341 FOOD DEALERS PLEAD "GUILTY"

AUSTIN, May 21.—Three hundred and forty-seven dealers in Texas have entered pleas of guilty to charges preferred by representatives of the State Dairy and Food Commission, during the period Sept. 1, 1919, to April 1, 1920, according to Commissioner R. H. Hoffman. In fifteen cases trials were necessary to secure convictions.

The different charges which brought pleas of guilty are tabulated by Mr. Hoffman as follows:

Gasoline short measure 31; unsanitary slaughter pens 19; unsanitary meat markets 14; insan-

itary bakeries 12; adulterated ice cream 47; adulterated bottling works 10; preservatives added to meat 14; saccharine not stated on soda water labels 10; food unprotected from flies, dust, etc 34; spoiled foods offered for sale 25; old eggs offered for sale 8; dishes and glasses not sterilized 12; unsanitary restaurant 48; unsanitary dairies 3; unsanitary soda fountains 3; unsanitary kitchens 5; filthy drinking water 1.

Convictions were secured against fourteen dealers who offered food not protected from flies, dust, etc, for sale, and one dealer for not selling full measure of gasoline.

Mrs. P. G. Tucker and daughters came down from Abilene, Thursday afternoon, to visit friends, and spend a day in Ballinger.

MUST RUN MEXICO TO SUIT VILLA

BOQUILLA, Chihuahua, May 21.—Francisco Villa is yet a factor in Mexican affairs, and has not retired from service as previously reported.

Villa is ready and willing to take the field and lead an army against the newest revolutionary forces, as he was against Carranza. In an interview with an Associated Press reporter in his camp here today Villa declared that Carranza's successor must fully satisfy his ideals of government before he would retire to private life. If things do not go to suit the man who has so long been a terror to his country, he will start another revolution and attempt to overthrow the government which is now being formed after the downfall of the Carranza government.

CHIHUAHUA CITY, May 21.—President Carranza, with a small force, is fleeing across the mountains toward Barranquilla coast, according to information received from Mexico City today.

A telegram from Equiel Salcedo, labor representative with General Elias Callas, Mexico City information bureau said that relations between Mexico and England will be resumed when the new provisional president assumes his office.

General Lucio Blanco and General Francis P. Demarcel have offered to surrender unconditionally, and the entire republic is now practically under control of the revolutionary government.

RETAILERS REFUSE TO BUY GOODS

NEW YORK, May 21.—Price cutting today reached the wholesalers when the managers of prominent department stores announced that they would refuse to buy from jobbers unless a substantial reduction was made in prices.

A large department store with branches in six cities, said: "we are not buying future stocks now and will not buy until manufacturers and wholesalers come down with their prices."

TEXAS TOWNS GET BOLL WORM SEED

AUSTIN, May 21.—A concurrent resolution proposing an investigation of the pink boll worm situation this afternoon, and which was recommended by a joint session of the senate and house agricultural committees, was adopted in the House this afternoon.

Opponents of the non-cotton zones stated that they were in favor of the investigation. No boll worm legislation will be enacted until the investigation has been completed.

ASKS

AUSTIN, May 21.—The Louisiana agriculture department today wired the Texas legislature the names of towns, in Texas which had received cotton seed from the pink boll worm infested parishes in that state, stating that the seed had been shipped to the following points: Houston, Beaumont, Snyder, New Braunfels, San Augustine, Fort Worth and San Marcos.

The House committee on agriculture today recommended an investigation into the pink boll worm situation by a joint session of the House and the Senate agricultural committees.

The educational bill calling for an appropriation for emergency school aid amounting to about six million and five hundred thousand dollars, is expected to be introduced this afternoon.

AUSTIN, May 21.—The Texas Senate this afternoon adopted a resolution which was introduced in the House urging the Louisiana legislature to ratify the National Woman Suffrage amendment. The Louisiana legislature is in session and will vote on this question soon.

