

Bombs, Weapons Found In Bairdstown

Deport VFD Helps In Bomb Demolition

Deport Volunteer Firemen spent Saturday on the ready at the community of Bairdstown as a trio of bomb squad demolition experts from Ft. Sill, OK worked to defuse two homemade pipe bombs discovered in two homes, along with a variety of other potentially deadly weaponry and explosives.

The department was called in the middle of the night Friday night to assist in the matter, but the bomb team then decided to wait until daylight to better see what they were doing.

Fire Dept. Receives Congratulations

The Deport Volunteer Fire Department received a phone call from Sheriff Jim Parker to thank them for their "very professional" help during the demolition of two pipe bombs at Bairdstown Saturday morning.

The Sheriff was highly complimentary of the department.

At a fire meeting Monday night, it was decided to buy new radios for the two trucks in order that the firemen could communicate with other fire departments and with the county.

The fire department returned Saturday morning.

In addition to the two pipe bombs, the Lamar County Sheriff's Office confiscated a live anti-aircraft shell, an M-1 rifle and about 500 rounds of ammunition, two handguns, a switchblade knife, about 10 ounces of blasting powder, some homemade explosive components such as fuses and caps, and a variety of books and magazines telling how to make explosive devices such as the pipe bombs.

Michael Shane Price, age 17, and

Charles William Vernon, age 21, both of Bairdstown, were arrested on criminal mischief charges, stemming from a recent car bombing incident in the Blossom area recently.

Sheriff Jim Parker said the sheriff's department had canvassed all the shops where components for such things could be obtained. After the two men returned and purchased two ten-inch lengths of pipe, an employee at one shop called the sheriff's department, recalling that the pair had bought such things before.

This, along with other evidence, led to the arrests of the suspects. They are expected to be charged with other state and federal charges, among them, possession of a machine gun. The M-1 will have to be inspected by an expert to discover if it is a fully automatic weapon before that charge can be filed.

The sheriff's department evacuated the families from the two homes where the bombs were found Saturday morning early, when the Ft. Sill Bomb Squad determined the bombs were "too dangerous to mess with in

the dark."

The Deport Volunteer Firemen charged their lines, and stood ready to extinguish a blaze, as the bomb experts detonated the devices without setting off a major explosion.

One of the pipe bombs contained a three or four inch metal shaft and various pieces of metal, and the other was packed with nails and bolts. Either one, according to the Ft. Sill men, could have totally destroyed the house it was in.

All traffic was stopped on the road, the area secured, and the bomb

demolition experts carefully set up to detonate the bombs and power found.

The volunteer firemen extinguished burning hay set over the devices to muffle impact.

Bairdstown residents stated that they had heard what sounded like automatic weapon fire down along a nearby creek several times, and that the two men had dressed "in camouflaged outfits entirely for the past two years or so".

Bond for Price and Vernon was set at \$10,000.00 by Justice of the Peace Fred Nutt.

NICHOLS' WORTH

By Nanalee Nichols

Huddling in a four-foot bar ditch in downtown Bairdstown on a Saturday morning, after being up half the night, isn't the way most folks want to spend the weekend. It is, however, what we did. We had lots of company in the ditch...Lamar County Sheriff Jim Parker, some deputies, an assistant DA and a good portion of the Deport Volunteer Fire Department (some of them were crouched behind the fire truck with lines charged, ready to put out a fire if one should occur).

We passed wisecracks and jokes up and down the line. We wondered just how big an explosion it would make if the pipe bomb blew up. (Later we learned that it would have totally destroyed the house it was in).

We laughed and joked...right after we ducked when told too! In spite of all the humor, no one really wanted to have their head up when the bomb squad defused that bomb off the window ledge.

This all resulted from the discovery of two pipe bombs, numerous weapons, and various other nasty lit-

tle toys owned by a couple of young men who seem to have a fascination with things destructive.

It was a long morning, for the trio of men from Ft. Sill took no chances...they followed procedures and defused the bombs efficiently and neatly. Since the bombs and weapons were at two separate locations there had to be two separate set-ups made.

At the second house, I figured there would be trouble...six LARGE dogs were on the front porch. But they turned out to be perfect pets...friendly, relaxed and unconcerned.

None of us really expected the bombs to go off...but in the back of everyone's mind there was the certain knowledge that they COULD explode.

The events lasted about five hours...not counting the activities during the night.

It was wearisome, sometimes nerve wracking and dangerous. Everyone felt a lot of disgust that people would create such hazardous situations, be obsessed with destructive "toys".

Perhaps it was one of the big dogs who summarized the entire situation best. He ambled up the hay bales covering the second pipe bomb, looked around as if in disgust at the entire situation...and did what comes naturally!

