

Big Barrage Needed For Red Cross

The heavy artillery is needed in the local Red Cross drive.

Big Spring's response to the war-refugee fund has been gratifying to date, said Chapter Chairman Shine Phillips Saturday, but the goal—more than \$2500—is still in the distance, and to reach it, "the big barrage" must be laid down.

Phillips, pointing out that donations in the campaign to date were largely from public-spirited people who are able to give only small amounts, set up a special committee headed by J. B. Collins to make a special effort this week to obtain larger contributions.

"With response from those who can give \$25 or more comparable to that of the dollar-donors, we will be over the top," said Phillips. "We have a humanitarian challenge here, the greatest in the history of the world, with millions of people devastated by the horrors of war, dependent solely upon the American Red Cross for relief and rehabilitation."

"We are calling on firms and individuals to join our 'heavy artillery' with gifts of \$25 or more. We have a starting battalion. It needs support. Monday and Tuesday are the days to join. Anyone who will join this group is requested to notify either J. B. Collins, Shine Phillips or The Herald and the gift will be gratefully acknowledged."

Those on the "heavy artillery" list Saturday included:

- First National Bank \$50 Mrs. Dora Roberts 100 L. S. McDowell & Son 50 Mrs. Good 50 Hardy Morgan 25 R. T. Finer 25 J. B. Collins 25 C. T. McLaughlin 25 Wm. B. Currie 25 State National Bank 25 Robert Schermerhorn 25 Bill Neal 25

Plane Crashes, Killing Four

LOS ANGELES, June 1 (AP)—A nine-ton transport plane of the high-winged design, scheduled shortly for delivery to the U. S. Navy, crashed and exploded in a flower bed today, killing four employees of the Douglas Aircraft Co.

The dead: Harry E. (Bud) Bogen, 29, pilot; William Benson, flight engineer; W. M. Mulvaney, 38, crew chief; James Stewart, inspector.

Inquiries started quickly from three directions—the navy, Civil Aeronautics Authority and Douglas. Wreckage of the great DC-5 was still flaming when police threw a guard about it pending a probe into possible sabotage. Douglas officials declared in a statement:

"Until the CAA, the navy and our own engineers and experts have completed their investigations, we cannot state the cause of this regrettable accident. Preliminary investigation fails to produce any evidence or indication that would explain the reason for the crash."

An experienced pilot who watched the tragedy told naval authorities that from the craft's maneuvering, it appeared that the controls had jammed.

REVIEWING THE BIG SPRING WEEK

BY JOE PICKLE

Big Spring and Howard county last week responded generously to appeals for Red Cross war-refugee support. Saturday evening the first quota of \$1,125 had been raised and \$900 of the amount of the second and identical quota was in hand. This is still short of the goal, but it is within striking distance if those who have not given at all or only they can give will make it a point to do their part.

Humanity and Christianity demand that each do what he can to relieve a measure of the suffering and sorrow heaped upon innocent people through no fault of their own. Give until it hurts, and you see THE WEEK, Page 12, Col. 8

Army Command Backs FD's Request For Authority To Call Out Guard

Opposition Develops In Congress; However, To Emergency Proposal

WASHINGTON, June 1 (AP)—Amid mounting opposition in congress to President Roosevelt's request for authority to call the national guard to active duty, the army high command contended today that the possibility of "dangerous developments" in this hemisphere made it essential that the request be granted.

General George C. Marshall, the army chief of staff, issued a formal statement supporting the president's proposal after opposition among senators had reached formidable proportions.

Mr. Roosevelt already had authority to call the guard into service, General Marshall said, "but under that call it would be impossible to send any units of the national guard to assist a regular division in any one of the possible situations which might arise in this hemisphere."

"It is necessary that more troops be made available, trained and seasoned, to enable missions to be carried out without denuding this country of ground troops in a state of sufficient preparation to meet unexpected eventualities in some other direction."

The chief of staff did not say what the possible "dangerous developments" in this hemisphere might be. But Senator Minton of Indiana, the democratic whip, had expressed belief to newsmen previously that the president might have in mind the possibility of having to occupy British, French and Dutch possessions in the new world if the Allies were defeated.

If need for such action arose, Minton said, regular troops would have to be used and the national guard called out to man defenses in the continental United States.

General Marshall's statement failed to quiet criticism of the presidential request among senate members. On hearing of it, Senator Wheeler (D-Mont.) declared:

"I don't wonder that I am getting many telegrams asking if it is the intention of the president and congress to get us into war with statements are issued indicating it may be necessary between now and the time congress returns that the national guard be called to active duty."

"This propaganda to stampede the people of this country into a war hysteria, ought to be stopped, and the people who are opposed to war ought to let their congressmen and the administration know about it."

The national guard, which has a present strength of about 225,000 men and 15,000 officers, is distinct from the regular army and is supported jointly by federal and state governments.

War department officials said that the president now has authority to call the guard to active duty for either of two purposes: 1, to meet a threatened invasion; 2, to deal with insurrection and disorder.

In the event that congress declares a national emergency to exist, they added, the president can under existing law call the guard out for any purpose.

LECHE CONVICTED ON MAIL FRAUD

ALEXANDRIA, La., June 1 (AP)—Richard W. Leche, Louisiana's governor from 1928 until he resigned under fire last June 26, was convicted today of using the mails to defraud the state of \$31,000, and faced a possible maximum sentence of 15 years in prison.

The government charged he pooled the money through a deal involving the purchase of highway trucks. Sentence was deferred until June 11 if permit arguments on motion for a new trial. The maximum penalty is 5 years in prison and \$1,000 fine on each of three counts on which he was convicted.

NEW BATTLESHIP IS LAUNCHED

PHILADELPHIA, June 1 (AP)—With all the grace of its pretty 15-year-old sponsor, the 35,000-ton battleship Washington slid down the ways of the Philadelphia navy yard today to make its maiden "curtsy" to the Delaware river as the first naval link in America's accelerated rearmament program.

While 300,000 cheering spectators looked on, Miss Virginia Marshall of Spokane, Wash., shattered a bottle of champagne on the bow with one decisive blow and the gaily-decorated "battle wagon" eased swiftly into the water. Miss Marshall is a lineal descendant of John Marshall, chief justice of the United States from 1801 to 1835.

# Nazi-Italian Peace Move Is Seen

WASHINGTON, June 1. (AP)—A German-Italian peace move, backed by an ultimatum that Italy will enter the war unless it is accepted, is expected by well-informed officials to follow the end of the battle in Flanders within a few days.

There is no definite information to this effect that any officials can put their fingers on; but their conclusion is formed on the basis of dispatches from highly reliable sources. They believe:

Italy will make the approach to the Allies on behalf, simultaneously, of Germany and of herself. She will lay down a peace proposal in general terms which would presuppose a peace conference to make them detailed and definite.

Mussolini, it is thought, will incorporate in the proposal his own demands on France and England. Along with the peace offensive will go an ultimatum that, if the offer is not accepted, Italy will enter the war on the side of Germany.

Mussolini will wait until the last remnant of the Anglo-French force in Flanders has been evacuated, wiped out or forced to surrender and then seek to convince the Allies that further fighting is useless. This moment is expected to come early next week.

The spirit of the Roosevelt administration to multiply aviation production facilities and thus assist the Allies is believed here to be convincing Hitler and Mussolini that if the Allies are to be beaten it must be done this summer.

A peace such as Hitler and Mussolini would consider offering would be an Allied defeat. If the offer should be made and rejected, it is considered certain that Hitler, with Mussolini's assistance, would throw everything he had into the fight in an effort to end it speedily.

There are 42 "skyscrapers" in New York city over 30 stories high. The Empire State building has 102 stories, topping the list. The RKO building at Rockefeller Center is No. 42 on the list with 31 stories.

The Andrews high school band and the Odessa high school band will furnish the music for the occasion. The famous Odessa chuck wagon will help serve the barbecue.

## West Texas Toads A Curiosity In Canada Town

Echoes are still being heard from a publicity stunt carried out by Big Spring's bowling team which attended the American Bowling Congress national tournament in Detroit the first part of May.

The local leggers, composed of Jake Douglas, Earl Blankney, Gus Heppner, Jimmy Eason and Harry Hoekendorf, took with them to the motor metropolis a supply of West Texas horned toads, caught heretofore by members of the Mexican Boy Scout troop.

The toads were a novelty to the Easterners, attracting attention in many quarters. The bowlers gave 50 of their lot of 100 to the Detroit zoo, and distributed the remainder among bowlers from other parts of the country.

One bowler from Regina Saskatchewan, Canada, took his toads home with him and created a sensation there. Jake Douglas has received a letter from the man, Pete Gottlieb, who wrote that the toads were displayed in the window of a Regina newspaper office, and stopped traffic. He enclosed a clipping which said "Queerest living things brought to the Leader. Post in many a day were two horned toads from the state of Texas."

