Bands to Present Pops Concert Mon.

Bura Handley Community Center will be the setting for the annual Pops Concert presenting the three Wellington School bands on Monday, May 11, according to Director George Mills.

Starting time will be 7:30 p.m.

This annual event will be informal in nature, with the audience sitting at tables and eating sandwiches, cookies, cakes and pies which will be for sale.

In addition, the cake and pie auction will be held during a concert intermission. The Band Boosters Club is in charge of the food sale and auction and proceeds finance their projects.

One hundred and twenty-one student musicians will be heard during the concert. Thirty-two are in the Sparkler band, made up of elementary school students; forty-five make up the Firecracker Band from junior high.

That Skyrocket Band includes 44 advanced band students.

The public is invited to attend. There is no admission charge for the concert, but the sandwiches and other foods from the booth are for sale and the cakes and pies will be auctioned to raise money for Band Booster projects.

He also announced the other 8 students who make up the top 10 graduates scholastically: 3. Toni Isaacs, 93.73, the daughter of Mrs. Fred Maxwell; 4. Lori O'Rear, 93.54, the daughter of Mr. and Mrs. Willie O'Rear; 5. Renee Lacy, 93.13, the daughter of Mrs. Robert Lacy; 6. Verita Simon, 90.43, daughter of Mrs. Evvie Simon; 7. All grade averages were checked several times before the list was released, Hankins emphasized.

It is noted that the top 10 students scholastically are all girls. So are the next 8., The high ranking boy, 19th in a class set tentatively as 53, is Mark Fourmentin, the son of Mr. and Mrs. Richard Fourmentin.

City Clean-up Drive Set for May 11-15

Wellington's city-wide clean-up campaign is slated for Monday, May 11 through Friday, May 15, the week in which homeowners make the extra effort to spruce themselves up for the coming summer season.

In preparation for this, they are called on to do their homework--quite literally.

The clean-up drive is sponsored jointly each spring by the Collingsworth Chamber of Commerce and City of Wellington.

During this week, residents are urged to clean up their premises of trash, rubbish and refuse and put it all in the alley for City of Wellington trucks to pick up.

"Clean, well cared for homes and business houses are not only good to look at, they are a valuable economic asset to any town. We are on one of the major north-south highways of the nation, US 83, and more than we realize, we are judged by what travelers on that route see when they come through Wellington," said Ralph Owens, Mayor of Wellington, and Virginia Robey, president of the Chamber of Commerce, in a joint statement.

The trucks will run for one week only, picking up everything put in alleys. They will start at first and Haskell Streets and work south. Trucks will go through the alleys one time only. For this reason, residents are urged to do their spring house and yard cleaning during the remainder of this week and over the weekend.

City Manager Glen Taylor warned however, that everything put in the alley is going to be carried off.

"If you have something that you want to keep, then don't let it get in the alley," he says. "If you have something in the alley now that you don't want hauled away, please remove it before Monday morning."

The city trucks will begin running Monday morning, and there is no charge for this pickup.

Owners and leases of vacant lots are required to remove trash, refuse, garbage and rubbish at their own expense and to keep weeds under control throughout the season for protection against mosquito breeding and harboring places, and to eliminate places where snakes, rats, skunks and other varmints can take shelter.

However, because of non-resident owners and lots without known owners, it has long been a practice of the city to keep vacant lots mowed where owners would keep them clean and mowable and the city will continue this program.

The City will haul dead trees and heavy junk on Thursday, May 14.

This includes items that are too big for the regular city trucks but require front end loaders and dump trucks.

Any person having dead trees or heavy junk to be hauled off should call Margaret Vines at the Chamber of Commerce office, 447-5848, and his name will be put on a list for these items to be picked up before the end of the Campaign.

The city will not dig dead trees, it is emphasized, but they will haul away trees that have been dug.

"This campaign will go a long way toward keeping Wellington clean and attractive through the coming months. But it will be up to the individual residents to keep their premises in good condition through proper maintenance through the growing season," said Mayor Owens.

All-Sports Banquet to Honor Athletes May 12

Wellington high school athletes in every category will be honored at the 1981 All-Sports banquet, Tuesday, May 12. This will be held at 7 p.m. in the School Cafeteria, according to Head Coach James Williams.

Tickets for the dinner and recognition program are on sale and may be purchased from any of the high school cheerleaders.

Coaches will introduce the boy and girl athletes who make up these teams: football, boys and girls basketball, boys and girls track, and boys and girls tennis.

The climax of the evening will be the announcement of the award recipients, kept secret until the names are called at the banquet.

The three traditional football awards will be made: Outstanding Lineman and the Larry Wright Fighting Heart Award.

