DELEON MAN CANDIDATE FOR CONGRESS

About Our Friends

BY STEF A. LONG

Now nobody ever thought that a physician would have any money, much less keep it as an heirloom. Here comes Dr. W. P. Lee with old one-fourth dollar in gold... dated 1871... Didn't know they had that denomination in gold...

Reagan back from Big Spring here he has been busy having an operation on his head... seemed jolly this morning... must have had some... Now wants us all to pay our school tax so teachers can get their pay... sounds good... W. Frank Walker also joins in the desire... so there you are...

G. Tuttle looking down and... Wife gone and dog sick, he... well, well, that is a calamity... Orbie Dee Jacobs, who was married six years ago in foot ball game and has been a cripple since, is now acting as agent for magazines... those who desire him may subscribe through... either by going to his home or by leaving their subscription to Mrs. W. R. Simmons at the Simmons apartments at 300 West 10th street...

F. Alsop making his milk deliveries... Mrs. T. E. House visiting office... C. G. Whitaker fixing windows... Mrs. Leon Tullos visiting friends... L. A. will be in for the week-end...

Country club will entertain its members Friday evening... sort of picnic basket lunch will be served... Basket spread at 6 o'clock... was announced by E. L. Smith... informal program to follow.

Be Burnam makes a good preening officer... presided in the absence of S. H. Nance, head of the club, Wednesday... Dr. E. L. Burnam visiting the Lions for a minutes... jolly chap...

Fishing Party Back From Mexico Trip

Fishing party composed of R. J. Poy Riley and Roy Canfield just returned from a fishing trip to Lake Don Martin and adjacent fishing grounds in Old Mexico bringing home some 300 pounds of fish, which they have distributed to their friends. The largest fish weighed 45 pounds, they report. The party was very dry in Mexico but after crossing the border into Texas found plenty of rain. They reported adventures in that part of the country owing to the lack of water, their trailer turned over one time and spilled the fish.

R. Canfield, who lives at the Riley hotel said he would not let anyone go there to fish, unless they found the private fishing grounds they discovered, otherwise they would have to pay rather exorbitant rates for permit and fees. Three pesos per day, he said.

D HUESTIS TO OPEN STATION ON SATURDAY

Formal opening for the new station and "Official Conoco Day" at Huestis' service station at the corner of East Eighth and Main streets, Saturday, May 16, was announced today by Ed Huestis, owner of the station just remodelled from Norvell & Miller brick building recently purchased from that firm.

The station has been rebuilt and equipped with every modern service on convenience said Mr. Huestis. Two electric pumps to serve inside washing and lubricating department. They also sell Kelly-Springfield tires and tubes. "We want all our friends to visit our new quarters and see just how it will be to serve them," Mr. Huestis.

8 Convicts With Hosts Remain At Large

Air-Girdle Globe 1000 Times

Geraldine Kreis Viola Hart

Marie Hess Rosalie Gimple

Ruth Flekke Catherine Meuse

A thousand trips around the world are chalked up to the credit of these six attractive air stewardesses, seniors of United Airlines. Each has worked aloft for more than three years and they have a total of 2,500,000 miles of flying as their record. No similar number of women pilots can equal their time in the air. Miss Hess is Midwest chief and Miss Gimple east chief.

SENATORS TRY COMPROMISE IN TAX MEASURES

WASHINGTON, May 14—(U.P.)—The senate finance committee leaders laid aside the administration's plan for taxing undivided corporate earnings today and began writing compromises into the \$863,000,000 revenue measure.

A call upon the treasury to provide at a secret session of the committee, estimates to be repeated from a substitute only bear philosophy of the levy which the new deal experts defended.

The treasury experts admitted at yesterday's session that the bill would exempt or reduce by half the taxes of 283 out of 600 corporations with more than a million dollar income on the basis of 1934 figures. But their efforts to surmise those of the bill by presenting figures on how taxes of as many other huge corporations would be boosted an equal amount and how the bill would plug tax evasion loop holes in the higher rates failed to impress members of the committee party due to incomplete statistics.

64-Well Oil Deal Totals \$1,600,000

FORT WORTH, May 14—(U.P.)—Charles Roesser of the Roesser and Pendleton oil company announced today the sale of that firm's interest in the 64 East Texas oil wells for a total of \$1,600,000.

Trippitt and Meadows company of Shreveport, La., are the purchasers. Roesser said his company held an interest of 29 and three-quarters wells in the county.

STEAL WOOL, LEAVE CASH
BRYAN, O. — (U.P.) — Thieves stole 600 pounds of wool from the L. P. Wirtz store at nearby Kunkle, but did not touch the cash drawer.

POSSE OF 200 IN PURSUIT IN OKLAHOMA

McALESTER, Okla., May 14—(U.P.)—Eight freedom-crazed fugitives from the state penitentiary here fled through the rugged and sparsely settled wild of southeastern Oklahoma today.

They carried three hostages as protection against the pursuit of 200 officers and possemen. Two of the victims in the bloody break from the penitentiary guard tugged Cope and Victor Conn were wounded.

Grave concern that they and their prisoner Wilbur Doak, would meet the same fate as did another guard at the time of the break—summary death when their purposes had been served—were general.

The same group of convicts shot D. C. Powell superintendent of the brick yard through the head shortly after they rebelled yesterday. They ducked his body from the automobile in which they fled before they had gotten outside of McAlester.

The trail of the fugitives streaked south of McAlester and was lost in the thinly populated area around Blanco and Pittsburg.

Last night the band seized Dope while he was hunting his cows near Blanco they forced him to change clothes with them and accompany them. Then they stopped at the farm of a Mrs. Taylor threatening her with guns they forced her to prepare a meal for them. She said the guards were wounded one in the neck and the other in the body.

Colored School To Picnic Friday

Mrs. Haley, colored school teacher, announced today that the school would have a picnic tomorrow, Friday, at Lake Bernie from 10 a. m. to 4 o'clock p. m.

Cars and trucks will be at the school to convey the pupils and adults to the lake, announced Mrs. Haley, and parents and friends have been asked to prepare extra lunches to accommodate the out of town guests who are expected from Eastland, Ranger and Breckenridge. Everyone is welcome.

Confederates May Receive Pensions

AUSTIN, May 14—(U.P.)—Children born to people who came to Texas from abroad and applied for and contained citizenship in the Confederate States of America are fully eligible for old age pensions, it was ruled here today.

LUNCHEON GUESTS
Luncheon guests in the home of Mrs. George Christie today were: Mesdames L. A. Delaney and Will Kountz of Rising Star and Mrs. Paul McBride of Cisco.

'Job Is Never Done' Motto Spells Success For G-Men

EDITOR'S NOTE: This is the second of two articles describing the workings of the Federal Bureau of Investigation and the man who makes it run, J. Edgar Hoover.

By RUSSELL TURNER
(Copyright, 1936, by United Press)

WASHINGTON, May 14—(U.P.)—"The job is never done."
That phrase, motto of J. Edgar Hoover, aptly sums up the outlook of the number one G-man toward his task of putting criminals behind prison bars.

And in that attitude may be found the principal reason for the success of the Federal Bureau of Investigation.

With the spectacular captures of the remaining four desperadoes, all alleged kidnapers, accomplished in the past eleven days, Hoover now is launching a campaign to drag the underworld out from under the protective wing of crooked politicians.

Never Out of Touch
Hoover never is out of touch with his office for long, whether he is at

'WIE GEHT'S; UNITED STATES!' ---THE RECORD FLIGHT AT END

A new mode of transportation linking the Old World with the new had been successfully demonstrated when, as pictured here, the ground crew at Lakehurst, N. J., gently drew the giant Hindenburg to her mooring mast after her epochal flight from Germany. The ship's officers are seen in the control cabin directing the delicate task as soldiers and sailors tug on the mooring lines.

Farm Program More Liberal in the County

"Recent rulings liberalize the new soil conservation program to such an extent that most Eastland county farmers can participate and qualify for payments without lowering the cash income greatly," states Dick Weekes, chairman of the program in the county.

Some of the recent rulings that Weekes wishes to call to attention of Eastland county farmers are:

1. Land planted every third row to peas counts one-third of the acreage in peas, which is a soil conserving crop.
2. Sudan can be grazed, plowed under green, or cut for hay or seed and is still a soil conserving crop.
3. A landlord having more than one tenant can put all his land under one work sheet and operate it as one unit under the program.
4. Request has been made of authorities by the county committee that Eastland county farmers be allowed to strip other crops with sorghum and receive credit for the percentage of the land in sorghum as a soil conserving crop. It will be necessary to leave the sorghum on the land after the other crop is harvested to prevent soil blowing. The county committee is reasonably sure that this request will be granted.

All Eastland county farmers are being urged by the committee to sign work sheets regardless of their intentions not to qualify, as weather and other conditions later may make it more profitable to comply and receive payments. A heavier sign-up will also mean a better deal for those who do qualify.

In order to assure a more complete sign-up in the county, one day will be devoted to signing work sheets in each community during the week of May 18-23. The final sign-up schedule is as follows:

Monday, May 18, Ranger.
Tuesday, May 19, Cisco.
Wednesday, May 20, Carbon.
Thursday, May 21, Gorman.
Friday, May 22, Rising Star.
Saturday, May 23, Eastland.

Roy Sanderford To Speak in Eastland

Roy Sanderford, candidate for governor from Belton, Bell county will speak at Eastland Tuesday, May 19, 2:30, on the old age pension, sales tax, income and other forms of taxation, law enforcement and home ownership, it is announced.

The youthful director set to work toward his goal of a well-organized, powerful and efficient law enforcement agency with full power to make arrests and shoot to kill if necessary.

The Lindbergh kidnapping made the goal possible. Enactment of the Lindbergh kidnapping law, making kidnapping a Federal offense, followed.

Goal Becomes Reality
The goal became a reality in 1934, with the assistance of Attorney General Homer S. Cummings, Assistant Attorney General Joseph B. Keenan, and a public opinion outraged by a wave of kidnapping, racketeering and general crime.

Cummings recommended a series of 12 anti-crime bills giving the FBI the power of arrest, authorizing FBI agents to carry weapons, and greatly broadening the list of crimes considered Federal in nature. The bills were enacted, and put "teeth" in the FBI.

Evidence that the Bureau has used them well is the record it has made.

PRODUCTION OF OIL IS SET IN ETEX FIELD

AUSTIN, May 14—(U.P.)—Production of 440,000 barrels of oil daily in the East Texas field for June was recommended by V. E. Cottingham, petroleum engineer of the state railroad commission at the commission's monthly hearing here today.

That is the same production figures at which the commission aimed in its order effective May 1. Actual operation of the schedule allowed 445,330 barrels on that date. Cottingham reported allowable production in the field on May 12 with 447,797.

New Time on T. & P. Sunday, May 17

New time on T&P trains effective 12:01 a. m. Sunday, May 17, 1936.

East Bound
No. 6 4:10 a. m.
No. 12 11:15 a. m.
No. 4 5:50 p. m.

West Bound
No. 7 1:50 a. m.
No. 3 11:15 a. m.
No. 11 4:53 p. m.

On this new time Eastbound Sunshine Special No. 12 is twenty minutes later and Eastbound No. 4 is one hour and 25 minutes later than on the present schedule. Westbound No. 3 is one hour and eight minutes earlier and Westbound Sunshine Special No. 11 is two minutes earlier than on old schedule.

There is practically no change in night trains, eastbound No. 6 being three minutes earlier and westbound No. 7 on the same time as before.

Valley Celebrates Port Opening Today

BROWNSVILLE, May 14—(U.P.)—Brownsville and the lower Rio Grande valley celebrated today the renewal of ocean commerce from and to the city after a lapse of three-quarters of a century.

Today a destroyer, two coast guard cutters, a painter and freighter, plowed the waters once sailed by Spanish conquerors of the 16th century where since shortly after the Civil War a sand bar in the pass to the sea has blocked passage to the mouth of the Rio Grande where stores were loaded aboard tiny side wheelers and transported into river towns.

The opening of the 3-day celebration of the completion of the 17-mile, \$6,000,000 channel from Brazos to San Diego Pass to Brownsville found the city crowded with thousands of valley residents and notables from Texas as well as Mexico. Governor James Allred scheduled to arrive this afternoon to open the celebration tonight by crowning the queen.

Miss Coursey Dies After Beating

HASKELL, May 14—(U.P.)—Miss Rebecca Coursey, 78, beaten severely at her home died in O'Brien last night.

Clarence Abston, who claimed to be an heir of Mrs. Coursey and C. Matura, 65, Haskell county farmer remained in jail charged with assault to murder. The grand jury was expected to reconsider the case today.

County Attorney Ben Chapman said Matura made statements describing the beating. Matura claiming that Abston hoped to inherit the sister's property so he could buy Matura all the beer he could drink.

Estate Appraisal Okayed by Judge

County Judge Clyde L. Garrett has approved an appraisal of the estate of the late Elizabeth Taylor, Eastland, which listed community property valued at \$57,026.25. The undivided one-half interest in the estate was \$45,513.00.

No claims were listed by her husband, W. H. Taylor, who was the executor of the estate, and appraisers, J. E. Lewis, Albert Taylor and A. B. Taylor.

'Snake Murder' Charged to Pair

Facing charges of the "rattle-snake murder" of Mrs. Mary Busch James, Charles H. Hope, left, and Robert S. James, five-times-married barber, are shown after their indictment in Los Angeles. Each accused the other in alleged confessions that the woman was strangled down while a snake bit her and then was drowned in a bathtub. Hope is alleged to have admitted that they killed the woman to collect \$21,000 insurance.

REV. E. S. JAMES SPEAKS ABOUT TEXAS' GROWTH

Rev. E. S. James spoke at the Rotary luncheon today on the development of Texas during the past 100 years.

He touched the physical development, saying among other things that Texas could now clothe the whole world from her cotton and wool products and could run the cars of the earth from her vast oil resources.

Rev. James mentioned in passing that one hundred years ago Texas contained only about 45,000 people, mostly Mexicans and now she boasts of her 6,000,000 mostly whites. Her early settlers were Catholics, while now her protestant churches supply more foreign missionaries than all other states of the union.

PROGRAM FOR COMMENCEMENT IS ANNOUNCED

A new plan of program will be used this year by the graduating seniors of the Cisco high school when the commencement exercises are held Tuesday, May 26. It was announced this morning by Supt. R. N. Cluck. Speakers for the occasion will be selected from the class, itself. This decision along with those who are to make the awards and deliver the diplomas will be made later, it was announced.

The senior class is the largest in the history of Cisco, consisting of 94 members, with Chief Brown, president; Victor Lawson, vice president; Dena Carroll, secretary-treasurer; Miss Elizabeth Daniel and C. C. Duff, class sponsors.

The baccalaureate sermon will be preached by Rev. W. H. Cole at the First Methodist church, Sunday evening, May 24, at 7:30 o'clock.

Tentative program for the commencement exercises is:

Invocation
Speaker—Our Texas Heritage
Music
Speaker—Bluebonnet Blue.
Music
Speaker—Impossible is Un-Texas
Music
Speaker—The Place of the Class of 1936 in the Texas of the Future
Presentation of Diplomas
Presentation of Awards
Benediction.

Country Club Picnic Friday

"Country club basket picnic Friday evening at 6 o'clock followed by entertainment features, and the golf grass green all sodded and ready for use by July 1," was the report rendered by Secretary W. C. McDaniels today on country club and golf activities.

