Extensive Building Program Announced by Equity

Annual Chamber of Commerce Banquet to be Held Tuesday

R. B. Anderson Of Vernon to Be Speaker

Members of the Perryton Chamber of Commerce will gather at the Perryton Hotel Coffee Shop Tuesday night, January 20, for the annual banquet, installation of new officers, review of 1947 accomplishments, and an address by R. B. Anderson, president of the Mid-Continent Oil and Gas Association.

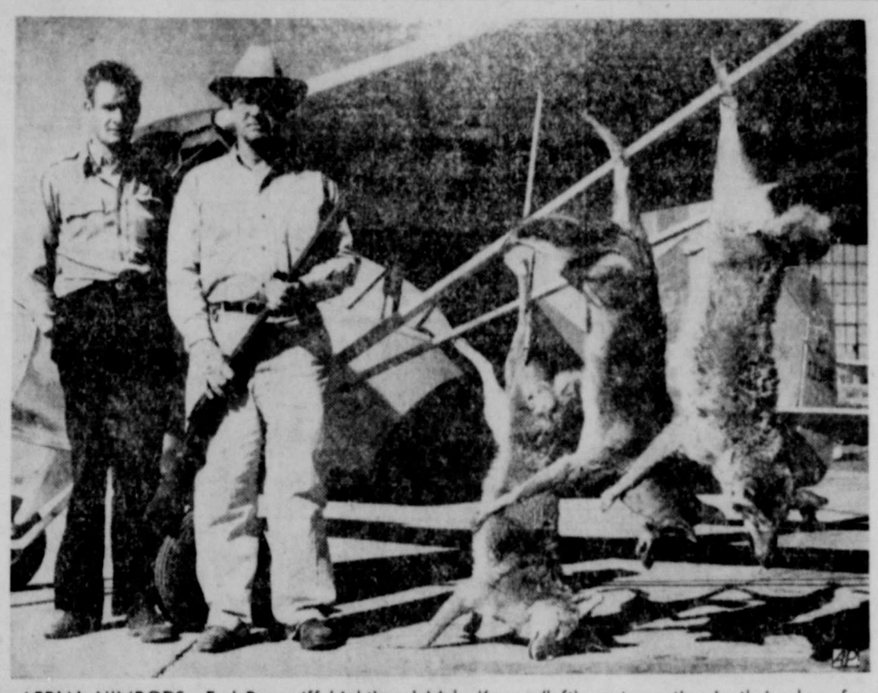

Besides being president of Mid-Continent, Anderson is a director of the Federal Reserve Bank of Dallas, is manager of the W. T. Waggoner estate of Vernon, and is a school and civic leader of Vernon, Texas. He will be introduced by J. A. Anderson, superintendent of the Perryton schools and a director of the Perryton C. of C.

Fred Osborne, new president, H. Brashears, new vice-president, and Cecil Dodd and Earl Slide, new directors, will be installed.

The guests will be introduced by Raymond Powell, and Otis Cook, retiring president, will review the club's accomplishments during 1947 and will introduce the new directors.

Others who will appear on the program are Rev. O. C. Curtis, pastor of the Baptist church, J. Davis, school band director, Alice Miller, Kay Cayler, and Mr. and Mrs. David Miles.

Out-of-town guests are expected from Booker, Spearman, Canadian, Dalhart, Liberal, Pampa, Amarillo, Borger, Follett, Darrouzett, Balko, Gruver, Higgins, Seymon and Hardesty.

AERIAL NIMRODS—Earl Brownriff (right) and Mule Kayser (left) went scouting in their plane for a pack of wild dogs near Big Spring, Tex., Dec. 30 and spotted a pack of four coyotes instead. Kayser flew the plane low and Brownriff let go with his shotgun. When the shooting was over these three animals were dead.

Bob Wills and His Texas Playboys Return to Perryton Friday Night for Another Big Dance

Friday night, January 16, is the night that Bob Wills and his Texas Playboys return to Perryton for another big evening of dancing entertainment sponsored by the VFW.

The last time Bob Wills entertained dancers of the Perryton area was on August 22-23, 1946, when his band was a featured part of the annual Perryton Celebration. The band scored a big success and their return has been eagerly awaited by those who heard them in their first appearance.

The dance will begin at 9 p. m. Friday night at the VFW Hall, and the admission price is $2.50 per person.

This band needs no introduction in the Southwest. Known as the most successful and crowd pleasing of all Western bands, Bob Wills and his Texas Playboys have been enthusiastically acclaimed on dance platforms, over the radio and in the movies for the past ten years.

Orders for tickets have been received from nearly all the neighboring towns, including Booker, Spearman, Canadian, Beaver, Shattuck and Liberal, reports O. C. Watson, commander of the local VFW post, indicating the popularity of this famous band.

Bob Wills

New License Plates On Sale February 1

The new 1948 license tags will go on sale February 1 at the sheriff and tax collector's office in the courthouse. The new tags are gold and black. A new regulation goes into effect this year which allows a car owner to put the 1948 tags on his automobile after February 1. In previous years, the tags went on sale February 1, but the tags could not be put on until March 1.

E. D. Kelley Will Speak at Waka PTA Meeting

E. D. Kelley of Perryton will speak at the regular meeting of the Waka Parent Teachers Association Friday night, January 16. His topic will be "Our Schools of Tomorrow."

Other numbers on the program will be music by Edwin Rhine and Curtis Leicht, a travelogue by Mrs. Herman Wiebe and numbers by the school. All members are urged to attend, and everyone is welcome.

Ochiltree Farm Bureau Officers to Attend Meeting

A number of Ochiltree county farmers will attend a meeting of District 1 of the Texas Farm Bureau at the Herring Hotel in Amarillo on January 20, announces Fred Huston, president of the Ochiltree Farm Bureau.

J. Walter Hammond, president of the Texas Farm Bureau, will address the gathering. Other Farm Bureau officials who will attend are Austin Crownover, Marvin Carter and Jim Price of the Southern Farm Bureau Insurance companies.

While the meeting is primarily for county Farm Bureau officers, all members are invited to attend, stated Huston.

Shamrock Man Escapes Death In Car Wreck

D. W. Fry of Shamrock miraculously escaped death or serious injury last Thursday evening in a car wreck which occurred about nine miles north of Perryton.

Fry was traveling south on highway 83, driving a 1942 Buick, when he crashed into the back of a truck loaded with gravel, also traveling south. Holly Palmer was driving the truck.

The Shamrock driver evidently did not see the truck until he was right upon it, then swerved to his left, catching the bed of the truck with the right front of his car. The automobile turned over a number of times and was completed demolished, but Fry climbed out of the wreckage unhurt.

The car was brought to Perryton by a Perryton Motor Co. wrecker, where the wreckage attracted many curious visitors during the next few days, all wondering how a person could walk away alive from such a demolished automobile.

The truck was slightly damaged.

Local Boys Enter Golden Gloves Meet in Borger

Raymond Powell Jr., and Rusty Taylor have entered the Golden Gloves district tournament which will be held in Borger on January 15-17. This tournament is sponsored by the Frank Phillips Men's Club and the fights will be held at the Bunavista cafeteria.

The tournament is open to all boys 16 years or over who have never fought for money. Entrants in the tournament have been registered from towns in the Northeast Panhandle.

Powell will fight in the 175 pound division and Taylor will compete in the 135 pound class. Tentative drawings will put both boys in action on the opening night, Thursday, January 15.

Mrs. Slavin Is Candidate For Treasurer

Authorization has been given the Herald to announce the candidacy of Mrs. Arthur Slavin for reelection to the office of County Treasurer. Mrs. Slavin is seeking her eighth term as county treasurer, subject to the action of the voters in the Democratic Primary scheduled for July 24 this year.

Mrs. Slavin has built up a record of accuracy and conscientious service during her years of service as county treasurer. All who have had occasion to use the facilities and records of the treasurer's office have always found the records of her office to be accurate and kept up-to-date.

The trust expressed by the voters has been greatly appreciated by Mrs. Slavin in the past and she has asked the Herald to express her gratitude for this previous consideration. She wishes to assure the voters that their trust in her has not been misplaced, and if reelected she will strive to give the duties of her office the same consideration that she has done in the past.

Guy Services Held in Booker

Funeral services were held at the South Flat Methodist church of Booker on Thursday, January 8, for S. D. Guy, age 67, who passed away at his home in Booker Wednesday morning. He was the father of Hubert Guy of Perryton.

Mr. Guy spent more than 45 years in this area and was one of the remaining pioneers of the

Rangers to Play Two Cage Games this Week

The Ranger basketball team will meet the Canadian Wildcats twice during the next week, playing first at Canadian Friday night then at Perryton next Tuesday night. Perryton will be slight favorites to take these games, since Follett trounced Canadian and Perryton has beaten Follett. The Ranger record so far this year shows four victories against no defeats. The B teams of both schools will play curtain raiser games at 7:30.

Metal Signs are Being Erected on Perryton Streets

The long-awaited metal street signs for Perryton are now in process of being put up, and the job is expected to be finished within the next week.

The posts have been set in the east and west parts of town, and work is now in progress on the north side.

Complete signs have been placed the full length of Amherst and Baylor streets.

These are four-way metal signs, mounted on a two inch metal pipe set in concrete, and are expected to last for years with a minimum of maintenance.

The city purchased the signs, and the Junior Chamber of Commerce is standing the expense of installing them, including the cost of the pipe, labor and concrete. The county donated the use of a tractor with a power driven post hole digger.

Fences to be Moved Along New Highway

All resident owners, non-resident owners and agents of land along the proposed Pampa-Perryton highway are being notified to move the fences back to the edge of the right-of-way of the new highway.

Work will be started immediately on surveying the right-of-way along the highway, and the state highway department will set stakes for the fences to be moved.

This highway has been re-designated state highway 70 and will cut off from U. S. highway 83 six miles south of Perryton to Pampa, traveling across the corner of Roberts county.

No definite information has been received as to when actual construction of this highway will

New 250,000 Bushel Elevator At Farnsworth, New Feed Mill At Perryton Included in Plan

A contract was let this week by the Equity to the Chalmers and Barton Contracting Co. of Hutchinson, Kansas, calling for an extensive building program in Perryton and Farnsworth which will increase greatly the feed and wheat handling facilities of the Equity at these two stations.

The contract calls for the construction of a new semi-trailer grain dump, a new head house and loading out scales at the elevator, a new 3-story feed mill and a 2-story warehouse at Perryton and the building of a new 250,000 bushel capacity elevator at Farnsworth.

All of these structures will be of reinforced concrete. Construction will start as soon as possible.

The new semi-trailer grain dump will be built just east of the present loading pit, adjacent to the elevator. This dump mechanism will tilt the largest semi-trailer units to permit fast unloading. Aldon Bell, Equity manager, stated that this would be the only unit of this type in this area, as far as he knew.

When the new head house is completed on top of the elevator it will be 175 feet in the air. There will be two loading out scales and spouts, allowing two freight cars to be loaded at the same time.

The annex to the Equity feed mill will be built on the west side of the present mill, behind the Equity offices. It will be 28 by 50 feet, three stories high. New machinery will be added to the mill for a faster and greater

County Service Officer Position Is Discontinued

The county commissioners' court, in the regular meeting held Monday voted to discontinue the position of county service officer, effective that date.

Members of the court felt that the need for a service officer was not sufficient to warrant the expenditure of $125 per month, although plans are in the making for Ochiltree, Hansford and Lipscomb counties to combine this job and have one service officer for the three counties.

Ray McWilliams has been serving as service officer for the past few months.

Monthly Legion Potluck Supper to Be Held Monday

The monthly potluck supper for the American Legion and Auxiliary will be held Monday night, January 19, at the Legion Hall. Hostesses for the supper, as announced by Auxiliary president Juanita Brillhart, are Mrs. J. C. May, chairman, Mrs. O. O.

Mrs. Morgan Dies Tuesday

Funeral services will be held in the Boxwell Brothers chapel on Friday afternoon at 3 o'clock for Mrs. Cora E. Morgan, longtime resident of Perryton, who died at her home in east Perryton on Tuesday night. She was 73 years old.

Rev. Jim H. Sharp will conduct the services.

Mrs. Morgan had been a resident of Perryton since the early days of the town and had countless friends in all walks of life. She was a member of the Methodist church.

She is survived by a sister, Mrs. Georgia Anderson of Perryton, a

March of Dimes Will Start on January 15

The annual fund raising campaign for infantile paralysis research and treatment, known as the March of Dimes," will be launched in January 15, announced Frank Shaffer, county campaign chairman.

Boxes will be placed in various business in Perryton, and a corps of personal solicitors will canvas the county for funds, stated Shaffer.

The Ellis Theatre will cooperate again this year in the campaign, and will take contributions during the week of January 20. Last year, the theatre raised most of the money in the county.

On January 30, the President's Ball will be held in the VFW Building, with Marguerite Brown and her Swingsters, popular dance orchestra from Garden

North Plains Electric Co-Op Members Attend Annual Meet

The successful annual meeting of the North Plains Electric Co-Op held Monday afternoon in the district courtroom saw the election of officers, the adoption of three amendments to the by-laws, and the introduction of several state and national REA officials.

Principal speaker for the occasion was Mrs. Dora B. Haines, of education division, national headquarters in Washington. Mrs. Haines pointed out the growth of the REA program, despite the distrust of some members of Congress and private individuals. "The REA is part of a great people's movement," she said. "With the support of the people, we have seen it grow from a humble beginning in 1935 to its present size."

Earl Waide, manager of the NPEC, reviewed some of the accomplishments of the past year, pointing out that while many farmers are impatient at not having electricity, the co-op has built 300 miles of line during the past year and have let the contract for another 295 miles this week. There are 520 miles of line already in operation, he added. When the building program is completed, the co-op will operate 1,500 miles of line.

All of the officers of the co-op were re-elected in the annual election. W. M. Good is president; Ira Harbour of Stinnett,

See No. 4, Page 6

County Car Registrations Top All Records During Past Year

The year just ended broke all records for automobile registrations in Ochiltree county, according to final figues released by Sheriff and Tax Collector W. H. Lance.

There were 3,405 sets of license plates issued in the county, including passenger cars, farm trucks, commercial trucks, trailers, motorcycles and dealers.

For the first time in the history of the county, a remittance was made to the state on automobile registrations. The first $50,000.00 collected stays in the county and the state gets one-half of all over that. The county collected a total of $61,483.37 this year, remitting $5,807.11 to the state.

A break-down of registrations follows:

See No. 2, Page 6

Poll Tax Payments Deadline January 31

Poll taxes must be paid on or before January 31, 1948 if the voter plans to take part in this big election year. There will be city, county, state and national elections in 1948, and the only way to insure a vote is by securing a poll tax or exemption. Many voters often make the mistake of putting this chore off until it is too late, then have to stand idly by when the polls open. The privilege of voting is one of the most precious heritages in a democracy. The privilege should be exercised.

1948 MAID OF COTTON—Miss Matilda Lou Nail, 19-year-old tall, blonde and willowy University of Texas student, of Fort Worth, Texas, defeated 21 other contestants to win beauty honors and a tour of the U. S., England and France as the cotton industry's good will ambassador. She is shown above after her selection in Memphis, Tenn.

FORGOTTEN PEOPLE—That's the Pomaks, a race living on the Greco-Bulgarian frontier. These monutain people defy all efforts to rule them, both Greek and Bulgarians. Tobacco is money to the Pomak. Here two of the hardy mountaineers barter the leaf in Northern Greece.

Number 37 on SMU Football Team Has Deep Meaning to Halfback Doak Walker

(AP) Newsfeatures

DALLAS—It was 1935 and Doak Walker was a cotton-headed eight-year-old. Harry Shuford was the fullback of Southern Methodist University's Rose Bowl bound football team.

Almost every day when Schuford went out to practice little Doak tagged along, carrying the big fullback's helmet. Shuford was the idol of the boy who was to become one of the greatest halfbacks in Southwest Conference history.

Last November, as Southern Methodist swung down the unbeaten gridiron trail with the flaming Walker as its star, six-year-old Harry L. (Punk) Shuford came into the SMU dressing room.

Timidly he approached the great Walker. "Doaker, sir" he said, "can I carry your helmet when you go out on the football field?"

"Sure, Punk," said Doak with his memory spinning back. And so as Walker went forth to practice, the little guy with the wide brown eyes and close-cropped hair tripped along behind him carrying his headgear.

Walker is Punk's idol—just like Punk's dad, Harry Shuford, was a dozen years ago for the All-America halfback of Southern Methodist's Cotton Bowl-bound Mustangs.

Harry Shuford's number on the SMU football team was 37. Back in 1935 Walker got his mother to buy him a sweater with a huge 37 on it. Doak has been wearing that number ever since.

