1962 Football Schedule Has Been Revised And Released

The Abernathy Antelopes' 1962 football schedule has been revised and was released recently by Noel Johnson, school superintendent.

Several changes have taken place, mostly due to the reassigning of schools to various districts by the Interscholastic League.

Dimmitt was dropped from the schedule and Olton, which will be in District 3-AA next year, will host the Antelopes in the season opener. Abernathy opened the season against the Mustangs for a number of years prior to Olton's being put in the same district with Abernathy. Thus, this will resume a traditional opening for the two teams.

Petersburg has been added to the schedule, replacing Spur which had been a contestant of the Antelopes for several years in both conference and non-conference play. Superintendent Johnson stated that when Abernathy resumed playing football in 1940, the Antelopes opened the season against Petersburg here that year.

Hale Center, a long-time rival, remains on the schedule as the third contestant of the season.

The Post Antelopes are back on Abernathy's schedule. The two sets of Antelopes were in the same district several years ago.

Frenship, which will be in Class AA for the first time, will be Abernathy's fifth opponent of the season. Frenship's school enrollment exceeds that of Abernathy by virtue of being near Reese Air Force Base. The Frenship school plant is in the town of Wolfforth.

Morton, one of this year's conference foes which will be in District 3-AA next year, was retained on the schedule for the last and sixth non-conference game of the 1962 season.

There will be only four conference games, with the Antelopes opening district play at Floydada. After an open date on the Antelopes' schedule, Lockney will return to Abernathy again next year.

The Antelopes will travel to Tulia next year for a district battle with the Hornets, who came to Abernathy this year for a non-conference tilt.

Canyon has also been switched from District 1-AA to 2-AA as was Tulia, and will come to Abernathy for the last conference game of the season.

Suit Entered Over County Expenditures

Can a citizen recover from county commissioners and county judge expenditures which he alleges are "unlawful, fraudulent and dishonest acts?"

An injunction is sought by Frank Moore of Plainview, by counsel Bolin and Griffith of Lubbock, against certain named commissioners against "further committing" the items charged as unlawful in his petition. He further seeks recovery of "all costs of suit and such other and further relief, special and general, in law and in equity, as plaintiff may show himself justly entitled to."

Filed in District Court, Hale County, Monday, Nov. 13, is this petition which names as defendants four who were county commissioners prior to January 1, 1961, one who first took the oath at that time, and former County Judge Lee Nowlin. Commissioners named are Rayburn Karrh, Burnett Brown, Homer Roberson, J. W. O'Dell, and Marvin Churchwell, who succeeded O'Dell.

Specific items of complaint are common in many instances to the entire court, as constituted at the time. Others are specifically listed as to the official.

Expense accounts, salary raises, and donations are among the many items listed, including:

Payment of $500 out of the general fund to a baseball association;

Funds to Chamber of Commerce for Christmas lights and festival on several occasions;

Traveling expense items without filing first itemized and sworn account;

$1,400 for furniture and office equipment for the Chamber of Commerce;

$1,200 to some baseball association;

$571.07 for two automibile air conditioners for State Highway Patrol cars;

$353.26 for repairs to such a car;

Contributions to Salvation Army, Negro Day Nursery;

Gifts and contributions to county employees;

Airport maintenance fund employees bonus $50;

AEC Club boys' baseball, approximately $1,000;

In early 1961 salary raises and auto expense account orders of the court are involved;

Question of performance is raised in connection with a lease contract with Joe E. Webb and Raymond Aiken on Hale County school land in Bailey County, comprising 6,198 acres of land, claiming a balance of $2,760.40 unpaid and breach of contract thereby. In December, 1959, the petition states the court "attempted to extend the lease by resolution" . . . "without competitive bids." The term of the original contract is cited as January 1, 1958, to January 1, 1963. The petition seeks to "recover $2,760.40 or to have the alleged lease contract declared breached and to regain the possession of said lands."

Moore was a member of a district court grand jury which cited in its report in September "instances of irregularities" in financial affairs of the county, but commended the commissioners' court for "having made corrections as they were brought to their attention." He was not present when that report was adopted nor when presented to the district judge.

