## Santa Fe To Take Off 2 Trains Here

After years of diminishing revenues Santa Fe Railway plans to file application for the discontinuance of passenger trains 93 and 94, operating between Amarillo and Lubbock.

Announcement of this intention was made by F. E. Hanlon, general passenger agent for the Panhandle and Santa Fe Railway Co., Amarillo.

"I am sure many civic leaders in Lubbock, Amarillo and in the intermediate cities served by these trains are aware this operation has been quite costly," Hanlon said. "Passenger and other revenues have decreased while operating costs have mounted alarmingly the past few years."

"Records show that for the past year ending with August, 1964, the total number of revenue passengers handled on these trains averages out to 13.7 per train mile. The trains' entire revenue amounted to \$46,848 for the year ending in August this year. The total cost of operating the trains was \$161,120, thereby reflecting a net loss of \$114,272."

According to Hanlon, wages and fringe benefits paid the train crew only, during this period, amounted to \$74,997 as contrasted to passenger revenue of \$28,222 and \$18,555 for express.

He said that Trains 93 and 94 suffered a number of reverses over the years, dating back to the loss of the U. S. mail contract in 1954. The railroad found it necessary finally, in August, 1963, to eliminate Pullman car service.

The rail executive also cited the competitive growth of the private automobile on short distance trips. He called special attention to the divided highway which parallels the Santa Fe tracks nearly all of the way between Amarillo and Lubbock.

At the time of the mail contract's loss in 1954, Hanlon declared, the railway company considered discontinuing Trains 93 and 94. However, a number of influential civic leaders in the area suggested that if a new lightweight train with modern conveniences were introduced it would pay its way. The company agreed to this innovation on an experimental basis, but over the years the losses have continued to mount and it is no longer economically feasible to continue the operation, he said.

Hanlon emphasized, however, that the railroad was spending considerable money on new passenger equipment, noting that Santa Fe this year placed in service 24 new Hi-Level chair cars at a cost of \$10 million, and 11 sleeping cars which will be used to take care of transcontinental passenger business originating in large population centers.

## History Of Abernathy Firms

(By O. F. REA)

Hernon Beil bought the property where his shop is now located in 1945, from Cal Hazel who had operated a blacksmith shop for some 13 years.

He built a building for a shop after clearing off the lot and set up his welding shop. This building burned about a year later and was replaced with the present building less the south extension in 1946. The south part was added later. Hernon Beil disposed of all the old blacksmithing tools and machines when he started in 1945, except a box car wheel which he is using as a base for a pipe threading machine at present.

Hernon has been in this location the past 18 years and with the 13 years for the shop previous here has a total of 31 years in this location.

The church will have laminated, pre-finished wood trusses to support the 3-inch-thick roof-ceiling material, which is pre-finished on the ceiling side. Exterior and interior walls will be of brick construction.

Catholics of this area have been meeting in the Abernathy American Legion Hall for the past several years. The congregation here is a mission of St. Theresa's Catholic Church of Hale Center, Father William Hammond, pastor.

Local Catholics say that the congregation here eventually will be designated as a church rather than a mission.

# ABERNATHY WEEKLY REVIEW

Thursday, December 24, 1964

NUMBER 7

## AHS Accepted By Association

Abernathy High School's application for membership in the Southern Association of Colleges and Secondary Schools was accepted by the Association at the annual meeting in Louisville, Kentucky, December 1, 1964.

The Texas Committee, at the state meeting in Austin November 3, voted to accept the Abernathy High School on the basis of the self-evaluation and visiting committee report completed in May 1964 and to present the Abernathy application for membership.

The Southern Association of Colleges and Secondary Schools is one of the six regional associations which accredit schools and colleges in the United States and abroad. Founded in 1895, its territory embraces the states of Alabama, Florida, Georgia, Kentucky, Louisiana, Mississippi, North Carolina, South Carolina, Tennessee, Texas, and Virginia. By agreement with other associations, it also accredits American schools in Latin America except those in the Panama Canal Zone.

Membership in the Association makes possible the identification and recognition of good institutions and encourages continuous improvement. Membership also affords the opportunity of cooperating with other secondary schools and with colleges in working toward the improvement of the total educational program.

Of the 1400 schools in Texas, less than 250 are members of the Southern Association which has 1800 schools and colleges in its membership. Schools are only admitted to the Southern Association by meeting and adhering to strict criteria and by being visited by representatives of the Association.

