Arrest Man Who Drove Car That Killed Young Archie Martin Monday

EIGHT MEN ACCEPTED TO TRY SNOW ON MURDER CHARGE

Eight men had been accepted by the state and the defense jurors in the case against H. T. Snow, commonly known as Doc, the case on which he has been tried for the murder of Marvin Caple.

The defendant when first brought into the court room Tuesday displayed no emotional feelings of any nature, but as the time went on and the time for the beginning of the trial drew nearer, he took on a worried look and nervousness was betrayed. His long fingers were run through his dark hair from time to time and occasionally he glanced at the man who was being examined as to his qualifications as a juror.

It appeared evident at a late hour this afternoon that the trial proper would commence Thursday morning. An exceedingly large number of witnesses have been on hand since the selection of the jury was begun.

The state will ask for the death penalty. The prosecution will endeavor to satisfy justice by asking that the accused be sentenced to the gallows as evidenced in the fact that every juror who signifies that he has conscientious scruples against the infliction of the death penalty is being challenged for cause.

Verdict of 200 Men.

Two hundred men are on the jury list from which the twelve are to be chosen and the court house rooms and lobbies were filled with activities. Within the walls of the court room, quietness prevails. Only a few spectators had assembled. Counsel for the state and the defense strain every nerve and give all attention to the man who occupies the witness stand and answers interrogatives propounded to him. The attorneys scrutinize every word and the least sign of a weakness which seems unfavorable to their cause is taken up as a challenge.

The defendant occupies a chair very near that of the witness, and in the fight of him the small portion of a large court room chair is occupied by a mere lad, perhaps seven years of age. He is the son of the man whose fate hangs in the balance.

Search All Who Enter.

Every precaution is being taken to prevent any kind of a scene in the court room. Every person who enters the door of the room is asked to put his hands forward while two deputy sheriffs search for weapons. A lady who is also stationed at the door, and each lady that enters is carefully examined.

The defendant stands charged with the murder of William K. Snow, and Marvin Caple, two residents of this city, who while assisting deputy constables in the raid of a gambling house at Kemp City were shot and instantly killed by someone in the house. The grand jury in special session returned two true bills against Snow, each charging him with the murder of one of the victims.

Orders of the strictest nature have been given by Judge P. A. Martin for the enforcement of order and law. One of the requirements of the court is that no smoking be allowed in the room during the process of the trial.

VICTOR CHEEK AND WIFE ARE ARRAIGNED IN COURT

PHOENIX, ARIZ., Nov. 17.—Victor Cheek and his wife Belle, were arraigned in court here today, following their arrest on the report of a coroner's jury that Cheek's aged father died as a result of "crack and inhuman treatment" at the hands of his son and his wife.

The elder Cheek, whose fortune was estimated at \$100,000 was found dead Saturday. His body was covered with bruises. At the inquest neighbors testified he had been beaten until he begged for mercy, and that they had been ordered to begin here tomorrow, and that moved here recently with his family.

BRITISH DECLINE TO JOIN INVESTIGATION

Do Not Approve of Purposes to Be Served by the Committee of One Hundred.

WASHINGTON, Nov. 17.—The British embassy today notified the committee of 100 investigating countries in Ireland that it did not approve of the purposes to be served or the methods to be followed in the committee's hearings after the committee itself to remove from it the idea that it was not impartial or prejudiced in advance.

WASHINGTON, Nov. 17.—The British embassy today notified the committee of 100 investigating countries in Ireland that it did not approve of the purposes to be served or the methods to be followed in the committee's hearings after the committee itself to remove from it the idea that it was not impartial or prejudiced in advance.

TOM SLAUGHTER AND FULTON GREEN ENTER SELF-DEFENSE PLEA

HOT SPRINGS, ARK., Nov. 17.—Tom Slaughter and Fulton Green, alleged Oklahoma bandits and bank robbers, on trial here for the killing of Deputy Sheriff Row Brown last month, took the witness stand during their trial today and testified in their own behalf.

Slughter, when their car was stopped on the road by local officers, just preceding the gun fight in which Brown was mortally wounded and another officer shot but not fatally injured, they saw guns in the hands of the local officers, and not hearing any statement from them that they were officials, believed it time to "take care of themselves" and began fighting, believing their own lives to be in danger.

When the state endeavored to get admissions from the men that they were bank robbers; that they had held up many banks in different states; that they were fugitives from justice and that other officers were after them, they declined to answer, claiming the privilege, which the court allowed. Both denied that Brown asked them not to show guns in the hands of the local officers, and that they were told to "throw up their hands," and that they did not do so. Green made a better showing of the case.

The closing arguments will probably be made this afternoon after which the case will go to the jury.

WILSON SENDS HIS GREETINGS TO THE LEAGUE OF NATIONS

WASHINGTON, Nov. 17.—President Wilson in a message sent today to the League of Nations assembly at Geneva, Switzerland, expressed his warmest greetings to the assembly and expressed the "hope and belief that their labor will be of immense value to the whole civilized world."

The message was an acknowledgment of one from President Hymans conveying an expression of sympathy toward the League of Nations, upon the opening of the assembly of the League last Monday. Mr. Hymans' message said:

"The assembly of the League of Nations by unanimous vote has instructed me to send you its warmest greetings and to express its earnest wishes that you may be able to extend your complete health. The assembly recognizes that you have done perhaps more than any other man to lay the foundation of the league. It feels confident that the work you have done will greatly advance these principles of cooperation between all nations which you have done so much to promote."

The two 18-year-old youths held in connection with the two women's deaths are Marcus Brumberg and Harry Jorgensen.

TWO MEN CONFESS TO THE MURDER OF TWO CHICAGO GIRLS

CHICAGO, Nov. 17.—Confessions from the two men held in connection with the deaths of the two actresses, Marie Ramey and Lillian Thompson, found in Grant park Sunday morning have cleared up nearly all the details, police said today, and have established that the girls died from alcohol and exposure and without violence.

The two men, who are said to have been with the girls early Saturday evening. According to the confessions given out by the police, the two men being detained met the girls at the latter had secured the liquor which played the chief part in causing their deaths.

The two men, their confessions declared, left the girls at their own request in Grant park, and it is believed by the police that the girls wandered there all night, overcome by exposure.

Investigation by the police disclosed that it was said that the two girls had partaken of "lemon extract" purchased near their home Saturday night, besides the other liquor which chemical examination disclosed in their stomachs. No traces of poison were found, the police said.

The two 18-year-old youths held in connection with the two women's deaths are Marcus Brumberg and Harry Jorgensen.

CHICAGO, Nov. 17.—A bomb caused \$1,000 damage to the clothing store of Max Kantor and Son here today. Three men who passed the store shortly before the explosion were arrested.

MACHINE GUNS ARE USED AND MANY INCLUDING CHILDREN ARE REPORTED TO HAVE BEEN KILLED

ATHENS, Nov. 17.—Rioting broke out in front of the foreign office today as a result of the national elections.

Many persons, including a number of children, were reported killed when the space before the office was filled with machine gun fire. Adherents of King Constantine were blamed for the firing.

Regent Condouriotis is said to have refused the resignation of Premier Venizelos until votes from the army have been compiled. It is believed no matter what result Venizelos will insist on withdrawing, feeling the small majority still possible is not a sufficient endorsement.

Venizelos, before submitting his resignation, telegraphed the Greek commander in Asia Minor, ordering him to continue operations until further orders are received.

The premier was quoted as saying: "I've done my part for the Greek people and they have condemned my policy. I have retired."

"I have been accused of being a tyrant and I am giving my place to others who will not be tyrants."

SIXTEEN MEN ARE TRAPPED IN MINE FIVE FOUND DEAD

BARLINGTON, KY., Nov. 17.—Five of the sixteen men trapped by fire in the Arnold mine near here, were taken out dead this morning. They were victims of an explosion.

The dead ones: Roy Carnes, Hugh Perkins, and Jack Bond, white, and Alex James and George Anderson, negroes.

The other eleven were rescued and are in a serious condition. The five who were discovered in the mine last Tuesday.

A mine worker's car from Evansville and public men here today were protesting that the allies never would permit putting Constantine back in power to the throne of Greece. It was privately admitted it was extremely unlikely Britain and France would be able to block such a move.

The people of Britain and France would not look with favor on a military enterprise to prevent the Greeks from putting Constantine back in power. It was considered possible, the French in an extreme case might send an expedition to Greece. Through its influence over the National Bank in Athens, which contains the nation's finances, the allies could virtually cut off funds from Constantine, but then they would have to reckon with a possible uprising of the Greek people, engaged at foreign interference with their choice of a monarch.

The allies will not consent to King Constantine's return to the Grecian throne, Le Matin said today.

May Be Comprised.

The newspaper said it might agree to a compromise on the naming of Prince George, the crown prince, as king.

Official Paris appeared stupefied at the unexpected result of the Greek elections.

Venizelos will not withdraw his resignation, although reports that he was not hopelessly beaten in the national elections.

Venizelos carried Crete, his home, and Smyrna and Turca were reported to have given him majorities. These reports, the dispatches said, might modify the entire situation.

Since the election, however, Regent Condouriotis proceeded with efforts to obtain another leader for the cabinet.

Athens was quiet and the election and the possibility of the return of Constantine.

UKRAINIANS FLEEING TO ESCAPE THE NEW RUSSIAN OFFENSIVE

WARSAW, Nov. 16.—The Ukrainians have evacuated Kiev and other towns they have occupied, and are fleeing before the new Russian soviet offensive. The bolshevik cavalry has swept through the Ukrainian lines at various points.

Three of General Petura's divisions were surrounded by soviet troops when the Ukrainian left wing broke because of bad communications.

