THE CRANE

Spanish Night On May 5

VOLUME 21 CRANE, TEXAS TUESDAY, MAY 1, 1951 NUMBER FOURTEEN

MACKAY, MOBBS VALEDICTORIAN, SALUTATORIAN FOR '51

Tomlinson Edges West From Top Of Honor Roll

The four highest ranking students for the fifth six weeks of school with 90 or above are:

Dolores Hooper	92.6
11th Grade	
Bowlus West	94.3
Judy Mathis, sophomore, 31	93.6
Bill Mathes	93.4
Linda Smith	91.3

The four highest ranking students in grade points for this last six weeks are:

Shirley Green, sophomore, 33	94.0
Judy Mathis, sophomore, 31	93.85
Jerry Caskey, freshman, 32	93.20
Joyce Bright, senior, 31	
Sammie Davis, sophomore, 31	

Students with 90 or above on all subjects are:

12th Grade	
Peggy Mobbs	94.0
Jenny Porter	93.85
Jackie Mackey	93.20

11th Grade

Louise Tomlinson	96.3
Bowlus West	95.63

10th Grade

Donnie Tomlinson	95.2
Judy Mathis	95.16
Gene Hester	93.2

9th Grade

Norma Jean Arnold	95.9
Shirley Green	93.16
Helen Lakin	94.4
Judy Glass	94.2
Myra Sue Harrold	94.0
Norma Crittenden	93.2
Louise Sharp	93.2

Seven Crane Exes See Korean Action By Land, Sea, And Air

Many of the Crane High School Exes have been over-defending our free country since the war in Korea started.

Billy Joe Dutton, who graduated in 1949, has been in Korea. He is tail gunner on a B-29 in the Army Air Corps. Bill is home now for 30 days after which he will report to New Mexico for further work.

Stacy Hodges was called in December of this year. He was a junior in CHS and doing fine work. He is in the navy and the last account known, he was in Japan.

C. H. Stevens, US Navy, was a junior in Crane High. He has been in Korea but is now home.

John Heard, a graduate of 1943, is in Japan. John was in the last war and was called back in 1950.

Billy Schoonover is in Japan, being a member of the Army Air Corps. Billy was on the all-district football team which won co-regional in 1948.

Bobby Hollander who was a freshman when last seen in CHS is in the navy in Japan.

Merwyn McCully who went to state in tennis for Crane his senior year of 1948 has been in Korea for quite awhile. He is also in the Navy.

Choral Contest Held In Midland Last Saturday

The Crane High Chorus under the direction of Mrs. Gladys Webb won a second division at the regional contest in Midland this week.

The Choral Club attended the annual Choral Competition Festival held this year in Midland last Saturday. They are in Region VIII.

The group's selections directed by Mrs. Gladys Webb consisted of "Hear the Bells", a round; "Praise the Lord, Ye Heavens Adore Him", and Stephen Foster's "Come Where My Love Lies Dreaming".

The judges were Dr. Frank McKinley from N.T.S.T.C., Robert Bedford from Austin College, Dr. J. Campbell Wray from Southwestern Theological Seminary and Gene Hemmle from Texas Tech.

Tommy Thomas, son of Mr. and Mrs. Brady Thomas, suffered a broken arm in a playground accident Monday. Tommy is in the third grade.

Four Year Averages For Girls Are 92.062, 90.785 Respectively

Jackie Lou Mackey and Peggy Mobbs are valedictorian and salutatorian, respectively, of the Class of '51, according to a report from the principal's office. Over the period of four years Jackie has an average of 92.062 and Peggy has an average of 90.785.

Jackie Lou has been in Crane for three and a half years, coming here during her freshman year. She came here from Ralls, Texas.

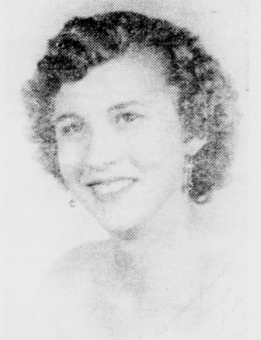

Jackie has kept her high average although she has participated in many activities in school. She has been an active member of the student council three years being secretary this year. She has been secretary-treasurer of the annual staff for two years, is president of the Dramatics Club, this year and is co-editor of "The Crane." She was voted most musical her junior and senior years, and senior class favorite.

In the sports line, Jackie played volleyball three years. She played the part of Abby in the contest play, "Undertow", this year. She was selected on the all-star cast at the district meet for outstanding acting in the play. She is also playing the part of Depression in the Senior Play, "One Mad Night". Jackie received a scholarship medal her junior year for highest in her class for that year.

Jackie is an outstanding person with a well-liked personality. She has blonde hair, green eyes, weighs 133 pounds and is 5 feet and 7 inches tall.

Jackie Lou Mackey

Peggy Mobbs

Seniors Place First In Grade Point Ave.

Below are listed in order the class averages in grade points for the fifth six weeks of school:

1-Seniors	18.76
2-Freshmen	18.26
3-Sophomores	17.27
4-Juniors	16.8
5-8th Grade	16.22

Polio Foundation Works Steadily On Prevention

The tiniest pupil and the highest ranking upperclassman have something in common in Texas, at last.

They are being asked to join little hands with big hands to help out this summer since polio strikes hardest at children of most ages.

The approach to this state-wide effort is "Polio Pointers", a pamphlet sponsored by the National Foundation for Infantile Paralysis which is designed to 1,750,000 Texas pupils and students.