"Ancient and Modern Necromancy, alias Mesmerism and Hypnotism, Denounced" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, June 2.  
The Golden Text is: "Sing unto the Lord, praise ye the Lord: for he hath delivered the soul of the poor from the hand of evildoers" (Jeremiah 20:13).  
Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Submit yourselves therefore to God. Resist the devil, and he will flee from you. Draw nigh to God, and he will draw nigh to you. Humble yourselves in the sight of the Lord, and he shall lift you up" (James 4:7, 8, 10).  
The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "In the quiet sanctuary of earnest longings, we must deny

collapsed, and the Germans reached the English channel, some American technical experts rated German chances of ultimate complete victory as high as 60-40.  
Mr. Roosevelt seemed to share that view even before he doubled his defense appropriation request of two weeks ago. If that is the fact, the new defense budget, outmoding the original before it could be more than roughly sketched into legislation or concrete plans for creation of a vast new industry, is a dark official American commentary on the situation in Europe. It would mean that in Washington inner government circles there is a stark fear that the end of Allied resistance might come in months, not years.

## Hotels Join In Observance Of Special Week

The hotels of Big Spring are joining other hotels throughout the United States in the observance of National Hotel Week, sponsored by the American Hotel Association and assisted by the Texas Hotel Association in Texas. The purpose of this campaign or program is that of selling the hotel as an institutional service in the community and in the entire country.

National Hotel Week is being observed on June 2-8, and as part of this program hotel men everywhere are reminding their patrons and the public in general that hotels make a substantial contribution to their respective communities because they help every other business through the purchase of supplies, equipment, substantial payment of wages, by attracting conventions and visitors to the community, etc.

The spirit of the campaign is typified by the slogan adopted by the American Hotel Association for the first annual observance—"Hotels—An Asset to the Community and a Service to the Nation."

The cooperation of the hotels are receiving in publicizing hotels and this National Hotel Week program is appropriate evidence that the public appreciates this, the seventh largest industry in America.

Hotels in all parts of Texas are cooperating toward a successful state celebration of National Hotel Week, according to reports from H. Fuller Stevens, managing director, Hotel Adolphus, Dallas, and Texas chairman of National Hotel Week.

Factors which give the hotel an important role in the life of the community which it serves are many, sponsors of the special week point out. Hotels pay taxes in large amounts; hotels employ many citizens of the community; hotels offer congenial meeting places for social and business purposes; and hotels afford accommodations to visitors to the community who in turn spend money with local merchants.

Many have recognized the fact that good hotels are excellent advertisements for the community. Hotels attract conventions and a large portion of the convention dollar is spent elsewhere in the community than is spent in the hotel. In addition the hotels help other businesses—through the purchase of supplies, equipment, etc. and in wages.

## School Library To Be Open During The Summer

Library at the Big Spring high school will be open for student use through the summer. It was announced Saturday by Supt. W. C. Blankenship.

He said that because of a WPA library project in effect, special workers would be in charge at the library, attending to distribution of books as well as general repair and cataloging.

Students may make use of the library for collateral reading and summer study. It will be open from 8:30 a. m. to 4 p. m. five days a week, and until noon on Saturdays.

## Would Outlaw Communists, Bundsters

WASHINGTON, June 1. (AP)—Rep. Dies (D-Texas) proposed tonight that congress outlaw the communist party and the German-American Bund and fix heavy penalties for membership in those groups "for any organization controlled by them."

Dies, chairman of the house committee investigating un-American activities, said legislation to do this would be introduced next week, based on the committee's conclusion that the communists were controlled from Moscow and the Bund from Berlin.

The legislation, the Texas said, would outlaw the communists and nazis just as they have been outlawed in France and would take away from them the legal standing which gives them a certain amount of protection as political groups.

"It would not," he added, "prevent any person from advocating the ideology of communism or nazism but would prevent them from being members of these organizations which are known to be foreign-controlled."

With the drive against "trojan horses" expanding, Dies suggested that President Roosevelt create a council of home defense to coordinate all counter-subversive activities of the FBI, secret service, army and navy intellectual and the Dies committee. He suggested "constructive, sane leadership" of "men who are level-headed and would not become hysterical."

Modesty demands that Balinese women wear ankle-length skirts, but they wear no waists.

## PLANES SHIPPED TO FRENCH GOVERNMENT

NEW YORK, June 1. (AP)—The 4,100-ton freighter Grub flying the Norwegian flag, sailed tonight with 100 bombing and pursuit planes consigned to the French government.

This was said of the waterfront to be the largest plane shipment to the Allies since the war began. More than 100 additional planes were ready for shipment tonight, and other boats were expected to be available tomorrow or Monday. About 35 of the planes shipped were bombers, it was said.

# Red Cross Campaign Moves More Swiftly Toward Second Quota

Aided by a number of women and high school girls, the Howard-Glasscock county Red Cross chapter Saturday moved within \$500 of its doubled war refugee relief quota of \$2,250.

The initial quota of \$1,125 was reached Friday and by Saturday evening more than \$800 had been contributed toward the second quota. Virtually all the contributions were of the small, individual type and hundreds of people had availed themselves of the opportunity to give to the cause.

Shine Phillips, Red Cross chapter chairman, was encouraged by response and urged all who have not yet made donations be urged to do so as soon as possible, and for those who have given but who are able to increase their subscription to contact workers.

On most of the busy street corners Saturday there were Red Cross stations operated by volunteer women and high school girls. Stations were maintained also in many business houses. The women and girls were aiding the drive under direction of Mrs. Mary Delbridge and Eloise Haley. Mrs. Dorothy Lawrence directed other special phases of the campaign.

**OVER 200 INSPECT PRODUCTS FROM CHENILLE FIRM**

More than 200 persons inspected a display of several score bedspreads displayed by the Big Spring Chenille Company in the Settles ballroom Friday evening.

Those attending looked over a wide assortment of patterns and colors and used adjectives in lavishing praise on the quality of work.

All designs were of the company's making during an experimental period to arrive at unit costs. The spreads were turned out here by two experienced women under the direction of B. B. Brooks, plant superintendent.

Several people reserved spreads after viewing the display, and C. McCord got the spread which was given away.

**West Texan Gets Advancement With RR. Commission**

COLORADO CITY, June 1 — Benton L. Templeton, whose appointment as chief law enforcement officer of the motor transport division of the Texas railroad commission has been announced by the commission, is a native West Texan and had lived in West Texas all his life until his appointment in January, 1939, as motor transport examiner for the commission.

Templeton succeeds Walter D. Hood, who has resigned to become a candidate for railroad commissioner.

Born in Sterling City and reared in Lorraine, Templeton attended Hardin-Simmons university at Abilene and later taught for several years in rural schools of Mitchell county. He was an attorney at Colorado City at the time of his appointment by Sadler. He held county and district clerk of Mitchell county for four years and later served as county judge.

# Barons Meet Hubbers Today, Sox Monday

# RAMSDELL COPS 8TH VICTORY OF SEASON

He wasn't around for the finish but Willard Ramsdell received credit for his eighth pitching triumph of the 1940 campaign here Friday evening as the Big Spring Barons broke their six game losing streak at the expense of the Clovis Pioneers, winning, 10-9, before a slim crowd.

The Kansas pitched superbly through four rounds but began to show the effects of too much work in the fifth when he dished up his first of four home run balls to Walter Schmidt. Schmidt's blow came with two runners on the base paths.

Will was hit hard thereafter but stuck it out until two were out in the ninth inning when Irv Pellegri appeared to stifle a Clovis rally that had sent three runs in and had the tying and winning runs on base. Pellegri pitched just one ball, forcing Schmidt to roll weakly to Eddie Laurel at second base.

Johnny Stone and Smitty Smith joined Schmidt in the home run parade. Stone getting a pair. The Big Spinners gave Ramsdell plenty of support during the early rounds, especially Carl Cox, whose two base blows drove in five of the Barons' ten runs. The locals manufactured five runs in the first inning, chasing John Grossman from the hill before he could retire a man. Grossman gave up but one blow, that a triple by Jordan, which tripled to triple by Sparr, leading to three runs.

# S'ball Pilots Meet Monday

# Gassers Lick Sox, 16 To 12

BORGER, June 1.—Five run rallies in each of the last two innings on the part of the Amarillo Gold Sox did little good as the Borger Gassers shelled Clarence Trantham hard in chalking up a 16-12 victory.

# Ships Falter Again, 5 To 2

DALLAS, June 1.—Dallas won its second game in a row, 5 to 3, over Beaumont here tonight despite home run rebuffs for the Exporters by Guy Sturdivant and Dixie Parsons. The bases were empty both times.

# Schumacher Heads Mighty Field Into Competition Of The Texas Golf Association Tournament

SAN ANGELO, June 1.—Slow poke Don Schumacher, the Dallas champion, will be at San Angelo, Texas, today for the Texas Golf Association tournament.

# REGOMEN AND CLOVIS HERE WEDNESDAY

Tony Rego's Big Spring Barons square off with the Lubbock Hubbers this afternoon in a 3:30 battle, then move on to Amarillo for a three game series with the WT-NM league leaders before returning home to face Clovis.

Andy Muhlock, a St. Louis youngster made his first WT-NM league start a successful one as he hurled the Big Spring club to a 10-8 victory in Lubbock Saturday night.

Muhlock gave up 13 blows and plenty of trouble the last two innings but managed to stick. The Barons gave him good support although they could collect but seven base blows off three Lubbock hurlers. Errors, a deluge of them, led to the Lubbock downfall, however.

# Clovis Drubbed By Pampa, 25-5

PAMPA, June 1.—Shelling three hurlers without mercy, the Pampa Oilers tonight buried the Clovis Pioneers under a 25-5 scoring avalanche. Pampa collected 22 safe blows.

