

Town  
talk

By MAC McKINNON

Saturday is a very important day in Texas and national politics.

That is the day voters go to the polls to vote in the Democratic and Republican primaries. The nation has its eyes on Texas.

As I have stated previously in this column, there is reason for grave concern about the Democratic party and the liberal leanings the party has taken in recent years.

The national Democratic party bosses, along with labor leaders and the national press, are trying to stop Jimmy Carter so they can get non-candidate Hubert Humphrey, a liberal, nominated at the national convention.

The results of the Pennsylvania primary Tuesday should have told these people something -- that the nation is fed up with the liberal Democrats and that a conservative is wanted to lead the nation. The rank and file labor union members even registered their votes for the conservative Carter against the advice and wishes of labor leaders.

It is extremely important that Carter win and win big in Texas. He is the only hope for Democrats who want a conservative leader. He is my only acceptable choice for Democratic nominee for president.

In the race for U. S. Senator, Phil Gramm is my choice. The incumbent Lloyd Bentsen has not done the job he was elected to do six years ago. Instead of representing Texas, it seems he has spent much of the past six years running for president, a race that came to a halt after he barely got out of the starting blocks.

During Bentsen's six years, his positions on crucial matters have come to light and those positions do not seem to correspond with the needs and thoughts of Texans. Gramm's views seem to be in tune with Texans.

One of the most important races to be voted on in the Democratic primary is for railroad commission with eight candidates on the ballot. Many newspapers have endorsed Jon Newton. However, I feel that Newton is too closely associated with the railroad commission now through friendships and past work in the legislature and an extreme change is needed. Lane Denton, one of the 1973 legislature's "Dirty 30" is in my opinion, the best candidate for the job.

The railroad commission has only three members with each serving a six year term. They are the ones responsible for approving price increases on natural gas and I don't think they have acted in the past in the best interest of Texans. Also this year, for the first time in eight years, there will be a Republican primary in Mitchell County. The Republican primary is very important in Texas this year as the results are considered very crucial to the chances of Ronald Reagan's challenge to incumbent president Gerald Ford.

It is my belief that Reagan will be the best choice in this primary. Ford has proven that he is too easily controlled, such as in the grain deal where he stopped exports because of pressure from labor leaders. Reagan is my choice for the Republican nomination. His beliefs seem to be more in line with the thoughts of Texans than are the views of Ford.

Reagan demonstrated his ability to cut government spending and put an end to a lot of freeloading on welfare when he was governor of California. See TOWN TALK, Page 5

## Election Day Saturday

Republicans  
Plan Primary

Mitchell County Republicans will have an opportunity Saturday to vote in a primary election, the first one held by Republicans in eight years.

All persons in Mitchell County who wish to vote in the Republican Primary may cast their ballots at the home of county chairman Bob Reilly, 975 E. 17th, between 8 a.m. and 7 p.m.

The Republican ballot lists the following:

a blank space to write in a candidate's name.

At the bottom of the ballot is a non-binding poll of opinion concerning crime prevention, trials and forced busing.

The Republican County Convention is set for 3 p.m. Saturday, May 8, also in Reilly's home.

61 Vote  
Absentee

When absentee voting ended Tuesday afternoon, 61 people had cast their ballots absentee in Saturday's Democratic Primary election.

"From the big number of absentee votes, it looks like we'll have a large turnout for Saturday's election," County Clerk Marie Bassham said.

TWO CONTESTED ELECTIONS on the county level are the race for Tax Assessor-Collector and for the post of county commissioner, Precinct 1. Candidates were asked to present their views on the election and their statements appear here in the order their names appear on the ballot.

C. C. (Mike) Burt

The office of Tax Assessor and Collector for Mitchell County is one of the most important offices in county government. More people have personal contact with this office than any other one in the courthouse.