From the girls basketball team, the outstanding player of offense, outstanding player on defense and most improved player will be announced.

The outstanding player will be chosen from the boys team.

New cheerleaders have been selected to serve throughout the 1981-82 school year and these will be announced for the first time.

Coach Williams will be master of ceremonies, and taking part in the program with him will be other members of the coaching staff, Ray Bostick, Dale Morris, Mark Reasor, Brian Hill and Ronny Williams.

Members of the 8th grade girls basketball team will serve the guests.

Approximately 200 supporters of Wellington High School athletics, are expected to attend.

Mrs. Hughs Dies May 1 At Age 94

Mrs. Florence Bell Hughs, a Wellington resident 44 years, died at 6:20 a.m. Friday, May 1, in Collingsworth General Hospital after an illness of five weeks. She was 94 years of age and lived at the family home at 1001 Arlington Street.

She was the mother of Buster Hughs.

She and her husband, the late S.F. Hughs, came to Wellington in 1937 from Quanah, where they bought the City Bakery, which they operated until he retired in 1945.

After his death in 1961, she had continued to live alone.

Mrs. Hughs was a lone-time member of the Rebekah Lodge, of which she was a past Noble Grand. She also held the other offices of the lodge and was also active in the district level.

She belonged to the Church of Christ and in recent years was a volunteer in the Retired Senior Volunteer program.

Mrs. Hughs was born May 13, 1887, in Sedalia, Mo., the daughter of R.L. and Sally Crumby Perkins.

She was a small girl when she came with her family to Texas, settling in the Coleman area. Her memories of Ft. Worth were of its wooden sidewalks.

Around 1900, the family moved to the Hollis area. She and Mr. Hughs were married in 1912, and for several years lived two and one-half miles northeast of Dodson, in the Oklahoma Strip.

Later they lived at Childress, where they entered the bakery business, at Memphis, Paducah and Quanah.

Funeral services were conducted at 2 p.m. Sunday at First United Methodist Church, with the Rev. Tom Thomson, pastor, and Garell Forehand, minister of the Church of Christ, officiating. Burial was in the family plot in Memorial Gardens under the direction of Guy Owens Funeral Home.

Pall bearers were Clyde Ingram, Jim Sikes, Johnny Brown, R.T. Savage, Robert Lewis and J.L. King.

Survivors are her son of Wellington; three stepsons, Wes Hughs of Amarillo, Emory Hughs of Phoenix, Arizona, and Lee Hughs of Camarillo, Calif.; one step-daughter, Mrs. Verna Schultz of Salt Lake City, Utah; one sister, Mrs. Jewel Chisum of Turlock, Calif.

There are three grandchildren, Mrs. Connie Feemster of Wellington, Mike Hughs of DeSoto and Mrs. Patty Holiman of Dallas.

Ozette Rainey Ends 43-year Teaching Career

A bit of history was made at the start of the Samnorwood Rural High School by a tall, slender fair-haired girl.

"I unlocked the first door and welcomed all the high school students to the new Samnorwood High School," remembers Ozette Rainey, then Ozette Bennett, who had graduated from Shamrock High School the preceding spring. She was hired by the first superintendent, E.G. Sanders, for non-teaching duties. She would leave to attend college and teach in three other county schools before she returned to Samnorwood-for good.

When Mrs. Rainey has closed her grade book on the last day of this term at Samnorwood, she will retire after 43 years in the teaching profession. Thirty-six have been at Samnorwood, the last 15 as both grade school principal and teacher. Her entire career except one year has been in Collingsworth County.

She had carefully planned the closing of the year, but there was one thing she overlooked...

When Ozette Rainey picked up the small white card that High School Principal Kenneth Martindale, a former student, dropped on her desk a few days ago, she couldn't believe what she was reading. This was an invitation to a reception in her honor, given by the school.

On Sunday afternoon, May 3, people of the community, present and former school administrators, teachers and students--presented her a silver coffee-tea service, and there were many other gifts.

Guests were served from a table covered with a hand-crocheted cloth over blue and center with a bouquet of spring flowers. Mrs. Guy Brandvick, PTA president, was at the silver punch bowl, and Mrs. Zeldon Jenkins assisted. Mrs. J.D. Sheer registered the visitors.

Present during the afternoon were two former superintendents, Orville Cunningham of Reed, Okla., and Rex Peeples of Groom, and the present superintendent, Garland Cavitt.

As a teacher, Mrs. Rainey's first school was at Enterprise, in the northwest corner of the county. She has some lively memories!