D. Jones Scalps Dallas Golfer To Move Into Ranger Semifinals

BIG SPRING LAD DEBATES BILL ACKER TODAY

RANGER, June 1 (Spl)—Firing a two over par 74 into L. R. Roberson, Dallas, for a one up victory, Big Spring's Doug Jones, who Friday won medalist honors, advanced into the semifinals of the Ranger invitational golf tournament here Saturday afternoon.

The Howard county youth, who Friday bested par figures by a stroke to beat out Jimmy Phillips for medalist honors, won his first round match at the expense of Pickles Altman, Abilene, 5 and 4. He played his best golf of the day against Altman, dusting off the former Angelo champion with a neat three under par round.

This morning he is scheduled to face Bill Acker, Commerce, for the right to play in this afternoon's final.

In the other bracket of play Sunday, J. T. Hammett, Breckenridge, and Charles Boyer, Fort Worth, will mix.

Hammett won over Mac Williams, Graham, 2 and 1, and Jimmy Phillips, Ranger, one up, while Boyer was besting Phil Powell, Wichita Falls, 3 and 2, and Sam Conner, Ranger, 2 and 1.

Jones, in Acker, faces a difficult hurdle. It was the East Texas Teachers college instructor who stopped the tournament favorite, Don Schumacher, Dallas, in an afternoon match, 2 and 1, after defeating Bill Allison, Breckenridge, in the morning, 4 and 3.

The Big Springer had to rally to nip Roberson. He was two down on the first six holes, two down at the turn and did not pull even until the 15th when he leveled off with a birdie.

On the long 18th, Jones was away from the tee with a 300-yard drive that bisected the fairway, some 50 yards better than Roberson's. His second drive went for 250 when he picked up an additional 15 yards on the Dallasite.

In a desperate bid, Roberson chipped into a trap near the green and saw Jones maneuver successfully to the edge of the carpet. Roberson laid on and two putted for a bogie while Jones followed suit in playing it safe for a par.

Their scores: Jones out ..... 434 453 357-58
Roberson out ..... 434 454 343-36
Jones in ..... 435 353 355-36-74
Roberson in ..... 435 454 356-39-75

ROSS HANDCUFFS CLEVELAND, 6-1

PHILADELPHIA, June 1 (AP)—Buck Ross held Cleveland to two hits—one a homer by Hal Trosky—as the Philadelphia Athletics defeated the Indians, 6 to 1, today. Sam Chapman homered for the A's.

Roy Weatherly managed Cleveland's other blow, a single.

Johnny Allen opened on the mound for the Tribe and gave way to John Dobson in the third. Mel Harder finished.

Score by innings: Cleveland ..... 010 000 000-1 2 1
Philadelphia ..... 210 020 10x-6 9 2
Batteries: Allen, Dobson, Harder and Hemsley; Ross and Hayes.

Brown Bombers To Play Under The Lights At Baron Park Tuesday

Robert Moore's Brown Bombers invade Odessa this afternoon to do battle with the Odessa Black Cats. Tuesday evening, 8:30 o'clock, they will oppose Colorado City in Baron park.

Playground leaders will have charge of registration of participants and issuing of tickets.

REDS WIN GAME PROTESTED BY BOSTON BEES

CINCINNATI, June 1 (AP)—The Cincinnati Reds won a game played under protest by Boston today, 3 to 2. Manager Casey Stengel of the Bees protested an umpire's decision on a second inning mixup resulting when Frank McCormick trotted to second, thinking Ernie Lombardi had walked. McCormick was thrown out but sent back to first and Lombardi subsequently doubled him home.

Tony Cuccinello accounted for both of Boston's runs in the sixth when he drove in Gene Moore and Buddy Hassett.

Linus Fry's home run with Harry Craft on base in the fifth round accounted for the Redlegs' other runs.

Score by innings: Boston ..... 000 002 000-2 3 0
Cincinnati ..... 010 020 000-3 9 0
Batteries: Posedel and Lopez; Thompson and Lombardi.

HUDLIN ROUTED BY BENGALS

WASHINGTON, June 1 (AP)—Blasting 19 hits off Willis Hudlin, Joe Krakauskas and Bucky Jacobs, Detroit swamped the Nationals, 12-3 here today, to deal Washington its sixth defeat in seven games. Buck Newsom went the route for the Tigers to gain his sixth victory of the season.

Newsom figured prominently in the batting assault, collecting a double and two singles and driving in a run.

Billy Sullivan had three of the blows as did Dick Bartell and Barney McCoskey.

Score by innings: Detroit ..... 322 010 301-12 19 2
Washington ..... 200 100 200-3 12 2
Batteries: Newsom and Sullivan; Hudlin, Krakauskas, Jacobs and Ferrell.

Members Of Religious Sect Are Fined In Stanton Court

STANTON, June 1—Tom Bellflower, Midland, and A. L. Paschall, Miami, Fla., and more recently of San Angelo, members of the Jehovah's Witnesses religious sect, were found guilty of disturbing the peace in the justice court here Friday evening and fined \$100 and costs each.

They were remanded to jail in lieu of the fine money. Earlier in the week they had

been arrested after irate citizens had threatened them due to alleged statements in which they were quoted by officers as refusing to salute the American flag. The disturbance occurred when Bellflower and Paschall played records on porches when refused admittance to homes to distribute literature. Local Girls Receive Degrees This Week

Parents Leave To Attend The Ceremonies

Among Big Spring girls to receive degrees at colleges and universities Monday, June 2nd, are Fern Smith, Mary Louise Inkman and Judith Pickle.

Miss Smith is the daughter of Mr. and Mrs. J. C. Smith, and will receive her degree of Bachelor of Science at Texas Tech. Miss Smith majored in home economics. Among honors she received is an A-average, membership in Alpha Chi, Phi Upsilon Omicron and received rating of highest ranking senior woman in divisions of home economics. She was listed in Who's Who and received recognition all four years.

Miss Inkman is the daughter of Mr. and Mrs. W. W. Inkman, and is also a student at Tech. She will receive her degree in Bachelor of Science in Education. She majored in speech and minored in English and is a member of Alpha Psi Omega, national fraternity for speech majors. She is also a member of DFD social club and was honored at recognition service this year.

Miss Pickle is the daughter of Mr. and Mrs. J. B. Pickle, and is a student at Texas university. She will receive her Bachelor of Arts degree. She was a member of the girls' choral club and took her first two years of college at El Paso College of Mines. Mr. and Mrs. Pickle and Mrs. Bishop Bailey of El Paso are in Austin for the ceremonies and Mr. and Mrs. Inkman and Camille and Mr. and Mrs. Smith are in Lubbock for the commencement.

Experiences Of An Airline Hostess—Note Miss Gilmore

In a recent article in the Fort Worth Star-Telegram, La Juan Gilmore of Big Spring was one of several airline stewardesses who received mention. Miss Gilmore is a niece of Mr. and Mrs. J. M. Gilmore who sponsored her training and is a sister of Janie Chloe Gilmore who is employed here by Bell Telephone company. Miss Gilmore worked in the Big Spring hospital last year for several months.

In telling of the incidents that go to make up a day in the air the article quoted in part read: "La Juan Gilmore, Delta hostess whose base is Atlanta, has been stuck in the mud in an airplane in just the few weeks she has been in the service. It happened near Meridian, Miss., and the car that came to take the passengers to town got stuck too and later ran out of gas. That was too good a story. A man on the plane, who was a day late already returning home from a convention, had Miss Gilmore sign an affidavit he could show his wife."

Miss Taylor To Marry In Home Of Her Sister

Ceremony To Be Read Today At 2 o'Clock

In a home wedding at 2 o'clock this afternoon, Bobby Taylor, daughter of Mr. and Mrs. H. F. Taylor, will become the bride of Vance Lobkowsky, son of Mr. and Mrs. A. K. Lobkowsky, in a ceremony performed in the home of the bride's sister, Mrs. Robert Currie, 509 Hillside Drive.

The bride is to wear a blue sheer street-length dress with a full-length coat. Her hat is to be a white turban and other accessories will also be white. She is to carry a small colonial bouquet of sweet-heart rosebuds.

Mrs. Billy Dykes of Martin, sister of the bride, is to be the only attendant and will wear a brown sheer dress with a fitted coat and white accessories. Her shoulder corsage is to be yellow rosebuds. Bill Stevens of Midland will attend the bridegroom. Dr. D. F. McConnell, pastor of the First Presbyterian church, will read the single ring ceremony before the fire-place. Vines, amilax and fern will be banked about the fireplace and baskets of white stock will be on either side of the mantel. Vines and fern are woven through a white lattice work that will be placed in front of the fireplace.

Mrs. Omar Pitman, who is to wear a black and white ensemble, will play "Wedding March" from the professional and will play "To A Wild Rose" by MacDowell during the ceremony. The bride and her attendant will walk to the improvised altar through a pathway set off with white satin ribbon.

The bride was graduated from Big Spring high school in 1937 and has been employed at the Hollywood Shoppe for the past two and a half years. While in school Miss Taylor was a member of the Pop Squad, Sub Deb club and later the Post Deb club.

