Parade Winner Is Named

A handsomely decorated float, conveying the message a bank might wish to put before its customers, won for the Wellington State Bank first place in the commercial division of the parade which opened the Collingsworth County Fair Friday, September 6.

Winners were named in six categories, and this year's entry list was the largest in several fairs.

Placing second in the commercial floats was that entered by Mode O'Day -- with a bow to new fall fashions. Baker's Concrete Co. chose a wagon and mules filled with passengers, for the third place entry.

A new version of Farmers Union Theme, "Farmers Feed the World," again won that organization first place in the adult organization division.

Real smoke belched from a building that rode nonchalantly along the parade, the entry of the Wellington Fire Department Auxiliary that placed second in the division.

The old time arts and crafts, now so popular, were featured by Lillie Home Demonstration Club in their third place entry.

Two floats received honorable mention, the Collingsworth County Gospel Singers, and 1954 Study Club.

A float-full of beauty and pep -- colored red and white -- that was the Skyrocket Cheerleaders, who cheered their float to first place in the Youth Organization Division.

Second place went to Cub Scout Troop 231.

Robi Lou Mabery added a gay disguise to her bicycle and won first place. Dee Ann Williams, urging school patriotism, carried her tiny dog, who's blanket had on one side "Yea Rockets," and on the other, "Beat Hollis."

Third place went to Carrie Langford. Three honorable mentions went to Veronica Foster, Shayne Rowell and Suzanne Floyd.

FIRST PLACE FLOAT

This entry by the Wellington State Bank placed first in the commercial division of the Fair Parade Friday, September 6. It carries the theme of car loans—either new or used.

Seniors Plan Western Supper Friday Evening

Wellington Senior Class is sponsoring a Western Supper at the Elementary School cafeteria Friday, September 13, before the Skyrocket-Paducah Dragon football game.

Serving will begin at 5:30 p.m. and continue until 7:00.

The money will go, along with money made from the Miss Wellington Contest, for the senior trip next spring.

There will be no deliveries, the seniors say, so all are urged to attend.

Miss Samnorwood Pageant Planned

The first Miss Samnorwood will be chosen Saturday, September 14, in a festive pageant sponsored by the Samnorwood Lions Club.

It will begin at 8:00 p.m. in the High School gymnasium. The theme will be "September Song."

Fourteen girls are seeking the title of Miss Samnorwood -- the one which will set precedent for all those who follow, said Kenneth Martin-dale, Lions president.

The event itself will be

Skyrockets to Meet Paducah Here Friday

Wellington Skyrockets will host the Paducah Dragons at Powell Field Friday, September 13, in the second of their home stands.

Game time is 8:00 p.m.

The Rockets are losing some of the early-season nervousness, which was intensified by their youth, and coaches this week express confidence in their improvement and smoothness.

"We got off to a bumpy start -- a young team and a little nervous. We made a lot

of fundamental mistakes, but our boys are improving, and they are going to play a lot better football this week," said Coach James Williams.

While the Rockets present themselves as a unit, the Dragons appear to depend heavily on back Danny Garrett, a 160 pound junior who is reported to be a 9-8 sprinter.

In the Paducah opener with Matador, Garrett scored all three touchdowns in the 20-0 Dragon victory.

"They are about average size," said Coach Williams.

"They are about our size in the line, and about average playing. Their backfield is what they count on for us to stop them, we are going to have to stop the boy whose got the speed." Garrett was runner up for "Back of the Week" by the Amarillo News this week.

As far as the Paducah defense is concerned, they run a 5 type line on defense.

"They don't throw the ball a lot, but run the wishbone and get the ball outside to the real fast kid. Our main defense is to stop him," the Wellington head coach continued.

So far, the Rockets have avoided any injuries in

Applications Now Accepted For County Crop Loss Payments

Farmers who lost all or part of their 1974 crops may begin qualifying for crop disaster payments.

Bob Weatherly, ASCS executive reported that farmers who had crop damage due to drought -- or other natural disaster -- can apply for payments through their county Agricultural Stabilization and Conservation Office (ASCS).

"It is important, however, that farmers make application before they plow up or destroy the field stubble of existing crops," he reminded.

Farmers can qualify for payments one of two ways. If crops have been totally destroyed, a farmer can file

for relief depending upon his crop allotment. Weatherly said that an inspector trained by the Federal Crop Insurance Program checks the fields and appraises the damage. Payments are made on his appraisal.

If, however, a farmer can salvage something from this field, he harvests what he can, and the disaster payment becomes the difference between the projected and actual yields.

"This only applies to

cotton and feed grains," Weatherly noted. "Rice and peanut farmers are not eligible for direct payments. They must apply for loans through the county ASCS office."

Mrs. E. Smith, Longtime County Resident, Dies

Mrs. E. Smith, who lived in the Aberdeen community before moving to Wellington a number of years ago, died at 12:45 a.m. at San Jon, New Mexico. She had gone there a month ago to be with her youngest daughter.

Over a long period of years, she was active in the community life of that part of the county, and in the Aberdeen Methodist Church, now a part of Trinity United Methodist.

Born Minnie May Shade at Carthage, Missouri, February 5, 1885, she was the daughter of Charley and Rose Hubbard Shade. The family lived for many years in northeastern Oklahoma, before and in the early years of statehood. She and Mr. Smith were married at Claremore September 21, 1901.

They came to Collingsworth County 63 years ago, after living a year at Shamrock. Upon retiring from farming in 1942, they moved into Wellington.

Mr. Smith died January 20, 1949.

She was a Methodist.

Funeral services were conducted at Trinity Methodist Church at 2:00 p.m. Wednesday, September 11. Officiating was the Rev. C.R. Hankins, pastor of the church and a friend of the family for more than 40 years. Burial was in the family plot in Fairview Cemetery under the direction of Kelso Funeral Home.

MRS. DESKINS WELLS

Mrs. Deskins Wells Dies Here Sunday

Mrs. Deskins Wells died at noon Sunday, September 8, in Collingsworth General Hospital. She had worked in administration and business in The Wellington Leader since 1948.

Mrs. Wells had been a patient in St. Anthony's Hospital, Amarillo, and Collingsworth General for 7 weeks.

Wellington had been her home since 1920.

She helped to build The Wellington Leader into a newspaper that is recognized nationally, and she was keenly aware of the role of the weekly newspaper in community life, not only here, but across the country. With her husband, she was active in the Panhandle Press, Texas Press, and National Newspaper Associations.

Louise Wells was first a teacher, a career she followed until her marriage. She began this career at Ella, a one-teacher school in the northeast part of the county, not far from Texola, Oklahoma.

She taught at Fresno and Kelley, schools that continued to hold a special place with her. After a period in Wellington Elementary School, she taught in Pampa Schools for a number of years, then at Odessa.

Education was a matter of special concern to her, for she was able to see and encourage unrecognized po-

tential in many boys and girls. Every young person who ever worked for The Wellington Leader was to receive this encouragement, as well as practical help in continuing education.

When she returned to Wellington to live, there began the many contributions she was to make to the quality of life in her town.

First Christian Will Open Revival Sunday

Revival services will open at the First Christian Church Sunday, September 15, and continue through Friday, September 20, Charles Waugh, minister of the church, has announced.

The evangelist will be Billy Stewart of Midland, who was here in a revival several years ago.

Prayer services will be at 7:15 each evening, followed by the worship service at 7:30. The Sunday morning service will be at 11:00 a.m.

Mr. Stewart, born at Amarillo, is a graduate of Dallas Christian College and had ministries at Jal, N.M., Borger and Roswell, N.M. before going to Midland in 1966.

He led in establishing the congregation there and has had two major building

programs costing in excess of \$190,000. There have been 720 additions to the church during his Midland ministry, and he also helped to establish two new congregations.

Mrs. David Peters Heads Old Settlers

Mrs. David Peters was elected president of the Old Settlers Reunion for 1974-75 in the brief business session held during this year's event Friday, September 6.

She succeeds Riley Dunson, who resigned earlier due to ill health.

Mrs. Marie Gollighugh was chosen vice president and Elmer Haralson, secretary. Retiring from these offices were E.W. Fain and Mrs. R.H. Isbell.

This year's reunion was held at the Senior Citizens Center, with 90 long-time residents registered by Mrs. Jean Reynolds.

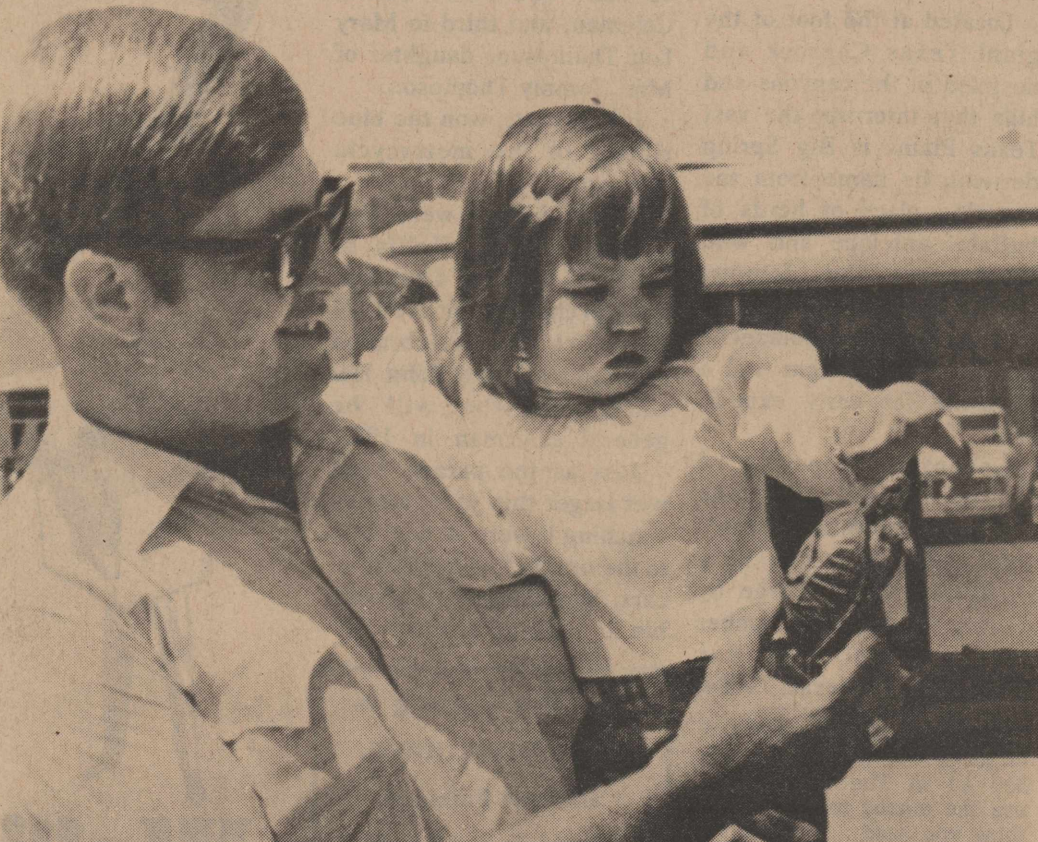

Entertainment including singing and visiting, and some stayed on to play dominoes.

