Both Candidates Stage Final Stand In Texas

Seek State's 25 Ballots

By The Associated Press

President Lyndon B. Johnson and his opponent, Sen. Barry Goldwater of Arizona, are making Texas one of their final battlegrounds of the hectic, historic 1964 presidential campaign.

Goldwater brings his fight for Texas' prized 25 electoral votes to San Antonio Saturday. Already he has campaigned in the state several times.

President Johnson, making his first campaign swing into Texas, is due in Houston and another Harris County site Monday for rallies with a mammoth campaign windup Monday night in Austin.

For Johnson, winning Texas is more than just a matter of 25 electoral votes—something the pollsters say he has plenty of. For LBJ, it's a matter of prestige and pride in carrying his own bailiwick.

The presidential candidates come to Texas in the midst of a head-to-head fight for U.S. Senate.

Johnson's press secretary, George Reedy, told newsmen in Chicago Friday night that the President would speak at a downtown Houston rally at 4:30 p.m. Monday, would speak at an undisclosed site in Harris County later in the day and move on to Austin for a 9 p.m. rally.

The President cancelled plans to come to Texas Oct. 19 due to a change of government in Russia and election of a new prime minister in Great Britain.

As Harris County and Austin braced for the presidential impact, the U.S. Senate race and other statewide races continued at a break-neck rate.

Sen. Ralph Yarborough scheduled appearances through Sunday. The senator was to be in Harris County today at Houston, Baytown and Pasadena. Sunday he heads for a swing through the Lower Rio Grande Valley cities of Brownsville, San Benito, Harlingen and McAllen. San Antonio was on his itinerary after the swing through the grapefruit country.

Yarborough's opponent, Republican George Bush, was to be in San Antonio with Goldwater and planned a Fort Worth news conference Saturday and kept Sunday open.

Gov. John Connally set his sights of the Texas-SMU football game Saturday and kept Sunday open. His opponent, Republican Jack Crichton, held both Saturday and Sunday open.

Bill Hayes, Republican from Temple, planned Dallas visits Saturday in his quest of the congressman-at-large seat held by Joe Pool, Dallas Democrat. Sunday, Hayes—a former professional baseball administrator—planned a West Texas trip that would take him to Abilene, Sweetwater, Big Spring, Andrews, Midland, Odessa, San Angelo, Brownwood and back to Temple.

BOOSTING DEMO SLATE—A huge portrait of President Johnson was the logical backdrop for this group of Democrats to use in posing Friday afternoon at party headquarters here. From left are Rep. Jim Wright of Fort Worth, Mrs. Wright, Mrs. Betty Staton of Sweetwater, and J. Mark McLaughlin. Mrs. Staton is Democratic District Committeewoman for the 24th District, while McLaughlin is Scurry County Democratic Party Campaign Chairman.

STUDENTS GIVE TO UNITED FUND—Jerry Vestal, left, hands a $25 check to High School Principal Ben Brock for the United Fund. Vestal is president of the Snyder High School Student Council, in whose behalf he presented the check. Brock is collection agent for the United Fund at the high school. Looking on are Cindy Hale, treasurer, and J. B. Murphy, vice president of the student council. The check helped to increase the United Fund total to $19,377.23. The UF will have a report meeting Tuesday at which all cards will be turned in so that a wrap-up program can be planned.

SNYDER AREA OIL

Wildcats have been staked in the Scurry County region in Stonewall and Kent Counties.

Bander & Couch, Inc. of Abilene will drill No. 2 Grantham as a 6,600-foot Ellenburger venture in Stonewall, five miles north of Swenson and a location east of production in the Mullen Ranch field.

Site is 660 feet from south and west lines of section 213, block D, H&TC survey and a twin to a Tannehill producer.

G. E. Kadane & Sons of Wichita Falls No. 1 Mary L. Wilson is a 6,500 - foot Ellenburger try in Stonewall, 15 miles north of Aspermont, one location east of a recent Mississippian oil discovery. Spot is 1,650 feet from north and 660 feet from west lines of section 82, block F, H&TC survey.

Louisiana Land & Exploration Co. of Midland No. 1 George Beggs is a 7,900 - foot Ellenburger wildcat in Kent, 14 miles west of Clairemont and 5½ miles northeast of the Ida Sue multipay field.

It spots 1,980 feet from north and 660 feet from east lines of section 55, block 7, H&GN survey.

* * *

Borseco Corp. of Fort Worth No. 1 Golda Belle Stanfield is a 7,200 - foot Strawn wildcat four miles northeast of the Ida Sue (Strawn and Ellenburger) field. It is 10 miles southwest of Clairemont, 660 feet from south, and 1,980 feet from east lines of section 69, block G, W&NW survey.

James G. Brown & Associates of Midland will drill No. 2 Slaughter as a location west offset to the discovery and lone producer in the Koonsman, Northeast (Straberry) pool of Garza County, 12 miles south of Post.

Projected to 5,100 feet, the test is 467 feet, from north and 2,100 feet from east lines of section 20, block 2, T&NO survey.

Harding Brothers Oil & Gas of Dallas has re - completed No. 1 Brownfield, a Scurry County re - entry in the Tonto multipay field.

It is completed as a ⅜-mile southwest extension to Canyon production in the region and is five miles northeast of Snyder, 1,980 feet from west and 1,807 feet from north lines of section 24, block 1, J. P. Smith survey.

Pumping potential of 15 barrels of 41-gravity oil plus 10 per cent water, was measured from perforations at 6,800-848 feet. No treatment was reported.

* * *

Three J Oil Co. and C. A. Fischer of Abilene have extended the Shamrock (Canyon reef lime) pool of Fisher County one location northeast with completion of No. 3 Gabel Estate.

The project is the third producer in the pool and is three miles northwest of Royston, 1,095 feet from north and 1,667 feet from east lines of section 8, block 2, H&TC survey.

Potential of 137 barrels of 42-gravity oil with gas - oil ratio of 800-1 was filed for perforations at 5,238-44 feet and a 13-64 - inch choke after a 500-gallon mud acid treatment.

Marathon Oil Co. has completed No. 1 Roy R. Chisum as a ¼ mile northeast extension to

See AREA OIL, Page 2

Rep. Wright Boosts Demo Slate Here

Fort Worth Congressman Jim Wright made a pop call at Scurry County Democratic Campaign headquarters Friday afternoon to urge local Democrats to support their ticket from top to bottom.

Wright, who was accompanied on the trip by his wife, spoke to a group at the party headquarters on Avenue S.

He warned against overconfidence, noting that the U. S. Senate race in Texas could be close. He urged a good turnout in behalf of Sen. Ralph Yarborough, declaring that it would "embarrass the president to have two Republican senators from his home state."

Wright deplored "villification" tactics which he said Republicans were using in their campaign this year.

"I did not come here to tell you that Republicans have horns and forked tails," he declared. Instead, he said he wanted to emphasize that the Democratic Party is not a party of hate.

The Fort Worth Congressman, whose name has been at the forefront as a probable candidate for the U. S. Senate in 1966, was introduced to the local group by J. Mark McLaughlin, chairman of the Scurry County Democratic Party Campaign Committee. Also here to greet Wright was Mrs. Betty Staton of Sweetwater, Democratic District Committeewoman for the 24th Senatorial District of Texas.

Tornado In Sicily Kills 8, Hurts 30

PALERMO, Sicily (AP) — A tornado swept over the southern coast of this Mediterranean island today. First reports said eight persons were killed and 30 injured.

The twister struck in the area south of Ragusa, especially around the town of Santa Croce Camerina.

Reports reaching Palermo said about 100 rural homes were damaged or destroyed.

N. Y. To Install New Guard Rails

ALBANY, N.Y. (AP) — New guard rails of steel and aluminum designed to bounce an out-of-control automobile back onto the highway will replace older, outdated railings, the state department of motor vehicles says.

The department said that the new railings would not cost more than the older types and in some cases would cost less.

Soviets, Turks Talk

MOSCOW (AP) — Turkish foreign minister Feridun Cemal Erkin opened talks with Soviet Foreign Minister Andrei Gromyko today in the first step to improve relations between the two countries.

6 Soldiers Killed As Planes Crash

AUGUSTA, Ga. (AP) — A collision of two Army transport planes early today killed six soldiers.

Both planes were assigned to the 10th Air Transport Brigade of Ft. Benning, Ga., the public information office at Ft. Jackson, S.C., announced.

Members of the brigade are among 32,000 on air assault maneuvers in the Carolinas and Georgia.

The transport planes were flying in a formation of four aircraft when they collided.

The Army said it was not immediately learned how many were aboard the two planes, but that six bodies had been recovered.

Names of the victims were not determined immediately and the Army said they would not be announced until the next of kin had been notified.

The two planes normally carry a crew of three each. No other troops were believed to be aboard the planes.

Churchmen's Role Draws Criticism

NEW YORK (AP) — Sharp differences were smouldering today about the role of churchmen in the presidential campaign.

Although they customarily confine themselves to issues and avoid publicly backing particular candidates, there have been numerous exceptions this time.

Many individual clergymen — and several religious publications — have endorsed openly President Johnson or his Republican opponent, Sen. Barry Goldwater.

This has produced repercussions, not only in church circles but also in the camps of the candidates.

A big part of the opinion voiced by groups of churchmen or through religious journals has been against Goldwater. Keen objections to this have been raised in some church quarters.

Goldwater himself has suggested the clergymen "get back to their business" of protecting morals.

"The leaders of the church don't have much time to worry about morals, if they're worrying about partisan politics," he said this week in his campaign swing through Iowa.

"How can they be concentrating on morality when we find clerical spokesmen who now become loud advocates of Lyndon Johnson, whose desire for power, in my opinion, represents much that is in opposition to the thinking of every church I know?"

On the other hand, Johnson applauded the churchmen "for being concerned that America meet her moral responsibility to peace" and "to wipe poverty from our land."

"Men in the pulpit have a place in the leadership of our people, and they have a place in our public affairs," the Democratic candidate said in Philadelphia. "I hope the day will never come when a man tries to keep religion out of our national decisions on who shall lead us or where we shall go."

WEATHER

SNYDER TEMPERATURES: High Friday, 81 degrees; low, 53 degrees; reading at 7 a.m. Saturday, 54 degrees.

North Central and Northeast Texas: Clear to partly cloudy today and tonight. Cloudy Sunday. Low tonight 55 to 64. High Sunday 72 to 82.

Northwest Texas: Clear to partly cloudy today and Sunday. Cooler in Panhandle today and tonight and in most sections Sunday. Low tonight 40 to 62. High Sunday 68 to 76.

Coast: South to southeast winds 8 to 18 knots today and Sunday.

South Central and Southeast Texas: Cloudy to partly cloudy today and Sunday with a few showers mainly near coast. Low tonight 58 to 68. High Sunday 78 to 84.

Southwest Texas: Partly cloudy today and Sunday. A little cooler in Panhandle tonight and Sunday. Low tonight 48 to 64. High Sunday 76 to 84.

Voting Not Enough; Be Sure It Counts

Tuesday will be a big day for American voters, and the usual efforts are being made to insure a representative turnout at the polls.

However election officials always are concerned with another aspect of ballot - casting which plays a role in obtaining accurate results. Not only must the voter go to the polls, but he also must mark his ballot in a valid manner if his voice is to be heard.

In brief, to be counted, a ballot must be marked so that there will be no doubt in the election judge's mind about the voter's intentions.

The mechanics of the national general election differs from party primaries in that voters of all political parties vote in the same polling places, with only the precinct lines dividing them into groups. So, all Republicans, Democrats, Constitutionalists, etc., living in the same voting precinct (box) will cast their ballots at the same place.

It is relatively simple for a person to vote a "straight" ticket for candidates of a single political party. He may simply mark vertical lines from top to bottom through all the columns on the ballot except that of the party he is voting "for."

But many people "split" tickets in general elections, and here is the greatest chance for a discrepancy. If a person wants to vote for some candidates of one party and some of another he must be certain that all of the names of candidates in all columns are "scratched," except those candidates he is voting "for."

If two names for one office are left "unscratched" that particular ballot cannot be counted for that office. For example, if a person wishes to vote for Democratic party candidates for all except one office in which he wishes to vote for the Republican candidate, or vice versa, he must scratch out all but the one name in one column and leave all but the one in the other. But, if he happens to leave the name of a candidate in a minor party for the same office unscratched, the vote will not be counted because the ballot will show two choices for that office.

Only one "minor" party has a slate on the Scurry County general election ballot this time. The Constitution Party has candidates on the ballot for eight offices, all of them at state - wide level or above.

Thus, the ballot here has four "columns," one each for Democrats, Republicans and Constitution, plus one for write - ins.

The Scurry County general election polling places, with the number, area served, location of voting box and election judge, in order, are as follows:

1. Northeast Snyder, Sheriff's Office in courthouse, M. L. Andress.
2. Cottonwood Flat, schoolhouse, Jess Hardin.
3. Ennis Creek, schoolhouse, H. B. Walker.
4. Dermott, Community Church, Mrs. R. Sullinger.
5. Fluvanna, community center, Henry Flournoy.
6. Union, community center, H. L. Hogue.
7. Bison, Knapp Community Center, Aubrey Huddleston.
8. China Grove, Baptist Church, Martin Murphy.
9. Ira, community center, Jim Stirling.
10. Dunn, community center, W. J. Fuller.
11. Lone Wolf, Schoolhouse, J. A. Bartels.
12. Inadale, community center, Herman Stahl.
13. Hermleigh, schoolhouse, A. E. Sturdivant.
14. Camp Springs, Methodist Church, Jim Beaver.
15. South Snyder, school administration building, Billy Bob Hardee.
16. Loyd Mountain, schoolhouse, I. S. Cross.
17. Northwest Snyder, county superintendent's office in courthouse, Fickas Bell.
18. Southwest Snyder, commissioners court room in courthouse, Lee Smyth.
19. Crowder, community center, J. E. Woodson.
20. Southeast Snyder, justice of the peace office in courthouse, Marvin Gary.
21. Absentee, county clerk's office, Frank Wilson.

Yule Decoration Plans Made Here

The Retail Merchants Committee of the Chamber of Commerce is making its preparation for the Chistmas season, D-Day (decoration day) is set for the day after Thanksgiving, Nov. 27.

The Committee began its endeavor earlier in the year when it requested erection assistance from the city in order to lower the overall cost. Since no financial participation on the part of the city was requested, the councilman agreed that assistance could be given.

Although labor will be on a contributory basis, materials to be used in the erection of the decorations will cost the committee approximately $500.

In attempting to raise the necessary money for the second payment of the decorations and erection expenses, the merchants were asked by letter to participate in the program. To date approximately $1,200 has been raised with some $1,600 yet needed to insure the underwriting of the anticipated costs.

Those merchants not replying to the mail solicitation will be called on by members of the committee in order to give every merchant an opportunity to have a part in the decoration program.

For the first time, unsolicited letters were received last year by the Chamber complimenting the community on its appearance at Christmas time.

Commies Tighten Guard At Wall

BERLIN (AP) — East German authorities strengthened security along the Berlin Wall today, guarding against attempts by East Berliners to escape in the confusion of the authorized visiting period for West Berliners.

Five gaps have been opened temporarily in the wall for the 14-day period during which West Berliners have been authorized to visit relatives in the Communist-ruled part of the city.

Within three hours after the entry gates were opened today, about 40,000 persons were checked through by red border guards. It was the second day of the visiting period, which extends until Nov. 12.

At the Sandkrug Bridge Checkpoint, used both by pedestrians and motorists, a heavy East German army truck was posted next to the gap in the wall, its engine running.

The truck apparently is to be driven into the gap in case of an escape attempt by car.

The Communists were issuing wall passes under a recently signed West Berlin-East German agrement, allowing four visiting periods in the next 12 months. A second period will cover the Christmas-New Year holiday. The other two are scheduled for next year.

Four holes in the wall are for those on foot or in cars. A fifth control point, near Friedrichstrasse Station at the elevated railroad,

Dear Abby...

By ABIGAIL VAN BUREN

DEAR ABBY: Four years ago my husband hired a pretty, young secretary (married). I never paid much attention to her although he did take her to dinner occasionally when he's ask her to work late. I know they lunched together, too, but I suppose many such luncheons are for the purpose of discussing business. Three weeks ago my husband received word that he was being transferred out of town. Now he tells me that this secretary is getting a divorce (no children) and is going with him! Abby, do you believe in a woman's intuition? He never mentioned that this woman was unhappy in her marriage. Why suddenly this? I have the feeling that something is going on. Is it my place to ask my husband if he has something to tell me? If he has, why should I make it easier for him?

WOMAN'S INTUITION

DEAR INTUITION: Yes, ask him if he has something to tell you, and don't worry about whether you are making it "too easy for him. It will be easier for you than waiting and wondering. The sooner you find out, the better.