WELL KNOWN ATTORNEY TO ENTER RACE

A district convention has been announced to be held in Cisco Friday, May 22, for the purpose of endorsing a candidate who will make the race for congress from the 17th congressional district, who will wholeheartedly support those principles advocated by the adherents of the Townsend revolving recovery plan, according to E. G. Kemper, district chairman for the Townsend movement for the 17th district, who is maintaining headquarters at the Daniels hotel.

When those affiliated with the Townsend movement pledge their support to this candidate, it is the purpose of every Townsendite to throw the entire strength of the organization to the man receiving this endorsement. It is my firm conviction," said Mr. Kemper, "that the man we endorse will be swept into office by one of the largest majorities any candidate ever received in this district.

"There is no reason, as I see it, why this district should be different from those of other states. The candidates of the Townsendites have won easily in other states wherever they have been endorsed, and the elections held, and I believe the man this convention nominates will find his pathway to Washington one of smooth traveling.

"There is no mistake, the Townsend movement today is growing more rapidly than did the K. K. K. in its first and most prosperous stage.

"Within the last 30 days there has been such a growth and increased interest that it is practically impossible to keep up with it. I have just returned from a speaking tour of the district, which has been one of the most successful and gratifying trips I have ever made.

"During this trip I organized a number of new clubs, and where there were clubs already in existence, we have increased the membership, in many instances, 100 per cent.

"At the convention to be held in Cisco May 22, we hope to get the campaign squared away that will assure a grand victory for the candidate the Townsendites will endorse. If my predictions come true, which I have the best reasons to believe will materialize, it will mean the grandest victory for the people that has ever been seen in this section. It will mean the emancipation of the masses from the present oppressive financial regime, and lead them out of the depths of this horrible and humiliating and starvation of a man-made depression. I have no fear of the result. If we have to work night and day to elect the man we endorse the time and labor will mean the best investment the people ever made.

"I only want to refer the people to the recent election held in Nebraska. The Townsend organization endorsed a man who was practically unknown. His opponent was one of the most popular men in the state, beloved by the members of his own party, alike with those affiliated with the parties opposing him. But he fought the Townsend plan, and the man, previously unknown, came out strong for the Townsend movement, and won hands down over this idol of one of the old parties.

"The selection and endorsement of a congressional candidate will be the main object of the convention here May 22, and we are extending an invitation to all prospective candidates for congress to attend this convention and express their views for, or against the movement.

"The convention will open at 10 o'clock in the morning and there will be an afternoon session at 2:30 and at 8 o'clock in the evening," Kemper said.

DE LEON ATTORNEY MAKES ANNOUNCEMENT

E. G. Kemper, chairman of the 17th congressional district, of the Townsend revolving recovery plan, announced today from his headquarters at the Daniels hotel, that he had information direct from Fred O. Jaye, of De Leon, a prominent attorney and most forcible speaker, had announced his candidacy for congress from the 17th

A New Texas Seaport

Texas this week dedicates another seaport to the service of world commerce and the upbuilding of the Lone Star state.

Officials from Austin join the throngs in the three-day ceremonial that officially opens the Brownsville international seaport. Chairman Ernest O. Thompson of the railroad commission, makes the principal address at the dedication ceremonies.

Texas is blessed with a tremendous shore line from Sabine Pass to Port Isabel. Upon it flourish great ports and ports ready to become great as population and commerce grow. But Texas has not been content with the resources of these natural ports. At Beaumont and Houston, now at Brownsville, fine inland ports have been created and connected by deep-water channels to the gulf.

There is business for all. There is room for all to grow. Texas ports, backed by impressive tonnage totals, beckon the ships of the world and the goods of all nations to Texas consumers, and stand an open door for the raw materials and the product of Texas to reach the markets of the eastern seaboard and the markets of all lands.

Brownsville has the fun of dedicating its deep-water port, but all Texas shares the glory and the benefit.

State Salaries Inadequate

The lieutenant governor of Texas earns only \$11.10 a day serving as acting governor, during sessions of the legislature. He gets \$10 a day during sessions, but is paid the huge sum of \$11.10 a day when subbing for the chief executive.

A Texas governor's pay of \$4000 a year has long been the object of protest. This year, voters will get a chance to raise it to \$12,000, an improvement, but certainly no exorbitant amount for this high office.

The governor must not engage in private business. He cannot remain an officer of a corporation. A lawyer, he cannot practice his profession. His entire time belongs to the state.

The best evidence that the amendments raising the salaries of the governor, attorney general, treasurer, comptroller, land commissioner and secretary of state, would be adopted, is that they have been able to muster two-thirds votes in the house and senate of the legislature, whose policy of keeping state pay far below the comparable levels of private industry is well known.

Escaping Taxation

State officials have made the fine showing that \$100,000 in taxes have been collected in court on cigarettes formerly escaping the state levy.

But the biggest tax dodge in Texas is that only three billion dollars worth of property is on the state tax rolls, or about one-fifth or sixth what is subject to taxation.

When a man pays \$1 taxes on a piece of property, he is paying about 20 cents that he owes himself, and 80 cents that other property owners owe who aren't paying.

And this situation is beyond the reach of the state officials who punish the occupation tax-evaders.

It seems within the reach of the legislature alone. Survey by Representative C. M. McFarland of Wichita Falls has shown that much of this huge abuse can be remedied by statute, and that one or two constitutional amendments would put machinery in the hands of capable state officials to correct the rest.

TWO CRIMINAL CASES WILL BE TRIED MAY 18

Two cases alleging criminal offenses have been assigned for trial Monday in 88th District court.

Four state witnesses have been summoned for the trial of Boyd Stewart, charged by an 88th District court indictment returned March 5 alleging cutting of a fence owned by Van Gambin near Cisco Feb. 10.

Witnesses summoned for the trial are Cisco Police Chief M. L. Perdue, O. Gustafson, G. C. Daniels and Gambin.

The other whose trial is set Monday is for Bert Gilbert, charged with theft over \$50. An 88th District court grand jury returned an indictment Nov. 1, 1935, alleging theft of one oil field belt from C. D. Woods, Sept. 20, 1935.

Petit jurors summoned for 88th District court beginning Monday, May 18, are as follows:

G. W. Wilkins, Eastland; C. J. Williams, Carbon; Curtis Williams, Eastland; E. T. Williams, Eastland; N. O. Wilfield, Gorman; W. A. Wiegand, Eastland; J. M. Wilcox, Eastland; B. F. Wilcox, Eastland; A. H. Powell, Ranger; Dick Weeks, Ranger; C. E. May, Ranger; R. L. Perkins, Eastland; P. P. Mcford, Okra; Mark Peltrey, Rising Star; J. H. Putnam, Eastland, Rt. 1; G. W. Moore, Ranger, Rt. 2; Dean Walsh, Ranger; J. H. Weaver, Carbon; A. C. Peck, Ranger; B. B. Joe, Sr., Carbon; C. B. Powell, Cisco; O. S. White, Ranger; R. A. Poole, Eastland; H. C. Pounds, Ranger; B. M. White, Rising Star; S. S. Powers, Desdemona; T. J. Magill, Olden; H. H. Pulling, Gorman; R. D. Pierce, Carbon; A. N. Mahan, Carbon; C. A. Walker, Carbon, Rt. 1; E. H. Mills, Ranger; E. J. Poe, Cisco; Fred D. Maxey, Eastland; H. A. Perry, Eastland.

Truck Worker Field Wide Open to All

ABILENE, May 14.—The man with the 1934 truck is to have just as good opportunity for a job on the WPA project as the man with the 1936 model.

Such are the effects of a new ruling announced here yesterday by the United States Treasury department. Under the new regulation, trucks on federal projects must be operated by owners. Teams also must be driven by owners.

Purpose of the new order is to spread and rotate the work among as many as possible and do away with the practice of competitive bidding.

The new method will be for all truck and team owners in District No. 13 to fill out a certificate with the WPA offices here.

A card file of those registered will be established and work allotted in rotation. Owner-operators will be allowed a maximum of 160 hours per month at the prevailing rate for the district.

"This throws the field open to everybody with a truck or team so long as they drive themselves," said R. C. Hoppe, in charge of operations for WPA and explained that the ruling does not apply primarily to persons on the relief roll. It is also pointed out that the new rule will prevent all work being given to those who have new trucks. All eligible and interested in District No. 13 are requested to register at once.

CARD OF THANKS

We wish to thank each and every one of our friends for their sympathy and kindness to our beloved lost one.

Best wishes,

H. O. SMITHWICK,
MRS. IVA METCALF AND SON,
MR. AND MRS. A. J. McDANIEL

DIRECTORS OF THIS DISTRICT ARE ELECTED

The following local directors in this section of the West Texas chamber of commerce were announced at the eighteenth annual convention Monday in Amarillo:

Carbon, E. R. Yarbrough; Cisco, J. E. Spencer; Eastland, Milburn McCarty; Gorman, J. W. Cockrell; Ranger, J. E. Matthews; Rising Star, C. E. Williams; Strawn, J. I. Eneke; and Breckenridge, A. E. Sweeney.

MORAN GARAGE MAN IS KILLED BY AUTOMOBILE

George Eberle, 33, garage owner of Moran, was struck by a passing car and instantly killed Friday night about 10 o'clock, while fixing a fender of a car he was towing in on Highway 23. The accident occurred about one mile south of Moran.

Mr. Eberle was struck by a car said to have been driven by a Mr. Cunningham, of Putnam, as he and two other young men were partially blinded from the lights of the wrecker which was towing in a car, from a previous wreck occurring earlier in the evening.

The young men were said to have stopped and found that his neck, leg and arm were broken, but rushed him to Moran, where his body is in charge of Taylor's undertaking establishment.

Wendall Surles, of the Dean Drug company, came along, he said just a few moments after the accident happened and assisted in the examination of the body.

Eberle had lived in Moran some 12 or 13 years, having married Miss Inez Thomas, of Moran. He owned his garage which was located in the rear of the Lutterell Motor company, for whom he formerly worked. He has no children.

George Eberle is survived by his parents, Mr. and Mrs. George Eberle, Sr., owners of the Blue and White tourist camp in East Cisco since December. The family formerly lived in Oklahoma.

Other survivors, besides his wife and parents are, a young brother, Horace, Cisco; sister, Miss Viola Eberle, Delaware; brother, Glenn, and sister, Mrs. T. B. Morrison, Oklahoma; sisters, Mrs. Harriett Alkood and Mrs. Clarence Ottwell, Abilene.

Funeral services were held in Moran Monday afternoon.

The wreck occurring earlier in the evening was that of Fred Wiley and Bob Hagan, both local men, whose cars had suffered mishaps in a collision about three miles south of Moran on highway 23.

Smithwick Funeral Held Wednesday

Funeral service for Mrs. Howard Smithwick, 23, of Lampasas formerly of Cisco, was held at the First Baptist church Wednesday at 10 o'clock with Rev. E. S. James officiating. Green's Funeral Home was in charge.

Mrs. Smithwick was the former Miss Frances Metcalf. She was born December 6, 1913. She attended Cisco schools. She was married Thanksgiving 1933 to Howard Smithwick, who is now Lampasas manager of the Leach Store.

Survivors are her husband and eight months old daughter, Frances Dawn; her mother, Mrs. Ira Metcalf, one brother and sister, David Metcalf, 12 and Mrs. A. J. McDaniels, an aunt and uncle, Mrs. Mary Numan and Charley Wagley. She is a cousin to Mrs. G. M. Stephenson and S. E. Hittson.

Lion Ladies Night Monday Laguna Roof

The Lion ladies night will be held Monday evening, May 18, on the Laguna roof garden. It was decided Wednesday at the Lions luncheon hour.

at this meeting, it was explained, Lion ladies will receive explanation of the program for lady visitors entertainment during the convention here June 16-17, so that they may enter into the planning for their entertainment.

"The Lions have talked about the entertainment, but the ladies have not been appraised of what is going on," said certain members in speaking of the matter. "We want them to know what is expected of them so that they may give their usual cooperation in making this an outstanding affair."

The junior chamber of commerce is sponsoring a letter which will go out this week to all lady Lions in this district telling them of what is in store for lady visitors to the June convention.

Lion Charles Sandler reported that every living mother of Cisco Lions had received a letter from the club concerning her son. This is an annual custom formed by the Cisco club three years ago.

There will be no regular Wednesday meeting next week.

School Districts To Vote on Union

County Judge Clyde L. Garrett has authorized an election May 26 upon the proposition of consolidation of Morton Valley Common School District No. 4 and Yellow Mound Common School District No. 1.

The election was called after the county judge was petitioned by a sufficient number of voters. C. R. Westfall was named presiding officer for the Morton Valley election and L. O. Langlitz for Yellow Mound.

Petitioners for the Morton Valley voting were J. R. Tankersley, W. F. Crouch, E. D. Houston, Thelma Harbin, J. W. Carter, Mrs. Josie K. Nix, Gerrie Shahan, Mrs. M. V. Harrison, M. V. Harrison, Mrs. Joe Tow, W. C. Wheat, J. B. Harbin.

A. L. Turm, Sim Dabbs, Mrs. Sim Dabbs, L. E. Littleton, Till Harbin, J. B. Rayfield, John H. Nix, Hattie Morton, D. B. Tankersley, T. L. Wheat, C. R. Westfall, Mrs. C. R. Westfall.

Petitioners for the Yellow Mound election were H. O. Hearn, R. H. Miller, R. C. Baldere, Mrs. R. C. Baldere, Mrs. H. H. Miller, Mrs. H. O. Hearn, H. J. Hensley, Mrs. L. O. Langlitz, L. O. Langlitz, U. H. Carter, C. E. Cameron, G. C. Hammett, Mrs. G. C. Hammett, A. L. Bond, E. D. Bond, Mrs. Pat Weems, Opal May Hearn, W. J. Matthews, H. Box, S. C. Trout, E. R. Trout, Sgt. Robinson, C. B. Dakan.

Abundant electric light makes this home as beautiful at night

Modern electric lighting service not only has as its purpose the preservation of eyesight but its fuller use in bringing out the natural beauty and charm of the home. Today electric service is more than a time-saver, more than a labor-saver, more than an aid to sight. It is a decorative factor, too. Appropriately arranged lighting in the home has as its primary purpose the protection of eyesight but with the aid of our lighting specialists, it can be made to produce a beautifying effect. Whatever your lighting requirements, our trained lighting men will gladly advise you without cost.

SPECIAL YARD LIGHTING SERVICE

This Spring and Summer you will be able to get more enjoyment and real pleasure from your home if you have a well lighted yard. Floodlights are easily arranged so as not to produce a glare but still bring out the beauty of flowers and shrubbery. Our lighting men have made a special study of this phase of illumination. Call our office for this free service.

HERE'S HOW THE FORD V-8 TRUCK IS Selling itself TO AMERICAN BUSINESS

1. WE LEND YOU a Truck for an "on-the-job" test. Truck picks up your load.

2. YOUR OWN DRIVER takes the Ford V-8 Truck out over your own regular routes, hauling your own load.

3. YOU CHECK THE RESULTS. Test proves V-8 performance, efficiency, economy.

Why not try it on your own job now?

