

AROUND A Town Sights and Faces Seen

Does today seem like Monday to you? A lot of people have been complaining about the same trouble this morning, due to the fact that practically every business on Main Street closed yesterday in observance of Independence Day.

Many farmers were combining wheat, however, and the elevators and implement houses stayed on the job. Quite a few business men also kept plugging away—behind closed doors.

Just had a letter from Old Tack stating that we could have the 16 mm. film which was made on the jaunt he and Jack Lamb took into Canada a couple of years ago.

Speaking of school kids who are working, we want to know how the town got along all fall and winter.

Barbara LeGrand is now working in the Sheriff's office. Lonidene (Martin) Edmonson is doing a real job of bookkeeping at The Brand Office.

Glenn Weir says he used to laugh and kid a lot of old boys about being "Town Farmers"—before he moved on the farm.

Johnnie Estes is a new employee in the City Office. She will assist Miss Mabel Barnhart through the rush season and help prepare the city tax rolls.

John Olson says he knows for sure he will never have another toothache, but adds that he is getting tired of soup since all of his teeth were pulled.

Dairy Subsidy Payments Made for April-June

Dairy subsidy payments for the months of April, May and June are now being made at the county AAA office.

2 More Point Discharges Listed in this County

Among recent point system discharges registered in this county are those of John A. Erdman and Buford B. Fellers.

Erdman, a sergeant at the time of his discharge, was overseas from August, 1942 to May, 1945, and took part in the campaigns of Tunisia, Rome-Arno and Naples-Foggia.

War Years Bring Big Growth To Hereford Area

Maybe Hereford looks much the same to veterans now beginning to arrive from world battlefronts, but statistics paint a sharp picture of changes effected by almost four years of war.

In fact, according to figures the old home town is hardly the same place which Johnny left three or four years ago; and a comparison of statistics shows remarkable changes in nearly every phase of business and community life.

Population Rises No official census has been taken since 1940—but evidently the population has jumped from the 2584 reported in that year; for school enrollment in Hereford has risen from 810 in 1941 to 1,100 in 1944, with correspondingly drastic changes in school procedure to meet the crowded conditions.

And though any new householder who has tried to get water, light and gas connections since the beginning of the war can tell you that the job is no cinch, what with priorities, material shortages, etc.; nevertheless, the number of connections has increased. In 1940, the City of Hereford had 650 water service connections; in 1944 the number had jumped to 746.

On the financial side, Hereford reflects war-time prosperity with an increase of individual bank deposits from \$914,119.70 in January 1940 to \$4,823,382.55 as of Dec. 30, 1944.

Many Still Need To Buy Federal Stamps

The fate to befall 875 Deaf Smith County careless vehicle owners has not yet been decided upon by the collector of the Automobile Use Stamps.

Last year several were fined and were still required to purchase the stamp but Jim Lipscomb, postmaster, said the collector from Amarillo had not decided, when he was here last week, the proper punishment for this year's negligent car owners.

Light Showers Fall Totalling .39 Inch

A total of .39 of an inch of rain fell here during the past few days, resulting in cooler weather but definitely not breaking the long drought.

Table with 2 columns: Day, Rainfall. Saturday Night .04 inch, Sunday Night .05 inch, Monday .30 inch, Total .39 inch.

2 Million Dollar Potato Harvest to Begin Around July 20

Estimating from \$1,500,000 up to \$2,000,000 in potato income for this area, growers and processors said today that some of the best quality and best yields in the history of the Hereford potato deal will probably be recorded this year.

Aussie Shares Chow on Borneo

An Australian soldier shares his canned rations with a native family in Brunel, Borneo. This family is representative of the many poorly fed, ill, and shelterless natives left by the retreating Japs.

Glandon Pleads Guilty of Assault; Mother Releases Custody Small Son

Charles Glandon, Hereford electrician, was given a sentence of 60 days in jail and a fine of \$250 when he pleaded guilty to charges of "Aggravated Assault and Battery" in County Court here Monday.

AAA Announces Three-Year Crop Ins. Program

Work preparatory to the launching of a new government crop insurance program is now in progress at the county AAA office, and F. G. Collier, secretary of the county committee, announced this week that it is hoped to have the sign-up on the insurance program complete by August 31.

Crump Battery is Sold This Week

Announcement of the purchase of Crump Battery & Electric Shop by Olen Parsons, Benjie Harper and O. E. Easley was made this week.

Wheat Loan Rate Announced As \$1.37

The official 1945 wheat loan rate, as announced at the local AAA office last week, is \$1.37 a bushel for both farm and elevator-stored wheat.

Marine and Navy Men Discharged

Two Marines and one boy from the Navy are back home this week with discharges. Vernon Wederbrook from the Marines, is the son of Mr. and Mrs. Pat Wederbrook and Henry Reysne, also from the Marines, is the son of Mrs. Mary Bayne.

Wheat Harvest Goes to Final Lap Next Week

With an estimated 750,000 to 850,000 bushels of wheat harvested this season, grain dealers this week figured that 75 percent of the volume of the 1945 crop has been cut.

General opinion indicated that the crop in this area would be from a million to one and one-fourth million bushels. A large number of producers still have wheat to be harvested, but yields on the remaining acreage was expected to be lighter than the average up to this time.

An average of 10 bushels to the acre was estimated for the county up to the present time. Some yields have been as low as four and five bushels, while a scattered few have reported 25 and 30 bushel yields on summer tilled and irrigated tracts.

The crop this year, when completed with an average three and one-half to four million bushels, is extremely short, due to an extended drought over this territory.

Harvest will likely drag out for some time, probably ending around the middle of July, provided rains do not delay cutting.

Leo Forrest Is New REA Mgr.

Announcing the appointment of Leo Forrest as Project Manager of the Deaf Smith County Electric Cooperative, directors this week said that the appointment became effective June 15.

Mr. Forrest, former superintendent of the Farwell Schools, has been a consumer on the Hereford R. E. A. project since 1941, and is well known over this section.

"We hope for some short extensions," he said, "but they will probably be slow. We expect to sign an engineering contract soon on the 213 miles which were approved before the war.

Two Marine Fliers Injured in Crash

Two unidentified Marine fliers remained unconscious for almost five hours when their twin-engine fighter plane crashed 12 miles northeast of here Wednesday morning.

So Dry... County Has To Water the Fish

The year "1945" may not go down in history as the "driest year this county ever saw"—but it is at least the first time the county ever had to water the fish.

Two Marine Fliers Injured in Crash

The fliers are now reported to be in a Navy hospital at Norman, Okla., after receiving emergency treatment at the Hereford Prisoner of War Camp they were carried to Amarillo and later flown to the Navy base.

