

## Big Expansion Bill for Navy Sent Congress

### Four Billion Fund Asked in a Major Defense Measure

WASHINGTON, July 11 (AP).—A \$4,000,000,000 naval expansion bill was sent to the White House today by congress. It was a major portion of the defense campaign and legislators on capitol hill were manifesting a desire to approve President Roosevelt's request for \$4,848,171,957 in cash and authorizations to start this expansion and to increase greatly the army's land and air forces.

The defense commission announced meanwhile that it had let \$100,000,000 in contracts in recent days for new warplanes for the army and navy. Other contracts are being negotiated, it was said, with a view to adding 25,000 planes by July, 1942.

The navy expansion measure, sent to the White House for President Roosevelt's signature by unanimous house agreement to minor Senate changes, would virtually double the size of the present navy now built. (See EXPANSION, page 8)

### Heavy Damage to Italians on Sea Reported Today

ROME, July 11 (AP).—Two hundred twenty Italian and Albanian officers and men lost their lives when the Italian motorship Pagani burned and sank June 28 off Durazzo, Albania, it was officially announced today.

The ship was en route from Bari, Italy, to Durazzo with 920 soldiers and 30 seamen aboard. Escorting ships went to the rescue at once, the communique said. The ship left Bari June 27, bound for Durazzo, Albania. The fire broke out at 8 o'clock the next morning. The cause was unknown. It sank about noon.

ROME, July 11 (AP).—Military headquarters announced today that 151 Italian fliers were killed or missing and 103 wounded in the first 20 days of the war against Britain. A list of casualties headed by the name of Marshal Italo Balbo (recently killed in Africa) showed 76 dead and 75 missing up to June 30.

LONDON, July 11 (AP).—The admiralty reported today that an Italian destroyer and "a hulk of the type generally used as a depot or store ship" were sunk yesterday by British warplanes in a raid on an Italian harbor in a raid on an Sicily.

### DENY ITALIAN REPORT OF SINKING OF CRAFTS

LONDON, July 11 (AP).—The admiralty issued a statement today denying the official Italian report that Italian planes had seriously damaged the British battle cruiser Hood and aircraft carrier Ark Royal.

The statement follows: "An Italian communique issued this morning states that H. M. S. Ark Royal sustained a direct hit with a bomb and that H. M. S. Hood was set on fire. A report has been received from the flag officer commanding the British forces concerned that although several bombs fell close to his ships no direct hits were secured and that there was no damage or casualties."

## French Capital to Be at Versailles, Petain Says in Announcing New State

BERN, Switzerland, July 11 (AP).—Marshal Henri Philippe Petain, premier of France, in a broadcast heard here tonight announced plans to transfer his French government to the famous palace of kings in Versailles in German-occupied territory.

At the same time, he announced that the new French state—already substantially a dictatorship—would be decentralized and based on the old provincial system of pre-republican France.

The aged Marshal, whose speech was interrupted frequently by his coughing, gave the French nation an idea of how he intends to use the power which parliament has given to him to change France's form of government.

It appeared the framework would be a totalitarian, though decentralized, unit.

France will have a new government with 12 ministers, with its seat at Versailles, and some of its ministries in Paris—both now occupied by Nazi troops.

### Intimidation In Havana Matter Is Charged by Hull

WASHINGTON, July 11 (AP).—Secretary Hull said today that reported German activities in Latin America in connection with the forthcoming Havana conference apparently was a species of intimidation of nations whose sovereignty was entitled to the fullest respect.

The conference of American nations will meet July 20 to consider methods of joint action on western hemisphere defense and economic unity.

Hull's comment was prompted by questions at his press conference about dispatches, particularly from Jack Dillon, California challenger, that German diplomats had warned the governments of those countries against any action aimed directly or indirectly at Germany.

This German warning was reported to have been given to the Central American governments by Dr. Otto Reinebeck, the Nazi envoy to the five republics.

There was no theory, Hull said, on which any country should attack such sovereignty or freedom of action.

Meanwhile, the United States was said reliably to be excluding all non-American nations from advance discussion or information on western hemisphere economic and defense proposals to come before the Havana conference.

### Californian Is Easy Picking for "The Babe"

LUBBOCK, July 11 (AP).—Babe Ritchie, Texas heavyweight champ, needed more time to lace on his gloves last night than to dispose of Jack Dillon, California challenger.

The Babe signaled his first appearance back home since his unfortunate meeting of Max Baer by dropping Dillon for the count after 1 minute 22 seconds of the second round.

### Butler Reports Soviet Relations Improving

LONDON, July 11 (AP).—Foreign affairs under-secretary R. A. Butler told the house of commons tonight that success in Britain's attempts to make friends with Soviet Russia had "appeared more likely" in recent months.

"The policy of the British government has been and remains to improve and strengthen the relations between this country and the U.S.S.R.," Butler said in a written reply to a question.

"Success in this policy has appeared more likely since March," when the U.S.S.R. made a friendly approach to the government and proposed resumption of trade negotiations.

### Sub Campaign of Germany Declared To Be Successful

By The Associated Press  
BERLIN, July 11.—Destruction of British shipping at a rate far in excess of Britain's average losses in the world war's unrestricted, "sink on sight" submarine campaign was reported today by the German high command.

In six weeks ending July 8, the high command announced, 609,000 registered tons of "enemy commercial shipping" were sunk by submarine action alone.

This may be compared to the average of 250,000 tons lost monthly by the United Kingdom by all action in the 21-month unrestricted world war campaign which Germany launched in February 1917.

The reported rate of destruction against Britain in the present war already equals the fiercest period of the unrestricted campaign—the early months of 1917—when the British Isles at one time were said to have had only a three-week supply of food.

Thus, Germans declare that their submarine warfare is turning into a starvation blockade of the British Isles. The 609,000 tons cited in today's communique excludes the tonnage sent to the bottom by air attack.

The high command declared that German submarines are averaging more than 100,000 tons of shipping weekly in their forays and the authoritative commentary Dienst Aus Deutschland asserted that 3,000,000 tons of neutral and enemy shipping have been sunk by the German navy alone, exclusive of aircraft sinkings.

