

Offer Loyalty To Our Nation

Scout Knife Return Asked

"May I please have my Boy Scout knife back? It belonged to my children when they were little, and I wanted to keep it." These are the words of Mrs. J.A. Hudgens who lives at 202 East Ninth Street. Mrs. Hudgens left her keepsake knife near a flower bed at her home and when she returned for it . . . it was gone.

In cooperation with Lubbock Blood Service Center, local Lions Club members are sponsoring a day of Blood Donations, according to Wayne Cole, Lion Boss.

"Volunteer blood donors will be helping to meet a vital need within the community," Cole stated. To fully meet the needs of physicians, blood of every

type must be available at all times. Donors often respond when there is a specific need or emergency, but Community Blood Centers depend much more on donors who are willing to give to meet day-to-day blood needs.

Healthy persons, between the ages of 17 and 66, are generally accepted as donors. People who give blood

come from all walks of life, all nationalities; but they do have one important interest in common - the willingness to give of themselves to help someone they may never know.

"Unless more people become blood donors, the supply will not keep pace with the growing demand for blood," authorities state.

"Some day your life may depend on its availability." Blood Services regards blood as a community asset, not a commercial product to be bought and sold.

The service fee to the patient who uses blood, does not reflect a charge for the blood itself. The charge is only the actual cost of drawing, processing and

delivering the blood whenever and wherever it is needed.

Thursdays blood donation day will be held in the Agricultural Building. According to Cole, the Services will be available from 8 a.m. to 5 p.m.

Appointments may be made by calling or stopping by Leon's Grocery of

Production Credit office. By making appointments, the service can operate more smoothly and efficiently. Time consumed can be kept at a minimum, some four donors can be accommodated each fifteen minutes.

Many people are afraid of giving blood, but authorities state "it isn't that big a thing." The only discomfort

is the first poke of the needle. There is no further pain, and making the donation brings a great satisfaction, to know possibly for oneself or members of one's own family.

Millions of individuals are living today because of donors who realized the importance of giving "The Gift of Life."

GETTING READY - Local merchants, pictured above and below, "took to the streets" Thursday to help city employees clean up the homecoming parade route. Parade pictures and all Homecoming pictures will be in next weeks paper. (staff photo)

Postal Service Improvement Initiated, First Class Mail Benefits

The U.S. Postal Service first-class mail service improvement program will go into effect at Olton Post Office on Oct. 11, Postmaster, D.M. Holt said today.

Under the program, first class mail will receive service that is equal to or better than airmail.

The major, new service

step will extend to all first-class mail weighing 13 ounces or less. "In practical terms, what this service improvement means is that domestic first-class postage now will purchase the level of service that previously only airmail could buy," said Postmaster Holt.

"Under the new program,

there no longer will be an advantage in purchasing airmail postage for domestic delivery," he said.

Priority mail (now starting at weight in excess of 13 ounces), which includes air parcel service, and international airmail are unaffected by the improvement program and continue in their

present form, the postmaster said.

"Airmail stamps will be sold for use on priority and international airmail. They can also be used in various combinations with other stamps for first-class mail," he said.

Customers can exchange airmail stamps, and stamped envelopes and cards at full postage value for ordinary stamps, stamped envelopes and cards at full postage value for ordinary stamps, stamped envelopes and cards. Stationery bearing airmail indicia will be allowed to be mailed at the first-class rate, Postmaster Holt said.

To aid postal customers, maps showing the cities and areas targeted for next and second day delivery for mail from Olton will be on display in the post office lobby, the postmaster said.

Fund Begun At Local Bank For Cancer Stricken Child

It was recently learned that Mark Mojica, the nine-year old son of Mr. and Mrs. Joe Mojica of Route 1, Olton, Tex., is suffering from Lymphosarcoma (cancer of the lymph system of the body). The medical treatment required is expensive and extensive. The costs during the next three months alone will be more than \$3,000. When the expected costs are extended over the next year, \$6,000 to \$7,000 may be required.

The family has no way to meet these expenses and they qualify for medical help from no other source, state county or federal.

The Mojica family have lived at Olton for over three years and the father is employed by K.W. Carson of Olton as a farm laborer. Mark has been in the Olton schools for three years.

When the need became known, a committee consisting of Reverend Elton Wyatt, Pastor of the First United Methodist Church; Ray Kinnison, principal of Olton elementary school;

A.J. Spain, Lamb County commissioner; and Marlene Whitfield, social worker with the State Welfare Department, met and discussed the problem. It was the consensus of the group

that with the permission of the family we make a public plea for financial assistance to aid in this time of need.

