THE STRAW POLL: Rotan Junior High and Rotan High School students took part in a mock election last week. Bill Clinton captured 47% of the vote, Ross Perot took 28 % and George Bush 24%. Charles Stenholm received 69% of the vote to Sadowski's 31%. The same percentage figures held for the Steve Carriker - Haywood race for Texas Senator - Carriker 69% and Haywood 31%.

Lena Guerrero received 30% to 70% for Barry Williams.

EARLY CHRISTMAS: The Newspaper Office is holding its annual Open House and preview of holiday gifts on Saturday, November 14th from 9:00 a.m., until 3:00 p.m., at the office at 114 Snyder Avenue. Each person making a purchase will draw for a 10% to 50% discount. Refreshments will be served.

CROSS ROADS: Sunday, November 22nd the Cross Roads church will observe the Eucharist in the morning service. At 4:00 p.m. church members will meet for Thanksgiving supper.

NEIGHBORS: The Anson Chamber of Commerce is sponsoring a Harvest Arts and Crafts Show on November 7th from 10:00 a.m., until 5:00 p.m. at the Jones County Extension Building in the Anson City Park.

METHODIST AFFAIR: The members of the First United Methodist Church of Rotan will be holding their annual Seafood Gumbo and Bazaar on Saturday, November 14th. Gumbo and stew will be served between 5:00 p.m. and 7:00 p.m. The sale of bazaar items begins at 3:00 p.m.

ROTAN YELLOWHAMMERS: They are the 'thunder and lightning' in the Big Country and it'll be a shame if they are not a part of the playoffs. All they have to do is beat Hawley on Friday and they are part owners of the championship. Who would have thought after going 0-4, 1-5 and 4-5 after their shellacking of Winters last Friday that the Orangemen would be in a position to be one of two teams to advance. That could happen, but it will have to involve a little luck. Rotan could be one of as few as two teams or one of as many as five teams to be part owners of the district championship. If Rotan beats Hawley and Hamlin beats Anson and Winters beats Jim Ned and Stamford beats Haskell, we'll be in a coin flip to see what two teams advance to the playoffs. Either way, Rotan provided a ton of excitement this year and deserves a shot at playing in the play-offs - in my opinion. Congratulations to Steve Warren and the other coaches.

FIRST BAPTIST ROBY: The Community Thanksgiving Service will be on Sunday night November 22nd at 6:00 p.m., at the First Baptist Church. Rev. Ron Kelly will bring the message.

HAPPY BIRTHDAY: November 5 - 11. 5th - Ila Burk, Andrea Martin, Geneva Chandler; 6 - Eustolia Miranda, Baldemar Frausto, Evelyn Nowlin, Milton Teague, Joel Walker, Jean Penaluna, Lance Evans, Joshua Sepeda, Efrain Espinoza; 7 - Vera Mann, Roy Adams, Aaron Greene, Kyle Mooney; 8 - Debbie Burnes, Valene Kiker, Jeff Klein, Barbara Martin, Sonia DeLa Cruz, LaTisha Salazar; 9 - DeAnn Mullins, Rode Morrow, Tennis Justiss; 10 - Carolyn Weath-

Petition Circulated By New Group On Head Start Program

A new organization named Concerned Citizen's Of Fisher County has been organized and intends to keep a watchful eye on federal, state and local funds that are being spent on social programs, according to spokesman Ruben Garza.

One of the main concerns of the organization is the Head Start Program. The organization is concerned that the federal government supposedly allocated \$53,240.00 for a Head Start Program, yet there is not a program in place in Fisher County.

The local Concerned Citizen's Of Fisher County have conducted a survey and asked Central Texas Opportunities, Inc., of Coleman to attempt to secure funding from the Department of Health and Human Services in order to begin a Head Start Program in Fisher County.

Petitions have been placed in numerous business places for residents to sign below the following statement - "We the undersigned support Central Texas Opportunities, Inc., in its attempt to secure funding from the Department of Health and Human Services, for the Head Start Program in Fisher County."

Anyone interested in additional information concerning Concerned Citizen's Of Fisher County can contact Ruben Garza at 735-2660.

AUSTIN — While the limelight focused on elections last week, a handful of staffers labored backstage to prepare the Capitol for the Nov. 10 special session on school finance.

