Southern Cross Winging Its Way To Gotham Port

KINGSFORD-SMITH AND BRAVE MATES ARE TO LAND LATE TODAY AFTER CONQUERING BOTH ATLANTIC AND PACIFIC OCEANS BY AIR

NEW YORK, June 26 (AP)—Droning through skies which cleared as it approached the coastline of the United States, the Southern Cross was almost half way to New York today in about seven hours of flying. Squadron Leader Kingsford-Smith and his comrades were over Halifax at 11 a. m. (EST), having covered in six hours and fifty five minutes a distance of a little more than 550 miles as the crow flies.

'MA' AND JIM TO SPEAK TO VOTERS HERE

FAMOUS COUPLE TO BE HERE FRIDAY; WILL TALK ON AVENUE K

Seeking to regain a former title which has pertained to the family name intermittently for almost two decades, "Ma and Jim," scintillant candidates, will speak in Lubbock tomorrow evening at 9 o'clock in the interest of gubernatorial candidacy.

The Fergusons will appeal to voters from an improvised platform, which will be located on Avenue K between Main and Broadway, J. A. Humphries, 1907 18th, in charge of local arrangements, announced that the street will be roped off.

Polities To Be Outlined Mrs. Ferguson is expected to outline her platform and policies, while friends of "Farmer Jim" expect him to pay his respects to Senator Love, who attacked the Fergusons in his speech here last week.

In her opening speech two weeks ago at Temple, her home town, Mrs. Ferguson told 18,000 persons that by voting for her they would get their money's worth. Then, with a tactful smile she added, "you'll be getting two governors for one vote."

The more famous husband of the political family, who has been a target for the field of candidates during the past score of years, is in almost every governor's race noted for his vitriolic retortations upon the charges of his enemies.

LOVINGTON TO STAGE PARTY

LUBBOCK C-C SEEKING 100 TO MAKE TRIP ON SATURDAY

One hundred evangelists are being sought today to represent Lubbock at the formal celebration in Lovington, N. M., Saturday when arrival of the first passenger train over the Texas-New Mexico line from Monahans, Texas, will be observed, following a committee meeting in offices of the Chamber of Commerce.

The Lubbock High school band, under direction of H. A. Anderson, will accompany the delegation.

Lovington is preparing to entertain 5,000 visitors, according to a letter received by the Lubbock Chamber of Commerce.

Members of the committee shaping plans for the local representation are L. C. Ellis, chairman, Walker, Stanton R. D. Erwin, M. C. Butler, Luther Byrnes, A. A. Bradshaw, Jack Parsons, Gregg James, R. F. Himey, J. P. Hankins, J. H. Rankins, S. C. Wilson and George E. Benson.

Those who intend to be included among the motor caravan are requested to notify the Chamber of Commerce, telephone number 3083 or any member of the committee.

Radio Suit Asks Damages Of 30 Millions

VIOLATION OF TRUST LAW IS ACTION BASIS

JIM REED REPRESENTS PLAINTIFFS IN BIG COURT CASES

(By Associated Press) KANSAS CITY, June 26.—In a suit for triple damages of 30 million dollars filed here today, the Grigsby-Grunow company of Chicago, radio set manufacturers, alleges the existence of a vast illegal pool of patents created in violation of the Sherman Anti-Trust law.

The defendants named are the Radio Corporation of America, the Westinghouse Electric and Manufacturing company and others. James A. Reed, Kansas City, former United States Senator from Missouri, and Ernest R. Reichman of Chicago are attorneys for the complaining company.

The petition charges that the defendant companies illegally created the patent pool and thus illegally compelled payment of royalties in the sum of almost \$6,000,000 by the Grigsby-Grunow company.

Tube Clause Quoted It sets forth that under the "tube clause" contained in the license agreement which the Chicago company received from the defendants it was compelled to buy radio tubes and was prevented from engaging in the Vacuum tube manufacturing business until the clause was declared illegal by the United States District court of Delaware.

On this account, the petition alleges, the company was damaged in the sum of approximately \$2,000,000 more, which, together with certain other damages, brings the total damages to \$10,000,000.

Three times this amount is asked because the Clayton act entitles a plaintiff in such cases to recover three-fold.

The petition contains many of the allegations made in a petition filed by the United States government in the Federal court of Delaware on May 13, 1930, officials of the company said in announcing filing of the suit. That petition, they said, asked for dissolution of the illegal combination which this petition also alleges.

PERMITS BOOST LOCAL BUILDING

Continuing an upward flight which dispels summer lethargy in building activities, valuations of current projects in Lubbock were boosted today to \$2,200,000 as a result of a \$15,000 permit for construction of the new home of Allen Brothers post, American Legion.

Work on construction of the brick building, located on the corner north of the municipal building, fronting Texas Avenue between 9th and 10th street, is well under way. Lot for the building was donated by the city.

J. B. Massey, contractor, is donating his services on the building. Valuations for the year have been extended to \$1,239,855.

James Vardaman Is Summoned By Death

BIRMINGHAM, Ala., June 25 (AP)—James Kimball Vardaman, 60, former Governor of Mississippi, United States representative in the 60th Congress during the World War period, died here yesterday.

Mr. Vardaman, who became known in the Senate as the "white chief" because of his custom of wearing white clothing in contrast to his flowing hair, succumbed to an illness of nearly five years which followed a nervous collapse.

Miracle Saves Man In Crossing Smash

CHICAGO, June 26 (AP)—By a miracle Joseph Cesario lives today. Cesario drove his automobile last night into the path of a Northwestern train at a grade crossing. The machine was demolished.

The engineer and fireman ran to the debris expecting to find the driver's body. Instead, they saw Cesario, bleeding from many wounds, stagger from between the locomotive and the tender.

To broken ribs, a score of cuts and possibly internal injuries were suffered, but physicians said Cesario's hurts would not prove fatal.

BANK IS CLOSED

BROWNWOOD, June 26 (AP)—The Brownwood State bank, of which O. C. Walker is president, failed to open for business today. Officials stated that unusually heavy withdrawals the past week, and especially yesterday, prompted the directors to close the bank. The bank was nine years old and had capital and surplus of \$200,000. A plan for paying depositors will be worked out at a stockholders' meeting to be held soon, officials announced.

DENY NEW MCKEE TRIAL

EX-SOLDIERS BILL HANDED HOOVER VETO

HOUSE SUSTAINS CHIEF EXECUTIVE; ANOTHER BILL BEING LAID

(By Associated Press) WASHINGTON, June 26.—President Hoover today vetoed the World War veterans relief bill.

In an emphatic message to the House, he repeated his protest that the act was unjust. He said it added but little to aid wounded or disabled war veterans.

"I want a square deal between veterans," he wrote, "not unjust discriminations between special groups, and I do not want wasteful or unnecessary expenditures."

To Sustain Veto The House heard the detailed objections with a readiness amongst the republicans and sustained the veto. Steps to substitute legislation meeting White House approval had been taken.

Administration followers expected adoption by nightfall of a substitute measure that would meet Senate and White House approval.

The veto message reached the House at noon with a vote following immediately. A two-thirds majority of those voting is necessary to override a veto. With 154 republicans in the House membership of 435 pledged to sustain the President, the rejection of the bill was accomplished.

Within two hours after the veto, House republicans expected the substitute bill, designed to provide pensions for all World War veterans 25 per cent disabled, to be passed and sent to the Senate. Action there not later than Saturday was forecast by Senate leaders.

