TWO ALLIED POWERS SPLIT ON RUSSIAN PROBLEM

Governor Cox Begins Campaign Tour

NATIONS WILL SEEK TO SETTLE PROBLEMS BY PEACEFUL MEANS

COX URGES SETTLEMENT OF INTERNATIONAL PROBLEMS BY ARBITRATION.

URGES RELIEF FOR NEEDY FORMER SERVICE MEN

National Guard Will Be Maintained to Cope With Problems Rising In States.

CAMP PERRY, O., Aug. 12.—Honorable prevention of war by "the arbitrament of reason rather than of force," was urged by Governor Cox here today in an address opening the democratic presidential nominee's speaking tour.

Governor Cox did not make the League of Nations the paramount issue of the democratic campaign as declared in his acceptance address, the text of his speech today at the national rifle contests emphasizing the toll of the war and declaring that the peoples of the world now seek peaceful modes of settlement.

"I recognize," he said to an audience of national guardsmen, regular service men and civilians, "that in a sense you are assembled here to increase the efficiency of our military strength and yet I am convinced that the great mass of our soldiers is united in purpose and prayer, to prevent wars in the future, if it can be honorably done.

"There will always be a national guard in the states, if for no other reason that domestic defense and the military arm of the federal government will be maintained, but the hope that vast expenditures for armaments are a thing of the past possesses every home in America, while the common impulse that moves the great mass of people world-wide is inspired by the vision of peace and the settlement of controversy by the arbitrament of reason rather than by force."

Praise National Guard.

Praising the national guardsmen's record in the war, Governor Cox said many had failed to receive commissions won by bravery and declared that belated justice now should be accorded them.

Governor Cox elaborated on a theme in his acceptance speech, government aid to ex-service men, declaring many met obstacles on returning to civil life. These, he said, the government should assist wherever possible.

Expenditure in war of lives and treasure was stressed by the democratic candidate in his plea for peaceful relations between nations.

"The cost to the United States," he said, "was more than $1,000,000 an hour for over two years. The total expense of $22,000,000,000 was almost equal to the total disbursements of the United States government from 1791 to 1918. It was sufficient to have run the revolutionary war for more than 1,000 years at the rate of expenditure which that war involved. The army expenditures alone, so experts claim, are a near approach to the amount of gold produced in the United States from the discovery of America to the outbreak of the European war, and yet the United States spent only about one-eighth of the entire cost of the war, and less than one-fifth of the expenditures of the allied side.

War Frightful.

"If civilization has not had its lesson, then there is no hope for it. It could not stand such a war again and survive. The genius of man, if that is a happy term in discussing the horror of conflict, has always made the last war the most frightful. When we consider the development in the methods of human destruction between 1914 and 1918 and apply the problem of simple proportion we are staggered to even think of the possibilities of the sons of man again being brought into combat."

The American soldier, Governor Cox declared, knows the meaning of modern warfare.

"There was very little romance," he continued, "in the long hours and the slaughter of the front trench. The thought that must have run through the mind of every soldier in the midst of it all how such a thing was possible in modern civilization."

Regarding the failure to award promotions to soldiers whose gallantry had earned honors, Governor Cox said he had given the subject much thought.

"There was a great deal of fighting done in the last month of the war," he said. "The processes of promotion were slow in a great organization ever after it had been won and recommended. Scores of thousands of boys cited for bravery and advancement in rank who fought on without titular honors which they had won. Sergeants and perhaps corporals commanded companies in the thick of the fighting. Lieutenants led companies and even battalions with master hands and brave hearts. They won their spurs. And yet, the war ended without them receiving the rank which they deserved. Some may, without serious thought, feel that if a soldier returned without injury he is able to take up civil life without difficulty. This, in many instances, is not true. Breaks in the careers of many lives turned permanently the whole course of things. Therefore wherever our government can aid, it should do so."

EPLAINS PROVISIONS FOR ABSENTEE VOTING

AUSTIN, TEX., Aug. 12.—In accordance with a recent ruling by the attorney general's department, F. C. Malone, county clerk of Travis county, has made the following statement:

"Absentee voters may exercise the privilege of voting at the August primary from the 18th until the 24th, inclusive, it being necessary to present yourself personally to have your poll tax receipt or exemption.

REDS OUTNUMBER THE POLES BY MORE THAN TWO AND HALF TO ONE

OLD MEN AND YOUNG BOYS RUSH BARBED WIRE TO BATTLE FRONT.

BOLSHEVIK FORCES STRIKE AT GEN. WRANGEL'S ARMY

Every Available Man is Preparing to Defend Warsaw Against the Reds.

WASHINGTON, Aug. 12.—Polish forces defending Warsaw are outnumbered about two and a half to one. Comprehensive details as to the bolshevik military organization, received today in official circles here, place the strength of the soviet army on the Polish front at 350,000 men. The strength of the Poles has been estimated at 140,000.

The details as to the bolshevik strength, which confirm in a large part information already in the possession of American military authorities, estimate that rifle and saber strength alone, the soviet forces composing the northern army of that north of the Pripet river consist of 46,000 men. Bolshevist rifle and saber strength south of the Pripet river in the southern army is placed at 48,000 men.

Soviet infantry divisions to the number of 26, the official details assert, have been identified as facing the Polish army in the front line with 13 divisions in reserve. In addition, 10 cavalry divisions have been noted in active operation at the front with two such divisions in reserve.

Besides the 39 infantry divisions reported on the Polish front, the bolshevik are estimated to have scattered in other parts of Russia 25 others as well as two cavalry divisions.

Kameneff in Command.

Contrary to previous reports, General Sergius Kameneff and not General Brusiloff, commands the entire soviet forces on the Polish front. In an intercepted wireless dispatch sent recently from Moscow by the soviet government the report that General Brusiloff, former commander of the Russian imperial armies against Germany, was in command of the soviet army, was characterized as "the mistaken, intentionally perverted idea spread by American and European bourgeois agencies."

The wireless dispatch added that "there is not a single German officer in the whole of our army."

General Kameneff formerly commanded the troops fighting Kolchak on the eastern front and, according to the soviet wireless, it was as a result of his victories in that area that he was promoted to his present command. During the war General Kameneff served under the Czar as chief of staff of the 15th Russian army corps and later of the third army. Joining the red forces in April, 1918, he was military director in the Smolensk area before he became commander of the eastern front.

The bolshevist army on the Polish front is reported to be divided into two armies, the northern command of General Toucacheski, who is only 27 years old, and the southern commanded by General Yecoroff. Both commanders were officers in the Czar's army.

General Brusiloff is known to be chief of a military council at Moscow which has been preparing military plans against Poland. With him are associated many of the general staff officers of the old regime.

One of the most successful bolshevik officers is General Budenny, commander of cavalry, whose tactics on the Polish front, according to military authorities, largely have made possible the bolshevist successes in the south.

Rush Barb Wire.

By Associated Press

WARSAW, Aug. 11.—Hundreds of conveyances of all descriptions loaded with barbed wire and driven by boys and old men, are streaming through the Polish capital toward the battle front. Mingled with them along the roads are endless trains of supply wagons which are guarded by elderly civilians, armed with rifles. All able-bodied men are being relieved from other duties so that they may be made available in the fight for the defense of Warsaw.

Women soldiers are hurrying from place to place acting as couriers, and French military mission officers are showing extreme activity, racing around the city in automobiles.

As the fighting front draws nearer, Warsaw squads of citizens wearing their ordinary civilian clothing and straw hats, but armed with rifles, are drilling in many parts of the city. As the determined looking groups pass through the streets, many boys in knickerbockers, elderly men and well-to-do merchants are to be seen side by side with the more usual type of fighter in the ranks. Class distinctions are forgotten or brushed aside.

Newspaper accounts of the preparations declare that the spirit of the people is to defend Warsaw, repel the invader and not to count the cost in blood.

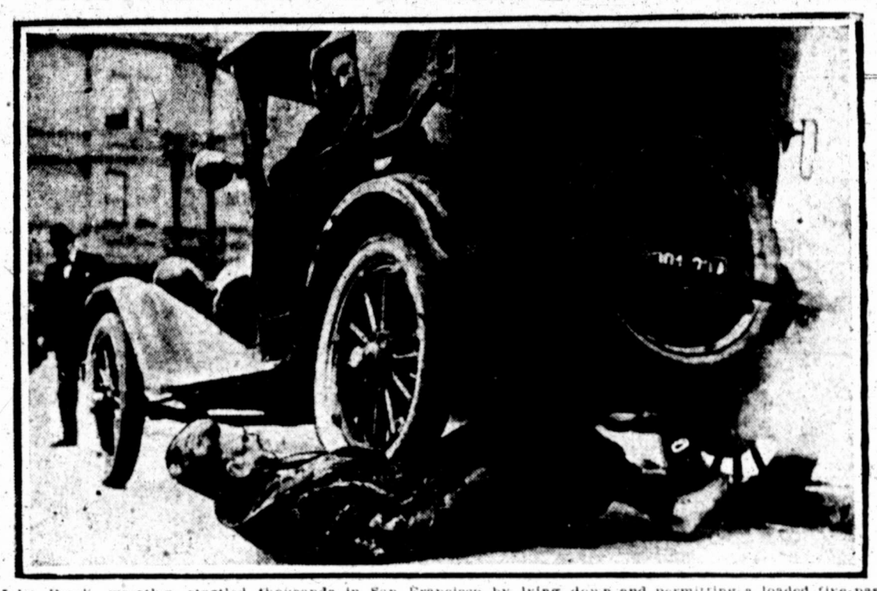

The government, while it will not concede that a date has been set for the evacuation of the city, is gradually moving away the important state documents, the packing of which began several days ago.

Miawa Taken.

JOHANNISBURG, EAST PRUSSIA, Aug. 11.—Reports that Miawa, an important city on the Warsaw-Danzig railway, was taken by the Russian bolshevik on Tuesday and that soviet cavalry was within rifle shot of Warsaw, the fall of which was expected Thursday or Friday, were brought here today by a correspondent of the Koenigsberg Allegemeine Zeitung.

A COUPLE OF TONS ARE NOTHING IN HIS YOUNG LIFE

John Pesek, wrestler, startled thousands in San Francisco by lying down and permitting a loaded five-passenger automobile to run over his abdomen. Pesek repeated the stunt several times to demonstrate his solid build.

SHERIFF ELUDES MOB AFTER KANSAS NEGRO

Timely Warning Gives Officer an Opportunity to Outwit Mob.

JOPLIN, MO., Aug. 12.—Lawyer Tobias, the negro who shot Howard Thomas at Fort Scott last night, was brought to the Joplin jail shortly after noon today by the sheriff of Crawford county, Kansas, and the chief of police from Pittsburg. Chief Myers said that he would be removed from Joplin if there is any sign of a mob coming here. An automobile and a squad of officers armed with riot guns are on hand to take the negro away. Tobias says his home is in Mississippi.

PITTSBURG, KANS., Aug. 12.—Learning that several motor cars loaded with members of a Fort Scott mob intent on a lynching had passed through Arma, eight miles north of Pittsburg, Sheriff Clarence Armour of Bourbon county hurried out of Pittsburg at 11:00 o'clock this morning with a negro who last night shot a white man at Fort Scott.

The negro, who is said to have come to Fort Scott about three weeks ago, shot Howard Thomas, a cement manufacturer. Thomas was wounded in five places, but it is said he will recover. A mob, said to have numbered thousands of persons, immediately began forming, but Sheriff Armour eluded the gathering crowd and reached Pittsburg with the negro this morning.

Later it was reported that the pursuers had gone to Girard, the county seat of this (Crawford) county, expecting to find that the sheriff had put his prisoner in jail here. Sheriff Milt Gould, when he heard the report, immediately removed several negro prisoners from the jail.

It also was reported that several other motor cars loaded with Fort Scott men had passed through Mulberry, but their destination is as yet unknown. The negro was employed by the cement company of which Thomas is secretary and treasurer. An argument over wages resulted in the shooting.

GREEK PREMIER IS WOUNDED IN PARIS

Two men Fired Revolvers and His Wounds Are Reported Not Critical.

PARIS, Aug. 12.—Premier Venizelos was attacked and wounded today as he was leaving the Lyons railroad station for Nice. As the premier stepped on board a train two men fired revolvers at him. He was wounded slightly. His assailants were arrested.

AIRPLANES WILL ASSIST IN DOWNING CANTU REVOLT

MEXICO CITY, Aug. 12.—The first escadrille of the Mexican air service is to be brought into action to put down the rebellion of Esteban Cantu, governor of Lower California, according to an official bulletin issued today. The escadrille, which is now stationed at Jiminez, state of Chihuahua, has been ordered to Irapuato, state of Guanajuato. There it will be enlarged into a mixed flotilla consisting of four reconnoitering machines, four pursuit planes and two bombers.

The flotilla will then be divided into two escadrilles, which will operate simultaneously. One will have its headquarters on the Pacific and the other at Altar, state of Sonora, near the Lower Californian boundary. The operating radius will be 125 miles from each base, which distance can be covered in one hour. All the machines are equipped with machine guns.

AMERICANS SEEK TO ENLIST POLISH ARMY

Polish Minister and Secretary of State Will Confer Over Critical Situation.

WASHINGTON, Aug. 12.—Secretary Colby and Prince Lubomirski, the Polish minister, held a long conference last night at the state department, it was learned today.

It was understood that Prince Lubomirski had or would at a second conference to be held with the secretary of state this afternoon ask authorization of the United States to accept the numberless offers of enlistment in the Polish army which are being received daily from all parts of the country by the Polish legation.

The extent of the Polish request for war materials and munitions, Polish officials said today, may be made contingent upon a favorable response to the Polish request for permission to accept recruits from this country for the Polish forces.

It was declared that the legation was receiving many offers of enlistment not only from natives of Poland but also from Americans, veterans of the world war.

The conference was held a few hours after the Polish minister had announced that he not only would ask immediate and material aid from the United States for his country but that he also would seek to learn definitely just what the American government meant by the statement in its note of August 10 to the Italian government that it would use "all available means" to maintain a free Poland.

REPORT OIL SAND IN A WELL NEAR JOLLY

Good Showing Develops in the Ballow Test at a Depth of 2,090 Feet.

Reports brought to the city this afternoon by Ben Ballou are to the effect that an oil sand has been encountered in the Ballou well a half mile north of Jolly at a depth of 2,090 feet. Casing is to be set at once and a test of the sand made.

Drillers are said to be very much encouraged over the discovery, a good showing of oil developing when the sand was penetrated.

TRAIL, OKLAHOMA, IS SCENE OF CLOUDBURST

Trail, Okla., on the Wichita Falls & Northwestern, was the scene of a cloudburst Wednesday afternoon about 4 o'clock, rain falling in torrents for a short time and flooding the country with water. Considerable damages is thought to have resulted to growing crops, although no damage has been reported otherwise.

The dispatcher's office here also reports a very heavy rain about 3:30 Thursday morning at Leverne, Okla. Water was over the tracks in a number of places as a result of the heavy fall, but it was stated that trains were making it through.

Other than at the two points mentioned, no rain was reported this morning from points on the Northwestern, and the Denver reported that the downpour was confined to this immediate section as far as shown by reports received along their line.

FORT WORTH ICE DEALERS REDUCE PRICES TODAY

FORT WORTH, TEX., Aug. 12.—Several Fort Worth ice dealers today reduced the price of ice to 60 cents a hundred pounds as demanded by R. E. Taylor, United States district attorney, who threatened prosecution otherwise, it was announced today.

Other dealers, it was said, were standing pat and refusing to lower retail prices. Taylor announced he was continuing his investigation in Dallas and Fort Worth and was "not worried by the complaint of Dallas ice dealers to enjoin his activities."

PONZI SURRENDERS TO FEDERAL OFFICIALS

Former Wichita Falls Man Sees Career Shattered as he Lands Behind Prison Bars.

By United Press.

BOSTON, Aug. 12. — Charles Ponzi, the "bushel basket millionaire," who claims to have made his millions in operating in international postal reply coupons, formally surrendered himself to the federal authorities here today.

Ponzi's act came, it was understood when the state authorities were about to place him under arrest.

At 1:15 o'clock Capt. H. A. Armstrong of police headquarters, at the request of Attorney General Allen applied for a warrant for the arrest of Ponzi on a charge of larceny. The warrant will be served on Ponzi at once, it was stated.

Ponzi was said to be in the custody of United States Marshal Duane. The federal authorities refused to make any statement.

Ponzi, accompanied by United States District Attorney Daniel Gallagher, surrendered to United States Marshal Duane a few minutes before 1 o'clock. The little promoter was extremely nervous and grave when he gave himself up. Neither the federal authorities nor Ponzi would say what Ponzi's reason was for surrendering.

Shortly before 1:30 Bank Commissioner J. C. Allen declared that the capital of the Hanover Trust company, which he seized yesterday was not simply impaired but probably wiped out. The capitalization was $400,000. Ponzi conducted practically all of his mysterious financial operations through the Hanover Trust company and held a large share of the stock in the institution.

News of Ponzi's surrender quickly spread through the city. Crowds gathered in the downtown streets and about the federal building where he surrendered. That many in the crowds were investors in Ponzi's get-rich-quick scheme was clear from the angry mutterings heard on all sides.

BOSTON, Aug. 12.—Charles Ponzi, Boston financial genius, whose place of business and bank were in the hands of state officials, today had just one big regret.

He regretted more than anything else, the fact that he never told his little wife of his two terms in prison. He said he had kept the incidents secret and hoped the past would forever remain buried, as far as she was concerned.

Mrs. Ponzi, as far as known, has not yet learned of her husband's prison record. Ponzi remained at home all day yesterday and kept newspaper men from telling of his prison terms in Montreal and at Atlanta from his wife.

He said he never had the courage to tell her of that part of his career.

Despite disclosures of Ponzi's past, many of his admirers here who made money out of his schemes, stood staunchly behind him today. They contended it had never been shown that his operations were not on the level, and the feeling among them was that he had attempted to turn a new leaf.

Ponzi himself contended that if he was given a "fair chance" by authorities he would pay all obligations.

The self claimed financial genius, weary and nervous, and his smile a pitiful imitation of the cheerful grin which he wore a few weeks ago, said he would remain at home and rest today. He also wished to see that Mrs. Ponzi learned nothing from callers or from newspapers of his past record.

He had no office to which he might go in case he wished to do business. The doors of the Hanover Trust company, in which he was a heavy stockholder and through which his financial operations were conducted, remained closed.

The audit of his books continued.

Ponzi Is Halted.

BOSTON, Aug. 12.—Charles Ponzi halted in the midst of his sensational financial career today to rest and recover from the nervous strain caused by events of the last few days. The man whose "50 per cent in 45 days" investment proposition has been under investigation by federal and state officials and whose principal known depository, the Hanover Trust company, was closed yesterday by Bank Commissioner J. C. Allen, retired to his home at Lexington and denied himself to callers.

FRANCE AND GREAT BRITAIN ARE AT LOGGERHEADS OVER METHODS OF FIGHTING REDS

(By The United Press)

Britain and France have split on the question of how to combat Russian bolshevism.

The British today were attempting to close the breach. A note was received at the French foreign office in which Britain declared the two governments should continue to closely co-operate while their present differences are adjusted.

The schism in allied diplomatic unity was caused by France extending recognition to General Wrangel, anti-bolshevik leader in the Crimea, and by Britain advising the Poles to accept the bolshevik peace terms, according to dispatches.

Premier Lloyd George at first refused to credit the report that France had recognized Wrangel without British consent.

When Premier Millerand heard Lloyd George had advised the Poles to accept the bolshevik terms he told the cabinet it was a violation of the Hythe agreement under which France and Great Britain were to act in concert in the Russian crisis.

The sudden disappearance of French-British liaison came as a surprise to many diplomats. Washington officials expressed fear that France and Britain would go it alone hereafter, which would weaken the western barrier against spread of bolshevism.

The official Washington attitude evidently was "hands off" for the present until it was seen whether the differences could be patched up.

By HENRY WOOD
United Press Staff Correspondent.

PARIS, Aug. 12.—Premier Millerand of France has informed the cabinet that Premier Lloyd George's message asking Poland to accept the bolshevik peace terms was a violation of the agreement reached by the two premiers at their recent conference at Hythe, it was admitted today in official circles.

The French recognition of General Wrangel's regime as the de facto government of southern Russia followed the cabinet meeting at which Millerand made this assertion.

Recognition of Wrangel, anti-bolshevik government was accorded without consulting Britain which, it is understood would have opposed such a step at this time.