Mrs. A.Y. Bell was named the oldest person attending, while Mrs. Lawrence Brisbin was next oldest, J.B. Stevenson next, and Grady Graham was the fourth oldest.

Mrs. P.E. Lowrie was found to have the most grandchildren, and the next three in order were Mrs. Isbell, Mrs. Mary Lena Scott and Mrs. C.D. Damron.

The person traveling farthest was Mrs. Lela Haralson, while Mrs. Hazel Wells traveled next farthest, Mrs. Myrtle Turley third and Mrs. Jessie Brown fourth.

Dr. Chas. B. Jones was the person who had lived in the county longest, followed by Mrs. Grace Cook, Mrs. Frank Ford and Mr. Ford.

BEAUTY AND THE—TERRAPIN

Michelle Chanslor, 15 months, is too young to hold her winner in the Lions Club Terrapin race, so her father, Jim Chanslor, holds it for her. Monty Mitchell gave Michelle the terrapin,

thereupon it beat out the one he kept for himself. Michelle and her parents were guests at the Lions Club meeting Monday, September 9, and she was presented a check.

Food Preservation Shows Top Quality

In spite of dry weather through the vegetable growing season, the food preservation section of the women's division, Collingsworth County Fair, showed an amazing variety of canned foods which Collingsworth women will feed their families this winter.

Winners were announced by Mrs. Harold Caldwell, chairman. Her assistants were Mrs. Delbert White and Mrs. Loyd Langley.

Taking home ribbons were:

FHA Offers Emergency Stock Loans

COLLEGE STATION -- Livestock producers caught in the pinch between rising costs and falling prices can now get credit assistance from the Farmers Home Administration (FmHA), a rural credit service of the U.S. Department of Agriculture. This word comes from Dr. Wayne A. Hayenga, economist-agribusiness for the Texas Agricultural Extension Service.

FmHA now guarantees up to 80 per cent of losses on loans made by private beef and dairy cattle, hogs, sheep, goats, chickens and turkeys. A qualification is that a major portion of the borrower's income must come from farming or ranching operations, and a major portion of his time must be devoted to it.

In the case of corporations or partnerships, assistance can be extended only when major partners or stockholders are primarily engaged in the livestock enterprise.

Hayenga further explains that FmHA guarantees are possible only when ranchers or farmers, who are U.S. citizens, cannot obtain financing without a guarantee, and if their operations are unable to survive without such credit.

FmHA has been authorized to guarantee up to \$2 billion in loans to livestock producers, with a maximum of \$250,000 to any single borrower. Loans are to be repaid within three years, although renewal for two years may be authorized. Interest rates are determined between lender and borrower.

The Texas A&M University System specialist points out that applicants should arrange for a loan with a legally organized lending agency which in turn will ask FmHA for a guarantee if one is required. The lender will process the application, close the loan and service it to final settlement.

County FmHA offices, serving the area where the livestock operations are conducted, will handle requests for guarantees or can supply information to interested parties, adds Hayenga.

Cattle Feeding Still 'Depressed'

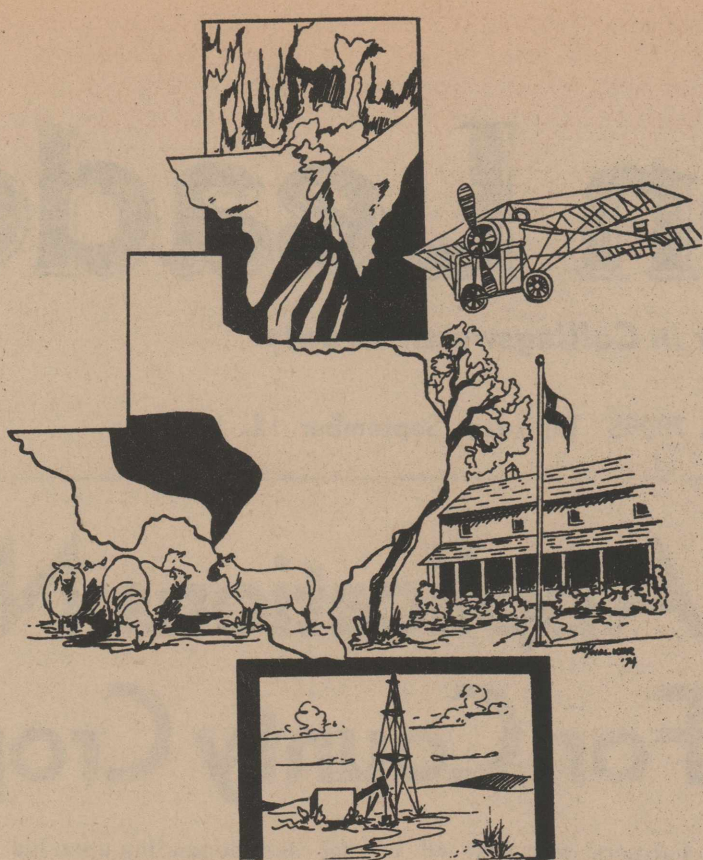

COLLEGE STATION -- The cattle feeding industry is still in a depressed economic condition, says a livestock marketing specialist for the Texas Agricultural Extension Service.

"Feedlot losses have continued since last August but daylight is now on the horizon," says Dr. Ed Uvacek. "Some feedlots may already be in the breakeven zone. Unfortunately, much of the equity capital of the commercial feeders has been used, so financing is still a real problem."

As a result, the loss situation of feedlots is now being felt by cow-calf producers in the form of reduced prices for replacement calves. Demand for lightweight calves is extremely low. Feedlots can buy the weight cheaper than they can put it on; consequently they are buying more larger type replacement animals, points out Uvacek.

Two things seem certain, according to the Texas A&M University System specialist. First, cattle numbers on feed as of July 1 will not provide a very large marketing level for the fourth calendar quarter of this year. Uvacek estimates marketings at about 5.5 million head, or 15 per cent less than last year. And, placements of cattle into feedlots during the April-June period were down about 29 per cent from levels a year ago.

Secondly, a changed attitude toward refilling the lots is necessary before any price strength can develop in the feeder market, notes Uvacek. "This might develop fairly soon if feeders see some profit opportunities, if government guaranteed loans can be made effective rapidly, and if marketing of feeders is not bunched because of drought conditions."

Fun and Adventure Wait in West Texas

Fun and adventure awaits in the land between the Concho and Pecos Rivers in West Texas.

A moderate amount of travel time places travelers from most parts of Texas in the bustling metro city of San Angelo built literally on the banks of the Concho River.

Historic old Fort Concho, carefully renovated and a very popular visitor attraction is located near the

center of the city featuring twenty original buildings and a museum.

A short drive takes you to the quiet country town of Paint Rock -- famous for the Indian Pictographs located nearby.

Journey south to the beautiful Caverns of Sonora. Traveling west toward the Pecos River, which formed the eastern boundary line of Judge Roy Bean's territory, visit the Santa Rita Number 1. Located a few miles west of Big Lake, discovery of this famous oil well marked the beginning of the Permian Basin oil boom.

Sheep, goat and cattle country stretches as far as the eye can see. Stop at the Mendoza Trail Museum in McCamey featuring memorabilia from the Castle Gap Country.

On U.S. 67, out of McCamey, a roadside marker points to tracks left by prehistoric creatures millions of years ago. A short walk is required to reach the location preserved on the rocky bottom of a dry streambed. The grave of famous western gun fighter, Clay Allison, is located in the town of Pecos along with the West of the Pecos Museum and the reproduction of the Old No. 7 Saloon.

Heading eastward again toward the headwaters of the Concho, visit Kermit, nearby Sandhills State Park and Odessa featuring The Presidential Museum. Midland the "minitropolis" where "The Sky's the Limit" is home of the Aeroplane Museum featuring the oldest airplane in Texas built and flown in 1911-12. Cole Park Zoo and Dennis The Menace Park are popular attractions for young and old alike.

Stanton features a fine western museum. Located at the foot of the giant Texas Caprock and nestled in the canyons and hills that interrupt the vast Texas Plains is Big Spring deriving its name from the watering place of herds of buffalo, antelope and wild mustangs. The famous spring was a source of friction between Comanche and Shawnee Indians and a campsite for early expeditions.

Needham Takes Kopperl Church

Tommy Needham, a student in Southwestern Theological Seminary, Fort Worth, has been called as pastor of First Baptist Church at Kopperl, on Lake Whitney.

He will commute to the seminary, where he is in his second year's work toward the master of divinity degree.

The son of Mr. and Mrs. Lonnie Needham, he was graduated from Quail High School in 1966 and Wayland College, Plainview, in 1972. His first pastorate was at the Vinson Baptist Church.