The bridegroom was also graduated from Big Spring high school in 1937. He is employed by the Southwestern Bell Telephone company. The couple will leave after the reception for a week's trip to South Texas and will return to Big Spring for a three week stay before leaving for Ranger where they will make their home.

For traveling the bride has chosen a grey linen dress with a yellow and grey striped short coat. Her accessories will be black.

A reception will be held following the ceremony in the home and the table will be centered with a (See MISS TAYLOR, P. 7, Col. 2)

Hostess To Stamford Reunion Sponsors Is Chosen By Directors

STAMFORD, June 1 Mrs. Warren B. Tatum has been appointed hostess to the cowgirl sponsors who will represent various towns and ranches at the eleventh annual Texas Cowboy Reunion here July 2, 3 and 4.

Selection of Mrs. Tatum, prominent Stamford woman and wife of a former mayor of the city, was made by the reunion directors.

Appointment of Miss Eliah Hian Elliott as Stamford's sponsor was announced by the local chamber of commerce. Miss Elliott is the daughter of Mr. and Mrs. T. J. Elliott, her father being a Stamford druggist. She is an excellent rider and is graduating this month from Stamford high school.

Miss Elliott will not compete for prizes in the cowgirl contest but will assist Mrs. Tatum in entertaining the visiting sponsors. The winning sponsor will receive a handsome special-made saddle and other prizes will be awarded for second, third and fourth. Sponsors are appointed by chambers of commerce, or in the absence of such organization, by mayors or postmasters of towns represented. Ranches or counties also may appoint sponsors.

H. G. Andrews, chairman of the sponsors' committee, is mailing letters this week to chambers of commerce, requesting appointments from the various towns and cities.

Roscoe Guest Given Bridge-Luncheon By Her Sister

To honor her sister, Mrs. W. R. Potter of Roscoe, Mrs. Ruel Fox entertained Friday with a bridge-luncheon in her home. Mrs. Potter is visiting here this week in the Fox home.

High scores went to Mrs. I. S. McIntosh and bingo awards were given to Mrs. Lonnie Coker and Mrs. C. O. Nalley.

Gifts were presented to the honoree. Larkspur and snapdragons centered the luncheon table and blue and white were the chosen colors.

Others playing were Mrs. R. C. Hill, Mrs. Robert E. Lee, Mrs. Leonard Coker and Mrs. Bart Withers.

Miss Zarafonetic Weds P. Darrow Saturday

Marriage Takes Place In Home Of Parents

Anne Zarafonetic, daughter of Mr. and Mrs. Harry Zarafonetic, and Paul Darrow were married at 8 o'clock Saturday evening in the home of the bride's parents in a double ring ceremony performed by candlelight by the Rev. R. Elmer Dunham, pastor of East 4th St. Baptist church.

The rites were read before a mantel banked with fern and vines. White tapers in crystal candleabra burned on either side of the mantel to furnish the only lighting for the occasion.

The bride wore a white tailored street-length dress of Romaine crepe made with a pleated skirt and tucked bodice fastened with blue buttons.

She carried an arm bouquet of pink Bonairiff roses and was given in marriage by her father, Harry Zarafonetic.

Patsy Ruth Zarafonetic, sister of the bride, was her only attendant and wore a navy blue dress made on princess lines. Her accessories were white and her shoulder corsage of tallman roses. J. R. Huckabee was the bridegroom's attendant.

The couple left after the ceremony and reception for San Antonio for a two weeks' trip and for traveling the bride wore a navy blue sheer redingote dress with white accessories and a shoulder corsage of gardenias.

On their return the couple will be at home at 211 W. 21st St., after June 15th.

Mrs. Darrow was graduated from Breckenridge high school and is employed at Montgomery Ward where she has been for the past two years. Darrow was graduated from Snyder high school and is owner of the Douglas Barber shop.

A reception was held following the ceremony and a three-tiered square wedding cake of pink and white was served with punch. The cake was decorated with small bride and bridegroom figurines.

Clarinda Mary Sanders presided at the punch bowl. Others attending the wedding were Mr. and Mrs. J. H. Zarafonetic of Crane, Mr. and Mrs. Zeb Womack, Mr. and Mrs. Harry Zarafonetic.

The bride was honored with La Fern Dehlinger, bride elect of Hugh Bob Primm, Friday evening by Mrs. Dave Eastbourne and Mrs. Ben Le Fevre in the Le Fevre home in Foran.

Bingo and Liverpool rummy were entertainment and prizes at rummy went to Marjorie Whiteaker. Both honorees were presented with gifts.

A salad course and tea and cookies were served. Others present were Leah Warner, Mary Burns, Dorothy Le Fevre, Mrs. S. H. Whaley, Marguerite Alderson, Marjorie Whiteaker, the two honorees and the two hostesses.

# Screen Interpretation Of 'Rebecca' Offered Today And Monday At Ritz

### Laurence Olivier And Joan Fontaine In Major Roles

Against a background of chilling mystery and eeriness, David O. Selznick's production of "Rebecca," best-selling novel by Daphne du Maurier, will be presented today and Monday at the Ritz theatre. Directed by Alfred Hitchcock, master of mystery-thrillers, "Rebecca" was filmed with Laurence Olivier and Joan Fontaine in the top starring roles, while the featured supporting cast includes Judith Anderson, George Sanders, Nigel Bruce, C. Aubrey Smith, Reginald Denny and Florence Bates.

"Rebecca" was transferred to the screen from the scenario written jointly by Robert E. Sherwood and Joan Harrison. The story concerns a young and unsophisticated girl who becomes the bride of the wealthy and socially prominent Maxim de Winter. When they return to live on his vast Tudor estate, Manderley, the second wife learns, to her horror, that her life is being dominated by the past of Rebecca, Maxim's first wife, a very beautiful woman who fascinated all who knew her.

Furthermore, the memory of Rebecca is kept alive by Mrs. Danvers, de Winter's housekeeper, played by Judith Anderson. Mrs. Danvers resents the second Mrs. de Winter and does everything in her power to harrow her. After an elaborate ball given at Manderley, the story moves swiftly to a smash climax, stunning in its surprise, and terrifying in its impact. This scene takes place in an abandoned boat house during the entire sequence, with Olivier and Miss Fontaine entirely alone. Because of the emotional intensity required for this scene, Producer Selznick and Director Hitchcock ordered that the stars be given complete privacy while it was filmed. The scene lasts about eight minutes on the screen, but because of the care exercised during its filming, it required three days to complete.

Among the unusual settings constructed for the production of "Rebecca" were included London streets, old taverns, a coroner's office and a boathouse facing a wind-swept bay on the coast of Cornwall. The most elaborate set, depicting the Tudor estate known as Manderley, was built as a two-story affair on a stretch of ground that measured 100 to 125 feet.

Every detail of English country life in "Rebecca," down to the last drop of ale used in a country tavern scene, is said to be authentic. Major W. A. Bagley, one of the leading experts on British modes and manners in filmland acted as technical adviser on "Rebecca" for Producer David O. Selznick. Director Alfred Hitchcock, also an Englishman, was likewise familiar with the customs and characters portrayed in the film and taken from Miss du Maurier's internationally popular novel.

**STRONG CHARACTERS**—Characters as vivid as any created in fiction in many years are those conceived by Daphne du Maurier in the best-selling novel, "Rebecca," which has been made into a screen piece and which plays today and Monday at the Ritz theatre. The parts are those of Maxim de Winter and his second wife, portrayed by Laurence Olivier and Joan Fontaine.

## Queen Offers A Photoplay Of Adventure

International jewel brigands, fascinating adventuresses, romantic-minded army officers and the leaders of sophisticated South African society meet on the road to high intrigue in the new Paramount comedy drama, "Adventure in Diamonds," the attraction offered today and Monday at the Queen theatre.

With George Brent and Isa Miranda starred in one of the year's most novel stories, "Adventure in Diamonds" deals with the amazing attempt of an international crime ring to loot the fabulous diamond mines of Kimberly and the unexpected romance of the gang's chief charmer with a handsome young officer of the Royal Air Force.

Fresh from his outstanding success as Bette Davis' leading man in "The Old Maid," Brent plays the officer in "Adventure in Diamonds," a suave, excitement-craving airman, who risks his reputation, and later his life, on a grand fling with a lovely lady jewel thief, Miss Miranda, Paramount's glamorous importation from abroad, teams with the popular Brent for the first time, as the adventures whose career is crossed by the first real love affair of her life.

"Adventure in Diamonds" follows the stormy romance from the dramatic moment when the two first meet aboard a luxury liner bound for South Africa. One tense episode follows on the heels of another, as Miss Miranda tries to crack the world's most closely-guarded treasure hoard, as Brent suddenly joins up with the aroused secret service to break up the crime ring, and finally as the two sweethearts become partners and fight for their lives against the girl's one-time confederates. The comedy of the story reaches its climax when the two move through Cape Town society, masquerading as a honeymooning couple, in order to aid the police.

Brent and Miss Miranda are supported by a number of players prominent here and abroad. Elizabeth Patterson, of the great mother characterizations, has a novel role as another lady jewel thief, John Loder, one of England's most popular leading men, is the chief of the crime ring. Nigel Bruce plays the head of the secret service. George Fitzmaurice directed.

Monday, June 3—"Happy Days Are Here Again," "Little Curly Hair in a High Chair," "The Band Played On," and "Just a Cottage Small by a Waterfall."