As a candidate for this office, I sincerely believe that my education and previous employment by Mobil Oil Land Department, as a teacher and as a principal in the Colorado City Schools, and as a Councilman and as Mayor of Colorado City will be an asset in operating this office. The ten years spent with the oil company gave me the experiences of land values, land descriptions, and map reading ability, all of which are necessary for this office. I think the citizens of Mitchell County deserve the best service and accommodation possible.

If I am elected to this office, I pledge to fulfill the duties to the best of my ability.

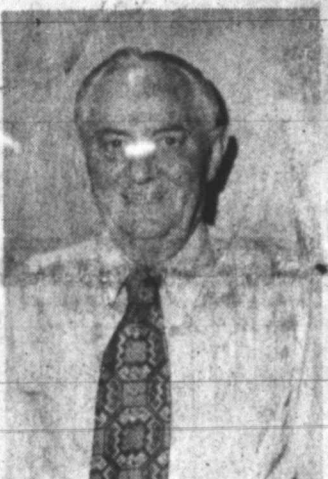

Deadline To  
Pay For Lots

All persons who have unpaid for reserved lots at the city cemetery should make arrangements to pay for these lots before June 1, according to City Manager James Campbell.

After that date, a committee for permanent care of the cemetery will take over operation of the cemetery and all unpaid for reserved lots will revert back to the control of the committee to be made available for sale, the city manager said.

Members of the permanent cemetery committee, appointed by the city council Tuesday night, are three year members Chairman B. B. Hardee and G. D. Foster, two year members Nelda Garrett and Bob Ford and one year member, Rick Perkin, council representative.

Members of the cemetery board of trustees are George Womack, Bill Crockett and Bobby Lemons.

C. G. (Skeet) Harkins

C. G. (Skeet) Harkins asks for your support for re-election to Mitchell County Tax Assessor-Collector.

I need the job and feel I have the finest staff available to get the job done.

I have lived in Mitchell County 46 years and feel I know the people. I worked for Col-Tex Refinery for 35 years, served on the City Council for four terms and served as Mayor, Pro-Tem one term.

I was born in Nolan County and have lived in Nolan and Mitchell Counties all my life.

I am active in Kiwanis Club and a member of First Methodist Church. My wife Marie serves as church secretary.

I have two sons, Girvin who teaches in Rice University in Houston, and Gary who is in the insurance business in Colorado City.

I appreciate having had the chance to serve you the past four years and ask for your vote for re-election. If elected, I promise to do my best, and give you service from the Tax office.

Mitchell County is my home and I have always thought this is the best place in the world to live.

Thank you for helping me and for the chance to serve you.

James F. (Jim) Kelley

Times have changed--It's time for a change.

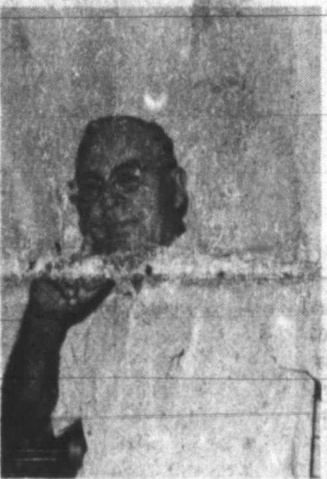

I'm asking for your vote on May 1 in the Democratic Primary for commissioner of Precinct 1.

My qualifications are engineering education (University of Texas and Texas Christian University), work in the oilfield in various jobs and have headed local civic organizations (Kiwanis and Chamber of Commerce, state cattle and aquaculture associations, and on the boards of national associations.)

I believe in economy in all government and in pay-as-you-go but I don't think the taxpayers are getting a fair shake when a large per cent of the taxes are not being used. I think some of this reserve should be used to up-grade the roads in the county.

If elected, I will make a personal survey of the roads to see if my engineering education and practical experience can find some practical way to improve them. I am asking for your vote and influence in the May 1 Democratic Primary.

Times have changed--It's time for a change.

M. W. (Marcus) Vest

W. M. (Marcus) Vest asks for re-election to the post of commissioner of Precinct One.

I have found this work to be very interesting and I appreciate very much having had the opportunity to serve you in this capacity for the past few years. I am hoping that my work will merit your support for another term.