President Hoover has informed republican leaders he approves the substitute measure. He has attacked the Johnson-Ranking bill as discriminatory, and one which

CO-OP SOUGHT BY PORTALES

R. R. Willis, of Portales, agricultural agent, Roosevelt county, N. M., was in Lubbock late Wednesday seeking to complete a contract with the Texas Cotton Cooperative association for marketing of 2,500 bales of cotton for next season.

He conferred in this city with N. H. Payne, field representative of the Texas Cotton Cooperative association, and D. P. Eaton, Lubbock county agricultural agent.

Four cooperative marketing associations have been formed in Roosevelt county, said Mr. Willis. The association deal with sale of sweet potatoes, broom corn, cream and poultry.

Stokes in City Lynn Stokes, of Ballinger, president of the Texas Cotton Cooperative association, and general manager of the gin corporation which is a subsidiary of the association, is visiting in Lubbock today.

The Texas Cotton Cooperative association owns five gins in this county, located at El Paso, Acuña, Idalou, Shallowater and Lubbock.

FLAPPERS ADDICTED TO 'SHORTS' LOSE FIRST SKIRMISH WITH AUTHORITY; WEST VIRGINIA MAYOR HALTS 'EXPOSE'

GRAFTON, W. Va., June 26 (AP)—Things had settled down pretty well about the town hall today after all the excitement yesterday, but one thing is certain, girls are not going to wear "shorts" on the streets of Grafton as long as Charley King is mayor.

Nine pretty girls, all wearing "shorts," ambled into town from their camp in the woods on the outskirts of the city. They walked down Main street. Traffic stopped. A crowd gathered when the girls stopped in a store and bought ice cream cones. When they came out, the crowd followed them. Somebody telephoned the mayor. The mayor sent out a policeman and the policeman told the girls the mayor wanted to see them, or rather to talk to them.

HEIRESS OF 'COKE KING' WILL FLY

Miss Martha Candler, granddaughter of Asa Candler, multi-millionaire "Coca Cola" king of Atlanta, will soon sprout wings. When she graduates from college recently she was presented with a cabin ship by her rich grandfather. Miss Candler and the plane are shown below.

Sobs And Smiles From The Day's News Broken Life Is Ended

JUDGE INTERVENES FOR SWEDISH PATRIOT CHICAGO, June 26 (AP)—The good old Stars and Stripes mean something to Lorn Linder, formerly of Sweden but now of America—and proud of it.

Lorn Linder had Virginia Murphy, a neighbor, arrested because she called him a "foreigner."

"I got my second paper," said Linder with the proper American pride. "She called me a foreigner. It is an insult. I wish, Judge, that you would have her locked up in one of our splendid American jails."

Judge Padden told Linder he would safeguard Linder's rights as an American citizen from any future slander; and he told Miss Murphy hereafter to hush.

BUNNY ROOSER, AGE 7, IS A TRAVELER

TACOMA, Wash., June 26 (AP)—A patrolman found Bunny Rooser, 7, wheeling along the streets of Tacoma on his coaster wagon late last night. Inquiry revealed he had strayed from his home in South Prairie, 25 miles away. Bunny insisted he made the trip pulling the wagon up hills and coasting down. He went home in the family automobile.

HE LEARNED ABOUT WOMEN FROM THE COURT

HANFORD, Calif., June 26 (AP)—Don't spank strange women, even those who drive automobiles in the general John Sederer, oil worker, gleamed from a 30 day jail sentence imposed upon him.

Sederer's car brushed fenders recently with one driven by Mrs. Merle Fitting of San Francisco. Sederer chased her, dragged her from her automobile, turned her over his knee and spanked her. After his arrest he said he had been shell shocked.

INVALID PAYS WITH LIFE FOR LONE REQUEST

CHICAGO, June 26 (AP)—Emma Schmoltke, 61, who lived next door to the Bethlehem Evangelical Lutheran church, had been a cripple for 39 years. One of the few joys left to her was to sit by a window to listen to the church organ.

SLAYER WILL ASK HELP OF STATE COURT

McGUIRE REFUSES AS PLEA IS MADE AT LAMESA TODAY

(Special to The Journal) LAMESA, June 26.—Tra McKee's plea for a new trial on a charge of murder, made through his attorneys Harvey B. Shead and J. P. Willis, of Hobbs, N. M., was denied by Judge Gordon B. McGuire in district court here today. McKee was found guilty of the murder of W. R. Billingsley, of Sparanberg, and sentenced to death in the electric chair last Monday night.

McKee was given 90 days in which to prepare a statement of facts and bills of exceptions to present to the State Court of Criminal Appeals at Austin.

Witnesses Questioned At today's hearing two witnesses, John Earl and P. Lowrie were questioned. Also, Dee Hull, a member of the jury, was questioned as to his qualifications to sit as a juror.

Shed in his plea will claim that McKee was unknowingly exhibiting himself to witnesses before the trial and also that Hull is a disqualified witness.

THREE MEN FACE FORGERY CHARGE

Following their transfer from the city jail, where they had been held since Tuesday night, Earl Walker, Hoy Monday and Jack Ramsey were charged today by District Attorney Durwood Bradley with forgery.

One check was cashed at Montgomery Ward & company and another at Happy Cheezy store, according to allegations.

In possession of the men were four checks for \$9.85 each, made payable to George Owens and signed "W. W. Cowan by Mrs. W. W. Cowan." Another for \$13.75, made payable to Jesse Wilson, was signed "H. A. Freeman," and the sixth for \$11.50 was made payable to Jack Johnson and signed "D. W. Gill."

The men, who say that sign painting is their profession, have been living in a local tourist camp.

Tahoka Drilling Is Resumed Wednesday

TAHOKA, June 26.—McCamy and Hart's Edwards No. 1 four miles west of here on the T-Bar ranch resumed drilling Wednesday at 5,922 feet after having been shut down for several months. Drilling was scheduled to have started several days ago but a fishing job necessitated a delay. The test is located on the northeast quarter section 5, block 2, L. S. V. R. Co. survey, only a half mile from the old Hart test. The contract depth is 5,280, the deepest well ever drilled on the South Plains. Showings of oil are reported to have been encountered at several depths but not in paying quantities. This is the fifth wildcat test to be drilled on the territory between Tahoka and Brownfield.

Texas Given Five Years For Murder

HENRIETTA, June 26 (AP)—Carl Goodspeed was under sentence of five years in the penitentiary today after a jury yesterday had found him guilty of the murder of A. R. Good, city marshal of Henrico. This was his second trial, the court of criminal appeals having reversed the first conviction carrying 20 years imprisonment.

FIRST CENSUS REPORT GIVEN ON SITUATION

ESTIMATES OF NUMBER OUT OF WORK TOO HIGH, IS CLAIM

WASHINGTON, June 26 (AP)—Unemployment figures issued by the Census bureau today indicated that 874,647 persons were out of work in April in territory comprising approximately a fourth of the country, with an estimated population of 29,264,480.

These were the first figures issued by the government as the result of the data on unemployment gathered during the present census.

Less Than Expected Secretary Lamont said they indicated much less unemployment than was generally estimated.

Those able to work and seeking work were listed as unemployed in the report, which included 78 counties and 75 cities.

Lamont said since April, when the figures were compiled, there had been an increase in employment because of seasonal occupations. The highest percentage of unemployment reported for any state was the 4.3 per cent in Nevada, although the territory surveyed there was only a portion of the state.

The lowest percentage of unemployment was assigned to Arkansas, and amounted to four tenths of one per cent of the total population.

Among the large industrial states, Ohio unemployment for its territory surveyed was placed 3.3 per cent, New York's was 3 per cent, while Virginia's was 2 per cent, New York 1.9, Massachusetts, 2, and Illinois, 1.8.