He and his wife, Nancy, have two sons, Gary 5, and Craig, a year and a half old.

UT Promotes Women's Athletics

AUSTIN* (Spl.) -- The University of Texas is in the forefront of the Southwest Conference in its support of intercollegiate athletics for women.

For the coming year, UT Austin has provided \$72,760 to support seven women's teams in the intercollegiate sports of basketball, golf, gymnastics, swimming, tennis, track and field, and volleyball. About 100 women athletes are expected to participate in the expanded sports program.

The funds will be used for coaching salaries, uniforms, equipment, travel, food and lodging for teams.

She worked and spoke with quiet dignity, in such a way as to gain supporters to those things that were needed.

She was a past president of the Domestic Science Club, Wellington Federated Clubs and Parent-Teacher Association. A number of young boys experienced their first train rides during trips she sponsored while a den mother in the Cub Scouts. She was active in the Garden Club for a long period.

Mrs. Wells was one of the first two women to be sent as delegates from Collingsworth County to the State Democratic Convention.

Her greatest contributions, however, were made in her day to day contact with the people she knew. Just as she could see potential in a child, she could see unused ability among adults. She was able in this way to draw many into active participation in the community's life.

The former Sarah Louise Willis, she was born November 25, 1908, in Sebastopol, Mississippi, the daughter of the late Vander Willis and Ada Mae Willis. She came with her family to Texas in 1919, and after a year at Vernon, moved to Wellington.

She graduated from Wellington High School in 1926. She attended Texas Tech University, Southern Methodist University and graduated from East Texas State University.

Active in professional organizations as a teacher, she was a former member of Delta Kappa Gamma, Texas State Teachers Association, National Education Association and the Classroom Teachers Association. She was married to

Deskins Wells November 9, 1947, in Wellington.

Early in life, she became a member of the Baptist Church, and after her marriage transferred her membership by letter to First United Methodist Church.

Funeral services were conducted at First United Methodist Church Tuesday, September 10, at 10:00 a.m. Officiating were the Rev. James Boswell, pastor, and Charles Waugh, minister of First Christian Church. Burial was in the family plot in Fairview Cemetery under the direction of Kelso Funeral Home.

Pall bearers were Woody Wood, David Baumgardner, Grover Graham, Carthel Lewis, Tom Birchfield, and Walter Camp.

Surviving are her husband, Deskins Wells; a son, Henry Wells of Washington, D.C.; a daughter, Mrs. Ansel McDowell, Jr., of Perryton; a brother, W.M. Willis; three sisters, Miss Bonnie Willis, Mrs. Howard Frost of Wichita Falls and Mrs. Jean West of San Antonio; and four grandchildren, Marian, Linda, Ansel III and Stewart McDowell of Perryton. Miss Hattie D. Wells and Mrs. China B. Smith of Iowa Park are sisters-in-law.

Visiting in the O.L. Judd home in Amarillo Sunday night were his brother and sister-in-law, Mr. and Mrs. Dick Judd of Wellington.

Rockets Drop Home Opener to Hollis

By Charles Waugh
A young and inexperienced Wellington Skyrocket football team opened the 1974 football campaign at home last Friday night with a 12 to 0 loss at the hands of the Hollis Tigers.

It appeared that everything was off to a great start for the Skyrockets as Co-Captains Jim Bob Nall and Steve Emmert won the toss of the coin and elected to receive the kick-off. Hollis' Brad Bartlett kicked off and Wellington's Shane Tarver received the kick. Tarver moved up the middle of the field before cutting to the outside and followed interference all the way down the west side of the field going for what appeared to be a game-opening touchdown. Officials said, however, that Tarver stepped on the side-lines at about the 32 yard line of Wellington where play was to begin. From that point the Skyrockets just couldn't seem to get untracked.

Starting quarterback George Brewer in the first series of downs was thrown for a couple of two yard losses, while fullback Jim Bob Nall picked up a couple of yards up the middle. On fourth down Wellington's Brewer punted to Hollis' Gary Cooper who brought the ball back to the Wellington 45 yard line where Hollis had good field position. Following a Hollis first down the Tigers were forced to punt to Wellington. Shane Tarver received the punt on about his own six yard line and returned it out to the nine yard line where

the Rockets began their second series of downs.

Following a short gain by Jim Bob Nall running back Shane Tarver made a good gain around his left end to the 20 yard line. Hollis was guilty of piling on Tarver after the tackle. The penalty moved the ball out to the 35 yard line first and ten. Wellington continued to show signs of moving the ball down field. Brewer connected on a pass play to halfback Edward Thomas at mid-field for another first down. On third down in the next series Thomas was just out-of-bounds at the Hollis 25 yard line as he made a diving catch of a George Brewer pass. Following a George Brewer punt, Hollis put the ball in play at their own 20 yard line.

Hollis was unable to move the ball against the front line of Wellington consisting of Steve Emmert, Danny Morris, Don Allred, David Null, Jackie Black, and Tony Martinez.

Wellington received another Hollis punt and started from their own 49 yard line. Here it appeared that the young Skyrockets were going to move in to pay dirt. Jim Bob Nall carried for one first down. Brewer carried for another one to the 18 yard line. This first down ended first quarter action with the Skyrockets obviously playing the better quarter.

The Skyrockets were unable to move the ball deep in Hollis territory on their first series of downs in the second quarter, thus relinquishing possession of the ball to Hollis at the 20 yard

Sister of Area Residents Dies

Mrs. Elma Hill, 82, of Littlefield, sister of area men, died there Friday, August 30, after a long illness.

She was the sister of Julius Deger and the late John Deger of Wellington, Jess Deger and George Deger of Shamrock.

line. Hollis showed no signs of being able to get untracked and was forced to punt once again to Wellington.

The second quarter came to an end after each team exchanged possession of the ball several more times. One drive that stood out was when the Rockets moved the ball efficiently with the passing and receiving combination of Brewer and Edward Thomas. Also, there were some signs of good play from Dan Ford and Jessie Davis. This drive was thwarted, however, when Hollis stand-out Joel Everett intercepted a George Brewer pass at the Hollis 20 yard line.

As both teams went to their respective dressing rooms for half-time instructions, the memories of last year's game at Hollis entered the minds of the Rocket followers.

Wellington kicked-off to Hollis. Gary Cooper received the kick where he was immediately swarmed under by Richard Sims, Paul Hanna, and Arnie Ingram who were down field in quick order to make the tackle. However, a Wellington off-side penalty forced them to kick again, this time from their 35 yard line.

Cooper again received the kick. This time, however, he brought the ball out to his own 43 yard line in much

possession of the ball at their own 39 yard line. Neither team could mount a steady offense that could lead to a score.

The only scoring of the game came in the fourth and final quarter. Wellington quarterback George Brewer was hit from behind on a fluke play causing him to fumble the ball into the oncoming hands of Hollis' Willie Dixon who returned the ball to the Skyrocket 21 yard line. Following a touchdown saving tackle by Wellington's Jessie Davis, Hollis punched the ball over from the Wellington two yard line with halfback Joel Everett carrying the ball. Hollis missed the extra point attempt, thus taking a 6 to 0 lead with 6 minutes and 4 seconds to go in the game. What seemed to be Wellington's ball game from the outset now was a game the Skyrockets would simply be

better field position. The Wellington defense proved to stand strong once again as they shut off the Hollis offense. Following a fumble recovery, Wellington moved the ball for a first and goal at the Hollis six yard line. But on first down there was a poor exchange from quarterback George Brewer to fullback Jessie Davis and Hollis recovered the fumble. The Skyrockets just couldn't punch it over for the score.

The third quarter came to an end with the Skyrockets in

happy for a score. Following the Hollis kick-off the Skyrockets put the ball in play at their own 29 yard line. With a fourth and one from their own 38 yard line Wellington called a time out to plan the next play. The coaches made a good decision to go for the first down because time was running out on the Rockets. Halfback Arnie Ingram made a good effort as he picked up five yards and the first down to the 43 yard line. Following a three yard gainer by Ingram, once again misfortune struck Wellington. Quarterback George Brewer fumbled the snap from center Steve Emmert and Hollis recovered on the Skyrockets 38 yard line.

From there the Hollis Tigers moved the ball toward the Wellington goal line while eating up the clock in the process. With 45 seconds to go in the game halfback

Joel Everett scored his second touchdown of the night by sneaking over from the four yard line. The point after once again failed.

The game ended with Paul Hanna picking up good yardage around his own right end to the 45 yard line of Wellington.

It is evident that the 1974 Skyrockets are a well-coached bunch of young athletes. Time and experience will

definitely work to their advantage. Let's be out in force this Friday night as the Wellington Skyrockets play host to Paducah. Game time is 8:00 p.m.

Mr. and Mrs. Kenneth Davis, Kacy and Nancy, and Mrs. Faye Davis went to Northfield Sunday to visit with Mrs. Davis daughter, Mr. and Mrs. Billy Paul Simpson and Tanya.

Fix-It Tip

The continuous flow of water into the bowl is a most common toilet problem. Start by opening the tank on the back of the toilet. Lift the top off carefully and set it down where it will not be damaged. You may find it difficult to replace a broken top and could end up buying an entire toilet.

Water will enter the bowl one of two ways. It will enter through the overflow tube — the pipe that stands vertically in the tank and is open at the top.

Or the water enter through the opening in the bottom of the tank, an opening kept closed with a rubber ball.

Check the level of the water. If it is below the top of the overflow pipe the problem is with the rubber ball that fits into the valve that releases the water into the bowl.

Teresa Patterson, James H. Jones Marry in Home Ceremony Sept. 6

Miss Teresa Gayle Patterson and James Howard Jones, both of whom now live in Amarillo, were married Friday, September 6, in the home of her parents, Mr. and Mrs. Earl Patterson, west of Wellington.

Parents of the bridegroom are Mr. and Mrs. Hezze Jones, 1507 Dalhart Street.