"I was teacher, janitor, cook and whatever. I had five pupils and four grades. I lived with the Carl Amersons, walked to school, ran from Jake Hess' long horn cattle and was very thankful there were a lot of mesquite trees to hide behind.

"That was the year that a terrible snowstorm came April 7. I was stranded at school and all the coal was gone. Mary Hess and I sure shoveled a lot of coal dust to keep warm that day. Buck and J.C. Breeding came after me on a horse. I was never so glad to see two people in my life!"

Next she taught on the opposite side of the county.

"I taught four years at Rolla," she says. "I learned from a student that they are more observant than we sometimes give them credit for. I wore a pair of hose to school that didn't match, thinking that no one would ever notice. Sure enough, as I was putting a math problem on the board, a student leaned across the

aisle and said in a loud whisper, "Mrs. Rainey's socks don't match." I forgot the problem and looked for a crack in the floor in which I could vanish right quick."

After four years at Rolla, Wellington provided more lively experiences. The country was into World War II by that time.

"I had 96 girls in my PE class and coached basketball at the same time. That was a good teacher-pupil load.

"I had 40 football boys in government class--and not a girl. A real knowledgeable group I have to say. I thought the bell would never ring each day and I could walk out and say 'What have I taught today?' I am sure Billy Mac Sims can recall several instances of pulling Freddy Poteet's hair and Noel Cudd, Jr., of having to sit in the hall--all 240 pounds of him.

"In my shorthand class I had five sets of twins. Only the Camp twins were identical, and they were always switching seats. 'Olyse, what is... I would say, then she would look at me and say 'Mrs. Rainey, I'm Odessa.'"

"Due to gas rationing and Selba's being in service, I accepted a job at Samnorwood under the administration of Earl Ponder. The next year I went to Muskogee High School to be near where Selba was stationed. (She has married Selba Rainey, January 21, 1938.)

She returned to Samnorwood School in 1945 and has chosen to remain there. In addition to Supt. Ponder, she has taught under Superintendents Cunningham, the late Merle Walker, Robert Dwight now of Floresville, Peeples and Cavitt.

Ozette Rainey lives just one-half mile from the farm where she was born in Lutie Community. Her parents were the late Will and Catherine Bennett.

She attended Sul Ross State Teachers College at Alpine, Amarillo College, and graduated from West Texas State University.

School patrons and others who know her have wondered through the years how Ozette Rainey can find the time to be involved in as many community and church affairs as she has, or where she finds the energy.

A member of Samnorwood Baptist Church, she has worked with its youth for years. She added responsibilities of Girl and Boy Scouts as her own children were growing up, then she worked with 4-H and was a Future Home-maker mother for years.

"I have loved every day that I have been associated with children in any way, realizing that every child has an individual learning ability.

"I have always been interested in the athletic aspects of our schools, because this helps students to compete and challenge themselves to become the best athlete that they can. It gives them a challenge to go beyond the regular class

load. All areas of school have a place in developing our children to prepare for a better citizenship in our America," she believes.

Her husband, Selba Rainey, is likewise deeply involved in community affairs. (He was a member of the first Samnorwood graduating class).

He has been on the board of directors of Greenbelt Rural Electric Co-operative for over 30 years, has served on all kinds of farm committees, was with the 44th Infantry Division in Germany during World War II and was en route to Japan when peace was announced.

He has been a deacon of Samnorwood Baptist Church for about 40 years. He supports the school activi-

ties and athletic programs and coached Little League teams. "He has always been a good listener, a poor sympathizer, but one who you can confide in and know that it is sealed when said," his wife says.

They have two children, Darlene, who married classmate Pete Smith, an engineer with Southwestern Public Service Company, Amarillo; and Joel, who also married a classmate, Robin Waters. There are five granddaughters: Leigh, Tiffany and Catherine Smith and Denise and Sharlie Rainey.

Among the out of town friends and family who came for the reception Sunday were Mr. and Mrs. Pete Smith, with Tiffany, Leigh and Catherine of Amarillo; Audra Morgan of Shamrock; Carrie Boykin of Childress; Orville and Aileen Cunningham of Reed, Okla.; Don and Lavita Ward of Hobart, Okla.; Rex and Ellie Peeples of Groom; Mr. and Mrs. Michael Kemp of Amarillo; Doyle and Jane Chambers of Tipton, Okla.; Nolan Poteet of Mangum, Okla.; Mabel Mitchell of Fairfax, Ala.; and Mary Dwyer of McLean.

Mrs. Johnson Dies April 23 In Childress

A former Wellington woman, Mrs. Webb Johnson, 61, of Childress, died Saturday, April 25.

The former Cleo Dora Hodges, she was born July 23, 1919, at Matador. She and Mr. Johnson were married November 27, 1937 at Baird.