A population survey of industrial cities in Illinois showed a 3-1/2 per cent of unemployment in a part of Chicago.

Youngsters Held In Theft Charge Here

Three minors, ages 15 and 16, were arraigned in juvenile court this afternoon before Judge Robert H. Bean on a charge of theft in connection with pilfering early this morning of the iceberg station, Avenue Q and 10th street.

The youths arrested by city officers at 4:30 o'clock this morning, confessed to the theft of icebergs and several bars of candy. They said the door to the small station was unlocked.

RUSHES HERE IN AIRPLANE

HOBBS MAN FLIES FROM OIL TOWN TO BEDSIDE OF INJURED KIN

Forty-five minutes after being notified that his wife and 11-year-old daughter, Mary Pauline, had been injured in an automobile wreck near this city, Harry E. Hicks landed at the municipal airport, five miles north of this city, negotiating the 80-mile airline route from New Hobbs, N. M., against a 75-mile headwind.

Mrs. Hicks sustained slight chest injuries, while the daughter suffered lacerations about the body when the car in which they were riding crashed into an embankment seven miles southwest of Lubbock. A faulty steering gear was responsible for the mishap, Mrs. Hicks explained. The two were brought to the West Texas hospital for treatment.

Three On Plane The plane in which Mr. Hicks came to this city is a Lockheed Vega, titled "The Spirit of New Hobbs," and its pilot is Loy Mitchell, A. C. Chesler, also of the oil town, accompanied Mr. Hicks.

Due to the powerful headwind we were forced to make most of the flight at an elevation ranging from 15 to 50 feet," said Mr. Hicks. "Once we got an elevation ranging from 500 to 1,000 feet, where we could make no more than 40 to 50 miles an hour, and we were forced to drop lower for sake of speed. On several occasions we were up to keep from striking telephone wires."

Mr. Hicks is sales manager of the New Hobbs townsite company.

Munger Heads Meet Of Kiwanis Today

Rev. H. L. Munger, pastor of the First Methodist church, was in charge of the program at the weekly meeting of the Kiwanis club today at noon at Hotel Lubbock. He made an informal talk on "The Humorous Side of the Pulpit."

Next Monday was announced as International Kiwanis night and the club will hold its meeting then beginning at 7 o'clock in lieu of the Thursday meeting.

Conference Will Conclude Classes On Friday Morning; "Kid Party" Is Held

The North Texas Summer Conference of the Episcopal church will conclude its classes Friday morning and the members will leave after lunch. Practically every one who registered is to take examinations for credit on a national accredited leaders association diploma, a fact that gives the conference a high standing with the national department of religious education.

Mrs. Elizabeth P. Page, of Canyon, student counselor for the Episcopal church at West Texas State Teachers college, was the feature lecturer yesterday evening, speaking on "Modern Christian Healing." Her thesis was that the church is concerned with the salvation of the body as well as the soul and is a healing society in which the physician is honored and in which individual believers should find and exercise a confident faith in God's love. Sickness of soul resulting from sin unconfessed to God often causes as well as aggravates sickness of body, she said. The value of modern healing movements comes largely out of the free discussion of ailments and their cures, with a recognition of God as the giver of life and health and the only dependable head of the healing society, she affirmed, and quoted physicians, psychologists and ministers of the Gospel in support of her argument.

"Kid Party" Held

The latter part of the evening was spent in a "kid party" in which young people, counselors and clergy-

men all took part. Costumes and antics were enjoyed, and the refreshments were served as the games went on. The whole fellowship program in a demonstration of what can be done in the various young people's societies and Sunday schools represented in the conference Bishop Seaman said.

President Paul W. Horn spoke at luncheon today and expressed his interest in leadership training courses for Christian work.

Program Tonight

Rev. W. H. Martin, of Big Spring, is the speaker at 8 o'clock tonight at Cheri Casa, his topic being "Personal Efficiency in Church Work." Following his address there will be a program of music, "magic" and stunts.

Tomorrow announcement will be made of scholarships to the Provincial Young People's Conference, an advanced course in leadership held at Winslow, Arkansas, in the Ozark mountains, beginning July 23 under the directorship of Bishop Seaman.

Dance Pupils Present Luncheon Program Girls To Receive Rank This Summer

EIGHTY REPORTED SLAIN IN BOLIVIAN REVOLT; DETAILS SLIGHT

RUMORS RIFE BUT NO REAL FACTS KNOWN

GOVERNMENT SAYS NO IMPORTANCE LAID ON MILITARY COUP

LA PAZ, June 26.—The conductor of the international train arriving from La Paz last night said that a grave disturbance had occurred in the Bolivian capital Sunday, and that eighty persons had been killed, of whom seventeen were students.

The strictest censorship prevails.

Women, Children Slain

AREQUIPA, Chile, June 26 (AP)—Travelers arriving here from Bolivia today said that police in La Paz Bolivian capital, killed 34 members of a meeting of workers and students Sunday. Among the dead were said to have been women and children.

The demonstrators took the corpses and afterwards exhibited them in the streets. The travelers said the city was tense when they left and it was feared further trouble would occur when the victims' bodies were buried.

Government Reports

LA PAZ, Bolivia, June 26 (AP)—A government communique, published today, gave notice of a revolutionary movement at Oruro where the so-called Camacho regiment had taken control of the town. The communique minimized importance of the disturbance.

The statement follows:

"Wednesday morning at 8 a. m. the officials Jose Serrano, Julio Fernandez, Desiderio Rivero, Victor Acosta, and Arturo Vera, unexpectedly took out the Camacho regiment at Oruro and took charge of the plaza there.

Choice Expressed

"Immediately they telegraphed the prefect at La Paz proposing that said be given the movement and indicating as their choice for exercise of a new government Blanco Gallardo, Jose Lanza, Mariaga Pando Osorio, and Julio Sanjinés.

"General Kuntz, the German commander-in-chief of the Bolivian army, was present at a conference of the council of ministers, and rejected the proposal as absurd, and pointed out to the leaders of the subversive movement their duties toward the nation.

The movement lacks importance.

The Camacho regiment remains isolated at Oruro, without connection with the remainder of the republic, where the garrison commanders have declared themselves firm in their loyalty to the government and the public order.

"Authorities at Oruro submitted to the military movement without resisting. There were no casualties. Tranquility reigns throughout the republic and the public order is assured."

Dairy Demonstration In Terry Successful

BROWNFIELD, June 26.—(Special)—It took the first 321 pounds of milk produced by cows of Terry county to pay for feed, records of the animals on test in the county for the month of April show, County Agent Davis reports. This is equal to 15.4 pounds of butterfat and 200 pounds of skim milk.

Seven demonstrators with cows on test had an average of 22.9 pounds per month, an average of 20.8 pounds of milk or 2.4 gallons per day. The cows averaged 30 pounds of butter fat for the month, a pound per day. Average feed costs per animal was \$5.98 for the month or 20 cents a day. Profit per cow was \$6.47.

In the high herd the average was 220.1 pounds of milk; 42.14 pounds of butter fat, \$11.38 feed costs and net profit, \$8.85. Low herd average was 110 pounds of milk, 19.9 pounds butterfat, \$7.51 feed costs and profit of 96 cents.

One cow lost \$2.76 during the month while the highest profit of any cow was \$11.

The Mulkden government will construct a \$500,000 aerodrome.

Sandino Wounded In Leg, Report Claims

MANAGUA, Nicaragua, June 26 (AP)—General Augustino Sandino was said today to be suffering from a wound in the leg, received in a recent encounter with American Marines and Nicaraguan constabulary.