The Reverend Steve Dolloff, pastor of Fundamental Baptist Church, performed the double ring ceremony at seven-thirty in the evening. Only members of the immediate families attended.

The setting for the wedding was a branched candelabra with arrangements of pink and white gladioli at each side. Recorded music was played softly during the ceremony.

The bride wore a pink linen suit, with matching blouse. The jacket featured a turned-back collar and belted waistline. Her corsage was a pink orchid.

Miss Sharon Robertson was the maid of honor. She wore a pink street-length dress with grey trim, designed with a wide midriff band, long cuffed sleeves and a-line skirt. Pink carnations formed her corsage.

The bridegroom had as his best man Dallas Holland.

After the ceremony, Mr. and Mrs. Patterson entertained with a reception to honor the couple.

The bride's table was laid with a white lace cloth over pink, and the centerpiece was an arrangement of pink carnations in a crystal bowl, with white candles. Crystal and silver appointments were used. Guests were served by Wynona Carter, sister of the bridegroom, and Kathy Patterson, sister of the bride.

A graduate of Wellington High School this spring, the bride has worked as a life

guard through the summer at Osage Swimming Pool, Amarillo.

The bridegroom, who graduated from West Texas Barber College and is presently a hair stylist at Keith's Barber Shop.

The couple is now on their wedding trip to Denver, Colorado, and upon returning, they will be at home in Amarillo.

JFF Entertains Husbands Aug. 31

Members of the JFF Club and their husbands enjoyed an ice cream supper and 42 party at the Heritage Room on Saturday night, August 31. This meeting took the place of the family picnic that is usually held in August each year.

Everyone drew for partners and then were served homemade ice cream and cake.

Attending were Mr. and Mrs. Alton Wilkins, Mr. and Mrs. D. C. Lacy, Mr. and Mrs. Herman Belwe, Mr. and Mrs. Woodrow Wood, Mr. and Mrs. Don Jones, Mr. and Mrs. Dick Sweat, Mr. and Mrs. James Masten, Mr. and Mrs. R. T. Savage and Mrs. Jake Leach.

SEPTEMBER WEDDING PLANNED

Mr. and Mrs. M.O. Lowe, 1007 North Houston in Shamrock are announcing the engagement and approaching marriage of their daughter, Glenda Jane, to Kim Grogan Martindale, son of Mr. and Mrs. James Martindale of Quail Route, McLean. A September 21 home wedding is planned.

Miss Dian Brooks, Redgie Souder Marry in Early August Ceremony

Announcement has been made of the marriage of Miss Dian Lynn Brooks and Redgie Souder, which took place Saturday, August 3.

The couple was married in First Baptist Church by the Rev. Roy Collins. They were unattended.

The bride is the daughter of Mr. and Mrs. Hubert Brooks, while the bridegroom's parents are Mr. and Mrs. J.L. Souder, who live west of Wellington.

For the ceremony, the bride wore a white skirt with navy long-sleeved top. She carried a nosegay of summer flowers.

The bride is a spring gradu-

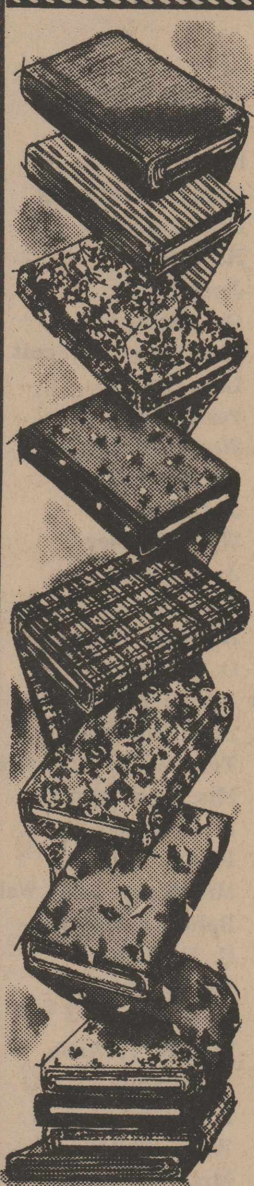

ate of Wellington High School, while the bridegroom was graduated from Quail High School.

The couple now lives at 805 Floydada Street.

Four-H Girls Hold Annual Bake Show Here on Thursday Morning

Renee Lacy, daughter of Mrs. Robert Lacy, was named grand champion in both divisions of the County Four-H Bake Show, held Thursday, September 5.

Winners were announced by Mrs. Arla Felts, county home extension agent.

The girls exhibited both whole wheat rolls and banana bread.

Betty Crocker Search Begins

College scholarships, from \$500 to \$5,000, are available to all high school seniors through the Betty Crocker Search for Leadership in Family Living, formerly the Betty Crocker Search for American Homemakers of Tomorrow.

An invitation to enroll in the program will soon be mailed to all high schools across the nation. Schools new to the event are invited to write the Betty Crocker Search, P. O. Box 1113, Minneapolis, Minn., 55440, for information.

Enrollment deadline is October 31.

On Tuesday, Dec. 3, each participating school will administer a 50-minute written examination. Prepared and scored by Science Research Associates, Inc., Chicago, this general knowledge and attitude examination is the first important step of the scholarship program.

From the examination results, a Betty Crocker Family Leader of Tomorrow will be chosen for each participating school. School winners are acknowledged with special awards and their examinations are entered in state competition.

Each State Family Leader of Tomorrow receives a \$1,500 college scholarship while every state second-place winner receives a \$500 grant. The state winner also earns for his or her school a 20-volume reference work, "The Annals of America" from Encyclopaedia Britannica Educational Corporation. State winners accompanied by a faculty advisor will be the guests of General Mills next spring on an expense-paid educational tour, which will include Washington, D. C., and Williamsburg, Virginia. A special event of the tour is announcement of the All-American Family Leader of Tomorrow, who's scholar-

Winning blue ribbons, denoting first place, in the bread division were Renee, Catrina Atkinson and Leigh Myrick.

Receiving red ribbons, denoting second place winners, were Touni Archie, Gail Rudy, Tina Young, Beverly Orr, Karen Goforth and Kathleen Reeves.

White ribbon (third place) winners were Carla Seitz, Verita Simon, Pam Turner, Melanie Pendleton, and Jennifer Pendleton.

In the whole wheat roll classification, blue ribbons went to Renee Lacy, Tami Boswell, Leigh Myrick and Jennifer Pendleton.

Stacy Weatherly won a red ribbon.

White ribbons went to Gail Rudy and Melanie Pendleton.

All Gollighugh Children Home

The Albert Gollighugh home at Quail was the scene of a family reunion Sunday, September 1. All of the seven Gollighugh children were present, along with 18 of their 24 grandchildren.

Those enjoying the buffet lunch, games and visiting were Dub Gollighugh of Quail, Mr. and Mrs. John R. Gollighugh, Randy, Kathy, Brenda, Bobby, Patty, Sharon, Barry, Mary and Anita, of Amarillo; Mr. and Mrs. W. F. MRS. TIMOTHY COY CATES

Tim Cates Weds Miss Terry Baldwin In Church Ceremony at Amarillo

Journey Street Baptist Church in Amarillo was the setting of the wedding of Miss Terry Gwen Baldwin and Timothy Coy Cates, 2209 South Grand, Amarillo, Friday, September 6, at 7:30 in the evening. The Reverend James E. Albritton, pastor, officiated.

The bride is the daughter of Mr. and Mrs. Darrell Baldwin, 4910 South Bowie, Amarillo. The bridegroom is the son of Mrs. Coy Cates of Childress and the late Mr. Cates. The family formerly lived here.

Decorating the altar were candelabras holding lighted tapers and arrangements of pink flowers.

Given in marriage by her father, the bride wore a gown designed with a lace bodice over blue and a fold of the satin marked the empire waist and the low rounded neck featured a turned-back collar. The floor-length white satin skirt swept to a chapel train.

Her satin headpiece held her elbow-length veil, and she carried a bouquet of pink roses.

Attending the bride as matron of honor was her sister, Mrs. Kevin Janes. Bridesmaids were another sister, Mrs. Gary Cox, and Mrs. Tony Lewis. All are from Amarillo.

They wore floor-length dresses in rainbow colors, styled with long sleeves and low necklines. Velvet ribbon marked the raised waistlines. Each carried a bouquet of roses.

The best man was Bill Miller.

Groomsmen, Dewayne Poteet and Roger Browning, are formerly of Wellington, as were the ushers, Billy Fred Cummings and Mike Poteet. The flower girl was Amy Herring and the ring bearer was Shawn Janes.

After the ceremony, Mr. and Mrs. Baldwin were hosts at a reception in the church fellowship hall. The bride's table was laid with a lace cloth over pink, and centered with an arrangement of pink flowers.

The bride was graduated from and Amarillo high school.

A graduate of Wellington High School, the bridegroom is an assistant manager of a Furr Foods store.

The couple is now on their wedding trip, and upon returning, they will live at the bridegroom's address, 2209 South Grand.

In the Kitchen

APPLE-CARROT BAKE
1 pound carrots
1/2 cup water
1/2 teaspoon salt
1 cup prunes, plumped
4 Washington state apples*, pared, cored and cut in quarters
1/4 cup corn syrup
1/4 cup orange juice
1 teaspoon grated orange peel
2 tablespoons butter

Pare and cut carrots into 1-inch chunks. Place in saucepan with water and salt. Bring to boil; cook until just tender, about 20 minutes. Drain, reserving liquid. Combine with corn syrup, orange juice and orange peel. Arrange carrots, apple quarters and prunes in baking dish. Pour over orange sauce. Dot with butter. Bake at 350 degrees 45 minutes or until apples are tender. Baste fruit occasionally.

Judd Reunion At Amarillo

The children of the late Mr. and Mrs. I.T. Judd held their annual picnic on Sunday before Labor Day, September 1, at Thompson Park, Amarillo.

Of the 13 living children, 9 were able to attend.

The day was spent visiting and taking pictures. Dinner was served at noon.

Approximately 90 attended.