REAGAN BACKERS--An afternoon coffee was hosted Tuesday in Colorado City by local chairperson for the Ronald Reagan campaign in Mitchell County, Mrs. Don (Judi) Powell. Reagan delegates Al Scott and Marcus Anderson, both of Abilene, visited locally with interested persons concerning the Republican primary election. Both delegates are committed to Reagan and their names are on the ballot for the 17th Congressional District which includes Mitchell County.

Record  
Number  
Registered

Registered voters in Mitchell County number 4,866, the highest recorded, says Tax Assessor-Collector C. G. (Skeet) Harkins.

The number of voters last year was about 4,500 he said, but recent registration brought the total to the highest figure ever recorded in the county, at least in recent years.

The breakdown by voting precincts is as follows:

- Precinct 1, 1,600.
- Precinct 2, 494.
- Precinct 3, 1,583.
- Precinct 4, 795.
- Precinct 5, 112.
- Precinct 7, 282.
- Total, 4,866.

STATE CONTENDERS--Colorado High School students who won in Regional UIL contests and will go on to state competition in Austin May 6-8 are: from left, Sheila Shaw, second in shorthand; Craig Carter, second in typing; Joni Holder, first in shorthand. Joni's score was 99.77 and Sheila's was 99.11 as they posted the best score overall in any of the divisions. They were competing for CHS in the AA division. Craig typed 61 words a minute for five minutes with one error and the first place winner typed 57 words a minute with no error.

City Gets  
Good Bids  
On Bonds

Bids to buy \$425,000 in general obligation tax supported bonds of the City of Colorado City were opened Tuesday night at a meeting of the city council with the low bid out of 10 submitted being from First National Bank of Fort Worth with a bid of 5.405712 per cent interest.

The city last week received notice that Moody's Rating Service of New York had given the city a rating of Baa on the bonds to be sold but the city's financial advisor said that the bonds sold like the city had an A rating, which is higher.

City officials were well pleased with the bids received.

The bid from First National Bank of Fort Worth will cost the city a total of \$254,233.75 in interest over the maturity schedule of the bonds covering about an 18 year period.

The \$425,000 will be used to completely rework city streets and for work at the city cemetery.

In other business before the council, telephone service was discussed with five representatives of Southwestern Bell Telephone Co., the City National Bank was named the city's depository in the renewal of a depository agreement and a contract was approved with Parkhill, Smith &amp; Cooper of Lubbock, calling for that firm to receive a total of \$37,200 for overseeing improvements in the city's water and sewer plants and facilities, a project costing a total of \$400,000 as approved by voters in a bond issue in March.

Other bids for the city bonds were:

- Rotan, Mosle, Inc., of Houston, 5.841482 per cent.
- Russ Securities Corp., of San Antonio, 5.87945 per cent.
- Texas Bank & Trust, Dallas, 5.771470 per cent.
- Rauscher-Pierce Securities Corp., San Antonio, 5.60837 per cent.
- Fort Worth National Bank, 5.56834 per cent.
- Rowles-Winston of Houston, 5.708308 per cent.
- First National Bank of Dallas, 5.8464 per cent.
- First Southwest of Abilene and Republic National Bank of Dallas, in a combined bid, 5.86951 per cent.
- Underwood-Neuhaus of Houston, with representatives in attendance at the council meeting from San Angelo, 5.662363 per cent.

Following are the delegates in the May 1 primary who are pledged to Ronald Reagan:

District 17  
W. J. Sheppard  
J. Marcus Anderson  
J. O. Webster  
Al V. Scott

# There is a difference.

In the May 1 presidential primary, Texas voters will make a decision that can profoundly affect the future of our nation.

That decision, in its simplest terms, is this: Should America continue traveling the path it has followed for the past 10 years, toward bigger government at home and the weakness of "detente" abroad? Or should we seek a new and different course: Calling a halt to the upward spiral of big government, enormous deficits and heavy taxes, and seeking a firm defense of our legitimate interests?

