SHERIFF GARRETT

IS SUSPENDED

ARDMORE, Okla., Jan. 17.—The state won the first victory in the ouster proceedings against Sheriff Buck Garrett, when special Judge Oldfield of the district court here overruled the objection of the defense and allowed Assistant Attorney General Fulton to proceed in the introduction of testimony to support his motion that a temporary order be issued suspending Garrett from office until the case was brought to trial.

NEFF TALKS TO LAW ENFORCERS

FT. WORTH, Jan. 17.—With four hundred delegates present at the state convention of the Law Enforcement League, the convention was called to order this morning in the auditorium of the Christian church.

Erskine Williams, of Fort Worth, is presiding at the meeting and George Sargent, of Dallas, is acting as secretary. Gov. Neff will deliver the principal address tonight. Dr. P. A. Baker, of Montgomery, Alabama, general superintendent of the Anti-Saloon League of America, addressed the convention this morning.

HARDING GOOD ROADS BOOSTER

CHICAGO, Jan. 17.—President Harding sent a personal message to the Good Roads Congress in session here today. Mr. Harding declared in the message that no single public improvement has done more for the general good of the country than the development of the highway systems. The National Good Roads Congress opened here today, and Mr. Harding's message was the first delivered to the delegates.

A. R. JONES WITH WEEKS DRUG CO.

A. R. Jones has accepted a position with the Weeks Drug Co., and will be found in the office of that firm. Mr. Jones is a very popular young man in Ballinger and an expert accountant and his friends are glad to see him make his plans to remain in Ballinger. He was formerly with the Radford Grocery Co., and the Weeks Drug Co. here but since leaving Ballinger had been with the Walker-Smith Grocery Co. and the W. L. Ellis Cotton Co.

Young Men's Business League Board Hears Talk

Directors of the Young Men's Business League who were in attendance on last night's meeting heard a part of the same talks which have been given to the farmers of Runnels county in the four meetings held this week under the auspices of the West Texas Chamber of Commerce.

Mr. C. C. French of the Ft. Worth Stock Yards Co., and Mr. J. W. Ridgway of the Nissley Creamery Co., both spoke on the feeding and breeding of livestock, and emphasized the fact that every farmer in Runnels county should own at least one dairy cow, a few hogs and a flock of chickens. According to Mr. Ridgway, the sale of butter by the big creameries of Texas has far exceeded the production, and butter is being shipped into the state from outside sources. Mr. French told the directors that the consumption of pork in Texas was greatly in excess of the production, most of the Texas feeder hogs being shipped to the corn belt for fattening, prepared for the market and several hundred car-loads of pork products shipped back to this state every month.

"As a result," Mr. French asserted, "an appreciable percent of the money we get for our cotton crop goes to outside sources for food products we should be raising at home. What we need is a return to the old days when farmers cured their own meat, smoked their own hams, made their own soap, lye hominy, dried fruits, preserves, sausages, etc."

The league is arranging to bring Mr. French and Mr. Ridgway back to Ballinger in February and give every business man in the city an opportunity to hear them, probably at a business men's luncheon.

A committee consisting of R. L. Harwell, M. S. Karmany, Roy Reeder, and M. C. Atkins, was appointed to circulate the water and paving bond petition.

A committee consisting of N. K. Freeman, Wm. Doose, R. L. Harwell and S. L. Williams, was appointed to complete the solicitation for memberships in the Colorado Valley Irrigation Association.

G. O. P. Senators In Conference

WASHINGTON, Jan. 17.—Republican Senators will hold their first conference, in this session of Congress, tomorrow it was announced, for the purpose of reaching an agreement on the allied debt funding bill.

A strong Democratic opposition is understood to have led the call to be made today by Senator Curtis, of Kansas, assistant Republican leader. While the call mentioned only the debt funding measure, some of the leaders stated privately that the conference would serve also as a general get-together affair.

With the funding bill drawn in a form that is believed to be acceptable to the administration, a majority of the Senate leaders are determined to rush it through the Senate with a view to speeding up actual negotiations.

Coming in the wake of a series of Republican Senators' conferences with the president, insiders attach additional significance to tomorrow's meeting.