* * *

DEAR ABBY: I used to have beautiful natural blonde hair that hung down to my shoulders. My husband heard a man compliment me on my hair, and all I said to him was "Thank you," but when we got home my husband got mad and took a scissors and cut all my hair off one-quarter of an inch from my scalp. I don't think I can ever forgive him for this act. He has always been a very jealous man with a terrible temper, and I have seen him smash mirrors and furniture, but he never touched me before this. My hairdresser said it will take a year to grow three inches of hear and, in the meantime, I either have to get a wig or wear turbans all the time. What do you think a fitting punishment for a husband like mine should be?

NO HAIR

DEAR NO HAIR: Punishment? I would insist that he be subjected to a mental examination. Next time he might not stop at the scalp.

* * *

DEAR ABBY: My friend and I are having an argument with our husbands. Last night it was very cold in Indianapolis, Indiana. We noticed the policeman on the beat was without a coat. Our husbands said that policemen cannot put on their coats until they are given permission to in the fall. Furthermore, they have to wear their coats in the spring until they are ordered to leave them off. Is this true? If so, we gals think it is a stupid regulation. Any man who is old enough to be a policeman shouldn't need permission to wear his coat, and take it off. Can you tell me if this is a regulation or not?

CAN'T BELIEVE IT

DEAR CAN'T: I just called the Indianapolis, Indiana, Police Department and the captain told me it's true. But he said there is nthing in the regul tions to prevent a policeman from wearing anything he wants to underneath his shirt — which was heart - warming.

* * *

CONFIDENTIAL TO YOU: If you like the way things are going, VOTE. If you don't like the way things are going, VOTE. If you've never voted before, VOTE. (Don't be ashamed of your ignorance, when you get there, they'll show you how.) If you won't have time afterwork to go home and clean up, go to the booth in your work clothes. Don't let anything or anybody kep you from voting. It will be the most important thing you will do all year.

* * *

For Abby's booklet, "How To Have A Lovely Wedding," send 50 cents to Abby, Box 69700, Los Angeles, Calif.

* * *

Troubled? Write to ABBY, Box 69700, Los Angeles, Calif. For a personal reply, enclose a stamped, self - addressed envelope.

Agriculture Agents Praised For Work

COLLEGE STATION (AP)— County agricultural agents have been recognized for their help in the screwworm eradication program.

Dolph Briscoe Jr., Uvalde, Tex., rancher, and president of the Southwest Animal Health Research Foundation, presented the agricultural agents with a plaque Friday at the biennial state conference of the Texas Agricultural Extension Service.

The plaque said the eradication project could not have been successful without the full support of the county agents in organizing the program and continuously supporting it through their education activities.

New African State Sets Red Relations

TOKYO (AP) — The New China News Agency said today Communist China and the new African state of Zambia have agreed to establish formal diplomatic relations and exchange ambassadors.

RARE GEMS STOLEN

Thieves Display Little Discretion

By HENRIETTA LEITH

NEW YORK (AP) — Thieves who stole the world's largest star sapphire, the "Star of India," and 21 other gems from the American Museum of Natural History may have been rank amateurs — helped along by lack of security measures.

Police searching the museum's J.P. Morgan Hall of Gems and Minerals for clues to the daring burglary found fingerprints all over the smashed jewel display cases and on a partly opened window that may have been the way in for the thieves.

Experts also said that while the thieves took gems valued at more than $300,000, their choices did not indicate expert knowledge.

They took unique and easily identifiable stones, difficult to cut, while many costly gems that would be more salable were ignored.

Police said the museum's efforts at economy had made the job easier for the thieves.

The city-owned museum, with about one million square feet of space in 18 buildings, had only seven guards on duty during the night and museum officials have been pleading for more staff.

Detectives inspecting the display cases from which the gems were taken also found two burglar alarm systems, neither in operation.

One system, an electronic "eye" that set off an alarm, had not worked for years. Also long disconnected was a system of triggers under the bigger stones that would set off an alarm the moment the stones were lifted.

The theft, one of the largest in recent history, occurred between a 9 p.m. inspection Thursday and 10 a.m. Friday, when a custodian unlocked the hall of gems.

Huge iron gates at each end of the hall had not been disturbed but the custodian found the glass shattered in three exhibit cases.

One case contained only three stones. The "Star of India," 2½ inches in diameter and weighing 563.35 carats or nearly a quarter of a pound, is valued at $100,000 but is actually priceless.

The DeLong Star Ruby, 100.32 carats and said to be the largest and most perfect star ruby in the world, also was valued at $100,000. The third stone was a purplish "midnight sapphire," about the same size as the ruby and valued at $35,000. None of the gems was insured.

Experts disagreed on the difficulty of cutting the huge stones into smaller ones for easier sale. But all agreed that the stones could never be sold in their original size—unless to an eccentric collector who would keep them hidden—and that cutting them would involve a great deal of waste.

Sgt. Rodriguez Is Due Home Nov. 10

HERMLEIGH — Mr. and Mrs. Juan D. Rodriguez have received word that their son, Sgt. Miguel M. Rodriguez, is en route home from Germany.

Sgt. Rodriguez has been on duty overseas for the past 30 months, and he is expected to arrive home around Nov. 10. He has been serving with Co. A, 24th Signal Battalion at Augburg, Germany.

Pakistani Bus Crash Kills 7 Passengers

RAWALPINDI, Pakistan (AP) — The Times of Rawalpindi said today seven persons were killed and 11 injured when two buses collided 350 miles south of this town.

New Ambassador Has Burglar Troubles

COLOMBO, Ceylon (AP) — A day after presenting credentials, Cecil B. Lyon, new U.S. Ambassador to Ceylon, chased a burglar out of his bedroom.

Police are investigating the incident.

American Fear Of Tobacco Just Goes Up In Smoke

By JOHN BARBOUR
Associated Press Science Writer

WASHINGTON (AP) — The icy fear which struck the American smoker in January — and filled him with noble resolve — has been melting away.

For some smokers, so has the noble resolve.

But for others — like Dr. Leonard Schuman of the University of Minnesota — this is not so. He smoked a pack and a half a day until Jan. 12, the day after the U.S. surgeon general's committee condemned cigarettes as a health hazard, and a shortener of life.

He was one of three cigarette smokers on that committee. One other switched to a new charcoal filter brand. The other could not be reached for comment on the present state of his habit.

But Dr. Schuman quit, and at last report stayed that way. He has not taken up cigars or a pipe because he might inhale them.

While the report is not a year old, the best indications are that cigarette sales have not totally recovered from the impact of the surgeon general's report.

Firm statistics are hard to come by — but perhaps 16 billion cigarettes went unsmoked between January and June of this year.

Before the report, cigarette smoking was burning its way to new heights of popularity. In the last six months of 1963, it was running 6½ billion cigarettes ahead of the same six months in 1962.

But 1964 became a different story. Even with its erratic recovery, cigarette production may end the year down 3 per cent over-all and — according to federal experts — its future uncertain.

A real gainer in the wake of the report has been the small cigar — the cigarillo — and cigars in general. They may finish the year with sales up 30 per cent over 1963.

Meanwhile, there have been these developments:

—The Public Health Service embarked on a long-range education program to discourage smoking.

—The Federal Trade Commission set deadlines for cigarette firms to begin labeling cigarette packages and advertisements with danger signs.

—The tobacco industry promised a court fight against the FTC ruling.

—The industry vowed to set up its own advertising police bureau in New York City and fine violators, but this is still in the organizational phase.

—Congress adjourned without bringing up a barrage of bills giving cigarette-controlling powers to federal agencies, and a counter barrage which would deny agencies those powers.

More than nine months have passed since the surgeon general promised "no foot-dragging" in the follow-up to the committees prime finding: "Cigarette smoking is a health hazard of sufficient importance in the United States to warrant appropriate remedial action."

So far, the most concrete action has come from the unilateral efforts of Dr. Schuman and others who have quit smoking, switched to cigars or pipes, or at least tried.

It points to one salient factor: no matter what else is done, the battle must finally be waged between the smoker and his habit — on a very lonely stage.

Dr. Eugene Guthrie, staff director for the committee, looks at cigarette smoking as a transmissible disease — with 60 million cigarette smokers as the carriers — and one-third of high school students taking up the habit. "There can be no doubt, Guthrie said, of human susceptibility.

There is, he said, an incubation period in that it takes from 1½ to 2 years for average youngsters to become habitual smokers. But by 18 or 19, half of them are smoking regularly.

But even if every teen-ager in the nation quit today, Guthrie said, it would be years before significant changes appeared in the death rates. The person who most needs to quit — who has the highest risk of death, is the breadwinner of age 40 to 50.

"We do not buy the pessimistic view that this group cannot be helped," said Guthrie, who is also head of the Public Health Service's chronic disease division. "There are 10 to 15 million ex-smokers in the population today. What they have done, others can accomplish."

Looking back on the agonies of putting together the committee's report, Guthrie said recently that the most immediate, far-reaching and encouraging results of the committee's work has been the drive it has given to research on smoking.

Even before the committee's work was done, Surgeon General Luther Terry himself — just one of 70 million American smokers — had switched to a pipe because of a slight cough.

There was a frantic, almost feverish air after the committee issued its report — the sum of 14 months of deliberating the validity of medical and statistical evidence.

The verdict — although expected — was electric.

The very day of the report, evangelist Billy Graham suggested that smoking clergymen quit the habit, as an example. The "Catholic Review" of the Baltimore archdiocese urged in an editorial that all Roman Catholic priests refrain from smoking.

Illinois discovered it had on its books a law dating from 1907 prohibiting the manufacture, sale or giving away of any substance injurious to health, including tobacco. The penalty: up to $100 or up to 30 days.

OUR VIEW

This Is No Time To Stop, Backtrack, Change Course

The 1964 presidential election campaign is in its last hours, and we believe these points should be considered soberly before votes are cast:

Experts tell us that the past quarter of a century has produced more scientific and technological advances than all the remainder of the world's history. The standard of living in the United States and in many foreign countries has made its greatest improvement during the same span.

We do not believe that it is an "accident" that the United States has led the entire world in these achievements. Programs of development in virtually all fields have produced results that are nothing short of fantastic, even among those of us who have witnessed them in the making.

And by programs, we do not refer to just "the government." The advancement in private enterprise has led the way. Never in the history of this nation, or the world for that matter, has business encountered growth (and that includes profits) that could match that of the past 25 years in the United States of America.

Not all of the programs have been successful, and we daresay that none has achieved 100 per cent of its potential, because they are initiated and administered by human beings.

However, the net result finds the United States occupying the position of undisputed leader of the free world and the most powerful nation on the globe.

This position has been attained by moving "up the road." It cannot be maintained by backtracking, turning aside, or stopping at a "roadside park" to survey our laurels.

Leadership with a forward look is required to keep the nation moving upward. Businesses seek such leadership constantly, and government must have it to fulfill its role.

Lyndon Baines Johnson, of Texas, has been a star performer on the federal government's leadership team during this period of unprecedented development. We believe he has earned his position as first team quarterback.

IN A TYPICAL TEXAS COURTHOUSE, men seeking temporary assistance from the Salvation Army wait their turn to be interviewed by a Salvation Army Service Unit Committee. Members of these volunteer committees include judges, sheriffs and other civic-minded citizens. Committee members have complete authority to administer the Salvation Army welfare program in their city, hence can work quickly in any emergency.

Salvation Army's Service Units Have Amazing Record

"Beating the Big Bass Drum Isn't a One Man Job" — so read posters in Texas proclaiming National Salvation Army Week this year. The theme is especially appropriate when applied to the Salvation Army's vast network of Service Unit Committees across the state.

Staffed by unpaid volunteers, Salvation Army Service Unit Committees operate outside 38 Corps cities where Salvation Army officers are stationed. Members of these 227 Service Unit Committees carry on the Salvation Army's various welfare programs throughout the state. Thus the Army is able to stay in touch with and help those in need in more than 2200 towns and communities where there are no uniformed representatives.

Committee members include doctors, judges, ministers, teachers and other civic-minded business and professional leaders whose interests and training make them particularly effective in helping "clients" — the Salvation Army's term for persons needing help.

Each Service Unit is completely autonomous and operates with flexibility, maximum effectiveness — and no "red tape", to "meet need at the time and point of need", a creed of the Salvation Army.

Without regard to race or creed, members of the Scurry County Service Unit Committee perform myriad services. These may include providing food and lodging for transients; payment on medicines and prescriptions for a needy family; shoes and clothing for school children; glasses and dental care for children or the indigent aged; service at the scene of a disaster — and occasionally, temporary assistance in meeting the rent and utility bills for a local family.

In cooperation with the Salvation Army Divisional Headquarters in Dallas, hundreds of boys from these Service Unit communities enjoy a week of summer camp each year at the Salvation Army's beautiful Camp Hoblitzelle near Midlothian and Waxahachie, Texas.

Another little known service rendered by committees is hospitalization for unmarried mothers - to - be at one of the Salvation Army's Homes and Hospitals for unwed mothers in San Antonio or El Paso. Camp and hospitalization services are but two of many services the local Service Unit can make available to local clients through liaison with Divisional Headquarters.

Under regulations governing the administration of most of the government programs for the homeless, a residence period of six months is required to qualify for relief. The Salvation Army does not have this requirement, the sole requirement being one of need. Because of this government limitation, the Salvation Army in Corps cities and Service Unit communities aids many transients.

R. C. Patton, chairman of the local committee said today that the Salvation Army Service Unit cared for 642 transients during the past year. Transient travelers, which included individuals and entire families, were given 241 meals and provided 327 lodgings.

The local committee, a member of the Scurry County United Fund, also provided 16 pairs of shoes, and 6 boys from Snyder were sent to summer camp for a week.

Other members of the Salvation Army Service Unit Committee are Herman Trigg, Doyle Gallman, Chester Simons, Rev. Jimmy Tidwell, Worth Sayner, Dr. Jack Nesbitt, Robert L. Smith, and Mrs. Raymond Williams.

A discussion with any one of these members would reveal dramatic instances of assistance given through the local committee. A recent case concerned a widow from Houston who had been promised a job locally. Her meager savings exhausted, she turned to the Salvation Army on her arrival in town and hesitantly requested work clothing and shoes.

The Service Unit, on verifying her job locally, decided to give her financial assistance for a week until she was paid. The widow, now financially self - sustaining, was able to send for her two children, and is proving to be a valued employee in the firm.

The dedication of Salvation Army Service Unit Committees is in the Salvation Army tradition of "Service that never ceases". Dan Eddy, of Dallas, Service Unit Director of the Texas Division, says, "These are remarkable people. Serving without pay and motivated by compassion for their fellow human beings, they give generously of their time, talents and physical resources to those less fortunate.

LBJ Plans Houston Trip

HOUSTON (AP) — The details were being worked out Saturday for President Johnson's scheduled election eve trip to Houston — his only campaign visit to the South's largest city.

Mayor Louie Welch, who first announced the President's visit, said the place of arrival and other details were being worked out Saturday by a presidential advance man.

George Reedy, press secretary, said in Chicago Friday that Johnson will speak at a downtown rally at 4:30 p.m. Monday and will speak in one other place in the county.

He then will fly to Austin for a 9 p.m. rally, Reedy said.

The President cancelled plans to stop in Houston Oct. 19 as world tension mounted over the ouster of Russian Premier Nikita Khrushchev.

Secret Service men were in town conferring with local police and marking plans for security measures to be taken during the President's visit.

FCC Rules For Bush

WASHINGTON (AP) — The Federal Communications Commission says it was all right for Republican Senate candidate George Bush to use the recorded voice of Sen. Ralph Yarborough, D-Tex., in empty-chair debates over Texas radio and television stations.

Yarborough, who seeks re-election, had protested to the commission and 13 Texas stations against their use of the taped excerpts from his prior speeches without his permission.

Yarborough said the program presented a false and distorted picture of him and also permitted Bush to censor his speeches.

The program originated at Station KHOU-TV in Houston on Oct. 27 and was carried by 12 other Texas stations.

The FCC opinion upheld the refusal of the stations to delete the excerpts of Yarborough's voice and quoted KHOU's statement that "distortion and unfairness did not appear to be present even in the contest of a political campaign."

Men Voters Outnumber Women

NEW YORK (AP) — Women outnumber men in this country, but not at the polls.

Tuesday's presidential election is expected to underline this fact of political life.

Bureau of the Census figures for 1964 show that there are about 64.6 million men of voting age in the United States compared with 69.2 million women.

Yet if experience means anything, it is the masculine vote that will decide the election.

In 1960, with the population figures slightly lower but the sex ratio about the same, more than a million more men showed up to vote than did women.

This is progress. In the presidential election of 1920, the same year that women gained the right to vote, only about a fourth of the eligible women balloted.

