FROM DALLAS FIRM

County Accepts Price On Library Equipment

Mitchell County Commissioners' Council accepted the contract for new library equipment to Library Bureau of Dallas on their law bid of \$19,724.80.

ON VA FORMS

Hestand Urges Increased Pace

All persons receiving benefits from the Veterans Administration are urged to fill out the annual income questionnaire and file the report before Jan. 31 by J. P. Hestand, county veterans' service officer.

Hestand noted that the annual reports had been coming in at a slow pace. Failure to return the questionnaires may result in loss of compensation to those receiving pensions.

The persons needing to fill out the forms included veterans, dependents of veterans and dependent parents.

The questionnaire was included with VA checks mailed about Dec. 1. Veterans officials said the return of the forms was running far behind the pace of past years.

A newsletter received by the Mitchell County Office regarding the small number of returned forms said, "If this trend continues, it will result in the discontinuance of these payments in a large number of cases. To avoid this needless inconvenience to these beneficiaries, we are asking your help."

Hestand said anyone needing assistance with the ques-

tionnaires should contact him at his office in the Mitchell County Courthouse noting the final deadline for filling out the forms was less than a month away.

McMurry Mentor To Speak Monday

Grant Teaff, head football and track mentor for McMurry College, will be guest speaker at a meeting of the Baptist Brotherhood of Oak Street Baptist Church Monday night at 7 p.m.

Second Offense DWI Receives 70 Days

Alfie Dunahoe of Andrews has been convicted of second offense driving while intoxicated in 32nd District Court here. Judge Austin O. McCloud set punishment at 70 days confinement in Mitchell County jail and court costs of \$33.25.

Date of offense was Oct. 25.

County Library Board recommended the acceptance of the Dallas firm's bid. The company will supply all furnishings for the inside of the new library including shelves, desks, chairs, study tables, filing cabinets and other equipment used by the personnel and patrons of the building.

There will be a combination of wood and steel shelving in the new library holding a capacity of 34,000 volumes.

Samples of their particular products were furnished by the company for inspection by library and county officials before making a final decision on the matter.

All equipment should be on hand by the time construction is ended on the new building.

Progress on the building is continuing at a rapid rate with more foundation work being completed at the Oak and Fourth Sts. site.

Contract on the building calls for 130 calendar days which would put the completion date near the end of April or early in May.

A building near site that has been being used for storage and maintenance of county equipment was moved Thursday to another location in the Spade community of Precinct Three. The structure was moved to the new site in order to further clear the library site and to afford needed space for equipment in Commissioner J. C. Northcutt's precinct.

County Judge Elmer Martin, speaking on the equipment bids, said, "We received very good bids and by doing this we are going to go ahead and complete the library project as planned."

Martin commended library officials, County Library Board, Friends of the Library and all other citizens taking part in the planning and work on the library project.

"The library is certainly an asset to Mitchell County," Martin said. "Library facilities are also one of the key things an industry looks for when deciding about coming into an area."

Other bids on the equipment came from Taylor Manufacturing Co. at \$19,805 and Estoy Corporation at \$22,675.

Vote for the low bid was unanimous by the commissioners.

FOR WATER PLAN

30 Million Texans In 2050 Says WDB

Texas Water Development Board has predicted that Texas population will reach 30 million in the next 55 years.

By the year 2020, the Water Development Board figures say, "More than 30 million people are expected to be living in Texas."

Findings were made in conjunction with the University of Texas Bureau of Business Research.

Fifty-five years from now, this particular West Texas area will still be blessed with plenty of "wide open spaces," however, if the figures worked out work out.

Mitchell County's projection is way down the list, the Water Development Board tables show.

Mitchell County, with 11,235 people in 1960 is expected to have 12,245 in 1980. By 2020 the total population is predicted at 14,917, and in 2050, the figure predicted is just 18,172.

Howard County, the west will jump from 40,139 in 1960 to 109,895 in 2020. Nolan County, to the east, will show an increase of from 18,964 to 24,269.

Scurry County, neighbor to the north, had 20,369 in 1960 and will have (says the table) 33,878 by 2020. Coke County, south of Mitchell is to fare even worse than Mitchell. If the tables are correct, with 3,589 in 1960, Coke County projection figure for 2020 is

exactly 4,030.

Two-thirds of the 30 million Texans, 55 years from now, will be living in the urbanized counties — 15 counties in all. Seven of the 15 counties will

have a population of more than 1 million.

The population study is directly related to the State Water Plan, due to be presented to the public in the late Spring of 1966. The Plan will be the basis for water requirement projections to the year 2020.

Uptrend is already in effect, the study shows. In 1960, the census showed 9,579,677 to be this State's population. For 1980 the projection is 14,926,968. For the year 2000 it is 21,223,594 and for 2020, 30,546,378.