Tuesday, June 4—"Let a Smile Be Your Umbrella," "Write a Letter to Your Mother," "Aggravatin' Papa," and "When Day Is Done."

## Ranger March Dramatically Presented

### 'Northwest Passage' Playing Today And Monday At Lyric

Filmed entirely in technicolor during the most hazardous and arduous location trip ever attempted by a motion picture company "Northwest Passage" returns here for showings today and Monday at the Lyric.

Spencer Tracy, star of the picture, Robert Young, Walter Brennan and several hundred other Hollywood actors spent six weeks in the wilds of Idaho to obtain the colorful background which figure prominently in Kenneth Robert's best-selling novel. With the exception of a few early sequences of the story, the entire production was made in the outdoors during this location.

The picture is heralded as the most vivid story of an adventure ever filmed and is believed to furnish both Spencer Tracy and Walter Brennan, two-time Academy Award winners, for best performance of the year, roles which outdistance any of their previous characterizations. Robert Young receives the greatest opportunity of his career and Hollywood is predicting immediate stardom for the young player as the result of his work.

The story, chronicling physical fortitude never before surpassed on screen, is of a band of Rogers Rangers who set out to wipe out a village of marauding Indians. En route they elude enemies, carry huge whaleboats over a mountain top, crash their way through hundreds of miles of swamps, cross a river torrent by forming a human chain, and then crush the Indians in an amazing surprise attack.

The remainder of the story involves the struggle of the courageous men to make their way, without food and despite Indian attacks, to safety and shelter. By the time this is achieved, the men are half-starved, battered and torn and the ranks badly depleted.

Hunt Stromberg, producer, sent Director King Vidor to the Idaho location to record the scenes against colorful country never before photographed. Featured with the leading trio are Ruth Hussey and Nat Pendleton, with other prominent characterizations filled by Louis Hector, Robert Barrat, Lumsden Hare, Donald McBride, Isabel Jewell, Douglas Walton, Addison Richards, Hugh Sothern, Regis Toomey, Montagu Love, Lester Matthews, Truman Bradley and 3000 others who portray Rangers, Indians, British soldiers and the other characters drawn from Robert's novel.

Monday, June 3—"Happy Days Are Here Again," "Little Curly Hair in a High Chair," "The Band Played On," and "Just a Cottage Small by a Waterfall."

Tuesday, June 4—"Let a Smile Be Your Umbrella," "Write a Letter to Your Mother," "Aggravatin' Papa," and "When Day Is Done."

Wednesday, June 5—"My Bluebird's Back Again," "Day Dreams Come True at Night," "Down by the Ohio," and "Darling Nellie Gray."

Thursday, June 6—"Yoo Hoo," "My Son, My Son," "I Ain't Got No Hard Luck Now," and "Rose in the Bud."

## To Attend Classes In RC Life Saving Teaching Methods

Miss Champe Phillips, daughter of Shine Phillips, chairman of Howard county chapter of the Red Cross, will attend the Red Cross National aquatic school at Camp Mystic, Hugly, Texas, beginning today and continuing through June 12. Walton Morrison, water safety chairman of the chapter, has announced.

Champe has served as instructor in Red Cross life saving methods and in swimming for the past two seasons. She will enroll in courses providing practical instruction in teaching methods and also "refresher" training in aquatic subjects. The Camp Mystic aquatic school and 16 others, located throughout the nation, are conducted each year by the National Red Cross at the beginning of the swimming season to train outstanding swimmers as instructors of latest Red Cross water safety technique.

The local water safety school will be held at the municipal swimming pool later in the summer. Classes in beginning and advanced swimming and in life saving will be conducted by Miss Phillips and others of the local staff. No charge will be made for instruction.

"Special attention will be given to training beginning swimmers," said Morrison. Besides fundamentals of swimming the beginner also will be drilled in personal safety and self-rescue skills. More advanced swimmers will be eligible for instruction in junior and senior life saving. Instruction will be available for every age group and ability.

### UNDERGOES SURGERY

Robert Dabney, son of Mr. and Mrs. G. W. Dabney, submitted to an emergency appendectomy Saturday evening at the Malone & Hogan Clinic Hospital. He was stricken Saturday while at work.

## Commission To Be Asked To Improve US Highway 80

Members of the executive committee of the U. S. 80 Highway Association of West Texas in session here voted unanimously to sponsor a delegation composed of representative citizens from towns along highway U. S. 80 from Fort Worth to El Paso to appear before the Texas highway commission late in June.

The delegation will ask that modernization work on U. S. 80 be included in the commission's 1941 program. Association officials will particularly call the commission's attention to several obsolete, dangerous stretches throughout West Texas which, they claim, are causing a severe loss in tourist traffic to the Broadway of America. Present at the meeting were C. C. Johnston, president, Sweetwater; John M. Hendrix, executive secretary, Sweetwater; Sterling P. Wooten, Abilene; Bill Collyns, Midland; J. H. Greene, Big Spring; H. E. Grancey, Roscoe, and Ben Smith, Colorado City. Jack Helton, manager of the Colorado City chamber of commerce, also attended the meeting.

Editorial

The expanded defense program, with emphasis on development of the nation's air force, serves to point more than ever the importance of adequate airports, including that of Big Spring.

It is generally recognized that in building 50,000—or a comparable number—of new planes—there is the accompanying task of finding pilots and mechanics to man and service these planes.

It stands to reason that these training centers will be distributed throughout the country, so that the greatest number of pilots and mechanics can be congregated without too great concentration.

Big Spring has gone far enough along with its airport development to be in position to go after any training school or air base that the govern-

ment may establish in this section. Already, the CAA has recognized our standing in the institution of the civilian pilot training work, a project that is to be renewed in the fall.

The air parade is marching with more rapidity. There is no more guesswork about it. The thing now for forward-looking cities to do is to keep abreast of the aviation industry and the military air developments.

Big Spring has a fine start. The city is planning this year to go ahead with port development, in surfacing two more runways and in starting construction of a needed administration building.

Any money reasonably spent in completing the airport program as it has been conceived will be money invested for the expansion of our city.

WASHINGTON—The Washington taxi drivers, with a gift for gab that shames the most eloquent congressmen, are talking themselves into trouble.

So glib are they in pointing out the rights of the capitalist that the powers that be started a serious move to make them buy guide licenses as well as cab drivers' licenses.

Washington loves its hack drivers and well it might. They are as distinctive as strawberries in a strange land and yet as much a part of Washington scene as the Lincoln Memorial.

To understand them, you must understand first that Washington taxis are among the cheapest in the land. The zone system is used. For 20 cents you can ride the two miles from the capitol to the White House.

A FRONT SEAT DRIVER

He talks to them all. It isn't wearing talk rather the fat they show has gristle in it.

Without any pumping, they'll tell you what's going on "up on the Hill," what's backing what bill and why.

Man About Manhattan

NEW YORK—A hard-bitten fishing whiz, fresh from the Newfoundland banks, tries to nose into a berth along the South Street waterfront just after midnight this morning.

A stone's throw away lay another whiz, this one from the Caribbean. To the left lay another, and another, from the Georgian banks.

These fish were being hauled to the oldest fish market in the western hemisphere, a market that has been open for business every morning for more than 200 years.

More than one million and five hundred thousand pounds of fish are delivered to the Fulton Street market every day.

To handle these fish 2000 men are at work in their stalls every morning before five o'clock.

It is from this point that the scallops and sole like those you bought today, go out to thousands of retailers all over the city and all over the continental area.

Hollywood Sights And Sounds

By Robbin Coons

HOLLYWOOD—That formidable legend Oscar Levant, has become an actor, and he confesses, first thing, to a great weariness of the legend.

Levant, musical know-it-all of "Intonation Please," is not exactly making his screen debut in "Rhythm on the River." He did that, more than 10 years ago, as the piano-player in "The Dance of Life," the Hal Skelly-Nancy Carroll movie based on "Bourlesque."

Oscar, for all his reputation as a professional scoundrel and a spacer of nobody's feelings is a pleasant enough young fellow as he goes about his novel movie chores.

He had a few wisecracks on tap the day I lunched with him, he was seeing them for his script. This was quite possible, inasmuch as Levant is improving lines as he goes along.

"I read that I drink 40 cups of coffee a day," he said. "Nobody could drink that much coffee. I drink a lot of it and it gets to be 40 cups. I'm supposed to be all kinds of a screwwall, and I guess that's all right. I write a book and the publishers want to sell it, so Levant gets more of that kind of publicity. I read where I've cracked a joke—anything the boys think up out of Miller's joke book or anywhere it gets pinned on me. Now that I'm doing this, I don't call it acting. I guess it'll get worse. I'm not complaining. I'm just the unhappy man in the world. I know it's got to be done, though. It's part of selling the book, or the radio show, or the picture."

"This legend about Levant, I don't believe any of it. You're here today and you're quoted right and left, and tomorrow you're gone, and you're a sucker if you take it seriously. I'm a musician, and that's what I'll be, and nothing else, when all this stuff is finished. Then it won't make any difference how much you get quoted and noticed, a composer is judged by what he composes, and serious music is a different world."

"I'm not a know-it-all about music. I make pretty good guesses a lot of the time. Most of the questions are on good, general subjects, sometimes if you guess two out of four, you give the impression you know all the answers."

