

Martin Oil Activities

By JAMES C. WATSON
Pan American Production Company of Houston and others No. 5 F. D. Breedlove and others, step out from production in the Breedlove field northwest Martin County, is drilling below 304 feet in redbeds and anhydrite. Operators set 13 3/8-inch surface casing at 304 feet with 275 sacks. Plug has been drilled and the test is being drilled toward contract depth of 13,500 feet. Location is 5,280 feet from east and 2,640 feet from south lines of league 258, Briscoe County School Land survey and 2,007 feet north and slightly west of the closest producer in the field.

Digging Deeper
Tide Water Associated Oil Company is drilling below 4,900 feet in lime at its No. 1-B E. B. Dickenson, Ellenburger wildcat in Central-South Martin County. Location is 660 feet from south and west lines of section 5, block 37, T-1-S, T&P survey and on a 640-acre lease. Projected depth is 12,000 feet. It is nine miles west of Stanton and 12 miles northeast of the city of Midland. That makes it one and one-half miles south and three-quarters of a mile west of Tide Water No. 1 Dickenson, a dry hole.

Took A DST
Stanford Oil & Gas Company No. 1 Marion Flint, Central-West Martin County wildcat, is drilling below 13,290 feet in lime and shale. Operator took a drillstem test from 13,244 feet to 13,289 feet. Tool was open one hour. Recovery was the 780-foot of water blanket used plus 90 feet of slightly salty water cut mud. Flowing pressure was 575 pounds and 15-minute shut-in pressure was 425 pounds. Top of the Ellenburger is at 13,070 feet. That is on a datum of minus 10,189 feet. Location Given
Location is 660 feet from south and west lines of labor 12, league 248, Hartley County School Land survey. It is about 30 miles northwest of Stanton, 28 miles north of Midland and six and one-half miles southwest of the Breedlove (Devonian) field. It is approximately the same distance southwest of the Block X (Devonian) field. Plymouth Oil Company No. 1, J. E. Millhollon, one-location northeast of the same company's No. 1 Morris, Spraberry discovery in Southeast Martin County, is drilling below 5,775 feet in lime and shale. (Continued on Page Eight)

KEN REGAN NOT SUPPORTING ADLAI STEVENSON
MIDLAND—"I am not supporting the presidential nominees of the Democratic Party," U. S. Representative Ken Regan said here today. Regan, who is unopposed for re-election to Congress from the 16th District, said his main reason for opposing Stevenson and Sparkman was their respective attitudes toward the Texas Tidelands issue. In addition to the Tidelands, Regan said he did not agree with the Democratic nominees' views on national and world matters. "I have opposed and voted against the National Democratic Party's socialistic program during the six years I have represented the people of West Texas," Regan added, "and I do not consider their program to be in the interest of our state and the nation as a whole."

Dr. B. A. Lively Opens Dental Offices in Stanton
Dr. B. A. Lively announced the opening of office here this week. Dr. Lively will practice dentistry at the same location formerly occupied by Dr. Haywood above the Stanton Walgreen Drug Store. Dr. Lively is a graduate of Baylor University Dental School. His pre-med training was at SMU. He and Mrs. Lively, a graduate of Baylor Nursing School, moved here from Amherst, Texas. They reside at 607 Broadway. An active civic worker, Dr. Lively is a member of the Lions Club. He served three and one-half years in the armed services. In leaving Stanton, Dr. Haywood highly recommended the new dentist, and expressed much appreciation for his associations here.

VOTERS APPROVE BOND ISSUE

HIGHWAY 80 ACCIDENT SUNDAY TAKES ONE LIFE; FIVE ARE HOSPITALIZED FOR SERIOUS INJURY

One person was killed and five others injured in a two-automobile collision two miles west of Stanton Sunday at 12:15 p. m. Killed was Mrs. Minnie Cork, 71, of Floydada, who was returning home after visiting a daughter in Midland. Injured were Mrs. Lucille Scott, her daughter; Clifford Scott, her son-in-law, and the Scott's two daughters, Minnie Pearl, 12, and Betty Lou, 10, all of Floydada, and Mrs. E. Murray Jones, 60, of Lubbock. All of the injured were brought to Memorial Hospital of Martin County here. Still hospitalized are Mr. and Mrs. Scott, and daughter Minnie Pearl, and Mrs. Jones. While Betty Lou Scott has been released and her sister is improving, the condition of all others is still critical. State Highway Patrolman Oscie Renfrow said Mrs. Scott was driving the automobile eastward as they returned from Midland, where Mrs. Cork had been visiting another daughter, Mrs. Claudia McDearmon, 1111 Midkiff Drive. Coming from the other direction was the automobile driven by Mrs. Jones. Renfrow said a witness to the collision, D. O. Lawson of Stanton, told him Mrs. Jones car suddenly began weaving across the road and plunged directly into the path of the Scott's automobile. Mrs. Cork's body was forwarded Monday by the Arrington Funeral Home to Goodlett for services and interment.

MONTIE CASTLEBERRY

Montie Castleberry To Be Assigned Following Fulough

A/3c Montie M. Castleberry has been visiting his parents, Mr. and Mrs. C. A. Castleberry of Stanton, for a 35-day furlough. He was graduated from Specialized Technician School Sept. 5th at Frances E. Warren AFB, Cheyenne, Wyoming. He left Oct. 18 for special duty with United States Air Force in Europe. He is going to Camp Kilmer, New Jersey for further briefing and assignment to NEAC.

STUDY CLUB NAMES CHAIRMEN FOR AMERICANISM CAMPAIGN

Mrs. Woodford Sale and Mrs. S. W. Wheeler will serve as co-chairmen of the Americanism campaign for the Federation of Women's Clubs to be conducted here the week of October 27 through November 1. The objective of such a campaign is to revive a greater interest in our way of life, to conduct a campaign to GET-OUT-THE-VOTE, to return to family prayers, grace at meals and to the ideals of our pioneer forefathers. The members of the General Federation of Women's Clubs, an organization of 11 million members, 5 1/2 million located in this country, will conduct an Americanism Week, whereby citizens will be asked to rededicate themselves to the preservation of our representative form of government. Mrs. Glenn L. Brown, president of the Stanton Study Club, said "Freedom is not a right that just happens. There is no magic way to freedom. We have to work, sacrifice and sometimes fight to keep it alive. We, in America, have lived so long in freedom that we are prone to take all of our liberties for granted. When this happens, we are in danger of losing our freedom. "We believe that the time has come when we must urge our people to stop, take stock of our great heritage and then go out with a religious fervor to do all in our power to preserve the American Way of Life—our priceless possession. Every American should join us in this crusade."

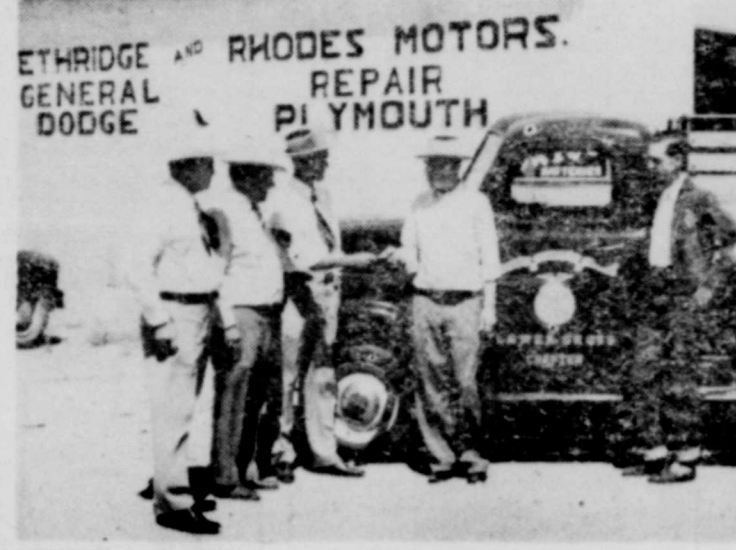

GLEN CROSS, No. 50 is pictured here as he tackled Midland's fleet Brooks, No. 14, after a four yard gain. No. 53, with white helmet in background is Richard Lewis. Maxie Davie, No. 51, was ready to assist Cross in this, one of several times Midland threatened the Buff goal line Friday night. Brooks figured as a star when Midland's A team defeated Ysleta by a wide margin recently. Stanton defeated the Midlanders 13-7.