Tax Board Extends Deadlines

Collingsworth County Tax Appraisal Board at regular meeting Tuesday, May 5, approved extension of the deadline to apply for "ag use" valuations and for homestead exemptions through May 31.

Landowners and homeowners who have not already applied will have one more chance.

"Ag use," or form 1-D-1, is an application that allows farmland to be valued at its productive value rather than at market value, a valuation that usually results in tax savings for the landowner.

And a homeowner who has not already applied for the various homestead exemptions will also have until May 31 to get his application in to the Central Appraisal Office at the Courthouse.

Chief appraiser John Duncan's office will send out application forms again this week to taxpayers who have not returned the first group of forms sent to them.

The board also worked on a preliminary budget for 1981-82 and approved a Social Security contract for full-time workers, and approved bills.

Present were board members Doug Coleman, Bill Lindsey, Tommy Lewis and Cary Don Neeley. Margaret Coleman was absent.

DeltaKappaGammaHears Future of Small Community

Gamma Kappa Chapter of Delta Kappa Gamma met in the home of Mrs. J.R. (Hazel) Brandon of Clarendon Saturday, May 2. Twenty-one members were present for the salad luncheon.

Tops Gilreath, retired superintendent of Hall County Schools, was the guest speaker, discussing the "Future of the Community."

She stressed the failure of citizens to participate in the community affairs. The

concern of most people is to do less, to have more time to do it and get paid for doing it, she believes.

She pointed to the need for change and for the involvement of individuals in community affairs.

"In the future, the small towns will grow, grow, grow, because decent people will be trying to get away from crime and lawlessness," said Miss Gilreath. She gave a comparison: lighting 20,000 matches in a dark auditorium, and the resulting change of darkness to light.

A round table discussion followed the speakers talk.

The professional affairs committee with Zola Donald, chairman, was in charge of the program.

Mrs. Brandon presided at the meeting and told members she and her husband planned to visit Newfoundland during the summer.

Members were also told that more money has been added to the scholarship fund, and the presidential pin was presented to Mrs. Brandon to be worn at the

The family was in Texas due to the illness of Mrs. Hall's mother, Mrs. Gladys McNanara of Houston.

The children's father, a former newspaper award-winning reporter, now

writes independently and at present he is publishing posthumously the last works of the late Edward S. Aarons.

Mrs. Hall is the author of historical romances, her last published book being "Furious Sun and Passion's Moon."

Hall lived here as a child, but the family moved away during his school years and he graduated from high school at Hobbs, N.M.

Mr. and Mrs. Curtis Hall later returned here to live.

STATE CAPITAL HIGHLIGHTS

By Lyndell Williams

TEXAS PRESS ASSOCIATION

AUSTIN — Although the Legislature may not have meant it that way, Gov. Bill Clements took it personally when the Texas House voted against his pet Initiative and Referendum bill last week.

Clements accused the legislators of "playing games" and said they will live to regret it.

He was referring to the House's action to first broaden the bill before voting to kill it. Pro-I&R forces could muster only 86 of the 100 necessary votes.

The bill by Rep. John Sharp, a Democrat from Placedo, was originally restricted to tax and spending issues but later amended to include any issue.

Its fate was sealed when Rep. Ron Wilson, D-Houston, tacked on an amendment giving voters the power to recall their elected officials in all three branches of the state government.

Clements, who campaigned three years ago on a promise to give Texans the power of I&R, indicated after the defeat he will make I&R a campaign issue in the 1982 election.

That threat angered more than a couple of lawmakers standing in a group outside the chamber.

"The House is composed of 150 members elected by their voters back home. We don't live in the Governor's Mansion, but will be returning in five weeks to our home towns. Legislators certainly don't need the Governor to lecture us on what is the will of the people," said one.

Tax Reform Showdown

A tax reform showdown is in the making in the House, following a Ways and Means Committee decision opening the gate to one tax reform bill and to another repealing the controversial 1979 Property Tax Reform Act.

State Rep. Wayne Peveto, who authored the 1979 reform bill, may get a chance to pass his bill "cleaning up"

the measure passed last session.

But legislators may also get to vote on a bill by Rep. Lynn Nabers to completely eliminate Peveto's 1979 reform. Nabers said Peveto's bill has completely eliminated local control over property taxes, and actually resulted in higher property taxes across the state.

Insiders say the showdown may be engineered to force Peveto to accept election instead of appointment of tax appraisal board members. The play, should it come to fruition, should make for interesting action on the House floor.

Higher Education Fund

Peveto fared much better with his attempt to amend House Speaker Bill Clayton's bill creating a permanent fund for state universities and colleges. Dispute occurred over the issue of initial funding.