General D. C. McDougal, United States Marine officer, who is in charge of the Nicaraguan National guard, said that the insurgent leader had been operating in the mountains north of St. Rafael.

His informant was a native Nicaraguan captured by Sandinistas who escaped recently, but while a captive recognized Sandino.

Hale County Men Buy Dairy Stock

PLAINVIEW, June 26.—(Special)—Nineteen head of registered Short-horns have been added to the herds of three Hale county dairymen to give the breed a foothold in the county. The animals were purchased from the herds of C. M. Caraway and Son and J. Doss Miller of DeLeon, Texas.

Frank Weil purchased Dreadnaught Model, a bull, dropped July 4, 1929, two cows and three calves from the Caraway herd.

L. M. Fearn is a Shorthorn breeder in Hale county with years of experience and has interested a number of men in the breed. There are two other Shorthorn herds in the county.

This season YOU CERTAINLY CAN AFFORD GOODYEARS

THERE never has been a time when the tire-buyer's money could buy as much as right now.

Rubber's cheap — and consequently tire prices are the lowest they've ever been.

People with an eye to values are seizing this chance and making the most of it.

They're buying Goodyear Tires — because right now they can buy them for as little as they used to pay for inferior or unknown tires.

Why are they singling out Goodyear Tires with especial

insistence as against all others? Because Goodyear Tires are definitely superior in tread and carcass, the two main parts of a tire.

The Goodyear All-Weather Tread is superior in traction.

The Goodyear Supertwist Carcass is superior in vitality and long life.

You are not asked to accept these statements without inquiry.

Any Goodyear Dealer will be glad to demonstrate the facts. The facts certainly are: Goodyear Tires do give greater value.

As far back as 1916, it became a

fact that more people ride on Goodyear Tires than on any other kind.

Every year since that time it has been increasingly true that more people ride on Goodyear Tires than on any other kind.

Today this preference for Goodyears runs into millions: millions more people ride on Goodyear Tires than on any other kind.

More Goodyear Tires than any other kind annually leave motor car factories on new cars—more Goodyear Tires go into service through the great Goodyear dealer organization — more Goodyear Tires are used by transcontinental, urban and interurban buses.

There can be only one conclusion: Goodyear Tires must be better—and at present prices they are a matchless bargain.

Now is the time to get yours.

GROVER ALEXANDER TO MOUNT HILL FOR DALLAS CLUB TODAY

HITTERS RULE IN OPENING OF SOUTH PLAINS LEAGUE

THROUGH WILL SEE VETERAN HURLER WORK

SECOND HALF OPENED WEDNESDAY; SPUDS WIN AGAIN

By GAYLE TALBOT, JR.
Associated Press Sports Writer
There will be a dramatic moment in the Texas league today when old Grover Cleveland Alexander, the one and only, winds up and launches his minor league career against the Fort Worth Cats at Steers stadium, Dallas.

While the remainder of the league will rock along about as usual, playing the usual quota, there probably will be more interest in the success or failure of the grand old man of the National league than in all the other games combined. "Old Pete" is washed up after two decades in the majors or is on the threshold of another career in the minors.

10,000 Fans Expected
More than 10,000 fans were expected to see the Steers' \$2,500-a-month prize attempt to turn back the Panthers and justify the Dallas club's faith in his aging right arm. Many reservations had been made from Fort Worth and towns surrounding Dallas.

Although confident he still has enough stuff to pitch winning ball in the Texas circuit, Alex probably felt a qualm or two as he watched the Cats hammer three Dallas hitters for a 15 to 5 victory in the opening game of the second half yesterday at Fort Worth. Fifteen hits, including a homer by Bill Kelly and five doubles, rang off the Panther bats. As a result of the triumph, the Panthers were in the division lead today for the first time since the 1929 season began.

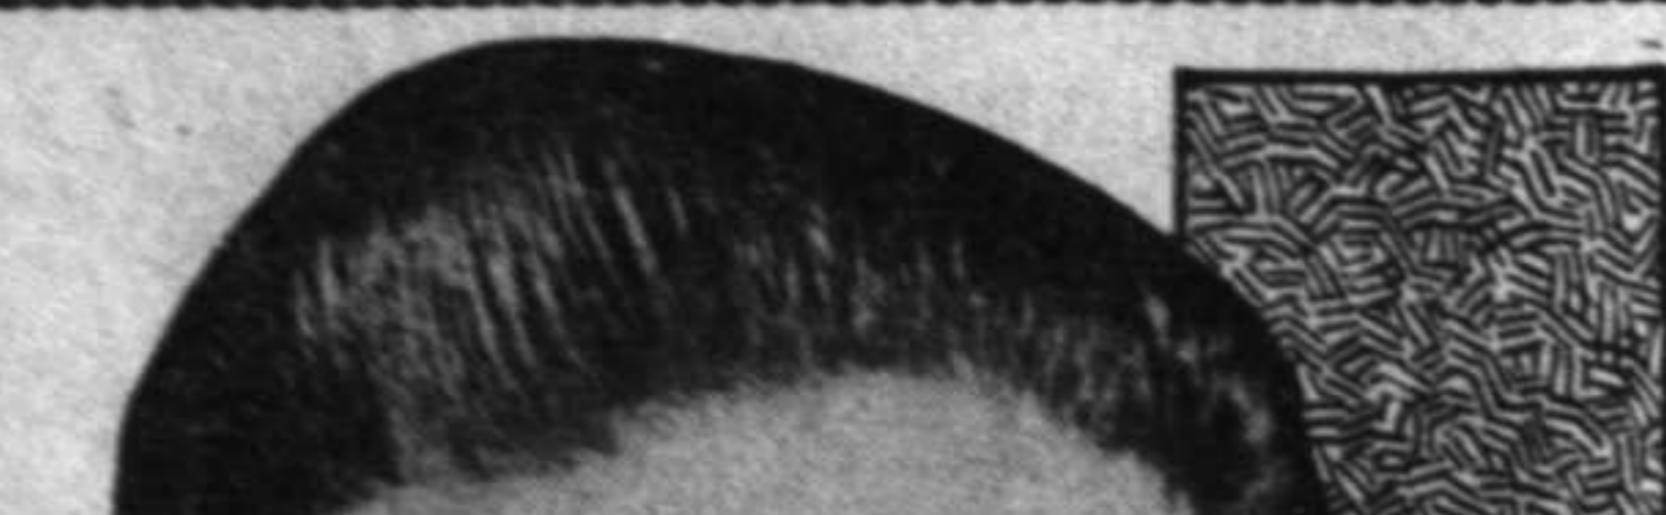

Steiner is Bumped
Lil Steiner continued to pay the penalty for that no-hit, no-run game of a few weeks ago. Although his maines stayed him to a home run in the third frame, he could not hold the fort and was overruled when the Steers jumped all over him at the start of the fourth. Joe Bonowitz, Cal outfielder, was charged by Vander Blomquist for prying his bat against the grandstand after striking out.

The Spudsters started out on the second lap as though to repeat their victory of the first half, taking a light one from Steiner, 4 to 2. Fifteen hundred Wichita fans saw Hal Wilton ring up his twelfth victory. The steady pitcher gave up 19 hits, the same number his mates collected off Estrada and Burns, but struck out five and was tough in the punches. Steiner was the hero of the Spudster offense. Bonhommer and double accounting for two runs. Hutson belted a pair of doubles and a single for the Spuds. Because the Houston Buffs failed to enter into the spirit of the occasion, Jim Chalmers was recognized a very poor second-inning. The big San Antonio flippie, who is going to the Giants in exchange for several players and a bundle of cash, was the principal sufferer as the Buffs chipped out a 4 to 0 decision in their opener with the Indians. Hobo Carson relieved Chapin at the end of the sixth and held the Bisons to one hit the last three frames. Allyn Stout, who started for the winners, also was knocked down in the sixth, but received credit for the win. Morrow featured the Buff attack with a double and two singles.