A person will be named to disburse the funds by the committee listed above. An account has been set up for "The Mark Mojica Fund" at the Olton State Bank. Contributions may be made directly through the bank or through any of the people mentioned above. Contributions of this nature can be tax-deductible items and if you wish information concerning this, please call either Ms. Whitfield at 385-5585 or Rev. Wyatt at 285-2777.

Magic Show Event To Benefit Volunteer Fire Department

Volunteer Firemen have booked a popular entertainment for Thursday, Oct. 23 at 8 p.m. to raise funds to apply to the purchase of a new fire truck. Slated for the stage of Olton High School Auditorium, the fun event is an appearance of The Great Marquis, world famous magician.

The Great Marquis will be accompanied by Willa Levele, Hollywood's Lady of ESP and "Joe Weirido" and his host of invisible ghosts that include Red Skeleton, Humphrey Bogeyman and

Phyllis Chiller.

Mysteries of Marquis are known in almost every capital city of the world and some of his famous feats will be presented locally.

Willa Levele's mental wizardry is so mystifying that sometimes the superstitious believe that surely she must be a witch. She is not a witch, but a member of The

Academy of Magical Arts, based at Hollywood's fabulous Magic Castle.

Tickets for the big mystery combination are on sale by all members of the Volun-

teer Fire Department. Advance tickets are being sold at a discount. Students are \$1; adults, \$2. Door admission will be \$1.50 and \$2.50.

Grid Guessing Game

Former Olton Coach Leads

Pigskin predictors were credited with one win and one loss even before entries were tallied in the fifth week of the Enterprise football contest.

A printing error gave all contestants one point; the Littlefield-Floydada tie resulted in a loss for all.

Three contestants missed just one other game with the tie-breaker determining the week's winners. Coming out on top was Caleb McClure who was 19 points off with a 28-7 prediction.

Second place went to Jimmy Parker who was off 20 points with a 28-6 guess. Mable Parker of Breckenridge missed by 26 points with a 35-7 prediction.

Jim Curtsinger's lead for the season was narrowed this week with two contestants trailing by just one point. He has 60 correct picks for the season. Contestants with 55 or more points are listed elsewhere in this issue.

Any contestant listed in the season standings could be the season winner. Leaders are subject to change each week due to "upsets" and guessing slumps. No one should give up.

Anyone can be a weekly winner, even someone who enters for the first time. The contest is open to

everyone and costs nothing to enter.

It's fun, enter this week. Select a winner of the games in each of the ads of the 15 sponsoring merchants.

Circle the numbers of the teams you pick as winners on the convenient entry blank found on the contest page. Predict the tie-breaker score and fill in the entry blank. Deposit the entry

blank with any sponsoring merchant.

Don't forget, trade with those sponsoring merchants. They are the ones who make the contest possible.

Lions Club Books Speakers For Topics Of Wide Interest

Olton Lions are extending invitations to interested persons to share in two upcoming programs which are of timely interest to many persons.

Tuesday, Oct. 14, Littlefield attorney Jerry Kirby will present a program on new developments and benefits of the Individual

Retirement Act. He will be available following the 12:30 program for a question and answer period.

The following Tuesday also offers a special program. Jim Blair of Amarillo will speak on the new constitution that voters of Texas have the opportunity to approve or disapprove in the

general election Nov. 4.

Blair, also, will be available for a question and answer session and will attempt to answer any question persons may have regarding the new constitution.

Programs begin at 12:30 following the club's luncheon in the Agricultural Community Building. All interested persons are invited to attend.

First Baptist Church Slates Revival Service

A week long series of evangelistic services are planned by members of First Baptist Church, according to John Lewis, pastor.

Beginning Sunday, Oct. 19, both morning and evening services will be held. Guest Evangelist will be Dr. James E. Coggin, pastor of Travis Avenue Church, Fort Worth. Much in demand as

speaker at state conventions, evangelism conferences, Sunday School Conventions and other such events, Dr. Coggin has spoken in more than 20 states in the past two years.

Presenting music for the week will be Richard Campbell, remembered as a Texas Tech gridiron All-American. Formerly engaged in evangelistic ministry, he is presently director of youth and music at First Baptist Church, Florida.

All interested persons are cordially invited to attend any or all of the services of the week.

