

# City Auto Plans New Home

Announcement was made this week by LeRoy Burns that the City Auto Service will build a new building just across the street east of its present location. The building that City Auto now occupies on the northeast corner of the square has been purchased by Johnny Sue of the Quality Body Shop.

Burns said construction of the new building will begin in about ten days, and contract for building the 60 x 150 foot Catalina brick and steel structure was

made with Plains Steel of Lubbock. The building is to be finished in 60 to 90 days.

The spacious display fronting of the building will "show" eight autos. The building will face south with the 150' running east and west facing the street. On the west side of the building service doors will open into eight repair stalls, wash and grease rack and front end alignment pit.

The parts department is located down the east side of the building in a 20 x 60 foot area

and the sales offices and book-keeping departments are just back of the display room.

At present the quarter of block where the new building will be built is used to display new and used autos.

Burns said the firm had been in its present location since January of 1961. The firm is the authorized dealer for Buick and Pontiac automobiles.

Owners of the firm are: V. D. Turner, LeRoy Burns, Robert O. Turner and Lyndell Roberts.

## Matsler Joins City Mayor's Race Tuesday

Edward Matsler, a resident of Floydada for 24 years and a former city clerk for five years, is running for the office of city mayor Tuesday morning.

He is the only person to file, to date, to oppose the present Mayor, S. W. Ross. This brings those in the race for city positions to four who are vying for two councilmen positions and for Mayor. Councilmen Aldine Williams is unopposed for re-election and John Smitherman has filed for the position now held by Councilman Lon Davis Jr. Davis is not seeking re-election.

In an interview recently, Matsler said when he was first asked to run by several citizens Mayor Ross wasn't seeking re-election. When the Mayor signed, Matsler forgot about the position for a while, until people began to request his running again.

"Finally I signed", Matsler said, "and I don't have to worry about it."

## Caprock Chat

by WENDELL TOOLEY

EDITOR Jedd Blessing is a feature in The Hesperian which brings to mind many things we knew at home on our farm when we could go to the well and get a good cool drink of water.

The windmill was just the thing with many good things. The water ran over into the water barrel. We carried water in various kinds of containers from the house. From the barrel the water into a milk trough. This was our refrigerator. We kept fresh vegetables, butter and milk in various kinds of containers placed in this trough and cool water running by them.

## Car Tags On Sale In Lockney

Monday, March 1, the 1965 car tags went on sale at Baccus Motor Company in Lockney and will continue to be sold there through March 31, according to C. J. Payne, county tax assessor and collector.

Mrs. Nelda Jean Morris is in charge of the sales in Lockney. Payne reminds all those who seek their tags at Lockney and at the courthouse in Floydada to be sure to bring the 1964 registrations and titles to the vehicles.

All 1965 tags have to be on the vehicles before April 1. The sale of tags is moving along at a normal pace, but a large number of people always wait until the last minute to buy the tags, so a rush can be expected on March 31.

## Area Schools Holding Open House Today

All area schools will be dismissed Friday so the teachers may attend the annual meeting in Lubbock.

REST HOME SITE — Shown above is a sign designating the location of a proposed Nursing Home for Floydada at the corners of White and Crockett Streets by John Nichols of Crosbyton. Work is expected to begin in the next few days on the project. ## Public Hearing On City Budget Slated Thursday

The public, particularly the tax payers of Floydada, is invited to attend a hearing on the City's proposed budget for the 1965-66 fiscal year next Thursday night at the City Hall.

The hearing will be conducted at the regular council meeting beginning at 6:30 p.m. Last year only one taxpayer appeared at the meeting to hear an explanation of proposed income and expenses for this past year's budget.

The city council, in its last regular session, voted unanimously to accept the proposed budget which is scheduled to go into effect April 1.

The new budget calls for an increase of \$16,000 in spending, but projects the city will receive almost \$28,000 additional revenue. The total of funds on hand after expenses and transfers in the 1964-65 budget called for \$37,682, and the new budget projects a slight increase, due to additional revenue.

### Foreign Student Will Speak To Floydada Lions

Yavuz Deniz of Turkey, Lockney's foreign exchange student for this year, will be the guest speaker when the local Lions Club meets today at the Colonial House.

Deniz is a student in Lockney High School and is living in the R. C. Mitchell home. He has made several speeches to a number of clubs and organizations this year and is reported to be an interesting speaker.

Last week the Lions heard a report on the city's financial standing given by acting City Manager Bill Feuerbacher.

"Mama," said the six-year-old girl, "the people in the church this morning must have sung terribly."

"Why do you say that, dear?" asked Mother.

"Well, after they sang that hymn, 'Sing Praise Unto the Lord' they all sat down and said, 'Lord, have mercy on us miserable sinners.'"