Now Punk is pestering his mother for a No. 37 sweater.

Russian Wheel-skis In the Summertime

MOSCOW (AP)—Engineer G. A. Zevin has invented a pair of skis for summer.

The skis operate on wheels and can be used on dirt roads and fields as well as on hard surface thoroughfares. The inventor says he can travel from eight to nine miles an hour on them.

He explained their wheel construction, four wheels to each ski, guarantees a "soft glide," and they "can now make skiing possible on the hottest days of summer."

Mr. and Mrs. Raymond Stine, Springfield, Ill., left Monday to return to their home after spending the holidays with their daughter, Mrs. Clifton Bell, Mr. Bell and the children.

Takes a Cow Boy To Rope a Sheep Dog

GREAT FALLS, Mont. (AP) — When Patrolman Jack Peterson saw a collie dog caught in the current of the Missouri River, he hurried to a nearby store, got a lariat and tossed a loop expertly over the head of the struggling animal.

"It was easy," the officer said. "I used to punch cow

Everything for the office at Stewart Prin

Veterans' NEWS

More than 32,000 veterans in Texas, Louisiana and Mississippi were admitted to Veterans Administration hospitals during the past year, VA's Dallas Branch Office reported this week.

The report showed that 143,000 treatments and 242,000 examinations of veterans in the tri-state area were given by VA in out-patient clinics during the same period.

VA offices in the three states dispatched 11,000,000 pieces of mail and conducted 1,700,000 personal interviews with veterans during 1947.

Direct payments to veterans in the Dallas Branch Area during the year amounted to more than $425,000,000. This included disability compensation, death claims, insurance settlements, and tuition and subsistence to veterans in schools or training.

At the end of the year, VA was paying disability compensation to 181,000 veterans in the three states.

More than 43,000 loans on homes, farms or businesses were guaranteed by VA during 1947, bringing the cumulative total for the three states to 75,200 loans with $227,400,000 guaranteed by the government.

Veterans in training in the three-state area at year's end totaled almost 254,000. The number in school or institutional work increased 63 percent compared to a 15 percent decrease in the number of veterans training on-the-job.

Around 75,000 veterans reinstated lapsed National Service Life Insurance amounting to $510,000,000 during the year.

Postal laws and regulations pertaining to delivery of checks for the benefits administered by VA have been modified for the greater convenience of veterans and benefits administered by VA have been modified for the greater convenience of veterans and beneficiaries.

The new regulations allow checks to be placed in city and county post office boxes, and in mail receptacles on the routes of city or rural mail carriers. Checks affected are mainly for disabled veterans and for subabled veterans and for subsistsistence allowance of veterans in training.

South Dakota Resents Census Figures

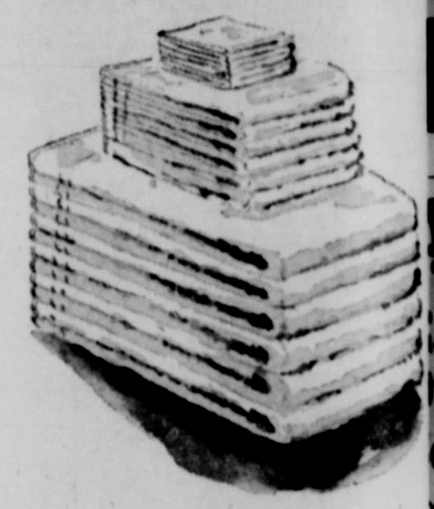

ABERDEEN, S. D. (AP)—Dean R. F. Patterson of the University of South Dakota's school of business administration asserts census bureau figures "tend to give South Dakota a defeatist kind of advertising that is not good for business."

"Ever since 1940," Patterson told the South Dakota Implement Dealers' Association at its convention here, "the census bureau has been releasing figures which emphasize a heavy population loss in South Dakota, but we contend the picture has changed since 1945 and that the state has regained some of this loss."

The new semi-trailer grain dump will be built just east of the present loading pit, adjacent to the elevator. This dump mechanism will tilt the largest semi-trailer units to permit fast unloading. Aldon Bell, Equity manager, stated that this would be the only unit of this type in this area, as far as he knew.

When the new head house is completed on top of the elevator it will be 175 feet in the air. There will be two loading out scales and spouts, allowing two freight cars to be loaded at the same time.

The annex to the Equity feed mill will be built on the west side of the present mill, behind the Equity offices. It will be 28 by 50 feet, three stories high. New machinery will be added to the mill for a faster and greater

County Service Officer Position Is Discontinued

The county commissioners' court, in the regular meeting held Monday voted to discontinue the position of county service officer, effective that date.

Members of the court felt that the need for a service officer was not sufficient to warrant the expenditure of $125 per month, although plans are in the making for Ochiltree, Hansford and Lipscomb counties to combine this job and have one service officer for the three counties.

Ray McWilliams has been serving as service officer for the past few months.

Monthly Legion Potluck Supper to Be Held Monday

The monthly potluck supper for the American Legion and Auxiliary will be held Monday night, January 19, at the Legion Hall. Hostesses for the supper, as announced by Auxiliary president Juanita Brillhart, are Mrs. J. C. May, chairman, Mrs. O. O.

Mrs. Morgan Dies Tuesday

Funeral services will be held in the Boxwell Brothers chapel on Friday afternoon at 3 o'clock for Mrs. Cora E. Morgan, longtime resident of Perryton, who died at her home in east Perryton on Tuesday night. She was 73 years old.

Rev. Jim H. Sharp will conduct the services.

Mrs. Morgan had been a resident of Perryton since the early days of the town and had countless friends in all walks of life. She was a member of the Methodist church.

She is survived by a sister, Mrs. Georgia Anderson of Perryton, a

March of Dimes Will Start on January 15

The annual fund raising campaign for infantile paralysis research and treatment, known as the March of Dimes," will be launched in January 15, announced Frank Shaffer, county campaign chairman.

Boxes will be placed in various business in Perryton, and a corps of personal solicitors will canvas the county for funds, assisted Shaffer.

The Ellis Theatre will cooperate again this year in the campaign, and will take contributions during the week of January 20. Last year, the theatre collected most of the money in the county.

On January 30, the President's Ball will be held in the VFW building, with Marguerite Brown and Her Swingsters, popular dance orchestra from Garden

Bob Wills and His Texas Playboys Return to Perryton Friday Night for Another Big Dance

Friday night, January 16, is the night that Bob Wills and his Texas Playboys return to Perryton for another big evening of dancing entertainment sponsored by the VFW.

The last time Bob Wills entertained dancers of the Perryton area was on August 22-23, 1946, when his band was a featured part of the annual Perryton Celebration. The band scored a big success and their return has been eagerly awaited by those who heard them in their first appearance.

The dance will begin at 9 p. m. Friday night at the VFW Hall, and the admission price is $2.50 per person.

This band needs no introduction in the Southwest. Known as the most successful and crowd pleasing of all Western bands, Bob Wills and his Texas Playboys have been enthusiastically acclaimed on dance platforms, over the radio and in the movies for the past ten years.

Bob Wills

Orders for tickets have been received from nearly all the neighboring towns, including Booker, Spearman, Canadian, Beaver, Shattuck and Liberal, reports O. C. Watson, commander of the local VFW post, indicating the popularity of this famous band.

New License Plates On Sale February 1

The new 1948 license tags will go on sale February 1 at the sheriff and tax collector's office in the courthouse. The new tags are gold and black. A new regulation goes into effect this year which allows a car owner to put the 1948 tags on his automobile after February 1. In previous years, the tags went on sale February 1, but the tags could not be put on until March 1.

E. D. Kelley Will Speak at Waka PTA Meeting

E. D. Kelley of Perryton will speak at the regular meeting of the Waka Parent Teachers Association Friday night, January 16. His topic will be "Our Schools of Tomorrow."

Other numbers on the program will be music by Edwin Rhine and Curtis Leicht, a travelogue by Mrs. Herman Wiebe and numbers by the school. All members are urged to attend, and everyone is welcome.

Ochiltree Farm Bureau Officers to Attend Meeting

A number of Ochiltree county farmers will attend a meeting of District 1 of the Texas Farm Bureau at the Herring Hotel in Amarillo on January 20, announces Fred Huston, president of the Ochiltree Farm Bureau.

J. Walter Hammond, president of the Texas Farm Bureau, will address the gathering. Other Farm Bureau officials who will attend are Austin Crownover, Marvin Carter and Jim Price of the Southern Farm Bureau Insurance companies.

While the meeting is primarily for county Farm Bureau officers, all members are invited to attend, stated Huston.

Shamrock Man Escapes Death In Car Wreck

D. W. Fry of Shamrock miraculously escaped death or serious injury last Thursday evening in a car wreck which occurred about nine miles north of Perryton.

Fry was traveling south on highway 83, driving a 1942 Buick, when he crashed into the back of a truck loaded with gravel, also traveling south. Holly Palmer was driving the truck.

The Shamrock driver evidently did not see the truck until he was right upon it, then swerved to his left, catching the bed of the truck with the right front of his car. The automobile turned over a number of times and was completed demolished, but Fry climbed out of the wreckage unhurt.

The car was brought to Perryton by a Perryton Motor Co. wrecker, where the wreckage attracted many curious visitors during the next few days, all wondering how a person could walk away alive from such a demolished automobile.

The truck was slightly damaged.

Guy Services Held in Booker

Funeral services were held at the South Flat Methodist church of Booker on Thursday, January 8, for S. D. Guy, age 67, who passed away at his home in Booker Wednesday morning. He was the father of Hubert Guy of Perryton.

Mr. Guy spent more than 45 years in this area and was one of the remaining pioneers of the

Fences to be Moved Along New Highway

All resident owners, non-resident owners and agents of land along the proposed Pampa-Perryton highway are being notified to move the fences back to the edge of the right-of-way of the new highway.

Work will be started immediately on surveying the right-of-way along the highway, and the state highway department will set stakes for the fences to be moved.

This highway has been re-designated state highway 70 and will cut off from U. S. highway 83 six miles south of Perryton to Pampa, traveling across the corner of Roberts county.

No definite information has been received as to when actual construction of this highway will

North Plains Electric Co-Op Members Attend Annual Meet

The successful annual meeting of the North Plains Electric Co-op held Monday afternoon in the district courtroom saw the election of officers, the adoption of three amendments to the by-laws, and the introduction of several state and national REA officials.

The principal speaker for the occasion was Mrs. Dora B. Haines, of the education division, national REA headquarters in Washington. Mrs. Haines pointed out the benefits of the REA program, declaring that most of some members of congress and private individuals "The REA is part of a great people's movement," she said. "I have the support of the people, who have seen it grow from a humble beginning in 1935 to its present size."

Earl Waide, manager of the NPEC, reviewed some of the accomplishments of the past year, pointing out that while many farmers are impatient at not having electricity, the co-op has built 300 miles of line during the past year and have let the contract for another 295 miles this week. There are 520 miles of line already in operation, he added. When the building program is completed, the co-op will operate 1,500 miles of line.

All of the officers of the co-op were re-elected in the annual election. W. M. Good is president; Ira Harbour of Stinnett,

See No. 4, Page 6

County Car Registrations Top All Records During Past Year

The year just ended broke all records for automobile registrations in Ochiltree county, according to final figues released by Sheriff and Tax Collector W. H. Lance.

There were 3,405 sets of license plates issued in the county, including passenger cars, farm trucks, commercial trucks, trailers, motorcycles and dealers.

For the first time in the history of the county, a remittance was made to the state on automobile registrations. The first $50,000.00 collected stays in the county and the state gets one-half of all over that. The county collected a total of $61,483.37 this year, remitting $5,807.11 to the state.

A break-down of registrations follows:

See No. 2, Page 6

Poll Tax Payments Deadline January 31

Poll taxes must be paid on or before January 31, 1948 if the voter plans to take part in this big election year. There will be city, county, state and national elections in 1948, and the only way to insure a vote is by securing a poll tax or exemption. Many voters often make the mistake of putting this chore off until it is too late, then have to stand idly by when the polls open. The privilege of voting is one of the most precious heritages in a democracy. The privilege should be exercised.

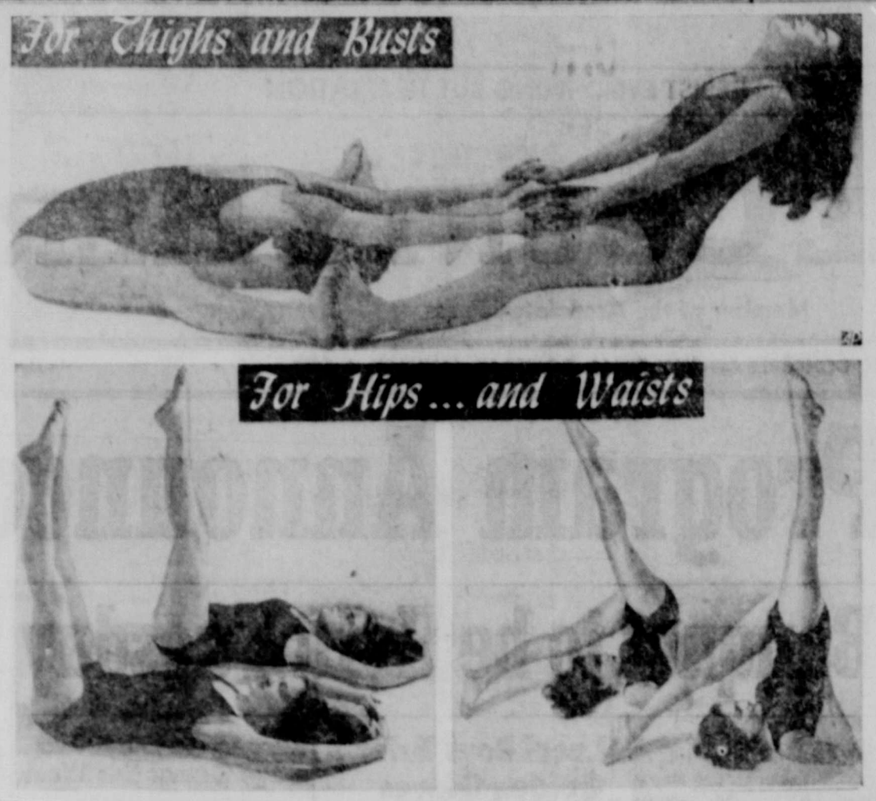

1948 MAID OF COTTON—Miss Matilda Lou Nail, 19-year-old tall, blonde and willowy University of Texas student, of Fort Worth, Texas, defeated 21 other contestants to win beauty honors and a tour of the U. S., England and France as the cotton industry's good will ambassador. She is shown above after her selection in Memphis, Tenn.

GOING PLACES—Mr. and Mrs. George W. Griggs always come home to San Diego, Calif., with picture postcards and souvenir photos of places they have seen and past them on the walls of their garage. Since Griggs retired from his furniture business in Amherst, Mass., in 1930, they have taken so many trips that even the ceiling is covered with pictures. "They're getting out of hand," he says looking over the colorful array of souvenirs.

Fast driving reduces clarity of vision and induces ocular fatigue.

Eighty-three percent of man's knowledge is brought to him through his vision.

Dual Control . . . Two girls can make exercises seem light work when they do 'em together. Here's how: (Top) Take sitting positions opposite each other, spread legs apart, keeping knees straight; have heels and toes touch, clasp hands. Figure at right stretches backwards with head and chin as far back as possible. Figure at left bends forward as far as possible; alternate positions, with figure at left stretching backwards and figure at right bending forward, etc. Repeat exercises five times, to music whenever possible. Breathe in as you begin exercise and breathe out as you finish. (Bottom Left—Position 1) Lie flat on back, arms over head, hands lightly clasped, raise legs slowly up, knees straight, feet together. (Bottom Right—Position 2) Bring arms down to waistline to support lower part of body keeping one leg upright, stretch other leg over head as far as possible; come back to upright position lower both legs to floor and repeat exercise alternating legs over head.

There are more than 150 tribes of American Indians represented on reservations in the United States.

Some 400 Spaniards were killed and about 1,950 expelled from New Mexico in an Indian rebellion in 1680.

With 55,000 members, the Navajo tribe of American Indians is the most numerous in the United States.

WHAT IT MEANS

The Three Meanings Of NLRB

By MAX HALL

WASHINGTON — The general counsel of the National Relations Board (NLRB), Robert N. Denham, probably has more authority than any other labor official in the government.

But you'd never know it from his title.

The title suggests he is a legal adviser to the five man NLRB. He's not that at all. He is independent of the board. He's more like an "administrator" or "chief prosecutor." He has eight times as many people working under him as the board has.

These points are important in following the growing number of casesi nwhich unions and employers are being charged with unfair labor practices under the Taft-Hartley Act.