GERMANY ACCEPTS AMERICAN AMBASSADOR

WASHINGTON, Jan. 17.—The German government officially notified the United States department of state today that Alanson H. Houghton will be acceptable as ambassador to Berlin.

MARTIAL LAW WILL REMAIN

FORT WORTH, Jan. 17.—Governor Neff arrived here today and indicated that he had no intentions of lifting the martial law reign at Mexia in the immediate future. "The place will not be turned back to the civil authorities until every foot of the district has been cleaned up," said the governor.

WOULD IMPROVE ST. LAWRENCE

WASHINGTON, Jan. 17.—Negotiations of the treaty of Great Britain and the United States looking to the improvement of the St. Lawrence river between Montreal and Lake Ontario to provide a deep waterway from the Great Lakes to the Atlantic will be expected to be undertaken soon it was said today at the White House.

ARDMORE MURDER CASE CONTINUED

ARDMORE, Okla., Jan. 17.—When the case of the eleven defendants who are charged with murder in connection with the recent triple killing, came up in the district court here today, it was continued indefinitely because of the absence from the state of the attorney general.

Mrs. Homer C. Daniels and children left Monday afternoon for Beaumont, where they will visit relatives for a few days.

CALLS BASEBALL MASS MEETING

It is time to get busy and Ballinger must say yes or no as to whether she will have baseball this summer, in the next few days. The West Texas League meeting will be held at Stamford on January 21st and that will be the final day to either put up or shut up. About 150 tickets of the 300 which the local committee is trying to place have been sold and Friday afternoon all fans and interested citizens are urged to meet at the Maeroy Theatre at 4:30 o'clock, then and there to decide whether or not Ballinger will have the national sport this summer.

If you have any interest be at this meeting and have your say, for something must be done immediately and whatever action is taken Friday will be final. Ballinger owns her franchise, players, some uniforms, and park, and could start baseball much cheaper than last year and perhaps cheaper than any other club in the league, but so far no one has been able to see the way for baseball unless the entire town will co-operate and put the move over.

There will be a great need of some kind of summer sport and men are already pointing to the fact that unless it rains people will be unable to fish or swim, and even with big rains there will be very little fish as most of the fishing streams are dry and the fish dead. Baseball will be about all there will be to do and if you want your part of the fun get behind the proposition and be on hand with your friends at the mass meeting. If the entire town will do their collective and individual parts the proposition will be put over in a way that no one will be hurt and everyone will derive a benefit.

ITALY WELCOMES AMERICAN MEN

ROME, Jan. 17.—Rome outdid herself today in extending welcome to the American troops who came here to participate in tomorrow's ceremonies attending the bestowal of the congressional medal of honor upon Italy's "unknown" soldier.

The American composite company from Coblenz under the command of Major General Henry T. Allen, was greeted upon arrival here by strains of "The Star Spangled Banner" before an array of Italy's finest military and a cheering populace. The scene was the most spectacular Rome has seen since the war.

NO ROPE FOUND ON SOLDIERS

WASHINGTON, Jan. 17.—Former service men who were detailed on duty with the American Graves Registration Service in France, denied before the Senate investigating committee today that the bodies of soldiers who were legally put to death in France were buried with the stub of the rope around their necks and that a black cap was placed on them on the gallows.

FOUR KILLED IN AN AUTOMOBILE SMASH

HANNIBAL, Mo., Jan. 17.—Four men in an automobile were killed this morning by a Burlington passenger train near Malmira, Missouri, West of this city.

BOX SUPPER AT BETHEL WAS GREAT SUCCESS

The Box Supper at Bethel Friday night Jan. 13th was a success.

Forty eight dollars and over were raised for the purpose of supplying the school with a water tank.

Bethel school has a fine well of water and a windmill and now they will soon have the much needed water tank.

All had a jolly good time, a feast of delicious eats, heard a good program that does credit to any school, and had the pleasure of hearing a grand speech from our honored County Supt. Bugg, also an address from his friend, Capt. Dickson, which was highly appreciated by every one present.

