Speeding Auto Runs Off Dock, Boys Drowned

Three Victims Of Mishap At Orange; Fourth Lad Saved

ORANGE, Jan. 9. (AP)—Three boys were drowned here today when the automobile in which they were riding, said by Police Chief Eugene L. Nance to be stolen, roared off a docks here at 90 miles per hour and plunged into the Sabine River. A police car was pursuing the automobile when the accident occurred.

Dead were Earl Borders, 17, son of Mrs. Ella Borders, Austin, and Gene Derrell Shely, 13 and Don Jordan, 11, two Moscow boys who, Berry stated, hitch-hiked a ride with Borders.

A fourth occupant of the car, Sherrill Ray Jordan, 15, brother of the dead boy, was pulled from the Sabine by Johnny James, professional wrestler. James plunged into the stream fully dressed to accomplish the rescue.

City Patrolman V. Berry told this story: He saw an automobile parked beside an Orange service station about 1 a. m. and when he attempted to investigate it the driver started away at high speed.

After a chase of several blocks the car swerved into a short street leading to the docks.

The car was traveling about 90 miles per hour when it shot off the docks and traveled at least 50 feet into the river before striking the water and sinking, the policeman stated.

The bodies of young Shely and the driver were recovered but the body of Jordan had not been found later today.

Boys Sent To State School

Five minors, four of whom were declared delinquent in juvenile court Wednesday, left today in custody of Deputy Sheriff A. D. Bryan for Gatesville where they will begin sentences in the State Industrial School for Boys.

The four who drew terms from Judge Walton Morrison yesterday are Bobby Lee Hunt, 15, Denver Holcombe, 15, Charles Echols, 16, and Tommy Morgan, 15. All were told they must remain in the school until they reach their 21st birthdays.

In addition, 16-year-old John Dolan was sentenced to the institution until he attains his majority. Hunt and Holcombe had been charged with burglarizing a local food store last Dec. 12. Hunt was also accused of stealing a horse from a farm near here on Thanksgiving day. They were apprehended after juvenile officer J. B. Bruton had traced them through their fingerprints left at the scene of the grocery robbery.

Echols, a former inmate of the home, and Morgan had been found guilty of the theft of a quantity of chickens on Dec. 8. They reportedly sold the fowls to a local produce house before they were rounded up.

Judge Morrison also paroled two first-offenders, one 15 and the other 16, to Bruton. The two were implicated in the food store burglary.

Parish Without News

PARIS, Jan. 9. (AP)—Paris was left without French language newspapers today as printers struck to support their demands for a 25 per cent wage increase.

The only newspapers to appear in the capital were the Continental editions of the London Daily Mail and the New York Herald Tribune.

Roomers Held At Gun Point While Safes Are Robbed

CHICAGO, Jan. 9. (AP)—Robbers, carrying revolvers and shotguns, routed 12 persons from a three-story West Side rooming house last night and while several gunmen held them prisoner for nearly two hours their companions broke open two safes owned by John McKenzie, the landlord Money and other possessions of the roomers were ignored by the gunmen.

McKenzie, 64, was not at home at the time, but early today he told police he had \$11,000, jewelry and "lots of mortgages" in the safes.

The roomers herded from their apartments by the gunmen included four women, one an invalid, a 13-year-old boy, and seven men. The robbers, believed to number from six to eight, tied the men's hands with rope after forcing them into a basement room.

Poll Tax Payments Lagging Behind '46

Poll taxes must be paid on or before Jan. 31. Mrs. Lucille Merck of the county tax collector-assessor's office said this morning.

Receipts are running far behind last year. A total of 1,275 persons had paid the tax this morning. More than 5,000 were registered during 1946.

One Of Texas Regents Turns In Resignation

AUSTIN, Jan. 9. (AP)—Gov. Coke Stevenson today announced the resignation of D. F. Strickland of Mission from the board of regents of the University of Texas.

Stevenson said Strickland had asked to resign several months ago but announcement had been delayed in the hope that conditions would change so that the board member could find time to continue in the position for the remainder of his term which expires in 1949.

Strickland gave as reason for his resignation that his personal affairs required so much of his time that he could no longer devote necessary attention to his recent post.

Strickland was appointed to the board by Stevenson June 21, 1942, to fill the vacancy created by the resignation of E. J. Blackett of Victoria. He was reappointed to a full term in 1943.

The governor said the announcement of the resignation was made from Strickland in which he again asked Stevenson to name his successor or announce his resignation and leave the appointment to Gov.-elect Beauford Jester.

The governor said that he has no inclination at the moment to fill the vacancy and may leave it for Jester to fill. He conditioned his statement, however, by noting that he might change his mind.

Strickland was a member of the board of regents which discharged Homer P. Rainey from the University of Texas presidency in November, 1944, and was a key figure in the Rainey-regent controversy that echoed in the 1946 governor's race.

FOOD BROKERS, WHO SHOULD KNOW, THINK PRICES WILL SHOW DECLINE

CHICAGO, Jan. 9. (AP)—The men who are among the best informed about food prices, the brokers on the country's commodity exchange markets, think prices will go lower.

Many new year predictions have been made recently by banks, economists and businessmen concerning future prices. But the forecasts on exchanges are the composite opinions of brokers dealing in the commodities.

Butter prices are high, but you can buy some butter today on the Chicago Mercantile Exchange for delivery in June at about 53 cents a pound. That's around 22 cents under present wholesale prices.

For the average person who just wants some butter to spread on bread that wouldn't be practical—you'd have to take 19,200 pounds, which is the amount represented by a "futures" contract.

Significance of that 53 cent price, however, is that it is today's best guess of the butter and egg men on what the wholesale price will be this summer.

In nearly all markets in which food is traded for future delivery, a similar trend is shown. Eggs are a single exception. In most cases, the more distant the delivery, the lower the price.

Marshall Makes Hawaiian Stop

HONOLULU, Jan. 9. (AP)—Gen. Marshall, returning to the United States from China to become secretary of state, landed at Hickam Field at 11 p. m. last night (3:30 a. m., today, CST) and was kissed warmly by his wife.

The general looked extremely well rested despite his long flight from Nanking via Guam, where his C-54 transport was refueled.

He walked slowly down the gangway and was greeted by his wife, who came here recently for the winter. She will go on to Washington with him.

Marshall declined to make any statement on his new position.

Asked if he considers himself a Democrat, Marshall replied: "I am an army officer and expect to be secretary of state."

Portal Pay Suits Near Four Billion

Claims in the nation's portal to portal retroactive wage suits climbed to more than \$3,700,000,000 today with the filing of new suits in federal courts across the country.

New suits were filed in at least nine cities yesterday, seeking a total of \$66,535,670, and boosting the overall unofficial total to \$3,702,965,570.

The biggest claim sought in the new actions was \$28,500,000 against the Goodyear Aircraft Corp. in Akron, O. In Birmingham, Ala., iron ore miners filed suits against three steel production firms for \$7,000,000, seeking compensation for time spent on mine properties before entering pits.

Livestock Floods Denver For Show

DENVER, Jan. 9. (AP)—Top quality livestock poured into Denver from all parts of the West today for the opening of the National Western Stock Show and Rodeo tomorrow.

More than 700 steers entered by 4-H Clubbers and other boys and girls held the spotlight as their owners groomed them for the initial judging events.

Tomorrow the best steers will be sifted out and the others consigned to the auction block.

W. Lee Wars On Rent Control

WASHINGTON, Jan. 9. (AP)—President Truman's appeal for extension of rent control beyond June 30 collided in the Senate today with a bill to junk the whole program February 1.

Democratic Senator O'Daniel of Texas sponsored the legislation to eliminate controls and Republicans Wherry (Neb.), Moore (Okla.) and Bushfield (S.D.), lined up in support of his proposal. Several other senators said controls should continue but that landlords should be permitted to increase rents as much as 15 per cent.

Spurred by a decision of the Office of Temporary Controls to eliminate ceilings on transient rooms Feb. 15, organized real estate representatives renewed their demands that rentals of houses and apartments also be freed.

In urging the scrapping of rent controls, O'Daniel recalled that he had demanded the end of all OPA restrictions last June.

NEWSPAPER SOLD

DALLAS, Jan. 9. (AP)—Hugh W. Haddock, Dallas International News Bureau editor, resigned today, effective Jan. 18 to edit the Rockport Pilot and become secretary-manager of the Rockport chamber of commerce.

ALL IS HARMONY AGAIN ON THE CAMPUS AT WEST TEXAS STATE

CANYON, Jan. 9. (AP)—The college president and officers of two student organizations at West Texas State college have joined in issuing a statement of harmony which declares that the recent strike at the college is now a closed issue.

Students went on strike at the college Dec. 13 over what they called dissatisfaction with the management in which the college business manager was directing student housing. The college regents closed the school and did not reopen it until Jan. 2.

The statement was signed by President J. A. Hill of the college, Leo B. Steinkoenig and all members of the executive council of the veterans association, and Frank Barrett and all officers of the student association.

The statement said in part: "We view with deep regret the circumstances that have recently brought the unfortunate misunderstanding and troubles to the campus of West Texas State college. We do not attempt to assess the blame upon any one individual group. We recognize that mistakes have been made on both sides. But that is no longer a matter of major importance. "We are willing in the interests of the greatest good to the greatest number to let by-gones be by-gones and get together on a program of better education and better administration for all. Such a program recognizes the equal status of all students in the institution whether involved in the recent disturbance or not."

City Officials To Washington For WAA Talks

In a called session Wednesday night, the Big Spring City commission voted to send Herbert Whitney, city manager, and Commissioner H. W. Wright to Washington to confer with the Administrator of War Assets on negotiations for property at the Big Spring Army Airfield.

The special meeting was called by Mayor G. W. Dabney after a local delegation returned from Midland, where they consulted R. E. White, head of the WAA real estate division for the Dallas region. The city commission invited the chamber of commerce to send a representative to the Washington conference with Whitney and Wright.

Attending the Midland meeting was requested to book passage for three to Washington on a Sunday flight, and Congressman George Mahon was asked to arrange a Monday appointment with the WAA administrator.

