Saipan, M. I., Sept. 10, 1945.

Dear Buford: Just received four Reviews (they come in bunches here) and was very glad to receive them. Its' about time I wrote you to let you know I really have appreciated your sending the Review to me. I don't know so many of the people who are mentioned in the paper, but I do enjoy reading everything in it, even the ads! ... We, the 176th Station hospital, have been here on "the Rock" almost a year now, the 21st of this month, and believe me, we have surely done plenty of work. We have a good "set-up." All wards are quonset huts, or pre-fabs. We live in pre-fabs. We are a 500-bed unit and we have had more than 500 patients most of the time since we opened the joint. Since we opened last January 9, we have treated between 7 and 8 thousand patients. Most of the time we have been without water, except what was hauled by truck. We had 736 patients at one time and have only dropped to less than 500 since the war ended. We still have 463. We have more than some of the hospitals that are 1,500 bed ... There has been plenty of changes made in this island since we arrived. There wasn't anything but trails for roads, but now there's a paved road completely around the island. When we first arrived there were plenty of Japs here. The patrols have killed more than 8,000 and captured about 2,000. That's soldiers, besides the civilians they have taken. Things were pretty tough, considering the size of the place ... This is a very pretty place, or is for awhile, but it soon gets old, the same old routine. We are stationed between two airfields; East Field, a fighter field and Isley field—B-29 field. We used to sit and watch the 29's take off every time they went on missions. We always knew about what time they would strike Japan, from the time they took off. That certainly was a sight, to sit and watch those big planes take off for hours at the rate of two per minute! ... I guess you know by now that Omer Wade is here on Saipan. In fact, he is working here at the 176th with me, in different departments, though ... Well, I hope to be coming back to the U. S. next month—so you can stop the Review. I will subscribe to it when I get back home ... Thanks a lot for sending it. Tell everyone hello for me and that if I can survive the trip home, I'll be little the worse for my army experience than I was before leaving home. As ever, Your friend, Cpl. Clovis Heath, P.S. Tell Pop Rutledge hello for me.

Dear Buford: I have been waiting to write you because I expected to finish GCA school in a short time—and get a more permanent address. This week I was taken out of class and made an instructor, though this address will probably be permanent as long as there is a base here ... Gainesville is a quiet little city near Atlanta and is plugged on the radio as the Queen City of the Blue Ridge mountains. It is a very pretty place, but its mountains can't make me forget to appreciate the plains of Texas and Abernathy ... GCA (or Grand Central Approach of Aircraft) is something new in the field of radar and its secret was just revealed after the close of the war. The work is very interesting and never gets dull when you are bringing a plane down through the fog. I'm looking forward to receiving the Review again. Buford, I have a bout lost out on the local news and where the other boys are lately. As ever, J. Foy McMaster, S2/c, Rdm, NATTC, Tra. Dept., Gainesville, Ga.

FLOWER SHOW HAS MANY ENTRIES

The Country Garden club Flower show was held Saturday, Sept. 15, in the school cafeteria. Mrs. Fleet Shepherd and Mrs. Elmer Sansom of Plainview, and Mrs. Bob McAllister of Abernathy, judges, were enthusiastic over the condition and the number of lovely flowers and plants displayed, after the severe sandstorm last week.

There were 306 entries besides the club entries. The sponsors of the Young People in the churches of Abernathy displayed an outstanding exhibit, showing the different plants mentioned in the Bible. In this display, there were 29 different items with the Scripture and where found in the Bible. The judges were lavish in their praise of this display.

The Order of the Eastern Star, the Homebuilders club, the Art Study club, Pinson Drug, all had beautiful and educational exhibits. Their co-operation is appreciated by the Garden club.

The best bird house was built by Leon Harp, and Mrs. L. C. Wheeler, representing the Garden club, had a miniature home with correct landscaping on exhibit.

The grand prize was won by Mrs. W. A. Henson, which was \$7.50 in plants from the Texas Floral Co. of Lubbock. She had won more ribbons for her exhibits than any other exhibitor.

Second prize, \$5 in merchandise from Plainview Nursery, was won by Mrs. J. M. Gardner.

Third prize, \$5 in merchandise from Farmers Nursery, Plainview, was awarded to Mrs. Levi Pettit and Mrs. J. C. Turner, to be shared equally.

The Garden club wishes to thank each and every one who helped to make this flower show a success—and hopes to encourage old and new homemakers in growing flowers on the plains. — Reporter.