Gov. Ann Richards is bringing lawmakers back to Austin to attempt to remedy their third consecutive botch — the "Robin Hood" plan, which the courts declared unconstitutional.

The new plan was such a well-kept secret until after Election Day that left-out lawmakers speculated there actually wasn't one.

Of course, there was, but with every state House and Senate seat up for election, only a fool would bring up the subject of new taxes.

Or illegal taxes. The Texas

State Capitol Highlights

By Lyndell Williams
Texas Press Association

Supreme Court struck down the Robin Hood plan for creating an illegal state property tax.

The tax was collected all summer anyway, and still is today — even as lawmakers sit down to the opening gavel.

It is the third time that lawmakers — most of them lawyers — got a failing grade in bill writing.

No, this is not the stuff political careers are made of.

Session A Gamble?

Some observers see little chance the legislature will approve anything in a special session; some believe it is a big gamble by the governor, now riding high in popularity polls.

In the Democrat-dominated legislature, Republicans still have more than one-third of the House votes, enough to stop a proposed constitutional amendment.

7 Despite a high number of lame ducks, the votes may not be there for a routine tax increase so soon after balloting.

The best Richards and Lt. Gov. Bob Bullock may hope for is to repeal the illegal aspects of school finance and try only for a consensus on a statutory concept of fair play for school funding with no tax increase.

Actual funding — the dollar amounts — would be minimal at best or delayed until new members meet in the January regular session.

The gamble for Gov. Richards is the special session may produce nothing, expanding her image of ineffectiveness on the school finance issue.

Rudd Unveils Reforms

A leading contender for Texas House Speaker last week unveiled sweeping reform proposals that would curtail the role of the powerful but secretive Calendars Committee and realign key committees.

Rep. Jim Rudd, D-Brownfield, sent copies of his proposals to House members, who will elect the next speaker in January. He and Pete Laney, D-Hale Center, are thought to be locked in a battle for the 76 votes needed. Rep. David Cain, D-Dallas, also is thought to be a front-runner.

Rudd proposed the following:

- Abolish the Calendars Committee. Bills passed by committee would stay in the chief clerk's office until 30 House members state in writing their support for bringing the bill to the floor for debate.

- Require that the chair of the Corrections Committee come from an urban area.

- Prohibit the chair of the Insurance Committee from being a trial lawyer or a person who has a financial interest in the insurance industry.

- The chair of the Public Education Committee would have to be committed to education policy, not education finance. Education finance issues would go to another committee.

- A House Finance Committee would be established by merging the Ways and Means and Appropriations. Three permanent subcommittees would be created: expenditures, revenue and strategic planning. Members of each subcommittee would elect their chairs.

Meanwhile, speaker hopeful Rep. Tom Uher, D-Bay City, ended his candidacy in favor of Laney.

Bee County Prison Talks

Bee County officials have agreed to negotiate with the state prison system, which wants to buy or lease parts of Chase Field to relocate a backlog of prisoners now jamming county jails.

The Beeville-Bee County Redevelopment Council voted unanimously to begin negotiations, said Brad Arvin, the group's executive director.

The Texas Department of Criminal Justice wants to locate the prison system's regional headquarters, training facilities and maximum-security cluster units at the defunct military base.

Other Highlights

- Hundreds of Texans picked up \$125,000 in unclaimed money and stock at this year's State Fair of Texas. "More than 33,000 people visited the state Treasury's unclaimed property booth at the fair," said Treasurer Kay Bailey Hutchison.

- Former state Rep. David Hudson, a vocal lottery opponent, has been hired to watch over the state's lottery contracts. Hudson, of Tyler, said his opposition to the lottery while he was a lawmaker would not hinder his ability to oversee the contracts.

- Three groups of Texas farmers will travel to Paris for a firsthand look at the French high-speed rail transit system and to ask their French counterparts if the train has disrupted their lives. Texas TGC Corp., holder of the Texas franchise, is sponsoring the trips. Many Texas farmers are opposed to the train, with would connect Houston, Dallas, San Antonio and Austin.

The Inside Story

In the last century, it must have been inconceivable that there would be an invisible power which would visualize the inner workings of the human body. The only source of such information was the dreaded prospect of surgery. Yet, today, body scanning is routine, saving needless pain and suffering.

