Work In Space Easy, Astronaut Declares

MOSCOW (AP)—Maj. Yuri A. Gagarin said today he worked on his notes, and even ate and drank while objects were floating around in the realm of weightlessness as he orbited the earth, the Soviet News agency Tass reported.

The Soviet astronaut, Tass said, described the eerie situation in the space ship when weightlessness took over.

The entire flight, he asserted, was work all the way and particularly in that phase.

Even so, he said, he felt excellent during that period of his 16-minute flight.

As he waited in the Soviet interior for a hero's welcome in Moscow Friday, the 27-year-old

astronaut told for the first time about his experiences as his first space ship hurtled around the earth. Premier Khrushchev is expected to cut short his vacation at the Black Sea resort of Sochi to head the welcoming committee when Gagarin arrives in Moscow about noon.

When he became weightless, Gagarin said, it became easier to do everything.

"This is quite natural," he commented. "One's legs, arms weigh nothing, objects float in the cabin. Neither did I myself sit in the chair as I did before that, but hung in midair. While in the state of weightlessness, I ate and drank

and everything occurred just as it does here on earth.

"I even worked in that condition," wrote, jotting down my observations. My handwriting did not change although the hand does not weigh anything. Only I had to hold the notebook, otherwise it would float away. I maintained communications over different channels and tapped the telegraph key."

Gagarin said he learned first hand that weightlessness does not deprive a man of an ability to work, Tass reported.

"The transition from weightlessness to gravitation," he said, "by the appearance of the force of gravity, is smooth. One's legs and arms feel as before, as during weightlessness, but again acquire weight. And I am no longer hovered over the chair but eased myself into it."

As to what he saw from space Tass said Gagarin reported:

"I did not see the moon. The sun in outer space is tens of times brighter than here on earth. The stars are visible very well. They are bright and distinct. The entire picture of the firmament is much more contrasty than when seen from the earth."

Gagarin said the south side of the earth was quite plain and he could see easily the shores of continents, islands, great rivers, folds of the terrain, large bodies of water, Tass said.

Flying over the Soviet Union, he reported he could see the great squares of the collective farms and could even tell cultivated land from meadow land.

Reorganization Bill Has Big Majority In House

New Rules For Panels

AUSTIN (AP)—The House passed today a bill making it perjury to lie under oath to a legislative committee.

There was no debate on the "Legislative Reorganization Act of 1961." When the bill was tentatively approved earlier this week, members struck out a section that would allow the legislature to organize its committees on a seniority basis.

The bill would give authority for regular committees to operate when the legislature is not in session. It sets up legal rules for the House General Investigating Committee.

The perjury section grew out of the Court of Criminal Appeals decision last year throwing out the perjury conviction of former Insurance Board Chairman Byron Saunders. He was convicted of making a false statement before the House Investigating Committee.

The House went back to work this afternoon on a host of local interest and minor uncontested bills in preparation for one last big push to solve the state's revenue problems.

The House passed 79-63 a bill by Rep. Charles Hughes of Sherman allowing jurors in civil cases to decide by a 10-2 vote.

Winning—House approval by voice vote was a bill repealing transportation conditions of migrant farm workers on journeys of 100 miles or more. The bill by Rep. Mauro Rodas of El Paso requires for sound physical condition of drivers, adequate vehicle condition and coverings, rest stops, maximum daily trip restrictions and maximum vehicle load specifications.

A bill that would take the operating funds for the Texas Education Agency out of minimum foundation school funds instead of the general revenue fund as at present was passed 107-28. Rep. Malcolm McGregor of El Paso, the author, said the measure would save \$200,000 a year for the general fund.

All three measures were sent to the Senate.

A session on these measures was set for 2 p.m.

The Senate had only two minutes on its calendar. It was expected to clean up its business in a hurry and recess for the week-end.

Local and uncontested bills, although often slowing bigger legislation, are viewed by lawmakers as of bread and butter caliber. Passage of the bills helps them stay in good with the homefolks.

Leaders in both chambers are beginning to eye the passing weeks with more concern. Many feel they need nearly every day of the remaining six weeks in the regular session to whip up and pass a major tax bill and to erase the state deficit.

Pressure is on the House to act within the next fortnight. It usually takes two weeks for a major bill such as a revenue measure to get through the Senate, plus two weeks for a conference committee to report if the Senate version proves unacceptable to the House.

The House gave tentative approval, 72-70, Wednesday to a bill revising the rate making authority of the Railroad Commission.

FIGHTING COTTON FIRE—Snyder firemen battled a cotton fire which damaged nine bales at about 8:30 a.m. today at the Terry Warehouse on Thirteenth Street. At 9:10 a.m. firemen were called to the Billy Bob McMullin residence at 2808 Forty-second Street to extinguish a fire in a washing-machine motor. (Photo by Jackson)

Congress Requested To Hike FPC's Size

By JACK ADAMS.
WASHINGTON (AP)—President Kennedy asked Congress today to enlarge the Federal Power Commission as a step to reducing its backlog of cases and clearing projects which would put more persons to work.

The President's request to increase the commission from five to seven members was in a special message on the federal regulatory agencies. He appealed, too, for the exemption of some small individual natural gas producers from rate regulation.

At the end of February, the President reported the FPC had 193 applications proposing construction of 5,761 miles of natural gas pipelines at a cost of \$1.5 billion. This, he said, involved an immense potential for creating new jobs.

"It is not to be assumed that all these applications would be granted," Kennedy said. "But it more prompt handling of these matters would release hundreds of millions of dollars for construction, giving substantial employment throughout the country and making firm commitments out of orders for materials that are now merely contingent—orders that in turn would provide jobs for men and women in mills, factories and foundries."

Further, Kennedy said, there are now some 4,000 rate increases.

Washington (AP)—President Kennedy says the Soviet Union will remain ahead of the United States for some time in the space race—that "the news will be worse before it is better."

But he said he is hopeful that the United States will be first in other scientific achievements of much greater benefit to mankind.

While Kennedy credits the Soviets with a "most stupendous scientific accomplishment," he does not regard it as any sign of "weakening of the Free World" in the struggle against communism.

But in setting forth these views at a news conference Wednesday, the President did sound a note of warning.

He said "do regard the total domination of men and things by the service of the Communist bloc over the last years as a source of great danger to us. And I would say we are going to have to live with that danger through most of the rest of this century."

But he said he is hopeful that the United States will be first in other scientific achievements of much greater benefit to mankind.

By natural gas producers and pipelines pending before the power commission and still unresolved.

He noted that such increases are usually temporarily suspended but said that under existing law they become effective automatically, subject to possible refunds, six months after the original filings unless the commission acts on the proposals one way or another.

"This incredible backlog of cases, consisting frequently of rate increases piled upon rate increases, involved hundreds of millions of dollars demanded ultimately refundable to the consumer," he said.

In this connection, the President endorsed a recommendation by a Senate subcommittee that the FPC be empowered "to make sure that any excess rate, which is ultimately disallowed, will be returned to the consumer" by requiring deposits of collections in escrow until the rate is finally approved.

He asserted Congress should provide exemption from rate regulation for small individual natural gas producer's handling less than 2 billion cubic feet a year and now accounting for only about 10 per cent of total interstate sales.

Also, he said, pipeline extensions to benefit existing customers and which do not involve other supplier's territories should be given partial or full exemption from the usually lengthy FPC permit procedure.

Kennedy said an increased rate of specific recommendations in a message calling for more speed and efficiency in all federal regulatory agencies.

Eichmann Remains In His Cell Today

By REIMAN MORIN.
JERUSALEM (AP)—Adolf Eichmann, on trial in Jerusalem for complicity in the death of 6 million Jews, remained in his barred cell today while Israel honored the memory of the Nazis' Jewish victims with nationwide rites.

The day was set aside as "Martyrs and Heroes' Memorial Day."

The observance brought a day's recess in the proceedings against Eichmann. When the trial resumes Friday, the opposing attorneys are to complete their arguments over the legality of the trial and Israel's right to bring Eichmann before an Israeli court.

