ITEMS RECOVERED FROM
HEDLEY

Five Hedley residents arrested

On a tip to Donley County Constable of Precinct 3 Blackie Johnson, five Hedley residents were arrested. They allegedly had been burglarizing farms and homes in Donley, Collingsworth and Hall counties, for the past year.

Sheriff Thompson estimated they recovered some \$5,000 worth of allegedly stolen property, which included a welder, tires, a gun and assorted other equipment.

The two adults posted bond, and the three juveniles were released to their parents.

Fletcher announces candidacy for Treasurer

Pam Fletcher has authorized The Clarendon Press to announce that she will seek the office of Donley County Treasurer. Mrs. Fletcher was appointed to the Treasurers' office Dec. 2, 1986 after County Treasurer Freida Gray became ill, after Mrs. Gray passed away in 1987, the Donley County Commissioners appointed her as the replacement for treasurers' office, but according to law, Mrs. Fletcher has to file for the position in the next regular election, which will be held March 8.

Mrs. Fletcher moved to Donley County 4 1/2 years ago, from Amarillo with her husband, Alan and son Brice. Alan is engaged in ranching and Brice is a student at Clarendon Junior High School.

Pam grew up and graduated from high school in Lubbock. She attended Southern Methodist University for two years where she studied accounting.

Pam has attended all the required seminars the State of Texas provides to teach County Treasurers how to run the treasurers office efficiently.

"I enjoy living in Donley County, and it is rewarding to know that my studies at SMU is helping me to fulfill my responsibilities as Donley County Treasurer. If elected to the treasurers position, I pledge to uphold the office to the best of my ability. I am asking the voters of Donley County to give me their support. I would urge that if you have not registered to vote, please do so, then on March 8 use your right as an American to vote. I would appreciate your vote and support," stated Mrs. Fletcher.

Most of the allegedly stolen property will be returned to the owners. Sheriff Thompson also stated he will be taking four prisoners to Childress this week to be transported to Huntsville. One for DWI, he will be serving three years; one for auto theft, 3 years; one for forgery, 3 years; and the other was a parole violator, he will be serving five years.

"I have served Donley County as Constable, Precinct 3 in Hedley for the past three years. I have enjoyed serving the people and upholding the law. I ask for your support in my effort to serve the county again for the next four years. Your vote and support in the past has been greatly appreciated and I ask for your help again," stated Mr. Johnson. His candidacy will be subject to the March Democratic Primary.

Lucky Bucks Auction

Last year was the first year that the Chamber of Commerce sponsored a Lucky Bucks Auction. We made mistakes -- but hopefully we learned from those mistakes. It was a trial and error experience. Not only did we know very little about conducting a Lucky Bucks Auction but the Chamber was not prepared for the turn out of people. The crowd was much larger than we had anticipated. In the confusion we made a lot of mistakes.

This year will be much better. The experience from last year has given the Chamber an insight on how to conduct the Auction. There have been some changes made that should help make the auction more fun and fair for everyone...First of all - these will be absolutely no pooling of Lucky Bucks. This is not fair to others who have made all of their Christmas purchases in Donley County with local merchants instead of shopping out of town. This will allow them a chance at the bidding. Secondly -- these will be a better system of auctioning off the large and small items...it seems that the little items went first, and then the big ones...this year they will be more evenly distributed between the large and small items.

Museum note cards on sale

Chris Cummins Clifford, of Amarillo, designed a pen and ink sketch of the old Adair Hospital, which has been converted into the Saints' Roost Museum. This sketch has been made into a note card, which will be sold by the Board of Directors of the Saints' Roost Museum. It states that the Adair Hospital building was donated to Donley County in 1904 by Mrs. Cornelia Adair, owner of the JA Ranch.

These cards have been packaged into packs of 10 notes with envelopes and will sell for \$5.00. The money from the sale of these cards will benefit the Saints' Roost Museum.

These note cards may be purchased from Henson's or any member of the Saints' Roost Board of Directors. They would make excellent stocking stuffers for Christmas.

