

SUGAR BEET harvest began on the George Redinger farm early this week, marking the beginning of experimental acreage in the Olton area. Redinger and seven other farmers in this vicinity are raising the beets for Great

Western Sugar Beet Company. The sugar-producing vegetables are being shipped by rail to Longmont, Colo. Redinger believes his beets will make from 30 to 35 tons an acre and average around 16 1/2 per cent sugar content.

First Harvest Of Area Sugar Beets Under Way

Sugar beet harvest began Monday on the George Redinger farm, setting in motion the first such harvesting of its kind in the Olton area.

Beets in this vicinity were planted on an experimental basis early this year after negotiations between Great Western Sugar Company and the High Plains Sugar Beet Association. Along with Redinger, there are seven other area farmers who soon will begin digging sugar beets. Redinger planted 45 acres. A total of 250 acres was divided among the eight farmers.

Beets were planted experimentally because Great Western wanted to know how this area will do in the growing of sugar beets. The company has had a field man here advising beet growers during the planting season.

Other farmers and the acreage each has planted in sugar beets are: Dub Hall, 45; C. D. "Buster" Tanner, 30; Floyd Light, 30; W.D. Holley, 30; Clovis Poteet, 20; Bob Anthony of North Spade, 25; and Phil McPherson of Halfway, 25.

The men will be shipping their sugar beets to Longmont, Colo., via railway from Plainview.

Redinger said he was well-pleased with his sugar beets. He believes they will make from 30 to 35 tons an acre. (In beet producing areas, 20 tons an acre is average).

The beets have been pre-tested for sugar content every three weeks. Redinger says that 14 to 15 per cent sugar content is good and on the last test his beets were showing 16-1/2 per cent sugar content.

Sugar beets sell by the percentage of sugar per ton. Presently the crop is bringing \$14.40 a ton for 16 per cent sugar content.

Redinger, when asked if this looked like a good area for raising sugar beets, said, "That's what we're hoping to prove to them." He was making reference to Great Western Sugar Company.

Beet farmers here believe

if this area proves it can produce top grade crops and get them to market without damage, more acreage will be allotted. They also think there is a chance for a sugar beet plant if tonage and sugar content holds up.

Washington legislators are meeting in December to make sugar beet decisions in relation to who gets what.

Beet gathering Tuesday by Redinger and crew attracted several people. A number of those present were sugar beet farmers themselves and were helping out and studying the operation.

The eight men shared initial costs of buying a beet pulling machine and a topper. Acreage was not sufficient for each farmer to handle expenses individually.

In actual gathering of the sugar beets, the topper is pulled

with a tractor along the rows. It takes six rows at once. Over each row rolls a rubber gauging tire and behind each tire is a blade which cuts the top from the beet.

Topping, said the growers, is never done far in advance of the puller. They explained that the beets, if left long in the ground, would bleed then spoil more easily.

A pulling machine rolls over two rows at once and a large wheel fits over the tops of the beets and pulls them up. A conveyor belt dumps the large vegetables in a box which holds three-and-a-half tons. The beets are then dumped into awaiting trucks.

Majority of the beets on Redinger's farm are from six to eight inches in diameter, and many are as much as a foot long.

The Olton farmer planted three varieties of sugar beets. One variety is a monogerm and the others are segmented seed. The monogerm has only one seed in each pod.

Redinger explained that beets are pulled while in their sugar stage or would otherwise go into another growing season and turn to seed.

Hall said, "We should be able to harvest around 12 acres a day and it will probably take from 24 days to four weeks for us all to get through."

Hall added, the temperature has to get below 23 degrees before the cold hurts the beets. In the Dakotas, beets have been known to withstand 16 degree weather.

Expenses on the beets were mostly for hoeing bills. Several of the patches were attacked with leaf spot and some localized root rotting was reported.

Hall said he had the tops hauled off his beets three times but they kept growing back. Tops of the beets will either be grazed by livestock, baled or made into ensilage.

Voters Say 'Keep Poll Tax'

More than 300 Olton voters turned out Saturday voting 10-1 against a proposed amendment to abolish the state poll tax.

Voting here followed a county and state trend which saw only one of the amendments get a favorable vote. It was the second amendment which dealt with raising the ceiling on state public welfare payments. Olton's count on the issue showed 152 for and 148 against.

On the first amendment, which would abolish the poll tax, a top-sided tally revealed 27 voting for the amendment and 289 against it.

Amendment number three on whether to continue the Veterans' Land Fund was defeated with 47 voting for the proposal and 213 against.

Amendment number four, which would have allowed Jefferson County to provide pensions and insurance benefits for its employees and officials, showed 116 voting for the measure and 183 against it.

Voting on a county level showed 1,562 ballots cast with the heaviest coming on the poll tax amendment. Officials in the Littlefield County Clerk's office said the turnout of voters was better than expected.

Lamb County, with its 16 precincts and one absentee box, showed these totals:
Amendment 1: 224 for, 1,338 against.
Amendment 2: 796 for, 599 against.

Amendment 3: 287 for, 814 against.
Amendment 4: 618 for, 738 against.

Hart Camp voters showed an average of 5-1 against the controversial poll tax issue. Their

voting record showed:

Amendment 1: 5 for, 24 against.

Amendment 2: 13 for, 12 against.

Amendment 3: 3 for, 16 against.

Amendment 4: 13 for, 14 against.

Springlake voters polled a 7-1 figure against the first amendment.

The precinct there reveals this record:

Amendment 1: 6 for, 42 against.