Everyone, from the Ft. Sill Bomb Squad down to the casual onlooker, collapsed in laughter!

Deport Calls For Help From Parents

The City of Deport is asking for help from the parents of children with bee-bee guns.

Serious problems are arising from children who have apparently not been taught the proper way to use these guns, nor what is an appropriate target and what is not.

Unsupervised, these youngsters have shot out headlights on automobiles, created destruction at the sewage plant, broken the windshields of the city's truck, and, one evening, shot out every street light on the back street.

City officials state that if any child is caught destroying city property with a bee-bee gun, charges will be filed against the parents, as parents are responsible for the actions of a minor.

Please, monitor your child's whereabouts and use of what can be a destructive weapon.

When our meter readers check your meter each month, they do more than look at your electrical consumption. They also give you a free safety check. They look for frayed wires, tree limbs making contact with power lines or any other potential problems that could interfere with the safe delivery of electricity to your home.

Our meter readers also make sure that you're not getting charged for power you didn't use.

They pride themselves on accurate readings and take the time to investigate readings that are unusually high or low.

On the rare occasions when these employees cannot read your meter because of a locked gate or threatening dog, they'll prepare an estimate of your meter reading. When this occurs, it will be designated on your electric bill.

The care we take when we read your meter is just one more way we're here to help.

Juliet sleeves of satin and French Alencon lace were tapered from the elbow to the wrist where they were closed by a row of tiny buttons. The full skirt of satin was accented with pearls and crystallettes and sprinkled with French Alencon lace appliques cascading to the hemline where a row of matching lace encircled the full cathedral train. She carried a bouquet of magnolia blooms, Dracena foliage, Sarracenia foliage and a single white rose tied with satin ribbons.

Mrs. Mark Ellison of Quitman was her sister's matron of honor and Chrystal Ballard, also a sister of the bride, was maid of honor. Bridesmaids were Gail Gambill of Dallas, sister of the bridegroom, Mrs. Robin Ballard of Tyler and Mrs. Neal Sutton of Quitman. They wore teal-length dresses of evergreen iridescent taffeta.

Virgie Wright Honored On 90th Birthday

Virgie Wright was honored with a 90th birthday party on Sunday, February 2, and what a party it was! Over 218 people attended, following the signs and balloons that led down the country roads to her home north of Deport.

Hosting the party were her four children and their families: Evelyn Beard, Sybil Hanson, Henri Alice Cave and Vernon Wright.

Mrs. Wright greeted her guests at the door, and granddaughters Kathy Benham and Sherry Castevens presided at the register.

The tablecloth was one that daughter Sybil brought her mother from a trip to Jamaica, and the table was accented with an arrangement of

yellow silk flowers.

The entire house was decorated with blue and yellow, including balloons. Two birthday cakes were served, one made by daughter Evelyn and one made by Mrs. Wright's sister, Gladys Townes of Humble. The second cake featured ninety candles.

Hot spiced cider and punch were served.

Mrs. Wright wore a blue suit with a blue and yellow carnation corsage. Lizzie Peek and Gladys Townes, sisters of the honoree, served the punch.

Mrs. Wright received numerous calls, cards, gifts and visits throughout the day.

Girl Scout Membership Conference Held

Adult volunteers from all areas of the Red River Valley Girl Scout Council attended a membership conference in Paris recently. The conference was led by Margaret Kennedy, management consultant with Girl Scouts of the U.S.A., Dallas Field Center. Margaret McCain attended from Blossom.

According to Ms. Kennedy, the Girl Scout movement is the only organization in the nation, at this time, that serves the interests and needs of girls

only. The importance of positive female role models for girls was emphasized.

Discussions during the conference focused on the obstacles in recruiting

and retaining girl and adult members and some possible solutions to these problems. New ways of organizing girls into groups, in addition to the traditional troop, were also discussed.

Did You Know That Last Year's U.S. Savings Bonds Average Rate Exceeded 9%?

Many people all over America are surprised when they hear what U.S. Savings Bonds have to offer.

For starters, Savings Bonds give you market-based interest rates—like the money markets—plus the security of a guaranteed return. This means you can earn a lot more than the guaranteed minimum rate of 7 1/2%, but never less! To earn the higher rates, just hold your Bonds for five years or longer.

Here's more surprising news—the interest you earn from Savings Bonds is free from state and local income taxes. And you don't have to pay federal taxes on the interest earned until you cash in your Bonds.

Savings Bonds are easy to buy, too. They cost as little as \$25 and can be purchased at most banks and savings and loans. Or through the Payroll Savings Plan where you work.