The term "board," for NLRB can have different meanings. In the Taft-Hartley Act itself, "board" is used three ways:

1. Sometimes it means the five men who decide cases (Chairman Paul M. Herzog, John M. Houston, James J. Reynolds, Jr., Abe Murdock and J. Copeland Gray).

2. Sometimes it means the general counsel (Denham), who investigates and prosecutes cases.

3. Sometimes it means the whole outfit, considered as a federal agency (826 employes).

Now the NLRB in the third sense—that of one agency—occupies a tricky old seven-story apartment hotel, the Rochambeau, which abounds with full-length mirrors, doorbells, bathrooms and doors that lead thru tiny passageways and right out into the corridor again.

The agency has 382 employes at the Rochambeau and 444 field employes in 30 other cities.

When you get into actual cases it is misleading to refer to the NLRB as though it were one agency because the Taft-Hartley Act had the practical effect of splitting it into two agencies—the five-man board and the office of the general counsel.

The five-man board and the members' staffs comprise 84 persons. Denham's office has 711, including all 444 field employes.

To make it more complicated, yet a third group has its home at the Rochambeau, composed of 28 "hearing examiners" and their three employees. The examiners have the role of independent judges.

One of the two main duties of the five-man board is to decide what union, if any, shall represent certain groups of American workers. It does this with the help of Denham's field personnel.

The other main duty relates to unfair labor practices. Now here is the way the three Rochambeau groups fit into that picture:

Suppose a union or an employer files an unfair practice charge. The Denham office investigates. The Denham office has the sole power to decide whether to issue a complaint and call a hearing.

If it issues a complaint, it also has the power—and sometimes the duty—to ask for a court order temporarily halting the alleged unfair practice pending a decision.

The five-man NLRB can't issue such complaints and can't ask for such court orders.

An examiner journeys from Washington to preside over the hearing. The hearing is like a court trial, with a representative of Denham acting as prosecutor, and the party who filed the original charge helping him.

The examiner makes a preliminary verdict. If any party objects to it—and usually someone does—the case moves to Washington for the five-man board to decide.

If the board's verdict is "guilty" it orders the unfair practice stopped. If necessary it can ask a federal court to enforce the order.

FISTIC SWEDE — Olle Tandeberg, Swedish heavyweight who outpointed Joe Baski of America in Stockholm last July, strikes a fighting pose as he winds up training here for his American debut. Tandeberg's first bout will be a ten-rounder against Joey Maxim, 25-year-old Italian-American from Cleveland. Tandeberg is 29 years old.

Dumas School Bond Issue is $500,000 Shy

Patrons of the Dumas schools received quite a surprise last week when the bids were opened for construction of a new high school in Dumas.

The low bid was approximately $500,000 more than available finance provided by last year's voting of $700,000 in bonds with which to build the school. The bid submitted by the C. S. Lambie Co. of Amarillo was low, in the amount of $1,071,851.

On this basis there would need to be added to the builder's bid an architect's fee of $64,311.06 plus an estimated cost for furnishing, equipment, paving and landscaping of at least $50,000 leaving available funds approximately $486,162.06 short of what is needed.

After opening the bids, trustees decided to meet again Monday night before the outlining procedure to be followed in the crisis. This will allow time for review of the school district financial structure, tax valuations and other factors that necessarily will enter into any decision.

A school enrollment of 1,800 is expected in the Dumas schools next year.

CARD OF THANKS

We wish to thank all who helped out in any way during the illness and passing of our loved one. Also for the beautiful flowers, the many deeds of kindness, and visits while he was sick, the delicious food so generously brought to us, cards, letters and every expression of sympathy. We are deeply grateful.

Mr. and Mrs. Clifton Teel, Ed E. Guy, Mrs. S. D. Guy, Mr. and Mrs. Joe D. Guy and family, Herbert E. Guy. 3-1t-c

Orrin Tucker Orchestra to Be in Wheeler

Orrin Tucker, nationally famous orchestra leader, will bring his orchestra to Wheeler for an appearance at the new American Legion building on Thursday night, January 22, it has been announced.

The orchestra is now playing at the Stevens Hotel in Chicago and are coming through Oklahoma and Texas on their way to the west coast. The Wheeler stop will be their only stop in the Panhandle.

The dance will start at 9:00 p. m.

Night Football to Start at TCU

A contract has been let for installing 144 floodlights, atop 80-foot towers, at the TCU stadium. Intensity of the light—officially rated at 43 foot-candles—will make the field one of the best lighted in the Southwest.

First game to be played under the lights will be TCU vs. Oklahoma A & M, in Fort Worth Sept. 25. Arrangements may also be worked out to play the Arkansas game, Oct. 2, and the University of Oklahoma contest, Oct. 23, at night.

Mr. and Mrs. Jack Stevens have moved to Dalhart where Mr. Stevens will operate the Dalhart Paint & Wallpaper Company.

Argon, a gas obtained from air, is used in electric light bulbs.

The world production of sponges in 1938, last "normal" year before World War II, was estimated at more than two million pounds.

Sisal is not as strong as manila (abaca) fiber, but is used to make millions of pounds of binder and baler twine.

INTERNATIONAL and McCORMICK - DEERING FARM MACHINERY

Heading for the Best in SERVICE!

While There's Plenty of Time for It!

The service work on these machines was scheduled several months ago.

Now they're coming into our service shop during off-season months. Yes, there's plenty of time for repair jobs before they go back into the field again.

You see, their owners are taking advantage of our Early Bird Service program. These farmers know that scheduled Blue Ribbon Service can protect valuable equipment—can forestall any breakdowns in the field.

How about applying that system to your own machinery? If any or all of your farm equipment needs service during the year ahead, get dates for them *now* on our Early Bird Service Schedule.

Texas Athletes Win Numerous Crowns

AUSTIN (AP)—Athletes from the University of Texas rolled up an impressive record for the school during 1947, capturing first place in five of the eight Southwest Conference competitions and finishing second in the other three.

The Longhorns now have won 17 of the 24 title races in the Southwest loop during the last three years. In football, the Texans were ranked among the nation's best, losing only one game and that by one point. The one-point jinx hurt the eagers, too, who lost but two of 28 games and both by that slim margin. The Longhorn hoopsters finished third in the NCAA tourney. Texas' diamond squad dropped a one run tilt to California, eventual winners of the national collegiate tourney. In track, they again were among the foremost in the U. S.

Kent and Apple Buy Perryton Electric Stock

Announcement was made this week of the sale of the Perryton Electric Co's stock of electrical supplies and equipment to the Kent and Apple Hardware store.

G. R. Revis, owner of the Perryton Electric, stated that his firm was withdrawing from the electrical contracting field and would concentrate on the sale and maintenance of air-conditioning and heating units.

Kent and Apple have been operating a complete electrical department for several months and this department is now completely stocked with supplies and equipment for any electrical job. The department is in charge of Dick Hammonds, assisted by Lee Halpain.

Mice Take His Beard For a Thatched Roof

COPENHAGEN (AP) — An old man with a long white beard stood talking with a grocer in a village near Vordingborg. The grocer noticed a movement in the beard and then saw a small mouse peep out of the mass of whiskers.

The old man calmly took the mouse out of his beard and gently placed it on the floor so it could scamper away, telling the grocer:

"I've got accustomed to it. Those little ones think it's a thatched roof."

Air pressure at sea level is about 2,100 pounds per square foot.

It is estimated that 460,000 houses in Britain were totally destroyed or rendered uninhabitable during World War II.

U. S. cities vary sharply in the use of certain fish products; St. Louis being a good market for Atlantic whiting, Denver for Pacific halibut, Oklahoma City for Pacific sablefish and Buffalo for Great Lakes blue pike.

Scout Leaders to Attend Training Course This Week

Scout leaders from Gruver, Perryton and Spearman will attend a Scout Leader's training course to be held in Spearman on Thursday, Friday and Saturday nights of this week, reports James Armstrong, field Scout executive.

The Scouters will meet at the Hansford county courthouse at 7 p. m. each night and the course will consist of discussions and lectures, films, and program planning.

This course will be conducted as though the Scouters were Scouts in their own troop meeting, stated Armstrong. The troop will be divided into patrols and the patrol leaders will be Ralph Headlee of Perryton and A. G. Grooms of Gruver, while the scoutmaster will be James Armstrong.

Any adult not registered in the Scouting program who desire to attend are cordially invited to do so, stated Armstrong.

Scouters of Perryton who will attend the courses are E. W. Thomas, Virgil Olmstead, Ray McWilliams, Walter LaMaster, Ralph Headlee, Sidney Jines and Harold Witt.

Rock-a-File, the new *modern* file with rocking compartments and revolutionary side filing principle, eliminates that bothersome "filing-line!" Its complete accessibility permits one or more persons to use any or all compartments simultaneously. And there's no more tugging at heavy file drawers —precision-balanced Rock-a-File provides faster, easier, more efficient filing . . . *in less than two-thirds the space occupied by drawer-type files!*

Rock-a-File is available in two, three and four compartment standard letter size models; in two and three compartment standard legal size models. Now on display—come in and learn how Rock-a-File can solve *your* filing problems.

FORD Bonus* Built TRUCKS

Built Stronger to Last Longer!

More Than 139 Models!

NEW All Through!

Bonus* Built — THE AMAZING RESULT OF AN ENGINEERING PRINCIPLE THAT ASSURES WIDER USE, LONGER LIFE . . . and ONLY Ford Trucks Have It!

EVERY single one of the great new Ford Trucks for '48 is Bonus Built . . . designed and built with *extra strength* in every vital part! But that's only *part* of this vital truck engineering principle . . .

This *extra strength* provides WORK RESERVES that pay off for truck operators in two important ways:

● FIRST, these WORK RESERVES give Ford Trucks a greater range of use by permitting them to handle loads beyond the normal call of duty. Ford Trucks are not limited to doing one single, specific job!

● SECOND, those same WORK RESERVES permit Ford Trucks to relax on the job . . . to do their jobs easier, with less strain and less wear. Thus, Ford Trucks last longer because they work easier!

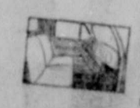

Only the New Ford Bonus Built Tru... Give You All These Big Advancemen...

NEW! 3 New Engines . . . up to ... h.p.! Brand new Six . . . 2 brand ... V-8's! Packed with advancements ... give you real performance! Pro... Ford reliability and thrift!

NEW! 2 New Big Jobs . . . Biggest Ford Trucks in history! Gross vehicle weight rating up to 21,500 pounds! 145 h.p. engine! 5-speed transmission! They're rugged; they're something!

NEW! Million Dollar Cab . . . Living Room Comfort! New coach-type seat. More headroom, legroom, elbow room. Picture-window visibility. New exclusive Level Action cab suspension.

NEW! New frames, axles, brakes, steering! Built stronger to give your Ford Trucks even longer life! These new Ford Trucks for '48 are really *new all through!*

ONLY FORD TRUCKS ARE BONUS BUILT FOR WIDER USE, LONGER LIFE!

Yes, Ford Trucks for '48 are Bonus Built . . . built stronger to last longer! That's why they give their owners wider use and longer life! That's why life insurance experts can certify proof that Ford Trucks last up to 19.6% longer. That's why the record shows there are more Ford Trucks in use today than any other make. Let us show you the revolutionary new Ford Bonus Built Trucks today!

What It Means

Party Line Organization In Congress

By ALEXANDER R. GEORGE

WASHINGTON — Republicans and Democrats in the congressional battle of election-year 1948 will be shooting for at least one identical goal—the favor of a majority of the voters.

A good showing calls for planning and teamwork. It takes organization when so many party members have different views about what to do in such matters as high prices, tax reduction and help for Europe and China.

Besides the traditional majority and minority leaders and whips, caucuses and conferences there are now majority and minority policy committees, White House and national committee liaison men.

In this Congress, majority always means Republican and minority means Democratic.

The policy committees of the Senate are composed largely of "key" men, chosen because of leadership positions, experience and geographical representation. They meet as occasion demands to work out plans for party action on important legislative matters.

Somewhat similar committees dealing with party policy in the House are the respective steering committees. However, the policy committees in the Senate have a more elaborate setup, with regular staffs on the government payroll.

The Senate has a conference minority. Here the word conference means a group or organization. These conferences meet to hear about policy committee plans and to voice their reaction to such plans or other party projects.

The Republicans have a similar conference in the House, but the Democratic all-member organization there is called a caucus Theoretically, any Democratic House member, who attends a meeting of the caucas is morally bound to abide by its decisions. Conference decisions are NOT binding on senators.

A Senate or House party leader usually leads in debate on important legislation, brings forward party programs and keeps in touch with the President if the latter is a member of the leader's party.

The leader's support or opposition to proposed laws generally indicates the party's attitude.

In this Congress the Senate's Republican leadership has been divided. Cen. White of Maine, majority floor leader, shares leadership responsibilities with three other Republican senators. Sen. Vandenberg of Michigan is generally regarded as Republican leader on International questions. Sen. Taft of Ohio, chairman of the Majority Policy Committee, and Sen. Milliken of Colorado, who presides at meetings of the conference majority, are co-leaders with White on home-front matters.

Democratic leadership in the Senate is much more unified. Sen. Barkley of Kentucky, minority floor leader, presides over the minority policy committee and the conference minority. In the House Rep. Halleck of Indiana is the majority floor leader.

However, much of the Republican leadership in the House is in the hands of Speaker Martin who presides at meetings of the conference majority and the Republican steering committee. Rep. Rayburn of Texas, former speaker, presides over the Democratic caucus in the House. Rep. Murdock of Arizona is chairman of the Democratic steering committee.

Both parties have a "whip" in the Senate and the House. The whip is an assistant to the leader. It's his job to see that party members are present when important bills are to be voted upon. House whips have from three to six assistants. They often work on a regional basis in helping round up members when their votes are needed.

Sen. Wherry of Nebraska is Republican whip in the Senate. Senator Lucas of Illinois is Democratic whip. Rep. Arends of Illinois is Republican whip and Rep. McCormack of Massachusetts Democratic whip in the House.

Announcements

Snoring Tenant Must Noise-Proof Home

VASTERVIK, Sweden (AP) — A landlord in this little town of Vastervik gave a tenant notice because of his terrible snoring. The rent control board refused to allow eviction, but ordered the tenant to install insulating material to deaden the noise.

Underground Factories Deplored in Poland

WARSAW (AP)—The semi-official newspaper Rzeczpospolita says there's approximately 40,000 illegal minor artisan workshops in Poland employing 50,000 people.

"This 'underground'," said the journal, "consists of artisans who are registered, but are not properly qualified, and some not registered."

It called for liquidation of "this state of things which would benefit not only the state in taxes but also society which often is liable to losses due to inadequate qualifications of artisans."

'Go West, Young Men,' Reds Tell 'Swing Boys'

BERLIN (AP) — American-style swing music and dancing is making some German Communist editors in the Russian occupation zone see red.

The young German hep-cats around Jena, in Thuringia, are having an especially rough time under the criticism from provincial newspapers.

It got so rough for Jena's most popular band, the "Swing Boys," that this group has announced it is going west—to play for U. S. troops in the American zone.

Ox-carts are still used in the Cuban sugar cane fields.

Mr. and Mrs. Ike Sharpe were Follett visitors Sunday afternoon.

Texas Athletes Win Numerous Crowns

AUSTIN (AP)—Athletes from the University of Texas rolled up an impressive record for the school during 1947, capturing first place in five of the eight Southwest Conference competitions and finishing second in the other three.

The Longhorns now have won 17 of the 24 title races in the Southwest loop during the last three years. In football, the Texans were ranked among the nation's best, losing only one game and that by one point. The one-point jinx hurt the cagers, too, who lost but two of 28 games and both by that slim margin. The Longhorn hoopsters finished third in the NCAA tourney. Texas' diamond squad dropped a one run tilt to California, eventual winners of the national collegiate tourney. In track, they again were among the foremost in the U. S.

A human being transferred to the planet Mercury would be burned to death by the sun's heat, killed by its ultra-violet radiation, asphyxiated from want of oxygen and desiccated from want of water.

Kent and Apple Buy Perryton Electric Stock

Announcement was made this week of the sale of the Perryton Electric Co's stock of electrical supplies and equipment to the Kent and Apple Hardware store.

G. R. Bevis, owner of the Perryton Electric, stated that his firm was withdrawing from the electrical contracting field and would concentrate on the sale and maintenance of air-conditioning and heating units.

Kent and Apple have been operating a complete electrical department for several months and this department is now completely stocked with supplies and equipment for any electrical job. The department is in charge of Dick Hammonds, assisted by Lee Halpain.

Mice Take His Beard For a Thatched Roof

COPENHAGEN (AP) — An old man with a long white beard stood talking with a grocer in a village near Vordingborg. The grocer noticed a movement in the beard and then saw a small mouse peep out of the mass of whiskers.