Upon recommendation of White, the delegation attending the meeting in Midland Monday decided to permit the city to negotiate for all organizations seeking property at the airfield, airfield property already has been frozen, probably to be offered the city in lieu of restoring property at the post.

Attending the Midland meeting were Mayor Dabney, Wright Whitney, Commissioner J. L. LeBlou, Dale Douglas, Doyle Vaughn, Dr. M. H. Bennett, Harold Steck, H. D. Norris, J. B. Collins and J. H. Greene.

Marshall Gets Full Support

WASHINGTON, Jan. 9. (AP)—The dominantly Republican congress put the world on notice today that American foreign policy has the same united backing in peace as it had in war.

The chorus of Senate unanimity with which Gen. George C. Marshall won his sensational swift confirmation as successor to Secretary of State James F. Byrnes demonstrated not only congressional confidence in his ability, but also solidified bi-partisan agreement on the necessity for an unbroken foreign policy.

The support for Marshall, bridging party differences, apparently rested on twin bases: (1) his record during and since the war, and (2) the conviction that he not only will pursue the "patient but firm" policies of Byrnes but will carry on his predecessor's practice of working closely with congress.

This was reflected in a growing legislative demand for Marshall to address a joint congressional session before he leaves for the March 10 meeting of the Foreign Ministers' Council in Moscow and the task of seeking Big-Four agreements on Germany and Austria.

It raised, too, the likelihood that Marshall will seek to have Senators Vandenberg, chairman of the Senate foreign relations committee, and Connally, its ranking Democratic member, at his side for that meeting.

New Speed Record For Pacific Flight

BURBANK, Calif., Jan. 9. (AP)—A new record of eight hours, 47 minutes from Honolulu to Burbank was claimed today by Pan-American World Airways for a constellation, which landed at Lockheed terminal yesterday.

Capt. E. F. Searles, Redwood City, Calif., the chief pilot, said the trip trimmed two minutes off the mark set last Dec. 30 by the Clipper Golden West. The plane flew most of the time at about 17,000 feet at an average airspeed of 237 mph.

GOP Heads Differ On Appropriations For The Military

WASHINGTON, Jan. 9. (AP)—Congressional Republicans are at odds among themselves today over national defense costs.

Rep. Taber (NY) is demanding that Army-Navy outlays be cut drastically while Senator Taft (Ohio) is counseling against such a course.

Taber, who heads the new House Appropriations Committee, told a reporter he is convinced the military services can get along with \$8,000,000,000 between them in the budget year beginning next July 1.

Furthermore, he said that if President Truman recommends a larger amount in the budget message to Congress tomorrow, steps will be taken to trim the proposed expenditures.

Taft, chairman of the Senate GOP Steering Committee, told a newsman he thinks Senate Republicans want to find budget reductions elsewhere and not make them at the expense of national defense.

Senator Bridges (R-NY), who heads the Senate Appropriations Committee, shares this overall view. He said, however, he and others will insist that savings be effected where military purchasing, intelligence and similar operations can be combined.

Taber continued that about \$2,500,000,000 can be lopped off military expenditures for items and services that were necessary in the past, but no longer needed.

Rep. Plumley (R-Vt.), who heads a naval appropriations subcommittee, voiced the opinion that "substantial savings" can be made in the Navy's budget, in comparison with the present year.

If President Truman fixes total federal spending at about \$37,000,000,000 as generally forecast, Taft said it seemed likely that about \$10,000,000,000 to \$12,000,000,000 of this amount would be for the Army and Navy.

Man Sought In Hijacking

Police over a wide area have been alerted to be on the lookout for a young man who reportedly held up M. C. Riley, Lubbock, on Highway 87 some 22 miles north of Big Spring late last night, relieved his victim of \$40 and then vanished in Riley's automobile after forcing the owner to dismount.

Riley informed members of the local sheriff's office this morning that he had picked up the man a short distance this side of San Angelo while on his way home.

He described his antagonist as standing about 5-foot-10, weighing 160 pounds and having dark hair. He looked to be between 25 and 30 years of age, wore a brown hat, checked coat and work trousers.

He was armed with what the victim described as a .45 caliber automatic pistol.

PIONEER HOPES TO START THEN—New Air Service About Mid-February

DALLAS, Jan. 9. (AP)—Robert J. Smith, president of Pioneer Air Lines, said today that his company will inaugurate service on a number of Texas route extensions about Feb. 15.

Texas cities to receive the new service are Big Spring, Bryan, Dallas, Fort Worth, Lamesa, Midland, Mineral Wells, Odessa, Plainview, Sweetwater, Temple and Waco. Inauguration of service for Cisco, Eastland, and Ranger, also authorized in extensions of Pioneer's Route 64, will be delayed indefinitely pending improvements at the Eastland airport, which would serve as station for all three cities.

Smith said that every effort would be made to start service on Feb. 15, but that this date must remain tentative until preparations are nearer completion. He added, however, that beginning of service would be only slightly later than Feb. 15 except in the event of unforeseen difficulties.

The new service will augment and expand Pioneer's present route between Houston and Amarillo, by way of the intermediate cities of Austin, San Angelo, Abilene and Lubbock.

The segment of the expanded system are approximately as follows: 1. Between Houston and Amarillo, by way of Austin, San Angelo, Abilene, Lubbock, Plainview; with an alternate omitting Abilene but including Midland,

Odessa and Lamesa. 2. Between Dallas and Houston, by way of Waco, Temple and Bryan. 3. Between Dallas and Midland-Odessa, by way of Fort Worth, Mineral Wells, Abilene, Sweetwater and Big Spring.

The Big Spring chamber of commerce has been keeping in touch with Smith relative to inauguration of service here and will plan appropriate ceremonies under the direction of its aviation committee. Pioneer representatives have been here seeking terminal facilities, a problem which is complicated seriously because of currently crowded terminal conditions.

P-TA Council Members Hear W. L. Reed Speak

Speaking on state legislation for schools, W. L. Reed, principal of the high school, addressed members of P-TA Council at their first meeting of the new year Wednesday afternoon at the high school.

"Each P-TA member should have a poll tax receipt," Reed reminded the Council. "In that way they can see personally that child welfare and working conditions are improved, salaries are increased, the members, as voters, can work toward a more stable education for handicapped and gifted children, and toward securing courses of instruction that are valuable toward making a living."

Reed urged that all P-TA members back in every way a building program for Big Spring schools, and reminded that they should contact all interested people, and to express interest in such a project to the local board.

Mrs. C. W. Creighton was in charge of the program which was opened with a prayer led by Mrs. J. A. Coffey.

At the business session, at which Mrs. Jimmy Mason, president, was in charge reports from all units were heard. Mrs. W. D. Willbanks reported that the High School P-TA will sponsor the North Texas State college harp ensemble in concert on Feb. 27, at the city auditorium.

'Purity Code' To Be Entered Into Constitution

NEW YORK, Jan. 9. (AP)—The 252 member colleges of the National Collegiate Athletic Association were under moral obligation today to abide by the group's newly-drafted "purity code" and to start cleaning their athletic houses immediately.

Actually, the set of five principles governing the conduct of intercollegiate athletics which were approved at the concluding session of the NCAA yesterday do not go into effect until the next annual meeting in 1948.

Between now and then, the code with its implementation clause providing sanctions against non-conformist schools in the form of a schedule boycott, will be written into the constitution by a committee appointed for that purpose.

Also referred to the constitutional revision committee was a resolution offered by Col. William Couper of Virginia Military Institute which would limit colleges to ten varsity football games a season and prohibit participation in post-season games.

Couper's anti-bowl proposal and the anti-rutcring provisions of the purity code met with vigorous opposition on the convention floor. The other code provisions, including one limiting financial aid to athletes to tuition, were adopted by unanimous votes.

Delegates from the south and southwestern maintained that recruiting would be continued with alumni in charge and that it would give advantages to colleges with strong alumni organizations, Gayle Scott of Texas Christian and William A. Alexander of Georgia Tech were the principle spokesmen for the negative side.

The decision to table the anti-bowl resolution and then refer it to the committee, came after a lengthy discussion during which it was pointed out that the long-established bowl games have become an accepted part of the collegiate program.

The convention unanimously adopted the resolution, derived from a round-table discussion yesterday, opposing gambling.

BRITONS GOING FOR WHALE MEAT

LONDON, Jan. 9. (AP)—W hale meat went on sale to the public yesterday for the first time in England and, with a truck driver's strike endangering the supply of non-whale meat, the people bought it as avidly as though it were T-bone steak.

Distributors put the chewy red stuff on sale in fish markets, at about 37 cents a pound, and no ration coupons.

Grand Officer Visits Local Lodge

Mrs. Ruth Jobe of Lamesa, deputy grand matron, made her official visit to the local chapter of the Order of the Eastern Star when members met Tuesday evening for a regular session at the Masonic hall.

Other grand officers present for the meeting included Mrs. Agnes V. Young, past worthy grand matron, and Mrs. Pauline Smith, district deputy grand matron from Lubbock. After Mrs. Jobe had presented instructions to the chapter a program was presented under the direction of Mrs. Veda Carter. Mrs. Marjorie Morris opened the program with a piano selection.

Refreshments were served from a table which was covered with a lace cloth, centered with an arrangement of multicolored winter flowers. Other floral arrangements were placed about the hall. Those serving on the refreshment committee included Mrs. Maude Brooks, Mrs. Clara Mae Talbot, Mrs. Sylvia Lamun, Mrs. Florence Grau, Mrs. Christine Robinson, Mrs. Adele Roberts, Mrs. Elaine Baker, Mrs. Edith Murdoch.

There were visitors from Coahoma, Lamesa and Boston, Mass., chapters. There were about 65 present.

College To Get Funds?

Howard County Junior college stands to benefit by more than \$5,000 for the fiscal year beginning Sept. 1, 1946 and then receive a pro rata share of junior college appropriations provided by a law enacted by the 49th Legislature, if a proposed amendment is passed. E. C. Dodd, president of the college, has announced.