Amendment 2: 25 for, 15 against.

Amendment 3: 8 for, 28 against.

Amendment 4: 16 for, 25 against.

Joline Chitwood Wraps Up Enterprise Contest Again

Joline Chitwood is rapidly establishing a reputation for herself as a football guessing expert.

She won the Enterprise football contest last week for the second time this year. What's more, she's been up among the leaders all year long.

Mrs. Chitwood missed only three of the 14 games on the contest last week. All three of her misses were tie games.

Second place honors went to Jimmy Joe Schenck, who missed only four games on the contest.

Third place was a free-for-all.

Eleven people in the contest missed five games and several

to determine the winner.

Mrs. Walter Bryan had the luck of the flips and was declared winner of the \$4 prize for third place.

Mrs. Chitwood will receive \$10 and Jimmy Joe wins \$6.

The 10 other contestants who missed only five games were: Curtis Hall, W. L. Jones, Gene Varner, Mrs. Junior Muller, Clifford Carlisle, Rex Chitwood, Roy Long, Garner Ball, Bailey Hair and Tom Sluder.

There's another contest for this week. It's easy to enter, simply pick up a copy of the Nov. 7 Enterprise, fill out the entry and turn it in to one of the sponsoring merchants by 4 p.m. Friday.

'Growing Pains' Eyed By Council

TV Cable Franchise Is Sought

Trials and tribulations of city growth accounted for most of the time spent Tuesday night by Olton city councilmen in their regular monthly meeting.

Included on a heavy agenda were requests for streetlights, annexation voting plans, paving of Highway 70 inside city limits and separate requests by two Olton businessmen for a franchise for a television cable service.

Appearing before the council for the franchise request were Basil Sherman and Steve Boruk. Sherman told councilmen he was interested in putting a TV cable service in Olton, whereas, Boruk said he was seeking a similar setup which would also include live programs and closed circuit TV.

Both men presented ideas on what they would like to see take place. Sherman said, "I'm convinced a cable system for Olton would be a fine addition to the town."

In explaining how the cable would work, Sherman said it probably would involve a \$100,000 investment. Most of the expense would be for erection of a 340 foot tower.

Rates for the first five years would be set at \$6.75 a month for each customer with one TV set. Sherman said the cable would offer a wider choice of programs, would make for better reception and especially help colored TV.

He told that Muleshoe, Friona and Earth all had the cable system and that three Plainview businessmen were setting up a cable service there.

Boruk said he wasn't sure how good a business venture it would be but wanted to tie the TV service in with his theatre business.

Councilman Bob Gullett made a motion that each of the men be given an opportunity to bring in technicians or engineers to talk with the council before a franchise is granted.

On the annexation front, city planners are still pushing to annex outlying gins and houses north of Highway 70.

Mayor W.E. (Bill) Thomas said he would appoint a committee of three to carry individual ballots to each qualified voter in the annexation zone so they could express their honest opinion.

Councilmen said that fire plugs, state regulated speed control and curb and gutter work on Highway 70 will be pushed as conciliatory annexation offers.

Dr. Basil Johns said, "Those that are against it (annexation) are the ones who are afraid it's going to cost them money."

Thomas added, "We don't want to build a city with animosity. We want to include them to make a bigger and better town. No town has ever progressed unless enlarged."

Councilmen turned their attention to the Highway 70 paving project, trying to determine action to take on appealing property owners. Thus far only one property owner has balked at selling 10 feet more for a needed 90 foot right-of-way.

City Attorney Andy Stroebel said the city can condemn any property that will not be set back. "Right now," said the attorney, "we need to get the state to tell us what they want the city to do."

Voting action was withheld until highway department officials can be contacted.

Only other business procedure voted on is the erecting of street lights at the intersection of Seventh and B and at 12th and G.

Councilmen also will file a request with Southwestern Public Service to see how many other street lights are needed in Olton.

Olton's Rheta Hulsey Named Lamb County Gold Star Girl

An Olton girl, 16-year-old Rheta Hulsey, has been named Lamb County Gold Star Girl for 1963. She is the daughter of Mr. and Mrs. C. T. Hulsey.

Miss Hulsey has been a 4-H member six years and has conducted projects in gardening, canning, frozen foods, food and nutrition and clothing.

She had made 28 garments and four articles. On the six garments she has made this year, she saved \$22.85.

Rheta has prepared 134 meals, 183 dishes, frozen 197 quarts, canned 1300 quarts of food and has helped supply the family with assorted fresh vegetables.

She has entered the Favorite Food Show since the program began.

Also in the dress revue, each year she has been a member and was a blue ribbon winner this year.

Rheta was secretary of her club in 1959-60 and 1962. She attended Junior Leadership Camp in 1962 and has won special awards in gardening, canning, frozen foods and dress revue.

Special Award Winners from Olton and categories are:

Mustangs Battle Friona For Runner-Up Position

Coach Walter Bryan used three adjectives Monday to sum up the Friona Chiefs. He called them tough, big and fast.

Olton and Friona will meet at 7:30 p.m. Friday in the land of the once-beaten Chieftains. Each team is expected to go all-out in the fight for second place.

Olton has a 6-3 record.

Muleshoe took the District 3-AA crown last week when it upended Friona, 13-0. The Mules had earlier erased Olton, 21-13.

All season long the Chiefs have been the talk of their town. Coach Don Light and his aides are little less than heroes.