ANTI-BOLSHEVIK FORCES DRIVEN ACROSS BORDER

PEKING, Nov. 17.—Anti-bolshevik forces in Siberia have been driven across the Manchurian border at Manchouki, according to official Chinese reports today.

Dispatches from Harbin said General Semenov, anti-bolshevik leader, had been routed and are fleeing in disorder. General Isome, Japanese commander, was said to have warned the bolshevik troops they must not be routed and that his troops fled in disorder. The Japanese are rushing troops to Manchouki to enforce order.

Bolshevik troops have occupied Khabarovsk and other private property.

SAN ANTONIO MEN WILL ATTEND INAUGURATION OF GEN. OREGON AS PRESIDENT

SAN ANTONIO, TEXAS, Nov. 17.—San Antonio business men have chartered a special train to attend the inauguration of General Oregon to the presidency of Mexico, December 1.

The Mexican director of railways has informed Consul Betran that the special train would be carried free from the border to Mexico City and return to the border.

ST. LOUIS, MO., Nov. 17.—Manufacturers here today predicted a thirty per cent decrease in shoe prices before spring.

A canvass of shoe factories disclosed that the shoe industry had reached a long threatened crisis where prices must come down if the industry is to keep its head above water. Factories working only part time with greatly reduced forces emphasized the situation. Manufacturers, although willing to discuss the situation, refused to be quoted.

Producers declared that retail prices could be reduced from \$1.50 to \$1 a pair on all styles of shoes. Merchants would accept the inevitable.

REAR ADMIRAL SCALES HAS HAZARD SITUATION IN HAND

WASHINGTON, Nov. 17.—Rear Admiral Scales, commander of the United States academy at Annapolis has the hazing situation there in hand, Secretary of the Navy Daniels said today.

Admiral Scales is as determined to prevent hazing at Annapolis as I am," Daniels said, adding that he is trusting the authorities at the school to break up the practice.

HARDING MAY STOP OFF AT VERA CRUZ ON HIS WAY BACK

By RAYMOND CLAPPER
(United Press Staff Correspondent.)

WITH PRESIDENT-ELECT HARDING Enroute to New Orleans, Nov. 17.—The Harding special carrying the president-elect and his party left Brownsville at 10 o'clock this morning for New Orleans to embark for a ten-day cruise to the Panama canal zone. The special travels today over the plains of Texas skirting the Gulf.

Arriving at New Orleans tomorrow morning Harding goes to the chamber of commerce for a luncheon speech and an overflow talk later. His boat leaves at three o'clock in the afternoon. Spirits of the party which have been somewhat dampened by the severest storm in 20 years have been revived by the prospect of a sojourn at Point Isabel to Brownsville.

Some members of Harding's party divided their time between the presidential election and the ancient Mexican city of Matamoros which lies just across the Rio Grande. There was a general feeling that the jinx which brought an untimely end to the presidential campaign had been left behind for the weather began to clear at once on arrival in Brownsville.

HARDING SAYS HE WOULD LIKE TO PAY MEXICO VISIT

BROWNSVILLE, TEXAS, Nov. 17.—Plans for stopping off at Vera Cruz or some other Mexican port on the way back from Panama are under consideration, by President-elect Warren G. Harding today as a result of an invitation extended by the Mexican government and its president-elect, General Obregon.

Senator Harding indicated he would like to visit Mexico if steamship movements could be arranged to permit it. The steamship line which he returns on, Panama does not touch at Mexican ports regularly and a special stop would have to be arranged. There was no intimation as to whether Harding would be able to accept the invitation.

Prominent Texans and Mexicans here felt it promotes amicable relations. General Obregon recently visited Washington and the United States and sent word to Harding that he hoped the American president-elect would return the visit. There is some doubt, however, as to whether Harding would be viewed in official circles in Washington and Senator Harding is desirous of giving no grounds for offense to President Obregon in such matters. He declined to visit Venizelos and has not accepted an invitation to go to the city of Panama.

The Mexican invitation was extended by Elias L. Torres, special envoy of the Mexican government and President-elect Obregon. Senator Fall, New Mexico, accompanied Harding when he called on Senator Harding was made.

Senator Harding planned to leave here about ten o'clock for New Orleans where he catches his boat tomorrow. Venizelos, who is in Brownsville was spent playing golf and receiving a visit from Governor Hobby or Texas.

Mr. Holland drove 3,500 miles to find out!

FRANK P. HOLLAND, founder of *Farm and Ranch*, the oldest farm paper in the Southwest, recently drove 3,500 miles through the farming and ranching lands of Texas. He interviewed many bankers. He stopped at many farm houses. He talked to many tenant farmers. He addressed many communities. In fact, he added to his already mature knowledge of Southwestern farming conditions in every possible way he could, bringing this knowledge up to the minute in freshness so as to pass it along to the editorial staff and readers of *Farm and Ranch*.

Upon his return, Frank P. Holland said:

"I am convinced, after this last trip, that the policy I inaugurated when starting this paper is still the proper policy, and the paper will continue to work along the lines it has since I established it.

To have our editors constantly in touch with actual farming and real farmers.

"I want you to remember that *Farm and Ranch* from its very beginning has been a clean, interesting, instructive, and reliable farm paper."

Among the special weekly features of **FARM AND RANCH** are:

- Veterinary.** On the staff of *Farm and Ranch* is an experienced veterinary who answers all inquiries regarding ailments of livestock.
- Questions and Answer.** Any question about the farm, no matter what, that you may be doubtful about, from the classification of weeds to the tiding up of homestead claims, anything pertaining to the farm you want to know, will be answered in this department.
- Aunt Sallie's Household Department and "Cousin's League."** Who in the Southwest doesn't know "Aunt Sallie," that grand old lady who for over thirty years has been helping home makers, bringing the young folks together, gently and sweetly advising them, interchanging their ideas by the printed word, and endeavoring to help them grow into useful, upright men and women? The womenfolk and the children all love to read every word she writes.
- Seven Editors.** On the editorial staff of *Farm and Ranch* there are seven editors, trained farm paper men, all of whom have lived on farms, who are thoroughly familiar with the Southwest and its agricultural and stock-raising possibilities.
- Scores of Interesting Articles Every Week.** Many illustrated. You will like *Farm and Ranch*—nearly 100,000 farmers do. We've been told that our renewal subscriptions are greater than those of any other farm paper published in the United States. Pretty good proof, isn't it, of how much it is liked?
- A three-year subscription to *Farm and Ranch* costs but \$2.** You will not regret sending your two dollars now. You will find real farm news in its pages—and, we believe, ideas and helpful hints that will actually make money for you. If at the end of three months you are not satisfied in every way that you are getting a mighty big two dollars' worth, let us know and your \$2 will be returned to you immediately. Send in the coupon now.
- Farm and Ranch* is on sale at all news-stands—5 cents a copy.** Be sure you see this week's issue.

MUCH OPPOSITION TO SECRET SESSIONS OF LEAGUE COMMITTEES

By HENRY WOOD, United Press Staff Correspondent.

GENEVA, Nov. 17.—Secret discussion of League of Nations affairs was believed far from assured when the assembly opened today's meeting. Yesterday's decision that the six commissions which will thresh all questions submitted to the assembly may hold secret or public sessions as the members please, was expected to meet renewed opposition today. The business today included reports on the work of the league council which settled many matters before the assembly was called. Those decisions included the Malmedy-Eupen plebiscites and the Polish-Lithuanian agreement which later was shattered. Many delegates arrived here primed for attacks on the work of the council.

PRESIDENT HAS MESSAGE FOR LEAGUE OF NATIONS

WASHINGTON, Nov. 17.—President Wilson has prepared a message to the League of Nations assembly in reply to the one sent him by President Hymans of the assembly thanking Wilson for his services in establishment of the league. It was announced at the white house today.

SENATE SELLS SURPLUS FIXTURES AND FURNITURE

WASHINGTON, Nov. 17.—The senate went into the salvage business yesterday by the sale at auction of accumulated fixtures and furniture of the

senate dating back to the days of the sixty-first congress. A lemonade bowl from which tired senators quenched their thirst in the cloak room went for three dollars, a champagne cooler, its senatorial function not specified, brought one dollar. A sofa and five big leather chairs were knocked down for \$140. Four old oak sideboards realized from \$5 to \$18.50. An ice box, formerly a regular attendant at finance committee deliberations, went for a song. An electric runabout, once the property of the late Senator Ekins of West Virginia and which has stood for years in the senate garage, brought \$6.50. Altogether the sergeant at arms collected \$1,209.

KANSAS MERCHANTS REPORT AN INCREASING BUSINESS

KANSAS CITY, MO., Nov. 17.—"In the last two weeks there has been a decided increase in business," said Z. Briggs, president of the Kansas City Retail Merchants association. This is a buying season, according to Briggs, not one of those abnormal spending orgies of a year ago, but an honest-to-goodness, hard-headed efficient and sensible buying season. Briggs confesses "things didn't look so good a month ago, September and October were bad months. Retail sales slumped badly. But this was not due to any abnormal business condition. It was due to the late season." He explained that the public held back until the wind blew. "Now that's good business on the part of the public," Briggs continued. "People seem to have planted their feet squarely and firmly on the ground again. Reckless spending and flighty business is gone. As a result every store in Kansas City is reporting sales above normal for this time of year. In the last two weeks there has been a decided increase in business."