Thanks to some heroic relief pitching by Mulinoe Vaughn in the ninth inning, the Beaumont Exporters got off on the right foot with a 5 to 4 triumph over Waco. Trailing by three runs going into the last frame, the Cubs threw a scare into the homebats when Holmworth and Piet homered in succession off Cleveland in the sixth. Vaughn was rushed in to halt the rally. Piet's round-tripper was his second of the game.

HOYLE HURLS WELL AS HUB PLAYERS WIN

GROVER CLEVELAND ALEXANDER (Story To Left)

A rapid fire of base hits rang out on three batters Wednesday afternoon as the newly-formed South Plains baseball league got under way with Lubbock, Tahoka and Southland getting the jump on their three rivals.

Opening their belated season at the Terry county capital, Lubbock's Hubbers swung their war clubs lustily to turn back Brownfield, 6 to 1. Roy Hoyle was in rare form, holding the Terry swatmits to a lone knock while his mates were bunting him off Herring, Hucksby and Kelly. Both teams played loosely in the field, eight errors being equally divided.

Locals Start Early
Lubbock scored six times in the opening stanza to put the game on ice.

Over at Tahoka the heralded Lamesa aggregation encountered a slugging crew of fence busters and went down, 16 to 6. Four Lamesa hurlers took the mound in a vain effort to stop the rampant Tahoka chuggers. Evans, of Tahoka, furnished the game's high spot in the fourth inning when he hit for the circuit with the sacks loaded. L. White and Hill led the attack for Lamesa.

Lefty Gregory, crafty slub artist, was the big noise for Southland in the Garza county team's 14-4 win over Levelland. Pitching before a large home crowd, Gregory limited the Levelland hitters to five singles while the Southland hitters were combing Haynes, Evans and Huff-steller for 18 base hits.

Levelland assumed Slator's schedule in the league yesterday at the eleventh hour after officials of the Lubbock county city had decided to give up their place in the circuit.

Sunday's games will find Southland at Lubbock; Tahoka at Brownfield; Lamesa at Levelland.

SAN FRANCISCO, June 25. (AP)—Tokyo Kaseko, acting consul general of Japan, today announced a fifteen million dollar Japanese company, already financed, probably would be operating a 68-hour San Francisco-Tokyo dirigible service before the autumn of 1931.

Kaseko said the company already had begun negotiations for purchase of three Zeppelin costing \$1,500,000 each.

Plans call for carrying mail, 40 passengers and baggage and crew by each dirigible.

Barber License Law Is To Be Attacked

AUSTIN, June 25. (AP)—Constitutionality of the Barber's License law, passed at the last session of the legislature will be tried Friday in the Fortieth district court at Waxahachie. It was reported here today. Opponents of the bill have claimed it was unconstitutional because it imposed a tax on a mechanical pursuit prohibited by the constitution. State attorneys believe the legislature got around this provision by charging a license fee which may be levied only once and which, they said, was not a tax.

Light Heavyweight Title Goes To Max Rosenbloom

CLOSE DECISION MADE AS SLATTERY LOSES CHAMPIONSHIP

By EDWARD J. NEIL
Associated Press Sports Writer
BUFFALO, N. Y., June 25. (AP)—Slattery Max Rosenbloom, conqueror of the only man who ever consistently gave him trouble during his amazing fighting career in three divisions.

Maxey has whipped the best of the middleweights, some heavyweights, and now he has accounted for the last of the 175-pound top lighters who had held out against his ring attack.

Last night Rosenbloom whipped Jimmy Slattery before a crowd of 3,500 in the International league ball park here and with the victory came the only championship he has ever fought for in ten years of battling outstanding ring men.

Five times before the team of Slattery and Rosenbloom furnished the feature attraction along various bypaths of ringland and in four of the engagements Jimmy, the pride of Buffalo's first ward, gained victories. Maxey won only one. Of all the men he has beaten, including Leo Lomaski, Ace Hudkins, Jimmy Bradlock, Dave Shade, Larry Johnson and Pete Laine, only Slattery was able to come back and defeat him constantly.

But last night, before 550,000 worth of customers, Rosenbloom gained his revenge by winning the title Slattery has held since last February when he defeated Leo Ecoma here and gained general recognition as the successor to Tommy Loughran, retired from the 175-pound ranks to joust with little success against the heavyweights. The decision was clinched by the award of two judges over Referee Fuzzy Maley's ballot for Slattery. A majority of the critics gave Rosenbloom eight rounds. Slattery five, with two even.

There were no knockdowns although Slattery was staggering momentarily in the second and Rosenbloom was a bit wobbly from rights to the chin in the ninth. Slattery's best round, both were ranked about the face. Rosenbloom with a bruise on his left cheek and a cut on the bridge of his nose while Jimmy's lips were swollen and out and his eye brows swollen. Maxey weighed 170-1-2 to Slattery's 162-1-2.

LOOKOUTS SPLIT TWO WITH CHIX

ATLANTA, June 25. (AP)—Memphis and Chattanooga came back into action yesterday after a two day delay by schedule and rain and both clubs put up hard fights. The Lookouts hammered Griffin and Beck in the first game for 13 hits and won, 5 to 0, and in the nightcap May limited the Lookouts to 3 singles to win 3 to 1.

The lowly Atlanta Crackers were downed again by New Orleans, 6 to 3. Gardner, Pei second baseman, got four safe hits in as many times up. Three hurlers were used by the Crackers. Due to the Chick's loss of the first game, the Pelicans triumph put them a half game closer to them for the lead of the Southern association.

Six errors in comparison with only five safe blows gave Mobile credit for another loss to Birmingham, 7 to 6. Sturdy piled out his third homer of the series.

Slacker's home run in the seventh with one on gave Little Rock a victory 5 to 3, over Nashville and a clean sweep of the three game series.

WITH ALLAN CARNEY
Journal Sports Editor

After playing their first game of the South Plains league schedule at Brownfield Wednesday, the Lubbock Hubbers will open their home stand at Merrill Park Sunday against the strong Southland aggregation. A 14 to 5 victory over Levelland yesterday stamps Southland as one of the strong contenders in the newly organized circuit. The Hubbers made an auspicious start by handing Brownfield a 3-1 beating on the latter's diamond.

Although the Brownfield club is just recently organized, Lubbock's showing indicates the locals may go much further than we had given them credit for. In Hoyle and Scott, Manager Lumberger boasts a pair of seasoned mound artists. Both should be able to win under the best of conditions if given the right kind of support.

Slator's withdrawal from the league came as a distinct surprise. Just a few days ago interest in the loop had reached a fevered heat in this city, but at the same time the club officials announced that they would be unable to go through the schedule. This gave another team a chance to get in the race for the prize money posted and Levelland promptly grabbed the opportunity. The Hockey country since Sunday afternoon has been in a lull. Farranose Field is to be equipped with a high powered lighting system and as a result evening shows will replace the old matinee performances on the gridiron. The equipment will arrive in Abilene August 10 and will be installed by August 15 or 20, we are informed by Percy Anderson, the Abilene sports scribe.

Sci Ross, St. Edwards, and Daniel Baker are teams scheduled to play beneath the arc lights in Abilene. The November 11 game with Trinity and the Turkey Day battle with Texas Tech here at Lubbock are to be played under the good old-fashioned sun and shine. The Cowboys playing field is to be illuminated by twenty lamps, of 2,000 watts each. They will be located on poles 50 feet above the ground and twenty feet from the boundary line of the playing field.