There has been good reason for such an attitude. Olton fans will get a look at the change Friday, Friona, who is three seasons lost 27 consecutive ball games, doesn't resemble in any fashion its predecessors.

Friona began the 1963-64 campaign by upsetting Farwell 26-13, then knocking off Sudan 28-14, blasting Memphis 33-

14 and narrowly overrunning Plains, 15-13. The winning ways were continued against Happy, 40-14; Bovina, 38-0; Dimmitt, 20-0, and a slim 7-6 victory over Morton.

Coach Light's Chiefs didn't meet their Waterloo until last week against the Mules. In defeat, Friona played Muleshoe to a 0-0 halftime score.

Olton Quarterback Club members Monday night saw the Dimmitt-Friona film, giving a hint of what to expect Friday. The Chiefs run from a tight-line formation, using a split T offense.

Aggressive gang-tackling on defense and good downfield blocking on offense make the Chiefs a dangerous team.

From the first game, it has been the slashing runs of Milton Hargus, Everett Gee and Doug Dodd, which caused opponents to fall. A passing combination from Gary Renner to end S.D. Baize also has been effective.

Hargus, a 159-pound junior,

removed all doubt about his team's chances in the first game. He scored three touchdowns on runs of 92, 85 and 49 yards. Gee cracked over for one touchdown against Farwell.

Against Sudan, Hargus scored twice. One of his touchdowns was a 92-yard run and the other was from seven-yards out. Dodd and Gee also scored in the second encounter.

Fullback Gee racked up three touchdowns against Memphis to push Hargus for the team touchdown lead. Renner passed to Baize for a 67-yard touchdown and scored another himself.

Friona came from behind to beat Plains, Hargus scored both touchdowns. One was set up on a 35-yard pass from Renner, a left-handed quarterback, to Baize.

In the Happy game, five Chiefs divided six touchdowns with Dodd picking up two. Others who scored were Ronald Atwey, Renner, Tommy Baxter and Danny Murphree.

In skunking Bovina, Hargus, Renner and Gee each scored a touchdown, and Baize scored twice. One Baize score was on a 39-yard pass from Renner and the other was on a recovered ball in the end zone. Jim Snead, reserve quarterback had a 48-yard touchdown.

It was Baxter who supplied a six-yard touchdown and Dodd who kicked the extra point as Friona eased by Morton.

Olton has taken this last Friday off with an open date. Everyone of the Mustangs is expected to be in top condition for the game.

Clyde Gallaway, Paul Hernandez, Billy Carson and George Jones, all seniors will play their last football game for the Mustangs.

Want Tickets

To Friona Tilt ?

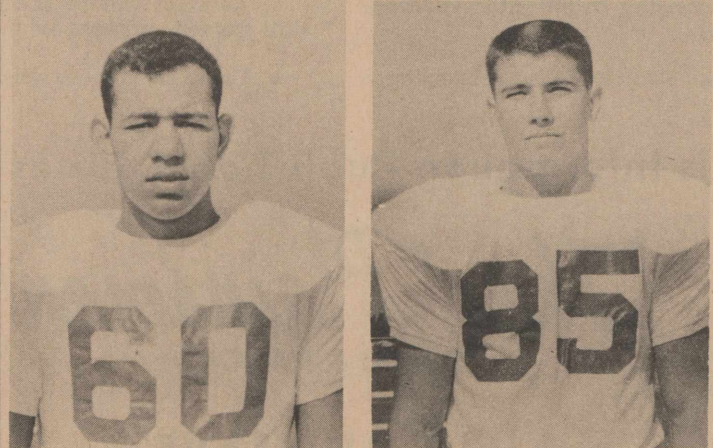

Do you always get to the ball game late and wind up standing in line for a ticket? You can save yourself that grief by purchasing a ticket for the Olton-Friona game early, according to Elmer Moore, school business manager.

"We have general admission tickets on sale in the school business office," Moore said. Deadline for purchasing the tickets here is 4 p.m. Friday.

Hart Boy, 13, Hurt In Mishap

Randy Alford, 13-year-old of Mr. and Mrs. Speck Alford of Hart, was in fair condition at Castro County Hospital, Dimmitt, Thursday morning after suffering multiple fractures in a car-motor scooter accident.

Attending physicians said the boy had fractures of the left wrist, left upper arm and both legs. The youngster also had two teeth knocked out in the accident.

The mishap occurred Thursday morning shortly before 8 a.m. at the intersection of two dirt roads south of Hart Producers Co-Op Gin.

It was reported the boy was riding a motor scooter and the scooter was in collision with a car driven by an unidentified Latin American man.

The youngster was being kept at the Dimmitt hospital Thursday morning for observation of possible internal injuries.

Hot Check Clinic Set For Tonight

A hot check clinic is being presented tonight, Thursday, at the Muleshoe High School Auditorium by the Muleshoe Chamber of Commerce.

The 8 p.m. program is being given with cooperation of the District and County Attorneys of Bailey, Cochran, Lamb and Farmer counties.

Featured speakers will be Joel Teasdale, chief of the Identification and Criminal Records Division, Texas Department of Public Safety in Austin and Alonzo Miller, district check

collection specialist with Piggy-Wiggly grocery stores in Lubbock.

Purpose of the clinic is to increase the understanding of the new "hot check law" now in effect and decrease losses of area merchants due to worthless checks.

Olton businessmen and the general public is invited.

Discussion will cover ways to prevent accepting worthless checks and ways to collect on returned checks. A question and answer period will follow presentations.