There is yet another power, one which has existed since the conception of the universe. That power is God. He not only has the power to influence the inner workings of our bodies. He knows our thoughts and our desires . . . even our souls. The philosopher, Angelo Patri, stated it well when he observed, "Spiritual power is a hidden power, locked in the silence of the soul."

God is waiting for the opportunity to save us from needless pain and suffering. Go to Him in worship this Sabbath. *Get the inside story.*

Residents Urged To Make Block For Community Quilt

Are you in the process of making your family's quilt block for the Libraries in Fisher County? The blocks are coming in at the Libraries, if you need to see one to give you an idea. Cut the block 13 1/4 inch square, so by the time you make all of your seam allowances the block will come out a finished 12 1/2 inch block. Embroider your name and your husband's name on the block,

your children if you want, and bring it to either the Roby Library Station or the Rotan Public Library. The quilt will be put together, quilted and then given away next spring at the Annual Library Quilt Show. These friendship quilts are nice because years from now your children will know who lived in Fisher County.

Arts & Crafts Corner

by Carol L. Johnson
SCRATCH ART

This project is easy for both adults and older children. And with help from an adult, some younger children. You do not have to be an artist to do this type of painting. You may use a child's coloring book or your own imagination.

MATERIALS NEEDED:

- Poster board (white; 5x7")
- White crayons
- Black ink
- Pin or needle
- Pencil with eraser or cork (optional)
- Frame
- Matting (optional)
- Brush; small to medium
- Desired design

Step 1. Color white crayon on posterboard, until you have a solid layer covering the posterboard.

Step 2. Cover a layer of ink until the white crayon is completely covered with a layer of black ink. Using your brush to coat the ink onto the posterboard.

Step 3. Repeat steps 1 & 2 several times until you have several layers of each coated on. Ending with the final layer being the black ink.

Step 4. Choose the design you desire. Now begin scratching away the ink and crayon layers with a pin stuck inside a pencil eraser or cork. Or using a tapestry needle, slowly begin to scratch away until you have the design you desire.

Step 5. Mat and frame your scratch art.

Be sure to cover anything you work on and wear a plastic apron or old clothes as a protection from spilling ink.

Lions Fall To Longhorns For 3-6 Record To Date

by Scott Feagan

The Lions found more than they could handle last Friday night against the Bronte Longhorns. Bronte took the opening kickoff and marched 68 yards in 8 plays to open the scoring. Between the Longhorns being fired up for their Homecoming, and more than a few questionable calls in the first half, Roby was down 36-0 before they knew what had hit them. Bronte scored 5 touchdowns and a safety in the first half, while Bronte's defense and the Refs.

kept Roby in a hole the entire first half. After penalties and fumbles, Bronte scored 4 of its touchdowns after having to go only 17, 14, 29 and 16 yards respectively. David Scott managed to get loose two or three times in the first quarter for 15 or 20 yard runs only to see them be called back by a penalty. The young Lions just never seemed to be able to put anything together to get things going their way.

Roby came back out in the second

half and held on to the ball and played with Bronte like they were capable of doing in the first half. The third quarter started out though with Roby turning the ball over on a fumble at their 16 yard line. Bronte scored from there in 2 plays making the score 43-0. Roby's defense started playing much better from that point on, holding the Longhorns running game in tact for the rest of the game.

The Lions lone touchdown came in the early minutes of the fourth quarter on a 1 yard sneak by quarterback Mario Barrera. Roby's other score came on a safety after Brian Dickson blocked Bronte's only punt of the second half,

leaving the final score at 43-8. The loss leaves the Lions at 3-6 on the season and 1-3 in district play.

Coach Thiessen said that it was the same thing that troubled his young team all year long. "We get rattled early and make a few mistakes before we get settled down the game gets out of hand." He said he felt if the kids would stay mentally focused for the entire game, they will be able to play with Robert Lee Friday night. "They have shown us all year long that when they put their minds to it, they're physically capable of playing with anyone." Roby's last game is Friday at home at 7:30 against Robert Lee.

