TOBE FOSTER SELLS 46 OIL
WELLS IN \$3,000,000 DEAL

Tobe Foster of Lubbock is reported to have sold 46 producing oil wells, along with some scattered undeveloped leases in four West Texas counties, for a total consideration of \$3,000,000.

The sale was made to Louis Cherry and associates of Little Rock, Ark. It was learned that a part of the purchase price is to be paid in the cash, and the remainder is to be paid out of oil. The deal is to be effective, as of February 1.

The properties included in the transaction are in Mitchell, Howard, Dawson and Andrews County. It was reported that 30 of the wells sold had been owned by Foster on a 100 per cent basis. Of the other 16 wells, seven producers in the Welch field in Northwest Dawson County were owned jointly by Foster and Riley Coats of Lubbock. The other nine of the 16 wells, are in Howard County, and were jointly owned by Foster and Hayward.

12,000-FOOT WILDCAT IS TO
BE DRILLED IN SW ANDREWS

The Texas Company, Humble Oil & Refining Company and Ralph Lowe No. 1 S. E. Jenkins is to be a 12,000-foot wildcat in Southwest Gaines County, to explore to the Ellenburger.

It will be 600 feet from south and west lines of section 4, block A-25, 2nd survey, and about eight miles northwest of the Pullerton field in Northwest Andrews County. Contract to drill the project, with rotary tools, has been let to W. H. Black Drilling Company of Midland. Material is now being moved in and actual hole-making will start early next week.

The well is being drilled on a unitized block. The Texas Company will have the operation of the venture.

MAGNOLIA IS TO PROSPECT
IN CENTRAL YOAKUM AREA

Magnolia Petroleum Company has filed an application with the Railroad Commission of Texas requesting a permit to drill its No. 1 Birtle Brown, as an 8,000-foot wildcat in Central Yoakum County about four miles southwest of Plains.

The location is 600 feet from south and east lines of section 446, block D, John H. Gibson survey. It is understood that the primary objective of this venture is to try to locate production in the San Andres formation at about 5,500 feet. If that should be developed, it is likely that the well will stop there.

The application for a permit to 8,000 feet, indicates that the operator might go on down to that level—if the San Andres should be barren.

ALBUQUERQUE MAKES LOCATION
FOR NEW HOUSTON VENTURE

Ray A. Albuquerque of Midland is to drill a 5,000-foot wildcat in North-east Hockley County, starting in the near future, to explore into the San Andres-Permian line.

The project will be about No. 1 Allie D. Slaughter and is located 440 feet from south and west lines of labor 72, league 79, Reeves County School Lands. That puts it three miles northwest of Pettit and seven miles northwest of the nearest completed oil wells in the Levelland field.

It is a checkerboarded spread of approximately 9,000 acres which Albuquerque took several months ago from Superior Oil Company.

The Albuquerque spread is out of a block of 18,000 acres which Superior had in that region—partly in Hockley County and partly in Cochran County.

He agreed to drill three tests on the acreage. The first test was completed about 90 days ago as a dry hole. No. 1 Allie D. Slaughter is the second. The third well called for under the contract will be spudded

Georgian Charges FBI Gestapo Against South

WASHINGTON—(AP)—The bitter Democratic feud over civil rights hit a new pitch Friday. Senator Russell (D-Ga.) contended President Truman is planning an FBI "Gestapo" to break down race segregation in the South.

Russell told a reporter the South's revolt against the President's call for new measures to knock down racial barriers "is more serious than any I have seen in my lifetime."

This is true, the Georgian said, because Southern Democrats have interpreted the President's demand for an end to Jim Crow laws on trains and buses as the opening wedge in a fight to halt all race segregation.

Specialized Training. That could mean, he said, negroes and whites would attend the same schools, swim in the same pools, eat together and, eventually, intermarry.

"The President has ordered the Federal Bureau of Investigation to work with the Department of Justice Civil Rights Division and says it is giving specialized training to its agents. This is nothing more or less than an FBI Gestapo to break down race segregation in the South."

Russell's charge highlighted these other developments:

1. Chairman Taft (R-Ohio) called the Senate Republican Policy Committee together to pick a spot on the legislative schedule for an expected battle with filibustering Southerners over one or more civil rights measures.

2. Senator Ball (R-Minn.) predicted Congress will pass no anti-discrimination bill with enforcement provisions. Ball voted "no" when the Senate Labor Committee approved such a measure Thursday, seven to five.

3. Reports spread that Gov. Fielding L. Wright of Mississippi would move to a Tallahassee, Fla., meeting of southern governors Friday to have them issue a call for an "independent" Democratic convention to split away from Truman.

4. A Democratic official said the party's national committee will "sit tight" to see what happens before it charts its course.

Taft, a GOP presidential candidate, said he opposed the committee-approved FEPC bill because he believed it would be better to set up a commission which would seek to end job discrimination by voluntary means.