The original act authorized an appropriation of \$343,000 a year for aid to public junior colleges in the state. The proposed amendment, if passed, would make a special appropriation of \$32,300 to aid the Navarro, Henderson County, Howard County, Southwestern Texas, Wharton County and Odessa junior colleges for the current fiscal year. The six colleges named in the amendment were not established when the original act was passed.

The amendment is scheduled to be introduced in the coming session of the state Legislature. After the current fiscal year, it provides that the six colleges named in the amendment share in the regular appropriation each year.

Make This Home Recipe To Take Off Ugly Fat

It's simple. It's amazing, how quickly one may lose pounds of ugly, unsightly fat right in your own home. Make this recipe your own. It's easy—no trouble at all and costs little. It contains nothing harmful. Just go to your druggist and ask for four ounces of liquid Barcostrate (formerly called Barcol Concentrate). Pour this into a pint bottle and add enough grapefruit juice to fill the bottle. Then take two tablespoonful twice a day. That's all there is to it.

bulky fat and help regain slender, more graceful curves; if reducible pounds and inches of excess fat don't just seem to disappear almost like magic from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back. Follow the easy way endorsed by many who have tried this plan and help bring back alluring curves and graceful slenderness. Note how quickly blost disappears—how much better you feel. More alive, youthful appearing and active.

If the very first bottle doesn't show the simple, easy way to lose

CREMULSION for Coughs, Chest Colds, Bronchitis

Many Never Suspect Cause of Backaches

This Old Treatment Often Brings Happy Relief

Many sufferers relieve nagging backaches quickly, once they discover that the real cause of their trouble may be tired kidneys. The kidneys are Nature's chief way of taking the excess acids and wastes out of the blood. They help most people pass about 3 pints a day. When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder. Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 40 years. Doan's gives happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

Being Realistic

TEXANS EXPECT TO PASS ONLY FEW BILLS UNDER GOP MAJORITY

WASHINGTON, Jan. 9. (AP)—Texas members of Congress, being realistic, don't expect to sponsor much legislation in the Republican-controlled session which opened last week.

Rep. George Mahon of Colorado City, chairman of the Texas delegation for the next two years, explains it this way: "The Republicans aren't going to let any bills bearing the names of Democrats pass. There may be a few exceptions, but not many. The major work that can be done by the Democrats, therefore, is in shaping legislation. It will be our privilege and duty to scrutinize all their proposals and offer constructive amendments. "With our 182 votes (in the House) we should exert a very positive influence.

The policy of holding to a minimum the passage of bills bearing the names of minority party members was followed by the Democrats while they were in power. They expect the Republicans to do likewise. It's an old political custom.

Here's the way it works: When a member of Congress introduces a bill it is referred to a committee which handles that kind of legislation.

On matters of great importance there usually is more than one bill. These are considered collectively and usually get to the House or Senate floor bearing the name of the committee chairman.

It does little good for a minority member to "scoop" his colleagues by introducing a bill first. Such a step actually might prejudice its chances of passage. It is really a constructive proposal, then a majority party member likely will introduce another bill embodying substantially the same provisions, and if it passes it bears his name.

There's another reason why there will be fewer bills by Texans—and by all congressmen. It's the new congressional streamlining act. It does away with the procedure of settling claims against the government on the part of individual citizens by passage of so-called private relief bills. These claims now are to be handled in the courts.

But the all-Democratic Texas delegation doesn't intend to sit by meekly and ponder only legislative matters laid before them by Republicans. Rep. J. M. Combs of Beaumont, for instance, says: "I want to wait and see what the Republicans put in the hopper. "I am willing to cooperate when they offer sound proposals. We should avoid narrow-minded partisanship by opposing something just because it is introduced by the Republicans. By cooperation, of course, I don't mean we should

author of legislation has been Rep. Wright Patman of Texarkana. His record includes successful sponsorship of the bonus act for World War One veterans and unsuccessful espousal of such heatedly debated measures as the chain store tax bill. For years under the Democratic control of the House he managed to get one of his favorite bills in the hopper first and have it recorded by the coveted title "H.R.1."

Had the Democrats retained control, H.R. 1 of the current 80th Congress would have been his bill, introduced on opening day, to make terminal pay bonds for enlisted men redeemable immediately. As it was, the Republicans took charge of the bill room and tagged their tax-reduction legislation H.R. 1.

Lt. (jg) Keith Brian Cass, son of Mrs. Genevieve Cass, 2409 Runnels, has received a permanent citation for the air medal for meritorious achievement in aerial flight as pilot of a dive bomber in action against Japanese forces in the vicinity of Formosa on Jan. 8, 1945. Lt. Cass pressed home a low-level attack on installations in the face of adverse weather conditions and intense anti-aircraft fire to score a direct hit on a hangar, exploding it and setting it afire along with adjacent buildings. He was operating from the USS Ticonderoga at the time.

Decisions Made On The Holy Land

LONDON, Jan. 9. (AP)—A British cabinet session on Palestine was cancelled today and sources close to Prime Minister Attlee said decisions already taken about the Holy Land would "gradually become apparent."

The cabinet has had international issues, including Palestine, under review for two weeks and was reported to have decided that peace with Germany was the most important problem to be faced.

The cabinet was reported to have granted Gen. Sir Alan Cunningham, high commissioner for Palestine, wider powers to deal with violence but there was no indication of any decision on partition or appeal to the United Nations for settlement.

MILITARY CHANGES MADE—Lt. Gen. Lucius Clay (upper right) has been named commanding general of U.S. forces in Europe, succeeding Gen. Joseph T. McNarney (upper left), the War Department announced. McNarney has been assigned to the military staff committee of the U.N. as senior representative. Gen. Mark W. Clark (lower right) has been assigned command of the Sixth Army with headquarters in San Francisco. He will be succeeded by Lt. Gen. Geoffrey Keyes (lower left) Third Army head in Germany. VICTIM—Bill W. Williams, 30, former Big Spring resident, was electrocuted last week in California when a loose cable on a crane boom of the oilfield truck on which he was riding swung in contact with a power line. Williams was employed by the Magnolia Petroleum Corp. here before he went into service for a five year and three months tour of duty, including action in the Ryukyu campaign. He was discharged last October at Fort Bliss.

Tourist Traffic Heavier During The Cold Wave

Contrary to expectations, cold weather during the past 10 days was instrumental in channelling heavy tourist traffic through Big Spring.

Several service station operators on Third street reported that through traffic jumped miraculously when the lowest temperatures were registered. One operator said tourist business during the past 10 days was greater than recorded for any similar period of 1946, including the summer months.

ASSUMES POST—Cecil Edwards, formerly of Dallas, and whose terminal leave from the army expired in December, has assumed his duties as assistant manager of the Big Spring chamber of commerce. Edwards is a native of Cisco and a graduate of Southern Methodist University. His tour of duty in the AAF included overseas assignments as a public relations officer. Mrs. Edwards and their young daughter will join him as soon as he obtains housing.

He also proposed that Texas adopt the sale of liquor by the drink, legalize and license slot machines, and authorize precinct local option elections in dry counties.

Best Dressed Londoner Now A Bit Frayed

LONDON.—The man behind the empty show case in an exclusive "Shirt Makers, Hostiers and Glovers" establishment in Mayfair looked helplessly across the counter at his customer.

"If your husband is a dwarf, Madam, we can let you have some black evening socks for him. Or if he is a giant, I can let you have some white evening shirts. But if he's stock size, we've nothing, and aren't expecting anything."

Britain's latest acute shortage is in men's wear, particularly evening clothes and accessories, which are being called for in ever increasing numbers.

If he's a young man, and wants to cut a dash with his girl-friend at the Berkeley or the Savoy, he'll probably be content to make do with a dinner suit. But if he was drafted direct from school, he probably never possessed either.

His dinner suit, if he can get a tailor to accept his order, will cost him around \$168 and take at least nine or ten months to complete. It will also take most of his clothing coupons. If he tries for tails, it will be a harder job still, for these take special expert workers who have not come back to the trade in great numbers, and the cost will be \$210 at any West End firm.

Older men are in just as bad a fix. "You should just see the sights we get here," said Carroll Gibbons of Clinton, Mass., famed Savoy Hotel danceband leader. "Half the men are bursting out of their evening clothes, for they have all got fatter in the forces. Many of the suits have moth holes. And if the men are in tails, it's usually because their dinner jacket is too shabby, for you can't get them re-faced these days, because of the silk shortage."

to make party blouses for the female members of his family. "Women got the habit for asking for men's evening dress material for their town suits, and that's been half the trouble, for they have used up all our stocks," said the manager of Hawes and Curtis, West End tailors.

If he could get it, the well dressed Englishman would wear a double breasted dinner jacket, soft shirt with attached collar with a straight black tie. Stiff shirts and single breasted jackets are out. There are plenty of the former in some of the stores, but nobody buys them, for there are no laundries to starch them.

1847 ROGERS BROS.
No year in the past eventful century was ever made so famous by private American enterprise as was 1847 by Rogers Bros. Silverware. And now, 100 years later the reputation, fidelity to quality and service, public esteem and high standing of 1847 Rogers Bros. Silverware remain untarnished.
Standing forth brilliantly this enviable record challenges the admiration of all who believe in our American way of life.
In respect and sincere admiration we stand to salute the genius and character of the founders of 1847 Rogers Bros. for carving the most notable niche in the silverware history of the world.
We consider it a pleasure and a distinct privilege to claim long and pleasant dealer association with such an industry -- and to announce to our patrons that during 1947 we will present 1847 Rogers Bros. Silverware in greater quantity and even higher quality than any that has ever before graced the tables of homes all over the world.
As 1847 was made memorable by Rogers silverware, so will the memory of 1947 be enhanced by the enduring faith of the buying public in this distinguished old American business institution.
May the silvery rays of the 1847 Rogers Bros. name shine forth brilliantly for another 100 years on the tables of happy homes throughout the width and breadth of "the land of the free and the home of the brave."

Texas Farm Income Hits New Record

AUSTIN, Jan. 9. (AP)—Texas farm income for the first 11 months of 1946 hit an all-time high in dollars, \$1,154,537,000 the University of Texas bureau of business research reported today.

The figure was 9 percent above that for the comparable period a year earlier.