DAR Chapter Holds Meeting

The Anne Pettus Shelburne chapter of DAR met October 19, 1992 in the home of Dot Harris. The meeting was called to order by Regent Patsy Hamric. Bessie Cleveland gave the prayer. Members pledged allegiance to the flag of the United States of America and said the American's creed. Joe Clark read the President General's message. Connie Tutt shared a report from National Defense.

Members were reminded that the November 14th meeting will be in the home of Joe Clark, and will feature DAR Good Citizens from the two high schools. Betty Mauldin presented the program, honoring "Christopher Columbus: A Man of Mystery". Members viewed a sampling of books on Columbus available to today's school children. Hostesses were Dot Harris, Mary Ann Marshall, and Fran LeBlau.

Letter To The Editor

Letter To The Editor:

"Life is an endlessly diverse privilege", (from "Belt of Gold" by Cecilia Holland), and that is how I feel often these days. This is an exciting time to be alive; with changes in nations, and even the earth itself. We do not know what to expect next.

However, the newspapers and television give small happenings as much attention as large ones; and by dwelling on them make us miss the slower evolving of events in our government, other governments and nations, and in the world at large. We must not allow the media to turn us into impatient, easily distracted children. We must think about what is reported, and insist upon knowing enough background to understand it, as well as understand the con-

sequences of events, and our own actions.

Yellowhammers Thaw The Blizzards And Enter Race For Possible Post Season Berth

by Larry Markham

There was a chill in the air Friday night as the Winters Blizzards visited H. Govan Field. With Winters atop the leader board in District 7-2A at 4-1, thoughts of a real battle and uncertainty of the outcome, filled the minds of Yellowhammer fans. A fired up group of Yellowhammers took little time in turning the turf into an inferno, melting down the Winters defense, and proving this night belonged to the orange and white.

Winters won the toss. On the opening kickoff, the ball bounced and was touched by a Blizzard. As he went

down for the ball, a hard-charging Chris Markham (34) dove on the ball, giving Rotan possession at their opponents 23 yard line. Steven Warren (19) carried for 4 on first down up the middle. A give to Tyrone Daniel (40) through the left side netted an additional 5 yards. On third and one Eric Smith (7) faked a handoff, kept the ball, broke two tackles, and bounced into the endzone. The kick by Daniel (40) found its mark and Rotan led 7-0 with 11:03 remaining first quarter.

Winters appeared to confuse the Yellowhammer defense as they sustained a 7 play drive, scoring to tie the game at 7-7 with 8:25 to play, first period.

Rotan, unable to make the first down on 3 carries, called on Daniel (40) who punted to the Winters 38. Yellowhammer special teams dominated once more, as the punt was bobbled and claimed by Scott Nowlin (79) as he outraced the pack.

With excellent field position at the Winters 37, Smith (7) carried for 5. On second and 5 Warren (19) bulled up the middle for 4 hard earned yards. Facing third and one at the 28, Smith (7) faked right, kept the ball, zig-zagged 28 yards, scoring with 5:50 still to play, first period. Rotan led 14-7 as Daniel (40) kicked the P.A.T.

Winters was pinned deep on the kickoff as Markham (34) bowled over the returnman only two yards from where the kick was taken at the 21 yard line. Curtis Huitt (9) and Eliot Mize (86) came to the front on defense holding the Blizzard to no gain on 3 attempts.

Daniel (40) set up the Hammer attack once more as he took the punt at his own 47 and worked his way to the Winters 31 yard line. On first down Daniel (40), took the handoff and sprinted down to the fifteen. Warren (19) carried to the eleven on first down and again on 2nd and 6, where he blasted into the endzone. Daniel (40) PAT was good and the Hammers were on top 21-7, with 3:02 remaining first quarter.