The simple outline tells how every child can help avoid polio by personal cleanliness and by avoiding unnecessary fatigue and other extremes. Emphasis is placed on early detection as a means of reducing, if not altogether avoiding, permanent effects of the disease.

Since Texas has had three disastrous years of polio, having reported 10 percent of the new cases in the entire nation last year, all ages and groups are being enlisted in the precaution effort.

Individuals and organizations interested in the vital movement and wishing to help out should contact their own local NFIP chapters.

This educational program has been approved by the Texas school authorities.

Many Students Busy At Work After School

Quite a number of Crane High students are found hard at work after school is out. These are a few of them:

Billy Glenn works every afternoon and Saturdays at the Crane Food Store Richard High-tower carries groceries at Webbs. Irma Lee McKay works in her father's grocery store in the afternoon and Marvalee Hooper does the same for her parents.

Clayton Cantrell and Arbra Taylor work at Hinnant's Humble Service Station. Henry Cook is found at Plate's Service Station.

Geneva Baker is a carhop at the Malt Shop, and Corky Dickson works at Wacker's.

Bill Clark works for the government cleaning up the post office every morning before school. Donnie Tomlinson is janitor at the Methodist Church and the Eastern Star Hall.

Wanda Caudle helps Mrs. John Clark and Mrs. L. L. Martin several afternoons a week.

Several are baby sitters: Mary Lou Sneed, Martha Cook, and Norma Crittenden. George Thompson is a baby sitter on week nights and works at Huffman's Cleaners on Saturday.

Seniors Set May 11 "One Mad Night"

"One Mad Night" by James Reach, this year's senior play, will be given May 11. It is directed by Frank Rainey.

The action of the entire play takes place in "One Mad Night" and what a crazy night it is! Don Cutter, a playwright, accompanied by Wing, his proverb quoting Chinese valet, goes to the Cutter mansion, a lonely house in the hills, to complete his latest play in peace and quiet.

The house has been deserted for years, a series of mysterious murders having given it the reputation of being haunted. Imagine Don's astonishment when he finds the house tenanted by a number of strange people, including "John Alden" who hunts Indians, Billy Glenn, "Priscilla" who knits, Jenny Porter, "Mr. Hyde" a ferocious villain, Calvin Hazle, and "Lady Macbeth", a victim of Shakespeare, Ora Abrams.

They are lunatics under the care of "Dr. Bunn", Clark Lee Presley, who is in charge. Dr. Bunn's home nearby has burned down. They are really quite harmless, but "Don", John Clark, and "Wing", Ray Knox, don't know this—and the audience will have a riotous time at his discomfort. Among other inmates is "Lucille", a beautiful girl with an amazing story of persecution and intrigue, Lila Kinsey. Like a true Lochinvar, Don is just about to ride to her rescue when his fiancée, "Gertrude Finch", Ellen Walling, and her mother, "Mrs. Finch", Waleska Aput, put in an appearance with their maid, "Depression"—one of the funniest colored characters in years, Jackie Lou Mackey.

From this point everything happens, including talking ghosts, screaming women, disappearing guests and, for a climax, the appearance on the scene of an escaped murderer fleeing for his life. Don succeeds in rescuing the lovely Lucille from a sinister fate only after a series of thrillingly funny escapades. By the time the final curtain falls, the audience will be weak from that "One Mad Night" is the laughter and ready to admit last word in rapid fire hilarity.

Those helping out behind the stage are Don Johnston, lighting effects; Birt Field, sound effects; and Dorothy Ervin, properties.

The play is being produced by special arrangement with Samuel French, Inc., the publishers.

5-8th Grade	16.22

Presley And Hazle Each Win A Second At Journalism Meet

Clark Lee Presley and Calvin Hazle each won a second in news writing and feature writing respectively at the regional journalism meet in Lubbock on Saturday, April 21.

The winners of Class A were Sue Fent of Tahoka and Florence Coffee of Canyon. These two will represent the region at the state meet in Austin on May 5 and 6. The three winning Class A schools were Tahoka, first; Perryton, second; Canyon, third.

First place winners of the five in Class A competition are as follows: news writing, Perryton; feature writing, Pecos; editorial writing, Canyon; copy reading, Levelland, and headline writing, Canyon.

Approximately 30 contestants entered in the Class A division. In Class AA Lubbock and Pampa were high teams. In Class B Dimmitt and Panhandle were winning towns with Beth Smith of White Deer and Patsy Hardin of Dimmitt as the high scorers.

Carroll To Judge Shop Display In Odessa

C. A. Carroll, shop instructor, will be in Crockett Junior High School in Odessa May 4 for an Industrial arts display. Mr. Carroll will be the judge, judging all work for places. The places given will be only first, second, third and fourth. All schools from the surrounding communities will be in Odessa on May 4 for this display.

Shop is still in full swing. The boys are making all sorts of house furnishings such as cedar chests, book cases, end tables, coffee tables and tie racks.

Library Receives New Book Bought With Fines

The library has recently received several new books which were bought with library fines that the students pay. The books are as follows: "Rogue's March" by Maristan Chapman; "The Golden Salamander" by Victor Canning; "Wilders Walk Away" by Herbert Breen; "No Bugles Tonight" by Bruce Lancaster; "The Organdy Cupcakes" by Mary Stolz; "A Good Partner" by Kathrene Pinkerton, and "The Beckoning Door" by Mabel Sreley.