Edwards wrote his parents that he was on a minesweeper between Saipan and Okinawa when the war with Japan ended. He is a graduate of New Deal High school and had attended Texas Tech in 1938-39, prior to his enlistment in the navy in September, 1939. He was on the North Carolina when it was torpedoed in September, 1942, but was rescued and after returning to the states, returned to the Pacific for further duty after serving for a time in the Atlantic area. He wrote his mother that he wanted all the turkey, banana pudding and ice cream he could eat when he returned home ★

Saipan, M. I., Sept. 10, 1945.

Dear Buford: Just received four Reviews (they come in bunches here) and was very glad to receive them. Its' about time I wrote you to let you know I really have appreciated your sending the Review to me. I don't know so many of the people who are mentioned in the paper, but I do enjoy reading everything in it, even the ads! ... We, the 176th Station hospital, have been here on "the Rock" almost a year now, the 21st of this month, and believe me, we have surely done plenty of work. We have a good "set-up." All wards are quonset huts, or pre-fabs. We live in pre-fabs. We are a 500-bed unit and we have had more than 500 patients most of the time since we opened the joint. Since we opened last January 9, we have treated between 7 and 8 thousand patients. Most of the time we have been without water, except what was hauled by truck. We had 736 patients at one time and have only dropped to less than 500 since the war ended. We still have 463. We have more than some of the hospitals that are 1,500 bed ... There has been plenty of changes made in this island since we arrived. There wasn't anything but trails for roads, but now there's a paved road completely around the island. When we first arrived there were plenty of Japs here. The patrols have killed more than 8,000 and captured about 2,000. That's soldiers, besides the civilians they have taken. Things were pretty tough, considering the size of the place ... This is a very pretty place, or is for awhile, but it soon gets old, the same old routine. We are stationed between two air-fields; East Field, a fighter field and Isley field—B-29 field. We used to sit and watch the 29's take off every time they went on missions. We always knew about what time they would strike Japan, from the time they took off. That certainly was a sight, to sit and watch those big planes take off for hours at the rate of two per minute! ... I guess you know by now that Omer Wade is here on Saipan. In fact, he is working here at the 176th with me, in different departments, though ... Well, I hope to be coming back to the U. S. next month—so you can stop the Review. I will subscribe to it when I get back home ... Thanks a lot for sending it. Tell everyone hello for me and that if I can survive the trip home, I'll be little the worse for my army experience than I was before leaving home. As ever, Your friend, Cpl. Clovis Heath, P.S. Tell Pop Rutledge hello for me.

Dear Buford: I have been waiting to write you because I expected to finish GCA school in a short time—and get a more permanent address. This week I was taken out of class and made an instructor, though this address will probably be permanent as long as there is a base here ... Gainesville is a quiet little city near Atlanta and is plugged on the radio as the Queen City of the Blue Ridge mountains. It is a very pretty place, but its mountains can't make me forget to appreciate the plains of Texas and Abernathy ... GCA (or Grand Central Approach of Aircraft) is something new in the field of radar and its secret was just revealed after the close of the war. The work is very interesting and never gets dull when you are bringing a plane down through the fog.

I'm looking forward to receiving the Review again, Buford. I have a bout lost out on the local news and where the other boys are lately. As ever, J. Foy McMaster, S2c, Rdm, NATTC, Tra. Dept., Gainesville, Ga.

ABERNATHY GINS FIRST 1945 BALE

The first bale of 1945 cotton ginned in Abernathy, at J. J. Caudle gin, was brought here Friday by Ernest Exum, who operates a farm west of South Plains Army Air field. Exum also delivered the first bales ginned at Lubbock and Monroe.

He brought 1,800 pounds of seed cotton here, which turned out 487 pounds of lint and 750 pounds of seed. The bale was ginned free of charge, and Exum received a cash donation from local merchants.

The first 1944 bale was ginned on Sept. 13 here, and in 1943, the first bale came in on Sept. 9.

"Trial has been set for Oct. 2 for B. R. McWhorter. Judge Ernest Tibbets has called a jury for that time," announced Hale County Attorney Lee Nowlin.

McWhorter, Hale Center resident, was the owner and driver of a truck which was involved in a highway mishap in Abernathy the night of Jan. 31, this year, when Higginbotham-Bartlett Co. lumber yard was destroyed by fire. The highway accident resulted in the serious injury of Eugene Heath, 14, a spectator at the fire. Also injured were E. M. Copp and Lewis Hollingsworth, both of Lubbock, employees of Southwestern Public Service Co.

Antelopes Down Lockney, 13-6

Abernathy High school Antelopes opened their 1945 season by trouncing Lockney Longhorns, 13 to 6 at Lockney last Friday afternoon.

The hosts scored first in the second quarter with Fullback David Williams making the touchdown from the two-yard mark, but the Antelopes came back in the third and fourth periods with Warren Thomas and Harold D. Rhodes totting the ball over. Rhodes carried the ball from scrimmage for the extra point after Abernathy's first touchdown.