Why don't more women vote?

Researchers have come up with a variety of reasons for 1960's general 10 per cent difference in voting turnout between men and women. Mostly it boils down to women's considering politics dirty and unladylike and best left up to men who, they fondly believe, are used to thinking about issues.

7 Teen Agers Die In Kansas Crash

WICHITA, Kan. (AP) — Seven high school students, all 15 years old, died in a smashup of two cars Friday night, the Kansas Highway Patrol reported.

Six were killed at the scene, at a county road intersection 11 miles east of Wichita, and the seventh died shortly afterward. The dead were all in one car, which had only one survivor, who was injured. Two persons in the other car also suffered injuries.

One car struck the other broadside at high speed, the patrol said. Wreckage and bodies were strewn over a wide area.

LETTERS TO THE EDITOR

To The Daily News:

This is my speech which I gave for my speech class in the 9th grade. I am 14 years of age.

"Why I Admire
Lyndon B. Johnson"

Not because he is our President, or because he is our native son, but because he has given most of his life to making the world a better place to live in. He loves freedom and liberty so much he wants everybody to have a little bit of it.

President Johnson came from a modest family, but rich in political heritage. He worked hard for his education and after he finished school he taught speech and debate at Houston.

He loves his family, his country, and people, rich or poor. He is a kind-hearted man but also a restless one. He is interested in everything and everybody. President Johnson is a down to earth man and yet the most sophisticated in statecraft, the most realistic in diplomacy and the smartest in strategy.

Our President is for building up our nuclear power, but not at the expense of endangering our lives. We now have the most powerful country in the world. He has seen war, he knows what a terrible thing it is, what it does to our families, our homes, our country. He will do everything in his power to keep us out of war, unless he feels it is absolutely necessary.

He is for the common man as well as the rich. Poverty in some parts of our country is a major problem today. If elected, he will take a great step forward in stamping out poverty. His tax cut has already helped.

Johnson knows how hard it is to get a college education. He wants to help those who can not afford one by setting up a low interest educational loan.

Most of all he believes in individual rights for every one and wants the government to meet the needs of all people.

Our President has a great responsibility, he has the problems of the nation and the world, but he is well prepared for this job, as he has served approximately twenty - six years in our government.

You may think — since we are not old enough to vote, it does not matter who wins this coming election. It does matter.

Stop and think. We, and our children will live, prosper or suffer under the laws that are being made today.

The fate of the world rests in two men's hands, one who has earned the name of trigger-happy, the other, a man who has already proven himself.

Our country is the greatest in the world, but we sometimes take our freedom for granted.

At any time we could be blasted off the face of the earth by the push of one button by one trigger - happy man.

So when you go to the polls on November 3, do not base your vote on one book, one radical man's opinion, one party, or propaganda, but as President Johnson says, "Let us reason together."

Cheryl June Rutledge

* * * *

To The Daily News:

It may seem strange that that many of us in the oil industry view the re - election of a Texan to the presidency with concern.

However, such is the case. The president, when he was a Senator from Texas, fought for a strong oil industry in our state. Since he became vice - president he has apparently changed, and now seems to protect and even encourage the importation of foreign oil.

Of course, he has also changed in other areas affecting Texans. As senator he was against the civil rights bills; as senator he opposed beef imports.

It is apparent now that he has adopted the position of the Eastern liberals and the labor unions, even up to and including the reduction of the depletion allowance.

Senator Goldwater's expressed views on these areas of special interest to Texas are peculilarly more Texan than the president's.

Senator Humphrey has not changed as has President Johnson. He has always been anti-oil industry, and should he ever become president, it could not help but be detrimental to the State of Texas and its people.

J. D. James

* * *

To The Daily News:

I wish to rebuttal the letter to the editor in the October 25, edition by Mr. Jim Terrell of Pampa, Texas.

I, too, have an interest in the people at Snyder because I have numerous relatives and many lifelong friends in that county. I, too, have been in the newspaper business as I was publisher of the Brownfield News in Brownfield Texas for almost twelve years.

Of all the people in the United States I am most disappointed in the newspaper people for their editorial stand of supporting Mr. Lyndon Johnson for President. The newspaper people should understand and appreciate freedoms of the individual and our free enterprize system more than any one single group of people in America, yet many newspapers tend to go along knowing deep down in their heart that they are supporting a group of people that are undermining the basic things that have built this great land of ours.

It is very plain to me that organized labor and its top leaders plus the Communist, the avowed Socialist, and other special interest groups have taken over control of the Democratic Party on the National level. Mr. Johnson realized that he had to stay within the good graces of these organized elements to be a strong contender for the Presidency this year; consequently he is going right down the line with what these people want accomplished. These groups do not have the best interest of the majority of the citizens of this great land in mind with their objectives, yet your newspaper has endorsed the candidate which these people have selected.

It is my hope and my prayer and my desire that somehow and some way enough intelligent people, who know and understand the basic issues will turn the tide before it's too late. If not, I am convinced the United States will fall as the Roman Empire fell if these people continue to get their pieces of legislation through our Congress. I would urge that every freedom loving American and every God fearing person in this country will never compromise as you have in your editorial policy.

Curtis J. Sterling
4611 W. 14th St.
Lubbock, Texas

Ira Juniors Plan Plays

Ira Junior Class will present two 1-act plays on Monday night, Nov. 2, at 7:30 p.m. The plays to be presented are: "True In Heart" and "The Pink Dress."

In "The Pink Dress" the cast will consist of Jack Payne playing the part of Mr. Willard; Renoka Hooker as Mrs. Willard; Brenda Ashley as their daughter, Cora; Jackie Bishop as Miss Dennis and Woody Allen in the part of the policeman.

The cast of "True In Heart" reads: Ricky Sterling playing the role of John Stone; Ray Sorrells as Myers; Jan Williams playing Louise Armand; Brenda Ashley as Helen; Melvin Crawford in the role of Wilson; Jack Payne as Ace Giotti and Larry Wiggins playing Arthur Armand.

Admission to the presentation will be $1 for adults and 50 cents for school age children. No charge will be made for children under school age.

Cancer Unit Sets Session

The Scurry County unit of the American Cancer Society has scheduled a meeting for 4 p.m. Monday in the community room of the Snyder National Bank.

R. C. Taylor of Midland, field representative from District II, of which Scurry County is a part, will be present. He will help the local unit plan its year's work.

H. A. Johnson Jr., local presiden, has urged all board members of the unit here to attend the Monday session.

Electric Power Cut To Buildings

TRAPANI, Sicily (AP) — The lights and phone service in Mazara Del Vallo's public buildings have been cut for nonpayment of bills.

The electric service companies which kept furnishing power to the 36,000 inhabitants, said the city was $160,000 in arrears.

A TROPHY for excellence in hair styling was presented in Abilene last week to Donna Lenoir, student at Jessie's Beauty College. The state-wide contest there was sponsored by the Texas Association of Beauty Cultural School. The trophy was given by the Helene Curtis Co.

Snyder Band Is Invited To Parade

FORT WORTH — The Snyder High School Band has been invited to participate in the opening day Western Parade of the 1965 Southwestern Exposition and Fat Stock Show in Fort Worth, Jan. 29.

At 2 p.m. on that date the parade will kick-off the 10-day season of the 69th edition of the Fort Worth Stock Show. Approximately 125,000 people lined Fort Worth sidewalks to see the 1964 Western Parade. The colorful two - hour parade consisted of 46 marching bands and 56 riding groups.

The 1965 Stock Show will begin at 4 p.m. Jan. 29 and will run through Feb. 7. First 1965 rodeo performance will be at 8 p.m. on Jan. 29. At 10 a.m. Saturday Jan. 30, there will be a special morning rodeo performance. Daily 2 p.m. and 8 p.m. rodeo performances begin Sat., Jan. 30, and run through Sunday, Feb. 7.

Guest Stars of the 1965 Rodeo are Judy Lynn and her 8-piece recording string band. Judy and her band will be coming to Fort Worth from extended engagements at the Golden Nugget, Las Vegas; Harrah's, Reno and Lake Tahoe; and the Tradewinds Hotel in Fort Lauderdale. W. R. Watt, Stock Show president and manager, believes reports these will be announced later in the year.

Judy Lynn and her band will provide one of the finest entertainment features in the history of the Fort Worth Rodeo, the Southwestern Exposition and Fat Stock Show.

Several additional acts will also appear in the Rodeo.

Mail orders for 1965 Rodeo tickets are now being taken at the Southwestern Exposition and Fat Stock Show, P. O. Box 150, Fort Worth, Texas, 76101.

As early as 450 B.C., the Greeks in Athens required foreigners to pay taxes; and taxes are mentioned in the Bible.

SOCIAL SECURITY

Barry Goldwater says: "I favor a sound Social Security system and I want to see it strengthened. I have always voted for improvement in the system. I want to see every participant receive all the benefits the system provides. And I want to see these benefits paid in dollars with real purchasing power."

VOTE FOR BARRY GOLDWATER

(Pol. Adv. — Paid For By Scurry County Republicans)

S'Water Rolls On; Lamesa, Lobos Win

The Sweetwater Mustangs rolled on toward what they hope will be a district championship by shutting out the hapless Lake View Chiefs 20-0 in Sweetwater Friday night. It was the fourth consecutive victory for the Mustangs in District 3-AAA competition.

In other conference action Lamesa gained its second district victory with a 14-7 win over Littlefield, and Levelland narrowly edged the Brownfield Cubs 14-12. The other team in the district, the Snyder Tigers, had an open night.

Sweetwater played what must have been the most ragged game of the year for the Mustangs, as they couldn't buy a score during the first half. It was the first time in several ball games that the Mustangs did not go for a score the first time they had their hands on the ball. They almost did it again, but were stopped on about the six-inch line.

The Sweewater team came out in the second half showing a little more fire and spirit than it did during the first half, and scored before four minutes had been run off of the clock. Lake View was playing without C. L. Avants, who had become a casualty, because of his grades.

The Tornadoes of Lamesa continued to show the improvement that has been noticed the past several games. They started the season having trouble crossing the goal line, and were held scoreless their first five games. However, in district competition they tied Levelland in their first outing, then lost to Snyder 12-21, and then won two in a row against Brownfield last week and Littlefield Friday night.

The Tornadoes defeated the Wild Cats by scoring two TD's through the airways. Dick Roberts passed to Guy Speck for one and Rick Baldwin passed to Jim Anderson for the other. Anderson kicked both points after.

The Lobos of Levelland built up a 14-0 lead over Brownfield by the end of the third quarter, but the Cubs rallied for two touchdowns in the final period and nearly caught up, but were not able to get any points after their TD's.

The way the district stands now Sweetwater is by itself at the top with 4 wins and no losses. Snyder is in second place with 2 victories and one loss, followed by Lamesa with 2 wins, one loss and one tie. Levelland is in fourth with a 1-1-1 record, followed by Littlefield (1-2), Brownfield (1-3), and Lake View (0-3).

DISTRICT STANDINGS

	W	L	T	Pts.	Opp. Pts.
Sweetwater	4	0	0	118	14
Snyder	2	1	0	47	42
Lamesa	2	1	1	47	34
Levelland	1	1	1	14	32
Littlefield	1	2	0	27	52
Brownfield	1	3	0	45	79
Lake View	0	3	0	14	59

'LITTLE' BROTHERS—Co-ed Kay Sitton adds a striking impression to twins Donald (left) and Ronald Ware, freshman football players at Stephen F. Austin State College, Nacogdoches, Texas. Garland Gets Back Into Title Picture

By The Associated Press

Garland's Class AAAA champions climbed back into the championship picture Friday night as the Owls beat Denison 31-0 and took a firm hold on the district 7 leadership.

It virtually clinched a return to the state playoffs and it came just when Owl backers had despaired. Garland was beaten 20-14 last week by Highland Park to end an 18-game winning streak.

Only Sherman and Denton remain on the schedule and Garland will be a top-heavy favorite to beat both.

Otherwise Friday night was an occasion of upsets as six teams fumbled out of the undefeated, untied ranks.

The most shocking fall was that of Ballinger. Stamford, four times Class AA state champion but not heard from since 1959, put itself in the big middle of the district 5 picture and a chance for the playoffs by beating Ballinger 14-12.

There were no upsets in Class AAAA, where Dallas Hillcrest beat Dallas Spruce 35-0, Galena Park slammed Brazosport 40-15 and Victoria edged Corpus Christi Miller 20-18 to remain undefeated and untied. A fourth member of the select circle—Amarillo Tascosa — plays today.

Class AAAA lost two teams—went down before Wharton 26-6, and Lampasas, which succumbed to Austin Lanier 14-0. Dumas, which smashed Canyon 66-0 in an awesome show of power; Andrews, Vidor and Clear Creek remain unbeaten and untied.

Class AA dropped three. Ballinger was the most noted. West took a 26-12 hammering from Marlin and Marfa was beaten 21-0 by Crane. Left with perfect records were Phillips and Spearman, who clash tonight; Iowa Iowa Park, Denver City, Alpine, Crane, Dublin, Rockwall, Atlanta, Gladewater, Canton, Taylor, Placios, San Antonio Randolph and Hondo.

Canton slashed Grand Saline 26-0 to remain not only undefeated and untied but unscored on. Rockwall won its 21st straight game — the longest string in schoolboy football — when it beat Seagoville 27-14.

Wylie fell out in Class A, taking an 18-6 trimming from Frisco. That left only Coahoma, Cedar Hill, Clifton, Hull-Daisetta, Three Rivers and Bremond with unbeaten, untied records.

The only rated teams to fall were Abilene, No. 10 in Class AAAA, which took a 15-14 defeat at the hands of Odessa, and Ballinger, which occupied No. 2 in Class AA.

Foss Levies Heavy Fines On Players

NEW YORK (AP) — Ernie Ladd, San Diego's huge defensive tackle, and veteran Houston quarterback George Blanda have been slapped with the heaviest fines levied against players in the five-year history of the American Football League.

Commissioner Joe Foss handed down the fines Friday for "actions detrimental to the best interests of the American Football League" in last Sunday's Houston-San Diego game. Foss also warned that further infractions would draw stiffer penalties.

Foss, who said the fines were the largest against players in the league's history, declined to announce the amount.

The New York Daily News, however, said it had learned that Ladd's fine was $500 and Blanda's $250.

The commissioner said Ladd was fined for striking Houston's defensive taekle, Ed Hausmann, with a helmet during Sunday's heated game at Houston in which the Chargers held on for a 20-17 victory.

Blanda was fined for some outspoken comments about the official call on his field goal attempt in the closing seconds of the game. Officials ruled that Blanda's kick went wide.

Dutch Harrison Has 4-Stroke Lead

RENO, Nev. (AP) — Dutch Harrison of Ellisville, Mo., carried a four-stroke lead today into the final round of the National Senior Open Gold Tournament, which he is favored to win for the fourth straight time.

The steady, easy-going Harrison carded the tournament's lowest score Friday, a sparkling 65, as he one-putted the last seven greens.

His 54-hole total of 203 was challenged by Harry Umbibetti of North Bend, Wash., who fired a 66 Friday and brought his total to 20.

Six strokes back at 209 was Johnny Bulla, of La Quinta, Calif., while Jimmy Demaret of Houston, Tex., and Al Feldman of Olympia, Wash., were tied at 210.

The leaders are competing for $5,000 first-place money in a $33,000 total pro purse, billed as the richest in senior golf history.

Knee Operation May Help Texas Athlete

SAN ANTONIO (AP)—A knee operation Saturday is expected to help Linus Baer put on a University of Texas athletic suit.

Baer, San Antonio Lee football standout, injured the knee in the North-South High School All-Star football game last August in Fort Worth. He is on scholarship at Texas but has as yet been hampered by the injury.

Texas Hunters Are Preparing For Deer Season

By The Associated Press

Texas hunters are talking about deer. In two weeks, they can stop talking and start shooting.

The season opens Nov. 14 in counties under the regulatory control of the Parks and Wildlife Department and Nov. 16 for the rest of the state.

It looks like a big year.

Wildlife officials say a record number of antlerless deer may be taken this season, and meetings have been called in 59 counties to distribute permits to landowners. For the first time, antlerless deer hunting will be permitted over all of Llano County, the deer capital of Texas.

The state has about 2 million deer.

Free hunt permits have gone out for the wildlife management areas. A total of 3,460 names were selected out of some 20,000 applications. Persons whose names were drawn first for each deer hunt area were T. E. Whistler of Del Rio, Sierra Diablo; Clifton Cook of Killeen, Black Gap; Glen McLean of San Antonio, Kerr; Royce Pelham of Caldwell, Engeling; and Hubert Myers of Terrell, Angelina.

Fishing is going strong.