### Count To Ten!

Geo. Etkins

Much of the unhappiness in family life is caused by one of more of the gross not living up to the demands of their position in the family. If all wives would "count" thru these ten suggestions it would help cement their marriage bonds in greater love.

1. Do you make an effort to live with in his income? God made woman as a "help" not a financial fixture.

2. Do you keep the house neat and attractive, but not formal, or does the house keep you? Paul tells women to learn to keep house.

3. Do you spend at least half of your recreational hours with your husband. The change from a "whirlwind courtship" to "staying at home" will freeze our love.

4. Do you dress with an eye to pleasing him? I Cor. 7 tells wives to care about pleasing their husbands.

5. Have you learned to say "I'm sorry"? Marriage is not a 50-50 proposition, but a series of adjustments.

6. Are you free from a domineering, dictatorial spirit? It is better to live on the roof, than in a mansion with a brawling woman. (Prov. 25:24).

7. Do you share in the discipline of the children? Both parents should be authority figures, commanding the respect of their children. (Eph. 6:1).

8. Do you worship with the family as an example or do you just go to church? Holiness is learned.

9. Do you refrain from critical comparisons of your husband and others in the public view? He can't be too stupid —he married you!

10. Do you reserve your affections solely for him? Jesus said you should break family ties and "become one" so that no person can separate your trust in each other.

After Adam has reviewed all the animal kingdom and named them we are told that he did not find any suited to him, and "it was not good for man to be alone." (Gen. 2:18). This is still the best answer to our rising divorce rate —no to be alone! Jesus said marriage is composed of "leaving" and "cleaving." (Mat. 19:5).

### The Cup Of Cool, Clear Water Being Replaced

by Jedd Blessing

Do you remember a few years ago what a pleasure it was to go to the well after a day's work in the hot summer sun, approach the wooden tower windmill, take an old can or cup that was hung from the faucet on the sucker-rod pipe, draw a fresh cup of water from that well that was only moments before was brought from underground, and feel the thirst-quenching satisfaction that only water from such a source could bring?

It wasn't too many years ago that a windmill was an open invitation on the Plains for a weary traveler to stop and refresh himself with water from such a well, and was welcome to water his animals that he might have with him.

These statements may turn the clock back twenty years or more, however, windmills are still commonplace in Floyd County, and there are still two or three in operation inside the city limits of Floydada.

One such well is owned by Carr Surginer, who lives at the corner of Houston and Main.

The windmill at that location was dug and erected in 1919 and the same wooden tower still stands and supports a 10' Aero-motor fan that draws a wooden sucker-rod that, in turn, pumps the water.

This is the second wheel that has been on the windmill. The first was a wooden 12' Eclipse

fan that came to pieces several years ago.

When the well was first completed, and until just a few years ago, when the wind was blowing and the well was being pumped at full strength, it was capable of drawing enough water to run two 1/2 inch hoses at one time.

Last week, when this reporter was at the well site, Surginer had a 1/2 inch hose connected directly to the sucker-rod pipe, and the well was barely able to draw enough water to run a full 1/2 inch hose.

"The irrigation wells have drawn the water level down, and are drawing all the water to them," Surginer said. The bottom of the well is at 170 feet, and 160 feet of pipe is in the hole, which should be deep enough in this area for good household water.

Surginer added, "I know some of the leathers are bad, although I put them in there new only last year. I have had leathers in wells that lasted as long as five years before they needed replacing."

The windmill well and the city water are hooked in such a way that both can be directed into the overhead tank, or both can be directed into the house. Valves in the basement of the house can turn the city water into the bathroom, and let the windmill furnish the water for the kitchen, and for the garden, trees, etc.

The Surginers prefer having

the well water turned into the kitchen because of its better taste. "All city water has so many chemicals added to it now that a person can hardly drink it," he mentioned.

"I've considered taking the well down many times," Surginer said, "but I'm a little young to be climbing the tower. Besides, there is always someone passing by that had rather have the well water than the city water."

He told of one day when a person from the north, staying at the hotel, was walking by his house and noticed the "mock" wishing well in the Surginer yard. He asked if he could get a drink from the well.

"It's okay with me," Surginer said, "just don't drink it dry."

When the fellow approached the well he saw what Surginer meant, but the two of them went to the back yard and got some water from the windmill. The stranger said it was the first time he had had a drink of water directly from a well since he left Illinois.

It has been said that the three most contributing factors to the settling of the southwest were the covered wagons, windmills, and repeating firearms.

The firearms are here to stay, wagons are museum pieces and the windmills are rapidly being replaced by pressure pumps on the farm and by municipal water systems in town.