The family formerly lived in the Roundup Community,

Alexanders at Cousins Reunion

Mr. and Mrs. Clyde Alexander of Dodson, along with their son and daughter-in-law, Mr. and Mrs. Ruel Alexander of Amarillo, were in Lawrenceburg, Tenn., recently to attend a family reunion. Another son, Fred Alexander, joined them at Searcy, Arkansas.

Known as the Alexander Cousins Reunion, it was held at David Crockett Park.

Approximately 65 attended this annual affair.

Willing Workers Four-H Meets

Willing Workers 4-H Club, which met Wednesday, September 4, has announced this as its new name. Last year the club was Red Raiders.

The girls played ping pong and had refreshments. They also decided on the parties they will give this year for their entertainment projects. They closed the meeting with the 4-H pledge.

Those who were present were Peggy Popwell, Callie McDonald, Lee Ann Sessions, Tami Boswell, Gail Rudy, Tina Young, Beverly Orr, Carla Seitz, Pam Turner, two guests, Leigh Ann Jeffrey, and Mrs. Henry, and the sponsors, Mrs. James Boswell and Mrs. V. K. Orr.

Bread is more than just a symbol today. With prices high, bread has become more important than ever as a hunger fighter and budget extender, Mrs. Gwendolyn Clyatt, consumer marketing information specialist,

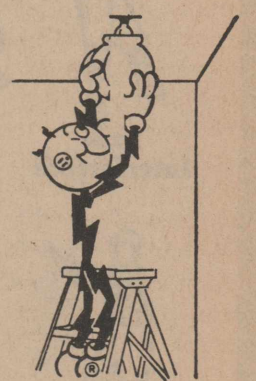

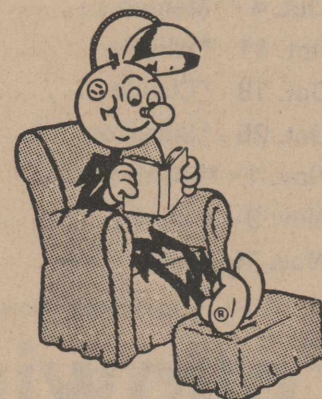

Reddy's consumer tips on ... lighting

Edison's light bulb has come a long way since it first lit up the night in 1879; today, lighting is such a natural part of our lives we hardly give it a thought. But the fact is, the more choice we have in how we can use light, the more attention we should pay to how we buy and use light bulbs and lighting fixtures. Put a little more light in your life by following Reddy's money-saving, energy-conserving lighting tips:

CARE FOR LIGHTING EQUIPMENT

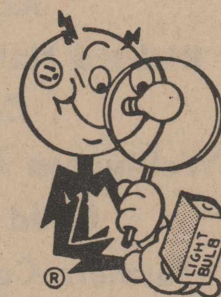

Dust and dirt alone cause substantial losses in the amount of light produced. Systematic cleaning is important. Clean lamp bulbs (when they are cool) with a damp cloth.

Check frequently for defective cords or plugs. Replace or repair them immediately if they are faulty.

LESS IS MORE

Generally, you'll get more light for your money if you use the least amount of bulbs that give the light you need. For instance, one 100-watt bulb gives more light than three 40-watt bulbs—and costs about one-third less to buy and replace.

READ THE LABEL

Speaking of "lumens," you'll find that all light bulbs have three ratings on their packaging. Lumens tell you what the light output or performance of the bulb is. "Watts" tell you how much electricity is needed to produce that light, and "bulb life" is the estimated length of time it will take the filament inside the bulb to burn out. When brightness is more important than bulb life—for reading, studying or working—choose the "standard" life bulb that gives you the most lumens for its wattage.

Remember, Reddy supplies the energy, but only you can use it wisely!

Have A Football Fiesta For \$5.00

Once school starts, Friday night means just one thing: another high school football game. How about an after-the-game party at your home? It's easy, inexpensive and fun. In fact, your own high schoolers can do the whole thing themselves and feed eight hungry fans for just \$5.00.

Since economy is the name of the party game this fall, make party decorations out of objects you already have around the house. The theme is Mexican; so raid cupboards and closets for objects with a Mexican look. A Mexican casserole makes a festive centerpiece. Fill it with fresh chrysanthemums or strawflowers. Wrought iron candlesticks take on a fiesta look when the bases are wreathed in real or artificial flowers. Large straw hats make superb wall decorations.

What the hosts wear to their party will be dictated by local teenage custom. They'll probably want to wear bluejeans and layers of sweaters to the game. Embroidered shirts are currently popular with everyone; so if there aren't any embroidered shirts in their wardrobes, help make some. Enlist all the nimble fingers in the family to sew a few flowers on the back yokes and cuffs of their favorite denim shirts.

The menu for this post-football fiesta features Mexican Quiche. The dish is partly like a traditional French quiche with its layers of cheese and a creamy custard of eggs and velvety evaporated milk, but this one has a Mexican twist that appeals to hearty young appetites. The bottom layer is a mixture of ground beef and green chili peppers. After baking, it's cut into rectangles and topped with a zippy sauce made from

chopped chiles simmered in fresh-tasting Tomatino sauce. Serve a basket of tortillas, warmed in the oven instead of bread. A green salad provides nutritional balance and refreshes the palate to keep the fans coming back for more.

Here's a recipe that guarantees the food will vanish like a boot-legged ball.

Mexicali Quiche

(Makes 8 servings)

1 pound ground beef
1 cup chopped onion
3/4 cup (7-ounce can) diced green chiles
1 teaspoon salt
1/4 teaspoon pepper
3 cups (12 ounces) shredded Jack or Cheddar cheese

6 eggs
1/2 cup flour
1 1/2 cups undiluted Carnation Evaporated Milk
1/2 cup water
1 1/2 cups (15-ounce can) Contadina Tomato Sauce

Cook ground beef and onion in frying pan until meat loses its pink color and the onion is tender. Break up large chunks of meat with spoon. Drain off excess fat. Remove 2 tablespoons diced chiles from can and set aside. Add remaining diced chiles, 1/2 teaspoon salt, pepper and 1 cup shredded cheese to meat in pan. Mix lightly. Spoon into 13 x 9 x 2-inch baking dish. Level with back of spoon. Sprinkle remaining 2 cups shredded cheese over meat mixture. Beat eggs, flour and remaining 1/2 teaspoon salt with rotary beater or mixer until well blended and smooth. Gradually beat in evaporated milk and water. Slowly pour over cheese in baking dish. Bake in moderate oven (350°F.) 25 to 30 minutes or until knife inserted near center comes out clean. Quiche will be lightly browned around edges. Let stand out of oven while heating topping. Finely chop the reserved 2 tablespoons diced chiles. Add to tomato sauce in small sauce pan and heat to boiling. Reduce heat, cover and simmer 3 to 4 minutes. Cut quiche into eight large rectangles and spoon about 3 tablespoons sauce over each serving.

Cates Named to House Committee On Calendars

Texas House Speaker Price Daniel, Jr., today announced the appointments of Representative Phil Cates of Pampa to the House Committee on Calendars and Representative Jon Newton of Beeville to the House Committee on Rules.

Vacancies on the two committees were created by the death of Representative Hawkins Menefee of Houston.

Cates resigned from the House Committee on Natural Resources and Newton resigned from the House Committee on Elections in order to assume the new positions. Representative Herman Lauhoff of Houston was named to those committees.

Daniel said, "Representatives Cates and Newton have performed admirably and capably in every position of responsibility they have held in the House of Representatives. I know that they will serve equally well in these new capacities."

LETTERS FROM THE PEOPLE

Dear Deck:

I am happy to see "Deck's Didactics" back in the Leader, but sorry to learn that your wife has been ill, and I sincerely hope that she will soon be in tip-top condition again.

I was amused at the statement of one of the nurses commenting that "She believed that she could afford to drive to Wellington for some of the grocery bargains advertised in the Leader." I almost feel that way myself, though it is a much longer journey for me.

The ad. of City Grocery, in the August 22nd issue of the Leader lists "Fresh California Prunes 19 cents a pound. Well prunes are one of the foods that I require a great deal of in the condition I suffer. BUT - I have to pay \$1.23 for two pounds right here within a few miles of the prune growing center. "Red potatoes - 10 pounds for 49 cents." City Grocery. 10 pounds 99 cents in Dinuba, just a few miles from where they grow them by the multiplied ton. "THERE IS SOMETHING?? in Denmark" so sayeth the philosopher.

The same thing holds true for our fruits. I am in the heart of the raisin belt. The Sunmaid's packing house and head offices are only 14 miles from where I live, but I pay 39 cents a pound for bulk raisins. The cheapest peaches on the market are 39 cents a pound. They are growing all around me. If you have a friend in one of the packing houses, you can get what they call "Culls" which are sweeter, riper and odd sizes, for taking them away. The packer does not like to give these away. They can't sell them under the regulations for packing and shipping fresh fruit, the packer had rather throw them into the garbage than give them to local people - but the peach and Nectarine "Bootlegger" is active around most packing houses. "Take em but don't tell anybody I said so."

The large packer who is also a grower, with a big acreage and a good variety of fruits, "has it made" as they say. The little grower is starving out. Loosing his small ranch in many cases. He cannot afford the high labour costs and have his fruit packed by the big man. One of these large ranches is just south of my home, 100 yards. This man has acres by the hundred, fruits by the ton of many varieties. Has his own packing house, cold storage, and every facility for handling fruit in bulk. As soon as the test will show the very minimum of sugar content allowed for packing green fruit he packs and ships. That's the reason the Thompson seedless grapes you get from California are sour to the taste. But getting right in on the opening market he gets his money.

Apples: 1 Wellington FFA; 2 Roland Torrez; 3 Norwood FFA; peaches: 1 Wellington FFA; 2 Mrs. Jack Lowry; 3 Mrs. W.E. Broater; pears: 1 David Russell; Cashes: 1 Johnny Needham, 2 Quail FFA; okra: 1 Quail FFA; 2 Wellington FFA; 3 Mrs. Jack Lowry; onions: 1 Mrs. H.L. Lowry; Porter tomatoes: 1 and 2, Mrs. David Phipps, 3 Samnorwood FFA; other tomatoes: 1 Norwood FFA; 2 Wellington FFA.

