

Loraine Tracksters

Loraine had two winning track relay teams in the state track meet in Class B Saturday. The four on the left (left to right) Michael Jones, Isiah Williams, Robert Darnell and Kenneth Rose won the 440-yard relay, and the four on the right, right to left, David Minton, Bobby Rose (alternate), Kenneth Rose and Darnell and Jones on the left, won the mile relay.

TOWN ALK

By MAC McKINNON

There's a dirt road that runs along the eastern shore of Lake Champion.

Midway along that road, there used to be a bridge. Now there is no longer a bridge and the road has been closed.

As the fishing tournament was being organized, I heard comments about the bridge with some people wondering why county commissioners hadn't replaced it.

When such a question arises, there's an easy way to settle it. Ask somebody.

County Judge Bill Carter was quick to explain that the bridge is supposed to be under water when Lake Champion is full and therefore, the bridge has not been replaced.

Although I understand that Champion has never been full, hopefully it will fill up someday.

I've heard more talk recently about the need for one central agency to conduct a fund drive for all charities, such as a United Fund or Community Chest.

I'm not to sure who should be the organizer of such a movement but if something like this is to be done, planning should get underway this summer in preparation for most of the fund which usually collect in the winter.

A Colorado City landmark is on its way down.

Mrs. Charles Knauf, owner and operator of Palace Theater and Lone Wolf Drive-In, said restoration of the drive-in is not feasible and it is being torn down.

Two possible attractions are being talked about by various clubs in Colorado City for this summer.

One is the possibility of holding a tour of historic homes in Colorado City such as is held in Waxahachie each year of the "Gingerbread Trail" houses.

Another possibility is an art show and sale. There are more aspiring artists in this area than you probably realize.

Also being planned for this summer, probably in July, by the Merchants Committee of the Chamber of Commerce is a type of flea market-garage sale to be held downtown in conjunction with sales by merchants.

This has been tried successfully in other towns.

Loraine Track Team Wins

Loraine's track team went to Austin Saturday and came back in second place behind Wall for the state Class B title.

Coach Freeman Lamkin pointed out that the only way Wall managed to beat out Loraine for the state title was the fact that Wall was entered in more events.

Loraine had a total of 50 points in the state meet.

Loraine sprinters won first place in two relay events, the mile and 440 relay.

Members of the mile relay team were David Minton, Kenneth Rose, Robert Darnell and Michael Jones.

The 440-yard relay team consisted of Kenneth Rose, Michael Jones, Isiah Williams, Robert Darnell and alternate Bobby Rose.

Attention Farmers

A number of important dates that farmers need to give their attention are coming up, Don Stewart, executive director, county ASCS executive director has reminded.

"If you have sufficient moisture and the land is dry enough, See FARMERS Page 9

Darnell came in fourth in the 100-yard dash and Jones came in third in the 220.

Kenneth Rose is the only senior in the group and with Wall going up to Class A next year, chances are thought to be good that Loraine will win the state track title in 1973 for Class B schools.

Special Meeting

City Council has set May 22 as the date for a special meeting to discuss a proposed gas rate increase with officials from Lone Star Gas Co.

George Admire, manager for Lone Star here, went before the council during Monday night's regular monthly meeting for a discussion on the proposed increase.

Admire also asked for approval of using plastic pipe in installing gas yard lights and gas outdoor grills which the council approved.

Also to be considered during the special meeting is a speed zone ordinance around schools.

In other action Monday night, the council approved a lease agreement for the use of the community center by the Community Action Program.

Expanded Project For Special Ed

C-City, Loraine Schools Join New Co-op Plan

Colorado City public schools will move into a new cooperative program next term to assist pupils with language or learning disabilities.

The effort will be jointly with Loraine, Hermleigh, Sweetwater, Roscoe, Blackwell and Nolan school systems.

A staff of specialists, teachers and aides--possibly a total of 11 persons--will be included in the new educational task force working with local students here.

Funding will come 100 per cent from state finances with no extra cost to Colorado or the other school districts.