Therefore, a drink from the cup hanging on the windmill in a few years will be only a memory.

The Chanel-type suit continues to be a favorite in the new spring collections. English designers seem to favor the gray suit with a white blouse. Some of these blouses have floppy collars, others have bows. Skirts are short. Fancy hose, some of black or white lace are being shown with spring cottons.

## Philosopher Looks At Latest Visit at Nam Situation, But Sees Very Little

**Editor's Note:** The Floyd Philosopher on his Johnson grass takes another look at Viet this week. Anything to get slight off his farm.

Editor: I would like some information regarding to an article I read in your newspaper this morning, and you will answer quick as lightning may be totally changed tomorrow morning. Gen. Khanh has been removed as head of South Viet Nam military in what the newspapers call a coup and the television news call a coup and its being to New York as a United States observer.

I would like to know is, a reward or a punishment? I thought that the Nitted was supposed to be in Viet what went on in Viet

Nam, both North and South, but what they have been seeing is hard to understand. You reckon the South Vietnamese, having been unable at ground level to understand themselves what they're doing, figured the view would be better from New York? Or do you figure Gen. Khanh was getting bored with the limited confusion in Viet Nam and figured he could get a broader taste of it in the United Nations? Like going from a sideshow to the main tent?

I'll admit I don't know a thing about what's going on in Viet Nam, but I don't want this to leak out as Washington might want to send me over there as an observer. I've got all the confusion I can handle at home.

And speaking of the United Nations, as I understand it, the U.

N. has a rule that if any country is behind two years in its dues, it loses its membership, but is afraid to vote on whether this rule is still in effect on the grounds that if it does, there won't be enough major powers left in the outfit to operate it. This is like a hard-pressed bank declining to call in its past-due loans on the grounds it would alienate its customers.

It's possible that after Gen. Khanh observes the United Nations awhile, he may go home and announce all the earth's countries got problems.

Yours faithfully,  
J. A.

Danny Kaye show to continue next season.

## Local Churches To Observe Day Of Prayer

The ladies of The Floydada First Christian Church and The First Methodist Church will observe World Day of Prayer, Friday at the First Christian Church.

Services begin at 10:30 a.m. The ladies of the First Christian Church will serve lunch at

noon and the First Methodist ladies will present the hour of worship and meditation.

Every year on the first Friday of Lent thousands of Christians around the world unite in a service of prayer and thanksgiving in 60 languages and 1,000 dialects. Services begin on the Tongo Islands, west of the International Date Line, where Queen Salote leads her subjects in prayer. Throughout the day observances are held in 145 countries on six continents, ending with the setting sun on St. Lawrence Island, Alaska.

The purpose of the day is to unite all Christians in a bond of prayer, to pray for all the peoples of the world, and to make an offering for Christian missions at home and abroad.

World theme: "What Doth the Lord Require?" In the United States, the day is sponsored by the General Department of United Church Women of the National Council of the Churches of Christ. Thousands of communities in the United States have World Day of Prayer committees composed of women from each church and organization cooperating in the observance.

This March 5th will be the seventy-ninth observance of World Day of Prayer, which began in 1887.

## Mrs. McDowell Tells Clubs To Buy 100 Percent Cotton Items

Over 50 Home Demonstration members from six Floyd county communities, was introduced by Lighthouse's Nancy McDowell first suggested a Floyd county cotton club organized similar to the one in Crosby county to further promote the use of cotton merchandise.

She explained the one price law which brought the cotton price down to world markets that now U. S. cotton mills take the same price as foreign countries on raw cotton. This helps cotton sell competitively with synthetics," she continued.

In looking at the cotton surplus, Mrs. McDowell said that there were 2.8 million bales in 1962, 14.5 million bales by 1966 and only 7.2 million in 1960, but in 1965 the surplus is expected to be 12.6 million bales.

"20 million people derive their living immediately from cotton," Mrs. McDowell said and added that "in 1960 cotton had 55% of the cotton market and in three years 10% of the market has been taken by synthetics."

"Synthetics are certainly the enemy of cotton, and the Cotton Producer's Institute is working on 27 projects to increase cotton's promotion and research," she continued.

Mrs. McDowell said beware of Pima cotton products as they are competitive with our cotton. She

said the Pima cotton is a long staple cotton that is produced in other countries, although some is produced in the U. S. and that Pima cotton is certainly not in the trouble that other cotton like we produce here on the South Plains.

"If we don't use our cotton who in the world will" she said in conclusion, "women watch those tags... buy 100% cotton merchandise."

Floyd county firms displayed cotton displays of apparel in the entrance way of the community room for inspection. Especially interesting were the "Sta-Prest" cotton slacks for men and a new ladies coat that looks like leather or plastic made from cotton in Germany.