Rotan kicked off once more, and again Mitchell Montez (29) and Nowlin

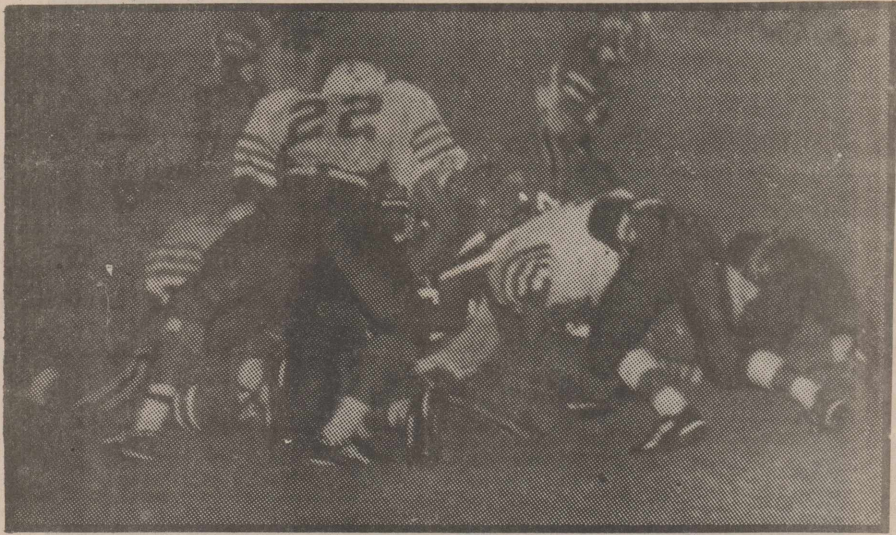

(79) provided good coverage down field. Holding on a no gain first down, Winters moved back 10 yards to the 22 for a first and 20. The Blizzard offensive retreated to the 15 as the halfback took the pitch and was buried immediately by Markham (34). Winters punted from their own 26 unable to gain first down yardage.

Smith (7) took the punt at the Rotan 32 and was forced out at his own 44 yard line. The Hammers moved to the Winters 38 as Daniel (40) found a gaping hole in the defense and slipped down after gaining 18 yards. Rotan moved inside the Blizzard 20 on a late hit call as Warren (19) carried to the 34. Daniel (40) carried for 10 yards and a first down to the 9 as the first quarter ended. On second and goal from 7

Methodist Church Plans Bazaar

The First United Methodist Church of Rotan will have the annual Seafood Gumbo and bazaar Saturday, November 14, starting at 5:00 - 7:00 p.m., or until the food is gone. Stew will also be served. Donations will be accepted. Bazaar sale items will open at 3:00 p.m. in the church basement. Items for the sale may be brought to the church beginning at 9:00 a.m., Saturday morning. Any questions, contact Connie Hargrove.

PILE UP: The Yellowhammers were in top form as they downed the Winter Blizzards last Friday night. The 34-14 victory keeps Rotan in the hunt for a possible play-off position pending this week's game against Hawley.

THANK YOU

To comfort our family after the loss of Lometa Little, many of you brought food to the house, sent beautiful floral arrangements and lovely pot plants, provided additional food for our extended family at the church, and gave us a hug and words of sympathy and encouragement. We feel so lucky to have wonderful neighbors and friends.

Our special appreciation to the Rotan Nursing Home staff, to Dr. C.M. Callan, to the Weathersbee Funeral Home staff and to the members and staff of First Baptist Church.

ROTAN CROSS COUNTRY REGIONAL QUALIFIERS

Roby Harriers To Take Part In Region II Meet Saturday

Seven girls and one boy will represent Roby at the Region II Cross Country Championship in Arlington on November seventh.

The girls' team includes: Kelly McWilliams, Carolyn Atkinson, Christy Anderson, Shawna McKee, Lanette Teague, Karen Stearns, and Amanda Moore.

The boy representing Roby will be Chad Dannheim.

The girls qualified for regional by coming in second place at the district cross country meet which was held in Abilene on October the 20th. They

were only a combined 5 minutes behind the first place team.

Chad Dannheim qualified for the regional meet by finishing fifth place in the boy's division. His time on the three mile course was 20:06.

Other members of the Roby Cross Country team are Brian Osuna, Jason Osuna, Justin Whitaker, and Casey Terry. The boys finished in fourth place overall.

The girls will run at 8:45 a.m. Saturday morning at Vandergriff Park in Arlington. Chad Dannheim will run, following the girls, at 9:10 a.m. Saturday morning at Vandergriff Park.

continued from page 7

yards out, Warren (19) appeared to be stopped at the 4. Suddenly he broke free from a pile of tacklers and bolted into the endzone. The PAT failed on a high snap and the Hammers led by 20 at 27-7 with 11:24 remaining first half.