The local study began in October 1963 with a critical self-evaluation that had several objectives, among which were these:

1. To organize and carry out a self-study program that involves all classroom teachers and administrators in a systematic attempt to determine the strengths and weaknesses in the instructional areas and in each grade.

2. To effect improvement in the instructional program in all subjects in all grades.

3. To suggest corrective and remedial procedures, believed to be needed in each subject in each grade.

4. To ask a visiting committee from the Southern Association to check the local evaluation and make written reports of their findings.

The self-evaluation of the Abernathy Schools was completed in book form and presented to the Board of Education, staff, and visiting committee members in May 1964. The visiting committee's report, completed in book form, was presented to the Board and staff in August 1964. Culminating this, on October 27, a representative group of the Southern Association visited the Abernathy Schools and made a favorable report to the state committee.

A major step has been completed that helps assure quality educational opportunities for the youth of Abernathy. However, much remains to be done because evaluation is a never ending process. As continual evaluation takes place, the Abernathy School will seek to discover how well it is doing in providing for the educational needs of the pupils today and what it must do to be ready to take care of their needs "tomorrow."

Mr. and Mrs. Blewett Davis of Los Angeles, Calif., are visiting here in the home of his parents, Mr. and Mrs. P. A. Davis, during the holidays. They formerly operated Davis Grocery here.

## Bicycles To Be Given Here 1 P. M. Dec. 24

## Funds Granted To Health Unit

New funds have been allocated to the Plainview - Hale County Health Department for its migrant health program by way of a grant by the U. S. Public Health Service.

The grant, \$21,686, will be the second since the program started. Migrant health work began this year after an initial grant was made in 1963.

According to Dr. Joseph T. Marshall, local health department director, the funds will be used to expand the present migrant program, stressing on migrant health education services.

The program includes providing nursing and sanitation services and health education to migrant farm workers located at various camps and sites in Hale County.

Also put in use recently by the unit is a mobile health unit for site visitation of nurses and sanitarians.

## History Of Abernathy Firms

By O. F. REA

The First State Bank was organized in 1909 with Claud Burris as cashier and was housed in the little brick building that stood on the corner where Abernathy Motor Co. now is located. Carl Goodman followed Burris as cashier and in 1913 Mr. N. C. Hix followed Goodman. Mrs. Hix started work in the bank in 1922. Andy Reid began in 1924, Ercell Givens in 1925.

The bank moved to Main Street location in 1924, and in 1958, to the present location. Ercell Givens became president and active manager soon after the death of Mr. Hix. The bank is one of Abernathy's oldest businesses with 55 years of service.

Gary Duane Lambert, son of Postmaster and Mrs. Herman Lambert was in Amarillo Dec. 14, to take an Armed Forces physical examination.

## School To Have Modern Math

A comprehensive self-study in mathematics for the Abernathy Public School teachers will begin January 26. New mathematics textbooks for grades 1-6 will be adopted this year and all will be in the area of modern math. The implementation of modern mathematics programs will provide children with a better opportunity to learn mathematical skills and develop an understanding of mathematics. At the same time, teachers will be faced with new problems:

How to evaluate the various programs.

How to interpret the new materials.

How to present the materials most effectively.

In order to meet these problems, an in-service program will be conducted by members of the Abernathy Public School staff. The course will be Tuesday afternoons 4-6 beginning January 26 and continuing through May 3, 1965. All elementary teachers, grades 1-5, and mathematics teachers in grade 6 will be required to attend.

As a "follow-up" to this program, a shorter related course will be available to parents during the fall semester 1965. It is anticipated that this will be 4 or 5 hour sessions to acquaint the parents with modern mathematics, which their children will be studying beginning in September 1965.

## City Audit And Budget Open For Public Inspection

Copies of the City of Abernathy audit report for the period Oct. 1, 1963, to Sept. 30, 1964, and the City of Abernathy 1964-1965 Budget are on file in the city hall and at the Abernathy Weekly Review office. Any citizen interested in inspecting the audit and budget reports may do so at the city hall or at the Review office.

The Balance Sheet from the audit report will be published as a Legal Notice, as required by law, in The Review at a later date.

The city's books were audited by the firm of Bolinger, Segars & Co., certified public accountants, Lubbock.

Both Abernathy varsity basketball teams brought home trophies from the Tulia basketball tournament last week. The boys took third place in their division with a win over Springlake, while the girls won consolation by beating Canyon. The girls' team also won the Sportsmanship trophy for their play during the tournament.