The Lone Star Home Demonstration Club was hostess for the day.

## 50 Club Meets In Helms Home

Members of the 1950 Study Club met Feb. 16 in the PCA room with Mrs. Clifford Helms as hostess. Prayer was voiced by Mrs. Bob Copeland and members answered roll call with a scenic park.

During business, presided over by Mrs. Lane Decker, club voted to give \$25 to Mrs. Carr, school nurse, to be used for needy children as she saw fit. Club also voted to endorse the local Teen Study Club.

Present for the meeting were Mmes. Louis Anderson, Howard Bishop, Don Cheek, Bob Copeland, Charles Craig, Lane Decker, Herman Graham, Adrian Helms, Clifford Helms, Jimmy Seay, Tom Theoford and two visitors, Mrs. Bill Price and Mrs. William F. Bertrand.

The next meeting is March 2 for a program on National collection of Fine Arts.

## Harmony Club Meets At Center

For the second meeting in March club will have Homebuilders Club members as guests.

nished familiar nuptial selections on the piano as guests arrived. She also accompanied Richard Montgomery of Lubbock, cousin of the groom, as he sang "Whither Thou Goest".

The bride carried a pin belonging to her sister Mrs. Elton Wallace of Amarillo. The pin originally belonged to her great-grandmother. The bride's wedding ensemble was the traditional something new. She wore a blue garter, and her veil was borrowed from Mrs. True Kirk. The bride wore a penny in each shoe bearing the couple's birth dates.

Miss Alice Bunch registered the guests.

## Applications For FCI Now Being Taken

Applications for Federal Crop Insurance on irrigated cotton and grain sorghum are now being accepted in Floyd County it was announced today by Ben A. Jordan, Jr., State Director, for FCIC. The Federal Crop Insurance Corporation is an agency of the United States Department of Agriculture.

Under the program, participating farmers are protected against crop losses from natural hazards, Jordan said. He added that nearly 12,000 farmers in 49 Texas counties are carrying almost \$40 million in FCI protection.

Federal Crop Insurance guarantees a basic harvest, pegged at the value of the approximate production costs and pays the difference between actual harvest and the guarantee when the crop is damaged or destroyed. In 1964, crop insurance protected 23 varieties of crops on nearly 15 million acres. Payments for crop losses last year totaled \$30 million.

DAVID LUTRICK KEITH TEAGUE

## Two Whirlwinds Land All-District Berths

Floydada Whirlwind basketball team landed two players on all-district team, it was learned last week. The players are Keith Teague and David Lutrick, both seniors.

Teague was the only selection that was a unanimous choice of all the committee.

The committee is composed of the coaches of the district. A coach can neither nominate nor vote for any of his own players, therefore, a vote of five is a unanimous decision.

Of the twelve players only one is not a senior.

Teague was far in front of all the other players in the district with his scoring, as he racked up 257 points, for a 25.7 conference average during the district playoffs. His nearest competitor hit only 161.

Although Lutrick was not one of the higher scoring players in the district, he was second to Teague for the locals a number of times, and was always a stalwart in the rebound department.

The first and second team players, schools and classifications are as follows:

First team — Keith Teague, Floydada, Senior; Larry Buckley, Friona, Senior; Lane Wade, Abernathy, Senior; Boyce Paxton, Abernathy, Senior; Steve Hutton, Dimmitt, Senior; and Bob Bradford, Dimmitt, Senior.

Second Team David Lutrick, Floydada, Senior; Bob Kropp, Lockney, Senior; Jerry LaFrance, Olton, Senior; Joe Priest, Olton, Junior; and Dale Milner, Friona, Senior.

The students were very receptive of Degge's remarks and questioned him quite extensively concerning the field of weed control.

All farmers in Floyd County and surrounding areas are urged to attend the Annual Weed Control Conference in Amarillo on March 4, 1965. The morning session will be devoted to discussions of all the herbicides used for preplant, pre-emergence and post-emergence weed control in cotton and soybeans. The afternoon session will cover those herbicides used in grain sorghum, wheat, pastures and perennial weed control. This conference will be very beneficial to those who are interested in reducing their costs of producing cultivated crops.

The first meeting of the Annual Planning Meeting of the Lighthouse Electric Co-op, Inc. for this year was held at the Lighthouse last Friday afternoon at 2 p.m. and Mr. and Mrs. Don Bean of South Plains will represent District 4 for this years annual all day meeting.

We were dismayed to hear about the close call of Mr. and Mrs. Sterling Cummings and children last Tuesday morning as Mrs. Cummings, John and Paula were found unconscious by Sterling as he came downstairs. They all suffered severe headaches during the day, and Paula and Dee Earle had to be brought home from school later in the day due to severe nausea. They think a faulty furnace and gas fumes was the cause of the near tragedy, and we hope they find the trouble.