(The British, who lost 7,830,765 tons in the world war, have acknowledged losses in the present conflict which total nearly 1,000,000 tons.)

### Geo. A. Streeter Succumbs in Local Hospital Wednesday

George A. Streeter, 52, resident of Midland for more than a decade, died in a Midland hospital Wednesday evening about 6 o'clock. He had been ill only a few days and had entered the hospital on Monday of this week. Death was ascribed to peritonitis.

Born in Columbus, Nebraska, in 1888, Mr. Streeter came to Texas some 18 or 20 years ago. He married Miss Bertha Love at Lovington, N. M. in 1922.

The couple moved to Midland from Corsicana about 12 years ago and had made their home at 709 North D street for a number of years. Mrs. S. O. Love, Mrs. Streeter's mother, resides with them here.

# BRITAIN'S DEFENSES BOLSTERED

### Mail Delivery to Start October 1, Thomason Advises

WASHINGTON, July 11 (AP).—Representative Thomason (D-Tex) said today the postoffice department would establish city mail delivery service October 1 in Midland, Tex., with three regular carriers and one substitute.

### Enthusiasm Marks News of Date Set For Mail Service

Post office officials and civic leaders today expressed enthusiasm as news was received for actual inauguration of city mail delivery here October 1.

A telegram from Congressman R. E. Thomason to Postmaster Allen Tolbert announced that three regular carriers and one substitute carrier will be used as the service starts. Delay was occasioned while Postmaster Tolbert, city officials and chamber of commerce leaders worked on a campaign to have houses adequately numbered, mail boxes installed and street markers properly placed in the area to be served.

The postmaster recently, on a resurvey, announced to Washington authorities that requirements had been met, the announcement today coming in routine form. Civic leaders expressed thanks for the cooperation of Congressman Thomason in securing the service.

### Hungary Advised To Await Return Of Transylvania

By LOUIS P. LOCHNER

BERLIN, July 11 (AP).—Hungary, as a friend of both Germany and Italy, definitely has joined the common front against England in southeastern Europe, authorized German sources declared today.

The three states will resist any attempts to carry the war to the Balkans, it was asserted.

The German sources said that the Hungarian leaders, Premier Count Pal Teleky and Foreign Minister Count Istvan Csaky, gave assurances in their Munich conference with the Germans and Italians that they would wait patiently for revision of Balkan territories until sooner first had been settled with England.

The German reaction came as Teleky and Csaky returned to Budapest, where they faced the job of preparing their Hungarian public to renounce their hopes for immediate return of Transylvania, lost to Rumania through post-world war settlements.

Italian Foreign Minister Count Galeazzo Ciano, together with the conferees at Munich, returned to report to Mussolini.

Informed German sources here asserted that Germany, Italy and Hungary "are united in complete solidarity on all questions of peace, war and economic stability of the southeast."

### NAZI AID IN RETURN OF BUCOVINA TO BE ASKED

BUCHAREST, July 11 (AP).—Foreign Minister Mihail Manoliscu was reported in diplomatic quarters today to have received an invitation to fly to Berlin to discuss Rumania's foreign policy—particularly in the light of Hungarian demands for the Rumanian province of Transylvania.

It was reported Manoliscu would ask German consideration for a plan whereby Russia would be asked to return the newly-ceded northern Bucovina to be set aside as a semi-autonomous Rumanian state for 100,000 Germans now living in Bessarabia.

Bessarabia was also ceded to Russia following a soviet ultimatum to King Carol II's Balkan Kingdom. (See HUNGARY, page 8)

### Canadian Volunteers Sought as Recruit Campaign Is Opened

OTTAWA, July 11 (AP).—Canada opened her first full-fledged recruiting campaign today to get 40,000 new volunteers for the Canadian active service force, full-time soldiery for duty at home or overseas, and to train 37,000 militiamen during the early part of August.

In broadcasts last night, defense minister Col. J. L. Ralston and air minister Major C. G. Power figuratively hung a "men wanted" sign on the air waves.

Col. Ralston announced the C. A. S. F. needed 40,000 volunteers, as a preliminary to the first compulsory drafts under the national resources mobilization act, primarily because Canada shortly will send "a very large body" of troops overseas. (See VOLUNTEERS, page 8)

NASSAU, Bahamas, July 11 (AP).—This tiny British colony, recovered from the first surprise of the Duke of Windsor's appointment as Governor—General speculated today on the permanent effect on the Bahamas' political life and tourist industry.

"The announcement of this appointment sent a great surge of excitement over the community and the general reception of the news was a feeling of jubilation," said the Nassau Daily Tribune in an editorial.

"Today, however, the community is asking itself many questions. What are the diplomatic implications of this move? How will it affect the political and industrial life of the colony; is the government house good enough for him? Will the leg-

### Eight Raiders Shot Down by Anti-Aircraft

LONDON, July 11. — Twelve enemy planes were shot down and many more damaged by British warplanes during heavy attacks today around the coasts of England, the air ministry announced.

### Ireland Is Subject Of Concern as Nazi Raids Grow Waver

LONDON, July 11. — Germany's bombers, in unrelenting raids, blasted England from coast to coast with bombs today and turned machine-guns on civilians in the streets of towns, but England's defenses took a steady toll.

The government reported "a few" deaths.

At least eight German raiders were reported shot down—three in the southwest, five from one south coast port—by British fighters and coordinated anti-aircraft fire which kept the attackers high in the sky.

British warplanes, striking against Italy, were reported by the admiral to have sunk an Italian destroyer and a depot or store ship in a Sicilian harbor.

In a southeastern town a German raider killed two persons, but British fighter planes chased the plane out to sea and were believed to have shot it down.

The British ministry of home security issued a communique saying: "During the night bombs were dropped in a number of scattered points in the eastern and southeastern counties and in the Midlands. No casualties were reported except a small number in two east coast towns of which few were fatal."

"Slight damage of no military importance was caused."

Enemy planes were reported over the southwest district also and in the southeast town where two deaths were reported it was said a Nazi invader machine-gunned civilians and a fire engine crew in a street and bombed and machine-gunned cattle in a marsh.

