All high school and elementary students and faculty members were invited.

Mr. and Mrs. George Walker went fishing and camping at Lake Tawakoni last Thursday.

Austin. — An ancient legal dispute involving Texas' sovereignty over its tidelands is in court again.

The U. S. Justice Department has filed a suit against Texas, challenging the state's regulation of fishing within the farthermost two leagues (six marine miles of the historic three-league (nine-marine-mile) boundary.

Atty. Gen. Crawford Martin has requested President Nixon to intervene in the latest federal attack.

The Attorney General further requested an opportunity for the state to present its position to the State Department and Justice Department. The state, he noted in a letter to Nixon, was not notified prior to filing of the action.

Martin claimed the new action is contrary to the position taken by the Eisenhower-Nixon administration in 1953 and in 1957.

He submitted to the President excerpts from the state's brief filed in the original boundary suit which was decided in Texas' favor by the U. S. Supreme Court in 1958. He also included a 1957 letter from the late President Dwight D. Eisenhower to then-Gov. Price Daniel, Eisenhower expressed the opinion that Texas should "have the right to explore and exploit the submerged lands extending seaward of (its) coastline for a distance of three marine leagues into the Gulf of Mexico."

Martin urged Nixon to inform him if his position as president is the same as that expressed by President Eisenhower.

COURT REVISION URGED — A Supreme Court justice and president of the Texas Civil Judicial Council says it's time the legislature submits to voters a constitutional amendment on judiciary reform.

Associate Justice Tom Reavley said Texans are demanding "major surgery" on the court system. Suggested Reavley:

- The State Supreme Court and Court of Criminal Appeals should be merged into a single court of last resort.

- Fourteen Courts of Civil Appeals should be given jurisdiction over criminal as well as civil cases.

- There should be fewer levels of lower courts with less overlapping jurisdiction.

- Appeal procedure should be "simpler and speedier."

- Judges and cases should be transferred to match resources with needs in keeping with better management of the court system.

The 63rd Legislature, Reavley said, should be asked next year to submit the constitutional amendment proposing court reorganization and modernization.

SPECIAL TRAINING APPROVED — The State Board of Education approved contracts for special training next school year of 2,611 children in non-public schools.

Largest single group involved is the trainable mentally retarded category, with 1,887 youngsters.

Pupils, from pre-school age through high school level, will attend 12 schools operated under the Texas Department of Mental Health and Mental Retardation

FUNDS NEEDED FOR MINTER CEMETERY

The Minter Cemetery will be moved next week, beginning the mowing season. Anyone wishing to donate to the upkeep of the cemetery may send their contributions to Mrs. J. W. Ball, Route 1, Pattonville. If enough donations are received, a fence will be built around the cemetery to keep out loose livestock which has done some damage during the winter months.

Mrs. Elmer Harris entered the Mt. Pleasant Hospital and Clinic Saturday.

Mr. and Mrs. Roy Worthey went to a family gathering at the home of Mr. and Mrs. Lester Worthey in the Bridges Chapel community Sunday. Others attending were Mr. and Mrs. Fate Cooper, Mrs. Frank Hunnicutt and Janice, all of the Daphne community, Shirley Worthey and Mark of Dallas, Mr. and Mrs. Olen Worthey and two children, Mr. and Mrs. Marshall Perritt and Mr. and Mrs. Darrell Worthey and daughter, all of Mt. Pleasant.

and 35 independent non-public schools.

The State Board of Education also reviewed a \$1.1 million research program supported by 90 per cent federal and 10 per cent local funds.

Board members voted to uphold orders of Education Commissioner J. W. Edgar sustaining local school board "haircut rules" and dress codes.

COURTS SPEAK — The Court of Criminal Appeals refused to go along with an argument that the aggravated assault law discriminated against men — and concluded it's still worse for a man to hit a woman than the other way around.

Texas Supreme Court held a county judge can't prevent a township incorporation election if 200 residents present the required petition. The decision upheld an Athens district judge and the Tyler Court of Civil Appeals.

The High Court sustained lower courts and refused to knock out of operation a Houston legal aid service for the poor in spite of objections to it by some lawyers who claimed it is costing them money.

HEALTH STUDY LAUNCHED — State, local and federal health officials this week began an intensive study to determine if health hazards exist for workers in the American Smelting and Refining Company plant in El Paso.

Air samples will be taken within the plant to discover possible toxic materials and blood and urine samples will be taken from about 800 employees.