Based at Eagle Mountain Lake near Decatur, Texas, the plane was said to have been on a routine flight to Hobbs, N. M., when the accident occurred.

The plane apparently crashed shortly after 2 o'clock Wednesday morning, but was not discovered until around 7 o'clock.

Mrs. E. W. Miller Claimed by Death

Funeral services will be held for Mrs. Everett Miller Friday in the First Baptist Church in Vega at two o'clock.

Mrs. Miller had lived in this community for nearly seven years. She came to Hereford in 1939 as a bride from Maryville, Mo.

Survivors include her husband, E. W. Miller, her young son, Jim Francis, her mother, Mrs. Rosie E. Wallace, Maryville, Mo., five brothers, Harry Wallace, Okla. Wallace, both of Maryville, Ora Wallace, St. Joseph, Mo., Jessie Wallace, Omaha, Neb., Orville Wallace, Tarko, Mo., and two sisters, Mrs. C. McGrew, Stansberry, Mo., and Mrs. Tom Miller, Elkland, Mo.

School Transfers To be Made July

Judge Fred Baird announced this week that all school transfers should be made before July 31.

Transfers should be made for all children who will attend school outside of their home district. This includes children living in the country who will attend high school this year.

County Lags On Series E Quota In Bond Drive; Victory Queens Named

Appealing to residents of this area to purchase an additional \$4,232.50 in Series E Bonds before Saturday, Robert L. Thompson, chairman of the 7th War Loan Drive in Deaf Smith County said today that E bonds purchased this week will be counted on the quota.

The overall quota of \$380,000 has been exceeded by two percent," Thompson said, "with total purchases of \$385,872.96 recorded in the drive.

Victory Queens Named Although Series E purchases continue to count in the county quota, the Victory Queen contest closed Saturday. In the final canvass of votes, Mrs. A. G. Bell was in first place and won the \$100 War Bond.

War Prisoners Face Long Stay

Able-bodied war prisoners will be kept in this country as long as American manpower is not available to replace them in essential work, it was announced this week by the War Department.

An announcement from the office of the provost marshal general stated that 2,800 German and 300 Italian sick and wounded prisoners would be shipped from the U. S. back to Europe, starting this week; and during the summer approximately 8,000 unfit Germans will be returned to Europe.

There were 421,291 Germans and Italians held in this country on June 1, the announcement stated. For the balance of the year, 224,700 will be kept for work on military and naval installations and 155,000 will be assigned to civilian duties during the peak of the agricultural season.

After January 1, there will probably be no need for prisoner labor, and their return to Europe will depend on labor requirements here, availability of accommodations in Europe and availability of shipping.

## Do You Remember?

**JULY 7, 1905**  
The young people are very happy with an invitation to go to Mrs. W. B. Robinsons' for an evening's social pastime for they are permitted such ease and freedom in their pleasures that their oft-given verdict is that they have more splendid times than anywhere. On the evening of the Fourth quite a pleasant time was spent with the Misses Robinson in the indulgence of games that the young ever enjoy and in listening to many inspiring piano numbers. . . . Those present were Misses Elzie and Carmine Coston, Audrey Argo, Pearl Reid, Lora Guinn, Bertha Dameron, Estelle Patton, Julia Greer, Irma Gough, Mamie Innon, Ingles Giles and Sallie Wright; Messrs. Edgar Innon, Leon Gough, Lester Guinn, Lewis Hubbard, Payne Gilliland, Willie Smith, Clyde Ricketts, Ashby Green, Walter Palmer, Floyd Elliston, Walter Dunlap; Miss Maude Miller and Mr. and Mrs. Fred Johnston.

**TOLEDO, OHIO**—One of the most remarkable flights ever made in an airship was performed June 30 by A. R. Knabenshue, who sailed through the air a distance of three miles, landed on the top of a ten-story office building in 25 minutes from the time of starting and then returned to the depot from which he started.

Born to Mr. and Mrs. Troy Womble on the 23 of July, a fine girl.

Ross W. Davis this week tendered his resignation as assistant cashier of the Western National Bank and will embark in the cattle business, he having leased Dr. Barton's five-section ranch north of town.

**JULY 9, 1925**  
The Sperm Williams ranch, 16 miles northwest of Hereford, is to be surveyed immediately, cut up into 160-acre tracts and sold to homeseekers. The ranch contains 2560 acres of rich pasture land and is too valuable to be used for grazing any longer.

Several little friends of Florence Boardman met at her home Saturday July 4, in honor of her birthday. Present were David and Nannie Jo Haymes, Patricia and Jack Wederbrook, Katherine Miller, Elizabeth Ireland and Herbert, Jr., and Florence Boardman.

Gaylord Newell returned Sunday from Canadian where he had been visiting his aunt, Mrs. W. J. Todd, the past few weeks.

The Trinity University Male Quartet will appear at the Sunday evening service at the local Presbyterian Church. . . . Charles Dickey, baritone and leader of the quartet, is president of the Trinity Student Body and an outstanding member of the Tiger football team.

Zane Grey's "The Thundering Herd," with Jack Holt, Lois Wilson, Raymond Hatton and Noah Beery, was the feature at The Star on July 8 and 9. Theatre prices were 25 and 50 cents.

### Insurance

Every four minutes of the night and day, one American home goes up in smoke! And, every two minutes, fire destroys or damages some place of business or other non-dwelling property! Are YOU adequately protected if fire sweeps your home, your furnishings, your business property? Is your insurance coverage sufficient to meet the loss? Is ALL your property included? Have you examined your insurance policies to make sure you have the protection you think you have?

# WHY SAVE?

## THIS IS WARTIME

A dollar looks the same as it did before the war, but it is not the same. Here are five things it cannot do:

1. It can't help buy a new car now.
2. It can't help buy a new radio now.
3. It can't help buy a new home now.
4. It can't buy the quantity it did before.
5. It can't buy the quality it will later.

But you can make this wartime dollar do these things easier by just saving it. Plan your spending and plan your saving. And saving means buying War Bonds regularly and putting money in the bank for emergencies.

### Refrigerator Freezing Saves Garden Surplus

If garden peas, greens or beans get a little ahead of family appetites now and then, a small quantity may be held a few days in the freezing compartment of the home refrig-

erator, according to Miss Sadie Lee Oliver, county home demonstration agent, who says that the method has been tested by household specialists of the U. S. Department of Agriculture. For finest eating quality, garden vegetables must be gathered when they reach just the right stage of maturity and tenderness. Left in the garden

beyond this stage they lose flavor and food value and become tough. Gardeners will want to pick all vegetables when they are just right, even if there are more than the family can use on that day. The extras may be frozen and kept in the refrigerator for meals a few days ahead.