The new program will be a 4-year head start on a comprehensive special education program which will be required for all Texas school districts by the year 1976.

Sweetwater's school district has been in the program for one year and Colorado City, Loraine and the other schools will join with Sweetwater in an area co-op program using Sweetwater's one-year know how and taking advantage of state financing.

Supt. Lloyd McKee points out that Colorado City has had a special education program for several years. However, it has been limited in scope, financing, personnel and expertise.

The new area program will provide the schools with the services of a speech therapist, diagnostician, counselor and possibly a homebound teacher, for the Colorado City, Hermleigh and Loraine schools.

In addition the schools will

have instructors within their individual school systems. For Colorado City, this will supply 3 resource teachers and possibly, one early childhood teacher.

The staff here will be augmented by 2 aides and possibly a secretary.

At the head of the area co-op program will be separate supervisors for instruction and administration. And the staff of the Regional Education Service Center in Abilene will aid in the planning.

The co-op plan, in a nutshell, will seek out youngsters with language or learning disabilities, then provide special teaching assistance designed especially for their individual condition.

For instance, the staff coun-

selor and diagnostician will take the first step with their screening, testing and counseling with students.

In the next phase, the educational diagnostician will evaluate tests and records of the individual student and then write a special prescription in education to fit the individual need.

From there, the resource teachers take over and work with the individual student in the prescribed specialized areas.

If a homebound teacher is included in the co-op staff, then there will also be specialized education for a youngster who is unable to attend school because of a physical handicap or illness, etc.

Robert A. Montgomery, assistant commissioner of educa-

tion for special education and special schools, Texas Education Agency, has notified McKee that Colorado City has been approved to become a part of the co-op plan with Sweetwater.

School administrators already have been in conferences with Supt. Drennon Daves of Sweetwater and will confer with Miss Joan Williams, program director for comprehensive special education programs for the state agency.

Studies have revealed that between 2 and 3 per cent of all persons between the ages of 6 and 21 years function at a school level 2 to 4 grades below their age level. These students will be a particular objective of the co-op program, hoping to seek them out and to assist them in educational achievement.

Rees Proposes 3 Demo Caucuses For Saturday

A three-caucus procedure will be proposed for Mitchell County's Democratic Convention Saturday when 5 delegates are named for the state convention.

The proposal--in line with new Democratic Party rules in force for the first time this year--will be presented to the Democratic county executive committee at 1 p.m. in the Courthouse.

An hour later--at 2 p.m.--the county's 52 delegates representing 7 voting precincts will meet in their county convention in the second floor County Courtroom.

Delegates were elected last Saturday afternoon and all are going to the county convention uncommitted except for Loraine's Precinct 4 delegation.

Loraine's precinct convention agreed on a delegation 80 per cent uncommitted and 20 per cent for George Wallace.

A motion seeking preference for Wallace was offered at the Precinct 1 convention in Courthouse by Mrs. W. M. Palmer, but died without being put to a vote because of inability to obtain a second.

In the county convention Colorado City's Precinct 1 (Courthouse) and Precinct 3 (Civic House) will have the largest delegations, each with 16 for a combined total of 32 out of the county's 52.

Third largest--with a total of 11 delegates--will be Loraine's Precinct 4. Westbrook's Precinct 2 will have 4. Colorado City's Precinct 7 (Civic House) and Buford's Precinct 5 will have 2 delegates each and Fairview's Precinct 6 will have 1.

Loraine elected 16 delegates last Saturday, but will have 11 voting delegates. And Colorado City's Civic House, convention elected only 8 delegates with 8 alternates, so the alternates become the other half of the 16-member delegation to the county meeting.

New rules in Saturday's county convention erases the old method of a delegate committee nominating the state delegates. That is why County Democratic Chairman will propose the 3 caucuses.

Party rules specify that a county shall have 1 state delegate for each 300 votes cast in the last previous race for governor (Mitchell County had 1,480).

The caucus plan, which replaces the delegate committee pro-

cedure, is designed for improved representation by minority political groups specifies that precincts with less than 300 votes be grouped together for voting (caucus).