MOST Ford V-8 Trucks are being bought by, rather than sold to, truck operators who try before they buy. These owners haven't been asked to listen to sales arguments—they are choosing their Ford V-8 Trucks strictly on the basis of superiority proved by "on-the-job" tests. Their experience confirms what owner records show—that the 80 horsepower Ford V-8 Truck engine offers the ideal balance of power, speed, flexibility and economy for modern hauling. That chassis, frame and bodies are designed to meet 90% of all hauling needs, and built to stay on the job! Now, in the Ford V-8 Truck for 1936, you get time-proved V-8 performance and

rugged Ford dependability—plus new advancements that give even smoother operation and longer life. Examine for yourself the many vital features of this truck. Consider how much they mean to anyone who wants to cut trucking costs.

Ask your Ford Dealer to lend you a 1936 Ford V-8 Truck. Put your own driver at the wheel and put it on the toughest job you have. Then check results—and draw your own conclusions. There's no charge or obligation to you for this convincing test.

GRAMMAR SCHOOL TO PRESENT PAGEANT AT FOOTBALL STADIUM

Something new in the way of grammar school graduation exercises will be held this year when pupils of the Cisco Grammar school will present a Texas pageant at the football stadium Monday night, May 25, 8 o'clock. Every pupil in Grammar school taking part in the pageant.

This pageant was written especially for the occasion by Mrs. Lela Mason and Mrs. Lucile Gragg.

grammar school teachers. The affair will be strictly a student performance with no teachers taking part. There will be no admission charge.

Preparations for the pageant have been progressing for the past two weeks, but the writing of the pageant was begun over a month ago.

A gray wooden star about seven feet high with a map of Texas

Painted in gold upon it is being made by the boys of the low seventh grade. Each of the five points of the star will have objects painted upon them, such as the state song or state flower. At the top point a girl will sing a Texas song.

The scenes will be introduced by a girl with a book, made of white cardboard. The nature of the scene being printed in large black letters on the cardboard.

Each class in the school will have a scene to present at the event. The teachers of those classes having charge of class preparations for its portion of the scenes which will include Indians, early Texas ministers, pirates, cowboys, and others.

At the end of the showing all students will be gathered together and sing, "Texas Our Texas." All costumes used in the pageant will be made in school.

The field lights and a spot-light will be used for illuminating scenes. The Boy Scouts Radio club has donated the use of its Public Address System for the night.

Diplomas for the members of the graduating class will be presented by the valedictorian and the awards will be given them by the salutatorian.

Final examinations for the Grammar school students will be held next Monday and Tuesday and the valedictorian and salutatorian will be decided during the week.

Two Murder Charges Yet In Threet Case

Further details are given in the murder case of Clifford Doggett, which was dismissed in the 88th district court Friday, leaving a sentence of 99 years imprisonment against him from Callahan county of robbery with fire arms.

Action Friday by the Eastland district court left two—Mary Lou Howell, 20, and Elmer Van Cleave, 22—against whom murder charges remain in the same case.

March 18 at the Baird district court, Van Cleave pleaded guilty to a charge of robbery with fire arms in the Threet case and received five years.

The indictment charged Van Cleave with participation in the holdup of Threet.

Van Cleave had previously been given a two-year sentence on a charge of conspiracy to rob the rancher.

Miss Howell, tried at Baird on a robbery with firearms in the transaction in which Threet was killed, has received a reversal and remandment from her 20-year sentence.

In the Howell case, acted on Dec. 11, 1935, by the court of criminal appeals, the jurists held evidence was insufficient to prove she participated in the conspiracy to rob Threet or that she encouraged Doggett. The court ruled there was no testimony to support the proposition the robbery was committed in pursuance to a common intent and former design in which the woman concurred.

Judgment of the 88th court Friday was as follows:

Whereas, Clifford Doggett, defendant in the above cause was in this court on Nov. 23, 1934, convicted of the murder of L. F. Threet and his punishment fixed at death. Prior thereto, to wit: on Nov. 17, 1934, in the district court of Callahan county, the said Clifford Doggett was convicted of the offense of robbery with firearms, said conviction being based upon and growing out of the same transaction involved in the murder of L. F. Threet for which murder the said Clifford Doggett was convicted in this cause, and whereas,

In the trial of the above entitled and numbered cause the defendant Clifford Doggett pleaded his former conviction of the robbery of L. F. Threet in Callahan county in bar of his prosecution for the murder of said L. F. Threet, alleging that he was in this cause being twice placed in jeopardy by reason of his former conviction in Callahan county as aforesaid, which said plea of former conviction was by this court overruled, on the theory and belief said convictions were not one and the same transaction, but for different and separate offenses, and whereas,

From the judgment of conviction herein the defendant appealed to the court of criminal appeals of Texas at Austin, Texas, and which said court of last resort did on April 13, 1936, render its decision and opinion to the effect that the conviction of Clifford Doggett, of the offense of robbery with firearms in Callahan county, Texas, prior to his conviction of the murder of L. F. Threet in Eastland county, in the above entitled and numbered cause was and is a complete bar to the prosecution herein for the murder of said L. F. Threet.

And don't forget this! You have just two more chances to win one of these big cash prizes! For there'll be only two more contests after this one. Watch next Friday's paper for next week's contest. But right now

Boyd's bond, \$2,000 was approved by the court.

WEST AND CIVILIZATION CLASH BRIDGE, Ore.—(U.P.)—When civilization and the west clash there is bound to be trouble, telephone company trouble shooters here agree.

A farmer treed a cougar on a telephone pole and in shooting the animal down had shot through long distance telephone wires.

Raymond Henry, husband of the defendant, recently was given a 50-year sentence in the case.

Mrs. Della Henry's Trial Is Put Off

The case of Della Henry, charged with murder in the "hanging skeleton" slaying of H. L. McBee, her

former husband, at Rising Star in 1933, has been continued for the May term. The case had originally been set for May 18.

District Attorney J. Frank Sparks hinted that a change of venue might be asked.

NIMROD
By MRS. A. N. McBETH
The rain which fell last Thursday night was appreciated by every one. The farmers are very busy planting their crops.

Mrs. Owens is at Abilene at the bedside of her mother who is ill. Mr. and Mrs. G. A. Brown went to Carbon Sunday afternoon. Mr. and Mrs. Clifton Barron of Cross Plains were visiting friends and relatives here Monday night.

Several from here attended the Mother's day program at Pleasant Hill Sunday. Everyone reported a nice time. Mr. and Mrs. N. J. Dillard and children, Evna and Drwin, visited Mr. and Mrs. L. D. Stanford Sunday.

Mr. and Mrs. George Brown and son, Junel and Mrs. Harrellson visited in the A. N. McBeth home Saturday. Mr. and Mrs. Joe Sherden and family visited her sister, Mrs. Maggie Sharp Sunday.

Several from this community attended the Baccalaureate sermon at Seranton Sunday. Ira Lee Pittman of Seranton was the Sunday night guest of Marie Simpson.

Clyde Stansell and David McCorkle attended the Senior party at Lake Cisco Tuesday night. Thelma Sherdin of Ballard is visiting her aunt, Mrs. Maggie Sharp, this week.

Mr. and Mrs. J. R. McKinnery were visiting in Romney Monday. Sunday dinner guests of Mr. and Mrs. W. N. Compton were: Mr. and Mrs. Luther Spenser and family of Abilene and Mr. and Mrs. S. W. Hedrick and family.

COOK
By MRS. C. L. CARMICHAEL
Several from this community attended the Mother's Day program at Romney Sunday.

Misses Alma Blanch and Murlee Walker visited Mrs. Lucy Curtis Sunday. Mr. and Mrs. Caleb Hill's daughter, Mrs. Rile Johnson, and two daughters, of Clyde, Texas, visited them Sunday.

Mr. and Mrs. Bill Gardner visited his sister and husband, Mr. and Mrs. Lawrence Davis of Romney Sunday. Mr. and Mrs. Johnnie Stephens and little Geraldine Stephens spent Mother's Day with their mother, Mrs. Lena Stephens.

Mrs. Etna Taylor spent Mother's day with her parents, Mr. and Mrs. Dan Curtis. Misses Lina Ricks and Annie Mae Hill visited Miss George Hunt Sunday afternoon.

Mr. and Mrs. C. L. Carmichael visited her parents, Mr. and Mrs. J. F. Reynolds Sunday. Mr. and Mrs. Lon Townsend of Pleasant Hill and Mr. and Mrs. Ed Townsend of Nimrod visited their parents, Mr. and Mrs. R. E. Townsend Sunday.

Mr. and Mrs. Wilburn Curtis attended services at the Holiness church Saturday night. Several from this community attended the Baccalaureate sermon at Pioneer Sunday morning.

Mr. and Mrs. Robert Ricks and family, and Mr. and Mrs. George

DESDEMONA

By MRS. W. C. BEDFORD

On Thursday night at the high school the "Desdemona" club presented an entertainment called the "Five Day Chautauqua." Mrs. W. Maltby directed the entertainment which was quite unique. The high school glee club directed by Miss Della Waller rendered several songs and Miss Joe Celine Crenshaw played the guitar and sang "Lights Out." Another part of the program was a reading by Mrs. Maltby of "Gardens of the Bible." The seventh grade boys and girls in negro costume gave a number of songs and a reading by Anita Ashburn. Mrs. Preston Sparks read "The Seven Ages of Man." A few pages from the family album was given by Mrs. A. C. Robert as exhibitor and Mrs. Mattie Henry as the spectator. Quite a number of boys and girls posed as pictures, one of the cutest being little James Edward McEntire who is two and a half years old. Another one was of Tom Thumb and his bride, posed by little Helen Abel and Don Oliver Parks. The closing number was "Farmer's Day" with Preston Sparks, George Patterson and L. E. Clark as farmers. The costume of L. E. Clark was quite striking with his butchhole bouquet of about a dozen red roses and quantities of greenery. His acting was true to the name given him of Mr. Cornstalk. Threatening weather kept many from attending.

Miss Lelan Stockton of Dublin was here Tuesday night and attended the regular meeting of Desdemona Eastern Star chapter having been made a member of it last December. Her brother came with her and they visited Mrs. Eula Jones and her brother Trip Henry. Judge Victor Gilbert of Cisco was here on business Monday.

Mr. and Mrs. Earl Alexander spent Friday with friends at Olney.

Mrs. Horace Lane and daughter, Bobbie Jean, drove out to Big Spring and visited her sister on Saturday and Sunday. They were accompanied as far as Coahoma by Mrs. Hugh Abel and little daughter, Helen, who visited Mrs. Charlie Lindley.

Mrs. C. W. Arthur and little daughter of Coahoma, arrived Friday for a visit with friends and relatives here and at nearby communities.

Mrs. Jeff Walker and children were business visitors at Gorman Monday.

Mrs. Wiley Powers and son Jack, spent the weekend at Gorman with her sister Mrs. H. H. Pulling.

A special meeting of Desdemona Eastern Star chapter was held Saturday night at which the degrees of the order were conferred on Mrs. Fay Walker. After the ceremonies the members and visitors were invited down stairs to the banquet room where the tables were attractive with bouquets of cut flowers. Angel food cake topped with whipped cream with crushed pineapple and ripe strawberries, with coffee were served to the following: Mr. and Mrs. John H. Kahrs, of Olden.

Miss Edith Creighton and Mrs. Mattie Henry, members of other chapters, and Mr. and Mrs. R. J. Krapf, Mr. and Mrs. Clarence Ragland and Miss J. H. Jackson, A. C. Robert, G. S. Bruce, I. N. Williams, Roy Ashburn, Arnold Anderson, C. W. Maltby, T. L. Acrea, W. C. Bedford, Gid Tarpley, Eula Jones and F. E. Walker.

Mr. and Mrs. T. H. Nance of DeLeon were guests Sunday of their nephew, C. O. Bragg and wife and son. They were accompanied by Coale Nance and Miss Hope of Dallas.

Mr. and Mrs. E. E. Dabney and Mr. and Mrs. W. B. McCain and son, Guy McCain, all of DeLeon, came over Sunday and visited the O'Rear family and then went out to visit their old friend, Jim Sparks who has been seriously ill the past few days. They were glad to find him some better than he had been for a few days.

R. V. (Rip) Galloway, of Ranger, was here Monday in the interest of his campaign for county clerk.

Sam Roberts and family visited friends here Sunday for a short time as they were returning to Oklahoma after a visit with his mother.

Recently the registrar of John Tarleton college at Stephenville gave out the report of those pupils who were on the honor roll and on that was the name of Miss Nell Roberts who has been on the honor roll ever since she entered the college. She will graduate there this week.

Her many friends are delighted that she has made such a fine record.

Donna David, of Gorman, was here on business Saturday.

Mr. and Mrs. F. E. Walker and children of Cheney were guests of her mother, Mrs. J. R. Buchan, Saturday and Sunday.

Mr. and Mrs. R. D. Hendrickson and baby son left Wednesday for their home at Port Arthur after a delightful visit with their parents.

Mr. and Mrs. G. S. Bruce, and with their many friends here.

Mrs. Aaron Henslee of Longview came Friday to visit her parents, Mr. and Mrs. W. H. Davis. She came especially to be with her mother on Mother's Day.

Captain and Mrs. F. L. Timmons returned Monday from South Bend where they had been visiting for two weeks.

Mr. and Mrs. O. C. Sloan of Stephenville were here Monday on his regular trip in his candy sales business. He reported that business seemed to be improving at all towns in his territory.

The Methodist Missionary Society met Monday afternoon at the church for the Bible Study program. Opening song was "Wonderful Words of Life" followed by roll call with answers to questions on the Book of Judges. Prayer was offered by Miss Mollie O'Rear. The Bible lesson was on Stewardship and was led by Mrs. C. O. Bragg who read a number of passages from the Bible and gave helpful comments. She then gave a number of familiar verses from the Bible, giving part and having different members complete the verse. The members regretted that Mrs. W. H. Whitworth one of the most faithful members could not be present on account of rheumatism in her back.

These present were: Miss Preston Sparks, C. D. Bragg, G. S. Bruce, S. E. Snodgrass, Charles Lee, W. C. Bedford and Miss Mollie O'Rear.

On Tuesday afternoon of last week the home of Mrs. Lee Dabney was attractively decorated with cut flowers when she entertained a large number of friends, honoring Mrs. Sanders with a miscellaneous shower.

Mr. and Mrs. Sanders are quite young people and have a baby about three months old. They have been living just across the road from the Clarence Ragland home on the Hankin's farm, about three miles from town for a few months out their home burned to the ground on Thursday afternoon of the week before Mrs. Sanders had taken the baby over to Mrs. Ragland's and had been there about ten minutes when they saw the house in flames. Not one article of clothing or furniture was gotten out of the house. The shower was quite large and useful. Mrs. Dabney served delicious home made ice cream, cake and punch.

Sunday morning at the high school a large crowd gathered and listened to the splendid baccalaureate sermon preached by Rev. H. N. Beldere especially to the class of twelve seniors and also the boys and girls who are graduating from the grammar school. The seniors wearing the usual caps and gowns marched in with a pretty formation. During the preliminary program, the Glee club sang two selections, with Miss Edna Parks as accompanist. Rev. E. M. Daily offered the prayer. The lists of Senior and also grammar school graduates will be given in next week's issue.