The old man calmly took the mouse out of his beard and gently placed it on the floor so it could scamper away, telling the grocer:

"I've got accustomed to it. Those little ones think it's a thatched roof."

Air pressure at sea level is about 2,100 pounds per square foot.

It is estimated that 460,000 houses in Britain were totally destroyed or rendered uninhabitable during World War II.

U. S. cities vary sharply in the use of certain fish products; St. Louis being a good market for Atlantic whiting, Denver for Pacific halibut, Oklahoma City for Pacific sablefish and Buffalo for Great Lakes blue pike.

AT CAPITOL LUNCHEON—Rep. Robert Grant (R-Ind); Sen. Homer E. Capehart (R-Ind); Rep. Wright Patman (D-Tex), and Henry Kaiser, the industrialist (left to right) talk at a luncheon at the capitol in Washington when Kaiser said that he had put up $500,000 to help start production at the Lone Star Steel Co., plant in Daingerfield, Tex.

Scout Leaders to Attend Training Course This Week

Scout leaders from Gruver, Perryton and Spearman will attend a Scout Leader's training course to be held in Spearman on Thursday, Friday and Saturday nights of this week, reports James Armstrong, field Scout executive.

The Scouters will meet at the Hansford county courthouse at 7 p. m. each night and the course will consist of discussions and lectures, films, and program planning.

This course will be conducted as though the Scouters were Scouts in their own troop meeting, stated Armstrong. The troop will be divided into patrols and the patrol leaders will be Ralph Headlee of Perryton and A. G. Grooms of Gruver, while the scoutmaster will be James Armstrong.

Any adult not registered in the Scouting program who desire to attend are cordially invited to do so, stated Armstrong.

Scouters of Perryton who will attend the courses are E. W. Thomas, Virgil Olmstead, Ray McWilliams, Walter LaMaster, Ralph Headlee, Sidney Jines and Harold Witt.

What It Means

Party Line Organization In Congress

By ALEXANDER R. GEORGE

WASHINGTON — Republicans and Democrats in the congressional battle of election-year 1948 will be shooting for at least one identical goal—the favor of a majority of the voters.

A good showing calls for planning and teamwork. It takes organization when so many party members have different views about what to do in such matters as high prices, tax reduction and help for Europe and China.

Besides the traditional majority and minority leaders and whips, caucuses and conferences there are now majority and minority policy committees, White House and national committee liaison men.

In this Congress, majority always means Republican and minority means Democratic.

The policy committees of the Senate are composed largely of "key" men, chosen because of leadership positions, experience and geographical representation. They meet as occasion demands to work out plans for party action on important legislative matters.

Somewhat similar committees dealing with party policy in the House are the respective steering committees. However, the policy committees in the Senate have a more elaborate setup, with regular staffs on the government payroll.

The Senate has a conference minority. Here the word conference means a group or organization. These conferences meet to hear about policy committee plans and to voice their reaction to such plans or other party projects.

The Republicans have a similar conference in the House, but the Democratic all-member organization there is called a caucus Theoretically, any Democratic House member, who attends a meeting of the caucas is morally bound to abide by its decisions. Conference decisions are NOT binding on senators.

A Senate or House party leader usually leads in debate on important legislation, brings forward party programs and keeps in touch with the President if the latter is a member of the leader's party.

The leader's support or opposition to proposed laws generally indicates the party's attitude.

In this Congress the Senate's Republican leadership has been divided. Sen. White of Maine, majority floor leader, shares leadership responsibilities with three other Republican senators. Sen. Vandenberg of Michigan is generally regarded as Republican leader on international questions. Sen. Taft of Ohio, chairman of the Majority Policy Committee, and Sen. Milliken of Colorado, who presides at meetings of the conference majority, are co-leaders with White on home-front matters.

Democratic leadership in the Senate is much more unified. Sen. Barkley of Kentucky, minority floor leader, presides over the minority policy committee and the conference minority. In the House Rep. Halleck of Indiana is the majority floor leader.

However, much of the Republican leadership in the House is in the hands of Speaker Martin who presides at meetings of the conference majority and the Republican steering committee. Rep. Rayburn of Texas, former speaker, presides over the Democratic caucus in the House. Rep. Murdock of Arizona is chairman of the Democratic steering committee.

Both parties have a "whip" in the Senate and the House. The whip is an assistant to the leader. It's his job to see that party members are present when important bills are to be voted upon. House whips have from three to six assistants. They often work on a regional basis in helping round up members when their votes are needed.

Sen. Wherry of Nebraska is Republican whip in the Senate. Senator Lucas of Illinois is Democratic whip. Rep. Arends of Illinois is Republican whip and Rep. McCormack of Massachusetts Democratic whip in the House.

Announcements

The Ochiltree County Herald is authorized to announce the following as candidates for nomination subject to the action of the voters in the Democratic primary to be held July 24, 1948:

For Commissioner, Precinct 4:
SAM HANDLY
For Sheriff, Tax Assessor and Collector:
RAY PHAGAN

Snoring Tenant Must Noise-Proof Home

VASTERVIK, Sweden (AP) — A landlord in this little town of Vastervik gave a tenant notice because of his terrible snoring. The rent control board refused to allow eviction, but ordered the tenant to install insulating material to deaden the noise.

Underground Factories Deplored in Poland

WARSAW (AP)—The semi-official newspaper Rzeczpospolita says there's approximately 40,000 illegal minor artisan workshops in Poland employing 50,000 people.

"This 'underground'," said the journal, "consists of artisans who are registered, but are not properly qualified, and some not registered."

It called for liquidation of "this state of things which would benefit not only the state in taxes but also society which often is liable to losses due to inadequate qualifications of artisans."

'Go West, Young Men,' Reds Tell 'Swing Boys'

BERLIN (AP) — American-style swing music and dancing is making some German Communist editors in the Russian occupation zone see red.

The young German hep-cats around Jena, in Thuringia, are having an especially rough time under the criticism from provincial newspapers.

It got so rough for Jena's most popular band, the "Swing Boys," that this group has announced it is going west—to play for U. S. troops in the American zone.

Ox-carts are still used in the Cuban sugar cane fields.

Rules, Prizes Announced for Jr. Calf Show

Rules and prizes for the Ochiltree County Junior Livestock Show have been announced, with only change in the prize list of 1947.

There will be ten prizes offered in each division this year, instead of twelve. A special prize of $25 will be awarded to the boy whose calf gains the greatest number of pounds between Dec. 1, 1947 and the date of the show, Feb. 18.

A total of 25 ribbons will be awarded to winning calf entries, ranging from the Grand Champion ribbon to the tenth prize ribbons in each the junior and senior classes. There will be $340 in prize money given by the Chamber of Commerce, sponsors of the show.

Three winners in the showmanship contest will be given ribbons, cash prizes and halters. The Grand Champion and Reserve Champion will receive extra cash awards and ribbons.

The American Hereford Ass'n. will add 25 per cent to the premiums won by Hereford calves in all classes and the American Aberdeen-Angus Assn. will give $5 if the Grand Champion is an Angus.

Around 40 calves are being readied for the show by 4-H Club members and members of the FFA. Each boy is limited to two entries, and no contestant is allowed to show a calf older than 18 months. The calf must be fed and handled by the boy entering the calf for at least five months prior to the showing date.

The calves will be judged on Wednesday morning, February 18, and will be sold that afternoon.

City, Kansas, to furnish the music.

While no goal is set for the county, it is hoped to raise $2,000 during the drive. Last year, there was $1,600 contributed, of which amount one-half stayed in the county for polio treatment and one-half went to the national foundation for research and treatment.

Anyone who desires to help in this campaign is asked to contact Frank Shaffer.

variety of Equity feed production. Among the new equipment is a cube machine, a new molasses mixer and molasses pit.

Alongside the new mill will be a reinforced concrete warehouse, 40 by 80 feet, which will replace the sheet iron structure now being used. Both the mill and warehouse will be two stories high.

These improvements are a continuation of the original Equity plan for the plant and will finish the plan insofar as the elevator, feed mill and warehouse is concerned. Future plans call for the construction of a new concrete office building to replace the frame building now being used.

The new elevator at Farnsworth will be of the same general design as the Equity elevator at Spearman and the original unit at Perryton. It will consist of six tanks, reinforced concrete with a 250,000 bushel capacity. The construction of this large elevator will bring the total storage capacity of the Equity to 1,750,000 bushels of grain at the ten stations.

It is hoped to have this Farnsworth elevator ready for the 1948 harvest, though the contractors warn that material shortages could delay the construction.

This large building program marks another step in the expansion of the huge Equity concern, one of the largest enterprises in the Texas Panhnadle, and one of the largest cooperatives in the country. Equity elevators are located at Perryton, Huntoon, Twichell, Perryton, Lord, Farnsworth, Waka, Spearman, Morse, Beaver and Hardesty.

The expansion of the Equity feed mill was made necessary by the heavy demand for Equity feeds over a 100-mile radius from Perryton. Materials are scarce and production of Equity feeds has not been as great as the concern would like, but they deliver countless truckloads of feed to towns in the Texas and Oklahoma Panhandles. With the new facilities, it is planned to take care of more dealers and users over the territory.

coach Floyd Murry's to the contrary, we be- year's Ranger basket- n is way ahead of last aggregation already and Rangers aren't consid- strong a threat for the title, they're going to meone a run for the

They have racked up victories over the local American Legion team, White Deer, Lefors and Follett so far in maintaining a perfect record for the young season. The Follett game Saturday night was a hard one to win, and the boys showed some effects of having gone to LeFors the night before. However, they kept up a fast pace that paid off in the final quarter, enabling them to pull far ahead at game's end.

The starting five is good, with the scoring very evenly distributed among all five members. Reserve strength is not so good, and the regulars are called upon to go all the way in each game. In a crucial, tight contest, it would hurt if one or more of these regulars were lost by the foul route.

The Rangers won't get to test their skill against many different teams this year. They have games scheduled with White Deer, LeFors, Follett and Canadian, the other teams in the area playing away from the local

RULES

TO BE OBSERVED IN ALL BATTLES ON THE STAGE

I. That a square of a Yard be chalked in the middle of the Stage; and on every fresh set-to after a fall, or being parted from the rails, each Second is to bring his Man to the side of the square, and place him opposite to the other, and till they are fairly set-to at the Lines, it shall not be lawful for one to strike at the other.

II. That, in order to prevent any Disputes, the time a Man lies after a fall, if the Second does not bring his Man to the side of the square, within the space of half a minute, he shall be deemed a beaten Man.

III. That in every main Battle, no person whatever shall be upon the Stage, except the Principals and their Seconds; the same rule to be observed in bye-battles, except that in the latter, Mr. Broughton is allowed to be upon the Stage to keep decorum, and to affix Gentlemen in getting to their places, provided always he does not interfere in the Battle; and whoever pretends to infringe these Rules to be turned immediately out of the house. Every body is to quit the Stage as soon as the Champions are stripped, before the set-to.

IV. That no Champion be deemed beaten, unless he fails coming up to the line in the limited time, or that his own Second declares him beaten. No Second is to be allowed to ask his man's Adversary any questions, or advise him to give out.

V. That in bye-battles, the winning man to have two-thirds of the Money given, which shall be publicly divided upon the Stage, notwithstanding any private agreements to the contrary.

VI. That to prevent Disputes, in every main Battle the Principals shall, on coming on the Stage, choose from among the gentlemen present two Umpires, who shall absolutely decide all Disputes that may arise about the Battle; and if the two Umpires cannot agree, the said Umpires to choose a third, who is to determine it.

VII. That no person is to hit his Adversary when he is down, or fetch him by the ham, the breeches, or any part below the waist: a man on his knees to be reckoned down.

As agreed by several Gentlemen at Broughton's Amphitheatre, Tottenham Court Road, August 16, 1743.

FIRST RULES OF FISTICUFFS—Here is a copy of the first printed rules of boxing, drawn up in 1743. The printing of these rules marked the first step in making boxing respectable and recognized. Some of these first rules are still being used today.

cracker box which serves as a gymnasium. They are entered in the Canadian tournament, which they won last year, and will get to meet some different teams before the district meet on February 12-14.

The so-called district tournament at Canadian is really the northern half of the district. Down in the Wellington-Shamrock area they hold a tournament to determine the southern half winner, then some means is worked out to select the district winner. For the past few years, the regional tournament has consisted of two teams from each district, and the region covers a lot of territory, extending way down below Lubbock.

It looks as if the Rangers will have a pretty good chance in this district. White Deer, defending champions, have been defeated by the Rangers. The competing teams in this district tournament are Perryton, Canadian, White Deer, Lefors and Phillips. The Blackhawks are considered the favorites, on the basis of their strong showing against undefeated Pampa, but Perryton has defeated the others this year.

The Rangers have played four games this season and four different boys have been high point man. Powell, Miller, Pletcher and Revis have taken the honors, leaving David Hummer his turn in the next game, maybe.

Rangers Take Two Games During Week

The Rangers kept their perfect basketball record intact this week-end, scoring wins over Lefors and Follett. Friday night they beat Lefors 31-25 in a thriller and submerged Follett 49-28 on Saturday night.

At Lefors the Rangers found it hard to get going and struggled through the first half before their scoring picked up. In the second half the lead changed hands several times before Perryton pulled out ahead to win by three points. Miller, Hummer and Pletcher led the scoring with 9, 7 and 8 points respectively.

On Saturday night, the Follett Panthers, a team which roundly spanked the Rangers in their three encounters last year, found the local five a little too hot to handle, absorbing a 49-28 defeat at the hands of the Red and White.

Follett scored first on a crisp shot by Roach, but Perryton's Miller tied it with a one handed shot a few minutes after the game opened. Hummer put the Rangers ahead a few minutes later and there the Rangers stayed throughout the game.

The score was 15-10 at the end of the first quarter and the Rangers led 23-20 at the half.

Follett, led by their beefy guard, Wynn, and a slender redhead named Imke, staged a rally shortly after the half opened, but Johnny Revis of the Rangers kept his team ahead by a hot scoring spree in which he looped in four baskets during the quarter.

The Rangers drew away from the visitors in the final quarter, making 15 points to Follett's 4.

Scoring was rather evenly divided among the Rangers, with Powell taking honors for the game with 13, followed by Revis with 12. Miller, Hummer and Pletcher each scored 8 points. Imke of Follett led his team.

COUGH—BRONCHITIS

SIPTOL (PLAIN)

Gives you instant relief to a stuffed-up head-cold and cough, throat irritation and hoarseness due to a cold. Siptol loosens the phelgm in the nasal and bronchial tract, and makes breathing easier and checks excess coughing.

Farmer Bears Down But Bear Bears Up

BIG TIMBER, Mont. (AP)—Farmer Virgil Braughton, headed for the barn to do the evening's milking, met a bear.

Farmer Braughton sprinted for a hay stack.

The bear did the same with equal haste, and both almost collided on the other side of the stack.

There was a deep "woof" from the bear, more fast foot work and Braughton—armed only with a lantern—was back in the house.

Both Braughton and bruin were unscathed, but the cows didn't get milked that night.

"Life" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, January 18.

The Golden Text is: "Seek good, and not evil, that ye may live: and so the Lord, the God of hosts, shall be with you, as ye have spoken" (Amos 5:14).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "For he that will love life, and see good days, let him refrain his tongue from evil, and his lips that they speak no guile" (I Peter 3:10).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Life and goodness are immortal. Let us then shape our views of existence into loveliness, freshness, and continuity, farther than into age and blight" (page 246).

Mr. and Mrs. Claude Allen and Mr. and Mrs. C. S. Carmichael spent Sunday in Liberal, Kans., visiting relatives.

24 hours of electric service for the average family served by this company. (The average for 1947 was actually 11.6 cents.)

. . .

Although the average family served by this company is using 32% more electricity than in 1941, the average bill for home electric service has increased only slightly during the same period —from 11 cents to 11.6 cents per day.

Electricity remains cheap because so far rising production costs have been absorbed by increased use and careful business management. Your electric service today is more than ever your biggest bargain.

Ten Largest Fires in Texas During 1947 Listed by State Commissioner

AUSTIN, Jan. 14—The ten largest fires in 1947 were listed today by Marvin Hall, State Fire Insurance Commissioner.

Compilations were made from fire marshal's reports from over Texas. Figures are approximate and losses based on property value.

"Number one on the list is of course the Texas City explosions and fires, the greatest disaster not only this year, but the worst in the history of this State, both in lives and dollars," Hall stated.

Originating in the explosion of a ship carrying fertilizer, resultant fires and explosions took 468 lives, injured 3,000 and destroyed property worth $67,000,000.

"A lumber prefabricating plant suffered the second highest loss last year, $827,000," the Commissioner said. "Cause of the fire was unknown."