The groupings are to be completed before the county convention.

Under these party guidelines, County Chairman, Rees will propose that Precinct 1 (Courthouse), Precinct 5 (Buford), Precinct 6 (Cuthbert) and Precinct 7 (Oak Street) be lumped in Caucus No. 1 to select 2 state delegates. This precincts had 608 votes cast for governor in the last previous election--482 at the Courthouse, 40 at Buford, 31 at Cuthbert and 35 at Oak Street.

Caucus No. 2, according to Rees' proposal, would include Precinct 3 (Civic House) with 472 votes and Precinct 2 (Westbrook) with 111 votes for a total of 583. They also would name 2 state delegates.

The fifth delegate would be named by Caucus No. 3, which would be made up entirely of Loraine's Precinct 4 delegation. Loraine's previous vote was 389.

There is the possibility that

Mitchell County's voting delegation will be reduced from Rees' proposed 5 to only 4 at the state convention in June in San Antonio because of the fact that the previous governor's vote in Mitchell County was 1,480--20 votes below the standard for 5 delegates.

However, Rees believes the county should attempt to secure seating of 5 delegates, if possible.

Here are the delegates elec-

ted by the precinct conventions last Saturday, keeping in mind that Loraine officially can have only 11 delegates instead of the 16 it named:

Here are the elected delegates:

Pct. 1, Courthouse--G. D. Foster, Mrs. G. D. Foster, R. C. Wistrand, Mrs. M. W. Palmer, Joe Bell, Drew Ballard, Frank Ginzler, George Witten, Warren Anderson, C. C. Burt, Mrs. C. C. Smith, M. W. Palmer.

mer, Mrs. Drew Ballard, Mr. and Mrs. O. B. Trulock, Mrs. R. C. Wistrand.

Pct. 2, Westbrook--Louis Rees, W. A. Bell, D. J. Barber and Gwan Strange.

Pct. 3, Civic House--Mr. and Mrs. C. C. Thompson, Wright Hock, Mr. and Mrs. Elmer Martin, Mrs. T. D. Wiman, B. D. Mason and Tom Rees, Alternates - Mr. and Mrs. H. H. Salley, See CAUCUSES Page 9

"May-Fest" Tonight

Band To Play At Ruddick Park

The first annual 'May-Fest' will get underway today (Thursday) beginning at 5:30 p.m. until dark at Ruddick Park with the Colorado High Black Knights band playing concert music.

"It's free and the public is invited to pack box lunches, come to the park and enjoy the beauty of the park and listen to the music of the band," Chamber of Commerce President Dick Wistrand said.

The idea of the 'May-Fest' was conceived by high school band director Dwight Tomb along the lines of European musical festivals which are quite common.

Originally, several other bands were expected to participate but all bands contacted had previous commitments for Thursday.

So the music will be supplied strictly by the Black Knights.

"The purpose of the 'May-Fest' is to promote the park and for the general entertainment of the citizens of this community," Wistrand pointed out.

Hopefully, Wistrand noted, the musical festival will become an area wide attraction and it may become a rotating event with the Colorado High band and other bands who may participate in future years going to each participating town in successive weeks.

The band stand will be in the portion of the park near the swimming pool.

The 'May-Fest' is a project of the Colorado City Chamber of Commerce.

"A spring evening with the air filled with orchestral music can be a very enjoyable event and we hope as many people as possible will start making plans to be in the park for the 'May-Fest'," Wistrand said.

Popcorn and soft drinks machines will be in the park for those who do not want to bring box lunches.

Deputy For Loraine

McGuire To Carry Out Pledge

Sheriff-elect W.R. (Bill) McGuire isn't stepping back from his campaign pledge.

The battle decorated ex-Marine said Wednesday that his staff definitely would have deputy sheriffs at Loraine and Westbrook.

One deputy will be assigned to each of the communities. That's what he emphasized during his successful campaign for sheriff.

"They'll be living there," he explained, a point that will be of good news for the 2 communities.

"That was my platform and I am sticking with it when I take office next Jan. 1."