SAYS AMERICA WITH RUSSIA AND ENGLAND WILL ENFORCE PEACE

NORFOLK, VA., Nov. 17.—A league of nations will not be necessary when Russia is put on her feet and stands together with America and England because that country, now overriden with bolshevism, will eventually be a republic, and the three great nations united will be strong enough to keep the peace of the world. In the opinion of Right Rev. Herbert D. Pury, bishop of northern and central Europe, who addressed the fifth Episcopal synod of the province of Washington, in session here today. Bishop Pury does not oppose a league of nations but believes that an alliance between the three greatest powers will be strong enough to prevent future wars. Bolshevism is on the wane in Russia, said Bishop Pury. "It must be," he said. "It is a thing of destruction and cannot go on forever. The soviet is not producing. It has been living on stores produced before they seized the reins of government and, when these are exhausted, bolshevik authorities will become ineffective and give way before a popular rising."

FRANCIS-ADICKES BETROTHAL ANNOUNCED AT BRIDGE PARTY TUESDAY; WEDDING DEC. 28

The betrothal of Charles Inge Francis and Miss Adele Adickes, two popular young people of Wichita Falls, was announced at a bridge party given by Mrs. James Barnard Tuesday afternoon at the M. M. Adickes home honoring the bride-elect.

Tables were arranged throughout the rooms of the lower suite to accommodate forty-eight guests at the game, and the house decorations, card table and luncheon appointments were particularly attractive. Pink and white chrysanthemums in pots and vases and lighted pink tapers established the color motif of the decorations, which was further carried out in the luncheon and announcement. The score card resulted in the presentation to Miss Lella Heall Anderson of a "Good Night" pink taper, and the hostess consoled Miss Margaret McMahon with two dainty hand-made handkerchiefs, and Mrs. Clarence Moore, winner of the gift, to the honoree was an exquisitely embroidered bridge luncheon set.

The announcement was very prettily made during the refreshment course, and the tables were decorated with pink roses and bearing the initials "A-F" in gold letters were on each plate, and with the bride and groom. Lella Heall Anderson named the date of the wedding—Tuesday, December 28.

Mrs. Barnard was assisted in entertaining by her mother, Mrs. M. M. Adickes, Mrs. G. D. Anderson and Miss Frank Adickes. The honoree was most becomingly attired in a Maybelle model, changeable blue taffeta frock, trimmed with silver ribbon and hand-made taffeta sweet peas. Miss Adickes is one of the best known members of a prominent social set and daughter of a prominent Wichita Falls family. She is a Ward-Belmont graduate, having finished school in that college last year.

Charles Francis is a son of Mrs. W. B. Francis of Denton, one of the oldest and most prominent families of that city, and is a graduate of the local law firm of Weeks & Weeks. He is a lit and law graduate of Texas University. Guests at the announcement party included: Messrs. Leslie Stringer, Jerry Hancock, Wayne Hammond, Merrill Blair, Harry Weeks, Clyde Smith, A. B. Booth, W. N. Mac, John W. Johnson, W. M. Friddy, C. Y. Tully, O. F. Marchman, Sanders Walker, Jack Barnard, H. K. Pond, P. S. Richardson, Clarence Moore, James W. Williams, J. L. Jackson, Jr., T. COUNTRY CLUB LUNCHEON HONORS AUSTIN VISITOR; LADIES DAY YESTERDAY

Mrs. W. E. Stovall of Austin, who is the guest of Mrs. Willis Maxon and Mrs. Horace Robbins this week, was the honoree at a most attractively appointed one o'clock luncheon at the Country Club Tuesday, at which Mrs. John Fackins was hostess.

Yellow plume chrysanthemums added to the beauty of the club dining room and centered the luncheon table, with dainty covers and napkins, and hostesses included Mrs. Maxon, Mrs. Robbins, Mrs. Fackins, Mrs. Art, Charles Anderson, Richard Bailey and J. W. Akin. Members who spent the afternoon at the club and were served tea included: Meses. Leon Loeb, H. C. Craven, B. L. Fain, Whitney, Fred Gates, J. A. Fisher, C. W. Gilliland, John Leasing, Horace Robbins, G. H. Hampshire, Van Wormer, W. E. Maxon, A. H. Brittain, A. I. Kendall, Paulin, C. R. Hartsook, Gannon, W. W. Gardner, Fred Cooper, Remy, Stanley Fields and W. T. Bolding, and Meses. Stovall of Austin, Andrews of Oklahoma City, guests of Mrs. G. L. Fain and E. J. Unice of Mississippi, guest of Mrs. Bashara.

ROYAL NEIGHBORS TO HAVE ALL DAY SESSION THURSDAY

CHILDREN BRING 3,000 POUNDS OF OLD PAPERS FOR ALAMO SCHOOL SALE

J. W. Culbertson gamely trundling a heap-up wheelbarrow, to which Wylie Culbertson was attached by means of a rope rein, was but one feature of the Alamo school old-magazine-and-paper contest which opened Wednesday morning.

Old magazine paper sells to a local dealer for one cent a pound, and old newspapers are correspondingly enriching, in canny recognition of which fact the Alamo Home and School club, which doesn't miss many money-making bets, recently instituted a magazine and paper contest at the school. The contest is between the rooms, and at the end of the month of November, or on December 1, a handsome framed picture is to be presented to the room which has brought the biggest bulk of old magazines and newspapers to the school to be disposed of.

The contest opened Wednesday morning, and for half an hour between eight and nine o'clock the streets adjoining Alamo school appeared to have been taken over by a whole horde of New York's East End newbies. They brought the old papers in arm-wagons, autos and on horseback, the picture is to be presented to the room which has brought the biggest bulk of old magazines and newspapers to the school to be disposed of.

The Beta Delphians will meet with Mrs. S. L. Conn Thursday afternoon at 3 o'clock, in regular weekly session.

GOOD VAUDEVILLE BILL AT WICHITA TONIGHT

The vaudeville bill which comes to the Wichita theatre Wednesday is offering Bobby O'Neill in "Four Queens and a Joker" as the headliner of a well balanced and meritorious bill. O'Neill and his troop will offer what is described as a mélange of mirth and melody presented by the star and a quartet of girls, all of whom are accomplished performers. Comedy is the predominating element in the act, but plenty of real music and lively dances have been sprinkled throughout for variety sake.

Act No. 2 is scheduled to be offered by Jack Clifford and Miriam Wells in their comedy skit "At Jasper Junction." This is another hilarious farce with a rural railroad station as the background. Clifford has the part of a station agent and his companion appears as a live passenger in a dead town.

"Resista" is scheduled to offer the real surprise of the evening with a stunt which has baffled scientific investigation for years. Resista herself is a 28-pound girl who no one can lift from the floor. Both Hackenschmidt and Goch, the two famous wrestlers have tried at various times to lift the tiny miss from her chair and both have failed. "Resista" has traveled all over the world and never yet has any one succeeded in overcoming her powers of resistance. There is no fake about her performance, as will be demonstrated on the stage, but the manner in which this 28-pound girl remains "rooted" is as great a mystery as the day she first appeared on the stage.

"The Four Queens" is a quartet of charming young ladies, all possessing excellent musical ability and talent. The bill will be closed by the Busch brothers, who offer a comedy tramp-line act entitled "Spilling the Beans."

A Demonstration of Practical Economy that Concerns Every Housewife in America

Two pounds of Mazola fried 208 Doughnuts—2 pounds of Lard fried only 138

MRS. A. Louise Andrea—awarded the gold medal at the Panama-Pacific Exposition as lecturer on food and culinary topics—in a comparative test recently fried 208 doughnuts in 2 lbs. of Mazola, while only 138 could be fried in the same amount of lard.

At the same time this expert fried 24½ lbs. of potatoes in 2 lbs. of Mazola, as against 7 lbs. 14 oz. of lard.

Also, she fried 25½ lbs. of fish steak, cut to a uniform thickness of one inch, in two lbs. of Mazola. Two lbs. of lard fried only 16½ lbs.

Equal to Butter at Half the Price—Better than Lard

This means that Mazola is from twice to more than three times more economical to use than lard, on the basis of actual accomplishment.

In each test, 4 lbs. each of Mazola and lard were fried down to 2 lbs.

This confirms the experience of the seven million housewives who already use Mazola, the Great American Cooking Oil.

Mazola is a 100% pure vegetable fat. There is no loss from evaporation, nor loss of bulk from heating. It remains sweet and clean, and can be used over and over again—merely strain it.

Quality and Economy—a Problem Solved

The wonderful economy and high quality of Mazola teach a lesson that no thrifty housewife can ignore. Not only will the cost of cooking the daily meals be cheaper, but the food more delicious and digestible.

Mazola is sold at all good grocers in pint, quart, half-gallon and full gallon cans.

Once you try Mazola for Salads you will prefer it to the finest imported olive oils. The price of Mazola is about half that of olive oil. No customs duty—no ocean freight charges on Mazola.

DECLARES PETROLEUM INDUSTRY MUST LOOK FORWARD TO FUTURE

SHOULD HAVE EYE ON FOREIGN COUNTRIES FOR ITS RAW MATERIALS.

OBSTRUCTION SEEN IN ATTITUDE OF NATIONS

Seek to Engross the Sources of Supply and Reserve to Their Own Interests.

WASHINGTON, Nov. 17.—The American petroleum industry must look into the future to foreign countries for its raw material and cannot "close its eyes to a portent of obstruction that looms in its way," due to the attitude of foreign governments, President Walter C. Teagle of the Standard Oil Company of New Jersey told the American Petroleum Institute here today.

Certain governments, their realization of the importance of petroleum quickened by the war, are not only essaying to enter the oil business themselves, but also directly to engross the sources of supply and reserve the development of such sources to their own citizens, companies and capital.

Mr. Teagle said. The speaker classed these efforts as being in the "establishment of a system which we believe unjust, injurious and unwise." He mentioned England, France, Japan and Mexico in connection with his presentation of the situation.