Cantaloupes: 1 Mrs. R.T. Savage, 2 Norwood FFA, 3 Wellington FFA; watermelon: 1 Brent Judd, 2 Wellington FFA, 3 Stephanie Judd; summer squash: 1 Patricia Fourmentin, 2 Mrs. Jack Lowry, 3 Norwood FFA; pie pumpkin: 1 Mrs. H.L. Lowry. Irish potatoes: 1 Norwood FFA; green cucumbers: 1 Johnny Needham, 2 Quail FFA, 3 Norwood FFA; Winter squash: 1 Mrs. H.L. Lowry, 2 Quail FFA, 3 Mrs. H.A. Davis; hot pepper: 1 Norwood FFA, 2 Mrs. Jack Lowry, 3 Wellington FFA; sweet pepper: 1 Quail FFA, 2 Johnny Needham, 3 Mrs. Jack Lowry; green beans: 1 and 2, Wellington FFA, 3 Norwood FFA; egg plant: 1 Quail FFA; 2 Mrs. Jack Lowry; other vegetables: 1 Mike Breedlove, 2 Mrs. Bill Poteet, 3 Stephanie Judd.

Court Order on Juvenile Offenders Affects County

The judgment handed down a few days ago by a federal district judge at Tyler closing the Gatesville and Mountain View reform schools for boys has impact locally as well as on the state level.

Another part of the order calls for community handling of its own juvenile problems locally, rather than sending its boys several hundred miles to reform schools, administered by the Texas Youth Council.

If the state does not appeal this order issued by U.S. District Court Judge William Wayne Justice, or if, on appeal, his decision is upheld, it will probably mean that Collingsworth County is going to have to provide a place to confine those boys who, from time to time, are sent to Gatesville. The judge is specific in his order and it is in keeping with current thinking of penologists and many others who deal with youths involved in crime.

Collingsworth County presently has before the Panhandle Regional Planning Commission an application for funding by the Criminal Justice Council of a facility to handle juveniles at the county level up to the point where they have been going to Gainesville. Confining these youngsters in the county jail no longer meets the requirements of the new Juvenile Code. A facility separate from adults must be had.

Keeping in mind Judge Justice's order, it may be well, if in working for this short term facility, we keep in mind that we may be needing something in the near future which will meet the federal court's order as well.

Space a Rich Strike

Since the tapering off of spending on space projects, people have about stopped asking, "What are we getting for all the money poured into the space program?"

The asking of that once-familiar question ought to be resumed. The answer is getting longer and more impressive by the day.

The benefits derived from satellites alone make a list that soon may have to be measured in light-years. They include much-improved weather forecasting, more efficient telephone communications, transoceanic TV, better education, swifter exchange of information of all types (for instance, medical, scientific and business), improved navigation and mapping.

Satellites are being used to inventory crop yields, detect pollution, study geological formations, monitor flood areas, spot new mineral resources and keep check on lake sedimentation, to name just a few other things.

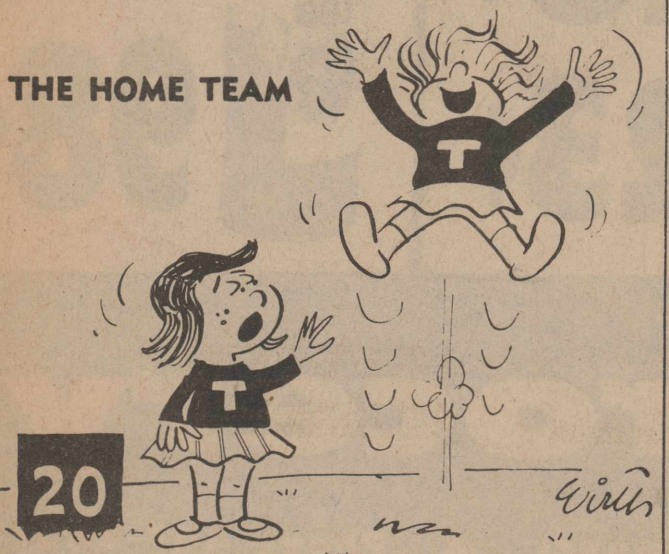

We don't have the computers or the data to arrive at the precise figures. But we'd be willing to bet that the returns from satellites alone will in time reimburse the nation many times over for its investment in space. And these are returns in which every citizen, from the wealthiest to the poorest, share in some degree.

The American public ought to keep that in mind from year to year as their representatives in Congress come under pressure from visionless persons and groups who would do the space program in through financial starvation.

In case anybody asks that question again, the space program is worth it — and then some.

"No, no, Gladys . . . that wasn't our side!"

STATE CAPITAL Highlights AND Sidelights

by Lyndell Williams

TEXAS PRESS ASSOCIATION

AUSTIN—Rep. Bill Clayton, moving fast to roundup votes over the Labor Day weekend, staked claim last week to more than 100 votes in the House Speaker's race.

With 76 the minimum needed to win, Clayton, a 45-year-old farmer and rancher from Springlake (population about 300) in Lamb County, indeed, appeared to have the speaker's job racked up.

But Rep. Carl Parker, 40, of Port Arthur refused to concede defeat.

Rep. Fred Head of Athens set the stage for Clayton's apparent victory by withdrawing from the contest and throwing 15 votes to the West Texan.

While Parker was still checking the pledge cards, Rep. Jim Nugent of Kerrville also withdrew and announced — along with 14 others — he would back Clayton.

Then, Rep. David Finney of Fort Worth released his five remaining backers to do as they pleased.

Parker claimed the Clayton coalition — which includes staunch conservatives, staunch liberals and down-the-middle moderates — is hastily and insecurely glued together.

He said he still hopes to shake it apart by emphasizing to liberals his own voting record, particularly on House reform, minority, labor, consumer and ecology legislation.

Most legislators appeared to agree with Clayton that: "For all intents and purposes, the ballgame is over."

CRC TO MEET—The 37-member Texas Constitutional Revision Commission plans an October 4 meeting here to take a look at possible future means of getting a new state constitution.

The January-July Constitutional Convention, with the legislature sitting as delegates, ended in failure. CRC recommended a revision draft to the convention which has drawn wide praise as a sound document.

The blue ribbon commission, which conducted a 10-months' study in 1973, is now officially disbanded and must make the trip to Austin at members own expense. Many have proposed that the legislature take the CRC revision draft and other recommendations and try next year to come up with a document which can be submitted to voters.

TYC OVERHAUL ORDERED—U. S. District Judge William Wayne Justice in a 200-page opinion issued in Sherman ordered massive changes in operations of the state agency dealing with youth offenders.

Justice directed that Gatesville State School for Boys and Mountain View maximum security unit near Gatesville must be "phased out" as quickly as possible. He cited records of cruelty to youthful inmates there.

Texas Youth Council members voted to appeal the order because it did not "take into account improvements (during) the past year."

TAX CUT TALKED—Both Governor Dolph Briscoe and Lieutenant Governor Bill Hobby have suggested sales tax rate cuts next year.

Briscoe called for elimination of the four per cent tax on utility bills.

Hobby, in a speech here, said he thinks the projected \$1.5 billion general revenue surplus will lead legislators to consider "very seriously" lowering the state sales levy in 1975.

Briscoe's proposal would take an \$80 million annual load off utility bills.

AG OPINIONS—A law prohibiting membership by licensed vocational nurses in labor unions with the right to strike is unconstitutional, Atty. Gen. John Hill held.

In other recent opinions, Hill concluded:

• A justice of the peace may not delegate to any employee exercise of his constitutional or statutory judicial powers.

• Records of State Bar Grievance Committee proceedings are not subject to mandatory public disclosure under the open records act.

• The Workmen's Compensation Second Injury Fund may be deposited in an interest-bearing account.

• Wages must be paid at

least semi-monthly and within 16 days after the day earned.

• Certain medical records of county hospitals may be protected from forced disclosure.

BOOK HEARINGS ON—More than a dozen individuals and groups this week presented 484 objections to public school textbooks submitted for state adoption in 1975.

The three-day September hearings — airing objections and answers of publishers — are the first step in the annual adoption process. The State Board of Education will have the final say when it votes on the books November 9. The board will also hold a special public hearing here November 8 to hear objections to specific books and any claims of misconduct or procedural irregularities.

POPULATION BOOMING—Texas population is growing by 30,000 a year due to migrations from other states, and nearly 250,000 new baby Texans are born annually.

But the most important factor in growth and decline of cities, according to a new report by Robert I. Ryan, editor of Texas Business Review at The University of Texas, is not birth rates but job opportunities or lack of them. One hundred and eighty-five of the 254 counties actually lost population through migration in the last decade. The Negro population increased during the sixties at a 55 per cent higher rate than the white population.

STATE JOBS TO INCREASE—State employment will increase substantially during the next half dozen years, according to Texas Research League.

The League, a privately-supported research group, predicted non-educational employees will increase from 58,700 to between 78,000 and 95,000 by the fiscal year 1980. The average cost per employee is estimated by TRL to increase from \$9,174 (a 1972 figure) to more than \$12,000.

Pass the Salt

Ancient wrecks currently under excavation in the Zuider Zee are so saturated with salt water that they must be continually doused with fresh water while excavation progresses. Once in the museum of ships at the digging site, the wrecks are regularly showered until the timbers have been desalted and then are sprayed with a preservative.

Bill Pickett, a black cowboy known as "the Dusky Demon," is credited with inventing the sport of bulldogging. He died in 1932 and has been installed in the Cowboy Hall of Fame, Oklahoma City.

Not To Be Drunk

Amethyst comes from two Greek words meaning "not to be drunk." It was believed that the violet-blue variety of crystalline quartz would keep the wearer sober. Drinking cups were also made of amethyst.