Wash and prepare vegetables as for cooking. Blanch in boiling water the length of time recommended for freezing in lockers. Then cool, drain and pack the vegetable in refrigerator trays that have been lined with waxed paper. Cut the paper large enough so that all four sides will fold over the food and tuck down securely at the edges. Place in the freezing compartment of the refrigerator.

Vegetables frozen this way will be ready to cook in just a few minutes. Never try to hold them longer than a week in the refrigerator.

### CARD OF THANKS

# Streis's Diary

Dear Diary:

I'll be able to keep you in five-year form now—just received some beautiful leather covered Five-Year Diaries in various colors. In the same shipment we received some tooled leather backed guest books—snapshot books—telephone memo books—and big scrap books—and an assortment of waste baskets to match—you should see them.

The girls went into raptures the other day when we unpacked some of those most beautiful Character Dolls—two sizes—and an assortment of characters—they look pre-war—but are priced post-war. You should see—and feel those new lovable, cuddly, soft, huggable, pets for children (so it says on the advertising material). That's the new washable "Furtoy" creations—and I believe they are all the makers claim. Priced \$6.50 and up.

Almost forgot... Saturday brought us a shipment of native California dishes—services for eight or six.

Good news today—the strike which has tied up the shipping

department of one of our largest suppliers has been settled, and we believe we will be getting in a lot of things we have been out of for some time.

Just talked with Amarillo, and we will have a shipment of some 10 or 15 dozen potato baskets—the half-bushel variety, but better than none—better get your order in before they are all gone.

Folks have been wanting to give me orders for washing machines, radios, electric irons, refrigerators, and other electrical appliances, but at the present, I can't make deliveries of any of these in the near future—there things in the near future—there is lots of talk and lots of advertising about who will make what—but nothing upon which one can place an order and expect delivery at any specific time—so we will just ask folks to be patient—and rest assured that when things are available we will have the bestest, firstest, and mostest.

So long, diary, for now—got to mark up some of that good Padgett leather goods.

STREIS.

Waste baskets can be both attractive and useful!

These are made of bathosite covered wood Venetian blind slats, and are an interesting addition to any room.

Have a basket in every room—and do away with shabby looking paper plates, that piece of waste paper!

# THIS WEEK... AT THE USO

Even rain doesn't stop the USO from having a picnic when one is on the program. On Monday night about twenty people went out to the Clubhouse and

had all the fried chicken they could eat. Those who thought there would be no picnic missed out. After eating they went into the club house and played games and danced and had a general good time. Next week is the usual time for an orchestra dance but—it will be a nickelodeon one at the Clubhouse at 8:30. Everybody out. Captain Adams has promised

transportation for all events this month—and we are hoping for a good crowd at everything. We are missing the men who were shipped out last week and are gradually getting acquainted with the new ones who came in from other camps. We are sorry that we have to report "no apartments" so often. We wish the Chamber of Commerce would put up a big apartment building (with 3 and four room apartments and no bars to couples with families. Or if they could persuade someone to put in another Hotel in Hereford. Saturday we had three soldiers or more who wanted to stay in town just over-night and there were no rooms at the hotels. We were lucky enough to find rooms in private homes for them and we do appreciate the people who open their homes to them.

someplace else to come in on Tuesday and meet the other service wives. We really have a good time and would be happy to have more meet with us. The interest in shell work continues. A number of Hereford people are taking advantage of the opportunity and making costume jewelry. Some really beautiful things are being made:

BY MRS. O. ANDREWS

C. D. Dodson visited his relatives, the Robbins from Thursday until Saturday. He was enroute from Tenn., where he has been visiting his family, to San Bernardino, Calif., where he is employed.

Messrs Roberts and Stanford of Littlefield are working through harvest in this locality. Mr. Roberts is a brother of Mrs. Robert Simpson. Miss Wilma Roberson of Wyche, spent the week end with Miss Lyla Robbins. The Lindsleys visited her parents, the Greensons near Friona on Sunday. They all attended the funeral of Mr. Gilmore at Friona Sunday afternoon.

Mrs. Harlin and Mrs. Geo. Cameron, of Hereford spent Thursday visiting the Mobleys. Austin Mobley spent Saturday night with Doyle Hutchens of Dimmitt. They were classmates in Dimmitt High and Doyle is home on furlough from the army.

Mr. and Mrs. R. A. Gilliam of San Angelo spent the first of this week with relatives here. Mrs. Gilliam is a sister of Mrs. A. T. Jones, Mrs. T. L. Sparkman, Jr., and W. A. Springer. Relatives gathered on Sunday at the home of another brother, J. E. Springer, near Hereford.

Mr. and Mrs. Chas. King and Jerry and Arthur Wayne Fields, all of Amarillo spent Sunday with Mrs. King's parents, the J. E. Andrews. Jerry remained for a longer visit. Club meets Friday July 13, with Mrs. H. F. Benson. Mrs. Joe Benson and daughter of Dimmitt and Mr. and Mrs. Elbert Summers of Hart, were present for the Springer family gathering Sunday.

## Westway

By MRS. MERLIN KAUL

The wind and dust last Tuesday and Wednesday made us think that March had come to June. Harvesters all agree that it was a bad day to work. A few scattered showers fell Monday. Most of the harvesting here has been completed.

Mrs. Vera Mae Brabham left last week for Mississippi where she will visit relatives. Rev. and Mrs. T. J. Billbrey of Plainview and the Merlin Kaul family were dinner guests Sunday in the Joe Landers home.

John David Bryant of Hereford is spending a few days in the Steve Williams home. M-Sgt. Erman Campbell returned to Breckenridge Friday after spending a week here with relatives and friends.

Amarillo visitors last week included Mrs. Grady Wilson, Mrs. Hughes Millard, Mrs. Elvin Wilson, Mrs. Ralph Johnson, Mr. and Mrs. Carl Schroeder and family, Mrs. Vera Mae Brabham, S-Sgt. Erman Campbell.

Among those attending the Rodeo at Amarillo the first of the week were Mr. and Mrs. Paul Rudd, Harold and Homer, E. H. Little and John Kalka. Mrs. Leland McMurray and son are spending several days with Pvt. Leland McMurray at Brownwood.

Mr. and Mrs. Elvin Wilson are staying at the Grady Wilson home and helping with harvest. Mr. and Mrs. Roy Boyd and family of Hereford and the Sr. Mr. Boyd were visitors Sunday of the Robert Boyd family.

## ODT Sets Five-Day Limit on Reservations

The Office of Defense Transportation last week placed a five-day limit on reservations on passenger trains.

The new limit which becomes effective at midnight tonight replaces the present 30-day advance limit.