Film Shows Money Waste

AUSTIN---The dramatic burning of more than \$100,000 in actual U.S. currency is the opening scene in a new Texas Highway Department film attacking the high cost and ugliness of highway litter.

Entitled "Money to Burn," the film's opening episode illustrates the point that Texans' gasoline tax dollars "go up in smoke" when motorists throw trash from their cars. The

Highway Department spent nearly \$1,500,000 last year clearing litter from Texas highways.

Showings may be arranged by writing Texas Highway Department, Travel and Information Division, Box 5064, Austin.

News Of Interest To Women

Art Guild Elects Officers

Jean Green was elected to serve as president of Olton Art Guild in their meeting Monday, Nov. 11.

Other officers elected to serve two years are Ginger Harber, vice president, Francine Andrew, exhibit chairman, with Peggy Pendergras as co-chairman and Ann Tinkle, publicity chairman.

These artists, along with Deanna Thompson, a junior in high school, Mona McPherson, Maxine Struve, Ollie Hooper, Alpha Walden and Lester Ramsey, had paintings on display the past two weeks in the school cafeteria.

There were fifty-four paintings exhibited from the weekend of homecoming, Oct. 25, through Nov. 8th, with a possible 1,000 people viewing the exhibit. This was the fifth exhibit sponsored by the Guild since their organization in 1962.

Even though there was no judging of the exhibit, Guild members report a good public spirit was created.

Dorothy Holt is a new member of the organization with Lester Ramsey and Bob Alford, associate members. Ramsey formerly taught art in Pampa. Alford's talents include work in mosaics and during the next month one of his mosaics will be on display in the bank.

Party Honors Rodney Smith

Rodney Shane Smith, son of Mr. and Mrs. Landon Smith, was honored with a party on the occasion of his fourth birthday, Thursday, Nov. 7.

Balloons and toy horns were presented each guest. The children played games, and gifts and punch were served.

Children attending were Shannon and Christi Thomas, Shaunalee Copeland, Debbie Dickson, Darla and Sharla Elam, Susan and Keith Clayton, Mandy and Greg Griffin, Cody Smith, Karla McAlister Keili Smith and the honoree.

Does BLADDER IRRITATION MAKE YOU NERVOUS?

After 21, common Kidney or Bladder Irritations affect twice as many women as men and may make you tense and nervous from too frequent, burning or itching urination both day and night. Secondly, you may lose sleep and suffer from headaches, backache and feel old, tired, depressed. In such irritation, CYSTEX usually brings fast, relaxing comfort by curbing irritating germs in strong, acid urine and by analgesic pain relief. Get CYSTEX at drugists. Feel better fast.

MRS. JACK HYSINGER

Recipe Of The Week

A busy young mother, Mrs. Jack Hysinger, contributes this week's Recipe of the Week. Mrs. Hysinger is a member of Bykota Study Club and Order of Eastern Star.

The Hysingers are both graduates of Olton High School. Their parents are Mr. and Mrs. Bert Stewart and Mrs. H. A. Hysinger.

They have a daughter, Kanetha, who will be two years old in December. Mrs. Hysinger's recipe for spice cake is economical and easy to make. It keeps good and gets more moist the longer you keep it.

Spice Cake
1/2 cup sugar
1/2 cup shortening
1 cup molasses
2 1/2 cup flour
2 tbsps. cocoa
1 1/2 tsp. soda
1/2 tsp. salt
1 tsp. allspice
1 tsp. cinnamon

1/2 tsp. Ginger
1/2 tsp. cloves
1 cup hot water or coffee
Cream sugar and shortening. Add molasses, then flour and dry ingredients. Next add hot coffee. Beat well. Bake in one or more greased floured pans.

Icing
2 cups brown sugar
1/2 cup sour cream (buttermilk)
3 tbsps. butter
Boil brown sugar and buttermilk till soft ball forms in cold water. Add butter. Beat. Spread on cake.

Senior Citizens To Be Feted

A Thanksgiving luncheon, Thursday, Nov. 21 at 11 a.m. will honor the Golden Agers.

All senior citizens of Olton are invited to the luncheon to be held at the American Legion Hut.

Book Review Is Scheduled

A book review and art exhibit will be held in the home of Mrs. Era Maye Walthall, Saturday, Nov. 16, at 3 p.m. Mardema Bundy will present a short review on "How To Choose Books For Children." The public is invited.

OLTON PRESENTS Jonathan, 2-years-old, and Cynthia, 4-years-old, children of Mr. and Mrs. Floyd Light. Grandparents are Mr. and Mrs. Athol Light of Olton and Mr. and Mrs. Harvey Davis of Hart. Great-grandmothers are Mrs. Mary Durham, Brownfield and Mrs. J.C. Jones, Ninaview, Colorado.

Kimichi Study Club Meets

A program committee, composed of Mrs. Harlan Carson, chairman, Mrs. Steve Lee, Mrs. Houston Hamby and Mrs. Arno Hall, was appointed by president, Mrs. Lennon Young, when Kimichi Study Club met Thursday, Nov. 7, at 3 p.m. in the home of Mrs. Max Keating. Mrs. Oliver Rose, welcomed as a new member, gave the devotional.

The club voted to change the next three meetings to the first and third Thursday of November and December to prevent interference of holidays.

Refreshments of Bing Cherry Jell-O salad, tuna salad sandwiches, chocolate almond cake, chips and dip, Cokes and coffee were served to members, Mmes. Steve Lee, Houston Hamby, Mack McGill, Lennon Young, Elmer Houston, Harlan Carson, Marion Green, Max Keating, Arno Hall, David Carlisle, Oliver Rose and Mrs. Randall Roper.