This misunderstanding between Premiers Millerand and Lloyd George appeared likely today to bring to naught all efforts to restore peace between Russia and Poland. With the principal allies at loggerheads, the bolshevik are expected to be emboldened to keep up their drive for Warsaw. Recognition of Wrangel may also give Trotsky and Lenine ground for a charge of bad faith against the allies, as the bolshevist leaders had been given to understand that no such action would be taken until after the conference at Minsk at which an effort was to be made to bring about immediate cessation of hostilities.

Blames Poland.

The diplomatic misunderstanding between France and Britain had its start, it was learned, when Lloyd George told the house of commons he blamed Poland for starting the war with Russia. Poland claimed she started on advice of France. This caused irritation in French official quarters. It was followed by word that Lloyd George had advised the Poles to accept the reds' terms.

A meeting of the French cabinet was called. Premier Millerand, according to information obtained from officials read the ministers the text of the agreement reached with Lloyd George at Hythe covering united allied action in the Russia-Polish crisis and then asserted that Lloyd George's message advising Poland to accept the terms constituted a violation of the agreement.

Official announcement by the French foreign office that Wrangel was recognized followed shortly thereafter. According to advices from England, this came as a great surprise to Lloyd George who informed the house of commons that a step had been taken without consulting him.

The Echo De Paris announced today that France would give Wrangel all the aid in its power. Agreements are being sought to insure the cooperation of Rumania and possibly of Hungary in a united drive to overthrow the red government, this newspaper said.

HUNGARIAN FARMERS PAY MORTGAGE WITH SALE OF CALF

WASHINGTON, Aug. 12.—Because currency has become so depreciated and the price of farm products so high in Hungary a farmer can pay off a mortgage on his land by the sale of one calf, according to a report to the department of commerce today from Trade Representative W. F. Upson at Vienna.

About 20 per cent of the farm mortgages have been paid off in depreciated currency since the war, thus enriching the peasants, the report stated, at the expense of the middle class.

KANSAS MINERS RETURN TO WORK DESPITE HOWAT'S EFFORTS

PITTSBURG, KANS., Aug. 12.—Kansas miners who went on strike two weeks ago in protest against the five day week penalty levied by coal operators are to return to work immediately.

In making this announcement, Alexander Howat, district union president, made plain the miners will return to work "of their own accord and not at my direction." Howat said the district locals have adopted resolutions condemning International President Lewis for interference in the Kansas strike and pledging support to their district president.

HOLD-UP MAN IS GIVEN TEN YEARS IMPRISONMENT

KANSAS CITY, Aug. 12.—Lawrence Lasson was sentenced to 10 years imprisonment in the penitentiary by a jury in the criminal court here last night. Lasson was charged with the hold-up of officials of the Carnes Artificial Limb Company when a $5,000 payroll was taken.

Lasson maintained his innocence and his attorney, J. T. Barker, announced he would ask for a new trial. Bond of $15,000 was furnished.

I. C. C. ASKED TO PERMIT ROAD ISSUE EQUIPMENT NOTES

WASHINGTON, Aug. 12.—The Louisiana and Arkansas railroad today applied to the interstate commerce commission for authority to issue equipment trust notes to the amount of $220,000 for five years at six per cent.

TENNESSEE SOLONS TO TACKLE SUFFRAGE AMENDMENT FRIDAY

WEARY TENNESSEE MAN ASKS OUTSIDERS "PLEASE GO WAY AND LEAVE US ALONE."

NORTH CAROLINA WILL VOTE ON AMENDMENT TOMORROW.

Many Suffrage Leaders Fear for the Success of Cause in the "Tar-Heal" State.

RALEIGH, N. C., Aug. 12.—Governor Bickett announced today he would deliver in person a special message to the extraordinary session of the legislature on the subject of ratification of the suffrage amendment when the assembly meets tomorrow. It was understood that Governor Bickett would strongly urge ratification of the amendment.

"Leave Us Alone."

NASHVILLE, TENN., Aug. 12.—Announcement by legislative leaders last night that both houses of the Tennessee legislature would vote Friday on ratification of the federal woman suffrage amendment, resulted today in renewed efforts on the part of the opposing workers to strengthen their forces.

Hotel lobbies resembled bee hives of activity hours earlier and sleepy-eyed suffragists, anti-suffragists and legislators who retired at a late hour last night and were up this morning just after the milk man made his rounds, were busily engaged in the preparations of plans of strategy. Surface indications were that the suffragists were in control of the situation, but even the most optimistic declared they were leaving nothing to chance and would not relax their vigilance until the last roll call.

One move against ratification was expected to feature the house session, when an attempt was planned to prevent action either on passage or rejection. This would be effected through adoption of the Story joint resolution, which, introduced yesterday, is based on the contention that there was doubt concerning the legality of action by this legislature. An attempt was made yesterday to suspend the rules and proceed with immediate consideration, but suffrage forces blocked it.

A row in the senate was expected when Senator McFarland's resolution requesting pro and anti-suffragist lobbyists from other states to "please go away and let us alone" comes up for consideration. Senator McFarland is an admitted anti-ratificationist and comment of suffragist members yesterday when an attempt was made to suspend the rules and consider the resolution immediately, was taken as an indication of protechnics, when the measure is called up in its regular order.

Little Hope.

RALEIGH, N. C., Aug. 12.—The North Carolina legislature, meeting in special session, probably will not tackle suffrage until tomorrow and perhaps not until Saturday.

Governor Bickett, who had planned to send a message on suffrage to the legislature today, announced that it had not been completed. He said the message probably would be delivered tomorrow, although it might be delayed until Saturday. Introduction of a resolution providing for ratification of the federal suffrage amendment is expected immediately after both houses hear the governor's message.

Suffragists were spurred to greater activity today in their efforts to secure pledges of support from senators and representatives by the action of 63 members of the house in sending a telegram to the Tennessee legislature assuring that body that North Carolina would not ratify the federal suffrage amendment and asking Tennessee not to force the amendment on the people of North Carolina. To the 63 signers of the telegram, which was sent to Nashville last night, vote in accordance with their expressed views, the amendment will be defeated in the house by six votes. Suffragists were optimistic however, and declared they expected the amendment to be ratified.

Representative Grier and Senator Warren, anti-leaders in the house and senate, said they were certain the resolution would be defeated.

REDS OUTNUMBERED POLES TWO TO ONE

(Continued from page one)

There have been no official dispatches indicating the soviet army has taken Mlawa and most recent advices from the fighting area have shown the bolshevik to be some 30 miles from the Polish capital.

American, British and French who are fighting with the Poles against the bolshevik are considered "fair game to kill" by the common soldiers of the soviet army, it is declared by the correspondent, who says the bolshevik have been told these fighters are bourgeoisie who should be exterminated.

The correspondent, who spent some time along the bolshevik front, said he had been given most courteous consideration as a representative of the German press. Bolshevik generals invited him to numerous teas and other social functions, conducted him along the front and permitted him to witness a battle between soviet cavalry and Polish infantry. Bolshevik cavalry, he said, is exceptionally disciplined and equipped with machine guns which are operated from the saddle. The men, however, presented ragged appearance, their clothes not being uniform. The officers hav been chosen because of their great bravery or fighting prowess.

The wild country between Lomza and Kolno is infested with bandits who are preying on the population, according to bolshevik reports.

Russian forces have occupied Soldau, a town in East Prussia northwest of Mlawa, by consent of the German inhabitants, according to rumors here.

Battle in Progress.

PARIS, Aug. 12.—A great battle is in progress on the Russian-Polish front, upon which hangs the fate of Warsaw, according to information reaching the French foreign office today.

Launch Offensive.

WARSAW, Aug. 11.—The Poles have launched a counter offensive with bayonets in the region of Pultusk, where the Russians have been striking to break the Polish defensive lines. Pultusk is 31 miles north of Warsaw.

Strike at Wrangel's Army.

By Associated Press

CONSTANTINOPLE, Aug. 10.—Bolshevik striking at the extreme flanks of striking at the extreme flanks of General Baron Wrangel's army north of the Crimean peninsula, according to dispatches received in this city.

Three soviet divisions, totaling 6,000, crossed the Dnieper river on August 7 at Alechki, almost directly across the stream from the city of Kherson, and advanced several versts southward. Two bolshevik cavalry columns, supported by infantry, are advancing southward from Alexandrovsk along the west side of the railway leading south to Crimea. This is on the eastern end of the south Russian battle front.

MANNIX TO VISIT IRELAND IN DEFIANCE OF BRITISH

By United Press.

LONDON, Aug. 12—Archbishop Mannix today told the United Press he was determined to visit Ireland in defiance of the British government. He refused to divulge the time of his departure or the method he will use to elude the Scotland Yard detectives watching Nazareth house where he is stopping.

HUTCHISON LEADS NAT. GOLF TOURNEY

Bobby Jones of Atlanta, Has Off Day and Displays Bad Temper.

TOLEDO, Aug. 12.—Jock Hutchison of Chicago today led 70 competitors in the first round of the national open championship at Inverness golf course by equalling his record of yesterday, 33-36—69, two under par.

Walter Hagen, title holder, playing with Hutchinson, had 38-36—74. Leo Diegel of Chicago, who set a record of 71 for the course on Tuesday, had second best score 34-38—72.

Douglas Edgar of Atlanta, Canadian open champion, today led the easy finishers in the first 18-hole round of the national open golf championship at Inverness, with 38-35—73, two over par. This equalled his first qualifying round score and was eight better than his score of yesterday.

Bob McDonald of Chicago equalled Edgar's score, while Chick Evans with a par 36 on the second nine, took temporary third place with 74. R. E. Knepper of Sioux City, Ia., scored 76.

George Sargent of Columbus, former champion, scored 76 today, one better than his pair of 77s made in qualifying, while M. J. Grady, runner-up to Hagen last year, took 77 today.

Bobby Jones of Atlanta was off his game on the first nine, taking 40 strokes. His putting was so atrocious at times that he displayed temper by throwing his club.

Jack Burke, who was second in the qualifying rounds with 146, took 75 for his first round. James Barnes of St. Louis, playing with Harry Vardon, scored 37 to the Briton's 38 on the first half.

Other scores included: William Mehlhorn, Tulsa, Okla., 42-36—78; Gene Sarazen, Fort Worth, 40-39—79.

TWO MEN CONFESS TO ROBBING OKLAHOMA MAN

DALLAS, Aug. 12.—Two men giving their names as Bob Russell, Crowell, Texas, and Theodore Gowronski, Baltimore, declared by police to have confessed, were in jail here today following assault and attempted robbery late yesterday of M. B. Mayer, 45, salesman, Oklahoma City, by two men for whom Mayer had purchaser dinner and was giving a "lift" to Dallas.

Mayer picked the two up at Hillsboro when they asked him to bring them to Dallas in his car, he told police. The trio stopped at Waxahachie for dinner and Mayer paid the bill. When about nine miles from Dallas, one of the men who was in the front seat with Mayer hit the Oklahoma on the head with a hammer. The other, Mayer said, slashed his face with a knife.

Another automobile approached and the two assailants fled, leaving Mayer unconscious.

Gowronski claims Russell planned the alleged crime and he protested, according to police reports. He said he met Russell in Houston and the latter promised him work in Dallas. Gowronski also claimed he tried to aid Mayer during the alleged fight, and later called the sheriff.

RECEIVER IS ASKED FOR ST. LOUIS TERMINAL ASSN.

ST. LOUIS, Aug. 12.—A request for the appointment of a receiver for the Terminal Railroad association of St. Louis was made in a motion filed in United States district court today by the Missouri Pacific; Missouri, Kansas & Texas; Frisco and Rock Island railroad companies.

HIGGINS DENIES REPORT GUBERNATORIAL CANDIDATE

NASHVILLE, TENN., Aug. 12.—Judge Joseph Higgins, president of the Tennesse Constitutional league, quoted last night in a Chattanooga dispatch as having stated a mass meeting would be called in Nashville to name an independent candidate for governor to oppose Governor Roberts re-election because of his activity in the suffrage fight, denied today that he had made such a statement.

"I made no such statement," Judge Higgins said. "I will not participate in any such gathering and furthermore, I shall support Governor Roberts in November."

KIRBY CONCEDES ELECTION OF CARAWAY TO SENATE

LITTLE ROCK, Aug. 12.—Totals compiled by the Arkansas Democrat at 10 o'clock show that Congressman Caraway has 74,973 and Kirby 43,146 in a race for the nomination for United States senator. This includes returns from 15 counties complete out of 75 in the state; nine counties have not been heard from and the remainder are not complete, but a majority of the votes is in.

Senator W. F. Kirby at 11:30 o'clock conceded the nomination of Congressman Caraway in the race in which Kirby sought re-nomination.

INDIA WANTS AMERICAN AID TO DEVELOP RESOURCES

HOUSTON, Aug. 12.—That India wants America to help it develop, on a fifty-fifty basis, the almost unlimited resources of that country, was the declaration here today of Capt. A. C. Hearsey of the Indian army reserve, who is in this country studying improved farm and stock-raising methods.

U. S. ARMY WAREHOUSE IS DESTROYED BY FIRE

BROWNSVILLE, TEX., Aug. 12.—A United States army warehouse at Camp Sam Fordyce, 75 miles west of here, was destroyed by fire last night, according to reports to army officers. The building and its contents was valued at approximately $500,000, it is said. A similar building recently constructed was saved by the camp fire department.

WINANS, PROMINENT HORSE RACER DIES IN LONDON

LONDON, Aug. 12.—Walter Winans, widely known American resident of London, collapsed and died while driving his horse, Henrietta Guy, in a race at Farsloes park this afternoon. Mr. Winans called out for his horse to be stopped, but before this could be done, he fell off the sulkey. He was dead when picked up.

INJUNCTION GRANTED AGAINST DALLAS EGG DEALER

AUSTIN, Aug. 12.—It was announced today by Pure Food Commissioner R. H. Hoffman that he had obtained an injunction restraining a Dallas produce house from the further sale of 500 cans of frozen eggs, each containing from three to five gallons which had been found to be unfit for human consumption. A basteriological examination showed the eggs contained as high as 10,000,000 bacteria per grammie.

OIL PRODUCTION FOR WEEK DROPS 1,000 BARRELS

FORT WORTH, Aug. 12.—Pipe line runs for the week ending August 11 show that production in the north and west Texas oil fields dropped off 1,000 barrels. Last week's total was 209,000 barrels; this week it is only 199,000 barrels per day. Ranger and Desdemona recorded the greatest losses, while Stephens county made a big gain.

TEXAS REPUBLICANS PLAN FOR CAMPAIGN

J. G. Culbertson, Nominee for Governor Has Conference at Dallas With Leaders.

DALLAS, Aug. 12—Preliminary plans for a campaign of the state in behalf of the republican ticket nominated by the convention in control of the regular organization Tuesday were formulated at a conference Wednesday between John G. Culbertson of Wichita Falls, the nominee for governor; National Committeeman MacGregor, State Chairman Phil E. Baer and other party leaders. D. C. McCaleb, formerly a well-known newspaper writer of Fort Worth, now a resident of Wichita Falls and attached to the nominee's business organization there, will have charge of the preliminary arrangements and probably will be retained to direct the publicity of the campaign.

State headquarters will be opened during the next few days in the rooms of the Texas republican council in the basement of the Southland hotel, having been tendered by Clarence E. Linz, the new republican chairman for Dallas county. It is the plan of the state organization to issue a large amount of literature. Mr. Culbertson, who is making his first entry into politics as a leader, will issue a formal letter of acceptance by the first of September, when the campaign will be put well under way.

"Owing to the absence of Mr. McCaleb, who is on his vacation in the west," said Mr. Culbertson following the conference referred to, "we are not able to announce definitely the detail procedure that will be followed. We will carry the campaign to the people before the day of the voting, and this means the issues of the platform as announced by yesterday's convention are to be thoroughly debated. A campaign committee will be named."

TROTZKY HEADQUARTERS ESTABLISHED BEHIND LINES

By Associated Press

WARSAW, Aug. 11.—Leon Trotzky, Russian bolshevik minister of war, has arrived at Bialystok, just behind the soviet front, and has set up headquarters there, according to news from the other side of the battle lines. Speaking in Vilna, the capital of Lithuania, recently, he announced soviet Russia had been officially recognized by the western powers and that M. Krassin and Kameneff, heads of the bolshevik commercial commission to Great Britain, had been received at London with the credentials usually accorded foreign ambassadors. He asserted bolshevism was "more powerful than ever and would soon spread to other countries."

"In a year," he continued, "all Europe will be bolshevik."

Warsaw newspapers publish interviews with soldiers, who declare the bolshevik advancing upon this city claim they have come to exterminate the bourgeoisie and distribute the land among peasants. It is asserted they impartially pillage mansions, farms and cottages and either forcibly enlist the men in the country or send them to the rear.

Bolshevik prisoners say that the high command of the soviet armies fear a reverse before Warsaw and is hastily preparing positions on the line of Grodno, Stonimand Sarny, to which it can withdraw in case of defeat.

MANNIKINS WILL EXHIBIT LATEST HOSIERY STYLES

CHICAGO, Aug. 12.—Mannikins from the style show who paraded Michigan boulevard last week to display the latest fashions in gowns and wraps will promenade that street again late today to indicate the latest style in hosiery. Again it is repeated that Michigan boulevard is the windiest street in the world.

DENVER STRIKE IS REPORTED IN HOPELESS CONDITION

DENVER, COLO., Aug. 12. — Final settlement of the tramway strike today seemed hopeless, following the refusal last night by the strikers of the settlement proposed by the tram company. No further overtures will be made to the strikers, company officials announced, and cars will be operated by strike breakers under protection of federal troops. The men voted overwhelmingly to reject the offer, which provided that they should come back to work as individuals, not as a union.

CANADA WILL FOLLOW MANDATE PROTECTIVE TARIFF POLICY

STIRLING, ONT., Aug. 12.—The policy of a moderate protective tariff will be followed in Canada under the present government.

This was established today, following the address delivered here by Arthur Meighen, Canada's new premier, to 15,000 farmers. It was the premier's first address since taking office.

Canada had flourished under a moderate tariff, he said and declared the government would resist any effort to drive Canadian industries and Canadian workmen from the country by free trade.

ROB DRUG COMPANY AND TOBACCO DEALER

Take Cigarets and Small Sundries and Secure "Loan" of Supply From Dealer.

One arrest has been made and a second man is under surveillance as a result of the robbery of the Sansbury Drug company's warehouse last Monday night. A boy, who is alleged to be an accomplice of the man now being sought as the instigator of the theft, is said to have confessed to his part in the crime and stated that he was one of the parties that broke into the warehouse where the surplus stock of the drug company is stored and escaped with tobacco and small sundries valued at over $1,000.

The robbery was reported Tuesday and clues were given which led to the arrest of the boy Wednesday. According to the story as told the police, the man, whose name was not given, knew of the nature and value of the goods stored in the warehouse and that, after having taken them he had been disposing of small quantities of the goods to other dealers in the city.

The boy also disclosed the fact that he and his accomplice had victimized another tobacco dealer in the city by means of a clever trick. They had telephoned to the proprietor of a local tobacco house and represented that they were speaking for a wholesale house with whom the store had been dealing. They said that their stock of a certain brand of cigarettes was running low and they requested the loan of a few cases for a day or so, promising to return with interest the articles taken.

The proprietor consented, a truck soon appeared and his cigarettes then disappeared and have not been heard from since. The police have recovered most of the loot taken from the Sansbury store, but the accommodating tobacco dealer is still waiting for the return of his cigarettes.

The boy who was arrested was turned over to Juvenile Officer Morgan and is being held, pending the results of the search for his alleged accomplice.

TWO ATTRACTIVE HOMES REPRESENTED IN DEALS

A trade was consummated Thursday morning whereby W. R. Andrews becomes the owner of a lovely home at 1411 Alma street, and W. L. Herblin jr., of a very pretty new home at 1647 Lucile street. Mr. Andrews was represented in the deal by Mrs. Elizabeth Boyd of the firm of Boyd & Boyd, and Miss Juanita Kinsey; Mr. Herblin dealt through R. H. Chancellor & Company. Consideration for the Alma street place was $19,150, the Lucile street property at $12,000.

Card of Thanks.

We wish to take this means of expressing our gratitude to our friends for their sympathy and many acts of kindness to us during our recent bereavement, and also for the beautiful floral offerings which were received. Your kindness will ever be remembered by. R. P. Hill, R. S. Hill and wife, J. P. Hill and wife, Mrs. R. R. Hill. 91-1tp

SAGE TEA TURNS GRAY HAIR DARK

It's Grandmother's Recipe to Bring Back Color and Lustre to Hair

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray or streaked, just an application or two of Sage and Sulphur enhances its appearance a hundredfold.