Hobby Club members from here attended a county-wide all-day meeting of Home Demonstration Club members and guests, hosted by Lone Star Home Demonstration Club which was held at the Lighthouse Electric in Floydada on Tuesday. Each guest carried a covered dish to share at the luncheon, with Miss Sherry Mullin showing a film, "House is Where the Heart is", and Alton Higginbotham showed a rural electric film "Home on the Line". Mrs. Donita McDowell of Wake, Tex., presented a cotton promotion program. Going from here were Mmes. Fred Fortenberry,

Arby Mulder, Frank McClure, H. L. Marble, Leighton Teeple, John Key West and E. J. Kinslow. We offer our sympathy to Mrs. Frank McClure and family in the death of her aunt, Mrs. Cara Sessum, 76, on Sunday, Feb. 14. Funeral services were held at Roman and interment was at Roby.

Rev. and Mrs. John H. Allen, Brian and Marianne of Huron, South Dakota where Rev. Allen is head of District Missions in that area were in our community Wed. Feb. 24th and were over night guests of Mr. and Mrs. Bob Reeves and children. They visited with Mr. and Mrs. Murray Julian and Mrs. Kendis Julian Thursday morning. Rev. Allen was formerly minister of the South Plains Baptist Church and Wednesday night at prayer services spoke to the group on Missions. He has had a full schedule the past week speaking to groups at Fort Worth and many other places on work of the Southern Baptists in this Mission area.

Darla Milton is confined to her home this week with a case of mumps. Barbara Milton of Wayland was a week end guest with her folks the Grigsby Miltons.

A surprise Pink and Blue shower was given in the home of Mrs. Marvin Wells on Thursday morning at 9:30 in honor of Mrs. Larry McCormick. Co-hostess with Mrs. Wells was Mrs. Don Marble, and their gift was a basinet. The serving table was laid with white linen and an arrangement of baby gifts were tied to a lovely gift tree, which centered the table. Coffee and hot apple cider with doughnuts and apple crisps were served by Mrs. Wells, and each guest started an embroidered cross stitched quilt block which will be used for a baby

## "Working For A Greater Floydada"

PARNELL POWELL

Parnell Powell, chairman of the Chamber of Commerce Retail Trades Committee, the first person to be featured in this new series, has been a resident of Floydada for the past 27 years.

For 25 years Powell has been in the grocery business in Floydada, and has owned his independent firm for the past 15 years.

He and his wife, Francis, have three children; Arlis, who works with his father in the grocery firm; Jerry, a junior at Hardin-Simmons University; and Melody, still in the home.

As far as the committee is concerned, there have been no definite plans laid for the coming year, but a meeting in the near future of the members should be utilized in laying the groundwork for that committee for the coming year, according to Powell. "Also, we intend to continue with some of the work that was started by the committee that served during the past year," he said.

Powell is a former Lions Club member, and is quite active in the First Baptist Church here.

## Variety And Yield Tests YF Meet Subject

The results of fertilizers and yield and variety tests will be the subject at the next Young Farmers meeting slated tonight at 7:30 p.m. in the high school agriculture room.

Barry Love, head agronomist, and Lloyd Langford, assistant agronomist, both from the High Plains Research Foundation at Halfway will be the speakers.

Langford is considered a specialist in skiprow cropping.

Since planting time isn't far away, this program should be of particular interest to the farmers.

must feel the power of that living message for whose sake all the complicated organization is called into being." (Bethany Press). Fortunately, there are many laymen who do their tasks with joy and power.

A copy of the recent Conference history compiled by J. O. Haymes is circulating in the church. It will soon be impossible to obtain a new copy. It is available at \$4.00.

Attention is called to the fact of our bishop and district superintendent being in a neighboring church for a dedication service as Bishop Eugene Slater and Dr. J. E. Shewbert work with Rev. James Carter in dedicating the Lockney Methodist education building next Sunday evening.

Thoughtfulness should always be gratifying, and the pastor's family is still enjoying the abundant "pounding" of Christmas given by the church, especially the meat gifts, which are well-kept by modern refrigeration.

Already there have been two programs hosted by Rev. Charles Lutrick, and presented as a public service over radio station KFLD in Floydada. This is called "Words and Music" and runs from 8:45 to 9:15 on Sunday mornings. It is very worthwhile.