Next meeting of the club will be Thursday, Nov. 21, at 3 p.m. in the home of Mrs. Houston Hamby. Program subject, to be presented by Fred Gordon, will be Education.

Projects For Olton Discussed

Melvin McReynolds, Chamber of Commerce manager, told members of Bykota Study Club of projects planned for Olton in 1964 in a meeting Tuesday night, Nov. 12, in the home of Mrs. Jim Brown.

A round table discussion, "The Importance of Your Vote", was led by Mrs. Joe Hall. Sandwiches, party pies, Cokes and coffee were served by the hostess to the following members: Mmes. Landon Smith, Andy Stroebel, Jerry Dennis, Wally Stewart, Jack Hysinger, J. P. Nafzger, Billy Guy Thomas, Jim Brown, Melvin McReynolds, Basil Johns, Joe Hall, Billy Smith Jr., Dan Quigley, Bobby Copeland, R. V. Allcorn, Mrs. Deryl Machen and guest, Melvin McReynolds.

Gift Wrapping Program Subject

Gift wrapping was the demonstration given by Mrs. Wally Stewart at the meeting of Young Homemakers of Texas Chapter, Tuesday, Nov. 5, in the home-making cottage.

Guests attending were Mrs. Stewart, Mrs. Floyd Light, Mrs. Denver Offield, Mrs. Don Nafzger and Mrs. Oliver Rose.

Members present were Mmes. Sammy Thomas, Landon Smith, Leslie Kennedy Jr., Billy McAlister, Clinton Billingsley, Les Kennedy, Gerald Ray, Garner Ball and advisor, Mrs. Dean Bradley.

Next meeting of the chapter will be Tuesday, Nov. 19, at 7:30 p.m. in the home-making cottage. Program subject will be holiday hair styles.

TWINS WERE born last Monday to Mrs. Frank Ruiz in the Olton Community Hospital. They marked the second set of twins for the woman and brought her total offspring to 10 in eight years. Mrs. Ruiz has one set of twins under two-and-a-half, a baby in between those and the newborns, giving her a total of five children under two-and-a-half.

Latin Woman Mother Of 10 In Eight Years

Mrs. Frank Ruiz probably has set some kind of record. With the birth of twins Monday at Olton Community Hospital, the Hale Center woman became the mother of 10 children in eight years.

She has another set of twins under two-and-a-half, a 15-month-old baby and the two arrivals Monday. A little figuring shows five children under two-and-a-half. Her oldest child is eight.

Mrs. Ruiz gave birth Monday afternoon to a boy and a girl. Born at 4:25 p.m., the boy preceded his sister by almost an hour. She arrived at 5:14 p.m., weighing a healthy 6 pounds, 12 ounces. The boy weighed 7 pounds, 2 ounces.

Mrs. Ruiz named her son Doroteo and the daughter Dora. Hospital attendants have had a busy time of it this last week. Besides the twins, there have been three other babies born.

One of the nurses who has worked at the hospital for a long length of time said, "This is the first time we've had five babies at once here."

Muleshoe Wins Marbles In Winner-Take-All

Muleshoe sacked up the winner's marbles last week in District 3-AA just as it was predicted to do before the season began.

It marked the second year in a row that the Mules have captured a trip to the state schoolboy playoffs.

That right came in the game with Friona when the Mules ended the Chiefs' eight-game winning streak. Dimmitt still remains a question mark in the Mules' path, but the outcome is insignificant. Dimmitt has lost two district games.

Although Muleshoe captured the conference crown, its season mark stands at 4-5 prior to the Bobcat game.

Final standings for remaining 3-AA teams will not be known until games are completed this Friday. Olton will wind up in second or third place.

Muleshoe will go into the bi-district game with powerful Denver City. The Mules are not expected to advance beyond that point.

The game will be played in Muleshoe since the two teams

battled in Denver City last year. School officials are working out details.

Denver City overwhelmed Post, 48-0, to enter the state playoffs for the fifth straight year. The Mustangs have to beat Spur next week in order to win the district outright.

Denver City had little trouble overrunning the Mules in the bi-district fray last year and the big red is heavily favored again.

Damages Slight In Auto Mishap

Slight damage was reported to two vehicles here Tuesday afternoon when they collided almost in front of the police station.

Involved in the 4:30 p.m. accident were Mrs. L.L. George and Steve Boruk.

Chief of Police Emmett Burrows said Mrs. George had just pulled from in front of Thomas' Beauty Shop, when Boruk driving west, and she collided.

Damage to each auto was not expected to exceed \$25.

Sherman Food Has New Name,

Olton SuperSave

A new name has been selected for the grocery store operated by Frank Eades, formerly Sherman Food.

The store has affiliated with Waples-Platter Co., Lubbock, and will have the name, "Olton Super Save," in line with the trade mark used by firms which are supplied by Waples.

Purchase of Sherman Food was announced by Eades last week.

"Our association with Waples as a supplier is designed to bring our customers and the entire area the most economical food prices possible," said Eades.

"We are certainly happy with the way we have been received and we want to express our appreciation to the entire community," he added.

MOTHER HOSPITALIZED

Mr. and Mrs. L.F. Glenn were in San Angelo during the weekend, visiting her mother, Mrs. J. L. Armstrong, who is in Baptist Memorial's Geriatrics Hospital.