HIGHWAY 80 WIDENING, FARM-TO-MARKET ROADS ASSURED

Voters gave the green light to Martin County's road building program Saturday when they approved a \$250,000 bond issue. There were 439 votes cast for the proposal while 80 votes were registered against the issue, according to complete but unofficial returns. James McMorries, Martin County Judge, said the bonds may be sold Saturday, October 25 to facilitate speedy action in actual road construction. The \$250,000 bond issue was submitted to qualified voters by Commissioners Court of Martin County in order to purchase rights-of-way for widening of U. S. 80 Highway into a four-lane thoroughfare across the county as well as more than 30 miles of farm-to-market roads. The Texas Highway Department has proposed to build such roads as soon as rights-of-way were furnished. Also under consideration by the State Department is drainage of "Mexican Lake" here, report on which will come with engineering of the U. S. 80 project.

RECEIVING KEYS for a new Dodge pickup, a gift to Flower Grove Chapter Future Farmers by Ethridge and Rhodes Motors of Stanton. Pictured, left to right, are Troy Langston, President of Flower Grove School Board; Finley Rhodes; Robert Becker, receiving the keys from Bill Ethridge; Charles Nance, chapter reporter; Carlos Gene Miller, chapter historian; Red Barkowsky, chapter treasurer, and Superintendent Elmer Miller.

Hallowe'en Carnival To Be October 30

The annual P.-T.-A. Hallowe'en Carnival will be held at the High School Gym Thursday night, October 30. Beginning at 7:00 p. m., a highlight of the festival will be the crowning of the Queen at 9:00 o'clock. In store for all ages of spooks will be food and soft drinks, games, cake walk, colored minstrel, fortune teller, bingo, and general hallowe'en favors. The public is invited to attend and participate in the evening's activities.

MARTIN FARM BUREAU ELECTS OFFICERS

The Farm Bureau elected the following officers at its meeting at the Grady School last Monday night: Ed Pollock, president; Jim Franklin, vice-president; George Hogg, secretary-treasurer. There will be another meeting Tuesday night, October 28th, at 7:30 at the Grady School. Any one interested is invited to attend.

BUFFS NUDGE FAST MIDLAND 'B'S' 13-7 FOR SEASON'S FOURTH WIN

The Stanton Buffaloes fought hard Friday night to defeat Midland's fast running and passing "B" team by a count of 13-7. The teams were tied 7-7 from the early minutes of play until late in the last quarter when the Buffaloes added their second touchdown. The evening's hand-to-hand fighting took place, largely in Buff territory, as Maxie Davie, Leroy Polk, Gordon Stone, Richard Lewis, Virgil Polson, Glen Cross, Johnal Woody, Eldon Hopkins, Wayne Petree, Norman Blocker, Jimmy Wheeler, and Ronnie Gilbreath shared honors in defending their goal which was seriously threatened on six occasions. Stanton's first score came in the early minutes of play when Blocker ran over from the seventeen yard line to climax an 80 yard sustained drive. Hopkins scored in the fourth quarter by going over left guard from the nine. Two plays previously Blocker had broken loose on the 50, running 41 yards where he was overtaken and hauled in on the nine by a Bulldogs speed-merchant. Midland's only marker came when Tommy Johnson took Stanton's kick, following TD, and wove his way 80 through the point was good and the score was tied 7-7. Taking the Bulldog kick on their own 20, the Buffs went to Midland's 25 where the ball went over one foot short of a first down. During the campaign Woody's return of 13 yards, and runs of 9 and 20 yards by Blocker and Hopkins highlighted the drive. Bulldog's possession failed to turn a first down and they kicked out of bounds on the Buff 30. Here the Buffs also failed to gain and punted to the Bulldog 45. A 20 yard return again put the Buffs on tight defense and a Midland pass was intercepted on the 25. Following a 15 yard scamper by Hopkins the Buffs bogged down on the 40. Starting from their own 40 late in the first half the Bulldogs passed their way to Stanton's 30. Following a 20 yard loss the Midlanders punted to Stanton's 5 yard line. The Buffs picked up a first down as the half ended. Taking the kick on their own 20 the Bulldogs engineered a 60 yard drive to Stanton's 20 where the locals reclaimed on downs. Stanton fumbled here and the Bulldogs recovered, again on the

HIGH SCHOOL HONOR ROLL ANNOUNCED

The Stanton High School Honor Roll for the first six-weeks has been announced by Superintendent O. W. Winstead. Requirements are an average of 90 with no grade below 85. The various classes, with names and average grades, are as follows: Freshmen — Lee Coon, 97; Mary Hedrick, 97; Jozell Brister, 96; Jerry Orren, 94; Bill Burns, 93; Harriett Echols, 93; Jerry Sue Rees, 92; Corky Blocker, 92; and Terry Cearley, 91. Sophomores — Lorene Burns, 96; Shirley Shoemaker, 96; Patsy Wheelers, 95; Larie Fisher, 94; Annett Howard, 94; Gordon Stone, 94; Virginia Woolley, 93; Jeanie Overby, 93; Archie Butler, 92; Alton Long, 92; Marlene Kelly, 91; Ima Joy Williamson, 91; and Saba Wieseley, 91. Juniors — Jerie Coon, 96; Eula Belle Mott, 95; Norman Blocker, 95; Angie Chesser, 93; Jeanette Graves, 93; Georgia Glaze, 92; and Eugenia Martin, 92. Seniors — Patsy Pollock, 94; Homer Henson, 94; Sammy Foreman, 93; Jo Jon Hall, 93; Barbara White, 93; Maxie Davie, 91; Richard Lewis, 90; and Leroy Polk, 90.

We are starting to play our conference football games tomorrow night, and we naturally want our team to win; so we have to stand behind them in every way.

Let's see just how many we can have at our game tomorrow night. All of you high school students yell in the cheering section, and you older folks can learn our yells too and help us out. We have a good team this year, and if they know that we are all behind them, they will play that much harder. Even when the chips are down and they are behind in the score, they are listening for our support and need it then more than ever.

Stanton is definitely a football town, it always has been, and we want it to continue to be in the years to come.

Boys, win, lose, or draw, we're behind you one hundred per cent. See you all at the game tomorrow night, I hope.

Beat Seagraves.

FRIDE OF THE HERD
Patsy Polioek

Mary Ivy Henson, a junior and a very popular girl in S. H. S., is the girl we have decided to tell you about this week.

Punky's favorite color is green, and she likes fall best because that is football season.

Tops on her musical hit parade is "Blue Moon" and Farley Granger and Ava Gardner go to the top of the list as favorite movie stars. The movie she liked best was "They Live by Night."

Mary Ivy's hobby is 4-H Club work in which she is very active. Her favorite teacher and subject are Coach Read and American history.

Punky's most embarrassing moment was when she went to a swimming party and forgot her bathing suit.

She has very definite ideas about the kind of boy she likes to date. He would be nice-looking, considerate, and respectful. They should enjoy the same things; so

he would be able to show her a good time. Maybe another qualification is one who likes Shakespeare—like David.

Punky is a member of the student council and is secretary of the F. H. A. chapter here. She was elected freshman favorite and was football sweetheart last year. On her dream day she would get up early, get the Ta Tafs and their dates and fly to Dallas. They would eat lunch at the Adolphus then go to a football game at the Cotton Bowl. After the game they would all go out to the fair grounds and stay until late that afternoon. After a Mexican supper they would return to Stanton for a party at Jo Jon's.

TIC TAC TATTLE

Hey, kids, I'm mad at you, for there wasn't much news in my box this week. Maybe you'll do better next time.