Two birthday parties that were given during the past week were those honoring Reita Joyce Daily at the home of her parents, Rev. and Mrs. E. M. Daily, and Joyce Martin at the home of her parents, Mr. and Mrs. Tom Martin.

Mrs. A. B. Henslee and baby, of Freer, and her daughter, Mrs. Robert Dowley of Caddo, were here Monday visiting friends and looking after business.

Quite a large number of friends have gone to Gorman the past week to visit Rev. H. H. Nance at the Blackwell sanitarium. We are glad to report he is improving after a most serious illness.

Billie all of Cisco and Mrs. I. J. Pence and children, Mrs. R. I. Calaway and sons were the Sunday dinner guests of Mr. and Mrs. Van Farmer.

Henry Merle Boatman spent Tuesday night with Mr. and Mrs. M. P. Travis of Cisco.

Lavada Pence was the Sunday dinner guest of Dorothy Jean Watson of Cisco.

Mr. and Mrs. W. A. Pence and daughter Joy Ann spent Tuesday night with Mr. and Mrs. Edgar Harris.

Peanut Committee To Meet Saturday

The Eastland County Peanut Committee will hold a short hearing in the County Agent's office Saturday morning, May 16th, at 9 a. m. to hear any complaints from landlords or tenants regarding unfair division of 1935 peanut payments. This will be the last meeting of the 1935 peanut committee.

WESTERN BABY PREFERRED

SALEM, Ore. — (U.P.) — Among requests for road maps received by the state highway commission was a letter from a New York couple saying they were coming to Oregon to adopt a baby girl because they would "rather have a Western baby."

SEE US FOR MOTORING SAFETY

WE GIVE YOU EXTRA MILEAGE AND BLOW-OUT PROTECTION FREE

... BECAUSE WE SELL THE ONLY TIRE WITH LIFE-SAVER GOLDEN PLY

An amazing new invention, the Life-Saver Golden Ply, has solved one of the greatest problems of motoring safety—heat. This heat, generated inside your tires, is the great, unseen cause of high-speed blow-outs. Now the Golden Ply resists heat so that blow-out blisters do not form. The only tire in the world with Golden Ply blow-out protection is the Goodrich Silvertown. Put this protection on your car and play safe.

NO EXTRA COST!

In spite of the fact that it cost Goodrich thousands of dollars to build the Golden Ply into Silvertown tires, these life-saving tires cost no more than other standard tires. You get months of extra money-saving mileage, too, with Silvertown. Come in and see us today and let us equip your car with this blow-out protection.

Advantages Shown Attending Dallas Schools This Year

The greatest educational World's fair held in this country will be in operation in Dallas from the 6th to Nov. 29th. There are many special events listed to make a special event day almost a daily occurrence. To get the full advantages of these special days, one should be in the city to attend upon the many millions of dollars are spent in the construction of this historic fair. It is estimated that ten to twelve millions of dollars will be spent in Dallas. The spending of hundreds and seventy-five millions of dollars in construction of business of every kind has caused many new businesses to open. All of this great business will necessitate the employment of hundreds of bookkeepers, stenographers, secretaries, etc. Commercial College of Dallas has set its placement quota for this year at four hundred graduates. It invites all ambitious young men and women who would like to

be one of the four hundred Byrnes graduates to be placed in a good position to write the College for particulars as to courses, payment plan, earning board, etc. — Adv.

SABANNO

By MARY EDNA KING

Everybody is all smiles since the nice rains and are very busy getting their crops planted and worked out, both gardens and crops are growing nicely.
Several from here attended the play last Friday evening at Scranton.
Mr. and Mrs. Finis Erwin and family were the Sunday guests, of Mr. and Mrs. W. P. Armstrong.
Mrs. Parkenson of Romney spent the week end with her daughter, Mrs. Sordie McCann.
Jake Harris is still on the sick list but is a little better at this writing.
The mother's day program Sunday evening was well attended, there were visitors from several communities.
Mr. and Mrs. C. L. Webb were the Sunday evening guests of Mr. and Mrs. Jack Lacy of Cross Plains.

PLEASANT HILL

By MRS. T. L. LASATER

Visitors from Cisco, Carbon, Nimrod, Romney, Long Branch, and other places were here Sunday for the Mother's Day program, which was well rendered and enjoyed greatly by all present. After the program, the pastor, Rev. T. J. Sparman preached, paying a fine tribute to mothers. A basket dinner was served to the crowd at 12:30. After all were served there was enough food for another crowd of the same size and thickness. We thank those from other communities who served on the program, brought baskets and assisted otherwise in making the day a perfect success, here's hoping that we may be permitted to enjoy many more pleasant days together.

Mr. and Mrs. J. T. Kinard and son Royce, and Mr. and Mrs. Bernice Kinard of Long Branch were visiting Mr. and Mrs. N. S. Kinard Friday.

Miss Island Clarke, returned a few days ago from Houston where she has been visiting friends and relatives.

Virgie Williams and Uncle Bob Townsend of Cook and Frank White of Romney were here Monday en route to Eastland.

Mr. and Mrs. R. E. McCord had as their guests over the week-end, their sons, Hancel McCord of Dallas, Jewel McCord of Wink, and their daughter, Mrs. Freeman and children of Cross Plains.

Mr. and Mrs. George Brown and son George, Jr. Mrs. A. E. Harrison and son Oliver and Doris Jean Harrison of Nimrod were here Sunday, en route to Carbon.

Mr. and Mrs. S. G. Baird of Dan Horn, Mrs. Charley Simpson and daughter Louise of Cisco, Mrs. Ross Marchman and Mrs. Eugenia Ford were the guests Sunday afternoon of Mr. and Mrs. T. L. Lasater.

E. F. Alton was among those who went to Eastland Monday.

Mrs. Etha Taylor of Curtis, was here for a short time Monday.

Worth Ford went to Cisco Monday.

Mr. and Mrs. Floyd Harrison and son, Teddy Mae, and Mr. and Mrs. W. L. Brogdon, were shopping in Cisco Saturday.

Mrs. H. H. Harden who has been visiting here the past few weeks returned to her home in Loraino a few days ago.

Mr. and Mrs. Herman Reich and daughter, Lavern, attended church in the Lutheran community Sunday.

Henry Harden, A. A. and R. B. Abbott, and Lon Townsend, were fishing on the Bayou Friday.

Ervin Clarke and family were among those who attended the Pentecostal meeting at Romney Saturday night.

Allison Rich, and family and B. W. Lasater, were in Cisco Saturday.

Mrs. A. C. Poe and son, Jimmie Dan, of Cisco are the guests of Mrs. Ira Hooker and children.

Mr. and Mrs. Brice Webb and son Stanley, and daughter, Bettie Joe, of Romney were visiting friends here Monday afternoon.

Boliver Beles of Romney was here Monday.

Mr. and Mrs. Lou Townsend and children, Gilma, and Gene, spent Sunday with relatives at Cook.

E. F. Altman and son, Garner, were in Cisco Saturday.

Misses Ilan and Louise Clarke, were visiting Mrs. T. L. Lasater, Sunday afternoon.

Brooks-Macedonia

By MRS. EVERETT HARRIS

Jerry Walker of Goldthwaite spent Sunday with his parents, Mr. and Mrs. John Walker.

Mr. and Mrs. John Starkey and family visited in the home of Mr. and Mrs. W. E. Starkey Sunday.

Mr. and Mrs. Everett Harris visited in the home of Mr. and Mrs. Bill Vernon Friday evening.

Mr. and Mrs. Roy Camel are visiting her parents, Mr. and Mrs. Bill Brasuel.

Mr. and Mrs. Elbert Duggan and little son, Gayland spent Monday afternoon with Mr. and Mrs. J. T. Harris.

Mrs. Arvel Adams is on the sick list this week.

Farm and Ranch To Honor Cisco Farmer

Mr. T. C. Richardson, Field Editor for Farm and Ranch visited Eastland County Wednesday, May 13th, and while here visited W. B. Starr, one of the leading farmers of the county and gathered materials and pictures of Mr. Starr's farming operations.

Mr. Richardson spent the first 15 years of his life in Eastland county and was favorably impressed with conditions here at present. He believes the new farm program is the best program that could be adapted to the county at this time.

Accompanying Richardson were County Agent Elmo V. Cook and Dick Woods of Alameda, chairman of the county soil conservation committee.

TO VISIT IN LONGVIEW
Messrs. R. B. Carswell, P. R. Warwick, A. E. Jamison, W. W. Wallace, and son, Billy, left this morning for Longview where they will visit in the home of Mr. and Mrs. F. D. McMahon. They are expected to return Sunday.

EFFORTS BEING MADE TO SECURE PEANUT FACTORY FOR CISCO

"I am working toward securing a peanut factory for Cisco," said J. E. Spencer this week on being questioned as to activities of the chamber of commerce.

A few years ago, much effort was made to arrange with the factory at Carbon to move its plant to Cisco. Negotiations were had but nothing was accomplished about the matter. Efforts were also put forth for a peanut market for Cisco.

It seems that the Carbon plant has flourished and is now doing a million dollar business each year, according to Spencer, who has kept in close touch with this matter. They ship 500 cars per year and are now emphasizing the growing of pop corn for which they have a large demand.

The owners of the Carbon plant have planted about 200 acres locally to pop corn and are offering 2 cents per pound in the shuck for pop corn. These people have arranged for a large acreage to be grown in south Texas, also.

Mr. Spencer thinks these people, who seem to have an unlimited demand for pop corn and peanuts, would put in a branch plant at Cisco if given proper encouragement. We have a large peanut growing territory south of Cisco, he says, and many carloads could be manufactured here if a plant could be financed. Pop corn would be a very valuable crop for farmers on poor growing land, he thinks.

Spencer expects to take the matter up seriously with his directors and with business men who are willing to lend a hand to develop an industry that would mean much to Cisco, he said.

Funeral Held For Former Cisco Woman

Funeral services for Mrs. Lee Snyder, 42 of Luaders, was held Monday afternoon at the graveside at Mitchell cemetery. Mrs. Snyder died in the Stamford sanitarium Sunday morning. She had been ill for some time.

Viola Maxwell was born July 7, 1894, in Carbon. She had lived in Cisco and in Albany and had been a resident of Luaders for four months. Her husband is employed in the oil field near there.

Survivors are the husband and 11 children. They are: George Snyder of Albany; Chester, Virgil, R. B. Ed. Jack, Wesley, Billy, Gerald, Hazel Betty Jo and Dorothy Snyder of Luaders. Other survivors are four brothers, Bert Maxwell of Eunice, New Mexico, Rufus and Andrew Maxwell of Cisco, G. E. Maxwell of San Anna, and one sister, Mrs. Williamay Herrington, Cisco.

Highway Work To Start Next Week

Actual work on highway No. One through Cisco via Eighth street will begin next week, Wednesday or Thursday, it has been announced by Wommack-Henning construction company, who have the contract for the work from P. Avenue, west to the highway intersection near Harrell hill, unless unforeseen hindrance forbids.

Workers will be drawn from the NRS list but owing to the fact that no successor has been appointed to succeed Grider Paschall, head of the National Employment Service, no labor has been certified.

PROCEEDINGS 11TH COURT OF CIVIL APPEALS

JULY 1ST SET AS DATE FOR PAYMENTS

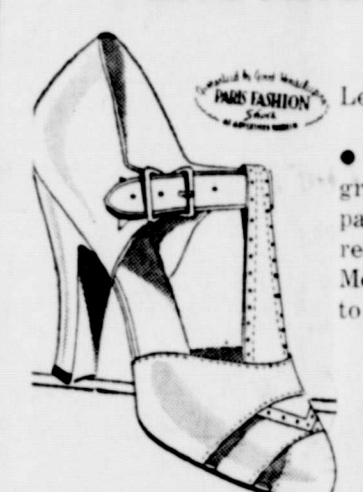

AUSTIN, May 9.—(U.P.)—Needy old persons in Texas must wait until July 1 for assistance checks, Orville Carpenter said tonight.

Carpenter estimated 65,000 will get pensions. He said some will average slightly under \$20; some of the checks reaching a maximum of \$15 each from state and federal sources.

The law authorizes an amount only sufficient to enable pensioners to live in the manner in which they have been accustomed.

The estimate of 65,000 qualified pensioners eliminates 35,000; total applications number about 100,000.

A Million Miles WITHOUT AN ACCIDENT

Firestone

HIGH SPEED TIRES

- ★ WILL STOP A CAR UP TO 25% QUICKER!
- ★ GIVES GREATER BLOWOUT PROTECTION!
- ★ GIVES 25% LONGER NON-SKID MILEAGE!

THE MASTERPIECE OF TIRE CONSTRUCTION

BUY ON PROOF OF PERFORMANCE

A MILLION miles on Firestone Tires without an accident. That is the record of Ab Jenkins, famous driver, who has driven on all kinds of roads and in all kinds of traffic in every state in the union. What a tribute to safe, dependable, tire equipment! Make this proof of performance your guide in choosing new tires to protect yourself and your family.

There are three important facts you should know about the tires you buy—

1. THE FACTS on TRACTION and NON-SKID SAFETY

A leading university in 2,350 tests has found that the new, scientifically designed tread on the Firestone High Speed Tire stops a car up to 25% quicker.

2. THE FACTS on BLOWOUT PROTECTION

Ab Jenkins used Firestone Gum-Dipped Tires when he drove his 5,000-pound car over the hot salt beds at Bonneville, Utah, in the record-breaking time of 127 miles per hour, covering 3,000 miles in 23½ hours without a blowout or tire trouble of any kind.

3. THE FACTS on ECONOMY and NON-SKID MILEAGE

The largest transportation companies in the country, such as Greyhound, to whom safety and tire economy mean business efficiency, use Firestone Tires from Coast to Coast and from Canada to the Gulf. And our own test fleet records prove that the new Firestone High Speed Tire for 1936 gives you up to 25% longer non-skid mileage.

The Firestone High Speed Tire for 1936 proves by performance its superiority in all of these three qualifications. Make this proof of performance your yardstick of safety and value. Decide today to equip your car with new Firestone High Speed Tires for 1936—the safest driving equipment money can buy.

End of cord in Gum-Dipped Fire magnifies 11 times, showing every fiber insulated with liquid rubber.

End of cord from ordinary tire magnifies 11 times, showing unprotected fibers inside cord.

Gum-Dipping not only strengthens the cords but prevents heat inside the cords, where it insulates the tiny fibers against friction and protects Firestone High Speed Tires from blowouts.

This heavy, broad, traction and non-skid tread is held to the cord body of the tire with Two Extra Layers of Gum-Dipped Cords, a patented construction, making the cord body and tread an inseparable unit.

The angles in the scientifically designed Firestone High Speed tread are so placed as to grip car quicker and without skidding. Its super-traction non-skid efficiency has been proved in the famous Pike's Race where for eight consecutive years it has been used on winning cars.

JUNIOR-SENIOR AFFAIR DUBBED 4-RING CIRCUS

By CECIL EDWARDS

Climaxing the program for the year, the juniors of Cisco high school honored 90 graduating seniors Friday evening in the annual junior-senior banquet on the roof garden of the Hotel Laguna.

The roof was transformed into a circus tent. Colored balloons in profusion made an appropriate setting for the scene, "The Big Top."

This was the largest junior-senior banquet ever held in Cisco. About 180 students, teachers, and special guests packed the Laguna roof.