Simmons is the second school in the state to have a lighted field for regular night games. El Paso lead the field in Texas in the experiment. Max Saxton's Texas School of Mines eleven and El Paso high school's graduates performed under the flood lights for more than a season. Reports from Brownwood indicate officials of both Howard Payne and Daniel Baker plan to stage night football games next fall.

Although confident he still has enough stuff to pitch winning ball in the Texas circuit, Alex probably felt a qualm or two as he watched the Cats hammer three Dallas hitters for a 15 to 5 victory in the opening game of the second half yesterday at Fort Worth. Fifteen hits, including a homer by Bill Kelly and five doubles, rang off the Panther bats. As a result of the triumph, the Panthers were in the division lead today for the first time since the 1929 season began.

ROBINS AND CUBS PREPARE FOR CLASH IN BATTLE FOR NATIONAL LEADERSHIP; RUTH HITS TWO HOMERS AS YANKS WIN

By HUGH S. FULLERTON, JR.
Associated Press Sports Writer
Separated by one game in the standing, the Robins and the Cubs open in Chicago today a series of four games which probably will decide which will reach July 4, the traditional turning point of the season, on top.

Brooklyn has held first place for about a month with a crippled Outman hanging right out on the mound of Ray Kremer yesterday. A little sliding yesterday as they lost their final game before invading Wright's field to the Pittsburgh Pirates. They can lose again today and still remain ahead but only by a few percentage points.

Kremer is Right
The Robins could not hit the offering of Ray Kremer yesterday, getting a lead seven rather ineffective blows. Pittsburgh touched Dudley and Clark for eleven blows and a 5 to 1 victory. The Cubs hit the Philadelphia pitcher much more freely but barely paled out. The game by a 13 to 12 score to favor the three game series and record their eighth victory in their last nine starts. Cubby Hartnett drove in the winning run in the ninth, lining after his two home runs and a single had brought in five other runs.

The Cincinnati Reds showed the New York Giants deeper into third place, winning the series final, 11 to 2, to break even in the four games. Starting against an Ex-Red, Pete Donohue, they pointed out 18 hits while Red Lucas held the Giants to half that number.

Kath Mitts Two Homers
It was Babe Ruth day again in the American League as the home run king hit two wallop of his favorite kind to lead the New York Yankees to a double victory over the St. Louis Browns in their third straight double header. Ruth hit his 20th and 26th home runs in the second game, heading a 20-hit attack that resulted in a 16 to 4 triumph after the Yankees had edged out a 5 to 4 victory in the opener.

The day's results were all in favor of the Yankees, leaving them only a half game behind Washington and two behind the League-leading Philadelphia Athletics. The Senators held onto second place by beating the Cleveland Indians for the fourth successive time, 13 to 5. Washington scored eleven runs in the seventh.

Athletics Split Two
The Athletics got an even break with the Chicago White Sox, romping through the first game 8 to 1. Chicago took the second, 7 to 2.

Jack Russell of the Boston Red Sox had just one bad inning against Detroit, the eighth, but that was enough to give the Tigers the game, 4 to 2.

Betty Ryan Bests Belgian Net Star

WIMBLEDON, Eng., June 25. (AP)—Miss Elizabeth Ryan, American resident of England, won the United States a flying start in today's play of the English Tennis championship, when she defeated Miss Josane Sibert, Belgium's No. 1 women's ranking player, in straight sets, 6-3, 6-4.

Berkeley Bell and Gregory Manning, alternates on the United States Davis Cup team, paired in the doubles and eliminated Count Von Salm Hoogstraten of Austria and Burr of England, 7-5, 6-4, 6-4, in a first round match.

Judge Rules Balls Hit In Stand Lost

CHICAGO, June 25. (AP)—Hereafter a foul ball landing among spectators at Wrigley field is legally a lost ball—for the Cubs—unless an usher grabs it first.

Richard Judge, Attorney General, decided that yesterday in dismissing charges against a boy, who picked up one of Hack Wilson's foul tips and refused to surrender it to an usher's agent.

"I don't blame you for taking the ball," Judge said. "I only came my way at a ball game, and I'd grab it, too."

WHEAT POURS INTO LUBBOCK

RAIN CROP FOR JUNE ALREADY TOPS TOTAL SET LAST YEAR

During the last seven days 338,800 bushels of wheat, in 237 cars, have been handled in and out of Lubbock. R. R. Stuard, Lubbock grain exchange inspector, announced last night. An average of 24 cars, each having about 1,500 bushels, have been handled daily.

Only 108 cars were handled during the month of 1929, while that mark has already been reached for the month this year. The high mark for 1929 was reached in July when 345 cars were recorded, but according to Mr. Stuard that mark will probably be reached next month.

Grain Testing Well

All grain is testing higher than last year, said Mr. Stuard, who is working under direction of the United States department of agriculture. Tests thus far have established an average of 61 pounds per bushel, all of the wheat has come from points south of Canyon. Reports from the Myrick farms, northwest of Lubbock, state that wheat there this year is expected to be the highest grade ever raised in any of the South Plains. Tests show the grain to be of 16.86 per cent protein content.

Iceland's King Is Ceremonial Leader

THINGVALLER, Iceland, June 26 (AP)—Christian, King of Iceland, today opened the 120th session of the Icelandic Althing at the very spot where one thousand years ago this solemn parliament in the world first was convened.

King Christian stood upon a huge rock in the middle of the plain of Thingvalia where grim Gondsbeard, the lawgiver, in ancient days, recited from memory the entire code of Icelandic law.

The ceremonies today were simple as of old, so simple as to obtain an almost religious aspect.

LUBBOCK JOURNAL THE AVANTAGE-JOURNAL PUBLISHING COMPANY 1211 TEXAS AVENUE

THE PLAINSMAN

Says: That Girl on Broadway says when it comes to knocking, opportunity isn't in the same class with some people.

TOM LOVE is going to carry Lubbock county by a heavy majority. The Plainsman is relaying this information to both his readers so they'll know in advance just what is going to happen.

Down at El Paso, day before yesterday, the Dallas Senator made that announcement from the stump. He was speaking in behalf of his candidacy for the democratic nomination as Governor but, according to the Journal's El Paso correspondent, you'd never have known it.

Now The Plainsman doesn't want to be put in the same class with Senator Love in peering off so we'll make the Dallas soon a proposition. Incidentally, it goes for any of his backers, local or otherwise, who happen to read this column. Here it is:

If Tom Love carries Lubbock county in the first primary by a majority of one or more votes, The Plainsman will buy Senator Love or his champion, one ten dollar hat. If Senator Love does not carry Lubbock county, the Senator or his champion may present The Plainsman with one ten dollar hat.

UNDERSTAND, The Plainsman isn't offering to bet on the election. It's against the law, or something. But if our judgment is as poor as it would have to be to see county then The Plainsman is willing to buy a hat as a matter of pure philanthropy.

The Plainsman had a short conversation with Senator Love Saturday evening, right after the famous boiler spoke here. The Dallasite explained that his campaign was going like a house afire and intimated that he had a lead pipe clinch on going into the second primary against Mr. McLean Ferguson.

Senator Love says he'll carry Lubbock county like taking candy away from a baby—or words to that effect. The Plainsman says he'll not carry Lubbock county and will be lucky to rank as high as third place.

WE HAVE a "Love-For-Governor" club and may have some more such organizations before much water runs under the bridge. The Plainsman is glad to see that a "Small-For-Governor" club will be organized Saturday and offers to stop right up and join it.