At Texoma, Joe Chambers and H. H. Brigham of Denison got six blacks, including a seven-pounder. A. D. and W. E. Blacketer took in nearly 100 sand bass.

Fall also is a prime time for floundering, says E. G. Simmons, coastal fisheries supervisor for the Parks and Wildlife Department. Flounders, prize salt water fish, are taken best on calm nights, says Simmons, along the edge of passes leading toward the Gulf.

Floundering is done with a lantern and a gig, he explained.

A fish officials say they are trying to install in this area is the walleyed pike. Marion Toole, coordinator of inland fisheries for the Parks and Wildlife Department, says 50 half-grown walleyes have just been placed in Possum Kingdom Lake where 100,000 walleye fry were planted last spring.

The walleye, a member of the perch family, originated in northern waters, but transplanted in southern waters, particularly in the Tennessee Valley lakes. Some have been caught weighing over 20 pounds.

The second of five public squirrel hunts is set for Nov. 6-8 in the Devil's Pocket Unit of the Angelina Wildlife Department area, reports the Parks and Wildlife Department. At the first hunt in early October, 1,218 hunters bagged 1,942 squirrels.

Devil's Pocket is 2 miles east of Buna between Texas 87 and the Sabine River.

Clay Visits Handicapped Children

BOSTON (AP) — The handicapped children followed Cassius Clay on crutches and in wheelchairs. The heavyweight champion was in his glory—and so were the kids.

Clay delayed the start of his workout Friday to attend a Halloween party at a school for crippled children.

The 140 youngsters, knowing Clay was training just across the street, took a chance and extended the invitation.

"We didn't really think he'd come but we were ready for him anyway," said William Carmichael, superintendent.

"I told the class he would visit them, but they didn't believe me," said one teacher. "The children wouldn't start their party until he arrived."

Clay was surrounded quickly by his young admirers, patiently signed autographs, visited the classrooms, admired the colorful masks and costumes.

Although late for his drill, Clay more than made up for it by boxing an amazing nine rounds. Before that he did some shadow boxing and at one point stopped, pointed to the floor and said:

"There's Liston, lying down there."

The champ's defense against Sonny Liston is scheduled Nov. 16 at Boston Garden.

Six Bear Players Struck By Virus

CHICAGO (AP) — Hard hit by injuries all season long, the Chicago Bears were confronted with more miseries this week when six members of the squad were hit by intestinal virus.

The ailment, which lasts about 24 hours but leaves the players in a weakened condition, first struck Thursday sidelining defensive end Doug Atkins, offensive end Rich Kreitling, tackles Earl Leggett and Stan Jones and linebackers Joe Fortunato and Larry Morris.

From all indications, the six should recover by Sunday but any other outbreaks could be disastrous since the players would not have enough time to regain their strength.

Kelso May Become Richest Horse Today

NEW YORK (AP)—Kelso is expected to replace Round Table as the world's richest horse today by winning the $109,600 Jockey Club Gold Cup at Aqueduct.

The pride of Mrs. Richard du-Pont's Bohemia Stable is favored to win the two-mile Gold Cup for the fifth straight time against a field of six, including two 3-year-olds, Guadrangle and Roman Brother.

Kelso, a durable 7-year-old gelding, has won $1,732,722 in 54 starts, only $17,097 shy of the $1,749,869 earned by the retired Round Table in 66 starts.

Tech's Anderson Is Athlete Of Month

DALLAS (AP) — Donny Anderson of Texas Tech has been selected Southwest Conference athlete of the month for September.

He will be honord Nov. 9 by the Greater Dallas Southwest Conference Lettermen's Association at a dinner here.

SWC Has Crucial Contests On Tap

By The Associated Press

It's showdown time in Southwest Conference football at least for three teams—Texas, Riee and Baylor.

Arkansas, the unbeaten, untied leader, plays Texas A&M at College Station tonight in the feature game. The Aggies, seeking a victory after losing seven straight, could jumble the race with an upset.

All three afternoon games find teams fighting to stay in the race against teams that have, for all practical purposes, been eliminated.

Texas, beaten only by Arkansas, must win over Southern Methodist at Austin or give up thoughts of another championship. The two teams clash with 64,000 expected to jam Memorial Stadium.

Texas is crippled, with three regulars on the sidelines, but will have quarterback Jim Hudson once more. He was hurt in the Texas Tech game.

Baylor and Texas Christian, each winning its last two games, get together at Fort Worth on TCU homecoming. Baylor has to win to stay in contention and it's likely to be a wild one as the Bears throw their conference No 1 passing combination of Terry Southall and Larry Elkins against the No. 2 combination of Kent Nix to Sonny Campbell of Texas Christian.

Rice, in the same position regarding the championship as Baylor and Texas, hosts Texas Tech in a regionally televised game. Each has beaten Southern Methodist and each has lost to Texas and the teams appear pretty well even although Tech hasn't won from Rice in 20 years.

The Arkansas-A&M game is due to draw 25,000, with the same at Fort Worth and 35,000 at Houston.

Bowlers Go Into Finals

SAN ANGELO (AP)—David Tomberg of Ft. Hood and Virginia Hendrix of Kilgore paced qualifiers into the finals of the Texas Association of Bowling Proprietors 12th annual Texas bowling elimination Saturday.

The top 20 men and 11 high women moved into the finals scheduled today and Sunday. Thirteen men and six women will represent Texas in the National Bowling Proprietors Association tournament at Philadelphia in January.

Tomberg in 24 preliminary games rolled 4,987 against 4,957 for Pete Treybig of Houston.

Mrs. Hendrix had 4,722 for 24 preliminary games — just two pins better than Mary Louise Young of Houston.

In the finals each male must bowl a two-game series against each of the other 19 men. Each of the 11 women must bowl a two-game series against the other finalists.

The Peterson scoring system will be used to determine the champion.

Defending champion Charles Farmer of Fort Worth barely made the cutoff by seven pins and a 4,777 total. The defending women's champion, Evelyn Lanier of Austin, easily qualified, winding up in fifth place with 4,570.

Texas Freshmen Handed First Loss

DALLAS (AP) — Southern Methodist's freshmen handed the Texas freshmen their first defeat of the season Friday when Ralph Weaver raced 80 yards to a touchdown in the final period to give the Colts a 7-3 decision.

Texas was leading 3-0 on a 24-yard field goal by Ralph Senior when the former Garland star made his clutch run.

Texas threatened repeatedly in the final periods with Senior missing another field goal from the same spot and with SMU having to stop the little Longhorns on its 23-yard line with only minutes to go.

4 More Chosen For Longhorn Honor Hall

AUSTIN (AP)—The University of Texas chose four more athletes Saturday to the Longhorn Hall of Honor.

They are Wilmer Allison, who won the NCAA tennis singles title while at Texas and now the school's tennis coach; Bohn Hilliard, football and baseball standout of the eary 1930s; Dr. Bobby Moers, who played basketball and baseball, and A. M. G. (Swede) Swenson, football line great of the 1920s. Their selection brings membership in the hall to 32.

Ira Defeated By Blackwell 50-24

IRA — Blackwell's Courtney King proved too much for the Ira Bulldogs here Friday night as he tallied 38 points to lead the Hornets to a 50-24 victory over the Bulldogs in a six-man football game.

It was the second consecutive victory for Blackwell in District 4-B competition, and the Hornets now lead the district with a 2-0 record. They have won six and lost one over the season.

The loss gives Ira a 3-4 record for the year, and a 1-1 record in district play. They are now tied with Hobbs and McCaulley for second place. The district race might be cleared up a little this week, or it might even get more confused as Ira hosts McCaulley and Hobbs goes to Blackwell.

King scored five touchdowns in Friday night's game and added 8 extra points to get his total of 38. With King leading the way Blackwell built up a 24-0 halftime lead, and stretched it to 32-0 before the Bulldogs could score in the third period. The Bulldogs were obviously "down" after having been "up" for their victory over Hobbs last week.

Ira's Coach Robert Ryan played a number of the Reserves during the second half, giving them an opportunity to get some important experience. The Bulldogs broke the scoring drouth as Larry Wiggins passed to Melvin Crawford for about 40 yards. Dennis Grizzle converted, and Ira had 8 points, but trailed 32-8.

After King had scored again and Alan Bell added another, Ira tallied again as reserve back Ray Sorrells ran about 32 yards to cross pay dirt. A few minutes later Jack Payne scored again for Ira on about a 20-yard run. Grizzle converted after both scores.

Plainview Wins Over Lincoln 45-16

The Lincoln Trojans ended their season here Friday night by bowing to the Plainview Dragons 45-16.

The contest was fairly even until the Dragons scored two quick touchdowns in the waning moments of the first half. Until then the two teams had been playing on fairly even terms.

Plainview led 16-8 at the end of the first period, and built it up to 31-8 at the halftime intermission. They scored once more in each of the final two quarters.

L. J. Brooks scored the first Lincoln touchdown in the initial period on a run from four yards out, and Vernon Clay ran over for the two points. The TD had been set up by a fumble recovery by Leon Riggins.

The final points for the Trojans came about midway through the third quarter as Vernon Clay ran 6 yards to cross pay dirt, and his brother, Curtiss Clay ran for the two points. The scoring play climaxed a drive of about 55 yards.

Hobbs Wins Over Divide

DIVIDE — Halfback Tommy Lay scored 22 points here Friday night to lead the Hobbs Panthers to a 42-0 shutout victory over the Divide Trojans in a District 4-B six-man football contest.

The Panthers bounced back from a narrow 4-point loss to Ira last week and scored 26 points in the first period. The second and last quarters were scoreless, but Hobbs added 16 points in the third for their total of 42 points.

Lay accounted for his points by scoring two touchdowns and adding 10 on five conversions. Quarterback Donald Hull figured in the rest of the scoring as he swept end for one score and passed to ends Jerry Hodge and Jimmy Martinez for the other two TD's. The final two points for Hobbs came on a safety.

Hobbs will have an opportunity to muddle up the district race next week as the Panthers will journey to Blackwell to take on the league leaders. An upset victory by Hobbs could lead to a 3-way tie among Blackwell, Ira, and the Panthers.

Encouraged Cowboys Invade Bears' Den

DALLAS (AP) — The Dallas Cowboys go to Chicago Sunday to play the world's champions of professional football and are proving to be the most encouraged team ever to take a 2-4-1 record into a game.

The bomb suddenly became a balm for the Cowboys last Sunday and they got well in more ways than one.

Their 31-13 victory over the St. Louis Cardinals, which included a 17-point fourth period, was a complete reversal from the past few weeks.

In three of their last four games (Pittsburgh, New York and Cleveland) and Cowboys had victory almost clinched in the fourth quarter before being bombed out one way or another.

TAKES ON BASEBALL FIELD LOOK—Houston's Domed Stadium takes on the look of a baseball field as the steel work on the movable seats near completion. The crane, truck, etc., are in the area of home plate and tunnel at right is, or will be deep centerfield. The multi-million dollar Domed Stadium, home of the Houston National League baseball team, will be ready for the 1965 baseball season. The first game to be played under the Dome will be an exhibition game on April 9 between the New York Yankees and the Houston Colts. (AP Wirephoto)

Bad News Barnes Plays On Winning NBA Team

By The Associated Press

The first battle of the Olympians, between Lucious Jackson and Jim (Bad News) Barnes, is history.

It's also a draw.

Jackson, the Pan American U. star who signed with the Philadelphia 76ers, and Barnes, the Texas Western standout who went with the New York Knicks, played on the victorious U.S. team at the Tokyo Olympic Games.

Friday night they were on different sides, each scoring seven points on three baskets and a foul.

Barnes, however, was in the line-up as the Knicks pulled away in the closing minutes for a 94-90 victory that left them in third place in the Eastern Division of the National Basketball Association while the 76ers fell into last place.

In other games, Boston's undefeated Celtics ran their string to seven in a row by walloping Detroit 106-90 behind Sam Jones' 28-point effort and Cincinnati edged St. Louis 119-118 as Oscar Robertson scored 39 points, including the decisive points.

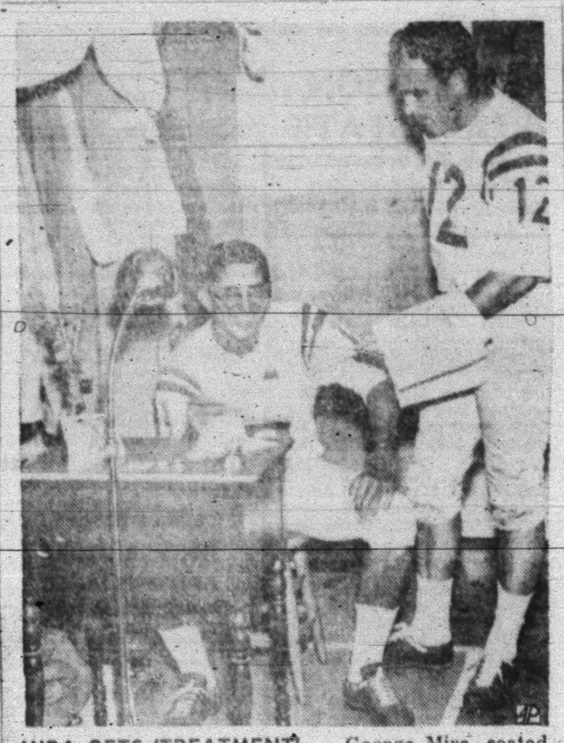

Jackson had made his NBA debut Tuesday, scoring 10 points. But this was Barnes' first shot at the pros. He joined rookies Emmette Bryant, Willis Reed and Howard Komives plus Tom Gola with the score tied 85-85, and the rookie-dominated five pulled the Knicks out front 91-90 with 52 seconds left.

Len Chappell was the high scorer for the Knicks with 24 points while Johnny Kerr topped Philadelphia with 18.

The Celtics jumped off to a 7-0 lead. Detroit pulled up to 7-6 and then suddenly Boston had run off 11 consecutive points behind Tom Heinsohn, Bill Russell and Tom Sanders. The lead never was below six points after that.

Heinsohn scored 21 points for Boston, one less than Terry Dischinger of the Pistons.

Behind Robertson for the Royals were Wayne Embry with 24 points and Jerry Lucas with 21. Bob Pettit was high for the Hawks with 34.

MIRA GETS 'TREATMENT' — George Mira, seated, and John Brodie gag it up at the San Francisco 49ers camp at Redwood City, Calif. Moved by the criticism of Andy Gustafson, former Miami football coach, who said Mira is getting "completely crummy" treatment from the 49ers, corrective measures were taken. When Mira arrived at the camp, he found a furnished and renovated stall, including a desk with lamp. Drapes made of old canvas. Head coach Jack Christiansen said, "now, we'll really have dissension around here because nobody else is getting this special treatment." (AP Wirephoto)

© When Don Larsen of the Houston Colts blanked the Philadelphia Phillies on Sept. 30, he marked his first shutout since May 30, 1959. Larsen once pitched a perfect World Series for the Yankees.

Pro Spotlight On Individual Players

By MIKE RATHET
Associated Press Sports writer

Cleveland will be trying to protect its one-game lead in the Eastern Division of the National League and Buffalo will be guarding its unblemished American League record, but the pro football focus this weekend may fall on five individuals who backed into the spotlight last week.

The quintet consists of:

— Jim Marshall, Minnesota's wrong way runner who recovered a fumble last week and rambled 66 yards into the end zone — the wrong end zone — for a safety.

— Art Donovan, Baltimore's [illegible] edicated toe, who stirred some trouble in the Colts' camp when he stayed out after the curfew, injured his ribs in a car crash, and then was fined.

— George Mira, San Francisco's rookie quarterback, who became a storm center when his college coach at Miami, Andy Gustafson, said he was getting "completely crummy" treatment from the 49ers.

— Ernie Ladd, the huge defensive tackle of the San Deigo Chargers who was fined by the American League Friday for striking Houston's Ed Husmann with a helmet during last Sunday's game.

— George Blanda, veteran Houston quarterback whose fine for the post-game comments he made about an official call on one of his field goal attempts was announced at the same time as Ladd's.

While all five will have to wait until Sunday to try and make amends, the pro schedule opens tonight with the Boston Patriots meeting the New York Jets in a key American League clash.

The Patriots are the runners-up in the Eastern sector to the unbeaten Bills, who will meet Houston on Sunday's three-game program. In the other games, Oakland will be at San Diego and Denver at Kansas City.

Cleveland's Browns tackle their only conquerors, the Pittsburgh Steelers, while second-place St. Louis plays New York. Baltimore's Western Division leaders are in an enviable position, going against San Francisco while their two closest pursuers, Los Angeles and Detroit, meet head on.

Green Bay will be at Minnesota, Washington at Philadelphia and Dallas at Chicago in the other games.

The Browns and Steelers have met once this season with Pittsburgh winning on a 200-yard day by John Henry Johnson and a 6-1-4 umbrella defense that spiked the Cleveland attack.