Third, was a $500,000 warehouse fire which also originated from undetermined causes. Fourth, vegetable and fruit packing sheds burned with a total loss of $265,000 and cause unknown.

Two fires ranked fifth: an oil mill company and a football stadium fire, both amounting to $200,000 losses and both starting from unknown origin. The sixth highest damage was $178,000 lost in a general mercantile store blaze. Cause was unknown.

A fire-packed bale of cotton set fire to a cotton warehouse causing $175,000 worth of damage which ranked seventh. Eighth was a $165,000 fire in an antique and art store which was caught by a cigarette.

Two fires also ranked ninth and were from unknown causes. A laundry fire resulted in a $150,000 loss, and two buildings of a lumber company burned at a cost of $150,000.

Tenth, a feed warehouse caught fire from unknown causes with the resultant blaze amounting to $125,000 worth of damage.

Snakes Alive Worth More for Farmers

(AP) Newsfeatures

RAPID CITY, S. D.—Herpetologist Earl Brockelsby says more people die every year in the United States choking on popcorn in movie theaters than from venomous reptiles.

Brockelsby, who operates a reptile garden here, protests the use of poison gas to exterminate snakes. "Such tactics," he says, "destroy all the harmless snakes along with prairie rattlers.

"The harmless varieties save South Dakota farmers thousands of dollars annually. U. S. Department of Agriculture reports indicate bull snakes, for example, destroy enough rodents annually ot save each farmer about $100.

"Use of gas is an expensive way to get rid of rattlesnakes," Brockelsby insists.

Spite Spoils Silver Wedding

COPENHAGEN (AP)—A farmer and his wife in the Danish village of Ulslev sat waiting for flowers and gifts on their silver wedding anniversary, but only a few closest members of the family appeared, bringing no gifts.

On the following day they learned that the local paper had had an advertisement announcing that the couple wanted their anniversary "passed over in silence."

Police found the advertisement had been inserted by a near relative who was at odds with the farmer over a division of an inheritance.

Pappy O'Daniel Thinks Stevenson is An Ingrate for Running Against Him

AUSTIN, Tex., Jan. 12 (AP) — When politicians gather these days the question is asked: "Can Coke beat Pappy?"

The question is premised on the assumption that Junior Senator W. Lee O'Daniel will announce for re-election. The latest announced candidate is former Governor Coke R. Stevenson, who said he would beat the bushes in an all-out campaign no matter who was in the race against him.

Should O'Daniel and Stevenson tangle, it may be freely predicted that the race would be one of the hottest the state has ever seen. It would likely produce from Senator O'Daniel some pointed references to his earlier political relationships with Stevenson, who succeeded him in the governor's office.

It was recalled that O'Daniel in a Washington interview several months ago said he did not think Stevenson "would want to place himself in the position of an ingrate" and run against him.

O'Daniel was referring to two circumstances, the fact that he came out in support of Stevenson in a close race for the lieutenant governorship in 1938, and the fact that he stepped out of the governor's office in August, 1941, to go to the Senate. This elevated Stevenson to the governorship.

This brought from Stevenson a calm but firm rejoinder to the effect that he owed no political debts to O'Daniel. There the matter stood until Stevenson erased any doubt in O'Daniel's mind about his candidacy, by announcing he would run Jan. 1.

If O'Daniel follows the pattern set in earlier campaigns, he likely will have a good deal to say about "professional politicians." Stevenson has already discussed it.

In his opening speech, he identified himself as a "small-town business man and rancher," adding:

"I suppose I might also be called a politician, since you, the people of Texas, have honored me by choosing me to serve you in the governor's chair and in other public offices. I have tried to be a good politician. (He emphasized "good.") I have endeavored conscientiously to apply business principles to whatever part I have had in the conduct of the state government. To the best of my ability I have tried to be the kind of politician that serves the people well and faithfully, without double-dealing or grandstanding."

Friends of Stevenson were convinced these remarks were studiedly pointed toward a target that would almost surely pop up.

In the discussions centering on who could beat whom, there is a notable absence of positive assertions, except that it would be a rough, tough race. Both Stevenson and O'Daniel have notable vote-getting characteristics, backed by past performances at the polls.

Philippine Revenues Up

MANILA (AP)—The Philippine government's revenues for the first four months of the fiscal year increased nearly 50 per cent or more than $20,000,000 over the same period last year to a record $42,645,247.

Mr. and Mrs. S. P. Whippo were in Shattuck, Okla., Friday to take her aunt, Mrs. Gabriella Black, to her home. Mrs. Black had been a guest in the Whippo home for nearly a month.

HERE'S WHY MOST MOTHERS DO THIS

When Children Catch Cold

Warming, soothing relief from distress of colds starts in a hurry when you rub on Vicks VapoRub at bedtime. Because VapoRub penetrates to upper bronchial tubes with its special medicinal vapors . . . and stimulates skin surfaces like a warming poultice. Then it works for hours to bring relief *while the child sleeps!* Try it tonight!

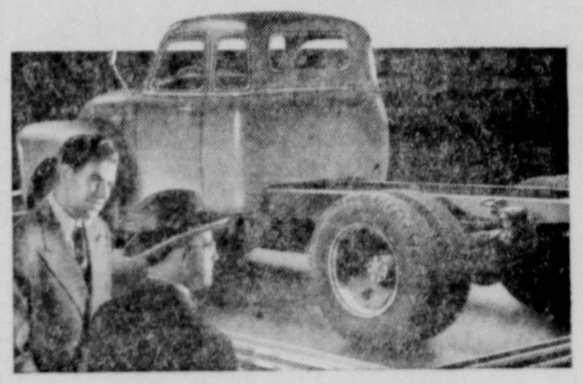

AT BEDTIME rub throat, chest and back with Vicks VapoRub. Its relief-bringing action starts *instantly* to relieve distress . . .

WORKS WHILE CHILD SLEEPS to bring relief during the night. Often by morning most misery of the cold is gone!

For a Stronger Sturdier Chassis

GET A GMC

GMC Trucks have always been built "to take it." Today they are equipped with chassis structure that offers greater strength and stamina than ever before.

Axles are heavier and huskier. Springs are stronger. Frames are tougher. Brakes, steering, transmissions, clutches . . . all have been improved to give you easier handling, surer control and day-in, day-out service on the most rugged hauling jobs.

There's a new GMC . . . light, medium or heavy duty . . . exactly suited to your type of truck work. See us for complete information . . . and all your truck needs.

Queen of Tonga Goes Calling

AUCKLAND, New Zealand (AP)—Stately six-foot, one-inch Queen Salote of Tonga, ruling monarch of the tiny independent Pacific kingdom, has arrived in Auckland for a five months' visit.

Now 47 years old, Queen Salote is a direct descendant in the 21st generation of a chief who founded the Tui Kanokubele dynasty about 1610.

Mrs. Ray Batman is visiting friends and relatives near Perryton this week. The Batmans recently moved to Sol-A-Bar ranch near Kansas City, Mo.

INDEX OF TEXAS BUSINESS ACTIVITY—The Index of Texas business activity prepared by the University of Texas Bureau of Business Research hit an all peacetime high of 208 in November. This peak was 7 points above October and 3 points over August, the previous high. It was also well over twice the prewar level. The advance in Texas business since the reconversion low of 160 in October, 1945, has wiped out all of the drop following cancellation of war contracts to put November, 1947, activity on a par with August, 1945, the month the war ended. Every component of the general index except miscellaneous freight carloadings recorded gains in November over October. Heavy holiday buying in the state's department and apparel stores pushed their sales index up 43 points. Increased industrial and commercial activity was reflected in the monthly advance of one point in crude oil runs to stills and 7 points in electric power consumption. There was one point rise in employment and a 10 point gain in payrolls.

Babson Further Discusses 1948

ROGER W. BABSON, Editor-in-Chief

WASHINGTON, D. C., January 9—In addition to my formal Forecasts which were in this newspaper last week, I now want to add something for readers to think over.

General Outlook

As heretofore stated, 1948 will be much like 1947, at least up to November 2. With most manufacturing companies enjoying large unfilled orders, there can be no depression in 1948. There, however, will be an increase in war preparations. This will mean the shifting of employment and credits from one industry to another. For instance, we may expect some slackening in industries devoted wholly to unessential peace work. Industries which were booming during World War II, should pick up again during 1948.

If you are undecided as to how some special business will act in 1948, just consider how that business acted in the years 1938 to 1940. If the business prospered during those years, it will probably show increased activity during 1948. If it suffered, it may show a decline in 1948. There will be no World War III in 1948, but there will be marked preparation for it.

What About Inflation?

During 1948 there will be much talk in Washington about "checking inflation," but any attempts will be largely of the eye-wash variety and not fundamental cures. It is sound legislation to allocate materials to the more important industries. Doubtless certain allocations will be instituted during 1948. It also would help to reduce taxes so as to force people to leave the government employ and to produce. The only solution for inflation, however, is to discourage consumption and encourage production. Unfortunately, when the Government attempts to decrease consumption, people get panicky and increase their purchases; while controls tend to reduce production.

All Government attempts to interfere with the basic laws of supply and demand fail in their purpose. The only cure for rising prices is to let them rise to a point where production will be so profitable that it will increase to an amount which will be in excess of demand. This causes an abrupt decline in prices and in employment also. This cure is unpopular politically, and we will not see it before November 2, 1948.

Beyond allocating materials and reducing taxes, the only fundamental cures which the Government can provide are: (1) putting an embargo on exports, (2) suspending the agricultural price supports, (3) freezing wages and profits, (4) causing interest rates to rise sharply, and (5) reducing Government expenses. These movements would be unpopular politically, and I doubt whether we shall see them in 1948.

All of us are selfish. We don't want the Federal Government to shut off the exports of OUR goods, to suspend price support of OUR products, to freeze OUR wages or profits, to raise the rate of interest which WE are paying —or to discharge some relative of ours whom we must support, —even although these things would be for the good of the nation as a whole. Hence, I again say,—"only a spiritual awakening can prevent another severe bust."

Political Leaders Lack Courage

Members of Congress and the Administration know what to do. Chairman Eccles of the Federal Reserve Board has given Congress excellent advice, as reported in the morning papers of November 26. These recommendations, however, are unpopular. Even Congressmen are putting their own selfish desires ahead of the nation's good.

Congressmen are fearful of labor leaders. They are fearful of veterans, thus, unwilling to take a courageous stand on housing and rents. They are fearful of the bankers, in fact, of all pressure groups in Washington. Hence, 1948 will witness more or less of a do-nothing Congress. I visualize that economic conditions will continue about as at present during 1948; but as a fever is necessary to cure many diseases, so economic distress seems necessary to bring people to their senses and to their knees.

Veteran Forum

Q. I am a disabled veteran of World War II and would like to know if I can be given a statement of my disability?

A. Information from your folder regarding your disability may be furnished you when, in the judgment of the Administrator of Veterans Affairs, it would not be injurious to your physical or mental health. Your private physician may obtain from VA, upon written request, any information concerning your condition which he requires to treat you.

Q. Will Veterans Administration pay for tools and equipment while I am taking on-the-job training?

A. VA will pay for those tools and equipment that are needed by all trainees for the satisfactory pursuit of the same training course.

Q. Will VA pay tuition for a veteran to attend school while he is taking on-the-job training under the GI Bill?

A. Yes, Veterans Administration will pay for such schooling if his course of study is related to the vocation for which he is in training, or if the school course is prescribed and recommended as a part of his job-training.

Q. What should the veteran do if he is not satisfied with the job-training he receives?

A. That is a matter for the veteran to decide himself, but it might be advisable for him to seek the counsel of a VA training officer. He can always discontinue his training, or with VA's permission, he can switch to another training establishment.

Cheaters Among The Sportsmen

PIERRE, S. D. (AP)—Hunters weren't the only men afield in South Dakota during the fall upland bird and big game seasons. The state game, fish and parks department says wardens and other officers haled in a total of 196 hunters, who paid fines totaling $6,255 on charges of game law violations.

Most of the arrests were for shooting game birds out of season, exceeding daily bag limits and shooting hen pheasants. One hunter, however, was charged with He shot a pelican.

PERRYTON, TEXAS

On a heavy-duty job, give me new Advance-Design
CHEVROLET TRUCKS
and here's a "load" of reasons why . . .

Only Advance-Design Trucks Have All These New and Finer Features:

- ★ Cab that "breathes"
- ★ Flexi-Mounted cab
- ★ Uniweld, all-steel construction
- ★ Larger, more durable, fully adjustable seat
- ★ 22% greater visibility
- ★ New, rear-corner windows
- ★ Stronger, new frames
- ★ Full-floating hypoid rear axles
- ★ Specially designed hydraulic truck brakes
- ★ Valve-in-Head Thrift-Master or Load-Master engines
- ★ More efficient loading (stake and high-rack bodies)
- ★ Newe thorough sealing insulation
- ★ Standard cab-to-axle-length dimensions permitting interchange of bodies
- ★ . . . and MANY more!

Brother, how these stronger, new frames stand up! Wheelbases are longer, too, for better load distribution. And the brakes are exclusively designed for greater brake-lining contact!

There's nothing like the cab that "breathes" for comfort! . . . fresh air is drawn in from the outside—heated in cold weather—and used air is forced out.* The cab is cushioned on rubber—Flexi-Mounted—with 12 inches more foot room and eight inches more seating space. There's 22% greater visibility, too, they tell me. The seat is fully adjustable. Man, this is it!

Here's a special, heavy-duty job and an extra-special truck! Take your pick from 107 different models and eight wheelbases. There's one made for your special kind of job.

Look—rear-corner windows!* Now it's a cinch to back up without jackknifing. Yes, sir, these trucks are brand new—really different with Advance-Design. And they're packed with power in the world's most economical engine for its size—Chevrolet's Valve-in-Head engine.

*Fresh air heating and ventilating system and rear corner windows optional at extra cost.

Come in and see these trucks—today! There's a Chevrolet Advance-Design truck to meet your specific needs and offer you TRANSPORTATION UNLIMITED!

"OLD WORK HORSE" OF THE CENSUS BUREAU—is this counting machine that can total 24,000 facts a minute from cards such as the young woman on the left is feeding into it. Now it is being made ready for the nationwide population county to be taken in eight months in 1950. On the right, even "robot brains" get tired sometimes and make mistakes, so here J. C. Capt, census director, checks a card handed him by A. F. Van Aken, boss of the robots. The card was punched by a machine copying information. The 1950 cards will be enough to circle the earth twice.

Chevrolet Sets Postwar High Car Production

DETROIT—Production of passenger cars and trucks by the Chevrolet Motor Division during December set a new postwar high, when a total of 110,049 units made in the company's assembly plants, it was announced today by Nicholas Dreystadt, Chevrolet general manager.

The total of 38,160 trucks and commercial vehicles produced during December not only was a new postwar record, Dreystadt pointed out, but also came within 736 units of setting an all-time high mark for this type of production. Chevrolet produced more trucks and commercial units last month than in any single month since June 1929, when 38,896 such units were made.

The production of 71,889 passenger cars in December also was a new postwar record, exceeding any production month since the resumption of automobile making following V-J Day. It was higher than any passenger car production month since December 1941.

Shortly before the end of the year, Chevrolet announced it was the first single company to make more than a million passenger cars and trucks in 1947. The year-end production figures show that a total of 1,031,330 passenger and commercial vehicles were manufactured in Chevrolet assembly plants.

Mrs. D. R. Gaither and Miss Sammie Roach spent last Thursday in Guymon, Okla., visiting friends and relatives.

Dombey, Okla.

Mrs. Agnes Duerson was pleasantly surprised Wednesday when the Jolly Neighbors club met at her home in the Dombey community with a basket dinner and gifts to help her celebrate the 73rd anniversary of her birthday. The occasion also marked Mrs. Lewis Duerson's birthday. Mrs. Ralph Dietrich baked the large angel food birthday cake. In the afternoon, the meeting of the club came to order with the group singing "Does Jesus Care," and names were drawn for unknown friends. The ladies also voted to take the hostess for each meeting a gift. The club will meet January 21 with Mrs. Olen Allen.

Those present to enjoy the dinner were Mmes. Agnes Duerson, Lewis Duerson and Dannie, Olen Allen, W. W. Dotson and Gary, A. E. Ross, George Weiss, J. R. Kulow, Ella Ellexson, Jessie Stephenson, Merrel Kuykendall and Ronnie, Ralph Dietrich and two children, Lenora Mitchell, Messrs. Paul and Vernon Duerson.

Mr. and Mrs. J. R. Kulow had as their guests for Sunday dinner, Mr. and Mrs. Lloyd Mitchell and three children, Mrs. J. C. Stevens, Liberal; Mr. and Mrs. Chester Bartel and children, Boyd.

