Plane Crash Kills 32

BOGOTA, Colombia (AP)—A Colombian passenger plane crashed today in the eastern plains region, killing all 32 persons aboard, civil aviation authorities said.

Officials said the DC3 developed mechanical trouble immediately after take off from the airport at Yopal, about 190 miles east of Bogota, and the pilot tried unsuccessfully to make an emergency landing. They said the plane burst into flames on impact.

Pound Hits Record Low

LONDON(AP)—The battered British pound plunged 7½ cents to a record low of $1.5730 in a wild wave of selling on London's foreign exchange today. By midday, however, it appeared to level out.

It was the worst slump by the weakening currency, apart from formal devaluations, since it began losing ground four years ago.

Rhodesian Unity Pledged

GENEVA, Switzerland (AP)—All four Rhodesian black nationalist factions say they are ready to bury old jealousies in a united negotiating effort aimed at putting a quick end to white minority rule in Rhodesia.

Bishop Abel Muzorewa and the Rev. Ndabasingi Sithele said today they will present a united front with rival nationalists Joshua Nkemo and Robert Mugabo against white Prime Minister Ian Smith at the Rhodesia conference set to open Thursday.

Mr. K Blasts Carter

WASHINGTON (AP)—In a unusual television appearance arranged by the White House, Secretary of Sate Henry A. Kissinger has criticized Jimmy Carter's stand on Yugoslavia and other foreign policy issues.

Kissinger also announced that the United States has agreed to begin talks with Vietnam about normalizing relations.

Kissinger's appearance on CBS television's "Face the Nation" was arranged by the White House last week after the program had tried unsuccessfully for several years to get him as a guest.

Gulf Drilling Slows

TULSA, Okla. (AP)—Large-scale drilling for new oil and natural gas in the deep waters of the Gulf of Mexico has slowed because of high operating costs and technological hurdles, the Oil and Gas Journal reports.

The Oct. 25 issue of the weekly business magazine published here reports that the companies which pioneered offshore exploration in the Gulf 20 years ago now are turning their attention to the waters of the East and West Coast rather than venture into deeper gulf waters.

Mafia Moves Off Streets

By MARGARET GENTRY
Associated Press Writer

WASHINGTON (AP)—The death of Sicilian-born Carlo Gambino, reputedly the most powerful Mafia boss in the country, marks another turning point in the move toward a native American brand of syndicated crime, law enforcement officials say.

And investigators say the new generation of the Mafia is finding that there is more money in executives suites than on the streets.

Gambino reportedly was the pattern for the Don Corleone character in the Mario Puzo book and movie, "The Godfather." He died of a stroke Oct. 15 at 74.

"In terms of broader significance, I would look at Gambino's passing as more confirmation of the trend," says Jay C. Waldman, a deputy assistant attorney general in the Justice Department's criminal division. "We're talking about a younger group of people now, many of them born in this country and educated here."

The influence of Mafia godfathers is waning, and younger men are taking their place, suggested Waldman, whose duties include supervising the overall thrust of department investigatons and prosecutions in the field of organized crime.

The nation's crime syndicates are moving off the streets and into corporate boardrooms because they're finding that business frauds are more rewarding than conventional racketeering, said Waldeman. "These people go where the money is," he said. "There's more money to be made more quickly and with less risk in the so-called paper crimes."

In the 1970s, he said, there has been some shift in organized crime that reflects changing times and "personalities among the leadership of organized crime and changing conditions in the country at large."

He said the old Mafia families based on ethnic and blood kinship still operate in perhaps two dozen cities. But new "groups and combinations of individuals who really transcend ethnic lines" are on the rise.

Crime syndicates are devoting less attention to traditional gambling, loan-sharking and fencing operations and turning to more lucrative frauds involving corporations and labor unions, Waldman said.

Mobsters have infiltrated and taken over dozens or perhaps hundreds of businesses and "we have definitely seen an infiltration of legitimate labor unions," he continued. He refused to name companies and unions that have fallen to the mob.

"The common type of scheme we see is that they look for a business that is heavy with assets but also heavy with liabilities, so it can be bought for a nominal amount plus assuming the debts," he related.

"Then they don't pay the debts, quickly convert the assests to cash, and file for bankruptcy."

Through such bankruptcy frauds, stock manipulation and stock frauds, the syndicate can invest and launder the vast sums of money already made in the conventional rackets.

In some cases, he said, crime syndicates may take over a business and operate it in what appears to be a legitimate fashion. But behind the scenes, they're relying on old-fashioned strong-arm tactics and political corruption to win contracts or gain monopolies, he said.

Arabs Split Over 'Force'

By HARRY DUNPHY
Associated Press Writer

CAIRO (AP) — Arab leaders ended the first session of their summit on Lebanon today divided over composition of a 30,000-man peacekeeping force to be sent to the war-torn country.

A spokesman for the Arab League said after the 1¾-hour meeting behind closed doors that Iraq opposed including in the force the 20,000 Syrian troops currently occupying two-thirds of Lebanon.

At a smaller summit on Lebanon in Riyadh, Saudi Arabia, a week ago six Arab leaders agreed Syrian troops would remain and comprise the major contingent in the peacekeeping unit.

Long at odds with Syria, Iraq has an estimated 2,000 men in Lebanon fighting on the leftist-Moslem side. It expressed its displeasure with the Riyadh agreement by sending Foreign Minister Saadoun Hamadi to head its summit delegation.

Arab League spokesman Bahieddin Nasser of Egypt told reporters the Arab leaders in their closed meeting approved the agenda worked out by foreign ministers Sunday night, despite Iraq's objection.

He said the leaders instructed the foreign ministers to prepare a draft resolution to be submitted to the summit when it resumes Tuesday. The summit is scheduled to end Tuesday.

Asked what the resolution was about, the spokesman, who gets his information by telephone from Arab League headquarters a block away, replied "I don't know."

He reported that Libya has decided to send a delegation to the conference after boycotting the opening session.

At the formal opening, which was televised and broadcast in Egypt, President Anwar Sadat called on Lebanese of all factions to settle their difference through peaceful dialogue. He also urged that the Palestine Liberation Organization be bolstered in its struggle against Israel.

As Sadat spoke, right-wing Christians claimed new gains in their drive to seize control of southern Lebanon and establish a security belt to prevent Palestinian guerrilla raids into Israel.

W. F. Hatfield Dies Today

William Frederick Hatfield, 76, who lived at 310 Thirty-fourth Street, was dead on arrival at Cogdell Memorial Hospital at 6:20 a.m. today.

Funeral service has been set for 2 p.m. Wednesday at the First Assembly of God Church at Freer, and burial will be in the Hahl cemetery there. Bell-Seale Funeral Home is in charge of local arrangements.

A retired oilfield worker, Mr. Hatfield was a native of Palo Pinto County. He was married on Oct. 17, 1927, at Frederick, Okla., to Miss Luella Gillespie. She survives.

Also surviving are two daughters, Mrs. Flo Buchanan of Hart and Mrs. Genetha Payne of Snyder; three sons, J.H. Hatfield. of Snyder, Dale Hatfield of Freer and Delmo Hatfield of Odessa; two brothers, Johnny Hatfield of Premont and Pete Hatfield of Paden, Okla.; 14 grandchildren and two great-grandchildren.

5 Injured In Area Mishaps

Five persons sustained minor injuries in two separate motor vehicle mishaps here Sunday in which wet pavements were cited as contributing factors.

The first mishap occurred one mile north of town on U.S. 84 at 2:15 p.m. Sunday. Police said a 1973 Model Dodge pickup driven by Charles Lofford Autry, 25, of Lubbock overturned two times on slick pavement. Passengers in the car were Denver Daniel, 46, Lubbock, and his son, Darrell Daniel, 22, Lubbock.

They were taken to Cogdell Memorial Hospital by Galyean Ambulance Service and received treatment for minor injuries.

The second one occurred 2½ miles south of town on U.S. 84. The 1976 Model Chevrolet pickup of Stephen A. Sutton, 23, Lafayette, La., ran off the road and overturned. A passenger in the pickup was Camiel Earl Webber, 23, of Lafayette, La. Both were taken to Cogdell Memorial Hospital by Galyean Ambulance Service. They received treatement for minor injuries.

Both vehicles received extensive damage in the mishaps.

AFTER CHASE

Five Jailed In Shootout

FORT WORTH, Tex. (AP) — Three men and two women took four members of a Haslet family hostage, then shot at police and sheriff's deputies with automatic weapons from inside a stolen motor home after a 30-mile chase down an interstate highway late Sunday night.

They later surrendered and were jailed. Charges are expected to be filed later today.

At least one policeman and two of the hostages were wounded in a gun battle when the motor home was stopped at a roadblock south of Fort Worth and surrounded by scores of police. All were treated and released from a Fort Worth hospital.