Israel charges that Eichmann during World War II was the operational director of a Nazi plan known as "The Final Solution of the Jewish Problem"—total extermination of the 11 million Jews in Europe.

The legal argument developed soon after the trial opened Tuesday, with Eichmann's chief counsel, Dr. Robert Servatius of West Germany, contending that Israel has no right to try Eichmann, that the 1950 law under which he is charged cannot apply because it was promulgated after the alleged offenses and that Eichmann was only a tool of his Nazi masters.

Israel's Attorney General Gideon Hausner has spent more than three trial sessions in argument against Servatius' contentions. He told the court he would need another hour Friday to sum up. Servatius said his counterargument would take another half hour.

Meanwhile, the nation paused to commemorate the Jews who died during the war.

The central point for the ceremonies was the new shrine at Har Hazeret, on a hilltop about three miles outside Jerusalem. It is a group of stone buildings—a crypt, a synagogue and a memorial hall. They stand on the borders of a great square for assemblies.

The program called for the recital of the names of an unknown number of Nazi victims in the crypt and the kindling of an eternal light. Embedded in the floor of the building are the names of 21 Nazi extermination camps.

An exhibition entitled "Warning and Witness" was set up in the memorial hall.

The exhibit includes hundreds of enlarged photographs of the Nazi camps in which the Jews died. Documents from the files of the Yad Vashem Documentation Center, along with photographs of Nazi leaders and their victims, trace the history of Jewish under the Nazis, from Hitler's rise to power as chancellor of the Third Reich to the implementation of the "final solution."

EULA LEE CARTER

PHYLLIS ELLIS

Scurry-Mitchell Teachers Form Separate Chapters

The Beta Epsilon chapter of Delta Kappa Gamma which has been composed of women teachers from Mitchell and Scurry Counties is

to be expanded into two chapters. The expansion ceremony will be conducted by Miss Eula Lee Carter, state chairman of Expansion committee, at a luncheon to be held Saturday, April 15th in the Terrace Room of Baker Hotel in Colorado City.

Beta Epsilon will remain the chapter of Mitchell County and the Scurry County Chapter will be Zeta Lambda.

Miss Phyllis Ellis will assist in the ceremony. She is now State Executive Secretary; past State President; now International Chairman on membership; and member of Committee on Organization and Expansion in Delta Kappa Gamma. She is principal of an elementary school in Fort Worth.

Miss Carter, Director of Expansion Ceremonies of Beta Epsilon chapter, is chairman of State Committee on organization and expansion; past State President; past Executive Secretary; member of Long Range Planning Committee of International Organization in Delta Kappa Gamma. She is professor of Spanish, Texas Christian University, Fort Worth.

Small Pecan Pies Are Big Hits

By CECILY BROWNSTONE

A PROFESSIONAL baker had an alluring idea this season. She sent batches of miniature pecan pies all over the country to be sold in specialty food shops.

One taste of these and we were sure home cooks would like to make them because they are a natural for storing in the freezer.

Then friends offered a delightful suggestion: why not vary the pie filling? So in the following recipe you'll find the nuts teamed with chocolate, pineapple and candied fruit—and each filling delectable.

The miniature pies may be baked in everyday small muffin pans. But how do you cut pastry to fit them? We have heard home cooks ask.

It's a matter of measurement. First invert the muffin pan. With a piece of string measure one of the cups, up one side, across the bottom and down the other side. Now snip off or measure this length of cord, choose a round cookie cutter whose diameter is the same length as the cord. The cutter will make rounds of dough that just fit the cups.

After rolling and cutting the pastry all you do is press the rounds into the cups, patting over the edges in a few places, and taking care not to stretch the dough.

Some southerners insist that pecan pie should be served with a drizzle of whipped cream. The cream topping won't hurt these miniature pies, but because they are not so devastatingly sweet as the big pies, it's not absolutely necessary.

MINIATURE PECAN PIES

Rich pastry (made with 2 cups flour)

2 eggs
2 1/2 cups dark corn syrup
1/2 teaspoon salt
1/2 teaspoon vanilla
2 1/2 cups finely chopped pecans

Roll out pastry; cut into 24 rounds with 4-inch cookie cutter. Fit into 24 small cups 2 inches by 1 1/2 inches. Fill each cup with eggs enough to blend yolks and whites; add corn syrup, sugar, salt and vanilla; beat gently to combine. Stir in pecans. Spoon into pastry cups, allowing about 1 tablespoon filling for each. Bake in a hot (400 degrees) oven 25 to 30 minutes. Remove from pans and cook on rack.

Variations: Make enough pastry to fit 32 of the 2 by 1 inch muffin pan cups. The basic pecan filling may be varied the following ways. Chocolate Pecan: Add and stir in 1 1/2 cups fortified chocolate-flavored syrup to pecan filling.

Pineapple Pecan: Place a scant teaspoon drained crushed pineapple in each pastry-lined cup; add 2 teaspoons pecan filling.

Fruit Pecan: Place a scant teaspoon chopped candied fruit in each pastry-lined cup; add 2 teaspoons pecan filling.

Storage: Any of the miniature pecan pie varieties may be wrapped suitably for freezing and stored in the freezer for 2 weeks to 1 month. Unwrap and heat in a hot (400 degrees) oven until thawed and warm—about 5 minutes. Allow to stand at room temperature a few minutes for pastry to get crisp before serving.

Outdoor Living

An outdoor collection for hot water with a mixing faucet simplifies the cleaning of garden furniture, tools, porch and patio floors, window screens and outdoor cooking equipment. The quick heat-recovery rate of water heaters permits such a connection without reducing the supply for household needs. The installation is a relatively simple one compared to the time it saves for many seasonal chores, including car and pet washing.

VIC Club To Compete, State Meet

The Snyder VIC Club, Chapter 115, will attend the annual state meeting held this year at San Angelo, April 14-15.

At the state meeting there will be several contests in which the club members will enter. There is the skilled speed contests or the technical test, parliamentary procedure, job application, student selected jobs, and the opening and closing ceremony contest for the officers.

The Snyder Club has 'proudly' taken top honors in the opening and closing ceremonies contest for five consecutive years. Officers who will attend are: Esther Lee Firestone, president; Buddy Haigwood, vice president; Virginia Payne, secretary; Sandy Pearce, treasurer; Nancy Lewis, reporter; Freddy Overman, sergeant-at-arms; and Mr. J. C. Jackson, advisor.

Members going and their entries are: Esther Lee Firestone, parliamentary procedure, and opening and closing ceremony; Buddy Haigwood, student selected job and opening and closing ceremony; Virginia Payne, opening and closing ceremony; Sandy Pearce, student selected job and opening and closing ceremony; Nancy Lewis, student selected job, opening and

closing ceremony; Freddy Overman, technical information, student selected job, and opening and closing ceremony; Darwin Baze, student selected job; and Mr. Jackson, opening and closing ceremony and advisor. Mrs. J. C. Jackson will accompany the members on the trip.

Elementary 4-H Meeting Held

The Snyder Elementary 4-H Club met Tuesday afternoon. Connie Ellington called the meeting to order. Minutes and roll call were read by Deborah Ellington.

Members present were Connie Ellington, Deborah, and Jennifer Ellington, Linda, Glenna, and Carol Ruth England, Becky Johnston, Belva Jo Shipp, Susie Bunt, Debbie Shaw, Donna Lester, Sharie Rose, Terri Chester, and Dian Holman.

Glenna England adjourned the meeting.

IT'S LOVE AT FIRST BITE

FULL OF TASTEWORTHY FOOD VALUE

INSTALLATION HELD—The Snyder Jaycee-ettes held their regular installation services Tuesday evening at the Martha Ann Woman's Club. From left are: Mrs. Gerald Pullig, director; Mrs. Gene Thompson, reporter; Mrs. Bill Dryden, director; Mrs. Howard Gray, historian; Mrs.

Lee Mixon, director; Mrs. Billy Joe Brown, president; Mrs. John Jarrell, secretary-treasurer; Mrs. Doug McGlaun, vice president and Mrs. Kenneth Baker, state director.