Thompson seeks

3rd term as sheriff

Jimmy Thompson has authorized The Clarendon Press to announce that he will seek a third term as Donley County Sheriff. His candidacy will be subject to the action of the voters in the March Democratic Primary.

Sheriff Thompson is a native of Donley County, attended Clarendon schools. He and his wife, Aleta are the parents of two sons, William, who is in the armed services and Walt a Clarendon High School student.

Before being elected to two terms as Donley County Sheriff, Thompson worked for two years on the Amarillo Police Force after finishing 436 hours of police training at the Amarillo Police Academy. He also served four years as deputy sheriff under Truett Behrens.

"I would like to reaffirm my pledge to serve the people of Donley County to the best of my ability if re-elected to a third term as sheriff. I have strived to uphold the laws of the city, county, state and nation, and will continue to do this if re-elected. I appreciated your vote and support in the past and I ask for that support and your vote in March," stated Thompson.

Bronco Band Booster to meet

The Bronco Band Boosters will meet Monday, December 7 at 7:30 p.m. in the Band Hall. Please plan to be there.

This year there will be a special auction section for children 18 and under, to help them do some of their Christmas shopping.

The auction will be held outside in the street, so there will be plenty of room for everyone. A better system is being worked on so that after you have made your bid, you can get your merchandise quickly.

About the only thing that will not be changed from last year, is that you must spend Donley County Dollars for the merchandise, real money will not be accepted. The auction will be held on December 19th, Saturday at 3:00 p.m.

Let's all support our area business and shop locally during this holiday season.

Lindley seeking first term as Tax assessor/collector

Wilma Lindley will be seeking her first term as Donley County Tax Assessor-Collector. Mrs. Lindley was appointed in October of 1986 to this position when elected Tax Assessor/Collector Sandra Eads resigned. The Commissioners Court appointed Mrs. Lindley to the office to serve until the next primary election which will be held March 8, 1988.

Mrs. Lindley is a life long resident of Donley County, she and her husband, Harold farm and ranch. They have two grown sons.

Mrs. Lindley is a graduate of Clarendon High School and attended Clarendon College.

"I had a lot to learn about the office when I was appointed by the Commissioners. I have attended the schools required by the state to learn the rules and regulations of my office. I feel that I am qualified for the office of tax assessor/collector and I ask your support and your vote in my effort to be elected on my own for a first term, said Mrs. Lindley. Her action is subject to the March Democratic Primary election.

Holland announces candidacy for re-election

Buford Holland has announced his candidacy for re-election for County Commissioner of Precinct 3. He has lived all his life in Donley County and has been involved in farming and ranching in the Lelia Lake-Hedley area.

He has also strived to use tax dollars wisely and has been able to stay within precinct budgets during each of the twelve years.

Buford wishes to thank the voters for their support and help during the past years in office.

WOULD-BE BANKERS HAVE BEEN MULTIPLYING LIKE RABBITS.

Don't allow yourself to be misled by apparent similarities. Just because so many others are hopping to include the word "bank" in their names doesn't mean that they are actually bankers. Chism to run for District Representative

Warren Chisum, 49, Tuesday, Representative. Chisum, a Democrat, is running for the seat which candidacy for 84th District Texas has been filled by Foster Whaley for

the past 10 years. Whaley has announced he will not run for re-election.

Chisum said in his announcement speech in Pampa that his "Chisum Campaign Trail" involves three specific objectives. The first is to work for financial responsibility in state government. Chisum cited the enormous increases in state spending during the past decade and a need to return to a more responsible budget.