Don't bother to prepare the mixture; you can get this famous old recipe improved by the addition of other ingredients at a small cost, all ready for use. It is called Wyeth's Sage and Sulphur Compound. This can always be depended upon to bring back the natural color and lustre of your hair.

Everybody uses "Wyeth's" Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy and lustrous.—(Adv.)

TRUSTEE IN CHARGE OF ASSETS OF BANK

Adjourn Meeting of Creditors of Newtown Institute Subject to Call.

With instructions that they would be subject to recall at any time, Ben J. O'Neal, referee in bankruptcy, adjourned the meeting of the creditors in the bankruptcy case of the Thrift Waggoner bank of Newtown. The referee turned over all the matters to N. E. Stephens, whom the creditors had named as trustee.

The trustee was instructed to arrange all matters as he sees fit and unless he is unable to make disposition of the property involved, or unless other intricate questions arise, it is possible that there will not be another meeting of the creditors.

It was brought out in the testimony of witnesses that the bank's deposits amounted to approximately $130,000.

Witnesses testified that at the present time there is on deposit in various banks in this city $12,000. Other assets which will be used in paying depositors include several head of mules and horses, a junk yard, two moving picture machines, buildings and an oil well which is in the course of drilling.

Including all the assets named it is possible the creditors will get a comparatively small percentage on their holdings until the oil well which is partially finished is financed and brought in.

NORTHWEST TEXAS WILL HOLD ANNUAL SESSION

The Northwest Texas Press Association holds its annual meeting at Quanah Friday and Saturday, August 20-21. The program, which begins at 10:30 a. m. Friday at the chamber of commerce rooms, is as follows:

Address of Welcome—Judge C. Y. Welch.

Response—J. Claude Wells, Wellington Leader.

"What Is Our Duty to Print the News'—J. C. Thomas, Childress Post.

"The Treatment of the Editorial Page"—F. H. Bowron, Graham Leader.

"The Newspaper as a Business Institution"—F. M. Littlepage, Bowie Blade.

"The Future of the Printing Industry"—Sam S. Braswell, Clarendon News.

"America for Americans"—E. A. Carlock, Paducah Post.

"Will Two Dollars a Year Pay for My Paper'—Ralph Shuffler, Olney Enterprise.

"How to Figure Advertising Rates and Job Work"—B. O. Brown, Vernon Record.

Round Table Talks—Everybody Take Part.

"The Editor in Politics"—W. A. Johnson, Hall County Herald.

"Print Paper"—Sam P. Harben, Richardson Echo.

"Organization"—Sam A. Roberts, Haskell Free Press.

"Printers' Price Lists"—O. C. Harrison, Baylor County Banner.

Quanah is preparing a fine entertainment which will include, among other things, an auto ride over the city and surrounding country and a banquet.

TOURING COLORADO ON A SUMMER VACATION

STAMFORD, TEX., Aug. 12.—President H. P. Brelsford and General Manager Porter A. Whaley of the West Texas Chamber of Commerce and W. W. Woodall, secretary of the Eastland Chamber of Commerce, are touring Colorado on their summer vacation, leaving here this week in two cars for a three or four weeks' pleasure trip. During the absence of Mr. Whaley, Publicity Manager W. Hamilton Wright has been placed in charge of the general managership of the organization.

Misses Hazel Thornton, Margaret Boone, and Agnes Bialack left this evening for Willis Point, Texas, where they will attend a house party given by Miss Clytie McKnight.

INTRODUCE ALICE LAKE IN LATE FILM PLAY

"The Misfit Wife," Metro's new production seen Wednesday at the Olympic, served to introduce Alice Lake in her latest film play, and it also served to show her in a role that is likely to have as wide an appeal on the screen as did "Peg O' My Heart" on the speaking stage.

The plot of the play centers around a young laundress who is discharged from a big city laundry because she burned a hole in a silk shirt. She goes west to Paris, Wyoming, and takes up manjucuring in the rough mining camp and is soon the reigning queen of the county. A wealthy New York "masher" has drifted into the camp some time previous to the arrival of the ex-wash woman and during the rare intervals that he is sober he makes violent love to the eastern beauty.

Affairs become somewhat complicated, but in the end the man straightens up, proves himself to be a real man and the girl marries him and is taken back to New York as the wife of one of the famous "Four Hundred."

PICTURE AT MAJESTIC SCORES DECIDED HIT

Emma Dunn, star of the Screen Classics, has probably played more "mother" parts during her professional career than any other actress on the stage, and her portrayal of the leading feminine role in the Majestic presentation "Old Lady 31" gives ample proof of the fact that she is without a peer in the enacting of "mother'" roles.

This play is a joyous, swinging drama, full of humor as well as pathos and the excellent acting of the large supporting cast only enhances the value of the leading parts as played by Miss Dunn.

The picture scored a decided hit on it's first presentations Wednesday and is offered as the attraction again on Thursday.

RETURN ENGAGEMENT OF DOUGLAS FAIRBANKS

Douglas Fairbanks, that ever popular dispenser of joy and happiness, is to be the feature attraction at the Empress for Thursday in his big laugh producer "The Habit of Happiness." This picture is not one of his newest ones, but it is one of his best and the fact that it was shown here once and is being brought back by special request is proof of it's worth. Fairbanks perhaps more than any one else in the movie game is, equipped to draw joy and laughter from those who view his pictures and he can place broader smiles on the faces of his audience than the majority of comedians that are appearing before the theatre going public of the country.

"The Habit of Happiness" is all that it's name implies and the main idea of star and producer in the filming of the picture was exhort those who view the film to "get the habit" themselves. An absorbing and interesting plot, replete with humor and thrills runs through the picture and the superb acting of the famous Doug brings out the high lights to their highest degree.

GEORGE WALSH COMING TO THE PLAZA THEATRE

George Walsh in "A Manhattan Knight' is to be featured at the Plaza theatre Thursday night. The picture is founded on the novel "Find the Woman," written by Gillet Burgess and the star of the picture is the smiling young athlete who is rapidly winning fame and favor with millions of picture fans throughout the country. In this play the two-fisted star is given ample opportunity to shine and several lively fights are staged for the edification of the movie patrons.

Supporting Mr. Walsh are Virginia Hammond, Louis Wolheim and Robert Bently. The play was directed by Geo. Berranger.

POWERS IS ARRESTED RESULT OF SHOOTING

J. R. Beasley, an oil worker, is in the General hospital suffering from serious wounds and Joe Powers, a camp cook, is lodged in the county jail as the result of a shooting scrape last Saturday. Deputy Sheriff Lee McDonald arrested Powers Wednesday and he is now being held pending the outcome of the wounds he is alleged to have inflicted on Beasley in the oil fields near Kemp City.

But meager reports of the affair were available. A charge of assault with intent to murder was brought against Powers. Late reports from the hospital indicated that Beasley's injuries were serious, but not necessarily fatal.

Skin Eruptions Cause Constant Torture

Disease Germs Must Be Eliminated From the Blood.

Eczema, tetter, boils, pimples, ulcers, irritations and scalp eruptions, as well as all other forms of skin diseases, come from a disordered condition of the blood. They must be cured through the blood, and this explains why local treatment fails so absolutely.

The radical and rational treatment is to take a thorough course of S. S. S., which will rout out the disease germs from your blood, your complexion will begin to clear up and you will soon be rid of the disease as thousands of others have.

Get a bottle of S. S. S. today, write to our head physician, who will gladly give you full medical advice without charge. Address Medical Director, Swift Laboratory, Atlanta, Ga.

PURSE STOLEN IN STATION; WELFARE COUNCIL ASSISTS

The mother and sister of a well-known Denison railroad man stopped a few minutes in the rest room at the Union station Wednesday, the elder woman putting her purse under her hat, on a chair. When she picked up the hat a few moments later, the purse, containing $25 and odd change in money, and passes home for herself and daughter, was gone.

The matter was reported to the Y. W. Travelers' Aid and the station officer, the former getting in touch with the home welfare. Mrs. Owsley, secretary of the welfare, came to the station immediately, and on investigating the matter, advanced the price of two tickets to Denison as a loan. Passes for both could have been obtained, it was stated, but a day or two delay would have been occasioned.

• • • •

DAY NURSERY NEEDS SHEETS AND COUNTERPANES FOR BEDS

Counterpanes for the little beds are needed at the day nursery. One full sized counterpane (the seersucker kind is most practical) makes two little ones, large enough for the baby beds. Sheets are also needed, as the nursery is very short on them. A full-sized sheet also makes two small sheets.

While Billy, the nursery littlest, was asleep the other morning, all covered up with a bath towel—in the absence of a better covering—somebody came to visit the nursery. They saw Billy under the towel, and decided that something else would make a better covering. So they went right home and got the something else, and tacked it with blue wool, and made it light and warm and pretty and brought it right back. So now the nursery is equipped with one light baby comfort, and the same somebody is making another one.

Proving that babies are an unfailing inspiration for gifts and sacrifices.

AUTO MANUFACTURERS ON VERGE SHUT-DOWN

People Are Not Buying Cars Now, and Money Market Is Reported Tight.

INDIANAPOLIS, IND., Aug. 12.—Tightening of money by banks will force a suspension of the automobile industry within a short time Indianapolis manufacturers said today.

Thousands of employes of the automobile factories of this city have already been laid off and the forces are being reduced still further.

The manufacturers attributed this to the refusal of banks throughout the country to extend credit to the dealers and to makers of automobiles.

If the banks continue their refusal to grant loans or to extend those already out, every branch of the motor car industry will be forced to shut down, "pretty soon now," in the opinion of M. C. Deming, superintendent of production for the William H. Small Co. The same company has already reduced their force to one-third its normal numbers.

The Nordyke and Marmon company has released 2,000 of its men, retaining a working force of 3,800, but this number is expected to be reduced gradually. The national plant has closed down with the exception of the service and shipping departments.

An official of the Nordyke and Marmon company explained today that "people simply are not buying cars now." He admitted also that it is growing more difficult for the dealers and manufacturers to obtain loans and said this was responsible largely for the general lay-off.

It is understood the officers of the National Motor Car and Vehicle Corporation take the view that their plant is well stocked with machines and that they had better unload these before manufacturing more cars with labor and materials at their peak price and with a drop in material costs probable by next spring.

Many men have also been laid off by the Stutz company and other automobile companies in this city among which are the Premier and the Cole.

RECOVER CAR STOLEN FROM WICHITA MAN

COLORADO SPRINGS, Aug. 12.—The police here recovered a Chandler car which was stolen from Dr. A. B. Hoover of Wichita Falls the evening before. Dr. Hoover is a guest at a local hotel. The car was recovered where it had been abandoned on North Cascade avenue. It was thought at first that it might have been the car that figured in the bank robbery at Peyton, Colo., last week, but it was found that it had been standing on Cascade avenue during all of the afternoon. The men who are alleged to have robbed the Peyton bank were captured later in Bartlesville, Okla.

SIR THOMAS LIPTON IS EXPECTED TO VISIT DALLAS

DALLAS, TEX., Aug. 12.—Sir Thomas Lipton will visit Dallas if he is able to include Texas in the itinerary of his proposed American tour in the near future. In reply to the telegraphed invitation of Mal McGilvery, a sporting writer associated with the Dallas Soldiers' and Sailors' Athletic club and an old friend of the famous English sportsman, he wired that "if it is at all possible to visit Texas, will be delighted to accept the courteous invitation to Dallas."

Sir Thomas would be the guest of the ex-service men's club.

The chamber of commerce of Austin has reported the receipt of an encouraging acknowledgement of its invitation to Sir Thomas to visit the Texas capital.

SURPLUS LABOR DESERTS TOWNS ON TEXAS COAST

CORPUS CHRISTI, TEX., Aug. 12.—The lure of the unpicked cotton, coupled with the high wages, have caused the towns of the Gulf coast district to be deserted by surplus labor, according to reports received here. A local ice company, in a published statement, said that so many of its employes had quit to pick cotton that it was handling the situation with difficulty.

Thousands of cotton pickers are needed in the Gulf coat district, according to the Rural Land Owners' association, in spite of the fact that news of the great crop being made has drawn more labor here than ever before so early in the season. Farmers are paying $1.50 a hundred pounds.

PASQUALE TAKEN SECRETLY FROM PHILADELPHIA JAIL

PHILADELPHIA, Aug. 12.—An air of mystery surrounded the removal late last night of Augusto Pasquale, held in connection with the kidnaping of Blakely Coughlin, from his cell in city hall. Authorities declined to discuss the matter and reports that he had been taken to Norristown to be arraigned on charges of kidnaping and blackmailing could not be confirmed. Neither could a rumor that he was taken to Harrisburg. Local officials early today even refused to confirm or deny a report that he had again been locked up at central police station.

After being brought back last night from Egg Harbor, N. J., where he was identified by Mrs. Harry Foster as the man she saw conversing with a woman, who carried a small child, at the railroad station there a few hours before his capture on August 2, Pasquale was taken from his cell shortly before midnight by state police who drove away in an automobile.

BRITISH DISLIKE FRENCH RECOGNITION OF WRANGEL

LONDON, Aug. 12.—Great Britain has been officially notified of the recognition by France of the government of General Baron Wrangel, as the de facto government of south Russia and the question is being discussed between the two governments.

Something akin to consternation is evidenced by the evening newspapers over the French action, which is characterized as contrary to British ideas and a menace to entente relations. Meanwhile, King George, who was to leave for Scotland tomorrow, has postponed his trip owing to the situation.

NOTIFICATION IS SENT TO DELEGATES ELECTED

Letters of notification were received today by delegates to the democratic state convention, which will be held in Fort Worth on September 7. The letters, sent by Ben G. O'Neal, chairman of the democratic county convention, read as follows:

"The democratic county convention selected you as a delegate to the democratic state convention to be held in Fort Worth, September 7, 1920.

"As large an attendance of the county delegation as can be had is desired at the state convention. I urgently request that you attend."

Night News Briefs

SAN ANTONIO.—General Pablo Gonzalez, former candidate for the Mexican presidency, predicted diferences between Governor Cantu of Lower California and the Mexican federal government would be amicably settled soon.

DENVER.—Striking tramway employes voted against calling off their strike.

RALEIGH.—Sixty-three members of the North Carolina house sent a telegram to the Tennessee legislature assuring that body that North Carolina would not ratify the suffrage amendment.

PITTSBURG.—Striking Kansas coal miners will return to work immediately under protest, Alexander Howat, district miners' president, announced.

WORTHINGTON, O.—To get back on the "right track" nationally and internationally, was declared by Senator Harding to be the supreme problem facing the world.

CHICAGO.—Franklin D. Roosevelt opened his campaign here with the first speech delivered since he accepted the nomination.

SAN PEDRO, COAHUILA.—Francisco Villa related to newspaper men how he was wounded by Carrancistas five days after the American punitive expedition entered Mexico and told how he lived in a cove for five weeks recovering from his wounds, while American soldiers searched for him within 200 yards of his hiding place.

DALLAS.—Young Fitzsimmons of Oklahoma defeated Pat Bishop of Michigan in 12 rounds in the opinion of ringside critics.

TABLOIDS

OKLAHOMA CITY, OKLA.—The board of city commissioners has passed a resolution authorizing chloroforming of canines instead of killing them with baseball bats.

CHICAGO.—Wilbert Glenn Voliva, overseer of Zion City, has decreed that all love scenes shall be cut from movies shown there.

NEW YORK.—When he was held up by bandits, Samuel Segal, jeweler's clerk, turned in a fire alarm instead of a police alarm. The firemen responded to the call and captured the bandits.

NEW YORK.—"Stealing" to get color for her scenario, led Miss Gastain La Chanez to court. "Ten days" didn't sound like art, so she paid a $50 fine.

MILWAUKEE.—Fred Fisher found a bundle of securities valued at $72,000 and returned them to the owner. He got two street-car tickets as a reward.

TEXAS FARM BOYS TOUR THE WINDY CITY YESTERDAY

CHICAGO, Aug. 12.—They aren't deserting the farm for the gay city in Texas, no matter what they may be doing up north. At least the boys aren't. For, in the Lone Star State 30,000 of them are sufficiently interested in agricultural pursuits to take examinations in subjects pertaining to the farm. Of this number 125 lucky boys are in Chicago on a trip of many thousand miles, to find out how the northern farmer goes about his business.

A special train of nine cars pulled into the LaSalle street station at 9:00 o'clock yesterday morning and boys in silk shirts, khaki shirts and trousers, in sombreros and caps, all with "Texas" flaming from their red and white arm bands, jumped off.

Later in the day they were taken on a special elevated train to the stockyards as guests of one of the big packing companiesd. A girls' band, playing "Dixie," conducted them through the plant.

Special to The Times.

DES MOINES, IOWA, Aug. 11.—"Did you ever hear the rattle of the spurs among the cattle—"

Texas farm boys—125 strong—are riding through the middle western states, and they are making 'em sit up and look along the route. The Texas Farm Boy Special, which is touring eighteen states and part of Canada under the management of the Texas Chamber of Commerce and the Texas A. & M. College is being met every where with great enthusiasm and the boys are undergoing a continual succession of dinners, picnics, luncheons, sight-seeing trips and entertainments.

They have visited Kansas, Nebraska, and are spending the day in Des Moines, Iowa, where they are being entertained by the citizens at the farm of Secretary E. T. Meredith, U. S. secretary of agriculture.

At Wichita, Kansas, they were met at the station by a delegation from the Wichita Commercial Club and the Kansas State Chamber of Commerce and escorted to the Y. M. C. A. where a hearty breakfast was eaten. After breakfast the boys were given a ride over the city and surrounding country.

The next stop was made at Manhattan, Kansas, where the chamber of commerce and the Kansas Agricultural College took the above in tow. They visited the fine stock pens and laboratories of the college and went for a ride through the city and surrounding country. After dinner at the best hotel in the city they were entertained at the Community Hall.

After an overnight ride the train arrived in Lincoln, Nebraska, where the boys were met by members of the Lincoln Chamber of Commerce and the faculty members of the Nebraska Agricultural College. Breakfast was served at the college dining halls, after which they went for a ride over the city. The entire afternoon was devoted to automobile trips to farms and dairies in the country surrounding Lincoln.

Today the boys are visiting the farms in the vicinity of Des Moines and enjoying the hospitality of the U. S. Secretary of Agriculture. Tomorrow they arrive in Chicago where they will be the guests of the Chicago Chamber of Commerce and the Armour Packing company.

AFTERNOON TEA is better with dainty sandwiches of Fisher Queen Sardines—delicately flavored—packed in pure olive oil.

SOME ELECTION FIGURES.

Discussing "facts and figures of the campaign," the Houston Post notes that Bailey received 33.78 per cent of the total vote, Neff 33.36 per cent, Thomason 21.98 and Looney 10.88 per cent. "Divided as between Bailey and anti-Bailey," says the Post, "the vote was for Bailey 152,173 or 33.78 per cent; anti-Bailey, 298,357 or 66.22 per cent. Mr. Bailey's plurality was 1,852; majority of anti-Bailey candidates 146,184. Mr. Bailey carried less than a dozen counties by a majority. He was the only gubernatorial candidate in the field who failed to carry his own county, town or precinct, assuming Gainesville is his home town and Cooke his home county. * * * In no important county of the state did the anti Bailey candidates fail to poll a heavier aggregate of votes than Bailey. The run-off primary is on August 28. Republican newspapers are supporting Bailey. Many republicans voted for Bailey on July 24. Efforts are being made by Bailey partisans to induce the American party voters to vote for Bailey. Efforts are being made to induce the German-Americans who remained out of the July primary to vote for Bailey."

Tom Finty Jr., political expert of the Dallas News, gives some more figures on the recent campaign that are of interest. Bailey carried seventy counties by pluralities, Neff carried eighty-five, Bailey carried eleven counties by majority votes, Neff carried thirty. By majority or plurality Bailey got eighty-one counties and Neff 115. Thomason carried thirty-four by plurality and fifteen by majority votes, total forty-nine. Looney carried three counties by plurality votes and one Hunt, his home county—by a clear majority over all. Finty thinks that the shortage of the vote is explained by the failure of South Texas republicans to vote, by the elimination of the first-paper alien and illiterate votes by new laws and, greatest of all when the comparison is made with the vote of 1918, by the falling off of the woman vote from the 348,000 registered in 1918 to the 100,000 or more qualified to vote in 1920.