Winters threatened, moving from their own 10 to the Rotan 10 where they stalled, unable to convert on fourth down. The Blizzard experienced losses on the drive due to outstanding defensive plays by James Carrillo (52), Anthony Smith (64) and Mize (86).

Daniel (40) booted a monster punt on 4th down from his 19 down to the Winters 18 (63 yards). Winters managed a 3 yard return as Mize (86) made the tackle at the 21. Winters netted minus 4 yards on 3 plays due to aggressive defensive by the Hammers, including a four yard sack on 3rd and 9 by Martinez (72) and Huitt (9). On 4th and 14, Markham (34) and Carrillo (52) blocked the Blizzard punt and Rotan took over at the Winters one yard line.

Smith (7) kept the ball on the first play from scrimmage, followed his offensive line, and scored with 4:31 remaining first half. Daniel (40) added the PAT and Rotan led 34-7.

Winters came back once more, going 80 yards on 8 plays as they put together an air attack. Rotan had recovered a fumble on the second play of the drive, but gave it up on an offside call. The Hammers aided the Blizzards progress further by committing a roughing the passer violation. Winters score with 55 seconds remaining first half cut the Hammer lead to 34-14.

Smith (7) carried twice out to his 44 yard line and passed complete to Montez (29) at the Winters 23. Officials deliberated forever on a punch it in for a score.

The second half belonged to the defenses. While Rotan corralled the Blizzard offense in their own end of the

field (not crossing mid-field in the second half) the Hammers reached the Winters 21, 13, and 15 yard line on 3 possessions unable to punch it in for a score.

The Yellowhammers are only one game away from a share of the District crown as they travel to Hawley on

Friday night. Rotan appears to be the stronger team of all those in the playoff race. With the probability of a 3 or 4 team tie for first place at 5-2, the hammers will have to win on Friday night. Then wait on the toss of a coin or draw of a card to determine where they will be in two weeks.

Citizen Hotline Being Expanded

State Auditor Larry Alwin announced today that the statewide toll-free citizen hotline will be expanded for citizen input in general audit areas. As of today, citizens can use the number to provide information and ideas regarding the operations of state agencies and universities relating to waste, abuse, or inefficient operations.

1-800-TX-AUDIT was installed in June to receive citizen input on the Management Audit for Public Schools (MAPS) in Texas. Alwin stated, "Citizen tips on the MAPS project were of tremendous benefit, and we plan to use 1-800-TX-AUDIT to benefit other audit projects and to assist in identifying

new areas of concern to citizens and legislators."

The 1-800-TX-AUDIT (1-800-892-8348) hotline will be staffed from Monday through Friday from 8:00 a.m. until 5:00 p.m. An answering machine will record detailed messages after regular office hours and on weekends.

TAX PLANNING

Written By
James E. Rodgers, CPA

by James E. Rodgers, CPA
IRS SIMPLIFIES PAYROLL DEPOSITS

If you own a business and you withhold payroll taxes from employees, get ready for some good news: the current system of payroll tax deposits is about to be replaced, and the new system will make your life less complicated.

Beginning January 1, 1993, you will be allowed to deposit payroll taxes and withholdings either monthly or semiweekly. Monthly depositors are required to deposit employment taxes and withholding accumulated within a calendar month by the fifteenth of the following month. Semi-weekly depositors will make deposits on Wednesday or Friday depending on their payday.

Another welcome change: your deposit schedule (or "status") will generally stay the same for an entire year. Your status for each year will be determined by the total amount of deposits that you reported to the IRS for the prior July 1 through June 30.

Example: Your deposit status for 1993 will be determined by the total amount of deposits that you reported from July 1, 1991, through June 30, 1992. (This is referred to as the "lookback period.") You will be a monthly depositor for 1993 if you deposited \$50,000 or less during the lookback period. Otherwise, you will be a semiweekly depositor.

If the new system still seems complicated, you will be relieved to know that you don't have to determine your own deposit status. The IRS will inform you of your status before the beginning of each year. And the new rules provide a transition period, so if you prefer, you can continue to make your deposits under the old rules through the end of 1993.

What about exceptions to these general rules? For most business owners, exceptions are mercifully few. Nonetheless, there are exceptions. Give us a call. We would be happy to discuss these new rules with you.