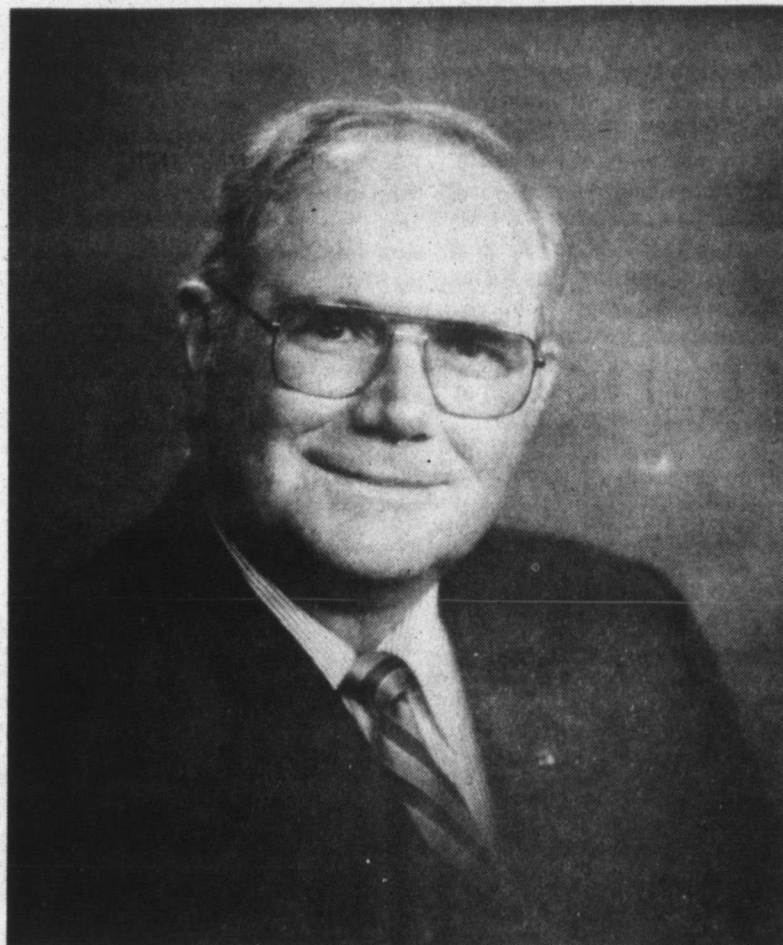

The second objective, Chisum said, is to have integrity in dealing with all concerned. Chisum noted that Foster Whaley has had a tradition of telling his constituents where he stood on a given issue even when his position might not be popular. Chisum pledged to continue that tradition of honesty.

And his third objective is to be responsive to interests of all constituents in the 84th District. He said

many issues in state government affect farmers, others effect small businesses and the availability of jobs and still others affect the quality of education available to Texas children. He affirmed his interest in these and other issues important to people in the 84th District.

Chisum was born in Miami, Texas, and graduated from Lefors High School in 1957. He is married to the former Ila Omega Crutcher, and they have two children and two grandchildren. Chisum was president of J.T. Richardson Trucking from 1972 until he sold the business in 1985 and currently is owner of Omega Energy and Chisum & Wilson, Inc., an oil and gas exploration firm.

He is a Baptist, a Mason and president-elect of the Pampa Chamber of Commerce. He was honorably discharged from the U.S. Army Reserve in 1963.

Tom Christian

Christian seeks Republican nomination for 84th District Representative

Tom Christian, 56, an Armstrong County farmer and rancher, announced that he will seek election to the 84th District seat in the Texas House of Representatives.

As he seeks the Republican nomination, Christian believes that his

experience in the 61st and 62nd legislatures will be a positive factor in providing effective and resourceful representation for the 84th District.

The 84th District has been accustomed to full time representation under the leadership of Rep. Foster Whaley, and Christian states that the arrangement of his business interests would enable him to continue this same sort of representation and availability.

Christian believes that his experience as a parent, teacher, school board member, and West Texas State University Regent will be valuable in determining educational policies for the state.

Controlling the escalating cost of state government and opposition to a state income tax are concerns that Christian shares with all citizens of the area.

Involvement in the creation of a commercial hunting camp and the Cowboy Morning Breakfast has

given Christian an awareness of the potential that tourism and recreational activities have for boosting the troubled agricultural economy.