Director J. Monroe Johnson said the action was taken to "assure the maximum utilization of space now available to civilians as the result of greatly increased demand for military transportation."

Primary purpose of the order is to discourage vacationers planning to make trips by rail. Under the five-day limit, for example, vacationers cannot be assured that space will be available for return trips. The action does not cancel reservations already made.

## Coal Users Urged To Buy Supply Now.

All coal users in Deaf Smith County were urged this week to buy coal immediately for the coming winter because of the shortage of coal and the likelihood of an even greater shortage in the months to come.

A letter received by Mayor E. S. Ireland issues the following specific requests:

1. Buy immediately and store carefully as much of your winter's supply of coal as your dealer can offer.
2. Take your dealer's advice. Accept the types and sizes he offers at the time he offers them. Don't hold out for the exact kind you've always used if it is not immediately available.
3. Prepare now to conserve coal next winter—Stop every heat leak—Clean and repair stoves and furnaces—Install insulation, storm windows and doors, weather stripping.
4. Learn from your dealer the latest scientific methods of getting more heat from less coal.

As explained by the govern-

ment, if the demand for coal holds up during the summer months, it will be possible to keep the mines working full time and thus help avoid a serious coal shortage next winter.

You haven't had a real hang-over until you can't stand the noise of the Bromo-Seltzer.

Pharmacists, like physicians, take an oath of allegiance to the ethics of their profession. On our oath, in every prescription we fill, we uphold our pledge and the duties it imposes on us in the dispensing of medicine and in our relations with the customer. **Helen Snyder Reports For Duty at Pearl Harbor**

PEARL HARBOR, T. H.—Miss Helen A. Snyder of Hereford is a member of a group of six WAVES from Texas who have reported for duty in the Hawaiian Islands.

Miss Snyder, specialist first class, is a daughter of Mr. and Mrs. Glenn Snyder of Hereford. She obtained her bachelor of science degree from Texas State College for Women in Denton and was teaching in Orange when she joined the WAVES in March, 1943. Before reporting here, she was stationed at the naval training school for yeomen in Stillwater, Okla.

**Paetzold Sisters Stay Together for Four Years in Nurse Corps**

The story of the Paetzold sisters is one so rare for the army that it was written for the Fort Worth Star Telegram by their correspondent in the Pacific theatre, Sam Kinch. Kinch states his surprise that sisters could be together four years in the Nurse Corps.

1st Lts. Alma and Margaret Paetzold are daughters of Mr. and Mrs. J. M. Paetzold. Both trained at St. Anthony's Hospital in Amarillo, and Margaret graduated in 1938 and went to work in a Littlefield hospital. Alma finished in 1939 and began work in the Deaf Smith Co. Hospital. The girls entered the army together and were sent to Ft. Bliss Station Hospital. They went overseas in February, 1943.

They were together from Australia to Milne Bay to Blak and then at Leyte for the invasion when they served with the 133rd Field Hospital. The only time that they were separated for even a short time was when they were on different planes

going to Luzon in a group of nurses chosen to go into a combat area—the Battle of Manila which they described in a recent letter to their parents.

They stayed together through the dark hours that the battle raged over Bilibid prison. The girls were also in Santo Tomas under fire and both escaped unharmed but had several close calls such as the time when Alma was caring for an aged priest when he was killed by gunfire.

They worked with the 5th Field Hospital and then in the 64th Evacuation, 80th General and now are with the 49th General.

With summer at hand, those barbed-wire dresses are here again . . . the kind that protects the property without obstructing the view.

## LOONEY LUKE (HE GETS IDEAS) By GEORGE

## Pretty Girls, Big Turnips, Fine Teeth... And Now It's Cutest Kids

By Mrs. John McLean

Hereford has laid claim to many things of advantage during the past fifty years or so but a good many changes have taken place during those years. In 1908-10 and on through to 1918 Hereford was noted for its pretty girls. For miles around there just wasn't any place where the young women could hold a candle to the Hereford beauties. Traveling salesmen vouched for that fact all up and down the Santa Fe. Then when the depression came and Hereford was hard hit by both the drought and economic conditions, it gradually became evident that no place on earth could boast of so great an effort at a come-back. Then Hereford began to grow the biggest things; all kinds of food stuff appeared in larger sizes, even huge and then it was discovered that this same food contained extra vitamins, all of it good for what ails folks, and then Dr. G. W. Heard found out

about what these foods do for teeth. That was given national recognition. Then when war came and soldiers were sent to the camp here they didn't believe some of this self advertisement that was going around and that got in the papers elsewhere, but now the soldiers are so taken with Hereford that they don't want to leave. The unusual part about all this is the fact that almost without exception all these claims were made first by outsiders, and they are all true. Now Hereford can boast of another thing. Surely nowhere else in the world are there so many beautiful babies and cute youngsters. You can't go down the street without stopping to notice them. There are dozens and dozens of them from six months to four years that make you stop just to look at them. There probably is no way of knowing why this is true, whether it may be in the food

## City Uses Over Million Gallons Of Water Daily

Pointing out that the City of Hereford is still faced with the possibility of an acute water shortage this summer, E. S. Ireland, mayor said today that several times during the past week water consumption through the city mains amounted to more than 1,250,000 gallons daily.

"The water supply is entirely adequate," Mr. Ireland pointed out, adding "the fault lies in worn booster pumps and old equipment. A new booster pump has been ordered, but delivery was held up because of war contracts."

Recent correspondence indicated that the new pump should have been shipped last week. Mr. Ireland again asked cooperation of the public in turning off all hoses and water faucets each time the fire whistle sounds.

"This will help to keep water in the tank for fire emergencies," he said. "If the tower should run dry during a fire the result could be disastrous."

Due to the shortage of materials city officials were also pessimistic over the possibility of completing the proposed extension on the water and sewerage works in time to help the situation this summer.

Some men have to look out for a wife and three kids; others just have to look out for the wife.

or water or whether the climate here is just right or what, but the fact remains that the town is running over with beautiful, healthy, well dressed and eye-catching youngsters. Counting them would soon run into work.

It may be that story that is going the rounds about the man who overheard his son ask a stranger where he was from, admonished "Don't do that again!"

"If a man is from Texas he'll tell you. If he's not don't embarrass him by asking," will apply to Hereford in that Hereford's special attributes of quality are soon absorbed by its citizens and no flag waving is necessary to tell where they live.

## A GOOD TAX PAYING CITIZEN WHEREVER WE SERVE!

There is only one place from which money can come to support our government, schools and the government services. It must come in the form of taxes.

Our taxes, along with yours, are helping to win the war, too. Taxes are as necessary as the things they buy—and we are glad to contribute our share as an American citizen who enjoys the securities and privileges of this great country.