Say, Ginger, did you and Lenny have fun Wednesday night? Joyce Davenport has a secret admirer who thinks she's mighty cute and our best twirler. Wonder who he is? Someone enlighten me. What's this I hear about Homer Lee and Frances not getting in until late one Saturday night? Larue, who is the brunette junior that you are so popular with? And Doris B., how are you and James R. getting along? What is this we hear about Harriett E. and Mike B.? Burley had better watch out. Say, Martha, old flames sometimes cause burned fingers. Incidentally, how do

you like to ride on that red motorcycle? We hear Pross, Angie, Beanie and Pete sure had a good time at the drive-in Sunday night? Who does Jo Jon swoon over in American history? Larie Fisher and Ronnie Gilbreath are the saddest kids in school since Don and Betty moved off. Maybe they can console each other. I wonder how Norman K. likes to go with Lee Coon? What's this I hear about Robert Lomax and Nancy Glaze? Just ask Robert. Seems like Jerry Sue likes to tell double time. Is that your watch Jimmy Willborn? Someone tell me why Bill Scit makes good grades in Algebra, or should I ask Lorene? We're awfully glad to have Zanna back in school, aren't we Norman? Let's all put something in my box next week. Be at the game tomorrow night and watch our boys "Beat Seagraves."

The Tattle.

LIPSTICK LOGIC
Mary Ivy Henson

Going steady is thought to be a good idea in many places, but it is a subject on which there are many pros and cons. It is a wonderful opportunity for a girl and boy to get to know each other well. A girl who goes with only one boy for a while learns to know him better than she ever would if she had continued to date other boys. One advantage of having a steady is that you're always pretty sure of having a date for some special party or occasion. A disadvantage is if you

All Texas to Have Part in T. S. C. W. Golden Anniversary

There are a large number of exes of Texas State College for Women, Denton, living in this area of West Texas. Some are housewives, some are holding positions of prominence with oil companies, professional business men's offices, banks, newspapers, and various industrial plants.

The representatives of this 50-year-old educational institution for girls, are found as near-by as Midland and Big Spring, and, of course, their deft fingers and intellectual ability extends

over the State of Texas. Three-fourths of the 50,000 ex-students of TSCW live in Texas. Quite a number, and they added to the large number attending the college, there is a lot of students who are interested in the mammoth kick-off celebration, November 6, that opens the Golden Anniversary year of the college.

Dr. John A. Guinn, president of the college, said: "An evaluation of TSCW's fifty years of achievement and a forecast of her glorious future will be given at this time."

The college was opened in 1903 largely through efforts of the women of the state. Mrs. Van Hook Stubbs of Wortham, president of the Texas Federation of Women's Club, will outline the history of TSCW. Other speakers on the program are: Dr. W. T. Harrington, president of Texas A&M College; Rep. Frank Ikard of the 13th U. S. Congressional District; Ed. Gossett of Dallas, former congressman and husband of a TSCW student; Dr. Guinn, president of TSCW.

Stanton, Texas

Mrs. Edgar Deen of Fort Worth, Texas newspaper columnist and TSCW regent, will be mistress of ceremonies. A feature of the morning academic procession will be representatives of women's colleges throughout the nation. Activities will continue throughout the evening, when the 18 TSCW dormitories will hold open house for the thousands of visitors.

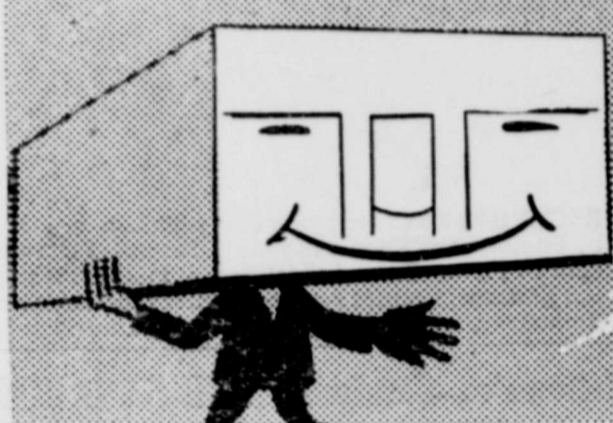

A BIRTHDAY COMING

If we methinks we know what we're doing, and methinks we do, at least we have the word of The Gas Employee's News, out of Lubbock. The News carried a heading, "Happy Birthday," and under it were the names of 26 employees of the West Texas Gas Company, who have birthdays in November. Among the employees mentioned was the name of L. C. Hale, manager for the company in Stanton.

Soil Conservation District Notes

Five acres of alfalfa was seeded last week by Jack Allen on his place in "Shady Acres" south of Midland. He inoculated the seed and applied 150 pounds of 30 per cent superphosphate per acre, using the drill belonging to the Martin-Howard Soil Conservation District. Allen has signed a conservation agreement with the district and is making plans to build up the productivity of the soil on his acreage.

With The Right Bulb In The Right Place

Needle work is so much more pleasant when you've plenty of light. You'll be able to see better what you are doing, even on dark materials. You'll be able to sew faster and do a neater job with less eye fatigue, too, when you take this advice from Reddy Kilowatt: The right bulb in your lamp for sewing or other fine detail work should be at least 150 watts. Better light makes every seeing task easier!

YOUR DEALER CAN HELP YOU select "the right bulb for the right place." Check his convenient chart and buy the bulbs you need... plus some extras... for easier seeing.

TEXAS ELECTRIC SERVICE COMPANY
CECIL BRIDGES, Manager

during the demonstration on the B. E. O'Neal farm September 30 are coming up on all the plots. Interested farmers are invited to visit the farm and compare stands obtained by the different seeding methods. Eleven different combinations of seed, fertilizer, and planting equipment were used in the demonstration sponsored by the Martin-Howard Soil Conservation District and Midland Chamber of Commerce. O'Neal has added two other plantings since the field day. He has also supplied two kinds of fertilizer, 15-20-0 and 45 per cent superphosphate, to portions of his irrigated pasture.

J. R. (Dee) Long has about 40 acres of mixed small grain up to a good stand on his home place south of Midland. He used 2200 pounds of barley, rye, oats, and

wheat, and is watering with a sprinkler irrigation system.

An irrigation farmer, J. T. Flowers, of the Valley View community, southeast of Midland, was elected supervisor of zone 4 of the Martin-Howard Soil Conservation District at a meeting at the Community Center Tuesday night.

A crowd of approximately 75 farmers and their families attended the meeting and 24 landowners participated in the election. A program arranged by the Midland County Agricultural Mobilization Committee featured the annual election event of the soil conservation district.

Flowers has been cooperater with the Martin-Howard district for 4 years. He succeeds Warren Skaggs, Midland rancher, in the supervisor position.

Dwight McDonald was chairman and Gene Jones secretary of the election convention. A motion picture, "Neighbors of the Lord," telling the story of how a soil conservation district works, preceded the election. The Midland FFA string band furnished entertainment.

The milky way completely encircled the earth.

Stated meeting every second and fourth Tuesday night.

Test Your Intelligence

Score yourself 10 points for each correct answer in the first six questions.

1. Which of the following games was originally, sometimes still is, played on a green?

—Tennis —Tiddly winks —Bowling —Ping-Pong

2. Which of the following is the thigh bone?

—Digit —Cranium —Femur —Fibula

3. Two states bordering on Canada have territory on peninsulas reachable only by crossing Canadian territory. One of them is named below. Can you find it?

—Maine —Minnesota —Michigan —Montana

4. Which of the following men led the "Rough Riders" in Cuba during the Spanish-American War?

—Stonewall Jackson —John J. Pershing —Garcia —Theodore Roosevelt

5. Pick out the following word which does not match the other three.

—Mold —Fungus —Mildew —Trichinosis

6. Which of the following writers became famous for books which were not written in his native tongue?

—Joseph Conrad —Honore de Balzac —William Faulkner —Sinclair Lewis

7. Match the following leaders with their respective countries. Score yourself 10 points for each correct choice.

(A) Peron —France
(B) Tito —Argentina
(C) Schuman —Germany
(D) Adenauer —Yugoslavia

Total your points. A score of 0-10 is poor; 30-60, average; 70-80, superior; 90-100, very superior.

BARGAIN for cash, farm. Terry

BRIDE HONORED WITH MISCELLANEOUS SHOWER

Mrs. Pete Hickman, the former Betty Carroll Bennett, was honored with a miscellaneous bridal shower Saturday evening, October 11, in the home of Mrs. Edmund Tom.