Mrs. Edwin Neill, Donald and Carole Sue, Liberal, are spending the week visiting her parents, Mr. and Mrs. J. R. Kulow and with his mother, Mrs. Tillie Neill and Perry. Mr. Neill is attending a salesmans school in Wichita, and they plan to move to Dodge City soon where Mr. Neill will establish headquarters for the Rex Air Co.

Lloyd Mitchell is spending this week in Wichita on business. Mr. and Mrs. Mitchell are moving to Sublett, Kans., where Mr. Mitchell will be manager of an oil station.

Little Linda Lea Mitchell visited Saturday night with her grandparents, Mr. and Mrs. J. R. Kulow and attended Sunday School at Turpin Sunday.

Mrs. Tillie Neill is having bathroom fixtures installed in her house. Elbert Cone of Pampa is doing the work.

Miss Lois Neill spent the weekend here with homefolks. Miss Neill teaches school at Spearman.

NAMED—W. St. John Garwood (above), Houston, Texas Lawyer, has been named by Gov. Beauford H. Jester as an associate justice of the Supreme Court of Texas.

Airline Planned For Mecca Pilgrims

LONDON (AP) — Pakistan pilgrims to Mecca, whose journeys have taken fifteen days, soon will be able to reach the shrine in one day by air.

Two Pakistan industrialists, Hussian Malik and Mahmoud Harroon, are forming a new airline, to be a subsidiary of the Islamic Airways and known as "Pakair."

In London to buy new planes, the industrialists said the company already has twelve aircraft, including two four-engined Liberators. It requires six more planes for the service to the Middle East.

S/Sgt. Wilbur Holland spent the past week in Perryton visiting his brothers and sisters. Wilbur was on furlough, having recently returned to the states from Korea, Japan.

Mr. and Mrs. Jake Dunkle were weekend guests of Mr. and Mrs. Ulmer Beatty at Texline, Texas.

CARD OF THANKS

May I thank each and every one of you who sent cards, flowers and gifts and you who visited me during my stay in the hospital. Thanks to everyone for their kindness and especially the doctors and nurses.

Mrs. Anna H. Wolff

Overtime Work by Dr. Stork Set New Birth Record in Texas During 1947

AUSTIN, Tex., Jan. 12—It is estimated that during 1947 there were 195,000 live births and 61,000 deaths in Texas. The number of births in 1947 far exceeds the former record of 180,000 in 1946. The excess of births over deaths last year gave Texas a natural increase in population of 134,000 people, according to Dr. Geo. W. Cox, State Health Officer.

It has been apparent for some time that reductions in the mortality due to preventable causes could not any longer offset the staggering increase in the number of deaths due to cancer and the various heart diseases. For this reason, it was not difficult to predict that 1947 would see the general death rate begin an upward trend.

Practically all of the increase in the mortality during the first nine months of 1947 may be attributed to the steadily mounting toll of death levied against the population by heart disease, cancer, and apoplexy.

Considerable satisfaction should come to those engaged in public health work in knowing that during the first three quarters of 1947 the lowest death rates ever recorded in Texas were reached for the following diseases: typhoid fever, diarrhea and dysentry, scarlet fever, diphtheria, measles, poliomylitis, tuberculosis, malaria, syphilis, pellagra, and typhus fever.

GETS DEER WITH A STONE—George Herndon, rancher of near Uvalde, Tex., is shown above with a live deer he captured with the help of a stone. Herndon was driving near his ranch early Dec. 27 when he came upon the deer in the road. It did not move and he got out of his car, picked up a stone and threw it, hitting the deer between the eyes and knocking it unconscious. Herndon then tied the deer's legs and took it into Uvalde.

Veterans' NEWS

The number of veterans in an interrupted or discontinued training status increased slightly during November, Veterans Administration reported.

Of all veterans who had entered training under the Vocational Rehabilitation Act (Public Law 16) for disabled veterans since the program began, 32 percent, or 121,700, no longer were in training on November 30, 1947. This number includes 22,400 disabled veterans who had been declared rehabilitated.

Under the GI Bill (Public Law 346), about 43 percent, or 1,915,400, of all veterans who started training since the beginning of the program, no longer were in training at the end of the month. Only 9,600 of this number completely exhausted their entitlement to training.

Veterans Administration during November entered into 1,076 contracts and 700 contract supplements with education institutions to provide educational training for World War II veterans, bringing the total number of contracts in force at the end of the month to 11,968.

Agreements with job training establishments signed during the month totaled—4,481. On November 30, 1947, there were 206,811 such agreements in force.

At the end of November, 697,146 job training establishments and 40,097 educational institutions were on the approved list of training facilities.

About 30,000 pharmacies throughout the country, taking part in the Veterans Administration home-town pharmacy program, filled more than three-quarters of a million prescriptions for veterans during 1947, the Veterans Administration estimated.

The veterans were undergoing out-patient treatment for service-connected ailments in VA clinics or with private physicians.

Dinner Honors Head of West Texas State

Dr. James P. Cornette

CANYON, Jan. 9—More than 400 citizens of Northwest Texas gathered at the beautiful new cafeteria building on the campus of West Texas State College in Canyon Friday night to welcome Dr. James P. Cornette to West Texas. Dr. Cornette became executive vice-president of the college on January 1, 1948, coming from Baylor University. He will become the third president of the college on Sept. 1. He will succeed Dr. J. A. Hill as president. Hill has served the college for 38 years, being the last member of the original faculty to retire. He has been president for 30 years.

The dinner was given by the Canyon Chamber of Commerce and the Canyon Rotary Club to guests from practically every town in this area. Herschel Coffee, president of the Rotary Club, presided and greetings were extended by Delbert Lowes, president of the Chamber of Commerce.

Newton Harrell of Claude, member of the Board of Regents, introduced the other visiting regents, Judge W. L. Kerr of Midland, Dr. M. C. Edison of Austin and Walter Woodul of Houston.

The regents highly praised the work accomplished by Dr. Hill during his long tenure of office, and pledged full support to Dr. Cornette in the further development of the college.

Dr. Cornette stated that he came to the Panhandle because of the splendid spirit which was shown by the citizenship. He has faith in the future of this area and great faith in the ability of the college to render service to the people of this section. He praised the spirit behind the development of the museum of the Panhandle-Plains Historical Society, and urged full co-operation that other enterprises be established on the campus which will be of service to this section.

Dr. J. A. Hill thanked the thousands of people who had been of such great service in building the plant of West Texas State. He pointed out great accomplishments during the past 38 years, but this was just the beginning. The college has a mission to perform and the intelligent co-operation of all citizens of this section will bring about a greatly expanded program.

The Canyon City Commission and Randall County Commissioners Court offered to the Regents on Friday a tract of 200 acres adjoining the campus for development of aviation.

Blackface Makeup Beats the McCoy

COPENHAGEN (AP)—The American Negro singer, Anne Brown, recently visited a Copenhagen theater staging the French author Jean Paul Sartre's "La Putain Respectueuse." After the performance she shook hands with the Danish actor, Peter Malberg, who plays the part of a Negro, and questioned him eagerly about his Negro makeup.

"You have the color that I in vain have tried to get when performing on the stage," she told the astonished Dane.

We visited in the C. F. Gates home Friday evening.

Cowans were seeding broom corn Saturday.

Our Sunday callers were Wallace Wiebe and Mr. and Mrs. Edgar Skidel, Skippy and baby Howard.

• Boyd, Okla.

Little Paula Ann Guyton celebrated her fifth birthday Sunday, January 11.

Cowan Bros. sold their broom corn Monday to Mr. Eaton for $275.00 per ton.

Mr. and Mrs. E. P. Fuller and Ed Claybrook were in Perryton Tuesday.

We spent a pleasant day in the Jim Randles home at Hardesty Thursday.

Club met Wednesday with Mrs. Maud Trimmell.

Ed Claybrook and Miron Gilbert were in Perryton Friday. I spent the day with Grandma Gilbert and Opal.

Misses Deloris Claybrook and Clara Fuller were out horse back riding Sunday evening.

New power for your BUICK !

Today's Power, Today's Performance, Today's Zip — for Buicks up to Ten Years Old!

MAYBE this sounds too good to be true. But it's a fact!

Even if your Buick dates back as far as 1937, you can have a hoodful of factory-fresh Fireball power—a sleek new power plant that's the same as the engines going into the latest Buick cars.

Everything about it is brand-new. A new carburetor and air cleaner help make every drop of fuel give up all its power. A new distributor, complete with vacuum and centrifugal advance, puts new snap in your getaway and new pep in all driving. A whole new wiring harness prevents electrical loss. And tucked in the flywheel housing is a new smoothie of a clutch that'll make driving more fun than ever.

Yes, it's all new, with the latest Buick engine features you read about—like precision cylinder boring, Oil-Miser rings, Stratoflow cooling and so on.

You can get a new engine like this because engine production is not held back by the shortage of sheet steel which limits complete-car production.

So we're able to put one of these honeys into your car and make it young again—give it new power and performance that will get you set for thousands and thousands more carefree miles.

How much does it cost? Not nearly what you'd expect—often less than a comprehensive overhaul. And it's a mighty good investment because it makes your car worth so much more when it comes time to turn it in.

Nice proposition, isn't it? Surely worth talking over. Won't you come in and let us give you all the details?

Stain Removals' Demonstration Held for Club Leaders

With bleaches, solvents and absorbents before her, Virdie P. Wheeler showed six club leaders, representing four clubs, how to present the program "Stain Removals" to their clubs. This is the second program in their year books for January.

Mrs. [illegible] Downey found that grease spot on a silk dress that she had thought vanished when spot "Over" a solvent was used. Iron rust was quickly removed from a cup towel when it was immersed for a few minutes in a solution of one fourth cup peroxide to which one fourth teaspoon sodium perborate had been added.

Mrs. William Flowers found that mud stain persisted after the use of two different stain removers. The stain had been standing for several days. When saturated with glycerine, some of the ink dissolved in a pure silk scarf brought by Mrs. N. Byers. It is believed had glycerine been applied at once that all the ink would have come out. After giving each leader a file and materials for the program, Mrs. Wheeler served rolls and salad to the following: Mrs. Jack Dodson, Mrs. R. N. Byers, Mrs. Nathan Newman, Mrs. Bill McLanahan, Mrs. Wilson Flowers, and Mrs. Mike Harney.

Newlyweds Are Dinner Honorees

[illegible] a dinner given Sunday, Jan. [illegible] in the home of Mr. and Mrs. [illegible] Slovacek near Booker, Mr. [illegible] Mrs. Jake Helfenbein, who were married January 2, were honored.

The next meeting will be an [illegible]allation of officers and pledge [illegible]ce in the coffee shop. All [illegible]ness and study meetings will [illegible]eld in the coffee shop until [illegible]er notice.

Mrs. Hinkle Has Lutheran Aid

The Lutheran Ladies Aid met [illegible]day afternoon, January 6, [illegible]e home of Mrs. Albert Hin[illegible] The Rev. W. B. Gummelt [illegible]ed the meeting by reading [illegible] 13. In the absence of [illegible] and the vice-presi[illegible] Gummelt presided.

[illegible]anks were received [illegible]na Wolff and Mrs. [illegible] who received flow[illegible]society while in the [illegible] from Mrs. Wade [illegible]rman, for the gift [illegible] daughter.

[illegible]elt gave an inter[illegible]n "Winning Souls [illegible]he meeting closed [illegible]up repeating the [illegible].

[illegible] social hour, the [illegible], Mrs. Louis Seedig served [illegible], sandwiches and cookies [illegible] members and one visitor, [illegible] Hazen, Boonville, Ark.

[illegible], February 3, the meet[illegible] will be with Mrs. Gummelt [illegible] assistant.

[illegible] Douglass, Texhoma, [illegible] a house guest the past [illegible] of [illegible]mmie Roach.

Foreign Policy Discussion at General Sorosis

General Sorosis met Wednesday, January 7, in the Hotel Perryton clubroom. Mrs. W. B. LaMaster, presided during the business session, and Mrs. H. C. Sanford brought inspiring messages from federated magazines.

Speaker of the afternoon was Mrs. Harold Kershaw, whose talk on "Our Foreign Policy" was so very interesting and enlightening that the suggestion was made to mention this program to the Federation as outstanding.

The club voted to cooperate with other organizations to sponsor a visit from A. Caswell Ellis, Ph. D., who is former director of the College for Adults of Western Reserve University, former professor of Philosophy of Education at the University of Texas and now consultant of Adult Education, the Division of Extension. He is an internationally known author, educator and speaker. It is hoped that he will be able to appear in Perryton in the near future.

In attendance were Mesdames Dewey Allen, Jack Allen, H. D. Barnes, Alton Boxwell, H. C. Brillhart, D. A. Caldwell, J. W. Chase, R. T. Correll, H. T. Cutter, Ira Ferguson, Oscar Flowers, Horace Glasgow, Ray Grabeel, Ward H. N. Gregg, Ralph Headlee, G. D. Holt, R. P. Hurn, A. J. Kelly, Harold Kershaw, Chas. Kent, W. B. LaMaster, F. M. McGee, W. E. McMillen, B. H. Murphy, Clarence Neufeld, Lloyd Phillips, J. W. Putman, O. C. Rogers, H. C. Sanford, C. L. Schell, John Sell, O. C. Shearer, R. L. Smoot, A. P. Spicer, J. H. Stephenson, Arch Talley, E. W. Thomas, L. T. Tucker, Spencer P. Whippo, Manse Wood, A. K. Wooten, J. O. Wooten, L. T. Wright, Golta Tandy, Carl Blackmore, Mark Boehning, Max Boyer, Louis Jacquot, John Sammons, Dwight Sims, Luther Wade, Gus Henshaw and J. H. Woodward.

Birthday Party For Miss Apple

Miss Kara Bess Apple observed her fifth birthday with a party on Saturday afternoon, January 10, at four o'clock in the Apple home on South Amherst.

Pictures of the group were made during the hours of play and when they were served refreshments of cake and ice cream whistling birds were presented as favors.

The guest list included John Erickskon, Benny Conley, Carl Wilson Ellis, Lunette Castle, Betty Ann McCelvey, Pat Malone, Connie LaMaster, Don Boyer, Don Neufeld, Donna Murry, Maretta Murry, Ann Acker, Dorrance Osborne, Billy Buckland, Nanjean Boxwell, Karolyn Kelly, Sara Hize, Camilla Jane Emerick, Bonnie Witt, Faye Allisorf, Ruth Whippo. Jay Kenny Norris, Shelly Tucker, Lynn Wilson, Carol Kent, Connie Kent and Kent Apple.

Christian Ladies Regular Meeting

The Women's Missionary Society of the Christian Church held its regular meeting last Thursday afternoon in the home of Mrs. W. J. Miller near Gray, Okla., with Mrs. Neal Thompson, co-hostess.

Mrs. Roy Miller, leader, introduced the program, and topics presented included "Stewardship," Mrs. Leon Shrader and "Beginning With Me," Mrs. Art Turner. The vocal solo, "Alone" was rendered by Mrs. Lewis Isley, and Mrs. Alf Pittman brought the devotional, "Original Ground."

Refreshments were served during the social hour.

Members present were Mesdames Glenn Smith, C. B. Gift, A. K. Wilson, Lee Halpain, O. O. Cox, Roy Miller, Wm. Kuhn, Alf Pittman, Leon Shrader, Milt Todd, Merrill McLain, Claude Allen, Lewis Isley and Art Turner. Mrs. Ray Batman was a guest.

CARD OF THANKS

I wish to express my sincere thanks to those who were blood donors during my recent illness and also to those who volunteered as blood donors. I also wish to thank those who visited me in the hospital.

Noel King
3-1t-p

Mr. and Mrs. S. P. Whippo were overnight guests Monday in the home of Mr. and Mrs. Max Mitchell, northwest of Stinnett.

MARRIED IN NOVEMBER . . . Mr. and Mrs. J. D. Flanagan Jr., whose marriage was an event of November 23 in the First Baptist Church, Guymon, Okla. Rev. O. L. Lowe was the officiating minister. The couple are at home at 1209½ North Ellison, Guymon, where Mrs. Flanagan, the former Miss Florentine Amelia Pshigoda, is employed at the Guarantee Abstract Co. Mr. Flanagan is engaged in farming near Goodwell, Okla.

Baptist Women Meet at Wrights

The new country home of the Ray Wrights was the scene for the meeting of the Women's Missionary Society of the Baptist Church last Thursday afternoon.

Subject for the Royal Service program was "Sixty Years in Royal Service," and Mrs. Joe Watson was program leader. Mrs. G. D. Holt brought the devotional.

Topics presented included "Beginning," Mrs. Chester Cooper; "Fascinating Firsts," Mrs. Luther Wade; "For 60 Years," Mrs. Horace Smith; "In Commemoration," Mrs. Ray Thomas.