Words, Words, Words

The English language contains about 490,000 words plus another 300,000 technical terms, the most in any

language; yet, it is doubtful any individual uses more than 60,000 words.

The Pentateuch, first five books of the Old Testament, came to be regarded as the Hebrews' supreme law, or Torah, after the Babylonian exile in the 6th century B.C.

No Uniform

The President of the United States does not wear a uniform since he is a civilian, despite the fact that he is commander-in-chief of the armed forces. Tradition forbids his appearing in the uniform of the military or naval services.

CROSSROADS REPORT

Dear Editor:

I see where the Arabs' oil shakedown operation has got them overloaded with U.S. money, so they are looking for good places to invest same.

Some reports are that they may buy up General Motors and other stocks until they own our big industries and can double and triple prices on cars and other products when the notion strikes them.

And when the desert brigands can raise the price on cars as vastly as they have on their oil, they can really put us Americans back on our feet.

Forage Research Assistant Named For Bushland

BUSHLAND -- Dr. Joe A. Escalada, assistant professor of agronomy, has joined The Texas Agricultural Experiment Station at Bushland, according to Dr. Kenneth Porter, professor-in-charge. Escalada, who joined TAES on July 1, will conduct research on forage production and utilization at the USDA Southwestern Great Plains Research Center at Bushland.

Reared on a ranch near Nogales, Ariz., the 29-year-old scientist received the bachelor and master of science degrees from the University of Arizona, the Ph.D. in agronomy from the University of Wisconsin in July, 1972, and has been doing post-doctoral studies at the University of Minnesota during the past two years. He is a member of Sigma Xi, a scholastic honorary fraternity.

Working with other members of the Bushland staff, the new scientist will evaluate the production potential of different warm and cool season grasses, legumes, and annual forage crops relative to yield and quality under different fertility and irrigation levels.

His studies will include improving beef production efficiency, Porter said. The effects of forages and forage management systems on animal nutrition and health will be studied in cooperation with a livestock nutritionist and veterinarians at Bushland.

Youthful Joshua Fiddler Wins Contest Saturday

Youthful Randy Elmore of Joshua was named the champion fiddler in the Collingsworth County Fair Contest Saturday, September 7.

At 20, he was the youngest man in the contest, but he chose some of the oldest of the fiddle tunes, as he played "Dusty Miller" "Sally Johnson" "Over the Waves Waltz" and "Billy in the Low Ground."

Winning championships is not new for Elmore, who fiddles with the best of them throughout Texas. This one, however, could be something in the nature of a celebration of the birth of his second son, Jerry, born Tuesday, September 3. He and his wife, Debbie, have another son, Jody, 11 months.

Second place went to a former county man, Bartow Riley of Childress. Reared at Samnorwood, he is one of the veteran fiddlers. His numbers included two of the old ones, "Sally Goodin" and "Billy in the Low Ground," along with "Nashville Waltz" and "Kansas City Kitty."

Winning third was Dick Horton of Mustang, Oklahoma, who also picked the guitar accompaniment for a number of the other contestants.

Bobby Scruggs of Amarillo was fourth, Dean Yadon of

brother and family, Mr. and Mrs. Jerrell Fielding and Rebecca, and also visited some of her friends while there.

Perryton fifth, Henry Lester of Idalou sixth and Gordon Shults of Mangum, seventh.

Mr. and Mrs. Bill King were chairmen of the Fiddlers Contest, and in addition entertained a number of contestants at their home Friday night.

Long one of the most popular events of the Fair, this one was no exception.

Five on Dean's Honor Roll at Texas Tech

Lubbock, A total of 5 Texas Tech University students from Wellington, Texas were recognized for academic achievement during the spring semester and were listed on the deans' honor rolls.

To qualify for the recognition, students must achieve a grade average of 3.0 on a 4 point scale.

Included on the honor rolls were: Ronald D. Gray, School of Arts and Science; Kathy A. Cox and Catherine L. Singley, School of Education; Randall T. Amoret, School of Arts and Science; and Olan K. Moore, School of Agriculture.

Approximately 21,500 students are enrolled in the six colleges and two schools at the university: Agricultural Sciences, Arts and Sciences, Business Administration, Education, Engineering, and Home Economics and the Graduate School and the School of Law. Texas Tech is one of the major universities in the state and third largest in enrollment.

Questions People Ask About the Catholic Church

Q. What do you think of the Jehovah Witnesses?

A. I never express opinions about the various denominations in my column. I am not competent to do so, and as long as they respect my beliefs and allow me and all the half-billion members of Our Blessed Lord's Holy Catholic Church to worship as we believe, then we will respect them, and may God bless them in their efforts in their own sphere of influence.

Q. Do you think we should have stricter gun-laws?

A. Yes, I do. No decent American will object when he has to license his car or his dog, so I fail to see why he should kick up a fuss about registering his gun. All three of these are capable of killing or maiming other people, so they should all come under similar control. I think guns should be forbidden for people convicted for a crime of violence, or those found to be mentally unstable, or for all people under 18. I don't think this would affect the right of law-abiding citizens to bear arms or keep them in their homes for protection.

SEAT BELTS VS AIRBAGS

For those motorists who were pleased and happy when the House recently voted 339 to 49 to discontinue the installation of buzzer-interlock seat-belt systems, get ready for an expensive alternative; the airbag.

The Transportation Dept. announced it would go along with the Congressional demands to eliminate the annoying seat-belt interlock system which is now required by law. But, the Transportation Dept. has taken a determined attitude toward driver safety devices by insisting that it would strongly resist efforts to eliminate mandatory installation of the expensive airbag system beginning with the 1977 model cars.

The Transportation Dept. has published statistics which analyze the cost and benefits of passive restraint systems, such as airbags. The figures estimate that between 1977, when airbags are required equipment, and 1985, airbags in conjunction with seat-belts could save

first in other cakes.

Winners Named In Ceramics Class at Fair

A pitcher and bowl set made by Mrs. Myrtle Stages was chosen grand champion entry in the ceramics division of the Collingsworth County Fair. The reserve champion was a hand-some owl by Mrs. Sam Carter. Both were finished in rich browns glaze.

All entries were from Samnorwood Young Matrons Club.

Mrs. Joe Frank Knoll won first place with a bowl of fruit; Mrs. J.H. Oldham's entry, statuettes entitled Cherry Pickers, placed second; and Mrs. Douglas Coleman's statuettes, Three Hoboes, was third.

85,000 lives compared to 47,000 lives using only the seat-belt interlocking system. The cash value for saving productive human life would total \$9.8-billion for airbags vs only \$3.9-billion for seat-belts, says the Transportation Dept.

The present legislation now in Congress, which would completely eliminate the seat-belt interlock system, leaving only a warning light as a reminder to fasten seat-belts, makes an even better case for the passive airbag system. In other words, if Congress insists on doing away with an important means of requiring drivers to use their seat-belts, then it is even more imperative to require airbags to become standard equipment in order to save as many lives as possible, now that the fastening of the seat-belt is no longer necessary to start the car.

Those new Transportation Dept. figures could strengthen the Senate's attitude toward mandatory airbag installation by 1977. The Senate has already passed the legislation making the airbag standard equipment. A Congressional showdown should come next week when lawmakers return to Washington. Those drivers who were most vocal about doing away with the seat-belt interlock system have just bought themselves a much more expensive substitute. The airbag could increase the cost of a new car by as much as \$350 to \$500.

Thomas Nursing Center News

Welcome to our new resident: Mrs. Bessie Winters, C Wing Room 13.

We still have one resident in our local hospital, Mrs. Elizabeth Grooms. Mr. Ralph Barton was able to return home early last week. The residents of the home enjoyed two afternoons of bingo, dominoes, and forty-two.

On Tuesday the Light House Quartet came to sing and visit.

Rev. and Mrs. Carl McKinney and a group from the Assembly of God Church were with us on Thursday evening. They sang in the living room and in the halls for the bed patients.

The residents of the home were taken to the fair parade on Friday in the bus from the First Baptist Church. They all enjoyed the parade and seeing the people.

Several of our residents were taken by their families to see the exhibits at the community building.

The Bowie Street Church of Christ was with us on Sunday for services. Hymns are played several days a week during the noon time for the residents to enjoy.

We have been having lots of fun in the activity room. Our biggest project at the present time is our rope donkey.

We had two volunteers last week to come and help us. They were Mrs. Wood Coleman and Mrs. Buck Breeding of Samnorwood.

We entered one of our donkeys in the adult hobby division and won a first place ribbon.

We plan to start making lap throws soon. If anyone has any knit or cotton scraps they wish to donate to any resident we would appreciate them doing so. The scraps can be brought to the home or called in at 2777.

Rufus Carson spent Sunday in the home of his son Mr. and Mrs. John Carson of Quail.

Proclamation

WHEREAS September 16 through 20 is Constitution Week, a date written into our laws in observance of the signing of the Constitution of the United States of America 186 years ago.

WHEREAS Constitution Week is sponsored Nationally by the Society of the Daughters of the American Revolution, and locally by La Piasana Chapter of DAR, in recognition of this document which is our Charter of Freedom,

NOW THEREFORE, I, Billy Hatch, Mayor of Wellington, do urge that all of us join with the DAR in reading, studying and evaluating the Constitution as the protecting power of our daily freedom.

Given under my hand this the 9th day of September, 1973.

Billy Hatch, Mayor
City of Wellington

Correct Attest:
Lorene Jenkins
City Secretary

Thanks, Folks

For Helping Make the 1974 Fair a Success

We want to express our sincere appreciation to everyone who helped to make the 1974 Collingsworth Fair such a success.

We especially thank the heads of the departments and their assistants, and the organizations and individuals who assumed the responsibility of making the arrangements for the exhibits, the show, the barbecue, the parade and all the events of The Fair.

We would like to report that The Fair was a success. As we thank each of you, we ask for your continued help next year.