Christian is married to the former Anne Thomas, Ralls native and Texas Tech Ex. They are the parents of four children.

County receives safety award

Donley County has received the Texas Association of Counties Occupational Safety Award. The county award was announced in October at the Annual County Judges' and Commissioners' Association of Texas Conference held in San Antonio by Mr. Bill Melton, President of the Texas Association of Counties.

Donley County was recognized for its achievement in reducing the number of employee's on-the-job injuries during 1986. In announcing the award, President Melton stated that "Judge W.R. Christal and Commissioners Steve Reynolds, C.W. Cornell, Buford Holland and William Chamberlain are especially commended for this record, because it appropriately reflects these county leaders' concern for the safety and well-being of their employees." Less than 50% of the counties participating in the Self-Insurance Fund received this recognition.

Besides the savings in human resources, Mr. Melton also stressed that "A reduction in employee injuries reduces the cost that a county must pay for workers' compensation insurance, thereby saving the county and its taxpayers money."

According to the most recent complete cost figures available, Texas public and private employers paid over \$2 billion for employee injuries in 1985. That amount is expected to be even higher for 1986.

The Texas Association of Counties aggressively promotes occupational safety and assists counties in developing programs promoting safety consciousness among their employees. This award is also the association's recognition of the contribution from the individual county employee who performed his or her job safely during 1986.

Babies born to smoking mothers generally are smaller in size and weigh less than babies born to nonsmoking women. If a woman gives up smoking early during pregnancy, her risk of delivering a low birth weight baby is reduced to nearly that of a nonsmoker.

Bulldog Basketball

By PAM JACKSON

On Tuesday, November 17, the Clarendon College Lady Bulldogs beat the clock to break 100. Fans who attended the game against Western Oklahoma College from Altus were treated to an exciting game. Both teams exchanged baskets until Western OK went up 17-13. Then the Clarendon ladies put their press to work and it was effective enough to get them ahead 33-20. With a missed layup by Frana Klotz and a follow

through from Stacy McCord the Lady Bulldogs went into the dressing room with a 52-28 halftime lead.

By the time the second half began, you would think the Clarendon women would have lost their intensity. Wrong—they worked on their halfcourt offense and defense with good results. Patience and consistency were exhilarated by the Lady Bulldogs. Coach Irvin called off the press and fast break. A 3 pointer by Stacy McCord, daughter of Mr. and Mrs. Lloyd Lynn McCord pulled the score to 98-51 and with three successful free shots the CC team went on to win the game 101-51.

The Lady Bulldogs placed 5 players in double figures. Tiffany Thomas led with 17 points, Pam Jackson was close behind with 16 and Wendy Edwards, Michelle Maes, and Pat Jackson added 10 points each.

It was a very informative and well rendered program. There being no further business, Boss Lion Larry Hicks adjourned the meeting.

The Clarendon Lions Club held its regular meeting at noon on Tuesday,

December 1 at the Lions Hall with 26 members and guests present.

Following the regular opening ceremony, Lion Clifford introduced his guest, Chuck Ekleberry with Ekleberry Business Machines, Clarendon. The Boss Lion expressed the club's sorrow at the death of Mrs. Corgill. Boss Lion Shelton announced that a blood drive would be held at Clarendon College this Thursday from 1:30 until 6:30 p.m. He also reminded us that our annual club project of providing Christmas baskets was underway. Lion Davidson reported that the City Aldermen voted to cost-share in the amount of 10% if the city received a grant to improve its water system. Meeting adjourned.

Bulk-Forming Laxatives

Constipation is often caused by lack of bulk (fiber) in the diet, insufficient fluid in the diet, or the consumption of foods that harden the stools, such as processed cheese. The bulk-forming laxatives can aid regularly if constipation is caused by any of these factors.

The public has an increased awareness of the importance of fiber in the diet. The bulk-forming laxatives are popular, in part, because many contain fiber that is derived from naturally occurring plant sources (agar, plantago seed, gums, and kelp). However, some of the bulk forming preparations contain synthetic

ingredients such as methylcellulose or carboxymethylcellulose.

