Tornadoes Play Kermit Here Friday Night

Kermit's Green Wave, a class 'A' aggregation, furnishes football opposition for the Golden Tornadoes here on McCollum Field Friday night 8:30. The Tornadoes are favored to roll the Green Wave under mainly because of Lamesa's improved showing against Brownfield last week in the final two periods.

J. R. Bizzell, a letterman in the Lamesa forward wall last season, will be in a starting guard slot against Kermit. He has been working out for about two weeks, and has sufficiently recovered from an appendectomy to be ready for duty. Bill Taylor, who served in the backfield against Levelland and Brownfield, is slated to open at center in this contest.

Corbett, a promising freshman, is the likely starter in the secondary in place of Taylor. Helms, Merritt, Arthur Bizzell, possibly other untied reserves, may see backfield service. George Hart, reserve letterman back last year, is working out regularly again since recovering from an ankle injury and may get into the fray.

The Tornadoes scrimmaged Tuesday until the rains came, and again Wednesday after a session of blocking. Thursday the locals will rehearse their plays, practice punting, kick-offs, points after touchdowns, with no heavy work scheduled.

Coach Sanders said the tentative starting line-up looked like this: Hoover and Clark at ends; Matlock and Fortenberry or Hurley at tackles; Bizzell and Eudy at guards; Taylor at center; Patterson at quarterback; Corbett and Nieman at halfbacks; Rippy at fullback.

No serious injuries were sustained in the Brownfield battle, and the local squad is again at full strength for this third of four non-conference contests before the 3-AA opener with Big Spring. Lamesa plays Lubbock there October 5.

Kermit, loser to Colorado City week before last 26 to 6 and idle last Friday, is not rated very strong. However, the Green Wave lists four seniors and three juniors in the starting line-up. They will be outweighed by the Tornadoes, their heaviest starters being a 180-pound tackle, and a 185-pound end. The rest of the first eleven scales down from 160 to 145.

Lamesa, having looked none too tough in the first two games, should take nothing for granted however. Kermit is tutored this year by Coach Benson, who directed Meeke's Badgers to a regional title last season. Colorado City, with 17 lettermen back, is looked on as one of the best class A teams in this area, and provided top-flight competition for the Green Wave.

Probable starting line-up for the visitors is: Thompson and Kennedy at ends; DeShazo and Hower at tackles; Spentis and Rose at guards; Six at center; Page at quarterback; West and Thompson at halfbacks; Cannon at fullback.

Lt. (jg) H. Williams To Arrive Soon With Discharge

Mr. and Mrs. Ray Williams received a phone call from their son, Lt. (jg) Harold Williams, Sunday, September 23, stating that he arrived in San Francisco Saturday, September 22, from the Pacific and would receive his discharge under the Navy point system, September 24th.

Lt. Williams has been in the service for the past 45 months and in the Pacific aboard the submarine "Pogy" for the past year. Since the first of June he has been with a moving picture firm making a movie on the work of submarines during the course of the war.

Lt. Williams is a graduate of Lamesa High School and attended the University of Southern California two years before entering the University of Texas for pre-med work.

He and his wife are expected to arrive here in approximately ten days.

Two Men Are Fined In Theft Case

Two young men, one a Dawson County youth and one from O'Donnell, were assessed fines of \$400 and \$200, and costs in County Court Saturday, on charges of theft, according to Sheriff Buck Bennett. Bennett said the men were convicted of stealing a wheel, tire and tube off a combine belonging to Charley Joe, on the night of September 10. The arrests were made September 22, and the sheriff's department reported that the tire and tube were recovered.

The ruby symbolizes ardent passion.

L. K. Nolen, storekeeper, second class, USNR, of Lamesa was aboard the cruiser USS Detroit, which moved into Tokyo bay with the occupation fleet. Nolen saw action in the Aleutians, at Iwo Jima and Okinawa and in carrier raids on Tokyo. Before entering the Navy he was assistant manager of the J. C. Penney store in Emporia, Kansas. His mother, Mrs. P. W. Nolen, lives at 1019 South Second Street, Lamesa. (Official U. S. Navy Photograph.)

Soil Conservation Elections Slated For Saturday

Soil conservation elections to choose supervisors for sub-divisions 1, 3 and 5 of the Dawson County Soil Conservation District will be held Saturday, September 29, at 8 p. m. T. A. Barfield, county agent, announced Tuesday.

Those eligible to vote in the elections are land-owners or other persons with equity in farm or ranch property in the respective sub-divisions. The supervisors chosen in each election must have the same qualifications, Barfield stated.

Every eligible voter is urged to be present at the conventions. Barfield said that the election of capable supervisors held the key to the success of the program. Sub-divisions 2 and 4 have already met in similar conventions, and chosen supervisors. Ben Dopson was named supervisor in sub-division 2, and Jack Broyles was named to a like position in sub-division 4.

The election for sub-division 1 will be held at the Sparenberg school. This sub-division includes all the land in Dawson County between the Stanton and Snyder highways.

Woody school will be the site of the election in sub-division 3, which includes all land in the county between the Lubbock and Brownfield highways.

Sub-division 5, which takes in all the land in the county between the Seminole and Stanton highways, will hold its election at the Union school.

Last Rites For Hubert Flenniken Held Wednesday

Last rites for Earl Herbert Flenniken of Route A, who passed away September 22, while visiting his sister, Mrs. W. F. King, in Las Vegas, Nevada, were held at the Church of Christ at four o'clock p. m., Wednesday, September 26, with Rev. Paul Fouts officiating, assisted by Dr. C. A. Morton.

Mr. Flenniken was born to Mr. and Mrs. Noble Flenniken October 12, 1918 in Haskell County. He, with his family, moved to Dawson County 22 years ago, and has been a resident here since that time.

Funeral arrangements were under the direction of the Higginbotham Funeral Home and interment was in the Lamesa cemetery.

Surviving are his wife and one child, Billie Ruth, age five. His parents, Mr. and Mrs. Noble Flenniken and two sisters, Cleo Flenniken of Route A, and Mrs. W. F. King of Las Vegas, Nevada.

Funeral arrangements were under the direction of the Higginbotham Funeral Home and interment was in the Lamesa cemetery.