"It looked like a firefight in Vietnam," said Officer D.P. Miller.

Police returned fire mostly with shotguns. Minutes later, the hostages appeared and droppped to the ground. They were followed out the door of the motor home by the suspects, their hands in the air.

Three of the suspects are believed to be from Fort Worth, a police spokesman said.

Tarrant County Sheriff Lon Evans referred to the hostages, members of the Orivall Hall family of Haslet, about 17 miles north of Fort Worth, as "pretty substantial people in our county." Hall is an excavating contractor and also owns a pawn shop.

Hall's wife, Jean, was hit in the hip by a bullet during the firefight. Hall and his son, Dennis, and stepdaughter, Debbie were reported hit by flying glass. However, they were treated at a local hospital and released later after police questioning. Officer Tim Stewart, shot in the shoulder while following the motor home also was treated and released.

Hall said he managed to call the sheriff's department just before the gunmen burst into his rural home. He said they demanded money and jewels and began ransacking the house after tying everyone up. Hall said the gunmen apparently planned to take no hostages until sheriff's units began arriving at the house.

It was then, he said, that he and his family were untied, herded inside the motor home and the 30-mile chase began.

One of the two women suspects followed behind in a car.

Police reports said the convoy grew in size as the motor home approached Forth Worth. Units from several law enforcement agencies fell in behind the vehicle while others began setting up a roadblock between Fort Worth and surburban Burleson on Interstate 35W.

Mrs. Hall said the gunmen told her family "they had killed many people and didn't mind killing a few more.

AT HEALTH UNIT

Flu Shots Given Here

The Scurry County Health Unit was administering its first swine flu inoculations this morning, but the supply of vaccine was expected to last only one day.

In fact, the health unit had no swine flu vaccine of its own, but was able to hold a one-day inoculation clinic today because some local doctors made their supplies available. The only shipment of vaccine to arrive here so far went to doctors' offices.

Distribution of the vaccine apparently was continuing to move slowly. State Health authorities reported that so far only about 1.2 million shots of the vaccine had been delivered to Texas. The state has over 12 million people.

The use of the swine flu vaccine was held up for several days when several elderly persons died after they were inoculated in Pennsylvania. However, Public Health Service officials subsequently cleared the vaccine for use, asserting that the inoculations were not factors in the deaths.

It was not known when more supplies of the swine flu vaccine could be expected to arrive in Scurry County. However, clinics will be scheduled at the health unit when the vaccine becomes available.

Today's one-day clinic was expected to continue until around 4 p.m., or until the supply of vaccine was exhausted.

Absentee Voting Countdown Is On

The countdown has begun for absentee voting in the general election, and the demand for absentee ballots continued strong in Scurry County.

The deadline for absentee voting is Friday, Oct. 29.

County Clerk Beverly Ainsworth said that a number of voters who are 65 years old and older have been casting absentee ballots, which they are permitted to do regardless of whether they will be in our out of the county on election day.

Mrs. Cy Miller, deputy clerk who is handling the absentee voting in the office, said 117 ballots had actually been cast and are ready for counting and a number of mail applications which were filled earlier, are still out. If they are returned to the clerk's office by election day, they will be counted.

"We have received only about a third of the mailed ballots so far," Mrs. Miller said.

A big state-wide push on absentee voting is continuing and emphasis now also is turning toward getting out the vote on election day. The absentee push is expected to help increase the ultimate total, but state officials still are fearful of voter apathy on Nov. 2.

Many people are eligible to cast absentee ballots under present election laws. These include persons who will be absent from their county of residence of election day; those who will be 65 years old, or older, on election day; those who are unable to attend the polls because of sickness or physical disability including impending childbirth; persons who will be confined to jail on election day; persons who will be unable to attend the polls on election day due to religious beliefs.

Since so many people are eligible for absentee voting now, it is assumed that a number who ordinarily would have voted on election day, may be casting absentee ballots. On the other hand, a number who likely would not have been able to vote at all under previous election regulations, now are able to cast absentee ballots by mail, or "at the curb."

Vacancy On City Council Is Discussed

The Snyder City Council met for an informal work session this morning at city hall to discuss the vaccancy on the council created last week by appointment of John Fagin as Mayor.

Fagin, who was serving as the Place 4 Councilman, was appointed mayor to serve until the city's general election next April. His appointment as mayor requires the council to appoint someone to serve until next April as Place 4 Councilman. The offices of mayor and Place 4 Councilman will be on the ballot in April for the two unexpired terms, which at that time will have one year left.

City Attorney Ernie Armstrong also met with the council this morning and gave a brief report on the Southwestern Bell Telephone Co. rate case which is now before the State Utilities Commission. Armstrong said some cities of Snyder's size had considered employing an attorney to represent them in the phone company rate hearing, but that only a few had responded to earlier inquiries. The Texas Municipal League will represent all cities in hearings on the overall rates.

No official action was taken at the council session.

Suspect Hunted In Arson Fire

By RICHARD T. PIENCIAK
Associated Press Writer

NEW YORK (AP) — Investigators believe an arson fire that killed 25 persons at an overcrowded second-story club may have been started by a man who was thrown out after arguing with his wife, sources say.

Authorities said a flammable liquid or other accelerating material was used to start the fire early Sunday morning in the only staircase in the South Bronx building. The death toll was said to be the worst from any arson fire in the city's history.

Most of the victims died of smoke inhalation in the 25-by-40-foot room. Twenty-four persons sufferes injuries. Most of them broke bones when they leaped from a window, unable to use a blocked fire escape.

"The poor people never had a chance," one fireman said.

Police Commissioner Michael Codd said at the scene that his detectives were looking for "a specific person." He said later that police knew where the man was. He reportedly was in a hospital, among those injured during the blaze.

Sources said the man in question had an argument with his wife and was told to leave by the proprietor of the Club Puerto Rico, where more than 50 persons of Dominican descent had gathered for a party. The club's occupancy permit is for 20 persons, city records show.

Outlook Mixed On Citrus Exports

WASHINGTON (AP) — Exports of U.S. citrus fruits and juices ran ahead of 1975's record pace in the first half of this year, but foreign-trade analysts at the Agriculture Department see some troubles ahead.

An article in today's issue of Foreign Agriculture magazine, a weekly USDA publication, blames an uncertain demand picture on trade restrictions imposed by Japan and what it says is a breach of world trade agreements by the Common Market.

Exports of U.S. farm products are considered important not only as a means of keeping U.S. trade balances healthy but also as a primary way to bolster U.S. farm prices to keep farmers producing adequate supplies for home consumption.

The article by Edwin Bauer said, "U.S. citrus exports in 1975-76 may be headed past last season's record of $245 million worth of fresh citrus and $76 million of citrus juice, largely because of greater shipments to Europe of grapefruit and summer oranges, with more modest gains for lemons.

"Outlook for U.S. citrus exports in the near future is mixed," he continued. "... Restrictive action by the European Common Market, Japan and Australia during the past season dampens U.S. trade prospects in both fresh citrus and citrus juices. The near-term outlook for greater orange concentrate exports is also clouded by continuing increases in Brazil's orange production."

U.S. producers have a record 1976-77 citrus crop to market, according to the latest USDA estimates.

The article also said that the Common Market has sharply reduced tariffs to favor Mediterranean and Middle Eastern citrus growers over U.S. exporters. Since those countries are the only beneficiaries, Bauer wrote, "the most-favored-nation principle of the General Agreement on Tariffs and Trade (GATT) has been breached."

Japan is the No. 1 market for U.S. lemons and grapefruit. While grapefruit shipments to Europe have been the market leader, Japan has stabilized its imports for the time being, Bauer said.

In addition, Japan's prohibition against residues of two fungicides used on fruit has kept its imports of those two fruits below 1973-74 levels. Japan has been the leading market for them since lifting import quotas in 1971 on grapefruit and 1964 on lemons.

That major customer still has import quotas on orange juice, so it "has the most promising potential" as an expanding market for that commodity if the Japanese lift the quotas, Bauer said. The Japanese now consume less than a half a gallon of orange juice per person per year.

Weather Cuts Texas Pecan Crop

AUSTIN, Tex. (AP) — Bitter weather wasn't kind to this year's Texas pecan crop, cutting it to about half the size of last year's.

And that means shelled pecans are going to cost consumers an additional 80 cents a pound, pecan farmers say.

"The elements did it too us," said Dean Bagley of San Saba. "And we can't control that — the good Lord does."

Ken Remington, manager of the Leonard Nut Co. in Fort Worth, said shelled pecans may cost $2.50 a pound shelled in the market. Last year's average price was about $1.70 a pound.

A yield of 27 million pounds, 60 per cent below the 68 million pounds produced in 1975, is predicted by the state Crop and Livestock Reporting Service

Nationwide, pecan production has plunged. A crop of 112.6 million pounds is projected, 54 per cent below last year's crop.