Halfway Researchers Test Wheat Varieties

Sixteen varieties of wheat were tested at the High Plains Research Foundation in the 1962-63 season. The following results were given in Research Report No. 74. Delbert Langford, Associate Agronomist at the Foundation, conducted the test at Halfway, Nick Vilim, Chief Chemist for the Producers Grain Corporation, completed the various analyses at the firm's laboratory in Amarillo.

Wheat quality was measured in protein, sedimentation value and in actual bread baking tests. Results show that good baking quality is not necessarily associated with high protein or sedimentation values or vice-versa. Since the government loan price is set up on a schedule of premiums and discounts based upon protein and sedimentation, some poor quality wheat is bringing premium prices while other good quality wheat varieties are being sold at a discount.

Varieties which rated a premium price based on protein were Ottawa, Bison, Commanche, Triumph, Kaw, Early Blackhull and Caddo. Of these Ottawa and Early Blackhull were poor in baking quality,

and Triumph was only fair. Premium prices, based upon sedimentation values, included Ottawa, Tascosa, Bison, Commanche, Triumph, Kaw Karkof, and Early Blackhull. Again Ottawa, Early Blackhull and Triumph were not graded as "Good" quality wheat in actual baking quality.

Warrior and Rodco wheat rated discount prices on protein and sedimentation but score as "good" quality wheat in actual baking tests. Bison, Commanche and Kaw were the only varieties in the 16 tested that rated premium prices based on both protein and sedimentation which also graded "good" in the baking tests.

Report No. 74 from the High Plains Research Foundation also shows the top yielding wheat varieties during the past three years, plus the agronomic characteristics of these varieties which should be considered in selecting the best variety for profitable wheat production. Oat and barley tests are also included in the report. The research report has been distributed to all farmers and businessmen who give financial support to the Foundation's free enterprise research work.

Clayton Appointed To Interim Committee

House Speaker Byron Tunnell announced this week the appointment of Rep. Bill Clayton of Springlake to the interim Committee on Protection and Development of Soil and Water Resources.

The three-man committee, provided for in a resolution authored by Rep. Clayton, is directed to study the problems incurring as a result of the growing shortage of water in the state with the responsibility of offering new methods of pro-

tecting the vital natural resources of both water and soil within Texas.

In making the appointment, Tunnell commented, "Rep. Clayton, in this, his first session in the Legislature, distinguished himself in his service as a member of the Committee on Conservation and Reclamation. His keen interest in problems of conservation should promote valuable action from this committee."

PHILOSOPHER SAYS

Reading Paper Mixes Person Up

Editor's note: The Running Water Philosopher on his careless weed farm on Running Water Draw suggests a change in the newspaper reading habits of the nation, but it won't work.

Dear editor:

I have a system of reading newspapers which I'd like to recommend to Washington. It's the best system I know for maintaining peace of mind and a consistent foreign policy. It's simple. Don't read a paper every day, it only mixes you up.

Under my system, I read a newspaper when one turns up, blown onto this careless weed farm by the wind, left by insurance salesmen, wrapped around vegetables and such things from my neighbors, thrown out of cars, etc.

You take a man who reads a newspaper every day though and what happens? On Monday he's bent on beating Russia to the

moon. On Tuesday he reads Russia has abandoned the moon and by Tuesday afternoon he's decided maybe he ought to call it off too.

Then a week later Mr. Khrushchev announces Russia is back in the race, this ties him in a knot, and the whole space program has to be re-evaluated once more.

You can see what it leads to when you read everything Mr. Khrushchev says. My policy is to read only half of what he says and believe none.

Speaking of putting a man on the moon, a friend says he read my letter last week in The Olton Enterprise proposing that we put one man on each of the billion planets out in space, and that he has figured it up and since there are only about three billion people on earth it'd take a third of the population to do it.

"Your idea is impractical," he said. "The idea, sending a third of the people out into space!"

That's what I'm talking about. It's a splendid idea. I've got several in mind I'd like to nominate for the trip now. For example, right around here there are.....well, you fill in the names, and if mine turns up, scratch it off, I'll be busy farming.