The program in the form of a circus performance, was as follows: Ringmaster's invocation—Francis H. Brandon.

Barker's Welcome—Ringmaster Mac McGowan, president of the junior class.

Response and Applause—Hugh Chief Brown, senior class president. The Rhythm Troupers—La Rue Ely, Jane Kizer, and Dorothy Jean Walker, trio, "Lights Out."

Intermission—Feeding the Menagerie. The group was served by sophomore girls dressed as circus clowns.

Life Under the Big Top—Mrs. Lucretia Irby. Mrs. Irby compared Cisco high to a circus. "Cisco high is a four ring circus," she said, referring to the four classes. "It's not where a person comes from but what he is, that counts," she continued. "The secret of success is work; the secret of happiness is work." Her address continued interestingly along this line.

Music—Robert Maddox and his five-piece German band entertained the audience with six German tunes.

Side Shows and Zoo—Mr. Barnum (Superintendent R. N. Cluck). He compared the classrooms of high school to the side shows of a circus. He then told jokes on some of the teachers present, and ended with naming animals of the zoo and letting the audience guess who resembled them.

"Auld Lang Syne"—Ensemble, ended the celebration.

The menu was: Fruit cocktail and wafers, chicken fried steak, molded pear and rice, string beans, buttered carrots, hot rolls, iced tea, and strawberry shortcake with ice cream. Small balloons were used as favors.

A dance at the country club followed the banquet. Ray Judia and his orchestra played.

Family Reunion At C. B. Powell Home

At a family reunion held Mother's Day at the C. B. Powell home, 504 West Eighth street, the following were present: Mrs. M. A. Ford, Mr. and Mrs. V. E. McCharen, Mr. and Mrs. Rex Moore and daughter, Jane, Miss Olga Fay Ford, Tom Nabors, student in Texas Tech, Lubbock, Mr. and Mrs. A. S. Nabors, Mr. and Mrs. Troy Powell, Mrs. Doc Cabaness, Mr. and Mrs. C. B. Powell and daughter, Betty Lou, all of Cisco.

Mr. and Mrs. W. R. McCarroll of San Angelo, Mrs. Hawkins and children, Grace Ann and Lois Ruth of Meadow, Mr. and Mrs. W. R. Cabaness and son, Ralph, of Memphis, Mr. and Mrs. W. F. Ford and son, Clark of Sweetwater, Mr. and Mrs. E. K. Henderson and daughter, Mary Ann of Dallas, Mr. and Mrs. Henry Dossett of Dallas, Mr. and Mrs. H. S. Dossett and children, Don, Ed, Dorothy Neil and Joe, of Dallas, Mrs. Truman Jacobs of McCarney, Mr. and Mrs. J. M. Hooks and sons, J. M. Jr., and Ralph of Abilene, Mr. and Mrs. Elmer Jobe and daughter, Gloria Gene of Abilene, Mr. and Mrs. Carl Wilson of Leuders and Miss Melba Boston of Rising Star.

Expert Talks About Screw Worm Control

In a meeting at the courthouse, Eastland, on Friday, May 8, R. R. Reppert, A. & M. insect specialist, gave the following procedure as the latest, most economical and practical control of screw worms in wounds on livestock:

The primary screw worm maggot, which lives on livestock tissues only is the most destructive, and the fly which produces this maggot lays eggs only in blood.

The secondary screw worm maggot lives only in dead flesh and is not as harmful as the primary worm. To treat a wound, first clean out with clean cotton. Be careful not to bruise or cause more blood flow. A small amount of commercial benzol should then be applied with a squirt can to moisten the inside of the wound. This creates a gas which kills all maggots. If the wound has a small opening, put a small wad of cotton saturated with benzol into the mouth of the wound. This should not be forced in, as it will cause other complications. Don't rake the maggots out of the wound, as that injures the wound and causes blood blow for maggots to breed in.

After killing the worms with benzol, apply pine tar oil to the opening of the wound with a brush to keep flies away. This oil can also be applied to flesh wounds to prevent blowing.

\$10,250 Asked In Two Suits

Asking judgment of \$10,250 each, Roy and Hershel Boles of Stephens county, filed suit Saturday in 91st district court against Lone Star Gasoline company.

They alleged the defendant's agents occasioned them embarrassment, expense and injured their reputation by causing return of indictments against them alleging theft of gasoline.

The petition said a grand jury returned indictments alleging thefts in December, claiming that five gallons of gasoline was stolen from the company in November of 1935. These indictments were later transferred to justice court, the petition said.

L. H. Welch of Breckenridge filed the separate petitions.

State Teacher's Law Is Changed

As a result of a referendum vote of members of the state committee on classified and accredited high schools, the state department of education has announced that any teacher in service for the scholastic year 1935-36 is eligible to succeed himself, even though he does not hold a college degree.

The statement, which was received by County Superintendent C. S. Eldridge from J. W. O'Bannon, director of supervision, also stressed the fact that even though the teacher has never taught in a fully accredited school, he is still eligible. He must, however, have had as much as two years of college training, and his re-employment obligates him to complete twelve semester hours of college credit every three years, as in the case of undergraduate teachers now employed in four-year high schools fully accredited.

Under the regulation passed by the committee, June 4, 1935, undergraduate teachers in systems of schools partially accredited or seeking to become accredited are not eligible to retain their positions unless they have taught fifteen years prior to Sept. 1, 1934, or have taught in some part of a system of schools whose high school is fully accredited to Sept. 1, 1933.

APPLEWHITE TO ACCEPT CHARGE OF PASTORATE

Rev. M. H. Applewhite, who preached at both services at the First Presbyterian church in Cisco Sunday, gave an affirmative answer to the call to the pastorate of that church, at the evening hour.

Mr. Applewhite will move his family, consisting of his wife and three children, to Cisco about the first of June, it is announced.

Rev. J. Stuart Pearce, who vacated the charge to become head of Home Missions, has already entered his new work and will vacate the Manse but may remain in Cisco indefinitely.

SHOWER OF SNAKES FALLS

DUMKA, Bengal—(UP)—Dozens of snakes fell like a shower of rain on a workman engaged in repairing the roof of a house near here. A storm was blowing at the time, and it is thought the snakes were blown from surrounding trees. They were a species of cobra.

Let us figure your next job of printing. Our job printing department is equipped to serve your needs.—Phone 80.

equally true of shoes..coats..hats
foods..cigarettes...almost everything

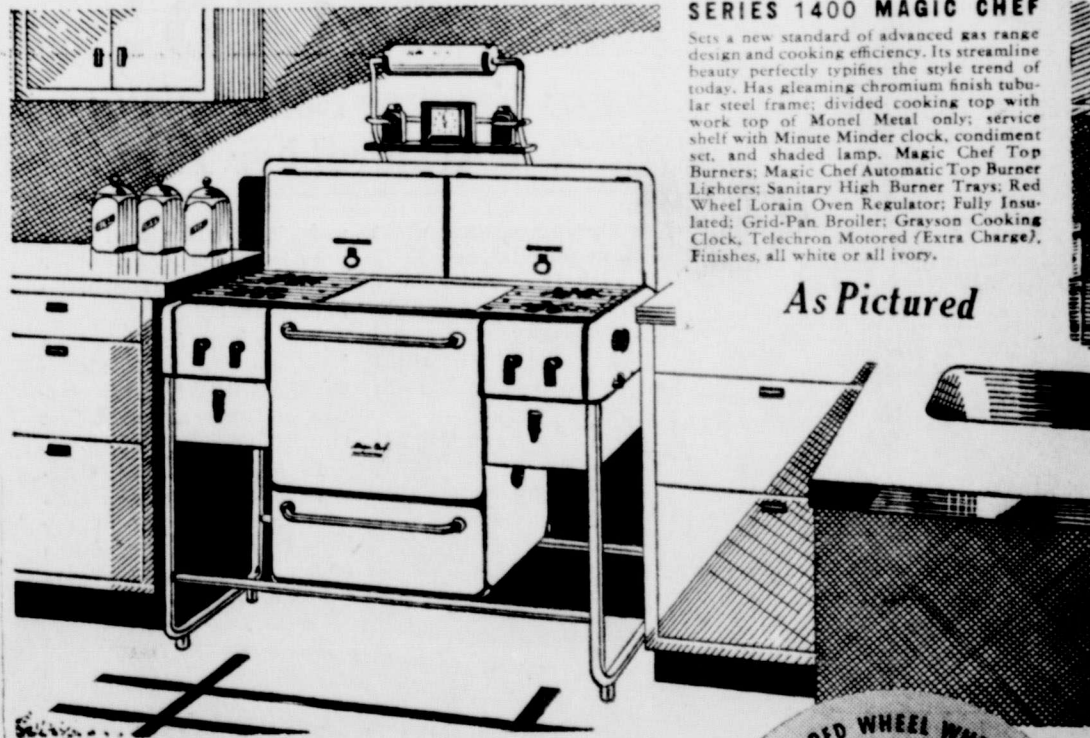

If a thing does not SATISFY it costs too much
On the other hand... if it DOES satisfy it is worth all it costs...and more

That's how it is with Chesterfields... they are made to satisfy. Chesterfields are different from other cigarettes in that they have not only different kinds of tobacco, but the paper from the Champagne Paper Mills in France is different... the tobacco from Turkey is different... the way the cigarette is made is different.

Chesterfields are made to satisfy... that's their business; that's their reputation... they live up to it.

Her kitchen tasks have been lightened a great deal since she replaced her old-fashioned stove with a modern Magic Chef gas range. She has more time for rest and leisure. Even now, while she rests, the dinner cooks in the Magic Chef oven. The Red Wheel does the oven-watching. If she chooses, she can go visiting or shopping for several hours. Many other Magic Chef features contribute toward lightening her household tasks. And not only does the Magic Chef make her household tasks easier. Its smart styling makes the kitchen more attractive and up-to-date. It becomes a more pleasant place to be in, makes a better impression on friends. You, too, should enjoy the comfort and convenience of a modernized kitchen. The first step is to replace that obsolete old range with a modern Magic Chef gas range.

SERIES 1400 MAGIC CHEF
Sets a new standard of advanced gas range design and cooking efficiency. Its streamline beauty perfectly typifies the style trend of today. Has gleaming chromium finish tubular steel frame; divided cooking top with work top of Monel Metal only; service shelf with Minute Minder clock, condiment set, and shaded lamp. Magic Chef Top Burners; Magic Chef Automatic Top Burner Lighters; Sanitary High Burner Trays; Red Wheel Oven Regulator; Fully Insulated; Grid-Pan Broiler; Gascon Cooking Clock; Telechron Motored (Extra Charge). Finishes, all white or all ivory.

Early Settlers of Eastland County Hosts Sunday To Children, Relatives and Friends

Mr. and Mrs. C. B. Jenkins, oldest living residents of Eastland county, first to build box house, first to plant crops and orchard in the cattle country and actors in many thrilling adventures, were the hosts of an assembly of 31 children, near relatives and friends at their East Cisco home Sunday.

Mr. and Mrs. Jenkins can talk for hours about the early days of Eastland county, coming as they did before the county was organized and still under the jurisdiction of Palo Pinto county, while Indians made periodic inroads on the ranchers who had ventured into the forbidden country on account of the free pasturage and plentiful water supply that has been the heritage of the Cisco country.

First Man in County Activities
When Mr. Jenkins begins to say that, "I was the first man to—," you can almost cover the whole gamut of human experiences for that early day, because he came from his boyhood home in Kentucky while a lad of 15, 1871, and the weight of responsibilities made him into a man at once. He sat on the first jury for this country—over

an Indian that had been found dead.

Discovered Coal

He helped organize the first Sunday school in the county. A Baptist minister named Byass organized it from among the early settlers. Jenkins had only one neighbor in the county, a man near what is now Eastland. Was the first to discover coal and sent a sample to Austin where they pronounced it of good quality and thus started an industry which lasted until gas superseded it as a fuel. Discovered the sulphur springs below Lake Cisco, which became a taceca for the sick to drink of its waters. Built the first box house in the country, hauling the lumber from Fort Worth, the only town from which any kind of supplies might be purchased. Planted the first cane and peach orchard in this section. People came for miles around to see the cultivated crop and the fruit trees growing in this country which was supposed to be for grazing only.

In Indian Raids

Mr. Jenkins met Miss Alice Smith from Louisiana, in 1876 and they were married in 1880. They built their house of lumber, all oth-

ers were of logs with split logs for floors and furniture, and painted it, a thing unheard of in this part of Texas.

Were in many Indian raids from the fierce Comanche tribe which was giving up slowly. Moonlight nights called for guarding all horses and mules. On dark nights they could hobble the stock and get a full night's sleep. Had all their stock stolen, but recovered some of them.

Were in the Cisco cyclone of 1893, everything swept away, not a foot of lumber remaining, all members of the family hurt but none fatally.

Children and their families present were: W. D. Jenkins, Mrs. E. N. Strickland, L. S. Jenkins, Cisco; J. B. Jenkins, Fort Worth; Mrs. C. E. Maule, Wichita, Kansas; M. G. Jenkins, Tuscola, and Mrs. Ford Chaney, Longview.

Miss Inez Strickland and Miss Blanche Shear, of Brownwood, Miss Beatrice Smith, Peacock, Texas; and Mr. and Mrs. Floyd Shepard, of Cisco, were also present at the gathering.

Drys File Suit In Higher Court

Papers in the case by which drys seek to obtain an order restraining County Judge Clyde L. Garrett from hearing applications to issue beer retailers permits was on file Monday in the Eleventh Court of Civil Appeals at Eastland.

In 91st district court, recently Judge George L. Davenport refused to make permanent a temporary injunction issued earlier to the drys.

It was understood L. H. Welch, Breckenridge attorney for the drys, would file a motion to advance soon and a setting possibly made for May 22.

New Parsonage Built at Baird

BAIRD, May 12—Formal opening of the Baird Methodist parsonage, recently completed, will be held late in May, according to plans of members of the church.

The home, a six-room brick veneer, was built under the leadership of the Rev. J. A. Scroggins, pastor. The keys were officially presented to him on Easter Sunday, by T. E. Powell, chairman of the board of trustees. The missionary society, Sunday school and individual donors have furnished the home completely.

Members of the building committee were Dr. V. E. Hill, Ace Hickman, Hugh Ross, Jr., Mrs. W. A. Fetterly, Mrs. J. B. Reynolds. The entire congregation united in the building program.

WPA TO TEACH HISTORY
SAN DIEGO, Cal.—(UP)—The WPA has undertaken to teach local school children something about the city in which they live. Ninety-eight research workers will prepare 15 textbooks on the history, water supply, agricultural products, industries, shops, mills and shipping of San Diego.

Black-Draught's Good Reputation

The confidence people have in Black-Draught, built up from satisfactory use so many years, is shown in its being handed on from one generation to another. It must be good to have such a strong following.

Here is a typical reference to Black-Draught by a satisfied user: "We have used Black-Draught for twenty years," writes Mr. Fred Richardson, of Hartshorne, Okla. "My mother has used it for fifty years. It is the best medicine I know anything about. I take it for sour stomach and constipation, or when I feel sluggish and bad. Black-Draught is splendid to regulate the bowels, cleansing them of waste matter, ridding them of constipation. I expect to use it twenty-five more years if I live and it gives satisfaction as it has always given."