Woman's Culture Club Hears Programs On Libraries

The Woman's Culture Club met Tuesday afternoon at the Martha Ann Woman's Club with Mrs. M. L. Andrews as hostess.

The members repeated in unison, the club collect, with Mrs. A. C. Martin presiding. A few excerpts from her talk: "It was a friendly janitor of the Washington Free Library at Hagerston, Md., who in 1907 drove the first book wagon through the surrounding country side. This was the first traveling library in the U. S. The janitor could hardly have imagined the fleet of bookmobiles that would one day carry books to readers in the most remote sections of America."

"Today, the library on wheels brings reading material to both city and country dwellers who would otherwise not have access to good books."

"The driver of a bookmobile must be a good driver. He must be an intelligent person and must know his books. He should be ready and able to answer questions or to tell people what books might answer their inquiries."

"Our bookmobile here in Scurry County is driven by Mrs. Harry Lee. It would be worth your time to go in and talk with Mrs. Lee."

"Trips are made every two weeks. One day stops are made at Hermleigh, Ira and Fluvanna, also a stop is made at Dunn. Books are checked out for a two week period. In 1960 over 14,000 books were checked out. This is about one-third or one-fourth of the number checked out from the main library here. In Hermleigh over 8,000 books were checked out last year and only two books were lost. These were unpaid for. Around 425

books at Hermleigh, 200 at each Fluvanna and Ira are checked out each trip. Very few fines have had to be collected for overdue books."

"Mrs. W. E. Doak spoke on 'Great Libraries of the World.' A portion of her talk was: 'Among those nations which encourage the establishment of libraries, free from government control, and free of fees, are the United States, England, Canada, Denmark, Norway, and Sweden.'

"The public library at Peterborough, N. H. founded in 1823 is probably the oldest existing library which has had continuous support. The New York public library has the largest book collection of any in the world. It has more than five million volumes."

"One of the greatest national libraries is the Library of Congress at Washington, D. C. It contains more than 8,500,000 books and pamphlets and -near 11,500,000 manuscripts."

"Chicago has two famous research libraries. The John Crerar Library, which specializes in technical and natural science and the Newberry Library, specializing in literature, religion, philosophy and fine arts."

"The Smithsonian Institute located in Washington, D. C., was established in 1846 under the will of James Smithson, who bequeathed his fortune to the United States for that purpose. This great establishment was for the increase and diffusion of knowledge among all men."

"One of the oldest libraries in this country is the Harvard University library with over 5 million

Alpha Club Presents A Musical Tea

The Alpha Study Club was hostess for a musical tea on Tuesday, April 11, at Martha Ann Woman's Club.

Mrs. Don Newsom, a mezzo-soprano from Big Spring, delighted members and guests with the following numbers: "Vai Che Sapeste," from Marriage of Figaro by Mozart; "Soleils Sengs," by Greig; "Quando Men No Soli ta from La Boheme," by Puccini and "Songs My Mother Taught Me," by Duran.

Her accompanist was Miss Elsie Willis, also from Big Spring, who gave two piano numbers, "Minuet," by Seehack and, "Cracovienne - A Polish Dance," by Paderecki.

The program was arranged by Mrs. Sonnie Umberger and Mrs. Wade Winston, who also were hostesses for the tea.

Refreshments were served to 36 members and guests.

KITE TIDINESS

Tell your young son to wrap his kite string on a fishing reel. The string won't tangle and will be easy to reel in.

BAG THE CLOTH

Keep only dust cloths in plastic bags to prevent greasy spots on walls or shelves.

Always economical, you now get the BEST BUY when you

Discussions On Feed Grain Program Set

Discussions on the new feed grain program will be held in Scurry County beginning April 17. The first meeting will be held April 17, at the 1st Community Center for farmers in the 1st area. The second meeting will be April 18, in the high school auditorium in Hermleigh. The third meeting will be Thursday night in the Flanagan High School Auditorium and the final meeting will be April 21, at 8 p. m. in the District Court room in Snyder.

Producers who are interested in the Feed Grain Program as well as landowners and landlords who are interested in this program are urged to attend one of these meetings.

Bill Roach, County Agricultural Agent for Scurry County, said that the program will be explained so that producers may make up their own minds as to the advisability of entering the program.

Roy Hanson, manager of the Scurry County ASC office, will explain the details of the program and how farmers may participate in the program, and what they may expect to receive from the program. One of the county committees of the ASC will probably be present at each meeting.

In general, the new program provides for payments to producers who devote corn and/or grain sorghum acreage to conserving uses. Only those corn and grain sorghum producers who participate will be eligible for support prices for 1961 or normal production of these two crops. In addition, corn and grain sorghum producers who participate will be eligible for support on other feed grains such as oats, barley, and rye.

For diverting acreage equal to 30 per cent of their base or 70 acres, whichever is the larger, producers will be eligible for payment equal to 30 per cent of their normal production on their diverted acres times the county support price. Actual payment computations will be based on a payment rate per acre for the county times the acreage diverted and a pro-

portion of the county support price. The purpose of the program are as follows:

1. To increase farm income.
2. To prevent further build-up of feed-grain surplus and to reduce it if possible.
3. To help assure the consumer of fair and stable prices for meat, poultry and dairy products.
4. To reduce ultimate feed-grain program costs to the taxpayer by about \$300,000,000.

Some of the things to remember about the program: It applies only to 1961 crops. It is on a voluntary basis. Cooperators must divert at least 30 per cent of their 1960-61 acre average of corn and grain sorghum to be eligible for price supports on their feed grains. Non-cooperators will not be eligible for price supports on corn, grain sorghum, oats, barley, or rye in 1961. The non-cooperator will sell his feed grains on the open market. The cooperator will be paid in cash or negotiable certificates which may be exchanged for CCC stocks.

The purpose of the program are as follows:

1. To increase farm income.
2. To prevent further build-up of feed-grain surplus and to reduce it if possible.
3. To help assure the consumer of fair and stable prices for meat, poultry and dairy products.
4. To reduce ultimate feed-grain program costs to the taxpayer by about \$300,000,000.

Barbara Powers Is Disappointed Again

MILLEDGEVILLE, Ga. (AP)—A statement by President Kennedy turned out to be another disappointment for Barbara Powers, 27, wife of a U-2 pilot shot down over the Soviet Union last May.

Girl Is Rich In Brothers

By DOROTHY HAMILL

JOHNSON CITY, Tenn. (AP)—You might find a little girl with fancier frills, or with more toys, or even with bluer eyes.

But you'd have to search a long time to find a little girl with more brothers.

Barbara Anne Harrison, 23, and all of them are her big brothers.

Barbara Anne was born April 28, 1943, the first daughter of Mr. and Mrs. Emory Harrison, Rt. 2, Jonesboro.

born.

How does it feel having a girl in the family after all this time?

"Why, the boys all worship her," Mrs. Harrison exclaimed.

"And she's crazy about her brothers. Only her daddy is tops."

As for him, he's just foolish about her. He always did want a little girl.

"You haven't heard blue-eyes lot, so rich in brothers, has eight of them living at home with her."

They are Bob, 30; Ray, 17; John, 14; Richard, 13; David, 12; Gordon, 10; Foy, 9; and Houston, 7.

The other five are married—bring her in the next morning, and when she did, I still wasn't

Sam, 21, and Haskell, 19. All of them are farmers like their daddy.

Agged how they felt about the appearance of Barbara Anne, John had a succinct answer.

"It was nice to have a little sister. It was different."

When Barbara Anne was born, her parents couldn't believe they had a girl.

"I couldn't sleep right after she came, and the nurse asked me, 'Why?'" Mrs. Harrison said.

"I told her I just couldn't believe I had a girl. She promised to bring her in the next morning, and when she did, I still wasn't

There she didn't have a bit of hair and looked exactly like a boy. I'll tell you one thing though, a girl's a lot rougher on clothes and shoes than boys."

JFK Offering No Advice To Texans

WASHINGTON (AP)—President Kennedy drew laughs at his news conference Wednesday at his answer to whether he would support Sen. William Blakley, D-Tex., in the latter's bid for a full term.

Asked if he would work actively for the election of Blakley, Kennedy replied that his assistance had not been requested.