Stephens, Campa Have Poetry Published

Blake Stephens and Moses Campa, juniors at Roby High School, had the honor of seeing their poetry published in *The High School Writer*, a national magazine published by Writer Publications.

Blake's poem, "Listening to the Wind", was published in the September, 1992 edition. Moses' poem, "My Dear Old Friend", appeared in the October, 1992 edition.

Both students work on their writing independent of their school assignments. Their English teacher, Ron Smith, believes that both students have special skills in writing both prose and poetry.

Currently, both students are working on new compositions to submit for possible publication.

Listening to the Wind
by Blake Stephens

The wind is a puzzle to me,
one of which I am confused.
It whispers a sweet melody,
that often keeps me amused.

I wish that I could fly away,
and go way up high,
and listen to the melodies,
as they quietly float by.

My Dear Old Friend
by Moses Campa
Death has shone,

on you, my friend, whom I've known
for six wonderful years,
and through these years
we shared both laughter and tears.
But, friend, how I'll miss you,
and how I wish to be with you again.

My dear, dear old friend,
There was a lot I should have told
you,

because I had a lot to tell you.
But now you cannot hear, and I wish
that I had one more chance,
one more chance, to make it real.

But even though you're now a world
apart,

you'll always remain in my heart,
and I'll somehow make it through,
with my happiest memories of you,
and these memories will cause me
to,

to never, ever forget you.

Roby Library Station Still Growing

The Roby Library Station is experiencing near explosive expansion. Within the past six months, shelf space and book volumes have almost doubled. The library staff is greatly indebted and gratefully acknowledge the contributions of: The City Commissioners of Roby, Midwest Electric Co-op, Laurie Sheridan Estate, Vernon C. Orrell Estate, Roby Public Schools Library, Hammon Holcomb Memorial, George Price, Perry Thomson, Floy Jim Hughs, Buck and Alice Hughs, Frank and Marjorie Mitchell, City Lumber, Roy and Helen Noles, and other contributions of cash, books and magazines too numerous to print here.

The Roby Library Station is located on the west side of the square, just south of Citizens State Bank. The station is open Tuesday thru Friday, 1:00 to 5:00 p.m. Library assistants are: Marjorie Mitchell, Alice Hughs, Buck Hughs and other volunteers. The Roby Library Station has access to Interlibrary Loan from Abilene Public Library.

The Library staff encourages all Fisher County residents to visit and browse in the expanded Roby Library Station. The staff could also use volunteer assistance to place books on the recently donated shelf space.

Homemakers Hold Meeting

The Center Homemakers Club met October 20 for the regular meeting in the beautiful Halloween decorated home of the agent, Beth Dannheim.

After recreation and the business meeting, the agent presented a program on "Low Cost Home Decorating". She showed several wreaths which could be changed seasonally by the addition of a decoration according to the season. Flower filled baskets for centerpieces and other items for table decorations - all at a lower cost. It was an informative program enjoyed by all.

On October 29 at 7 p.m. in the Rotan Community Center, a program entitled "The Relationship of Nutrition to Cancer" will be presented.

Refreshments were served by the hostess to: Vonciel Driver, Helen Thornburg, Audie Burk, Bernice Randolph, Eilene Cave, Fay Anderson, Luella Waddell, and guest, Stella Mae Mash. The above named program as well as others are planned throughout the year and the club urges anyone interested to visit and join the group for these programs.

The next meeting will be November 10, a Thanksgiving luncheon and auction at the Annex.

ALL GOING TO STATE COMPETITION: The above three Rotan twirlers will be making the trip to the State Twirling competition in April after getting a Division 1 rating in the regional twirling ensemble in Abilene recently. The Rotan twirling ensemble members going to the Texas State competition are (l to r) April Martin, Karen Dickson and Jennifer Rains. In addition Karen Dickson and Jennifer Rains each captured Division 1 Solo ratings and will compete in solo routines at Austin in the spring.

Rotan Third Grade Learns About The Electoral Process

Mrs. Cox and Mrs. Smith's third grade classes studied about the local, state, and national governments. They also went in depth about the United States Presidential elections. The classes made posters encouraging people to vote. Also, polls, ballots and the seriousness of voting were stressed. The students filled out voter registration cards and received a voter registration card. The cards were presented on Election Day (Nov. 3) and the class voted for President and Vice-President.