Jimmy Brown, Cleveland's great ground gainer, goes into the game needing only 14 yards to become the first 10,000 yard rusher in NFL history.

The Cardinals will tackle the Giants without recovered Sonny Randle, who is lost for the season. Besides their passing attack, the St. Louis offense has been strengthened by impressive rookie runner Willie Crenshaw.

The Colts, riding high on the efforts of Johnny Unitas, Lenny Moore and cohorts, figure to have little difficulty with the 49ers. San Francisco has lost three in a row and slipped into a tie for the cellar.

Baltimore may well be watching the Rams-Lions battle. The teams played to a tie earlier but Los Angeles will have No. 1 quarterback Roman Gabriel this time while Detroit will be without the services of signal-caller Earl Morrall.

The Packers, bogged down with a 3-4 record, have doubtful starters in linebacker Dave Robinson and end Ron Kramer. The Vikings, who beat the Packers earlier without Tommy Mason, now have him in the line-up.

The Eagles still have a good shot at the Eastern title but former Redskins Norm Snead will have to win the battle of swapped quarterbacks. Sonny Jurgensen led Washington to a victory in their first meeting, passing for five touchdowns against his former Philadelphia mates.

The Bears, tied with the 49ers at 2-5 in the West, have been hit by the virus and will be up against a Cowboy outfit that showed it could roll last week behind Don Meredith.

The Patriots, chasing the Bills in a close Eastern Division AFL scramble, will rely heavily on Babe Parilli to bombard a Jets' defensive secondary depleted by injuries.

The Bills, 7-0 and the only undefeated team in either league, have never beaten the Oilers at Buffalo. This figures to be a passing battle with the Bills' duo of Jack Kemp and Daryle Lamonica matching strikes with Blanda.

There Must Be A Reason . . .

Seldom in the history of the nation has a presidential candidate earned the widespread editorial support that President Lyndon B. Johnson has received from responsible newspapers and magazines—Democratic, Republican and Independent.

Many of these publications are indorsing a Democratic presidential candidate for the first time. One, the Atlantic Monthly, has never before in its long and respected history given its editorial blessing to any presidential contender.

THERE MUST BE AND THERE IS A REASON FOR THESE INDORSEMENTS

The owners and publishers of these newspapers and magazines are conservative businessmen, deeply concerned with maintaining and strengthening the very freedom which makes it possible for them to exist and flourish.

Snyderites Get Honors

ABILENE — Two Snyder students were in the spotlight Friday night in opening ceremonies for McMurry College's homecoming.

Dickie Clemmer of Snyder was crowned "Chief McMurry," the highest homecoming honor for a male student, while Lynn Walker of Snyder was introduced as sophomore class favorite.

A capacity crowd was on hand in McMurry's Radford Memorial Auditorium for the homecoming event.

Ex-Snyderite Is Promoted

Dowell Schlumberger Corp. of Paris, France, has announced the appointment of Charles A. Barbee as assistant to Marc Demoustier, president and general manager. Barbee, formerly was Venezuela Area Manager of Dowell Schlumberger, with headquarters in Caracas.

Barbee graduated from the University of Texas in 1951 with a degree in petroleum engineering. He has been with Dowell since 1954 when he began as a junior service engineer in Snyder.

After promotion to sales engineer in 1955, he moved to Big Spring, and in 1960 was promoted to area manager in Venezuela.

Barbee and his family now reside at 54 avenue de Versailles, Paris 16, France.

US Peace Corps Grows To Be Popular Venture

By The Associated Press

In the beginning there were grumbles that it might be nothing more than an elaborate boondoggle or a way to dodge military service or a way to see the world with Uncle Sam footing the bill.

But the Peace Corps — now more than three and a half years old — quickly overcame the early fears and survived the onslaughts to become one of the most popular American ventures abroad.

The greatest testimony to its acceptance, perhaps, lies in the way it has been used as a model by many other nations, who have affectionately embraced the Peace Corps idea.

The names vary — Det Norske Fredkorps, Deutscher Entwicklungsdienst, Corp European des Volontaires de la Paix, Mellemfolkeligt Samvirke, Jongeren Vrijwilligers Programma, Association Francaise des Volontaires du Progress — but they all have one thing in common: a kinship to the U.S. Peace Corps.

Like their American counterparts, Australians, Canadians, Danes, Frenchmen, West Germans, Dutch, New Zealanders, Norwegians, Swiss and British are busily at work in backward areas of Asia, Africa and Latin America.

They are sent forth by nations having national service volunteer overseas programs modeled somewhat along the lines of the U.S. Peace Corps.

Also having such programs on the planning boards although not yet in operation are Argentina, Austria, Belgium, Israel, Sweden and even little Lichtenstein.

There are domestic-type corps, designed to operate within the borders of individual countries, already functioning in Chile, El Salvador, India, Kenya, Korea, Northern Rhodesia, Ethiopia, Nyasaland, Pakistan, Peru, Tanganyika, Viet Nam and the United States — through the antipoverty program launched by President Johnson.

Six others — Afghanistan, Bolivia, Dominican Republic, AMAICA, Philippines and Thailand — have announced such programs but they are not functioning as yet.

This worldwide movement came in the wake of America's successful program, which was established in March 1961 by President John F. Kennedy.

There have been private volunteer organizations for many years, but the Peace Corps placed the government in direct sponsorship and financing of such activity.

With 10,000 corps in 46 nations, the United States operates the largest of them all. The volnteers are teachers and engineers, road builders and mechanics, language experts and sociologists, welfare experts and psychologists, logistics experts and college graduates and professors. Some are 18 and college freshmen; and some are 80 and have never finished high school.

Estate Plans Are Surveyed

Robert H. (Bob) Watlington, general agent for National Farm Life, attended the seventh annual Estate Planning Conference in Abilene on Friday.

The all-day session was sponsored by the Abilene Association of Life Underwriters, Abilene Business and Estate Planning Council, Abilene Christian College, and the West Texas Chapter of the American Association of Chartered Life Underwriters. It was designed to assist in conservation of estates through study of tax laws from the varying viewpoints of bank trust officers, life underwriters, certified public accountants and attorneys.

Speakers were Gordon R. Carpenter, vice president and trust officer of First National Bank in Dallas; Edward J. Mintz of Salinas, Calif., and a Chartered Life Underwriter with New York Life Insurance Co.; Billy N. Mann of Fort Worth, Certified Public Accountant, and Harold G. Wren, professor of law at Southern Methodist University.

Approximately 125 persons attended the meeting.

Farm Census Begins Soon

First questionnaires for the 1964 Census of Agriculture will be put in the mail soon for delivery to rural boxholders, according to officials of the U.S. Department of Commerce's Bureau of the Census.

Distribution of the questionnaires has been timed to precede visits to farm and ranch homes by enumerators of the Census Bureau. These visits will begin on Nov. 9 in the citrus producing areas of Texas, while they will begin in other areas of the state on Nov. 23.

The dates for the enumerators' visits are timed to follow the harvest closely, when records of 1964 farming operations are readily available and their meaning is fresh in the minds of farm and ranch operators. Purpose of mailing out forms well ahead of enumerators' visits is to allow farmers and ranchers time to consult their business records before answering census questions.

A census of agriculture is taken every five years in the years ending in 4 and 9. Information gathered includes the number and size of farms, number of persons living on farms, acreage and harvest of crops, a livestock and poultry inventory, information of farm equipment improvements and on income of farm families and some important production expenditures.

AMUSEMENT

LOVERS NO MORE — Anthony Quinn and Ingrid Bergman play ex-lovers now filled with hatred for each other in "The Visit," 20th Century-Fox suspense drama, opening Sunday, Nov. 8, at the Palace Theater here.

TV Heads Into Oriental Phase

By CYNTHIA LOWRY

NEW YORK (AP) — Television trend-spotters — people who watch for business purposes more often than for pleasure — seem to have overlooked what appears to be a new cycle: the Oriental phase.

Last season, when "My Favorite Martian" and "The Outer Limits" made their debut, the trend-spotters immediately predicted a fantasy phase. Their accuracy was confirmed at the beginning of this season with the premieres of four more shows relying on viewers' acceptance of the bizarre or supernatural — "Bewitched," the adventures of a sorceress married to a normal American husband; "My Living Doll," with a beautiful robot as heroine; "The Munsters" and "The Addams Family," both comedies involving macabre characters borrowed from horror movies and a cartoonists' imagination.

Last season, there were two regular Oriental characters in television, both comedies. "McHale's Navy," engaged in what television would have us believe was the happy-go-lucky war in the Pacific, had a secret pet, a Japanese prisoner of war who was part of the jolly crew and played by Yoshio Yodo, an authentic native of Tokyo.

Debonaire, girl-chasing Amos Burke of "Burke's Law," had Leon Lontoc, a native of the Philippines, playing his chauffeur, houseman and confidante.

Nobody, however, suspected these would father what, for television, is a veritable rash of side-kick roles for performers with Oriental antecedents. This season, however, four have emerged.

There is 11-year-old Rickey Der, born in San Francisco where his father manages a Chinese supermarket, who plays a co-starring role with Dennis Weaver in NBC's "Kentucky Jones." As Dwight Eisenhower Wong, an escapee from Red China and the foster son of widower Jones, Rickey's part is as important in the series as that of Weaver, who has the title role.

Samee Tong now plays a scheming resort hotel manager in ABC's new "Mickey" series, a promotion from his houseboys' job through all those rollicking years of "Bachelor Father." He is probably the best known of the Oriental sidekicks. He, too, is a native of San Francisco.

Jack Soo, still another Chinese-American from San Francisco, is cast as — to quote ABC's publicity sheet — "friend - valet - chef-confidante and thorn-in-the-side" of Anthony Franciosa of "Valentine's Day." He, like Samee Tong's new character, is something of a comedy con man.

Fourth Oriental in Lani Miyazaki, born in California of Japanese parents, who plays the super-secretary and assistant to Craig Stevens of CBS' "Mr. Broadway." This pretty ex-model is permitted to speak perfect English and to conduct herself with considerable dignity — but then, "Mr. Broadway," whatever else it may not be, is not a comedy.

Many Factors Aid Disneyland's Success

By BOB THOMAS
AP Movie-Television Writer

ANAHEIM, Calif., Oct 31 (AP) — It rises illogically out of the flatness of the Orange County plain, its towers, turrets, peaks and rockets aiming at the sky.

The most dramatic approach to Disneyland — now in its 10th year of operation — is not through the main entrance but by monorail from the Disneyland Hotel.

You climb a flight of stairs to board the train, orange and silver and shaped like a horizontal Atlas rocket. If you are lucky, you might get a seat in the nose cone. Then you have an unimpeded view as the train eases out of the station and glides silently toward the park with rubber wheels on an elevated ribbon of concrete.

You sail over acres of parked cars, past the main entrance with its replica in flowers of Disneyland's spiritual leader, big-eared Mickey Mouse.

Now the sights of Disneyland come in full view. There is almost too much for the eye to absorb: pastel sports cars serpentining a miniature freeway; a fleet of submarines sailing a tropical lagoon; giant saucers floating passengers on a cushion of air; buckets suspended from cables traversing the park; motorboats putt-putting down racing streams; the 14-story-high Matterhorn with bobsleds hurtling down its slopes.

The monorail skims perilously close to the Matterborn's cascades and slows to a halt at the Tomorrowland station. You have arrived in Disneyland.

The park has tallied more than 45 million admissions since it opened July 18, 1955. Visitors include the kings of Morocco, Jordan, Belgium, Nepal, Thailand and Denmark; Presidents Truman, Eisenhower and Kennedy; The Shah of Iran, Nehru, Sophia Loren and astronaut John H. Glenn Jr.

Russian astronauts and Olympic athletes have been there, but not Nikita Khrushchev. The most famous non-visitor, he ranted on his 1959 visit to California because Los Angeles police would not permit him to visit the park for security reasons. The soviet premier proved to be Disneyland's best press agent.

Men have built pleasure domes from Xanadu to San Simeon, but few have been as expensive and as successful as Disneyland. Its cost to date: $48 million. The gross income has risen each year of operation. It was $13 million in 1958, the first year of full Disney ownership — a radio-television network sold its original partnership. The 1963 gross was $24 million.

Part of the answer for its phenominal success can be found in the peculiar genius that is Walt Disney: a worldly man with a fondness for corn, an artist with a sense of what people will buy, a boss with an unremitting drive for perfection.

Disneyland didn't spring out of 30 years of practicing showmanship.

Among the success factors are:

1. Imagination. Disney was determined to break with the carnival tradition in amusement parks. He called upon the creative resources of his animators, artists and other craftsmen for new concepts in mass entertainment.

There are no barkers in Disneyland. The only throwbacks to the carnival are shooting galleries, a turn-of-the-century penny arcade and a merry-go-round. There are only three thrill-rides: revolving teacups, the Matterhorn bobsleds, and a whirling astrojet. The accent in most of the attractions is on the visual, the bizarre and, true to Disney, the scary.

2. Thoroughness. The Disney technique is that nothing is left to chance. Every aspect of the park is scrutinized before, during and after construction for maximum service to patrons.

Summer employees, many of them schoolteachers and college students, are drilled for two weeks at a University of Disneyland in how to handle guests with friendly courtesy.

Disney takes his studio crews to Disneyland on Mondays and Tuesdays during the winter months when it is on a five-day schedule. Rides are re-arranged, new paint is ordered, crowd control is studied, and new attractions are planned in a never-ending campaign to keep Disneyland as fresh and fascinating as when it opened.

Walter Elias Disney, graying at 62 but still with the enthusiasm of an Eagle Scout, has his office on the third floor of the animation building at the Burbank studio, 30 miles northwest of Disneyland. On the wall opposite his chair is a huge aerial photograph of the park with future projects sketched in. His gaze often shifts to the photograph as he talks about Disneyland.

"The more I go to other amusement places in all parts of the world, the more I am convinced of the wisdom of the original concept of Disneyland," he commented.

"I mean the idea of having a single entrance through which all the traffic would flow, then a hub off which the various areas were situated.

Does he have any disappointments with Disneyland?

"Oh, sure, we have them all the time," he said. "Like the time I put a circus in. It was a good circus, but we never got more than 500 at a performance. We found out people didn't come to Disneyland to see a circus.

"We've had other things go wrong, but we are working to fix 'em up. We're revamping all the time.

Crowds concern Disney. Sixty thousand jammed into the park July 4, and he thinks that's too many. Park management considers 40,000 to 50,000 a proper amount, but Disney prefers 30,000 to 40,000. Then everyone gets more of a chance at the rides.

He was asked if he had made any big mistakes with Disneyland. He turned on his grin and said, "Our biggest mistake was not buying more of the land around Disneyland. Then we could have had more control over the theme and nature of the construction.

The perimeter abounds with motels and cafes.

"But that wasn't so much a mistake as an impossibility," he said.

"We simply ran out of money. The original plan called for $750,000 for land, and we ended up spending twice that.

"I had a heckuva time raising the money. I put my family in hock, borrowed on my studio stock and even on my life insurance. My wife asked me, 'But what if something should happen to you?' She wasn't serious, of course. Well, maybe half-serious.

His eyes widen and one eyebrow shifts high as he begins to talk about the plans for the haunted mansion in which visitors will be greeted by a disembodied ghost host and introduced to visions who float through walls, marble statues that talk and oil portraits that come alive. It is then that you realize the truth of his oft-repeated opinion that Disneyland will never be finished.

End advance for Sunday, Nov. 1.

TRAVEL TALK

Turkey, Exotic Crossroad of Europe and Middle East

Turkey is Eurasian — part European, part Asiatic.

In Istanbul, two great continents — Europe and Asia — meet at the beautiful blue straits and land - locked seas. Two great religions, Christian and Moslem, meet but do not unite. Two peoples, Europeans and Orientals, mix and try to understand each other.

Turkey, a nation about the size of Texas with over twice as many people is usually not considered one of the Bible Lands. Yet, it is the site of ancient Ephesus and it boasts the house where the Virgin Mary is supposed to have spent her last days.

Leaving Tel Aviv, in Israel, for the two - hour flight to Turkey we were soon crossing the bleak Turkish hinterlands. We conjured up a vision of Turkish harems, veiled women and stoic men smoking their water pipes as we looked down on the sweeping sand dunes dotted occasionally by fortress - looking dwellings.

We arrived in Istanbul shortly before noon and almost immediately became aware of the smell of the city, a mixture of fish, spices, salt air and other most indescribable, but not unpleasant, odors.

On the ground our vision of Turkey did not materialize. Like their country's location — on the boundary of Asia and Europe, with Russia just around the corner of the Black Sea — the Turks are, in their living habits, a mixture of Slav, European, Asiatic and Arabic. The streets were crowded with men in European dress and women in Parisian clothes. The fez has been outlawed (except for purchase by tourists), and there was not a veil to be seen.