The President then touched off a big round of laughter in adding that if Blakley does seek his bid, "I will certainly be glad to do what I think is useful."

A reporter, in asking the question that Blakley has opposed some of Kennedy's legislative program "and also opposed some of your nominees" for federal jobs, Kennedy, however, went on to say that he is "for Democrats in these fights" but he believed the people of Texas can make the decision in this case.

Blakley faces Republican John Tower in a runoff for the seat vacated by Vice President Lyndon Johnson. Tower finished far ahead of a field of 40 Democrats in an April 4 special election, with Blakley running second. Both have described themselves as conservatives.

Kennedy told Washington newsmen: "It isn't very useful ordinarily for people to come from out of the state, whether it is the President or Sen. Goldwater or anyone else and I think probably the people of Texas can make a very effective judgment without external advice, but we will be glad to do what I think is useful."

Sen. Barry Goldwater, R-Ariz., an avowed conservative, has said he will make a series of appearances in Texas for Tower May 15 and possibly the next day.

Republican National Chairman Thurston Morton said he also had offered to campaign for Tower if the candidate wanted him to do so.

Kennedy was asked if he saw any significance in the fact that two conservatives emerged on top in the preliminary Texas election.

He replied that each side could "claim some comfort" in the results since there was a big and divided field.

But I think Mr. Blakley—Sen. Blakley—runs as a Democrat and I think his prospects—I think he will probably run an active and vigorous campaign," the President said. "We will see what happens."

Dulaney Is Speaker For Kiwanis Club

Gene Dulaney, Snyder attorney, was principal speaker Wednesday at the regular luncheon meeting of the Snyder Kiwanis Club.

Dulaney spoke to the group on the responsibility of businessmen in their government. He was introduced by Ford Kenner.

A former Kiwanis Club member, Dave Harlin, was re-inducted into the club by H. W. Cargile.

Kiwanians reminded that the club's Pancake Supper will be held on Saturday, April 22, in the West Elementary School cafeteria. Serving hours will be from 5 p. m. to 8 p. m. Tickets will be available at the door and advance purchase in advance from any member of the Kiwanis Club.

LIKE FROM OUT OF NOWHERE—Twirl Week (The Woman is Requested to Pay) has Snyder High in its annual clutches on present, being that week's time of the year when the girls do the chasing and the boys play "hard to get." In conjunction with the somewhat different theme of things, Crazy Hat Day was in full swing this morning at the school, with this happy-go-lucky threesome being snatched prior to the start of the day's classes. From left are Frank Moore, the coolest of the coolies, Beverly Preston, and Rance Dyer. (Photo by Jackson)

The Snyder (Texas) Daily News, Thurs., April 13, 1961

'No Change' Noted In Boys' Behavior

"The play the boys wrote" and performed was highly moral and sensational—all who did not get stabbed or shot or poisoned, reformed, signed the pledge and lived happily ever after." Written a hundred years ago by one of three ladies who founded the first Boys' Club of America in Hartford, Conn., these words show that boys' basic interests and sense of decency have not changed. Nor has the underlying principle by which the youth guidance organization operates—that is, to provide for the physical, mental and spiritual development of boys. But in size and influence the Boys' Clubs of America has altered tremendously. Today, as the national youth group enters its second century of service to boys, it has reached a total of some 580 Boys' Clubs serving more than 600,000 youngsters of all ages and creeds.

Officers For Livestock Assn. Named

The Scurry County Junior Livestock Association has elected officers for the 1962 Fall Stock Show. Elected president of the organization was Bill Zimmerman. Other officers include Raymond Brown, vice president, and Jerry Springer, secretary-treasurer. Other two directors are Alvin Koonman and Richard Stoker. Several changes have been adopted in the rules and regulations for the 1962 show. One change is the crossbred lamb division. The new rules specify that all crossbred lambs must be 50 per cent fine wool breeding, either Rambouillet or Delaine and that all lambs will be classified by a classifier, and his opinion will be final. Another change will affect all divisions and that rule change is that all grand and reserve champion animals must sell in the auction. Other business conducted involved changing of the dates for the 1962 show. The show will be held on the weekend immediately following the Sweetwater Livestock Show. That will move the dates approximately three weeks ahead of the previous dates. A financial statement was presented at the session.

Fitzgerald, Newhart Share Record Awards
BEVERLY HILLS, Calif. (AP)—Ella Fitzgerald and comedian Bob Newhart today shared top honors of the year from the recording industry. They walked off with top awards Wednesday night at the third annual Grammy awards of the National Academy of Recording Arts and Sciences. Ella won for best female vocalist for "Mack the Knife," and for best album for a lady singer—"Ella in Berlin." Newhart won album of the year honors for his "Button Down Mind of Bob Newhart." Best male vocalist award went to Ray Charles for "Georgia on My Mind."

Plane Drops Pup To Fishing Boat

NEW ORLEANS (AP)—The Coast Guard said today and amphibian plane from Biloxi had dropped a pup to the stricken fishing vessel Miss Toots and the boat was proceeding slowly under its own power.
The Miss Toots told the Coast Guard earlier it was in a sinking condition, 120 miles south, southeast of Mobile with two aboard. The plane and the cutter Sebago were dispatched to aid. The identity of the persons aboard was not known.

Joe Smith Worried, Confused About Russia's Man-In-Space

BY THE ASSOCIATED PRESS
Joe Smith, average American, is both worried and confused about the Soviet announcement that they orbited a man around the earth.

This was the reaction reported in a nationwide poll by 11 newspapers to find out what the man in the street thinks of the Soviet space achievement.

In each city reporters called Joe Smith, picked at random from the telephone directory. The poll was conducted in Miami, Detroit, Akron, Charlotte, Denver, Dallas, Minneapolis, Los Angeles, Oklahoma City and Washington, D.C.

Two Joe Smiths said they thought the United States should step up its space program. Three doubted if the Soviets had really sent a man into space.

Two couldn't see what difference it made. Two expressed confidence that President Kennedy would keep the Soviets from retaining any advantage over us and three hailed it as a great

scientific achievement. Joe Smith, 22, tired too and the maker of Detroit said, "They can put all the Russians into space as far as I'm concerned. We can still take care of ourselves, don't worry."

Joe J. Smith, 23, of Charlotte, N.C., said, "I just wish we had done it first. Maybe we're not spending enough money to perfect it right."

Miamian Joe W. Smith, 68, a retired World War I veteran, called it "a bunch of Russian lies." He said "I think it's propaganda to break us down, but they won't break down President Kennedy. Flying in space is against God's wishes."

"If it is true, that Russia brought the man back and he's well, then it's a great achievement," said Joe C. Smith, 55, rubber plant worker in Akron, Ohio.

But it's hard to believe what the Russians say. "I doubt that they did it," said Joe Smith, 61, draftsman for the U.S. Bureau of Reclamation in

Denver. "I think it's a pretty great feat myself," said Joe Smith, 47, Dallas electrician. "The flight shows a lot of skill on the part of the Russians and I believe it is the first step toward interplanetary transportation if we are going to have it."

Joe Smith, 85, an attorney in Pasadena, Calif., said "I think it's a lot of damned foolishness. I don't see that any good can come of it."

"To be fair about it, it's a great thing," said Joe P. Smith, 73, milling company worker in Minneapolis. "They were there ahead of everybody else. They were first, and if they had the ability to do it first, then they're entitled to all the credit."

"I'm certainly very impressed by the accomplishment," said Joe Max Smith, 22, Washington, D.C., law student. "The United States is going to have to speed up its efforts to keep on top of the race."

Joe W. Smith, a retired work-

er in Oklahoma City said "I think it's a great accomplishment, but I wish our nation had been first." In Seattle, Wash., Joseph B. Smith, an attorney for 36 years, said, "I don't think it makes any difference whether the Russians are a little ahead of us. We'll have a man up there, but we want to be more careful, more sure. We think more of a human being than the Russians do." Newspapers cooperating in the poll were the Miami Herald, Detroit Free Press, Charlotte Observer, Akron Beacon Journal, Dallas Times Herald, Denver Post, Los Angeles Examiner, Minneapolis Tribune, Washington Post, Oklahoma City Oklahoman and Seattle Post-Intelligencer.