## AUXILIARY HOLDS GROUP SESSIONS

Group sessions of the Woman's Auxiliary of the Presbyterian Church were held at homes of members Tuesday.

Group One met with Mrs. John Haber. Mrs. Lee Conklin and Mrs. Hugh Witherspoon gave the Bible program with Mrs. John Olson in charge of the devotional lesson and the year book of prayer.

Group Two was entertained in the home of Mrs. O. G. Calhoun with Mrs. E. H. Norton conducting the Bible lesson. Mrs. Mary Bodkin gave the devotional program and Mrs. H. L. Broadwell was in charge of the yearbook of prayer.

Group Three was entertained at an early morning breakfast at the home of Mrs. Duce Bivins. The program was devoted entirely to a devotional lesson conducted by Mrs. Clay Ridgway.

## CLASS TEACHER IS COMPLIMENTED

Mrs. J. B. Harlin, teacher of the Phebean Class of the First Baptist Church, was complimented with a party at the home of Mr. and Mrs. Buck Richardson Thursday night. The occasion celebrated Mrs. Harlin's birthday and a birthday cake was featured in colors of pink and white. A gift was presented to the honoree from members of the class. "Forty-two" games furnished the evening's entertainment.

Those attending were Mr. and Mrs. Jimmie Allred, Mr. and Mrs. W. P. Osborne, Mr. and Mrs. Travis Caraway, Mr. and Mrs. T. E. Lindley, Mr. and Mrs. Carlos Anderson, Mrs. James C. Mercer, Mrs. A. O. Thompson, Mrs. Clarence Schultz, Mrs. Jason Luck, the honoree, Mr. Harlin and the hosts.

Miss Johnnie Wilson of Amarillo spent Friday and Saturday with Ruth Tucker. Ruth returned to Amarillo Sunday with Johnnie.

## GET-TOGETHER HONORS THREE SERVICE MEN

Three returned soldiers were complimented Thursday evening at a backyard supper party at the home of Mr. and Mrs. L. H. Shore.

The honor guests were Lt. Wm. H. Shore of Amarillo, a nephew of Mr. and Mrs. Shore, who has just returned from Europe where he was a prisoner of war in Germany and Lt. R. L. Dowell Jr. who has also recently returned after being held a prisoner in Germany. The two lieutenants were in camps only a hundred yards apart but had no way of knowing about it. The third honoree was D. C. Laird Jr.-C. S. K. who arrived home last week after spending the past 21 months overseas.

Those enjoying the get-together were: Mr. and Mrs. R. L. Dowell Sr., Mr. and Mrs. Bartley Dowell, Mrs. Seth B. Holman, Mr. and Mrs. H. C. Barid, Mrs. D. C. Laird of Kilgore, Mrs. L. R. Bradley, Mr. and Mrs. Doyle Rose, Mr. and Mrs. Jack Rose, Mrs. Aaron Rose and daughter, Sybil of Kermit, Wes Bradley, Mrs. Bud Bradley, Mrs. R. L. Dowell Jr., Mrs. D. C. Laird Jr., the honorees and the hosts.

## LITTLE ANNETTE GOULD HONORED ON BIRTHDAY

Little Miss Annette Gould of Amarillo was complimented Tuesday afternoon when Mrs. Burl France, whom she is visiting, entertained with a party in honor of her third birthday. After the group assembled pictures were taken and later various kinds of games were played.

Those attending were Ann and Kay Caraway, Gary Tannahill, Sheryl Patterson, Jimmie Conkright, Suzy Elliston, Norman Bookout, Linda West, Marsha Jean and Peggy Ann Aiken, Sybil Ann Davis, Billie Jo Hudspeth, Mary Sue Andrews, Janyth Smith of Fort Worth, niece of Mrs. France, and the little honoree.

## Home Demonstration Club Activities

### Bippus Club

Bippus Home Demonstration Club met in the home of Mrs. C. F. Rickels last week.

After roll call cup towels were shown that had been prepared for Boy's Ranch. Members voted to discontinue meetings through July and August.

A refreshment plate was served to Mesdames Richard Evans, Elmo Pinnell, Clinton Homfeldt, Raymond Sevier of El Paso, Wheatley of Whitedeer, George Bippus, Miss Alta Mae Fortenberry and the hostess.

## DEKONYA GROUP HOLDS MEETING

The charter and membership cards were presented at the Dekonya Camp Fire Girls meeting held at the court house Thursday afternoon.

Reports on ranks earned were given and members voted to change the time of meeting to 4 o'clock from the previous time of 5 o'clock.

Members present were June Marie Franklin, Joyce Harlow, Kay Malone, Joyce Potter, Barbara Ann Smith, Lola Verne Pitts, Betty Wester, Julia Conklin and Alberta Higgins.

## Hereford Children Like Life at Corsicana Home

Frankie, Bobby, Mary Lee and Jodie Fore, who entered the State Home for Children at Corsicana on Apr. 8, are getting adjusted to the routine and like the place very much, according to a letter written by 13-year-old Frankie to friends here last week.

Frankie graduated from the 8th grade at the Corsicana school last week and said that she and her brothers and sisters were looking forward to a trip to summer camp.

## Melvin Allen in Hospital

Melvin Allen, who had been suffering for some time past from a bone ailment in one of his legs, was taken to the Memorial Hospital at Clovis last week where the entire limb was amputated close to the body, in an effort to keep the malady from spreading to other bones and portions of his body.

**BEGINNERS:** Supt., Mrs. Jimmie Hays, Mrs. C. H. Graham; Mrs. Virginia Loflin.

A cordial invitation to attend this school is extended to all children of the town and community, who are under sixteen years of age.

## Locker Extended By Twelve Feet

When it came to installing the insulation and equipment for the building that will house the Friona Locker Company plant, the proprietors, A. A. and Wilmot Crow, found it necessary to build a 12-foot addition to the east end of their building.

Workmen will soon have the additional room completed and the work of insulating the building, which was to have begun, Monday, will begin within a few more days.

Kincaids Visit the J. B. Ellistons Sgt. and Mrs. Dallas Kincaid are this week visiting Mr. and Mrs. Buryl Elliston and Mrs. F. B. Elliston. Kincaid recently returned to the states after a long stretch in New Guinea, where he was "bunk-buddy" with F. B. Elliston and stopped over in Hereford to visit the wife and parents of his friend. After leaving here, the Kincaids will go to Wenatchi, where they plan to visit his father.

Mrs. S. B. Walker, Mrs. Cissel, and Mrs. Jack McClary of Amarillo were visiting here Monday.