Raymond Sharp SK, 3-C Aboard USS West Virginia

Raymond A. Sharp, SK 3-C, son of Mr. and Mrs. J. W. Sharp, former resident of this city, has been serving aboard the USS West Virginia since April 28, 1942. He attended school at Woody, Higginbotham and Lamesa, before entering the service in March 1942. He is the brother of Mrs. J. A. Yates of this city and has two brothers in service, Clyde Sharp, A.E.M. 1-c, and Bill Sharp who is stationed at Camp Roberts, California.

The USS West Virginia, damaged so severely by the Japanese attack of December 7, 1941 that she sank in her Pearl Harbor berth, steamed proudly into Tokyo Bay in the naval force taking over Japan's greatest industrial area.

The West Virginia is one of the U. S. Fleet's "Old" battleships, commissioned on December 1, 1923. She bore the brunt of the Japanese attack at Pearl Harbor. Two bombs and at least six torpedoes struck her leaving her a flaming wreck as she settled to the bottom.

The West Virginia was taken back to the West Coast for repair and when rebuilt she emerged from the yard practically a new vessel, equipped with the most modern weapons of warfare.

The West Virginia's first chance for vengeance came with the opening of the Philippines campaign where she shot down her first enemy plane. She participated in the Leyte Invasion and in the Mindoro landings. Following a brief retirement she was ordered to the Lingsay Gulf where she helped blast the way for the final liberation of the Philippines.

From Iwo Jima the West Virginia moved on to Okinawa and Ie Shima continuing her action in the face of fierce and fanatic Japanese suicide air attacks.

The ship has shot down eight enemy planes and has sure sights in the destruction of nine others. Since her arrival at the Pacific battle scene she has fired over 3,000 16 inch projectiles about 30,000 secondary battery rounds and more than 200,000 smaller projectiles, a total of 5,500 tons of ammunition. She has travelled 63,000 nautical miles in the past year.

Pvt. Moore, Of Lost Battalion Reported Dead

Mrs. Valda McClintock, teacher in the local schools, has recently received word that her brother, Pvt. Glen E. Moore, reported prisoner of the Japs many months ago, is dead.

He was a member of the Lost Battalion and one of his buddies, Pvt. Arthur Buron Clark, recently liberated, reports his death. Pvt. Clark reports that he died in September, 1944. He stated that he was separated from Pvt. Moore in Singapore in January 1943, at which time the latter was suffering from an illness. It is believed that Moore was left in Singapore, where he died from the illness. No official confirmation has been received from the War Department.

Both Privates Clark and Moore studied in the Abilene Public Schools from which place they volunteered for the service of their country.

Mrs. McClintock has been a resident of Lamesa for many years and now lives with her husband's family. Mr. and Mrs. W. A. McClintock at 812 North Third Street. Her husband, Azil McClintock, is now in the Pacific.

Ackerly 4-H Club Has First Meeting

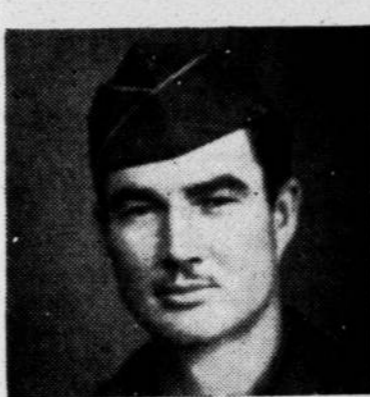

The Ackerly 4-H club held its first meeting of the new school year Tuesday morning at the Ackerly school. County agent, T. A. Barfield met with the group.

Officers for the senior boys club and for the junior boys club were chosen along with adult and teacher sponsors.

Senior club officers elected were: Sammy Burns, president; Billy Brown, vice-president; Dwain Williams, secretary-treasurer; Hob Rogers, reporter; Forrest Criswell, song leader; A. D. Reed, game leader.

The junior boys named the following officers: Harold D. Rasberry, president; Jerry Belt, vice-president; Joe Thomas Middleton, secretary-treasurer; Kenneth Frank, song leader; James Cook, game leader; Jack Rogers, reporter.

C. L. Mitchell, as teacher-sponsor, and Mr. Criswell as adult sponsor, will serve for both groups.

S-Sgt. Robert P. Johnson, who served in Patton's Third Army with an Infantry division, was recently returned to the States and given a furlough to visit at his home in Shallowater. Sgt. Johnson is well known in Dawson County having been reared near McCarty and Hancock Communities. He and his family were in Lamesa September 7 and 8 for a visit, after which he returned to McCloskey General Hospital to be treated for wounds received last February. The son of Mr. and Mrs. G. C. Johnson of Shallowater, he is a former student of McCarty and Hancock Schools. He was farming in Shallowater prior to entering in service.

Archie Dennis Gets Discharge

Sgt. Archie Dennis, son of Mr. and Mrs. Walter Dennis, arrived here this week from San Antonio where he had just received his discharge from the Army under the point system.

Archie has been in the service for the past three and one-half years, spending 18 months of that time in the European Theater of Operations with the 90th Infantry division. While serving overseas he was wounded three times.

After a few weeks rest he intends to operate a farm south of this city.

Paper Drive Is Scheduled For Friday September 28

Another paper drive is scheduled for Friday afternoon, September 28. Mrs. C. F. Gowen and Mrs. J. H. Adkins, co-chairmen of the Home Demonstration Committee, which is conducting the drive, state that one more big push will finish the car. They urge that every housewife in Lamesa place all their waste paper on the curb before 2:00 p. m. Friday afternoon.

Mrs. Gowen, who supervises the separation and tying of the paper says that at each drive the paper is a little better prepared than for the one before. Newspapers should be separated from other scrap paper, stacked in 10 to 12 inch bundles, and tied securely. Magazines and books may be tied together. All other scrap paper may be boxed or tied. H. S. Fitzgerald and G. M. Roberts are announcing the drive in all the school rooms of the Lamesa schools.

The following rural schools are conducting paper drives and will deliver the paper to the building just inside the fair ground, Saturday, September 29: Welch, Union, Sparenberg, Five Mile and Hancock. Paper committees from Midway, Mungler, Key and Patricia, will deliver the paper they have on hand Friday afternoon and Saturday. Other communities are requested to do the same.