Texas Loop In Unveiling

BY THE ASSOCIATED PRESS

The United Texas League, which will open its third straight year, will unveil its 1961 campaign Saturday.

President Dick Butler has predicted a close race and an attendance boom.

Austin plays at San Antonio Saturday night to start the race. Other clubs swing into action Sunday with defending champion, the Victoria, and the Victoria, the defending champion, host to Amarillo.

Second openers will be Tuesday with the pairings reversed—Austin at San Antonio, Victoria at San Antonio.

Snyder Girls To Vie At Aspermont

Coach Guy Sullivan will take a group of senior high and junior girls to Aspermont tomorrow to compete in the Aspermont Girls Track Meet, which will begin at 2 p. m. Finals are slated for 7 p. m. and indications are that some 15 to 20 schools will be represented in the running.

Snyder High entrants include Janice Rinehart, and Mary Ann Savage. Miss Rinehart, a sophomore, was previously scheduled to depart today for Mexico City and the Mexico All-Star Meet, an international track and field tournament.

However, due to a south of the border airline strike the meet has been postponed a week, so that she will not compete until then.

Sullivan also plans to enter his tracksters in the Bluebonnet-Medley Relay of April 29, which will be run on the San Angelo High School track.

Spotlight Shifts To Greensboro

KEEN ALYTA
Associated Press Sports Writer
GREENSBORO, N.C. (AP)—After battling the formidable Augusta National course for almost a week in the Masters tournament, the touring golf professionals moved their road show to the Sedgwick Country Club today to start the four-day 72-hole Greater Greensboro open.

If they are looking for a soft touch they may be in for a surprise, according to Tom Case, host professional at the course where the prize will be battling for \$22,500 in prizes.

Sedgwick, which last played host to the tournament four years ago, has been toughened considerably. It has a par of 71 and measures about 7,000 yards.

Says Case, "Anyone who fires a soft 90-round will have played an extremely fine round of golf."

Sam Snead, approaching his 49th birthday, will be shooting for his eighth victory. He won the inaugural in 1958 and last spring took No. 1.

Masters champion Gary Player is taking a brief vacation from the tour, but there are many formidable challengers for Snead in the field of about 140.

Among them are Doug Sanders, Julius Borne, Mike Souchak, Bill Maxwell, Peter Thomson, Kel Nagle, Stan Leonard and Charlie Sifford, the Los Angeles pro who is the first Negro to play a major PGA event in the South.

In the pro-amateur warmup Wednesday Bobby Nichols of Louisville, Ky., won the \$250 first place money with a 65. Leonard of Vancouver, B. C. was second with a 67, worth \$210.

The final events of the day—the mile run and mile relay, are slated to be run at 3:35 and 3:45, respectively, after which, the winning team will be presented the championship trophy.

Robert Ryan is directing the meet, with D. V. Starnum being the official starter.

Jim Humphries, Rio Grande Valley owner, will be the dean. He has had a club in the Texas League for 29 years. Allen Russell, Austin owner, has been in the circuit 19 years and Graylie Howlett of Tulsa 14 years.

In addition to a 116-game race, there will be 24 games per club in an interlocking schedule with the Mexican League, making 140 games all told.

Each Texas League club will invade Mexico for 12 games. Mexican League teams will come to Texas for a like schedule.

At the end of the regular season, champions of the two leagues will clash in a series, for the Pan American Association title. Tulsa won it last year.

Ray Murray is the only returning manager. He will pilot Rio Grande Valley again. George Staller comes back after a year's absence, to manage Victoria. Sheriff Robinson, who last managed Oklahoma City, will be at Amarillo.

Bill Adair, who managed Milwaukee's championship club at Louisville last season, will try to repeat the feat this season at Austin. Whitley Kurovski, the old St. Louis Cardinals third baseman, will manage Tulsa.

The San Antonio club, as part of the Chicago Cubs' experiment, will be managed by a succession of Chicago Cubs coaches, starting with Rip Collins of Gas House Gang fame.

"The Texas League is fortunate that the Chicago Cubs have selected San Antonio for their experiment," said Butler. "This means that their finest young talent will be on display at San Antonio—just correspondingly, the other clubs will have to be well staffed in order to remain competitive."

"On this basis, San Antonio must be picked as the pre-season favorite. But because of the number of outstanding young prospects signed by all the other clubs, the race should remain close throughout."

Butler said the league acquired more stability during the winter with problems solved at two trouble spots. John Moffrey purchased Mission Stadium and assumed operation of the Mission, again putting San Antonio on sound footing.

After a winter of lease problems at Tulsa, A. Ray Smith stepped into the picture and saw to it that necessary park repairs were made. In addition, he has purchased 50 per cent of the stock in the club.

"This Tulsa presents its finest picture since it was last owned by Cincinnati," said Butler. "The only other change in ownership was at Victoria. Tom O'Connor Jr. relinquished the reins to Derrett Williams, who becomes both owner and general manager."

"All in all, things look brighter for the Texas League than at this time a year ago, and it could be that it has weathered the storm and now is headed for smoother sailing and a successful season," said Butler. "On this thought, an attendance of \$25,000 is predicted as compared to the draw of 489,547 in 1960."

With runners on third and first as pinch-hitter Bob Sadowski came to the plate. That's when the Phils' boos popped up—and an alert Dodger defense shot him down.

Taylor broke for the plate with the tying run on Sadowski's grounder to short, but was caught between third and home when Maury Wills threw to catcher John Roseboro. Roseboro made the tag on Taylor, after paring with third baseman Junior Gilliam for the run-down, and then flipped back to Gilliam, who nailed Gonzalez as he attempted to go from second to third, for the game-ending double play.

At San Francisco, rookie catcher Tom Haller made his first major league hit, a seventh-inning homer that broke up a four-hit shutout against the Giants by Vern Law. It came after Robert Clemente dropped Haller's foul fly to right. The Bucs' 30-year winner of last year's pennant club then forced in the clincher when he hit Orlando Cepeda with a pitch with the bases loaded in the eighth.

The Pirates, who scored in the sixth off winner Billy Loos had two on with two out in the ninth when rookie reliever Jim Duffalo got Clemente to hit into a force out.

Yankees won the last major league game played at Ebbets Field in Brooklyn in 1957. He was a Dodger then.

Yankee Bobby Richardson was retired the first nine times as he made three straight hits. He now has a .314 average for 13 World Series games.

Chicago won last night's game, 1-0, over the Pirates. The Cubs' 30-year winner of last year's pennant club then forced in the clincher when he hit Orlando Cepeda with a pitch with the bases loaded in the eighth.

ELITE ASSEMBLAGE—Copping first places in Saturday's junior division competition of the District 3-3A meet, and facing a rigorous test once again in this Saturday's Junior High Track Meet, are the above Lamar 9th graders. From left kneeling are John Bist and Cole Potter, while standing are Harley Bynum, Jimmy Wilson, Sterling Kessler and Craig Stokes. Bynum won both hurdles events and tied for first in the pole vault, as did Bist and Wilson, while Stokes won the discus throw, Kessler the brood jump, and Potter the 1320 yard run. Basepath Boobos Spell Phillie Doom

By ED WILKS

Associated Press Sports Writer

If there was one phase of baseball which Manager Gene Mauch stressed with his young Philadelphia Phillies in spring training, it was base running.

"Mistakes cost you games," he said, "and most of the mistakes our kids make are on the bases."

The point was driven home at Los Angeles Wednesday night as the Phillies ran themselves into a word double play that squelched a ninth inning rally and gave the Dodgers a 3-2 victory while leaving the Phils wiser but winless.

It was one of but two games played in the majors. The San Francisco Giants also survived a ninth-inning threat and beat Pittsburgh 2-1 in the only other game scheduled in the National League.

Two games were scheduled in the American League—Chicago at Washington and Los Angeles at Baltimore—and both were rained out.

The Phils' folly came after the Dodgers had broken through against Frank Sullivan, making his NL debut, with three runs in the seventh on Wally Moon's homer and a scratch single by winning pitcher Johnny Podgorski.