The bulletin board this week was fixed on etiquette since the Junior and Senior Prom is coming up. The board was covered with light blue paper with book covers around it, and a picture of a boy and a girl dancing was in the middle of them. There was a caption made of colored toothpicks on black.

The library rated high on the evaluation program. And Mrs. Elmore wants to thank Mrs. Willis for sending the bouquet of purple and yellow dutch iris for the library.

Mrs. Elsie Waller spent last week end visiting in and around Fort Worth.

Congratulations to Clark Lee Presley and Calvin Hazle for their honors in Lubbock recently.

Everyone was glad to see Lila Kinsey back in school after being out two weeks with a bad case of the mumps.

Only four more school weeks, 14 school days, 144 hours. Yippee.

Old timers say that though the seniors always are glad to finish school by next fall we will long for that nine o'clock bell. I wonder! !!!

What makes everyone so hard to find when a reporter is in a hurry to beat his story deadline.

The seniors very much enjoyed the sunrise breakfast and movie given by Vernon Pettis and B. L. Haley. Even if it was a m.

On a whole the evaluation of the Crane Schools turned out nicely.

Rain! It actually rained last week! Did you smell that wonderful stuff?

The speech department has a new wind machine made by the shop boys.

Several seniors are sporting beautiful new watches as graduation presents.

L. L. Martin's full length portrait by Mrs. John Hays was admired by the students last week. A steady stream of people entered the auditorium all morning.

Seniors Set May 11 "One Mad Night"

"One Mad Night" by James Reach, this year's senior play, will be given May 11. It is directed by Frank Rainey.

The action of the entire play takes place in "One Mad Night" and what a crazy night it is! Don Cutter, a playwright, accompanied by Wing, his proverb quoting Chinese valet, goes to the Cutter mansion, a lonely house in the hills, to complete his latest play in peace and quiet.

The house has been deserted for years, a series of mysterious murders having given it the reputation of being haunted. Imagine Don's astonishment when he finds the house tenanted by a number of strange people, including "John Alden" who hunts Indians, Billy Glenn, "Priscilla" who knits, Jenny Porter, "Mr. Hyde" a ferocious villain, Calvin Hazle, and "Lady Macbeth", a victim of Shakespeare, Ora Abrams.

They are lunatics under the care of "Dr. Bunn", Clark Lee Presley, who is in charge. Dr. Bunn's home nearby has burned down. They are really quite harmless, but "Don", John Clark, and "Wing", Ray Knox, don't know this—and the audience will have a riotous time at his discomfort. Among other inmates is "Lucille", a beautiful girl with an amazing story of persecution and intrigue, Lila Kinsey. Like a true Lochinvar, Don is just about to ride to her rescue when his fiancée, "Gertrude Finch", Ellen Walling, and her mother, "Mrs. Finch", Waleska Aput, put in an appearance with their maid, "Depression"—one of the funniest colored characters in years, Jackie Lou Mackey.

From this point everything happens, including talking ghosts, screaming women, disappearing guests and, for a climax, the appearance on the scene of an escaped murderer fleeing for his life. Don succeeds in rescuing the lovely Lucille from a sinister fate only after a series of thrillingly funny escapades. By the time the final curtain falls, the audience will be weak from that "One Mad Night" is the laughter and ready to admit last word in rapid fire hilarity.

Those helping out behind the stage are Don Johnston, lighting effects; Birt Field, sound effects; and Dorothy Ervin, properties.

The play is being produced by special arrangement with Samuel French, Inc., the publishers.

THE CRANE CREED

To be strong that nothing can disturb his peace of mind. To talk health, happiness and prosperity to every person he meets; to make all his friends feel that there is something in them; to look at the sunny side of everything and make his optimism come true.

To think only of the best; to work only for the best, and to expect only the best.

To be as enthusiastic about the success of others as his own; to forget the mistakes of the past on to the greater achievement of the future.

To give so much time to the improvement of himself that he has no time to criticize others; too strong for fear, and too happy to permit trouble.

YOU ARE A CRANE!

Franks Played; Freedoms Abused

Whose fault is it for the thoughtless prank played on the flag pole last April 25? It was a good prank, but did you ever stop to think that close to a million Americans have died so that Old Glory could fly there with nothing to ever replace it?

In most other countries a person would be punished or even beheaded for such a joke. So why do we do it? Is it just because we are given the freedom we take advantage of it to perform a prank? The flag is the only thing that is supposed to fly on the pole and it is supposed to be protected for that purpose only, yet someone will use it in a joking manner.

Thanks For Evaluation Manners

Congratulations, students, on the way you acted during the evaluation program.

The school received a high rating as a result of your wonderful cooperation and behavior.

When Mr. Nix made the announcement pertaining to the rest rooms, hallways and the auditorium, everyone complied with this request willingly and everything was carried out as the faculty wished.

Let's not make this our Sunday manners, but let's make it an everyday occurrence like the high school students we are.

Be Alert; Stay Alive And Well

Some embryo daredevils contend that they take no chances in driving at high speeds. Their motto is: "That's the other fellow's problem."

It is understandable, then, that the National Foundation for Infantile Paralysis challenges the current tendency to procrastinate.

Specifically, the NFIP is trying to reduce the danger of contracting polio. It's present medium in Texas is an outline of what to do and what not to do. The ready reference is called "Polio Pointers."

The pointers, now being distributed through organizations and individuals, emphasize personal cleanliness and prompt medical attention for minor ailments.