Problem of Production. Essentially, Mr. Teagle said, the American industry has to face the problem of production. During the present year he estimated the United States will consume 445,000,000 barrels of crude oil produced within the nation and import 120,000,000 barrels additional from Mexico.

"These figures matter little, but the tendency is all important," Mr. Teagle said. "It emphasizes the relatively smaller part our home production is going to play in the future.

Our British friends, in endeavoring to explain the position their government has taken since the armistice, have argued that as the United States is now supplying 75 per cent of the world's current production, we should be well content with things as they are. This is an entirely fallacious view.

It is reasonable to ask that Americans go heartily on to the quick exhaustion of their own supply and then retire from the oil business? The American petroleum industry cannot accept such a conclusion. It must look to the development of petroleum outside the United States.

Injected Into Politics. "What we are now obliged to consider is the fact that by the policy of government control and restriction, the oil industry has been injected into international politics, where, as occasional revelations during the past year compel us to believe, the rule of open covenants, openly arrived at, has fallen into a state of obsolescence."

Russia, Mr. Teagle said, "had gone wholeheartedly into the oil business," and fields which produced 3,000,000 barrels under private management in 1915, produced 24,000,000 in 1919. Neither special privilege nor direct government management has given or will give the development of world production desired," he added.

As examples of "foreign governments deliberately placing obstacles in the way of those who would like to assist in the development of new sources of supply," Mr. Teagle cited the San Remo agreement, "proposing a division of Mesopotamia and other Near East territory between the British and the French," and the "tripartite agreement" recently entered into between Britain, France and Italy defining spheres of influence in Turkey, "which is susceptible of diplomatic inquiry as to its true meaning."

Factor in Mexican Problem. Mr. Teagle said the petroleum situation constitutes one of the "most acute factors in the Mexican problem, though a confederacy program has as yet failed of more than partial success. To this list could be added many more countries or corporations under foreign control where restrictions retard the development of petroleum resources by their own nationals or by aliens."

Pointing out that the United States has never limited aliens in exploiting oil resources within its territory, or reserved sub-soil rights in privately-owned land, Mr. Teagle said it "might be forced as a matter of necessary self-protection, to consider the adoption of measures reciprocally to conserve its petroleum resources for its own people," and stop the supply of present-day petroleum products to other nations.

"It is to be hoped that the United States never will be forced to such steps," he concluded. "We do not believe it will be necessary. The world is too anxious for petroleum. This it can obtain only if there be maintained everywhere a free and fair field to all, with special governmental favor to none."

WANT RULE ABROGATED. LIMITING THE ACREAGE

WASHINGTON, Nov. 15.—Oil operators representing large Oklahoma interests today urged Secretary of the Interior Payne and Commissioner of Indian Affairs Smith to abrogate the rule which limits to 480 acres the amount of Osage Indian land which a person or corporation may lease. Protests were made by some of the smaller oil operators against the rescinding of this rule.

BASEBALL HERO GUEST OF SHRINERS IN WICHITA TODAY

TRIS SPEAKER, CHIEF OF THE CLEVELAND INDIANS, ATTENDS CEREMONIAL.

CATCHER LESLIE NUNAMAKER COMES WITH HIS CHIEF

Speaker Is Strong for Johnson as Head of American League, and Believed Landis Is Alright.

The great and only Tris Speaker, manager of the world's champion Cleveland Indians, was in town today, and Tris was a very busy man. As is the case wherever he goes, he was busy shaking hands with his numerous admirers as well as answering letters and telegrams that are always awaiting him upon arrival in a new town. Still, with it all, he was able to devote a few precious moments to the press, and, although he had no story of any kind to give out, he was not at all averse to answering any questions that were fired at him.

Speaker was accompanied by one of his backstops, Leslie Nunamaker, who did his bit to bring the championship flag to Cleveland and who has long been a pal of Speaker's, their friendship dating back to the days when both men were members of the Red Sox. Tris and Leslie can usually be found together in the winter months in some neck of the woods on a hunting trip. Where you find one, you will almost always find the other.

Strong for Ban Johnson. The first, and about the only question that could be put to Speaker at this stage of the game, was "How are the clubs, in general, going to take the appointment of Judge Landis?" His answer was:

"That is a question that I cannot answer. I have been away from the center of activities for some time and do not know how the others are taking it and I have also read very little about the matter. No doubt, the game will go along about as always has. The appointment of Landis is alright, but the proposed Lasker plan was all wrong. The whole plan was nothing short of a scheme to oust Ban Johnson as leader of the American League. Johnson is one of the greatest leaders the game has ever known and has done more for baseball than any other one individual. It will be remembered that Cleveland was one of the clubs that stuck by Johnson and refused to sanction the Lasker plan. The Lasker plan was foolish on the face of it, and no fair-minded person would even consider it long. Why, if that committee of three was ever appointed to have charge of the vital affairs of baseball and was invested with all the authority and power that was being talked of, where would we get off. If the committee decided that they did not like the way things were being run in a certain city, they could take the franchise away from the owner and move it some place else. It's a good thing for the game that the plan was knocked in the head."

Speaker was loath to talk about the Chapman incident, stating that "it was one of the most lamentable things that ever happened in baseball. I have never expressed an opinion as to whether Mays deliberately threw a bean ball or not. That is a question that Mays alone can answer."

Up to the Courts. He stated that it was up to the courts now to deal with White Sox players who were indicted. Baseball is through with them and if they are found guilty in the courts they will doubtless "go over the road."

An Associated Press dispatch was received by the Times today stating that "immunity will be given Eddie Cicotte in the game between Cincinnati and the White Sox in the 1919 World Series." Speaker was of the opinion that this statement meant that he will not be bothered by the courts in view of the fact that it was his confession that started the "house cleaning" and implicated seven other White Sox players. He said that he did not think the statement could be possibly construed to mean that he would get back into organized ball.

When asked which club he thought would furnish the stiffest opposition in his club next year, he smiled and replied, "It's pretty hard to tell just now. The White Sox seem to be pretty well shot, but there are six other clubs which are apt to be mighty dangerous when the curtain is raised in 1921."

Speaker, a Texas League product himself, was glad that the Texas League rating had been raised and said that some mighty good ball players had been turned out of the Lone Star loop.

At just about this time "Spoke" got a call from Walter Salm, from the Spudder baseball headquarters, asking him to come across the street for a few moments, and he thought it time to leave. As we said before, Tris Speaker was a very busy man today.

THAT KNIFE-LIKE PAIN

Is Only One of Nature's Warnings of Weak or Diseased Kidneys.

Have you a lame back, aching day and night? Do you feel sharp pains after stooping? Are the kidneys sore? Is their action irregular? Use Doan's Kidney Pills—the medicine recommended by so many Wichita Falls people. Read this case.

Wichita Falls, says: "Some time ago my back and kidneys were in bad shape. My back pained so badly, I could hardly walk and when I stooped, sharp, knife-like pains would catch me, making it hard for me to straighten up. I would get so dizzy at such times and so weak I thought I would fall. I had a continuous headache and the action of my kidneys was irregular. A neighbor recommended Doan's Kidney Pills to me and I used a box. Doan's entirely cured me and the cure has lasted ever since."

BRADSTREET REPORT INDICATES REDUCTION IN PRICE OF GOODS

LACK OF BUYING ORDERS GIVEN AS CAUSE FOR PRICE DECREASES.

PETROLEUM PRODUCTS ALONE MAINTAIN OLD STANDARD

America Seems to Have Gotten Over What Rockefeller Termed "Spending Jag."

According to figures given out by the Bradstreet company, though business in general is improving over its condition last month, it is still behind its pace of this season last year. Price readjustments are continuing to take place and these, in connection with the cool weather that has come upon many parts of the country are resulting in increased activity in the sale of wearing apparel.

Many manufacturing concerns are decreasing their output and this results in increased unemployment in some cases and in others in a lessening of the hours per week of operation and a consequent lessening of the amount in the weekly pay envelope.

There has been a noticeable falling off in the inclination of the public to buy. America has gotten over what Rockefeller denominated her "spending jag." With the falling off of the public's willingness to buy, prices, notably of cotton goods, have been reduced by wholesalers and in some instances by retailers, and this has brought about some, though not much, increase in buying.

Of 76 commodities quoted weekly by Bradstreet, more than half show decreases in price. Grain, flour, cotton and cotton goods, iron steel and fuel have generally shared in the reduction. Wool is lower and much business is reported in the wool trade.

Lumber Also Suffers.
The lumber trade is suffering because of a cessation of activity in buying, for notwithstanding the house shortage, building operations generally over the country have almost ceased. Mills and logging camps everywhere are reported to have shut

down and those that have not are running on short time.

The total value of the buildings for which permits were issued in 144 cities in this country in October was \$28,323,442 or a decline of 37.2 per cent from October, 1919. From all available indications November will show a reduction of at least 50 per cent from the summit reached in April of this year and a smaller monthly total than has been recorded since April, 1919, when the building boom of last year began.

Petroleum Remaining Stationary.
One of the very few commodities that have not declined materially are petroleum and its products. This would seem to indicate that the high prices of these are due to the old law of supply and demand and not to artificial stimulants as has been the case with nearly all other commodities, in which case there should be no reduction in the price of oil at the present rates of production and consumption.

As a whole, prices have retreated 43 per cent from the summit of February 1. Building done in October of this year shows a decline of 37 per cent from October of last year and a decline of more than 45 per cent from the summit which was reached last April.

Farm products are bringing less than they were one year ago, but more than they brought in the four years preceding, all of which were war periods.