Trailing 3-1, the Phils got rid of Podgorski when Johnny Callison and Tony Taylor opened the ninth with singles. Callison took third when rookie Willie Davis bobbled Taylor's hit to center and scored on a high bounce to the left of the mound by pinch-hitter Tony Curry. Taylor scooted to third on the play when reliever Larry Sherry's pig to the plate was wild.

Pinch-hitter Tony Gonzalez forced Curry for the first out, but the Phils were still in business.

With runners on third and first as pinch-hitter Bob Sadowski came to the plate. That's when the Phils' boos popped up—and an alert Dodger defense shot him down.

Taylor broke for the plate with the tying run on Sadowski's grounder to short, but was caught between third and home when Maury Wills threw to catcher John Roseboro. Roseboro made the tag on Taylor, after paring with third baseman Junior Gilliam for the run-down, and then flipped back to Gilliam, who nailed Gonzalez as he attempted to go from second to third, for the game-ending double play.

Teenage Loop Meeting Set For Tonight

The kickoff, conclave for the coming summer's Teenage League will be held tonight beginning at 8 o'clock in the high school gym, reports city auditor Sperry Moffett.

All dads of boys of that age grouping are urged and invited to attend, along with any other interested parties. An important initial league groundwork will be discussed.

Yank Trio, Foreign Quint In Quarters

By CHARLES GREEN

HOUSTON, Tex. (AP)—Ron Holmberg challenged Australia's Neale Fraser today as three Americans and five foreign stars entered the quarter-finals of the 27th River Oaks tennis tournament.

Holmberg, No. 5 among U.S. amateurs, was the only top-ranking American surviving the first two rounds of a tournament that has never been won by a foreign entry.

Roy Emerson, the Australian who has won three spring tournaments, met Hamilton Richardson in the day's second match. Richardson formerly was the No. 1 U.S. player but now is a weekend player in Dallas and holds no ranking.

Friday's lower bracket quarter-finals place second-seeded Rod Laver of Australia against Germany's Wolfgang von Struck and Luis Ayala, Chile's No. 1 player, against Frank Froehling, the 19-year-old giant from Coral Gables, Fla.

Spel Marcus, a Rice University junior from Tampa, Fla., survived six points in an overtime first set Wednesday before bowing to the top-seeded Fraser, 13-11.

Holmberg, from Brooklyn, N.Y., meanwhile was taking a fairly tough 7-5, 2-6, 6-3 victory from Jerry Moss, Fort Sam Houston, Tex.

Emerson, seeded third, defeated Whitney Reed, Alameda, Calif., 6-3, 7-5, after trailing 1-3 in the first set. Richardson advanced with a 7-5, 6-3 victory over Ronnie Fisher, former Southwest Conference champion at Rice University.

Laver took a quick 6-4, 6-1 decision over Billy Talbert, New York City veteran, while Struck defeated Reginald Bennett, London, England, 6-1, 6-1.

WINNERS SMACK—St. Louis Cardinals shortstop Daryl Spencer plants a kiss on the bat he used to hit the game-winning home run in the tenth inning of the game at Milwaukee. Daryl's home broke up the 1-1 game against the Braves. (AP Wirephoto)

BOWLING Junior High Linksters Tee Off Today

An even dozen junior high linksters have signed up for the two-day junior high golf meet which will have its inception at the Country Club here beginning today.

Nine holes will be played today and the final nine tomorrow, with starting time for each day's play being 4 p. m. The low medalist for the 18 holes of firing will be declared the victor, irrespective of his classification in school.

Plans call for the affair to be an annual one designed for the promotion of golfing interest among the younger set of the city.

Seven entries swell the ninth grade ranks as of this morning, while three are signed up from the eighth and two from the seventh. Entries will be accepted up until teoff time of 4 o'clock, and any boys desiring to play are asked to report to Coach J. P. Ward at the Country Club prior to that time.

The ninth graders who have entered the meet include Dickie Williams, Jerry Rose, Roy Bark and Glen Ward of Travis, and Rob Hall, Larry Black and Jim Barr of Lamar. The eighth and seventh grade entrants all are Lamar products and include Billy Atwood, Charles Parks and Linden Terry of the eighth, and Jimmy Hogan and James Clements of the seventh.

Travis will next see action Monday, when they are slated to take part in some inter-city rivalry against the Lamar Junior High girls in the Lamar gym. The "B" game will have a starting time of 4 p. m. at that time, with the "A" fifth following at 5 o'clock.

LIBBY'S DAYS

... at your **SAFEWAY**

- Libby's Tomato Juice** 2 46-Oz. Cans 69¢
A perfect breakfast beverage. Rich in Vitamins and proteins.
- Libby's Fruit Cocktail** 3 No. 303 Cans 69¢
Five delicious fruits blended. Delicious in gelatin desserts.
- Libby's Blackeye Peas** 4 No. 300 Cans 59¢
Fresh. Firm, flavorful and nutritious.
- Libby's Potted Meat** 4 No. 1/4 Cans 49¢
Nutritious and economical. Perfect for sandwiches.
- Libby's Vienna Sausage** 2 No. 1/4 Cans 39¢
Rich in proteins.

- Libby's Green Beans** 2 No. 303 Cans 39¢
Cut. Summer garden freshness and flavor. On your table in minutes.
- Cream Corn** 2 No. 303 Cans 39¢
Cream Style Golden. Tender, golden kernels. A real flavor treat.
- Spinach** 3 No. 303 Cans 39¢
Rich in vitamins. Has a flavor all its own.

- Safeway Buys!**
- Vienna Fingers** 8 1/2-Oz. Pkg. 29¢
Sunshine Cookies. For parties and snacks.
 - Banquet Dinners** 11-Oz. Pkg. 53¢
Frozen Beef, Chicken or Turkey.
 - Chicken Pies** 8-Oz. Pkg. 23¢
Banquet Frozen. Easy to serve.
 - Reynolds Wrap** 75 Ft. Roll 79¢
Aluminum Foil. 12-inch size.
 - Kaiser Aluminum Foil** 2 25-Ft. Roll 69¢
12-inch size.
 - Crisco Shortening** 1-Lb. Can 37¢
So truly digestible.
 - Golden Fluff** 3-Lb. Can 77¢
Shortening. (6 1/2 off label).
 - Bluebonnet Margarine** 1-Lb. Ctn. 25¢
(2¢ off label). Everything's better with Bluebonnet on it.
 - Large 'AA' Eggs** 49¢
Extra Large. Grade AA. 1 1/2 dozen.

SAFEWAY Gives those Valuable GOLD BOND STAMPS
your nearest Redemption Center is **BIG SPRING**

- Bakery Feature of the Week!**
- Barbecue Bread** 1-Lb. Loaf 19¢
Stylark — In Foil Wrapper. Regular 25¢ value.
 - Western Farm Style Bread** 1 1/2-Lb. Loaf 27¢
Now at Safeway! Wrapped in a polyethylene bag with a convenient "Flavor-Seal" Tab. Hours freshen.
 - Jelly Snails** 7-Oz. Pkg. 23¢
Mrs. Wright's — Regular. 25¢ value. "2¢ off."
 - Buttermilk Bread** 1 1/2-Lb. Loaf 25¢
Mrs. Wright's.
 - Crushed Wheat Bread** 1-Lb. Loaf 21¢
Stylark.

- Libby's!**
- Libby Peaches** 2 No. 303 Cans 23¢
Stead in halves.
 - Pineapple Tidbits** 2 No. 211 Cans 23¢
For topping desserts.
 - Lima Beans** 2 No. 303 Cans 29¢
Garden Green. Tender and flavorful.

- Libby's!**
- Spanish Rice** 2 18 1/2-Oz. Cans 43¢
Perfect for casseroles.
 - Corned Beef** 12-Oz. Can 63¢
Melting, juicy and tasty.
 - Beef Stew** 24-Oz. Can 53¢
A meal in a can.