The most interesting event of the afternoon was in a ten minute contest between Miss Grimes and Miss Webb, both noted young ladies of great ability, and both are teachers. Miss Webb's pupils led the race in favor of their beloved teacher, but the last minute told the tale, and a large box of delicious home-made candy (which is better than any you buy) went to Miss Grimes as the most popular young lady of the community. She is the daughter of the principal of the Bethel school.

Everyone knows Miss Webb, as she grew up in this community, but everyone did not hear what one of Miss Webb's defeated pupils said, "Miss Webb is the prettiest if she didn't win the box of candy."

The young ladies boxes were all sold first. Then the command was given to the school boys to come for a box, all who chose at 50 cents each. The fun was on, and the entire house roared with laughter and it is impossible to try to describe this scene, with pen and ink, but we have reasons to believe those young boys will never die old bachelors. This jolly crowd will meet again Friday night, Jan. 27th. Come and be one of us.

PACIFICATORY

The Dallas News recently made claim to what it says will be the largest lake of water in Texas. We passed up the claim for the time, thinking that State Press knew better and would correct the error. But we must not let the boast of that egotistical "little big city" go unchallenged and we submit the figures furnished by the engineers to show that Ballinger, "the biggest little city in Texas," will have the largest lake in Texas as when the Colorado Valley Irrigation Association dam is completed. The Dallas lake: 11 1/2 miles long, average 2 miles wide, 105,000,000,000 gallons, covers 12,000 or 13,000 acres, shore line 57 miles. The Ballinger lake: 30 miles long, average 1 mile wide, 130,000,000,000 gallons, covers 8,750 acres, therefore not so shallow and subject to less evaporation; shore line 70 miles.—Ballinger Daily Ledger.

Let's not fall out about it. Considering that neither of these lakes has been brought past the talk stage, it was unseemly that we brethren of the press should fly at each other's throats because of a difference in the preliminary figures as to length of shore line, area of surface, height of dam, etc. A great many things that do not happen cause bad feeling. If the Ledger challenger will keep his peace, and stop toying with the engine in his hip pocket while he emits language calculated to intimidate State Press, the latter will undertake to lower his own dukes and sign a rapprochement with the Ballinger brother, to last until both bodies of water are completed and measured. After that we two can fight it out, either statistically or with bowie knives and cabbage cutters. In the meantime, you, Ledger man, do all you can to make your lake a reality, and S. P. will do all he can to bring his lake to completion. State Press in Dallas News.

Constipation

Constipation of the bowels is a stoppage of the sewerage system that removes waste matter from the body. It is as necessary that your bowels move regularly once each day, to carry off this waste, as it is that the waste pipes of your home be kept open and carry off the waste from the house. If you would enjoy good health, keep your bowels regular by taking Chamberlain's Tablets when needed.

HOT LINERS

John King, who led the West Texas League last year with a batting average of .423, writes that he is rarin' to return to the Beareats. The baseball mass meeting Friday afternoon will tell the tale!

Big Boy Willard Wooden says he will gladly sign a Beareat contract. He says he is in his old time form, and if he is, just figure that the game is ours every time he mounts the mound.

Sam Langford writes that he wants to come back home.

Brick Briscoe states that he is tired of peddling groceries, and besides Ballinger is a better town than Hollis, Okla., anyway.

What are you going to say Friday? Baseball or no baseball? It's going to be mighty dull around these parts in June, July and August. No fishin', huntin', campin', or swimmin'—and the city ordinances say you can't sit on a dry goods box and whittle and cuss the government.

Singleton, who ranked third among the circuit's clouters, with a neat average of .369, wants to perform at Nicholusk Park again this summer.

Earnshaw, the "Nick Altrook" of this League, pitcher, catcher, outfielder, infielder, and entertainer, will be back from Ohio March 15th. Earnie has already signed a contract at a \$50.00 reduction from last year. He gives his home address as Ballinger.

Ballinger can have a better team than the 1921 club for \$5,000.00 less than last year's club cost.

BUYS FARM IN RUNNELS COUNTY

R. H. Strickland was in town Tuesday looking after business and getting acquainted with the people of West Texas. Mr. Strickland has just recently come to this county from Groesbeck, and has purchased a 123 acre farm near Wilmet from J. F. Hudson. The cash consideration in the deal was \$6,150, or at the rate of \$50 per acre. This tract is in the very heart of the farming district of Runnels county and is an investment that will be more than worth the money to Mr. Strickland. He has been interested in the development of the oil at Groesbeck and comes West because it is a more desirable place to live, and stated that he would put his oil money into real estate in Runnels county as he believed in it.