So, don't trust these simple precautions with the other fellow. It is definitely a personal problem; a personal responsibility.

Be alert, stay alive and well. Polio infection, like traffic injuries, may permanently blight one's life.

Don't Miss "One Mad Night"

INTRODUCING

Don Johnston

This week we are introducing Don Johnston, one of our upstanding (and we do mean upstanding as Don is 6 feet 4 inch) seniors.

Don was born in Crane at the Cities Service camp. He later moved to Corpus Christi and stayed five years, then he moved to Robstown and lived until he finished the fourth grade and then came to Crane. At this time he moved to North Carolina and went to the sixth grade, then to South Dakota for the first half of the seventh and to Virginia for the last half. After all this hard work, Don moved back to Crane and had to go through the seventh grade all over. He has been here ever since.

Don's favorite sport is basketball. This is very understandable since he has lettered two years. Some things of interest include his playing of the big bass horn in the band. Don has been in the band for seven years and made a very capable drum major for the last two.

He has a number of favorites such as blue for the color, with Peter Lorre and Betty Grable as the actor and actress. Why Betty Grable, Don? "I like her favorite teacher is Mr. Williams and bookkeeping is the subject he likes best. His favorite pastime is reading and he likes anything that is food.

Don's hobby is keeping his little sister. Imagine!!! He also has a very unusual ambition which is to raise a peanut farm.

After graduating Don plans to enter Hardin-Simmons in Abilene. He already has a scholarship in music and has tried for one in basketball.

As for a good date, Don considers Donna Raybon and said he had his best time in school last year at the senior prom.

Song of the Week

A Penny A Kiss, A Penny A Hug
 I'm gonna save a penny
 Every time I hold you tight
 And we're gonna watch the pennies grow
 I'm gonna save a penny
 Every time we kiss good night
 And darling, when we're married
 We can own a bungalow
 A penny a kiss, a penny a hug
 We're gonna save our pennies in a big brown jug
 A penny a kiss, a penny a hug
 Oh! how rich we're gonna be
 I'm gonna save a penny
 Every time we take a walk
 Add another on a rainy day
 I'm gonna save a penny
 Every time we baby talk
 And darling, when we're married
 We can furnish right away
 I'm gonna save a penny
 Every time I think of you
 Right from morning till I say my Prayers
 I'm gonna save a penny
 For the dream that we do
 And darling, by the time we're married
 We'll be millionaires
 I'm gonna save a penny
 When we're cuddled in a clinch
 Closer than a quarter after three
 With all the savin' that we did
 It's practically a cinch
 That everyone in town'll think
 we own a money tree
 I'm gonna save a penny
 Every time we have a date
 And you're late because you missed the bus
 Till they accumulate
 Why, even Rockefeller will be borrowing from us.

Poet's Corner

SPRING
 Some say that signs of spring are these!
 A robin's song—a warm moist breeze.
 A time for hammocks and feed-down drinks,
 And for putting moth-balls in last year's minks.
 A good, green lawn—a fine warm sun.
 A time when everyone has fun.
 Alas—sigh—sob! When it comes to me,
 MY thoughts are not so funny—free.

FOR
 I must work—and I must slave
 And listen to my teachers rave.
 The air ain't warm—just good and hot
 But my poor grades are certainly not.

The Days cr-e-e-p by the clock
 And I sleep on in study hall,
 Let's go to school from four to twelve—
 Hold classes every night,
 Start school in the early morn and
 Stay till evening's light.
 Do anything! I beg! I plea!
 No hours will be too long for me
 For I'd as soon do anything—
 As to be in school, when it is spring!

INTRODUCING

Doug Boyd

Doug Boyd made an early movement in his life when he moved from Conroe, Texas, to Crane a month after he was born on March 22, 1933.

Doug grew from this month old baby to a handsome boy of 18, with brown hair, brown eyes, weighing 145 pounds, 5 feet 9 inches tall. Doug said on describing himself he might as well go into detail and boldly tell that he wears a size 8 1/2 shoe and 10 1/2 sock.

Doug participated in sports by playing basketball two years and football four years. His favorite sport is basketball.

Working up a large appetite playing this sport he likes to sit down and satisfy his hunger with pork chops, green beans, mashed potatoes with gravy, and devils food cake.

Doug's favorite subject is medium Holden and just any actress.

Doug remarked that his pet peeve was just the same as nearly everyone else, "people who think they are too good."

Doug's favorite subject is mechanical drawing, but when asked his favorite teacher, he remarked, "I've got more sense than to reveal that."

Doug has been following all articles on the Truman-MacArthur debate. He quoted, "I think Truman is wrong, MacArthur is a good general and he has been doing a good job."

Thumbnail Interviews

The question for this paper is a question that is facing our nation at the present time. "Who do you favor in the MacArthur and President Truman feud and why?" Below are some of the answers received from students and teachers.

Bill Clark: I favor MacArthur because he knows the Oriental people better than any other commander in the United States Army.

Wanda LeClaire: I favor MacArthur because the way things are now it is no time to change horses in the middle of the stream.

Sylvia Partin: MacArthur, because I feel like he knows more about military operations than President Truman does, and he has proven himself right more times than President Truman.

Bowlus West: MacArthur, because if the Chinese are going to fight us we should be allowed to strike back and that is what MacArthur did.

Ray Knox: MacArthur, in a way, but it seems to me that even Truman would let him go ahead and get it over with. Truman is trying to keep the war going, and I think anyone has the brain to win the war, MacArthur has.