It is estimated that there was 3-4 of a large carload of paper on hand last Saturday night. The women of the committee believe that if every one does their best next Friday and Saturday, that the paper will be ready to load and ship.

Mrs. Williams Of O'Donnell Buried Tues. Afternoon

Funeral services for Mrs. Millie Jane Williams of Route 1, O'Donnell, who died September 24, were held at the First Methodist Church in O'Donnell at two o'clock p. m. Tuesday, September 25, with Rev. Crandall officiating.

Mrs. Williams was born in Buffalo Gap, March 12, 1875, but had made her home in O'Donnell for the past fourteen years.

Children surviving are Mrs. A. W. Wrenn, Mrs. Melvin Ramsey, Mrs. Bud McDaniel, Joe Williams, Ed Williams, Ben Williams, Lottie Williams and Wayne Williams, 18 grandchildren and one great grand child, also survive.

Funeral arrangements and burial were under the direction of the Higginbotham Funeral Home with burial in the Abernathy cemetery at 5:30 p. m.

Mr. and Mrs. F. P. King and son Larry are visiting friends and relatives in Roanoke, Fort Worth and Dallas this week.

NOTICE To Subscribers

Effective October 1, 1945, the Dawson County Courier and the Lamesa Reporter will be published in the building now occupied by the Courier at 525 North First Street.

The subscription lists of the publications will be combined so that subscribers to either paper will receive both editions for the full length of time for which they have paid.

The Lamesa Reporter will be published on Monday of each week and the Dawson County Courier will be published on Thursdays only. Each publication will be a full-size newspaper.

Advertisers will benefit also by the increased circulation of their advertisement in either edition.

Commercial printing and office supplies formerly offered by both plants will be consolidated, and may be purchased at the building now occupied by the Lamesa Reporter. This business will operate under the firm name of the Lamesa Printing Company.

Special Course For Employers To Open Monday

On Monday night, October 1, a special 12 hour course will be offered to all owners, managers, and supervisors, in wholesale, retail and service occupations in "How To Train An Employee." This course will be conducted by Miss Gertrude Prince, District Coordinator, Extension Division, of the University of Texas.

Classes will be held at the Chamber of Commerce Office from 8 until 10 o'clock. Enrollment fee is \$1.50 per person per course to help defray expenses for materials, films, etc., used in these training classes.

This course has been very popular and the number of requests for it have far exceeded the ability of the program to meet them due to inadequate funds and supervisory training personnel. The enrollment in this class is limited to not more than twenty members.

These series of training classes which Miss Prince is conducting here in Lamesa is a service rendered to Lamesa, through the University of Texas, in cooperation with the local schools, Chamber of Commerce and Retail Merchants.

At the meeting Monday night dates for other meetings will be arranged.

The first meeting will be held in the home of Mrs. Fred Raney, Thursday, October 18, at 2:30 p. m. The agent will give a demonstration on home made Christmas gifts and will show a good dress form, complete on a stand.

Mrs. Raney and Mrs. Turner state that all the women in the community are cordially invited to attend this organization meeting.

Mrs. Flink Cosby from the Scharbour Ranch of Midland was in this city on business Tuesday.

Mrs. Roma Morton attended the funeral of Mrs. William, a sister of Mrs. L. Kennedy in Sterling City Monday morning.

Final War Chest Drive Begins Here Monday

Cpl. Russell Gilbreath, son of Mr. and Mrs. Warner Gilbreath of Route D, recently received his military discharge from service. Returning from the South Pacific War Theatre after spending 3 years and 9 months there, he arrived here during the early part of September. In service for five years an dwo months, Cpl. Gilbreath received his military training at Ft. Sill, Oklahoma and Ft. Leonardwood, Missouri. He then received an overseas assignment with the Medical Corps, going to Hawaii. Cpl. Gilbreath is the brother of Mrs. Euel Hill, who resides at 1001 South Third Street in this city. He plans to make his home in this city.

S-Sgt. J.D. Hudson With Replacement Depot On Luzon

With Army Forces, Western Pacific, Near Manila, Sept. 7 - A platoon sergeant with the 29th Replacement Depot, Replacement Command AFWESPAC, near Manila, Staff Sgt. J. D. Hudson, 27, has been on Luzon since May 17.

A son of Mr. and Mrs. J. F. Hudson, 409 N. Hays St., Fort Worth, Texas, he attended the Happy Texas High School and Lamesa Texas High School, graduating in 1936 to enter farming and mechanical work. Inducted at Lubbock, Texas, July 17, 1944, he was trained in the Infantry at Camp Wolters, Texas, and sailed overseas from San Francisco, April 27. He has a wife, Fay, and two children, Gloria Joannette 4 and James Charles 1 awaiting his return at 311 South Dallas Street, Lamesa.

Today, he is a busy man at the 29th Replacement Depot. Staffed with hundreds of experienced personnel like himself, trained to handle expeditiously large number of individuals, this depot is playing host to thousands of recoverees. Allied and civilian internees and prisoners of war who have been liberated from Jap prisons. They will stop here briefly enroute to their homelands. This Replacement Command alone will have the huge task of receiving, questioning, processing and making ready for return to the United States, Great Britain, Australia, Canada, the Dutch possessions and other Allied countries an estimated 37,000 liberated men, women and children many of whom were on Bataan, Corregidor or in Singapore, Java, Borneo, New Guinea and the Far East. Overseas a long time they will be quickly returned to their homes.

Local Firm Observes Twentieth Birthday

Vaughn Chevrolet Company is observing its twentieth year of business in Lamesa on September 25. T. P. and L. B. Vaughn, brothers who have operated the firm here for two decades, stated that they wished to thank their friends and customers for their patronage in the past, and "hope for a continuation of mutually cordial relations in the future."

Perfect satisfaction to every customer is always the goal of the company, the Vaughn brothers said, and added that the firm can give better service now than ever before on Chevrolet cars and trucks.

New Well Location In Welch Area

A new oil well drilling site has already been surveyed and located in the Welch pool area, W. T. Webb reported Wednesday. Coats and Foster Drilling Company of Lubbock is the contractor.