A meeting between Clayton, Clements, Peveto, Don Rains and others resulted in a compromise plan drawing funds from three different sources.

The fund will be built to \$2 billion partly from a hike in student tuition (probably 50 percent), partly from surplus funds, and partly from interest collected on the sales tax by credit card firms.

Currently, credit card accounts are charged interest on the sales price plus sales tax, but the firms do not give the state that part of the interest collected on the state tax. Such collection will bring in \$80 million annually.

Senate Action

Last week the Senate approved a bill allowing pharmacists to fill prescriptions with non-brand name drugs. The generic drug bill is expected to save consumers more than \$20 million annually. Texas is one of only two states which do not allow such substitutes.

The Senate also gave final approval to a bill raising the legal drinking age from 18 to 19. The measure was sent to Clements for his veto or signature.

House Action

The House cut off debate and voted for a bill requiring minors to obtain parental consent before obtaining an abortion. Physicians who perform abortions on minors without parental consent would be subject to Class A misdemeanor penalties.

State representatives also voted stiff penalties for anyone caught delivering drugs to minors. The bill would make it a first degree felony for anyone 18 or older to sell or give drugs, including marijuana, to someone younger than 17.

Earlier the House voted to increase fines of up to \$1 million for large-scale drug dealers.

Recently we mailed to all superintendents information on what the Appropriation Committee of the House passed with reference to school finance. Keep in mind this is tentative. The idea in mailing is to get your ideas in return. This same process is taking place in the Senate. It will be debated before both Houses, to go through a conference committee before it becomes law.

I was one of the members of the House Appropriation Committee that helped cut over one-half billion dollars from previously recommended budgets of agencies that had been recommended by the Legislative Budget Board and the various committees of the House that hold hearings on these budgets. Some very unpopular positions have to be taken. There were many areas we could have cut a great deal more and not substantially reduced stated services appreciably.

LATE BUT IMPORTANT
Chance of passage of House Bill 602 by Mabers, "Repealing the Peveto Bill" is looking better each day. I have had a lot of mail from people in the Southern end of the 66th District in

opposition to the Peveto Bill. Taxes have been raised as much as 360 percent in some cases where they put 100 percent values in place early. Legislators that voted for this bad piece of legislation in 1981 are anxious to erase their 1979 bad vote by going on record as against it in 1981. The prediction is for a tax rebellion by time for the 1982 elections if something is not done.

My bill to give County Commissioners Courts ordinance making authority to prohibit the sale and restrict usage of fireworks is supposed to come out of committee next week. We hope it can be on the calendar within 10 days to two weeks. The failure to suspend rules in the early part of the session has created a big backlog of pending legislation. We now have three other bills either passed on the floor of the House or ready for a calendar.

WASHINGTON - Here's how area members of Congress were recorded on major roll call votes April 23-30.

HOUSE

BUDGET RULE By a vote of 328 for and 76 against, the House adopted the parliamentary rule under which it will debate and vote on the fiscal 1982 budget resolution (H Con Res 115) sent to the floor by the Democratic-controlled House Budget Committee. It is a closed rule allowing only four amendments -- one in support of more defense spending, two liberal plans for increased social spending, and the so-called Gramm-Latta amendment which is essentially the Reagan Administration's budget.

Most members voting "yea" supported the closed rule and wanted to get on with debate.

Most members voting "nay" were liberal or moderate Democrats who favored an open rule under which they could attack the Administration budget cuts one by one.

Reps. Samuel Hall, D-1, Charles Wilson, D-2, James Collins, R-3, Ralph Hall, D-4, Jim Mattox, D-5, Phil Gramm, D-6, Bill Archer, R-7, Jack Fields, R-8, Jack Brooks, D-9, Jake Pickle,

D-10, J. Marvin Leath, D-11, James Wright, D-12, Jack Hightower, D-13, William Patman, D-14, Kika de la Garza, D-15, Richard White, D-16, Charles Stenholm, D-17, Kent Hance, D-19, Henry Gonzalez, D-20, Tom Loeffler, R-21, Ron Paul, R-22, Abraham Kazen, D-23, and Martin Frost, D-24, voted "yea." Rep. Mickey Leland, E-18, voted "nay."

SENATE

FOREIGN AID The Senate passed, 58 for and 32 against, and sent to the House a bill (S786) permitting the U.S. to contribute \$3.24 billion to the International Development Association. The IDA is the window of the World Bank that makes interest-free loans to the poorest countries. Wealthier nations supply its capital, with the U.S. contributing about 27 percent of the loan money. The \$3.24 billion is for fiscal years 1981-83.