Ford - FOR ECONOMY

**MORE MILES PER GALLON IS GOOD ...
MORE MILES PER DOLLAR IS BETTER**

ENTHUSIASTIC sales talk often begins and ends with gasoline mileage. Some salesmen would like you to believe it is the whole story of automobile economy. But drivers ought to know better.

The big items of car economy are low first cost, low up-keep cost, and low depreciation. Savings here can make a great deal of difference in cost per mile.

Gasoline mileage is more of a talking point than an economy factor.

Here are the big items that make the Ford an economical car:

- More value for every dollar you pay.
- Lower cost for repairs and service.
- Long life. Slow depreciation.
- The up-keep cost of today's Ford V-8 is the lowest of any Ford ever built.
- Quality means economy and the 1936 Ford V-8 gives you more real quality than any other low-price car. Made to closer precision limits

and of better materials, there is no waste anywhere. Many dollars are saved by Ford production methods and low-profit policy. Those savings are put back into the car.

You pay a thousand dollars more for any other car with the power and performance of a V-8 cylinder engine. No other low-price car gives you modern Center-Poise Riding, safe, sure, dependable mechanical brakes with 186 square inches of braking surface and Safety Glass all around at no extra cost.

325 A MONTH, AFTER USUAL DOWN-PAYMENT, BUYS ANY MODEL OF THE NEW FORD V-8 CAR FROM ANY FORD DEALER, ANYWHERE IN THE UNITED STATES. ASK ABOUT THE NEW UCC 1/2% PER MONTH FINANCE PLANS

For Digestion's sake

O. D. GLADWELL describes operating a pneumatic drill. "This battering ram is tough on the digestion," he says. "I just smoke Camels, and Camels set me right."

METHOD USED. The evidence obtained by scientists definitely establishes the fact that smoking a Camel increases the flow of the digestive fluids. The importance of this in facilitating digestion is a matter of common knowledge.

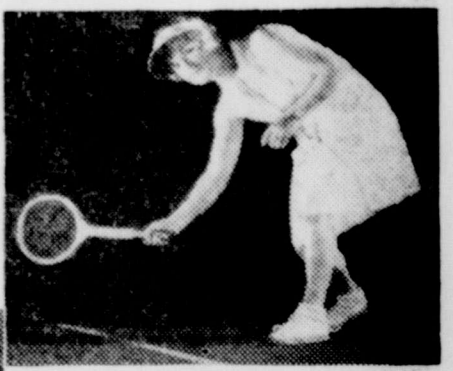

Busy Americans Find Smoking Camels a Pleasant Aid That Helps Digestion to Proceed Smoothly—Increases Alkalinity!

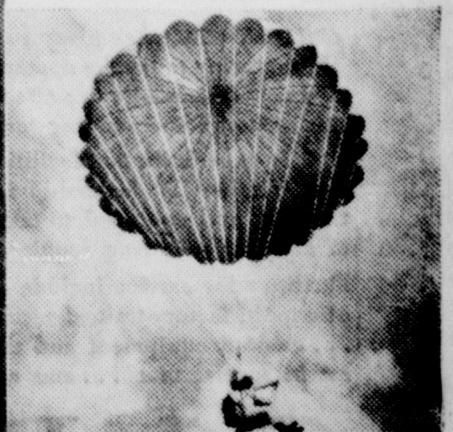

Many annoyances of our daily lives—rush, worry, noise, mental strain—slow down the flow of the digestive fluids so necessary to good digestion. Science and common experience agree that smoking a Camel stimulates digestion, increases the flow of digestive fluids...alkaline digestive fluids.

From Camel's costlier tobaccos you get unequalled mildness. Smoke Camels for a comforting lift—for well-being—for digestion's sake! They set you right!

...smoke CAMELS

LIGHTNING SPEED of petite Mrs. Ethel Arnold (above) depends greatly on digestion. "I smoke Camels with and after meals," says Mrs. Arnold.

664 JUMPS—the record of Joe Crane (above). He says: "Camels set me right! It's just natural for me to turn to Camels for digestion's sake."

AT THE MAYFAIR ROOM of the Book-Cadillac Hotel in Detroit, Camels are a natural complement to perfect dining. Paul Fischer (right) says: "A glance around our tables proves that those who appreciate quality have made Camel cigarettes their first choice."

Costlier Tobaccos!

Camels are made from finer, MORE EXPENSIVE TOBACCOS... Turkish and Domestic...than any other popular brand.

NOTED LIONS INVITED HERE FOR 2-E MEET

H. L. Dyer, general chairman of the Lions convention program for June 16-17, just back from Austin, where he contacted Governor James V. Alfred and Attorney General McCraw regarding appearing on the Lions program here, said that replies from both were favorable if other dates already set, could be shifted. They both expressed a desire to attend this function if possible.

When arrangements are made Mr. Dyer will be notified immediately, he said.

East Ward To Stage Pageant and Picnic

Friday, May 15th is "Exhibit Day" at East Ward, when all school work prepared by pupils during the year, will be on exhibition at ten o'clock in the morning for families of the children, and their friends to see.

Immediately afterwards, trucks and cars will be provided to take all visitors and their children out to Lake Cisco where picnic lunch will be spread. Each family will bring its own lunch basket and they will be spread together at the Lake.

After lunch, members of the East Ward Parent-Teachers association will engage in soft ball games for the entertainment of the children. An interesting program has been arranged for the evening meeting of East Ward P-T-A. Friday, consisting of a Centennial Pageant, a marionette show, featuring "Goldilocks and the Three Bears" also several songs and other interesting features.

MGR. BERRY ASKS OFFICIAL DESIGNATION

P. G. Berry back from Belton where he attended a meeting of swimming pool proprietors, has hopes of securing the Centennial designation for Cisco as the official pool.

The matter was discussed said Mr. Berry and was looked upon with favor. A committee will be appointed to arrange for hearings at which time Mr. Berry expects to bring strong pressure to bear showing why Cisco should be so designated, being as it is the largest artificial pool in the world and certainly, in Texas.

JOE BURNAM TO BUFFALO FEAST AT JUNE MEET

Joe Burnam of Cisco has been invited to eat buffalo roast and steak at what probably will be the last dinner of its kind in Texas.

Mr. Burnam has received notice of the dinner from A. C. Raines, North Texas agency director of the Great Southern Life Insurance Co., of which Mr. Burnam is Cisco representative.

The "Pioneer Banquet" will be served at noon June 26, in the Baker Hotel at Dallas. Dignitaries from all parts of the nation have been invited to the dinner, which will be one of the principal features of a convention the company will hold at the Dallas hotel. Afterwards visitors will be guests of the Great Southern Life Insurance company at the \$25,000,000 Centennial Exposition.

Buffalo meat to be served at the dinner will come from the famous Goodnight Ranch, home of one of the last surviving herds of bison.

CAT RACKET EXPOSED
SAN FRANCISCO — UP — A former ballet dancer, is serving six months in jail as the result of a unique racket. She was convicted of luring pedigreed Persian cats from their homes to more profitable surroundings.

Miss Armstrong Is Bride of Mr. Miller

In a lovely ring ceremony Miss Jourdain Armstrong became the bride of Mr. Ray Miller Friday afternoon at 6 o'clock at the home of the bride's parents, Mr. and Mrs. W. J. Armstrong, 1308 M avenue.

The ceremony was read by Dr. David F. Tyndall, pastor of the First Christian church before an improvised altar of greenery and flowers in pastel shades, flanked by tall candles in candelabra. Miss Martha Coleman played the pre-nuptial music "I Love You Truly" as Mr. Donald Choate, of Fort Worth, entered and lighted the many tall tapers in candelabra. To the strains of Lohengrin's Wedding March, Miss Nell Waters, entered escorted by Mr. Hartman McCall. She was gown in green lace. Miss Ivonne Choate entered escorted by Mr. Charles Van Horn. Her gown was of yellow lace. The bride and Miss Deltrances Miller entered and marched to the altar where they were met by the groom and best man, Mr. Willard Miller, brother of the groom.

Miss Armstrong was beautiful in white lace. She carried an arm bouquet of pink roses. The bridesmaids carried arm bouquets of snapdragons in pastel shades. Miss Miller's gown was of pink lace.

After the ceremony Miss Coleman played "Love's Old Sweet Song". An informal reception was held in the dining room where they were served the three tiered wedding cake, first cut by the bride and served by Mrs. W. W. Wallace. Mrs. Karl Armstrong served coffee from a lovely laid table with lace over pink and centered with a crystal bowl of spring blossoms flanked by pink tapers in crystal candelabra.

Assisting in the dining room were: Misses Harriet Angus, Mary Elizabeth Chitt and Elsie Pulley. Only members of the immediate families and close friends and relatives were present. From out of town were: Mr. and Mrs. L. H. Choate of Fort Worth, Mr. and Mrs. Don Sivals of Midland and Mr. and Mrs. Hartman McCall of Bryan.

Miss Miller graduated from Cisco high school and attended Randolph College, T. C. U. in Fort Worth, and Daniel Baker in Brownwood. Mr. Miller is the son of Mrs. W. M. Miller. He also graduated from Cisco High School and attended Rice Institute, Houston. The couple left immediately following the reception for a few days honeymoon in Fort Worth and Dallas.

War Declared On Unsafe Tires Here

Motorists of Cisco will be interested in the free tire inspection service offered by A. V. Clark, E. F. Goodrich company tire dealer at Ave. E and Eighth street as a part of a nation-wide "war" now being waged by the rubber company's dealers against unsafe tires.

"Goodrich is a pioneer in many movements to provide greater safety on American roads and highways, has requested its dealers to make expert examination free of charge, of all tire equipment brought into service stations or that purpose," Mr. Clark said.

"More than 36,000 people were killed and over 800,000 injured in traffic accidents last year and 338,600 have met death as a result of motoring accidents in the past 15 years, more than lost their lives in the nation's participation in four major wars."

"Every year thousands are killed or injured when blowouts throw cars out of control at high speeds."

"In most cases it is possible for a trained tire man to detect the points of future casing troubles or potential failures by thorough examination of tires at regular intervals."

"For this reason Goodrich is urging car owners of Cisco to avail themselves of this special service during the present war on unsafe tires."

"Tires that have defects caused by abuse or long service are most likely to fail during warm weather," according to Mr. Clark.

Hickok Purchases Mancill Building

Announcement of the purchase of the two-story Mancill building across from the city hall, by the Cisco Gas Corporation, was made Friday.

The fire-proof building, arranged with offices above, was built for R. W. Mancill in 1920. These offices are not occupied at present.

The lower floors were used as an automobile sales and service for a number of years, but is now occupied by a newspaper. Later, it is announced, the gas company will make extensive remodeling and consolidate the varied interests of the Hickok organization into this building and its office suites.

SAFE BREAKERS FAIL TO OPEN DOOR OF SAFE

A clumsy job of safe breaking ruined a good safe door but otherwise caused no serious damage to the Cisco Gas Corporation early Sunday morning, when a man or men, entering through a back door, attempting to rob the safe, left empty-handed, suddenly frightened by their own noise.

About 8:30 Sunday morning, C. B. Hill, service man for the Cisco Gas Corporation, found the door of the safe which is located well to the front in the offices of the company, damaged and the back door opened by force after removal of a small glass pane of the door.

After removal of the glass, the padlock and hasp were pried off and entrance effected. A pick was then secured from among the company's tools in the rear of the building and work begun on the door of the safe, resulting in total ruin of the door, but not effecting entrance to the safe.

Police pronounced it a clumsy job and finger prints were made of the safe's surface. R. F. Redise, of Abilene, former Cisco officer, who is rated the best finger print man in West Texas, was called to assist M. H. French in securing identification of findings, but most of what resulted, was of employees, and were rejected. However, French is still working on some unidentified prints, just in case the men did not wear gloves.

A passer-by noticed parties in the building after one o'clock Sunday morning and employees at the service station next door, heard a noise between one and two o'clock in the morning but each thought it was employees of the company at work and gave the matter no serious consideration, they said.

No statement regarding clues discovered, was made by police who are busy with investigations.

CISCO CHEESE PLANT GOAL OF MANAGER HERE

I. H. Hall's milk route, No. 4, from Sabano territory, is about to prove the best route of all, said J. T. Lemon, of the Western Produce company Monday as he paused from his cleaning up operations and consulted a memorandum of this new route's activities.

Just established last week, farmers are giving patronage, which if matched by other routes established and in process of making, will hasten the time when Cisco's production of whole sweet milk and cream will justify the establishment of a cheese plant in Cisco.

Manager Willard Atchison is now giving his time to the establishment of more routes, sufficient to cover the whole territory to be served by these milk routes and hopes to have them all in operation by early summer. A cheese plant for Cisco is the goal to be worked for now, and as soon as production reaches the necessary quantity, the company hopes to begin its establishment.

Abilenian Dies In Road Crash

ABILENE, May 11—S. J. Price, about 33, an oil driller, was killed instantly early Saturday night when the light coupe in which he was driving alone was in collision with an oil truck on the highway a few miles east of Clyde.

Witnesses to the accident told officers Price, who was traveling west,

apparently lost control of his car and that it shot across the highway into the path of the truck, which was driven by Henry Shannon, of Baird. Shannon was going in the opposite direction.

Price, who lived in Abilene, was en route here from Baird. He was drilling a well on the Dyer ranch, north of Baird.

The body was taken from the scene of the accident to Clyde, in an ambulance sent from the Patterson Funeral home there. It remained at the funeral home Saturday night, pending instructions from relatives.

Mrs. Cavalier Price, the widow, had been notified at Fort Worth. Joe Thompson of the Texas department of public safety went here to investigate the accident.

An Electric Refrigerator makes hot weather bearable

with iced drinks
and frozen desserts

Extremely hot weather loses much of its terrors and hardships — if you've a modern electric refrigerator in your home. Baby's milk and special foods kept fresh and pure. Ice cubes for cooling drinks always on tap—with no long waits for a fresh supply. A saving in food spoilage which readily covers the moderate monthly payments for the new refrigerator. A modern electric refrigerator will not only give you a score of conveniences but will protect your family's health by maintaining a temperature below 50 degrees . . . in extreme West Texas summer weather.

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule . . . and adds only a small amount to your total bill?

DELEON MAN CANDIDATE FOR CONGRESS

About Our Friends

By STEF A. LONG

Now nobody ever thought that a musician would have any money, much less keep it as an heirloom. Here comes Dr. W. P. Lee with his one-fourth dollar in gold.... Did 1871... Didn't know they had that denomination in gold....

Tex Ragan back from Big Spring where he has been busy having an operation on his head... seemed jolly this morning... must have had some... Now wants us all to pay our school tax so teachers get their pay... sounds good. W. Frank Walker also joins in the desire... so there you are....

G. Tuttle looking down and his wife gone and dog sick, he... well, well, that is a calamity. Orbie Dee Jacobs, who was married six years ago in foot ball game and has been a cripple since, is now acting as agent for magazines... those who desire him may subscribe through either by going to his home or by leaving their subscription to Mrs. W. R. Simmons at the Adams apartments at 300 West 11th street....

F. Alsop making his milk delivery... Mrs. T. E. House visiting office... C. G. Whitaker fixing windows... Mrs. Leon Tullos visiting friends... L. A. will be in for the week-end....