Meanwhile, Great Britain's defenses against a German invasion from the east were kept on a high pitch under a new warning such an attack may be imminent.

While feeling secure against a smash from the east, however, new fears arose of a German invasion of Ireland and a consequent blockade of England on the west.

The nation's confidence in its defenses was strengthened by yesterday's greatest air battle of the war over England in which British fighter planes beat off massed German bomber-and-fighter raids, shooting down 14 and damaging 23 "so severely that they were unlikely to reach home."

When this intensified attack Sir Edward Grigg, war undersecretary, told commons last night: "Tonight thousands of our soldiers will be on the alert, waiting for an attack which may come in several places at dawn."

## Rodeo Progress

Aug. 31-Sept. 1-2

Those who have been wanting to see a colt show at Midland for a good many years will get this wish fulfilled at the 1940 Midland Rodeo, August 31, September 1 and 2, according to present plans.

The Colt Show committee includes George Glass (chairman), Hence Barrow of Odessa, Stanton Brunson, County Agent V. G. Young of Midland, Agent George Bond of Martin county and Agent H. L. Adkins of Ector county.

Two distinct types of colts produced in this territory probably will be exhibited, the quarter horse ranch type and the re-mount or thoroughbred type. The committee will present its proposed classes to the rodeo committee and officials of Midland Fair probably today, with publicity to follow immediately so the horse owners may get their ponies ready.

The exhibition may last all three days, with the animals in stalls or pens where they may be seen any time but the showing and judging will be done during rodeo performances, probably one class at each show.

The committee will recommend classes for studs or geldings of each type and for fillies of each type, the grand champion to be selected from the winner of each class. Trophies and ribbons will be given.

### Record Crowds Attend Revival

Record crowds are attending the revival being held at 500 S. Lorne street, Rev. J. D. Jackson has announced. He expressed appreciation for the cooperation being shown by every denomination of the city and asked that all ministers attend and take part in the meeting.

A Booster Band has been organized for the children by Sister B. Henry and Sister Bettie Fay Henry. An old-fashioned grove service meeting at the grounds at 7:30 o'clock has also been organized by the women.

## Interpreting the War

By DeWITT MacKENZIE  
Associated Press Staff Writer

If we could have lifted the roof of the Munich conference of the German-Italian partnership yesterday, we probably should have found the conferees as much concerned with the Italo-British naval battle in the Mediterranean as with the war-threats in the Balkans.

Actually the dangerous Balkan situation and this initial clash between the British and Italian navies are intimately related and both have a vital bearing on the Hitlerian plans for domination of Europe.

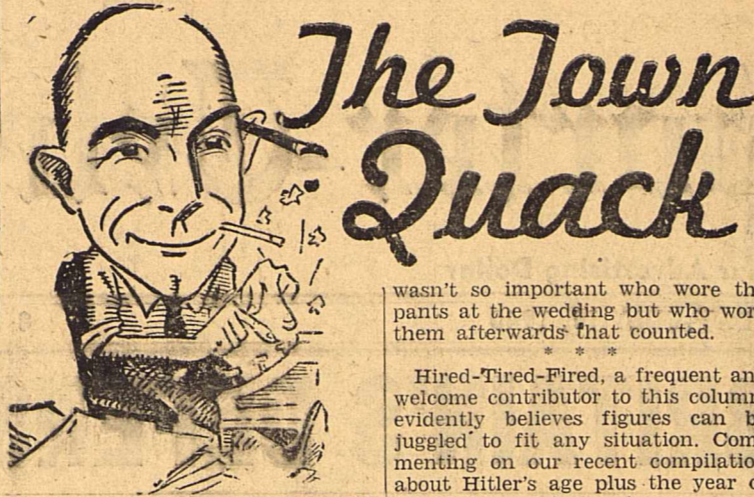

For this battle on the Mediterranean marks the beginning of a new phase of the war. It is to determine who rules the seas.

Upon the outcome hinges control of the entire Mediterranean area, the Near East and the Balkans.

To Mussolini has been assigned the task of smashing England's naval might and clearing the British out of "our sea", as the Italians like to think of the Mediterranean.

Rival accounts of this opening engagement are contradictory and leave much to be desired.

The thing that matters, however—and this is a point which must have received much consideration at Munich—is that in this and other recent operations the British have been showing a decidedly aggressive attitude.

Leonard Proctor had been out of town for a day. When he got back he asked what had been done by the rest of the rodeo committee. "Your speech to the Junior Chamber of Commerce was the last official act," he was told. "I guess that stopped the whole works," he said. "I was afraid of that all the time."

One of our force showed surprise when a woman married in shirt and pair of slacks, but we told her it

The most striking indication of British initiative was the determined and well-nigh unprecedented action she took to prevent the French navy from falling into German hands. No nation which didn't mean business would challenge world opinion by going to the extreme of taking over or sinking with loss of life the bulk of her ally's fleet.

Almost equally impressive has been the way in which the Britons have been carrying the air-war to Germany, and fighting toe to toe with the nazis in aerial battles.

Whether this is an indication of the British power of resistance to the coming German onslaught is naturally a matter of pure speculation. However, it can be taken as meaning dogged determination.

In view of the manner in which things are moving in the Mediterranean and in the Balkans, one would rather expect Hitler to make his big assault on England quickly so to avoid getting caught in difficulties on other fronts.

Hitler's immediate worry is the danger of an upheaval in the Balkans, which would cut him off from badly needed supplies and create a threat at his own back door. It is understood that Hitler has told Hungary to lay off for the time being. That doesn't settle the matter, of course, but any delay is to the Fuehrer's advantage.

Meanwhile, the Turks have been expecting to receive demands from Russia at any moment for a share in control of the Dardanelles straits—one of the world's most important strategic positions—which form the gateway between the Mediterranean and the Black Sea. It even was said that plans had been made to call the Turkish parliament to consider these demands tomorrow.

## Barter System Cuts In on Plane Trade Of U. S. Factories

By DEVON FRANCIS, Associated Press Aviation Editor.