On these and other issues, there is a clear and striking difference between

the presidential candidates. Gerald Ford stands for continued drift with the liberal policies of big government and "detente". Ronald Reagan stands for new initiatives in freedom—based on limited government, personal liberty, and peace through strength.

In this primary campaign, Mr. Ford has tried to gloss over these differences with conservative-sounding rhetoric. He would have us believe, in some of his statements, that there is no "philosophical difference" between himself and Governor Reagan. A look at the record discloses otherwise:

## FORD:

Despite his conservative-sounding rhetoric, it is Gerald Ford who

- retains a top official, Helmut Sonnenfeldt, who says the people of Poland, East Germany and other captive nations should **not** resist the tyranny of Moscow but should accept enslavement.
- has spoken approvingly of a massive busing plan in Detroit and refuses to back a constitutional amendment that would prohibit busing.
- appointed Nelson Rockefeller as Vice President of the United States.
- retained Henry Kissinger as Secretary of State, and fired a Secretary of Defense who disagreed with Kissinger's "detente".
- weakened the embargo on Castro's Cuba and put an adviser to George McGovern in charge of U.S. Latin policy.
- signed into law an energy bill that imposes **more controls** on oil production, rather than fewer as he had promised.
- approved \$100 billion in deficits in two short years and said the growth of social welfare programs was "on the whole, commendable."
- appointed a Secretary of Labor who is a sworn opponent of right-to-work laws.
- appointed a U.S. Attorney General, Edward H. Levi, who favors restrictive gun laws.
- approved the surrender of the Panama Canal Zone to the leftward-leaning government of Panama.

## REAGAN:

Backed by an eight-year record as governor of our largest state, it is Ronald Reagan who

- says we must stand firm against the Soviets and support our anti-Communist allies around the globe.
- supports a Constitutional amendment to halt forced busing.
- cut the welfare rolls in California by 300,000 people.
- converted a \$700 million deficit into a half-a-billion dollar surplus.
- restored law and order to the turbulent campuses of California.
- proposed a lid on state and local levies to protect the taxpayer from the spenders.
- says we should not cave in to Communist tyrant Fidel Castro and his revolutionary export business.
- says we should deregulate oil and gas production, rather than regulate it further.
- believes the Constitutionally-guaranteed right to keep and bear arms must be protected.
- is on record supporting right-to-work, and the states' ability to pass such laws.
- says we should **not** give up the Panama Canal Zone but should defend American sovereignty there.

Mr. Ford is talking conservative on the campaign trail, so that he can go back to Washington and continue to compromise with liberal politics-as-usual.

Ronald Reagan seeks a new day in American government—in which the taxpayers have at least an even break with subsidy-seekers, and American defenses are once again secure.

Which will it be? More of the same, or a new commitment to individual freedom, limited government, and peace through strength?

## Poetry Society Meets

The Colorado City Chapter of the Poetry Society of Texas met for their regular meeting Thursday in the home of Mrs. Gerald Gordon.

The president, Mrs. L. B. Elliott, presided.

Mrs. Gordon, program chairperson for the month talked on the Mechanics of Poetry and gave illustrations from Wordsworth, Shakespeare and others.

In discussing form, she stated that the ballad is a very popular form of poetry today because of the country western music. Many people have poignant feelings to express and put to music they make popular songs.

Mrs. Gordon then read several original poems by a member, Alton Robertson, including "Reminiscing" and "Flowers." Mrs. Elliott read a new and original poem of her's, "Welcome Rain."

Refreshments were served to the following members: Mr. and Mrs. L. B. Elliott, Joe Earnest, Mrs. C. P. Gary, Mr. and Mrs. Alton Robertson, Mrs. Ruby Morgan by the hostess, Mrs. Gordon.

## Grow Your Tomatoes With Success

Just about every home gardener has a few tomato plants that are his pride and joy. But there's more to growing a good crop of tomatoes than just setting out the plants.