The hostesses, Mesdames Ray Wright, R. L. Smoot and Holly Palmer served refreshments to 26 members and 2 guests.

Community Center Box Supper Slated

The Ochiltree community center will sponsor a box supper on Friday night, January 23.

Proceeds are to pay for wiring the building. The public is cordially invited.

Mr. and Mrs. Noel Keith were business visitors in Enid, Okla., on Monday.

Boren-Helfenbein Vows Solemnized Friday, January 2

In a double ring ceremony at five o'clock Friday afternoon, January 2, in Amarillo, Mrs. Villa Marie Boren became the bride of Jake Helfenbein of Booker. The bride is the daughter of Mr. and Mrs. Joseph Slovacek, Booker, and the bridegroom's parents are Mr. and Mrs. Henry Helfenbein Sr. of Perryton.

The Rev. E. B. Fincher officiated.

The bride wore a grey gabardine suit with brown accessories and her corsage was of white gardenias.

The young couple will make their home on a farm near Booker.

Announce Adoption

Mr. and Mrs. Henry P. Fuller Jr. are happy to announce the adoption of a son, Douglas Craig.

The baby, born June 26, 1947, arrived at the Fuller home recently.

Everything for the business office at Stewart Printing Co.

Missouri Avenue Club Has First Meeting of Year

Childrens clothing should be simple in design, that they may be easily laundered and that the child can dress himself without help, stated Mrs. Virdie P. Wheeler at the meeting of the Missouri Avenue Home Demonstration club on Friday January 9.

To open the initial meeting of 1948, which was held in the home of Mrs. A. W. Henry, the group sang "Auld Lang Syne."

Roll call was answered with club resolutions.

Delicious refreshments were served to Mesdames Fred Huston, J. H. Kershaw, J. E. Johnson, C. E. Haar, L. McGarraugh, Earl McGarraugh, Nathan Newman, Arvie Hale, C. A. Zirkle, Bill McLanahan, D. D. Shanks, G. K. Plowman and Virdie P. Wheeler, and a visitor, Mrs. Glen Henry.

Garden Club Monthly Session Held Tuesday

Mrs. Cralence Neufeld was hostess for the meeting of the Perryton Garden club meeting on Tuesday afternoon at her home.

Mrs. Dewey Allen was leader for the afternoon and also conducted the "Green Thumb" round table discussion. Roll call was answered by gardening resolutions. Program topics were given by Mrs. H. C. Sanford who spoke on "Native Plants on the Landscape Divine," and Mrs. Virdie P. Wheeler whose topic was "So You Were Given a Pot Plant for Christmas."

Attending the meeting were Mesdames H. C. Brillhart, W. C. Herndon, Max Boyer, Fred Huston, O. A. Schuster, H. E. Young, Virdie P. Wheeler, Dewey Allen, Horace Glasgow, S. P. Whippo, G. D. Holt, R. T. Correll, H. C. Sanford, L. R. Conner, Willard Witt, A. C. Witt, Giltner LaMaster, J. W. Putman, T. V. Elizey, Clarence Neufled and a new member, Mrs. Golta Tandy.

Red Cross Emergency Closet Needs Items

An urgent call has been issued by Red Cross officials for bedding and childrens clothing, infants to 12 years, for the Emergency Closet in the Ochiltree building. Bedding or wearing apparel, except shoes, will be accepted for distribution through this channel, but special appeal is being made for childrens clothing and bedding. Mrs. J. F. Cox, active in this work, states that there are families in Perryton now in need of such items. Bring your donations to the Red Cross rooms, Mrs. Cox urges.

Mrs. Carl Cade Present Piano Students in Recital

Mrs. Carl H. Cade will present her junior and intermediate piano students in recital January 20 and 22 at the First Baptist church of Perryton. Both recitals will start at 7:45 p. m.

Junior students who will be presented on January 20 are Connie Slaughter, Euella and Dorine Wright, Glenda McGibbon, Barbara Barr, Barbara Flathers, Charlotte Flowers, Sue Williams, Valda Jean Day and Carolyn Dunlavy. Ushers on this night will be Marianna McGibbon, Colene Schell, Jerry Ward and Donald Graves.

Those participating in the Intermediate program on Thursday night are Colene Schell, Nancy Dodd, Fay Marie Beck, Elaine Deitrich, Jerry Malone, Marianna McGibbon, Josephine Foote and Johnnie Johnson. Ushers on this night will be Marion Day, Texas Cunningham, Jerry Ward and Donald Graves.

Parents and friends of the students are cordially invited to attend.

Mr. and Mrs. Bill Cone were in Canyon this weekend to be with his mother, who underwent surgery.

New Guild Officers Installed Monday

New officers of the Guild were installed on Monday evening at the home of Mrs. Howard Holt. The hostess opened the evening by serving a delicious refreshment plate.

The installation was conducted by Mrs. J. H. Sharp. The new officers are Mrs. Ruth Meadows, president; Mrs. Georgia Hurlhey, vice-president; Mrs. Claudia Bolerjack, treasurer; and Miss Anna Tevis, secretary.

The Guild Pledge Service was conducted after the installation.

Mrs. Hazel Thurston, a former member, was a guest.

Members present were Mesdames Claudia Bolerjack, Viva Buckhaults, Trudy Hartman, Georgia Hurlhey, J. H. Sharp, Pearl King, Ruth Meadows, Sue Ragan, Pearl Teeter, Misses Moina Caldwell and Anna Tevis and the hostess, Mrs. Holt.

Edith Eggleston and Ruby McCelvey were welcomed as new members.

Members of the Guild were happy to receive a letter from their adopted boy, William Henry Roath of the Waco Home, thanking them for the bicycle sent him at Christmas.

Society Continued on Page 2

Mrs. Wheeler Attends Fraternity Meeting

Virdie P. Wheeler attended the regular meeting of the Delta Kappa Gamma, National Teachers Fraternity, of which she is a member. Held at Borger Saturday, the program for the afternoon consisted of music, Sentimental Journey, by Helen M. Bisbee, a paper, "The Atomic Age" by Mrs. Mattie G. Ward, a member of the science department of the Borger High School, and Miss Dorthea Martin, initiate with Mrs. Ward, gave some interesting remarks on her stay in Italy, where she was stationed as part of a Red Cross unit during the war.

Twenty-one members and a visitor, Mrs. Geo. M. McDaniel, a member of Pi Chapter of Amarillo were present.

Miss Pace Marks Eleventh Birthday

On Saturday, January 10, Miss Shirley Ann Pace observed her eleventh birthday with a party in the home of her parents, Mr. and Mrs. B. F. Jackson. Mrs. Shine Rifenberg assisted Mrs. Jackson with the hostess duties.

Following hours of play, refreshments of cake and hot chocolate were served to Misses Norma and Patsy Rifenberg, Patsy and Evelyn Dick, Miss Pace and her sister, Barbara Darleen.

Mrs. Ruth Lewellen of Borger visited with friends and relatives in Perryton over the week end. Mr. and Mrs. Harold Hudson and Mrs. C. B. Rogers took her home Sunday night.

Pinochle Club Entertained in Shearer Home

Mr. and Mrs. Otis C. Shearer were hosts for the regular meeting of the pinochle club in their home on Thursday evening, January 8. A potluck supper was enjoyed prior to the hours of games. High scores were held by Mrs. Wesley Bryan, for women and W. E. Perry, for men. Low scores were held by Mrs. Oscar Blank for women, and Leon Shrader, for men.

Enjoying the evening were Messrs. and Mesdames W. E. Perry, M. M. Cudd, A. C. Witt, Lonnie Sultor, Oscar Blank, Bill McLanahan, Wesley Bryan, Jamse Brillhart, Leon Shrader, Oscar Shearer, Mrs. H. D. Barnes and D. C. Wilson.

Hood Wills attended a two-day meeting of the Plains Agriculture Committee in Amarillo last week.

SMALL FRY 'BEST-DRESSED' . . . The short short story of a Miami trend—even the littlest socialites wear shorts. Virginia Blake designed these slim suspender shorts for girls or boy in sturdy plaid gingham, adds a ruffled jacket for Sis, tailored top for Bud.

Pie Supper, White Elephant Sale at Taz Schoolhouse

Taz Home Demonstration club will hold its pie supper and white elephant sale on Saturday evening, January 17, at 7:30 p. m. in the Taz schoolhouse, it is announced.

Music will be furnished by the community string band, and stunts and fun are promised all who attend.

The public is cordially invited. Proceeds will go for the payment for recent wiring to the school building and other needed repairs to transform the building into a community center for Taz residents.

Mr. and Mrs. C. O. Willis and daughter, Lynette, of Alemeda, Calif., were guests two days last week in the home of Mr. and Mrs. H. D. Barnes and Beverly. They had been visiting in the home of Mrs. Willis' parents, Mr. and Mrs. W. E. Foglesong, of Miami, while Mr. Willis is on leave from the Navy.

Mr. and Mrs. J. H. Neufeld left Wednesday for Marlin where they will spend several weeks for their health.

Mrs. Hankins Is Hostess to Club

Mrs. A. B. Hankins entertained members of Entre Nous bridge club in the home of Mrs. W. L. McConnell, 905 South Baylor, on last Wednesday afternoon.

Mrs. Glen McGibbon captured high score, and Mrs. Roy K. Sanford, guest, second high.

The dessert course was served at the close of the games to Mesdames J. H. Brashears, W. L. McConnell, G. L. Kengle, McGibbon, Fred Osborne, H. J. LeMaster, Irvin Hergert, Cecil Dodd, Jack Todd and Sanford.

Welcome Shower For Fuller Baby

The home of Mrs. Gene Lawrence was the scene for a welcome shower for Douglas Craig Fuller, infant son of Mr. and Mrs. Henry P. Fuller Jr. on Thursday afternoon, January 8.

Mrs. Lawrence shared hostess duties with Mesdames A. F. Holland, Chellis Gidley and Phyllis Dye.

Accenting the decorative note was the low arrangement of pink and blue shaded blooms which graced the coffee table.

The refreshment plate was served friends who called from 2:30 to 4:30 p. m. Approximately 50 invitations were extended.

Waka H. D. Club Meets in Conner Home January 7

"Three essential points should be considered in making children's clothing: ease of laundering, suitability of material for its use, and self-dress features," stated Mrs. Virdie P. Wheeler, home demonstration agent, at the Waka club meeting held Wednesday, January 7, in the home of Mrs. L. R. Conner.

Mrs. Wheeler also advised members to press all seams open when making a garment, as this adds to the general appearance and simplifies various steps of work, further stated Mrs. Wheeler.

New Year books were issued and hostesses assigned for the first part of the year.

Delicious refreshments were served to Mesdames Mart Wagner, Marvin Groves, Melvin Coleman, Walt Preston, Omar Truax, P. W. Wermske, J. R. Stump, Irvin Molesworth, Allen Dennison and the hostess, Mrs. H. C. Brown of Farnsworth, Allen Dennison and the hostess, Mrs. H. C. Brown of Farnsworth and Ellen Jordan, Salem, Oregon, were visitors.

The next meeting will be February 4 in the home of Mrs. Allen Dennison, and the demonstration will be on leather craft, the making of gloves and purses. Visitors are always welcome.

Ochiltree Clubs to Be Hosts for District Meeting

Council members of the Ochiltree County Home Demonstration Clubs are urged to be present Sat. Jan. 17 at 3 p. m. at regular meeting place. At this time Mrs. Carl McDowell, Sunray, Vice President of the Texas Home Demonstration Association will be present to discuss plans for Perryton having the District Home Demonstration Association.

It is the privilege and pleasure of the clubs of Ochiltree County to be hostess to the District Home Demonstration Association, to be held this spring. Sixteen Counties will be represented. The exact meeting date will be announced later.

Mrs. Ward Gregg was in Borger on January 8, where she spoke before the Women's council of the Borger Christian Church. The meeting was held in the Women's building and representatives from a number of Panhandle towns attended.

Noel King will leave Friday for Temple where he is scheduled to undergo an operation at Scott and White Clinic, Temple, Texas. Mr. King was recently discharged from the Perryton Hospital.

Gregg Attends State Ministers Annual Meet

Ward H. N. Gregg, minister of the Christian church, is in Fort Worth this week, attending the annual conference of the Texas Christian Ministers Institute. The conference this year is being held in conjunction with the 75th anniversary of Texas Christian University.

The conference opened Monday, January 12, and will continue through Friday afternoon. Dr. George Arthur Buttrick, noted author, writer and teacher, is the principal speaker.

Mrs. Gregg accompanied her husband to the conference.

Mr. and Mrs. H. E. Young returned home Friday night from a trip to Hattiesburg and Gulfport, Miss., New Orleans and Shreveport, La., and Dallas and Ft. Worth, Texas.

Gentle Art Of Boy Meets Girl

Russian Strengthens Silesian Airfield

WROCLAW, Poland (AP)—A reliable source said Russian forces in Lower Silesia are developing and expanding a new airfield at Brzeg, on the main highway between Opole and Wroclam (Breslau).

This source reported the Soviets already have about 160 planes based at Brzeg.

Russian forces now are reported to number between 120,000 and 150,000 in the Silesian sector closest to their occupied zone in Germany.

PARASITE FIGHTER—This new jet fighter plane is expected soon to start and end a flight high in the sky for the first time in history. With no landing geat, the only way the plane can land is by means of the hook at the front, attached underneath a parent plane. It has folding wings, carries four 50-caliber machine guns and a wing load of rockets.

Norwway Plans Big Power Dam

OSLO (AP)—The newspaper Faedrelandsvennen of Kristiansand, reports that a private hydropower company plans to build a giant dam at Bykle, north of Kristiansand.

According to the plan, the new dam will be twice as large as the biggest in Norway up to now.

Mrs. J. F. Cox, Miss Annabelle Cox and Mrs. R. T. Correll were Amarillo visitors Wednesday. Mrs. Cox and Mrs. Correll attended an area council meeting of the American Red Cross community service chairmen at the Veteran's Hospital.

Lack of Dollars Cuts Beauty's Range

SYDNEY (AP)—The United States and Canada are unlikely to see the 1947 "Miss Australia"—20-year-old shapely brunette Judy Gainford—because of the dominion's dollar shortage.

One of the prizes that went with the title was announced as a five months' tour of Britain United States, and Canada; but Australian Treasury officials announced that dollars would not be provided for a trip to America by Miss Australia.

The Australian Government has called a halt to all pleasure traveling to North America to conserve dollars, and government officials have said dollars will be provided only for the "very minimum" of business trips.

Rev. and Mrs. H. L. Thurston, Brownfield, were in Perryton Monday to get their son, Bob, who is transferring to the Brownfield High School for his second term this year. Bob stayed in Perryton for the first term so that he might play football with the local team.

Many Difficulties Face Wallace In His Presidential Campaign

Henry Wallace's decision to head a third party ticket next November was hardly a bombshell. The former vice-president has been playing tag with the idea for a long time and sending up the customary trial balloons. He has been prodded by various "left of center" groups and by those who take a much more lenient view of Russian policies and intentions than do the Republican and Democratic leaders. What his formal announcement has done is to open up a whole new chain of political possibilities.

It remains to be seen what luck Mr. Wallace will have in getting on the ballot in the various states. Every state has two diffecent laws in this regard, and the variations are extreme. In Iowa, for instance, two voters can call a convention and place a candidate in contention. In Massachusetts, by contrast, about 50,000 names are needed to ring the bell. The matter is further complicated by laws concerning party affiliation and other technicalities. Generally speaking, the political air is not favorable to third parties. The last effort, by Representative Lempke, was an utter flop. Prior to that, the elder Senator LaFatlette made a strong campaign, but the best he was able to do was to carry his own state of Wisconsin where, at the time, his Progressive Party was firmly in the saddle. The best attempt of all, of course, was that made by Theodore Roosevelt with his Bull Moose ticket. He had the advantage of being an ex-president with a tremendous and loyal personal following, but he couldn't win. Normally—because of our elective system which gives a candidate receiving a bare majority of the popular vote in a state that state's entire vote in the Electoral College—a third party head wins nothing, and is important only to the extent he can take votes away from one of the major candidates.

This latter point is what makes Mr. Wallace's bid significant. He claims to have inherited the mantle of Franklin Roosevelt—though that claim is vicoferously denied in the Truman camp. Practically every political reporter thinks that he will cut into Mr. Truman's vote, and thus be a very strong asset to the Republicans. That is the obvious deduction, but there is another side to it. It is possible that what the Democrats regard as the Wallace menace will help in solidifying the party and lead to an extra heavy Democratic turnout in November. Again, if Mr. Wallace shoots the works in denouncing Truman policies, it might give the President some on-the-fence, "sympathetic" votes.