HEART OF CHICKEN BEATS TEN YEARS

NEW YORK, Jan. 17.—A part of the heart of a chicken that never hatched is beating today on the tenth anniversary of its removal from the embryo and isolation by Dr. Alexis Carrel of the Rockefeller Institute. The tissue fragments are still growing and its pulsation is visible under a microscope. Dr. Carrel said it grows so fast it is subdivided every forty-eight hours.

URIC ACID IN MEAT CLOGS THE KIDNEYS

Take a glass of Salts if your Back hurts or Bladder bothers

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat form uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush off the body's urinous waste get about four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt, is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink.

GOOD MEETING AT WINGATE

Farm Agent Eaton and County Superintendent Bugg accompanied C. C. French and J. W. Ridgway to Wingate Monday, where one of the best hog, dairy and livestock meetings ever held in this county was held.

There were thirty-five farmers present, and other citizens who are indirectly interested in the success of hog and dairy and livestock industries, and much interest was manifested in the subjects discussed.

Mr. French addressed the meeting on the hog question, and urged the farmers to not only raise their own meat, but to raise a surplus of hogs for market.

Mr. Ridgway talked dairying and livestock growing and pointed out the way which every farmer can be independent of the one crop idea.

It was the first meeting of the kind ever held in Wingate and the men who addressed the farmers declared that at no place have they been given a better hearing and where more interest was shown in the work which the speakers represented.

The series of lectures given in this county and other parts of West Texas is under supervision of the West Texas Chamber of Commerce.

A SWEET LITTLE BABY BOY

Makes a Bright Spot in Every
Home. A Comfort in
Years to Come

Park Rapids, Minnesota.—"I have taken your medicine—Lydia E. Pinkham's Vegetable Compound—when I was a girl for pains and before and after my marriage. I now have a sweet little baby boy and will send you his picture if you wish to publish it. My sisters also take your medicine and find it a great help, and I recommend it to those who suffer before their babies are born."—Mrs. Wm. JOHNSON, Box 155, Park Rapids, Minn.

To marry and arrive at middle age without children is a great disappointment to many women. Think of the joy and comfort other women have in their children as they grow older.

Lydia E. Pinkham's Vegetable Compound has helped to bring great happiness to many families by restoring women to health. Often the childless home is due to a run down condition of the wife, which may be helped by Lydia E. Pinkham's Vegetable Compound. It brought health and happiness into the home of Mrs. Johnson. Why not to yours?

PROMPT PAYMENT IN FRIEND-IN-NEED

I wish to say a good word for and thank the Friend-in-Need Society for their promptness in helping me financially in my recent misfortune. My wife had been a member of the Friend-in-Need only two months and we had paid only one assessment, and the order delivered to me a check promptly, coming to me in time of great need.

Chamberlain's Cough Remedy

This a pleasant, safe and reliable medicine for coughs and colds. It has been in use for many years and is held in high esteem in those households where its good qualities are best known. It is a favorite with mothers of young children, as it contains no opium or other harmful drug. Try it when you have need of such a remedy.

Mrs. W. A. Schuhmann and Mrs. Chas. Schlake, of Rowena, were shopping in Ballinger Monday.

SOCIETY

Bridge Party

A charming hospitality of informal nature was Mrs. Frank Pearce's bridge party Thursday afternoon, when she entertained her club and a few invited guests at the home of Mrs. J. Y. Pearce on 7th Street.

The home was prettily decorated with winter flowers and ferns, forming an attractive setting for the card tables. Appropriate score cards were passed, and after several very interesting games it was found that Mrs. Chas. Northington had won high score.

A delicious refreshment plate, consisting of plum pudding with hard sauce, stuffed dates, a twinkle stick, and coffee, was served to Mesdames Will Doose, Chas. Northington, Harry Thomson, Geo. Holman, Harry Gardner, R. J. Wheeler, Leslie Baker, Sim Cottelle, Estes Lynn, Alex McGregor, J. M. Pyburn, E. A. Giesecke, M. S. Karmony, John I. Guion, Prentiss Gregg, and J. Y. Pearce; Misses Hattie Miller, Susie and Anna Jean Sharp, and Louise Orgain.