# A New "House of Magic" for Postwar America

"...one of the strongest guarantees of progress and world peace is continuous scientific preparedness through industrial research."

General Electric has approved plans for a new \$8,000,000 Research Laboratory. This expenditure has tremendous significance. Scientific research has contributed much to our progress as a nation.

"Many things have been discovered during this war, and we can and must develop them into better things for peacetime.

"Today we have 550 research people on our staff. These new facilities will not only give increased outlet for their abilities, but will provide opportunities for new research minds with new talents.

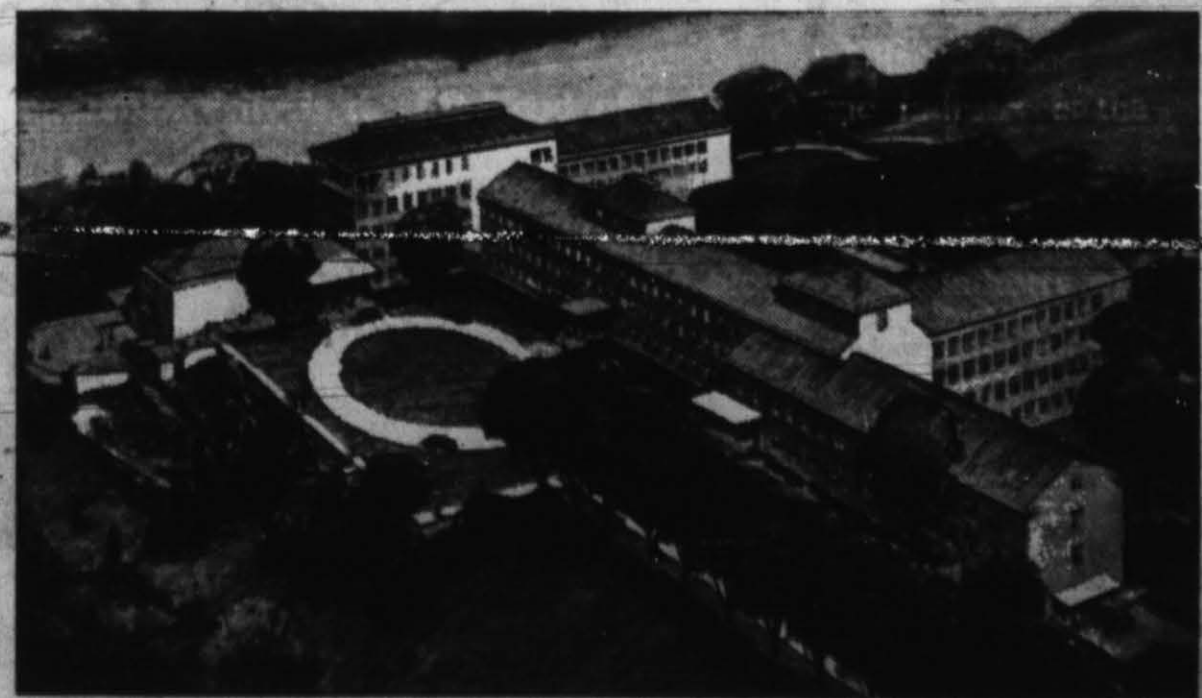

"From this new laboratory we think new achievements will come. In the past, G-E research has contributed much to better living in America—not only through new developments in x-ray,

electricity, metallurgy, electronics and chemistry, but also through reduced cost and increased efficiency, as in the modern incandescent lamp.

"Even more than in the past the laboratory will emphasize research in pure science—continuing and expanding the work begun by Dr. Whitney and the late Dr. Steinmetz forty-five years ago.

"To find new facts of the physical world, to extend the limits of knowledge, is a forward step in creating More Goods for More People at Less Cost."

*W. E. Brown*

GENERAL ELECTRIC COMPANY

New \$8-million-dollar G-E Research Laboratory will be built five miles east of Schenectady, New York, on the Mohawk River. The geographic location offers special advantages for television, high voltage x-ray, and radar research. Buildings with 300,000 square

feet of floor space will accommodate an expanded post-war research staff of about 500. Research rooms will be a scientist's paradise of equipment for experiments in chemistry, physics, mechanics, electronics. It is hoped that construction can start in six months.

## Night Shift ON THE FOOD FRONT

## THEY DID IT BEFORE— THEY CAN DO IT AGAIN

With Farmall Tractor Power

Throughout the Spring, from the Rockies to the Atlantic seaboard, worried farmers searched the skies for signs of clear weather, but the cold rains fell relentlessly.

For more than a month the seed should have been germinating in the warm soil. Millions of acres lay unplanted because the ground was too wet for preparation of the seed bed and too cold for germination of the seed.

Only a generation ago there could have been but one outcome—crop shortage and food scarcity. Nature allows scant time for planting when the warm sun waits till late May or June before drying the soggy soil. Horses are too slow and tire too quickly to get the job done then.

But the farmers remember May of 1943—only two years ago—when their fast, untiring tractors averted crop failure. Then, too, rains flooded the fields and the month was all but spent before they could go in on the land and plant.

In 1943, most farmers drove their tractors

from dark to dark, and longer. Many planted around the clock, working in two or three shifts. They made one of the greatest crops in history.

In today's war-torn world—with hunger and disease already stalking many peoples—even one major crop failure could bring famine. This is why the sound of tractors and planting machinery was heard, day and night, from the Plains states to the Eastern seaboard—why headlights stabbed the darkness over the fields.

America's farmers are doing it again, in spite of an unprecedented combination of adverse circumstances—bad weather, shortages of machines and shortages of manpower. For the second time in three years, they are relying upon their tractor-powered machines to help rescue large areas of the world from catastrophe. More of these tractors are products of International Harvester than of any other company.

Souvenirs from the battle of Germany are beginning to arrive in Hereford in quantity, and Mr. and Mrs. Henry Hellman last week received a box containing two German officer's sabres, a bayonet and other military equipment, sent by their son, Cpl. Leo Hellman.

Cpl. Hellman is a member of the 90th Division of the Third Army.

## Liberated Prisoners Beg

### For Scraps of G. I. Food

A vivid picture of conditions in Germany is painted by Pfc. Frank E. Simmons, member of an artillery outfit of the 7th Army and now stationed near Wolftratshausen, a town near which a slave labor camp was formerly located.

Liberated civilians roam the countryside, Pvt. Simmons writes, and they beg for scraps from the American's mess kits. As he describes it: "I was half ashamed to eat when they were so hungry, but there were so many and we could have fed only a few, even if we gave them everything we had."