Texas farmers took in \$135,857,000 in November and \$221,471,000 in October. All crop-reporting districts in the state reflected less in November than the preceding month, except the lower Rio Grande Valley and the Southern Texas plains.

Good News For Folks Who Suffer From

STOMACH GAS
SOOR FOOD TASTE
ACID INDIGESTION

Do you feel bloated and miserable after every meal, taste sour, bitter food? If so, here is how you may get blessed relief from this nervous distress.

Everytime food enters the stomach a vital gastric juice must flow normally to break-up certain food particles; else the food may ferment. Sour food, acid indigestion and gas frequently cause a morbid, touchy, fretful, peevish, nervous condition, loss of appetite, underweight, restless sleep, weakness.

To get real relief you must increase the flow of this vital gastric juice. Medical authorities, in independent laboratory tests on human stomachs, have by positive proof shown that 888 Tonic is amazingly effective in increasing this flow when it is too little or scanty due to a non-organic stomach disturbance. This is due to the 888 Tonic formula which contains special and potent activating ingredients.

Also, 888 Tonic helps build-up non-organic, weak, watery blood in nutritional anemia—so with a good flow of this gastric digestive juice, plus rich red blood you should eat better, sleep better, feel better, work better, play better.

Avoid punishing yourself with over-eating of soda and other alkalizers to counteract gas and bloating when what you so dearly need is 888 Tonic to help you digest food for body strength and repair. Don't wait! Join the host of happy people 888 Tonic has helped. Millions of bottles sold. Get a bottle of 888 Tonic from your drug store today. 888 Tonic helps Build Sturdy Health.

Strong Market On Livestock

A total of 650 head of cattle and 43 hogs moved on a steady to strong market at the West Texas Livestock Auction company's weekly sale Tuesday.

Fat butcher yearlings and fat calves registered gains on the market, and several buyers were active in the bidding. The fat yearlings brought from 18.00 to 22.50 cwt.; fat calves, 16.50-18.50; bulls, 12.00-13.50; canners and cutters, 7.50-10.00.

The stocker market was fully steady, with Hereford cows and calves moving at \$114 to \$126 a pair and mixed cows and calves \$85 to \$100. Stocker cows ranged from 8.50 to 10.50 cwt.; stocker steer calves, 16.00-17.00; stocker heifer calves, 15.50-16.50; stocker heifer yearlings, 14.00-15.00.

Top price for hogs was \$24.50 cwt.

Belgium's 1947 Army Totals 73,500 Men

BRUSSELS. (AP)—The Belgian army in 1947 will have 73,500 men—24,900 professional soldiers and 48,600 recruits—according to a report from the Senatorial Commission for National Defense.

Meeting Meteors On Trip To Moon Is Held Unlikely

CAMBRIDGE, Mass.—If dangers of interplanetary travel are worrying you, take heart. You could ride the 5-15 commuters space boat to Mars all your life and the chance of hitting a meteorite would be very remote.

Dr. Fred L. Whipple of the Harvard College Observatory figured it out and decided the actual mathematical chance of having a fatal accident with a meteor is this:

Assume you owned a spherical pressurized space vessel 12 feet in diameter and covered with a skin of steel 1-4 inch thick.

If you observed sensible interplanetary traffic rules, didn't try to buzz Venus and avoided known meteor streams, you could float around for just about 50 years without being involved in collision with a meteorite large enough to blow up the ship.

Dr. Whipple, calculating speeds, power and the number of meteorites that shower through earth's atmosphere, says it would take a meteorite of the eighth magnitude to penetrate a space ship with a 1-4-inch steel skin.

Such a meteorite would weigh only a milligram, he said in an article in Sky and Telescope, magazine published by the Harvard observatory. But meteorites travel at such speeds that one the size of a tiny pebble would penetrate 1-4 inch of steel, Dr. Whipple estimated.

Many other smaller meteorites undoubtedly would strike the ship without inflicting fatal damage, Dr. Whipple said. Here's what he says would happen:

"Considerations of the conservation of momentum and energy show that when a meteorite collides with a sheet of a thickness comparable with a meteor's diameter, the result is an explosion in which both the meteorite and the corresponding material of the sheet

are vaporized and ionized at a very high temperature."

So he proposed that space ships carry "meteorite bumpers" consisting of a millimeter-thick sheet of metal surrounding the 1-4-inch skin of the ship, at one inch distance. This, he said, would dissipate the penetrating power of a meteorite several times larger than one corresponding to one of the eighth magnitude.

But suppose a meteor the size of a pea struck?

It would be all over in a flash. "It would completely destroy the vessel," said Dr. Whipple.

Elizabeth Browning Home To Be Memorial

LEDBURY, Gloucestershire, England.—(AP)—Stephen Ballard, a Ledbury company official, who admits he has never read any of Elizabeth Barrett Brownings' works, will establish a shrine for the famous author.

He has bought "Hope End," the house near Ledbury where Elizabeth spent her early years, for \$126,000 and plans to rebuild the home and preserve it in her memory.

Labor Court Issue Up For Discussion On Radio Program

Senator Homer Ferguson (R-Mich.) member of the Senate Appropriations Committee, will argue the affirmative, and Robert J. Watt, international representative of the A. F. of L. and labor delegate to the International Labor Organization Conference, will defend the negative of the question, "Should We Have Labor-Management Courts To Settle Labor Disputes?"

When America's Town meeting is aired over KBST tonight at 7:30.

With George V. Denny as moderator, the interrogators will be Victor Riesel, syndicated columnist and labor editor of the New York Post, for the affirmative, and Mrs. Eleanor Herrick, former director of the National Labor relations Board and personnel director and number of the editorial staff of the New York Herald Tribune, for the negative.

Favorite Of Mandarins, Tangerines, Now At Season's Peak In Florida, Texas

January is peak month for one of our most romantic fruits — the tangerine. This daintiest of the citrus family — easily to peel, delicious to eat — has a family history 4,000 years old. Mandarin was its original name, and it came from China. Like the satsuma, it's a cultural development of the mandarin-orange.

First tangerines were planted in this country about 75 years ago. Today they grow wherever other citrus grows, although Florida is the only state with enough to count separately from oranges in the Department of Agriculture's crop reports. All indications point to good supplies this year. Florida expects to have about 5,200,000 boxes compared with 4,200,000 in 1945, 4,000,000 in 1944, and 2,980,000 average for the ten years 1935-44. Total orange and tangerine crops in other states are larger than usual this year. Already Texas growers have shipped more than 30 straight carloads and nearly 100 carloads equivalents by truck, besides tangerines which moved in mixed lots with other fruit.

Like other citrus the tangerine is rich in vitamin C and contains some mineral values. Nutritionists say tangerines also have valuable amounts of vitamin A because of the deep orange color.

A good tangerine, like a good orange, is fairly firm and has a fine-textured skin. But because the skin is loose, even good tangerines may feel a bit puffy. So the best way to judge is to choose fruit that feel rather heavy for their size — that means they're juicy. And as a rule the deeper-colored ones are the best-flavored.

Tangerines may not be as good a buy as oranges, from the cost standpoint, because they're never as plentiful. But they should be in fair supply during the next few weeks — at the most reasonable prices of the season.

For Economy, Good Taste Prepare An Appel Custard

By CHARLOTTE ADAMS
 Onion Soup
 Stuffed Breast of Lamb
 Panned Escarole
 Tomato and Celery Salad
 French Dressing
 Apple Custard
 (Recipe Serves Four).

Apple Custard
 2 tablespoons butter or margarine
 2 shredded wheat biscuits
 2 cups applesauce
 1 tablespoon lemon juice
 2 eggs
 1-4 cup honey
 1-4 teaspoon salt
 1 1-2 cups milk
 1-8 teaspoon nutmeg

Butter a casserole. Crush shredded wheat. Melt butter or margarine and add to shredded wheat. Spread half mixture in the casserole. Combine applesauce and lemon juice and spread over shredded wheat. Repeat these layers using remaining shredded wheat and applesauce. Make a custard by beating the eggs slightly with a fork, adding honey, salt and milk. Pour over top of casserole and sprinkle with nutmeg. Bake in a 325 degree oven for thirty minutes or until custard is set.

VFW To Propose New Statute To Help Veterans

DALLAS, Jan. 9. (AP)—Louis E. Starr, national commander of the Veterans of Foreign Wars, said here the VFW has prepared a program to replace the GI Bill of Rights, which will be introduced in Congress in the near future.

Addressing a reception banquet at VFW Post 1837, Starr took issue with President Truman's review of veteran's benefits in his state of the union address.

"Not a thing has been done for him (the veteran)," Starr asserted. Features of the proposed bill, as outlined by Commander Starr, include:

1. Payment of a bonus now. The rate advocated is \$3 per day for each day of service in the United States and \$4 per day for overseas duty, with maximums of \$3,500 and \$4,500 respectively.
2. Adjustment of the bonus so that funds drawn under the GI Bill would be deducted.

Only 13 per cent of all veterans have been aided by the GI Bill, Starr asserted. The other 87 per cent, he claimed, would share in benefits if the proposed new bill was substituted for the present.

Midland Puts Over \$4,000 In Seal Fund

MIDLAND, Jan. 9.—Returns from the Christmas seal sale in Midland totaled \$4,062 at the beginning of the week, according to John J. Redfern, Jr., campaign chairman. The chapter had set a goal of \$4,500 for the tuberculosis association activity and Redfern expressed a belief it would be met.

 Butterscotch Pie

(Recipe Serves Four)

- Scalloped Pork Chops**
 4 loin pork chops
 4 carrots, medium-size
 4 large potatoes
 1 pound onions
 3-4 quart of milk
 Flour
 Pepper
 Salt
 1-2 teaspoon celery seed
 Drippings or oil

Cut carrots, onions and potatoes, which have been peeled, into thin slices. Brown the pork chops in drippings or oil; do not allow them to get hard on the outer surfaces. Place a layer of pork chops in a casserole, season with salt and pepper and follow with a layer of potatoes, then onions, then carrots. Season with salt and pepper and sprinkle with a little flour, to which the celery seed has been added. Continue layering until all ingredients are used up, ending with a layer of potatoes. Warm the milk and pour over contents of casserole. Cover casserole and place in a moderate oven. Cook for at least an hour. The dish will be done when the carrots and potatoes are tender when pierced with a fork.