Co-hostesses were Mmes. Glenn Brown, Floyd Smith, Lewis Carille, Lewis Gregg, Earl Douglas, Bob Hill, Henry Minton and R. P. Odom.

Guests were greeted at the door by Miss Billy Jean Carlile and Mrs. Tom. Miss Modine Graves presided at the register.

The table was laid with cut-work linen cloth and centered with an arrangement of pink rosebuds and queens wreath, flanked on either side by tall candelabra.

Mrs. Dean Forrest presided over the punch bowl. Individual cakes were served by Mrs. R. P. Odom.

During the receiving hours, soft music was played by Miss Ima Joy Williamson.

HONORED ON BIRTHDAY

Becky Scott was honored on her fourth birthday Saturday afternoon with a party in the home of her parents, Mr. and Mrs. J. L. Scott.

Games were played. Cake and ice cream with hallaw'en suckers as plate favors, were served to approximately fifteen guests.

Recent visitors in the home of E. M. Massey and Loree were Mr. and Mrs. A. N. Henry of Arlington and Mrs. Calle Moore of Houston.

H. A. Hull of Lamesa visited Monday in Stanton with his sister, Mrs. Edna Davidson.

County, 129 acres, pavement, \$80 per acre, crop included. Also modern 4-room house, lot in Lubbock, 81st Street, \$4,500. N. Bayer, Route 6, Lubbock, Texas.

KERRVILLE, TEXAS A good commercial building with four units, all rented and small variety store and gift shop which has a good business. Some trade will be considered and terms.

W. C. SMITH 1611 Broadway, Kerrville, Texas

WANTED: Experienced beauty operator. Apply Atchison Beauty Shop, 110 E. St. Anna St.

FOR SALE—9 cu. ft. Frigidaire deep freeze, 2 years old. See Sonne Umberson after 5 p. m. at Humble Camp.

FOR SALE—Two bedroom home, Clardy Addition. Elton Dial, 507 5th Street.

Drv As A Bone In Louisiana

Writes Subscriber

A former resident of Stanton, writes The Stanton Reporter from her home in Louisiana, that her section of the state is in the throes of very dry weather—all the running streams have dried up and nothing but their dry beds remain.

The letter is written to The Reporter by Mrs. Monroe Simons, of Chatham, La., Route 1, a former resident of Stanton. The letter follows:

Dear Reporter: We have been having terribly dry weather down here in Louisiana. All the silvery streams that threaded their way around and among the tall timber, and through which the fish darted to and fro, have dried up, and nothing remains—now except sand and golden brown leaves as they fall from the branches of the timber and berry bushes that grow along their banks to form a soft carpet.

We are digging a large pond while it's so dry with the hope that it will rain soon and fill it up so we can have plenty of water for our stock.

We went through Stanton last June but didn't have much time to visit there, as our vacation period was short and we had so many places we wanted to visit before our time ran out.

Stanton has grown much since we lived there, and I was glad and surprised to see such a change.

My mother, Mrs. Belle Wyles, of Winnsboro, La., was with us, and I was glad to ride around Stanton and show her the town and note the great change in the growth myself. She had never seen a sandstorm and I thought with all that sand in the air she would have the opportunity to see one in action—nothing doing. She sure likes your town.

It usually rains when we are on our vacation trips, and I thought we'd bring one to your country when we made our trip out there last June, but not a drop of rain fell.

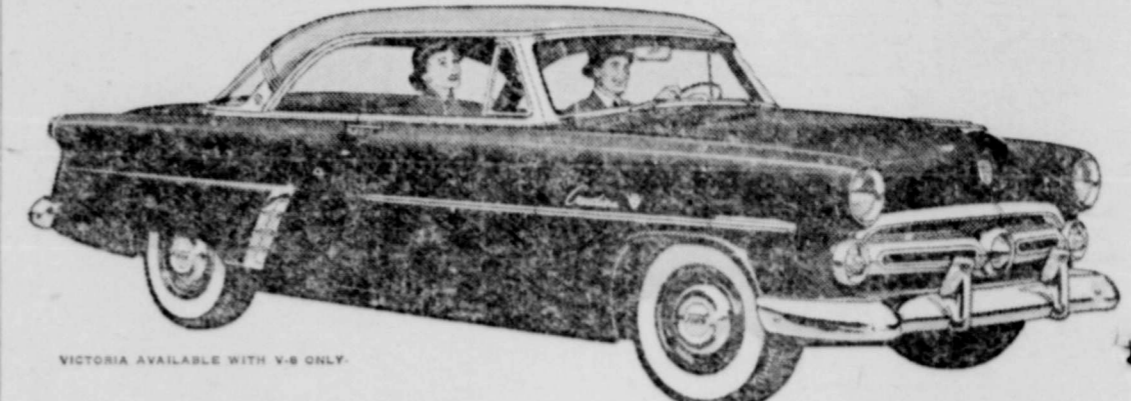

I read in my Reporter not long ago where you folks received a nice rain. I get my Reporter on Monday of every week, and the first news item I look for, is had it rained. I'm much interested in the paper as I read every line.

Very sincerely,
Mrs. Monroe Simons

MIGHTIEST 4 TONS in trucking history!

A product of General Motors

Watch the TV Football Game of the Week Every Saturday on NBC Television.

**GASOLINE—4,500 GVW to 90,000 GVW
DIESEL—19,500 GVW to 700,000 GVW**

HERE'S the new gasoline-powered GMC Model 472-30A—the tractor that will haul more payload within the 45,000 GVW limit than any ever built, by as much as 1,200 EXTRA pounds of cargo in some cases!

Fueled and ready for the road, this revolutionary new highway tractor weighs a trim 8,000 pounds—the result of new engineering techniques, developed by GMC, which eliminate load-robbing "dead weight" from truck design.

A good example is this GMC's revolutionary new "302" valve-in-head engine—pound for pound the mightiest in truck history. It achieves a record-breaking 7.2 to 1 high-compression ratio from regular fuel, produces 145 horsepower—yet weighs as much as 500 pounds less than competitive engines!

It has all the features you want in a great truck. Standard equipment includes full air brakes and husky rear axle rated to accommodate 10:00/20 tires. Available in conventional and cab-over-engine models in a variety of wheelbases.

It's waiting—ready to haul a bigger payload than you've ever been able to put behind your tractor before!

one minute for God for Nation

THIS IS OUR MINUTE IN TIME.
It may not come again.
This is our minute to think, not to dream. To speak, not to listen. To lead, not to follow.
Each of us — you, your family, your friends and neighbors, can . . . must do something to fill this minute with greatness.
Soon our country will select its leadership for the next few years. It is important that we select wisely. It is important that each of us register a choice by voting. But voting alone is not enough.
Let's do something more. Because only by "something more" can our leadership be made truly wise and this minute made great.
Our duty and our privilege are simple.
We need Faith —
To bring God to the Halls of Government; to restore Him to the Councils of Business; to return Him to the Front Room of Life. Let's do as wise men of old have always done. Let's spend our minute with God.
And as we reach for the ballot or the voting machine lever . . . let's reach into our hearts and find a prayer. Then, truly, this minute . . . our minute . . . will be great, that peace and happiness may visit our children.

Presidential Race Causes No Standstill

Dear editor:

Why hasn't any Presidential or even Vice Presidential candidates made any whistle stops out here at Mustang Draw so far in the campaign, interest is running pretty high in the race and while it hasn't caused any stand-still in my farm operations, they came to a stand-still long before the campaign started and will be that way long before it's over, people are doing a lot of discussion of the campaign issues, on the grounds I guess that somebody should, if the candidates don't the people ought to, and after listening for several days I don't mind saying I have no idea which candidate is gonna win.

In this particular case I think it's a fairly happy situation because I don't care what the candidates say I don't believe either one is as bad as the other one says he is, in fact, I think both parties could have gone a short ways and done a lot worse in the matter of selectin candidates. The way it looks out here, the country ain't gonna be in bad shape for a President, regardless of which one wins, but after he gets elected the fight ain't over, the big battle will be whether or not he can win out over Congress, and I have been thinkin'.