The boys opened up the tournament with a victory over Littlefield. Lane Wade was the high scorer for that game as he contributed 14 points to the 66-45 win. They advanced to meet Tulia in the second round of action but could not get past the Class AAA school. The final score of that game was 77-60 as Wade led all Abernathy scorers with 22 points. In the game for third place Saturday evening, Wade paced the 'Lopes with 17 points in the 56-55 victory against Springlake.

In the girls' division, Abernathy was defeated in its first game by the Springlake fems. Miss Donna Webb scored 29 points for our girls as they lost 61-56. In the second round, the local fems came back to score 56-33 win over Farwell and earn the right to play for consolation. In the final contest, Abernathy downed Canyon 57-47. Miss Denise Barker was high for that contest with 21 points.

**Split With Hale Center**  
In games earlier in the week, the basketball squads split a doubleheader with Hale Center. The boys won their contest 64-59 as Lane Wade scored 22 points for Abernathy. He was high point for the contest as J. D. Davis took high for Hale Center with 21.

The girls lost in a three-minute overtime 47-46. Our girls defeated the Hale Center fems earlier this year in a home game 47-39.

Harold's Super-Market came into being when Harold Fielding came to Abernathy in August, 1960, and took over the grocery business of Mr. Ernest Jones.

Most of the remaining locker equipment was removed and grocery shelves installed and stocked and he was in business. This business has prospered and shortly Harold will move across the street into a new all metal building 70 x 94 feet, with all metal shelving, counters, racks, etc. The building has been placed in the lots in such arrangement that there will be plenty of parking space, as much store space as he has. He will have a little over twice the old building, with wider aisles and ample space to move about in. Get ready for the newest Super-Market to open in Abernathy in about 60 days.

Pete Cuevas and Martin DeLeon were in Abilene Sunday. Martin DeLeon, Jr., a student at Hardin-Simmons University, returned home with them to spend Christmas and New Year Holidays with his parents.

Mr. and Mrs. R. R. Knox have moved from a farm west of town to their new brick home on the north side of the Virgil Phillips Addition. Billy Shipman was the building contractor on the Knox home.

Mr. and Mrs. I. L. Smith and family have moved from New Deal to a residence they bought from J. D. Webb at 905 Ave. F in Abernathy. Mr. Smith is employed by Pioneer Natural Gas Co. in Lubbock.

Mr. and Mrs. A. H. Klafka and family have moved from County Line to a residence which they bought from Irvin Rhodes at 611 14th St., in Abernathy.

## Letter From Africa

(Editor's Note: The following letter is from two former Lakeview residents, who, with their children, are on missionary work in Burundi, Africa. They are the Rev. and Mrs. William & family. William, son of Mr. and Mrs. A. W. Mayo, was graduated from AHS in 1948, and his wife, the former Joyce Amerson, daughter of Mr. and Mrs. Lawrence Amerson is a 1950 graduate of AHS.)

B. P. 113, Kitega Burundi, Africa  
Christmas, 1964

Dear Friends:

As we approach the Christmas season we have so much to be thankful for in serving Jesus and in being in Burundi. This year has held many FIRSTS for our family. All of these we can't relate but will look at a few.

Though the Lord had spoken to us for years about the mission field we finally answered & within ten months were on the field. God answered prayer marvelously through prayer warriors and people who gave. It is marvelous what the Lord hath wrought.

How wonderful has been this year of adjustment to a new way of life and yet, it is not new but just another venture with Jesus in a different area of the world. There are times though that we feel we are still in the states. Maybe it is because we swept across the miles so swiftly by Jet. But then we are awakened suddenly when there is a call to rush a patient to the hospital or when we strain to hear the words being spoken by the African. Then there has been the adjustment to buying supplies to last weeks or baking all of the bread. God has protected us in such a great way. All the way from running into some low hanging electrical lines on the station without harm to receiving unwanted rabies shots. The Divine Protection and insight of God. Lydia was bitten by a stray dog some months after we had received the shots. God knows all about the future. Certainly we can say, "My times or in thy hands O Lord."

The girls are very busy in school. Rebecca is in the third grade and has had some astronomy, science and soon begins geography. Lydia is reading,

writing and having some arithmetic in the first grade. Deborah, though not officially in school, continued the begging long enough that her mother let her start reading. She has finished two and a half pre-primers. Of course, this year mother is doing all the teaching plus endeavoring to keep house and study Kirundi. In the spare time she makes she answers all letters.

William has preached twice in Kirundi and several other times with interpreters. The Lord honored His Word for which we praise Him. With this has been included a double wedding ceremony since no others

May there come to you at this Christmas time all the precious things of life—health, happiness and enduring friendships.