Flour has declined \$1.25 per 100 pounds in the last two weeks and some bakers have reduced their prices but most bakers, like many other retailers, find that their selling prices respond to their buying prices much more readily on a rising market than on one that is falling.

Wholesale prices have declined in

the nine months from February 1 to November of this year, 43 per cent, or a little more than two-fifths the distance it advanced over the 86 months between August 1, 1914 and February 1, 1919.

Of 104 different commodities listed, 55 were cut in price in October, hides and leather and textile goods making the most noticeable declines.

Corn Crop Less.
The Department of Agriculture gives an estimate of the corn crop that is slightly lower than former estimates, but increases the estimate of 97th white and sweet potatoes and apples.

Notwithstanding the lowered estimate of corn the crop is still regarded as of record size as well as are the crops of rice and sweet potatoes, while the yield of white potatoes, apples and hay are scarcely lower than the yields in the best of years. The average of all crops is 3.2 per cent better than last year and is better than the average for five years past by 4.8 per cent. The price-average, though 28 per cent less than last year, is 4.6 per cent above the average of the five years preceding, four of which were war years, with war prices.

Another advantage the farmer has is the fact that out of 16 crops, 13 of them are better than last year which helps to reduce the discrepancy in prices between this year and last.

Compared with average years only 16 of the 48 states show an average of all crops less than 100 per cent, Oklahoma leading with 139 per cent, Nebraska coming second with 137.3 per cent and Kansas third with 129.1 per cent. Texas is sixth with 115.9 per cent of the average crop.

In the production of corn, Iowa leads with 441,640,000 bushels, as against 416,800,000 bushels in 1919, and Il-

linois stands second with 302,434,000, which is but a trifle over her production last year.

Corn is reported as 7.7 better than last year and oats 4.4 per cent better. Potatoes are 1 per cent better, hay 1.7 per cent and apples 11.4 per cent better than last year.

New York, with 41,750,000 bushels of potatoes leads all the other states in their production.

COMMERCIAL CONGRESS TO MEET NEXT IN WASHINGTON

WASHINGTON, Nov. 17.—The Southern Commercial congress will hold its next convention in Washington, March 1 to 3, immediately preceding the inauguration of President-elect Harding. It was announced here today by Thomas R. Preston, president of the congress.

"The theme of the congress," said Mr. Preston, "will relate to the legislative program to be undertaken by the congress of the United States for the solution of the internal problems of the United States and the related question as to international reconstruction. The convention will be conducted along lines purely nonpartisan and the voice of the south will be heard in its interpretation of the vital problems confronting the nation."

"We will bring to the platform the greatest minds of our own and other lands for a comprehensive discussion of these important questions and it is planned to bring the south to Washington in great numbers for participation in the congress."

Consult "Ouija" as to Members of the Cabinet of Harding

WASHINGTON, Nov. 17.—"Mr. Ouija" already has picked several members of President-elect Harding's cabinet, according to a group of republican congressmen here. Representative E. C. Little, Kansas, is authority for the statement the ouija board has given clear answers to questions as to who will be in Harding's official family, and he is inclined to believe the board

knows as much about these all-important inquiries as any one else, except Harding himself.

With a group of congressmen around the board, Little claims that the question was asked:

"Who will be secretary of state?"

The little triangular table moved over the board and spelled out the word "Lodge." In a similar manner it picked "Wood" for secretary of war. But when the board was asked for the new secretary of labor it failed to spell any name.

"How long will it be before the democrats come back into power?" the board was then asked.

"Fifty years," was the reply, the congressman said.

"Are you joking about all these questions?" was the next inquiry.

"Yes" was the board's reply.

CALIFORNIA'S JAPANESE POPULATION IS 97,000

WASHINGTON, Nov. 16.—The total Japanese population of California, Oregon and Washington is 97,000, the census bureau announced today.

Washington's population is 17,114 or 1.3 per cent of the total population. The Japanese population of California is 70,196, or two per cent of the total population.

 announce opening branch of
Manufacturers
Million Dollar Co-Operative Sale

Fifty manufacturers loaded to the roof with sumptuous and luxurious merchandise, unable to keep up the Prosperity Bluff any longer, are forced to come direct to the public to dispose of their surplus stocks, because—

Owing to adverse weather and market conditions these manufacturers cannot sell merchandise through their regular channels because the retailers are not in the market to buy.

These manufacturers are not looking for profit—every garment will be sold direct to you for the same prices retailers pay—they are frankly glad of the opportunity to sell this merchandise now—because they must prepare for the coming season—therefore must sell the Fall stocks before new materials can be bought for Spring.

La Petite Maison obtained for 10 days only the opportunity to act as one of the distributors of this wonderful collection of merchandise—because La Petite Maison, Inc., believed the public would appreciate the opportunity of buying direct from the manufacturers at manufacturer's cost and less.

Just think of what this means to you—just think of being able to buy at wholesale for the same prices retailers pay. Just think of the values—for instance, you may have always wanted to buy a Fur Coat—

At This Co-Operative Sale

Brother in Vernon.
 VERNON, TEXAS, Nov. 17.—E. A. Showers of Wichita Falls, who is a candidate for the diamond ring offered by Maskat Temple to the most popular novice entering the Shrine, is a brother of J. L. Showers of this city. E. A. Showers lived in Vernon several years and was employed in the Herring National bank until he entered the service during the war. He is well known not only in Vernon but all over the country.

Vote on Amendments.
 VERNON, TEXAS, Nov. 17.—The final and total vote in Wilbarger county in the general election for governor and the three amendments was as follows: Neff 1,054, Culbertson 353, Capers 2, McGregor 80, and Rhodes 50. The vote on the amendments was as follows: Number 1, 943 for, 316 against; number 2, 813 for, 266 against; number 3, 546 for, 503 against.

Vernon News Briefs.
 VERNON, TEXAS, Nov. 17.—Elder Foy E. Wallace and family arrived in Vernon yesterday. Elder Wallace will serve the Church of Christ. He was pastor of the local church before going to Temple two years ago.
 E. C. Harvey and Frank Triplett of Wichita Falls are in Vernon.
 Miss Mary Anderson, Miss Juanita Youngblood, Joe Sumner and Irwin McCarter motored to Wichita Falls Monday.
 Mrs. Lloyd Sigler and Miss Rena Van Wormer went to Wichita Falls Sunday.

Mrs. A. B. Swartwood is in Dallas visiting her sister, Mrs. W. K. Long, who is ill in the Baptist sanitarium.
 Mr. and Mrs. R. A. Kelly of Cleburne and Mr. and Mrs. Chandler Carter of Shreveport, Okla., are here at the bedside of R. H. Kelly.
 A get-acquainted meeting was held in the Methodist church last night. Members met the new minister and his

wife, Rev. and Mrs. S. W. Haynes, who arrived in Vernon the latter part of last week. A short program was given during the first thirty minutes of the program and later there was an hour of informal sociability and refreshments.
 Pastor W. T. Rouse returned Sunday night from El Paso, where he attended the Baptist State convention. He reported the attendance was much smaller than usual on account of the distance from the center of the state. However, the meeting was enthusiastic and the entertainment accorded the visitors was splendid.
 Mr. and Mrs. L. C. Eakle has as their guests for the week-end Mr. and Mrs. H. C. Stone of Celina and Mrs. George Bushong of Tompkinsville, Ky. Mrs. Stone and Mrs. Bushong are sisters of Mr. Eakle, and this is the first meeting of Mrs. Bushong and Mr. Eakle in 23 years.

Will Deliver Lecture.
 VERNON, TEXAS, Nov. 17.—Mrs. Cora Belle Megrall, national lecturer for the W. C. T. U., will deliver a lecture in Vernon at 8 o'clock Wednesday at the residence of Mrs. J. L. Swartwood. The general public has been invited. Mrs. Megrall has recently returned from Washington where last month she attended the international congress. She was at one time state lecturer for the Ohio W. C. T. U. and just previous to her appointment as national lecturer she was state lecturer for Texas.

Wiss Dressmaking Prize.
 VERNON, TEXAS, Nov. 17.—In a dressmaking contest recently held at Daniel Baker college in Brownwood, Miss Thelma Lois Tull, of Vernon won honors for herself and her college. The contest was between representatives of Daniel Baker and Howard Payne colleges. Miss Tull made a dress which was placed in one of the show windows of Brownwood mer-

chandise. Representatives of Howard Payne did likewise and the judges awarded Miss Tull the prize. This is Miss Tull's second year at Daniel Baker. She is a daughter of Dr. and Mrs. J. L. Tull.

Heavy Frost at Vernon.
 VERNON, TEXAS, Nov. 17.—What is considered the heaviest frost in four years fell in Vernon and vicinity last night. Cotton pickers report that the frost has aided materially in hastening the gathering.

Parish to Speak.
 VERNON, TEXAS, Nov. 17.—The Hon. Lucian W. Parrish of Henrietta, congressman from the thirteenth congressional district, will arrive in Vernon Wednesday afternoon to address residents of this city in the afternoon. The Vernon chamber of commerce has been in communication with Mr. Parrish for some time in regard to coming here. In a letter received here he states that he is glad to visit here in order that he might personally learn of the things wanted by the people and so he can better serve them.

Forces Dragging Roads.
 VERNON, TEXAS, Nov. 17.—County roads are not in the best of shape, according to the statement of one county official, due to the fact that the highways have been so soft that only the caterpillar tractor could be used. Forces are at work dragging the roads and these will be put into condition more speedily as soon as the other machines can be used.

START A SUBSCRIPTION TO BUY LUCY A WOODEN LEG
 DALLAS, TEXAS, Nov. 17.—The subscription fund to buy Lucy a wooden leg reached \$21 here today.