The fourth grade students in Rotan Elementary held an election for Elementary President and Vice President. The election was a simulation of the national elections and was conducted to teach the students how the election process works.

The students formed a two party system, with Jacob Yanez as the presidential nominee and Scott Tandy as the vice presidential nominee chosen by the campaign party. The Presidential party's candidates were Zack Yanez and Lindsay Havins.

Each party wrote a party platform. The issues were how to improve the school. Students campaigned for their party with posters, buttons, campaign slogans, and speeches.

Elections were held Tuesday morning, November 3, with students from grades two through four voting.

Ashley Garza and Salvador Garcia

were campaign managers for the Campaign Party ticket. The Presidential Party campaign managers were Sabra Hargrove and Rode Morrow.

Election judges were Rosanna Muniz, Mark Soliz, Brandi McArthur, Rocky Flores, Steven Smallwood, Sarah Shelley, and Jonathan Perales.

Mr. Hargrove spoke to the fourth grade class on Friday, October 28 prior to the elections and discussed the residential candidates and issues.

The fourth graders worked as a class to develop their parties and campaigns. They wrote their campaign speeches together as a group writing.

Rotan Elementary also held a straw vote on November 3 for President.

Hustling Around Hobbs

by Joy Walker

I am sure Abilene could have done without the severe lightning and high winds Wednesday evening - but you take the good with the bad to get rain in West Texas. And that finally came just after dark in Abilene Wednesday. After about seven weeks without any notable rain, the Big Country was hurting severely. Now if it had been a general rain, and all of us had got some, it would have been nice. We got the lightning, high winds, but only just a sprinkle of rain, not enough to settle the dust. Then again on Saturday we got just a light shower, but had winds all day that day, and again on Sunday, in fact, it seems more like March than early November. The strippers are going full blast in most fields, so they don't want any moisture, but the wheat growers are badly in need of some rain.

Happy birthday to Frances Bavousett, daughter of Dan and Carla, whose 16th birthday is today, November 2.

Visiting Sunday with Dutch and Norma Parks were Jonnye Lu, Robert and Nathan Brown from Lubbock; Cary Brown and Kayla Beck from Snyder also visited Sunday, and all of the Browns, Cary and Kayla spent the night Saturday. Julie, Levi and Dylan Parks from Odessa visited with them all on Sunday.

Dale Cave is in Humana Hospital in Abilene; the doctor plans on doing gall bladder surgery Monday, and we hope to hear that Dale will quickly recover and will soon begin to feel very much better.

Cotton Flat Baptist Church in Midland is having a special presentation of the Levi Parks story "Miracle or Coincidence?", Sunday, November 15 at 7 p.m. Join the Parks family for this if you are able.

Louise and Jeffery Martinez went

to Fort Worth on Wednesday, then Trine Marcias, Louise's sister, and Rosemary Gay and Louise all went to Houston where they stayed until Sunday. They visited with Veronica and Steve Pellerin, and with Mrs. Barbara Annette Soto, also Louise's sister, who was there visiting from Maryland. Louise hadn't seen her in 6 years, so they were all so pleased to be able to get together. Louise spent Sunday night with Rosemary, and Jeffery went after her on Monday.

Willie Barrera is still in the hospital at Abilene, at Hendrick now, and he is doing fairly well, but is still very weak. Mary Ozuna is still doing really well, and we hope that both Willie Barrera and Mary Ozuna will soon be feeling much better. I killed a big rattlesnake Saturday morning, which was lazily crawling around the house, and luckily I saw it from the kitchen window. The snakes are really crawling as it's been so warm so everyone be sure and watch for them. Maybe with the freeze they are predicting, they will go find some place warm to hole up in.

Mrs. Pat (Fay) Patterson and her granddaughter, Emily Zeck, from Snyder visited with me Sunday evening. Emily is the daughter of Pam and Paul Zeck.

Don't forget the Hobbs Homecoming which is going to be held Saturday, November 14th at the Hobbs School. For more information, you can contact Jamie (Miers) Clayton at Rt. 2, Box 36, Rotan. Hope they get a good turnout.

See you next week.
