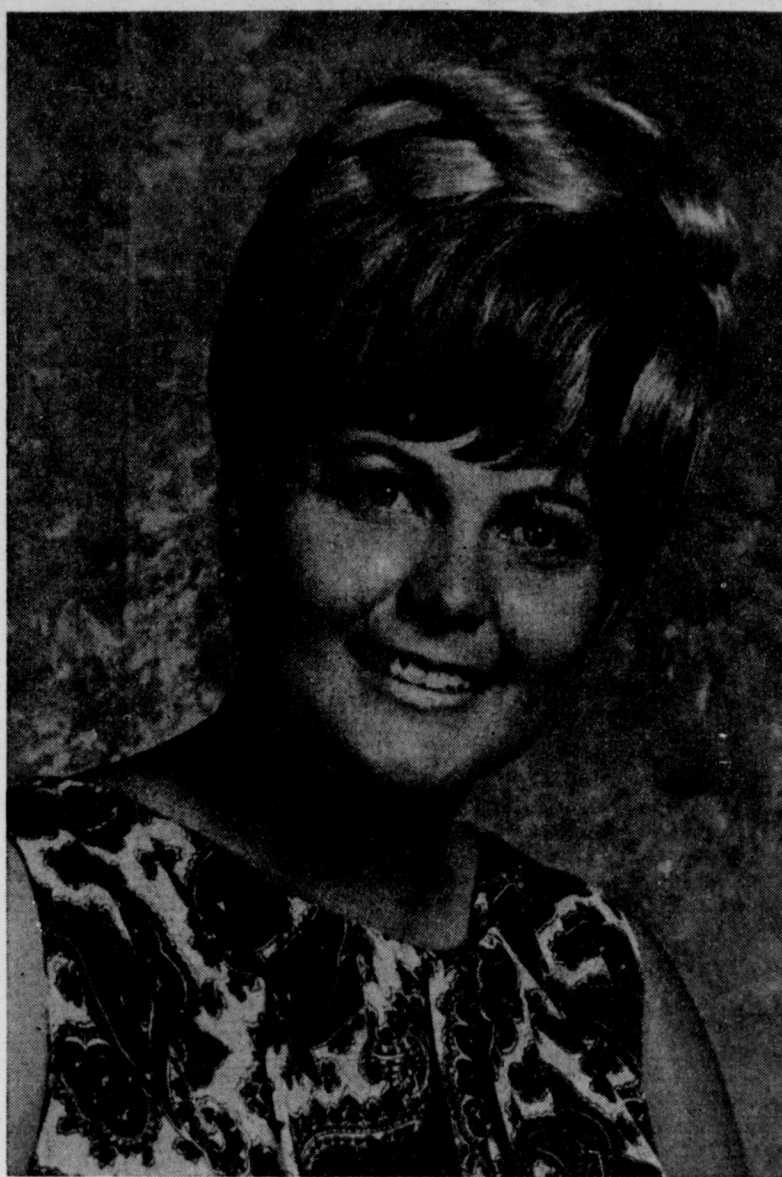

Miss Sandie Giddens of Talco, presented the traditional wedding music and accompanied Miss Linda Powers of Bogata as she sang "Twelfth of Never" and "The Lord's Prayer" to close the ceremony.

When the bride was escorted to the altar and given in marriage by her father, she was attired in a formal gown of white, crystalline organza over white peau de soie of a Victorian design. Lace scallops formed the high neckline, and the bodice was accented by a sheer yoke of French lace and English net. Long, full sleeves were enhanced by wide bands of lace, extending from the shoulder to deep cuffs. Lace also adorned the empire waistline and the A-line skirt. Bands of lace encircled her oval train which drifted from the back of the waistline to cathedral length. Her multi-tiered veiling of silk illusion was held by a tiara of lace petals, seed pearls and crystals. She carried a bouquet of white carnations, and stephanotis, centered with an orchid atop a white Bible.