The Times, be it understood, is democratic to the core, and always supports the ticket, regardless of who the nominee might be in the gubernatorial run-off on August 28. No democrat who casts a vote in that primary should do less. The republicans of the state have met in conventions and nominated two state tickets—one for each branch or wing of the party. That ought to satisfy them, and there is little or no excuse for any republican, man or woman, to mix in democratic politics. The democrats have their differences and can and will settle them on August 28. The republicans have a row of their own, and the Times feels confident that the democrats are not going to "nose in" on them and help them to settle it. Therefore, all republicans, whether they belong to the so-called "lily-white" or "black and tan" faction, should not vote in the democratic primary run-off on August 28. This applies also to those democrats, or those who call themselves democrats, but who only vote the ticket in order to be "regular," or to affiliate with the democratic party, because it is the dominant party in state politics. Perhaps if they would be honest with themselves they would join the republican party and vote the ticket, and if all who are of that type should do this, then the republican party in this state would be able to make a better showing. They are republicans at heart, and in a great majority of cases good citizens, but when it comes to voting their political feelings, they are woefully short on courage, and can be classed as political cowards. This year they have no excuse whatever for participating in democratic politics, and the Times sincerely trusts they will confine their political activities by going to the aid of their own party or parties, either branch of which will need all the help they can get. If they will do this and quit meddling in democratic politics, it will cause democrats generally to have more political respect for them.

Franklin D. Roosevelt—doesn't it feel strange for a democratic editor to be saying nice things about the politics of a man of that name?—joins in with Governor Cox in paramounting on ratification of the League of Nations covenants. He sees the two great problems that will confront the next American administration—our relations with the world and the pressing need of organized progress at home. The home problem "includes a systematized and intensified development of our resources and a progressive betterment of our citizenship." In the world problems he said, "we must either shut our eyes, sell our newly built merchant marine to more far-seeing foreign powers, crush utterly by embargo and harassing legislation our foreign trade, close our ports and build an impregnable wall of costly armaments and live, as the Orient used to live, a hermit nation dreaming of the past; or we must open our eyes and that modern civilization has become so complex and the lives of civilized men so interwoven with the lives of other men in other countries as to make it impossible to avoid, except by monastic seclusion, those honorable and intimate foreign relations which the fearful-hearted shudderingly miscall by that devil's catchword, 'international complications'." Roosevelt is going to give his loyal support to Governor Cox when they two go to Washington; but he is going to be a figure there of himself and his age makes a lot of folks wonder what the next decade will bring forth with regard to this democratic Roosevelt, who at less than forty has all the ear-marks of a leader and an honest force in American politics.

With both platforms and both acceptance speeches silent as to the Eighteenth amendment, there is apparently not a great chance of the dry question being a real issue in the presidential race. But one has only to get a report from the congressional districts to discern that it is an issue in those contests, and that in very many of them it is the paramount question among the voters. In the wet states the matter is being fought out by the wets in the open; some of their state conventions are demanding light wine and beer. In the dry states, notes a recent dispatch, the "wets are planning to use camouflage questions behind which it is hoped they will be able to deceive the dry voters" into electing men of wet predilections. We do not believe that the wets will be able to install a wet majority in either House or Senate next fall; but there is no questioning the fact that they are going to try to do that very thing and that, if the drys continue to be deceived on camouflage issues, there is a possibility of success.

Late dispatches indicate that equal suffrage supporters are confident that the Tennessee legislature will ratify the Nineteenth Amendment, which thereupon, under the provisions of its submission, will be in full force and effect. Other dispatches only a day or so earlier indicated confidence on the part of the anti-suffragists that the Tennessee legislature would not ratify, and there you are. Our hope is that Tennessee will ratify, but our confidence will be a lot stronger when we read that both house and senate by majority vote have ratified. Meantime, remembering Mississippi and Delaware and Maryland and West Virginia (which finally did ratify by one vote), we are pursuing a policy of watchful waiting and hoping.

The Wilson administration may not be an issue in this campaign, as some would have us believe; but is it not an interesting coincidence that all the Wilson-haters in Texas are lined up behind the former Senator?

With Other Editors

The Freight Charge and the Cost Price.

(Dallas News)

In times past, it was the practice to capitalize increases made in freight rates. Prices of commodities were advanced not only enough to absorb the increase in the cost of transportation, but very much more. The ultimate consumer did not know how much had been added to the cost of transporting the article or commodity he bought, and so it was easy to invite him to contemplate the greed and nefariousness of the railroads if he was disposed to complain because of the increased prices he was made to pay. In that way the railroads were made the vicarious victims of profiteers in business, although they were not then known by that name. The people were trained to regard every application for an increase in freight rates as a menace to their welfare, and it was the public sentiment this generated that restrained Railroad Commissions from granting rate increases for which there was a legitimate and imperative need.

One has only to recall this experience to understand the eagerness of railroad men to have it understood that the freight rate increases recently granted by the Interstate Commerce Commission can not be made to justify any considerable advance in the retail prices of commodities. Some of them even go to the extent of saying that it should not occasion any advance whatever.

Perhaps it would be impossible to show that no increases whatever in the prices of commodities should follow the increase in freight rates. But that the margins of profit in most commodities are ample to absorb the increased cost of transporting them without imposing any hardship on dealers must be thought abundantly evident. One of the railroad traffic men showed the other day what would be the increase in the carrying charge for a few commodities from some of the principal shipping points outside Texas to points within the state. For shoes, he stated it to be 1.2c a pair; for a suit of clothes, 2.3c; for hats, 2.2c each; for shirts, 9c each; for sugar, two-tenths cent a pound; also for canned goods and bacon; while for a fifty-pound sack of flour the increased transportation charge would be 6.5c with half that amount for a bushel of oats. In some instances the increase in the cost of transportation is infinitesimal, compared with the prices of the commodities, and in none of them can it be said to be more than negligible. The margins of profits are very much narrower than they are popularly thought to be if they can not absorb most of these increases in the cost of transportation without trenching perceptibly on the earnings of dealers.

HAMBONE'S MEDITATIONS

Just Folks

By EDGAR A. GUEST

Vacation Thoughts.

Away from the grind of the city,
Away from the noise and the din,
Away from its grief and its pity,
Away from its shame and its sin—

Out where the blue sky is bending
Its glorious arch over all,
Where nothing on me is depending
Or whether I rise or I fall—

Here for a few days with never
A task I must struggle to do,
Away from the constant endeavor
And the praise and the blame of it, too—

Just being myself for a minute,
With freedom to think and to plan,
The comrade of lark and of linnet
And trees—and the least of them, man.

Here with the great world about me,
With life in large parcels or small,
That can and will live on without me
And the same power has fashioned us all!

This kindly old tree shall outlive me,
The lake shall remain when I' gone,
Oh, God, for my boasting forgive me!
For what is my pride founded on?

And what is the noise of the city,
And what is its struggle for gold,
With its shame and its grief and its pity?—
No more than a tale that is told.

For the things which shall live on forever
Are not of such struggles as these,
Not the fragments of human endeavor,
But sky, sun and rivers and trees.

HOROSCOPE

The stars incline but do not compel.
(Copyright, 1919, by The McClure Newspaper Syndicate.)

Thursday, August 12, 1920.

Jupiter rules this day with kindly intent, according to astrology. Neptune is strongly adverse.

It is a time for plans and large ventures in business, but the judgment may not be trustworthy, owing to the aspect of Neptune.

Lawyers come under a sway that seems to promise unusual benefits and honors.

Educators should profit by conditions that are now developing. The seers declare that great honors are to be bestowed on teachers whose profession will gain a new status and increased rewards.

There is a sign held to be favorable for political candidates who may gain favor at this time by casting away fear and assuming positive attitudes on public questions.

Neptune is in an aspect said to increase the tendency of the human mind toward suspicion. During this rule evil will be more readily heard than good.

All the signs appear to presage agitation and disturbance of thought that has hitherto been confined to conservative channels.

Women are to take a new place in faculties of universities and schools of technology, if the stars are rightly interpreted.

Immense fortunes are to be gained within the next few years by means of small inventions that will contribute to the comfort of the home, the seers declare.

The death of a statesman long revered is prognosticated for next month.

Sinister aspects of the stars that govern Greece presage grave troubles.

Planetary forces that are separative and inimical to the best interests of humanity will continue powerful for some time, but they are to be overcome by a cohesive influence which will unite all classes in a close bond of union.

Persons whose birthdate it is should avoid new enterprises and be cautious about new enterprises and be cautious women will be much courted.

Children born on this day may have many ups and downs in life. They will succeed best when employes. These subjects usually love order and are exceedingly peaceable.

Scientific Care.

It is a great thing to know that regardless of the time or attention that the relatives and friends bestow upon family plots in Rosemont park, the free scientific perpetual care plan assures uniform care forever. Rosemont Joins Call Field on the south. 55-7tp

WHY?—

Do We Call These the "Dog Days?"

(Copyright, 1920, by Wheeler Syndicate, Inc.)

Strictly speaking, the "dog days" commence on July 3 and continue until August 11, deriving their name from the influence upon the earth supposed to have been exerted by Sirius, the dog-star, which during this period is visible in the morning before sunrise.

The Egyptians, noting that the rising of Sirius—or Hayout, as the star was known to them—coincided with the summer solstice and the rising of the Nile, believed that the star was responsible for the success or failure of their crops and this period was therefore regarded as sacred. The Romans, however, looked upon them in a different manner. The "dog days!" to them were unhealthful and filled with ill fortune coming, as they did, in the hottest part of the year. But it is interesting to note that, over practically the entire world, the influence of the dog-star—theoretical as it undoubtedly is—is accorded the tribute of respect through a common superstition arising from the ancient Egyptian belief in the power of Sirius. Now, however, "dog-days" has become a synonym for the hot, sultry period when all who can seek the seashore or the mountains and the term is more frequently coupled with the fact that dogs loll around with their tongues out than that Sirius has anything to do with it.

Tomorrow—WHY does soap cleanse things?

Side Talks

By RUTH CAMERON

Do You Feel Adequate.

There is a woman in our town whom many people have been inclined to call lazy.

She doesn't keep her house as clean as one likes to see a house; she is always slumping down in an easy chair or lying on a couch even when she has callers; and the ladies of the church claim that she never does her part there and that they feel she could do it just as well as they. "Look at me, with three children and no help even so much as to do the washing for me, and she with not a chick nor a child and puts her washing out," one woman said to me last summer. "I guess if I can help about the church suppers, she can."

"Perhaps she is ill," I suggested.

"Never has a doctor," answered she of the three children, tight-lipped. "Guess if there was anything much the matter with her, she'd have a doctor. No, I guess the thing that's wrong with her has eight letters in it and the first is L."

A week or two ago I met this much discussed person at a church supper, and she was serving. Think of it! After the supper she happened to sit down beside me. I asked for her health and she answered me with her eyes sparkling.

"I'm a new woman," she said. "You know I never was really sick, but up until this year I've never been really well, either. I never went to the doctor because I wasn't sick—just didn't seem to have any strength; but last summer I felt so wretched that I finally went to a doctor and he started me on the right path and you don't know how different I feel. I try to describe the difference to myself and the one word that seems to hit it best is 'adequate.' I feel so adequate to the work I have to do, and when anything goes wrong I don't let it fret me the way it used to. I feel adequate to deal with it.

"I used to feel inadequate all the time. I'd know the house wasn't clean and it would make me feel miserable, but I didn't feel adequate to go at it and get it clean and keep it clean. I'd feel as if I ought to go about with my husband and do more outside like other women and yet I just didn't feel as if I could.

"You can't think how I enjoy working when I feel this way. Work isn't anything to mind when you have the strength to do it. The dreadful thing is to have it to do and to feel inadequate.

"Of course you have to do what a doctor says and stick to it if you're going to make yourself well, and it takes some time to get a start. But my, it's worth it, a thousand times!"

I wonder if people like a moral hitched on to the end of a chat or prefer to supply their own?

Maybe I'm funny that way, but when I used to read Aesops Fables I was more disappointed with the ones where the moral wasn't written out in plain letters. I hope some people feel the same, for this time there are two morals:

The first is, if you do have that dreadful inadequate feeling, it's up to you to get rid of it and feel adequate.

The gist of the second I know you've guessed, but just for the interest of it—look up Luke IV:37, and see if you were right.

LITTLE BENNY'S NOTE BOOK

By LEE PAPE

Us fellows was setting on my frunt steps, me feeling pritty bum on account of most of them saying they was going to vote for Sid Hunt insted of me for captain of the Invisibles, and the skinny kid that delivers papers every afternoon went past and handed me the paper on account of knowing I was the one lived there, and I looked at the frunt page and the ferst thing I saw was my own name, saying in big letters, Gallant Fireman Rescues 6. Benjamin Pots, of Engine Co. No. 8, Proves Himself a Hero.

Herray, herray, I got my name in the paper, I yelled.

Ware, ware? all the fellows sed. And they looked and saw it theirselfs, and Leroy Shooster read the hole thing out loud telling how Benjamin Potts kept on carrying ladies and children down a ladder till there wasent eny more left, and every time he came to my name the fellows yelled, Herray, herray.

Me keeping on feeling braver and braver and Sid Hunt keeping on looking jellisser and jellisser, saying, Aw, wats the ideer of all the excitement, I bet I could show you my name in the paper too if I wunted to take tre trubble, and I sed, Wats the matter, you jelliss? and he sed, Jelliss nuthing, an I sed, Well then go ahed and show us. I dare you, I dubble dare you. And Sid looked all throo the paper and all he found was a man named Sidney Hogan being prosterated on account of the heet, and I sed, Do you meen to compare a man being prosterated with the heet to a fireman rescuing 6 ladies and children all at one time? Who you going to vote for, fellows?

You, you, herray, yelled all the fellows.

Being how I was elected captain of the Invisibles.

RIPPLING RHYMES

By WALT MASON

Hired Help.

We used to have a stately butler, the most impressive gent alive, a major-domo and a sutler, and proud domestics four or five. Before the war they did their duties as good retainers ought to do; they seemed to us a bunch of beauties who well deserved the wage they drew. But since the times became unsettled they tried to travel on their gall, and they became so highly mettled we had to can them, one and all. And now my wife does all the cooking, rejoicing that the gang is gone, and I, beshrewing and gadzooking, keep up the fires and mow the lawn. About my household tasks I scuttle, so gay I carol songs aloud, and I'm convinced that I can buttle as well as any hireling proud. My wife is singing "Annie Rooney" and other good old songs of yore, before song writers all grew looney, as she mops up the kitchen floor. Without hired help my heart is bubbling with harmless mirth, that makes a hit; my days no more are filled with troubling for fear some haughty maid will quit. The pies are burned, the bread is soggy, the meat comes smoking from the stove, but I'm so glad I'm feeling groggy, because we fired that grouchy drove. I do not care two jots or tittles what people say of us in town; far better live on ruined vittles than wear beneath a servant's frown.

OUR BOYHOOD AMBITIONS

It Can't Be Done

SHERWIN-WILLIAMS PRODUCTS

S-W Roof and Bridge Paint

has a covering capacity of approximately 300 sq. ft.—2 coats per gallon, on a smooth surface. It is so highly efficient as a protector of wood and structural iron that it is known as "salvage" paint. Strong, durable, flows easily, brushes out perfectly. For its particular purpose, S-W Roof & Bridge Paint is the best value per gallon in the paint world.

S-W Preservative Shingle Stain

Gives the best of all protection to shingle roofs and sidings. It has a creosote base, highly refined to free from scent. It pentrates deeply and fortifies the fiber with the toughest kind of a film which gives years of perfect protection. It makes shingles absolutely water-proof, prevents rot around nail holes, and largely overcomes warping. The stain colors are of the richest quality, are permanent and age beautifully. The numerous shades give a range of choice sure to harmonize with any decorative scheme.

S-W Ebonol

is a highly refined black roof paint. The pigment is pitch, the vehicle is distilled coal-tar oil. It is acid free and acid proof, withstands heat up to 650 degrees F. It is very elastic, will not crack or run, sticks tight on all roofing metals, woods and fibers.

Sherwin-Williams Ebolastic Roof Cement
Repairs leaks in slate, shingle, tin, tile and composition roofs. It is fire-proof. It will not run in summer or crack in winter. Comes in liquid or paste form for brush or trowel application.

Sherwin-Williams Metalastic Paint
embodies the highest results of scientific study and tests for metal surfaces. It protects against heat, cold, wear, rust, moisture, oil, gases and acids. Allows for great expansion and contraction.

S-W Flat-Tone
is a durable, sanitary, oil paint, producing soft, rich effects; easily applied, easily cleaned. Doesn't streak, fade or crack. Many beautiful colors and tones to choose from.

Wall Papers
We carry an excellent supply of high grade papers fresh from the centers of wall paper fashion. We offer decorative service for wall paper use and offer great advantages in economy.

HIRE A GOOD PAINTER
because good results in painting depend on the proper application of the best materials. Have him use S W P.

SCHOOL BOARD BUSY ARRANGING FOR TERM

Buildings Improved, Books Received, and List of Teachers Now Practically Complete.

The local school board is busily engaged in preparing for the opening of the winter term of schools, which is just one month distant. The summer vacation period has been spent more or less actively in cleaning and repairing the various buildings and this work is now being rushed to completion.

In the high school building several new modern floors are being laid to replace those of concrete that were in use last year and the same thing is being done at the Austin school. At this latter place stoves are being placed in all of the rooms and the building will be thoroughly heated during the cold weather in this manner. Practically all of the floors in the buildings throughout the city have been oiled.

Another large shipment of text books was received the early part of the week and still another shipment is on the way. With the arrival and distribution of these the matter of books will be completed and thos ein charge of this part of the school work will breathe a sigh of relief, for the unpacking, stamping, assigning and distributing of some 50,000 separate volumes is no small task.

W. W. Brown, general manager of the board, states that he expected to have a complete list of the teachers and the assignments given them for the coming term within a few days. One or two resignations have been received by the board but there are a number of applications for positions as instructors in the schools on file and these vacancies can be filled with competent teachers.

BARBER SHOP AND A GROCERY STORE BURN

A barber shop and grocery store at 500 Madison street, north of the river, were destroyed by fire at 3:00 o'clock this morning. The flames were beyond control before firemen reached the building, and the absence of fire plugs in that section made it impossible to fight the blaze.

The building, a one-story structure, was owned by Ollie McDonald. The loss is estimated at $3,000.

MEETING TONIGHT OF THE WICHITA ENCAMPMENT

The regular meeting of Wichita Encampment will be held tonight at the I. O. O. F. hall. The Patriarchal and Golden Rule degrees will be conferred on a large class. All Patriarchs are urged to be present.

Stamps for sale at the Times office.

SIX ARE ARRESTED ON THEFT CHARGE

Follows Investigation of Recent Thefts of Automobiles and Accessories.

Seven youths would be in jail today had the well-laid plans of the sheriff's department worked out, but as it is only six have been arrested upon the completion of an investigation of automobile and auto accessory thefts that have been in progress for the past week.

The six that have been arrested were all in custody late Wednesday afternoon but the sheriff and his deputies had plans all made to catch the seventh. The officers were looking for the seventh boy on the strength of a statement of one of those under arrest. But it turned out that the officers had been sent out on a wild goose chase.

The youths under arrest are Clyde Pelz, Clifford Barnett, Luther Hawkins, Otis Akers, Gene Thomas and Elden Gaskins.

The arrests followed the recovery of two stolen autos and extra tires, spot lights and other accessories which were taken from cars parked along the streets of the city.

J. K. LUTON INJURED IN AN AUTO ACCIDENT

A letter from a niece of J. K. Luton, field representative of the Times, written from Goodletsville, Tenn., states that Mr. Luton is suffering from a broken arm sustained on the night of July 22 in an automobile accident. Accompanied by a sister and brother and two daughters, en route home from a revival meeting at Luton's Chapel, the car ran off a mountain, throwing him about forty feet, breaking the right arm at the wrist and bruising his head and shoulder.

The letter states that he is getting along very well at present and hopes to be back on duty about September 1. He also expresses a regret that he cannot be here August 28 to vote for Pat M. Neff for governor.

WOMEN'S NEFF CLUB IS TO MEET TONIGHT

The Women's Neff club will meet tonight to complete organization in John Davenport's office, third floor of the Kemp & Kell building. The meeting will be called at 8 o'clock sharp, Mrs. F. C. Barron, chairman, stated Thursday morning.

All women supporters of Pat Neff are urged to be present at the meeting, and men are also welcome. Committees to organize the women's campaign are to be appointed at this meeting.

WARNING IS ISSUED BY SANITARY OFFICER

Tom B. Taylor, city sanitary inspector, is a busy man these days calling attention to the provisions of the city ordinance which prohibits the depositing of cans, boxes, barrels and rubbish on the sidewalks or in the alleys of the city.