Hall Services To Be Saturday

Funeral services for Lockley Hall, Sr., 51, who died early Thursday of injuries received in an accidental fall at his home, 106 South Mainfield Street, here, will be held at 4 p. m. Saturday in the First Baptist Church, with the Rev. Vernon Yearby, pastor, officiating. Interment will be in Fairview Cemetery, with the Masonic Lodge in charge.

Hall, a Midland resident since 1929, had been connected with the Mackey Motor Company 14 years, and had been manager of the firm's Odessa branch since November, 1946.

He was born December 31, 1896, in Dallas, and was married to Matie M. Roberson, April 29, 1916, in Dallas.

A member of the Baptist Church of Whitesboro, Hall also belonged to the Masonic Lodge, WMA, Lions Club, and the Booster Clubs of Midland and Odessa.

Survivors include the widow; two sons, Lockley Hall, Jr., of Odessa, and Stanley W. Hall of Midland; a daughter, Mrs. J. M. Kirkland of Midland; six brothers, Ed K. R. D., and Seth S. Hall of Pasadena, Calif.; R. L. of Houston, George J. of Whitesboro, and William H. Hall of Dallas; and a sister, Miss Alice Hall of Dallas.

Soviet Paper Says U. S. Plans New War

In the lead editorial on its front page, the paper compared the budgets of the Soviet Union and the United States to prove it.

Body Of Texas Seaman Is Found In New York Hotel

NEW YORK—(AP)—The bound and gagged body of a man, tentatively identified as Kenneth M. Gray, 45, Port Arthur, Texas, was found in a midtown hotel room early Friday. Police listed the death as an apparent homicide.

Gray was identified as a merchant seaman. Detectives discovered the body after the night manager of Hotel Flanders informed police he had received an anonymous telephone call telling him, "If you go to Room 910, you'll get a surprise."

They entered the unlocked room and found the dead man on the floor. His hands and feet were bound with strips torn from a pillow case and a handkerchief had been thrust into his mouth.

Pockets Empty. Police said the victim was battered about the mouth, apparently by repeated blows from a blunt object. Tentative identification was made from papers found on the body.

Police reported one of Gray's trousers pockets was turned inside out and that an empty ray envelope which had contained a check for \$19 was found in his room.

The body was removed to Bellevue Morgue for an autopsy.

Champion Brings Record Price

FORT WORTH—(AP)—Sale of the grand champion steer of the 1948 Southwest Exposition, and the stock show Friday for \$4,000, a new show record in an auction, secured for no "extreme" price for the top animal but strong prices for all prize-winning steers going under the hammer.

Boots, 140-pound champion owned by 17-year-old Perry Walker of Big Spring, was sold to Clarence Burke for the Continental National Bank at \$2 a pound. Like the grand champion, the second animal, also a hereford, was bred by TO Ranch.

But Mullins said the prime minister would be able to form a new government with the support of labor and independents.

Complete returns from three-quarters of Eire's 40 constituencies showed De Valera's Fianna Fail could not hope to obtain the 74 seats needed for a clear majority in the 147-member Dail.

The latest official returns issued by the Government Information Bureau gave the Fianna Fail 53 of the 106 seats thus far determined. Wants No Coalition.

The Fianna Fail led the old Dail, dissolved last Fall, with 76 of the 143 seats.

During the campaign De Valera said he wanted no part of a coalition government.

The division of seats by the latest government returns, with the parties' pre-election strength in parentheses, was:

Fianna Fail 53 (73), Fine Gael 23 (28), Labor 11 (8), Farmer 7 (11), Clann Na Poblachta 6 (2), National Labor 2 (4), Independents 6 (8).

Stuelpnagel, a 69-year-old bachelor, was under indictment on charges of "crimes against international law," including the execution of hostages.

Stuelpnagel was the second wartime German Army officer to take his own life in two days while facing war crimes charges. Gen. Johannes Blaskowitz jumped to his death Thursday from a prison catwalk in Nuremberg, Germany.

Decline In Grains No Two-Day Event

CHICAGO—(AP)—The most important thing to understand about the grain market break is that it is not a brief sideshow. It has been going on for two and one-half weeks. Only in the past two days has the retreat deteriorated into a rout.

Most grains reached their highs January 16. In the case of corn and oats, prices that day were at record peaks. That was a Friday. The following day a slight slump developed.

During the next week—the week ended January 24—the market eased, but there was no spectacular drop. Wheat fell about seven cents, corn five cents and oats three cents for the week.

Last week the decline accelerated. More important, it was noted that every time the market attempted to rally it ran into increased selling. Prices then slumped again, setting a series of new lows. Corn and oats were weakest, corn losing as much as 13 cents for the week in the May contract.

Then came Deleage. The current week started with a slight decline Monday. But the next day corn again developed independent weakness, dropping 3 3/4 to 6 3/4 cents a bushel.