Senators voting "yea" favored U.S. support of World Bank loans to poor countries.

Sen. Lloyd Bentsen, D, voted "yea."

Sen. John Tower, R, did not vote.

WORLD BANK By a vote of 30 for and 61 against, the Senate refused to table an amendment delaying until fiscal 1983 the majority of the three-year \$3.24 billion U.S. contribution to the World Bank's International Development Association (see preceding vote). Left intact by the vote was a plan to soften current federal spending by breaking the contribution into uneven annual payments -- \$540 million for fiscal 1981, \$850 million for 1982 and \$1.85 billion for 1983.

Senators voting "yea" wanted U.S. funding of loans to poor countries to be eliminated or drastically cut.

Bentsen voted "nay." Tower did not vote.

Budget Cuts

The House of Representatives is voting this week on whether or not to accept President Reagan's proposed budget cut totals.

It will be a tough decision because some of the cuts will affect voters back home.

The decision making and the going will get even tougher this summer as the Congress's committees translate the budget totals into specific reductions in each department and program.

For example, a farm organization newsletter this week headlined "Farmers taking a beating as committee mark-up proceeds on 1981 Farm Bill."

It will be up to each of us to decide whether we'll be better off with less government spending and perhaps an easing of the credit crunch and inflation, or with a continuation of ever-larger deficits and our favorite programs intact.

Other Editors Say . . .

Water, Not Oil

Probably every person today should have been present to hear Fred Parkey when he spoke to the Childress Rotary Club Wednesday even though he touched only slightly on the availability of water in the future.

That will be interesting too and I hope that Fred can come back to Childress and give his ideas on that.

Possibly not in the lifetimes of many of us but before too many years this nation and maybe the entire world will be brought to its "knees" because of the shortage of water.

There are several ways the problem can be solved. One must be the control of the population. The other, of course is the development of more ways to conserve the use of water and making as much of it as possible usable.

Forget about your oil shortage or any other shortage of energy. If we do not have the water, nothing else will be needed anyway.

Plans and extensive plans must be made to develop more water that we can use. No maybe it won't be needed for a few years, but work and plans should be started now.

a thought

FROM HIS WORD . . .

If we would turn to God's word it would clear up any questions we have about our conduct or what we should believe. For example this passage from Titus 2:11-15 and 3:9-11.

"For the grace of God that brings salvation has appeared to all men. It teaches us to say 'No' to the ungodliness and worldly passions, and to live self-controlled, upright and godly lives. Looking for that blessed hope - the glorious appearing of our great God and Savior, Jesus Christ, who gave himself for us to redeem us from all wickedness and to purify for himself a people that are his very own, eager to do what is good."

"These, then, are the things you should teach. Encourage and rebuke with all authority. Do not let anyone despise you."

"But avoid foolish controversies and genealogies and argument and quarrels about the law, because these are unprofitable and useless. Warn a divisive person once, and then warn him a second time. After that, have nothing to do with him. You may be sure that such a man is warped and sinful; he is self-condemned."

immediately following the April business meeting, as there were many things to plan and do for the spring and summer activities.

Wednesday, Ladies Day, players have had tee-off time at 1:30 p.m., but starting this week, May 6, tee-off time is 10 a.m.

On Saturday, May 16, the Association is having a partnership tournament for all area women golfers.

This is really going to be fun and exciting, with beautiful prizes to be given and a delicious luncheon planned after play. There'll be other goodies and surprises.

There will be more about this next week.

But in the meantime, get your partner (6 point handicap spread) and register at the Country Club or with any member of the tournament committee.

In the business meeting following the covered dish luncheon April 29, Louise Mabery announced the following committee members already at work at their jobs. (Now that's getting on the ball).

Telephone: Boneva Bratten, Iva Bell Mauldin, and Mary Nell Holton; tourna-

ment: Katy Davis, Eugena Sherman, Bill Holton and Karen Caison.

Local ladies day: Edna Wooldridge; handicap: Lyla Hurst and Bennie Sullivan; publicity: Mary Sanford and Ann Long; social: Jo Ann Beall and Pat Watkins.

It was also announced that Eugena Sherman had accepted the responsibility of chairman for the partnership tournament, since Katy is working and her time is limited.

At the business meeting each month, Edna gives the winners for the preceding Wednesday's play. There is something different each week and players usually are not told until after play what the competition is.

On April 1, Eugena was the winner with a low total score of 16 on holes 1, 3 and 5. That same day, Betty Cochran, who has had trouble on most of her other strokes, was delighted to learn that she was co-winner with Billie on low putts.