Worth Considering

The question is not so much how you contract a cold, but how to get rid of it with the least loss of time and inconvenience. If you will consider the experience of others under similar circumstances, who have been most successful in checking their colds, in their beginning, you will secure a bottle of Chamberlain's Cough Remedy without delay, and use it faithfully. There are many families who have used this preparation successfully for years and hold it in high esteem. It is excellent.

Notice in Probate
THE STATE OF TEXAS,
To the Sheriff or any Constable of Runnels County, Greeting:

You are hereby commanded to cause to be published once each week for a period of ten days before the return day hereof, in a newspaper of general circulation, which has been continuously and regularly published for a period of not less than one year in said Runnels County, a copy of the following notice:

THE STATE OF TEXAS,
To all persons interested in the Estate of W. L. McAulay, Deceased, notice is hereby given,

that Mrs. Jennie L. McAulay, by her Attorneys, Doss & Baugh, has filed an application in the County Court of Runnels County, on the 9th day of January, 1922, for the Probate of the Last Will and Testament of W. L. McAulay, Deceased, and Letters Testamentary, thereon, which said application will be heard by said Court on the 6th day of February, 1922, at the Court House of said County, in Ballinger, at which time all persons interested in said Estate, are required to appear and answer said application, should they desire to do so.

Herein fail not, but have you before said Court, on the first day of the next term thereof, this Writ with your return thereon, showing how you have executed the same.

Witness my hand and official seal, at Ballinger, this 9th day of January 1922.

(Seal) W. A. FORGEY,
Clerk, County Court, Runnels County, Texas.

LEGION BUYS POOL TABLES

The local post American Legion sent a truck to Menard Tuesday morning to bring back to Ballinger two pool tables which they purchased there and will add them to their club room equipment in the second floor of the Rape building.

The boys are beginning to build a club and with the addition of these pool tables will already have a fairly good club, but they intend to continue until they have one of the best club rooms in West Texas. It is their intention to have an open house to all the town before long and some entertainment will be staged for those who come, and refreshments served. In this way the public will have a chance to see what the boys have as well as what they need.

The post lost money on the basketball games staged here last week but are not discouraged in the least and will try the people on something else that is likely to have a more popular appeal.

EVEN THIS SEASIDE PALACE FAILED "TO PLEASE ONE WOMAN"

A beautiful California seaside castle is the background for much of the action in Lois Weber's latest photoplay production, "To Please One Woman," which is the attraction at the Macrooy Theatre today and tonight.

The mansion stands on the famous beach at Santa Monica and is the property of a wealthy retired Californian. In "To Please One Woman," which is the attraction at the Macrooy Theatre today and tonight, Miss Weber embellished the already sumptuous furnishings with many of her own personal treasures worth thousands of dollars.

These rich surroundings serve as the background for the central figure in "To Please One Woman,"—a beautiful, supremely selfish woman who is in the habit of using all men as her slaves. Taking up residence in the seaside home, which is near a small town, she becomes interested in a young doctor. She fascinates him with her sophisticated charm and succeeds in luring him away from the innocent country girl to whom he is engaged. In the end, however, the selfish woman is frustrated, and true romance carries off the victory.

Claire Windsor, Mona Lisa and Edward Burns play the chief roles in "To Please One Woman," the first of a new series of pictures at the Macrooy every week from the Paramount corporation.

Preparedness applies to the human body as well as to nations. A bottle of Prickly Ash Bitters on the shelf at home is the best and cheapest form of preparedness for indigestion, constipation and kidney troubles. It is the dose taken in time that wards off sickness and saves money. Price \$1.25 per bottle. John A. Weeks, special agent.

FERRASAL PURIFIED CHILDREN'S BLOOD

Iowa Park Matron Recommends the Acid Neutralizer.

"My children's blood has been in a very bad condition for five or six years. It was so bad if they cut or scratched themselves a big sore or boil would appear, which took many weeks to heal.