The survey will complement a comprehensive health study to evaluate lead hazards in the plant vicinity which was initiated by local health officials several weeks ago in cooperation with the State Health Department. A.S.R.C. is cooperating in the survey.

PARTIES SLOW — Secretary of State Bob Bullock complained about early response to his request that county political party officers submit early estimates of May primary election expenses.

Bullock said a week after he asked for the estimates only 99 (of 254) counties were represented in replies. He warned no state funds will be allocated to local parties until estimated expenditures are submitted on prescribed forms.

Some county chairmen explained they were taking their time since the new state primary financing act makes them responsible for inaccuracies in their figures.

JUNE 1 PUPIL TRANSFER DEADLINE — Texas Education Agency has held parents who want to transfer their children from their home school to a nearby district must submit requests by June 1.

Once approved by the receiving school board, the request must also be cleared by T.E.A. State approval is a term of a U. S. District Court order filed in Tyler relating to desegregation of schools. Under the order, transfers are not to be permitted to reduce or impede desegregation or encourage discrimination.

### Blessings Granted When Baptized

Even with the abundant amount of scripture references that have been referred to inform us that baptism is essential there are still many people that loudly protest that baptism is not essential before one is saved. We make a plea to turn to the Bible again. Baptism is the last act of obedience in the plan of salvation (which is hearing, believing, repenting, confessing, baptism) and after obeying God in this commandment many blessings are granted the obedient one. 1. He enters Christ, which is the only way to the Father. "I am the way, the truth, and the life: no man cometh unto the Father, but by me," Jn. 14:6; "For as many of you as have been baptized into Christ have put on Christ," Gal. 3:27; "Know ye not, that so many of us as were baptized into Jesus Christ were baptized into his death," Rm. 6:3. 2. He enters the body, which is the church, which the Lord said he would build, which he is going to receive unto himself when he returns; the church doesn't save but it is the only ones that the Lord will receive and take to heaven, "Then they that gladly received his word were baptized..." Ac. 2:41; "... and the Lord added to the church daily such as should be saved," Ac. 2:57; "For by one Spirit are we all baptized into one body..." 1 Cor. 12:13; "... for his (Christ's) body's sake, which is the church," Col. 2:24; "There is one body..." Eph. 4:4; "... and gave him to be the head over all things to the church, which is his body..." Eph. 1:22,23; "... and upon this rock I will build my church..." Mt. 16:18; "... even as Christ is the head of the church; and he is the savior of the body"; "That he might sanctify and cleanse it with the washing of

**SWEET FOOD FOR THOUGHT**

IF YOU'RE ONE OF THE MILLIONS RETURNING TO NATURAL FOODS, YOU'VE PROBABLY DISCOVERED MOLASSES AS YOUR SWEETENER. BUT, YOU MAY WONDER, WHAT THE DIFFERENCE IS BETWEEN SULPHURED, BLACKSTRAP, AND UNSULPHURED MOLASSES.

**SULPHURED MOLASSES IS A BY-PRODUCT OF SUGAR-MAKING. IT IS WHAT YOU HAVE LEFT AFTER TREATING SUGAR CANE WITH SULPHUR FUMES, AND REMOVING MUCH OF NATURE'S NATURAL SWEETENER... SUGAR!**

**BLACKSTRAP MOLASSES IS THE END PRODUCT OF SUGAR MAKING. AFTER ALL THE COMMERCIALY AVAILABLE SUGAR HAS BEEN REMOVED FROM THE CANE, THE DARK, BITTER TASTING MOLASSES LEFT IS CALLED BLACKSTRAP.**

**UNLIKE SULPHURED AND BLACKSTRAP WHICH ARE BY-PRODUCTS OF SUGAR MAKING... GRANDMA'S OLD FASHIONED UNSULPHURED MOLASSES IS MADE TO BE JUST THAT... MOLASSES. NO SUGAR HAS BEEN REMOVED... NO PRESERVATIVES ADDED. IT IS THE TOTAL PRODUCT OF SUN-RIPENED SUGAR CANE. USE IT FOR ITS OWN SWEET SELF, OR IN PLACE OF BROWN SUGAR IN GLAZES, SAUCES, ETC.**

## TIME TO TELL IT LIKE IT IS!

Where was the demand for this kind of voting? Did it represent YOUR views in Austin? Did you favor passing the Sharpstown Banking Bills — and then trying to cover up the mess by voting to kill the investigation? And Neal Solomon is asking for a 5th term? Do we need this kind of representation again for the 5th term?