"Tomatoes can be some of the most rewarding garden plants, but they can also bring frustration," points out Sam Cotner, horticulturist for the Texas Agricultural Extension Service.

For success at growing tomatoes, Cotner offers a few pointers.

"First of all, select varieties that are adapted to the area and that resist many of the common diseases. Such varieties as Spring Giant, Homestead, Porter, Terrific or Small Fry are excellent for most areas of Texas.

"When buying tomato plants, select those that are short, stocky and dark green—ones that are about as tall as they are wide.

"Be sure to locate tomatoes in an area that receives at least six hours of sunlight a day.

"Plant tomatoes in a soil rich in organic matter and containing adequate fertilization. Allow about four square feet of space for each plant.

"Set the plants somewhat deeper than they were originally growing. Apply a starter solution; one can be made by mixing one or two tablespoons of a complete fertilizer in a gallon of water.

"To reduce wilting, set out plants on a cloudy day or late in the afternoon. Protect them from adverse conditions such as high winds or excessive heat by providing some cover, such as milk cartons with the ends cut out.

"As the plants begin to grow, provide some form of support to keep fruit off the ground, such as stakes, trellises or wire cages.

At first bloom, dust or spray tomatoes for both insects and diseases. Once plants start setting fruit, apply small amounts of fertilizer every week or so.

"For tops in quality and flavor, harvest the fruits at peak maturity," suggests Cotner.

California. His views on foreign affairs also have merit.

During the past few months Reagan has gathered support, especially from states that have views similar to those of Texans. For

instance, he has almost all, and in some cases all of the delegates from Iowa, Alaska, Nevada, Arizona, Missouri, South Carolina, Montana and Oklahoma.

As you might have guessed from my above opinions, I

believe a clean sweep in Washington is needed as the people now there seem to be out of touch with the needs of the nation.

Whatever your opinion, be sure to vote Saturday.

GOV. RONALD REAGAN (center) is pictured here with his four delegate-candidates from right to left: W. J. (Bill) Sheppard, Marcus Anderson, Dr. Jim Webster and Al Scott. Their names will appear May 1 alongside Reagan's on the Republican Primary Ballot in Congressional District 17 which includes Mitchell County.

# COLORADO MIDDLE SCHOOL CHATTER

On April 12 at 8:25 a.m. the students at Colorado Middle School officially started to school in a new building with an Orientation by our principal, Mr. Reynolds. He congratulated several people on various subjects.

Several sixth grade students looked completely blank when they were looking around to see where everything was. Sixth grade is all on the 3rd floor with the exception of reading and P.E.

Seventh grade students have just about found all of their classes. They did not have much trouble finding their rooms as they are all just about on the second floor along with their lockers.

Eighth grade students' lockers are all on the first floor.

In the old building, the sixth and seventh graders had to share their lockers with someone else, but when we started to school in the new building, everyone has a locker of his own and no locks to worry about.

Coach Gierhart's first words when he came into the Math room 1st period were "Gosh, it's nice."

Some other remarks about the school from the kids were "We love the refrigerated air-condition-

ing." Miss Schnauffer's speech classes are all glad to be out of the old "army barracks" and into a nice air-conditioned room with carpet and a bulletin board. Mr. Newman, the band director, is always talking about "It's great not being in the auditorium where the sound echoes back off the wall and you can't hear yourself think."

The way everyone talks about the new school, you'd think it was a brand new Cadillac! I'm sure all of us will keep it clean and take pride in what a fine building we are fortunate to have.

The Colorado Middle School Stage Band had an exciting day last Friday, April 23. Mr. Reynolds called and said the Lion's Club regular program couldn't make it and asked if we could.

We had to be there in 15 minutes! Boy, did we hurry! When we arrived, we played the following numbers: "Guantanamera," "London-derry Air," "Little Brown Jug," "Boplin," "Midnight Crawler," and "Young Dr. Trumpet." Kirk Williams did an excellent job on the solo part in this number and "Proud Mary."

We really did enjoy doing this job and getting out of school.