Just in case he wins, I would like to give some free advice to Gen. Eisenhower, although this ain't sayin' he's gonna win, I couldn't any more tell you which is gonna win than I could tell you which way the dish water 's gonna go the next time my wife opens the back door.

But just say he's elected, I would like to tip him off that Congress is a little different from the army. They just ain't familiar with military courtesy in that outfit. They don't recognize much rank. You can issue an order to em, but you don't see any salutin or hear any heels snappin together, about all you hear is some Congressman's suspenders snappin as he sits there blowin smoke rings and wakin' up his own mind, and when you consider there is a whole hall full of Congressmen and each one claims he has a mind of his own, don't make any difference how many different people contributed to his Christmas card fund, you can see you got a different outfit on your hands from a military establishment.

There are a lot of other pointers I could give but I will wait and see how the election comes out. In case Stevenson wins, I will be glad to give him advice too. How're you fixed for advice yourself?
Yours faithfully, J. A.

Bible Comment:

Startling Changes In John's Character Caused by Gospels

ONE of the best examples of the gospels' great transforming power is seen in the character change so apparent in John. He was the disciple who seemed to be filled with ambition and who wanted to have the foremost place with his brother James in what he believed was an earthly kingdom about to be established on earth by Jesus.

He also had a vengeful personality. It was John who wanted Jesus to call down fire from heaven as Elisha did and burn up several villages who treated them discourteously.

Yet this man became one of the strongest proponents of Love as the only acceptable way of life. He even came to regard Love as the supreme being, the very nature of God himself.

To John, Love was the true test of a Christian life.

Love and light became John's theme. He asserted that a man who said he loved God, yet hated his neighbor, was a liar.

To John, a loveless life was a life existing in darkness. It is this ramification of his conception of Love and light as one, that John has penetrated into the present and explained the basis of many of our problems.

We know that many of the earth's people are not living in the light of love. They are groping in the misty darkness of hate, prejudice and mutual distrust.

John called the man hating his brother "a murderer." Murder on a highly organized scale is the thing we see most in our modern, loveless world. Certainly man would do well to heed the words of John, take up the ways of Love—and find the light.

Humble to Broadcast 2 Conference Games This Weekend

Humble Oil & Refining Company broadcasts this weekend will include two grid battles between Southwest Conference contenders for the 1952 crown and one inter-sectional game which should provide an exciting football weekend for fans thru-out Texas.

In Conference play Saturday afternoon, Texas A&M meets Baylor while Rice clashes with Texas. Also Saturday, S.M.U. and Kansas meet in what promises to be a thrilling gridiron battle.

Broadcast of the Texas A&M-Baylor tilt begins at 1:50 p. m. Saturday with announcers Ves Box and Bob Walker describing the play from Baylor Stadium in Waco.

On the gridiron and on the air at 1:50 p. m. Saturday, will be the clash between Rice and Texas direct from Rice Stadium in Houston. The familiar voices of

Same Act-New Front

Kern Tips and Alec Chesser will bring listeners a running description of the action.

From where I sit... by Joe Marsh

Wonder How Miss Gilbert Is in "Histery"?

By now I guess you've heard about the spelling errors in the kids' report cards this week.

A typical card looked like this:
Arithmetic..... B
Geography..... B-
Spelling..... C
Grammar..... B

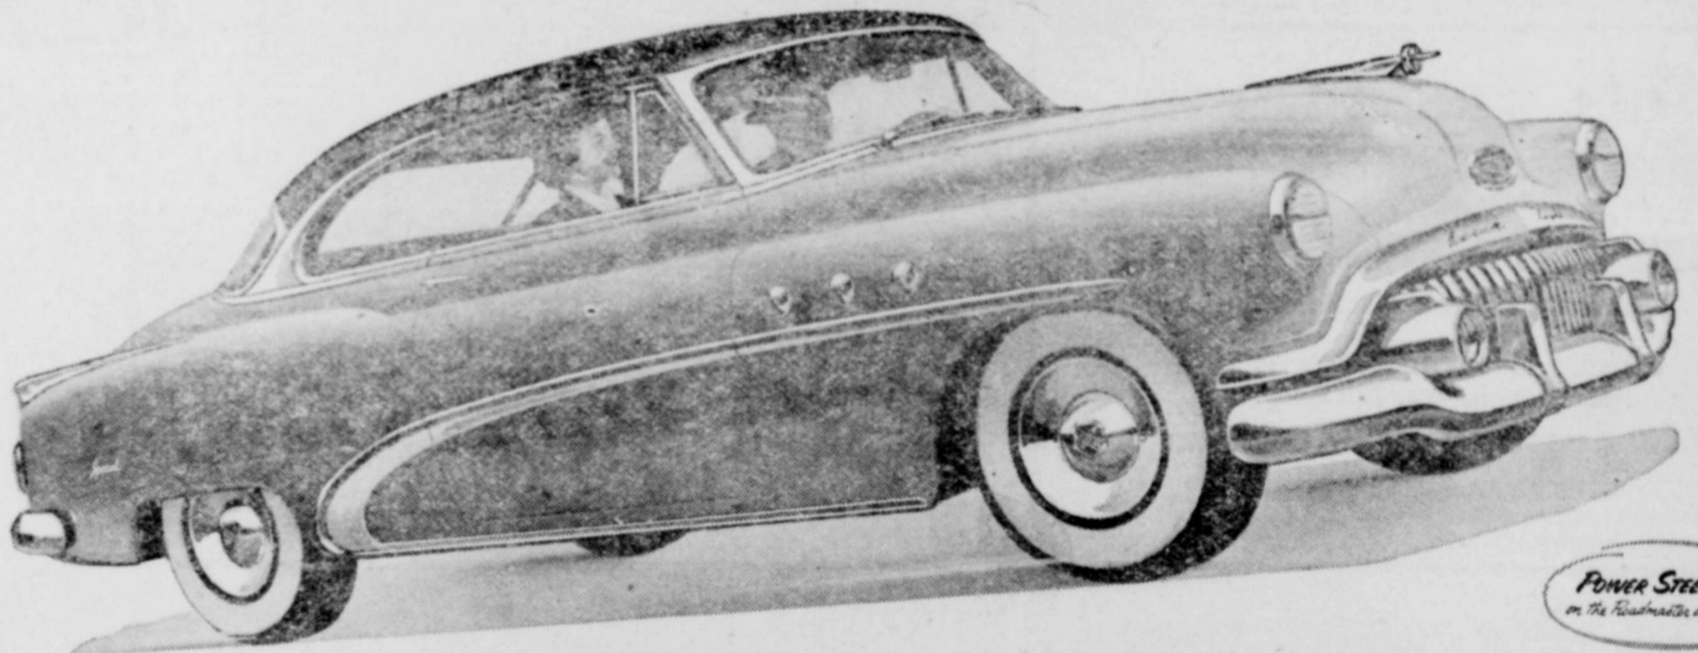

I don't know if Miss Gilbert, the principal, actually wrote those cards, but she took full responsibility. This morning I hear she got up in the Assembly Hall—before all the students—and started writing GRAMMAR with two "a's" on the blackboard 100 times!

From where I sit, I'll bet this makes her even more popular with the students. It's nice to see an expert admit she occasionally makes a mistake. Too many so-called "experts" claim they're never wrong on such subjects as what you or I ought to eat... what we should wear... whether we should enjoy beer or butter-milk. A really wise person never claims to "know all the answers" all the time.

Joe Marsh

"Best Seller" that's too good to miss

YES, this is a RIVIERA. Sleek and swift-lined, like a convertible. Solid-topped like a sedan. Six-passenger roomy—and just about the smartest number that's made its bow in years.

And how folks love it. The day it was first displayed, orders started rolling in.

The rest of the industry took a look—and decided to make a carbon copy.

Over the years, these "hard top" jobs have spread to every price range—

including the big-volume, lower-priced three.

But this Buick version has forged ahead in popularity—and today it's the "best seller" in the whole "hard top" field—bar none.

What's the reason?

Well, it is—as you can see—a smoothie to look at and a smoothie to drive.