LOS ANGELES, July 11.—In the last four months one leading American aircraft manufacturing company has "lost" the trade of nine South American republics to European competitors largely because of the latter's barter system.

In the ordinary times that would stir interest only in financial circles, but today, with air rearmament and hemisphere defense intimately associated in the public mind, the character of our trade with South America takes on more than a passing significance.

Two facts stand out in our air rearmament drive in relation to South American trade: That continent is virtually a virgin area for the development of air transportation, and the airplane—and particularly the military airplane has become a symbol of might to Latin American peoples.

The competition between United States and European countries for aircraft sales in South America was dramatized at Lima, Peru, several years ago when Italian military planes and aircraft of our navy frankly vied for top honors in performance before the Peruvian public during an air conference.

Today such competition has become more than an interesting side-show to the panorama of world events because, in the words of President Roosevelt:

"Para, Brazil, is but 4 flying hours to Caracas, Venezuela; and Venezuela but 2 1-2 hours to Cuba and the Canal Zone; and Cuba and the Canal Zone are 2 1-4 hours to Tampico, Mexico; and Tampico is 2 1-4 hours to St. Louis, Kansas City and Omaha."

That was part of the data submitted by Mr. Roosevelt to congress in his special message May 16 suggesting an air force of 50,000 airplanes.

In spite of the European war the two leading European aircraft manufacturing companies having a brisk export trade, Germany and Italy, have pressed their commercial advantages in both the transport and sales fields.

What "defense" advantage may accrue to a nation or combination of nations enjoying sales advantages on another continent may be open to question, but both the army and navy have been concerned with the popularity which Italian and German airplanes enjoy in several South American countries.

The problem facing the American aircraft industry in the drive for sales on that continent has been the same problem facing the manufacturers of other exportable products: A method of meeting European barter agreements. The Southern California aircraft company which lost its markets there could not match Europe's barter offers.

It had to have been the Southern California aircraft concerns have received intimations that official Washington plans to mend the unequal competition for South America's aircraft trade.

## Visual Education Is Subject of Address

Picturing the advantages of visual education, Dr. Jay Keeler, of the Bureau of Visual Research, New York City, addressed the Rotary club today. He stressed the value of moving pictures in the schools as an aid to impressing information more deeply upon the minds of students.

Declaring that man uses only one twentieth of one per cent of his brain capacity, the speaker outlined methods by which the brain may be taught to function in a more marked degree.

He cited personality as the first requisite to success in business but said the next asset was acquaintance, or the ability to remember names in connection with faces. As a demonstration, he called the name and gave the occupation of each man attending the luncheon.

Visitors at the luncheon included Richard Grant of St. Louis, Boyce Harris of Sweetwater, Don Thompson, Huey Elves, John Mitchell and Jerry Debenport of Odessa, and N. B. Larsh of Midland.

## How Roosevelt to Take Nomination Now Big Puzzle

WASHINGTON, July 11 (AP)—The big question in Washington today no longer is "will President Roosevelt run for a third term?" but "how will he announce his decision?"

Nearly everyone in the capital takes it for granted that the president will accept democratic renomination next week.

Will it be a dramatic statement to the whole nation, or will it be a quiet anti-climax to the third term argument which has been running for nearly four years?

It would not surprise some politicians if the president were to fly to Chicago to address the 1,094 convention delegates in person. Since he became chief executive he has not flown.

A few hold to the theory that he will say before the convention begins that he does not wish renomination, but that he will be "drafted" and will accede in the long

run. In such a case, the belief is that he will make a radio speech to the nation explaining that the defense emergency motivates him to break tradition.

Senator Wheeler (D-Mont) is one of those who believes that the president will disclose his intentions before Monday.

If Mr. Roosevelt is going to say anything this week, his press conference tomorrow morning may furnish the final opportunity, for he intends to cruise down the Potomac during the week end.

A press conference announcement would climax two years of banter on the third term between the chief executive and the reporters who cover the White House.

### O'Daniel Is Chief Object of Attacks By All Candidates

By DAVE CHEAVES Associated Press Staff

Highway Commissioner Harry Hines is one candidate for governor who is not having much to say about his opponents, including Gov. W. Lee O'Daniel.

Yesterday at Seagoville he came very near mentioning O'Daniel's name, but he let it go with a reference to "the present governor." He was firm, but mild, in criticizing the governor's stand on pensions.

"Two years ago it was known Texas could not exceed federal regulations in matching pension money," he said. "I have nothing against the present governor personally, and I haven't been saying much about him in my campaign, but now he says the federal regulations have been changed. The empty promises made so glibly have resulted in a cut in pensions . . . this long delayed job of meeting social security obligations can and must be done."

Other candidates yesterday were not so restrained in their references to the incumbent.

Ernest O. Thompson renewed his attack at Henderson, sarcastically asking O'Daniel if he could stop a blitzkrieg with biscuits, and referring to him as a "do nothing" governor. He again assailed a sales tax, particularly the transactions levy once proposed by O'Daniel.

At Paris, Jerry Sadler said: "When the governor comes to Paris ask him why, with the greatest legislative majority any governor ever had, he failed to pay old age pensions as he promised. Ask him why he muffed the ball and didn't pay the old folks."

James E. Ferguson has not let the governor escape his barbs in several campaign speeches, and he has especially mocked O'Daniel's radio broadcasting style. Arlon B. Cyclopedia Davis takes every opportunity to assail O'Daniel and his policies, mostly in statements to the press.

**Army Sees Shrapnel Blow Tanks to Bits**

PORT LEWIS, Wash., July 11 (AP).—The army now knows from first hand observation the effectiveness of a 75 millimeter shrapnel fired point blank at a moving target.

Two World War tanks were blown to pieces yesterday in a demonstration staged by gunners of the tenth field artillery. Only two or three shots were required to put the tanks out of action and then the artillerymen proceeded to pound them to bits at their leisure.

### Boxing Tourney Is Slated in Odessa For July 19 and 20

ODESSA, July 11.—Odessa today made preliminary plans for welcoming a host of amateur boxers from thirteen counties to this city for the District TAAF matches to be held here in the new \$50,000 County Auditorium on the nights of July 19 and 20.