Some of the defendants in the suit have issued statements in which they denied charges, and Dr. Webb and Akin refuted allegations on the land lease in a sworn summary.

81 Percent Of 1961 School Taxes Collected

Earl Carter, Abernathy Independent School District Tax Assessor - Collector, reported that $321,471.15, or 81 percent of the 1961 tax roll, was collected during the month of October.

It was pointed out that the school district's largest tax payer is Pan American Petroleum Company. The second largest tax payer on the current roll is Southwestern Public Service Company.

Never Burn Feed Straw, Roots and Other Such Plant Refuse --- They Are The Life Of Your Soil.
USE ARCADIAN
GOLDEN URAN
To our knowledge, LIQUID GOLDEN URAN Nitrogen is the ONLY form of nitrogen that will set up a chemical reaction in this plant trash, making it easy to plow and break up.
Plant refuse contains plant food taken from the soil. GOLDEN URAN Nitrogen speeds up decomposition before the valuable carbon needed to make use of this plant food can escape into the air in the form of carbon dioxide. Then by using a balanced fertility program with phosphate and potash when needed you can unlock the full potential of your soil.
In addition, look at your soil and discover how much more moisture it holds, how much easier it plows and that it has better tilth.
GOLDEN URAN can be applied easily and quickly. With few changes to your machinery you can do the job easily.
See or call us today about putting Arcadian GOLDEN URAN on that feed stubble before you plow it under.

Keith Shipman escaped with facial injuries Wednesday night of last week in a one-vehicle accident on Highway 54 a mile east of Petersburg. The pickup he was driving crashed out of control when it hit either a wet spot on the pavement or the muddy shoulder of the road. The pickup was badly damaged.

"Going like hotcakes," says Harvey Lutrick, who is selling tickets to "A Night At The Club."

F. H. A. NEWS

The F.H.A. members of Abernathy High School had their monthly meeting November 6. The program was on Hawaiian Thanksgiving.

Mrs. Frank Lovelace showed colored slides of their trip to Hawaii. Everyone enjoyed them very much. We would again like to thank Mrs. Lovelace very much for her interesting program.

POST OFFICE HELPS COUNT LIVESTOCK

Rural mail carriers from the Abernathy Post Office will leave some livestock survey cards along their routes beginning November 16.

"Information reported on these cards is used to set the yearly inventory of livestock and poultry on Texas farms," Acting Postmaster Herbert Hardin explained.

Rural carriers distribute the cards at random in boxes along their routes.

"This means that not every box will get a card," Mr. Hardin said. "For this reason, it's important for everyone who gets a card to return it filled out so that USDA can get a true sample of the State's livestock holdings."

Carriers assisting with the survey are: George Ragland, Route 1; and Jack Hackler, Route 2.

Facts and figures secured in this survey are the basis for the Texas and National pig crop and inventories of livestock and poultry on farms as of the first of the year. Stockmen and many others use this information in making business decisions.

Survey results will be widely distributed through Texas Crop and Livestock Reporting Service release, newspapers, farm magazines, radio, and television.

"This annual survey has been a joint undertaking of the Post Office and the Agriculture Departments since 1924," concluded Mr. Hardin.

Mr. and Mrs. Cecil Faulkenberry and family of Seagraves were here Friday to take delivery of the first Ford Fairlane 500 to be sold by Abernathy Motor Co. The new size Ford went on display here and across the nation for the first time Thursday.

Junior High Girls Teams Playing Well

Abernathy's Junior High girls basketball teams, coached by Miss Sherley Oswalt, recently opened the season's play.

The local 8th grade girls traveled to Hale Center October 19 and won the opening game, 13-12.

Cindy Wilson scored 5 points for high point honors. Marilyn Teaff and Dottie Wynne scored 3 points each and Barbara Patterson had 2. Jan Florence and Jeraldine Evans also played at the forward positions.

The guards, Cindy Hurt, JoAnn Lovelace, Cindy Shadden, Janice Phillips, and Marilyn Teaff, all saw action.

7th and 8th Play

Both the local 7th and 8th grade teams journeyed to Olton October 23 and both teams scored decisive victories.