### Sterley Church News

The recently-issued Race Relations Day material has some pertinent topics: "Freedom With Dignity", "To A New Day: A Sketch of Negro Education in The Methodist Church", "What Difference Does It Make?" The worship material reminds us that "Our hopes, our fears, our aspirations are alike", even though there are obvious differences. In the words this writer learned to respect years ago, our differences are to be taken account of, yet in Christ they are transcended. And so the prayer in the worship service says, "Deepen our respect for unlikeness. Make us eager to understand one another. Help us to share our best gifts in gladness of heart, in common gratitude for Him whom Thou didst send to redeem us all."

The World Service leaflet for February speaks of "Laymen's Changing Role". Emphasis is given to men's assumption of responsibility in all areas of life, including the "No. Silent Pulpit" program. This leaflet is to be distributed next Sunday. One is reminded of Lynn Harold Hough's statement in his book, THE LIVING CHURCH, P. 26: "Things have a way of getting into the saddle and riding the men of the pulpit. The spirit of the living preacher fails to master the wheels. The big machine enslaves the man. That there must be skillful organizers in great modern churches one must admit, but that the living voice must have the right of way must be asserted, too. There is a great opportunity for laymen here. The greatest sort of layman is always concerned for the making of the preacher's voice and as he takes upon himself tasks of organization, he makes it possible for his minister to put central emphasis upon his greatest task . . . The layman, too.

**A PRAYER FOR THE DAY**  
SLOW ME DOWN  
Slow me down, oh Lord!  
Ease the pounding of my heart  
by the quieting of the mind.  
Steady my hurried pace with a  
vision of the eternal reach of  
time.

Give me, amidst the confusion of  
my day, the calmness of the  
everlasting hills.  
Break the tension of my nerves  
and muscles with the soothing  
music of the singing  
streams that live in memory.  
Help me to know the magical re-  
storative power of sleep.  
Teach me the art of taking min-  
ute vacations.  
Of slowing down to look at a  
flower, to chat with a friend  
to pet a dog, and to read a  
few lines from a good book.  
Remind me each day of the fab-  
le of the hare and tortoise,  
that I may know that the  
race is not always to the  
swift; that there is more to  
life than increasing its  
speed.

Let me look upward into the  
branches of the towering trees,  
and know that they grow tall be-  
cause they grow slowly and well.  
Slow be down, oh Lord, and in-  
spire me to send my roots  
deep into the soul of life's en-  
during values, that I grow to-  
ward the stars of my greater  
destiny... Amen.

Letter Press Is Added To Tech's Archives Display

James Tech's Southwest Collection, guardian of the region's lives, has acquired a piece of equipment that created a flurry of excitement among local history buffs. It is a letter press—fore-runner of modern-day copiers—an ancient device for making reproductions in grandfathers' (and before) which slipped disuse with the advent of the paper and other, more efficient, methods.

Maud Hollums, member of the Southwest Collection, donated the unique item now on display in the Collection's library in the social science building on campus. Significant still, along with the copier, Mrs. Hollums donated 24 letter press containing transcriptions going back to 1880—a rich haul of material for both researcher and writer.

It is one of the most complete historical collections of letter press material that we have received," declared Sylvan N. directed of Southwest Collection.

Such of the material covers the transactions carried on by Maud Hollums' father, the late B. Duncan, who served as County Judge for two decades immediately before and after the turn of century, was an early-day school superintendent, and operated an abstract business in the area.

Mrs. Hollums also played an active role in many of the transactions of this exciting period in the Plains history.

The first white girl born in Floyd County (1880), she and her father's abstract business as a teenager and, following her father's death in 1931, continued to operate the firm.

Material in the letter press is of unusual value," declared one, "because it is a chronological, as well as a historical record, of those in the Duncan family who were so meticulous over such a long time, or date back to this comparatively recent period of the United States.

It has been for the letter press as it was, this type of material has been transcribed as a history.

Many persons recognize, few have actually seen, the letter press or are familiar with the type of copies it can make.

Noted Plates. The letter press itself is composed of heavy metal plates, 15 inches wide, 10 inches high, and applied by a hand-wheel and screw, mounted on an iron frame.

The plates together with the necessary type make an impressive letter press. The type were bound, in cases, filled with spears, and sheets of tissue paper.

To be duplicated (type, etc.) was placed in the plates, and the pages of the press were then clamped together and left until the ink had dried.

After the ink had dried, the pages were then clamped together and left until the ink had dried. The pages were then clamped together and left until the ink had dried.

According to preferences, the volumes have been arranged in chronological order, and have survived for many years.

The Southwest Collection also has a number of other items, including a number of old books, among them the Webb and Hill family of Albany, Tex. The letter press has been a part of the collection since the late 19th century.

Wedding (From Page 5)

lands of lemon leaves and urns of white gladiolus, with a white aisle cloth leading to the altar. The bride is the daughter of Mr. and Mrs. R. M. Hubbard of White Deer and Mr. and Mrs. Albert Mankins of Floydada are parents of the bridegroom.