Dolphe Simic, boxing committee chairman, announced that individual trophies have been selected for winners and finalists in eight weight divisions, and that the winners will have the right to an expense paid trip to the State TAAF matches in San Angelo on August 19, 20 and 21.

Simic also said that arrangements are being made for the care of out of town boys, who will find it necessary to stay over night.

The bouts are being sponsored by the Odessa Junior Chamber of Commerce. Dan McLendon, Jaycee head, received the charter to hold the district bouts last week. He said that boxers from Gaines, Dawson, Andrews, Martin, Loving, Winkler, Ector, Midland, Ward, Crane, Upton, Reeves and Pecos counties will compete here.

Entries should be sent to Dolphe Simic, Box 2832, Odessa, by Friday, July 26th. When filling out the entry blanks, name, age, weight, address and previous experience should be included. The data should also be given to the boxers home town sports editor.

Boxers will be afforded two cents per mile expenses. If a team of five or more boys enter from the same county, all eligible and willing to compete, the team will be given four cents per mile for expenses.

### Sports Roundup

By EDDIE BRITZ.

NEW YORK, July 11 (AP).—Broadway Melody: Walter O'Hara, the race track man, tells Main Stem pals he could have had the Yanks last spring for four million, but wasn't interested. . . . The smart lads have made Henry Armstrong a 1 to 2 1-2 choice over Lew Jenkins next week. . . . Too high, if you ask us. . . . Ed Danowski, one of the greatest passers in the history of pro football, quits the New York Giants for a teaching career up state. . . . Those six Yanks who violated club rules and flew to the all-star game may have to put on dance caps and stand in the corner. —Prexy Ed Barrow is that burned up.

Today's Guest Star. Marvin McCarthy, Chicago Times: "On the 'hall of sports' quiz program, Stan Hack, guesting, was asked to enumerate seven different methods of scoring a run. . . . and, by gum, Mr. Hack could do it, even though he is a member of the Chicago Cubs."

The move to give the all-star game back to the fans is gaining momentum. "Sporting News" (the baseball Bible) has undertaken the big task of counting the votes if they'll let Gus and Cussie Phann do the picking. Jimmy Wood of the Brooklyn Eagle, one of the best informed sports eds in New York, says don't be surprised if you find Buddy (not Max) Baer in there with Joe Louis in the fall. . . . Gene Sarazen has accepted Walter Hagen's challenge to a 36-hole match (for a \$1,000 side bet. Red Cross to get the winnings) and they'll lock horns at Detroit when Hagen's Ryder cup-pers play Sarazen's pick-me-ups. . . . The Ladies Home Journal has selected the family of Bo Millin (Indiana football coach) as a typical American family.

**Tough Luck, Boogie.** (From the Aberdeen (S.D.) American-News). "One of the freaks of the game was a mighty clout by Boogie Nicholas. . . . The drive might have gone for a homer, but it hit a rail in a railroad track outside the park and bounced back into the playing field. Instead of getting a homer, Boogie was thrown out trying to make third."

**Emergency Invoked in Halting Express Strike**

WASHINGTON, July 11 (AP).—President Roosevelt, using "last resort" procedure, has defused the threatened strike of 30,000 employees of the Railways Express Agency, Inc. The chief executive intervened yesterday after a Friday deadline was set for the walkout of the agency's union clerks and terminal workers. Dispute over working hours was the main issue.

In halting the threatened strike and ordering creation of a fact-finding commission, Mr. Roosevelt invoked the emergency measures authorized by the Railway Labor Act.

**Oddities in the News Round-Up**

LONDON, July 11 (AP).—Every man, woman and child in Britain is to be organized into a silent column pledged to kill-rumor. Talkers taken to task by hearers will be "invited to make contributions to charity" by dropping coins into "charterboxes" in public places.

DALLAS, July 11 (AP).—Just imagine, Police Chief J. M. Welch wrote in an order to his force, "a policeman off duty, bareheaded, wearing a suit of baby blue color, open-toed sandals, his shirt tail out and a gun hidden somewhere in the pleats of his slacks."

SEATTLE, July 11 (AP).—Take it on the word of Stanton Bennett, chief engineer for America's "farthest north" commercial broadcasting station in Fairbanks, Alaska, radio is keeping the wolves away in Alaska.

In story books hungry wolves watch soursoups bed down for the night and then pounce upon them when all is quiet. But now, Bennett, a Seattle visitor today declared, a prospector on the trail, before going to sleep, hauls out a portable

radio and listens to swing music. And after a while the wolves in the neighborhood get sleepy and go along home.

ELDON, Mo., July 11 (AP)—Olin Rouden, who regained his sight suddenly last February after four years of blindness, has lost his vision again.

A bright light flashed in his eyes one night last week.

Startled, he cried out, "Then everything went black," he said.

Since then he has been as blind as he was after an accident more than four years ago.

Rouden's physician explains his affliction as photophobia—"fear of light" and says:

"He will see again when his fear of light is broken by a firm conviction that he can see."

Rouden said a sudden shock restored his sight last February.

**Envoy in English Home Lindbergh Once Leased**

LONDON, (UP).—The Swedish Minister in London, Bjorn Prytz, has taken over the 14th century country home which Col. Charles A. Lindbergh occupied after he left the United States in 1936.

The ancient house, reputed to be the birthplace of William Caxton, the father of English printing, is at Long Barn, Seven Oaks Weald, a secluded village about three miles from Seven Oaks.

Colonel and Mrs. Lindbergh and their son, Jon, lived there about two years after coming to England. They left it shortly after their youngest child was born in London.

### Dr. Oberlender and H. E. Cummins Wed in Quiet Ceremony Wednesday

In a quiet ceremony at the home of Rev. Homer W. Halslip, minister of the Christian church, in Big Spring, H. E. Cummins and Dr. May Oberlender of Midland were united in marriage Wednesday afternoon. They were accompanied by friends. The bride wore a suit of gray and rose.

Both Mr. and Mrs. Cummins are well known in Midland.