The new location is 660 feet from the south line and 660 feet from the east line of the northeast 1-4 of section 49, west of the Nelson producer and north of the Lizzie Cole well.

The final United War Fund drive will officially get underway in Lamesa and Dawson County Monday, October 1. The county quota for this last "Victory" campaign is \$10,371, and the drive is headed for the second successive year by J. R. (Dutch) Leuenberger.

J. P. White has been named chairman for the drive in Lamesa, and county superintendent P. K. Humes is heading the campaign in the rural areas. Leuenberger and Humes have visited every school in the county in the past week, winding up their tour at Klondike and Union schools Thursday morning. Literature for the drive was distributed to the schools, the district chairman were visited and assigned their respective quotas.

Chairman Leuenberger said Thursday that the special gifts committee, headed by W. D. Arnett, has made good progress in its drive for donations of \$50 or more. He said that nearly all of the pledged donations in this phase of the campaign had been received.

Ben H. Powell, Austin, president of the United War Chest of Texas, announced the official opening date of the victory campaign of the National War Fund as October 1, on a state-wide hook-up. On that date Governor Stevenson will speak on the opening program, and will proclaim October as National War Fund month. Officials of the drive hope that Texans will give generously toward meeting the state goal of approximately \$4,500,000, that peace on earth and good-will to men may again be manifest in a world still suffering from the aftermath of war.

Chairman Leuenberger urged that Dawson Countyans give to the last drive wholeheartedly, saying that "we can show the fighting men and our allies that we appreciate their sacrifices." He pointed out that the funds raised in the campaign will provide help to USO and other agencies serving our men who are still overseas.

Listed below are the respective districts, their quota, and the district chairman:

Yes, I vaccinate my laying flock against pox without throwing them off lay. When pox threatens, I vaccinate all healthy birds with Dr. Salisbury's PIGEON POX VACCINE. It's milder than the regular fowl pox vaccine I use for pullets and yet gives about three months' immunity. Hard to do? Why there's nothing to it!

DO DEWDROPS DROP?
YES
NO

Ye poet sings of "falling dew." He means warm air kissing cooler grass and flowers—leaving moisture. It didn't drop from heaven. Same process causes frost... and another cold-weather truth is this: a Winter change now to Conoco Nth motor oil will fortify your precious car's engine with internal OIL-PLATING.

OIL-PLATED lubricant is closely bonded to working parts by the magnet-like action of Conoco Nth oil's added ingredient. OIL-PLATING resists draining down to the crankcase at every stop! And the OIL-PLATING retained by inner surfaces is ready—faster than instantly—to avert the grinding wear of bone-dry Winter starts. Fighting corrosion along with other wear, OIL-PLATING means plain protection against carbon—sludge—breakdown! Today then get Conoco Nth oil—patented.

Yanks From New Glarus, Wisconsin, Visit Old Glarus

GLARUS, Switzerland (AP)—Capt. R. Kundert and Cpl. G. Aebly of New Glarus, Wisconsin, have something to write home about. On furlough in Switzerland, they were on hand here recently when New Glarus, Wis., founded by Swiss settlers from Glarus, passed its 100th anniversary. Glarus, Switzerland, celebrated.

... sent a special welcoming committee to greet the men from New Glarus and their comrades. The local newspaper wrote of Kundert and Aebly that "they speak a purer German than we do; they use expressions which are known only to our grandmothers." Economic stress in Switzerland in 1845 prompted 108 settlers from this area to found the American Glarus, where the U. S. Swiss cheese industry began.

War Time Out: Old Time In Sunday

President Truman signed legislation Tuesday that will return the country to standard time effective at 1 a. m. Sunday (Dallas time). On that day, clocks must be turned back one hour, or stopped for one hour, to end daylight savings or war time.

Supt. V. Z. Rogers announced that effective Monday the school would open at 8:30, classes would begin at 9:00 and most of the students would leave school at 4:00, all hours being central standard time.

THE Army Answers Your Personal War Problems

Your questions on allotments, insurance, legal problems or other matters as they relate to Army personnel and their dependents will be answered in this column or by letter. Write Headquarters, Eighth Service Command, Dallas 2, Texas.

Q. Is it true that points have been added for men in the service since last May?

A. Yes. Points for discharge under the adjusted service rating system were first computed as of May 12, 1945. They are now computed as of September 2, 1945.

Q. My son has been awarded a distinguished unit citation. How many points does this count toward his discharge?

A. No discharge points are given for unit citations.

Q. How long after my husband is discharged from the Army will I continue to receive my family allowance?

A. The last payment of your family allowance will be for the month during which he is discharged.

he hurled a couple of no-hitters. Although he has had an artificial leg only a couple of months, Billy walks and handles himself exceptionally well. He pitches without a windup or any motion from the shoulders down, using a windmill throw and putting none of his bodyweight behind the toss. Although he's a right-hander, he marches to the plate from the left side. That's because he lost his left leg. A substitute runner is allowed him because he has not quite mastered running yet.

COOL AS A CUCUMBER!

Give your Engine **Phillips 66**

THE HONEST OIL—FROM DEEP IN THE HEART OF OKLAHOMA!

No sir, a quart of oil won't make your car young again. But the right quart of oil can keep it from running hot, smoky, and expensive.

What's the right oil? Well, we don't like to boast, but we'll bet you all the tea in China that there isn't a better, more natural oil than Phillips 66!

You see, we're just smart enough to know a good thing when we see it—and just wise enough to leave it alone! We

take that wonderful Phillips 66 from deep down in the earth... give it that special Phillips refining... and bring it to you with all its God-given lubricating qualities unimpaired!

Why not have a smooth, sweet-running "cool-as-a-cucumber" engine? Stop where you see the Orange-and-Black "66" sign and treat your car to a quart. You won't find a more honest, natural lubricating oil in America!

"Fill'er Full o' Phillips!"

"Hurry, Beth... let's see the NEW QUALITY OF LIVING that makes your house cozy in winter... cool in summer!"

"I just flick my finger," Beth explained when we got to her house, "and presto!—in winter, it's comfortably warm, humidified—whether it's cool or below zero out. Yes, we've a NEW QUALITY OF LIVING..."