FIRST CALL ON LEAGUE FOR HELP

LONDON, May 21.—Persia today appealed to the league of nations to protect her from bolshevik aggression. The appeal came following the landing of bolshevik troops on Persian soil. The soldier, landed from the Caspian sea. The call for help came thru the Persian minister at Paris.

I. C. C. APPROVES BIG RAILROAD LOAN

WASHINGTON, May 21.—A loan of at least one hundred and twenty-five million dollars, out of the three hundred million revolving fund, to enable railroads to purchase equipment to meet the transportation needs, was approved today by the Interstate Commerce Commission.

SEPARATE PEACE BILL TO WILSON

WASHINGTON, May 21.—Republican peace resolution was adopted by the House today and now goes to the president for his approval. The House majority accepted the senate substitute, notwithstanding that the democrats vainly opposed it. There is much speculation as to how the president will treat the resolution.

Seventeen girls graduated in Coleman schools and seventeen boys graduated in the Ballinger schools. Good showing for our boys.

The San Angelo Standard says that oil operations in West Texas wild cat fields is being greatly delayed on account of lack of fuel and casing. Added to the cause of delay is perhaps, a lack of oil.

That stinch created at the Bailey meeting in Dallas recently will not down, but lingers in the nostrils of Texas democracy. It was the first time such language was ever used in a public speech in Texas, and is a disgrace to Texas. It is up to the voters of Texas, to stamp out at the ballot box, and we believe that they will do it.

The announcement that banks will loan money only for buying the necessities of life and conduct necessary business, may help some in teaching a lesson in economy and aid in cutting out luxuries which many people are not able to afford. It is poor business, and bad policy to borrow money and pay high rate of interest for luxuries. It leads to bolshevism.

COUNTY LIBRARY IDEA TAKING HOLD

AUSTIN, May 21.—Miss Elizabeth H. West, State Librarian, announces that the county library idea is taking hold in some of the Panhandle counties.

Dallas county already has made provision for the establishment of a county library, she said while Potter county, she said, is working on the plan. The proposed library in Potter county, probably would be located in a new city auditorium, to be constructed at a cost of some \$450,000 in the city of Amarillo.

"The extension of county library service is one of the principal objects of the 'Books for Everybody' movement of the American Library Association." "To achieve the purpose of the movement a fund of \$2,000,000 is being solicited from the American public, not through an intensive drive, but by quiet efforts of libraries, library trustees and friends of the libraries."

EXPRESS COMPANIES MAY BE MERGED

AUSTIN, May 21.—The Texas railroad commission has announced receipt of official notification from the Interstate Commerce Commission that application has been made by the companies merged into the American Railway Express Company during the war for permission to permanently consolidate. Express companies involved are the American, Adams, Wells-Fargo, and Southern.

The Interstate Commerce Commission notified the Texas commission that "an investigation is to be made for the purpose of determining the matter involved" in the application.

The attitude of the Texas Railroad Commission on the proposed merger was not announced.

100 MANY COCKS SPOIL THE BROTH

The Ledger has been requested by the local volunteer fire company to ask all those who are not members of the company to "hands off" unless called on, when there is a fire alarm turned in.

"We think that it is unthoughtedly done," said a member of the local fire company, "when an outsider jumps in and tries to help us, but it often causes confusion and results in loss to property."

The member of the company which called on The Ledger cited an instance only a few days ago, where the company was called to a fire and a man who is not a member of the company took a hand in the fire fighting and caused the chemical apparatus to be turned on and did considerable damage which could have been avoided.

There are thirty-four members of the local fire company, and a sufficient number of them are most always on hand and able to handle the fire, unless it should be an unusually bad fire, and have gained good headway. In that event the Chief will call for volunteers to assist if they are needed.

This question was discussed at a meeting of the fire boys Thursday night, and three special fire policemen were appointed to assist.

sist Fire Marshal Flynt in keeping those not members of the company out of the way. H. M. Jolley, N. Passur and W. C. McCarver were appointed to assist in handling the work. If you are not a member of the fire company, keep your hands off and your mouth shut, unless you are called on.