The Allied Military Government is setting up soup kitchens, Simmons says, and the food situation is improving; but in the meantime hunger is still severe and he describes seeing a dead horse by a roadside one day and three days later passing by the same spot, seeing nothing left of the horse but "head, legs and insides."

When speech, women, children to Simmons and some companions, including one GI who spoke German (a language learned by the French during their three or more years of imprisonment) described the last-minute at-

## DICKIE WILSON GIVEN PARTY ON SEVENTH BIRTHDAY

Mrs. Bob Wilson entertained Monday afternoon at her home with a party to celebrate the seventh birthday of her son, Dickie Wilson. Patriotic decorations set the color scheme for the party and patriotic games were played. Favors were small American flags. Refreshments repeating the patriotic colors were served to Bob Hamilton, Sybil Ann Davis, Martin Reed Moore, Janie Womble, Tony Benson, Johnnie Benson, Jimmie Sears, Wheeler Sears, Peggy Ann Aiken, Marline Gilliland, Marian Jo Wilson and the honoree.

Out-of-town guests included Mrs. Geo. Garrison of Corpus Christi, Mrs. Timothy Tinsley of New York City, Mrs. Ted Houston of Boise, Idaho, Mrs. Dewey Lawrence of Tyler, Mrs. Jack Lester of Pueblo, Colo., and Miss Frances Turrentine of El Paso. Others attending were Mesdames Seth B. Holman, W. E. Dameron, R. P. Coneway, D. H. Alexander, E. W. Harrison, A. O. Thompson, Beulah Mercer, Harry Seed, C. H. Dyer, Miss Mary Broadwell and the hostesses.

## BRIDGE-LUNCHEON ENTERTAINS CLUB

Mrs. W. J. Stanford was hostess at an enjoyable bridge-luncheon Tuesday for members and guests of the Tuesday Bridge Club. Deep pink roses predominated in decorations with a variety of garden flowers making attractive color contrasts.

In contract games before the luncheon Mrs. Knox Kinard played high for club members and Mrs. Frederick Kyle of Franklin, La, who is a guest in the home of her sister, Mrs. Travis Dameron, played high for guests. Guests at the party were Mrs. Jack Lester of Pueblo, Colo., Miss Aline Walker of Dallas and Mrs. Kyle.

## SIX-YEAR-OLD IS HONORED AT PARTY

High point of the summer for Wilsena Witherspoon was the birthday party given by her mother, Mrs. Willard Whitherspoon, at their home on East Third Street Saturday afternoon.

The party which celebrated Wilsena's sixth birthday was in the form of a lawn party. Pink candles topped the birthday cake and favors were given.

Those attending the party were Charles Worth Covington, Charlotte Moore, Charles Robert Seed, Richard Wade, George Walter Davis, Dona Jean Witherspoon, Jerry Brooks, Eugenia and Carolyn Knox.

## MRS. MEADE HAILE IS CLUB HOSTESS

Justakrd Club members were entertained at the home of Mrs. Meade Haile on Wednesday afternoon last week. Guests of the club were Miss Aline Walker of Dallas, Mrs. Knox Kinard and Mrs. Howard Gault.

Contract games were enjoyed with Mrs. Kinard winning the defense stamp award for high score and Mrs. Gault winning the second high award. The hostess also presented Mrs. Kinard, who is leaving soon to make her home in Pampa, with

Danny Mack and Phyllis Gayle Bannum, Nan Longbottom and the honoree.

a gift. Members attending the party were Geo. V. Stambaugh, Grant Fuller, Jas. W. Witherspoon, Henry Sears, Kellar Muse and the hostess.

## BREAKFAST GIVEN AS FAREWELL COURTESY

Miss Betty Jane Robinson was complimented at a surprise breakfast given at the home of Marcella Blue Sunday morning, with Rosemary Phillips as cohostess. Rosemary and Betty Jane spent Saturday night with Marcella and the breakfast was the surprise feature.

After cooking breakfast over an open fireplace in the backyard the group attended church.

Attending were the honor guest, Joan Smith, Wanda Jean Smith, Jessie Ann Buckner, Rosemary Phillips and Marcella Blue.

Mrs. Wayne Featherston left Friday for Little Rock, Ark., to join her husband, Sgt. Featherston, there. He has spent the past 14 months in overseas duty. They will visit his people in Ark. and plan to spend some time here during his 30-day furlough.

Visiting in Hereford this week are Mrs. Smith McLeroy, and daughter, Mrs. Ed Yates, and Bonnie Jean Yates, all of Chicago. Mrs. McLeroy is a sister of Mrs. Criss Renfro, Mrs. Boyd London and Jim Robinson.

**New Car Quota Only A Drop In The Bucket**

In an appeal to passenger car owners to conserve their automobiles, the district office of the Office of Defense Transportation today warned that it will be three years before many millions of private car owners and prospective car owners who want new automobiles will be able to get them.

Although it is expected that 240,000 passenger cars will be built this year, that number will replace less than one per cent of the nation's automobiles. Four hundred and fifty thou-

sand cars are scheduled for production during the first quarter of 1946 and a ceiling of 2,146,000 cars has been set on passenger car production for the period July 1945 to June 1946.

The new car quota for the year ahead is only "a drop in the bucket" compared to the demand, the ODT announcement stated, adding that new cars

will go only to doctors, police, war workers and other essential users, and that it is absolutely necessary for other workers to conserve their present cars.

We were fortunate that Hitler was caught with his bridges up.

**FARMERS TO BENEFIT from new telephone developments**

The telephone company is preparing a wide-range program to extend and improve farm telephone service. The goal is to bring telephone service to the greatest possible number of farm families.

Before the war, new devices and methods to serve rural areas were being tested and developed. Among them are stronger wire that takes fewer poles, a new type of wire to bury underground, a way to send telephone conversations over electric power lines, and possibly a radiotelephone system to reach outlying regions.

Just as soon as the war permits, we'll be hard at work on the farm job. It's not a new job—nearly 400,000 farm families have had telephones put in since 1940. But there's room for many more, and room for improvement. We're exploring every means of making farm telephone service better and easier to get.

### Veterans Get Preference Rating to Buy Surplus Govt. Property in Starting Business or Agricultural Enterprises

Veterans have a preferred rating on the purchase of surplus government goods to start or maintain their own small businesses or agricultural enterprises, it was announced this week by Wm. O. Coleman, district manager of the smaller War Plants Corporation.

According to the plan advanced, SWPC become the veteran's "buying agent" to buy

surplus government-owned goods before they go on the open market, using its priority preference as a federal agency to buy up to \$2,500 in surplus commodities for veterans of this war.

The veteran desiring to obtain surplus items for any commercial, industrial, agricultural manufacturing, service, financial, medical, dental or legal

enterprise of his own with an invested capital of not more than \$50,000 should immediately make his needs known to the Smaller War Plants Corporation, whose regional office is in Oklahoma City.