He is a pioneer ranchman of this region with extensive ranch lands in Winkler and Ector counties on which was discovered one of the largest oil fields of that area.

Mrs. Cummins has made her home here for the past twelve years, living at the Hotel Scharbauer where she has maintained a chiropractic practice.

After a few days, Mr. and Mrs. Cummins will be at home at 411 N. Loraine street.

### Knox Takes Oath as Secretary of Navy; Says Is Working Job

WASHINGTON, July 11 (AP).—Col. Frank Knox took the oath of office as secretary of the navy at the White House today and left immediately for his department to take over.

His own comment to reporters was "this is a working job—not a talking job."

At the same time Henry L. Stimson, like Knox a republican, went to work as secretary of war for the second time in nearly 30 years. Stimson took his oath yesterday.

Knox's oath was administered by Associate Justice Felix Frankfurter of the supreme court, a friend of the Chicago publisher.

### To Instruct Knitters On Friday and Tuesday

Instruction in knitting will be given Red Cross knitters who meet at the home of Mrs. J. A. Haley, 423 W. Wall street, Tuesday and Friday morning from 9:30 o'clock until 11. It was announced today by Mrs. E. H. Ellison knitting chairman. Instruction will be given by Mrs. Ellison.

Knitting is now being done on sweaters for war refugees, and the instruction is being offered for those who would like to take part in the work but feel that they should have additional knowledge of the knitting required.

Knitters must furnish their own needles, in number 5 or 6 size. Those interested are asked to meet with Mrs. Ellison tomorrow morning at Mrs. Haley's home.

### Driver Hurt Badly in Bus-Melton Truck Crash

CLARENDON, Tex., July 11 (AP).—Eight passengers escaped with minor injuries but Fred Darby, 35, of Wichita Falls, driver, was seriously injured early today in a collision between a Bowen bus and a truck loaded with watermelons, two miles east of here.

J. J. Davis, and his son J. J. Davis Jr., both of Sunset, who were in the truck, escaped injury.

Bus passengers included: Mrs. Mary Cooper of Dallas; Mrs. B. F. Matthews and daughter, Anna Bell, of Blooming Grove; Mrs. B. T. Rowden, Charles Connally and Mrs. J. R. Dever of Amarillo; and Luther Nichols of Byers. The eighth passenger was not immediately identified.

Darby's left leg was amputated at a hospital here today. Physicians said his condition was critical.

### Mrs. Phillips Entertains for Dos Reales Club

Dos Reales club met for its bi-weekly bridge party at the home of Mrs. Jerry Phillips, 407 W. Illinois, Wednesday morning at 8:30 o'clock. Mrs. W. L. Simmons was the only guest.

In the morning's games, high score was held by Mrs. J. C. Williamson and second high by Mrs. E. S. Hitchcock, while bingo prize went to Mrs. H. T. Newsom.

Refreshments were served at mid-morning to the guest and the following club members: Mmes. H. W. Deax, Hitchcock, J. A. Jorgensen, F. L. McFarland, Newsom, Williamson, and the hostess.

Yard flowers, decorated the party rooms.

Gray squirrels frequently build a summer home of sticks and leaves in addition to the winter home, which is in a hole in the trunk of a tree.

### HAPPY RELIEF FROM PAINFUL BACKACHE

Many of those gnawing, nagging, painful backaches people blame on colds or strains are often caused by tired kidneys—and may be relieved when treated in the right way.

The kidneys are Nature's chief way of taking excess acids and poisonous waste out of the blood. They help most people pass about 3 pints a day.

If the 15 miles of kidney tubes and filters don't work well, poisonous waste matter stays in the blood. These poisons may start nagging backaches, rheumatic pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

### Alathean Class Honors Retiring Officer at Shower

Honoring Mrs. C. M. Dunagan, retiring president, the Alathean class of the Baptist Sunday school entertained with a pink-and-blue shower at the home of the acting president, Mrs. Tom C. Bobo, 101 North G street, Wednesday afternoon at 4 o'clock. The affair was a surprise to the honoree.

On the guest-register table, a pair of white shoes filled with pink and blue confetti revealed the theme of the party.

A cluster of gladiolas was used on the piano and elsewhere daisies and pink rosebuds were dominant in floral appointments.

All guests took part in a treasure hunt directed by Mrs. Percy Mims, with Mrs. Dunagan's team winning. Afterward gifts were opened and inspected.

At the tea hour, refreshments were served from a table centered with pink rosebuds. Napkins were folded in the shape of a baby's sacque and favors were pink booties tied with blue and filled with mints. Pink sandwiches and cakes decorated with a baby design further stressed the nursery theme. Mrs. C. Shafer presided at the punch bowl and Mrs. M. R. Hill, Mrs. Geo. Phillips and Mrs. A. W. Wyatt assisted in the houseparty.

Mrs. Fred Middleton presented piano selections during the tea hours.

Present were: The honoree, Mmes. Fred Middleton, Elliott Barson, Don Baker, Paul Barrow, J. O. Nobles, James O. Vance, C. Shafer, Percy Mims, A. W. Wyatt, Geo. Phillips, M. R. Hill, Tom C. Bobo, B. C. Girdley, J. A. Tuttle, Wallace Ford, Jim Baker.

### French Sailors Start Today to Home Shores

ALEXANDRIA, July 11 (AP).—The steamer Providence carrying "several hundred" French sailors sailed today for Syria en route to France. The sailors represented the first contingent to be repatriated under the British-French fleet agreement.

The sailors sang as the Providence, with huge French tri-colors painted on its sides, glided past British warships at the entrance to the harbor.

Britain demanded, and received this week an agreement whereby the ships are to be interned here for the duration of the war, their armament dismantled and their crews sent home.

# COWBOYS DEFEAT CLOVIS; WILL MEET ODESSA OILERS HERE TONIGHT

## Lefty Lucas to Be on Mound for The Home Team

The Midland Cowboys, back home after a road trip in which they won three out of seven games—the best record on the road all year—will meet the Odessa Oilers at City Park tonight at 8:30 in the first game of a six-day home stand.