A loaf of bread, a jar of jam and a healthy after-school appetite are all of the ingredients required for a successful bread 'n jam session when the bell tolls and the children come trooping home from school.

Easy To Prepare, Grapefruit Also Has Taste Appeal

Ease of preparation is one reason for grapefruit popularity. All that's necessary is to cut the fruit in half and serve. But for easier eating, take out the seeds and center core and cut between the sections. Most folks prefer grapefruit "as is" but sometimes there's a call for salt or sugar.

Hot broiled grapefruit is excellent to reign over the dinner first course. It's prepared this way: Cut the grapefruit in half, take out the core and seeds. Sprinkle generously with sugar and add a little butter if richer flavor is wanted. Then put the halves in a hot broiler — just like a steak or chops. Have the heat high, and in 10 to 15 minutes there'll be flecks of brown on the fruit. That means the grapefruit is heated through and ready to serve. This same broiled grapefruit also makes a dandy dessert after a filling meal.

This should be an excellent time for homemakers to stock up on homemade marmalade — provided, of course, there's sugar to spare. Grapefruit has all the qualities needed for the chief ingredient — color and flavor in the peel, pectin in the inner rind, acid in the juice. The grapefruit may be used alone or with oranges and lemons in the classic amber marmalade.

With grape fruit so plentiful, homemakers may find it worth while to conserve sugar elsewhere in order to make some jellied grapefruit peel for a delicious sweetmeat. Orange and lemon peels also may be used, for variety.

Not all grapefruit recipes call for sugar. Many — especially the salads and fruit cups — are real sugar-savers. Here's a classic salad recipe from USDA's Bureau of Human Nutrition and Home Economics: Peel the grapefruit, pull it apart in sections, then strip the skin and pith from each section. Arrange the sections on lettuce, sprinkle with chopped nuts, and garnish with a little pimiento. Serve with any desired dressing. Variations combine the grapefruit with other fruits, such as oranges, dates, and pineapple.

SIGN OF THE TIMES?
 OMAHA, Neb. (UP)—A sign over the headquarters of the Nebraska Power Company reads: "Electric Service Is Cheap." Recently something went wrong with the sign and the first 11 letters were dark, leaving the last 11 letters brilliantly lighted.

Bread 'n' Jam Make Traditional Fare For After School—Before Supper Snacks

Who doesn't remember rushing home from school and into the kitchen to spread a slice of bread as thick as possible with jam or jelly? Somehow that after-school snack seemed to act as a starter for an energetic hour or two of copping and robbers or make-believe housekeeping before supper.

We may not have known it at the time, but nutritionists tell us that this after-school eating habit fitted all the requirements of approved snacking. A snack is "approved" if it is easily and quickly digested yet rich in food energy, and if it is eaten at least 1 1/2 hours after the last meal and 1 1/2 hours before the next.

A snack that includes jams or jellies with their natural fruit-sugar and pure-cane-sugar content, plus enriched or whole grain bread, makes a high contribution to the day's energy requirement of an active child. At the same time, it is digested rapidly enough so that it won't interfere with the child's appetite for dinner. Try some of these snack combinations:

- After-school Snacks**
 Enriched white bread
 Apricot preserves
 Milk

- Graham crackers
 Peanut butter
 Loganberry jelly
 Milk

- Cracked wheat bread
 Blackberry jam
 Milk

- For some popular sandwich spreads for after-school snacks, stock up on the ingredients for the following:

- After-school Standby**
 1-2 cup peanut butter
 1-4 cup orange marmalade
 2 tablespoons crumbled fried bacon

- Combine ingredients and spread on whole wheat bread.

- After-school Favorite**
 Pineapple cream cheese
 Cherry preserves
 Spread nut bread with pineapple cream cheese. Top with cherry preserves.

Lions Chart Work For The New Year

An invigorated program of service, with emphasis on sight conservation and allied work, was envisioned at the first meeting of the Lion club in 1947 at the Settles Wednesday noon.
 Reporting on a meeting of directors, past presidents and committee chairmen, Bill Dawes outlined some of the basic objectives for the year. Among them were a screening test of elementary school children for eye, ear and throat defects; more effective committee structure and operation; distribution of playground equipment to neighborhood areas; inductions and greetings; and a varied assortment of other activity.
 President Otis Grafa reminded members that "time put into planning, however worthy, is wasted unless backed by action of the membership."
 Joe Pond reminded the club that

Five Are Killed In Mill Dispute

BOMBAY, Jan. 9. (Delayed) (AP) The Times of India reported today in a Cawnpore dispatch that five persons were killed and 28 injured there Monday when police fired to disperse a group of mill workers.
 The dispatch said the incident followed the arrest of labor leaders in connection with a mill dispute in which 30,000 workers were involved. It declared that several hundred workers of the Central ordinance depot raided the office of the depot commandant and assaulted him. The military was called out and a 24-hour curfew clamped down on the industrial area.
 California and Georgia combined produce about half the peaches grown in the United States.
 January is "Melvin Jones" month with stress on membership enlistment in honor of the founder of Lions International. Grafa also announced the appointment of program committees for the first three months of the year.

Truman Asks Support In Red Cross Drive

WASHINGTON, Jan. 9. (AP) — President Truman today called for support of the American Red Cross in its annual drive for funds. Addressing his appeal specifically to government workers, Mr. Truman said in a statement that when disasters threaten "we look to the American Red Cross for prompt and effective emergency help."
 Activities of the organization have been turned from the de-

mands of war, he said, to "binding up the wounds of war."
 "Large numbers of men will still be in uniform," he added. "There are millions of veterans to whom the Red Cross has an obligation."

Unifying A County Road Program

About six weeks ago when the state organization for county commissioners and county judges were in session, one of the proposals given support was the idea of a county unit system in the administration of public roads.

At that time we suggested it would be a matter worthy of consideration in our own county, and we still are of the same mind. The Herald long has held to this thesis, believing it to be logical and sound.

In view of the fact that restrictions imposed by war are fast disappearing, a new opportunity is to be presented to counties all over in the construction and improvement of an adequate road system.

With this in mind, we believe it is doubly important at this time to consider the possibility of adopting a county unit system instead of the precinct system.

In the first place, the county unit system is more flexible in that it will permit a more ready concentration of material, machinery and effort in places of sorest need. Moreover, by permitting employment of qualified technical help, we believe that, by the guidance and counsel of the commissioners court, result in more adequate long range planning, as well as more efficient operation.

Some aid may be forthcoming from the state for a lateral roads program, but we believe that Howard county is fully capable of supporting, with out an iota of inconvenience of financial embarrassment, a systematic and consistent permanent road plan of its own. Only under a long-range plan and a unified administration can this be effected.

Being Ready When The Time Comes

Action of the school board in taking the initial step which will open the way to a building expansion program will, quite naturally, stir considerable speculation.

We can imagine that some will be enthusiastic to the point of broadcasting a new senior high school and some ward school additions and plants as an accepted and imminent fact. On the other hand, some will be stricken with cost rigors in contemplating the possibility of such an undertaking.

Neither of the two positions is justified at this stage. The board simply is acting with foresight in getting prepared for what our needs likely will be, recognizing that such a program cannot be accomplished overnight. The time may be not too far distant when this step will need to be taken, and it will be well to be unshackled from lack of preparedness. By the time a final decision of the people is in order, the building situation may be clarified greatly.

The Nation Today—James Marlow

Bilbo Is Still On The Payroll

WASHINGTON, (P)—This question comes up: How much salary is Theodore G. Bilbo, the unemployed Senator, getting now?

Here's the answer, with a bit of background. Bilbo was re-elected from Mississippi. But some of the other Senators fought against letting him claim his seat.

They didn't like his dealings with war contractors or what he had said about negroes voting.

The fight over seating him ended—at least for the time being—when this deal was worked out: Instead of trying to claim his seat right now, he'd go down to New Orleans for a mouth operation.

Sometime later he could return to Washington, try to claim his seat, and start the fight all over again.

Until then he'll draw the regular pay of a senator.

This is what a Senator gets from the government: \$12,500 in yearly pay and \$2,500 a year for expenses.

Since every Senator gets that \$2,500 for expenses and doesn't have an account for it, that means every Senator gets in pay \$15,000 a year.

In addition, each Senator is allowed expenses at 20 cents a mile for one round-trip by train to and from Washington during a Congress session.

So, in addition to train fare, Bilbo will be paid at the rate of \$15,000 a year.

But if he's away only two months and then comes back and loses the fight for his seat, he won't collect \$15,000.

A Senator's salary is figured on a day-by-day basis.

Bilbo's office is allowed \$30,000. He doesn't get any of that money. It has nothing to do with his \$15,000 salary.

Hal Boyle's Notebook

Praises The Women

HARTFORD, CONN., (P)—Old Henry J. Cudworth is a timeclock philosopher.

He is a machine plant patriarch—and every plant has one: the work-loving old men who serve as living links between the old and new in American industry.

They put up with all the efficiency changes because they had to, but they still in their worn, still-eager hearts prefer the age of the craftsman that has gone to the place. But old Henry, spry and blue-eyed at 78, is modern enough to admit women have their place in a machine factory.

"Some of the women who flocked in during the war are better than the men," he said. "It doesn't make any real difference whether they are men or women. What's important is whether they're mechanically inclined."

High praise, ladies, from an old-timer.

Sixty years ago Cudworth came here to start a lifetime of tinkering with machinery, and he won't admit he did it to get away from the cold of a Vermont farm.

He just came because some of his chums did, and because he had a "feel" for metal. He got seventy cents a day for a 59-hour work week as an apprentice machinist and he had to study "shop arithmetic in my spare time."

"When I started to learn my trade," he said, "a boy took great pride in his workmanship and learned to work every machine in the shop."

"He was a craftsman. He started with the raw material and when he finished with it, it was completed and ready to be used."

"Nowadays a man may work ten years on one operation, and not know what the next step is. They don't have the all around training we had."