The only visitor excluded from the "Rhythm on the River" set—by Levant's request—is Mrs. Levant. Mrs. Levant is the former June Gale, actress. Mr. Levant wants no more professionals than necessary to observe his efforts to be an actor, least of all Mrs. Levant.

High Tide

Chapter 10 PAINTING CRITIC

Derek's mother had kept him just long enough to extract a substantial settlement from Gregory Knowles, then shipped him back to Eton, a boy disillusioned, embittered from seeing things he should not have seen, a sensitive lad, too introspective, turning with all the zealous starved fervor of his emotional nature to music.

At eighteen his father took him to New York to live with his stepmother, a charming quiet woman who was good to him. Trouble came. Loyal to his stepmother, hating violently his father's new-found love, a sleek young actress, he stayed on with the second Mrs. Knowles until, inadvertently, he learned that she, too, was using him as a pawn.

At nineteen he demanded to go abroad to study; his accusing, violent dark eyes meeting his father's. He listened to copybook maxims, to fumbling words of attempted explanation and reconciliation, took his letter of credit and sailed alone.

But he could not escape being Derek Knowles, heir to a huge fortune, rich in his own right, at twenty-one, from a legacy of his paternal grandmother. He was news. He was the son of Gregory Knowles, financier, capitalist.

At twenty-one he was a cynic about women until he met Lenore Page. "Nuts," said Derek, sitting up on the sand. "Jan's right. It's a lot of fun to feel sorry for your self."

Another took some time to expound on "the benefits of what he described as—once ardently lynching."

Another recounted the scandalous amours of a certain senator. Out of simple curiosity, I asked "Suppose it developed that I were a good friend or relative of the senator?"

The job just grinned. "If you were, would you know how damned right I am?"

All of this conversation pours forth in a spurt of pure friendliness. The Washington taxman, rocky, has his indications his pet philosophies and his eye for profit, but now is propounded with any belligerence. You are just a pal who happens to be going his way.

So if you are coming to Washington, don't go home and tell your friends you have seen the nation's capital unless you saw some of it behind a Washington taxi driver.

great deal of criticism from the English press and silver and aluminum, was being taken in his boat and by train.

There's a funny story about the market. They used to do it over as Spanish food. I. But after the Spanish it was people began to buy more goods with a Spanish name. Fishermen promptly began calling them "Florida" mackerel and the sales it increased to their normal level.

The most impressive item about the Fulton street market to strangers is the odor. People say they can smell Fulton street six months after being there. Perhaps that is true. Men who work there tell me they never notice the smell of fish until they are away from it. Then they are uncomfortable. It doesn't seem unusual without the heavy, pungent odors that are a part of their daily surroundings.

The market itself operates largely on a warehouse basis. When the doors are flung open, the buyers crowd around and bid for lots. One buyer may be interested solely in butterfish. Another in shellfish. There is a department that features gigantic turtles, and, curiously enough, most turtles in New York wind up in Chinatown. Turtles are known to grow to very old ages. There is a belief among Chinese that if they eat enough turtle flesh they may live to become very old too. At least that is the story.

One of the cheapest items at the market, from a color point of view, are the flag loaves. Many of them come all the way from Japan. The Japanese also send swartfish, huge frozen monsters and despite the cost of transportation and trade barriers, they sell for just half the price of American sword fish. However, the American variety is called swordfish and is superior in taste.

The Levant legend (said Oscar) has been growing with each successive Levant enterprise.

"I read that I drink 40 cups of coffee a day," he said. "Nobody could drink that much coffee. I drink a lot of it and it gets to be 40 cups. I'm supposed to be all kinds of a screwwall, and I guess that's all right. I write a book and the publishers want to sell it, so Levant gets more of that kind of publicity. I read where I've cracked a joke—anything the boys think up out of Miller's joke book or anywhere it gets pinned on me. Now that I'm doing this, I don't call it acting. I guess it'll get worse. I'm not complaining. I'm just the unhappy man in the world. I know it's got to be done, though. It's part of selling the book, or the radio show, or the picture."

one else would venture up here to disturb her solitude. She didn't want him here; didn't want him to see the quite lovely sweep of beach and shore she had just sketched and painted with water colors. Yet she sensed his coming here was somehow inevitable.

"I've come to have your soul," he announced, striding toward her, a grin on his arrogant face. "You owe it to me after yesterday. I should have left that piano alone. I know better, but—let me see your canvases."

Because the day was really warm, she had come up here in brief shorts and sun halter. As she knelt down to take a half-dozen carefully-wrapped pictures from the locker she felt Derek's eyes on her.

"You have a lovely figure," he commented, casually. "Not an ounce of fat on you."

"It must be the Melba Toast and grapefruit diet, or maybe the rowing machine in the attic which I never use."

"After all, what is an attic without a rowing machine?" And family skeletons.

"No skeletons," she assured him. "At least, not Merrimer skeletons. Not yet, anyhow."

"Then there's no hope for you. You can't be glamorous without a skeleton or two to rattle. Here, let me help you with those canvases."

Unwrapping one painting at a time, she handed it over for his inspection. He held it up in varied lights and squinted critically. She tried to read his reaction from his expression and could not. Fear mounted in her, the certain fear that he would confirm her own opinion.

"Jan," he said when the last picture was back in its wrappings. "I think you're on the wrong track. You have ability, all right, and an eye for line and color, but I—well, bluntly—I don't think marines are your proper métier."

"But the sea is the only thing I want to paint!" she insisted, tears edging her voice. "Fruit, flowers, trees, houses, no!"

"What about people?"

"I never tried. Always," her voice mounted, "always the sea. It's practically an obsession. I suppose I should hate that vast murky expanse of brine because it took my father and mother from me, but I don't."

"Then," he advised after a silence, "do nothing for a time. Let your creative ground lie fallow awhile and let other impressions crystallize. If you have genius and you may have it, lying latent and undeveloped, it's for a while. For she was sweeping the hot tears pushing through her thick lashes. Contemplation filled him. She was so fragile-looking, she looked like a hurt child crying out

heartbreak and disappointment. "I know I'm not a genius," she stammered. "I've tried and tried and sometimes I thought I had it—but I didn't have it. It eludes me, like wind. Wanting to do a thing isn't doing it."

"Don't I know?" he asked softly. "I guess we're just a couple of frustrated artists, Jan, and misery loves company." He put his arm around her shoulders in a gesture of sympathy and camaraderie. Her hair, fragrant and clean and unperfumed, blew against his chin. Then something, call it an emotional spark, sprang from nowhere to ignite both of them. Trembling, she turned to face him. His arm tightened, caught her close against his hard chest; his lips brushed the tear-drops from her lashes, then found her lips and held them in a kiss. A very tender kiss. He felt her mouth soft and quivering and unanswering. Unconsciously it piqued him. Again he kissed her, this time passionately. Her arms went up and around his neck and caught by a sudden rapturous emotion, she returned his kiss. A moment he held her, then let her go, rudely, abruptly.

"Rather melodramatic!" Through tears, she saw the dark smudges on his face.

"No one making us both more miserable!" he grated. "Damn it, Jan. You sorry this happened. I liked the basis we were on. I can't give you love, romance, marriage, and you're the sort who expect them. I can't give anybody anything, least of all myself. I wish you'd forget I kissed you."

She showed her hair back of her ears and managed a very small ghost of a smile. "I have a poor memory," she said. "A good thing once when a wing gave way. She went down on her knees to pick up the tiny model plane. Momentarily she forgot the scene on the roof. As she laid the plane on Lance's lap she looked into his drawn face. At first he seemed not to see her at all, then his eyes focused and he demanded:

"What happened between you and Derek Jan?" I heard him go up on the roof. You're being silly. What did he say to you? What did he do?"

Telltale scarlet rushed up her throat and flared in her cheeks. "Nothing, Lance."

"Don't be to me, Jan. Did he hurt you in some way? Did he answer me?"

"He only agreed with me that my painting is no good," she confessed wearily. "And then I went on crying and he cried. That's all."

His strange, beautiful eyes bored into him. "That's all you intend to tell me, at least," he amended. "Can you tell me anything else about the man? Are you?"

"Of course not, silly. You never were a good painter."

Jan dabbed at her eyes with her hands before she opened her door. Derek had prompted her to call the ship. The process of being, she had slipped from his hands to the floor and one of the wings had crumpled. Lance was staring at it, white-faced as if it were a world-shaking calamity, but Jan knew he wasn't seeing the toy ship at

### MORE LOCAL YOUTHS ENLIST IN ARMY

Twenty local youths have been accepted through the local recruiting office in the past two weeks, for various branches of service and posts in Texas and California, names of men enlisted in the past week are included:

Dewey F. Savell, Johnnie G. Baker, John A. West, Jessie G. McJunkins, Wallace O. Troy, John E. McJunkins, John C. White, off for the engineers, Camp Ord, California.

"There are good opportunities and advantages for the young man who wishes to take a three-year enlistment in Uncle Sam's army today," says Sgt. Troy Gibson, in charge of the local office. "Young men interested are invited to call or write the U. S. Army recruiting office, located in the First National bank building."

The first U. S. census in 1790 showed population of nearly 3,000,000—considerably less than the present population of New York City.