Texas Agriculture Commissioner John C. White joked that the crop is so short this year, the squirrels will have to stand in line for food stamps.

Pecan growers indicated they are concerned about the projected price of their product since it could force consumers to shop for another variety of nut.

Tab Harrell, who farms about 95 acres of pecan trees near Austin, said, " ... people aren't going to buy (shelled) pecans for $2.50 a pound when almonds cost 90 cents, and we can't ask Borden's to do a big promotion on pecan ice cream and then fail to produce the nuts."

Harrell said he hopes American Pecan, a cooperative he heads, can operate cold storage units which would store surplus nuts from bumper years to supplement the market in scarcer times.

County Makes 2 Purchases

Scurry County Commissioners Court this morning approved the purchase of a new typewriter for use in the district clerk's office and a new pickup truck for the county park department.

The typewriter was purchased from IBM for $747, the only bid received.

Mal Donelson Chevrolet Co. was the successful bidder on the pickup truck. It's bid was $4,319.47, plus a trade-in of a 1964 model vehicle, the lowest of four bids received.

Firemen Called

City Firemen were called Saturday night to extinguish a kitchen fire in the 3100 El Paso Avenue home of Mr. and Mrs. Bill Atwood Sr.

The fire occurred Saturday, shortly before 7 p.m. Only minor damages were reported.

There are three countries larger than the United States. They are the Soviet Union, China, and Canada.

Guns, Cars Top Texas Violence

By The Associated Press

Shootings and traffic accidents accounted for all but one of the violent deaths in Texas during the weekend, which claimed a relatively light toll.

There were reports of 11 fatalities between 6 p.m. Friday and midnight Sunday, including five from gunfire and five in traffic accidents.

These were among the victims:

Ronald R. Roberts, 23, of Midland died Saturday in a one-car accident west of Sterling City on Texas 138.

David Vernon Tate, 64, of Westbrook was killed in a car-pedestrian accident 11 miles west of Big Spring on Interstate 20.

Clyde William Campbell, 48, of Wink died in a one-vehicle accident on FM 1232 about 2½ miles north of Wink.

Ricardo David Johnson, 22, of El Paso was found shot to death in a shopping center parking lot there Sunday morning.

Rogelio Solis, 33, of Weslaco was shot in a lounge Sunday night in what police said was an argument over a game of pool.

Brian Cunningham, 77, of McGregor was killed there Sunday in a head-on collision on a city street.

James Rivers, 30, of Fort Worth was shot to death by a policeman Friday night, officers said, after he took at least a dozen persons hostage in his house. Florence Henderson, 56, also of Fort Worth, was shot in the chest and was reported in poor condition.

Terry Frank, 17, of Camden, was shot to death at Corrigan early Saturday. Officers said the owner of a beer tavern at Goat Hill was held on a murder charge.

Clarence Joe Baker, 54, of Dallas was found apparently beaten to death at his home early Saturday. Officers arrested a woman.

Police Response Studied

WASHINGTON (AP) — Police departments could save money without losing public support by letting citizens know they're going to have to wait longer for a response to some completed crimes, a study suggests.

"It has traditionally been assumed that rapid police response to calls for service is of sufficient importance to justify the expenditure of considerable amounts of money and effort," a report by the Police Foundation said Sunday.

A call about a burglary in progress obviously demands an immediate response, the study said. But a call to report a burglary that took place hours ago does not, the study said.

And people who make the second type of call probably would not object to being told they'll have to wait half an hour, instead of expecting a squad car to arrive almost immediately, the report said.

The foundation, a nonprofit group formed to study police problems, made the report after compiling a survey of police activity in Kansas City, Mo., in 1973.

Foundation president Patrick V. Murphy and Kansas City Police Chief Joseph D. McNamara both said the report had "important implications" for urban police departments that are increasingly facing budget crises.

"One thing is certain," the report said. "City budget stringencies will continue pressure for more selective use of resources."

If the public were trained to accept slower responses to non-emergency calls, police departments could switch some money to more vital areas, it concluded.

Ex-King Recovers From Overdose

CALCUTTA, India (AP) — Palden Thondup Namgyal — the ex-king of Sikkim who reigned with his American-born queen, former New York debutante Hope Cooke — has recovered from an overdose of barbiturates, according to one of his doctors.

"He is fine, fully conscious, alert and out of danger," said Dr. J.K. Talwar on Sunday.

Ford To Keep Clamps On Federal Spending

By ROBERT B. CULLEN
Associated Press Writer

President Ford said today he will keep the clamps on federal spending in a new administration because it contributes to inflation and "inflation is just another high tax" on an already overtaxed American people.

Ford's comments were contained in the advance text of a nationwide radio broadcast on the Mutual network — part of the media blitz that is accompanying the President's last week of political barnstorming across the United States in search of victory on Nov. 2.

Democrat Jimmy Carter, spending a second day resting at his Plains, Ga., home, leaves Tuesday morning on his own closing eight-day campaign sortie.

Both candidates for the White House will be concentrating in the closing days on the big states whose electoral votes could prove decisive, and where polls and surveys show the race is so close that either man might win.

Ford, campaigning in California and the Pacific Northwest, also made a bid for support with the first of five "Jerry and Joe Shows," in which he is interviewed live by sports broadcaster Joe Garagiola, who is a Ford campaign volunteer, and seen on statewide television broadcasts in some of those states.

In the radio speech, Ford summed up his basic campaign appeal by saying, "America is back at peace again. There's honor in your White House again."

Alluding to Labor Department consumer price index figures showing the rate of inflation has dropped from 12 to less than six per cent annually during his administration, Ford said that "things are getting better. That's why we're feeling good about America."

In the broadcast with Garagiola, for which his campaign committee bought 30 minutes of prime time in California, Ford chose to compare himself to Carter on three issues: national defense, taxation and foreign affairs.

He said Carter's call for a cut of $5 billion to $7 billion in the defense budget would weaken the country. Ford noted that he supports production of the B1 bomber, which Carter would delay.

Ford said Carter's proposal to eliminate tax loopholes and deductions would raise taxes for middle-income Americans, a charge Carter has denied. Ford said his proposal for a tax cut would help those in middle-income brackets. The President has said he would reduce taxes with any budget surplus that accrues in the next four years.

He said Carter has no experience in foreign affairs, while he has met with 124 world leaders in two years as president.

Ford will film and show similar programs this week as he campaigns across the country in Illinois on Tuesday, Pennsylvania on Wednesday, Ohio on Thursday and New York on Sunday. New Jersey television markets will be covered by the New York and Pennsylvania programs.

Car Stolen From Dealer's Lot Here

Returning to work this morning, employes at Dupree Motors discovered that a car had been stolen over the weekend.

City police officers reported that a 1975 Chevrolet Malibu had been taken from the parking lot of Dupree Motors sometime between noon Saturday and 8:30 a.m. today.

Officers said the central office of the motor company had been broken into and that the car keys had been taken from there. Entry to the building was gained by breaking out a window.

One of the motor company employes told policemen that the car was valued at approximately $2600.

In a separate incident, a 21-year-old man is in county jail this morning on a charge of burglary with intent to commit theft.

A patrolling police officer discovered at 12:56 a.m. Sunday that the Thirty-seventh Street office of Dr. Robert B. Pierce had been burglarized. A window in the rear of the building and another window on the east side of the building were broken out to gain entry to the office.

Policemen arrested the suspect about 2:30 a. m. Sunday in connection with the burglary. Officers reported finding in the man's possession several items that allegedly matched the description of some items taken in the burglary.

Mrs. Jolene Anderson told policemen that her husband's billfold containing $150 had been taken from her car Saturday morning. Officers said they are continuing their investigation of the incident.

The manager of the Travel Inn told police officers that $120 had been taken from the room of two lodgers at the motel. The theft is believed to have occurred between 11 a.m. and 1 p.m. Saturday.

Debate Expected On Postal Study

By JEFFREY MILLS
Associated Press Writer

WASHINGTON (AP) — A study of why the Postal Service is losing more money each year — when its goal was to eliminate deficits — should touch off a major congressional debate over its future.

The federal Postal Service Commission, expected to hold its first meeting soon, is due to make recommendations by March 15. The commission includes seven voting members representing business, postal workers and consumers.

The Postal Service can neither raise mail rates nor trim services while the commission deliberates.

The service was created in 1971, replacing the old Post Office Department, with the goal of paying for itself. To do this, the agency was given powers to operate more like a private business.

However, the Postal Service has lost $3 billion in its first five years, and the deficits have been getting larger. The corporation has avoided insolvency only by borrowing from the federal Treasury.

The 1971 organization was based on recommendations of an earlier government commission, which said postal costs could be reduced by at least 20 per cent if the investment and operating practices used in private industry were made available to postal management.