Broadway—Jack O'Brian

Dream Assignment

NEW YORK — Dream assignment: Humorist S. J. Perelman and Cartoonist Al Hershfeld have been sent by a magazine and a book publisher to circle the world by boat and plane for material for articles and a book, the latter to be called "Westward Ho."

Emmet Kelly, famed circus clown, has recorded an album called "Cluny The Clown," an oddity in itself because while working in the circus Kelly doesn't say a word, sticking entirely to pantomime.

Dale Carnegie's "How To Win Friends, etc." is in its 52nd printing. . . . Annual film award of The Sign, national Catholic magazine, went to the screen version of A. J. Cronin's "The Green Years." . . . Sam Goldwyn had his visit to New York brightened with a letter from Gen. Omar Bradley extolling Sam's latest epic, "The Best Years of Our Lives." . . . Jackie Gleason is a click at the Diamond Horseshoe.

The Husband-and-Wife radio onslaught now is shifting to records, with Mr. and Mrs. Andy Russell recording a Capitol album. . . . Having noted that a good many of her acting friends have outside commercial interests, such as William Gaxton's fabulously successful perfume business, Frank and Ralph Morgan's inherited bitterns company, etc., Gertrude Lawrence went ahead and invented a gadget for cooking eggs which precludes burnt fingers. . . .

BILLY ROSE can't seem to stop getting richer. . . . One of his columns in which he told of an elderly woman who fibbed about a planned night club holdup in order to wangle an anniversary celebration for herself and an ailing husband, was bought by Paramount Pictures.

Bing Crosby will croon in Portuguese in his next film. . . . Big slump in band business didn't keep Tex Beneke from adding two more musicians to his Glenn Miller Orchestra, making a total of 36, and a weekly payroll of \$9,200.

A TONGUE-TIED radio announcer was the reason for Sammy Kaye's "Swing and Sway" label, Sammy tells me. . . . In Cincinnati, broadcasting from a night club, the announcer got as far as "You've been listening to that music of Sammy Kaye's, the music that swings the music that . . ." At which point he drew a verbal blank, looked helplessly at Sammy who quickly stepped to the mike and added "sways." The rhymed trademark has been used every broadcast since.

Not only will Olsen and Johnson get a guarantee of \$10,000 a week plus percentage when they open at the Carnival, but their contract also stipulates that Owner Nicky Blair must buy from their farm meat, vegetables and dairy products. . . . Adolph Menjou and his wife, Verree Teasdale, doing the stem for a few weeks. . . . Guy Lombardo's speedboat, Tempo 71, is being shown in a department store where they sell houseboats virtually right over the counter.

Look for more rice on grocer's shelves during the first quarter of 1947 than in the same period last year. Civilian allocation is 250 million pounds — nearly double the first quarter allocation in 1946. This amount represents 41 percent of the total allocable supply. The rest is reserved for export or for use by military and war services.

Washington Merry-Go-Round—Drew Pearson

German Change Was Forced By Clay

WASHINGTON. — Inside fact about the shift of US commanders in Germany is that the stage was set for the change shortly after Lieut. Gen. Lucius D. Clay visited the National Association of Manufacturers in New York six weeks ago.

Shortly before that, the Senate War Investigating Committee (the old Truman committee) had sent its chief counsel, George Meader, to Germany and he had come back with a preliminary report highly critical of what went on in the US occupation zone.

General Clay, then in the United States, was much upset by this report and talked to Secretary of State Byrnes about resigning. He felt that Gen. Joseph McNarney, top commander of US troops in Germany, was the man really responsible, though he, Clay, as head of the military government for Germany, got the blame.

On top of the unfavorable Meador report, Gen. Clay addressed a meeting of the National Association of Manufacturers and afterwards sat down at off-the-record meeting of NAM leaders including some of the top moguls of American industry. Their solution for the future of Germany was simple. They told Clay that they should be permitted to get in touch with their opposite numbers in German industry—the I. G. Farbens, the Opels and the other big industrialists who helped build up Hitler's war machine.

If allowed to do business with the German cartels, the US industrialists told Clay, they would have Germany back on its feet in no time.

This shocked General Clay. Later he told Secretary Byrnes and his superiors in the War Department that he would retire from the Army immediately and go back to his old home in Atlanta if any such deal was carried out.

Furthermore Clay told the NAM members at the off-the-record meeting that the German people did not believe in or understand free enterprise and that Germany could only continue under strong government controls.

In the end, Secretary Byrnes strongly supported Clay and urged the War Department to relieve Gen. McNarney. The War Department agreed. It is significant, however, that before the change was finally agreed on, the State Department sounded out some of the GOP leaders on Capitol Hill. They agreed, too.

RUSSIAN LEAD-LEASE Secretary of State Byrnes has sent a third note to Russia demanding immediate settlement of Russia's eleven billion dollar lend-lease debt. And since the first two notes were completely ignored, this time Byrnes instructed Ambassador Bedell Smith to deliver the note personally either to Stalin or Molotov.

In the end, Smith saw Molotov, informed him he had received orders to hand the note personally to the Russian foreign minister because the first two notes were still unanswered.

Molotov replied that he was not aware of the previous failures to answer. This caused Ambassador Smith to state in rather blunt language that the lend-lease settlement had dragged on for six months and Secretary Byrnes wanted it given immediate attention.

Molotov said he would take it up with Premier Stalin, and that ended the interview. It is still too early to expect a reply.

REORGANIZATION STAND PAT It didn't leak out of the secret GOP caucus, but Speaker Joe Martin took firm and decisive stand against any change in the La Follette-Monroney reorganization of Congress.

"Republicans cannot afford to back away at the reorganization setup," Martin warned when Representatives W. Sterling Cole of New York and George Bates of Massachusetts, ranking Republicans on the Naval Affairs committee, wanted to hold out against amalgamation with the military affairs committee.

"Even though you think there might be changes for the better," the Speaker continued, "you must remember that the bill was passed by Congress and has become law. If we go in there and try to tear away the consolidation of committee, the people of the country are going to think we wanted reorganization only in order to get ourselves bigger salaries and are ready to junk the rest of the bill." (The bill increased members' salaries from \$10,000 to \$15,000.)

Bates and Cole then took the floor, each delivering a grandiose eulogy on the great history of the Naval Affairs Committee though sadly agreeing not to carry their fight to the floor of the House.

GOOD NEIGHBORS COOL One of the best friends of the USA ever had south of the border, ex-Foreign Minister Oswaldo Aranha of Brazil, arrived here this week in what it may have seemed like a homecoming. For, as Brazilian ambassador to the United States, Aranha knew this country better than any other recent ambassador, perhaps better than many Americans.

He traveled from coast to coast by auto, visited US cattle ranches

(he is a cattle rancher himself) attended Republican and Democratic political conventions, never missed the Kentucky Derby, and coined this diagnosis of Democratic-GOP campaign tactics: "The Republicans promise Santa Claus to both the rich and the poor; the Democrats promise Santa Claus to the poor with the rich man's money."

While Aranha's current visit to the USA may have seemed like a homecoming from a personal viewpoint, from a broader point of view it may not. For, in the years since he served as ambassador and Brazilian foreign minister, the United States has largely reversed Roosevelt's keen interest in Latin American affairs. And while we have been arguing about Trieste and the Danube, our former good neighbors have started turning in other directions.

Aranha is scheduled to speak in Cleveland this week, and if he talks straight from the shoulder, he will disclose that the Communist vote in Latin American countries has jumped alarmingly, that the old wartime bond between the United States and Latin America has cooled, that the USA cannot buy friendship with export-import bank loans, and that we really will have to work at good-neighborliness if we want to keep the best international asset we have—the Pan American bond of unity.

FCC SCRAMBLE A terrific tug-of-war has developed behind-the-scenes for the one vacancy on the Federal Communications Commission. Though supposed to go to a Democrat, the Republicans are determined to grab it. Here are their candidates:

Marion Martin—recently ousted by Taft forces from the Republican National Committee. A capable lady when it comes to women's problems, Miss Martin is being pushed by Guy Gannett, Portland, Maine, radio station operator and newspaper publisher; also by Senator White of Maine, new chairman of the Interstate Commerce Committee which will pass on radio legislation.

Thad Brown, Jr.—son of late Ohio GOP leader by that name who served under Hoover as an FCC commissioner. Brown is an expert radio attorney and knows the industry backward and forward. He is being pushed by Senator Capehart of Indiana.

Note—President Truman may fool GOP leaders and appoint a Democrat. He has in mind ex-Senator James Mead of New York or ex-Congressman Chase going Woodhouse of Connecticut. (Copyright, 1946, The Bell Syndicate, Inc.)

Texas Today—

Just A Mistake In Identification

A Harlingen man bleary-eyed from a New Year's Eve celebration walked into a drug store and asked for a bottle of bromo-seltzer. The clerk wrapped a bottle and handed it to him.

Later, it had dawned on the clerk that a mistake had been made. She had given a bottle of Sal Hepatica instead.

"Oh, well," she said philosophically, "they both fizz."

The Valley Morning Star of the same city received numerous midnight calls that night. One was from a woman who wanted the Star photographer to come out and take a picture of a dog that had given birth to a litter of nine puppies.

"What kind of a dog?" the reporter asked, trying to figure a reason why such a picture should be taken.

"Female," said the woman.

In Dallas, a couple of things happened at Radio Station WFAA. For the first time, teletype bells rhythmically playing jingle bells were broadcast during a newscast.

It was Jack Nunnery's idea, and after he explained that the Associated Press operators caused the news bells to play jingle bells on Christmas Day, he switched the microphone over the news machine, and broadcast the sound.

And Pete Holt, also of the newscast, became a father just as it was a girl, and although it's too early to tell yet, he hopes she has red hair so they can call her "Red Hot!"

Gen. Dwight D. Eisenhower sent his former teacher, Miss Jennie Jackson of Denison, Texas, Christmas greetings in a letter from his hospital in Florida.

Also from Denison was the story of the day's best gift to a war bride. It was a long distance telephone call from her mother in Leige, Belgium. The bride was Mrs. Gene Legg. She said the call wasn't clear, but it was wonderful just the same.