"On hot summer days, it's never hot or steamy indoors. In fact, I hardly mind doing dishes! The house is cooled delightfully and has humidity taken out. Oh, we're lucky to have a Servel All-Year Gas Air Conditioner."

"Never a draft either. There's live clean air circulating gently, all the time. We all sleep better, too, because street noises are shut out. With our Servel All-Year Gas Air Conditioner, we needn't open windows. And..."

"See! No dust! Dirt and soot and even pollen (remember my hay fever?) are filtered out. Our Servel All-Year Gas Air Conditioner saves me hours of cleaning time—makes drapes and furniture last longer, too."

"This simple unit does it all," Beth told me. "We've had it four years and wouldn't be without it! Was I envious! 'Beth,' I said, 'soon's the war's over, I want to have Servel All-Year Gas Air Conditioning!'"

Like Beth, the hundreds of home owners who installed Servel All-Year Gas Air Conditioners before the war are enthusiastic. After four years' use, they say, "We wouldn't be without it. It's wonderful!"

You can plan on it—post-war... Imagine! Blustery winters, blistering summers, you'll choose your own indoor climate with Servel All-Year Gas Air Conditioning. Come in and let us tell you more about it.

HOUSTON, Texas — There was only handful of fans the night Billy Cox, 19-year-old war veteran returned to softball, but those who come to the field got an eye full.

The former Houston high school athlete came home minus a leg. He lost it on Guam during hand-to-hand combat with the Japs.

But loser of a leg didn't hamper Billy's effectiveness pitching a softball. He turned in a two-hitter, fanning 13 men, and the two runs scored against him both were unearned.

The ex-Marine tossed the ball in there with the same speed that won him 14 games in 1942 when

Readin', Writin' and Reconversion

MADISON, Wis. — Labor union officials sweated through a stiff course this summer at the University of Wisconsin's School for Workers.

They were majoring in postwar reconversion. The school itself, now in its 21st year, had a record enrollment of more than 500.

A typical course, as taken by 55 enrollees from the Amalgamated Meat Cutters Union, included history of the American labor movement, public speaking, and discussions of such problems as the Ball-Burton-Hatch labor bill. The discussions were held informally in smoke-filled, roundtable classes.

Debate was lively as instructors were interrupted to hear the conflicting views of students who had matriculated in the school of experience.

Prof. E. C. Lindblom of the University of Minnesota's economics department led an analysis of the Ball-Burton-Hatch proposal which the organizers assailed as a blow to the labor movement.

In another class Prof. Selig Perlman, nationally known economist of the University of Wisconsin, traced the labor movement's history.

Prof. Lewis Corey of Antioch College, a former union member who addressed his students as "fellow workers," engaged in a spirited debate with a member who felt unions should oppose technocracy.

The School for Workers, first of its kind in the United States, conducted 11 institutes this summer. Unions which sponsored the one- and two-week courses included the International Ladies Garment Work-

The workers' school faculty consists of well-known economists from colleges and universities throughout the country, as well as members of the Wisconsin staff, union and government labor officials.

Students live in fraternity houses and eat at the college cafeteria. A \$50 two-week fee covers tuition, room and board. It is paid by the union, the student or, in an increasing number of cases, by the employer.

PORTLAND, Ore. (AP) — The "checker bugs" have infested Portland city parks more than ever this summer. They've crowded old regulars and chimed in with their kibitzing until veterans of many summers of open air games protest they can't concentrate on the

imminent annual tournament. After the tournament the Portland chapter of the American Checker Association returns to winter quarters downtown, usually with some new members trailing along. The park carpenters then rip up the checker boards nailed to the shaded tables each spring. The Courier Is My Shopping Guide

Local Rotarians Attend Annual Meet In Lubbock

Approximately 400 Panhandle, Plains and Eastern New Mexico Rotarians from 23 surrounding cities jammed the Agriex pavilion at Texas Tech College Wednesday night, September 26, to hear Col. Ike Ashburn, assistant to the president and general manager of the Todd-Houston Shipbuilding Corporation of Houston, address the 22nd annual intercity gathering on the "responsibilities to our returning service men."

Ashburn went into the many problems that face Texas in the approaching "greatest reconversion and construction period in history," along with the opportunities that are offered to the younger men of Texas.

A barbecue opened the meeting. Presidents and secretaries of other Lubbock civic clubs were introduced. Ashburn was introduced by W. T. Strange, Jr., Lubbock Rotarian. Alex McDonald, Lubbock Rotary president, welcomed the visitors and Ben E. Cole was master of ceremonies. George Dupree gave the invocation and group singing was led by Mancel Hall of Littlefield. Frank Day, Plainview Rotarian, gave two solos, "Bells of St. Mary's" and "My Wild Irish Rose."

Attending the meeting included chamber of commerce president, J. R. Leuenberger, Mrs. Matt McCall, secretary of the organization, Marshall Crawford, Don Emory, W. J. Beckham, C. A. Eiland, Henry Norris, George Norman, Wright Boyd, D. W. Massengale and the speakers.

End Of Special Sugar Stamps

Large size sugar ration stamps, forms R-1209 and R-339 will be invalid after October 5. The OPA, announcing this Tuesday, said very few of these are outstanding, since smaller coupons have been issued since last April. The stamps being withdrawn were used for furlough and illness rations.

Sugar stamp 38 in ration book 4, good for the regular household ration, is not affected by the action.

Heavy Rainfall Here Tuesday

Heavy rains that reached cloud-burst proportions poured down on Lamesa and scattered sections of the county Tuesday afternoon. A total of 2.45 inches fell in Lamesa, and the Siumake community reported an estimated 5 inches.

Small hail fell intermittently during the downpour here and in other spots, but no severe damage to crops by either rain or hail was learned of in early reports.

The fall was heavier in Lamesa and southeast of the city than in other sections. Some rain was reported all the way to Stanton and Gail. Sparenberg received an estimated three-quarters of an inch, one-half inch fell as far as ten miles west of town, and a relatively light shower was reported as far north as six miles. Heavy hail fell near the cemetery southwest of Lamesa, but crops seemed to have withstood it largely. C. E. Tarter, AAA official, said that storm-proof cotton weathered the storm. Feed stalks were stripped of blades by the hail but the heads were said damaged little.