McGuire, who at age 26 may be Texas' youngest sheriff when he steps up from deputy to the county's No. 1 law enforcement officer, ran away with the

sheriff's race in the Democratic Primary.

His 1,791 votes more than doubled the combined total of his 2 opponents -- Chief Deputy Sheriff Forrest Smith and R.L. (Roy) Richard, formerly chief deputy to Sheriff Lewis Claxton.

McGuire won every one of the county's 7 precinct voting boxes -- plus absentee voting, also -- to win without a runoff.

His idea for 2 of his deputies to be divided between Loraine and Westbrook must have been to the liking of all the county. Westbrook's margin for McGuire was more than double the combined votes of his 2 opponents. In Loraine, he outpolled both candidates and a 69-vote margin over his nearest opponent, Richards, who lives and operates a business in Loraine.

And, in Colorado City-- like at

Westbrook--he more than doubled the combined votes of the other two.

McGuire said Wednesday he was not ready to announce his staff that will be handling county law enforcement when he takes office next January.

However, you can count on De-

Extension For Fishing Tourney

Due to bad weather last weekend, the first annual Colorado City fishing tournament has been extended thru this coming Sunday, May 14.

Only about 200 registered for the tournament last week end but many others came out to the lake from out of town in hopes of being able to enter the tournament only to turn around and go home after seeing what the weather was like.

However, despite the weather, there were some nice catches at both lakes.

Dale Byrd of Westbrook hooked a 6-pound bass and although he was leading in one of the bass categories, generously consented to extending the tournament.

Leading in the yellow cat category was Luke Treadwell with a 24-pounder, who also gave his consent to allowing more time for others to take part in the tournament.

Bobby Sparks, chairman of the Chamber of Commerce tourist and sports committee which is sponsoring the tournament, said the tournament was extended in order to give all those who registered a chance to go fishing.

Those who have not yet registered may do so at:

Downtown - Sparks Hardware, Nix & Son Texaco and Buck May Mobil.

Lake Champion - Green Acres and Fisher Park.

Lake Colorado City - Louie's Lakeside Lodge, Lake View Fishing Camp, Cooper's Cove and State Park.

Deadline for weighing-in fish is 5 p.m. Sunday. Winners will be announced at the state park at 5:30 p.m. Sunday.

You do not have to be present to win and winners will be notified.

Prizes in two categories include 15 trophies, \$25 cash and \$225 in merchandise.

The two divisions are junior (under 12) and senior. There are seven categories -- yellow cat, channel cat, black bass, white bass, blue gill, crappie and carp.

In the junior division, a trophy will be awarded the biggest fish in each of the seven categories.

In the senior division, a trophy will also be awarded the biggest fish in each category and there will be merchandise prizes for the second and third largest fish in each category in the senior division.

The fisherman who does best in all or many of the categories will be judged the best overall fisherman and will receive a big trophy and \$25 cash.

CONVERSATION CORNER

OF ALL the games people play now politics is the most fun and the funniest. No wonder the great big he-men of our country fought from heck to breakfast for generations to keep all us little women from having the right to vote.

They had, undoubtedly, the funny feeling that next thing they knew helpless females might run for office which used to be considered by fellows who used to be the ones who always wore the pants a purely masculine prerogative.

Now just look at what we've

gone and done. We've put a woman in the run-off race for the office of Governor of Texas.

Wow! What fun it has been to watch this brilliant woman lawyer - legislator and her tactics come from practically the bottom of all predictions and polls to second spot on the first Democratic Primary ballots.

WHETHER you voted for her, Frances (Sissy) Farenthold, first go-round or vote for her come June 3 or not, you've got to admit that she added a delightful element in her battle with the big boys.

She hasn't \$1 million to her name but she does have a nice understanding husband named George and four almost grown children, a situation probably far more satisfying to any woman.

She is witty, wise, and funny--a rare combination. Will never live long enough to forget her "pabulum, wheeler-dealer" statement. It would be hard for the smartest man in the world to match wits with that type or logic and feminine humor.