It's a Buick—with Buick's famous Fireball 8 Engine—Buick's marvel

Million Dollar Ride—Buick's exclusive Dynaflo Drive*—Buick room—Buick's Power Steering†—Buick comfort, Buick style—and Buick durability.

And when it comes to price—you will find out this: What you pay for a SPECIAL, a SUPER or a ROADMASTER RIVIERA will shine by comparison with the price tag of anything in their fields.

Isn't that enough to make you want to try out a RIVIERA today?

Equipment, accessories, trim and models are subject to change without notice. *Standard on Roadmaster, optional at extra cost on other Series. †Optional at extra cost on Roadmaster and Super only.

Sure is true for '52

CRUMBS

From Exchange Table

Charley Roberts and son, James Roberts, came out a-hustlin' and a-bustlin' last week with their Andrews County News, all diked out in 15 pages, celebrating Oil Progress Week. And may Crumbs say right here, with not a degree of timidity, that these 16 pages were groaning under the weight of large advertisements from many of the oil and drilling companies, and even a whole page advertisement from the Andrews County Independent School District. The Andrews County school system owes almost its existence to the revenue received from the oil interests. From the many developed oil

plants in the county, industrial plants operating due to oil discovery, all, have provided a healthy pot of revenue to support the school system, and the many wage earners who receive their pay-check from the oil industries. And you have a progressive Andrews, and a progressive Andrews News.

What burned up this column was when he noticed a picture in the issue of kids in a swimming pool in Andrews. The burning sensation struck me when I considered Stanton with all the water there is in the state (or near so) and not a water pool big enough for tadpoles to swim in.

Well, do I remember sitting over here in Stanton I would scan over Charley Roberts' prediction starting in the newspaper business in Andrews, establishing residence in a small shack of a building, a wife and four little tots, and banking on the printing office he brought wrapped up in his "shirt tail" to make the living. Checking his situation then with mine in the same line of business, I was "king of the cakewalk" around these "yar diggins". But when Roberts got "dug in" the newspaper business and his kids to school, three of them to Baylor University and out with degrees, this editor and his newspaper plant were shoved aside, and now look where Roberts is—sitting on top of the world, with a modern newspaper plant and a whole lot of business. Charley, whatever cocky air I may have strutted around you in the early days of our newspapering in this area, I humbly bow in humility. Fine work Charley, son James, and Mrs. Chas. Roberts, this latter member who permits no side-stepping work around the News' shebang.

Crumbs has learned who Editor Edgar of the Munday Times is for for President. He said in

Stop Taking Harsh Drugs for Constipation

End Chronic Dosing! Regain Normal Regularity This All-Vegetable Way!

Taking harsh drugs for constipation can punish you brutally! Their cramps and griping disrupt normal bowel action, make you feel in need of repeated dosing. When you occasionally feel constipated, get gentle but sure relief. Take Dr. Caldwell's Senna Laxative contained in Syrup Pepsin. It's all-vegetable. No salts, no harsh drugs. Dr. Caldwell's contains an extract of Senna, oldest and one of the finest natural laxatives known to medicine. Dr. Caldwell's Senna Laxative tastes good, acts mildly, brings thorough relief comfortably. Helps you get regular, ends chronic dosing. Even relieves stomach sourness that constipation often brings.

Try the new 25¢ size. Money back if not satisfied. Mail bottle to Box 280, N. Y. 18, N. Y.

DR. CALDWELL'S SENNA LAXATIVE
Contained in pleasant-tasting Syrup Pepsin

his "Kracker Krumbs" column last week on the subject: "Your guess is good as mine. Vote as you please but be sure to vote." Edgar continued after referring to the mud-slinging campaign being carried on, "it appears that our two presidential candidates are just about the biggest rescais one could find anywhere." I want to ask my friend Edgar, who started smearing on the mud-slinging so thick Eisenhower had to resort to flinging back some mud in the face of the fellow who started the slinging, and is continuing to sling it. It wasn't Eisenhower, for sure!

Knox County farmers are having difficulty holding cotton pickers, due to the very short cotton crop. A Munday cotton gin had turned out 1,982 bales up to last week. At the same period in 1951, the bale turnout in Munday was 2,763 bales.

Around up Stamford way the gin in that city had ginned approximately 175 bales, and compared with the same period last year the county had ginned 2,500 bales. This information from the Stamford American.

And it was Editor Roy Craig of the Stamford American that suffered the agony set up by the breaking down of his Goss newspaper press one press night last week. Some of the whirley-gige to the inner-workings of the press became unruly, tangled, and knocked out each other's teeth—cogwheels. Part of the crew worked all night, press day was missed, and in came an avalanche of inquires from subscribers complaining they had not received their paper. Editor Craig was at home in bed with a cold, when he was aroused and sent scurrying out through the night in search of machinists to weld the broken parts. Finally, the press was mended, Editor Craig went back to bed, to whip his illness, and the American was published.

Lynn Forbes, editor of the Alpine Avalanche, apparently, is having some difficulty getting straightened out as editor of the Avalanche since, Mr. Webb, the former editor is moving from Alpine to Greenville. Forbes came up to the editorial chair from the mechanical department of the Avalanche. But let Editor Forbes tell it in his own way: "You have made a decision the day before that will change your way of living to a great extent and that you have taken on a lot of work. That is about the way this writer felt the other morning when he realized he had made the decision to take over the editorship of the Alpine Avalanche." But Editor Forbes enumerated several others associated with the paper that were still on the job, and among them, was the owner of the plant, D. M. Bennett, many years operator of the plant, but the past five years had been on the retired list. He's back on the job until the needed help can be secured.

After several years of owning and editing the Baird Star and selling out recently, Marvin Hunter and wife "pulled up stakes" in Baird and left last week for Grand Prairie, where they are establishing an office and printing plant to publish the Frontier Times, a magazine that was established 30 years ago at Ban-

NEW MUSIC LEADER AT TSCW

"The college with the singing students" is what Texans are calling the Texas State College for Women, Denton, since Dr. J. Wilgus Eberly, above, new director of music, is having every girl join in group singing throughout the Golden Anniversary year now underway. Kickoff day is November 6. Dr. Eberly, known for development of fine arts festivals in the South, came to TSCW in September. He also is expanding the all-girl symphony and choir.

dera, Texas, by Marvin's father. The new location will open a wider sales area for the magazine, it being situated between Lucas and Fort Worth. Hunter was elected president of the West Texas Press Association last August. Crumbs wishes Mr. and Mrs. Hunter all the luck in the world.

We wish for Editor E. C. Wade and wife of the Jayton Chronicle all the pleasure they have pictured in advance of the jaunt they are taking to the State of Colorado. Editor Wade, dropped the "shooting stick", hung up his apron, and grabbed his wife, and off he went last week for Colorado to view the "beauty of Colorado's aspen covered slopes and valleys, the spectacle that has inspired poetry and prose from the pens of the most gifted writers." So eloquently did Editor Wade speak in his column, "Wade-ing Around in the News," on the eve of his leaving on the trip. And in parting Wade said: "Neither of us has had the opportunity of seeing this super-spectacle, and we are looking forward with anticipation of children expecting Santa Claus."

That tag, "Texas Newspaperman of the Year," recently pinned on Editor Douglas Meador, of the Matador Tribune, by the Dallas Professional Chapter of Sigma Delta Chi, in Dallas, landed him one job. He is invited to address the Texas Women's Press Association that will meet in the Baker Hotel in Mineral Wells, Monday, October 31.

Mr. and Mrs. Leroy Wood of Midland visited last week in Stanton with his sister and family, Mr. and Mrs. L. R. Fincher.

Mrs. Charley Cravens and Mrs. Jack Arrington visited in Monahans Tuesday with Mr. and Mrs. Morris Zimmerman.

MR. FARMER:

Don't you think control of the farm program should be in your hands?

Don't you think you are capable of running your own business?

THEN VOTE FOR TEXAS IKE FOR PRESIDENT. HE IS PLEDGED TO DECENTRALIZE THE FARM PROGRAM, TO PLACE CONTROL ON THE STATE, DISTRICT AND COUNTY LEVELS.