Turkey is primarily a Moslem nation but also has Christian churches and Jewish synagogues. Istanbul has over 400 mosques, of which the most famous is the Blue Mosque, a majestic example of Byzantine art and architcture. The mosque is noted for its beautiful domes and majestic towers constructed of a light - colored stone. The tops of the towers and domes are of a blue - purple hue, giving the mosque its name.

Inside, the structure is beautifully tiled and carpeted in the manner of all Middle Eastern mosques, but on a more grandiose scale.

Nearby is Aya Sofia (St. Sofia), a building a thousand years older than St. Peter's Cathedral in Rome. A fine example of Justinian architecture, it has been called one of the seven wonders of the world. There are no less than 100 splendid columns in the interior. The four pairs of columns at the four corners of the building came from the most grandiose of temples, the Temple of the Sun at Baalbek.

The following day we toured the Grand Bazzar, possibly one of the largest in the Middle East, entirely under cover and lined with street - like passages crowded with shoppers and vendors selling their wares. Again the odor of spices, leather, foods cooking, oils and other exotic smells filled the air to blend in with the noise and confusion that is so typical of this part of the world. You can buy almost anything at the bazaar, but we were struck mostly with the great variety of little shops that sold shoes of every description.

Going on to the famed Topkapi Palace, commonly called the Sultan's Palace, we were able to fulfill some of the notions we had about Turkey. Newly opened at the palace is the mysterious and fascinating harem section. However, the most amazing thing about the palace was the many kitchens and the dazzling displays of fine expensive china.

Back in our hotel at evening we looked down on the Bosporus Strait, where the Black Sea joins the Mediterranean, now dotted with the winking lights of ferry boats.

Only then came the full realization that we were at the crossroad of the world, where East joins West, a little island surrounded by Europe, Russia and the restless nations of the Middle East.

Krebiozen Users May Be Arrested

WASHINGTON (AP) — The federal government appeared ready today to use its police powers to break up the demonstration of krebiozen supporters at the office of Secretary of Health, Education and Welfare Anthony J. Celebrezze.

Sixteen men and women, most ill with cancer, have hovered around the entrance to the office since midday Thursday. They are protesting a federal indictment of the producers of the controversial anti-cancer drug.

The government says krebiozen is worthless, but these users say it keeps them alive.

A spokesman for the department says the demonstrators were told Friday night that their "continued presence in a public building which is closed is a violation of the law."

A spokesman for the demonstrators, Margaret Fuhro of New Milford, N.J., said they had received an ultimatum: Leave peacefully or face arrest and a possible $100 fine and six-month jail term.

Mrs. Fuhro, who said she is affiliated with the Citizens Committee for Cancer Survivors on Krebiozen, added: "They have chosen to be arrested. They are not going to leave the building. They feel that they are going to die without krebiozen, and they will die in jail."

The federal government banned interstate shipment of krebiozen on July 17, 1963, when a developer, Dr. Stevan Durovic of Chicago, withdrew his application to allow use of the drug.

★ ★

YOU MAY VOTE AS YOU PLEASE ON NOVEMBER 3RD!

There is no legal requirement—no moral obligation

Regardless of how you have ever voted...

Or in which primary you voted...

Or whether or not you voted...

Or how your poll tax receipt was stamped...

YOU CAN VOTE FOR ANY CANDIDATE OF ANY PARTY ON THE NOVEMBER 3RD BALLOT

Governor Price Daniel, while Attorney General, wrote an opinion on the question of party loyalty in which he said, "The courts of Texas have answered this question by holding that the pledge taken at the time of voting in the primary election DOES NOT create a legal obligation."

Governor Daniel repeated that opinion by saying that the pledge on the primary ballot does not obligate anyone "legally or morally" to vote for the Democratic ticket in the general election.

GIFTS MADE—This group of first graders at West Elementary were cutting out black cats and yellow pumpkins to take home and use in their windows for Halloween. Seated from left, Regena Bennett, Sheryl Gilmore, Janie Mathis, Jo Ellen Kubena and Lisa Weigel. Standing, George Yeilding, Billy Allbright, Ronald Hines, Randy Riggs, Geiy Arnold and Randy Parrott.

LOOKING FORWARD—This group of first grade students at West Elementary were looking forward to Halloween festivities. They worked hard making various decorations for their room. Seated from left, Calvin Guynes, Karla Small; Tommie Spears, Garry Greenlee, Jeri Ann Bavousett and Patricia Melton. Standing are David Vaughan, Terry Scarbrough, Nancy Lee, Viola Knight, Wendy Stauss and Paula Machel.

THE SNYDER DAILY NEWS

VOL. 15, NO. 158 SNYDER, TEXAS (79549) SUNDAY, NOVEMBER 1, 1964 Section B

CLEVER SETTING — These students were real proud of their room at Central Elementary and justly so, as the girl and boy decorations on the table were cleverly made out of pumpkins. Seated from left, Jane Ann Womack, Katrina Whisenhunt, Vaughn Ann Bradley, Melinda Wall, Greg Stone and Larkin West. Standing, C. W. Hall, Gene Trent, Marta Sanceda, Janice Collum and Dusty Land. They are first graders.

ALL SET—Halloween trick or treat sacks are a must for any spook on its rounds to friends and neighbors on "ghost night". The ones made by these first grade students at Central are decorated with various cutouts. Seated from left, Ricky Alighfield, Eddie Essery, Darrell Grant, Ray Bridges and Kerry Tidwell. Standing, Johnny Carrasco, Wesley Pate, Michael Burton, Glenn Prescott and Gerald Heath.

THE STORY of the pumpkin was one of the week's interesting sessions at Northeast Elementary the past week in keeping with Halloween. The above first grade students were looking forward to Friday and Saturday night activities. From left, Berta Salinas, Leroy Martinez, Elia Rodriquez, Rita Villarreal, Carman Gaona and Frank Lopez.

JACK-O-LANTERNS are always a part of Halloween festivities. This was a group of proud first graders at Northeast Elementary as they show their accomplishments in the art department. From left, Junior Gutierrez, Hilda Contreras, Salvador Canales, Henry Surita, Ruth Martinez and David Medrano.

AT WORKSHOP — Reports made Thursday evening indicated the 18th District P-TA workshop held at Ira community center was a huge success. Schedules were met and those attending took home a good deal of information from the sessions. Pictured above are some who participated in the day-long program. From left, Mr. Roy Sallee, superintendent of Ira Schools, Dr. A. B. Lightfoot, guest speaker, Mrs. J. L. Byars, president of Ira P-TA, Dr. Robert Clinton, superintendent of Snyder Schools, and Mrs. M. F. Garland, of Rotan, president of district 18.

Junior Girl Scout Troop No. 168 met Thursday at the Scout Hut. An outing on Saturday was planned.

The girls met Saturday at 10 o'clock at the hut and then went to the farm of their leader, Mrs. B. J. Bartels, east of town.

After a long hike, they selected a place for their camp. They cleared the area and made camp, then built a fire.

Twenty-six girls and four adults were present.

* * *

The following women attended the Colorado City Leadership course on Oct. 27th: Mrs. Katherine Redwine, Joyce McCaleb, Frances Hornsby, Rosetta Johnson, Betty Menges, Gerri Graham, Johnnie Garrison, Fern Beard, Jean McCommas, Ann Sutton, Jean Campbell, Genell Buchanan, Joyce Easterling and Norma Waggoner.

The next course will be at Boothe Oaks in Sweetwater on November 17th. All women going to take this training which is "out of doors" training will meet at the court hut at 8:30 to form car pools to go to Sweetwater to Camp Boothe Oaks. These women have met with women from Sterling City, Lorain, Hermleigh, Silver, Colorado City, Welch, Lamesa, and Abilene for some of this training.

Please remember the annual meeting on Nov. 2nd, Colorado City, Civic House, at 6:30.

CLOTHING GIVEN—Mrs. Gerald Pullig, a member of the Snyder Jaycettes is shown above with Mrs. Hazel White, nurse at Cogdell Memorial Hospital. Mrs. White works on the obstetric floor and was given 12 layettes donated by the Jaycettes for infants who might need them. This is one of the community services performed by the Jaycettes.

Hermleigh News

By MRS. RAYMOND COLLIER

Mr. and Mrs. Buster Starnes of Snyder visited Saturday in the home of Mr. and Mrs. Jess Holdridge.

Homecoming Date Set For Dunn

The date set for Dunn's Homecoming is Saturday Nov. 24th. at 6 p.m.

Each family attending is asked to bring a basket lunch. There will not be a guest speaker this year, the time will be spent in visiting.

Ira P-TA Hosts District Congress Workshop

Eighty-five persons registered for the 18th District Congress of Parents and Teachers Fall Workshop held Thursday at the Ira community center.

Registration and coffee started at 8:30 a.m. with the general session at 9. Mrs. M. F. Garland of Rotan, president of 18th District presided. Mr. M. H. Galbreath of Girard gave the invocation and Mr. Roy Salee, Ira superintendent gave the welcome.

Mrs. Elmo Crowder of Snyder was program chairman with Mrs. Wm. M. Lewis of Abilene, workshop co-chairman.

Dr. A. B. Lightfoot, one of Snyder's noted orators, was guest speaker. He spoke on "Tomorrow's World Is in School Today," in keeping with the theme of the assembly.

Circle talks were held on the subject: "We the P-TA, Cooperate in School Story." Other sessions were held on Improving Working Relationships with Mr. James Weeks, Abilene School Board member as chairman; Resource by Mr. M. B. Morris, curriculum director at Abilene Public Schools; and recorder, Mr. Billy Earles, principal Franklin Junior High School, Abilene.

Identifying and Meeting the Needs of Exceptional Child: Mrs. George S. Harris, vice president of State Classroom in Abilene; Resource, Mrs. Wm. M. Lewis, Recorder: Mrs. Ed Dressen.

Creating A Love for Learning, and Our American Heritage, Mr. A. E. Wells of Abilene and Mrs. J. David, Proctor, State Audio Visual chairman, participating.

Luncheon was served at noon, followed by a program by Ira senior students.

The afternoon session consisted of a film, "Together We Help a Child by Increasing Educational Opportunities." Dr. Robert Clinton gave the film summation and Mr. Pat Falls, gave the evaluation.

Benediction losed the day's activities at 2:30 o'clock.

Engagement Announced

Mr. and Mrs. T. J. Underwood announce the engagement and approaching marriage of their granddaughter, Katie Ann, to David Wayne Hammit, son of Mr. and Mrs. D. L. Hammit.

The couple will exchange vows December 25th, at Northside Baptist Church.

Finch, Foree Exchange Vows In Hermleigh Baptist Church

HERMLEIGH (Spl.) — The Central Baptist Church of Hermleigh was the setting for the marriage of Miss Sherry Beth Finch of Hermleigh and Mr. Tommy Earl Foree of Snyder, on October 23rd. at 8 p.m.

The altar of the church was centered with matching white candelabra holding 14 burning white tapers. Emerald green foliage decorated the arched candelabra.

Rev. B. C. Finch, pastor of the church, and father of the bride, assisted by Rev. Allen Cartrite, pastor of Greenhill Baptist Church of Snyder, officiated at the double ring ceremony.

Cecile Hall of Hermleigh was pianist, and accompanied Glenda Morris of Lubbock, cousin of the bride, who rendered vocal selections.

Rev. and Mrs. B. C. Finch of Hermleigh are parents of the bride, and Mr. and Mrs. D. M. Foree, of Snyder are parents of the groom.

Given in marriage by her father, the bride wore a dress fashioned with a sweetheart neckline, lined with seed pearls, long sleeves that ended in points over the hands and floor - length net skirt covered by two side panels of scalloped lace. She carried out the original tradition of something old, a strand of pearls handed down through the Foree family; something new, a white Bible presented to her by the YWA girls of her church; something borrowed, her wedding dress; something blue, a garter, and she carried a penny in her shoe.

The bride carried a cascading bouquet of white Frenched Carnations on a prayer book. Tiny pearl hearts and ivy leaves were used as accents.

Virginia Finch of Hermleigh attended her sister as maid of honor. Nancy Campbell was bridesmaid. They wore matching dresses of royal blue satin brocade, designed with sleeveless bodice and A- line skirts. They each carried a long stemmed red Happiness rose.

Ed Carl Foree of Odessa, attended his brother as best man. Billy Foree, also of Odessa, and brother of the groom, was groomsman. Ushers were Bernie Finch II, brother of the bride, and Delbert Foree, of Snyder.

A reception was held in the educational building. A four-tiered wedding cake adorned with blue roses centered the refreshment table. Presiding were Beth Williams, Jolene Roberson and Geenita Robbins. Sheryl Corley registered guests.

For her wedding trip the bride chose a royal blue wool sling-shot shift, white blouse, brown accessories, and the corsage from her bridal bouquet.

The bride is a senior at Hermleigh High School and will continue her studies in Brunswich, Georgia, where the groom is serving with the U. S. Navy. He is a 1964 graduate of Snyder High School.

Out of town guests were from Lubbock, Fort Worth, Odessa, San Antonio, and Fluvanna.

MR. AND MRS. T. FOREE

LVN Advisory Committee Meet Held

The L.V.N. Advisory Committee of Cogdell Memorial Hospital met for a breakfast October 27th. at 7 a.m. in the hospital dining room, for an organizational meeting. Dr. Robert Clinton, Supt. of Snyder Schools served as chairman.

Those attending and serving on this committee were: Rev. Jimmy Tidwell, Minister, First Methodist Church, Dr. G. W. Barclay, Cogdell Center, Mrs. Ethel Wadleigh R.N., Mrs. Eula Williams R. N., Snyder High School, Mrs. R. E. Stoltz L.V.N., Mrs. Harold Lacik, Mr. Ed Dickerson, Mrs. Wiley Brice, Mr. Paul Keaton, Mr. J. Timmons, Hospital Adm. and Mr. Pat Falls, Ass't. Supt.

The purpose of this committee has been set up to assist the Public Schools and the Cogdell Hospital in an advisory capacity.

The function of the local advisory committee is to counsel and advise school authorities in matters pertaining to vocational nurse training as to needs and possibilities for a training program and to encourage the nursing profession. Types and amount of instruction, qualifications of the instructors, selection and screening of prospective students, types and selection of equipment, selection of instructional materials, working agreement with cooperating hospitals, public relations and publicity, counseling and guidance of trainees and instructor, evaluation of the program, and to have a fulfillment of previous pre-clinical commitments before capping ceremonies of the students.

A committee was appointed by Dr. Clinton to serve in the capacity of screening students before capping ceremonies. They are Rev. Jimmy Tidwell, Chairman, Mrs. Harold Lacik, and Mr. W. E. Dickerson. This committee will make recommendations to the board as to the final acceptance.

It should be evident that the function of an advisory committee is "advisory" only. The board of education and the school staff retain full control of the training program. This fact does not lessen the importance of an advisory committee. Judicious use of such a group will do much to insure the continued success of a vocational nurse training program for Snyder.

Mr. And Mrs. Buescher To Make Home In Lubbock

Double ring wedding vows were exchanged by Miss Sherry Lynn Kee and Mr. Jeff G. Buescher of Lubbock, on October 24th at 7 p.m. in The First Baptist Church. Rev. A. B. Lightfoot, pastor, officiated.

Parents of the couple are Mr. and Mrs. Ralph N. Kee, 101 Milburn Street, and Mr. and Mrs. William Buescher of Lake Forest, Illinois.

Wedding selections were presented by Sherry Belt at the organ. Candles were lighted by Jim Finley of Lubbock, who also seated guests.

Church decorations were wrought iron candelabra with white taper and baskets of white gladioli.

Given in marriage by her father the bride wore a white two piece Italian wool suit, white gloves and white veil hat. She wore a corsage of yellow roses.

Evelyn Starnes was maid of honor and chose a two piece gold wool suit with brown accessories. Her corsage was of white feathered mums.

David Ray Kee of Lubbock was best man.

The couple will make their home at 1919 Seventeenth Street, Apt. R. in Lubbock.

The bride, a senior at Snyder High School will continue her education in Lubbock. She was a member of Gay 20 Social Club.

The groom graduated from Lake Forrest High School, Lake Forrest, Ill., attended Tulsa University, Tulsa, Okla., and Lake Forrest University, Lake Forrest, Ill. and a member of Phi Kappa Alpha fraternity. He is employed by Interstate Loan Co. in Lubbock.

Out of town guests were from Midland, Wichita Falls, Electra, and Lubbock.

When fresh dates are at hand, pit them and slice. Fold into hot cooked oatmeal. Serve with brown sugar and heavy cream for a wonderful breakfast dish.