Country club will entertain its members Friday evening... sort of picnic basket lunch will be served. Basket spread at 6 o'clock, as announced by E. L. Smith, of the entertainment committee. Informal program to follow.

Fishing Party Back From Mexico Trip

Fishing party composed of R. J. Floy Riley and Roy Canfield just returned from a fishing trip to Lake Don Martin and adjacent fishing grounds in Old Mexico. Bringing home some 300 pounds of fish, which they have distributed to their friends. The largest fish weighed 45 pounds, they report.

Very dry in Mexico but after crossing the border into Texas found plenty of rain. They reported adventures in that part of country owing to the lack of roads, their trailer turned over one time and spilled the fish, said.

Canfield, who lives at the Key hotel said he would not advise anyone to go there to fish, unless they found the private fishing grounds they discovered, otherwise they would have to pay rather exorbitant rates for permit and fees. Three pesos per day, he said.

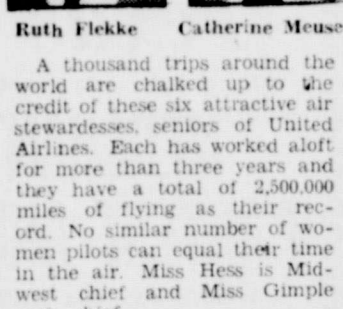

HUESTIS TO OPEN STATION ON SATURDAY

Formal opening for the new station and "Official Conoco Day" at Huestis' service station at the corner of East Eighth and Main streets, Saturday, May 16, was announced today by Ed Huestis, owner of the station just remodeled from Norvell & Miller brick building recently purchased from that

station has been rebuilt and equipped with every modern service in convenience said Mr. Huestis. Two electric pumps to serve inside washing and lubricating department. They also sell Kelly field tires and tubes.

Want all our friends to visit our new quarters and see just how it will be to serve them. Mr. Huestis.

Air-Girdle Globe 1000 Times

SENATORS TRY COMPROMISE IN TAX MEASURES

WASHINGTON, May 14—(U.P.)—The senate finance committee leaders laid aside the administration's plan for taxing undivided corporate earnings today and began writing compromises into the \$803,000,000 revenue measure.

A call upon the treasury to provide for a secret session of the committee, estimates to be repeated from a substitute only bear philosophy of the levy which the new deal expects defended.

But their efforts to surmise those of the bill by presenting figures on how taxes of as many other huge corporations would be boosted an equal amount and how the bill would plug tax evasion loop holes in the higher rates failed to impress members of the committee partly due to incomplete statistics.

64-Well Oil Deal Totals \$1,600,000

FORT WORTH, May 14—(U.P.)—Charles Roeder of the Roeder and Pendleton oil company announced today the sale of that firm's interest in the 64 East Texas oil wells for a total of \$1,600,000.

Trippitt and Meadows company of Shreveport, La., are the purchasers.

Roeder said his company held a net interest of 29 and three-quarters wells in the county.

STEAL WOOL LEAVE CASH BRYAN, O. — (U.P.) — Thieves stole 600 pounds of wool from the L. P. Wirtz store at nearby Kunkle, but did not touch the cash drawer.

POSSE OF 200 IN PURSUIT IN OKLAHOMA

McALISTER, Okla., May 14—(U.P.)—Eight freedom crazed fugitives from the state penitentiary here fled through the rugged and sparsely settled wild of southeastern Oklahoma today.

They carried three hostages as protection against the pursuit of 200 officers and possemen. Two of the victims in the bloody break from the penitentiary guard tugged Cope and Victor Conn were wounded.

Grave concern that they and their prisoner Wilbur Doak, would meet the same fate as did another guard at the time of the break—summary death when their purposes had been served—were general.

The same group of convicts shot D. C. Powell superintendent of the brick yard through the head shortly after they rebelled yesterday. They ducked his body from the automobile in which they fled before they had gotten outside of McAlester.

The trail of the fugitives streaked south of McAlester and was lost in the thinly populated area around Blanco and Pittsburg.

PicnicSwimming At Lake Cisco Today

Teachers and their families of all the Cisco public schools, about 75 in number, ate to picnic at Lake Cisco this evening. It was announced today, Putnam also telephoned the Lake Cisco Amusement company at noon today, that about 80 persons would be at the lake from that town this afternoon to picnic and swim. Mr. Berry announced.

Colored School To Picnic Friday

Mrs. Haley, colored school teacher, announced today that the school would have a picnic tomorrow, Friday, at Lake Bernie from 10 a. m. to 4 o'clock p. m.

Cars and trucks will be at the school to convey the pupils and adults to the lake, announced Mrs. Haley, and parents and friends have been asked to prepare extra lunches to accommodate the out of town guests who are expected from Eastland, Ranger and Breckenridge. Everyone is welcome.

LUNCHEON GUESTS Luncheon guests in the home of Mrs. George Christie today were: Mesdames L. A. Delaney and Will Kountz of Rising Star and Mrs. Paul McBride of Cisco.

'Job Is Never Done' Motto Spells Success For G-Men

EDITOR'S NOTE: This is the second of two articles describing the workings of the Federal Bureau of Investigation and the man who makes it run, J. Edgar Hoover.

By RUSSELL TURNER (Copyright, 1936, by United Press) WASHINGTON, May 14—(U.P.)—"The job is never done." That phrase, motto of J. Edgar Hoover, aptly sums up the outlook of the number one G-man toward his task of putting criminals behind prison bars.

And in that attitude may be found the principle reason for the success of the Federal Bureau of Investigation. With the spectacular captures of the remaining four desperadoes, all alleged kidnapers, accomplished in the past eleven days, Hoover now is launching a campaign to drag the underworld out from under the protective wing of crooked politicians.

Never Out of Touch Hoover never is out of touch with his office for long, whether he is at

'WIE GEHT'S; UNITED STATES!' ---THE RECORD FLIGHT AT END

A new mode of transportation linking the Old World with the new had been successfully demonstrated when, as pictured here, the ground crew at Lakehurst, N. J., gently drew the giant Hindenburg to her mooring mast after her epochal flight from Germany. The ship's officers are seen in the control cabin directing the delicate task as soldiers and sailors tug on the mooring lines.

Farm Program More Liberal in the County

"Recent rulings liberalize the new soil conservation program to such an extent that most Eastland county farmers can participate and qualify for payments without lowering the cash income greatly," states Dick Weekes, chairman of the program in the county.

Some of the recent rulings that Weekes wishes to call to attention of Eastland county farmers are:

1. Land planted every third row to peas counts one-third of the acreage in peas, which is a soil conserving crop.
2. Sudan can be grazed, plowed under green, or cut for hay or seed and is still a soil conserving crop.
3. A landlord having more than one tenant can put all his land under one work sheet and operate it as one unit under the program.
4. Request has been made of authorities by the county committee that Eastland county farmers be allowed to strip other crops with sorghum and receive credit for the percentage of the land in sorghum as a soil conserving crop. It will be necessary to leave the sorghum on the land after the other crop is harvested to prevent soil blowing. The county committee is reasonably sure that this request will be granted.

Roy Sanderford To Speak in Eastland

Roy Sanderford, candidate for governor from Belton, Bell county will speak at Eastland Tuesday, May 19, 2:30, on the old age pension, sales tax, income and other forms of taxation, law enforcement and home ownership. It is announced.

The youthful director set to work toward his goal of a well-organized powerful and efficient law enforcement agency with full power to make arrests and shoot to kill if necessary.

The Lindbergh kidnaping made the goal possible. Enactment of the Lindbergh kidnaping law, making kidnaping a Federal offense, followed.

Goal Becomes Reality The goal became a reality in 1934, with the assistance of Attorney General Homer S. Cummings, Assistant Attorney General Joseph B. Keenan, and a public opinion outraged by a wave of kidnaping, racketeering and general crime.

Cummings recommended a series of 12 anti-crime bills giving the FBI the power of arrest, authorizing FBI agents to carry weapons, and greatly broadening the list of crimes considered Federal in nature. The bills were enacted, and put "teeth" in the FBI.

PRODUCTION OF OIL IS SET IN ETEX FIELD

AUSTIN, May 14—(U.P.)—Production of 440,000 barrels of oil daily in the East Texas field for June was recommended by V. E. Cottingham, petroleum engineer of the state railroad commission at the commission's monthly hearing here today.

That is the same production figures at which the commission aimed in its order effective May 1.

Actual operation of the schedule allowed 445,330 barrels on that date. Cottingham reported allowable production in the field on May 12 with 447,797.

New Time on T. & P. Sunday, May 17

New time on T&P trains effective 12:01 a. m. Sunday, May 17, 1936.

East Bound
No. 6 4:10 a. m.
No. 12 11:15 a. m.
No. 4 5:50 p. m.

West Bound
No. 7 1:50 a. m.
No. 3 11:15 a. m.
No. 11 4:53 p. m.

On this new time Eastbound Sunshine Special No. 12 is twenty minutes later and Eastbound No. 4 is one hour and 25 minutes later than on the present schedule. Westbound No. 3 is one hour and eight minutes earlier and Westbound Sunshine Special No. 11 is two minutes earlier than on old schedule.

There is practically no change in night trains, eastbound No. 6 being three minutes earlier and westbound No. 7 on the same time as before.

Valley Celebrates Port Opening Today

BROWNSVILLE, May 14—(U.P.)—Brownsville and the lower Rio Grande valley celebrated today the renewal of ocean commerce from and to the city after a lapse of three-quarters of a century.

Today a destroyer, two coast guard cutters, a painter and freighter, plowed the waters once sailed by Spanish conquerors of the 16th century where since shortly after the Civil War a sand bar in the pass to the sea has blocked passage to the mouth of the Rio Grande where stores were loaded aboard tiny side wheelers and transported into river towns.

The opening of the 3-day celebration of the completion of the 17-mile, \$6,000,000 channel from Brazos to San Diego Pass to Brownsville found the city crowded with thousands of valley residents and notables from Texas as well as Mexico. Governor James Allred scheduled to arrive this afternoon to open the celebration tonight by crowning the queen.

Miss Coursey Dies After Beating

HASKELL, May 14—(U.P.)—Miss Rebecca Coursey, 78, beaten severely at her home died in O'Brien last night.

Clarence Abston, who claimed to be an heir of Mrs. Coursey and C. Matura, 65, Haskell county farmer remained in jail charged with assault to murder. The grand jury was expected to reconsider the case today.

County Attorney Ben Chapman said Matura made statements describing the beating. Matura claiming that Abston hoped to inherit the sister's property so he could buy Matura all the beer he could drink.

Confederates May Receive Pensions

AUSTIN, May 14—(U.P.)—Children born to people who came to Texas from abroad and applied for and contained citizenship in the Confederate States of America are fully eligible for old age pensions, it was ruled here today.

NO BAND PRACTICE TONIGHT R. L. Maddox, bandmaster, has announced that there will be no meeting tonight because of the Glee club and Choral club program.

'Snake Murder' Charged to Pair

Facing charges of the "rattle-snake murder" of Mrs. Mary Busch James, Charles H. Hope, left, and Robert S. James, five-times-married barber, are shown after their indictment in Los Angeles. Each accused the other in alleged confessions that the woman was strapped down while a snake bit her and then was drowned in a bathtub. Hope is alleged to have admitted that they killed the woman to collect \$21,000 insurance.

REV. E. S. JAMES SPEAKS ABOUT TEXAS' GROWTH

Rev. E. S. James spoke at the Rotary luncheon today on the development of Texas during the past 100 years.

He stressed the physical development and touched on the spiritual development, saying among other things that Texas could now clothe the whole world from her cotton and wool products and could run the cars of the earth from her vast oil resources.

Rev. James mentioned in passing that one hundred years ago Texas contained only about 45,000 people, mostly Mexicans and now she boasts of her 6,000,000 mostly whites. Her early settlers were Catholics while now her protestant churches supply more foreign missionaries than all other states of the union.

NEW DICTATOR INSTALLED AS COUP'S RESULT

VIENNA, May 14—(U.P.)—Chancellor Kurt Schuschnigg, newly installed as unofficial dictator after a swift bloodless coup which approximated a revolution intends to disarm the Fascist Heimwehr of Ernest von Starheimberg it was authoritatively stated.

Starheimberg ousted by Schuschnigg brought about his own downfall by sending Premier Mussolini a telegram of congratulation on the conquest of Ethiopia.

Schuschnigg's disapproval of the coup was a smashing blow at Mussolini.

Former finance minister, Joseph Killmann, leader of the left wing of Schuschnigg, Christian Socialist, told the United Press that Starheimberg troops would be disbanded within a few weeks.

"We do not expect active opposition," he said.

Soldiers and police throughout the country took measures to insure peace.

It was announced Starheimberg would leave for Rome by train tonight as the official leader of Austrian sports to attend the football game between Italians and Austrians.

WELL KNOWN ATTORNEY TO ENTER RACE

A district convention has been announced to be held in Cisco Friday, May 22, for the purpose of endorsing a candidate who will make the race for congress from the 17th congressional district, who will wholeheartedly support those principles advocated by the adherents of the Townsend revolving recovery plan, according to E. G. Kemper, district chairman for the Townsend movement for the 17th district, who is maintaining headquarters at the Daniels hotel.

When those affiliated with the Townsend movement pledge their support to this candidate, it is the purpose of every Townsendite to throw the entire strength of the organization to the man receiving this endorsement. It is my firm conviction," said Mr. Kemper, "that the man we endorse will be swept into office by one of the largest majorities any candidate ever received in this district.

There is no reason, as I see it, why this district should be different from those of other states. The candidates of the Townsendites have won easily in other states wherever they have been endorsed, and the elections held, and I believe the man this convention nominates will find his pathway to Washington one of smooth traveling.

There is no mistake, the Townsend movement today is growing more rapidly than did the K. K. K. in its first and most prosperous stage.

"Within the last 30 days there has been such a growth and increased interest that it is practically impossible to keep up with it. I have just returned from a speaking tour of the district, which has been one of the most successful and gratifying trips I have ever made.

"During this trip I organized a number of new clubs, and where there were clubs already in existence, we have increased the membership, in many instances, 100 per cent.

"At the convention to be held in Cisco May 22, we hope to get the campaign squared away that will assure a grand victory for the candidate the Townsendites will endorse. If my predictions come true, which I have the best reasons to believe will materialize, it will mean the greatest victory for the people that has ever been seen in this section. It will mean the emancipation of the masses from the present oppressive financial regime, and lead them out of the depths of this horrible and humiliating and starvation of a man-made depression. I have no fear of the result. If we have to work night and day to elect the man we endorse the time and labor will mean the best investment the people ever made.

"I only want to refer the people to the recent election held in Nebraska. The Townsend organization endorsed a man who was practically unknown. His opponent was one of the most popular men in the state, beloved by the members of his own party, alike with those affiliated with the parties opposing him. But he fought the Townsend plan, and the man, previously unknown, came out strong for the Townsend movement, and won hands down over this idol of one of the old parties.

"The selection and endorsement of a congressional candidate will be the main object of the convention here May 22 and we are extending an invitation to all prospective candidates for congress to attend this convention and express their views for, or against the movement.

"The convention will open at 10 o'clock in the morning and there will be an afternoon session at 2:30, and at 8 o'clock in the evening," Kemper said.