"Several years after the corporation is under way, therefore, it should be able to eliminate entirely the postal deficit, releasing over a billion dollars a year of tax money to other purposes," the commission said. "The long-run potential for improvement, furthermore, is so high that we are reluctant to estimate its size."

That commission's recommendation for a corporate-style mail agency received bipartisan support and heavy majorities in Congress.

The new commission is likely to be given various explanations about why these predictions have failed to come true.

Postmaster General Benjamin F. Bailar, a nonvoting member of the new commission, is expected to say that economic factors beyond the control of the Postal Service are responsible for mounting deficits.

"I believe that if the old Post Office Department had had to contend with the recent period of the energy crisis, double-digit inflation and recession, the nation's mail problems would today be multiplied many times over," Bailar said in a recent speech.

President Ford, a supporter of postal reorganization as a congressman, blames postal management for the agency's problems. "I just don't accept that they're doing as well as they should be doing," Ford has said.

Holding rates at present levels would require massive increases in the subsidies from the present $1.5 billion per year, the General Accounting Office said. But if all subsidies were to end by 1984, the nation would face the prospect of a 34-cent rate for first-class letters, the GAO has estimated.

Hua Cheered At Rally

HONG KONG (AP) — Hua Kuo-feng, appearing relaxed and confident, made his first public appearance as China's new leader before a million Chinese in Peking, who cheered him and applauded condemnations of his radical rivals.

The rally Sunday was staged in the great square before the Tien An Men — the Gate of Heavenly Peace. China-watchers in Hong Kong studying a telecast were struck by the predominance of military uniforms.

Hua, elected to succeed Mao Tse-tung as chairman of the Chinese Communist party — China's highest office — wore a military uniform himself. This was considered a possible indication of the present importance of the military, who outnumber civilians on the party Politburo seven to five.

Observers in Hong Kong also noted that Hua and the other leaders smilingly chatted among themselves while speakers denounced Mao's widow, Chiang Ching, and three other radical members of the Politburo. This was in marked contrast to the rigid formality of similar rallies at which Mao presided.

Hua was flanked on the rostrum by Defense Minister Yeh Chien-ying, 77, and Vice Premier Li Hsien-nien, 71, considered the man most likely to succeed Hua as premier. However, a Peking broadcast of the rally continued to identify Hua by the title of premier as well as the two new ones he inherited from Mao, party chairman and head of the party's military commission.

The announcer on the telecast frequently coupled Hua and Yeh together, leading to speculation that the two might head a collective leadership.

This speculation was reinforced by the absence of any expression from the throng of wishes for a long life for Hua, who is 57. Observers said this could be due to a desire on Hua's part to discourage attempts to build a personality cult around him.

Teachers At TSTA Session

Local school teachers and administrations were in Abilene today to attend the annual meeting of District XIV, Texas State Teachers Association, while pupils had a holiday from the classroom.

Over 3,500 teachers from the district were expected to attend the session in Abilene. The District Convention was held in Snyder last year, and if the past rotation is continued, the 1977 session will be held in Sweetwater. For the past few years the convention has rotated bweteen Snyder, Abilene and Sweetwater.

Grant Teaff, head football coach at Baylor University and a graduate of Snyder High School, was the guest speaker at the general session this morning.

Canada's largest island, Baffin, is 183,810 square miles in area.

PARENTS GETTOGETHER–Parents of Everett Karlsson, AFS student from Sweden at Snyder High School in 1961, arrived in Snyder Friday to meet their son's American parents, Mr. and Mrs. Dan Martin. Pictured are (from left) Herman Karlsson, Helen Martin, Judith Karlsson and Dan Martin.

Swedish, American Parents Get Together For First Time

Parents of Everett Karlsson met their son's American parents for the first time Friday when Mr. and Mrs. Herman Karlsson of Hofors, Sweden came to Snyder to visit with Mr. and Mrs. Dan Martin, 2215 Forty-first St. The Martins were Everett Karlesson's American Parents in 1961 when he lived in Snyder as the American Field Service Student.

Accompanying the Karlssons were Mr. and Mrs. Gunnar Ehn of Lockport, Ill. Gunnar is the brother of Mrs. Karlson. While in Snyder the Karlsson stayed in the Martin home and Mr. and Mrs. Ehn were guests in the Frank Miller home.

This is their first trip to the United States. They enjoyed the drive from Chicago to Snyder saying the beautiful fall colors were very impressive on the entire trip. The Ozarks and Meramec Caves in Missouri were among the interesting places they visited on their way.

A steady stream of visitors to the Martin home welcomed the group to Snyder. Teachers and friends of Everett told one story after another about his school, church and social life while in Snyder. "We have been so busy and have truly been treated with Texas hospitality on our trip" Mrs. Ehn said.

Mr. and Mrs. Martin took the visitors on a tour of Snyder and the surrounding area where they saw for the first time an oil well, cotton, and pecans. They were impressed with the white buffalo and said they would like to see a buffalo and real Indian before they leave the United States.

American food also made a hit with them. Barbeque steak and pecan pie were two new foods they enjoyed for the first time.

Sunday morning they attended church at Colonial Hill Baptist Church. "They related to the music very well" Mrs. Martin said. Many of the tunes were the same as the ones they sing in their country."

Today the group departed from Snyder and planned to travel thru New Mexico and on to Denver, Coloardo.

Should Reader Return Old Stolen Goods?

By Abigail Van Buren

© 1976 by Chicago Tribune-N. Y. News Synd. Inc.

DEAR ABBY: How does one go about marketing a genuine Gutenberg Bible? It was stolen from a German museum during World War I by an American soldier who has been dead for many years.

Is it still considered "stolen goods"? Or is it possible to sell it legitimately?

HAVE ONE

DEAR HAVE: Regardless of how long ago the article was stolen, it's still stolen property and cannot be sold legitimately. And since you know that it was stolen from a museum in Germany, you have a moral obligation to return it to the German government.

The German Embassy in Washington, D.C., would deeply appreciate hearing from you. I urge you to contact them.

DEAR ABBY: I'm 19 and have a bum for a boyfriend. Ken and I love each other very much and plan on getting married some day, but I don't want a bum for a husband.

He's 25, but very immature in many ways. Ken has never kept a job for more than three months. He quits and lays around collecting unemployment. When I get on his back because I practically have to support him, he gets another job, but it never lasts very long.

When I lecture him about his laziness, he says if I really loved him I wouldn't try to change him. Abby, I DO love him, but I don't want to support him the rest of his life.

I'm very ambitious. I've worked since I was 16, and keep getting promotions. What should I do? Say goodbye to the only guy I've ever loved, or accept him as he is and quit trying to change him?

"19 AND AMBITIOUS"

DEAR "19": I think you really want to break up with Ken, but you want me to make the decision for you, which says something about your own immaturity. I can't see this "bum" being anything more than a bum, married or single. And until you can, don't waste any more time on him.

DEAR ABBY: May I comment on the American serviceman who wanted to marry a Korean girl? You advised him to talk to his Army chaplain.

That was a bum steer, for sure. I spent five years in Korea as an American G.I., and I've yet to see an Army chaplain who would help a G.I. marry a girl who wasn't round-eyed, Anglo-Saxon and Christian.

It's true that many Korean girls have faked love for American soldiers just to get a trip to America and citizenship, but they were mostly prostitutes. Many Korean girls are honest, hard-working and loving and far superior to American women in more ways than I can count. Sign this...

MARRIED ONE

DEAR MARRIED: Don't bum-rap Army chaplains. They still provide the best counsel available for the G.I. overseas.

Everyone has a problem. What's yours? For a personal reply, write to ABBY: Box No. 69700, L.A., Calif. 90069. Enclose stamped, self-addressed envelope, please.

Kidnaping Is For Fun

Four members of Beta Sigma Phi, Joyce Ann Pace, Diana Williamson, Carolyn Fortune and Dena Ellis, went on a kidnaping spree Friday night Oct. 15 at midnight. They went by twos in pickups with their CB's keeping each other informed of each successful kidnap made. They went to the homes of their sister members and left a calling card for each husband stating that their kidnapped wives would be held captive for about two hours at the barn at Towle Park but should they need them for any reason they could call.

After all girls were safely stashed in the pickups, they were taken to the barn where they were served pigs-in-a-blanket, scrambled eggs, coffee, tea and orange juice.

After the ransom of missing sleep was paid, the four kidnappers returned each member to her home and family unharmed except for the fun she had experienced.

Honored members for the evening were Mrs. Tacky, Susan Chesser; Mrs. Priss, Carolyn Limmer; fartherest away, Marsha Cribbs and closest, Carolyn Limmer.

Altrurians Have Program On Girlstown

A panel of four Altrurians introduced Girlstown USA to the club on Friday afternoon. Feeling that Boystown activities and needs have greatly overshadowed Girlstown, Federated Clubs have made this a nation wide study for 1976-78. Miss Evelyn Boone, program director, gave a resume of the structure, operation and progress of Girlstown U S A.