Wind and rain tore the door off the Co-Op Gin warehouse, and ripped about six bricks out of the southeast corner near the roof of the old elementary school building. No structural damage was reported.

Lamesa Golfers Plan New Course

A group of Lamesa golfers met at the Country Club Monday night to lay plans for constructing a new nine-hole course with grass greens, and improving and beautifying the present lay-out.

Present at the conclave were members of the country club and non-members who play on the country club course. W. G. White served as chairman at the meeting and C. A. Hollingsworth functioned as secretary.

The group responded heartily to the proposed new course. White reported. Committees were appointed, and it is planned to hire a course expert to begin construction at the earliest feasible time. A ways and means committee was named, and instructed to report within a week on the legal aspect of the organization.

A finance committee was chosen with Cecil Speck as chairman. Other groups were picked to investigate the cost of building the new course and making other improvements.

The organization elected W. G. White as chairman; C. A. Hollings-

MISS LAVER HOLT BECOMES BRIDE IN CHURCH CEREMONY

In a wedding ceremony solemnized at the First Methodist Church in Compton, California, Miss Laver Holt, daughter of Mr. and Mrs. C. W. Holt of this city, became the bride of Eugene A. Yackley, Jr., Seaman 1-c, son of Mrs. and Mrs. Eugene A. Yackley, Sr., of Noperville, Illinois, recently. Rev. Herbert E. Hooper, pastor of the First Methodist Church, read the ceremony.

The bride, given in marriage by her father, chose an ice blue suit. Attending the couple were the bride's brother, Frank Holt, who was best man and his wife as matron of honor.

The bride attended school at Key and Fairview in Dawson County and at the time of her marriage was employed at the Pifaced Electrical Company in Los Angeles, California. Mr. Yackley is a graduate of Noperville High School and is now stationed in Long Beach, California, aboard the U. S. S. A. T. B.

The couple are now at home in Long Beach, California.

Service Men Are Honored Friday

Members of the Country Club entertained with a buffet dinner at the Country Club Friday, September 21, at eight o'clock p. m., honoring service men home on leave and discharged veterans.

A long table was placed in the living room of the club which served as a buffet and eating was on the lawn.

Service men present were Lt. Wright Grant Boyd, Sgt. Tom Wilkes, Captain Horace Reeves and Sgt. Hamilton Aslin.

Discharged veterans were Richard Crawley, French Pruitt, Paul Morgan, Fred Porterfield, Weldon Lindsey, Wayne Gregston, Wright Boyd, Judge Louis Reed and Louis Davis.

Miss Anderson Weds G. McCasland Sat.

Miss Lee Ella Anderson, daughter of Mr. and Mrs. W. T. Anderson of this city, became the bride of George McCasland, son of Mr. and Mrs. George A. McCasland of Lamesa, in the parsonage of the First Baptist Church with Dr. Clarence A. Morton officiating, Saturday evening, September 22nd.

Following a short wedding trip the young couple will make their home west of this city.

Marriage Of Miss Billie Ruth Price To Lt. Johnnie Corley Solemnized

The marriage of Miss Billie Ruth Price, daughter of Mrs. S. O. Price of 708 South Second Street, to Lt. Johnnie Corley, was solemnized at the home of the bride's sister, Mrs. C. C. Medlock Saturday, September 22, at two o'clock p. m. Rev. Cal Wright, pastor of the First Methodist Church, read the single ring ceremony.

The bride chose a white crepe street length dress with black accessories. Her corsage was of red rose buds.

Attending the couple were Miss Billie Thurman and Cpl. Osburn Drenan of Fredicksburg.

Before her marriage, Mrs. Corley

was employed at Wackers and at the Palace Beauty Shop.

Lt. Corley, prior to entering the service eight years ago, was employed at the Lamesa Steam Laundry. He has been here on a 90 day leave after being returned to this country from a prisoner of war camp in Germany.

For a going away costume the bride wore a watermelon red suit with black accessories and a red corsage.

Immediately following the ceremony the couple left for San Antonio where Lt. Corley was to report.

THE CHURCHES OF CHRIST SALUTE YOU. Rom. 16:16

HOW MEN ARE "CALLED OF GOD"

The Fact Of The Call
"Whereupon He CALLED you through our GOSPEL, to the obtaining of the glory of our Lord Jesus Christ." 2 Thess. 2:14.

"And whom He foreordained, them He also CALLED; and whom He CALLED, them He also justified; and whom He justified, them He also glorified." Rom. 8:30.

The Method Of The Call
"Repent ye, and be baptized EVERY ONE of you in the name of Jesus Christ unto the REMISSION of your sins; and ye shall receive the GIFT of the HOLY SPIRIT. For to you is the promise, and to your children, and to all that are afar off, even as many as the Lord our God shall CALL unto Him." Acts 2:38

God is CALLING you today BY HIS GOSPEL—CALLING you to REPENT and be BAPTIZED FOR THE REMISSION of your sins. If you refuse to obey you are refusing God's CALL.

SINCLAIR ETHYL GASOLINES

Better Than Ever

Sinclair H-C and Sinclair Ethyl Gasolines are back from the wars . . . BETTER than ever before.

BETTER because of improved refining processes developed in producing 100-octane gasoline for warplanes.

BETTER because Sinclair is now able to put into Sinclair Gasolines certain important components heretofore used exclusively for fighting gasolines.

As a result, the new, higher-octane Sinclair Gasolines will give you better mileage, speedier take-offs and less ping or knock in your motor.

SO drive in for Sinclair H-C or Sinclair Ethyl Gasoline today and notice how much better your car performs.

FALL GARDENS—

A midseason report released from the Extension Service at A. and M. College on September 12, shows that Texas is 12 per cent short on gardens this year. This means that many fall gardens must be grown if we are to produce the 100,000 gardens that is our goal for 1945. Here is a list of seeds recommended for late planting: cabbage, turnips, radishes, beans, mustard and potatoes. And this next list may actually produce better during a cool fall than at any other time during the year: parsley, peas, spinach, beets and carrots. Some of them may even thrive into mid-winter.

When you plant peas and beans inoculate them with nitrogen. This will encourage quicker, healthier stands. Disinfect other seeds with Semesan. Both nitrogen and Semesan are commercial products and can be bought locally. Follow directions on the containers for best results.