"Lefty" Lucas, who has won four consecutive games since he joined the Cowboys less than two weeks ago, will probably be on the mound for the Cowboys tonight. Manager Stanley Bolton, who replaced Tony Rego as skipper of the Oilers when the club changed hands recently, is likely to start Willard Ramsdell, league's leading pitcher.

The Cowboys concluded their road trip last night with an 11-5 win over the Clovis Pioneers behind the six-hit hurling of Morrie Engle.

After Clovis had got off to a one run lead in the first inning the Cowboys went ahead in the second and remained there for the rest of the way. One more Clovis run came in the third but they could not tally again until the ninth when Engle, who showed signs of tiring, gave up three runs.

Manager Sammy Hale hit a homer in the seventh inning with one on for the Cowboys and second baseman Dobbs duplicated the feat in the ninth.

Score by innings:

## Hornsby Cooking Up Tricks for South Youngsters in Game Tonight

By FELIX R. McKNIGHT.  
FORT WORTH, Tex., July 11 (AP)—Power, good pitching and youth stood on the side of the Southerners for the Texas League's fifth annual all-star game here tonight.

But the Northerners, guided by one of baseball's wisest heads, Rogers Hornsby, were cooking up a surprise for the kids from the South and the some 8,000 fans expected.

Maybe it's pitching staff is a trifle old, but baseball men have a hunch that when you throw Dizzy Dean, Clay Touchstone and Ed (Bear-tracks) Greer in there for three-inning stretches, there won't be too many base hits.

All the cunning and speed they own can be thrown into three-inning periods, when they know six more frames won't follow. It may be something the South hadn't expected.

Dean, a bulging 450 earned run average beside his name for the five games he has hurled since returning to the league in a last-ditch effort to remold a dying arm, will start for the North. Hornsby announced. The loquacious ex-soldier and major leaguer was high man in the voting conducted by the fans.

He will be opposed by Bob Mun-

## Signor Galento Wasn't Knocked That S-i-l-l-y

By NEA Service.  
NEWARK, N. J.—Tony Galento wasn't knocked silly enough to let anyone get away with attacking his purse. The late Joe Jacob's kin demanded 35 per cent of the \$19,821 the barkeep has come for being belted out by Max Baer. Harry Mendel and Herman Taylor have claims. But Galento sold \$13,000 worth of tickets, and says it will take a court order to make him give it up. That's all he figures to wind up with, anyway.

## Yawkey Frowns On Hits, Errors On Scoreboard

By NEA Service.  
BOSTON—Tom Yawkey, owner of the Red Sox, is against hits and errors being flashed on the scoreboard. Yawkey claims such information makes players to base-hit conscious and takes their minds off the game. He has forbidden the innovation at Fenway Park.

Summary: Two-base hits, Voorhies, Kelly, Watson, Neatherlin, Bedford. Three-base hits, Kelly. Home run, Stickney. Strike outs, Bedford 6, Hale 1, Voorhies 11. Bases on balls, Bedford 4, Hale 3, Voorhies 8. Winning pitcher, Hale. Losing pitcher, Voorhies.

Score by innings:  
Wadley 003 343 12—16 11 5  
Colts 101 016 53—17 14 12

## Pitchers Continue To Hold the Edge In Texas League

DALLAS, July 11 (AP).—Bad weather was blamed for poor hitting during the first months of the Texas League campaign.

"Wait until that sun begins to shine and the thermometers soar to 90 and you'll see those clouters go to town," said the old heads.

But here it is July, sultry under lights, and the hurlers still are the boys in charge.

Steve Warhol held Dallas to four hits as Houston took its third win of a four game series, 4-0.

Youthful Dick Conger pitched a six-hitter in beating Fort Worth 3-0.

Les Tietje limited Tulsa to four hits as San Antonio won, 3-0.

Hugo Klaetner set Oklahoma City down with seven blows while Shreveport beat the Indians 3-2.

## Hawkeye Hurler Is Most Valuable

By NEA Service.  
CHICAGO.—A post-season poll of coaches names Harold Haub, Iowa pitcher, as the most valuable man in the Western Conference for 1940.

Haub won six games and lost two. Both setbacks coming in non-conference competition.

Haub, a right-hander, is now with Elmira of the Eastern League.

## Gets Ace After Hitch-Hiking to Golf Tournament

By NEA Service.  
CHICAGO.—Francis Terrill, 19-year-old entrant of Puyallup, Wash., hitch-hiked to Chicago to play in the Western Junior Golf Championship. First to tee off, he scored an ace on the 200-yard 10th hole on the

Soldiers and Police Protect Tabulators Of Mexico Election

MEXICO CITY, July 11 (AP)—Soldiers and police stood guard today over tabulators counting votes from last Sunday's riotous presidential election.

Both, General Manuel Avila Camacho, the administration candidate, and his principal opponent, General Juan Andreu Almazan, predicted victory as the ballot counting began at 186 district centers.

Mexico's army of 52,000 was divided among these centers. Approximately 12,000 police and soldiers were on duty here.

Through torrential rains, trucks and buses brought several thousand persons, chiefly peasants, into Mexico City last night to strengthen forces of the PRM, administration political party.

Yesterday General Juan Andreu Almazan, independent presidential candidate, warned the government that trucks were bringing "gun-men here to massacre the people." But last night trucks rumbled into the capital, and hundreds of strangers slept in headquarters of the PRM, and in campaign offices of General Manuel Avila Camacho, the PRM candidate.

Apparently irked at Almazan's showing here Sunday—described by independent newspapers as an overwhelming Almazan victory—PRM forces obviously were determined to dominate the scene today.

More than 50 persons, about 30 in the capital alone, were killed in Sunday's election disorders.

The ninth district here, first to report, gave 23,409 votes for General Manuel Avila Camacho, the administration candidate, and 4,385 for General Juan Andreu Almazan, his principal opponent.

In general, the counting was proceeding peacefully, although one man was brought into Almazan headquarters suffering from a bullet wound.

Wool Market

BOSTON, July 11 (AP, U. S. Dept. Agr.)—The wool market in Boston was showing no change today from the dullness that prevailed earlier in the week.