Judge E. B. Muse of the district court was running the campaign. Lawyers don't exactly have to subscribe \$1 in order to get a case tried by the jurist, but somehow most of them do. Lucy is Judge Muse's negro wash-woman and she served notice last week if she didn't get a new wooden leg which costs \$125 and which she couldn't afford, she'd have to stop doing up the judge's linen.

Eight Line Sonnet Inspires Officers and Brew Is Found

SAN ANTONIO, TEX., Nov. 17.—An eight line sonnet, dedicated to home brew, with the recipe written into the rhyme, caused federal prohibition officers to investigate.

Three bottles of hooch were found at the home of the author of the poetry. One of the bottles exploded at headquarters yesterday afternoon. The poet brewer will be hailed before United States Commissioner Edwards. He claims he was experimenting on ways of making vinegar.
 The poetry runs thus:
 Take some little drops of water
 Then add some raisins, too,
 Put in a little yeast cake
 And that will make it brew
 Hide it in a warm place,
 And there let it stand
 Try it on your neighbors
 For it kicks to beat the band.

SELL SEALS TO FIGHT GREAT WHITE PLAGUE
 NEW YORK, Nov. 17.—Plans for the active participation of the entire Salvation Army in the nation-wide Christmas seal sale set for December 1 to 11 have just been perfected, according to an announcement made public today by the National Tuberculosis association here. The annual sale of Christmas seals, which is held simultaneously by the 1,200 local constituents of the national association, provided the funds for the year-round fight against the great white plague which is waged in every state.

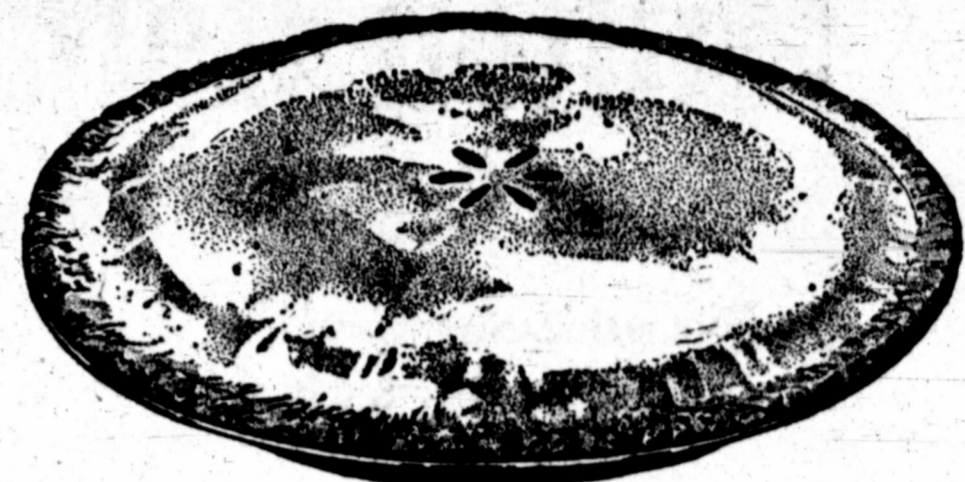

Following conferences with the tuberculosis officials, Commander Evangelina Booth, head of the Salvation Army, has just issued instructions cov-

ering the part her organization is to play in the undertaking, and with the co-operation of Commissioners Thomas Estill, William Peart and Adam Gifford, New York, Chicago and San Francisco territorial commanders, respectively, between 30,000 and 40,000 Salvationists will devote the evening of Wednesday, December 8, and all of the following day to the sale of the

little stamps. Commander Booth herself plans to man one of the selling stations to be opened here.
 "Of the 1,200,000 active and suspected cases of tuberculosis in this country," said Miss Booth, "by far the larger number are among the poor—the very classes to which the Salvation Army has been ministering for 40 years."

ANTI-VAG CAMPAIGN BY CITY OFFICIALS HAS GOOD EFFECT

The campaign launched some time ago by city officials to rid Wichita Falls of vagrants has evidently met with success if the number of cases brought for trial at the police court recently can be taken as a fair indication.

Time was when not a morning passed without six or eight vagrants being brought before Judge Ogle, there to explain their presence in the city and their reasons for never having engaged in productive work. Within the past 10 days, however, very few of these charges have been brought, and the ones that have found their way into official circles have not been as aggravated as were the ones previous to the recent clean-up campaign.

Three vagrants were brought into court Wednesday morning, and after hearing the testimony of the accused, the court dismissed the cases on condition that the boys go to work.

Judge Ogle caught a Tarter in one of the cases, a youngster who did not appear to be over 18 or 20 years of age. The boy had been arrested with a companion Tuesday evening and after being questioned in court said that his home was in Kansas City. The judge is well acquainted in that city himself and immediately began plying the boy with questions. His first question was in regard to the neighborhood in which he lived. The answer was given without hesitation and proved to be in a very respectable neighborhood. The next question asked the name of some of the principal streets. It also was answered satisfactorily, as was a question inquiring the names of Kansas City newspapers. Later it developed that both the judge and the boy were acquainted with a number of Kansas City people.

All three of the vagrants were given until sundown to find employment or get out of town and an officer was detailed to keep watch on them.

Many of the cases of this sort which are brought before the court are disposed of by putting the prisoners to work on the city street cleaning gangs and if any indisposition to work is shown on the part of culprits they are given a \$25 fine and in default of payment are locked up in jail.

DAILY PRODUCTION SHOWS DECREASE FOR THE PAST WEEK

A decline of nearly 4,000 barrels in the oil production for Wichita county is noted in the report for last week. Last week's daily average from the different pools were 71,900 barrels as compared with 75,525 for the previous week. There was a decline in nearly every pool, the largest loss being in the northwest extension.

The average for last week in the northwest extension was 23,800 barrels while the week previous to was 25,700 barrels. A falling off of 500 barrels is also noted in the report from the Burk Burnett townsite, 3,300 barrels being last week's average and 3,800 the previous week.

Electra gained 200 barrels, the daily average production for the week being estimated at 11,300 barrels. The production for the Clara pool was 5,900 as compared with 7,400 the previous week and the Texhoma pool also showed a slight loss. Last week's figures for the Texhoma pool were 4,650, while a week ago the average was 5,700 barrels.

Iowa Park was the only other territory to gain in production. A net gain of 180 barrels was shown this week, the average for the week being 5,560 barrels. Holiday field fell off about 25 barrels with a production of 150 barrels and the Petrolite field fell off about 10 barrels, last week's production being estimated at 340 barrels.

Mrs. W. S. Stovall of Austin is the guest of Mesdames W. E. Maxon and Horace Robbins this week.

"OH DADDY" FAILS TO MEET STANDARD AND IS "CLOSED"

The famous musical comedy "Oh Daddy," described by the New York and Chicago press as being the finest and best production of the year, left Wichita Falls Tuesday evening without exhibiting its wares to the expected Tuesday evening crowd.

After witnessing the first performance Monday evening Manager Crosbie of the theatre decided that in spite of the evident approval which the show had received in the nation's theatrical centers, it was not high class enough for local enthusiasts, and as a result paid off the troupe and shut up his theatre.

Monday evening's fiasco evidently convinced the public that they could survive without seeing the second production for all that time. The theatre box office was besieged by those who had purchased tickets for Tuesday and who desired to return them and have their money refunded. The management refunded without question the price of all tickets returned and after finding that the house stood to lose a tidy sum anyhow Mr. Crosbie called off the evening's entertainment.

The "Oh Daddy" is scheduled to show in Ardmore Thursday night and for the sake of the few members of the troupe who really deserve credit it is to be hoped that they meet with more favor in the latter city than they did in Wichita Falls.

ARREST MAN WHO DROVE DEATH CAR

(Continued from Page 1)

his pursuers a call was sent to Wichita Falls for assistance. Hundreds of men and numerous automobiles answered the call for help and systematic search was made but the sought-for driver of the car that sent a little boy to his death was seen by no one.

Officers Shadwin and Torres were detailed to shadow the girl. Last evening when the girl left the store where she is employed Day Patrolman Barnes, accompanied her to her home. He told her that he was following her and related to her that his best thing was to do was to follow her. Torres fell into his hands, as if captured by the posse the results might be entirely different.

Allowed to Bat: The officer ordered the girl by the appearance and the condition of the man consented to allow him to eat the dinner prepared for him and change his clothing. After the man had stepped to the door, the door was opened and the fugitive, tormented by fear, hunger and cold fell almost helplessly into the arms of the officers. Officer informed the man that he was a city policeman, Torres collapsed.

He told the girl and the officer that he had been hiding in a hole in the wall before he made his way to the city that his body was numb from cold, having remained covered with water and mud for several hours and that it was a matter of five or fifteen minutes before he could make any headway.

Applied at Farm Home: He applied at the house of a farmer nearby and spent the night and Tuesday morning he asked the farmer to assist him in getting his automobile out of the mud. At this time the postman came along and handed the farmer the Monday evening issue of the Wichita Daily Times. Torres is said to have asked for the paper and he read the account of the accident.

10:30 o'clock Tuesday evening, believing that the man would come out from hiding some time during the night. In addition to the posse of several hundred men, two airplanes were pressed into use during the afternoon.

Blood Removed From Car: The death car, as it appeared mired in the banks of the lake gave a different appearance than the car that struck Archie Martin at Tenth and Scott streets.

REPORT TORRES NOT IN TARRANT COUNTY JAIL: FORT WORTH, Nov. 17.—Joseph Torres, arrested at Wichita Falls following the killing of little Archie Martin, was not in Tarrant county jail, it was stated by Sheriff Clark today. Torres was not brought here at all.