Mrs. Williams: I believe, more than anyone else, MacArthur's uation over there and I think it would be well to listen to knows the people and the situation.

Calvin Hazle: I definitely think that MacArthur is the man to listen to.

Velma Ruth: I don't think Truman should have been in such a hurry to fire MacArthur.

Mr. Brady Thomas: I think there is no better authority on the Far Eastern question living than MacArthur.

Lena Sherron: I think MacArthur is more suited for that position than that guy, Truman, I say go ahead and get it over with.

Gene Watts: MacArthur, naturally but I don't know what about him.

Mrs. Brady Thomas: I think he should know the Far East better than anyone because he has lived with those people and knows them. But, of course, President Truman hasn't presented his side and MacArthur has.

Clark Lee Presley: MacArthur because I think he should know better than Truman because he has been fighting a war longer than anyone and Truman doesn't know a blasted thing.

Peggy Mobbs: MacArthur, because he was fighting in the war and is watching our boys get killed and Truman gives orders and doesn't know what he is doing. Maybe our war would have ended sooner instead of getting all of our people killed out and then Russia could easily take over our country.

Mr. Patterson: Well, . . . Oh, MacArthur, a soldier of 51 years knew what the disobedience of orders would bring. Perhaps it was political.

Dorothy Hurst: I think Truman made a big mistake.

Loy Taylor: I think he made a mistake when he fired MacArthur.

Fear In Child
 So much of a small child's security is centered on the mother that her absence may cause strong fear reactions. If the mother is to be away, the child should be told in advance.

Woman Sufferage
 Dennis Morgan, screen star, the story about a swank club member walked in and was shocked to see women there the first time.
 "What happened?" he asked club owner.
 "We've decided to allow members to bring their wives in for dinner and dancing once a month was the reply.
 "But that's not fair," complained the member. "I'm not married. Will I be permitted to bring a girl friend?"
 The owner thought for a moment and slowly replied: "If this might be all right, provided the wife of a member!"

SIGNING OFF
MRS. BAXTER DID NOT SAY ANYTHING ELSE!
 In seventeenth century England the people were so interested what well-known individuals shortly before they died that it was virtually a duty of the family the deceased to publish such remarks. Thus, when Richard Baxter, a famous English divine, his wife in 1681, he published "Last Words of Mrs. Baxter," which had a tremendous sale, the publisher decided to cash in on the demand for the late lady's death-bed utterances, and he composed and published "More Last Words of Mrs. Baxter." But the minister who killed its sale with a handbill simply read, "Mrs. Baxter did say anything else!"

Three Worst Things
 A woman was vociferously bawling Aneurin Bevan during England's recent election campaign. The British minister of health stared at her and remarked, "The worst things in life are a friend, meat cooked twice and cackling woman."

In The Flower Bed?
 Frankie caught his cold sleeping next to an open window.
 Well, that's silly. Couldn't he have closed the window?
 It wouldn't have done any good. He was on the outside of the house.

Purple with Wrath
 Shopper—"I was to have met my husband here an hour ago. Did you see him?"
 Floorwalker—"Possibly, mate. What characteristic would serve to distinguish him?"
 Shopper (damey) — "Well, probably is purple by now."

WHAT'S YOURS?
 "You were brought in here drinking," lectured the police sergeant.
 "Thash mighty fine, Sergeant. I pled the culprit. Let's get on with it."

Can't Even Fight In Peace
 Two men were brought before a judge for fighting in the street. "Couldn't this case be settled out of court?" asked the judge.
 "That's what we were doing," answered one of the combatants, "when the cop pinched us."

BEFORE SWINE?
 There was an occasion in the Yale law school class of William Howard Taft when he became annoyed because the class began to fidget and whisper a few minutes before the bell rang.
 "Just a minute, gentlemen," he said. "I have a few pearls to cast."

"Tiger House"

By John Clark

About this time each year, there usually isn't any sporting activities going on; however, some of the boys are playing baseball. This type of baseball is strictly independent with certain age restrictions.

I'm afraid this leaves you girls out except for those of you who like tennis. Speaking of tennis, Mr. Harrison is still teaching tennis after school. It might be a good idea for those of you who want to come out next year to get that extra practice to add to your experience for next year. This little session after school is for the students who just want to learn the game.

How do you fifth period P.E. girls enjoy softball? On almost any pretty day, I see you out by the shop swinging away at the old horsehide.

Mr. Underhill expects to pick up a few games along for his baseball playing boys. I bet there is a brigade of boys coming out. Who knows, these boys might be Babe Ruths and Bob Lemons before many years.

Underhill Coaches Crane Basketball

Spring time is baseball time and a few of our Crane High boys have become interested in it. Floyce Underhill is their coach.

They work out after school and as yet have no games scheduled. At the end of school it goes into the American Legion. This means they will play for the Legion.

Boys participating are Malcolm Garrett, Bill Gray, Doyle Lakin, Doug Dameron, Blackie Russell, Bobby Jack Russell, Carl Davis, Jerry Caskey, and John R. Hayes. There are also a number of grade school boys playing.

Underhill To Direct Summer Activities

Plans are underway for the Floyce Underhill will be in charge.

Smoky Swift has permission to build two croquet courts and one volleyball court.

This program is backed by the county of Crane as well as commissioners. The county will provide buildings, space and finance.

The activities begin June 4 and end August 26 at the community hall headquarters.

Activities included are water activities, baseball, softball, tennis, games and arts or crafts.