Early Market Rally Fades Before Close

By VICTOR EUBANK. NEW YORK, July 11 (AP).—Early rallying tendencies displayed by stocks and aircraft today failed to inspire other stock market groups to any great extent and extreme gains running to two or more points were substantially cut or erased at the close.

Paraguay May Vote New Constitution of Advanced Democracy

ASUNCION, Paraguay, July 11 (AP).—A new constitution for Paraguay, presented as creating "an organic, reformist and nationalist democracy" and described officially as one of the most advanced in the western hemisphere, will be submitted to a nationwide plebiscite Aug. 4.

It was promulgated last night by Gen. Jose Felix Estigarribia, president of Paraguay since Aug. 15, 1939, and virtual dictator since last Feb. 18.

It centralizes administration of the country's affairs, provides for state regulation of production and protection of workmen and government assignment of public lands to farmers.

It decreases that public interest must not be overshadowed by private interests and gives the government a notable increase of power in the social and economic spheres.

Volunteers--

(Continued From Page One)

Major Power dealt with the militia, the non-permanent soldiery into which Canada hopes to send every fit man between 19 and 45 for part-time training.

Major Power, in announcing a class would be called compulsorily if not enough volunteers report, declared:

"I do not say that attacks on Halifax, on St. John, on Gaspe and on Quebec (all on Canada's east coast) are imminent. But in this strange, appalling, terrorizing, overwhelming, almost inconceivable warfare nothing is impossible.

"It may be only a raid or a foray. But the conquest of Norway, started by a raid, and we know that 1,500 huns captured and held Oslo, the capital of that country, until reinforcements poured in and imposed slavery on the peaceful and unprepared inhabitants. We are resolved to prepare for any and every eventuality."

O'Daniel Gives Dies Data on "Activities"

AUSTIN, July 11 (AP)—Governor W. Lee O'Daniel today personally tendered to Congressman Martin Dies information he had received on un-American activities.

Appearing at a hearing being conducted by Dies, sitting as a subcommittee of a national house investigating committee, the governor turned over certain records he had collected.

Anti-Politics Bill Is Sure of Passage

WASHINGTON, July 11 (AP)—Overwhelming house passage of the Hatch anti-politics bill assured today its early final enactment, for the senate had only to agree to minor amendments before sending the legislation to President Roosevelt.

Both the chief executive and Wendell Willkie, republican presidential nominee, have endorsed the measure. It bars political activity by state, county and municipal workers paid in part with federal funds, limits campaign contributions to \$5,000 a person, and places a \$3,000,000 top on the expenditures of political committees.

With the potent backing of the two party heads, the bill went through the house in less than two days, although in the spring it had been a major controversy. The final house vote last night was 243 to 122, with 89 democrats, 152 republicans and 2 progressives favoring enactment. Opposed were 120 democrats, Rep. Ball (R-Conn) and Rep. Marchant (AL-NY).

The money would launch a \$65,800,000, three-year program designed to produce an additional 298,000 kilowatts of power—not available from private sources—part of which would be used by the aluminum company of America.

Congressional sentiment for the \$4,848,171,957 addition to the defense program was coupled with widespread applause for President Roosevelt's pledge that no American troops would be sent to Europe to fight.

His latest extraordinary defense message—the third in less than two months—went to capitol hill yesterday afternoon within a few hours of two other major developments.

The senate first voted 66 to 16 to confirm Col. Frank Knox as secretary of the navy and then with dispatch rushed through the house a bill authorizing a \$4,600,000,000 expansion of the fleet to "two-ocean" proportions.

Knox's confirmation followed by 24 hours the approval of a fellow republican, Henry L. Stimson, as secretary of war. Stimson was sworn in yesterday.

Although President Roosevelt's new preparedness request would boost the present program above the \$10,000,000,000 level, only scattering criticism appeared in congressional comment.

Hogs, salable 500, total 700; top 6.80; bulk good and choice 175-275 lb. 6.65-7.5; good and choice 150-170 lb. 6.15-8.00; stocker pigs scarce, butcher pigs up to 5.75.

Sheep, salable 3,500, total 4,200; medium to good spring lambs 7.25-7.75; yearlings 6.25 down; feeder lambs 5.50-6.25; feeder yearlings 5.00-7.5.

Expansion--

(Continued from page 1)

To help speed production of defense materials, particularly aluminum for airplanes, the house appropriations committee proposed an immediate \$25,000,000 appropriation today for new power development in the Tennessee Valley Authority.

The money would launch a \$65,800,000, three-year program designed to produce an additional 298,000 kilowatts of power—not available from private sources—part of which would be used by the aluminum company of America.

The foreign minister, government quarters said, would argue that Russia had no just claim in the first place on Bucovina and that the entire German minority problem in this section of Europe could be solved by its return.

General satisfaction prevailed over the outcome of the Munich talks as far as revision of the Balkans was concerned.

Balkan tension, meanwhile, has been heightened by news from Istanbul that the Turkish national assembly would meet tomorrow to consider demands which Soviet Russia is expected to make—perhaps for control of the Dardanelles.

(In Istanbul, it was reported Bulgaria might order general mobilization. The reported presence of Russian warships off the Bulgarian port of Varna was regarded in Istanbul as a Soviet threat to bring the Bulgars into line with Russian plans.)

IS ADMITTED Mrs. Howard Ford was admitted to a Midland hospital Wednesday night for medical attention.

To Make a Long Tale Short

About the tightest man we know is a Scotch restaurant owner who heats the knives so his customers can't use much butter. We are in business to make bread and butter, and the very best way we know to get a little bigger loaf, and a little more butter to put on it, is to give every one of our customers a square deal, for that makes boosters out of them.

Legislature and press lose any of their rights to criticize the chief executive of the colony during his tenure of office?"

The Bahamas legislature, which has been in existence for 212 years, is one of the few in the empire with power to dictate internal financing, subject to the governor's veto. The colony has no income or land taxes, which probably accounts mainly for an influx of wealthy immigrants during recent years.

The legislature has held traditionally to import duties as the most equitable method of taxation.

The governor here sits at the top. Expert mechanic and body work Southern Body Works.