And even though that nice rich rancher Dolph Briscoe almost swept the field, what he's gonna need now is to hire some sassy female brain to help ghost his speeches.

Sissy by some miracle got elected." So bully for him!

NOW you know it had never occurred to this Democrat that should a lady be Governor there simply would not be a mansion hostess for a first lady to head the running of the mansion.

Laughed all day when it did occur after George Farenthold's adamant stand on the matter. He made it very clear that his Sissy would never have entered the race without his full approval and encouragement. But a man can be persuaded and pushed just so far. Can't you just see a good business man planning sandwiches for tea and the decorations for a big reception?

Course, there was eras ago Jim Ferguson. He just doesn't count as hostess 'cause he really WAS actually Governor and the Governor-in-name, his wife Ma Ferguson, probably took care of receiving lines and refreshments.

ANYHOW Sissy Farenthold brought life to the race usually reserved for the gentlemen. She made it marvelous fun in many a home.

Should be even more fun be-

tween now and June 3 hearing what she has to say whether she ever gets to first base or not. Since there are to be no run-off races in our county, we can all concentrate on Dolph and Sissy.

You do not have to be a Feminist to feel it might be great to see what a highly intelligent woman can do in the Governor's chair. It also might be good for some of the men who have long held Austin in their hands and good for the souls of all Texas men everywhere.

WHILE we're at it, congratulations are highly in order for a woman named Barbara Jordan, who has been serving well in the Texas Legislature.

Texas Democrats chose her as their candidate for the National Congress and chose her high, wide and handsome.

ELECTIONS always bring out

mixed emotions. Everybody around here who voted for the winners feel happy, accomplished and politically literate. Everybody who cast votes for the losers feel unhappy, let down but also politically literate.

WINNERS and losers alike, First Primary, will have to spend some time deciding several other run-offs, of course, with accent most likely on the show-down between Ralph Yarborough and Barefoot Sanders.

Have a feeling that race will not require too much time by people trying to decide between them.

Betcha anything most voters have done decided.

STILL it is good to know that now there will be time to get excited about the National Political Conventions coming up. Republicans have also probably done decided. But choice between presidential candidates by the Democrats has been

seeming a bit on the dull side, to date.

Maybe us Democrats have all just been too busy making up our minds about county, district and state officials.

HEARD a very potent quota-

tion the other day on a soap opera of all things! It was from Edmund Burke (1729-1797), and it went like this: "All that is necessary for the triumph of evil is for good men to do nothing."

Let us never forget.

Mrs. Mabel Cooper of Root Valley Fair Lodge is second prize winner in Hotpoint's recent "Luxury Living Sweepstakes" contest.

Mrs. Cooper's winning entry, selected at random from a chest freezer by television celebrity Ed McMahon, gives her a choice of a homestead at either Rotonda West in Florida or Twin Lakes, Ariz.

Sloane, son-in-law of Mr. and Mrs. W. A. Bell of Westbrook, received his bachelor of science degree in secondary education.

Rev. R. B. Baker, pastor of Memorial Baptist Church in Temple, was devotional speaker. Special music was by Howard Payne College Choir and Symphony Band.

EVEN FUNNIER, during all the pre-primary publicity, was what Mr. Farenthold said. He was speaking seriously in an interview and not even trying to be clever. Most likely it was the result of having lived all these years with a clever woman.

"I will NEVER live in the Governor's Mansion," he declared. "I will NOT be the first gentleman of Texas should

PAUL HUNTER

A THANK YOU NOTE FROM PERRY BARBER

TO THE 1,059 citizens of Mitchell County who voted for me:

Dear Friends:

Thank you for your vote, and even more important thank you for your belief in my ability and integrity which your vote indicates. All I had to offer in this race was ability, experience and a desire to serve. Obviously, to some this was not enough. The knowledge that I offered myself in public service and that almost one-half of the voters judged me on my own merits and accepted my offer leaves no room in my heart for bitterness.

Again, thank you from the bottom of my heart!