Speeding to fires is another matter which will receive the attention of the traffic officers. The sounding of the fire alarm does not license any one except the fire company to break the speed limit, and a wholesale round up will be made of speeders and the usual fine for that offense assessed unless he is carrying a fireman to the scene of the fire.

There is more or less confusion and excitement when the fire alarm is turned in and it is no time to speed through the streets at break-neck speed. Most of those who violate the speed law and speed to the scene of the fire are only curiosity seekers, and a few fines will put a stop to the violation of the law.

IT'S REALLY surprising.
THE MONEY you save.
BY ASKING questions.
I FOUND that the maker,
OF A hair restorer,
WAS BALD as a coot.
SO I passed that up.
AND A bird who came,
TO SELL off stock.
HAD HIS own cash.
IN LIBERTY Bonds.
SO I ducked again.
AND I asked a clerk,
FOR THE best cigarettes.
AND HE reached around.
FOR A fancy box.
AND I knew I was in.
FOR THE same old line.
SO I asked him this.
"WOULD YOU smoke one of 'em."
IF I bought a box?
AND THEN he smiled.
LIKE A regular guy.
AND SAID "No thanks.
I'LL SMOKE my own."
AND I got wise.
AND ASKED him then.
WHAT BRAND he smoked.
AND HE showed me.
AND THEN he said.
"THEY SATISFY."
AND B'GOSH, he's right.

SURE they satisfy. Chesterfields have "body"—that's the reason. Body enough to satisfy a cigar smoker. And yet Chesterfields are mild. Impossible? That's it exactly—Chesterfields have accomplished the impossible. They satisfy and yet they're mild.

SONNY BOYS TAKE GAME FROM PAPAS

The "sugar" game in base ball sport will be played Monday afternoon between the married boys and the single men.

The third game is very necessary to decide where our baseball strength lies and determine whether the "sonny" boys or the papa's wear those new uniforms.

As the score now stands each team has one game to their credit and the papa's have the best of it on scores. The first game was played several days ago and the married men defeated the single boys by a score of 11 to 2.

The second game was played Thursday afternoon and proved to be a slugging match, with the sons chasing around the diamond eighteen times and the papas making the rounds only thirteen times.

The old heads went to the bad in the second inning when the young fellows landed out the skin of seven runs. However, the papas did not weaken, and kept the runs down to fewer in a hill for the remainder of the game, while the score for the old heads crawled to that unlucky number 13.

The game was full of pep from the time the umpire said "play ball" and quite a bunch of the old time fans were out in good rooting form.

Both sides are "framing up" for the game next Monday, picking the best team from available material, and those who enjoy good base ball should be present to see the papas give the sonny boys a lesson in pinch hitting and base running.

The local fan, are looking forward to the coming of the first game with an outside team. A strong team will be pitched against either a Brownwood or San Angelo team at an early date, and a series of interesting games with neighboring teams is promised throughout the season.

We have it on pretty good authority that two of the men now playing on the team for the single men, will soon become disqualified to play on that team.

In fact it is reported that two of the best players on the single men's team have made application for places on the married men's team, and as soon as they meet the first requirements they will be accepted.

RECOVERS STOLEN CAR

Clarence Routh returned from Abilene Thursday, where he recovered his car which was stolen a week ago. The car was found six miles this side of Abilene, where the thief ran into a ditch and turned it over. The car had turned over three times, and was pretty badly damaged, three wheels being smashed. The man escaped probable death by falling in the ditch and the car rolled over him. After turning the car over the man caught a wagon and went to Abilene where he called at a garage to get help in putting the car in shape. After he had left the wrecked car, a farmer near by got the number of the car and reported it to the sheriff at Abilene and the arrest followed.

Periodic Bilious Attacks.

Persons subject to bilious attacks at regular intervals know about when to expect an attack. They find they have no desire for food when an attack is due but usually eat when it is meal time. Skip one meal and take three of Chamberlain's Tablets and you may be able to avoid the attack. Persons subject to periodic bilious attacks should not drink tea or coffee at any time.