Mrs. Karen Vaughan of College Station served her sister as matron of honor, and bridesmaid was Miss Freida Whitten of Bogata and Mrs. Johnny Thompson, sister of the groom, of Wilkinson, was bridesmatron.

They wore formal gowns of pastel orchid dotted Swiss over taffeta, designed empire with orchid satin cording at the highrise line. Cording accented the neckline and the short, puffed sleeves.

Announce Marriage

Mr. and Mrs. J. W. Kirl of Talco have announced the marriage of their daughter, Janice Elaine Kirl to Marvin Hollie Fite of Dallas, son of Mr. and Mrs. Hollie Fite of Clayton, Okla. The couple was united in marriage on Aug. 3, in Las Vegas, Nev., in the Chapel of the Stars. Attendants were Mr. and Mrs. Willie Seals of Dallas.

After two weeks honeymoon on the west coast, the couple will make their home in Dallas.

A bow highlighted the back empire line, and their headdresses were orchid satin bows. They carried single orchid mums tied with yellow and orchid satin streamers tied in love knots.

Altar taper lighters were Jerri Dee Gage of Talco and Ginger McConnell of Bogata.

Ronnie Logan was his brother's best man, and groomsmen were Henry Moles and Joe Rex Thompson of Wilkinson.

Johnny Thompson and Carol Wayne Logan were ushers.

The bride is a student in Rivercrest School, and will continue her studies in the fall. She was president of the Future Homemakers, National Honor Society, an officer in the student council, cheerleader, class favorite and a member of the Rebelet Basketball team.

The groom is a graduate of Rivercrest High School, and attended Paris Junior College. He is presently employed at Texas Power and Light Company.

THE BRIDE'S PARENTS were hosts for a reception to honor the newlyweds in the Fellowship Hall of the church immediately following the wedding ceremony.

Miss Peggy Bonham of Talco presided at the registry, which was covered with yellow and white satin, and overlaid with net. The bride's table was covered with a floor-length white and yellow satin cloth overlaid with white gathered dotted Swiss accented with orchid satin ribbon. A gold epergne holding a mass arrangement of orchid and yellow asters and fern, flanked by crystal candleholders holding white tapers centered the table. The white three-tiered cake was colonnaded and was trimmed with sugar roses and a miniature bride and groom. Punch, nuts and mints were also served. Miss Nita Hanks and Miss Amelia Babin of Talco presided at the table.

Other members of the house-party were Mr. and Mrs. Henry

Pittman of Cushing, grandparents of the bride; Mrs. Charlene Westbrook, grandmother of the bride, and Mrs. J. E. Sikes of Talco, great-grandmother of the bride.

When the couple returns from a brief wedding trip, they will reside in Wilkinson. For traveling the bride wore an ice blue coat and dress ensemble designed empire.

Out of town guests included Mr. and Mrs. C. R. Sikes and Tammy of Paris, Mr. and Mrs. Leon Shoffner, Diana of Jefferson, Mr. and Mrs. Bill Boyd of Mt. Pleasant, Mr. and Mrs. Akin Fain, Vickie, Perry and Sharon of Paris, Mr. and Mrs. Jimmy Helsey, Paul and Jeffrey of Tulsa, Okla., Mr. and Mrs. James Logan, Wayne, Brenda and David of Mt. Pleasant, Mr. and Mrs. Johnny Thompson, Mr. and Mrs. Clifton Phillips of Wilkinson, Mrs. Lean Penny of Sulphur Springs, Mr. and Mrs. Gene DeWitt of Sulphur Springs, Mr. and Mrs. Melvin Penny and Debbie of Euphrata Springs, Miss Marla Littles of Dallas, Mrs. John Westbrook Sr. of Deport, Mrs. Alice Dunnam of Tennessee Colony, Mr. and Mrs. Joe Gunter of Nacogdoches, Mr. and Mrs. Johnny Wootley of Longview, Mr. and Mrs. Joe Dan of Houston, Miss Janet Trout of Bogata, and Mr. and Mrs. Eunice Pirtle, Joliet, Mo.