Ages ten and under will have facilities from 9 a. m. until 12 noon. Others of school age will control from 2 p. m. until 6 p. m.

The adults and children are invited at night. This will include croquet, volleyball, dominoes, etc.

Each one participating is a part of the success of this program.

C.H.S. Loses Four; Picks Up Only One

Crane High lost four students and only gained one since the ninth day of April.

Don McGee and Glenna Pierce a freshman and eighth grader respectively, moved to Midland and Levelland.

Dessie Brown from the eighth grade left Crane to go to New Mexico. Her exact locality could not be learned.

Jane Cary, also from the 8th grade, had to withdraw because of illness which would not permit her to finish the school year.

Doris Ashley, a junior from Chula Vista, California, was CHS' gain. We are happy to have you, Doris, and we hope you will like it here.

MARTIN IS SPEAKER AT LIONS CONVENTION

Leland L. Martin spoke at the District T2T meeting at Midland, Tuesday, April 24, 1951.

Mr. Martin was accompanied to the meeting by Brady Nix, president of the local Lion's Club.

Mr. Martin's subject was "Building for Tomorrow."

Safety is no accident.

Physical Ed. Program To Feature Frec Play

The boys P. E. program for the last six weeks of school will consist of badminton, tennis, ping pong, volleyball, trampoline and some basketball. They will be free to choose the game they want to play.

Nothing will be said about the games the boys play, as long as they play.

The reason Mr. Haralson has devised this program is to help the boys develop their interests and to help them to learn to like the games they don't care for now.

A few boys will play badminton every day.

It has been the custom of the school every year to excuse the seniors from the last two weeks of P. E. If they are behind in any of their subjects this will give them a chance to catch up. This will pertain to the girls as well as the boys.

P. E. Classes Begin Outdoor Activities

Miss Dorothy Hurst has given her girls' P. E. classes an interesting schedule for the spring activities.

The class plays tennis, softball, volleyball, ping pong and badminton.

The variation causes a wave of interest making P. E. the class to enjoy. There are no stars developed, but it is the beginning of possible sports stars of the future.

The girls have tumbling and inside games when weather prevents outdoor sports.

An enjoyable class makes a person work and work it necessary for good grades. These girls should make all classes as enjoyable and a interesting by liking them.

School Almost Out Calendar Still Full

School may be almost out, but a quick glance at this month's calendar leads us to believe that a few students will have very little time to turn around. Especially the seniors! Here's the calendar:

- April 30—Mrs. O. E. Stevenson reviewed South Pacific for the Study Club and guests.
- May 2—Sul Ross Choir, 2:45 p. m.
- May 5—Senior Prom and banquet.
- May 11—May Pageant.
- May 15—Bingham School of Dance recital.
- May 17—Colored School program.
- May 20—Baccalaureate services.
- May 22 and 23—Final exams.
- May 23—Montilla Studio of Dancing recital.
- May 24—No school.
- May 25—Graduation exercises at 3:15 p. m. in the High school auditorium.
- May 26—Seniors leave for New Orleans.

Seniors Honored With Party Saturday Night

Mrs. L. L. Presley and Mrs. J. E. Clark honored the seniors with a party given Saturday at 8 p. m. The party was held at the community hall.

They danced till 9 p. m. and then played a game called Senior, after Calvin Hazle winning this, they danced a dance called done by placing a potato behind your forehead and hands behind your back. Jackie Lou Mackey and Billy Glenn won this game by keeping their potato from dropping throughout three dances.

The refreshments consisted of cookies, punch and cheese crackers. The favors were little suitcases packed with lifesavers. Seniors 51 was inscribed on the side.

The party broke up about 11:15 and from all reports everyone had a good time.

The Crane school evaluation was a great success according to Dr. A. N. Foster, director of the evaluating program. A complete report in book form will be rendered later this month.

Mrs. C. A. Carroll was gone from Crane Schools April 23-25. She was in Alpine evaluating their school.

Geneva Johnson attended a church convention in Big Spring April 23 and 24.

Grade School

Grade News
Mrs. Browning 7-1
Today, April 25, the Student Council went to Kermit to spend the day. D.H. Culp and Patsy Graham are from our room.

In Geography we have started working on a project. Now we are making a ranch.

We made posters in health and Patsy Graham and Roy Johnson had the best.

Annett Davis came back to school this week. She has been out with the mumps.

Mrs. O'Gwin 7-3
Everyone is puzzled in the seventh grade. Their puzzle is who is going to be King and Queen. Well their question will be answered May 7, the night of the Pageant. The seventh grade girls are going to do a new May dance in the pageant.

The Student Council of the Elementary school is leaving for Kermit to visit their Student Council. Wednesday May 25. Those going in our class are Sandra Russell, President; Sarann West, secretary; representatives, Jim Tom Butler, and Shirley Wallender.

We are happy to welcome back Dianne to class. She was with us during the fall. She is back with us again from Andrews. We hope she will stay with us this time.

Everyone sighed with relief after evaluation was over. But everyone enjoyed themselves. We hope the visitors enjoyed visiting us as much as we enjoyed having them.

Mrs. Beyer's 5-3
We have one new pupil in our room. He is Gary Edmiston from Eunice, New Mexico.

Peggy Owens and John Webb, our Student Council members from our room are going to Kermit today, to visit student council. We hope that they have a good time.

Don Ramsey has been out of school for two weeks with the mumps. We are glad that he is back.