Mrs. Vernon Deffebach told of the Whiteface campus where the work began in 1949 with nine girls.

Mrs. Paul Sizemore gave an outline of the work at Borger, which started in 1967 and Mrs. Porter King told of the Austin campus which serves girls with mental and emotional problems.

Girlstown is dependent on public contributions for 75 per cent of its expenses.

Over 700 referrals by social workers, school counselors and juvenile courts were rejected last year, due to lack of facilities. The club urges the public to consider Girlstown USA every time a check is written for Boystown, which has had such loyal support from Texans.

Refreshments were served to 22 Altrurians by Miss Evelyn Boone during the social hour.

Opening lead — Q ♥

By Oswald & James Jacoby

Jim: "Since the opening notrump is a picture bid, it is easy for partner to know if there is no game, a possible game, a sure game, a possible slam or a sure slam."

Oswald: "The standard notrump shows a hand with 16 to 18 high-card points and a 4-3-3-3; 4-4-3-2 or 5-3-3-2 distribution. The doubleton, if there is one is supposed to include the jack or a higher honor, but everyone has been known to violate this rule and occasionally open one notrump with a worthless doubleton."

Jim: "North has nine high-card points and could well raise his partner directly to three notrump. The Stayman convention allows him to respond two clubs. This is an artificial, forcing bid and asks the opener to bid two of a major suit if he has four cards there or to bid two diamonds if he does not have one. This time South rebids two spades and North bids the spade game. West opens the queen of hearts. South loses one heart and the ace of spades and may or may not lose a diamond depending on which way he finesses for the queen. In any event, four spades is safe."

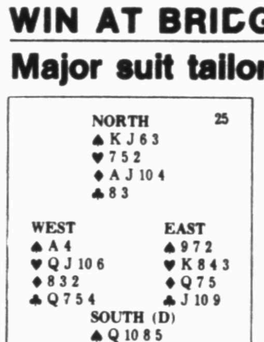

Oswald: "At three notrump South loses three hearts and a spade and needs to locate the queen of diamonds to score nine tricks."

Ask the Jacobys

A Kentucky reader wants to know if contract bridge is only 50 years old.

The answer is that it was invented by the late Harold S. Vanderbilt in 1925, so it is 51 years old right now.

LIFE MASTER HONORED—Louise Thompson (right), a member of Snyder Open Duplicate Bridge Club, presented Mrs. Ken Davis with a plaque honoring her as a Life Master in Bridge. Mrs. Davis and Mrs. Sidney Johnson (left) recently returned from Puerto Rica where they won 16 gold points in a tournament, the most gold points ever won at one time by any member of the local club. Pictured below are members of the club (from left) Sassie Fulow, of Colorado City, Mrs. Glen Coon, Glen Coon, and Mrs. Iris Preston of Loraine.

Snyderites Win At Bridge Tournament In Puerto Rico

A party honoring Mrs. Ken Davis was held Sunday afternoon when the Open Duplicate Bridge Club met at Snyder Country Club. Mrs. Davis became a Life Master after winning 16 gold points at the Caribbean Regional Bridge Tournament in San Juan, Puerto Rico.

Mrs. Ken Davis and Mrs. Sidney W. Johnson were the overall winners of the womens pairs. There were two sessions of 78 pairs each time and they were the high scoring team of both games.

Included in the tournament were people from all parts of the United States and surrounding islands. Mrs. Davis and Mrs. Johnson were presented a large silver torphy to keep for one year, but because of its size left it in puerto Rico. They were also awarded silver loving cups.

In addition to the bridge tournament, they enjoyed touring the island of Puerto Rico, Columbus' Fort, The Rain Forrest and other hisotrical sights. They especially enjoyed the island of St. Thomas.

Eight tables played Mitchell Movement at the bridge game held Sunday preceeding the party. North-South winners were 1. Mrs. Bob Strickland and Mrs. Bill Hudson of Colorado City; 2. Mrs. A.L. Bethel and Mrs. Scott Casey; 3. Mrs. Vernon Miller and Mrs. J. R. McCrary; East-West winners were 1. Mrs. Cloyce Talbott and Mrs. Verdi Kimbro; 2. Mrs. Prentis Bass and Mrs. B.L. McKinely; 3. Mrs. Douglas Hill and Mrs. L.B. Thompson.

On Friday, Oct. 22, there were six tables. Winners were 1. Mrs. Prentis Bass and Mrs. Verdi Kimbro; 2. Mrs. Ken Davis and Mrs. B.L. McKinley; 3. Mr. and Mrs. Wayne Williams; 4. Mrs. Douglas Hill and Mrs. L.B. Thompson; 5. Mrs. Ruth Kennan and Mrs. Charles Snyder.

"We have passed from an era of cheap, abundant fuels, energy and materials, into an era of shortages and high costs which will, at best, be with us for many decades."

Congressman Mike McCormack
Chairman, Energy Task Force

Energy conservation and the more efficient use of power are vital to all of us. It's no secret that natural gas is in diminishing supply, coal is costlier if it is to burn clean, and nuclear, thermal and solar still have a long way to go to make a significant contribution to the "energy crisis".

But the electric cooperative was organized when there was no electricity at all for its members. It has delivered dependable power to its member-owners through a depression, a recession, three wars and an oil embargo. It will continue to provide dependable power, from whatever source, with service second to none. Conservation of that power is the responsibility of every member.

Nutritional Labels Are Confusing Many Consumers

By LOUISE COOK
Associated Press Writer

Food manufacturers are telling consumers more about what's inside the cans, jars and boxes they sell, but the information is not always easy to decipher.

Government studies show that shoppers often do not understand labeling information on fat, carbohydrate, cholesterol or sodium content. They are confused about the meaning of figures pertaining to the government's recommended daily allowance of vitamins and minerals.

The Food and Drug Administration now requires nutritional labels on any food that has been fortified or enriched or for which a nutritional claim is made. Even a statement such as "rich in Vitamin C" is enough to require nutritional labeling.

The manufacturer must list the size of a serving in ounces, cups, slices or whatever and the number of servings per container. He also must list the number of calories and the weight, in grams, of protein, carbohydrate and fat in each serving. In addition, the label must include the percentage of the U.S. Recommended Daily Allowance for protein, five vitamins and two minerals contained in each serving.

The U.S. RDA's indicate how much of a given nutrient is necessary to maintain good health. If a nutritional label lists Vitamin A, followed by the number 10, that means one serving of the product provides 10 per cent of the amount of Vitamin A needed every day.

Part of consumers' confusion may be due to the fact that protein is listed twice on nutritional labels — once by the number of grams and one by the percentage of the U.S. RDA provided in a serving.

Another reason for confusion may be the frequent use of ounces for serving size and grams for nutritional information.

A spokesman for the FDA said the use of grams for the nutrition information is required, first, because the nation is switching to the metric system and second, because the amounts involved often are too small to be expressed in ounces.

Reading a nutritional label won't tell you at a glance what part of a given product is fat, for example. You will have to do your own calculations for that. (There are just over 28 grams in an ounce.) The label will, however, enable you to compare the amount of fat in different foods with different serving sizes.

Some of the information appearing on nutritional labels is optional, including the cholesterol and sodium content.

The Kellogg Co. recently started providing some information that is not required by the government, but has often been demanded by consumer groups — the sugar content of various cereals.

"We are trying to give the consumers what they want and need," said company president W.E. Lamothe.

Kellogg considered listing the sugar content by percentage, rather than by grams per ounce, but the company said it decided such information would be misleading. To support its claim, Kellogg points out that the number of grams of sugar in a whole orange and in one ounce of Kellogg's Sugar Smacks are the same, although the percentage of sugar in the orange is smaller since the fruit weighs more.

Asia, one of the seven continents, is much bigger than any of the others. It is as big as the two Americas and bigger than Africa and Europe put together. East to west it stretches about a third of the way around the world.

Police Chief Growing Pot

MOREHEAD, Ky. (AP) — Police Chief James Pelfry admits he had a four-foot-high marijuana plant growing in his backyard, but he adds, "I never touched it and I never intended to touch it."

The 49-year-old police chief of this northeastern Kentucky community said Sunday that after a drug raid earlier this year, he tried to destroy some confiscated marijuana in a spot in his backyard that his wife had cleared for tomatoes.

Pelfry said he set fire to the haul, but since that didn't destroy all the seeds, he decided "to let it go and see what it looked like.

"I was just curious. I just wanted to see how big it would grow and what it would develop into."

Pelfry said the only reason the plant appeared to be cultivated was that his wife had cleared the area for the tomato plants. He also denied reports that the wayward plant was staked.

"My neighbor on the other side of the fence had some tomato plants and they were on a stake," he said. "It may have just looked like the plant was on a stake."

Since word of the plant got around town, Pelfry said he "pulled it up, broke all the leaves and stems off and threw it in the trash."