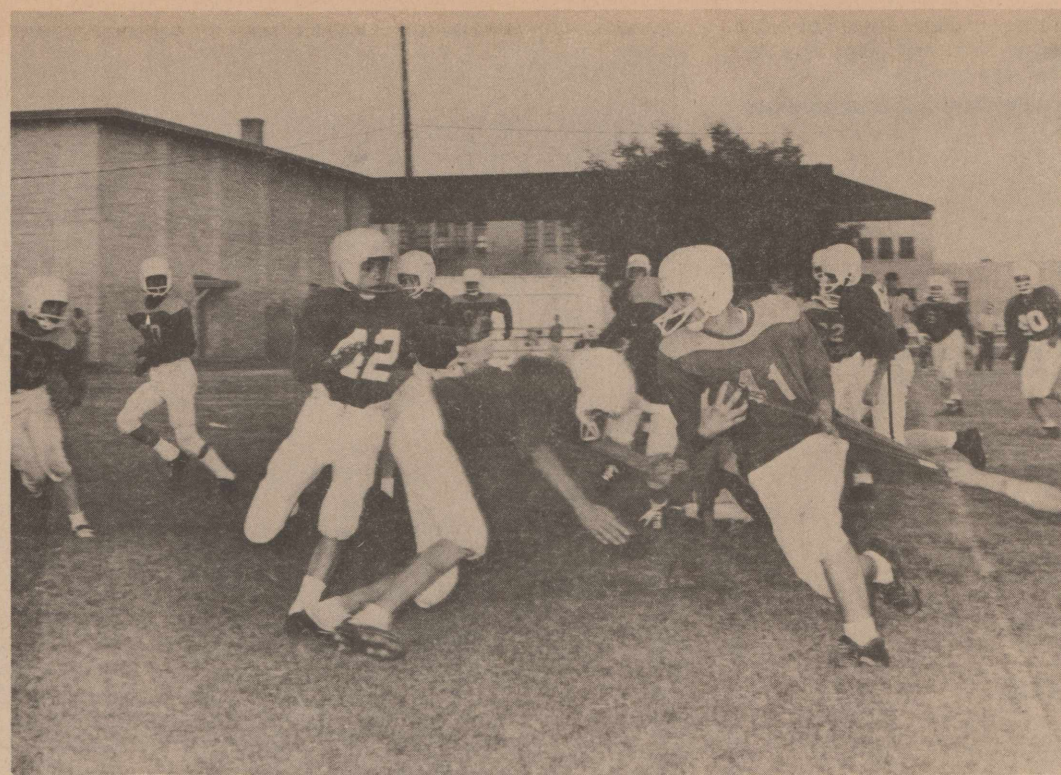

Yours faithfully,
J. A.

SPRINGLAKE'S Fullback is "fixing" to get the double whammy. While one Olton Colt slows him down with a shirt-tail tackle, two others prepare to put him on ice. Action here took place Thursday as the Colts pulled off a slim 6-0 triumph. Sandy Gregory, daughter of Mr. and Mrs. Dan Gregory, was crowned junior high queen before the contest and introduced at halftime.

Colts Hold On, Defeat Tough Springlake, 6-0

Olton's eighth grade Colts scored themselves a touchdown only seconds before the half here last Thursday then in bulldog fashion hung on to beat Springlake, 6-0.

The game was played amid junior high pagentry which saw Sandy Gregory crowned junior high football queen.

Miss Gregory was crowned at a pep rally preceding the game then was introduced, along with other queen candidates, at halftime.

Olton was hard-pressed throughout the contest as Springlake threatened to score at least three times.

The Colt's winning play came with 23 seconds remaining in the half and Olton 36 yards from the Wolverine goal.

Bobby Turner, quarterback, rifled a perfect pass to end Lanny McLain, running open near the Springlake 20, and the big fellow outstepped three defenders to the endzone.

With seven seconds remaining in the half, Turner tried to find running room around his left end but was cracked down on the one-foot line and the extra point try failed.

The fiery Colts almost got themselves another touchdown when James Rogers covered an

on-side kick on the Springlake 45. There were five seconds remaining when Turner hit Steve Spain with a pass to the Springlake 15. Time ran out to kill the drive.

Springlake's Donald Huff, Randy Washington, Gary Heller and Mark Holt had the Colts reeling in the third frame. The Wolverine backs moved the ball downfield then forced the Colts into a hole with a punt deep in Olton territory.

Turner was thrown for a loss back to his 24 as he faded to pass and on the next play his aerial was deflected by an Olton receiver and intercepted by Washington for a touchdown.

Pass interference was called on the play and Olton was given a new lease on life. The lease ended abruptly. On the first play from scrimmage, the Colts fumbled and Springlake claimed the "pigskin".

Washington ran the ball to Olton's 21. Huff moved it to the 15; Holt wormed to the 11 and Huff broke loose for a first down to the six.

Colt linemen rose to the occasion by holding the Wolverines at the five on four consecutive running plays.

Olton couldn't move the ball and punted to their own 36 and Springlake was soon knocking again at the touchdown door. The lanky Wolverines moved the ball to Olton's 20 before the Colts could get their defense working and take over on downs.

The Colts ran out the remaining time to take the game.

Recognized for outstanding home offense were Turner, Rogers, McLain, Spain, and Butch Hudgins.

Miss Gregory Elected Queen

A bit of pagentry was the vogue Thursday when Olton Junior High School crowned Sandy Gregory their football queen.

The carnation was held in a 4:15 p.m. pep rally prior to a football game here with Springlake. Miss Gregory was recognized at halftime.

Escort of the young queen was Carl Roberts.

Other queen candidates and their escorts were Doniece Gullett, and Bobby Turner, Carol Hicks and James Rogers and Robbie Langford and Lonnie McLain.

Olton's Colts beat the Wolverines 6-0 to make activities more complete.

RETURNS HOME

Charlotte Brigrance, daughter of Mr. and Mrs. M. P. Brigrance, was released from Littlefield Hospital Saturday. She was hospitalized with pneumonia.

HIGH SCHOOL agriculture teacher Max Malone was slightly injured Tuesday afternoon when he overturned in an early model pickup south of Olton. Malone hit a wet stretch of road under construction and overturned several times. He suffered a shoulder separation, large bumps on his head and cheek and required stitches to close a wound on his back.

Inspirational Talk Made To Olton Lions

Lions Club members Tuesday at their weekly luncheon and business meeting heard Rev. Cecil C. Hardaway speak on making the best of what we have.

Rev. Hardaway is pastor of the Olton First Methodist Church.

In bringing the program, the pastor used several illustrations to make his points.

Once he told the Lions about the man on the chartered plane who asked the pilot, "How are we doing?" The pilot replied, "Well we're lost but we're making good time."

The preacher said too many are riding the chartered plane of life and they don't know where they are.