KEEP YOUR CANNING UP TO DATE

From the number of telephone calls that come to our home and office, we are led to believe that many home canners in Dawson County do not have the latest canning bulletins. If you do not have "Canning Fruits and Vegetables," "Canning Meat in the Home," "Preservation of Vegetables by Salting and Brining," "Home Made Jams and Jellies," "Poultry, Canning, Dressing and Marketing" and the new leaflets on freezing fruits, vegetables and meats, you are missing a treat. Most of these bulletins have been written in Texas, after careful research with Texas products in Texas altitudes. Copies of them may be obtained by coming by the office or by calling or writing for them.

CAN THOSE PEAS

Black-eyed and cream peas are choice vegetables to freeze or can. Follow this method in canning: Shell peas. Pack raw into clean jars or can in which you have put 1-3 teaspoon salt per pint. Pack tightly to 1 inch of top. Fill containers with water (boiling hot for cans—very hot for jars). Set containers in cooker on rack. Have hot water 1-2 to 2-3 way up side. Place top on cooker. Fasten two lugs. Leave petcock open. Steam 10 minutes for pints, 15 for quarts. Count time when steam begins to escape from petcock. Take out one jar at a time. Press peas down. Run case knife around jar to let out air bubbles. Fill jar to 1-2 inch top (cans 1-4 inch) with boiling water. Seal. Place in cooker. Process at 11 pounds pressure for 50 minutes for pints; 55 minutes for quarts.

TEST THAT PRESSURE COOKER GAUGE

Last year the Commissioner's Court bought 3 master gauges, for this office. They are used in testing pressure cooker gauges. We have been fairly successful in teaching both men and women to test their own gauges. This is what you do: Come by the office and get a gauge. We show you how to use it and how to write down the amount of pressure your gauge shows when the master gauge registers 5, 10, and 15 pounds. You bring these figures back to the office and together we decide whether you need to buy a new gauge or if your old one is safe to use. One man in the Klondike Community tested his gauge and that of his neighbor last week. Three gauges can be checked at the same time.

The members of the Midway Home Demonstration Club own their own gauge. Mrs. Frank Love, Mrs. C. W. Shafer, Mrs. Harvey Weir and others understand how to check gauges and have checked not only their own, but those of their neighbors.

Mrs. S. C. Motley has used an office gauge and checked 10 to 12 in her community.

Two ladies in Lamesa canned 50 pints of peas last week. They decided they did not look "done" and had their gauges tested. They had cooked their peas at what their gauges said was 10 pounds pressure. Actually they had 6 1-4 pounds pressure in one cooker and 7 1-2 in the other. It was necessary for them to open their jars, reheat their peas and reprocess them in a cook-

Louisiana Wars On Hyacinths— WATER PEST MADE TO GROW TOO FAST TO LIVE

AP Newsfeatures

LAFAYETTE, La. — Scientists at Southwestern Louisiana Institute believe they have developed a way to rid the state of a "beautiful nuisance" water hyacinths, by making them grow too fast to live.

The plants, reportedly first brought to Louisiana by Japanese visitors to the New Orleans Cotton Exposition in the 1890's, are truly beautiful — lovely lavender blossoms atop green leaves and a bulbous, floating stem.

Certainly they are a nuisance, and an expensive one, clogging the state's thousands of canals, lakes,

bayous and ponds with a growth thick enough to destroy fish and impede navigation.

The new treatment, spraying with a hormone-like compound that stimulates some plant cells to an almost cancer-like rate of growth, is the latest of a dozen methods tried in the last few years as the plant threatened more and more waterways.

Simple poisoning the state wildlife department reported, killed too many fish. Development of a machine that picked up and chewed the plants to tiny pieces worked, but the cost was excessive and the method slow. One other recent attempt, burning the plants to the water with flame throwers, was also expensive—and it appeared to stimulate the plant to better growth

within a few weeks. The men who developed the treatment with the acetic-carbolic acid derivate have been cautious in their announcements, insisting that further toxicity tests are necessary to prove it practical. But they do admit that so far it seems harmless to fish, and, of equal importance, that treatment may cost as little as 30 cents an acre.

Clever these Chinese?

CLEVER enough to fight back for nine years, with outmoded rifles. Clever enough to move factories, brick by brick, on back, out of the range of Jap bombers. Clever enough to keep united, and to keep going, despite the most ruinous inflation ever to sweep a country. . . . But cleverness can't warm cold bodies when there is no clothing. Cleverness can't feed hungry children when there is no food. Cleverness can't keep down disease when there are no medical supplies.

For nine years the heroic Chinese kept millions of Jap soldiers bogged down in China. They surrendered everything — families, homes, possessions, even lives—rather than surrender their country. And because they have kept in the fight, our soldiers had to face many millions fewer Japs. United China Relief for years has provided the wherewithal to help the struggling people of China. The problems facing United China Relief, member agency of the National War Fund, grew more stupendous month by month. They, too, can't be solved by cleverness alone. They need cash. Your cash. Even if we were not deeply moved by the plight of the Chinese, we owe them our gratitude, our sympathy, our help. Won't you help them by giving now—and giving generously—through your County War Chest?

**PEACE!...
It's Wonderful**

By DOROTHY ROE
Associated Press Woman's Editor

The project of beating swords into plowshares and parachutes into nylon engaged the attention of the U. S. home front this week, as housewives prepared to break their piggy banks for a record shopping spree.

All those articles that have been missing from the stores since the war are on the way back, in a flood tide of merchandise with which Mrs. USA can equip her world of tomorrow.

Best reconversion news of the past few weeks for women was the word that nylon stockings may be back on the market in time to stuff Santa's pack. A trickle of those long-missing refrigerators, stoves, vacuum cleaners and radios was scheduled to grow to a torrent within the next few months. First on the market will be similar to those sold in 1942, but new and exciting postwar models will follow in quick succession.

The prospect of being able to buy all the sheets and towels she wants thrilled the average U. S. housewife as much as any promised postwar wonders, while she also looked forward with pleasure to the possibility of stocking up on such small but important items as pots

and pans, can-openers and alarm clocks.