CCA Office Equipment

Now For Sale

Elsewhere, in the advertising section of this issue, office equipment is offered for sale under sealed bid.

Listed in the advertisement are a number of articles which may be seen at the former location of Olton Chamber of Commerce and Agriculture.

Bids must be sent to the Chamber office before Wednesday noon, Oct. 22.

School Pictures To Be Taken

Parents and students alike are to be informed of days of "school picture taking" next week.

According to administrative officials, pictures of high school students are slated to be made Tuesday, Oct. 14. The following day, Wednesday, will be reserved for junior high pictures.

All pictures in Elementary grades will be made Friday, Oct. 17.

Annual Turkey Dinner Set For Friday, October 24

Plans are complete for the ever-popular Turkey Dinner served annually by Olton Women's Clubs.

Proceeding the Olton Mustang-Friona Chief clash Oct. 24, at 7:30 p.m. the annual dinner will be served in the

school cafeteria.

Serving of the buffet style meal will begin at 5 p.m. and will continue until 8 p.m. according to Mrs. Jack Allcorn, general chairman. No advance ticket sale is planned, price of admission

at the door will be \$2.50 for adults, \$1.75 for children under 12.

Football fans, both local and visiting supporters, as well as hungry harvesters are cordially invited to attend.

WELCOME HOME EXES!

BY REX BOYLES

It's Homecoming, and what a weekend! A pep rally . . . Homecoming Queen . . . a parade . . . Homecoming floats . . . a football game . . . Homecoming parties. All of the old pals and gals will be here. There will be some back-slapping, some horse-lauding, and some just general "good to see you" hugging.

It is great to have you home exes, but along with all the fun and frolic that awaits you, I'm afraid there is also frustration that awaits you. That moment of terror comes when you see that first guy or gal heading toward you with a great big smile. They recognize you and are coming full speed ahead. You remember the face. You can even remember the part she played in the school play or the position he played on the football team, BUT YOU CAN'T REMEMBER THAT NAME!

They call your name and begin to chit-chat. You mumble generalities while your eyes search for that life-saving name tag. All in vain, of course, because the tag is covered by a lovely Homecoming Mum about the size of a football. You go into a panic. What is that name? The harder you think, the harder it is to remember. Finally, someone casually calls out the name. Oh yeah! That's it! Whew!

Something like that has happened to everyone of us, hasn't it? Names are just that way, easy to forget. A wife's name or a husband's . . . a boyfriend's name or a girlfriend's . . . a teachers name or a student's . . . can just simply get lost. We forget people's names, and people forget our names. It just happens.

However, there is one name that no one will ever forget. Nobody, who has ever heard and learned of him who wears the name, has ever forgotten that name. For centuries the world has cursed him, abused him, and denied him, but they have never forgotten his name.

What name was given from the mouth of God to the baby born of a virgin mother? What name was given to the child for whom a host of the Almighty's angels sang? What was the name of the babe that received worship and gifts from the magi of the east?

What name was frantically called-out by two anxious parents as they searched for a 12 year old boy? What was the name of him who struck fear into these destructive demons?

What was the name of the one who calmed the storms of the sea of Galilee, as well as the storms in troubled hearts? Who was it that called forth light and strength from God into the eyes of the blind and the legs of the lame? What was his name?

What was the name of the one that could speak life into an entombed and decaying body? What was the name of him who suffered the hurt of betrayal? Who was it that suffered a perversion of justice with the consent of his own brethren? Who was it that suffered a physical

beating at the hands of some godless Roman? What was his name?

Who was it struggled up a hill with a rugged cross? Who was it that was brutally nailed to that cross? Who was it that suffered the agony of being forsaken by his father? Who was it that died at Calvary bruised and afflicted for us? What is his name?

You know the name . . . Nobody could forget that name. "And in none other is there salvation: for neither is there any other name under heaven, wherein we must be saved." Jesus, precious Jesus . . .

Everything But The Kitchen Sink

BY MOZELLE TROTTER

Fools rush in where angels fear to tread and here I go, pell mell.

We voted them in and therefore we must be the ones who are responsible but seems to me our legislators are really getting us fouled up! That's one gal's opinion, anyway.

My soap box subject issued by Texas Attorney General John Hill that it is unconstitutional to charge school students for workbooks, lab fees, uniform fees, driver education and such.