If this column were of a mind to it could give you the names of at least 50 well known—even what you might call prominent—Lubbock citizens who are going to vote for Clint Small and who, if necessary, bear their shorts for him. A smartly organized and operated Small club can turn him the biggest majority any gubernatorial candidate ever had on the South Plains in spite of the overgrown hat of candidates.

Senator Love can gallop over the state all he wants to and, of course can't be stopped from string his views and opinions on the way Lubbock county will vote. But if the Small club is active here the Wellington man will bury the Dallas boiler under so many hammers that it won't even be funny.

DON'T misunderstand. The fact that Clint Small is a West Texan is only one reason why The Plainsman is so strong for him. The other two reasons are: 1. He's the best all around man in the race; and 2. He's the best candidate as far as Lubbock and the South Plains are concerned; and 3. He's the one candidate who, if nominated, will squelch the republican dispatch with the most efficiency and dispatch. There are some good reasons for you.

That Man on Avenue Q says literature is the highest art. A razor always works better in a magazine advertisement than it does in the bathroom.

A useful trait of a leaky fountain pen has been discovered by The Plainsman. If you leave the pen in a drawer with a bunch of stamps you can cancel your own postage.

If water were frozen they'd be in the way.

Federal Farm Board Has Loaned 145 Millions But Still Has Not Proven Its Worth To Farmer, Dutcher Reports

By RODNEY DUTCHER, NEA Service Writer WASHINGTON, June 23.—The Federal Farm Board is completing its first year of existence. Its work is still in the experimental stage and no one can

yet be sure whether or not the Board and the act of Congress under which it operates are ever going to do the American farmer any great good.

Grain prices have just fallen lower than at any time since the Farm Board held its first meeting on July 15, 1929. Cotton is in a bad way. But

any impartial long-range point of view that cannot be used as an argument that the board's policies have already failed.

There are many agricultural experts who believe that the only profitable farming in the future will be industrialized farming which would mean the elimination of perhaps millions of small individual farmers who now contribute the bulk of the main crops.

But in those major crops where growers have come to exert some control over their products with intelligent credit, production and marketing systems, there has come improvement in the lot of the individual grower. The Farm Board's idea is to lead the mass of farmers who similar movements: the question is whether farmers in the mass can ever control their own production and the prices they get for their crops. That question is especially debatable in the cases of crops of which there is large exportable surplus.

In its first year the Board has been voted \$200,000,000 of the \$300,000,000 authorized by Congress in the act. It has actually loaned \$145,000,000 to or through co-operatives, of which \$30,000,000 has been repaid. Loans have been made on nearly all commodities, most of them supplementary to other loans.

The Board's most sensational venture was its purchase of large quantities of cash grain and futures through the Grain Stabilization Corporation in an attempt to peg wheat at the loan value of \$1.18 which it had set. The corporation is now loaded up with millions of bushels of that wheat—the Farm Board isn't selling how much—and in all probability the government will be soaked for a loss. The Board, it appeared, had misjudged world wheat conditions in the first place.

Farmer Must Aid Self But those financial operations are not considered as important as the general campaign to persuade the farmer to work out his own salvation. The government won't go in for such comparatively radical measures as the export drawback plan and compulsory crop curtailment programs, so the real job is indisputably left to the producers. The government has promised only to "aid and advise," to facilitate all worthy efforts.

The Board has tried to centralize commodity marketing through a set-up of national co-operatives, eliminating competition between co-operatives and working first with commodities which already had co-operatives. It has set up five national co-operatives, two stabilization corporations and five advisory commodity committees.

That, in very brief form, is a sketch of the Farm Board's first year in action. In its second year it will again be guided by Chairman Alexander Legge, former head of the International Harvester com-

COOK VEGETABLES IN LITTLE WATER OR MINERAL. "DEAR DOCTOR: I do the usual of baking powder and soda combined with sour or buttermilk in baking injure the digestion?"

Ans. No. 2. "When boiling vegetables such as navy beans and green peas, draining off the water (after boiling a few minutes) help them, or does this destroy the vitamins?"

Ans. With few exceptions, all vegetables should be cooked in just sufficient water to keep them from sticking to the pot. There should not be enough water after cooking to drain off. Some of the mineral salts are dissolved in the water and so are lost if the water is thrown away.

Vegetables should not be cooked to the mushy stage, not only on account of destroying the vitamins, but because mushy foods give no exercise to the teeth and jaws, and prolonged boiling, especially if uncovered, does destroy the vitamins. In general, put in vegetables while cooking to keep the color, does destroy the vitamins, so this should not be done.

It has long been a custom to par-boil dry beans, but I don't believe even that is necessary. Sprinkling may be included for a few minutes and the water thrown out, just to get rid of the slight amount of exsiccated oil it contains, but even this is necessary only if some of the members of the family are suffering from acidosis and have to omit all of the acid forming foods for a week or so. In general, the acid-ash foods are all fresh foods, egg, cereals, and so breads and pastries—prunes, plums and cranberries, rhubarb, sorrel and spinach; the alkaline-ash foods are all fruits and vegetables except those mentioned.

"Dear Doctor: Please tell me why it is that my husband and I are both blonde, our hair is dark and the other with blue, fair skin and our little girl of two years has brown eyes, black hair and dark skin? I have been a good girl all ways, but my husband's folks think she isn't his daughter. My husband believes me and loves me dearly, but it is so hard! And we are both short and she is tall baby! Please help me, Doctor?"

MRS. T. Your husband's people are very unkind, and they are ignorant of the laws of inheritance. Mrs. T. They should know that children inherit their characteristics not only from their parents, but from their grandparents and great-grandparents. If you would look up your family tree, both your husband's and your own, you would undoubtedly find that there is a dark grandparent, and a tall grandparent, somewhere along the line, and your little girl has inherited from this ancestor.

Show them my answer and tell them they can verify it by going to a public library and reading Mendel's laws of inheritance.

In New York With Sam Gilbert Swan

NEW YORK, June 23.—"The cross-roads of the world" they call that point where Broadway and 42nd street and Seventh Avenue converge to form Longacre Square.

Some of the ways have changed little to read "the double-cross-roads."

And east to Broadway itself and Fifth Avenue, perhaps. 42nd is the street known to the east and west of the greatest number of Americans. I know of no thoroughfare which, in so short a distance, packs such a study in extremes and contrasts.

The world knows best that section which lies between Eighth and Sixth avenues. Here the theater lights blaze against the night, something like the glaring gateway to an amusement park. For this is the street to come the busy, unassuming area which lies beyond.

But were you to start your walk across town at the river, things would be found considerably different.

Forty-second street begins with a cold breeze blowing from across town. It begins with a suggestion of the sea and a hint of aquatic hidden about in cheap hotels and boarding houses. Soon it's more than a hint, for the ragged outskirts of the city move in and out of the buildings, slinging in darkness and building at a dozen, bustling dimes from you if you slow your pace. Finally they disappear into the extraneousway of a Salvation Army old-clothes shop to sink into the bottom of the back room into the street to come the busy, unassuming area which lies beyond.

CLINT SMALL TO BE AIDED

LUBBOCK BACKERS ARE TO ORGANIZE CLUB ON SATURDAY

A "Clint" Small for Governor Club will be organized here Saturday afternoon at 4:30 o'clock in the district court room when friends and supporters of the Wellington candidate will rally for a definite campaign in this county.

R. J. Murray, president of the Lubbock Chamber of Commerce, will preside as temporary chairman of the meeting and short talks will be made by several of the Small supporters.