Harris, Dallas, Tarrant, Bexar, Travis, Nueces and El Paso Counties are in the top seven "over 1 million" category for the year 2020, and in that order.

On a county basis this figure would be greatly boosted by the work on the \$30 million addition to the Texas Electric Morgan Creek Power Plant.

New construction and remodeling at Colorado High, Junior High and Wolf Stadium plus minor improvements at the other schools added up to \$436,152.

The contract on the new county library called for a \$60,000 building tab.

New residences totaled \$173,353 for the 1965 period and remodeling projects cost \$14,450.

Two steel storage buildings for local businesses were valued at \$14,000.

Construction Gives Boost To Economy

Construction permits in Colorado City for 1965 totaled \$707,953 including new residences, school and county buildings, business structures and remodelings.

AND WHEREAS 1965 has been replaced by a youngster to be known henceforth and hereafter as 1966.

AND WHEREAS the arrival of an innocent New Year makes it incumbent upon all heirs of the party of the first part, known as Eve, to come forth with resolutions for the betterment, improvement, uplift and reformation of human nature.

BE IT THEREFORE resolved, henceforth, and if not forever, at least until further notice, that the following resolutions have been drafted, framed . . . and stand some slight chance of being adopted.

BE IT RESOLVED to listen to only the good about people and to turn a stone deaf ear to any bad spoken of my fellow men and women.

To take time to visit somebody on the "like list" at least once a week.

To stop smoking before meals and just smoke after meals . . . and in between meals.

To go to bed earlier and get up likewise.

To read the Bible through again this year.

BE IT FURTHER RESOLVED to be more patient always, especially with those who are old, those who are young, and those who are middle-aged.

To answer letters with something resembling promptness, both to family and/or fan.

To speak appreciation and praise so often felt, too seldom spoken.

To lose that absolutely unnecessary five pounds put on during the holiday feasting and nibbling.

To switch to hot tea at coffee break time.

BE IT RESOLVED to make some attempt to find out where the money goes . . . and to do battle with the budget.

To file the income tax forms a few hours before midnight on the deadline date.

To interrupt anybody who interrupts first . . . and demand equal time.

To try a few of the hundreds of recipes clipped during the year just past.

To buy some of the new books that sound intriguing.

BE IT RESOLVED to write the Dallas News and threaten to stop the subscription next time they stick the Sunday book review page smack in the middle of the sports section. (Their made-up man must be a bachelor.)

Coffee Hour Fetes Bride, Groom Elect

Mr. and Mrs. R. H. Ratliff Jr., 116 East 10th St., entertained with a coffee hour honoring Miss Roberta Craddock and her fiancé Gary Grau, Sunday afternoon between 4 and 5 o'clock.

Wedding of Miss Craddock and Mr. Grau took place Tuesday night in First Methodist Church here.

The Sunday afternoon pre-nuptial courtesy in the Ratliff home featured the bride's

chosen colors, gold and white. Flowers of gold and yellow, handmade by the hostess, centered the white-clothed refreshment table and were arranged in a gold vase. Gold dishes and table ser-

vice were used for refreshments of ham, cheese, pickled tomatoes, dips and chips, miniature pineapple cookies, banana bread, carrot bread, and fruit cake, served with coffee and spicy tea.

Mrs. Lucille Baer presented the honoree, Miss Craddock, with a hand-made corsage. Nylon net favors were presented to guests and Mrs. Ratliff gave as gifts for the honoree the flower, centerpiece from the refreshment table.

Attending were Miss Craddock and her father J. S. Craddock, Jr., Mr. Grau and his parents Mr. and Mrs. E. A.

Gray of Taylor, Mr. and Mrs. Seton Pickens, Miss Alexis Cowan, Miss Brenda Bell, Miss Mary Ann Lipps, Miss Jeanne Gauding, Pete Wekandac of Santa Monica, Calif., Mrs. Baer and the host couple.

A WORLD IN TROUBLE

What has happened to this marvelous world of ours in this twentieth century of God's grace? Mankind seems to be passing through a sea of troubles which has no counterpart in human history.

There are wars and rumors of wars among the nations, and many of the nations themselves are split into warring factions, each faction striving for supremacy, and each intolerant of the views, hopes, and rights of others.

The great trouble with the world is that men have forgotten God. They no longer seek spiritual guidance, but follow the vain ways of the modern world. We have become a cynical, materialistic generation.

If this drift toward world tragedy and chaos is ever stopped, the churches of the world must do it. The world's hope—our hope—is in God and His Church. He alone can save mankind from a sorrowful fate.

The Church seeks to turn the hearts of men from the ways of war and fear and hate to the ways of peace and love.

THE CHURCH FOR ALL ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake; (2) For his children's sake; (3) For the sake of his community and nation; (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.