Friedman Urges Spending Limit Law

The Consumer Alert

by John L. Hill
Attorney General

AUSTIN—Accurately matching the skills and experience of job-hunters with those required for available jobs-that's the service provided by reputable private employment agencies.

They have to be fairly successful at it, too, or they wouldn't stay in business for long. That's because they obtain most of their profits from a percentage of salaries of the applicants they place with firms.

But some consumers have run into problems with private employment agencies. Our Consumer Protection Division attorneys say that it usually happens when applicants fail to check on the agency's reputation before doing business there.

What types of complaints do we hear about? Some consumers have complained that unscrupulous agencies advertise jobs that don't really exist, just to get prospective clients in the door. Others have said that employment agency "counselors" have failed to match applicants and jobs accurately. This can result in an overqualified person who quickly becomes dissatisfied with the requirements of the job, or an underqualified person with whom the company quickly becomes dissatisfied.

The Attorney General's Labor Division represents the Texas Department of Labor and Standards, the State agency charged with regulating private employment agencies. Our Labor Division lawyers point out that Texas law covers persons who are placed in a job by an employment agency if the job lasts less than 30 days. Such a job is considered "temporary employment" and the agency cannot charge more than 20 per cent of gross earnings if the applicant terminates the job for "good cause" within the first 30 days.

"Good cause" means that salary, working hours or shifts, type of work, or location of the job are different than agreed upon; the agency placed the applicant in a job requiring skills or physical ability beyond his or her capabilities; the job is eliminated because of strike, layoff, or workforce reduction; or because of immoral or illegal activities of the employer.

If an applicant thinks a refund or adjustment is due because of any of the above, a request should be made to the employment agency within 30 days of termination. The agency then must make the refund or adjustment within 10 days.

However, if the agency thinks the applicant isn't entitled to a refund or adjustment, the agency will notify the applicant that he or she may contact the Bureau of Labor and Standards in Austin to make a determination.

The law provides that the applicant is not entitled to such a refund or adjustment if the termination is caused by "willful absence" from the job, or because the applicant misrepresented or withheld pre-employment information about a felony conviction, health condition, education, experience, skills, or training.

If you have a question about your rights and responsibilities in dealings with private employment agencies, contact the Attorney General's Labor Division or the Texas Department of Labor and Standards.

Dr. Spock Weds

LITTLE ROCK, Ark. (AP) — Dr. Benjamin Spock, 73, the pediatrician whose books on baby care have earned him international fame, has married Mary Morgan Councille, 35, of Little Rock.

They were married on Sunday by the Rev. Bob Edwards of the Rose City Methodist Church. The marriage was the second for both.

Scholarships Are Available In VOD

Snyder High School students, competing in the annual Voice of Democracy, sponsored by the Veterans of Foreign Wars, have an opportunity to win thousands of dollars in college scholarships, and other awards, free trips to Washington, D.C., and national honors.

This year's three to five minute scripts, "What America Means to Me", will give 10th, 11th and 12th grade students an opportunity to express how they feel about our Country.

Scripts are to be recorded on standard reel type magnetic tape at 7½" per second speed, using single track equipment. Local radio or TV station personnel will assist on the recording.

Student's speech should be natural, normal conversational style, with positive approach relating to one's views on America. The student's voice should be the only sound on tape with no backgrond noises. The length of script may not be less than three minutes or more than five.

The National scholarships available to winners are $10,000, first place; $5,000, second place; $3,500, third place; $2,500, fourth place; and $1,500, fifth place. There are also awards on the state level. In Texas first place winner will receive a $1,000 scholarship, second $750, third $500, and fourth $250. Prizes are also available on the district and local level.

All taped themes must be turned in to Valton Buchanan Commander of the local V. F. W. Post or Dessie Dupuy President of the Ladies Auxiliary. Either of these officers or the High School Principal have detailed information on the contest.

Deadline for the local contest is Dec. 6.

Don DeLaney, 617 East Ninth, Colorado City, 79512, is District 8 Chairman for the program.

Humphrey Is Up And About

NEW YORK (AP) — Sen. Hubert Humphrey, D-Minn., is up and about and making daily hand-shaking tours at the hospital in New York City where he was operated on Oct. 7 for removal of a cancerous bladder.

"It's a bit like a political convention," his Washington doctor, Edgar Berman, said Sunday.

Dr. Lamb

Lost water isn't lost fat

By Lawrence E. Lamb, M.D.

DEAR DR. LAMB—I am 5 feet 3, weigh 125 pounds and am 19 years old. I know nothing about fluid pills and would like your advice on taking them. I understand that too much salt will cause one to retain excess water, thus making water-weight.

I would like to cut down on my enormous amount of salt intake but can't digest unsavored food. I would like to lose between five and 10 pounds of water or fat. I can stay on a diet for only a short length of time, thus allowing myself only time to lose water, not fat. If I took fluid pills would I be able to see a weight reduction on the scales from fluid loss and not be totally dehydrated? Also, would this help reduce cellulite in my upper legs?

DEAR READER—Your body is a wonderful machine. It is so constructed that it eliminates any water that you don't need for general health. The only exception is when you have a medical problem that causes you to retain salt, or in women before the menstrual periods. Female hormones tend to cause the body to retain salt and water.

Losing water is not helpful unless you have an abnormal accumulation for the reasons I mentioned. I presume you really want to get rid of some fat over your thighs and elsewhere. You do not lose that by eliminating water.

Many people are impressed when they step on the scales and see they have lost pounds. But when it's water loss it is deceptive and as soon as that person recovers from the "wash-out" effect of water pills or gets back on a healthy diet the water that nature intended you to have will return.

Loss of needed water causes people to have headaches, feel tired and makes them more susceptible to heat stroke in hot weather.

And I don't think much of the propaganda about cellulite. The whole concept is more fraud than fact. Fat is fat wherever it is. The way to get rid of it is to go on a good program, exercise and restrict your calories.

To help you do this I am sending you The Health Letter number 4-7, Weight Losing Diet. Others who want this diet plan can send 50 cents for it with a long, stamped, self-addressed envelope. Just send your letter to me in care of this newspaper, P.O. Box 1551, Radio City Station, New York, NY 10019.

DEAR DR. LAMB—One year ago I was told I had cataracts at an early age. I am 46 now. I've worn glasses only for reading the last two years.

I would like to know details on contact lenses for cataracts. I admit I am a vain person and would like to know if I would look as ugly as a person wearing glasses for cataracts.

DEAR READER—Go see your eye doctor. Many patients who have had cataracts removed wear contact lenses. You would never know they wear them.

Deciding whether or not a person can wear contact lenses is an individual matter. Contact lenses after a cataract operation usually cause less distortion of the image than regular glasses. And not everyone thinks glasses are ugly. Beauty is in the eye of the beholder. But if it is important to you it is worth considering the cosmetic aspects. I am convinced that people who think they look nice are happier and healthier.

Dorsett Is Happy After New Record

By HERSCHEL NISSENSON
AP Sports Writer

You don't need a scorecard to tell the winners and losers from the latest spaced-out college football weekend. Just lend an ear:

—Pitt's Tony Dorsett, a winner: "I was so emotionally high it was unbelievable. I'm hoping I can push that record up so far that no one can ever dream of beating it. I want that record to be mine as long as I'm on this earth."

All Dorsett did was rush for 180 yards and three touchdowns in second-ranked Pitt's 45-0 rout of Navy to become major college football's all-time leading runner. His 5,206 yards erased the record of 5,177 set last year by Ohio State's Archie Griffin.

—Oklahoma State linebacker John Weimer, a winner: "This is the happiest I've ever been in my life."

What Oklahoma State did was end a string of nine straight losses to arch-rival Oklahoma, downing the fifth-ranked Sooners 31-24 as Terry Miller rushed for 159 yards and Charlie Weatherbie came off the bench to direct three second-half scoring drives.

—Oklahoma Coach Barry Switzer, a loser for only the second time in 41 games as a head coach: "We have had things going too good for us too long and now adversity has struck."

—Nebraska Coach Tom Osborne, a loser whose third-ranked Cornhuskers — No. 1 in the preseason ratings — yielded a Big Eight record 98-yard scoring pass play in the final period and bowed to No. 17 Missouri 34-24: "We would have liked a chance to win the national championship, although I'm not sure we ever set that as our goal. It's going to be difficult to do that now."

Top-rated Michigan, pursued by Pitt, continues to lead the pack with UCLA, Maryland, Southern Cal and Texas Tech the logical challengers ... for now.

Michigan swamped Indiana 35-0 as Rob Lytle rushed for 173 yards and Rick Leach completed all four passes he threw for 109 yards and a pair of touchdowns.

Jeff Dankworth, injured in the second period, returned to lead fourth-ranked UCLA to three second-half touchdowns and a 35-19 triumph over California.