- Safeway Produce**
- Bananas** Lb. 10¢
Golden Ripe Tropical Fruit. Ripened a better unhurried way to preserve natural flavor.
 - Red Apples** Lb. 15¢
Washington State Extra Fancy Winesap. Ideal all purpose apple. Perfect for out-of-hand eating.
 - Asparagus** Lb. 19¢
Garden Fresh. Serve with your favorite cheese sauce.
 - Pascal Celery** 19¢
Perfect to salads. Healthful and flavorful.

- They're Here!**
- Watermelons** Lb. 10¢
Thin rind. Rich, red and refreshing. 15-pound average.

- Safeway Meats**
- Bacon** Lb. 39¢
Smoked Half or Whole Slab. 8 to 12 pound average. Delicious served with eggs for a breakfast treat.
 - Chicken Hens** Lb. 39¢
U.S.D.A. Inspected for wholesomeness and U.S.D.A. Grade "A." 3 1/2 to 6-Lb. avg. Penny.

- More Meat Buys!**
- Franks** 1-Lb. Pkg. 49¢
Armour's Star or Safeway. Perfect for outdoor parties.
 - Canned Picnics** 3-Lb. Can \$1.99
Armour's Star. Ready-to-eat. Easy-to-serve.

- Pork Sausage** 2-Lb. Pkg. 65¢
Wingate Regular or Hot. Seasoned just right. Economical too.
- Pork Cutlets** Lb. 59¢
Major House. Quick and easy-to-prepare. A truly delicious treat.

- More Buys!**
- Vel Beauty Bar** 2 Box 39¢
Toilet Soap. For complexion care.
 - Pink Palmolive** 3 Box 29¢
Toilet Soap. No irritating deodorants.
 - Palmolive Soap** 2 Box 27¢
Contains no drying detergents.
 - Fab Detergent** 10 1/2-Oz. Jar \$1.05
(20¢ off label). For everything you wash.
 - Vel Detergent** 2-Lb. Box 27¢
(6¢ off label). Cuts grease fast.
 - Ad Detergent** 10 1/2-Oz. Jar \$1.99

THE RISING TIDE

John Harvard Has Top Claim As U. S. 'Man Of The Year'

By DNEZ ROBB

The combat for the title "Man of the Year" should be declared no contest in 1961. John Harvard already has two legs of the cup and is fast staking out a claim to the third.

His is the typical American success story: all of us love. Poor boy (1897-1938), son of an English butcher, who becomes a clergyman, comes to New England, settles in Charlestown, Mass., amasses a library of 300 books which he bequeaths together with 800 English pounds to country's first college renamed in his honor one year after his death and three years after college founded.

Virginia may still cling to its title of Mother of Presidents, but who will deny that John Harvard is the daddy?

All of this is by way of saying that I am content that his boys should run the ship of state, chart new fields at home and abroad, invent new plays in touch football and serve as an inspiration for Yale and Princeton. These are suitable and dignified fields in which to operate, and ones in which the sons of fair Harvard have every chance for success.

But now that Harvard's dead of men, McGeorge Bundy (and what a lovely name that is!) not exactly poetic just impossible, is helping him in Washington, I think some older and wiser head should keep an eye on Harvard's undergraduates, lest they blot the alma mater's copy book.

A small group of undergraduates, and always one of Harvard's choicest, has, innocently, I'm certain, been bitten off more than it can chew. Seven members of the editorial staff of the Harvard Lampoon—a collegiate editorial cross between "Cap" Billy's Whiz

Bang" and "Play-boy"—have just been snatched or suckered into acting as fashion editors for a mid-summer issue of "Mademoiselle".

The idea behind this gambit is that the Harvard lads will lampoon or parody the fashion pages not only of "Mademoiselle" but of all women's magazines in general.

Only the innocent male of tender years could have been booby-trapped into such a redundant assignment. Bless them, but it takes even more than Harvard genius to satirize what is the essence of tragedy to begin with. Especially if recent years, since the Brigitte Bardot look, the conviction is widespread that the fashion magazines have been published with tongue in cheek and Rube Goldberg in charge.

It's a combination the Lampoon team can't possibly better. They're licked before they start. How, on the laugh meter, do you top the sack, the beehive and the wind-swept look? Just playing that trio straight, the fashion magazines either have had their public in the aisles or heading for the tall timber.

Calypso Rhythms Spice Ike's Party

PALM SPRINGS, Calif. (AP)—Calypso rhythms wafted on the desert air from the Eisenhower cottage Wednesday night as the former President and his wife threw a farewell party.

Former President Dwight D. Eisenhower and Mamie and their vacation here Friday. They leave for Eisenhower's farm at Gettysburg, Pa.

The party was in Caribbean motif with a native band from Trinidad playing for a dozen guests.

Anything the Lampoon boys think up, the real fashion editors have already outpointed them six ways to the Jack. Honestly, you begin writing about Harvard, and the word jack just automatically comes out with a capital "J". Or the Jackie I feel sort of sorry for the Lampoon boy who is so pleased with himself because he thought up the idea of photographing a fashion model with a collection of dead mice, supposedly her hobby.

This Harvard innocent believes that idea is far out. Far out? What else does he think has been concealed in those model beehives since 1959? And it took seven Harvard men, count 'em, seven, to come up with a fashion page to be titled "Clothes to be Caught Dead In". That's been a monthly feature of the fashion mags ever since I can remember. Even the models have looked half-dead.

And the great Harvard Lampoon idea of posing a fashion model with a "trained wrestler"? That's hybrid even with a vengeance. Fashion models in the past have posed with holy falkirs, dead whales, Evil-Eye Finkie, garbage trucks, race horses, ice skates, roller skates, dance marathons, crow's-feet (couldn't hardly tell 'em for the crew), Sherpas, pygmies, circus giants, in and on trapezes, boxers, ball players, a bunch of bananas and babies.

The Harvard Lampooners, if they want to uphold the honor of Jack (Harvard), that is, country and commonsense, should stay out of the rag biz. The first lesson Harvard should teach its sons is not to overmatch themselves.

Housewives Get Tired Of Hearing This

By HAL BOYLE

NEW YORK (AP)—Remarks that housewives get tired of hearing:

"What in the world do wives do with all their spare time?"

"Hey, Mom, when's my blue sweater? I know, I left it right here on this chair only two days ago."

"Gee, Mom, I'm already late, and if you don't drive me to school, I'll be marked tardy and—"

"This is Mrs. Chumley of the P.T.A. I wonder if you could help us address and mail a few letters? It will only take four or five hours."

"What do you need a new dress for? Didn't you buy one last year?"

"I'll bet as soon as I head out that door for work you'll hop right back in bed for a two-hour nap. All wives do that."

"Why should I help you do the dishes? That's a woman's work."

"Hello, Marge. I missed the 5:58 train home. Bumped into Joe Burch and we stopped off for a couple. I'll catch the 6:48 or maybe the 7:14, or the 8:12 at the very latest."

"I know I promised to take you out tonight, Marge, but I had another one of those tough days at the office. Can't we make it another night?"

"Yes, I think my daughter can baby sit for you tonight, Marge. But I guess I'd better warn you—her rate has gone up to \$1.25 an hour."

"Sure it's a nice looking hat, Mom. But don't you think it's a bit, uh, youthful for you?"

"I know I should have given you more warning, honey, but I'll tell you what makes modern wives so nervous: Life is too easy for them. They don't have enough to do to keep them busy."

"Marriage is for women and children."

"Why, Mom? Guess what? You've got three more gray hairs. Isn't that funny?"

"I'll tell you what makes modern wives so nervous: Life is too easy for them. They don't have enough to do to keep them busy."

"Marriage is for women and children."

"Why, Mom? Guess what? You've got three more gray hairs. Isn't that funny?"

Junior Editors Quiz on TRAFFIC

QUESTION: What is the history of the white line down the highway?

ANSWER: Traffic problems are older than the automobile. In ancient Rome there was much riding in horse-drawn chariots, especially as men went back and forth to battles. The Roman roads were built with occasional wide spaces along side where a chariot could be parked for repairs. Chariots which were going to Rome were kept from running into those going away from Rome by a long hump built down the center of the road. A line which divided a road into lanes of traffic was used in Mexico as early as 1500. The line was not always white, but it was a color which could be seen easily against the color of the road and the surrounding trees and flowers. In America not all lines down highways are white. Some states use black or yellow lines. Some of the new superhighways divide traffic with a ditch or a flat expanse of land. Some have even gone back to the Roman style of separating traffic. They have a long built-up block of concrete.