On April 8, the high score cards and low score cards were put together to form a partnership. Edna and Iva Bell won this day. Iva Bell was surprised again, when on April 22, after an

unusually trying day, that was the day the committee had chosen to reward the most putts. Billie was low score winner with a total of 42.

On the day the committee decides on the highest score, or worst player, maybe you will see my name among the winners. Or maybe 'I'll have the luck Mary Nell had last week. While chipping on No. 6 hole, she hit the water-hydrant and the ball bounced within a few inches of the hole on the opposite side of the green.

Come join us women golfers each Wednesday. Tee Off time is 10 a.m.

We also have a late afternoon group, primarily for the working women, but anyone can play. Contact Patsy Martin for more information.

She had lived in Wellington 20 years, moving from the family home west of Vinson.

Mrs. Jones, the former Emma B. Hobbs, was born in what was then Old Greer County, Texas, but which a year later became a part of Oklahoma and of the Hollis area. She was last survivor of 14 children of J.H. and Harriet McClure Hobbs. Mrs. Jones was active in the Methodist Church at Vinson and in the Home Demonstration Club at Independence. She worked with the schools, and took pride in the certificates she received from it for those years which her children did not miss a day from their classes.

In Wellington she was employed by the school cafeteria 12 years. She was a member of First United Methodist Church of the Dorcas Sunday School Class and Esther Group of United Methodist Women.

Funeral services were conducted at First United Methodist at 4 p.m. Sunday with the Rev. Tom Thomson, pastor, officiating. Burial was in the family plot of Independence Cemetery under the direction of Guy Owens Funeral Home.

Pall bearers were grandsons, Jimmy Jones, Paul Jones, Jerry Jones, Mickey Carter, Denny Carter and Billy Carter.

Survivors are three daughters, Mrs. Colene Barton and Mrs. Jo Carter of Wellington and Mrs. Fern Niles of Brownfield; three sons, Don Jones of Wellington, Wayne Jones of Hollis and Jack Jones of Borger. Thank You

There are no words I can use to express my appreciation to all of you who made the reception Sunday in my honor such a memorable event. My sincere thanks to those who planned and gave the reception; for the lovely gifts, but most of all for the love and friendship which the parents and students of the schools in which I taught, especially Samnorwood, have shared with me for 43 years.

These are beautiful memories to carry into my retirement.

Clean-Up!

MONDAY, MAY 11, the City Trucks will begin the Annual Free Pick Up and continue through all alleys until the entire city is covered.

PROPERTY IN THE ALLEY THAT IS NOT TO BE HAULED AWAY... Residents having property or articles in the alley that they do not wish hauled off are requested to remove these from the alley and place on their premises. The City of Wellington cannot be responsible for any articles hauled off by mistake.

Vacant Lots

VACANT LOTS...Owners or lessees of vacant lots are required to remove trash, refuse, garbage and rubbish at their own expense, and to keep weeds under control throughout the season for protection against mosquito breeding and harboring places...

However, it has long been a practice of the City to keep vacant lots mowed, where owners would keep them clean and mowable and the City will continue this program.

Dead Trees and Heavy Junk, Thurs., May 14

THURSDAY, MAY 14...City equipment and community volunteers will co-operate in one big day of disposing of dead trees, excessive junk that requires front-end loaders and dump trucks. If you have dead trees or extra heavy items to be hauled, call the Chamber of Commerce office 447-5848. The City will not dig dead trees, but they will haul away trees that have been dug.

Grad Students From Wellington Give Papers

Two former Wellington students gave papers at the Southwestern Psychological Association's twenty-seventh annual convention April 16-18 in Houston.

Patricia Sullivan Phillips and John Barjenbruch, both doing post-graduate studies at West Texas State University, presented their research papers to the convention.

Mrs. Phillips' paper, presented under the "Psychology of Women" category was titled "Giving Birth to Child or Idea: The Feminine Dilemma."

The paper's synopsis reads: "Women create vicariously by supporting their children's growth. Direct creativity of ideas, art, etc., has been strongly discouraged in women by associations with masculinity. However, some androgyny and neurosis appears important to creativity in both sexes. Women now face the dilemma of having to decide whether to be creative vicariously or directly, realizing that either choice will not be satisfactory."

Barjenbruch's paper, presented under the "Animal Behavior" category, was titled "Social Novelty Preference and Kin Recognition in Cross Fostered Rats." The paper's synopsis reads: "Two experiments assessed the social behavior of rats cross-fostered from 1 to 45 days of age. Subjects reared apart (kin and non-kin) displayed more sniffing, pay placing and male-mounting than subjects reared together. Kin reared apart showed more chasing, attacking and wrestling than all other groups. These results support both social novelty preference and kin recognition in rats."