That left the Bruins tied atop the Pac-8 with seventh-ranked Southern California. The Trojans swamped Oregon State 56-0 although star runner Ricky Bell suffered a hip pointer — not to worry, he'll be back next week — after gaining 68 yards in six carries. His back-up, freshman Charles White, added 107 yards and scored four times.

Sixth-ranked Maryland, with only lowly Clemson and Virginia remaining on its Atlantic Coast Conference slate, virtually clinched another ACC crown by whipping Duke 30-3 as Mark Manges threw two scoring passes to Bob Raba and tallied once himself.

Billy Taylor rushed for 173 yards while Larry Isaac and Rodney Allison each scored twice in leading No. 8 Texas Tech over Arizona 52-27.

Jeff Logan tallied on runs of 11 and 29 yards as ninth-ranked Ohio State trimmed Purdue 24-3 but the Buckeyes lost quarterback Rod Gerald for the rest of the season with three fractured vertebrae in his back. Ohio State as the only team on Michigan's schedule that was given a real shot to beat the Wolverines and the two bitter rivals are tied for the Big Ten lead.

Ray Goff teamed up with Gene Washington on an 87-yard touchdown pass play in 10th-ranked Georgia's 31-7 trouncing of Kentucky.

Florida, ranked 11th, spotted Tennessee 10 points in the opening period and then roared back behind the passing of Jimmy Fisher and the running of Tony Green for a 20-18 triumph. That kept the Gators atop the Southeastern Conference with a 3-0 mark to 2-0 for Auburn and 3-1 for Georgia and Mississippi.

No. 12 Notre Dame downed No. 19 South Carolina 13-6 for its fifth consecutive victory, all without allowing a touchdown. The Irish have surrendered only four field goals in the last 20 periods.

No. 13 Texas, which hasn't lost a home game since 1967, needed Raymond Clayborn's deflection of a two-point conversion pass with 47 seconds left to nip lowly Southern Methodist 13-12.

Houston, No. 14, coughed the ball up four times and bowed to Arkansas 14-7 as the Razorbacks' Ben Cowins romped for 186 yards, 89 of them en route to a second-period touchdown.

Colorado trounced No. 16 Iowa State 33-14 with Jeff Knapple coming off the bench to direct a four-touchdown burst in the second quarter. The victory moved the Buffs into a Big Eight tie with Nebraska, Oklahoma, Missouri and Oklahoma State.

No. 18 Alabama used its opposite-style quarterbacks — runner Jack O'Rear and passer Jeff Rutledge — to turn back Louisville 24-3.

North Carolina used three field goals from Tom Biddle plus a 49-yarder from freshman Jeff Arnold to nose out previously unbeaten East Carolina 12-10. The losers had been tied for 20th nationally with Mississippi State, which edged Southern Mississippi 14-6 on the running of Dennis Johnson and Walter Packer, which overcame five lost fumbles.

Meanwhile:

—Southern Illinois' Andre Herrera rushed for 319 yards — including an NCAA record 214 in the first period — and six touchdowns on 35 carries in a 54-0 slaughter of Northern Illinois. Herrera originally was credited with 313 yards but a film check showed six more.

—Miami of Ohio, a preseason Top Twenty pick, snapped a six-game losing streak with its initial triumph, a 9-7 upset of Bowling Green that knocked the Falcons out of the Mid-American Conference lead.

—Texas A&M outlasted Rice 57-34. The Aggies piled up 622 yards, including 188 and four touchdowns by sophomore stud George Woodard, while Rice had 470. Tommy Kramer, the nation"s leading passer, threw for three scores and tallied the Owls' other two TDs himself.

—Rutgers stretched the nation's longest winning streak to 14 games with a 47-0 mauling of Columbia and Virginia ended the longest losing string at 15 by nipping Wake Forest 18-17 on Andy Hitt's last-minute 36-yard scoring pass to Andre Grier.

Top Ranked Prep Grid Teams Win

By The Associated Press

Top-ranked teams in the five Texas schoolboy football divisions probably will be holding their spots this week after outscoring the opposition 247-16 Friday night.

The toughest battle for votes again should be in Class 4A, but not because Houston Kashmere had any trouble last week. Kashmere beat Houston Sam Houston 31-0 while No. 2 Odessa Permian outclassed Abilene Cooper 31-10 and third-ranked Longview swamped Texarkana 33-3.

Kashmere garnered 164 points in The Associated Press poll last week, compared to 161 for Permian and 152 for Longview.

Beaumont Hebert was the only No. 1 team to give up any points, but the Class 3A kingpins also were the most prolific scorers, beating Crosby 72-16.

Rockdale of Class 2A and Class A's Aledo, both tops in their divisions all season, beat Pflugerville and Millsap 62-0 and 54-0, respectively. Class B leader Gorman whipped Rising Star 28-0.

None of the Class 4A Top Ten was defeated, but No. 5 Beeville in Class 3A, No. 7 Slaton in Class 2A, second-ranked Holliday and No. 8 Big Sandy in Class A and No. 6 Axtell in Class B lost their games. Eighth-ranked Silsbee of Class 3A was tied for the second time this season.

Big Sandy's loss was its first since 1972 and Axtell's 13-12 defeat came against Chilton, rated seventh in Class B.

Plainview Defeats Net Team

The Snyder tennis team, on their way to the West Texas State tournament, stopped off and played a good Plainview team to a 11-7 loss. The Snyder players looked good and picked up some more needed experience against a IV-A school. Those looking especially good were Jeff Scannicchio, in singles, and the doubles team of Jay Wesson and Mike Greenfield. They didn't just "hit ball"; they used their heads and played good percentage tennis. The complete results follow:

Girls' Singles

Margaret Womack lost to Teresa Landry, 6-4, 6-1; Donna McGee was defeated, 6-1, 6-1 by Sharon Landry; Kim Harlin, regaining some of her tennis form, defeated Hallye Jordon, 6-4, 7-5; Belinda Scott lost to Angela Thomas, 6-2, 6-2; Jana Wesson played a good first set and lost her concentration and went down in defeat, 7-5, 7-0 to Tracey Nobles; Karen Womack lost to Oralia Jameriz, 6-1, 6-1.

Girls' Doubles

McGee and Harlin never could get started and lost to Landry and Landry, 6-0, 6-1; Wesson and Karen Womack lost to Jordan and Thomas, 6-3, 6-0; Scott and Margaret Womack had to go three sets in order to defeat Mock and Nobles, 6-7, 6-3, 6-3.

Boys' Singles

Zane Sterling was defeated by one of the top players in the Panhandle, Stacey Foster, by the score of 6-0, 6-1; Jeff Scannicchio defeated Rock Landry, 6-4, 7-5; in a well-played match; Jay Wesson was defeated in three sets by Keith Jordan, 6-2, 7-6, 6-1; Marcus Anderson defeated David Vargan, 6-2, 6-2; Stan Pavlik lost to David Low, 6-1, 6-3; Mike Greenfield defeated Mark Brown, 6-2, 6-4.

Boys' Doubles

Sterling and Scannicchio were defeated by Foster and Landry, 6-2, 6-4; Wesson and Greenfield, playing a smart, aggressive game, defeated Vargas and Jordan, 6-1, 6-4; Pavlik and Anderson defeated Brown and Brewer, 6-2, 6-4.

The team ate supper in Plainview and then drove on over to Canyon to participate in the West Texas State tennis tournament Oct. 22-23. The results are elsewhere in the newspaper.

Javelinas Are Human

By The Associated Press

Texas A&I is human—well, almost.

The defending national small college champion Javelinas had to score twice in the final quarter Saturday night to capture their 34th consecutive game. The final numbers were 20-10 over Angelo State—a morale victory when you play Texas A&I.

The hero was A&I quarterback Richard Ritchie, who scored from the two-yard line to put A&I ahead to stay at 13-10.

A&I is now 8-0 for the season and 4-0 in conference play.

As though A&I Coach Gil Steinke had made out the schedule himself, the Javelinas get an off week to think about their close scare.

Booster Club Meets Tonight

The Tiger Booster Club will meet at 7 o'clock tonight in the high school cafeteria.

Erwin Pavlik, club president, said members will see films of the Sweetwater game and hear a scouting report on Lubbock Estacado, this week's opponent.

Netters Win 4 Trophies At West Texas Meet

Snyder failed to win the "big" ones, but they did manage to win four good consolation championships. Marcus Anderson won the A boys' singles consolation championship. Mike Greenfield and Jay Wesson won the B boys' doubles consolation championship. Margaret Womack won the A girls singles' title in the consolation bracket and Belinda Scott won the B girls' title. Complete results were as follows:

A Boys' Singles

Marcus Anderson lost to the third-seeded player, Todd Kent from Canyon, 6-0, 6-2, in the first round. Marcus went into the consolation bracket and won it by defeating Tommy Neilson, Borger, 6-4, 7-5; Mickey Grant, Amarillo Palo Duro, 8-4, and in the finals of this bracket Marcus defeated Wayne Williams from Pampa, 8-2.