Mrs. Don Vance presented traditional wedding selections and accompanied Mrs. John Garcia as she sang, "Whither Thou Goest", "Ave Maria" and "The Lord's Prayer."

A simplicity gown of satin was worn by the bride for the wedding. The fitted bodice was designed with a rounded neckline and long petal-point sleeves. A controlled bell-shaped skirt accented with a back bustle and bow, flowed into a chapel train. Her elbow length veil of French silk illusion fell from a coil of white satin rose petals tipped with Aurora borealis crystals and pearls.

The bride carried out the traditional something old, new, borrowed and blue. Her only jewelry was a strand of pearls, a gift from the bridegroom. She carried a white prayer Bible topped with a cascade bouquet of stephanotis and centered with a white orchid.

Given in marriage by her father with the "her mother and I avowal", the bride stopped before reaching the altar and presented her mother with a long stemmed white rose. Following the vows she presented another rose to the bridegroom's mother.

Bridal attendants were Mrs. Larry Havenhill of Canyon, maid of honor; Miss Cindy Hubbard, sister of the bride, maid of honor; and Miss Sandy Conner, Jacksboro, bridesmaid.

Each were identically gowned in dresses of pink peau de soie with scooped necklines, fitted bodices and bell shaped skirts with matching headpieces, designed with a hand rolled pink rose and scalloped veil of fresh pink illusion. They carried cascade bouquets of Liriodendron pink carnations and lemon leaves.

Robert Massengale of Littlefield served as best man. Jerry Gee, Amberst and Norman Ferguson, Floydada, were groomsmen. Ushers were Larry Mankins and Bruce Mankins, brothers of the groom, Keith Thomas, his brother-in-law, and Eddie Parks of Lubbock.

Tina and Terry Rhoads were flower girl and ring bearer. The flower girl dressed identically as the bride and carried a basket of pink rose petals. Master Rhoads was dressed in a black suit and carried the rings on a white lace and satin heart shaped pillow.

Candle lighters were David Hodges and Kevin Kelp. For her daughter's wedding Mrs. Hubbard chose a pink three piece knit suit with matching accessories and the bridegroom's mother was attired in a beige and brown three piece wool suit with matching accessories. Both mothers wore corsages of pink rosebuds.

Immediately following the ceremony a reception was held in the Fellowship Hall of the church. The bride's table was covered with a floor length white net and satin cloth and was centered with white roses and fuchsia in a tall chalice vase with side candelabra.

Miss Karen Castleberry of Shamok presided at the crystal punch bowl and Miss Jeanie Gundrum of Colorado City served the three tiered white wedding cake.

Attending the guest register was Mrs. Keith Thomas, Floydada, sister of the bridegroom. Background piano selections was provided by Mrs. Don Vance. Each guest received miniature pink net bags filled with rice.

The couple departed on a wedding trip to points of interest in New Mexico. For traveling the bride changed to a Comella pink three piece knit ensemble complemented by matching accessories. She wore the orchid taken from her bridal bouquet. Upon their return the couple will make their home in Canyon.

The bride is a 1962 graduate of White Deer High School, received her basic business degree from West Texas State University and is now employed as secretary for Elkin's Insurance of Amarillo. Her husband graduated from Floydada High School in 1961 and is a senior at West Texas State University where he is majoring in accounting.

Mr. and Mrs. Albert Mankins were host and hostess for the rehearsal dinner Friday evening at the Harvester Pit Barbecue in Pampa.

Among guests attending the wedding from Floydada were Mr. and Mrs. Leslie Fawver and Eileen, Mr. and Mrs. Jimmy West, Mr. and Mrs. J. K. West, Mr. and Mrs. I. H. Parks, Mr. and Mrs. Norman Ferguson, Mr. and Mrs. Bruce Mankins, Mr. and Mrs. Larry Mankins, O. W. Mrs. Larry Oman, Mr. and Mrs. Keith Thomas and Mr. and Mrs. Denning, Frank Barrow, Mr. and Eddie Parks.

FLOYDADA Mr. and Mrs. Purvis Miller of Clovis, N. Mex., were here Sunday to attend rites for R. B. Gary. The Millers are former residents of Floydada.

Beall's Observe Anniversary

Beall's Department Stores this year observes the 42nd Anniversary of its founding, according to Louis Anderson, Vice-President and manager of the local Beall store.

The Floydada Beall's Department Store is one of the 48-store Beall Chain operated exclusively in Texas.

Anderson pointed out that the three original co-founders started the business in Henderson, Texas in 1923. They believed that selling the finest, first quality merchandise for the lowest possible price would be appreciated by the buying public and their good reasoning fell on fertile ground.