The 7th graders won their game 22-13, as Juanita Ward scored 7 points for high honors. Carolyn Barton was close behind with 6, LaCelia Mallow had 4 points, Frances Burnett 3, and Jane Thompson 2. Jane Valdez also saw action at a forward position.

The 8th grade team brought home a 26-9 win, with Cindy Wilson and Marilyn Teaff tying for top scoring honors with 7 points each.

The local teams traveled to Slaton November 6 and split two games with the Slaton teams. The local 8th graders won, 23-16, and the 7th grade team was beaten, 17-10.

Miss Wilson scored 12 points and Miss Teaff 8 for the local 8th graders, and Jane Valdez and Juanita Ward each had 3 points for the local 7th graders.

Lockney's 7th and 8th grade teams were the foes last Monday night in the Abernathy gym, and the visitors were victorious in both games.

This was the first district game for the teams from both schools. Other teams in the Junior High district include those from Floydada, Hale Center and Idalou.

The local 8th grade team was beaten 23-19, and the 7th graders went down in defeat, 10-6. Teaff was high scored for the 8th graders with 6 points, and Sharon Albers was high pointer for the 7th graders with 4 points.

SOME TAX REFUND CHECKS UNDELIVERABLE

Approximately 2,500 tax refund checks issued to taxpayers in the Dallas Internal Revenue Service District have not been delivered for various reasons. Some of the taxpayers have moved, the address given on the tax return cannot be read or errors occurred in the spelling of names or addresses.

The Fort Worth Star Telegram is covering Fort Worth and a large part of West Texas in a listing of these names.

1928 Spur Grads Hold Reunion

Members of the 1928 graduating class of Spur High School have not lost their school spirit, according to Mrs. Leland Wilson of Abernathy, one of the class members.

Twenty-eight graduates, including wives and husbands, met Sunday evening at the Jim McDaniel home near Ropesville for a class meeting and evening meal, honoring Marshall Formby of Plainview and Mrs. Formby.

Mr. and Mrs. Wilson were among those attending.

Earlier this fall the 1928 class won first place honors with their float at the Spur Homecoming.

Thirty-three years after graduation, members of the class keep in close touch with each other, Mrs. Wilson said. They plan to meet several times each year for a class reunion.

The next meeting will be held January 21 with Mr. and Mrs. Hubert Morris in their home at 4307 27th Street, Lubbock.

Harold Karr of Spur heads the 1928 graduates.

SERVE the cause of democracy—by giving boys the opportunity to practice good citizenship through service to their fellow man and by helping them to expand their knowledge and love of their country. ACHIEVE the purpose of Scouting—by helping boys to do things for themselves and others and to instill within their hearts and minds the ideals of Scouting, based on a reverence to God.

Dec. 2 . . . It'll be a big night for those attending a "Night At the Club."

Thanksgiving Day will be a happier, more meaningful day...

It's a story we all know and love—the first Pilgrim Thanksgiving. The excitement in their little homes must have been pretty much as it is today—the tantalizing smells of roast turkey and pumpkin pie—the bustle and rush of eager children—it must have been a wonderful day!

But before the Pilgrims sat down to their feast they observed the true meaning of Thanksgiving. They all gathered together in their meetinghouse to give thanks for the good they had received, for survival through a long year of hardship, and to pray for the strength and courage to keep their faith in this strange, new land.

This Thanksgiving, why not take your family to your house of worship. A quiet hour of prayer and thanks will make your holiday so much more meaningful.

Wherever you are . . . whatever your beliefs may be . . . take time to offer your words of thanks . . . just as the Pilgrims did more than 300 years ago.

Worship together this week
you need not walk alone

TRC Needs Your Help

Gonzales—last month a man fell from a ladder, injuring his spinal cord. Now both his legs are paralyzed, and he'll need a lot of expensive treatment to be able to work again and lead a rewarding, active life.

A fall from a ladder, an auto accident, a stroke, and a disease are only a few of many life-shattering events that leave victims paralyzed in their wake. Today more than 23,000 Texans are physically disabled because of many different kinds of accidents and diseases.