A Boys' Doubles

Zane Sterling and Jeff Scannicchio, not playing well, were defeated in the first round by Donnell and Stanely, Amarillo High, 6-3, 6-4. In the first round of the consolation bracket Jeff and Zane were defeated by Rollins and Neilson from Borger 2-6, 7-6, 6-2.

Boys' Singles

Stan Pavlik lost to the number three-seed, Brad Snodgrass, from Lubbock Monterey, 6-4 6-0, in the first round. Stan defeated John Grady, Pampa, 6-2, 6-1, in the first round of the consolation bracket. In the semis of this bracket, Stan was defeated by Rock Landry, Planiview, 8-5.

B Boys' Doubles

Mike Greenfield and Jay Wesson were defeated in the first round by the number one-seeded team from Amarillo High, John Clemens and Kelley Snook, 6-2, 6-0. Mike and Jay only had to play two matches to win the consolation championship and this they did, defeating Kurt Rathyin and Kirk Hednell from Canyon, 8-0. In the finals Mike and Jay defeated Kent Jones and Kenny Barret Pampa, 8-3.

A Girls' Singles

Margaret Womack was defeated in the first round by the number two-seed, Kathy Kuhne, Lubbock 6-1, 6-1. Margaret Womack won the consolation championship by defeating Lauri Wright, Amarillo Palo Duro 6-1, 6-0, and Tracey Nobles, Plainview, 8-5.

A Girls' Doubles

Donna McGee and Kim Harlin defeated Christi Ford and Carrie Ortiz, Amarillo Palo Duro, 6-4, 6-2. Donna and Kim were defeated in the second round of play by the number three-seeded team, Alexis Hefley and Sharrie Roach, Amarillo Tascoso, 6-2, 6-2.

B Girls' Singles

Belinda Scott was defeated in the first round by Sheryl Scott, Amarillo High, 7-6, 6-1. Belinda proceeded to win the consolation championship by defeating Sherry Torrez, Amarillo Palo Duro, 8-9, and Dianne Hokanson, Dumas, in the finals, 8-1.

B Girls' Doubles

Jana Wesson and Karen Womack were defeated in the first round by Vicki Little and Carolyn Jackson, Dumas, 6-2, 6-3. In the first round of the consolation bracket Karen and Jana were beaten by Beverly Chandler and Pamela Cook, Palo Duro of Amarillo, 6-1, 6-1.

This week's schedule calls for the following: Tuesday, Oct. 26, Colorado City (There) 3:30 p.m.; Thursday, Oct. 28, Big Spring Texas Team Tennis (There) 3:30 p.m.; Saturday, Oct. 30, Top nine boys and girls are to play Odessa High there at 10 a.m.

Staubach Is Injured But Dallas Cowboys Win

By HOWARD SMITH
AP Sports Writer

The Dallas Cowboys survived a scare and lost a quarterback, albeit temporarily, against the Chicago Bears.

Roger Staubach, the Cowboys' durable star, went out of action in the third period Sunday with a fractured little finger on his passing hand when he was hit by Bear linebacker Mike Hartensteine. Danny White, a refugee from the World Football League, replaced him and promptly hit Preston Pearson with a 15-yard touchdown pass for a 24-7 Dallas lead.

Even without Staubach, Coach Tom Landry figured the situation was well in hand. But it wasn't.

"This was an incredible game," said Landry after Dallas eventually won 31-21. "How we ever got in jeopardy of losing I'll never know."

Elsewhere in the NFL, Minnesota remained undefeated with a 31-12 victory over Philadelphia, Cincinnati whipped Houston 27-7, Miami edged Tampa Bay 23-20, Baltimore blanked the New York Jets 20-0, Pittsburgh shut out the New York Giants 27-0, Oakland held off Green Bay 18-14, New England beat Buffalo 26-22, Denver topped Kansas City 35-26, Cleveland downed San Diego 21-17, Los Angeles got by New Orleans 16-10 and Detroit mauled Seattle 41-14.

San Francisco dumped Atlanta 15-0 in a Saturday night contest. St. Louis visits Washington tonight.

Chicago linebacker Ross Brupbacher got the Bears back in the game when he intercepted a White pass and returned it 25 yards before lateraling to Hartensteine who went the final 12 yards for a touchdown. Then Virgil Livers ran back a punt 51 yards to set up Johnny Musso's two-yard TD run and it was 24-21.

Not to worry. White came back with a 54-yard toss to Golden Richards to set up the final Dallas score, a six-yard White-to-Pearson pass, and Dallas had its sixth victory in seven games.

Vikings 31, Eagles 12

Fran Tarkenton brought Minnesota from behind with a 35-yard touchdown pass to rookie Sammie White in the third quarter and Chuck Foreman added TD runs of 32 and two yards as the Vikes raised their record to 5-0-1. Tarkenton hit on 23 of 33 tosses for 249 yards to become the second man in NFL history to pass the 40,000-yard mark in passing yardage. He needs 91 yards to top all-time leader John Unitas. Foreman wound up with 28 carries for 200 yards — a club record.

Bengals 27, Oilers 7

Ken Anderson and John Reaves threw one TD pass apiece as Cincinnati took sole possession of first place in the American Conference Central Division. The Bengal defense held Houston to just 28 yards rushing and sacked Oiler quarterback Dan Pastorini six times.

Dolphins 23, Bucs 20

Miami needed a 29-yard field goal by Garo Yepremian with 55 seconds left to edge cross-state rival Tampa Bay. The Dolphins built a 20-7 lead on short TD runs by Bennie Malone and Don Nottingham before ailing quarterback Steve Spurrier came off the bench in the second half to throw a pair of TD passes to Morris Owens for the Bucs.

Colts 20, Jets 0

Bert Jones hooked up with wide receiver Roger Carr on touchdown pass plays of 79 and 41 yards and Toni Linhart kicked a pair of field goals for Baltimore. Carr hauled in five passes in the game for 210 yards. The Jets' Clark Gaines collected 102 yards on 12 carries.

Steelers 27, Giants 0

Franco Harris carried 27 times for 106 yards and two touchdowns and the Pittsburgh defense turned in its first shutout in its last 20 games against the winless Giants, off to the worst start in their 52-year history. The Steelers outgained New York on the ground 230-88 yards, including 106 by Harris.

Raiders 18, Packers 14

Ken Stabler threw three touchdown passes in the second quarter — including an 88-yard pass-and-run connection with Cliff Branch — and the Raiders held on to win. The first two Oakland extra points were blocked and the third was wide. Each club was penalized 13 times, the Packers for 151 yards and the Raiders 119.

Patriots 26, Bills 22

Steve Grogan threw for one touchdown and ran for another as New England built a 26-9 third-period lead and then held on. The Bills, with Gary Marangi replacing the injured Joe Ferguson at quarterback, rallied behind a pair of O. J. Simpson touchdown runs but came up short. Ferguson suffered a back injury in the second quarter and may be lost for the season. Sam Cunningham gained 118 yards for the Pats and Simpson had 110 for the Bills.

Broncos 35, Chiefs 26

Quarterback Steve Ramsey tossed a pair of touchdown passes as Denver outlasted Kansas City in a wild offensive game in which the teams combined for 53 first downs. Otis Armstrong gained 101 yards for Denver and the Bronco defense stiffened long enough to stop two Chief drives on the one-yard line.

Wally Pipp was the New York Yankees' first home run champion in the American League. The first baseman cracked 12 four baggers in 1916. He led the following year with only nine.

It's Easy To KILL YOUR BUSINESS
Don't Advertise
Just pretend you don't have anything to advertise this week. Forget the thousands of items you have on the shelves of your store, or the service you have to offer. Don't let potential customers know about them. IT'S A GOOD WAY TO KILL YOUR BUSINESS!
Don't Advertise
Say you don't have the time to fix up an advertisement this week. Just let opportunity after opportunity to promote your business pass by—it will take less of your time. And you'll be less busy serving customers if they don't know what you have to offer. IT'S A GOOD WAY TO KILL YOUR BUSINESS!
Don't Advertise
Assume everybody in the trade territory knows what you have for sale, that you've been in business so long you don't need to advertise since the customers will come to you without it. Forget that there are new potential customers coming into the community, that you have new and better products to offer. Forget that you have to keep reminding your established customers to trade with you. Forget you have Big City competition trying to attract more customers. IT'S A GOOD WAY TO KILL YOUR BUSINESS!
Don't Advertise
Tell yourself it costs too much to advertise—that you don't get enough out of it. Overlook the fact that advertising is an investment in selling—not an expense. Be sure you don't provide for an adequate advertising budget for your firm. IT'S A GOOD WAY TO KILL YOUR BUSINESS!