Our room has organized a club. The officers are President Peggy Owens; Vice President Duane Neil; Secretary, Ann Gilstrap; Treasurer, Cindy Scott; Club Reporter, Nancy Wilmoth; Program chairman, the Program Committee are: Jo Gilstrap, John Webb, and Dwayne Parker.

Mrs. Crane's 4-2
We have been studying about Holland in Geography and are going to make a scene. We made a scene of Switzerland, too.

In Health we are making posters of foods that have Starch, Fat, Minerals, and Proteins in them. There are three children in each group in four groups. The first group is finished with their poster.

We have three new boys their names are: Dickie Smith, David Green, and Rudy Archer. David Green has lived in Crane before but moved away and came back again.

Miss Kent 4-1
In our unit in geography we are studying Holland. We have a sand box of Holland, and we also have made posters.

Mrs. Lively's 4-3
Carolyn Brents has stars of anyone in our rooms for making 100 on spelling tests. This week. Her name is Patty Cook, and she came from Snyder.

In language we have been studying poetry and each pupil learned at least one poem.

Several of us have written poems of our own, and we thought Norman's was cute. Here it is:

My Cat
I had a little cat,
He ate a little rat.
The rat was so small,
That my cat ate him all.
My cat is fuzzy and furry
and sweet.
For a housepet he can't be beat!

Norma Horne

Grade News
of Holland.

Tuesday we did some finger painting in English we had to memorize a poem. It was the Ell and the Doormouse. Linda Canon has brought us a lot of pretty roses. Billie Lou Graham and Jimmy Box have gone to Student Council in Kermit. Gail Hunnicutt is out with the measles.

Poem By Woman Praises C.H.S. Band

Rex Wood's grandmother, helped up over Crane High band winning sweepstakes at Monahan's, wrote the following poem to him.

By Mrs. Cora Bell

Congratulations Rex to you and the Crane Band
I'm glad you are working with the best in the land
But you had that talent handed down to you
And I'm thankful you are using it as you should do.

Let me tell you something, I want you to know
That happened a long time ago
Your mother's uncle organized Denton's first band one day
And directed it until they really could play.

Your Grandfather owned a new wagon, I think it was a Bane
And two fat horses George and Lucy by name,
One night they decided to serenade the town
All piled in that wagon and started around.

When the Band started playing, Oh! boy was it fun,
Old George grabbed the bit and started to run
Grandfather threw on the brake, and held the lines tight
But if Lucy had not held back, it could have been a sad flight

Since George could not run, he decided to dance
And went all over town prancing to prance
You ask how long ago, don't think I will tell,
But your Great Uncle was, The Honorable R. H. Bell.

Not all your talent comes from one side,
Not knowing the other I cannot confide
I am sure Dad is your earthly king,
For boy, Oh! boy how that man can sing.

A good lesson all nations could learn from Lucy today,
Stand pat against wrong and join in the affray
Then our boys could stay home, work, or go to school,
Be happy, Serve God, and obey the Golden Rule.

It's Spring; Hearts Turn To Flowers Says Biology Class

Even though the end of the school year is nearly upon us the science classes are still trying to get all of the knowledge they can before the last day.

The general science class has been giving demonstrations on firstaid treatment for drowning and asphyxiation. They have also been applying the tourniquet and splint on fractures and broken bones. The reports on which they have reported are on the treatment of burns and cuts.

In chemistry the students are making food tests and taking up halogens. In the near future they will be making tests on halogens.

Flowers seem to be the biology classes mania lately. The students have been turning in flower collection books. They are going to start taking field trips out with the meases.

Mrs. Gooch donated a hen to the biology class to observe the development of the chicken embryo.

Kay Cox, Ex Crane, Now In May Riverside Activities

Kay Cox, son of Mrs. Inez Cox, has made quite a name for himself at Carter Riverside High School in Fort Worth. Kay is in the graduating class there this year.

Mrs. Cox taught English in the Crane High School two years ago and Kay spent his freshman and sophomore years here. From Crane, Kay and his mother moved to Riverside where they now live.

Not only in school does Kay participate in the activities but in the town also. He is president of the Methodist Youth Fellowship at Riverside Methodist Church.

At school he is sports editor of the Eagle Record and a member of Hi-Y. And on April 19, will mark the initiation of Kay and 18 other new members to the National Honor Society.

Kay goes in for tennis, football and plays softball on the church team.

And incidentally, it has been rumored that Kay is quite a ladies man. All of them like Kay, but as of now he hasn't shown special interest in any one girl.

Sewing Classes Make All Sorts Of Fashions

Since the home economics girls switched to sewing the second semester they have been turning out some very becoming clothes.

The H. E. I girls have just finished their pajamas and started making skirts and blouses.

For the second project of the year, the H. E. II and III have started making dressy dresses. The second year girls are also studying family relations.

The eighth grade girls are now working on skirts and blouses.

All the home economics girls are to be congratulated on the good job they did serving the evaluation visitors coffee, donuts and cokes the three days they were here.

CHS

Miss Dorothy Hurst, high school P. E. teacher, and Peggy Mobbs were in Lubbock over the weekend of April 21.

Mr. Martin and Mr. Nix attended the district T2T meeting of the Lions International in Midland Tuesday, April 24. Mr. Martin was a speaker at the closing luncheon.

Pfc. Ernest Higdon was home April 20 and 21. He is currently stationed at Randolph Field, San Antonio.