No arrests will be made during this week in order that all may have due warning of the consequences in the event of a violation, but Mr. Taylor states that no excuses will be accepted beginning Monday morning and that any individual who permits cans, barrels, boxes or rubbage on the sidewalks or in the alleys after that time will be required to answer to the city court.

Mr. Taylor also calls attention to the ordinance which requires that sidewalks in the business district be swept every morning before 8 o'clock, and states that he is instructed by the sanitary commissioner to enforce its provisions to the letter.

There has been a noticeable improvement in sanitary conditions in the city recently as a result of the determination to enforce those ordinances designed to protect the health of the public and improve the appearance of the streets and alleys, and the new provisions to be enforced after this week are calculated to add materially to the good work already in evidence.

The public will do well to bear in mind the warning of Mr. Taylor and be prepared to comply fully with the law as outlined in order to avoid trouble and possible penalties for neglect.

CHARGED WITH STEALING AN AUTOMOBILE WHEEL

Homer and Albert Tubbs, brothers, were arrested Wednesday on a charge of stealing an automobile wheel. They were found guilty of the charge and one was fined $50 and sentenced to thirty days in jail while the other drew the same fine but only ten days in jail.

CHARGED WITH THEFT; RELEASED ON BOND

Minnie and John Burr, colored, are out on bond after being arrested on a charge of theft. The charge was brought against them by a Mrs. Thompson who had her washing done by the defendants. It is alleged that on a piece of the laundry there was a diamond brooch which she had overlooked before sending the clothes away. She avers that when the clothes returned the brooch was gone.

Wichita Falls ..... 000 005 3*—11
Galveston ..... 000 100 000— 1

Summary—Two-base hits, Scoggins, Mokan, Callahan; three-base hit, Tanner; sacrifice hits, O'Brien, Scoggins, Tanner; sacrifice fly, Hauser; stolen bases, Tanner, Clark, Mokan, McElwee; double plays, O'Brien to Montegut; base on balls, off Burch 1, off Couchman 2; struck out, by Couchman 3, by Burch 5. Time of game, 1 hour 35 minutes. Umpires Sorrels and Doyle.

Fagan Burch pulled an iron man stunt yesterday afternoon at Athletic Park and piloted the Spudders to a double win over the lowly Pirate crew. With the way the Spudders were pounding the ball, Fagan could have twirled two or three more games and won them as he was never once forced to extend himself. However, when the case warranted it, Barney tightened up and turned his opponents back. Only one run was scored off him in the opening contest and he let the visitors down with three in the second. The Spudders walloped Bob Couchman for 11 runs in their eight turns at bat in the first game and got to Jim Gudger for the same amount of runs in six frames in the second contest.

The Pirates showed signs of fight during the first few innings of the initial pastime, but thereafter played listless ball, not caring whether the side was ever retired or not. Just before the first man went to bat, Manager Hunter Hill was notified that he had drawn a three day suspension from President Morris for his conduct in Fort Worth and during the second game the Pirates had but 11 men on the field. Nine were trying to stop the Spudders, or rather, watching the Spudders increase their batting averages, while the other two (both of whom were pitchers and had worked in the first game) were warming the bench. It was a sorry looking outfit.

Besides Burch's double victory and the slugging of the Salmites in general, the one bright spot in the bargain bill was Danny Clark's terrific clout over the right field fence in the second game. Danny's excursion wallop came when the corners were densely populated and put the game beyond the reach of the visitors. Danny had a big day with the bat, poling five safeties during the afternoon. Shortly before his drive, "Dutch" Schliebner cleared the bases with a triple.

The Spudders were late in getting under way in the opening fray and did not start hitting Couchman until the sixth, but in the last three innings they got to him for 17 safe drives.

Burch and Josefson had been retired in the sixth before the fusillade started. Tanner watched four wide ones in succession go by and ambled to first. Clark slammed a single to right that sent Buddy to third and when the return throw went through Montegut, Buddy scored. Clark held first until Mokan singled to the same spot and then he went to third. O'Brien threw the ball to center field when Johnny attempted to pilfer second and Clark scored, Mokan pulling up at third. Bonner's throw to Hauser on Schliebner's drive pulled Mike off the bag and Mokan scored. McElwee's single to right put Dutch on third and Grubb's walk filled the corners. Kitchens followed with a safety to left that scored Dutch and Mac and had Grubb held up at second, there is no telling when the rally would have ended. Harvey overran the bag and was caught on Callahan's relay.

The Salmites started in the seventh where they left off in the previous frame and punched out a brace of singles, a double and triple for three more counters. After Burch had been retired by Callahan, Josefson got a lucky hit when Hauser lost his pop fly in the sun. Tanner tripled along the right field foul line scoring Jo and he scored on Clark's safety to center. Mokan's double to right put Danny on third and he scored on Schliebner's infield out.

Five more singles in the eighth netted three more tallies. Grubb, Kitchens and Burch singled in rapid succession, filling the bags. Josefson flew out to Montegut, but Tanner's drive to center scored Grubb and Kitchens. Buddy went to third on Clark's third safety to right and he scored on a double steal.

The Pirates drew their only run in the fourth on a single by Montegut, a sacrifice by Scoggins and O'Brien's safety to left.

If the second game had not gone only seven innings by agreement, Jimmy Gudger would have fared even worse than Couchman. Burch continued to hurl them around the Pirate's necks and even though three runs were garnered off his delivery, he pitched better ball than he did in the opening game. He let the visitors down with five hits, two of which came in the opening canto and resulted in a run.

Brownlow led off with a single to right, went to second on Hauser's infield out and scored on Callahan's safety to right. O'Brien started the second by walking and was forced at second by Bonner. Buddy tried to complete a double killing, but he uncorked a heave that even Dutch could not stop and Bonner pulled up at third, scoring on Gudger's single through short.

The Spudders tied the score up in their portion of the inning. Schliebner got a life when Hauser dropped Montegut's peg. It was a poor peg, but Hauser should have had it. McElwee singled to right putting Dutch on third. Mac kept on to second when an attempt was made to head Dutch off. Grubb's single scored both runners, but Harvey overran the bag and was caught before he could get back to first.

Josefson's single and passes to Clark and Mokan, followed by Schliebner's clashing triple along the left field foul line resulted in three more in the third.

The visitors got one back in the fifth when Gudger was hit by a batted ball, took second on Hauser's infield out and scored on Callahan's double.

The Spudders scored a half a dozen times in the sixth before the side was retired, Kitchens and Grubb getting two cracks at the ball in the one inning. On their first appearances at the plate, both flew out to the outfield, and then the fun started. Burch, Josefson and Tanner filled the corners by walloping the ball for one base apiece. Danny Clark delivered his four-ply wallop at this juncture and cleared the bases. Mokan was safe on Montegut's boot and Dutch put him on third with a double to left. Both men scored when McElwee hit safely through Montegut. Mac went to second on Brownlow's error and took third when Montegut booted Grubb's drive. Kitchens stopped the agony by flying out to Scroggins for the second time.

Score:

	R.	H.	E.
St. Louis ..... 501 422 021—18	25	3	
Philadelphia ..... 100 003 032— 9	13	3	

Batteries—Haines and Dilhoefer; Meadows, Enzman and Wheat, Withrow.

AMERICAN LEAGUE.

RUTH INJURED AS YANKS DEFEAT INDIANS AGAIN

CLEVELAND, Aug. 11.—New York made it two straight from Cleveland today, winning in ten innings. Cleveland scored its four on a homerun by Smith with the bases full in the third.

Ruth dislocated his right knee in the first inning sliding into second base and had to be carried off the field. Meusel, who took his place, scored the tying run and drove in the winning run.

Score:

Batteries—Pennock and Schang; Sothoron, Wellman, Shocker and Severeid, Billings.

Major League Bits

The Giants gained on the leading Reds and Robins when Benton and Douglass turned in 5 to 1 and 6 to 3 victories over Pittsburgh.

Fournier collected five of the Cards' 25 hits in the slugging match with Philadelphia, which the Cards won 18 to 9.

Pennock went to the relief of Harper in the eighth and checked a rally by the Browns. The Red Sox won 5 to 3.

Olson's two triples featured the first game of the Brooklyn-Chicago doubleheader. Brooklyn won the first 9 to 3 but the Cubs took the second 4 to 3.

Kerr pitched the White Sox to their fourth consecutive victory over Washington by a 2 to 1 score.

Nine hits and four errors in the seventh inning gave the Athletics 10 runs. They won from Detroit 13 to 4.

Mays contributed a pair of doubles along with pitching the Yanks to a 10-inning victory over the Indians 7 to 4.

GIANT ROOKIE MAKING GOOD

Roy Grimes is making good as a utility infielder and pinch hitter. He hails from the Bridgeport Club of the Eastern League.

TAKE PHOSPHATE WITH MEALS IN SUMMER-TIME

Your Nerves Demand It, Your Blood Needs It, Say Physicians.

There's not enough phosphorus in modern foods to benefit nearly one-half of the men and women of America, scientists declare.

To overcome this lack of an element of your body that is necessary to your health, your happiness and even your success in life, weak, anaemic, nervous, run-down people are advised to take Bitro-Phosphate as dispensed by Miller Drug Co. and all leading drug stores in the original package.

Speaking of people who are easily fatigued, who lack ambition, nerve and are oftimes thin, weak and sadly lacking in firm, healthy flesh, Joseph D. Harrigan, formerly Visiting Specialist North Eastern Dispensary, N. Y., says: "Patients who are apparently physical wrecks, who foolishly thought they needed only a blood tonic to enrich the blood, have come for treatment trembling and shaking, their nerve force almost exhausted and in many such cases the administering of Bitro-Phosphate has produced seemingly magical results."

People who feel the heat of Summer tire easily and often become irritable and depressed, will find Bitro-Phosphate an inexpensive and helpful friend.

Druggists report a wonderful increase in the demand from men and women who are anxious to renew old-time ambition and who are making an honest effort to become vigorous and keen-minded with a power of endurance that denotes almost perfect health.

They ask for Bitro-Phosphate because they know they need an inexpensive organic phosphate.—Adv.

HOME RUN KING'S INJURY NOT SERIOUS

CLEVELAND, O., Aug. 12.—Prediction that Babe Ruth, home run king of the Yankees, will be able to play ball this afternoon was made today by Dr. M. H. Castle, Cleveland ball club's physician, who is looking after Babe's injured right knee. An X-Ray photograph shows there was no injury to the bone and no torn ligaments.

"The injury was merely a wrench sustained in sliding to base," said Dr. Castle. "There has been no swelling and no discoloration and the injured part has been kept cool all night by applications of a lotion, so that Babe will most likely get into the game right away."

If Ruth does play this afternoon, he will wear an elastic knee bandage.

FINCHER AND PATE BATTLE UNTIL DARKNESS WINS

FORT WORTH, TEX., Aug. 11.—Fincher and Pate battled 14 innings today to a scoreless draw in a game that was featured by brilliant fielding by both clubs. Score:

BASEBALL

TOMORROW

Wichita Falls vs. Galveston

4:30 P. M.

LUCKY STRIKE cigarette—it's toasted. Lucky Strike tobacco—it's toasted. Both are toasted. You cannot get the remarkable and unusual flavor of toasted Burley tobacco in any other brand.

How is it that this toasting process preserves so successfully the original Burley flavor? Because it's sealed in.

Take the case of the bee and the honey. The bees have the right idea. To lock in that fragrant and delightful flavor of clover honey they put a thin coating of wax over the whole honey-comb.

You know yourself that honey can stand unbroken on a shelf for months or years, and be just as good when it's used.

And that's what happens with the Burley tobacco used in making Lucky Strike.

In each Burley leaf there are little pores like a sponge. In the heat of toasting these pores are sealed. The Burley flavor is there, inside.

When you light your Lucky Strike cigarette or your pipe full of Lucky Strike tobacco the heat releases the Burley flavor for your benefit.

IT'S TOASTED

FINAL SELECTION TO BE MADE JUST BEFORE OLYMPICS ON SUNDAY

Coach Moakley Has Six Entries for Each Event But Only Four Can Start.

By HENRY L. FARRELL
United Press Staff Correspondent.

ANTWERP, Aug. 12. — The huge stadium here where the Olympic games will be staged, was closed today in order that final preparations might be made for the dedication ceremonies.

The games in the stadium will probably start Sunday. Jack Moakley, head coach of the American athletes, said today that he was uncertain who he would pick to start in each event. The Americans have six entries for each event, while only four will be allowed to start. Moakley said he would make the final selections just previous to the contest.

Representatives of the other nations have been greatly interested in the workout by the Americans and were greatly impressed by their snappy work.

"The Americans are unbeatable," Hjertsborg, coach of the Swedish team said. "We will finish second, but America has left a better team at home than any of the other competitors have on the grounds."

The French are hopeful of winning a few seconds in the track events. Coach Shroder of the French athletes, said he had two good men. Guillimot, long distance runner, and Andre, entered in the Pentathlon.

The famous British champion relay team reported to be out of the running was regarded as winners. Rudd is competing with the South Africans.

The British athletes said they were not supported at home and consider their chances poor.

Platt Adams, coach of the Italian team and an American, believes he has a fair chance for victory in several events.

Sport Shots

By Paul W. Larkin

Notice the jump in those batting averages? The Spudders now have seven men in the select circle.

If all the Pirates tried as hard as Mickey O'Brien and had even half his pep, they might win a few more ball games. Mickey can't do it all, but even though he is handicapped by a couple of wicked looking boils on his arm, he's in there every second. He's too good a ball player to be tied up with the Pirate crew.

The Spudders socked the apple safely 29 times yesterday. They have scored 31 times on 35 hits in their last 22 innings.

Many fans are laboring under the delusion that Danny Clark was the first man to pole the ball over the right field fence. He is the third. Moke Menoskey did it in an exhibition game and Roy Storey did it in the opening series with the Marines. Danny's was was a hefty wallop, nevertheless, and it is doubtful as to whether it will be done again this year or not.

Still, we think that Jimmy Zinn's double that bounced off the upper boards of the center field fence a few weeks ago was the most powerful drive that he been uncorked in the local park. Had that wallop been sent to either left or right it would have cleared the fence by yards.

Barney Burch has now entered the hall of fame started by Joe McGinnty.

Bugs Pate and Bill Fincher staged some duel in Fort Worth yesterday. Bill must have had a lot more than he showed here the day before. Both teams will fight for every play during the present series in the Panther-city as the winner is apt to cop the bunting.

Dutch Schliebner showed yesterday that his stretching powers have nothing on his jumping ability. He went a mile into the air after one of Buddy's wild ones and speared it with his gloved mitt. We fear that Dutch is not long for the Texas League.

Skipper Salm had another colt cavorting around the park yesterday before the games. The boy's cognomen is Ellis and he is a backstop who hails from Fort Worth. Walter claims that he's not the worst amateur in the world and is worth a tryout.

Another rookie, named Krook, is due to put in an appearance here Saturday. He's a southpaw hurler from Comanche and has been turning back the boys on the sand lots with great regularity. He comes well recommended. The Spudder moguls are still looking ahead.

Every doser in the country will have an alibi tomorrow. It's Friday the 13th. Watch your step!

Ted Ray, the British golf star, will have to do better today and tomorrow if he expects to win the National Open Championship. Seventy-five players topped the Briton in the qualifying round. Jock Hutchinson, winner of the western open, is going like a house afire and his chances for winning look exceedingly bright.

The Olympic track and field events have practically conceded to Uncle Sam's athletes. Sweden looks good for second honors. The Swedish coach has been quoted as saying that "America left a better team at home than Sweden could put on the field."

President Grant of the Braves would not take $15,000 now for Watson, the pitcher he received from the New Haven club of the Eastern League and let go once by the waiver route. He has won four straight, two of which were 1 to 0 shutouts while only four runs were scored off him in the other two games. Yes, we almost had him

ERRORS ENABLE WICHITA MOTORS TO DEFEAT BANK

Errors enabled the Wichita Motors to hang an 11 to 7 defeat on the First National outfit yesterday. The losers outhit the winners 11 to 7, but boots in the early stages of the games cost them the victory. Score:

Wichita Motors	213 032	11	7
First Nat'l	100 312	7	11

BURKBURNETT NAMES DELEGATES TO ATTEND COUNTY CONFERENCE

Burkburnett has selected its delegates to the county development conference, recently organized by the business council of the Wichita Falls Chamber of Commerce.

R. D. Laney, A. R. Thomas, R. H. Henry, J. P. Roodhouse and Gus Heine have been named, according to a letter received by Hubert Harrison this morning.

Wichita Falls and Electra already have appointed five delegates each. As soon as Iowa Park has named its men, the first conference on matters of general interest to the county will be held.

Dr. DuVal, eye, ear, nose and throat specialist, has moved his office to 222 Commerce Bldg. Glasses fitted. 89-tfc

SEVENTY GOLFERS TEE OFF IN CHAMPIONSHIP

TOLEDO, Aug. 12.—Seventy picked golfers from all parts of the United States as well as from Canada and Great Britain today played the first two 18-hole rounds for the national open golf championship over the 6,569 yard links of the Inverness club. These experts qualified Tuesday and Wednesday with scores of 157 or better, the star performer of the preliminary rounds being Jock Hutchinson of Chicago, western open champion, who, by breaking the course record with a 69, had 141 strokes for 36 holes.

REPORT INDICTMENTS FILED BY GRAND JURY

Charging murder, the 30th district court grand jury returned an indictment against Ernest Stafford, colored, Wednesday. The man is in jail in default of bond. Stafford, it is said, walked into police headquarters several weeks ago and announced that he had just killed his wife, Ina.

The grand jury also returned highway robbery indictments against Roy Woods, Roy Kind and James Oldham, the trio of men who were arrested Sunday at the Wichita General hospital where they had brought Oldham for treatment. They are charged with having held up a crap game in Burkburnett.

The jury also charged Green Winn and Nealy Armstrong, negroes, with robbery.

CHAMBER INSTITUTES SERVICE DEPARTMENT

The Chamber of Commerce has instituted a service department to keep in close personal touch with the needs of members of the chamber. L. D. Trice has been named to handle the work of the department, and will make daily visits to the chamber's members.

Many individuals and firms holding membership in the Chamber of Commerce have failed to take advantage of the service the organization is qualified to render. It will be the duty of Trice to look up these individuals and firms and carry the aid of the chamber directly to them.

Hek *The Bay - Word for a Good Drink*

Long before Cleopatra—was HEK. And HEK was the name of a liquid food in general use by the ancient Egyptians. HEK was the concentrated vitality of the grains from the valley of the Nile. What better name for a vitality drink from the American grain fields than HEK?

And now the Americanized HEK is the world's greatest food drink. HEK is offered and sold on its merit as a food drink. It sails under no false colors. It is American in purity—in principle and wholesomeness.

HEK is as pure as the driven snow. HEK is a Safety First drink—a pure sterilized non-intoxicating drink that imparts the true American vitality.

Pass this all along the line

Thursday p.m

Dear Pete:

Just blew into Pittsburg to close that N and P purchase while I was waiting for the contract to be signed who ambles in to the G.M.'s office but President Holt! Asked me if I had a cigarette. Slipped him my "Camel Garage". Remember, he hit the "straight" boys when I met him last year?

Pete, you ought to hear Mr. Holt talk Camels! Gee, I thought I was some Camel speiler. But he went right to the mat with the subject. Say, if I could have shorthanded that line of super-stuff I'd have the job writing Camel ads by noon today!

"Reynolds ought to get a dollar for every Camel cigarette," Mr. Holt declared. "Why, my boy, Camels are simply wonderful," he added. "Don't ever let anybody talk about mild cigarettes compared with Camels! I know! (get that, Pete). I've proved it to a hundred smokers that Camels are the mellowest and most refreshing cigarette in the world." Etc. Etc.

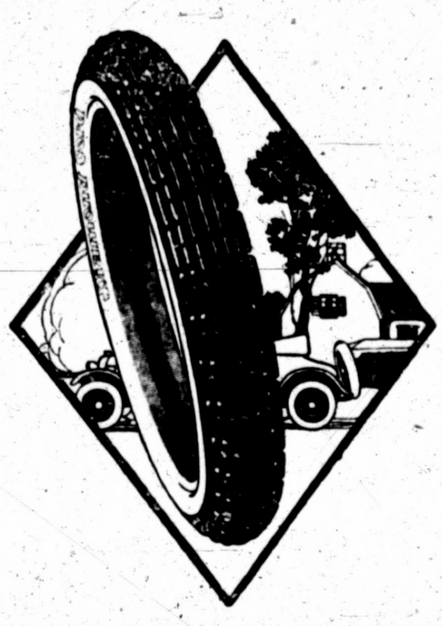

Pete, Camels won Mr. Holt like they won me—on their quality! After hearing him cut loose, I felt like saying: "you tell it, old parcel post, I can't express it!