Here's what Ike said at Waco: "Our farm policies ought to begin, as well as end, out where the plowing and the planting are actually done. It should be a unified program, one in which the left hand knows what the right hand is doing."

IKE WILL THROW OUT THE FEDERAL WINDSHIELD FARMERS AND THE BIG CITY LAWYERS
VOTE FOR LOCAL CONTROL OF THE FARM PROGRAM. VOTE FOR IKE.

TEXAS DEMOCRATS for EISENHOWER

(Pol. Adv. Paid for by Claud H. Gilmer, Chairman)

GEE MOM, WE'RE CHASIN' RUSTLERS...

When your "cowboy" calls to beg for just a few more minutes of play with the gang...

Isn't it a perfect example of how even those "little" telephone calls so often reassure and bring peace of mind?

And when you remember that the average cost of each local call, including tax, is less than 3¢... Can you think of a better bargain?

Every "hello" is a good buy

"Slim" Henson, It Is That's the Best Passer On San Angelo Rams

KENNETH HENSON

It would be folly for one to even imagine that a small boy tugging at his mother's apron strings would entertain the thought he would one day play football on his school's squad. Doubt, if the lad at the age it was necessary to hold on to his mother's apron strings to stand up, would know what a football was, but you know that old saying applied to a community that provides winning football teams, "baby boys are born in that community with a football in his arms."

Stanton has a young man football player, making his mark on a college football team, that, when a mere lad, would measure up to that application with being born with a football in his arms. That young man is none other than Kenneth (Slim) Henson, who, almost from the time he entered the first grade in school he went for football. He graduated from the educational institution holding the position of quarterback on the Stanton Buffalo football squad the team that won about every contest it entered during the last year of school, winding up the season with the district championship, and lost the regional championship by one point. This game was played on the Abilene football field with Rochester.

In all the games the Stanton Buffaloes played the last season, Kenneth Henson was scouted by the colleges of Texas, and from several of the institutions Henson was invited to enter their schools, the prime object, of course, was to acquire his services as a football player.

In his high school days Henson had become known as one of the greatest football passers in the high schools of Texas.

Henson made the San Angelo College his choice of the colleges to enter following his high school graduation, and became a member of the college's RAMS squad. From that day to this he has been making a name for himself as one of the most valuable players on the college football squad.

A note to this writer from Coach Max Bumgardner of San Angelo College Rams football team, he says:

"Slim", as he is affectionately

MUSIC CLUB DISCUSSES PROJECT FOR MUSIC EDUCATION EQUIPMENT

The Stanton Music Club met October 15 in the home of Mrs. G. A. Eiland.

Mrs. Don A. Gaddis, president, called the meeting to order. In addition to the routine business, Mrs. John J. Wood reported on the organization of the Stanton Junior Music Club. Mrs. Margaret Spillar and Mrs. Wood met October 8 with a group of young people to organize a Junior Club. The first regular meeting was to have been held Wednesday, October 22.

Mrs. Floyd Smith reported that Mmes. James Jones, Glenn Brown and Bob Halslip would present a vocal trio, "So's I Can Write My Name," with Mrs. Edmund Tom as accompanist, for the selection from the Stanton Club at the 9th District of Texas Federation of Music Clubs to be held in Midland October 24-25.

Mrs. A. E. Pittman was elected alternate delegate to the convention. Several other members plan to attend.

The program for the afternoon was on the theme of "Discovering Music in the Schools". Mrs. John J. Wood brought an excellent discussion on "The Sequence of Music Education". She used as the basis of her discussion an article written by Jascha Heifetz

called, is the returning regular QB from last year's squad. He is a smart field general and the best passer on the team. "Slim" is also a returning regular in basketball. He has a scholarship to Rice on completion of eligibility here at SAC.

Henson weighs 153 pounds, height 6 ft. 4 inches, age 13, sophomore, quarterback, San Angelo Rams letterman. '51, entered San Angelo College from Stanton High School's Coach Leo Fields.

Olga Veatrice Bingham Weds W. W. Holcombe

Nuptial vows were solemnized October 11, at the Courtney Baptist Church for Miss Olga Veatrice Bingham, daughter of Rev. and Mrs. H. L. Bingham of Courtney, and Walter Wayne Holcombe, son of Mr. and Mrs. E. W. Holcombe of Stanton.

The father of the bride, Rev. H. L. Bingham, read the double-ring ceremony before an arch of white gladioli and candelabra holding white tapers.

Given in marriage by her grandfather, J. P. Bingham, the bride was wearing a ballerina length gown of white lace over slipper satin. The fitted bodice was buttoned down the back coming to a point just below the waistline. The sleeves tapered to points over the hands. Her veil was French illusion. She carried a white Bible topped with an orchid. Her only jewelry was a necklace belonging to an aunt.

Nuptial music was played by Mrs. Earl Creech. She also accompanied Miss Peggy Sue Greyhouse, soloist.

Miss Peggie Jo Glaspie was bridesmaid. She wore a dress of blue taffeta covered with net and fashioned like the bride's. She carried a bouquet of white gladioli.

Lighting the candles before the ceremony were Miss Virginia Hull, who wore pink taffeta covered with net and Miss Pearl Howard, who was attired in a pale green taffeta gown.

Ushers were Billy Gene Smith and Ken Holcombe.

THE METHODIST CHURCH

College Day will be observed Sunday with the annual offering for the support of the Methodist Colleges and the School of Theology in Texas. The Pastor is to bring his Message Sunday morning on, "Christian Stewardship." Sunday night he will speak on, "The Prayers Of The Saints." The evening service is at 7 o'clock.

The MYF Programs have been well attended each Sunday at 6 o'clock. All young people are urged to attend these fine meetings.

The Woman's Society of Christian Service is to observe, "The Week Of Prayer," with a one-day program of prayer Monday morning from 9 to 11:30. All women are invited to attend this Week of Prayer observance.

The District Superintendent is calling a Sub-District meeting of all churches in this section of the District at our church next Tuesday night at 7:30. The purpose of the meeting is to launch the Stewardship campaign in this part of the District. Dr. H. I. Robinson, Pastor of First Methodist Church in Lubbock, is to be the principal mispaker. Other laymen and speaker. Other laymen and gram. To become acquainted with the Stewardship Program of

entitled "Music for the Millions." Mrs. Wood closed her talk with the statement, "In music, the more we know, the more we grow, and the more we grow the more we want to know."

Mrs. L. H. Batton spoke on the subject "The Substance of Hope." She reminded us that much of the music heard over radio and in other places is of a mediocre type. She then discussed several projects that the club might undertake to improve music education in our schools and community.

Mmes. L. H. Batton, Edmund Tom, John Wood, Glenn Brown, Murray Byrd and Margaret Spillar were appointed as a committee to see what the club could do toward putting music or some equipment in the school.

Members present were Mmes. Glenn Brown, L. H. Batton, Ralph Caton, E. B. Coon, Don Gaddis, James Jones, A. E. Pittman, Herbert Riley, Floyd Smith, Guy Eiland, Edmund Tom, John J. Wood, and Phillip White. Mrs. O. W. Winstead was a guest of the club.

The next meeting will be Nov. 5 in the home of Mrs. Paul Jones, with students from Howard County Junior College as guest artists.

OIL NEWS

(Continued from Page One)

Location is 1,580 feet from north and west lines of section 7, block 35, T-1-S, T&P survey and two miles northeast of Stanton.

Making Hole

Phillips Petroleum Company No. 1-C Schar (Scharbauer Cattle Company), Ellenburger wildcat in Southwest Martin County, is drilling below 9,270 feet in lime and shale.

It is scheduled to drill to 14,000 feet or a test of the Ellenburger at a lesser depth. It was originally projected to the Spraberry but operator decided to deepen after that formation was found barren.

Location is 1,320 feet from south and 6,888 feet from west lines of league 324, LaSalle County School Land survey and four and one-half miles north of the discovery well in the Glass Spraberry field.

It is 19 miles northwest of Stanton and 13 miles north of the city of Midland.

Swabbing to Test Sinclair Oil & Gas Company No. 1 Hall, wildcat in Glasscock County and eight miles southeast of Stanton, is swabbing to test through perforations between 6,815 feet and 6,985 feet.