Back Sgt. Billy Joe Dutton is now in Crane for a month's leave after two years with the air corps. He is a graduate of the Class of '43 of Crane High. Billy Joe recently completed his 53th mission over the Communists in Korea. He is a left hand gunner on a B-29.

Richard Lightfoot, a new recruit in the U. S. Navy, was home over the weekend of April 20-22. He is stationed in San Diego, Calif.

Evaluation Committee Gives Student Council Helpful Suggestions

The Student Council was interviewed during the evaluation, and many helpful suggestions were given to them by the committee.

The Student Council doesn't get a rating by themselves, but their rating comes under the head of Guidance Program. So the results will come out with the other results of the school.

One of the suggestions was that the school have an activity program.

Many other helpful suggestions were given to help improve the student body's spirit toward the student council and vice-versa.

The Student Council had a meeting last week and appointed a committee to work on the approaching election of officers.

The election takes place in May and the officers are elected by secret ballots of the student body.

Freshmen Lead With Highest Attendance

The attendance for this seventh reading finds the freshmen leading the classes of Crane High School in this order:

The senior class is third with an average of 87.9. For the average of all seven readings, they have a 91.73 which is fourth of all classes.

The junior class is fourth for the seventh reading with a 87.5. They are lagging behind in average of all seven readings with a 91.46.

The sophomore class is second in the seventh reading with a 91.267. They are also second in average of all seven readings with 94.69.

The freshman class is leading in both averages with a 93.72 and a 95.69.

The first reading the eighth grade led with a 99, but have fallen down considerably until they have a 87.1 average for the seventh reading. They have a 92.79 for attendance this whole year which is third among all the classes.

All classes have fallen down in their attendance since the start of school.

BOOK NOOK

For the guidance of travelers revised his useful Mexico, Magnetic Southland and has made to Mexico, Sydney Clark has another valuable contribution to his renowned—

All The Best Series. With this thorough and extensive revision constituting almost a new book, ALL THE BEST IN MEXICO gives up-to-date information about hotels, travel routes and personalities in addition to advice on what things to see, with their history and legends, etc. Since the devaluation of the peso, travel is cheaper and a new budget is estimated in accordance with this change.

ABOUT THE AUTHOR:
Travel writer by profession, Sydney Clark records with unusual freshness not only facts about money, transportation, hotels, etc., but traditions and backgrounds that make cities real and people come alive. His

Readers for whom Sydney Clark's books have become the byword of a successful vacation will know that they can rely upon this experienced author to ensure their seeing all the most important places fortified by pertinent information, interestingly told.

SAYS STATE OFFICIAL

Sportsmanship's On Decline

Sportsmanship especially among athletes fans being on the down grade, seemingly, we are passing on to our readers a splendid article by Dr. Rhea H. Williams, state athletic director. This article is taken from "The Intercollegiate League", April issue.

The recent scandals in college basketball are a natural result of the philosophy which permeates our moral, economic and political mores. An attitude of "anything is all right if you don't get caught" is prevalent in many sections of our national population. In fact it is so common that such a belief is the practice rather than the exception. This writer first noticed such a trend appearing when the pragmatic philosophy of "anything which works or succeeds is good" began to catch on in the early part of the century. Companionate marriage and other similar pseudo practices are based on such a creed. Any philosophy which leaves out moral and ethical values and places all emphasis on "success" regardless of how obtained is bound to fail. The greatest problem facing the American people today is the re-establishing of our moral and ethical character traits which were the bed-rock faith of the founders of this country.

The application of the pragmatic philosophy has resulted in our colleges placing all emphasis on "winning" and has created a false credo that only by having a winning team can

you have a successful season. This type of thinking has led to reckless proselytizing, involving all types of fabulous offers to outstanding high school athletes.

You cannot give an average adolescent boy a car, a complete wardrobe, a summer job for \$600 a month, a monthly guarantee, tuition and incidental expenses, and in many cases his grades, and expect him to maintain a proper sense of balance. It is a distinct compliment to their home environments that 25 per cent of these athletes do maintain their proper balance under such conditions. How can we expect a boy to maintain proper values when everything is given to him? It is difficult for me to reconcile the thinking of the rich alumni who speak out constantly against the government "giving" people this and that, yet who at the same time are giving athletes a "free ride" to their Alma Mater.

Many prospective athletes now accept bids from all colleges and take the highest bid (yes, I know about the NCAA and the Southwest Conference rules on this matter.) How can you be too severe on the boys who have been indoctrinated in the viewpoint of getting all you can for nothing when they are approached on a proposition of reducing the point margin in a basketball game? Keep in mind they are not "throwing" the game, just winning by a smaller margin.

Our high school program is not the result of the above conditions. It is the result of a human being's glorifying practice of the "giving grades" philosophy. The "giving grades" philosophy is a pressure is put on administrators to athletes, many of the outstanding citizens, and one of the best of the worst type of pragmatic philosophy unless it is seen in high moral character traits.

Too long many of our administrators and administrators have turned the high school into a university. Let us from the philosophy all emphasis on "winning" which indoctrinates the credo of "getting nothing" and many cases leave a long psychological result of the "winning" attitude. The philosophy without ethical foundation, our athletic program.

Our high school program is not the result of the above conditions. It is the result of a human being's glorifying practice of the "giving grades" philosophy. The "giving grades" philosophy is a pressure is put on administrators to athletes, many of the outstanding citizens, and one of the best of the worst type of pragmatic philosophy unless it is seen in high moral character traits.