"Two weeks ago a lady sold me a box of FERRASAL and I gave it to my children according to directions. Right away I noticed a big difference in the children. I am now using the second box.

"Recently one of the children was badly cut. Instead of turning into a sore as formerly, it healed right up without any trouble.

"I shall always recommend FERRASAL. It has done me more good than any doctors have done for me or my children."

MRS. SADIE KELLERMAN,
Iowa Park, Texas.

FERRASAL purifies the blood by neutralizing the excess acids in the stomach and driving them from the system. 90 per cent of our health troubles develop from acid stomach. Ferrasol is guaranteed to relieve this condition in all its stages or your money refunded. If you or your children have had blood, benefit by Mrs. Kellerman's experience and buy a 50c box of Ferrasol.

DODGE BUYERS TO GET CHECK

All purchasers of Dodge motor cars, who have purchased their cars since January 1, 1922, will receive a handsome refund in the near future, according to information sent out to the local dealers throughout the country.

At the annual meeting of the Dodge Motor Car Company, the unusual announcement was made that a sharp reduction would be made in the price of Dodge cars, and that the cut would be retroactive, and that parties who had purchased cars since the first of the year would receive the benefit of the cut.

In other words the cut in price is made effective Jan. 1st, although it was not announced until Jan. 10th.

The new schedule in prices has not been announced, but the fact that the cut is made retroactive prevents a lull in the sale of Dodge automobiles by customers waiting for the new price. You can buy a car at the old price and get the benefit of the cut when it is announced.

MRS. PEYTON PASSES AWAY

Mrs. Virginia Louise Peyton died Monday night at 9:20 and with her death one of Ballinger's oldest citizens passed away. Mrs. Peyton was 81 years, 10 months and 5 days old, and for many years had made her home in Ballinger with her daughter, Mrs. Peyton Orgain. She had been in poor health for a number of years, but of late had been doing moderately well. Yesterday she was up and about the place all day and retired at her usual time feeling as well as usual. Some of the family went into her room at 9:20 to look after her and found that she was dead.

Mrs. Peyton ate a hearty supper last night and expressed herself as enjoying it very much and none of the family dreamed that death was so near at hand. The attending doctor gave as the cause of her death the bursting of a blood vessel on her brain.

Funeral arrangements at this time have not been announced but it is probable that the body will be held until tomorrow afternoon. A son, Lee Peyton, will arrive from Dallas tonight and as soon as he arrives funeral arrangements will be announced.

The Ledger joins the many friends of the family in extending sympathy to the family and loved ones.

It was announced this afternoon that the funeral of Mrs. Peyton would be held Wednesday afternoon at 3:30 o'clock from the home of her daughter, Mrs. Orgain, on 8th Street. In the absence of Rev. W. C. Kunze from the city, Rev. Cunningham

of San Angelo will conduct the services with interment in Evergreen Cemetery.

SLIGHT SLASH IN FORD CARS

Henry Ford recently announced a slight slash in prices of all models of Ford cars, according to notices sent out to local dealers. The cut amounts to from \$6 to \$15 on each machine.

This is the third cut in prices since September last year, the total reductions since that time amounting to \$227 on the plain touring car, as an example. This is \$5 cheaper than the pre-war price, and today's cut places the Ford \$12 below the pre-war price, or cheaper than a Ford ever sold for since Henry began making them.

The war tax and freight rates that are more than double knock out the benefit of the reduction to the customer. These trimmings, although the car is cheaper at the factory than ever before makes the Ford cost about \$50 more than before the war, or when prices were at the lowest point.

The freight from the factory on a Ford touring car used to figure \$30. Now it figures \$72, and added to that is the war tax of \$14.36.

For sick headache, backache, heartburn, nervous weakness and constipation, Prickly Ash Bitters is the remedy that men use. It purifies the bowels, tones the stomach, clears the brain, sweetens the breath, restores energy and cheerfulness. Price \$1.25 per bottle. John A. Weeks, special agent.

Avoid irregularity in the bowel movements, it leads to chronic constipation; a condition that poisons the blood and breeds disease. Prickly Ash Bitters is a man's remedy for putting the system in order. Price