Bloodmobile Due May 27

Approximately 100 donors will be needed when the Red Cross Bloodmobile visits Wellington Wednesday, May 27, according to Mrs. Gorman Owens, chairman.

The bloodmobile will be here between the hours of 1 and 5:30 p.m., half an hour less than in the past.

The Red River Regional Blood Bank provides Collingsworth General Hospital with all the blood it needs for patient care.

Anderson 2nd In Track Region

Wellington Skyrocket Tim Anderson ran the 100 meter dash in 10.9 seconds for second place in the regional 2A UIL track finals in Odessa Saturday.

The second place finish puts Anderson in the state track meet in Austin next week.

The Skyrockets brought home 26 points from the

regional meet.

The 400 meter relay team, composed of Darryl Thomas, Chris Lynch, Jody Coleman and Tim Anderson, placed third with a time of 44.7.

Anderson placed third in the 200 meter dash with a time of 22.3.

In the 400 meter dash Darryl Thomas finished eighth in the finals with a time of 51.9.

Jody Coleman qualified for the finals in the 110 meter high hurdles with a time of 14.9 but ran into trouble in the final race and finished eighth after a promising start.

Coleman also ran a 41.3 in the intermediate hurdles, but that time wasn't fast enough to qualify for the finals.

Lennie Archie placed seventh in the long jump finals with a leap of 20 ft. 8 inches.

The 1600 meter relay team with Darryl Thomas, Kenneth Warren, Lennie Archie and Chris Lynch ran a 3:32 in preliminaries, but didn't qualify for the finals.

In the 100 meter dash Anderson was edged out by Willie Dodd of Stinnett with a 10.8. Track coach Mark Reasor said Anderson and Dodd will room together at the state track meet next week.

Gragson Makes Hole-in One Saturday

Willie Gragson has become the third golfer to make a hole in one on Wellington Country Club's fast developing 'new golf course! And he has four witnesses to his feat.

Using a 6 iron, Gragson drove the ball 153 yards to the No. 4 hole. "The ball flew in the cup and stuck," he declares. He calls it "an impossible shot."

Attesting to it were Henry Sullivan, Danny West, Mark Williams and Wayne Martin. Williams was the first to make a hole in one and Mack Saied was second. This was Gragson's first.

"It was one of the great thrills of my life," he declares. It was one of the farthest things from his mind when he went out to play that day. "It's just something that happens once in a lifetime."

"The first hole was terrible," says Gragson, one of the club's most enthusiastic players. "I triple bogied the first hole, parred the next hole, and bogied the next. I was four over par on the three holes." Next came the big hit.

He finished the next 15 holes with a four under par.

A hole in one can be a little nerve shattering, and Gragson finished the 18 holes with a total score of 73, one over par.

This may not be the finish of his hole in one.

Club Pro Randy Cole says that Gragson was playing with a Penticle Ball, a new ball just on the market, and it is possible that Gragson's may be the first hole in one that has been made anywhere with this ball.

Cole is checking with the manufacturer, and if this proves to be a fact, Gragson will receive a gift from the manufacturer and recognition in golfing magazines.

As thrilled as he is about his own accomplishment, Gragson gives full credit to Cole for the progress he is making in developing the golf course.

"We're getting a \$5 million dollar deal for \$100,000 he says. Only part of this is money. Much more is the volunteer work of club members and others who are interested in seeing the course develop.

He urges people, whether they play golf or not, to visit the course, now in peak condition after spring rains.

RedCross Campaign Passes \$2,000 Mark

Collingsworth County donors gave \$2,132.86 to the annual Red Cross fund drive, according to Mrs. Willie B. Harwell, spokesman for the Business and Professional Women's Club, which conducted the drive.

This is the largest amount raised for the Red Cross in many years, according to Earl Hunter County chairman.

Students of the Wellington schools were responsible for raising \$625.02 more than one-fourth of the total amount, she revealed.

Mrs. Melvin Cardwell, school chairman, is awarding room prizes for the rooms that raised the largest amounts.

The three top fund raisers in Elementary School were Mrs. Lynn Carter's room, \$87.39; Mrs. Edith Carter's room, \$82.15; and Mrs. Alcie Estes room, \$27.92.

The junior high winner was Mrs. Novella Word's room, which raised \$76.21.

But the biggest fund

raiser of them all was Mrs. Ruby Hodges room in high school, which turned in \$125.46. "This is the best the school has ever done," said Mrs. Harwell.

Some of the children also solicited funds among city residents.

Earl Hunter, is county Red Cross Chairman and named the B&PW Club to conduct the fund drive.