The students and teachers are very proud of Ricky Ornelas, Ruben Garcia, Rudy Garcia, Jerry Don Lewis, Michael Johnson and Carlos Olivarez. These young men showed great skill and determination in the Junior Division of the District Track meet last Friday in Ballinger.

The results are: Long Jump, Rudy 1st with a jump of 19' 100 yd. dash-Ruben 2nd with 11.6 and Carlos 5th with 11.8; 220 yd dash-Rudy 1st with 24.9 and Carlos 4th; 330 yd dash-Ruben 1st with 39.9 and Ricky 2nd; 70 yd high hurdles-J. D. 2nd; 660 yd dash-Rudy 1st with 1:25.6

(new record); 1320 yd run-J. D. 1st with 3:34.9 (new record) and Michael 2nd with 3:37.2 (broke old record); 440 yd. relay-Ricky ran the first part of relay which won first place; 1320 yd relay-this relay also won first place, with Ruben running the third part of the relay and Rudy running the last part, the time was

2:37.5 which tied a record. These young men ran with the 9th grade team and made 111 points to help make up the total of 241 1/2 points. Congratulations, guys!

In track this year, the 7th grade won 3 out of 4 track meets. Some of the ones who participated in the events

were: 440 relay-Jay Green, Doug Johnson, Arthur Reyes and Carlos Olivarez; 1320 relay-Jay, Timmy Womack, Arthur Reyes and Carlos; 330-Timmy, Doug and Arthur; 660-Timmy, Barry Blackman and Donald Owens; 1320-James Johnson, Ruben Arispe and David Alvidrez; 100 yd dash-Doug, Jay and Carlos; 220

yd dash-Mike Smith, Chad Gardener and Timmy; 70 high hurdles-Barry, Yancy Spivey and Steve Light; long jump-Doug, Jay and Timmy; high jump-Carlos, Doug and Barry; discus-David Alvidrez, Ricky Alvarez, Sam Houston and Frank Norris; shot put-Carlos, Sammy Lujan and Albert Rich; pole vault-Mark Carter and Yancy. These boys all did a fine job and we are proud of their efforts.

Now that track season is over, we are starting in off-season.

Among those often purchased are the sleep-aids, anti-histamines, nasal decongestants, etc and many times prove harmful.