Bulk-forming laxatives absorb water and swell, speeding the movement of fecal materials through the intestine. The powdered or granular type should be taken with an 8 ounce glass of water, juice, soft drink, or other beverage. Additional fluid in the diet, consumed at various times during the day, helps this class of laxatives work more effectively. Not drinking adequate amounts of fluids with bulk-forming laxatives can result in obstruction of the intestine.

STEPHEN BIVENS EAGLE Project

Stephen Bivens - Eagle Project

Stephen Bivens, Life Scout of Troop 433 work with members of the Panther Patrol, Nathan Lowrie, Buddy Howard, Robert Lee and Shane Ashcraft, at the Greenbelt Lake as they build brick fireplaces in the Recreation Area.

Every year thousands of campers come to the Greenbelt Lake to fish and camp. Each time a fire is built a hole is dug in the sand. When they leave, some campers cover the holes

with dirt and sand, many do not, leaving hazards for other campers.

For his Eagle Project, Stephen and the Panther Patrol members made 4 brick fireplaces, with grates and open ends for easy cleaning.

They felt that this project would help alleviate the problems of fire holes left uncovered in the recreation area and help to make the camping site safer for those using it.

Holiday read-a-thon

The Friends of the Library, an organization which raises funds to support the City Library, is sponsoring a HOLIDAY READ-A-THON. There are two main purposes for this event; 1) to encourage students to spend time during the Christmas holidays reading; and 2) to raise money for needs at the Library not met by the annual budget. We hope that you will decide to be a part of this project.

Students in grades 3 through 8 may participate in this fun-filled fund-raising event! Permission forms will soon be distributed through the school for those who are interested. Students will then obtain a Sponsor Sheet from the City Library and find sponsors to pledge an amount of money for each library book they read over the Christmas holidays. Parents are to supervise and report on this form the number of books read during this period. The participants will then collect the funds pledged by their sponsors and return this money to the library. The Friends of the Library will be awarding prizes to all participants.

We hope that many students will elect to participate in this project. The Library serves all of us in the community and needs our support. Watch the paper for more details, and make plans to enjoy the holidays while helping the Library!

Taking an hour off is easy. The difficulty is putting it back.

P.C., you were not only my "Juicy Fruit Gum" man, but you were almost everyone's at First Baptist Church. I remember how us kids would come up to you for gum and you always had a slice for me. I'm surprised you didn't go broke buying gum.

I, also, remember getting locked up in your garage and no one knew I was there until Dad came looking for me for supper. For a little kid I was sure embarrassed.

I remember you coming home from work and when us kids saw you at the end of the driveway, you would stop and slowly drive up the driveway. Then after you got out of your pickup, we'd play in the back of the pickup and not one sound came from you.

What about those late nights in our cellar when storms rolled in? Or the late summer nights when y'all had kids staying over and we would play all night or as late as y'all would let us.

I remember you mowing parts of our lawn so us girls wouldn't have to. I remember when you started raising rabbits. They were so cute. Until you wanted to eat them and I watched you prepare them, Ouch!

Then we really started growing up and moving away from home. Oh we would come home for awhile, but didn't seem to have much time for visiting.

I loved you so much when you'd come by the store or the hospital to visit me. It really meant so much. P.C., I love you and I know everyone else loved you. You will always be in our hearts and minds, even when we have a slice of Juicy Fruit Gum. I love you and will truly miss you.

From the Desk of Pastor Colburn

"It Can't Be My Boy!"

When he was three weeks old, his parents turned him over to a baby sitter...

When he was two, they dressed him like a cowboy and gave him a gun...

When he was three, everyone said, "How cute!" as he slipped through a beer commercial...

When he was six, father occasionally dropped him off at Sunday School on his way to play golf...

When he was eight, they gave him a B-B gun and taught him to shoot sparrows. (He learned to shoot windshields by himself.)