We need your membership as an individual or as a business

Tractor Course for Farmers Announced

A tractor maintenance short course for adult farmers will be held Monday through Thursday, September 16-20 under the sponsorship of the Samnorwood High School Vocational Agriculture Department, according to Rex Peebles, superintendent and Jimmy Brown, teacher of vocational agriculture.

The short course is being sponsored by the vocational agriculture department of Samnorwood High School. Mr. Norman K. Waggoner, tractor maintenance specialist with the Vocational Agriculture Division of the Texas Education Agency and the Department of Agricultural Engineering at Texas A&M University, will do the instruction. He is headquartered at Texas A&M University.

Mr. Waggoner, a native of Michigan, received his B.S. Degree in Agricultural Education from Michigan State University, in 1942 and his Master's Degree in Ag. Economics in 1948 from the same institution. He taught Vocational Agriculture in Central Michigan five and one-half years. Since 1951 he has been associated with Ford Motor Company in several capacities in the Tractor & Implement Division. For three years prior to joining the Specialist Program, he trained service and sales personnel for the Ford Motor Company at Paris, Texas.

Arrangements for the adult education short course in tractor maintenance and in other fields are made through Mr. Brown's office.

The short course at Samnorwood is scheduled to be held September 16-19 from 7:00 to 10:00 p.m. in the vocational agriculture building.

During the dates the short course is in progress, Mr. Waggoner will be available to assist farmers with individual tractor problems and to provide "on-the-farm" instruction, according to Mr. Brown.

Farmers interested in attending the short course should write or call the Superintendent of Schools, Mr. Peebles, or the Teacher of Vocational Agriculture, Mr. Brown. An entry fee of \$3 will be charged. Tractor Maintenance Short Course Certificates are to be presented to each individual who attends all the training sessions.

With cool weather just around the corner, you with a fireplace will soon begin using it. Although a burning fireplace is beautiful in itself, colored flames can do a certain kind of magic for special occasions.

You can have flames that are red, green, blue, orange or purple depending upon the chemicals used to treat the material to be burned in the fireplace.

Calcium chloride can be used to produce orange flames, copper chloride - blue, potassium chloride - purple, strontium nitrate - red, lithium chloride - carmine, and copper sulfate - emerald green.

Dry pine cones, small blocks or chips of wood can be soaked in solutions of these chemicals to produce the multi-colored flames when burned. Most of the chemicals to produce the multi-colored flames when burned. Most of the chemicals can be purchased from chemical suppliers or

NORMAN K. WAGGONER

Mr. Waggoner states that the key to longer tractor life comes from a full knowledge of the fundamentals of an engine and the application of the proper maintenance skills involving lubrication, fuels, carburetion, air cleaners, cooling systems, valves and ignition. Mr. Waggoner will cover the proper adjustments and maintenance of the above, with emphasis on the importance of each in obtaining a longer tractor life, and improved performance. Throughout the short course, emphasis will be placed on "learning to do by doing" through the use of several demonstration tractors. All enrollees will have the opportunity to perform actual adjustments and maintenance on their own tractors. Safety and operating techniques will also be stressed.

"Short courses in tractor maintenance, as well as other subjects, are now available to farmers throughout the state under the new cooperative program between the Texas Education Agency and Texas A&M University, stated Bob Jaska, associate professor, Department of Agricultural Education at Texas A&M University who coordinates the program for Texas A&M.

"This cooperative program," states Jaska, "is designed to make the services of specialists available to conduct short courses under the supervision of public schools. Such a program will enable teachers of vocational agriculture to provide improved educational services to farm people."

Specialists are now available in the fields of Beef Production, Farm Wiring, Electric Motors, Farm Welding, Swine Production, Tractor Maintenance, Pasture, and Oxyacetylene Welding.

local drugstores.

To treat cones or wood, a plastic pail and onion sack are needed. The cones or chips are placed in the sack and immersed in a solution containing one pound of the desired chemical dissolved thoroughly in one gallon of water. The bag must be weighed down so the material is completely covered by the solution. Allow the cone or wood to soak at least 10 minutes.

After soaking, the treated material may be placed on newspaper to dry. After drying overnight, they will be ready to use in the fireplace.

"Logs" can be made of loosely rolled newspapers tied with a heavy twine and soaked in a solution of four pounds of copper sulfate and three pounds of rock salt in a gallon of water. They will require several days to dry out. Once dry, a paper log will burn all evening and produce a rainbow of colors.

Mrs. Holton, Sullivan Win Art Exhibit

A still-life in oils by Mrs. John Holton was judged the grand champion painting in the 1974 Collingsworth County Fair Art Show, Bois d'arc apples and an Indian jar were shown.

The reserve champion's rosette was a quail, partially hidden in tall Collingsworth County grass, painted by Henry Sullivan. This also was an oil painting.

Other winners in the division for oils included Mrs. Hubert Bowen, first, with a still life of chrysanthemums in rich colors of golds and browns; Mrs. Jack Campbell, second, with a landscape in which a windmill was featured; and third, by Henry Sullivan, a portrait of two Mexicans painted in baroque style.

In the division for charcoal, pin and ink pastels, and acrylics, Mrs. L.C. Hill's still life water color of vegetables placed first. Second went to Sandy Covey for a pastel portrait of his small son, and he also received third for a landscape in blues and greens. Tying for third was a charcoal drawing, a New Mexico scene, by Mrs. H.L. Jenkins.

In the division for sculpture, Bill Warrick placed first with a hand-made metal wind-mill. Second and third places were awarded to Danny Romo, for sculptured wooden pieces. One of these, was a handsome wall hanging, which he made one of his sisters as a wedding gift.

To be noted especially in this show were the number of artists who were exhibiting in the County Fair for the first time ever.

The exhibit was shown in the newly remodeled Community Center Club Room, which proved a handsome setting for the paintings.

Larger than usual crowds also visited this year's art show. Mrs. John Holton was chairman, and her assistants were Mrs. Pete Nipper, Mrs. Truett Holland, Mrs. H.C. Hill and Mrs. John Sherman.

Church Women Set Garage Sale

The Assembly of God Women's Missionary Council will sponsor a garage sale starting Friday, September 13, and continuing for approximately a month, the Rev. Carl McKinney, pastor, announced.

The sale will be in the old Red Top Cafe Building on West Avenue, north of the square.

The sale will be in the old Red Top Cafe Building on West Avenue, north of the square.

Clothing, household items, furniture and miscellaneous items will be offered.

Proceeds will go to the remodeling of a church annex and kitchen.

Shredded Bills Get More Action

College action -- Get results from computer-calculated bills.

"If you receive an incorrect bill, shred it," Lillian Cochran, home management specialist with the Texas Agricultural Extension Service, Texas A&M University System, advised.

"Place the shredded bill along with the note of explanation--in an envelope, and mail it to the company. This requires personal attention--whereas just a hand-written note might be ignored. "The main point is to mutilate the bill in such a way that the computer is forced to take action," she said.

Two Criminal Justice Grants Approved in Area

Austin -- Governor Dolph Briscoe has approved two criminal justice grants totaling \$100,955 for improving law enforcement in the area served by the Panhandle Regional Planning Commission, based in Amarillo.

Larger of the two grants, \$69,263, goes to Amarillo for fourth-year funding of the Potter-Randall Metro Intelligence Unit. The unit is made up of members from the Amarillo and Canyon police departments and sheriffs' offices of Potter, Randall and Deaf Smith counties.

The unit conducts investigations and surveillances pertaining to organized criminal activities and either assists in making arrests or provides information to an enforcement unit for arrest and prosecution.

The second grant, to Panhandle Regional Planning Commission for \$31,692, provides continuation of the law enforcement academy. Two basic law enforcement training courses of six weeks each and a nine-week specialized training course will be offered to some 340 officers with 1974 funding.

The money comes from the Criminal Justice Division of the Governor's Office. CJD administers the state's block grant from the Law Enforcement Assistance Administration under the Crime Control Act of 1973.

The local grants were among 60 totaling \$4.7 million which the governor approved.

FHA to Make Livestock and Poultry Loans

Financial assistance to livestock and poultry producers under the Emergency Livestock Credit Act will become available next week through a new loan guarantee authority of the Farmers Home Administration (FmHA), a rural credit service of the U.S. Department of Agriculture.

Raymond D. Hodges, FmHA County Supervisor, said the agency will be prepared to implement the recently-enacted law by guaranteeing up to 80 percent of possible loss on loans made by legally organized lenders to livestock and poultry producers.

Under terms of the act, the loan guarantee program will be in effect through July 25, 1975. It may be extended for 6 months beyond that date if the Secretary of Agriculture determines that it is needed to help the livestock industry obtain sufficient credit.

The law calls for loans to be made by banks or other legally organized lenders. Mr. Hodges said interested producers are urged to make applications to, and complete loan arrangements with lending institutions. The lender in turn will ask FmHA for a loan guarantee if one is required. The lender will process the application, close the loan and service it.

The maximum loan to any single borrower that can be assisted by an FmHA guarantee is \$250,000. Loans will be determined between borrower and lender. Two years may be authorized. Interest rates are determined between borrower and lender.

Mr. Hodges said the agency is authorized to guarantee up to 80 percent loss a lender may incur on loans to bonafide farmers and ranchers who breed, raise, fatten or market beef and dairy cattle, hogs, sheep, goats, chickens and turkeys. A majority of the borrower's income must come from the operation, and a majority portion of the borrower's time must be devoted to the livestock or poultry production.

In the case of a corporation

or partnership, assistance can be extended only when he majority partners or stockholders are primarily engaged in the livestock or poultry production.

FmHA guarantees will be made only when the bonafide farmer or rancher cannot obtain financing with a guarantee. Loans may not be made to expand operations.

Mr. Hodges said the county FmHA office serving

the area where the borrower's livestock or poultry operations are conducted will handle requests from lenders for guarantees or supply information on the loan guarantee program.

The FmHA Office serving Collingsworth County is located at 904 West Avenue, Wellington, Texas.