LEAGUE OF NATIONS MUCH ALIVE STATES LORD ROBERT CECIL

GENEVA, Nov. 17.—Very much alive is the League of Nations as shown by the report of the executive council, Lord Robert Cecil of England, sitting as a delegate from South Africa, declared at today's session of the league here. Speaking on the report made by the council to the assembly, Lord Robert remarked: "While it is true that some countries that the league is dead, the council's report shows it to be very much alive."

States He Would Probably Dismiss the Mooney Case

SAN FRANCISCO, Nov. 17.—District Attorney Matthew DeLoach of San Francisco declared today that if the courts should order a new trial for Thomas Mooney, now serving for life in the state prison, he would probably dismiss the case as a result of the preparatory day parade bomb explosion here in 1916, he probably would move that the case be dismissed and Mooney freed.

BEGIN TRIAL OF PASQUALE ON CHARGE OF KIDNAPING

NORRISTOWN, Pa., Nov. 17.—The trial of August Pasquale, confessed kidnaper and slayer of 13-month-old Blakely Coughlin, opened here today in the Montgomery county court. Charges of extortion and burglary are also pending against the defendant.

J. A. Anderson, former district attorney, was appointed by the court to defend Pasquale. Anderson, as given out by the state police, Pasquale, known as "the crank," said the Coughlin child was another victim of a mob and he threw the body in the Schuylkill river. Efforts to locate the body have been unsuccessful. Pasquale also admitted to have confessed that he obtained \$12,000 from George H. Coughlin, the boy's father, and that he was planning to get further "ransom" when he was captured.

DENNIS CHESTER SUCCEEDS IN MAKING HIS GETAWAY

KANSAS CITY, MO., Nov. 17.—Dennis Chester, charged with the murder of Fred Barker, a notorious gang leader here, and who escaped from a train near Broken Bow, Neb., late Monday while being returned to Kansas City for trial, had today been captured, although the search for him continues, according to word received by the local authorities this morning. Bloodhounds are being used in the hunt for the man, who is supposed to be hiding among the sandhills surrounding the little Nebraska town. Word was received here today from Jefferson City that Governor Gardner had announced he would investigate the circumstances surrounding the escape of Chester.

STATE SUPERVISION IS RECOMMENDED IN REPORT

ST. PAUL, MINN., Nov. 17.—State supervision of machinery for marketing and cooperative ownership of rural agencies by farmers are recommended in a report by Hugh J. Hughes, director of the Minnesota department of agriculture, made public today. The report deals with the results of an investigation by the department into conditions affecting the marketing of farm products which was ordered by the 1919 legislature.

MAY CANCEL WESTERN UNION CABLE PERMITS

Action Threatened Unless Company Accords America Equal Privileges.

WASHINGTON, Nov. 17.—A veiled threat that permits granted for landing of Western Union cables in the United States will be revoked unless the company continues to accord the American government the same privileges that it accords the British and other governments in handling cable messages, it contained in a formal statement issued today by the state department. "Obviously," said the department's statement, "the United States could not be expected to allow the Western Union company, an American corporation, to charge for its messages a rate the rate charged, for example, the British government, nor to accede to a requirement that the ordinary practice of business with respect to periodical settlement of accounts, shall be set aside in dealing with our government."

TO BAR FOREIGNERS FROM OIL PIPE LINE

Mexico to Exclude Direct Participation in Operations Across Isthmus.

MEXICO CITY, Nov. 17.—Exclusion of foreign powers from direct participation in the operation of the proposed oil pipe line across the Isthmus of Tehuantepec was recommended yesterday in a report by a committee of experts appointed some time ago to study the matter. The committee also urged that foreign warships be prohibited from using any oil products flowing through such a pipe line. Three petitions asking for concessions to lay the line were examined by the committee. One was from the Mexican Pipe Line company, which several days ago was characterized by the newspaper Excelsior as a concern primarily organized by the United States shipping board to facilitate transportation of oil supplies from Gulf ports to American vessels in the Pacific. The other two were from the Equilla company, a concern in which British and Mexican capital is invested. It is asserted, however, to have Japanese backing. The committee did not recommend which petition should be granted.

NAVY OIL BARGE CAKE ASHORE AT GURNET BEACH

PROVINCETOWN, MASS., Nov. 17.—The navy oil barge number 12, which broke away from the tug Peacock during a gale last night, came ashore at Gurnet beach near Plymouth today. Although it had been reported there were five men aboard when the barge broke loose, no men were found by coast guards who examined the craft. Naval officers at Plymouth announced that the report that five men were aboard was erroneous and that no lives had been lost.

HOMER BARNES CASE IS IN HANDS OF THE JURY

FORT WORTH, Nov. 17.—Homer Barnes, 19 years old, who has been on trial for the slaying of Motorman James Acord in an attempted holdup of Acord's street car, October 17, will know his fate by tonight, as the case went to the jury at noon today. As a witness Barnes repudiated his confession of the crime, saying it was made in a fit of "zye" insanity. His mother, Mrs. Martha Barnes, employed in a Kansas City department store, was the chief witness for the defense.

NO CORPORATION CAN DELIVER RECOGNITION

Declaration is Made by State Department in Discussing Mexican Situation.

WASHINGTON, Nov. 17.—No corporation, group of corporations and no group of individuals is going to deliver American recognition to Mexico, it was stated authoritatively today at the state department. It was stated that as a preliminary to recognition the American government did not insist upon the abrogation of article 27 of the Mexican constitution, provided the operation of the article did not infringe upon the rights of Americans in Mexico. Officials added, however, that if the operation of the laws enacted under article 27 were confiscatory or retroactive, the United States could not accord recognition. The United States, it was declared, is actuated solely by a desire to protect all valid interests of Americans in Mexico.

DECLARES NO RECORD OF EXPENSE EXISTED

Witness Charges \$2,500,000 Had Been Expended Without Itemized Showing.

NEW YORK, Nov. 17.—The Walsh congressional committee investigating the United States shipping board was told today's hearing that when Alonso Tweedale was made treasurer of the board and emergency fleet corporation in August, 1919, no record existed in either office showing how \$2,500,000 expended up to that time had been disbursed. This testimony was given by Martin J. Gillen, former executive assistant to John Barton Payne, when he was chairman of the board. Gillen added that neither was there any record of \$24,000,000 worth of securities belonging to the fleet corporation. These later were found deposited with a Philadelphia trust company, he said.

URIC ACID IN MEAT CLOGS THE KIDNEYS

Take a Glass of Salts If Your Back Hurts or Headache Follows. Drink More Water. If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their effort to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dimness of your vision, sores, tongue is coated and when the weather is had you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore, and irritated, obliging you to seek relief two or three times during the night.

DR. KING'S NEW DISCOVERY

The sensation of the year in the drug trade is Aspirinol, the two-minute cold and cough reliever, authoritatively guaranteed by the laboratories; tested, approved and most enthusiastically endorsed by the highest authorities, and proclaimed by the common people as ten times as quick and effective as whiskey, rock and rye, or any other cold and cough remedy they have ever tried.

All drug stores are now supplied with the wonderful new elixir, so all you have to do to get rid of that cold is to step into the nearest drug store, hand the clerk half a dollar for a bottle of Aspirinol and tell him to serve you two teaspoonful with four teaspoonful of water in glass. With your watch in your hand, take the drink at one swallow and call for your money back in two minutes if you cannot feel your cold fading away like a dream within the time limit. Don't be bashful, for all druggists invite you and expect you to try it. Everybody's drug list.

DR. KING'S NEW DISCOVERY

When your cold or cough is relieved, take the remainder of the bottle home to your wife and babies, for Aspirinol is by far the safest and most effective, the easiest to take and the most agreeable cold and cough remedy for infants and children. (adv.)

NEW YORK A. C. WILL NO LONGER DOMINATE AMATEUR ATHLETICS

"Old Guard" Ousted at A. A. U. Meeting—"Bob" Weaver of Los Angeles is President.

By HENRY L. FARRRELL, United Press Staff Correspondent.

NEW YORK, Nov. 17.—Autocratic domination of amateur athletics in the United States by the New York Athletic club and a group of conservatives is at an end.

Having heeded to the demands of the "soviet of athletes" formed last summer in Antwerp before the Olympic games, the Amateur Athletic Union has decided upon a change of faces and policies among the governors of athletics.

The "insurgent ticket" headed by Robert C. Weaver of the Los Angeles club, was elected in its entirety over the choice of the New York dictators, Justice Barton Weeks, its office holder in the union for years was defeated with the rest of the "old guard."

In addition a committee of William Front, Jeremiah McHoney and Charles H. Lynch was appointed to investigate the charges made by the Olympic athletes against the committee in charge of the American team in Antwerp. This committee also will seek to learn the method employed by the committee in placing the American team.

Charges made by the rifle and pistol team and the oarsmen that they had to pay their expenses out of their own pockets although funds had come from other sources, also will be investigated.

It is known that the midshipmen of the victorious navy crew had to find their own quarters when they arrived in Brussels.

Boxers and wrestlers from the west and south were bitter in their denunciation of the manner in which the New York A. C. conducted the trials for the Olympic team.

"Bob" Weaver, the new president, was popular with Olympic athletes in Antwerp. It is understood he was the choice of the athletes in taking the reins of government.

LONGHORN SCHEDULE FOR NEXT YEAR CALLS FOR GAME WITH VANDERBILT

AUSTIN, TEXAS, Nov. 17.—The football schedule of the University of Texas for next season practically has been arranged and it calls for three games which are expected to be severe tests of the toughness of Longhorn material.

Vanderbilt is signed for a game at Dallas during the Texas state fair, and Mississippi A. & M. will come to Austin. The Texas A. & M. game will be played at College Station. Authorities say that the line-up of the Texas University team, which has had easy victories this year, is expected to remain practically intact for next season.