"Fortunately," said Walter H. Richter, executive director of the Texas Rehabilitation Center, "nearly 85 percent of our disabled citizens can be returned, through rehabilitation, to productive places in our economy."

The Texas Rehabilitation Center of Gonzales Warm Springs Foundation offers a complete program of rehabilitation to help the disabled person return to as full and useful a life as possible. Many different types of therapies are used in the program, which is under the direction of a specialist in physical medicine and rehabilitation.

Formerly a center used mainly for the treatment of the effects of polio, TRC now offers rehabilitation to Texans of all ages who have been disabled as a result of a wide range of accidents and diseases.

With a physical plant valued at $2,500,000, TRC is the largest center for rehabilitation in the Southwest.

Because of a lack of operating funds, TRC is operating at a little more than half capacity, though there is a long waiting list of persons seeking treatment at the Center.

The monthly budget of the Texas Rehabilitation Center is $55,000, and it must depend upon contributions from the public and allocations from federated giving organizations for more than half that amount.

Walter H. Richter, executive director of Gonzales Warm Springs Foundation announced that the people of Abernathy are invited to visit the Texas Rehabilitation Center whenever they can, to see for themselves the work that is being done there. The Center is located between Gonzales and Luling, off Highway 183, and contributions may be mailed to TRC, Box 58, Gonzales.

PLAYTIME between treatments at the Texas Rehabilitation Center of Gonzales Warm Springs Foundation is enjoyed by playmates, both patients at the Center near Gonzales. A planned recreation program, important in providing social contacts for patients of all ages, is incorporated into the Center's operating program. TRC is a non-profit organization with a monthly welfare budget of $30,000.

LIONS CLUB NEWS

Arno Struve, program chairman at the Lions Club's noon luncheon last week at Graham's Restaurant, presented a young man "who works for a Texas Institution that tries to take care, as best it can, of a Texas responsibility."

Struve was speaking of John Wills, Fund Raising Chairman of the Texas Rehabilitation Center at Gonzales, Texas, formerly known as the Gonzales Warm Springs Foundation.

Mr. Wills explained that the Texas Rehabilitation Center is a non-profit, charitable organization which was founded in 1937 and received its first patient in 1941. Since then it has treated literally thousands of Texans.

He added that the Center is operating at "half capacity" due to a lack of funds. Prior to presenting a film showing how patients are cared for at the Center, Willis spoke briefly about the history of the Center.

Shortly after the birth of the Center, about 98 percent of the patients were polio victims and about two percent were "other." At that time they received some financial help from the Polio Foundation to help care for the large number of polio patients. Now, about 98 percent are "other" (accident victims, etc.), and about two percent are polio victims.

Mr. Wills stated that Hale County has the largest per capita for treatment next to San Antonio. He stated that in 1959, 1960, and the first six months of 1961, the Center received $2,377 in contributions from Hale County and at the same time the Center spent $10,755 on patients from Hale County. Of the $2,377, Abernathy contributed $1,900, or about 80 percent. (These figures are contributions only and do not include monies the Center received through insurance companies.)

Anyone desiring further information about the Texas Rehabilitation Center may contact Arno Struve, local volunteer representative of the Center, or write to TRC, Box 58, Gonzales, Texas, or visit TRC.

MASTITIS TO GET MAJOR ATENTION AT MEETING

Mastitis, the most common and costly disease of dairy cows, will get major attention at the upcoming Dairyman's Short Course, Nov. 30-Dec. 1 at Texas A & M College.

A. M. Meekma, extension dairy specialist, says the economic loss to dairymen from mastitis is tremendous. Discussions at this year's Short Course are expected to shed new light on the problem, according to Meekma.

All Texans interested in the future of the State's dairy industry have a special invitation to attend and participate in the annual meeting. Meekma adds that local county agents can supply detailed information on the Short Course and suggests that dairymen make plans now to attend.