All of these advantages are making Savings Bonds an increasingly popular investment. Last year, sales of U.S. Savings Bonds were up nearly 30%!

With all that Savings Bonds have to offer, it's no surprise they're one of the best investments in America. For the current rate, just call toll-free 1-800-US-BONDS.

U.S. SAVINGS BONDS **Paying Better Than Ever**

Market-based rates apply to bonds purchased on and after 11/1/82 and held at least five years. Bonds purchased before 11/1/82 earn market-based rates when held beyond 10/31/87. Bonds held less than five years earn lower rates.

Patriots, Lady Patriots Take Victory

By James VanDeaver
The Prairiland Patriots defeated the North Lamar Panthers 42-32 Tuesday night on the road. The win left

Prairiland tied for first place in the second half of district. The fens will play Pittsburg at a time and site to be determined. In the North Lamar win,

Deana Watson scored 18 points and Klarissa Keys 10.

In the boys varsity game, Prairiland had no problem coasting by North Lamar 58-46. Scott Scudder led the Patriots in scoring with 15 points and Mike Connot added 10. The win left the Patriots all alone in first place with a record of 12-0.

In the Junior Varsity game, the Lady Patriots defeated the Panthers 36-28 behind Melissa LaRue's 8 second half points and Torsha McCarty's five.

The Prairiland Lady Patriots upped their district record to 10-3 Friday night as they defeated Paul Pewitt 39-37 in a dramatic game at Prairiland.

With Prairiland in a must-win game, both teams played a tough and scrappy defense. After Prairiland tied the game at 2-2 on a Kristi Bankhead shot, the Patriots were held scoreless for the next five minutes. Then, Bankhead hit a shot with 1:38 left in the quarter and the lead was cut to 8-4. After a pair of Klarissa Keys shots, Bankhead ended the scoring in the quarter with a free shot and Paul Pewitt led 8-7.

In the second quarter, Prairiland played some of their best ball of the year. With everyone crashing the boards for Prairiland, Paul Pewitt's big player could never tip shots back in as she did at Paul Pewitt. Prairiland got six points apiece from Klarissa Keys and Deana Watson in the quarter and Prairiland led at the half 21-16.

As has been the problem all year for the Patriots, Prairiland fell stone cold shooting in the third quarter. The rim seemed to have a lid on it as the ball repeatedly went in only to be kicked out, allowing Paul Pewitt to come back. After a couple of field goals by Deana Watson, Erin Morgan sank a pair of free shots to put Prairiland in front 27-25 with :41 left in the quarter. However, Paul Pewitt made the last basket of the quarter and the game was tied at 27-27 after three quarters of play.

After Paul Pewitt managed to tie up the game at 30-30 in the final quarter, Deana Watson stole the ball and assisted Klarissa Keys in making a fast break lay-up with 4:00 left in the game and Prairiland led 32-30. After five consecutive Paul Pewitt Points, Watson scored inside to cut the lead to 35-34 with 2:02 remaining. After another Pewitt basket, Keys answered with a free shot to narrow the lead to 37-35 and 1:10 remaining. Prairiland then got a break when Paul Pewitt threw the ball away with 1:02 left in the game. Watson took advantage of the turnover with an acrobatic inside shot to tie up the game at 37-37 and :35 seconds remaining. Then, Paul Pewitt threw the ball away again with :18 left in the game and Prairiland with the final possession. After Prairiland played catch with the ball for :17 seconds and everyone expecting overtime, Jenissa Baker threw up a prayer from 20 to give Prairiland an exciting 38-37 victory.

Watson led the Patriot scoring in the game and Keys followed with 11.

Unlike the Lady Patriots game, the Patriots victory was never in question as they won an easy victory 69-49 over Paul Pewitt.

Prairiland got a quick 2-0 lead in the game on a Scott Scudder jump shot

and never trailed in the game. Prairiland dominated every phase of the game and quickly had a lead of 10-0. Mike Connot was everywhere in the quarter grabbing rebounds and making baskets. Behind Connot's eight first quarter points, the Patriots led at the end of the first quarter 18-4.

In the second quarter, Prairiland again played great ball. While Paul Pewitt was cold from the outside, every Patriot member seemed to be hot. Five different Patriots scored in the quarter including Scudder who canned two free throws at the end of

the quarter to give Prairiland a 34-12 lead at the half.

In the second half, the game was just a matter of getting over so Prairiland could claim a victory. Scott Scudder scored 15 points in the half to give him game high honors of 25 points. Loyd Whelchel scored the final Patriot bucket of the game and Prairiland won 69-49. Nine different players scored in the game for Prairiland.

The victory gave Prairiland a record of 11-0 in district with only three games remaining.