**BMI Evaders Lose City Water**

**SHERIDAN, Wyo. (UP)** — The Sheridan city council has enacted legislation denying city water services to persons already indebted to the department. Councilmen said the ordinance was aimed principally at persons who through "unscrupulous practices" had attempted to evade water bills.

### Americans On Liner Bound For Home

GALWAY, Ireland, June 1. (UP) The United States repatriation liner President Roosevelt, with 824 Americans fleeing the dangers of war aboard her, stood anchored a mile offshore tonight, ready for an early Sunday sailing.

A hundred and ten passengers who had booked "standing room" were told at the last moment that orders from Washington specified no such passengers were permitted to sail.

Many of those left were without funds to domicile themselves but the Galway hotels took them in despite their lack of ready cash and it was a moot question who would be responsible for their keep.

There are reports that the liner Washington, now en route to Bordeaux, would call here to pick up those who couldn't get passage on the President Roosevelt.

The majority of the returning passengers were women and children. Husbands and fathers stood on the quay to wave a farewell.

There was little apprehension about the voyage, and aside from the natural sorrow at parting the chief emotion displayed was annoyance over the rigid examination of luggage.

The youngest passenger listed was Elizabeth Ellen Kennedy of West Orange, N. J., born only two months ago. Her father, an Englishman, stayed behind.

(In Italy, Americans hastened preparations to sail for home this weekend on the United States liners Manhattan and President Harrison. Officials said the Manhattan would try to take 2,000, although normally it carries only 800.)

### Tuesday Midnight Is Deadline For Filing For Places On Demo Ticket

AUSTIN, June 1 (AP)—The stroke of midnight Tuesday closes the books on the Texas gubernatorial and other important political sweepstakes.

The approaching deadline—final date for filing notice of candidacy—assumes speculation on whether red-thatched Dan Moody, twice a winner, will emerge from private law practice in Austin and try for a third victory in a crowded field.

Ernest O. Thompson, member of the railroad commission, jumped into the race with an expected announcement of his candidacy for governor.

At the same time, Moody reiterated that he would make no hasty decision on a request that he run. In fact, his name is qualified for a place on the July 27 primary ballot by virtue of a group of Williamson county citizens who without consulting Moody filed application with the democratic state executive committee and paid the filing fee.

Moody himself can scratch his name if he chooses before the committee meets in Austin, June 10, to certify names for the official ballot.

As entries stand a dozen hopefuls will make the race although some will not trek the state.

The deadline for filing was changed from Monday midnight to Tuesday midnight, said Chairman E. B. Germany of the state democratic executive committee, because Monday is Jefferson Davis

birthday, a legal holiday in Texas. An early posting was given W. Lee O'Daniel whose sound wagon and minstrel band soon will tour the state again. Similar facilities already have been adopted by Railroad Commissioner Jerry Sadler.

State Highway Commissioner Harry Hines, Mrs. Miriam Ferguson, twice governor of Texas, and State Representative Albert Derden of Marlin also have launched campaigns to unseat the former flour salesman who tore through a field of a dozen opponents to win a smashing victory two years ago.

### WORK PROGRESSING ON LAKE COTTAGE

The caretaker's cottage and concessions building at Moss Creek lake is rapidly taking form, and NYA workers under the direction of Henry C. Snodgrass are expected to finish brick work during the week.

Orelia N. Cosby, Jr., Abilene, NYA field supervisor, said that progress on the job was encouraging. Construction is of a stabilized asphalt adobe brick manufactured by the youths. Snodgrass is teaching them how to build as well as to make the brick. They will build the roof and install frames and finish the building. Furnishings will be made in other NYA shops in the area.

### TREES TRIMMED

Following the old maxim—"If you can't whip 'em, join 'em"—Howard county has trimmed its sidewalk border arbor vitae to conform with the practice of pedestrians in pinching off a twig as they go by.

Although the evergreens have been pruned, no effort was made on most of the trees to cut foliage away from reach of the sidewalk. Over a period of years, most of the trees have followed a convex growth next to the walk.

### Land Planning Group To Meet

Important recommendations are expected to come from the second quarterly meeting of the Howard County Land Use Planning committee Monday at 2 p. m. in the county home demonstration offices.

Heading the list of sub-committee reports to be considered by the group is the matter of a freezer locker system. Willis Winter, chairman, R. E. Adams, H. T. Hale, Mrs. H. S. Hanson and Lora Farnsworth, members of the sub-committee, have completed a thorough study of freezer lockers operating in this area and are reported to favor establishment of a plant in Big Spring.

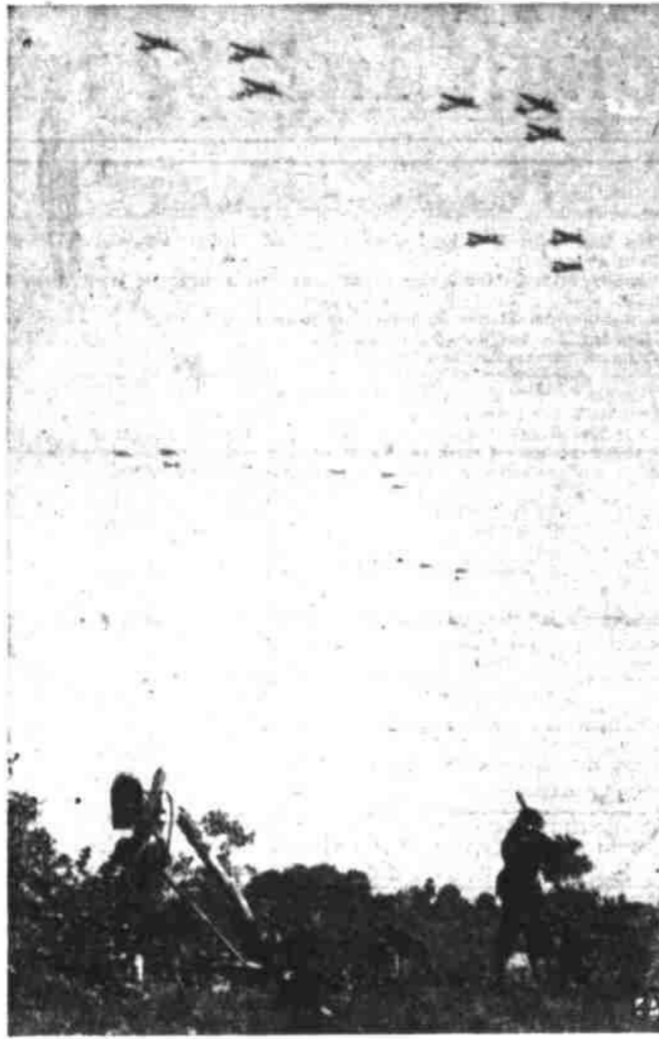

The offer of the soil conservation service to furnish technical assistance for a soil conservation demonstration will be relayed to the committee as a whole by O. P. Griffin, county agent, Fred Keating, and Glenn Cantrell, members of the soil conservation service. To put over the demonstration, 1,200 acres of land on the same watershed is needed.

A questionnaire on tenant and landlord relationships will be submitted at the meeting by the Farm Security Administration.

Sub-committees have been summoned to meet at 1:30 p. m. to outline their reports before the committee session. Other sub-committees than those named are: Master farmer, Ross Hill, H. T. Hale, Sam Little, Mrs. Ross Hill, and Mrs. M. L. Hamlin; and cotton, Fred Keating, Sam Little, W. S. Satterwhite, and Mrs. W. C. Rogers.

### Bingham Case Is On Docket

Seventieth district court concluded a two-week term at Stanton Saturday and turned toward an important session starting at Midland on Monday morning.

Heading the criminal docket is the bribery case against Gordon Bingham, discharged district engineer for the oil and gas division of the railroad commission of Texas.

Bingham was charged with accepting \$5,000 from the Shasta Oil Co. to prevent a reduction of the company's oil allowances in the East Howard pool. The company was absolved of complicity in the case since its agents advised state officials of plans to pass funds when the case was in the making.

The defendant was taken into custody at Midland with more than \$6,000 on his person shortly after he conferred with Shasta officials here.

District Attorney Martelle McDonald was working on the case and Attorney General Gerald Mann was to send one of his assistants to assist in the grand jury investigation. Judge Cecil Collins said that the court faced the prospect of a busy term at Midland.

A questionnaire on tenant and landlord relationships will be submitted at the meeting by the Farm Security Administration.

### Scout Camp Is Opening Next Week

Big Spring Boy Scouts are making reservations to attend summer camp of the Buffalo Trail council which opens one week from today in Potato Valley of the Sacramento mountains of New Mexico.

There was no accurate count, but it was estimated that more than 30 already had sent in applications and 50 cents. More were due to follow before Tuesday night, deadline time for Big Spring and points east in the council.

Camping will be for 10-day periods and will cost the boys \$10- or \$20 if their scoutmaster makes the trip. The local contingent will return June 19.

The camp is pitched near Weed, N. M., in the virgin forest set aside by the federal government. Rich in history and legend, the tract is located on a mountain range that runs from Carlsbad to the Great White Sands of Alamo, N. M.

Billy the Kid once roamed the parts, a well-known cattle trail crossed the range at that point and Coronado is reputed to have buried a cache of gold near the springs from which the camp will get its water.