S. W. P. C. is not only prepared to locate and exercise its priority preference to buy surplus for the veteran, but it can also extend him credit or make him a loan up to 85 percent of the purchase price of the item.

No personal purchases can be made under this veteran's preference except for business or agriculture, and all such property purchased shall not include any property to be resold, with or without reprocessing or refabrication, in the regular course of the business or the purchasing enterprise. However, such material as the following may be purchased: Office equipment and supplies, restaurant equipment and supplies, automotive equipment, including trucks, passenger cars, motorcycles, tractors, etc., woodworking machinery, machine tools and sheet metal machinery.

A veteran desiring to exercise preference in the purchase of surplus property to establish his own small agricultural enterprises should file his application with the War Food Administration of his county for certification. After certification, the smaller War Plants Corporation can then exercise its priority to purchase the surplus for the veteran. The capital investment must not exceed \$25,000.

Veterans wishing to enter other type businesses should advise S. W. P. C. by letter of the type material they wish to purchase, giving a catalogue description of the equipment desired.

fore he was discovered. The flier was not believed to have been too badly injured at the time. "Although he had a gash in the side of his head," Mrs. Lewis said. "We put him to bed, made him as comfortable as possible—while Mr. Lewis and Mr. Curtis got the other man out of the plane. It was later discovered that blood from the head wound had soaked through a pillow, however. The second man was unconscious, so they rushed him to the hospital."

"The one who remained in the house talked some, but not much. He was a pasty-looking white when they first brought him in," Mrs. Lewis said. "He asked for a drink of water. We gave it too him and actually held our breath. We thought he was going to die. However, his color soon returned and we all felt better. He was a nice young man. He talked about his home in Chicago. We didn't ask his name."

Meanwhile, the two men had arrived in Hereford with the more seriously injured flier, who apparently sustained a badly crushed chest. They rushed him to the Deaf Smith County Hospital and to their amazement, he was refused admittance. They argued with the nurse, but said that she told them that the hospital could not touch military personnel. They said she told them the best thing to do was take the injured man out to the military hospital at the Hereford Prisoner of War Camp. Arriving at the camp, they also faced considerable difficulty in gaining admittance with the patient. Apparently, camp personnel had trouble in finding proper identification.

"What's the difference," Lewis, who was by this time disgusted with red tape, asked? "The man may be saved in these minutes we are wasting."

Finally, the camp decided to receive the injured patient and sent an ambulance to the Lewis home to secure the other injured man. No information was released as to condition of the men by the camp.

Amarillo Army Airfield officers were in charge of the wrecked Marine plane, pieces of which were scattered over an area of an eighth of a mile. A parachute about 50 yards back of the plane marked the spot where the first flier lay unconscious from 2:15 to 7 o'clock and marks in the dirt around the chute indicated that he had struggled considerably.

to the Lewis home. "He was rational most of the time," Mrs. Lewis said. "He kept asking if he was not close to Hobbs (N. M.) so we figured that they must have been lost. He said he believed they must have crashed around 2:15 o'clock, since his watch had stopped at that time."

They presumed that the Marine must have been thrown from the plane and remained on the ground until shortly be-

gation wells which have been installed recently. Though a check is being made, it is possible that some of the new wells have been missed and farmers who have installed wells in the recent past are asked to notify the office so that all records will be accurate and insurance rates may be turned in properly.

Further details will be announced later, according to the AAA announcement, which said that the insurance will be handled by local persons.

### War Years

And though not shown on this particular set of figures, the percentage of tax collections reached an all-time high last year.

Similarly, the value of all property has gone up—with economists still not sure how much of the increase reflects real value and how much mirrors war-time inflation. And though the drought has taken a nick in the land market, values are still running at least twice as high as in the pre-war period.

Undoubtedly the presence of a military camp near Hereford has had some effect on the town's growth, but in the opinion of most observers that effect has not been major—the larger part of the growth being directly traced to the boom in agriculture, and the big part played by the Hereford territory in meeting wartime food demands.

Post-War conditions are anybody's guess; but no matter what develops, Hereford can point to four years of the greatest activity since the founding of the town back in 1898.

court that neighbors called him to the Glandon residence (501 E. 11th Street) in the north part of Hereford on Sunday, June 17. He said that investigation disclosed that Glandon had beaten the boy with a piece of electric cable about the size of a man's finger and had then made the 10-year-old boy stand by the door with his nose in a ring. He said the boy was in this position when he arrived.

County Attorney Carl Gilliland was in charge of the prosecution, assisted by Jas. W. Witherspoon. Bill Nicks of Amarillo was counsel for the defense. Minimum penalty for the offense was 30 days in jail and \$25 fine, or both; maximum penalty was two years in jail and \$1000 fine or both.

Interested persons said that an effort is being made to get Bobby Ashton, stepson of Glandon, into Boy's Ranch. Having already served 15 days in jail, Glandon faces another 45 days of the 60-day sentence. He is being held in the City Jail at present, but will be transferred to the County Jail when repair work now under construction is completed.

Rumors this week said that Glandon plans to sell his home in order to pay the fine.

Mrs. R. G. Blue returned Saturday from Woodward, Okla., where she attended the funeral held there for her brother, Bruce W. Burger of Dumright, Okla.

### Summer Means Work For Energetic Scouts

Troop I of the Hereford Boy Scouts began their summer's work Monday night when they resumed meetings after a month of "after school freedom." Twenty-four of these scouts spent their "freedom time" getting summer jobs to help relieve the help shortage. Scout Master Urilin Streu has been proud of the boys for all of their hard work in the various drives, but says he is prouder than ever now because "they are really working hard to help out this summer."

At the meeting Monday night, a survey was made of the kinds of jobs held by scouts and the result is eleven working on farms, two in hardware stores, one in a tailor shop, one delivering express, one as an apprentice carpenter, one at the cold storage locker, one as an apprentice painter, two as grocery clerks, two as filling

station attendants, one on the County roads and one washing windows.

In their spare time the Scouts are working on food for victory projects. Some have small gardens of their own but most of them are helping their parents with the family gardens.

### Funeral Rites For Infant Son

Funeral services were held at the home and at St. Anthony's Catholic Church Sunday afternoon for John W. Buck Jr., infant son of Sgt. and Mrs. John W. Buck. Pall bearers were Sgt. King and Sgt. Lubonvic. The infant lived only a few hours after its birth Friday at the Deaf Smith County Hospital. Sgt. Buck is stationed at the Prisoner of War Camp here and he and Mrs. Buck have made their home in Hereford for the past two years.