Mix flour and fine white cornmeal in equal amounts and use as a coating for small whole fish that are to be fried.

Girl Scout Bulletin

There will be a coffee in honor of Mrs. Robert (Gloria) Zerega, member of the West Texas Council professional staff on Friday, November 6th at 10 a.m. at the Snyder Savings & Loan Community Room.

All leaders, assistants, and their guests will meet with other Snyder and out of town guests for a get - acquainted session.

Baby sitting may be arranged with Mrs. Bruce Kerley for this date.

Gloria Zerega is a graduate of St. Louis University where she majored in radio and speech. Her original home is in Denver, Colorado, but she has lived in Abilene since 1952. Gloria has traveled in 43 countries of the world and speaks three languages - Spanish, French and Swahili. She was a resident of East Africa for two and a half years. She has been on many wild game hunts and safaris in the past years.

PALETTE CLUB members are working hard to finish up some of their paintings that will be on display at the annual sidewalk show Monday on the west side of the square. The exhibit is by local talent and represents several media in art. Snyder artists have been commended considerably in recent years on their outstanding work. Pictured above at work are Joy McGlaun, Charlotte Etgen, Pansy Ray and Eva Pogue. Some lucky visitor will be given a picture at the show.

HALLOWEEN PARTY—The Future Homemakers of America Club of Snyder High School held their annual Halloween party in the school cafeteria Thursday evening. A spook house, complete with weird sound effects proved to be a highlight of the evening activities. At one point some of the students became a little concerned because their teachers had not arrived — but they were there in complete disguise — one is in the picture above. A large group of members and their escorts were present for the gala evening.

Camellia Society To Meet

One of the most significant advances in extending the bloom period of camellias is the basis for a meeting of the Texas Camellia Society in Nacogdoches, November 6-8.

The meeting marks the first Fall Camellia Show ever staged in the Southwest, and among the first in the nation, according to Mrs. E. L. Trice of Waco, TCS president.

"Due to a new 'gibbing' process of camellia buds, it has become possible to produce blooms three months earlier than ever before," Mrs. Trice stated. "This remarkable development extends the camellia blooming period to six months each year."

'Gibbing' is the insertion of Gibberellic acid into the growth bud immediately behind the flower bud approximately 65 to 70 days ahead of the desired blooming time. Heretofore, the natural camellia blooming period was during January, February and March.

A highlight of the program, to be conducted at the Fredonia Hotel, will be a panel discussion entitled "Gibbing Blooms - Pro and Con." Panelists will include Jerry Henderson, Tom Eagleson, and Drs. Glen Johnson and Carter Anderson.

Sid Johnson will give a lecture and grafting exhibit and Hody Wilson will discuss fertilization. Joe F. Combs, farm editor of the Beaumont Enterprise, will be speaker at the banquet. Meeting, general assembly, and a breakfast session will be moderated by Dr. Chester Kitchens.

Mrs. Trice also revealed that chemically treated blooms will not compete with untreated blooms in the flower show. Among awards to be given are:

Outstanding Bloom Certificate — Japonica Bloom Untreated; Japonica Bloom Chemically Treated; Gold Certificate for Sweepstakes Winner - Blooms Untreated; Gold Certificate for Sweepstakes Winner - Blooms Chemically Treated.

A TCS Blue Ribbon with Rosette will be awarded for the Best Commercial Table and for the Best Sasanqua.

For individual blooms, a Blue Ribbon will be awarded Best of Variety; Red Ribbon for Next Best of Variety; Yellow Ribbon, Third Best; and a White Ribbon for Honorable Mention, each variety.

Special awards will be given blooms judged Queen of the Show, Runner -Up, Court of Honor, Sweepstakes, Sweepstakes Runner - Up, Best Plate of Three (Japonica), and Best Sasanqua.

Judges for the show, all from Shreveport, will include: Mr. and Mrs. Roy Stringfellow, Mr. and Mrs. Aubrey Harris, and Dr. and Mrs. Bob Womack.

Other TCS officers currently serving are: First Vice President, C. J. Shaughnessy, Groves; Second V. P., Jack T. Holmes, Fort Worth; Third V. P., Mrs. Horace Berry, Texarkana; Secretary, Mrs. G. A. Propst, Waco; Treasurer, Mrs. J. A. Giles, Beaumont.

Scallops usually need no more than 4 to 5 minutes of simmering in order to be cooked through and tender; overcooking toughens this shellfish.

PROGRAM—Mrs. Georgene Galloway, left, and Mrs. Eva Nelson presented an educational program at the Zeta Lambda Chapter of Delta Kappa Gamma meeting Monday evening.

DKG Society Meeting Held Monday

The Zeta Lambda Chapter of the Delta Kappa Gamma Society held its regular monthly meeting at 7:30 P. M. in the Community Room of the Snyder Savings and Loan on Monday evening, Oct. 26. Miss Vela Bell read the Collect. The business meeting was conducted by the president, Mrs. Rita Carter. Reports from the program, scholarship, and music committees were heard.

The program for the evening, entitled "Nations of the Common Market," was presented by Eva Nelson and Georgene Galloway. Mrs. Nelson spoke on "The Common Market in Economic Patterns." She briefly reviewed the history of the economic reason for the beginning of such an adventure among France and Germany with four other of the smaller nations of Western Europe. World War II was more than fighting, for them it was a complete disaster and these nations saw that through unity there could be strength. The Treaty of Rome of 1957 bound them together in an economic adventure to create markets, protect their industries, and ultimately to form some sort of political union where their troubles with each other could never lead to another such war. Monnet of France and Schuman of Germany had the idea that if economic matters could bind these two countries together then the political threat of communism could be withstood.

Georgene Galloway spoke on "Political Patterns in the Common Market Venture." Mrs. Galloway said that three great political challenges face Western Europe and all the free world. They are the thermonuclear bomb, the plight of the under - developed countries of Asia, Africa, and Latin America, and the constant threat of communism. No one of these can be truly successful, unless all three are met. The already limited success of the Common Market is proving — and we must prove — that together we can control our destinies and build a better, happier, and more just world, a world in which, through strength and not through weakness, it may one day be possible to replace "peaceful co - existence" with genuine and lasting peace.

Hostesses for the meeting were Bess Johnson, Sally O'Rear, Lida Rhoades, and Agnes Kunkel.

Turkey Salad

2¼ cups diced cooked turkey
½ cup well drained canned green peas (small variety)
½ cup finely diced green pepper
1 tablespoon minced chives
¼ cup mayonnaise
Salt and pepper to taste
Salad greens and sliced tomatoes

Toss together the turkey, peas, green pepper, chives, mayonnaise and salt and pepper. Cover and chill for a few hours or longer to allow flavors to blend. Serve on salad greens; garnish with tomatoes. Makes 4 servings.

Plainview HD Club Meeting Held

The Plainview Home Demonstration Club met Tuesday in the Northeast Community Center at 2 p.m. Mrs. John Floyd was hostess for the meeting, with eleven members present.

During the business session the council report was given and officers elected for the new year. They are president, Mrs. W. E. McMillan; vice - president, Mrs. Hoyt Andrews; secretary, Mrs. Mozell Roggenstein; treasurer, Mrs. J. N. Murphree; and Mrs. K. G. Blalock, council delegate.

There will be an all day craft meeting at the Northeast Community Center, Thursday November 5th at 9:30 a.m. Everyone is to bring a salad for lunch.

The clothing leaders gave the demonstration on 'Sewing Fabrics With a Nap."

Mrs. K. G. Blalock was in charge of recreation, and Mrs. Jess Koonsman was "Lucky Lady".

The next meeting will be November 17th at the center.

Tarragon Sauce

1 cup tomato catchup
¼ cup tarragon vinegar
1 tespoon dry crumbled tarragon
2 teaspoons prepared bottled white horseradish

Stir together all the ingredients; cover tightly and chill overnight or longer to allow flavors to blend. Serve with seafood cocktail. Makes 1¼ cups.

Honey and mustard make good extra seasonings for baked beans.

ON THE HOUSE

When you're buying a house, do you make your decision solely on the basis of value?

Or do some of the mannerisms of the real estate salesman have an effect on your judgment?

There's a school of thought which believes that the nervous habits of the person trying to make the sale have some influence on a prospective purchaser. This theory is held by sales experts in many fields, but is given particular attention in the area of real estate, as evidenced by the many times the subject is brought up at meetings, conventions and clinics.

What brought the matter to our attention again was a long list of things salesmen do to annoy buyers, published in the latest issue of The Long Island Builder, an industry publication. These are not things salesmen say in an effort to convince you of the worth of the house, but merely personal mannerisms that annoy. Here's the list:

1. Scratching their heads.
2. Running their hands or comb through their hair.
3. Pulling at an ear.
4. Shifting their eyes from one thing to another while talking.
5. Chewing on a toothpick, match or cigar.
6. Coughing or clearing their throats periodically.
7. Humming while writing an order.
8. Interrupting the buyer before he says what he wants to say.
9. Blowing cigarette or cigar smoke in the buyer's face.
10. Adjusting and readjusting their ties.
11. Fumbling with a lapel pin.
12. Fingering a card of paper.
13. Buttoning or unbuttoning their coats.
14. Picking lint from their suits or buyer's suit.
15. Cleaning their fingernails.
16. Slapping their order books, or something else, again and again.
17. Doodling with a pencil or pen.
18. Picking up and putting down things on a desk.
19. Hitching at their pants.
20. Jingling coins in their pickets.
21. Draping themselves over a chair.
22. Walking around with a toothpick or match in their mouths.
23. Putting hand in front of their mouths while talking.
24. Smiling until you wonder if a salesman can ever look serious.
25. Pushing themselves right up into your face while talking.
26. Coughing without covering their mouths.

QUESTION: A few years ago I put down resilient tile in one of our rooms. It's still down and in good condition. This time, however, I would like to try my hand with regular linoleum strips, rather than the tile, in another room that has to be done.

Are there any major differences between installing the two materials and is there anything special I should know?

ANSWER: Since you did such a good job with the resilient tile, you'll probably get a fine result with the linoleum strips. The major difference, as you undoubtedly know, is that you will be handling a few large pieces of material instead of hundreds of smaller ones.

A sharp linoleum knife, properly used, is an important key to a good result, but you can get by with a large shears or tin snips. In using the knife, take a firm grip on the handle and pull it towards you, keeping the handle parallel with the floor. Whether you use a knife, a shears or a tin snips, practice first on a scrap piece of linoleum.

The linoleum paste is spread with a notched trowel. Follow the instructions on the container for the length of drying time. You can rent a linoleum roller for releasing the trapped air under the linoleum or you can use a rolling pin. If you use a rolling pin, take special care to see that seams and edges are rolled down firmly.

Evaporated milk must be chilled before whipping; it's a good idea to chill the bowl and beater, too.

YOUR VOTE
For
U. S. SENATOR
Ralph Yarborough
For A 2nd. Term
Will Be A Vote In The
LONG RANGE BEST INTEREST
Of Snyder And Scurry County

President Lyndon B. Johnson has said "Texas has not had a better champion of the people than Ralph Yarborough. And there has been no member of the U. S. Senate who has stood up and fought for the policies of my administration since I became President more than Ralph Yarborough. He fully deserves a new term of six years in the U. S. Senate and I am hopeful that all the good Democrats and good Americans in Texas who look to a bright future will send him as well as our Presidential ticket to Washington in November."

What has Ralph Yarborough's Eastern opponent ever done for Scurry County or Texas which deserves your vote?

What could Ralph Yarborough's Eastern opponent ever do for Scurry County or Texas as a member of the minority Goldwater Republican Party in the U. S. Senate?

MR. AND MRS. MELVIN VERNON
November 1914

MR. AND MRS. MELVIN VERNON
November 1964

Golden Wedding To Be Observed By The Vernons

1914 and 1964 melvin vernon jo golden wedding 2 col 24

Mr. and Mrs. M. U. Vernon will be honored with a open house Sunday November 8, in observance of their 50th. wedding anniversary. The event, hosted by their children will be held in the Vernon home.

Mr. Vernon, son of Mr. and Mrs. Alfred R. Vernon was born near Willowhole, Tex., Madison County, on Oct. 4, 1894. He came to Scurry County on Oct. 27, 1906 with his parents.

Mrs. Vernon, the former Mary T. Coston, was the daughter of Mr. and Mrs. Fletcher Coston, was born Jan. 2, 1894 near Dunn.

The couple are the parents of seven children, with three dying in infancy. Hosting the affair will be Mrs. Lois Green of McCaulley, Mr. Ulmer Vernon of Hermleigh, Mrs. Chlorene Jenkins of Wink, and Mrs. Elsie Ammons of Abilene. The couple has 10 grandchildren and five great grandchildren.

Mr. Vernon was a farmer for six years and then worked as a rural mail carrier on Route 1, Hermleigh, from Nov. 8, 1920 until Oct. 31, 1955, at which time he took volunteer retirement.

Friends and relatives are invited to call between the hours of 2 and 5 p.m.

Gardener's Corner

By EARL ARONSON
AP Newsfeatures

When the gardener considers planting bulbs in fall to provide early spring color, he generally thinks of tulips or daffodils. This is fine, but there are a host of little bulbs that will provide blooms before tulips near their heads.

Among the early heralds of winter's departure are the crocus, snowdrop, chiondoxa, squill, galanthus, muscari and eranthis. The names may not be familiar, but they mean bright spots in early spring. They will create drifts of bright or pastel colors among rocks, shrubs, woodlands, on slopes, in open fields or in lawns where they disappear before moving time.

Most of the little bulbs should be planted about three inches deep and three inches apart in well-drained soil early in the fall. They are fine for interplanting with tulips and daffodils. Their height and bloom - size vary.

The small bulbs came from the plains and mountains of Europe, Asia and South America. Growers often call them "minor bulbs" to set them apart from tulips, daffodils and hyacinths. We'll describe some:

Galanthus — (Snowdrop). Small, white, bell - like flowers that appear before frost has vanished. They favor moist, humus soil and light shade of woodland areas, rock gardens.

Eranthus — (Winter Aconite). Golden globes on 3-4 in. stems, open like buttercups and framed by green ruff. They like the shade of shrubs and trees and are best planted where they will not be disturbed during the summer. Set 2-3 in. apart in groups in loose humus or leaf mold soil. They seed themselves.

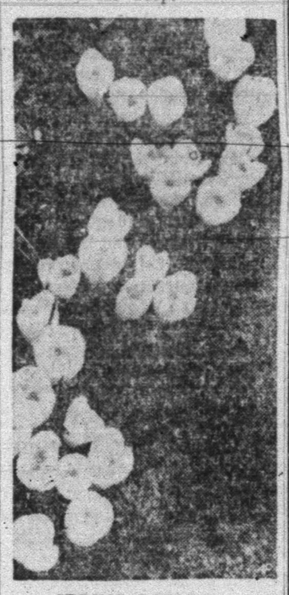

Crocus — Goblet-shape flowers on tubular stems in blue, yellow, gold and white, some striped. They bloom in March or April. One variety will bloom in September.

Squill — (Scilla). Flowers in mid - March. Plant 3 inches deep around trees, near shrubs, in rock gardens, on slopes.

Glory of the Snow — (Chionodoxa). Sky-blue, flowers late in March or April. Grows best in sun but will succeed in partial shade. Best in large masses. Will seed themsleves and increase.

Muscari — (Grape Hyacinth). Clusters of blue or white, bell-shaped flowers 4-8 in. high. Plant 3 in. deep and 3 in. apart in slightly gritty, loamy soil, in sun where they will not be disturbed.

Spanish Bluebells — (Scilla Campanulata). Tiny blue, pink or white bells, 12-18 in. tall, May. They do well in open woods, garden edges and in light shade. Plant 4-6 in. deep.

SPRING GOBLET—
The Crocus.

Inadale And Pylo 4-H Clubs Have Joint Meeting

The Inadale and Pylo 4-H Club held their quarterly meeting Monday at the Inadale community center.

Jimmy Hess called the meeting to order and Larry Schwarz led the pledge and motto. It was decided to continue the quarterly meetings together with boys having charge of one meeting and girls the next.

Two highway patrolmen, Mr. Pat King of Snyder, and Mr. Dan Nowlin of Abilene were present. Mr. Nowlin gave an interesting talk followed by discussion on highway safety.

Homemade ice cream and cookies were served to the following: Ralph Stirl, Bruce Hess, Jerry Wimken, Gary Bowen, Sharon Pieper, Dolores Schwarz, Shirley Stirl, Wilma Stirl, Judy Bollinger, Robert Pieper, Jimmy Hess, Diane Hess, Burton Sander jr., Larry Schwarz, Jerry Wimken, Leon Ward; and visitors, Leonard Kuss, Allen Kuss, Timmy Ince, Larry Parker, Denise Sanderfur, and Sandra Ward.