From a nearby mountain top, the lights of El Paso, 90 miles away, may be seen across the White Sands. All around are mountain streams and vast stretches of pine and fir trees. The scouts will camp in cabins and tents.

### Summer School To Open Monday

Summer school opens at 8 a. m. Monday in the high school building for a 10-week stand.

Wayne Matthews, Mrs. Lynette McElhannon and Mrs. M. W. Paulsen will serve as the faculty for the abbreviated school period.

Mrs. Paulsen is due to concentrate on work for the high seventh grade, since the practice of having mid-term promotions into high schools is to be abandoned during the next school year.

Matthews said that the courses offered would depend upon demand, and that there would be one hour for each course for six days a week until 60 hours of instruction have been completed. Summer school is due to end Aug. 10.

### Rain Of Cloudburst Proportions In Luther Area

While the remainder of Howard county is anxiously praying for rain, residents of a small stretch of county north of the Luther store to the county line are hoping they won't get any more like the shower which visited the section last week.

Some farmers in the area had as much as six inches in less than two hours. Considerable hail accompanied the cloudburst.

On the E. W. Love place, his new syrup-pan terraces held well except on the lower side and he received almost full benefit of all the rain. However, hail packed his sandy soil until planting will be difficult.

Clyde Clanton had a terrific rain and around the James G. Clanton place the fall was so intense that it washed fields and carried out fences. Natural lakes and tanks in the area were filled.

Despite the heavy downpour, adjoining farms got very little rain. Even in some of the heaviest part, the moisture came so quickly that ridges were not wet and planting had to be done in the water furrow.

### CLUB ENCAMPMENT IS SET FOR JUNE 10

Leaders of 4-H clubs and County Agent O. P. Griffin Saturday set June 10 as the start of a two day Howard county 4-H club encampment.

The outing will be held on the North Concho river, in all probability, and a scouting mission was to select a spot today. The encampment is far in advance of the district one, which has been moved back to the latter part of July. More than 100 boys are enrolled in the county's 4-H clubs.

### HEAVY PENALTIES IN SHOPLIFTING CASES

In an effort to curb a persistent wave of shoplifting, Justice of Peace John C. Ratliff Friday imposed heavy fines on two persons who entered pleas of guilty to charges of petty theft.

He fined Aurelio Rocha and Ralph Helms \$200 and costs each on theft charges. Both were taken to jail in lieu of the money. The court served notice that similar cases would be dealt with harshly.

### New Wildcat Tests Started

Oil exploration. In the doldrums here for the past year, revived last week with the starting of two wildcat tests and the drilling of an important outpost well.

Considerable interest was attached to the spudding of the M. L. Richards No. 1 Thelma J. Cole test just east of Vincent community in northeastern Howard county and rigging up of the C. T. McLaughlin No. 1 Pete Johnson, three miles northeast of Big Spring.

In the Snyder pool area of southeastern Howard county, the Magnolia No. 1 O'Daniel, 2,178 from the south and 1,782 feet from the west lines of section 33-30-1s, T&P, drilled to 2,266 feet in lime Saturday where mechanical trouble on the rotary equipment held up work. It is half a mile south of nearest production, on the Sun lease in the Snyder pool and is three miles northeast of the Lockhart pool.

The McLaughlin No. 1 Johnson well is due to run first tower this evening. It is located 660 feet from the north and east lines of section 34-32-1n, T&P, and is due to be carried to 3,800 feet. The test is a half mile northwest of the old General Oil Co. No. Sandhills, first well drilled in Howard county back in 1920. The Sandhills test, located in the southeast corner of the northwest quarter of section 35, had around three million cubic feet of air daily at 1,600 feet, topped lime at about 2,632 feet and drilled to 3,510 before abandoning.

Westbrook and Graham No. 1 Great West, in the northeast corner of section 48-32-1n, T&P, two and a half miles south of the wildcat location, encountered an airflow of 285,000,000 cubic feet daily at 1,460 feet in anhydrite in 1937 and had a light show of oil below water before plugging below 3,800 feet. The tremendous airflow peculiar to the tests in that area is 99.2 nitrogen and 4 of one per cent oxygen. The General Oil No. 1 Sandhills erroneously listed it as helium gas.

The Richards No. 1 Cole spudded 1,650 from the north and 2,310 feet from the west lines of section 12-26, H&TC. It is half a mile southeast of the Vincent community and is two miles south and slightly east of the recently abandoned Richards No. 1 J. A. Shaffer, which had light shows. Contract calls for a hole 950 feet into the lime or pay or sulphur water at a lesser depth. Total depth should be around 3,100 to 3,200 feet.

still are not hurt to compare with the refugees.

For a lighter view of the European inferno, the Brownwood Bulletin reserves some sort of an award. When King Leopold III suddenly surrounded the Belgian army, the Bulletin carried his picture under the caption—"King Leopole."

Citizens who point to census figures with a sense of pride may as well brace themselves for a shock Monday when the 1940 population figures for Big Spring is to be released. Instead of being in the 13,000 bracket, Big Spring will be in the 12,000 group.

There may be several reasons for this. To list a few: (1) The 1930 census likely was overdone by repeated canvassing of hotels and tourist camps; (2) around 1,500 Big Spring people now reside just outside the city limits and are not included in the city census figure; (3) oil activity has settled to production instead of drilling.

Already bad, this drought situation is getting worse. For safety's sake, cotton should all be planted within the next 15 days, but it doesn't do much good to plant without moisture. Some farmers have had showers enough to get crops up, and many others are planting in water furrows, a somewhat risky business.

If we could just get peace in Europe and rain in Howard county, things would look pretty good.

Since it is as dry as it is, attention might be focused on a source of income other than crops, namely tourist traffic. The U. S. 80 Highway Association of West Texas officials met here last week to formulate plans for increasing tourist travel over the Broadway of America through West Texas. Such a move ought to be encouraged, for tourists pour out a few hundreds of thousands of dollars here each year. And it doesn't depend on rain.

Those who didn't view the chenille bedspread display at the Settles ballroom Friday evening really missed something. Spread out by the local chenille factory not only were as good as those we have been getting, but much better. It looks like here is a good opportunity for further industrialization.

The largest group to attend a city budget hearing since the record group in 1933 turned out last Tuesday, and it is encouraging when men manifest such an interest in local governmental affairs. It is interesting to note that most of those present were interested in paving. The crux of the paving situation is signatures of property owners. A way can be worked out to finance paving if property owners will agree. Surely the city can find a way to do all the paving property owners sign for.

### Foxx Homers In Victory

BOSTON, June 1 (AP)—Mickey Harris, young Boston Red Sox left hander, went the route to defeat the Chicago White Sox 2 to 1 today for his third victory of the season. Jimmy Foxx hit his 12th home run of the season in the fourth after Ted Williams had singled off Jack Knott.

The Chicks' only run came in the ninth inning on Larry Rosen's single that drove home Mike Kreevich.

Harris struck out four and gave but two free passes.

Luke Appling had a triple and two singles for the Pale Hoos.

### HE UNDERSTOOD

Answering a call in the 1200 block of E. 3rd street Friday night, police found a man lying in the street.

He was taken to the police station where he was too intoxicated to give his name. However, after a night in jail, he sobered enough to remember who he was and to understand that he had been fined.

### SUMMER WEATHER BRINGS 95 READING

Big Spring came in for summer weather Friday and Saturday with the thermometer pushing high in the nineties to aggravate a somewhat sultry condition.

Friday the U. S. weather bureau at the airport reported 94 degrees and Saturday the temperature rose a notch to 95.1. Maximum for the year is 100.5, recorded on May 4.

### Rural Carriers Endorse Plan Of Defense

STANTON, June 1—Rural letter carriers of the Southwest Texas association tonight went on record as endorsing the program of President Roosevelt to "stay out of war through preparedness" as San Stamps, Stanton carrier, played host to approximately 70 visitors.

The affair was held at the Stanton city park and attracted several prominent associational officials, including E. E. Smith, Colorado City, state president, and Mrs. C. B. Lee, Roscoe, treasurer of the women's auxiliary for the state association. E. W. Rosa, Runge, and Mr. and Mrs. W. L. Underwood, Winters, were among those traveling the furthest to be present.

Troy Elland, Midland, was chosen as the 16th congressional district area president and delegate. Named as delegates to the state convention from the Southwest Texas convention were John Greene, Snyder; Homer Derryberry, Lufkin; C. B. Lee, Roscoe; Leroy Gressett, Westbrook; and Sam Stamps, Stanton. The district covers the area from Sweetwater to El Paso and from Snyder to Kerrville.

Stamps served a sumptuous barbecue to the letter carriers and guests. The Coca Cola, Dr. Pepper, and Seven-Up bottling companies in Big Spring aided by furnishing drinks. Postmasters at the meeting were J. Moryan Hall, Stanton; R. J. Foreman, Lenora; and Nat Shick, Big Spring.

Attending from Big Spring were Mr. and Mrs. Nat Shick, Mr. and Mrs. Elmer Boatler, Mr. and Mrs. Irvin Daniels, Mr. and Mrs. Ernest Kennedy, Mr. and Mrs. W. L. Nowell, Mr. and Mrs. J. C. Robinson, Paul Ataway and daughters, Elva and Eva Jean, W. T. Sargent, Stimp Grubahn and Earl Evans. The Big Spring group was dressed in cowboy raiment.