## REAL APPEARING

(By O. F. Red)

Some of the members of the Nativity Scene have taken on a real life attitude this Friday morning. Although none were showing any sign of being cold or uncomfortable after having stood out in the heavy frost all night, a couple of them were showing the effects of exposure in a very natural and noticeable way, their noses were dripping in a very realistic manner.

Perhaps we should have given them all a pneumonia shot.

## Rural Accident Report Is Given

There were 21 rural traffic accidents in Hale County during the month of November, according to Sergeant D. S. Lawson Highway Patrol Supervisor of the area.

From these crashes resulted one death, eleven persons injured and a loss of \$14,467.00 in property damage.

Summarizing rural traffic accidents from January through November of 1964, the picture shows 242 wrecks, nine persons killed, 141 persons injured and \$189,926.00 in property damage.

D. E. Barker and Marvin Toler were on a petit jury in 64th District Court, Plainview, last week.

Christmas holidays are about three times as deadly as the remaining days during the month of December.

The month of December for 1963 was the most deadly month in the history of Texas. The Sergeant appealed to every motorist and pedestrian, "Please do not let this become a reality again."

## Funds Needed For Mosquito District

County Judge C. L. Aberethy says a Hale County Mosquito Control District will not be activated until funds are provided for its maintenance. Voters of Hale County, on Nov. 3, balloted in favor of having the mosquito control district, but turned down a 25c per \$100 evaluation tax raise to finance the project.

## C. of C. Gets Bid For "Day" At Fort Worth

FORT WORTH (Spl)—The Abernathy Chamber of Commerce has been invited to select a "Special Day" to be honored by the 1965 Southwestern Exposition and Fat Stock Show, January 29 through February 7. "Special Day" delegations will be given a spotlight introduction at the rodeo performance and their participation in the day's program will receive wide publicity.

Included in the invitation is a block reservation of rodeo seats, for advance local sale, to assure delegation is sitting together during the spotlighted introduction. The local band is invited to play a concert on the Stock Show grounds and afterwards to be the show's guest at the Rodeo. A cowgirl sweetheart can be named to ride in the Grand Entry and be introduced at the "Special Day" Rodeo performance. Area riding clubs are invited to ride in the opening day Western Parade, in the "Special Day" Rodeo Grand Entry, or both.

Once again the Fort Worth Rodeo has lined-up a great show to entertain and thrill. Direct from extended engagements at Las Vegas's Golden Nugget, Harrah's Reno and Lake Tahoe and the Trade Winds Hotel in Fort Lauderdale comes the Judy Lynn Show. Judy and her eight-piece recording string band will be the '65 Rodeo's featured entertainers. Selection of the Judy Lynn troupe was made by W. R. Watt, stock show president-manager, after making a special trip to Las Vegas to see the show. Watt said, "I believe this group will provide our Rodeo audiences with some of the best entertainment in the history of the rodeo, each performance of the Judy Lynn Show will be completely different, even to the point of costumes."

Top notch rodeo action, a long standing tradition at the

## History Of Abernathy Farms

(By O. F. REA)

Earlier this year Kenneth L. Jones purchased the Cecil McCurdy lumber business from McCurdy, who had operated it since buying it from Clarence Anderson in 1952. Clarence and Roy Anderson started the business in 1938 and Clarence bought out Roy in 1946.

U. L. Moreland opened a tailor shop just south of the present Southwestern Public Service office in 1925, and operated it in that location until 1938, when he built the building now occupied by City Cleaners, and moved the shop there.

After operating the shop here until 1953, Moreland leased the shop to Herman Lambert who had been working in the shop for several years. The Lamberts operated the shop until July 1962, when they sold to Mr. and Mrs. H. T. (Si) Peters, who changed the name to City Cleaners and are now operating a business which has been in continuous operation for 39 years.

August Jones entered the real estate business in 1955, in the office with A. R. Knight in the north part of town. On Ave. D. In 1956 Jones moved to the Nystel building just north of the Methodist church where the business remained until 1959, when they moved to the present location.

Ed and Sarah Graham opened Graham's Restaurant in Abernathy 18 years ago in the south half of their present building. In 1959, they added the dining room after spreading to the north in 1954. In 1963 they added a store room and redecorated. In 1964 they re-finished the booths.

Hugh ran the business about a year and sold to Henry Brown who changed the name to Abernathy Motor Co. in 1929, and conducted the business until 1938, when he sold to Ercell Givens, who placed Brad Seale in charge.