"Hello?" "Hi Marge, this is Suzie." "Suzie, Suzie, Suzie! What a pleasant surprise!" "How are ya?" "I'm doing just fine. How are things with you?" "Oh, things are terrific around here since you left." "I'll bet. You know I miss you guys." "How do you like your new house?" "Oh, Suzie, it's terrific." "D'd you get what you wanted?" "That and more." "Well?" "Well what?" "Tell me about your stupid new house." "Suzie, it's fabulous." "Did you get the big back yard you wanted?" "Three acres with a pond." "Do you have a garden?" "We have a greenhouse!" "Do you have a nice kitchen?" "A huge kitchen with all new appliances!" "Do you have some aspirin?" "Aspirin?" "Yeah, you're making me sick." "You should complain. You're not exactly living in a dump." "How does Fred like his new job?" "Suzie, he's a new man." "He likes it?" "He loves it. Absolutely loves it." "That's good." "How is Jack?" "Fine. He's going through a do-it-yourself phase right now." "Oh, good." "Everytime I ask him to do something, he yells 'Do it yourself!' "Oh, not good." "When are you coming to visit us?" "When are you going to invite us?" "You know you have a standing invitation." "Yeah, but we'd rather sit." "I'm serious. When are you coming?" "Name a date." "How about in a few weeks... say the week of the 29th?" "Wait a minute, let me get my calendar... the 29th?" "That's a Saturday." "Yeah. Sounds good." "Okay, it's a deal. We'll be expecting you." "What do you want us to bring?" "Just your sense of humor." "No." "No?" "Just joking." "Funny." "You missed a great party at the Smiths' last night." "They had a party? They never have parties." "They've been waiting for you to move away." "What happened?" "Well, for starters, Jackie's dog ate the main course before any of the guests arrived." "You're kidding." "No. Then the air conditioning went on the blink." "No wonder they never had any parties. What did everyone do?" "We starved and perspired a lot." "Sounds awful." "Speaking of starving, how's the old diet?" "I'll tell you if you tell me." "125." "Oh, Susan! You've been cheating!" "No I haven't." "Well how can you lose weight if you've been eating?" "How about you?" "I'm not telling." "Come on." "One fivie five." "What?" "One fivie five." "Marge, you're mumbling." "One fivie five." "One forty five?" "Less." "One thirty five?" "See, that's not so bad." "That's terrible." "I know." "What's your excuse?" "A perfectly understandable insecurity resulting from having to adapt to new surroundings." "New surroundings. The only new surroundings you're gonna have to adapt to is the lard surrounding your midsection." "Hey, look. Go easy kid. I don't have you to nag me anymore." "Well, it hasn't been easy for me either." "You wouldn't believe the food prices here." "Oh?" "Low." "Low?" "No wonder you're eating so much." "I'm not kidding..." "Neither am I!" "...I'm saving about 15 dollars a week over what I used to pay." "You're kidding!" "I'm not kidding." "Sounds like you got a raise, too." "Right. 15 dollars to blow on anything I like... toilet paper, floor wax and soap." "Don't forget laundry detergent." "Right." "Hey, you took something of mine when you left." "Your yellow sweater?" "Did you take my sweater?" "Sorry, I wasn't going to tell you." "That's okay. You keep my sweater and I'll keep your skirt." "Skirt?" "You know, the one with all the animals on it." "Oh, yeah. I'd forgotten about that." "Is it a deal?" "We'll trade when you come to visit." "Sour puss. I'm sorry I even brought the subject up." "What were you going to say?" "I was going to say that you took my Suzie Fu Yung recipe." "Did I?" "Yes." "I'll give you that too when you come." "Good." "See? Just think of all the nice things awaiting you when you come." "I can't wait. Hey, I have something for you." "What?" "A riddle." "Shoot." "What has four holder-uppers, four puller-downers, a pair of lookers and a swishy-wishy?" "I don't know, what?" "I'll tell you when we come to visit." "Oh, no you don't!" "Bye." "Come on, tell me!" "Bye." "Suzie!"

## "Where does Texas Electric get electricity?"

### UNDERSTANDING YOUR ELECTRIC BILL

Electricity doesn't come in barrels or by pipeline or by boat. It's not in veins or fields lying around waiting to be discovered. We have to make it out of something else.

Most electricity is produced when steam turns a generator. The steam comes from boiling water.