One novel suggestion is that the Wallace candidacy could be a definitive factor in the selection of the Republican candidate. That theory, valid or fanciful as it may be, runs like this: Mr. Wallace will take away enough votes from Mr. Truman to make the key states of New York and California safe for the Republicans. Therefore, it is no longer necessary to nominate Mr. Dewey to carry New York, and the palm should unquestionably go to Senator Taft, the leading midwesterner.

Coming down to the campaign itself, Mr. Wallace's domestic program will be unadulterated New Deal. This may take some of the thunder away from Mr. Truman, who is expected to advocate price control and such measures as more public power development. On foreign policy, Mr. Wallace's announced line has little in common with either Republican or Democratic ideas. He wants to help Europe through the United Nations—and, more important, he wants to help any and all countries which need it, including those within the Soviet sphere of influence. He believes in cutting down our armed forces and he is a strong foe of compulsory military training—an issue in which he is in general agreement with Senator Taft, but in complete disagreement with Governor Dewey and the President.

The Wallace campaign will be aggressive—both on his own part and that of his supporters. His following is passionately convinced he is right, and they will make a stir which is disproportionate to their numbers. This will add color, if nothing else, to what promises to be an exceedingly lively campaign.

The visible surface of the planet Jupiter has a temperature about 248 degrees below freezing.

By adding hydrogen to oil during the "cracking" process it is possible to obtain more gasoline and other "light" products from a given quantity of oil, but the process is expensive and not yet widely used.

TEXANS CONFER ON REA EXTENSION—Rep. Tom Pickett (D-Tex); M. T. Potts, Livingston, Tex., manager of the Deep East Texas Cooperative at San Augustine, and Rep. J. M. Combs (D-Tex) (left to right) talk in Washington regarding plans for extending power lines in east Texas through Rural Electrification Administration aid.

HELD—Lonnie A Robbins, 45-year-old farmer, poses for newspaper photographers at Russellville, Ark., after his arrest on an open charge following the New Year's Eve death of his 52-year-old bride.

DIES—Mrs. Lonnie A. Robbins, 52, whose New Year's eve death near Scotland, Ark., has been attributed by Arkansas officers to strychnine poisoning. This photograph was identified by her husband, arested on an open charge. Until her marriage Christmas Day, Mrs. Robbins was Mrs. Sue Dudley, an Abilene, Tex., widow.

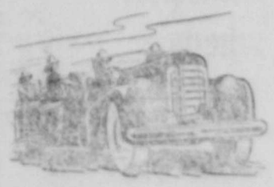

Bargain Program

DETROIT (AP)—Lawrence Tech's basketball fans find more in their programs than a sketchy line of lineups. Dick Frederick, publicity man for the school, publishes a special newspaper for each of the Blue Devils' home games, with the usual program statistics, plus feature stories and pictures on the team and visitors and information on the rest of the nation's basketball squads.

Mothers 20 to 24 years old have smaller chances of giving birth to stillborn children than those of any other age.

It is estimated that the common cold and its complications is responsible for from 40 per cent of all days lost from work in the United States.

NOTICE

TO ALL OCHILTREE COUNTY LANDOWNERS, NON-RESIDENT OWNERS AND THEIR AGENTS

Fences along state highway 70, from Perryton south to the Ochiltree county line, must be pulled up and reset at the edge of the right-of way along this highway as the state highway department engineers will start work immediately on surveying and staking this highway.

The cooperation of all landowners is requested in this matter. The fences along this highway must be moved before any further work can be done on construction of the highway.

...el in France Calls for ...ey and Travel Experience

...OBERT WILSON

...atures

...UX — If you are plan... ...vel in postwar France, ... of patience and mon... helps to have had bat... ...nce. These conclusions ... a 1,000-mile jeep trip ...is to Lyon-Marseille-...Bordeaux.

...ed:

...—because you'll find ...lf in hotels without elec... city, or water, or both. There'll ...

...o rig a jeep is not ...so cheap — in France!

...er be any soap.

...easy—because it's a myth ...t life is less expensive in the ...ntry than in Paris. Also the ...icial price of gasoline is $6 ...ts a gallon.

Battle experience — because you're liable to find yourself in a city on the verge of insurrection.

Count on each meal costing $4 and a hotel room $5.

If you have a sense of humor, bring that along too. It'll help when you run into taxi drivers in Marseille and Bordeaux.

They look at a meter, reading 200 francs, and say cheerfully: "400 francs, s'il vous plait, monsieur."

Ask them how come, and they explain: "Our union tried to get the rates increased and couldn't, so we are taking the matter into our own hands."

Here are some highlights of a week's tour:

First day—lunch at Avallon, 1,423 francs for two ($11.80).

Second day, Lyon—Arose at 5 a. m. to get early start. No electricity. Hotel bill: 1,040 francs ($8.60).

Stopped at village of Chateau-neuf-du-Pape (Pop. 1,583) for gesture of drinking a bottle of wine of same name. Cost of lunch, including wine, 2,200 francs ($18.30).

Third to seventh days, Marseille — Each hotel meal for two always over 1,000 francs ($8).

Those French taxi drivers charge what they please!

To eat in a French cafe today is to lose one's appetite!

City had just had a riot and was tied up by a strike. One stranded woman was so nervous she refused to go out on the streets.

If she had had battle experience she would have been able to sense that city officials had amassed a sufficient superiority of fire power to discourage the agitators.

If you know when to duck, you're okay.

Five day hotel bill, including telephones, breakfast, at $1.50 a throw for coffee and bread, plus 15 per cent service charge, and taxes: 9,844 francs ($82).

Eighth day, pause at Montpelier—Impossible to get any air in tires for it was another day of electricity cuts and the pumps couldn't work.

Ninth day, Toulouse—No electricity, and no water, which is cut off twice weekly.

Last days, Bordeaux—No longer had the courage to keep pulling out 1,000 franc notes for each meal, so sought out most modest bistros where meals for two ran $5 to $6.

CITRUS CONFERENCE—Citrus industry representatives and senators talk in Washington in the Senate Foreign Relations committee room. Spokesmen of the industry urged that $30,000,000 worth of citrus fruits and juices be included in the European relief program. Left to right: Sen. Tom Connally (D-Tex.); Marvin Walker, Lakeland, Fla., Citrus Commission; Alden Drury, Weslaco, Tex., of the Texsun (Texas) Citrus Exchange; Sen. Claude Pepper (D-Fla.); Sen. Ernest McFarland (D-Ariz.); Francis Wilcox, Los Angeles, representing California Fruit Growers Exchange and Arizona producers, and Sen. Spessard Holland (D-Fla.).

ANNOUNCES CANDIDACY — Former Texas Governor Coke Stevenson speaks into an Austin, Texas michophone Jan. 1, during a state-wide radio broadcast in which he formerlly announced his candidacy for the U. S. Senate seat now held by W. Lee O'Daniel.

Common Cold Conference Is Proposed

AP Newsfeatures

CHICAGO—A national conference on how to fight the common cold is proposed by Noah D. Fabricant, M. D., assistant professor of otolarynology at the University of Illinois College of Medicine. He would have not only doctors, but chemists, biologists, pharamacologists, physiologists, bacteriologists, engineers and architects at the meeting.

The engineers and architects might be able to supply useful information on buildings designed to keep the indoor air fairly free from the common cold causes.

Dr. Fabricant says colds are not a definite, single disease, but a group of different ills. If cures for colds are to be found he thinks a national, cooperative scientific and medical effort must be made.

If such a plan were adopted, Dr. Fabricant said it could be used to collect funds from the public, and probably states to support the research.

Dr. Fabricant quoted medical studies to show that all present remedies for the common cold are of little value, except rest in bed and use of steam or other inhalations to relieve irritated nasal passages.

He said special diets, vaccines, and use of ultra-violet light and of sprays to purify the air of common cold infections have failed to stand rigid tests.

Present remedies, Dr. Fabricant said, treat the symptoms, rather than getting rid of the cold itself. Alcohol has been used for generations, either to break up early colds or treat them.

Dr. Fabricant said that in reasonable doses alcohol does some things to the body that may be useful for common cold symptoms. It promotes blood circulation in chilled areas and dilates blood vessels near the body's surface, both of which may be useful at times.

Dr. Fabricant cited all the known remedies as an argument that a great national research project is heeded in order to get at the roots of colds and find out any general treatment that will be useful to the majority of sufferers.

Danish Braille Bible In 38 Volumes

COPENHAGEN (AP)—The first Danish Braille Bible has been completed. It consists of 38 volumes and costs 415 kroner (about $80).

England has had Braille Bibles for more than 100 years. In Norway they have been known since 1925 and in Sweden since 1947.

Guardian Angel Gets Paint Job

LAZNE BELOHRAD, Czechoslovakia (AP)—A woman citizen of this little Bohemian spa decided that statue of the Guardian Angel on the market square was looking drab and needed some "freshening up."

Without consulting the local authorities, the lady had the statue covered with a coat of bright paint.

The local custodian of historic monuments ruled the job "unsuitable" and ordered the lady to wash off the paint.

HOMES FOR AMERICANS

(AP) Newsfeautres

A little house with big rooms, this story-and-a-half Cape Cod style cottage was designed by Elmer Glyleck, architect, 120½ So. Grove Ave., Elgin, Ill. It calls for 21,800 cubic feet of construction with a full basement. "This conventional center hall arrangement will always be popular," says the architect. The house occupies an area of only 25x35 feet. For a more expensive project an attached garage could be linked to the house with a breezeway and porch could adjoin living room.

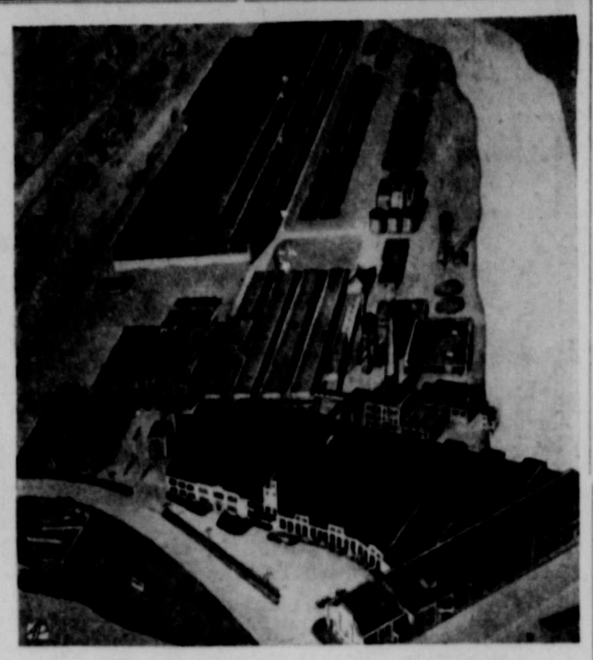

Bugs are Busy In Wheat Bins Of Midwest

COLLEGE STATION, Jan. 13—Entomologists of the USDA's Bureau of Entomology and Plant Quarantine recently sampled untreated bins of wheat in a midwestern state and found a heavy infestation of stored grain. If all wheat in farm storage is infested at the same rate, the scientists report, the loss of grain will have direct effect on the grain conservation program.

Grain stored in southern states is always more heavily infested and damanged by insects than grain stofed in northern states because of the moisture and temperature factors, entomologists of Texas A. & M. College point out. The insects develop more rapidly and do more damage to grain with a moisture content above 9 percent, while a daily temperature of 70 deg. or more encourages their development.

The entomologists recommend a mixture of three parts of ethylene dichloride to one part carbon tetrachloride as the ideal fumigant for killing insect pests in stored grain. It won't burn or explode, but it is a poison gas and care must be taken not to inhale its fumes. The grain must be stored in tight cribs or bins, and a garden-type sprayer is best for making the application. Spray the liquid thoroughly and evenly over the grain at the rate of 6 to 8 gallons for a thousand bushels. A commercial mixture of carbon disulphide-carbon tetrachloride is also effective.

It's a good idea, the entomologists say, to check stored grain on a monthly basis. If insect infestation and damage is found, fumigate promptly.

WAR PLANT CONVERTED INTO 'CITY'—Fifteen acres of floor space is shared by 14 industries in a novel plan enabling one firm to feed products to another without expensive transportation. This "joining together" plan was devised in order to take advantage of the worlds largest aircraft engine plant at Patterson, N. J., which became empty at the war's end.

Magnetic Control For Trains in Fog

LONDON (AP) — While Britain was covered by the year's worst fog, early-morning commuters aboard a train from Shoeburyness, at the mouth of the Thames, reached London on time, without, a hitch. Their train was guided by a new magnetic control device. Impervious to the mechanism stops trains before they arrive at a danger signal by sounding a horn in the engine cab and slowly applying the brakes.

The new safety equipment has been fitted to 183 locomotives on the rail lines from London to the east coast.

Washington Letter.

WASHINGTON — Scottish Dr. Peter Marshall, chapiain of the U. S. Senate, is a man of few words. His prayers at each day's opening session last not more than two or three minutes.

A recent example:

"Forgive us all that we talk too much and think too little. Forgive us all that we worry so often and pray so seldom."

The tall good-looking clergyman, who is also pastor of the New York Avenue Presbyterian Church, says that as far as he knows there is no "directive" for what his prayer before the Senate should be.

"The prayer," he says, "is an expression of the needs we all feel." He tries to key the words he offers as much as possible to the problems confronting the law-makers.

On the opening of the special session called by President Truman last November he prayed:

"O God, our Father, we pray for Thy wisdom and Thy guidance for the members of this body as they meet in this troubled hour to consider what this nation should do about hunger that knows no politics and want that will not wait.

"We cannot escape history. That we have found out. May we also discover that we cannot evade responsibility. By Thy Holy Spirit awaken the consciene of America that our people may be willing to put humanity first."

The chaplain says he is not disappointed by the small number of senators present to bow their heads as he delivers the prayers before the Senate roll call.

"They know they are being prayed for, not only in the Senate but by the whole people," he says.

He prayed recently that the faith of the senators in the efficacy of prayer be kept strong. There are times, he says, when guidance asked in difficult decisions "has not always come when we thought it should come."

"Forgive us for thinking, therefore, that Thou are unwilling to help us in our dilemmas, or that there is nothing Thou canst do," he asked.

"Remind us, Our Father, that when we plug in an electric iron and it fails to work, we do not conclude that electricity has lost its power, nor do we plead with the iron."

Dr. Marshall says he doesn't believe "God has any political affiliations."

Dr. Marshall was born in Coatbridge, Scotland, speaks with a soft burr. His first two pastorates were in Atlanta, where he lived nine years before coming to Washington to be pastor of the Presbyterian church which Abraham Lincoln attended. The Republicans elected him chaplain a year ago.

Senate Chaplain Keys His Prayers To Fit Problems

Russia Lays Claim To Daylight Movies

MOSCOW (AP)—A daylight movie projecture and screen have been perfected in the USSR, it is claimed by the newspaper Komsolom Pravda. The paper said a test had been held in the hall of the Politechnical Museum and had been hailed as a success.

"Scientists have been working for a long time on the problem of showing films during daylight," said the announcement.

The inventor is R. I. Novitsky. The new device, it was announced, enables the spectator to see perfectly from every angle.

Novitsky's screen is said to be made of "organic glass."

In a natural state, tea plants grow into full sized trees, but in cultivation they are held to the size of bushes.

End of India's Salt Tax Fails to Help Poor

(AP) Newsfeatures

NEW DELHI—Abolition of the tax on salt, an impost by the former British rulers of India which this country's patriots fought as a badge of servitude, has brought little benefit to the poor man, to whom availability of salt means life itself.

Dr. Syama Prasad Mookerji, minister of industry and supply, told the constituent assembly that salt production remains 10 percent below the country's needs, and the price actually has risen in some areas since the heavy tax was removed.

Although patriots sacrificed their lives and endured imprisonment to fight the salt tax as an injustice especially to the poor, Mookerji said "in areas where supplies are deficient the the benefits of the abolition of the salt tax have gone solely to the producers and middlemen."

The tax represented two thirds of the retail purchase price, and its abolition was one of the first actions of the free Indian government.

Large quantities of salt must be eaten by the people to compensate for the loss of bodily salt in India's heat, and it is an important item in the poor man's food budget.

The salt tax was a heritage from rule by the old East India Company, whose ships arriving in India carried salt as ballast, sold it to the people who were forbidden to manufacture their own.

Salt manufacture later became a British-Indian government monopoly, and people including Mahatma Gandhi were impris-

Spring Suits are Softies

The fashion-plate for '48 is feminine. So we bring you a flower-soft, stem-slim suit with tucks to nip the waist . . . buttoned flaps to highlight hips The looping shawl collar loves a scarf . . . a bijou . . . or a blouse. Wear it round-the-clock . . . 'round-the-calendar. Sizes and colors go here.