Coach Kermit Mitchell's Abernathy lads completed four passes.

The Antelopes made 14 first downs to four for their hosts.

The Antelopes are to play the Lubbock Cowboys, at Lubbock, Friday, 4 p. m., Chapman field.

FLOWER SHOW HAS MANY ENTRIES

The Country Garden club Flower show was held Saturday, Sept. 15, in the school cafeteria. Mrs. Fleet Shephard and Mrs. Elmer Sansom of Plainview, and Mrs. Bob McAllister of Abernathy, judges, were enthusiastic over the condition and the number of lovely flowers and plants displayed, after the severe sandstorm last week.

There were 306 entries besides the club entries. The sponsors of the Young People in the churches of Abernathy displayed an outstanding exhibit, showing the different plants mentioned in the Bible. In this display, there were 29 different items with the Scripture and where found in their praise of this display.

The Order of the Eastern Star, the Homebuilders club, the Art Study club, Pinson Drug, all had beautiful and educational exhibits. Their co-operation is appreciated by the Garden club.

The best bird house was built by Leon Harp, and Mrs. L. C. Wheeler, representing the Garden club, had a miniature home with correct landscaping on exhibit.

The grand prize was won by Mrs. W. A. Henson, which was \$7.50 in plants from the Texas Floral Co. of Lubbock. She had won more ribbons for her exhibits than any other exhibitor.

Second prize, \$5 in merchandise from Plainview Nursery, was won by Mrs. J. M. Gardner.

Third prize, \$5 in merchandise from Farmers Nursery, Plainview, was awarded to Mrs. Levi Pettit and Mrs. J. C. Turner, to be shared equally.

The Garden club wishes to thank each and every one who helped to make this flower show a success—and hopes to encourage old and new homemakers in growing flowers on the plains.—Reporter.

Monroe's First Bale Produced by Exum

First 1945 cotton to be ginned at Monroe was hauled to Hobbs Bros. gin early Thursday night last week by Ernest Exum of 5 1/2 miles south of Monroe.

It was two days later than Monroe's first bale last year. The first bale in 1943 was ginned on Sept. 7.

Exum, who lives on the J. E. Vickers farm, received a 480-pound bale and 620 pounds of seed from 1,770 pounds of snapped cotton. As a first bale courtesy, the firm ginned and wrapped the bale without charge.

Dear Buford: I wish to thank you and others responsible for sending me the Review. I have received a copy every week I've been here at Camp Maxey. It has been more like a letter from home than a paper... Well, Buford, we are finishing our cycle here, so please stop sending me the paper until I get my new address. Yours, Ernest Durrett, Jr., (Pvt. Sumner E. Durrett, Camp Maxey, Tex., Aug. 29.)

Dear BFD: I guess you already know Sgt. Hubert Webb has arrived from the ETO. He arrived about Aug. 8. S/Sgt. Joseph H. Webb arrived last week. Guess he landed on Aug. 14. That was the date on the telegram... Cyril Webb thinks it will be late in September before he and Carl Shipman get back. They were to have sailed the 9th, but lost out again. Respectfully, Mrs. C. P. Webb, Commerce.

Dear Buford: Just a line to let you know where to send the Review. I didn't realize I would miss it so much. Avalon is a very pretty place—that is—the part I've seen. We're restricted to the base, but we see quite a bit of the island while marching... I've seen Vanoy Parson and Eugene Garvin. Vanoy is to "ship out" to a shipping pool tomorrow... I never signed my name so many times before in my life. I may have signed my life away so far as I know... When going through the chow line, I have to tell the messmen I'm not from Texas or I don't eat. The boys who aren't from Texas don't like us Texans. The officers say it's because the Texans make the best grades and get more privileges for it. About two-thirds of the men in camp are from Texas... There's taps and I'm tired. We have to get more shots in the morning, so so long for now. My address is: Sec. 352, USMSTS, Avalon, Calif. Say hello to everyone and I'll see you in about three months. Respectfully yours, Joe Reeder.

Dear Buford: Just a few lines to let you know my new address and a few things I've been doing lately... I'm now stationed at the Naval Air Station about two miles off shore from San Diego on North Island. I had hopes of getting out of San Diego when I was transferred from NTC, but seems like I just can't do it. When I got my overseas address, I thought I was on my way to the Pacific and would get to see some of those far flung battlefield. However, they say I'll probably be here several months. Here's hoping I get to go out long enough to see a part of the world before I get out—anyway... There isn't much to do 'round here. I go up on four or six hour flights nearly every day on big four-engine seaplanes just to pass the time. You might remember Harry Babbitt, who used to sing on Kay Kyser's program. He's a storekeeper here and in charge of the movies on the island. He and I go into town every morning after the night's films... Well, Buford, I want to thank you again for the Review. I surely enjoy that little paper... Yours sincerely, Johnny Whittle.