Thanksgiving Transition
The very first Thanksgiving Day was celebrated in Plymouth Colony for quite a simple reason. Colonists and friendly Indians shared that first feast in gratitude for a bountiful harvest after a winter of great hardship.
Now, three centuries and forty years later, we are thankful for the growth of our Nation. We are thankful for its great strength which stands as a fortress of protection for free people in a world filled with tyranny and oppression.
Let us, as good Americans, express these thanks and rededicate ourselves to preserve and maintain this spirit of freedom.

Officers Warn Against Child Molesters Here

With cases of child molesting being reported in nearby towns, Abernathy law enforcement officers ask parents to warn their children to be on the alert for such attempts here.

There was one case here last year, when a stranger was suspected of molest attempt. The intended victim's parents asked that the case not be publicized at the time.

Officers recommend that parents warn children never to get into a stranger's car; and if a youngster observes someone in a car attempting to lure others, the license number should be obtained if possible.

Other recommendations included: turn down gifts offered by strangers; stay away from the molester's car and with friends on the sidewalk; don't play in empty houses or buildings; stay with someone while playing in a park.

In addition, if a child is followed and pursued by someone on foot, the youngster should call for help and head for the nearest residence.

Three dollars for a meal and show? Yep, that's high by some standards, but not for "A Night At The Club."

Girls B Team Has 4-1 Record

The B team of the AHS girls basketball squad is in a rut as far as winning is concerned. They have played five games, losing only one, and that one by only three points.

The B team opened their season at Cotton Center November 2 with a 47-41 victory. The local girls were trailing, 9-7, at the end of the first quarter, but tied the score by halftime, 21-21. They led 35-33 at the end of the third stanza.

Donna Webb paced the Abernathy attack with 22 points, followed by Denise Barker with 16. Linda Miller contributed 7 points and Cheryl Hall scored 2. Guards Pam Davis, Jana Stevenson, Katie Evans and Roxie Smitherman all played well.

Burnett was high scorer for Cotton Center with 19 points.

Lose To Roosevelt

After leading for three quarters at Roosevelt November 4, the local B team managed to score only 4 points in the final quarter while Roosevelt scored 8, and were defeated, 28-25. They led by quarters, 8-6, 17-14 and 21-20.

Donna Webb took high point honors with 14 points and Miss Barker added 9. Thornton was high for Roosevelt with 14.

Win At Tahoka

The B team traveled to Tahoka November 7 and burned up the nets as they won the game, 45-16. Abernathy led all the way, holding 10-1, 21-5 and 35-12 quarter leads.

Miss Webb was again high point scorer, netting 25 points. Miller scored 8, Barker 6, Hall 5 and Pam Davis, 2. In addition to the guards named above, Patsy Pettit and Janie Pearce also saw action.

Carroll scored 10 points for Tahoka.

Beat Lockney and Frenship

The local girls played Lockney's B team here last Monday night, defeating the visitors, 44-19. Abernathy was out front all the way, leading by quarters 18-2, 30-7 and 37-12.

Webb took top honors, scoring 18 points. Barker and Miller each scored 10, Mona Drace had 4, and Pearce 2. Glenda Evans also saw action at forward.

Davis was high for Lockney with 10 points.

The local fems traveled to Frenship with the girls A squad last Thursday night and brought home a 55-22 victory. Abernathy held the Frenship team in check all the way, and led 16-4, 34-9 and 40-20 at the quarters.

Miss Barker ripped the nets for 31 points to take top scorng honors. Linda Jo Brezeal scored 19 points, Miller 3 and Drace 2. Snowden scored 15 for Frenship.

Weather forecast for Dec. 2: (We've been here too long for that.) But, with confidence, we can forecast an evening of fun and fine food for those attending "A Night At The Club."

Thanksgiving

At this joyous yet solemn time of the year, people may ask themselves: "What makes a family?" A wise man once replied: "The sharing of a lifetime of experience." And no one can question the truth of his statement.

A family is the many, many things you share together: holidays and birthdays, laughter and tears, vacations and picnics and parties and family legends.

And to the happy family it means the sharing of worship, too. Nothing brings a family closer than going to church together. It's a wonderful, complete experience . . . one to share, not only at this time, but forever.

We Will Be Closed Thanksgiving Day

So that our employees may spend Thanksgiving with their families.