"If you're ever going to do anything at all, you'd better start where you are, no matter the calling," added Rev. Hardaway.

He told his audience to cultivate a spirit of fearlessness, love and self control.

He added that the reason people fail is because they have never tried. "A person needs to feel the importance of his job," added the reverend, and he needs to start right where he is.

After we start, then what? asked the pastor. He then gave an analogy between life and his father scotching a 1923 model-T slowly up a hill.

He said, "My father would jump out on the hill and scotch the wheels, then get in the car

and gain a few more yards and re-scotch the wheels--again--until he had made it to the top.

Roundup Nets Six Suspects In Vandalism

A police roundup of six more persons charged for widespread vandalism in this area was completed here last week according to Police Chief Emmett Burrows.

Two of the persons arrested are juveniles, one of them under probation. In all, three of the youths were under probation.

The boys, each of them from Olton, were picked up last week by Burrows, nightwatchman, Harvey Castleberry and Deputy Sheriff V.L. Smith, after receiving the offender's names from officers in Hale County.

Arrested and filed on for acts of property damage amounting to three or four thousand dollars were Joe and Pete Brenitez, Robert Hernandez and David Aramos.

Ramon Barrientez, taken into custody last Monday by Burrows and Hale County officers, is also being held on a charge of wilfully and mischievously destroying private property.

All of the youths are in Hale County jail.

A series of vandalism acts from destroying an airplane to ramming a tractor through a garage were included in the one-night rampage.

Fire Doused At Roberson's

The Gilbert Roberson farm home caught fire early Tuesday afternoon damaging a hot water heater closet and causing smoke and water damage.

Olton volunteer firemen answered the call, but by the time they arrived Mrs. Roberson had the blaze under control with a garden hose. The fire broke out in the bathroom.

Location of the Roberson home is four miles north and one west of Olton.

Mrs. Roberson said she had been cleaning and had gone to the kitchen when she saw smoke coming from the back rooms. She discovered the hot water heater closet on fire.

A top portion of the heater closet was burned and water ran under a part of the living room carpet.

Mrs. Roberson said she was glad she knew where to turn off the electricity and butane.

TO CANYON

Mr. and Mrs. H. B. Carson were in Canyon Friday, visiting their son, Mr. and Mrs. Eddy Carson.

Tuesday Mishap Injures Teacher

Max Malone, Olton High School agriculture teacher, walked away from an accident Tuesday afternoon which totaled an early model pickup he was driving.

The accident occurred shortly over a mile south of Olton on a section of Highway 168 under construction. Time of the mishap was placed at about 5:15 p.m.

A highway department employee said a stretch of road had been wet down and the pickup went out of control as it passed over that area.

Malone told his wife that the end of the pickup began to slide around and it suddenly hit loose dirt at the highway's edge and began turning over. He said he was driving about 40 miles per hour.

Marks at the scene led officials to believe the vehicle turned over two or three times. Deputy Sheriff V.L. Smith investigated.

Malone was reported thrown out of the pickup as it began overturning. He received a large lump on his cheek and another on the back of his head. The teacher also received a shoulder separation on his left side and had a number of stitches taken on his back.

He was taken to Olton Hospital where he was treated and released. X-rays did not reveal any bones broken.

Bumgardner Will Speak

Max Bumgardner, athletic director at San Angelo College, will be the athletic banquet speaker here sometime in January.

The announcement was made by Coach Walter Bryan at Monday night's Quarterback Club meeting.

Bumgardner was an All-American end in the late 1940's at the University of Texas. He also was head football coach at San Angelo College before the school dropped the sport there.

Since the college has become a four-year institution, Bumgardner is expected to take over again as head football coach.

No definite date for the banquet has been set.

In other discussion at Monday meeting, Joe Hall gave a report on the two-day turkey shoot. It was called "most successful" with 34 turkeys, 20 hams and 50 items of merchandise being handed out to shooters.

Hall said the shoot grossed \$763 and would probably show a net profit of from \$350 to \$400. He told that 2,295 clay pigeons had been used.

Quinton Redinger was given recognition for use of his thrower.

Recognized for work at the shoot were Coaches Lester Ramesy, Pat Blessing and Bryan. Club members voted to give the coaches Thanksgiving turkeys in a gesture of appreciation.

Lie Detector

(now in operation at your Ford Dealer's)

To people who don't believe in hollow claims, we Ford Dealers issue a special invitation!

Everybody claims their cars are the smoothest, most thrilling, best handling. *But ours are!* To prove the truth of this, *test-drive them!*

Take the wheel of a '64 Ford and discover a new breed of ride, ruggedness and response that will convince you better than any words we might say. Enjoy a few delicious moments of truth... today!

Test-drive a '64 Super Torque Ford!

Why save trash? The John Deere 77 Stripper saves time instead. Saves cotton instead. That's the way to make money—with a fast, clean harvest. Clean rows, clean cotton.

The 77 Stripper drops trash through large grated areas. Puts it on the ground, not in the trailer, so it doesn't cost you extra to gin out.

Brand-new "tall-cotton" strip rolls help you wade through heavy yields to get your harvest wrapped

up before bad weather strikes again. Positive roller-chain drive keeps the rolls turning. Big paddles and augers hurry the cotton through wide conveyors. The "give" of spring-loaded strip bars takes large and small stalks in stride to avoid plugging.

See your John Deere dealer for complete information. Trade up now on the convenient Credit Plan that lets you pay as you profit.