Pete, I'm hatching an idea about Camels. I'll spill it your direction next time I write! It's what York State folks call a "pip-ing!" And it's ripe!

Yours till the next fire-up.

Shorty.

Oil News

LEASES ACQUIRED BY THE NORMAL OIL CO.

Located Near Iowa Park on the Burnett Ranch With Several Producing Wells.

The Normal Oil company, of which Judge C. F. Spencer is vice-president and manager, has just closed a deal for the purchase from Lon Frame of a 50-acre lease with five shallow wells in the Burnett ranch, southwest of Iowa Park. The consideration is not made public.

The property is in practically a new field, and while there is now something like twelve wells in the vicinity, it has not yet come into public notice to any extent. The sand is found at from 353 to 450 feet, those on the Normal lease being but 353 feet deep. Arrangements are now under way for a pipe line, and with continued drilling the line will doubtless be installed shortly. Owners of the company state that not a single dry hole has been encountered so far.

The Normal company has also purchased a 40-acre lease close to the Frame lease from Ike Ruby and will continue at once to drill out both leases.

At a meeting of the trustees of the Normal company held on July 29 a quarterly dividend of 4½ per cent was declared. This was the first dividend of the company, it having been organized just three months ago. It is the intention of the company to pay regular quarterly dividends in the future.

PRINCIPAL INTEREST IN WILBARGER COUNTY IS IN S. & R. WELL

VERNON, TEX., Aug. 12.—The principal interest in oil circles this week is centered around the wells of the S. & R., Greene & Waggoner and Lee Flowers, with the S. & R. well the main feature. Oil operators are watching this test closely as it will likely develop something of a sensational nature.

The officials of the S. & R. company have all arrived from Seattle, Wash., and developments in this well are expected this week. While no one is permitted about the well, yet it is reported upon reliable information that the hole is standing in oil to a depth of around 1,500 feet. The depth is given as 2,280 feet. Three storage tanks have been built, pipe capped and arrangements said to have been made for pipeline connections. This well is some distance from the Piper field and will extend the producing area several miles. Interest is keen over the prospects for the well and town-lot selling at Oklaunion, three miles from the well, has taken an unusual spurt.

The Greene & Smith well in the Sigler field has been standardized, but outside of this no exact details can be ascertained.

At the Lee Flowers well activity is noticeable. A likely sand found in this well will be thoroughly tested and the well will be standardized shortly. If they have a well here it will extend the Sigler field westward, which is being predicted by oil men.

Further than a 112-foot derrick with rotary equipment having been placed over Sigler No. 2 to fight a case, nothing new has developed in that field. It is said the well will be carried down to a depth of 2,500 feet if necessary. The Sigler company will not af present drill its No. 3 and 4 until the completion of the deep test of No. 2. It is planned to allow the Gulf Production company and the Pyramid Royalty company to carry out tests to define the Sigler pool as to its further extension.

UNDERGROUND POSITION ELLENBURGER FORMATION NORTH CENTRAL TEXAS

AUSTIN, TEX., Aug. 12.—Of especial interest to oil geologists and prospectors is a recent University of Texas bulletin, issued by the bureau of economic geology and technology, on the "Underground Position of the Ellenburger Formation in North Central Texas." This bulletin is the work of Dr. E. H. Sellards, geologist of the bureau, and represents a paper read before the Dallas meeting of the American Association of Petroleum Geologists in March, 1920, and since that time revised for publication.

According to Dr. Sellard's statement in the introduction, the Ellenburger formation is not known to be itself productive of oil or gas in commercial quantities, but its relation to the producing formations is such that determination of its position becomes a matter of importance. This bulletin relates to the position of the Ellenburger limestone in north-central Texas, covering the chief oil districts and including the following counties: Brown, Callahan, Coleman, Comanche, Coryell, Eastland, Erath, Hood, Lampasas, McCulloch, Mills, Palo Pinto, Runnels, San Saba, Stephens and Young.

Data was collected from the files of the bureau from the geological and scouting departments of the large oil-producing companies operating in north-central Texas, from drillers and from the logs of wells.

Copies of this bulletin may be obtained from J. A. Udden, director, bureau of economic geology, Austin, Texas.

HEARING TEXAS SIDE OF BOUNDARY DISPUTE

Old Resident of Dallas Tells of Steam Boats on the Red River In 1844.

DALLAS, Aug. 12.—The presentation of testimony in the celebrated Red river boundary case, which involves property worth more than $600,000,000, for Texas owners began Wednesday morning when Charles A. Martin, a Dallas News employe, related incidents regarding steamboating on the river as far back as 1844 when his father was a steamboat captain. The Oklahoma side of the controversy was completed Tuesday when witnesses were presented at Lawton and Oklahoma City.

The main point around which the suits rests and upon which the decision of the supreme court is thought likely to rest is the navigability of the stream. If the stream is proved to be navigable, it was stated, then the Texans had full right to the property on the west bank and could proceed to the middle point of the stream to engage in transportation. The fact that the stream had been used for navigation was brought out in the testimony of Mr. Martin, who is more than 80 years old and whose steamboating career on the Red River began in 1844.

Mr. Martin related the history of the navigation of the river, which in his personal knowledge ran back to 1844, although actual traversing the stream with boats for commercial purposes began in 1837. He mentioned the names of many of the leading steamers of his day which could transport 1,800 bales of cotton per trip and whose cost was more than $50,000. Jefferson was the principal port of Texas then, Mr. Martin said, and he declared that when the federal flotilla during the Civil War came to the rapids in the river that explosives were used to clear the obstructions.

The next hearing will be held at Texarkana, after which testimony will be taken at every county seat up the river as far as Wichita Falls. When the Texas testimony is concluded the Oklahoma attorney will be allowed rebuttal testimony. The work will then be forwarded to the supreme court.

Frederick S. Tyler, representative of the United States, and appointed as special commissioner by the supreme court, is in chairge of the hearings. J. A. Fain, United States attorney, of Oklahoma City, is representing the United States and Oklahoma, and W. A. Keeling is representing Texas. The supreme court has ordered the hearings to be finished by October 15 and the printed evidence be submitted to the court by November 15.

J. A. Feagin of Fort Worth, who was in charge of the record during the Standard Oil investigation in Texas in 1913 and the brewers' investigation in 1915, is stenographer for the hearings and will prepare the record for the supreme court. W. T. Turnbull, Indian lawyer, is representing the Choctaw Nation, which is interested in the outcome of the case.

LEASES AND ASSIGNMENTS

William J. Peterman to J. D. Rhoades et al, lots 7-9, block 17, Burkburnett, $10.00.

Arthur Lyons et al to E. F. Schneider, five acres lot 12 of Ellankay subdivision of J. M. Bell tract.

J. T. Craig to Imperial Production Co., north 10 acres of south 20 acres of north 100 acres, abstract 1.

Chas. W. Abbott et al to A. E. Bersum, west ¼, block 19, 80 acres of Denton county.

S. F. Tubbs to Imperial Production Co., 1-30 interest 10 acres near west line of block 76, 10 acres in W. H. Street tract.

Chas. W. Abbott et al to A. E. Bersum, southeast of block 19 and south ¼ of southeast ¼, block 20, consisting of Denton county.

J. W. Clements to Texas Petroleum Co., west 15 acres of south 20 acres of west ½ of east 2-3 of block 22, Red River valley lands (2) east 10 acres of north 20 acres of west ½ of east 2-3 of block 22, Red River valley lands; (3) 2-8 interest lease, west 10 acres of north 20 acres of west ½ of east 2-3 of block 22, Red River valley lands.

J. T. Craig, trustee, to Imperial Production Co., east ½ of west ½ of lot 7, block 3 Tidwell subdivision, abstract 93.

E. R. Edward to Edward Sullivan Oil Co., east ½ to north 2½ acres of north five acres of east 10 acres of west 30 acres of south 60 acres of A. A. Morgan 120 acres, abstract 259.

A. W. Phillips to W. P. Ruby, ½ interest in 20 acres west of 20 acres of 189 acres of 215 acres, certificate 774, abstract 30, Tex Copper Mining & Mfg. company.

A. W. Phillips to W. P. Ruby 20 acres out of southeast corner, 189 acres of 215 acres, abstract 30.

C. L. Sullivan to Union Oil Co. of Texas, east 50 acres of south 320 acres, section 2, S. A. & M. G., certificate 21-211, $10.00.

W. M. Kendall, trustee, to J. T. Craig, trustee, north 10 acres of north 100 acres, abstract 1.

Chas. F. Noble to Chas. F. Noble Oil & Gas Co., (1) north 50 acres, block 85, Red River valley lands, (2) south 20 acres of north 35 acres, block 86, Red River valley lands, (3) ½ acre in southwest part block 74, Red River valley lands, (4) north ½ acre of east 2½ acres of west 10 acres of south 20 acres, block 86, Red River valley lands, (5) lot 8 Landers subdivision of ½ acre, block 89, Red River valley lands.

Chas. F. Noble to Chas. F. Noble Oil & Gas Co., west ½ acre of south 1½ of north 2½ acres of west 5 acres of 20 acres, out of west 80 acres, block 88, Red River valley lands.

LAND IS LEASED FOR TANKS AND PIPE LINE

PORT ARANSAS, TEX., Aug. 12.—The San Antonio & Aransas Pass railroad has lease a tract of three and three-quarters acres from the Aransas Dock & Channel company for a period of eight years, paying a cash consideration of $15,000 for the privilege of building two 55,000-barrel tanks upon the site and installing necessary pipe lines for receiving oil over the docks of the lessor. Right-of-way for all necessary trackage also was granted by the lessor.

OIL MEN AT DENISON FORM AN ORGANIZATION

DENISON, TEX., Aug. 12.—An organization of oil men representing companies drilling, or intending drilling, on the Preston anticline in southern Oklahoma or northern Texas, was effected here recently. By co-operating the operators believe they can issue authentic reports on the progress of the various oil tests in this vicinity. There are at present ten tests under way in Bryan county, Oklahoma; Grayson and Fannin counties, Texas.

Salesman wanted to represent us in the sale of guaranteed security. Has nothing to do with oil. Bobo-Heflin Co., 313 City National Bank Bldg. Phone 6588. 88-7tc

NEW WELL EXTENDS PROVEN TERRITORY

Brought In on Lot 11, Block 30, K. M. A. Field and Is Good for 400.

The Occidental Oil Company and Harper & Jones have a well in the north five acres of lot 11, block 30, in the K. M. A. field. Casing is set at 1735, with 10 feet of open hole to the sand. The well marks an extension of the proven territory to the northeast, being in the northeast corner of block 30, and looks to be good for about 400 barrels. It is 10 inches in the sand with the rotary tools, and flows in heads. It is being standardized and will be finished with cable tools the latter part of the week.

STANDARDIZING WELL OF SKYLINE COMPANY

The King Petroleum company, operators of the Skyline Oil company, lease in block 820 of the Northwest field, have set casing and are standardizing to drill in. The well shows every indication of making a good producer, as a good sand was found. This is the same lease on which the Skyline company drilled last year, making a small well, which swabbed some oil for a time, but was never put on the pump until a short time ago. For a time the territory was thought to be practically dry, but several good wells have recently been brought in which makes it look much better.

RESIGNS POSITION WITH THE SINCLAIR COMPANY

E. J. Bartels, who has been connected with the pipeline department of the Sinclair company for the past year, has resigned his position to take a position in the sales department of the Motors Supply company. His place with the Sinclair company will be taken by F. M. Sykes, formerly with the company in a similar capacity.

CONDITIONS IN ASYLUMS ARE MUCH OVERCROWDED

AUSTIN, TEX., Aug. 12.—A report to the governor by State Health Officer Goddard of the inspection by the state health department of the four asylums of the state for the insane said that conditions were very much overcrowded at these institutions. Dr. Goddard declared that at each of the asylums at Austin, San Antonio and Terrell there were approximately two hundred beds more than the capacity of these institutions and the asylum at Rusk was fast filling beyond its capacity.

"Under the very able and efficient management of all these hospitals, sanitary conditions were as nearly perfect as they can be made, taking into consideration the overcrowded conditions and certain needed building improvements and equipment," the report says. "With roofs leaking and ceilings and floors rotting and giving away, it is impossible to keep down odors and maintain absolute sanitation. This condition in the asylum at Austin, especially cannot be improved until the dilapidated interiors of some of the old buildings are repaired. All sanitary rules are very rigidly enforced, except the use of the common roller towel in some of the hospitals, which use cannot be thoroughly condemned."

There is no system of ventilation in any of the hospitals for the insane except by means of open doors and windows, says the report.

In the asylum at San Antonio, it was noted that in female ward "A," there were two to three patients in small rooms sufficient in size for one patient, and twenty-two beds were in a dormitory where it is said there should have not been more than half that number. The report cites other instances of overcrowded conditions.

The report declares that the general health of the patients was as good as could be expected, and that the patients are amply supplied with clean clothes.

"Added to the distressing crowded conditions," the report continues, "was a shortage of nurses and attendants, especially among the male attendants. The compensation for this class of help is insufficient to meet the competitive wages offered in other industrial lines demanding the services of such young men and women as are needed at these institutions."

DISPLAY EXHIBITS AT MISSOURI STATE FAIR

STAMFORD, TEX., Aug. 12.—West Texas agricultural exhibits gathered from the four winds of this section are on display at the Missouri State Fair which opened yesterday at Sedalia in charge of J. C. Wells, exhibit manager of the West Texas Chamber of Commerce. B. M. Whitaker, assistant exhibit manager, leaves Haskell Sunday for Springfield, Ill., to open the organization's second general exhibit at the Illinois state fair. Sixteen state and interstate fairs will be visited by these two representatives, at each of which literature and booklets descriptive of all West Texas will be distributed and the farm products of the West will be shown.

INDEPENDENT TELEPHONE SYSTEM IS ENCOURAGED

STAMFORD, TEX., Aug. 12.—Efforts are being made by the West Texas Chamber of Commerce to interest an independent telephone company to extend its present lines from Throckmorton to Crystal Falls and Eliasville, where the oil production has become great. The large telephone companies appealed to declare that they cannot make extensions of their service at the present time because of the heavy demand upon them from large growing towns where they have been giving inadequate service.

CROWELL NEEDS 600 CARS TO MOVE GRAIN

CROWELL, TEX., Aug. 12.—In reply to the questionnaire of the West Texas Chamber of Commerce the Crowell chamber of commerce has made the following report on the car and cotton situation:

Cars needed to move small grain crop, 500; for the sorghum grain, 100.

Cotton production in 1919 was 2,500 bales. Twice the acreage was planted this year, with an estimated production of 25,000 bales.

CLARENDON REQUIRES 300 CARS FOR GRAIN

CLARENDON, Aug. 12.—Clarendon needs 250 cars to handle the small grain and 50 cars to handle the oncoming sorghum grain crops, according to the answer to the West Texas Chamber of Commerce questionnaire.

The cotton production last year was 20,000 bales with a decreased acreage in 1920, but an increased production estimated at 5,000 bales.

$63,412,085 APPROPRIATED FOR EDUCATIONAL PURPOSES

AUSTIN, TEX., Aug. 12.—During the three years of 1918 to 1920, there was appropriated $63,412,085 for educational purposes in Texas, according to a statement issued today by the executive department.

COTTON ACREAGE IS INCREASED IN EIGHT COUNTIES OF WEST

STAMFORD, TEX., Aug. 12.—Eight counties in west Texas have increased their cotton acreage more than 32 per cent, according to as many questionnaires which have been returned to the West Texas Chamber of Commerce. Dickens county has increased acreage about 25 per cent, Gray county 50, Scurry 50, Wilbarger 25, Ward 35, Knox 12, Donley 60 and Pecos none. Questionnaires have been sent to every west Texas county.

In 12 towns reporting there are now outstanding orders for 267 cars unfilled; 1275 cars required to handle the present small grain crop; 1050 cars needed to handle the sorghum grain crops; 2645 cars needed to handle the cotton and seed this fall at those stations; and 625 cars needed to handle other crop yields.

The questionnaires were sent out to determine the number of cars required to handle the crops of west Texas this fall so that the traffic bureau of the organization can immediately begin to impress upon the interstate commerce commission the essentiality of having cars devirted this way.

The prospects are that the car situation this fall will be the most serious known to the history of west Texas. At present there is not a sufficiency of cars to handle the wheat of this summer and that left over from the harvest of 1919.

FARMERS ASKED TO REDUCE THEIR COTTON ACREAGE

FORT WORTH, TEX., Aug. 12.—After recommending that all farmers reduce their cotton acreage and devote their efforts to improving the grade, the annual convention of the Texas Farmers' union closed here at noon today after a three-day session. The directors of the Farmers' Co-operative Market association voted to increase the capital stock in order to enlarge the business powers.

PACKING HOUSE CAR REPAIRERS WALK OUT IN FORT WORTH

FORT WORTH, TEX., Aug. 12.—The federal department of labor will attempt to settle the strike of car repairers at the Armour and Swift packing plants which began yesterday. The dispute involves wages. Until yesterday, the carmen worked for a branch of the packers and were paid at the rate of railroad mechanics, but when the branch company ceased, the men were transferred to the packing houses and will not receive the pay awarded by the wage board recently.

OFFICES WILL SOON BE EQUIPPED WITH MACHINERY

ORANGE, N. J., Aug. 12.—Thomas A. Edison today predicted the universal use of machinery in offices.

Replying to the speech of George M. Austin, who presented him with a commemorative silk flag at the 43rd anniversary convention of the Edi-phone, Edison said within a few years machines will do about everything in an office just as they do in the shops.

"Office workers will have better jobs and comparatively better pay the more they use the automatic devices," he said.

CAMP UPTON HAS BEEN ABANDONED BY GOVERNMENT

WASHINGTON, Aug. 12. — Orders have been issued from the headquarters of the eastern department for the abandonment of Camp Upton, New York, and the salvaging of the camp equipment. The Fifty-first infantry now at Upton will be transferred to Camp Meade, Maryland, and the Forty-second infantry to some other post not yet selected.

I. W. W.'S ARE ONLY REAL BOLSHEVIK IN AMERICA

By Associated Press.

MOSCOW, Aug. 12.—Nikolai Lenine, the bolshevik premier, in an address to the third internationale yesterday, came out strongly in favor of parliamentary as well as purely revolutionary tactics in the world socialist movement. His remarks were supplemented by a report of Karl Radek, the radical leader, on the trades' union movement.

Regarding the United States, Radek's report said the I. W. W. was the only purely revolutionary labor organization in America. It characterized the American Federation of Labor as an "optimistic body permeated with the bourgeoisie spirit." Radek recommended intensive work within an organization, rather than opposition, and emphasized the importance of the development of the trades' union movement among unskilled workers, who, he said, composed the mass of the proletariat.

LEGAL NOTICE

WARNING TO BUSINESS MEN

The Shelton Detective Agency, Inc.,

Is in no way whatever connected with any other detective agency. Our home offices are in Wichita Falls.
We are incorporated under the laws of Texas.
If any representatives of other agencies are leaving the impression that when you sign with them you are contracting for our service, such representations are unauthorized.
Please confer with no one except our business manager, Mr. L. Wright.
Respectfully,
SHELTON DETECTIVE AGENCY.
421-26 Bob Waggoner Building Phone 5925

We want each and every one of the owners of Dodge Brothers Motor Cars to visit our service station at certain intervals.

It is our desire to look over your car and render you the service you expected when you purchased the car.

It is important that the oil be drained from the crank case after a certain number of miles, so we particularly urge you to have this done and we will fill your crank case with

100 per cent pure Pennsylvania Amalie Extra Heavy Motor Oil.

GASOLINE COMPANY IS SUED FOR $40,000

Defendant Alleges Loss of Eye as Result of Defective Tools Furnished.

A suit for $40,000 damages was filed in the Eighty-ninth district court Thursday by Forrest A. Norton, a minor, by his next friend, Cs. W. Norton, against K. Watts et al. and the Manhattan Gasoline company.

It is set forth in the complaint that the plaintiff was employed by the defendant and that on July 30, 1920, he was ordered to assist another employe of the company, T. A. Simpson, in making some pipe connections and that for the purpose of doing this work that the defendants furnished them with a set of tools, including a wrench.

The plaintiff further recites that the wrench which the defendants furnished was defective and that when Simpson endeavored to take the wrench from the pipe it locked. He alleges that Simpson then stuck the wrench a blow with another tool and that a piece of steel flew from the alleged defective wrench and stuck him in the eye.