Seems we wouldn't be having "free education" if we continue such charges. AND, Mr. Hill says such fees cannot be charged "without specific legislative sanction." Baloney! We've been doing it for years and it most likely never occurred to anyone before that it is "unconstitutional."

I thought that we expected to pay our children's fees and their "free education" was the opportunity to attend the fine schools our tax dollars have already provided -- the "free text books" -- the absence of tuition.

So Mr. and Mrs. Tax Payer now will be called on to finance this extra burden.

Mr. and Mrs. John Doe,

ATTEND RECEPTION

Sunday afternoon Mr. and Mrs. W.R. Boone were in Hamlin attending a reception honoring Mr. and Mrs. Tarlton Willingham on their fiftieth wedding anniversary. Hosting the event were their son and his wife, Mr. and Mrs. Jack Willingham of Hamlin and the honored couples' son-in-law and daughter, Mr. and Mrs. Kenneth Halloway of Dumas. The Halloways and Jack Willingham, are former residents of the Springlake Olton area.

whose children are long grown, will get another chunk taken from their savings.

Mr. and Mrs. Jim Doe, who are still practically newlyweds, are waiting to begin their family when a bit more is paid on their home. They'll feel the financial cramp, too.

And, of course, Mr. and Mrs. Jack Doe will pay, too. They're the folks who have children in school and were already paying for those expenses to begin with. They didn't realize it was unconstitutional for them to have to pay for Junior to take driver's ed and Mary to wear one of the band's new uniforms or for little Billy to have to buy a language arts notebook!

BIRTHDAY DINNER

Mr. and Mrs. W.M. Keating had as guests at the noon meal Sunday their son and family, Mr. and Mrs. Max Keating and Katrina of Dimmitt. The dinner was in observance of the birthdays of the hostess, Oct. 2, the host Oct. 4, and Mrs. Max Keating's, Oct. 6.

RECENT GUESTS

Recent house guests of Mrs. Lillian Green were her sister and daughters, Mrs. Brittie Walters, Mrs. Emily Ray Underwood, Mrs. Dorothy Odom, Mrs. Claudia Ward, and Mrs. Annette Burkfinger, all of Hattiesburg, Miss., who came to Plainview by private plane.

TO DUMAS

Mr. and Mrs. Ray Gabehart and their daughter and granddaughter, Mrs. Geanie Bailey and Stephanie, spent the weekend with the Gabehart's son and family, Mr. and Mrs. Troy Gabehart, Tina, Troy Don, Terry and Tommy of Dumas.

MRS. LOUIS MORRIS

Cook Of The Week

Acclaimed by friends as a very good cook, recipes are shared this week by a woman who loves to cook, Mrs. Louis Morris.

Mae readily admits that cooking is the only phase of "keeping house" that she truly enjoys. "I'd a lot rather be outside than in the house," she says.

Gardening is an outdoor activity she especially enjoys. Her favorite love, however, is fishing. Where most wives merely "put up with" their husband's love of the sport, the opposite applies to the Morrises.

Mae also likes to raise chickens and turkeys and has done so for many years. She particularly remembers one batch of "lucky chickens," some who escaped injury when the 1957 tornado destroyed the Morrises' home as well as the homes of all their neighbors. The tornado also killed chickens belonging to neighbors.

That tornado still comes back to Mae with every storm threat. Wind storms also bring back the memory, she says.

Mae was born in Virginia. Her mother died when she was just a little girl and her father took Mae and her older brother to live with an aunt. The two children were separated and lost contact with each other. Mae was living in South Carolina when she advertized in a missing persons page of the Pittsburgh Courier for information concerning her brother and was able to locate him when friends of her brother read the ad.

"That's how I happened to come to Texas," she says, and has been a Texan since 1942. She and Louis came to Olton in September, 1954 from Lubbock.

The following spring, Louis went to work as custodian at the bank and was there until going into semi-retirement.

Louis has a grown daughter, Margaret, and a son, Louis Earl. Mae and Louis have an adopted daughter, Jessie Lou, a third grader.

JAM CAKE
1 c granulated sugar
1 c margarine
4 eggs, separated
1 c buttermilk
3 1/2 c all purpose flour
1 t soda
1 t baking powder
1 t allspice
1 t cinnamon
1 t nutmeg
1 c blackberry or raspberry jam

Cream margarine and sugar thoroughly. Add well beaten egg yolks. Dissolve soda in buttermilk. Mix dry ingredients and add alternately with buttermilk to first mixture. Fold in stiffly beaten egg whites. Fold in jam. Bake in greased, floured tube pan in moderate oven (350 degrees) for 60 mins. (If there is juice on jam, drain and discard).