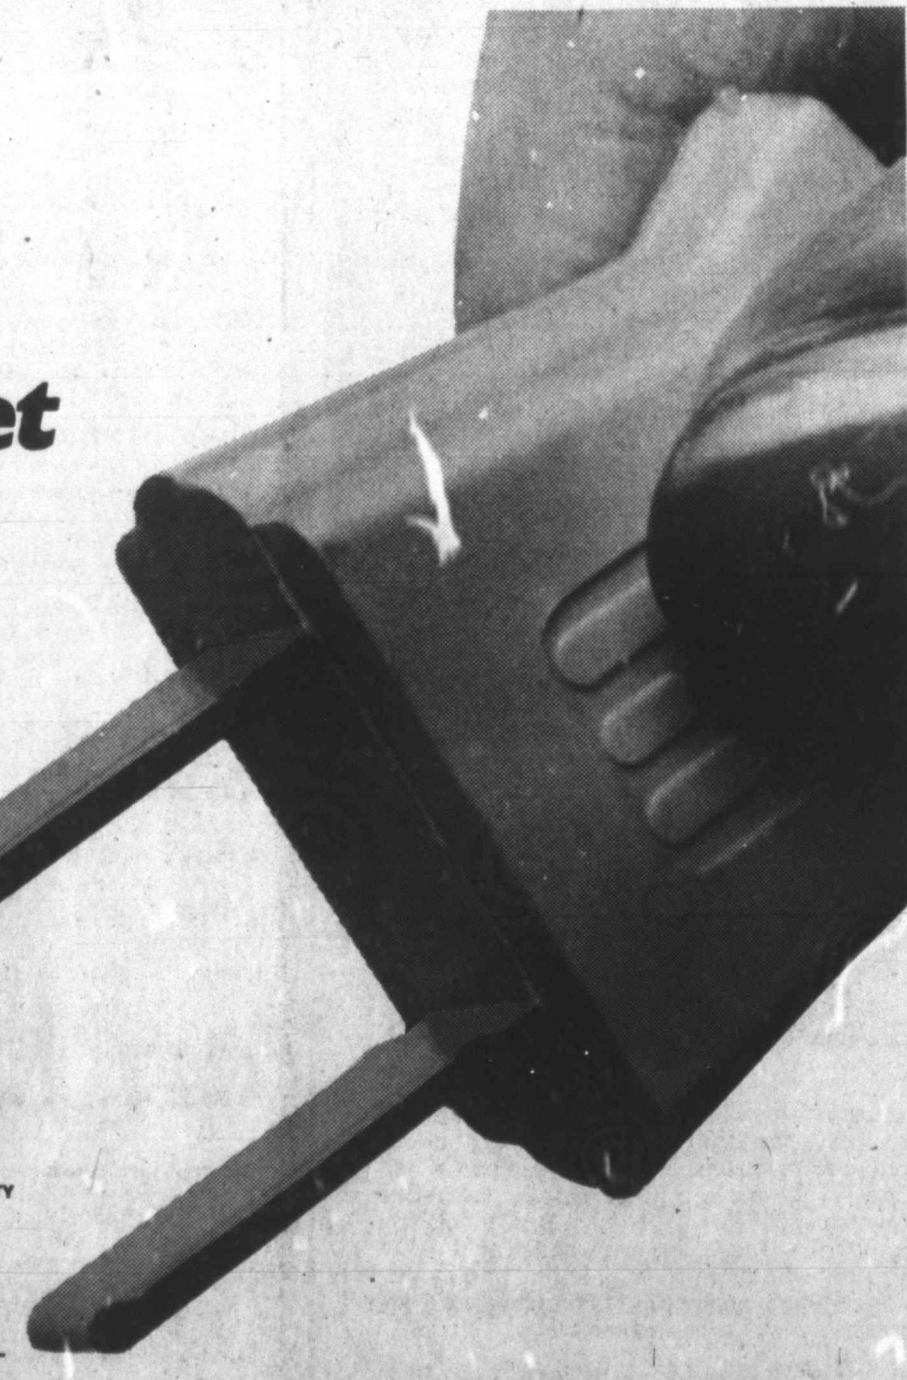

To heat the water, we have to burn fuels like natural gas, oil or coal. Or we can use the heat from a nuclear reactor.

The hardest thing about making electricity these days is making sure we have plenty of fuel. Natural gas, currently our main fuel, is running out.

That's why we're building new power plants that run on cheaper, more abundant fuels—like lignite coal and uranium.

If you'd like more information about where we get electricity, call or write Texas Electric.

## Guide To Historical Markers Published

The Texas Historical Commission has published a new list of historical markers entitled "Guide To Official Texas Historical Markers."

Currently over 7,200 markers exist in Texas. These markers commemorate events, people, structures, and sites significant in local, state, and national history.

Approximately 1,600 of the markers commemorate structures which also are designated Recorded Texas Historical Landmarks.

The 160-page guide lists by city the title and location of each marker, describes the different types of markers found across the state, and explains the state marking program.

This new edition is comprehensive through mid-1975 and features a page-index of the markers in each county.

"Guide To Official Texas Historical Markers" is available for \$1.25 per copy (postage and handling included) from the Texas Historical Commission, P.O. Box 12276, Austin, Texas 78711.