As a result of the piece of steel striking him in the eye, the plaintiff states that it has rendered him totally blind in the one eye and that he believes that he has been damaged to the extnt of $40,000.

It is further stated that due to the injury that he was forced to make an additional expenditure of $259.25 for doctor bills, medicine and transportation to and from his home, for which he also asks restitution.

LOCAL COURTS

SUITS FILED.

In Seventy-eighth District Court.

Valetta Camfield vs. Lambert Camfield, divorce.

Benjamin F. Diggs vs. Pinckey Diggs, divorce.

In Eighty-ninth District Court.

Forrest A. Norton vs. K. Watts et al., damages.

Marriage Licenses.

T. B. Winkworth and Dorothy Kribs.

L. Firestone and Mrs. Isabelle Silliman.

Silas S. Gilbert and Adelaide Leath.

O. F. Shattuck and Mrs. Emma B. Bainbridge.

NO CONTRACT TO BE LET FOR NEW SEWER WHILE MAYOR IS AWAY

It was learned today that no contract will be let for the construction of the new sewer system until after Mayor Cline's return from Louisiana. Several contractors already have made attractive offers to the city, but no decision will be reached until Alderman H. O. McDowell, commissioner of public health, has had opportunity to discuss the matter with the mayor.

W. S. Curlee will leave tomorrow for Colorado Springs to join Mrs. Curlee and the children. The family will return by automobile late this month.

MORE THAN $11,000 COLLECTED IN FINES

Amount Has Been Turned In From County Court—Does Not Include Costs.

Over eleven thousand dollars has been turned into the county treasurer's office in the last eight months ending August 1 by Sheriff R. L. McFall from fines collected in the county court.

According to officials in the court house this is by far the largest amount ever turned into the treasury of the county for the same period in the history of the county. This money turned in from fines collected goes for the benefit of roads in the county and the jury fund.

The amount quoted is exclusive of costs and is the actual amount that was turned over to the keeper of the county's money.

This amount is evidence of the efficient work done by the sheriff and his assistants. Another evidence that the sheriff is on the job, as the boys around the courthouse say, is that since last Saturday he and his assistants have booked on the county jail roster 14 misdemeanors and 16 felonies.

FUNERAL OF DR. WIGGS AT FORT WORTH FRIDAY

Dr. E. M. Wiggs, state veterinarian, died Wednesday morning at Mineral Wells from injuries sustained when kicked by a horse some time ago. News of his death was conveyed in a telegram to Dr. A. H. Allen of this city Wednesday, another message received today stating that the funeral would be held in Fort Worth Friday at 10:00 o'clock, after which the remains would be sent to Portland, Ind.

Dr. Wiggs resided in Wichita Falls for a time and was well known to many of the residents of the city. He was recognized as one of the foremost veterinarians of the state and enjoyed a wide acquaintance among members of that profession throughout the country.

REMANDED TO JAIL ON MURDER CHARGE

Sheriff R. L. McFall arrested Lyndada Higgs, colored, Thursday morning on an indictment of murder returned by the grand jury in its partial report of Wednesday. She was out on bond to appear before the grand jury but is now confined in the jail.

JUDGE MARTIN SPEAKS AT IOWA PARK TONIGHT

Judge P. A. Martin will speak this evening at Iowa Park at a Neff rally gathering. Saturday he has engagements to speak in the interest of the Neff campaign and governor's race at Newcastle and Olney.

NO BAND CONCERT AT KEMP LIBRARY TONIGHT

Due to wet grounds, there will be no municipal band concert tonight at Kemp Library Park as was announced, but the concert for Sunday night will be held as planned unless inclement weather prevents.

Mrs. R. L. Dillard and children of 1520 Huff avenue have returned from an extended stay in Eureka Springs, Ark.

K. OF C. SAIL FOR FRANCE

Picturesque view taken from the S. S. Highlander which escorted the S. S. Leopoldino down the bay to see the K. of C. members off for France. The "Caseys" will unveil a magnificent statue of Lafayette at Metz. The "Casey" emblem is shown in the foreground.

MILLERAND AND LLOYD GEORGE TO CONFER SUNDAY

LONDON, Aug. 12.—Premiers Millerand and Lloyd George will meet at Boulogne on Sunday, the Evening Standard declared today.

If such a meeting is held, the premiers probably will take up the situation created by France recognizing General Wrangel's anti-bolshevik government without British acquiescence.

RAILROAD COMMISSION WILL ANNOUNCE RATE DECISION SOON

GALVESTON, Aug. 12.—Decision of the Texas railroad commission on the application of the carriers for a 35 per cent increase in intrastate rates will be announced in a few days. This was announced by Chairman Mayfield at the conclusion of the general advanced rate hearing which closed here today.

TEXAN DIES OF MENINGITIS IN CLEBURNE TODAY

CLEBURNE, TEX., Aug. 12.—Ralph Coney, deputy county clerk, died today of meningitis, following an abscess of the brain. A brother, Harmon, a member of the American peace commission, is en route from Paris to attend the funeral.

BERGDOLL VERDICT REACHED IN COURT-MARTIAL TRIAL

NEW YORK, Aug. 12.—Court-martial of Erwin Rudolph Bergdoll, the wealthy Philadelphian charged with desertion from the army in evading the draft law, ended on Governor's Island today when a verdict was reached after less than five minutes' deliberations by the court.

WILL ORPHET IN LIMELIGHT OVER ANOTHER GIRL AFFAIR

SAN FRANCISCO, Aug. 12.—Will Orphet who says he is the same Will Orphet who was tried for and acquitted of the murder of Marion Lambert of Waukegon, Ills., a few years ago, had authorities puzzled here today.

Orphet, under the name of W. H. Dawson, was arrested yesterday on a charge of wife desertion. A girl giving the name of Olga Sarnowski of Detroit, appeared as the complainant and testified she was Orphet's wife.

A marriage license was issued yesterday to Olga Sarnowski, 18, and Will H. Orphet, both giving San Francisco as their residence.

Pending further investigation, pressing of the desertion charge has been delayed and authorities were about decided today to drop the case.

The girl said she met Orphet while he was in the army and came here from Detroit a month ago to join him.

Orphet said he was working here as a mechanic and had taken the name of Dawson to avoid publicity.

CHAUFFEUR SEEKS WRIT OF HABEAS CORPUS AGAINST WOLTERS

GALVESTON, Aug. 12.—Hearing on the writ of habeas corpus issued in behalf of William McMasters, a chauffeur, and directed against Brigadier General Wolters, in command of state troops here, has been continued to 2:30 o'clock this afternoon without any decision having been reached by Special Judge Aubrey Fuller in the county court at law.

Salesman wanted to represent us in the sale of guaranteed security. Has nothing to do with oil. Bobo-Hellier Co., 212 City National Bank Bldg. Phone 6588. 88-7tc

CANDIDATE CHRISTENSEN IS A "REGULAR FELLER"

By United Press.

NEW YORK, Aug. 12.—Parley P. Christensen is another "normal" presidential candidate. He is the nominee of the farmer-labor party. At headquarters here a staff official was entertaining reporters when Christensen breezed in like a cooling air, his six feet four inches of well-et bulk clothed entirely in white; white panama, white suit, white shoes, white sox and tie—the only touch of color in his get-up being a little blue flower that bloomed freshly on the cool expanse of his lapel.

"Hello, everybody," he hoomed in a deep bass voice that startled his hearers. "Make yourself at home." Then he walked up to each newspaper man with the greeting, "My name's Christensen, what's yours?"

N. Y. STATE TROOPS ARREST MAN FOR BERGDOLL

ONEINTA, N. Y., Aug. 12.—A young man who state troopers say answers the description of Grover Cleveland Bergdoll, the wealthy draft evader, who escaped from the custody of the military authorities, was arrested by two troopers 10 miles west of here today. The suspect denied that he was Bergdoll and gave his name as George Lenno of Buffalo.

Any boat may be made into a motor boat by means of a hollow keel, a new invention containing motor and propellers. It is simply secured to the bottom of the craft and contains all the necessary driving and controlling mechanism.

An excellent syrup is made from a combination of sweet potatoes and malt by an exceedingly simple process recently discovered. This finds a field for the malt which was formerly grown for the distilling industry.

FIVE FEATURES FOR THE ROTARY LUNCHEON

Included Splendid Musical Program, Tempting Table Service and Other Things.

Five features fought for spotlight honors at the weekly luncheon and meeting of the Rotary club today. They are printed herewith in the order of their appearance.

1. Fried chicken. (Hot dawg!)
2. Fresh green apple pie with cheese. (Oh, boy!)
3. The singing of Miss Mary Bartol.
4. Harry Bray's seventeen excuses, only three of which were heard.
5. The fact that ten Rotarians still are taking Doc Barker's daily exercises.

Persons not present can not appreciate the glories of that chicken and pie from any worded description, and those who were present got the chicken and the pie and so do not need the description. Therefore let us pass the chicken and the pie.

Miss Bartol proceided to "Let the Rest of the World Go By" with an ease of effort and a range of harmony that brought a look of sadness to the lean and slender features of Albert Myles, Rotarian "Western Union" Pogenpohl also dropped a tear into his napkin during the two tenderly-sung ballads that followed—and, as Herb Voelker remarked, "it takes mighty good singing to move those two hard-boiled eggs to tears."

Harry Bray's excuses centered around the collapse of the plan for a watermelon feast and swim at the Wichita Rod and Gun club grounds. He made the usual grocery store promise of "something just as good," however, and although appearances were against him he got away with it.

Judge P. A. Martin claims credit for discovering that ten Rotarians still are counting one-two-three-four — inhale deeply, then one-two-three-four—exhale slowly. The judge made 'em all stick their hands in the air, and he appeared somewhat startled to discover ten of the boys still determined to regain their lost youth.

Representative J. D. Parnell made a brief talk to the Rotarians, urging everyone to keep an eye peeled for the appearance of Mr. and Mrs. Future and declaring that the time is ripe for bringing a few more factories and new industries into Wichita Falls. Every Pat Neff man in his audience leaned forward in his chair breathlessly, waiting for the moment when J. D. should close with an oratorical appeal on behalf of Joe Bailey—but J. D. fooled 'em all.

We close with the ancient Latin expression "Sic semper tyrannis," which, translated freely, means "Three cheers for the Ladies' Missionary society of the First Christian church," which cooked the chicken and the pie.

ARRESTS ARE MADE ON THEFT CHARGES

R. W. Stone was placed under arrest and lodged in the county jail Thursday on a charge of receiving stolen property.

I. N. Rowerton, J. L. Watkins and J. O. Bobo were also arrested on charges of theft over $50. It is alleged that they stole 18 joints of pipe

TRAINS ARE DELAYED BY THE LATE RAINS

The heavy rains of the past week have been playing havoc with railroad schedules and at noon today the union station was crowded with disgruntled transients who expressed their opinions of railroads in general and of the Denver and Katy in particular in no uncertain terms. The driving rains of the past few days have softened the roadbeds of the various tracks to such an extent that the trains are forced to proceed cautiously and round curves at very low speed. Local officials have received no reports of washouts along their lines but the movements of practically all trains have been hindered to some extent.

Train No. 43 on the Katy, which was scheduled to arrive in this city from St. Louis and Denison at 11:45 a. m., was running three hours and 35 minutes late, and was not expected to reach here until 3:20 p. m. On the Denver train No. 1 from Fort Worth, due to arrive at 2:00 p. m. was 10 minutes behind time while No. 2, due here from Denver at 3:10, was not expected until 4:30. No. 4 from Bowie arrived at 2:00 o'clock, having lost but 30 minutes on its trip. The Wichita Valley and Wichita Falls & Northwestern were having some difficulty in keeping up with their schedules but were not lagging so far behind as were the larger roads with heavier trains.

General Rains.

SAN ANGELO, TEX., Aug. 12.—Heavy general rains which began falling over West Texas last night continued today. To the north Concho River valley, including towns of Carlsbad, Water Valley, Sterling City and Garden City, three inches of rain was reported. Midland, Big Springs and Colorado were also touched by the rain.

Precipitation was also reported at Winters, Bronte, Paint Rock, Abilene and at extwater. The rain extended east to Brownwood and west to Alpine. An inch of rain was recorded here.

Farmers and ranchers here say the moisture probably measures a prosperous fall in this section.

UNIDENTIFIED MAN FOUND DEAD NEAR CHICAGO

CHICAGO, Aug. 12.—The body of an unidentified man was found on the well traveled road four miles southeast of Chicago Heights early today. He had been shot three times. The man was about 28, well dressed and had $30 and a gold watch in his pockets.

A farmer who found the body, said he heard three shots shortly after midnight, and then an automobile speeding away.

REAR ADMIRAL KINKAID DIES AT ANNAPOLIS

ANNAPOLIS, Md., Aug. 12.—Rear Admiral Thomas W. Kinkaid, for several years in charge of the naval experiment station at Annpolis, died at the naval hospital here last night of Bright's disease. He was 60 years old.

HOUSTON GRANTS CITY HALL EMPLOYES INCREASED SALARY

HOUSTON, TEX., Aug. 12.—A flat increase of $10 a month to date back to July 1, has been granted to 400 men and women employed by the city of Houston in its city hall. Recently the policemen and firemen were granted a similar increase, while the day laborers were advanced to $4 a day.

CITATION BY PUBLICATION.

The State of Texas.

To the sheriff or any constable of Wichita County, greeting: You are hereby commanded to summon Geo. W. Shirley by making publication of this citation once each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in any newspaper published in the 78th Judicial District; but if there be no newspaper published in said Judicial District then in a newspaper published in the nearest District to said 78th Judicial District, to appear at the next regular term of the 78th Court of Wichita County, to be holden at the court house thereof in Wichita Falls, on the 1st Monday in September, A. D. 1920, the same being the 6th day of September A. D. 1920, then and there to answer a petition filed in said court on the 2nd day of August, A. D., 1920, in a suit, numbered on the docket of said court No. 8668-B, wherein Mrs. A. L. Shirley is plaintiff, and A. L. Shirley is defendant, and said petition alleging, that plaintiff and defendant were married on the 13th day of April, 1913, and lived together until March 10th, 1919; that at all times plaintiff conducted herself with propriety, doing her duty as a wife, plaintiff alleges that plaintiff and defendant separated on or about March 10, 1919, at which time defendant left plaintiff and took with him another woman, with whom he lived in adultery, plaintiff alleges that defendant was cruel and neglected her during said marriage, cursing her and threatening her with physical violence, that kept plaintiff in fear of her life, thereby injuring her health.

Wherefore premises considered plaintiff sues for divorce, cost of suit, etc. Herein fail not, but have before said court, at its aforesaid next regular term, this writ with your return thereon showing how you have executed the same. Given under my hand and the seal of said court, at office in Wichita Falls, Texas, this 3rd day of August, A. D. 1920. A. F. Kerr, clerk district court, Wichita County, Texas. By Bonnie Zetzsche, deputy.

(Aug. 6-12-19-25.)

CITATION BY PUBLICATION.

The State of Texas. To the Sheriff or any Constable of Wichita County, Greeting. You are hereby commanded to summon Jean Glaab by making publication of this citation once each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in any newspaper published in the Seventy-eighth Judicial District; but if there be no newspaper published in said Judicial District then in a newspaper published in the nearest District to said Seventy-eighth Judicial District, to appear at the next regular term of the Seventy-eighth Court of Wichita County, to be holden at the Courthouse thereof in Wichita Falls, on the first Monday in September, A. D. 1920, the same being the 6th day of September A. D. 1920, then and there to answer a petition filed in said court on the 4th day of August A. D. 1920, in a suit, numbered on the docket of said court No. 8688, wherein John Glaab is plaintiff and Jean Glaab is defendant and said petition alleging, That plaintiff and defendant were married July 10, 1914, and lived together until Feb. 4, 1918, that during the last two years of their married life, defendant without any cause, fuss and quarrel with plaintiff, that she was extremely jealous of this plaintiff; that the last two years of their married life defendant became a slave to cigarette smoking; that defendant would have a fit of anger and threaten to kill plaintiff; that on Feb. 4, 1918, defendant attempted to carry out her threats to kill plaintiff. Wherefore premises considered, plaintiff prays for citation, judgment for divorce, cost of suit, etc. Herein fail not, but have before said court, at its aforesaid next regular term, this writ with your return thereon showing how you have executed the same. Given under my hand and the Seal of said Court, at office in Wichita Falls, Texas, this the 4th day of August A. D. 1920. A. F. Kerr, Clerk of District Court Wichita County, Texas. By Bonnie Zetzsche, Deputy. Aug. 6, 12, 19, 25.

THE STATE OF TEXAS

To the Sheriff or any Constable of Wichita County, Greeting: You are hereby commanded to summon Edward E. Lockyer, L. E. Harwell, C. P. Logan, J. M. Jackson and J. T. Bishop by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the district court of Wichita county, Seventy-eighth Judicial District, to be holden at the courthouse thereof in Wichita Falls, Texas on the first Monday in September, 1920, the same being the sixth day of September, 1920, then and there to answer a petition filed in said court on the 21 day of July, 1920, in a suit numbered on the docket of said court No. 8580B, wherein L. E. Pray is plaintiff and Edward Lockyer, C. W. Hanley F. D. Kennedy, Ed Hedne, L. E. Harwell, C. P. Logan, J. M. Jackson and J. T. Bishop are defendants. Said petition alleging that on or about June 6th, 1920, plaintiff was lawfully seized and possessed of the following described land situated in Wichita County, Texas, holding and claiming the same in fee simple, to-wit: Southeast 12 acres out of A. B. & M. Survey No. 5 and East 53 acres of A. B. & M. survey No. 6, and that on the day and year aforesaid defendants unlawfully entered upon said premises and ejected plaintiff therefrom and unlawfully withhold from him the possession thereof to his damage Ten Thousand Dollars. Plaintiff further alleges that on or about June 6th, 1917, C. G. Bilderback and wife, the then owners of said land, executed and delivered to Edward E. Lockyer an oil and gas lease in and to the above tract of land. That the term of said lease was for three years from date thereof and as much longer thereafter as oil or gas is found thereon in paying quantities. That no oil or gas has ever been found on said land and that the three year term of said lease expired on June 6th, 1920, and that defendants are asserting some sort of pretended claim to the aforesaid tract of land by reason thereof, and said lease is a cloud upon plaintiff's title, and he is entitled to have same removed. Plaintiff prays for judgment for title and possession of said land, and that said oil and gas lease be cancelled as cloud upon plaintiff's title for damages and costs of suit. Herein fail not, but have before said court on the first day of the next term thereof this writ, with your return thereon, showing how you have executed the same. Witness A. F. Kerr, Clerk of the District Court of Wichita County, Texas. Given under my hand and seal of said court in the city of Wichita Falls, Texas, this, the 21st day of July A. D. 1920. A. F. Kerr District Clerk Wichita County, Texas.

LEGAL NOTICES.

NOTICE OF ELECTION

For issuance of bonds by Wichita County Water Improvement District No. One.

NOTICE IS HEREBY GIVEN That an election will be held on the 7th day of September, 1920 in Wichita County Water Improvement District No. 1, for the purpose of determining whether the legally qualified property tax paying voters of said district desire to authorize the issuance of bonds on the faith and credit of said district in the amount of Four Million, Five Hundred Thousand Dollars ($4,500,000.00) the said bonds to mature within Forty (40) years from their date, and to bear interest at not to exceed the rate of Six (6 per cent) per annum; payable semi-annually.

The said election to be held in accordance with the provisions of law and in conformity with an order made and entered by the directors of said district on the 24th day of July, 1920, which said order is incorporated as part of this notice, and is as follows, to-wit:

The following order was passed by the unanimous vote of the Board of Directors:

The Board of Directors of Wichita County Water Improvement District No. 1 being in session at the office of said district on this the 24th day of July, 1920, and the following named directors being present, to-wit:

J. A. Kemp, N. H. Martin, G. C. Wood, J. S. Bridwell, T. B. Noble, make and enter this order for an election to be held within such district at the earliest possible legal time upon the question of the issuance of bonds.

Said election shall be held for the purpose of determining whether the legally qualified property tax paying voters of said Wichita County Water Improvement District No. 1 desire to authorize the issuance of bonds on the faith and credit of such district in the amount of Four Million, Five Hundred Thousand Dollars ($4,500,000.00.)

Said election shall be held on the 7th day of September, 1920, in said district as established, in accordance with the provisions of law, by an order of the County Commissioners' Court of Wichita County, Texas, dated the 29th day of December, 1919, and recorded in Vol. 154, page 547 and 548, of the Deed Records of Wichita County, Texas.