Interest increasing
Interest in Small's candidacy has been increasing here due to the fact that Senator Pink Parrish, of Lubbock, recently withdrew his name from the gubernatorial race in favor of Small, for whom he is now campaigning in East Texas. It is probable that Senator Parrish will be in this city for the organization of the club, J. H. Goodman, who is taking an active part in the campaign, announced last night.

Mrs. J. H. Goodman, member of the State democratic executive committee, will take an active part in the campaign for Small, she has announced.

HOBBES, N. M., June 26—(Special)—Hobbs' second picture show, The Derrick, owned by Mrs. G. T. Scales of Lubbock, is expected to be opened in about two weeks. The theatre, sound picture house, is being completed and the equipment installed. It will have a seating capacity of 1,000 and will be an up-to-date house.

A. E. Sted, of Lubbock, connected with the Lyric theatre there, is to be manager. E. Devon has been named stage manager and will be in direct charge of the stage and the handling of road companies that are expected to be booked in the oil field town here.

Gaines Man Makes Good On His Corn

SEAGRAVES, June 26—(Special)—Jim L. Brown made an average of \$1.95 per bushel for the corn he fed his hogs on a test from March 1 to May 15. The hogs averaged 91 pounds for 12 animals, worth \$16.72, when the test began. Mr. Brown ran the hogs on pasture and kept corn and protein supplement before them all the time. He used a mixture of cotton seed meal, lanage and shorts. On May 15 the animals averaged 230 pounds and were sold for 83 cents. Cost was 5.9 cents per pound. The animals brought \$235.02. Mr. Brown plans to put more hogs to pasture this summer.

Two Lines Granted
Authority for the construction of the first two has been granted the Santa Fe by the Interstate Commerce commission but it has not yet passed upon the application for the short line from Spearman to Dumas.

The cost of these three lines has been estimated at \$14,500,000 by President Storey. No completion date has been announced but it is expected that the first unit will be ready for operation early in 1931.

W. H. Rochester, construction engineer of the Santa Fe, is in charge of the work. The first unit that will be constructed will be from Amarillo to Boise City, Oklahoma, a distance of 122 miles. This will connect at Boise City with a line from Dodge City, Kas., to Felt, Okla.

PLEA FOR STATE FUNDS IS HEARD

AUSTIN, June 26 (AP)—Budget requests of the Women's Confederate home, Terrell State hospital and the Board of Pardons and Paroles were heard yesterday by the State Board of Control.

The Women's Confederate home asked \$164,800 for the year ending August 31, 1932 and \$60,800 for the next year. Directors of the institution asked \$70,000 in 1932 for construction of a five room addition to the hospital.

A total of \$1,137,740 was asked by Terrell State hospital for the biennium. The appropriations requested included \$40,000 each year for the construction of two nurses homes.

The Board of Pardons and Paroles asked \$27,500 for the biennium.

Guy Jacob Elected To Succeed Anderson

PLAINVIEW, June 26—(Special)—Guy Jacob, Plainview, was elected an active vice-president and a member of the board of directors of the bank, to fill the vacancy caused by the resignation of J. C. Anderson, Jr., who recently moved to Amarillo where he will be associated with the Amarillo Bank and Trust company.

Mr. Jacob is a member of the Slaton and Jacob Investment company of Plainview, and was for a number of years cashier of the First National bank of this city and has had considerable banking experience on the South Plains and in other sections of the state.

SANTE FE IS LAYING PLANS

MATERIAL FOR NEWEST LINES GATHERED AT AMARILLO

(By Associated Press)

TOPEKA, Kas., June 26.—Material for the construction of 380 miles of new railroad, which the Santa Fe proposes to build in Texas, Oklahoma, New Mexico and Colorado, is being assembled at Amarillo, W. B. Storey, president of the railway company, announced today. Rail laying will start soon although the exact date has not been set.

There are three units of the proposed new network. One line is to go from Amarillo, Texas, to Los Animas, Colorado, a distance of 220 miles, second from Felt, Okla., to Colmar, New Mexico, and another the 90 miles between Spearman and Dumas, Texas.

Authority for the construction of the first two has been granted the Santa Fe by the Interstate Commerce commission but it has not yet passed upon the application for the short line from Spearman to Dumas.

The cost of these three lines has been estimated at \$14,500,000 by President Storey. No completion date has been announced but it is expected that the first unit will be ready for operation early in 1931.

W. H. Rochester, construction engineer of the Santa Fe, is in charge of the work. The first unit that will be constructed will be from Amarillo to Boise City, Oklahoma, a distance of 122 miles. This will connect at Boise City with a line from Dodge City, Kas., to Felt, Okla.

Camp At Boise City

A camp also is to be established at Boise City and rail laying for the first unit will be in progress shortly from both directions. One of the big jobs on this unit will be the construction of a bridge, 1,800 feet long and 112 feet high, over the Canadian river.

From Boise City to Las Animas, the route of the Amarillo-Las Animas line has not been announced. The Santa Fe originally intended to put the line through Pritchett, Colo., but the Interstate Commerce commission routed it through Springfield, necessitating further surveying on the part of the railroad.

Completion of the three lines will give the Santa Fe rail facilities in a large agricultural, livestock and oil territory.

The Santa Fe also is completing the construction of two other lines in the southern part of Texas, from San Angelo to Sonora, 64 miles, and from Lane City to Thompson, 18 miles. These lines will be in operation July 1. Another line, from Alpine, Texas, to the Rio Grande, is under construction by the railway company. These three latter lines will cost approximately \$6,000,000, making a total of \$21,130,000 spent or to be expended by the railroad in the construction of 335 miles of line.

When this work is completed the Santa Fe's total mileage will be 13,421.

Hog Raising Brings Profits, In Gaines

SEAGRAVES, June 26—(Special)—O. L. Berry, living two miles south of this city, cleared a net profit of \$72.80 on hogs he fed for 60 days on a skim milk ration, which included corn and protein supplement.

The animal weighed 1850 pounds at the starting of the test feeding, with a value of \$129.90. Half a gallon of skim milk per day and all the corn with protein supplement the animals would eat, was fed until May 16. At that time the animals were sold for 8.85 cents per pound, bringing \$289.22 for nineteen animals. One had died when it weighed 140 pounds.

Cost of the feed was as follows: 560 gallons of skim milk at 40 cents per hundred pounds; 300 pounds of protein supplement at \$1.75 per hundred and 75 bushels of corn at 75 cents per bushel. Total feed costs were \$88.73.

O'DONNELL MAKES UNUSUAL BOAST

(Special To The Journal)

O'DONNELL, June 26—The O'Donnell Chamber of Commerce has just published a very unique and exceptional piece of advertising literature which states on the front page that O'Donnell is "the most beautiful town near the southern end of the South Plains."

The usual thing is to praise glowing terms, and paint in glowing colors, the wonderful city that is being built at a certain place and to tell of the wonderful opportunities that do not exist anywhere else on the face of the earth.

However, O'Donnell is portrayed as a little residence town supported by a good agricultural trade territory in which dairying, poultry, and hogs are the chief support and feed and pasture crops such as the grain sorghums, sudan, cowpeas, soybeans, and sweet clover are taking the lead though cotton still remains the chief money crop.

Many modern farm homes and brick school buildings speak of prosperity, the ability of the people to live at home, and a contented rural population. The chief business of O'Donnell is to make a good little town in which to live, instead of building a city. Another interesting feature about the pamphlet is that many facts are merely stated for information without being embellished or enlarged upon in any way. It also portrays a town conceived in the mind of a great pioneer and keen business man who believes that "Towns do not happen—they are built," and proceeded to build one according to plans and specifications without anything being done in a haphazard way, and nothing by accident.