Marry The Producer

HOLLYWOOD, (P)—Here's Joan Fontaine's hint for actresses who lack enthusiasm for their work — marry the producer.

Joan's lovely face hasn't graced the screen for several months. Last year she made but one film, "Empire Waltz." Since her marriage to Producer William Dozian, however, she has been working like a Trojan (not the USC variety).

"I used to be content to make two pictures a year, or less," she said, "but things are different now."

Different indeed, are things. The gal has lined herself up a schedule that will make Henry Kaiser seem like a laggard. Right now she is clinging to "Ivy." Then she'll blow into "Winds of Chance," also at her husband's studio, Universal-International. Then she'll cover "Earth and High Heaven" with Gregory Peck at Goldwyn, to be followed by an independent film with her own company. Her husband will produce and she wants it to be a nostalgic romance to offset the overload of heavy drama. "Victoria Grandiolet" would ensue at Warners.

And — get this — she intends to accomplish this massive task in 1947.

"Being married to an executive makes it easier to work," she explained. "We drive to work in the morning and I am in no hurry to rush home, because we wait for each other and drive home together. I even cook lunch for us in my dressing room once a week."

That's the ticket, girls — marry the boss. Or did you have that in mind already?

Cornel Wilde and Darryl Zanuck agreed that the actor's Lord Byron story should be in book form before it is filmed. So Cornel is busy writing the tome. . . . Clark Gable is learning to rumba for "The Hucksters." Maybe he should take lessons from his boss, Louis B. Mayer, an expert. . . . Skitch Henderson will take a few hand members as basis for his crew when he plays London's Ciro's in late spring. . . . Producer Sam Coslow is trying to line up the Russ Columbo story for Andy Russell. . . . "Amber" finishes in two months and then Linda Darnell will take a three-month trip. It will be part of a trial reconciliation with Pev Marley.

January 15 Tax Facts

No 1 of a Series. 1. Q. Is January a federal tax date? A. Yes, for about one out of every five income taxpayers.

2. Q. Which taxpayers must file and pay by January 15? A. Three groups, as follows: (a) Farmers — required to estimate their 1946 tax and pay in full.

(b) Business and professional people, investors, landlords, etc. — required to pay balance of estimated tax, if any, due on a previously-filed estimate; if no previous estimate was filed for 1946, one should be filed now to avoid penalty; if previously-filed estimate was short of correct tax by more than 20 percent, an amended estimate should be filed now to avoid penalty.

(c) Wageearners — most wage-earners are not affected by January 15. They are affected only if (1) they had over \$100 income from sources outside their wages, or (2) if their wages were not subject to withholding (such as, domestic servants, farm laborers), or (3) their wages exceeded \$5,000 plus \$500 for each exemption except their own (for example, \$6,000 in the case of a man with a wife and one dependent child). If affected by January 15, a wage-earner is required to do the same things listed for businessmen in the preceding paragraph.

3. Q. What is the connection between this January 15 filing and the usual March 15 filing? A. The January 15 filing date is for 1946 "Declarations of Estimated Tax" on Form 1040-ES and applies to about one-fifth of the taxpayers. March 15 is the deadline for filing 1946 final income tax returns on Form 1040 or W-2 and applies to all taxpayers.

4. Q. Can I avoid filing January 15 and again on March 15? A. Yes, if you file your final return and pay your tax by January 15, it will serve both as a declaration and a return.

Stanton Teams Favorites In Own Basketball Meet

LOOKING 'EM OVER

With TOMMY HART
Jack Hall's unique Christmas card, which featured a deguerotype of the 1922 Big Spring high school football team, brought back a flood of pleasant memories for a lot of local folks.

Old-timers here insist the '22 troupe—then known as the Jawhawks—was one of the best ever to represent Our Town in inter-city athletics. Their record of eight victories and a tie in ten starts speaks for itself. Only Lubbock's Westerners succeeded in subduing the resident eleven and they did it in Lubbock to the tune of a 20-0 score.

The Hawks, coached by one G. C. Cox of Southwestern university, rolled up 245 points during the campaign to 61 for the foe. Perhaps their most notable achievement of the year was holding Abilene's blue-ribbon Eagles to a 28-28 tie. Pat Murphy, later to be associated with the local school in the capacity of coach, was a member of the Abilene team that year.

Big Spring opened the season with a 28-0 victory over Midland high school, then humbled Midland college, 15-0. The Hawks reached their heights in their next engagement, thrashing Fort Stock-

ton, 69-0. Pecos was the next victim and the Eagles fell, 28-0.

Cox's troops then invaded Lubbock and reaped for a three touchdown defeat but they got back on the victory track in a return game with Midland, winning, 39-0.

San Angelo's Bobcats descended upon the village for a brush with the locals and limped away on the short end of a 7-0 tally. Roscoe's Plains, then the terror of the plains, challenged the Flock and got pushed around, 35-13. Next came the historic tie with Abilene. The final game of the season saw Our Town lick a gang of Big Spring Eggs, 21-0. Among the former students who played against the Hawks were Herby Lees, Dewey Martin and Hub Rutherford.

Nail was a 150-pound end on that year's crew along with Tyree Hardy, 155. Melvin Pittman, 176, and Citizen Line, 180, operated at the tackle posts. Hayden Griffith, 175 and Bill Bonner, 163, served as guards while Buel T. Cardwell, 185, was at center.

Operating behind the line were Arthol Porter, 155, at quarter — voted the best athlete in school that year — W. B. Hardy, 140, and Louie Pistole, 165, half backs, and Omar Pittman, 170, fullback.

Porter, incidentally, later set a record in the 440-yard run in the state track and field meet at Austin.

Cox had very few substitutes with which to work but apparently had his regulars ready to go 60 minutes. Among those who spelled the first stringers occasionally were Charles Stovall, Abe Bailey, Lee Rogers and Lee Porter.

The coach's only aide was Monty Montgomery, who earned his keep as an oil company's agent here. Monty was also a graduate of Southwestern. He never became a part of the school's official family.

The Hawks — the nickname of the team wasn't changed to the Steers until 1924 — played all their home games at the old baseball park, long since torn down, at West Third and Lancaster (then Jack) street.

Spectators ran the sidelines for there were no bleachers. Neither was there any turf on the football field. The ground was often very hard, especially after a rain and the sun had had time to harden the earth.

Perhaps the highlight of the football campaign that year was the Abilene-Big Spring battle, which was played on a neutral field — Sweetwater — after the coaches failed to agree on any other site. Most of the students of the local school piled into a special train — one of the first ever run from here — and converged upon the Nolan county capital. It was a day never to be forgotten, and the footballers played a game long to be remembered in schill annals. The game was a standoff but a moral victory for the Hawks.

Finals Slated For Saturday

STANTON, Jan. 9. — The Stanton boys' and girls' teams rule as overwhelming favorites to cop championship honors in the respective divisions of their own tournaments, which get underway at 6 p.m. this evening and continue through Saturday night.

The Stanton aggregations have swept honors in two tournaments they have entered within the past month and none of the contingents entered in the show appear capable of giving the home teams a tussle.

A 6 o'clock debate between the boys' quintets of Loraine and Courtney opens the program today. At 7 p. m., fems' teams representing Stanton and Loraine take the courts while at 8 bells the spotlight returns to a boys' engagement, this one between Stanton and Coahoma.

The brigades re-open the show at 1 p. m. Friday with the Knott and Stanton B boys' teams clashing. At 3 p. m., it will be Highland and Knott girls, at 4 o'clock another boys' contest between Union and Ackerly.

Courtney's lasses oppose the Ackerly girls at 5 p. m. while Union and Coahoma closes out the first round program with a women's bout at 7 p. m. Sparenburg, which entered a fems' team, drew a first round bye.

Semi-finals and finals will be played Saturday afternoon and evening.

Legion Defeats Ira Team, 30-25
IRA, Jan. 9. — The American Legion basketball team of Big Spring won its eighth game in 11 starts and its second decision of the week here Wednesday night by turning back an independent Ira team, 30-25.

C. R. Smith set a torrid scoring pace for the winners with 17 points while Frank Hardesty contributed toward the victory with three field goals and a gratis throw.

The Legionnaires had previously beaten Knott twice, Coahoma twice, Ackerly, Flower Grove and Center Point while losing to Howard County Junior college twice and Forsan's Oilers in a single encounter.

Coach Pete Farquhar will take his troupe to San Angelo Saturday night to do battle with the Gem Jewelers in a 9 o'clock go.

Martin Will Face Condova Monday
Out of action last week with a game leg, Wayne Martin of Tulsa, Okla., resumes operations at the Big Spring Athletic club next Monday night when he faces popular Pollo Condova of Mexico City in the main event of Pat O'Dowdy's wrestling show.

The featured tin-ears rely on science more than brute strength while in the ring and the collision is expected to bring out the largest throng of the season.

Condova has yet to be beaten here, quite a record in view of the facts that he's climbed through the ropes no less than eight times.

Crosby Golf Tourney To Begin Tomorrow
DEL MONTE, Calif., Jan. 9. (AP)—The complete entry list of the 10,000 Bing Crosby pro-amateur golf tournament which will be played Friday-Saturday and Sunday over three Monterey peninsula courses was announced last night after completion of an 18-hole qualifying round over the Pebble Beach course for 15 open places.

The 75 golfing pros, including the cream of the nation's money chasing golfers and an equal number of America's best amateurs, will start teeing off at 5:20 a. m. (CST) Friday over the Cypress Point course.

The second day the entire tournament will swing over the Monterey peninsula country club and Sunday will wind up for the final 18 of the 54-hole medal play tournament on the Pebble Beach course.

Eagles To Be Tough Again Next Season
DENTON, Jan. 9. (AP)—North Texas State, which won the Lone Star Conference football championship then triumphed over College of the Pacific in the Optimist Bowl, should be tougher still next season.

Of 28 lettermen announced for 1946 only one — Guard Wilburn Curnutt — will be lost via graduation next year.