Next season's schedule follows:

October 11: Simmons College at Austin.

October 15: Howard Payne College at Austin.

October 22: Vanderbilt University at Dallas.

October 29: Rice Institute at Austin.

November 11: Mississippi A. & M. at Austin.

November 21: Texas A. & M. at College Station.

JACKSON AND DALY TIED IN THREE CUSHION TOURNEY

CHICAGO, Nov. 17.—Clarence Jackson of Kansas City and John Daly of New York were tied for the lead in the world three cushion billiard championship here today. Each has won three games and lost none. Daly beat Charles Olin of New York last night. Jackson defeated Pierre Maupome 5 to 4, in seventy-two innings.

BILLY KLECK AWARDED DECISION OVER CARTER

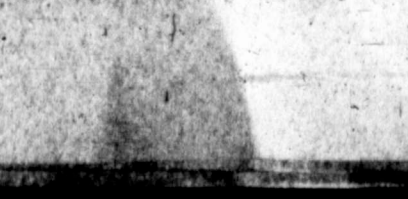

SAN ANTONIO, Nov. 17.—Billy Kleck, New Orleans, welterweight champion of the A. E. F., was awarded the scheduled ten round bout with Tommy Carter, El Paso, in the third round on a foul here last night.

Carter, in avoiding Kleck's blows pushed him through the ropes. Kleck striking his head on the arena seats. He was dazed for an hour afterwards.

Kid Pancho, Texas flyweight champion, knocked out honey Humbo, second division fighter in the third round.

GIANT STAR WILL BE SHIPPED TO SECOND BASE

NEW YORK, Nov. 17.—A shift in the infield of the New York Nationals for next season was announced today by Manager John J. McGraw, previous to his departure with President Charles A. Stoneham to Cuba for the racing season. Joe Rupp, purchased yesterday from the St. Paul American association team, will be used at third base. McGraw said, and Frank Frisch will be switched to second, where the Giant manager believes he will be more valuable.

ATTENDANCE RECORDS WILL BE BROKEN AT HARVARD-YALE GAME

The annual gridiron tilt between Harvard and Yale next Saturday in the Yale bowl will be played before the largest gathering of spectators ever assembled in the mammoth Blue football arena. Had it been possible for all those to obtain tickets who desired to do so, the crowd would undoubtedly have passed the 100,000 mark. As it is, over 75,000 people will witness the classic, and tickets are not to be had for love nor money now. The attendance figure will probably establish a national figure for an intercollegiate football game.

Practically all the New Haven hotels have already been booked to capacity and the late comers will be forced to put up in lodging houses and neighboring towns. Special trains from nearly every large eastern city will be run into New Haven on the day of the game, especially from Boston to New York.

The unusual popularity of football this season is given as one of the reasons for the expected record, though there is great interest in the game itself this year. Never before in the history of the game, have such large crowds attended the different games. Games which, a few years ago, attracted only passing interest drew upwards of 25,000 this year and it has not been at all uncommon for crowds of over 40,000 to witness some of the larger games.

Baseball crowds during the past year shattered all previous marks in many of the ball parks, but the marks were not to be compared with the individual football crowds. It has truly been a "super-year" for sports.

New Baseball Ruling Covers Case of Game Broken Up by Rabbit

During a baseball game in Norwood, Ohio, Industrial league toward the close of the season a rabbit caused a new baseball ruling that must stand as a precedent.

In the eighth inning between an adding machine and a sash and door company the rabbit jumped out from beneath the grandstand and dashed across the diamond. The players of the sash and door club, who were in the field, with a cry started in pursuit of the rabbit.

During the excitement a base runner for the opposing team hooped it for home and scored. A tempestuous crowd followed the sash and door club claimed that time should have been called by the umpire.

The arbiter ruled thus: It is the umpire's sole right to call time in any game. The players had no right to chase the rabbit unless said chase was sanctioned by the umpire. The run counts.

Helping a Hard Luck Chum Got Man o' War For Riddle at \$5,000

Few followers of the record of the famous Man o' War have heard the story of how Samuel D. Riddle came into possession of the "superhorse" at a price of \$5,000.

Louis Feustel, who developed and trained the world famous chestnut, came near being a policeman. He was on the high road to get his diploma when Samuel D. Riddle happened along and took him in hand. Feustel's stable of horses had dwindled down to one lone pester. He was discouraged.

Fate seemed to beckon him to other endeavors, then Dame Fortune flitted with Louis, and he followed her into the Riddle cottage. There he met the present owner of Man o' War, who said to Louis: "Get these out and gather a stable of horses." He went to Saratoga to look after prospects.

He looked over many, then pulling up beside a smart looking chestnut, decided he was desirable. Outbidding several prospective buyers, he laid down \$5,000 and led him to the barn. The rest is history.

NEW YORK, Nov. 17.—Benny Leonard, lightweight champion, meets "Harlem" Eddie Kelly in a 15-round bout here tonight. The match is regarded by Leonard as a "trial battle" for his contest with Joe Welling at Madison Square garden Nov. 26.

CICOTTE WILL BE GIVEN IMMUNITY IN 1919 GAME

CHICAGO, Nov. 17.—Immunity will be given Eddie Cicotte, White Sox pitcher, who confessed he accepted \$10,000 to play "crooked baseball" in the game between Cincinnati and the White Sox in a 1919 world series. It was reported here.

Cicotte's confession implicated seven other White Sox players under indictment.

REGULATION SWIMMING SUITS MUST BE WORN IN FUTURE A. A. U. CONTESTS

NEW ORLEANS, Nov. 17.—Girl swimmers who compete in amateur athletic union contests in the future must wear regulation suits that come higher about the neck and must be cut with a Rus allowance for shrinkage, under a rule adopted last night at the final session of the annual convention of the union here.

Judge Harlow S. Weeks, chairman of the legislative committee, described the low cut and tight fitting suits worn by American girls in the Olympic games and said these girls had been criticized by the Europeans.

Under the terms of the new ruling regulation suits must be worn by both men and women.

"ACHIEVEMENT--NOT WORDS" IS PLATFORM OF JUDGE LANDIS

CHICAGO, Nov. 17.—"Achievement—not words"—will be the platform of Federal Judge K. M. Landis, baseball's newest ruler.

Landis, discussing plans for baseball's future, said Chicago was to be the mecca for baseball pilgrims. He will make his headquarters here and squabbles which may arise will be brought to Chicago for him to decide.

"While I was making my decision as to whether I would accept the baseball offer, men came to me and said by all means take it. You have earned it; leave the bench," Landis said.

"There seems to be a great concern in some minds about my ability to handle both jobs. They are not afraid I won't do my work; they are afraid I will do my work."

GRAND JURY REPORT EXPRESSES SURPRISE AT JURY VERDICTS

JURIES MUST ASSESS ADEQUATE PUNISHMENT IF CRIME IS STOPPED.

FIFTY BILLS RETURNED IN TWELVE DAYS

More Than 160 Witnesses Examined—Texas Rangers Are Thanked for Work in Country.

Surprise at the action of petit juries in some of the recent criminal cases was expressed by the grand jury in its final report to Judge P. A. Martin at the conclusion of their work Tuesday evening. They reported that they had investigated all the cases brought to their attention, whereupon the judge discharged them.

The report as submitted explains the action of the grand jury since they have been in session and is as follows: To Judge P. A. Martin of the Honorable 89th district court:

We the grand jurors duly assembled in special session, assembled on the 11th day of October, 1920, make the following report:

Examinee 102—Witnesses.
We were called together on the 11th day of October, 1920, and have been in session twelve days—since said date, during which time we have examined 162 witnesses and returned 50 true bills of indictment.

In your recent charge to this body you have called our attention to the fact that an unprecedented wave of crime is sweeping over Wichita county. Our investigations along these lines have confirmed the suggestions made by you and we beg to state that this grand jury has to the best of its ability tried to ferret out these cases of lawlessness and to indict the guilty parties.

We do not feel that we have indicted all whom are guilty of crimes but we have in numerous cases returned indictments, where in the minds of the grand jury there was sufficient evidence to convict parties billed. We, therefore, are somewhat surprised at the verdicts rendered by some of the juries empaneled for the trial of these cases.

Penalties Must Be Sufficient.
It is our opinion that before the crime of this county can be suppressed it will be necessary for the juries in the trials of these cases to assess the penalties sufficient to a recurrence of these crimes will not occur.

There has been a great many cases of crime and violations of the law

POLICE SEARCH FOR MEN WHO ATTEMPT TO HOLD UP TRAIN

DENVER, COLO., Nov. 17.—Police are searching today for armed men who last night attempted to hold up and rob Union Pacific passenger train No. 104, east bound, at Sandow, six miles east of Denver. Eighteen shots were fired by the bandits and members of the train crew who, since the Carlisle train robbery in Wyoming, have been armed.

One of the bandits is believed to have been wounded. They escaped in an automobile which was waiting near the siding.

Three of the bandit party, believed to have numbered six men, flagged the train. As it pulled to a stop they approached the baggage car. A brakeman, armed with a shotgun, jumped from the train and when the bandits opened fire, he replied. Others of the train crew also opened fire.

It is in the discharge of our duties as grand jurors, we have failed to meet with your expectations or that of the public, we can only say that we have discharged those duties without fear or favor to the best of our ability.

Respectfully submitted (Signed) R. E. Shepherd, foreman of the grand jury.

behind. A flagman stopped the train in time to avert a collision. The Rock Island's rear coaches were derailed as it passed the Sandow switch. Railroad officials believe the switch was pulled while the train was passing over it.