Mustangs Edge By Antelopes

As Roddy Shipman's field goal try, with 3:08 left in the game, veered off to the right, so ended a furious Abernathy comeback and the Olton Mustangs held on to take a squeaky 12-10 win over the Antelopes last Friday night at Abernathy.

It was a moral victory for the Antelopes who desperately tried to pull off a major upset over the #5 (Harris) ranked Mustangs.

After the opening kickoff, David Johnson intercepted a Wayne Riley pass. Then Jimmy Parker threw a perfect strike to Mark

Stroebeel at the Antelopes' goal, but the officials ruled that Stroebeel fumbled it into the endzone so Abernathy took over on their own 20.

The Antelopes then started a drive that lasted until Shipman was forced to punt at Olton's 39 yd. line. His punt rolled into the endzone so the Mustangs had possession on their own 20. Olton then proceeded to march 80 yards for their first touchdown on Parker passes to Michael Franks and runs by Parker and Robert Offield. Then, with the Mustangs on Abernath-

y's 8 yd line. Parker rolled to his left and into the endzone to put the Mustangs on the scoreboard with 5:43 left in the first period. The PAT try failed and the Mustangs held a slim 6-0 lead.

After Parker's kickoff, the Antelopes were unable to move and again were forced to punt. Steve Johnson returned Shipman's punt to Olton's 35.

Two straight runs by Leslie Gary gave the Mustangs a first down at the 48. After Offield picked up 1, Parker ramblod to the Antelopes' 40

time ran out in the first quarter.

Another Parker run and a pass to Franks put the Mustangs in good shape at the 17. Gary then made it to the 7, but on the next play, the Mustangs fumbled the ball over to the Antelopes.

The defense held, and after Shipman's punt, the Mustangs decided to score again. The Mustangs managed to move the ball to Abernathy's 37 before facing a fourth and thirteen situation. Then Parker flipped the ball to Leslie Gary on a screen pass and Gary followed his blockers all the way into the endzone. The PAT was again no good, and with 4:41 left in the half, the score stood 12-0.

Neither team scored in the remaining minutes, so the Mustangs took a 12-0 lead into the locker room.

Nothing much happened in the third quarter, until midway through the period when the Antelopes started their comeback. Facing a

fourth down deep in their own territory, the Mustangs lined up to punt. The snap from center went over Franks' head and out of the endzone for a safety. This made the score 12-2.

Then midway through the fourth and final quarter, QB Wayne Riley's sneak from midfield to Olton's 4 set up the Antelopes' second score. It came three plays later when Riley sneaked in from the one.

Riley then completed a pass to Mickey for the two point conversion to bring Abernathy within two points: 12-10.

The Antelopes got another to pull the game out when a halfback pass from Shipman went in and out of the hands of Abernathy's Davis at the nine yard line. The Mustang defense held for the first three downs and that brought Shipman in for a 20 field goal try. The kick was wide to the right and the Mustangs escaped with a narrow 12-10 victory.

NATIONAL COOPERATIVE MONTH

**WE ARE HAPPY
TO HAVE HAD A PART
IN MAKING RURAL LIFE HERE**

a good word for a GOOD IDEA

And you can't keep a good idea down. All over the world people are working together, to make life better for themselves and others.

In our own country, millions share ownership in cooperatives of all sorts—from city apartment co-ops to rural electric co-ops.

So what makes a co-op different? This: it serves the people who own it at cost. Each consumer-owner has a voice in running the co-op; one member, one vote.

October is Co-op Month. All over the country, the people of America's cooperatives are committed to working together for a better tomorrow. We are proud to help carry out this pledge.

CORNER CATCHER

The only center pivot in the world that hits the corners. In a typical quarter section where a regular center pivot is irrigating 132 acres, you can now do about 150 acres. But the new Valley Corner System isn't limited to squares. Irrigate both ends of a rectangle. Irrigate odd shaped pieces of land too. It's the answer to getting valuable productive land that's been wasted, back under center pivot irrigation. For flood irrigators, it's also the answer to automatic water and labor saving center pivot, without wasting valuable acres. No monitoring, no labor problems, no night work. But you have all the advantages of precise irrigation and fertilizer application through the system, that produces higher yields than ever before. It's a simple concept, precise in operation and engineered with quality of all Valley-built Center Pivots.