The fabric shortage, which has turned clothes buying into a hunting expedition in recent months, is definitely over, and the biggest civilian fabric supply since 1941 will be available this fall, with cancellation of war contracts.

Father will be able to buy white shirts again soon. Johnny can have his cotton pajamas, and diapers for baby will no longer be a crucial problem.

Shoe rationing, while still in force, already was relaxed to the extent of allowing ration-free sales of low-priced surplus stocks for an extended period, and all restrictions are expected to be lifted before the end of the year.

Postwar homes began to shape up as immediate possibilities, and the USA joined in the chorus: "Peace! It's wonderful!"

Mr. and Mrs. Mrs. K. W. Street of Dickens and Mr. and Mrs. J. E. Cozby of Lubbock visited Mr. and Mrs. Joe Spikes here over the week end.

Mrs. Bob Crawley returned to Lubbock where she is attending Texas Tech after a week end visit with her parents, Mr. and Mrs. C. A. Eiland.

One-third of all the people in Ulster live in Belfast. New Caledonia is about 250 miles long.

MR. PRODUCER:

DAWSON COUNTY TRADE TERRITORY:

As we approach the harvesting of another Grain Crop
may we remind you of a few facts:

For the past several years we have had the pleasure of
buying grain from practically every producer in this county.

We have strived to make every trade entirely satisfactory
to the seller.

Every load of grain purchased by us has been weighed
over our bonded public scales operated by an elected weigher
elected by the people.

We are in the market every day for Milo, Kaffir and
Hegari and in dealing with us we assure you of the highest
possible price for your grain, any opinion offered by us as to
prices and market condition has and will continue to be the
best information obtainable.

We have ample trucks to move your grain to town quick-
ly and we guarantee you to be pleased with our clean up from
ground to trucks.

Be sure to see us before selling, we are in a position to
make advance contracts or buy your grain at top market price
when harvested.

THANKS.

Many Valuable Items Available Now At Waugh's

Supplying parts for individual filling stations and car dealers in West Texas and Eastern New Mexico is the parts car which is operated by the A. G. Waugh Company of this city. The car is equipped with all types of parts which are sold to patrons throughout the above mentioned area and as far south as Big Spring.

A. G. Waugh Company which is located on South Dallas Street has operated in Lamesa for more than two decades making available to the citizens here the very best of parts. The owners of the firm, Mr. and Mrs. A. G. Waugh, report that currently they are receiving larger shipments of parts for their stocks, thus providing patrons a wider selection to choose from and assuring them of greater quantities. Company executives report that at this time, they have a good

Fowls At Henningsen Lamesa, Inc. Cared For Under Ideal Conditions

The poultry division of Henningsen Lamesa, Inc. is continuing to devote its efforts toward supplying poultry to army camps. During the month of September that unit sold 102,000 pounds of fowls to be used by the army in feeding military personnel.

The poultry division of the firm is thoroughly equipped to care for fowls, maintaining the needed facilities and an expert staff of employees.

Other items at the A. G. Waugh Company that you will be interested in with the approach of Fall, are Meremont mufflers. During winter months, motorists raise their car windows to keep out the cold winds, and fumes from the car will prove dangerous, unless vehicles are equipped with good mufflers to direct fumes outside the car. Waugh's have a good stock of Meremont mufflers and tailpipes on hand now.

Other items in their stocks are Timken bearings, which are recognized for their qualities of superior performance and durability. Standard Ignition parts, Toledo motor chassis parts, including spindle bolts and bushes, Toledo valves, inserts and piston pins. Gates belt for cars, refrigerators, air conditioners, etc., are also available there as well as clutch parts, axle shafts, springs, radiator hose, fuel pumps, valves, connecting rods and main inserts, gaskets, hand tools, sockets, chisels, punches, hammers, wrenches, paints and enamels, seat covers, break linings, Fram Oil filters and cartridges, Bonney tools, Alemite and Lincoln grease guns.

You'll be wise to take every precaution possible to safeguard your motor vehicles now. A. G. Waugh can help you get better performance, greater dependability and longer life from your automobiles, by supplying you with high quality parts. Visit them now and make your selections from their stocks. Employees to keep the poultry program

Efforts of the poultry division of Henningsen Lamesa, Inc., are diverted toward supplying army camps with high quality meats. The poultry unit is equipped to care for fowls under ideal conditions. Grade 1 birds are purchased, mash fed, dressed in accordance with state and federal pure food laws, then chilled and packed and sent to army camps. The birds supplied by Henningsen Lamesa, Inc., are of a choice quality, affording tender, delicious meals.

Cope Oil Company To Stock Frozen Food Cabinets; Washing Machines

Now available at Cope Oil Company is the best grade of gas ever before afforded motorists. Raymond Cope, owner of the establishment, states that he currently has on hand regular Phillips "66" gas as well as Phillips "77" gasoline which is the more powerful. Both grades of gasoline have been improved since the outbreak of the war, and their qualities assure you of smooth driving, quick starts, and more pleasant motoring.

Mr. Cope states that he expects to expand the stocks which he carries at his business as soon as materials are again available.

In the near future he expects to receive Woolaroc frozen food cabinets for his patrons. These will be offered in four sizes, with a range of from 4 to 16 cubic feet cabinets to be available.

These frozen food cabinets will be especially attractive to housewives, as they can be installed in any home equipped with electricity, and meats, vegetables, and other such items can be stored in them, keeping the foods fresh for a long period of time.

FIRST CHRISTIAN CHURCH

10:00—Bible School, J. C. Pope, Supt.

11:00—Worship, Sermon, "Rebuilding Jerusalem."
7:30—Christian Youth Fellowship.

8:30—Evening worship.
There will be a meeting of the board of Elders and deacons at the close of evening worship services.

Mr. and Mrs. Phil McKee of Burbank, California are here visiting relatives.

Available also at Cope Oil Company is Motor Rhythm, a tune-up fluid which frees sticky valves and rings and dissolves carbon binders. Motor Rhythm helps restore normal compressions; increases motor pick-up. It saves 15 per cent on fuel and motor oil expense.

Visit the Cope Oil Company often and inspect their stocks. You'll want to use the quality products which they now have on hand, and will want to be among the first to secure the new merchandise which they will soon offer.