FOR YOU TO DO: The next time your family takes an auto trip, notice how your car is safely kept away from the oncoming cars.

(Craig Caper of Piedmont, Calif., wins \$10 for this question. Mail yours on a post card to Violet Moore Higgins, AP News-Snyder, in care of this newspaper. If duplicate questions are received, Mrs. Higgins will select the winner.) 4-13

Fort Sumter Takes Easy Way Out Of A Situation

CHARLESTON, S.C. (AP)—Fort Sumter, the first of the Civil War, is being taken over by the U.S. Army. The 20-minute display of \$5,000 worth of pyrotechnics represented the 34-hour battle that was the first of the war.

Thousands of tourists and Civil War buffs joined South Carolinians in reliving the battle. They watched from the Battery, that is the tip of the Charleston Peninsula, from the balconies of the carefully preserved old Charleston homes, from Sullivan's Island and other land vantage points surrounding the pentagonal brick fortress near the mouth of the harbor.

Members of the South Carolina Legislature stood on the long balcony of the Ft. Sumter Hotel overlooking the scene.

A stormy controversy over racial customs had quieted when the re-enactment began. At White Point Gardens on the Battery, a cast of 150 assembled. Clad as soldiers, they acted out the negotiations between the Confederate forces of Gen. P. G. T. Beauregard and the Union forces of Maj. Robert Anderson, commander of the 66 soldiers and 8 bandmen on Ft. Sumter.

As the outdoor drama closed, the negotiations unsuccessful, the sound of explosions drifted across the harbor from Ft. Johnson, a Confederate stronghold on the south side of the harbor.

These were the first shots of the Civil War and electrically charged flares, lighting up the sky above Ft. Sumter, represented "misses" by that first barrage. "Hits" were scored by yeasers of flame shooting upward from the fort.

SAVANNAH, Ga. (AP)—A Savannah man took a "short-cut" way out of a predicament Wednesday and the vehicle smashed into a railing. Truck driver Alfred Fox of West Palm Beach, Fla., was unable to avoid Highway 91, a road which runs along the Savannah River.

Taken aback momentarily, Fox grabbed his spare tire and flung it to Highway 91 in the water below. Highway floated down the river on the tire about a mile. On the way, he said, he decided to return to the scene of the accident.

Highway had swum three trucks and was approaching the bridge when police picked him up and took him to Georgia Infirmary for observation.

The first rotary printing press, designed by Richard Hoe in 1846, was capable of printing 8,000 papers an hour.

SPECIAL NOTICES A-2

Man Held In Attempt To Assault Girl

FORT WORTH (AP)—Police lodged an attempted rape charge against a husky carpenter seized Wednesday by a slight junior twice his age after a church secretary, screamed for help.

The prisoner, Elmer Priest, 34, admitted to police and newsmen that he raped the 17-year-old secretary of the 19-year-old secretary, a small blonde, and tried to assault her.

She told officers a man seized her in a church hallway. He threatened in obscene language to break her neck, she said, after forcing her inside a Sunday school classroom and locking the door.

Ben Collier, 64, the church's 135-pound Negro custodian, heard the girl's cries. He grabbed a wooden chair, climbed Priest with her, and the carpenter peered into the hall and held Priest until police arrived.

Priest, a 6-footer weighing about 180, said he was on his way to work and stopped near the church to hunt a restroom.

County grand jurors decided not to indict Priest on an attempted rape charge in 1963.

The told-questioners he had been involved in an attempt to assault a woman who gave him a ride in her car, and was arrested another time for trying to pick up a Texas Christian University co-ed near the campus here.

Firm Believer In Rights For Women
BALTIMORE, Md. (AP)—Miss Jesse Marjorie Cook was a firm believer in equal rights for women.

Her will, dividing her \$400,000 estate, provides:
A \$25,000 trust fund to aid any woman who suffers because of inequalities under law.

A \$10,000 trust to provide \$100 annually to the Maryland branch of the National Women's Party.

Additional grants to support the equal rights amendment to the U.S. Constitution and further equality of women in civil and economic rights.

CABINET LEVEL DISCUSSION—Two members of President Kennedy's cabinet, Commerce Secretary Luther H. Hodges, left, and Secretary Arthur Goldberg, engage in close discussion during a meeting of the President's Committee on Equal Employment Opportunity. (AP Wirephoto)

Disputes Expected In Grain Program

WASHINGTON (AP)—The Agriculture Department is arranging in advance to settle expected disputes over 1961 acreage allotments, Rep. Poage, D.-Ind., said today.

He said the department has agreed to let county ASC committees adjust allotments for growers who can prove there were errors in estimating past production.

Poage said he expected disputes in Central Texas particularly because old Spanish measurements were the basis for laying out farms there originally instead of mile square sections.

He added that there are no absolutely accurate figures on planting the past two years. For that reason, Poage said it is necessary to compute allotments on figures and estimates furnished by farmers and data from ASC committees.

"I was told that the Department of Agriculture would ask the

Youngster Operates His Own Business

MALVERN, Ark. (AP)—At the age of 13, Henry Stuart III is a dues-paying member of the Malvern Chamber of Commerce.

Young Stuart comes from a family of merchants and is not to be outdone by his father and grandfather, he has maintained a "Black & White Store."

After school and on holidays, Stuart operates his store, which carries a variety of merchandise and is located in a building which was built by his father.

Stuart said he did not say as the father he did. He said, "I don't want to be like my father, but I want to be like my grandfather."

The boy bears not only the name of his store, but also an official chamber of commerce emblem.

Like many successful business men, Stuart doesn't talk about his financial returns. Family and friends, however, say he has banked a tidy sum from his business venture.

Direct Intervention In Cuba Is Ruled Out By President

WASHINGTON (AP)—President Kennedy today ruled out direct intervention in Cuba by the United States.

The President said that the United States would do everything it could to prevent the spread of Communism in Cuba, but that direct intervention was not the answer.

He said that the United States would continue to support the Cuban people in their struggle against the Cuban government, but that it would not send troops to Cuba.

The President also said that the United States would continue to work for a peaceful resolution of the Cuban crisis, but that it would not accept the Cuban government's demand for the withdrawal of all United States troops from Cuba.

He said that the United States would continue to support the Cuban people in their struggle against the Cuban government, but that it would not send troops to Cuba.

Loophole In Import Check Due Study

SAN ANTONIO (AP)—Assistant Secretary of the Interior John M. Kelly says the government is studying the so-called "Brownsville loophole" under which foreign oil is trucked into Texas without being subject to import controls.

Kelly, here to speak at the Western Petroleum Refiners Association convention, told newsmen a report on the practice will be studied prior to hearings on crude imports next month in Los Angeles and Washington.

The "Brownsville loophole" is the oil industry name for the practice of shipping oil from foreign countries into Mexico and transferring it to trucks for shipment into the United States.

Oil trucked into this country from Mexico and Canada is not subject to the import controls.

The refiners conference closed Wednesday with a technical session on refining developments.

Overland oil imports from Canada and Mexico reached record highs in February, the Interior Department reported in Washington.

Exempt imports from Canada averaged 153,863 barrels daily and those from Mexico 10,713 barrels daily. Previous highs for both were in January, with Canadian oil totaling 149,422 barrels daily and Mexican oil 7,793 barrels daily.

Secretary of the Interior Stewart Udall has said the Mexican imports are causing deep concern.

Husband Declares His Superiority

LOS ANGELES (AP)—Television actress Yvette Vickers says her writer-husband, Leonard Burns, "ended all our arguments with the statement, 'You are not worthy of me.'"

She told a judge Wednesday her marriage was one round of insults and bickering, and "I began to think that I was some kind of an inferior being."

The court awarded Miss Vickers, 35, a divorce. She and Burns, 37, married June 13, 1959, in San Francisco.