Mrs. D. B. Lee is a surgical patient in the St. Joseph's Hospital, Paris.

Mr. and Mrs. Ken Williams, Matt and Carmel of Slidell visited during the week with her parents, Mr. and Mrs. J. M. Martin; also with her brother, Bobby Martin and family and grandmother, Mrs. Ida Thomas, Thursday evening Mr. and Mrs. J. M. Martin, Mr. and Mrs. Bobby Martin and children and Mrs. Ida Thomas were dinner guests with Mr. and Mrs. Gerry Martin in Mt. Vernon.

Want Ads Will Find A Buyer

This Newspaper's large number of readers make a Want Ad the most economical means of finding a buyer for your unneeded possessions: Livestock, field seed, farm implements, household goods, pet animals, poultry, real estate, musical instruments, jewelry, automobiles and bicycles, or to find a renter if you have a house, apartment or farm to rent. You'll find a Want Ad also effective in locating strayed livestock, and in finding something you want to buy.

BACKGROUND ON BUSINESS

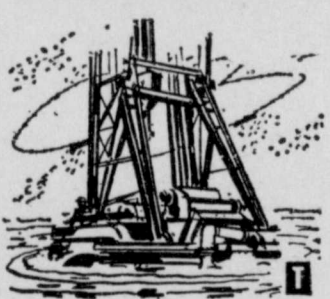

GROWING OFFSHORE DRILLING INDUSTRY

Offshore fields currently provide about 18 percent of the world's oil output and this could rise to as much as 50 percent by the late 1980's according to Value Line, a major investment advisory service. As an illustration of the growing need for oil: during the next 30 years the United States is expected to require more than twice as much petroleum than it consumed in the past 110 years. To meet the growing demand, the oil industry is accelerating its offshore drilling activities throughout the world.

Value Line notes that you can name practically any country with a coast line and you will find an intense interest in its offshore-oil potential. There is substantial exploration activity in such areas as the North Sea, Nigeria, Venezuela, Indonesia and the Gulf Coast and each year new countries continue to be added to the list of offshore producers. Spain, Tunisia and Libya are recent additions and waiting to be developed are large offshore oil fields in Australia, Brazil, Britain, Netherlands, Iran, Saudi Arabia, Mexico, Norway and other countries.

The rising tempo of offshore exploration activity has resulted in a growing investment in equipment and facilities. Value Line points out that offshore contractors have been placing orders for new units at a record pace in recent months. There are 18 rigs currently under construction along with a tender and two inland water barges and the total value of these projects alone exceeds \$215 million.

According to Value Line, there is a trend in the industry

toward working in deeper water and developing new structural designs that deviate radically from the traditionally accepted designs of the past. One new design embodies a shipshape hull and a jacking system, is self-propelled and moves between locations as a ship. Once located, it elevates itself with its four legs and drills like a jack-up. Another new concept incorporates the principles of a ship, a semi-submersible, and a jack-up into one unit.

Value Line says that another trend developing in the industry, although it may only be temporary, is that U.S. shipyards are getting a larger share of the worldwide business. The service notes that nine of the 18 rigs under construction are being built in the United States. It appears that mobile rigs can be built cheaper and faster in the U.S. than in foreign yards and this is a reversal of the situation in the past. The backlog of other shipbuilding business in foreign yards, especially those in Holland and Japan where many of the offshore rigs have been built in the past, is cited as the main reason why prices have increased and delivery schedules are longer.

Oven cleaning time can be fun time...

when you have an electric self cleaning oven. The modern homemaker loves the convenience of an electric self cleaning oven. Besides putting an end to a messy chore, it gives her more time to spend with her family. The homemaker with an electric self cleaning oven needs only to close and latch the oven door and set the controls. In short order, baked-on grease and spill-overs vanish... and even hard-to-reach corners again sparkle bright as new. We think that you'll like the work-saving convenience, cleanliness and efficiency of electric self-cleaning ovens. See your dealer soon.