Lettermen are:
Ends: LeRoy Gibson, Bill Oglesby, Luther Fambro, Louis Rienzi, Sam Bell, A. V. Collins; tackles: Felton Whitlow, Dick Lindsay, Winston Chance, Bob Arnold; guards: Wilburn Curnutt, H. W. Ferrill, A. D. Cate, Albert Mansour, Ed Robertson; centers: Jim Cooper, Jim Eagle, Julian Kuehl; backs: Fred McCain, Joe Gieb, Billy Dinkle, Harold Bartlett, Frank Smith, Billy Lalicker, Ned McNeill, Erwin Dubose, Bobby Furrh, Tom Hudjins.

Odessa Promised Dial Telephones
Odessa is to get a dial telephone system.

This is the announcement coming from that city and attributed to H. F. Fox, district manager for Southwestern Bell Telephone company. Fox said that orders for equipment had been placed and that first deliveries may be expected in March. Installation of the system is to start as soon as the materials are available.

Odessa's city council passed a resolution last spring asking the company to install a dial system for Odessa and offered to grant increased rates for the more expensive installation.

Fox said that it was against the general policy to install dial systems in cities with manually operated systems. Because there are reported to be some 1,500 requests for additional service on file in Odessa, almost half the number of phones, and that a dial system could be installed in about the same length of time that it would take to bring the manual system abreast of demands. Too, he said that dial system was flexible to the point of giving those on the waiting list service.

MISSION, Jan. 9. (AP)—The Texas Citrus Fiesta will sponsor a golf tournament at the Shary Municipal course here January 18-19 as part of its celebration, James C. Hall, professional here, said today.

PITCHER NAMED SKIPPER
JACKSONVILLE, Jan. 9. (AP)—L. B. Watkins, veteran right handed pitcher, prepared today to take over as manager of the Jacksonville Jax of the Lone Star League. Pat Wilson, president of the club, announced yesterday that Watkins had been signed as manager to succeed Lloyd Rigby, who will manage the Paris team of the East Texas League.

Cleaners Retain Edge In League

Despite the fact that they were beaten in two out of three games by the cellar-dwelling Youth Beauticians Wednesday night at the Recreational center, the Modern Cleaners maintained a wide lead in Women's Bowling league standings.

The Spot-Removers have won 34 games in 48 starts for an average of .709 at the half way mark in the race.

Olive Cauble of Modern swept scoring honors for the evening with a 201 and 490 while Juanita Zollinger, Youth star, wasn't far behind with 187 and 471.

The Cleaners compiled a 746 for team high while Hester's boasted high aggregate with a 2144. The Sports shop representatives used their total score to good advantage, sweeping a three game set from Settles.

Standings:

TEAM	W.	L.	Pct.
Modern	34	14	.709
Hester's	23	25	.479
Settles	19	29	.396
Youth	17	31	.354

Reception On Tap For Davis Cuppers

LOS ANGELES, Jan. 9. (AP)—A gala homecoming celebration was on tap today for the famed Davis Cup and the men primarily responsible for returning it to America — Jack Kramer and Ted Schroeder.

Kramer and Schroeder, the Los Angeles buddies who led the United States tennis team to their shut-out conquest of the Australians, were down as honor guests at a combined reception-parade-lunch.

The Silver Cup, tennis' most-prized bauble, was to be unveiled at the city hall, and honor scrolls presented to the stellar players by Mayor Fletcher Bowron. The trophy had been outside the US since 1939.

The cup, heavily erated and insured, arrived by the famed yesterday, together with Kramer, Schroeder, non-playing Captain Walter Pate, Frank Parker and the latter's wife.

Cadet Arnold Tucker Wins Sullivan Award

NEW YORK, Jan. 9. (AP)—Arnold Tucker, first general of Army's undefeated football team, today held amateur sport's greatest honor for 1946—the James E. Sullivan award.

Tucker, 22-year old first classman from Miami, Fla., won the distinction by the closest vote ever recorded in the trophy's 17-year history.

He, with 597 points, nosed out swimmer Bill Smith of Honolulu with 556 points and Johnny Lujack, Notre Dame quarterback, with 546 to bring the coveted Sullivan award to West Point for the second consecutive year.

The 1945 prize went to Felix (Doc) Blanchard, Army's line-cracking fullback.

In the previous polls, conducted by the Amateur Athletic Union, track had 10 winners, golf had two, and one each went to swimming, tennis, rowing and football.

Tucker's citation declared that during the past year "by performance, example and good influence did most to advance the cause of good sportsmanship."

Following the top three came Henry Wittenberg of New York five-time national heavyweight wrestling champion, 362 points; Jimmy McLane, 16-year old Akron, O., swimming champion, 328; Miss Zoe Ann Olsen, 15-year old Oakland, Calif., fancy diver, 314; Douglas H. Lee of Baltimore, national 165-pound wrestling champion, 188; Miss Mildred Dietz, St. Louis bicycling star, 173; Miss Clare Lamore of Olneyville, R. I., breast-stroke and medley swimming champion, 85; and Miss Clara Schroth of Philadelphia, all-around gymnast, 82.

Wayland Captures 54-36 Thriller From HCJC Five
Amarillo's Junior college basketball Badgers, who play the Howard County Junior college Jayhawks in a West Zone conference game at the Steer gymnasium Friday night, compose a team that obviously sacrifices defense for an all-out offense.

In winning four games to date, the Badgers have averaged something like 51 points an outing as compared to a mere 27 for the opposition. They list among their victims Weatherford college, New Mexico Military Institute, and the Amarillo alumni. The Weatherfords fell twice before the Amarilloans.

Coach Leon Bush and his Hawks returned Wednesday from Plainview where they suffered a 54-36 defeat at the hands of Wayland Junior college Tuesday night. The contest was originally scheduled to be unregied last night but moved up on the recommendation of the Wayland officials.

Bush's gang played far and away their best game of the season against the Baptists but fell behind because of a lack of reserve strength. Only seven players made the trip while the Rabbits used three complete teams.

The Big Springers were leading 18-12 at the end of the first quarter but fell behind, 24-20, at half time. Then the pace began to tell and the Rabbits pulled further out in front.

Jack Griffin tallied ten points for the Hawks. Troy Brown had nine, Tommie Elliott seven and John Rudeseal six.

Bisons Tangle With Bulldogs In 21B Game

Fourth round of play in the District 21B basketball schedule is booked for tonight and Friday with games at Stanton, Knott and Courtney.

Stanton, overwhelming favorite to cop the bunting, meets Coahoma at home this evening in a contest that will count both in the invitational tournament being staged there and the final league standings.

Friday night Garden City invades Courtney and Knott entertains Forsan. Courtney and Knott, both of which gave Stanton arguments in debates before Christmas, are favored.

Trav Green's Stanton boys are out in front in the circuit chase with three victories in as many starts. If they lost a game in district competition, observers will be surprised.

Standings:

Team	W.	L.	Pts.	Op.
Stanton	3	0	104	64
Courtney	2	1	85	78
Coahoma	2	1	85	53
Knott	2	1	102	72
Garden City	1	2	48	75
Sterling	1	3	71	79
Forsan	0	3	58	116

Eastern Lads Want To Head For Big Spring

12-year old tyke from Sanford, Maine wandered up to the traveler's aid desk in St. Louis, Mo., railroad station last week asking for assistance in getting to Big Spring, Texas which he maintained was his home.

His father, who earns a comfortable living as a tree surgeon in Sanford, was searching frantically for his son still determined to come to Texas.

NEW YORK LAD PICKS B'SPRING

Big Spring may gain a reputation for luring New York youngsters from their homes if instances such as recently headlined in the New York Mirror occur.

Victor Mellinger, manager of a local men's clothing store, who is on a trip to New York, forwarded a clipping from the Mirror which told of a 10-year old boy setting out on a planned journey to Big Spring.

The lad was first noticed by a subway guard, who saw the youngster disembark from a train at Times Square. The boy asked which subway he should board for Texas. The Mirror quoted him as follows: "I'm going down there to ride horses. It's cold here, and I don't like the snow and slush. (Evidently, he didn't check the weather reports) I'm going to Texas and get a white horse with brown spots like Hopalong Cassidy's."

Mentioning Big Spring as his specific destination, the boy was persuaded reluctantly to return home.

STUDENT ACTIVITY FEES HIKE, REPLACEMENT MADE BY BOARD

Howard County Junior college board of trustees authorized an increase in student activity fees, elected an acting librarian and laid the groundwork for continuing operation of the college cafeteria, probably under actual supervision of the college, at a regular meeting Wednesday night in the college library.

Upon recommendation of E. C. Dodd, president of the college, the board voted unanimously to increase activity fees from \$2 to \$4 a semester for students carrying nine hours or more of college work. Fee for students enrolled for six to nine hours work will be \$2 and no fee will be charged for those carrying less than six hours. Students who pay the \$4 fee will have an option of paying a total of \$7 and receiving a copy of the college yearbook.

Mrs. Ira Thurman was elected acting librarian to serve until such time that a professional librarian can be employed.

Private operators of the college cafeteria plan to withdraw within the next few days, Dodd told the board. Mrs. J. E. Brigham, board secretary, was selected to investigate the possibilities of the college assuming operational responsibility of the cafeteria. She will make a study of the matter with Dodd and R. T. Piner, board president, and the three were granted power to take immediate action as soon as a definite plan is drawn up.

The board accepted the resignation of Betty Hyer, instructor in homemaking, effective Jan. 20. Miss Hyer also has been teaching homemaking part time at the Big Spring high school. Mrs. Clara Kirby of Houston was elected to the college staff, and although her definite assignment is yet to be made, part of her work will be in the college home making department.

Merit Council's Applications Must Be Filed Jan. 15

A closing date of Jan. 15 has been announced for applications for positions under the merit system council in Texas.

Examinations will be given on Feb. 8 in Big Spring for positions as field worker, child welfare worker and senior child welfare worker with the state department of public welfare and for clerks, clerk-typists, stenographers and maintenance supervisors with the same department, the Texas Unemployment Compensation Commission the Texas State Employment Service.

Application blanks may be secured from Walter L. Reed at the high school, the Texas State Employment Service, or by writing to the Merit System Council in Texas at Austin. Examinations will be given at the high school under the supervision of Reed.