That policy has been followed by every Beall store since that time and on that foundation Beall's history has been an amazing saga of vision and progress.

Beall's 42nd Anniversary Sale will be the biggest ever staged by the company. Anderson pointed out. Beall's staff of buyers plus Beall's New York representatives have searched the nation's best markets for the entire year to secure anniversary offerings which are better than ever before.

Over the past several years Beall's have been constantly expanding its lines of merchandise to include more famous brands, better quality goods, and a greater selection of lines. Also, fashion lines are being up-graded in style and quality with famous Dallas, New York and California fashions prominent in their offerings.

Meanwhile, further proof of the Beall company's intention to expand its services came in 1960 when it first offered credit accounts to its customers as an added service after selling on a cash only basis for 36 years.

During its 42 year history, Beall's has been known for its friendliness and neighborly spirit. All Beall managers and employees are prominent in all community projects and are recognized for their activity in religious and cultural affairs. Many are also identified with service clubs and leading fraternal organizations.

Precincts 1-4 J. P. Named

A new Justice of the Peace has been named to serve Precincts 1-4, according to County Judge, J. K. Holmes.

He is S. J. Handley, a former well driller. He assumed his duties at the courthouse here Monday.

The Justice came to West Texas in 1904 and opened his own well drilling business in 1930. He operated the business until about three years ago.

He and his wife, Lillie, have reared six children and now have 10 grandchildren.

Filings For School Board Completed

The deadline for persons intending to file for a school trustee position has passed and at press time Wednesday four persons had become candidates.

Three positions will be vacated this year. Those who are going off the board are Dennis Dempsey, Ernest Lee Thomas and Buster Simpson.

However, Dempsey is seeking re-election. The others who are in the contest are: Newell Burk, an accountant; Tom Porter, a farmer in the Starkey Community; and Shirley Irwin, a farmer in the Lakeview Community.

Area Receives Little Moisture From Snow

A cold front moving through the South Plains Area brought some welcomed, and much needed, moisture to the area, even though it is not near as much as is necessary to bring the wheat crops along for an extended period of time.

Lovvorn Rites At Silverton

Funeral services for Jesse Lee Lovvorn, 74, resident of the Lone Star community were held Wednesday at Silverton First Baptist Church. The Rev. Burl Yates of Lone Star officiated.

Burial was in Silverton Cemetery under the direction of Carter Funeral, Lockney.

Lovvorn died at 11:17 a.m. Monday at Nichols Hospital and Clinic, Plainview, following a lengthy illness. He was a native of Kingston, Tex. He was an employee of Santa Fe Railway Co. 35 years until his retirement.

Surviving are his wife, Odie Pearl; a daughter, Mrs. Eunice Loftis, Amarillo; a brother, Ernest, Lockney; two grandchildren and four great-grandchildren.

Girl Scout Cookie Sale Begins Today

All Girl Scouts of the Caprock Council will begin their annual cookie sale on Thursday, March 4, at 4:00 p.m., Mrs. Dale Grimes of Lubbock, Council Cookie Chairman, has announced. Scouts will sell cookies in the Council's 18 counties through March 18.

"The success of the cookie sale is vital to the Girl Scout camping program," Mrs. Grimes said. "Local Community Chest and United Fund Drives provide support for the operating budget of the Council, but the annual cookie sale provides funds to improve and maintain camps in the Caprock Girl Scout Council."

Troop profits are used for troop registration, cook-out service projects, and other troop activities. While girls are selling cookies, they will wear their Girl Scout uniforms or pins. They will give each customer a window sticker to indicate purchase.

Mrs. Corlie Guffee, 730 W. Lee will serve as the Neighborhood Cookie Chairman for Floydada.

Stock Show (From Page 1)

Animals displayed were typical of this situation. At the show, the Grand Champion Barrow was the first to be picked. It was a Hampshire owned by Bob Kropp of Lockney. The runner-up was also a Hampshire owned and exhibited by George Harris, a member of the Floydada FFA.

In the Sheep Division, Kropp displayed the tops in the Fine Wool and Fine Wool Cross classes. Ricky Kellison, also a 4-H Club member from Lockney displayed the top Medium Wool and top Shropshire classes. Chuck Almon, an FFA exhibitor had the winner of the Soutdown class.

The Grand Champion Steer was owned by Teresa Colston, but due to illness, she was unable to exhibit the animal. The showmanship of Teresa's friend, Brenda Willis came in handy at that time, for Brenda took the Milk-fed Hereford to the Championship.

At the Awards Banquet Francis Montandon of Lockney won the Exhibition Award for the Beef Division. Kropp won the award in the Sheep Division and Kim Porter of Petersburg won the award in the Swine Division.