Adults present were: Mr. Pat King, Mr. Dan Nowlin, Mrs. Helen Bowen, Mr. and Mrs. Doyle Wimken, Mrs. Pat Sanderfur, Mr. and Mrs. Raymond Schwarz, Mr. and Mrs. Arthur Lee Pieper, Mr. Edwin Kuss, Mrs. Hollis Ward, Mr. James Ince, and Mr. and Mrs. Walter Stirl.

Thyme, dry and crumbled or ground, is an excellent seasoning to add to a bread-and-vegetable stuffing for a baked fish.

OPEN HOUSE—Children of Mr. and Mrs. Graham Smith of the Dunn Community honored their parents at an open house Sunday afternoon at their home in honor of the couple's silver wedding anniversary. Hosts were their four sons, Richard of Odessa, Jimmy, Olton and Tony. The couple were married October 27, 1939. Mr. Smith has farmed in the Dunn Community for 25 years. Cut flowers and roses decorated the house. A white floral arrangement and tiered wedding cake adorned the serving table. A silver punch bowl and silver cups emphasized the silver anniversary theme. A host of friends and relatives attended. Assisting in the houseparty were Mrs. Richard Smith of Odessa, Mrs. Jimmy Smith, Miss Nancy Miller, niece of the couple, Mrs. Wayne Glasscock, Mrs. Floyd Glasscock, and Mrs. Zula Miller. (Photo by Craft Studio)

Green Peppers

4 large (1 pound) green peppers
1-3 cup sugar
1-3 cup distilled white vinegar
1 teaspoon salt
6 whole cloves and 6 whole allspice

Wash, quarter and seed peppers; with a swivel - blade vegetable peeler, remove skins. In a saucepan, cover peppers with cold water; bring quickly to a boil; boil 5 minutes and drain. In a small saucepan over low heat, stir together the sugar, vinegar, salt, cloves and allspice until sugar dissolves and mixture is very hot; pour over peppers. Cover and refrigerate overnight.

You may not use all the water chestnuts in a can in a particular dish; in this case cover the remaining chestnuts with cold water, cover and refrigerate.

FLUVANNA CLUB—Members of the Fluvanna Quilting Club met Thursday at the community center for their regular quilting bee. The quilts are quilted after being pieced by various members and then at "family night" activities some lucky person has the pleasure of taking one home. This process has proved to be most enjoyable for the ladies who like to quilt and yet is very rewarding, in creating community relationship.

TO WED—Mrs. Bertha Williamson, 3212 Forty - second Street, announces the engagement of her daughter, Helen Fay Williamson, to Courtney Graham Mellard of Marfa, Texas. Mr. and Mrs. Kenneth G. Mellard of Marfa, are parents of the prospective groom. The couple have set the date of November 28th to exchange vows in the Avenue D Baptist Church at 7 p.m.

AND WE THINK WE'VE GOT WORRIES!

Candidates For Presidency Speak Out On Vital Issues

WASHINGTON (AP) — Here are quotations, issue-by-issue, from the thousands of words that Lyndon B. Johnson and Barry M. Goldwater have addressed to the nation this presidential campaign year:

ROLE OF GOVERNMENT

Johnson — "A responsible government will not turn its back on workers whose jobs have been taken over by machines. Will not gaze into the sky while millions of Americans live in poverty. . .a responsible government is going to put education at the top of our list of unfinished work." (Oct. 15 at Rochester, N.Y.)

Goldwater — "This (Democratic) administration, no matter how you slice it, wants to pass solutions on to the people from Washington. It is Washington-centered, not state-centered. It is bureaucracy-centered, not individual-centered. People generally. . . are coming to recognize the issue involved: free enterprise and balanced government versus a controlled economy and an all-powerful central government." (Oct. 6 at Washington.)

WAR AND PEACE

Goldwater — "The outright lie that I am trigger happy. . . the nuclear thing. 'Goldwater will get us into war,' that's the most damaging thing I have run into. But I think that is being overcome by just people stopping to think that no man, particularly no American, is ever going to push the button." (Oct. 12 at Phoenix, Ariz.)

Johnson — "Peace is the most important issue in this campaign. . . in a world such as this — a nuclear world, thers is no room for bluster and bluff and belligerence. There is room only for courage, intelligence and reason." (Oct. 21 at St. Louis.)

CIVIL RIGHTS

Johnson — "We seek to give every American, of every race and color, his full rights under the law." (Sept. 7 at Detroit.)

Goldwater — "If you ever hear me quoted as favoring the right to associate — without favoring the equally vital right not to associate — look again, because somebody will be kidding you." (Oct. 26 at New York.)

MEDICARE

Goldwater — "The Social Security system is not the way to do it effectively. One sure way to wreck the Social Security system would be to saddle it with unnecessary new burdens, such as medicare. We penalize every aged citizen if we thus bankrupt the system." (July 5 statement to The Associated Press.)

Johnson — "Is it asking too much for this bountiful country to prepare a law so that older folks can face illness when it inevitably comes and face it without the chill foreboding of an empty purse or an inadequate insurance policy?" (AP-April 17 at Washington.)

VIET NAM WAR

Johnson — "We will not be worn down. We will not be driven out. We will not be provoked into rashness. But we will continue to meet aggression with firmness and unprovoked attack with measured reply." (Aug. 12 at New York.)

Goldwater — "If I am elected I intend to come to grips with this vital question. . . The unfortunate fact is that we are at war in South Viet Nam. American boys are fighting and dying in the Asian jungles and it becomes more apparent every day that this administration is drifting — that it has no policy worthy of the name." (Oct. 5, at Washington.)

MORALITY

Goldwater — "Something basic and dangerous is eating away at the morality, dignity, and respect of our citizens — old as well as young, high as well as low. . . When immorality occurs — and you know this from the study of history — it always starts at the top." (Oct. 20 on television.)

Johnson — "The seemingly insurmountable moral issues that we face at home and abroad today can be resolved by men of strong faith and men of brave deeds. . . The identity of private morality and public conscience is. . .deeply rooted in our tradition and constitution." (March 25 at Washington.)

VIOLENCE

Johnson — "We do not, of course, condone violence or taking the law into your own hands, or threatening the health of safety of our people. . .We do not think that the violation of one right or the denial of one right should permit the violation of another right." (April 16 at news conference.)

Goldwater — "The growing menace to personal safety, to life, limb, and property, in homes, churches, playgrounds and places of business, particularly in our great cities, is the mounting concern of every thoughtful citizen. Security from domestic violence, no less than from foreign aggression, is the most elementary and fundamental purpose of any government." (July 14 at San Francisco.)

NUCLEAR CONTROL

Goldwater — "I suggest that the supreme commander of NATO, who is an American officer and probably always will be, have direct command over a NATO nuclear force, trained, ready and equipped, on European soil." (April 14 position statement.)

Johnson — "I believe that the final responsibility for all decisions on nuclear weapons must rest with the civilian head of the government, the president of the United States." (July 24 news conference.)

Expects '65 To Set Auto Sales Record

NEW YORK (AP) — Byron J. Nichols, general manager of Dodge, said today 1965 might be the nation's first 10-million-vehicle sales year.

Nichols, a vice president of Chrysler Corp., said that forecasts of 8 million cars and 1.5 million trucks made for 1965 "are already beginning to appear conservative."

"An improvement over this forecast of slightly more than 5 per cent could give us in 1965 our first 10-million-vehicle year," Nichols told the National Industrial Conference Board's annual marketing conference.

He said a steady flow of credit funds, sweeping model changes and the absence of price boosts will stimulate sales.

TV Transmitter Fails At Big Moment

STOCKHOLM (AP) — The big television transmitter outside Stockholm stopped working Thursday night in the middle of the government television company's 10th anniversary program.

Technicians switched to another transmitter. It broke down also.

"After all," said a viewer at a Stockholm cafe, "we have had nothing but trouble with the equipment during the last 10 years. What is more natural than the anniversary program turning into a big flop."

Junior Editors Quiz on Names

QUESTION: How did people get to be called by different names?

* * *

ANSWER: If we had no names and a teacher could only say "You over there, the boy with the snub nose and three freckles on his right cheek—" the world would be a confusing place to live in. No one knows just how or when names began, but they probably had to do with some personal peculiarity, such as "lightfoot." Many of our first names come from the Bible, and these had meanings, such as John (gracious gift of Yahveh) or Elizabeth (oath of God). The first people to have more than one name are said to have been the Chinese, family names being decreed by the Emperor Fushi around 2852 B.C. In the Middle Ages, in Italy, high-born people began to adopt family names to call attention to their ancestors and show they were different in commonness. But people of more ordinary rank liked the idea too. Our illustration shows how many such family names started, for an expert cooper or carpenter or smith was proud of his trade and decided to have such a word become the last name of his family. Places also became attached to people to become last names of families: a settler built a house on a hilltop and became Mr. Hill, and his children James, Billy, Edna and Mary Hill and so on.

* * *

FOR YOU TO DO: Some dictionaries give lists of the meanings of many first names. See if your name is among them.

(Nancy Hutton of Macon, Mo., wins today's combined prize of Compton's Illustrated Science Dictionary plus $10 cash for this question. Mail yours on a postcard to Junior Editors in care of this newspaper and you may win the weekly grand prize of Compton's Illustrated Encyclopedia.)

POWER that sustains

may be found thru regular church attendance

FALLING LEAVES

...usher in the season of Thanksgiving. The time when white frosts and flaky snows cover the earth. Isaiah 35 speaks of this mirage, but we know the Lord reigneth, and the parched ground shall become a pool as He said. Then, since all must come to judgment and be rewarded according to his personal behavior; and since eternity is so very long ...*it is urgent that we approach, with much concern, our rendezvous with death.* There is no variableness in God's cause nor in His justice. Support His church regularly and worship God every day.

You In The Church
The Church In You

— form a combination for good. Every man, woman and child needs the influence of the church. So, come let us go into the house of the Lord. Let us support her program of service to humanity, be a faithful worker, a daily bible reader and attend services regularly.

COSTUMES were hilarious as the couple seen above at the FHA Halloween party Thursday evening in the High School cafeteria. It was impossible to recognize some of the regalia donned by some couples. They varied from fancy high-brow, satin brocades, hillbilly, to royalty, along with the regular witches, devils and ghosts. A special candlelight service was also presented for the group by some of the club members.

Library Notes

This has been described as the age of the tranquilizer pill. Maybe so. There does seem to be a lot of anxiety and scurrying about Scurry County these days. Everyone should take a little time out for laughter by visiting the Scurry County Library and selecting some of the many books designed to tickle the funny bone.'

Josh Billings, author of comical sayings of the late 19th century, said of laughter, "Laffing iz (sic) the sensation ov (sic) feeling good all over, and showing it principally in one spot." Others will tell you that laughter relieves nervous tensions and aids digestion. Whatever the benefit a good laugh brings everyone should read from time - to - time something to provoke this sensation. Remember — man is the only living creature on the face of the earth capable of this feat.

A treasury of American political humor is to be found in a new book in the library edited by Arthur P. Dudden, "The Assault of Laughter." This rich and varied volume will renew the reader's acquaintance with some of the most famous comic characters in American literature. He can enjoy the best of over a century of humorous writing, widely diverse in tone and representing every band in the political spectrum. Here are liberal helpings from the works of such renowned humorists as Mark Twain, Ring Lardner, Will Rogers, H. L. Menchen and others. The book contains a wealth of material not generally available today and provides vastly entertaining and amusing reading for anyone who is interested in politics and who has a sense of humor. In Twain's words, "Against the assault of laughter nothing can stand."

One of America's most popular contemporary humorists, H Allen Smith, reveals the full range of his talents in his book, "A Short History of Fingers and Other State Papers." Do not be mislead by the book's title. Smith hits his stride here. The title essay shows him to be an historian of some note, although a more hilarious history you will never read. The author also explores the fine points of philosophy, and proves to be a man of science in his own humorous way.

An anthology compiled and edited by Burling Lowrey has been added to the library's nonfiction shelves. This book, "Twentieth Century Parody: American and British," is a collection of parodies of major twentieth century writers and takes the reader on a witty excursion into an art that is one of the most difficult to execute. Executioners are Max Beerbohm, John Riddell, Robert Benchley, James Thurber, Wolcott Gibbs, Richard Mallett and Peter De Vries. The victims of note on whom they yield their weapons range from Conrad to Kerouac. Novelists are fair game, though dramatists, critics and historians come in for a share of devastating attention. The satiric blade is also used on many types of literary endeavor, including the books of adventure, the western and the historical romance.

Gerald Raftery, librarian in a metropolitan junior high school, is a keen observer of the mores of the young. Hilariously and truthfully he writes of the weird costuming, limitless appetities, the slanguage and unbookishness of his youthful patrons. He has a kind word for the teen-age grisly humor. Some readers might be scandalized by the reflected images the written mirror of Raftery shows. Today's teen-ager as described by Raftery will be recognizable to many parents, teachers, librarians, and even teen - agers themselves.

Selections from the writings of Bill Vaughan, a paragrapher for the Kansas City Star, have been compiled into a humorous book titled "Sorry I Stirred It." Mr. Vaughan's incentive for humor stems from the variety that tempts a small boy to snowball a top hat. The boy stands behind a tree, aims, fires and then runs away. The author aims his snowballs at such manifestations of behavior as fund raising, the misuse of language and the novels of suburban sin. He offers suggestions for solving such problems as beer - can litter. He comments on the mania for image making, and various other subjects. His humorous and bitting sarcasm taunts the reader into seeing himself as others may see him.

More truthful and more amus- ing than usual, Elliott Chaze chronicles his losing battles with his wife and children in his book, "Two Roots and a Snake On the Door." This new book is a masculine version of "Please Don't Eat the Daisies." Chaze's book records the appurtances of family life in general with a funny view from the man's side of the fence.

Author of "My Brother Was an Only Child," has come out with a new book, "The Adventures of Huckleberry Hashimoto." Jack Douglas takes off by train, ship, plane and finally jet on a trip to Tahiti, Hawaii and Japan with his Japanese wife, Reiko, and their 17-month old son, Bobby — Huckleberry Hashimoto. The child complicates traveling considerably. Douglas is out to be funny and succeeds. Jack had a nerve - wracking, wallet - thinning time of it.

For those who love cats, Paul Gallico, author, and Suzanne Szasz, photographer, have teamed up to present the feline's view of human slaves. The publication has been translated by Gallico from "The Feline." The new book is titled, "Silent Miaow." Szasz's superb photography completely documents the book. "Silent Miaow" is a guide, telling cats how to win their way in a household, take over the family and achieve control over each of the peculiarly different humans. Included are details of how to select the family; what to look for; how to move in; how to establish total and unquestioned sovereignty over the most comfortable chair or sofa; how to obtain the food of one's choice; how to treat visitors; how to conduct a romance; how to care for and train kittens, and just about everything a self - respecting cat would want to know in order to dominate a household. This is a kittenish approach to human foibles.

Whatever the human attitude may be, there are times when every man needs laughter to add spice to living. Two old quotes often repeated are, "a man isn't poor if he can still laugh," and "The world looks brighter from behind a smile." Let your library help you have more often the expression of the countenance indicating amusement. It may help indigestion, brush cobwebs from a befuddled brain, quiet jangled nerves and ease the old dragged - out feeling. Try it and see.

LYNDON B. JOHNSON

HUBERT H. HUMPHREY

IF YOU VOTE FOR THIS MAN

YOU'RE VOTING TO MAKE THIS MAN PRESIDENT

WHY?

Lyndon Johnson had a serious heart attack in July, 1955. Doctors say that the average life expectancy of a man Johnson's age following such a heart attack is less than 10 years. (Ask your own doctor about this.) Therefore, the medical odds are that if Johnson is elected in 1964, Humphrey will be President before the term expires.

WHAT HUBERT HUMPHREY AND THE ADA WANT TO DO IS ENOUGH TO SCARE THE DAYLIGHTS OUT OF ALL AMERICANS

- SOCIALIZE THE UNITED STATES
- WAGE AND PRICE CONTROL
- RENT CONTROL
- RECOGNIZE RED CHINA
- AID TO COMMUNIST COUNTRIES
- WELCOME CASTRO INTO THE ALLIANCE FOR PROGRESS
- TURN PANAMA CANAL OVER TO UNITED NATIONS
- ABOLISH HOUSE COMMITTEE ON UN-AMERICAN ACTIVITIES

"THE LEFT WING, RADICAL ADA AND THEIR COHORTS STAND FOR EVERYTHING TEXAS DOESN'T."
Governor John Connally in a statewide telecast to Texas voters, May 23, 1962

VOTE FOR BARRY GOLDWATER

IN YOUR HEART, YOU KNOW HE'S RIGHT

(Pol. Adv. — Paid For By Scurry County Republicans)