DE LEON ATTORNEY MAKES ANNOUNCEMENT E. G. Kemper, chairman of the 17th congressional district, of the Townsend revolving recovery plan, announced today from his headquarters at the Daniels hotel, that he had information direct from Fred O. Jaye, of De Leon, a prominent attorney and most forcible speaker, had announced his candidacy for congress from the 17th

A New Texas Seaport

Texas this week dedicates another seaport to the service of world commerce and the upbuilding of the Lone Star state.

Officials from Austin join the throngs in the three-day ceremonial that officially opens the Brownsville international seaport. Chairman Ernest O. Thompson of the railroad commission, makes the principal address at the dedication ceremonies.

Texas is blessed with a tremendous shore line from Sabine Pass to Port Isabel. Upon it flourish great ports and ports ready to become great as population and commerce grow. But Texas has not been content with the resources of these natural ports. At Beaumont and Houston, now at Brownsville, fine inland ports have been created and connected by deep-water channels to the gulf.

There is business for all. There is room for all to grow. Texas ports, backed by impressive tonnage totals, beckon the ships of the world and the goods of all nations to Texas consumers, and stand an open door for the raw materials and the product of Texas to reach the markets of the eastern seaboard and the markets of all lands.

Brownsville has the fun of dedicating its deep-water port, but all Texas shares the glory and the benefit.

State Salaries Inadequate

The lieutenant governor of Texas earns only \$11.10 a day serving as acting governor, during sessions of the legislature. He gets \$10 a day during sessions, but is paid the huge sum of \$11.10 a day when sitting for the chief executive.

A Texas governor's pay of \$4000 a year has long been the object of protest. This year, voters will get a chance to raise it to \$12,000, an improvement, but certainly no exorbitant amount for this high office.

The governor must not engage in private business. He cannot remain an officer of a corporation. A lawyer, he cannot practice his profession. His entire time belongs to the state.

The best evidence that the amendments raising the salaries of the governor, attorney general, treasurer, comptroller, land commissioner and secretary of state, would be adopted, is that they have been able to muster two-thirds votes in the house and senate of the legislature, whose policy of keeping state pay far below the comparable levels of private industry is well known.

Escaping Taxation

State officials have made the fine showing that \$100,000 in taxes have been collected in court on cigarets formerly escaping the state levy.

But the biggest tax dodge in Texas is that only three

billion dollars worth of property is on the state tax rolls, or about one-fifth or sixth what is subject to taxation.

When a man pays \$1 taxes on a piece of property, he is paying about 20 cents that he owes himself, and 80 cents that other property owners owe who aren't paying.

And this situation is beyond the reach of the state officials who punish the occupation tax-evaders.

It seems within the reach of the legislature alone. Survey by Representative C. M. McFarland of Wichita Falls has shown that much of this huge abuse can be remedied by statute, and that one or two constitutional amendments would put machinery in the hands of capable state officials to correct the rest.

Truck Worker Field Wide Open to All

ABILENE, May 14—The man with the 1934 truck is to have just as good opportunity for a job on the WPA project as the man with the 1936 model.

Such are the effects of a new ruling announced here yesterday by the procurement division of the United States Treasury department. Under the new regulation, trucks

on federal projects must be operated by owners. Teams also must be driven by owners.

Purpose of the new order is to spread and rotate the work among as many as possible and do away with the practice of competitive bidding.

The new method will be for all truck and team owners in District No. 13 to fill out a certificate with the WPA office here.

A card file of those registered will be established and work al-

located in rotation. Owner-operators will be allowed a maximum of 160 hours per month at the prevailing rate for the district.

"This throws the field open to everybody with a truck or team so long as they drive themselves," said R. C. Hoppe, in charge of operations for WPA and explained that the ruling does not apply primarily to persons on the relief roll.

It is also pointed out that the new rule will prevent all work being given to those who have new trucks. All eligible and interested in District No. 13 are requested to register at once.

CARD OF THANKS

We wish to thank each and every one of our friends for their sympathy and kindness to our beloved lost one.

Best wishes.

H. O. SMITHWICK

FOLLY and FAREWELL

By Marie Blizard

BEGIN HERE TODAY

LINDA BOURNE, 29, pretty, is left almost penniless by the sudden death of her father. Her father, PETER GARDNER, newspaper reporter, helps her get a job writing. Linda is in love with DIX CARTER, but he goes ahead to study singing. When Peter asks Linda to marry him she agrees, but postpones the wedding.

HONEY HARMON, film star, comes to New York, making a "personal appearance" tour, and buys a scenario written by Linda. Later Linda goes to Hollywood and, by expressing ideas that are really Peter's, acquires a reputation for being able to discover new stars. Such is her celebrity that she is invited to Hollywood to get into films as an actor. Linda tries to help him, but he, she invites BASIL THORNE, director, to her home though she dislikes and distrusts Thorne. Peter Gardner writes a successful play and comes to Hollywood. Linda sees him and they quarrel.

Thorne drives her to a mountain resort where the company is to begin work next day. Arriving, they find the place deserted. NOW GO ON WITH THE STORY

CHAPTER XX

IT wasn't only the night that made Linda shiver, though it was bitterly cold, penetrating even the warm softness of her coat. Looking at the dark cabins and the figure of Basil Thorne, leaning over his motor, she shivered again.

"I'm horribly sorry," she said, plucking at his sleeve. "I've made a dreadful mistake. When I got home late tonight my maid told me there were telephone messages but I was in such a hurry to get out, I didn't look at them. They must have told me there was a change of plans. I can't tell you how sorry I am about having you drive me so far to no purpose. As you said, they must have been unable to get here."

Thorne was tinkering with some mechanical gadget. "I'm sorry, too, Linda. Sorry for you, because it looks as though we aren't going to be able to get out of here. This feed line is disconnected some way. I don't know the first thing about engines or their make-up, but it doesn't look to me as though I could do anything about it."

Linda was getting a little desperate. "Basil, we've got to get out. We can't stay here all night!"

He lowered the hood and looked about him. "It might have been worse. At least there are cabins." He shivered. "Sure is cold in these mountains at night."

"Can't you do something?" she pleaded.

"Not a thing with the car, I'm afraid. We might walk, but it must be nearly 30 miles to the last house, and there are mountain lions in these parts."

HE drew her toward him in a kind, his brotherly embrace. "What would a little ribbon clerk do if she found herself in a situation like this with a prize-

fighter?" he asked. Linda permitted herself a very small smile. "I don't think she'd fight," she said. "But she might ask him what he thought it best to do."

"Thereby showing a lot of sense for a ribbon clerk," he answered. "Now the point is, what would he say?"

"If he were a gentleman he wouldn't ask her to walk home. He would find shelter for her, and just because I'm a director and not a prize-fighter doesn't mean that I can't do the same. What about these cabins?"

"I'll take the one with the roses climbing over the door," Linda said with a gaiety she did not feel.

"We're all out of roses, but would an orchid bush interest you?" he asked, leading her to the nearest of the broken-down cabins. With a flashlight, they studied its exterior. It was not inviting. The windows were broken. Through the gaps that had been windows they saw the fifth and debris within. Linda shivered and drew into the warm arms about her.

"I'll sit in the car while you find two habitable cabins," she told him.

He was gone 10 minutes and it seemed an hour.

"There's only one," he reported, "with windows, bunks, a fair amount of cleanliness and a hearth. May I share it with you?"

SOMEWHERE in the outer darkness a penetrating wall broke the silence while he waited for her answer. Frightened, she drew close to him. "You may," she said. "We'll stay up all night and talk about movies."

"I used to be a boy scout," he said, among other nonsensical things, as he gathered twigs and started a fire. It was cold in the cabin, but gradually it grew warmer and Linda's eyes grew heavy with want of sleep. They talked and talked. Later Linda couldn't remember what they talked about.

"They were hungry, too, as the night wore on. The last thing Linda remembered before waking in the cold, dark dawn, was wishing she had some food."

She stirred in her sleep because she was cold. Her muscles were stiff. Her crepe frock was rumpled and crushed. By the early, wavering light she saw that it was nearly 5 in the morning. She didn't remember going to sleep, and opened her eyes wider and wider to find herself on a blanket-covered wooden bunk, her own coat thrown over her and Thorne's coat across her stockings feet. Across the room in the grey light she could make out the lines of Thorne's sleeper figure. So she had gone to sleep and he had tucked her away! That

was thoughtful, but then Linda realized that the new day was on its way.

She couldn't be found there! Their motor was out of order and Thorne had told her it was 30 miles back to the last house. Linda threw aside the coats and stepped out gingerly on the rough, cold floor.

SHE slipped into her shoes and approached Thorne. Shaking him, she cried, "Basil, please wake up. It's nearly 5. We've got to get back. We wouldn't be able to explain."

And when he was awake and had shaken the sleep from his eyes, he looked about him. "Don't be stupid, my dear. Of course, we can explain. That's the only thing we can do. We can't get out of here without a car. Let's get a little more sleep and we'll talk about it later."

He closed his eyes and drew the soiled blanket closer to his chin. Silently Linda watched him for a moment, and then, putting on her coat and tucking her hair under her hat, she opened the door softly and made her way out to the road.

Linda may have walked two miles; she thought it must have been 20. The thin soles of her shoes were small protection against the hard road. The early morning air blew in icy swirls against her, and her lips needed the soothing oil of a lipstick. She hadn't the least idea where she was headed for or what would happen when she made an arrival, and she didn't care.

And then she heard the roar of a motor, and Thorne's white car sped down the road toward her.

"A stroke of luck," he said, coming to a stop. "Found a piece of wire and tied her up. Climb aboard, Princess."

Linda was too tired, upset and hungry to answer that or anything else he said to her, but when they were nearing a town she turned to him.

"Basil, I want to ask you one great favor. Please, will you turn off the main road and please, as long as you live, will you promise me never to tell one living soul about last night?"

He laughed. "What a child you are! Of course you have no need to worry. It was quite innocent. Now I have a favor to ask of you. Will you marry me?"

"Marry you!" Linda looked at him in surprise. She didn't like looking at him. His eyes were blurred and bleary. His beard was dark on his red cheeks. "Thanks awfully for doing the decent thing, I'm afraid I can't," she answered, and didn't see the swift anger that flooded his cheeks with red.

Farm and Ranch To Honor Cisco Farmer

Mr. T. C. Richardson, Field Editor for Farm and Ranch, visited Eastland County Wednesday, May 13th, and while here visited W. B. Starr, one of the leading farmers of the county and gathered materials and pictures of Mr. Starr's farming operations.
Mr. Richardson spent the first 15 years of his life in Eastland county and was favorably impressed with conditions here at present. He believes the new farm program is the best program that could be adapted to the county at this time.
Accompanying Richardson were County Agent Elmo V. Cook and Dick Weeks of Alameda, chairman of the county soil conservation committee.

SOCIETY

LAURA RUPE, Editor, Office Phone 80.

Mrs. H. V. Alsabrook Is Circle Hostess

Mrs. H. V. Alsabrook was Tuesday afternoon hostess to members of Circle Six of the First Baptist church in her D avenue home at 3 o'clock.

Mrs. J. R. Burnett directed the Bible study from Ecclesiastes. Mrs. Homer Hensley, who has been gone for the past few months, presided during the business discussion.

At the social hour the hostess served delicious strawberry ice cream and angel food cake in rooms filled with lovely bouquets of roses. Personnel: Mmes. Buster Robe, R. W. Toler, H. B. Hensley, J. R. Burnett, R. C. Richardson, M. L. Agnew, H. V. Swenson and visitors, Roy Moad and Jim Culbert.

Group Four Enjoys Meet at Lake Cisco

Members of Group Four of the Woman's Council of the First Christian church met Tuesday afternoon at Lake Cisco for a social outing. Swimming and playing games completed the program for the afternoon. Present were: Mesdames David Tyndall, Lonnie Shockley, N. A. Redwine, Jack Elkins, Jim Lattimer, Audrey Ezzell, Charles Shepard, John Allen Wilson of Cleburne, Adrian, Lucas, Herbert Caudle, Joe Bob Winston and Misses Ethel Mae Wilson, Snookie Powell and Fred David Shockley and Robert Lee Redwine.

S. S. Class Meets With Mrs. Godfrey

The Loyal Women's Sunday School Class of the First Christian church held their monthly business meeting Monday afternoon at the home of Mrs. Ray Godfrey. After business was discussed, a

Social Calendar For Week

Friday

Entre Nous Bridge club members will be guests at 3 o'clock in the home of Mrs. W. A. Phippen, Humboldt.

The Twentieth Century club will meet at 3 o'clock in the clubhouse.

Social hour was enjoyed, at which time the hostess served refreshments to Mmes. J. T. McKissick, Charles Brown, J. S. Mobley, Cyrus Elliott, Jack Elkins, Sam Kimmell, H. L. Dyer, David P. Tyndall, L. C. Moore and Miss Alice Bacon.

Monopoly Club Has Wednesday Meeting

Monopoly club members were guests yesterday in the East Eighteenth street home of Mrs. James Lee for luncheon. Following the delicious luncheon, games of monopoly were played in a room where roses and lilies made a lovely background. Present were: Mmes. Leo Clinton, Harry Schaefer, Emmett Watson and C. E. Hickman.

Mrs. J. C. Hanrahan Is Party Hostess

A Centennial party at the home of Mrs. J. C. Hanrahan, Humboldt, Wednesday afternoon, honored members and guests of the Humboldt Bridge club. The theme was repeated in a refreshment plate carrying out the color note of red, white and blue. High score for the guests was won by Mrs. George Atkins, high for the club. Mrs. Jack Phippen, cut prize

Mrs. L. C. Moore and second high for the club by Mrs. W. W. Wallace. Others present were: Mesdames W. J. Armstrong, R. B. Carswell, Reggie Henderson, T. R. Huestis, I. J. Henson, Jack Jones, W. C. McDaniel, Harold McGowan, P. G. Booth, Rex Carrothers, Nick Miller, Hubert Seale, E. L. Smith, Rex Moore, Vance Littleton, K. N. Greer, L. A. Warren, R. L. Gilman, H. L. Dyer, Karl Armstrong, J. A. Bearman, A. C. Green, R. C. Hayes, R. C. McCarter, Tom Petty, Paul Wood, A. D. and Jack Anderson and Miss Agnes Bearman.

PERSONALS

Mr. and Mrs. Jack Cabaness have returned to their home in Manhattan, N. M., after a short visit here with friends and relatives.

Mrs. Metlock of Olden was a visitor in Cisco this morning.

Mrs. Leon Tullos of Midland is a guest in the homes of friends here this week.

Mrs. George Christie was a Rising Star visitor yesterday.

Abundant electric light

makes this home as beautiful at night

Modern electric lighting service not only has as its purpose the preservation of eyesight but its fuller use in bringing out the natural beauty and charm of the home. Today electric service is more than a time-saver, more than a labor-saver, more than an aid to sight. It is a decorative factor, too. Appropriately arranged lighting in the home has as its primary purpose the protection of eyesight but with the aid of our lighting specialists, it can be made to produce a beautifying effect. Whatever your lighting requirements, our trained lighting men will gladly advise you without cost.

SPECIAL YARD LIGHTING SERVICE

This Spring and Summer you will be able to get more enjoyment and real pleasure from your home if you have a well lighted yard. Floodlights are easily arranged so as not to produce a glare but still bring out the beauty of flowers and shrubbery. Our lighting men have made a special study of this phase of illumination. Call our office for this free service.