When he was ten, he spent afternoons squatting at the News Counter reading comic books, etc., ... Mother wasn't home and Dad was busy...

When he was thirteen, he told his parents that other kids stayed out as late as they wanted to. They let him; (It was easier that way)...

When he was fourteen, they gave him a deadly two-ton machine, "wrecked" a license and said, "Be careful!"...

When he was fifteen, police called home one night and said, "We have your boy. He's in bad trouble"...

"In trouble," screamed the father, "It can't be my boy!"

"Train up a child in the way he should go; and when he is old, he will not depart from it."

Proverbs 22:6

ASCS news

1988 County Committee Election
Ballots for the 1988 County Committee Election will be mailed on November 27, 1987, and must be returned to this office, or post marked by December 7, 1987.

Earl Shields, Larry Wade, and Roy Lee Helms have been selected as the nominees to be placed on the ballot. The one receiving the most votes will be elected to a three year term of office as a regular county committee member, the nominee receiving the second and third most votes will be elected first and second alternate, respectively.

Ballots will be tabulated by the current committee on December 10, 1987, in the Donley County ASCS Office at 8:30 a.m. The opening and tabulation of the ballots are open to the public.

Conservation Reserve Program
The next CRP Program sign-up will be held February 1, 1988, through February 19, 1988. Donley County will not hold a sign-up because we have already accepted all

acres into the program that we are permitted to accept.

All producers participating in this program need to remember that haying and grazing of CRP acreage is not permitted during the 10 years of the contract. The no grazing period began on October 1, 1987, for 1988 contracts.

Owner and Operator Changes
Sign-up for the 1988 program will be performed on our computers for the first time this year. It is important for us to know as soon as possible if there is a change in the owner, operator, or address changes. Please inform this office of these changes before you come in to sign-up.

1988 Wheat Program
Sign-up will be announced later. The provisions for the 1988 Wheat Program include:

1. A \$4.29 per bushel target price, and a national loan rate of \$2.17 per bushel.

2. No paid land diversion program.

3. Maximum acreage of wheat you will be permitted to plant is 72.5 percent of your 1988 base.

You must devote to ACR (set-aside or lay-out) acreage on eligible cropland equal to 37.93 percent of the wheat acreage planted for harvest and any conserving use (CU) acres for payment.

1988 Feed Grain Program

Sign-up will be announced later. Provisions for the 1988 Feed Grain Programs include:

1. A \$2.97 per bushel target price for corn, \$2.82 per bushel target price for grain sorghum, \$2.55 per bushel target price for barley, and \$1.57 per bushel target price for oats.

2. The national loan rate of \$1.74 for corn, \$1.65 for grain sorghum, \$1.42 for barley, and \$0.89 for oats.

3. The maximum acreage you will be permitted to plant will be 80 percent of your combined base acreage (corn/grain sorghum and barley/oats).

4. You must devote to ACR (set-aside or lay-out) an acreage of eligible cropland equal to 25 percent of the 1988 planted acreage of feed grains for harvest and any conserving use (CU) acres for payment.

5. Oats will not be subject to the limited cross compliance provision. This means that if you are not participating in the barley and oat program, you may have an acreage of oats in excess of the oat base for the farm. The acreage of barley you may plant will be limited to the larger of the barley base for the farm or the combined oat and barley base for the farm less the acreage planted to oats.

Expired Generic Commodity Certificates

Original holders of expired commodity generic certificates (CCC-6's) may now exchange them for a percentage of the face value. All requests must be in writing.

If you are the original holder of a generic certificate that has expired, you have 6 months after the expiration date to request an exchange for 85 percent of the certificate's face value. If the 6 month deadline has passed, you have until 18 months after the expiration date of the certificate to request an exchange for 50 percent of the certificate's face value. The 4.3 percent Gramm Rudman will be deducted from the payments made for certificates issued under the 1986 price support and production adjustment programs. All certificates that have expired must be returned to the issuing county offices for redemption.