Sincerely,

PERRY BARBER

A Very Special 'Thank You'

To All Of Mitchell County

I offer to you, all of Mitchell County, my sincere appreciation and gratitude for the overwhelming vote of confidence you expressed Saturday in the Democratic Primary in behalf of my candidacy for Sheriff of Mitchell County.

You have my pledge that my every effort will be to uphold that confidence with fair, impartial but effective law enforcement. The courtesies and support - your reception of my campaign and my campaign visits with you shall always be appreciated.

With my thanks to you for your tremendous support . . . I only ask that you continue your interest in good law enforcement in the months and years ahead.

This is the most valuable crop
we raise in this community...
and we can keep more of it
for our own use and enjoyment
by trading more at home

It takes a lot of time, love, money, and sacrifice to bring up our children to a state of usefulness. But it doesn't take much city-shopping fever in a community such as ours to force its youth to look somewhere else for Opportunity. Keeping more of our money at home would keep more of our young people here...to enrich and brighten our lives...and probably lengthen theirs.

PLAN

From Page 1
puty Sheriff Simon Barrera mo-
ving up into the chief deputy's
post.

Barrera joined Sheriff Clax-
ton's staff last November to be-
come the first Mexican-Ameri-
can deputy sheriff in Mitchell
County's history.

The 29-year-old handsome
lawman has received praise
from his fellow officers and
from lawmen outside of the
sheriff's office for his impec-
cable record as a deputy.

In addition, he is highly re-
commended by farmers and
ranchers who had known him
when he was employed by the
James Kelley agricultural op-
erations.

So, it is only natural that Mc-
Guire can be expected to turn
to Barrera, whom he has work-
ed with and whom he highly re-
spects.

Jr., Tom Harkey and Ted Le-
fevre.

dine and Murrell Blasingame.

Pct. 6, Fairview--Charles
Ross Strain.

Pct. 7, Civic House--Mr.
and Mrs. M. H. Jordan, Mr. and
Mrs. Eldon Ruffin (2 will be
delegates, 2 will be alternates).

TOURNEY

From Page 1
large number of entries in the
senior division, there has been
a lack of entries in the junior
division.

Sparks urged parents to enter
their children in the tournament
and take them fishing as chances
are good to win a trophy.

In the senior division, second
place merchandise prizes will
be a choice from a sleeping bag,
two Polaroid Big Shot cameras,
Sony portable radio, Hitachi
fluorescent lantern, Coleman
lantern, Coleman stove, and a
propane lantern.

Fishermen who catch the third
largest fish will be awarded a
dual prize, a nice dip net and a
Zebco Rod, Reel and Line set.

Rules for the tournament in-
clude stipulations that fish must
be caught in either Lake Champi-
on or Lake Colorado City in
order to be eligible to win and
fishermen must be registered
before weighing in a fish.

FARMERS

From Page 1
farmers are expected to plant
feed grain before May 15. If
moisture is not sufficient by
that date or if it is not dry
enough, you must sign a re-
quest for acreage credit no la-
ter than May 30.

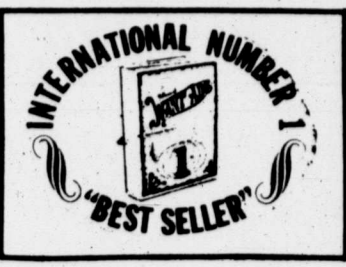

These dates have no effect on
farms planting later and certi-
fying to feed grain acreage. If
feed grain is planted and de-
stroyed by natural causes, far-
mers need to request failed ac-
reage credit.

June 10 is the final date for
planting cotton. If there is not
adequate moisture or if cotton
has failed, producers must sign
a request for failed or prevented
planting no later than June 25.

July 1 is the final date to cer-
tify cotton, feed grain and set-
aside acreage. The sooner a
crop is certified the sooner pay-
ment will be made after July 1.

Stewart also pointed out that

now is the time to sign up for
aerial control of mesquite. The
director also noted that
there are many conservation prac-
tices available through your
REAP program and if you have a
conservation problem, to come
by and visit with the ASCS of-
fice personnel.