Dear Buford: I guess I'm like all the rest of the men and women in the service, for we all enjoy the Abernathy paper. We enjoy it as much as we do letters from back there. The Review is a letter telling us all about everything. Our folks can't remember everything to tell us when they write, but with the Review and their letters, it's like being there once again. I have missed several copies since leaving the states. I hope they catch up with me, or I catch up with them, for I really enjoy reading them. In regard to the new post office law, I surely would like to continue receiving this Review. Here is my address: Roy L. Cox, Jr., Cox'n., USS Centaurus, AKA 17, %FPO, San Francisco, Cal.

Penzberg, Germany, July 31, '45.
Hello, Buford: I'll bet you've been wondering what has happened to me. Well, I've been transferred around so much I didn't stay in one place long enough to get my mail. I got my first copy of the Review today. It was old (June 17) but I enjoyed reading it. We are taking training now and will be for quite a while. If everything goes well, we will leave the ETO sometime in January for the states. I'm about 60 miles from Munich. I've never run across any of the boys I know. I did see a boy from Tennessee who used to be in the Coast Artillery with me back in the states. Hoping you the best of luck always, Melvin. (Cpl. Melvin A. Dear Buford: You may remove my name from your mailing list — but don't underestimate my appreciation when I say thanks to you — and all responsible, for my receiving the paper. I am due to arrive in New York the 22nd of September. I have enough points to be eligible for discharge on arrival, all received the hard way, for I have point credit for all the battles except the battle of the nursery, which must have been some wicked battle to net a GI 12 points. Sgt. Lawrence Carter. (Aug. 29, 1945.)

Dear Buford: I have intended to write you for some time, but am just a poor writer and have failed to do so. I received the paper today and you can't imagine how much I enjoyed it. It is really swell to find out how the people at home are — and how home is. The navy is swell, all except the washing clothes and scrubbing decks. Golly, I think I'll set up a laundry when I get home. I am in an advanced training camp now and instead of marching all time we now march and attend classes. I expect to be home by the 20th of September. I hope so, anyway. Well, thanks again for the paper. I certainly do enjoy reading it. respectfully yours, Charles. (Charles A. Bucks, A/S, Co. 45-319, USNTC, San Diego 33, Calif.) 8-25

Dear Buford: Since you have been so terribly nice in sending the Review, I thought the least I could do was to send the picture you asked for. Johnnie is now Mrs. James Hart- graves. James' home is in Oklahoma although he is still in the air force, and stationed in Florida. G. W. received his discharge a few days ago. We were all terribly surprised — but happy. I suppose everyone in Abernathy was happy over the ending of the war. It was wonderful news. Thanks again for the paper, Martha Rodgers. (C/N Martha Rodgers, Lubbock General Hospital, Lubbock, Texas.)

The C. M. Watson family of Mon- chens visited here in the C. P. Reeder home last week-end.

Mrs. Cecil Hall and daughter, Cecilia Gay, of Littlefield, visited here last week-end in the O. Rutledge home.

"Nine Times Out Of Ten You'll Find It Here—For Less"

Cozy in winter... cool in summer...
no drafts... no dust? Let's have that
NEW QUALITY OF LIVING!

"No more shivering in our new home!" Jim Wayne announced, looking up from his house plans. "Just listen... In winter, the air will be heated and moistened just right. And we'll have a new quality of living all year..."

"No more sweating! In summer, the stifling humidity will be sucked right out of the air..." "Sounds like a miracle," said Harriet. "It is!" said Jim. "It's Servel All-Year Gas Air Conditioning... Just imagine, honey..."

"No more drafts! There'll be live air circulating all the time! Windows will stay closed. The house'll be quieter, we'll sleep better, because street noises will stay outside—with Servel All-Year Gas Air Conditioning. More than that, sweet..."

"No more all-day cleaning for you—because every breath of air will be freed of dust! Even the pollen will be taken out, so you'll have nary a sneeze, Hay Fever Harriet!" Harriet gasped. "Oh! That will be a new quality of living!"

Jim and Harriet are planning now—to make sure their post-war home gives them this new quality of living. And you can, too. With the Servel All-Year Gas Air Conditioner, you'll enjoy not only heating and cooling, but also humidification and dehumidification, circulating and cleaning. Come in and let us tell you more about it.

Hundreds of families put this unit in just before the war. And after four years they say, "We wouldn't be without it. It's wonderful!" So plan on Servel All-Year Gas Air Conditioning when you build, buy or remodel after the war. And meanwhile, keep saving in War Bonds and Stamps.