It was plugged back to 7,223 feet from total depth of 11,072 feet in dry Ellenburger. Five and one-half inch casing is set at plugged back depth.

Location is 1,980 feet from north and 660 feet from west lines of section 6, block 34, T-2-S, T&P survey.

PERSONALS

Mr. and Mrs. Henry Rayford and Mr. and Mrs. H. M. McReynolds attended the Dallas Fair and visited with Rev. and Mrs. William McReynolds at Southern Methodist University recently.

Mrs. R. H. Berry and daughter, Mrs. Colleen Miller of Phoenix, Ariz., recently visited in the homes of Mrs. Lila Flanagan and Mrs. Fannie Graves.

Recent visitors in the home of Mrs. Fannie Graves were her daughter, Mrs. Dorothy Lind of Phoenix, Ariz., and her son, J. D. Graves, of Louisiana.

Cpl. George B. Kelly left Wednesday for Fort Bragg, North Carolina, after spending 45 days with his parents, Mr. and Mrs. W. E. Kelly.

Mr. and Mrs. Henry Ringhofer attended the "Ben Turner Art Exhibit, Sunday in Midland.

James and Roberta Sims attended the Oil Show in Odessa, Saturday.

Weekend visitors in the home of Mr. and Mrs. L. H. Alexander were her father, C. L. Cooper of Arlington, Calif., a niece and nephew, Mr. and Mrs. Dan Hildreth and children of Jacksonville, Fla. and a daughter, Mr. and Mrs. Marion Taylor of Midland.

Mrs. James E. Harrell and Mrs. H. M. McReynolds recently attended a Methodist Conference at Lubbock.

Methodism is necessary that every member of the church be present and everyone is invited. We are glad to have visitors in all our services.

Circle Presents WMS Program Monday

The Vivian Hickerson Circle had charge of the Women Missionary Society program at the First Baptist Church Monday afternoon. Mrs. Tull Ray Louder presided.

Mrs. J. D. Shoemaker, song leader, accompanied on the piano by Mrs. Ed Robnett, led the group in the WMU song, "Christ for the Whole Wide World."

The watchword for the year, "Lift up your eyes, and look on the fields; for they are white already to harvest," John 4:3, was repeated in unison by the group.

A past president WMU pen was presented to Mrs. Harry Billington followed by the invocation given by Mrs. B. F. White.

"Choosing the more excellent way" a Christian citizenship study was the topic of the Royal Service program. Those taking part in the program were Mrs. Bill Shearin, Mrs. Woodford Sale and Mrs. Tull Ray Louder.

Mrs. Earnest B. Coon, president, presided during the business session.

A supper party and organizational meeting of Young Women Auxiliary was held Tuesday night in the home of Mrs. Harry Billington with Mrs. Guy Eiland as co-hostess.

The next WMU meeting will be a joint business meeting of the three circles. Mrs. Coon, the new president, will bring plans for the new year. All members of the Blanche Grove Circle, the Mary Stamps Circle and the Vivian Hickerson Circle are urged to attend this meeting.

Mrs. B. F. White was appointed by the president as chairman to plan a social for the Intermediate Girls Auxiliary. Mrs. Bob Whitaker gave the benediction.

Members attending were Mmes. M. H. Buckhannon, J. R. Sale, Harry Billington, Eula Rice, S. S. Sheffer, J. W. Sale, J. D. Shoemaker, A. E. Murr, S. E. Suptulver, Guy Eiland, Tul R. Louder, Ed Robnett, Bill Shearin, Bob Whitaker, Thomas Adams, Larry Loetz, B. F. White, Roy Martin, W. H. Yater, Miss Elna Sprawls, Miss Carrie Alvis and Mrs. Walter Graves, publicity chairman.

Letter to Editor

Dear Editor Kelly:

In one respect this may be considered an answer to your editorial in regard to your support of Eisenhower for President, but it is not written to alter the opinions of any who are supporting the Republican candidate. It is more to express my reasons for supporting Governor Stevenson.

This is the first year that I have had the sacred privilege of voting, and I have spent much time considering the attributes of both noble candidates. At first I was in favor of the General, but have since realized that the admiration I held for him was hero worship and admiration for his military abilities. The fact is I still admire him as a military leader, but I am forced to favor Stevenson as a political leader.

First, I remember the fact Stevenson was chosen by the national Democratic convention by Democrats to represent his party. Second, I admire Stevenson for his Christian attitude and the fact that he wished to have a clean campaign. It was not he, but the President of the United States himself, who began the "mud-slinging." (It is my good fortune to have been born an American and have no fears about criticizing our leader when I think he is wrong). Third, I admire Stevenson because he has not changed his opinion on the Tidelands issue. It is the duty to uphold the ruling of the Supreme Court, and it is our duty as Texans to face the fact that we are Americans first and Texans second. I am extremely proud of our Texas heritage, but when I asked myself this question, "Should I vote to benefit Texas alone or to benefit my country?" I was forced to pledge my support to the real Democratic party that has done so much for our country.

I repeat this is not meant to alter the opinions of those supporting the Republican candidate but I do wish that any of those who are voting for the first time as I am or any of those who are the least undecided will study carefully the issues without prejudice. Then my dearest wish is that they will vote for the man of their choice.

Sincerely yours,
Mrs. Charles T. Read, Jr.

There are more bones in a baby's body than in an adult's.

Scene of the story, "Dracula", is laid in Rumania.

FOOTBALL

(continued from page one)

20. The entire Buff line held and took over on downs, again on their 15. Blocker found an opening for 15 yards, but tough going plus a 15 yard penalty prompted a Buff punt to Midland's 20. Return was to the 35.

Becoming desperate for a TD and the lead, the Midlanders attempted three long passes, the last of which was intercepted by Blocker on the 50 and raced 41 yards to Midland's 9. Midland's defense held the Buffs to no gain for three plays, then Hopkins found his way over left guard for the remaining nine. Extra point was not good and the Buffs led 13-7.

With time remaining to win or even up the score, the Bulldogs drove 50 yards from their own 30 to four passes into the end zone were all incomplete, although near perfect.

Stanton's possession lost some ground and they punted to Midland's 45. With only seconds remaining Midland's ace passer, Brooks, heaved two incomplete passes, was smothered for a 10 yard loss and connected for a gain of 15 yards, five short of a firstdown. Wheeler nailed the receiver and Stanton owned the ball and the ball game, as the final whistle blew, 13 to 7.

WCS MEETS

The WCS of the First Methodist Church met in the church parlors, Monday morning.

The group continued their study on "Human Rights."

Members present were: Mmes. J. E. Harrell, F. O. Rhodes, Ralph Newman, H. M. McReynolds, Calvin Jones, James Jones, Floyd Smith, Lela Hamilton, Ima Kelly, Edmond Morrow, B. F. Smith, John Davis, Phil Berry.

Lonnie Laird of Quemado visited this week in Stanton with friends.

ELECT OFFICERS

The Junior Royal Ambassadors of the First Baptist Church elected officers at their regular meeting Monday.

Officers elected were as follows: Ambassador-in-chief, Raymond Adams; First Assistant Ambassador, Jimmy Hamilton; Second Assistant Ambassador, Richard Suptulver; Chapter Recorder, Bobby Wren; Chapter Scribe, Bill Edwards; Chapter Steward, Carl Ray Reynolds; Chapter Custodian, Robert Whitaker, and

Chapter Herald, Dennie Scott. The Junior Royal Ambassadors meet regularly at 4:00 p. m. on Mondays at the church.

REMEMBER THE TIDELANDS

Your vote for Eisenhower is a vote to restore title to the Tidelands with the State of Texas.

RE-WIN TEXAS INDEPENDENCE

We agree with the majority of the State Democratic Convention that the nominees and platform of the National Democratic Party do not truly represent the Democratic Party of our fathers, or stand for the best interests of Texas and the United States of America. We regretfully acknowledge that the Democratic Party, as we have known and loved it, is a captive of groups whose aims and views are alien to ours in Texas.

Texas Democrats for EISENHOWER