The said bonds to be in the aggregate sum of Four Million, Five Hundred Thousand Dollars, and to be payable within (40) years from their date, and to bear interest at not to exceed the rate of six (6 per cent) per annum, payable semi-annually. The said bonds to be issued in denominations of not less than one hundred dollars nor more than one thousand dollars, and to mature in serial form at any date not to exceed forty years from their date, in accordance with the provisions of law.

The said bonds to be issued for the purpose of constructing improvements in said district, and paying other expenses provided by law. The engineer's estimate of the probable cost of the proposed improvements, together with other authorized expenses, being as follows, towit:

The said summary and estimate having been approved by an order of the Board of Directors as sufficient to cover the cost of the contemplated improvements, and also organization expenses, incidental expenses and all other charges authorized by law to be included therein.

The said election shall be held in all things as provided by law on said 7th day of September, 1920, and for the purpose of conducting said election, the following polling places are named in each election precinct, and election officers are herein named to conduct said election.

The polling place in election Precinct No. 1 shall be at the City Hall, Wichita Falls, Texas, and the following named officers are named for said polling places:

W. H. Downing, Presiding Judge; Tom Weidman, Assistant Judge, and J. B. Montgomery and Chas. Nolan, Clerks.

The polling place for election Precinct No 2 shall be at the Basement of County Court House, and the following named officers are named for said, polling place, to-wit:

J. B. Fitts, Presiding Judge; I. A. Albritton, Assistant Judge; and E. S. Dougan and E. H. Dilleman, Clerks.

Notice of said election shall be given, and the said election shall be held in accordance with the provisions of law. At said election the proposition to be voted upon shall be printed upon the ballots prepared therefor as follows:

"For the issuance of bonds and levy of tax in payment therefor."

"Against the issuance of bonds and levy of tax in payment therefor."

IN TESTIMONY of the adoption of said order in open session by the unanimous vote of the directors, the directors have hereto signed their names, this the 24th day of July, 1920.

J. A. KEMP.
N. H. MARTIN,
G. C. WOOD.
J. S. BRIDWELL
T. B. NOBLE.

This notice is given in accordance with said order made and entered by the directors of said district in accordance with the provisions of law, this the 24th day of July, 1920.

GIVEN UNDER MY HAND AND SEAL OF SAID DISTRICT, this the 24th day of July, 1920.

N. H. MARTIN,
Secretary Wichita County Water
(SEAL) Improvement District No. 1
(July 29—August 5-12-19.)

NOTICE OF ELECTION

To determine whether or not Wichita County Water Improvement District No. one shall be constituted a conservation and reclamation district and whether a maintenance tax be issued; and the basis of taxation.

NOTICE IS HEREBY GIVEN that an election will be held in Wichita County Water Improvement District No. 1, on the 7th day of September, 1920, for the purpose of determining whether the legally qualified property tax paying voters of said district desire to authorize the changing of said district into a Conservation and Reclamation District in accordance with the provisions of law, and whether or not such voters authorize the levy and collection of taxes in said district at the rate of ten cents on each one hundred dollars valuation of property therein for the purpose of paying expenses of said district and for the purpose of determining the basis of taxation.

The said election will be held on said date in accordance with the provisions of law, and in accordance with an order made and entered by the directors of said district calling said election, said order made the 24th day of July, 1920, and being as follows, to-wit:

The following order was then by unanimous vote duly passed by the Board of Directors:

The Board of Directors of Wichita County Water Improvement District No. 1 being in session at the office of said district on this the 24th day of July, 1920, and the following named members of said board being present, to-wit:

J. A. Kemp, N. H. Martin, G. C. Wood, J. S. Bridwell, T. B. Noble, make and enter this order for an election to be held within such district:

Such election shall be held for the purpose of determining whether or not said district shall become and be made a Conservation and Reclamation District as provided by law. Prior to the calling of this election there has been presented to and filed by this Board of Directors petitions signed by more than twenty (20) per cent of the owners of land in said district praying for such election to be ordered.

Said election shall be held on the 7th day of September, 1920, in said Wichita County Water Improvement District No. 1, as established, in accordance with the provisions of law by order of the County Commissioners' Court of Wichita County, Texas, and by an order dated the 29th day of December, 1919, recorded in Vol. 154, pages 547 and 548 of the Deed Records of Wichita County, Texas.

At said election ballots to be used shall have printed thereon the proposition to be determined at said election as follows, to-wit:

"FOR CONSERVATION AND RECLAMATION."

"AGAINST CONSERVATION AND RECLAMATION."

The said election shall be held and conducted in accordance with the provisions of law, and notice thereof shall be duly given, posted and published, as provided by law.

At said election there shall also be submitted for determination the additional proposition of whether or not taxes shall be levied, assessed and collected upon an equitable basis in proportion to benefits, or whether such taxation, or any part thereof, shall be levied upon an ad valorem basis; and for said purpose there shall be printed on said ballot the following proposition:

"For the levy of taxes upon a benefit basis instead of an ad valorem basis."

"Against the levy of taxes upon a benefit basis instead of an ad valorem basis."

At said election there shall also be submitted for determination the additional proposition of the levy and collection by said district of taxes at the rate of ten cents on each one hundred dollars valuation of property in said district to provide funds for the payment of the expenses of said district, and for said purpose there shall be printed on said ballot the following proposition:

"For levy and collection of taxes at the rate of ten cents on each one hundred dollars valuation of property."

Against levy and collection of taxes at the rate of ten cents on each one hundred dollars valuation of property."

For the purpose of holding said election the polling place for Precinct No. 1 shall be at the City Hall, and the polling place for election Precinct No. 2 shall be in the Basement of County Court House.

There are hereby selected and appointed the following named judges and clerks to hold such election, to-wit:

For Voting Precinct No. 1.—Presiding Judge, W. H. Downing; Assistant Judge, Tom Weidman; and J. B. Montgomery and Chas. Nolan, Clerks.

For Voting Precinct No. 2—Presiding Judge, J. B. Fitts; Assistant Judge, I. A. Albritton; and E. S. Dougan, E. H. Eddleman, Clerks.

Said election to be held at said places on said 7th day of September, 1920, is all things as provided by law.

In TESTIMONY WHEREOF the Directors of said district have signed their names hereto at said meeting on this the 24th day of July, 1920.

J. A. KEMP.
N. H. MARTIN,
G. C. WOOD,
J. S. BRIDWELL,
T. B. NOBLE.

This notice is given in accordance with the said order made by the Board of Directors of said district, and in accordance with the provisions of law, on this the 24th day of July, 1920.

GIVEN UNDER MY HAND AND THE SEAL OF SAID DISTRICT, this the 24th day of July, 1920.

(SEAL) N. H. MARTIN,
Secretary Wichita County Water
Improvement District No. 1.
July 29, Aug. 5-12-19.

CITATION BY PUBLICATION.

The State of Texas; to the sheriff or any constable of Wichita County, greeting: You are hereby commanded to summon C. W. Biggers by making publication of this citation once each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in any newspaper published in the 78th Judicial District; but if there be no newspaper published in said Judicial District then in a newspaper published in the nearest District to said 78th Judicial District, to appear at the next regular term of the 78th court of Wichita county, to be holden at the court house thereof in Wichita Falls, on the 1st Monday in September, A. D. 1920, the same being the 6th day of September, A. D. 1920, then and there to answer a petition filed in said court on the 3rd day of August, A. D. 1920, in a suit, numbered on the docket of said court No. 7700, wherein Pearl Biggers is plaintiff, and C. W. Biggers is defendant, and said petition alleging, that plaintiff and defendant were married April 22, 1903, and lived together until November 1, 1918; that there was born to this union six children, to-wit: Lloyd, 14 years of age; Lester, 12; Cloise, 10; Bonelta, 8; Buford, 6; Johnie, 4; that defendant has been guilty of a course of such harsh, cruel and unusual treatment to the plaintiff as to render the further living together insupportable; that defendant continually went with other women and neglected plaintiff and failed and refused to support plaintiff and her children, and supported and spent his money on other women; that plaintiff has been guilty of adultry with one Lottie Mills and with other women, names are unknown to plaintiff. Wherefore premises considered plaintiff prays for divorce, cost of suit, etc. Herein fail not, but have before said court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same. Given under my hand and seal of said court, at office in Wichita Falls, Texas, this the 4th day of August, A. F., 1920. A. F. Kerr, clerk district court, Wichita County, Texas. By Bonnie Zetzsche, deputy.

(Aug. 6-12-19-25.)

CITATION BY PUBLICATION

The State of Texas. LEGAL NOTICES.

cessive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in any newspaper published in the Seventy-eighth Judicial District; but if there be no newspaper published in said Judicial District then in a newspaper published in the nearest District to said Seventy-eighth Judicial District, to appear at the next regular term of the Seventy-Eighth Court of Wichita County, to be holden at the Courthouse thereof in Wichita Falls, on the first Monday in September A. D. 1920, the same being the 6th day of September A. D. 1920, then and there to answer a petition filed in said court on the 5th day of February A. D., 1920, in a suit, numbered on the docket of said court No. 8796, wherein A. A. Wells is plaintiff and the British-American Oil company is defendant, and said petition alleging, That heretofore, to-wit, on or about Sept. 22, 1919, plaintiff rendered to the defendant certain labor and services on an oil derrick in Wichita county, Texas, and that for said services $616 is now due plaintiff, and that defendant has filed his lien to secure said claim of $616 on the following described property situated in Wichita county, Texas, to-wit: the oil and gas leases held by defendant in block 88 of the Red River Valley Lands in Wichita county, Tex.; that defendant has refused and still refuses to pay said debt to plaintiff's damage in the sum of $616. Wherefore plaintiff sues, prays for service on the defendant for judgment of his debt, for foreclosure of said lien, for all costs of suit, general and special relief. Herein fail not, but have before said court, at its aforesaid next regular term, this writ with your return thereon showing how you have executed the same. Given under my hand and the Seal of said Court, at office in Wichita Falls, Texas, this the 5th day of August, A. D., 1920. A. F. Kerr, Clerk District Court Wichita County, Texas. By Bonnie Zetzsche, Deputy. Aug. 6, 12, 19, 25.

CITY POUND NOTICE

Wichita Falls, Texas, August 11, 1920.

Taken up and impounded by the City of Wichita Falls, Texas, under the provisions of Ordinance No. 31, "To prevent certain stock running at large."

Description—One light Jersey cow, crooked horns, left horn over ear, no brands; one brindled cow, leather strap on neck, no brand; one dark Jersey cow, crop and swollen fork in both ears, no brands, one dark Jersey cow, split in left ear, one horned mare, branded T bar on left jaw, one black horse, left hip down; one black mare mule, halter on, no brands. If the owner of said animals does not apply for same within ten days from the date of posting this notice, I will proceed to sell said animals to the highest bidder for cash, at the gate of the City Pound as provided in ordinance first aforesaid. J. O. Colvin, City Pound Keeper. Aug 10-11-12-2tc

HOMES WORTH THE MONEY

N. O. MONROE
REAL ESTATE
An Established Realty Firm

Elizabeth Street

A north front strictly modern 5-room house with servant's house, garage and a 60x150 foot lot with the pavement down and paid for, $8,500. If desired will give exceptionally good terms on this property.

Floral Heights

We have for sale, on one of the best residence streets in Floral Heights, another six-room home with servant's house, garage and solid driveway, $13,500. We cannot describe this home in an ad and will only ask the privilege of showing you this property if in the market for a nice home of this size and we know that when you have looked it over, you will agree with us that it is the best buy in the city at the money.

Huff Avenue

A northeast front corner with six nice sized rooms, double garage and an 8-foot driveway, $10,500. This place is an exceptionally good buy for the price. If desired it can be handled with very reasonable terms.

Polk Street

A new modern five-room house on a full width and a full depth lot, $6,500. This is an exceptionally good floor plan and cannot help but please anyone desiring a nice little home of this size. Can be handled with a very reasonable cash payment, balance terms to suit the purchaser.

Near the High School

A south front with six extra large rooms in th ebest of condition throughout on a full width and a full depth lot, has a garage for two cars, $8,000. If a nice home located where you can have revenue from the property is your desire, we would be glad to show you this place.

Collins Avenue

A south front practically new house with five nice sized rooms, besides a sleeping porch, garage and driveway, $6,750. This house cannot be built for less money than the price asked for the house and lot and all improvements. If in the market for a home of this size you should see this property.

Taylor Street

An east front consisting of five rooms, completely furnished, $6,000. This place can be handled furnished with a cash payment of $1,750.

Tenth Street

On a corner lot, a south front with six extra large rooms, double garage and nice shade trees, and in every respect a very desirable home, $11,750.

If in the above ads you do not see the priced home or the location you desire, just remember that we have it, as we have all of the best buys to be had in the city. Also remember that it matters not to us whether the sales of real estate are unusually active or not, we are here to stay.

TIMES DAILY MARKETS

New York Stocks, Grain and Provisions, Cotton and Livestock

COTTON MARKET

New York Cotton.

NEW YORK, Aug. 12—An opening decline of 15 to 25 points was almost immediately recovered in the cotton market with October selling up from 30.47 to 31.85 and January from 29.00 to 29.56 during the first few minutes. There was buying for both southern and local account on the continued rains in the south, but sentiment with reference to the European situation seemed to be rather more unsettled and the report of a southern authority placing the mid-month condition at 75.5 was a disappointment to traders who had bought yesterday on the rumors that the figure would be lower. Offerings increased confidence and the market soon lost part of the rally.

Any good tone that was developing was lost entirely after the noon editions and their accounts of the dispute between England and France were read. Prices broke to new low levels, October landing at 30.20c and the first standing 24 to 31 points under yesterday's last quotations. The first Louisiana bale arrived during the afternoon from Point Coupee parish.

The detailed weather reports showed the expected rains but failed to bring in any fresh buying of consequence and the market turned easier during the afternoon under realizing or selling for a reaction. October declined to 31.60c and January to 29.10c, or 5 to 13 points net lower.

The market was quiet, but prices held steady on the expectation of bullish detailed weather reports and talk of a higher spot basis in the Southwest owing to a delayed movement and damage to wet weather. October sold up to 31.85c and January to 29.56c, or about 22 to 35 points net higher and prices held within a few points of the best around mid-afternoon.

The cotton market closed steady.

New Orleans Cotton.

NEW ORLEANS, Aug. 12—In the early trading in cotton today the market was unsettled. Around the opening there were declines of 14 to 31 points which carried October off to 29.27. This was due to a private bureau report on condition of 75.5 per cent of normal. Shorts tried to realize profits on the soft market and soon created a demand which the ring could not supply and on top of this was fresh long buying, for which complaints of too much rain here and there in the belt were responsible. At the end of the first hour of business prices were 14 to 22 points over the close of yesterday. A period of small and nervous price changes was entered on. Minor reverses were caused by less favorable political news, but shorts continued to realize in a large way and late in the morning the trading months were 18 to 25 points over yesterday's final prices.

The cotton market closed steady at net declines of 26 to 26 points.

GRAIN AND PRODUCE

Chicago Grain.

CHICAGO, Aug. 12—General belief that export business on a large scale was being done under cover had a bullish effect today on the wheat market. Opening prices, which ranged from 1 to 2c higher with December $2.4c to $2.40¾ and March $2.43 were followed by a slight reaction and then by a decided fresh advance.

Later it developed that the British royal commission had bought some wheat and was bidding for more. The market closed strong, 2¾ to 3¾c net higher, with December $2.44¾ to $2.45 and March $2.47¾.

Scantiness of receipts helped to strengthen the corn market. After opening 1¢ off to ¼c up, including September at $1.48 to $1.49 and December $1.24¾ to $1.25¾, the market scored a material upturn.

The close was firm, 2¾ to 4¼c net higher with September $1.52¾ to $1.52¾ and December $1.27¾ to $1.28¾.

Oats were firmer in sympathy with corn, starting ¼@¾c to ¾c lower, but soon climber above yesterday's finish.

Weakness of hog values depressed provisions.

STOCK MARKET

New York Stock.

NEW YORK, Aug. 12—Stocks were under pressure at the opening of the stock market today because of the less satisfactory foreign news. United States Steel, to Bethlehem, Crucible, Vanadium, Baldwin, Pan-American, American International, Canadian Pacific and Southern Pacific fell 1 to 1½ and Mexican Petroleum 3½. Some of the less active shares were higher, including Famous Players, Pierce-Arrow, Remington Typewriter, American Sugar and Atlantic Gulf.

Speculation was exceedingly dull in the early afternoon, but traders showing disposition to curtail ventures pending further foreign developments. Reductions in the call money rate to 6 per cent level infused greater strength into the list, while the oils, tobaccos sugars, motors, steels, equipments, leathers and shippings made large gains. Maxwell Motor fell 2¾ to 11. Sterling exchange receded further to $3.84¾.

Many stocks yielded fractionally on realizing sales in the final hour, but the movement in general was inconsequential. The closing was steady.

Vernon Budget

BAILEY TO SPEAK AT VERNON SATURDAY

VERNON, TEX., Aug. 11.—Joseph Weldon Bailey will speak in Vernon Saturday night. He will talk in Quanah Saturday afternoon. This plan was arranged through R. H. Coffee, local chairman of the Bailey forces.

Mr. Coffee was in receipt yesterday of a telegram from Luther Nichols, campaign manager for Bailey, advising that if the local committee insisted Senator Bailey would come here, but that it might be better for him to go on to Hardeman county.

"Inasmuch as Thomason carried Hardeman county in the first primary, we feel like Bailey would perhaps do more good there than in Vernon," Mr. Coffee said. "And we believe that the democrats of the county will agree with us.

"Another thing, announcement has already been made that Barry Miller will speak in Vernon Saturday afternoon, and we don't want to 'but in' on any arrangement, so that Bailey will go to Quanah in the afternoon, coming back to Vernon that night. He can take a sleeper from Vernon and get a good night's rest, which would be impossible if he had to wait for the midnight train."

Mr. Coffee announces that cars will leave here promptly at 12:30 o'clock Saturday to go to Quanah and form an escort to Vernon for Bailey. He would like to have those who wil. go to Quanah register at the local Bailey headquarters before Saturday.

Bailey will speak at the courthouse, on the lawn, if he will consent to talk in the open air; otherwise, in the building.

Former Congressman Oscar Calloway will speak in Vernon at 2:30 o'clock Friday afternoon at the courthouse. Mr. Calloway lives in Comanche.

Pastor Goes to Tyler.

VERNON, TEX., Aug. 12.—Rev. J. T. Bradbury, who recently resigned as pastor of the Central Christian church here, left Wednesday for Tyler to take up the pastorate of the Christian church there. Rev. Bradbury came to Vernon from Tyler last December.

Well Is Reported.

VERNON, TEX., Aug. 12.—Rumors in petroleum circles have been rife all week. It is reported that the Buckeye National, in the Wharton field, has a well and the officials admit formations encountered are favorable for a well. They are rat-tailing at 2,620 feet through a caprock, but there is no certainty of the formations being a well, though the well has every earmark of being a producer.

French syndicate has been organized at Paris to develop acreage in Wilbarger county, according to a cablegram from those parties to a local attorney. The syndicate is composed of wealthy land owners of Paris and they have promised to come and look the Wilbarger field over.

Grain Market Improves.

VERNON, TEX., Aug. 12.—The grain market has shown an upward trend this week. Wheat quotations on the local market places wheat at $2.05 and oats at 55c.

Mill Nears Completion.

VERNON, TEX., Aug. 12.—Forms for the seventh and final story of the Hill Milling company are being set and work started on the roof. Concrete forms for the sixth floor have been poured. Interior work has been completed as far as the fourth story. When completed, this mill will be the most complete in this section.

Plan to Rebuild.

VERNON, TEX., Aug. 12.—The four J. H. Kincheloe buildings which were recently destroyed by fire following the explosion of a drum of casinghead gasoline, in which three lives were lost, are to be rebuilt as soon as possible, according to an announcement from the owner and J. O. Dove, in charge of the work. The corner building will be two stories and the balance one story of latest design.

Building Handsome Dwelling.

VERNON, TEX., Aug. 12.—Work has been started on the $25,000 home of H. K. Greever on East Paradise street. The home will be constructed of brick veneer with nine rooms and built-in furniture.

Start Saving

Money laid away in a Savings Bank is rendered safe by banking practice and by law. Its earning rate of 4% a year does not look large when compared with the promises held out by many large speculative offers. Nevertheless, it is large because it is secure and persistent. In addition to that, the person with a bank account has the pleasure of seeing it grow, and learns how to save. Start a savings account with the