On Wednesday, grains opened slightly lower. Within 10 minutes pronounced weakness developed. Then, around 10:15 a. m., came the deluge.

In about 15 minutes, grains had dropped the limits permitted in a single session—10 cents in wheat, eight cents in corn, six cents in oats.

To trained market observers, those 15 minutes were extremely significant. The limit break had occurred.

More Than 5,800 Poll Taxes Paid In County; Final Count To Come

Although applications for car licenses have been so numerous that clerks haven't had time this week to complete the count on poll tax payments, preliminary checks indicate more than 5,800 have been paid in Midland County, Tax Assessor-Collector J. H. Fine said Friday.

This total includes taxes sent in by mail. Compared with the record number of taxes paid here this year, mailed tax payments were not unusually heavy, the collector said. However, there were the usual number of payments mailed after January 31, too late to be honored.

Lockhart Infant Dies In Midland Hospital

Ruby Lee Lockhart, infant daughter of Mr. and Mrs. C. F. Lockhart, Route 1, Midland, died early Friday in a hospital here after an illness of one day.

She was born October 25, 1947. Funeral services will be held at 2 p. m. Saturday in the Ellis Funeral Home Chapel, with Roy and Mickey Jones officiating. Interment will be in Fairview Cemetery.

Survivors include the parents; two brothers, George B. and Clyde W. Lockhart, and a sister, Betty Sue Lockhart.

Recoveries Noted In Stocks, Cotton

NEW YORK—(AP)—The headlong plunge of commodity prices showed signs of touching at least a temporary bottom Friday.

Wheat futures again reached the maximum allowable decline of 10 cents a bushel but found enough buying to recover slightly. Corn skidded the daily limit of eight cents for the third straight day. Oats were down a lesser amount.

Some balance came back into the stock market where prices held just about even. Cotton futures, after dropping heavily, recovered to show narrow gains at noon on the New York Exchange.

The erratic movements of commodities other than grains lent encouragement to analysts who see this week's break in the price front as healthy adjustment rather than definite change in direction.

Vegetable oils were among items showing further declines on the wholesale markets. But butte

Good Sportsmanship In Midland

Let's think for a moment about sportsmanship—good
sportsmanship in Midland, Texas, U. S. A.

Although we all hate to lose at any sport, basketball,
football, baseball, or what have you, and although we al-
ways do not agree with the decisions of game officials, we
should use a little discretion in our actions toward and in
our expressions to officials and members of visiting teams.

The situation has become a little rough here on sev-
eral occasions—at football, baseball and more recently at
basketball games. Such spontaneous outbursts do not im-
prove the standings of Midland and its athletic teams in
the eyes of officials and competing teams, and neither do
they improve Midland's standings in the percentage
columns.

Of course, we hate to admit it, but Midland apparently
is getting a bad name with West Texas officials. The high
school has experienced considerable difficulty in obtain-
ing officials for Saturday night's basketball game in the
Midland gym. That is not a healthy condition and it does
not speak well for our city. Surely adult and student fans
want to correct the unfortunate situation. High school
officials are anxious to improve the fan-official relations.

Good sportsmanship is just as important from a fan
standpoint as from a player standpoint, and surely we are
interested in sportsman-like conduct at all times. It is a
fundamental teaching in athletics. It also must be
preached to the fans.

The outburst following last Tuesday night's basket-
ball tilt in which Midland lost by a single point as a result
of a decision by an official echoed and reechoed around
the district. Perhaps the official was wrong in his de-
cision, practically all fans apparently believed he was. It
certainly was not a happy moment for Midland players
and fans, but the methods used by the fans in expressing
themselves did not improve the condition. We know it is
difficult to refrain from taking part in such disturbances,
but such actions usually are taken without thinking, and
persons expressing themselves wildly and loudly often are
sorry the next morning.

Officials, be they right or wrong, must be protected—
the host team being obligated to this extent—and officials
are necessary in the conduct of sporting events. Any
physical abuse to officials can result in expulsion from the
interscholastic League.

We are quick to criticize other cities for sportsman-
ship violations. Let's not leave ourselves open to criticism.
This is something for all to consider.

T&P Staff Changes Announced In Dallas

DALLAS—After 52 years of
railroading—from train caller to
presidential assistant—C. D. John-
son will retire April 1 from the
Texas & Pacific Railway Company.
President W. G. Volmer an-
nounced.

Volmer said S. L. (Buck)
Wright, executive general agent,
will assume Johnson's duties as as-
sistant to the president, New
Orleans.

Although Johnson has been top
executive in T&P's Louisiana
operations for seven years, all the
rest of his more than a half-cen-
tury T&P service was in West
Texas—43 of them in El Paso,
where Johnson plans to make his
home after retirement.

Review Shows Buyer Demands Drop On High Priced Butter, Meats

WASHINGTON —(P)—The gov-
ernment reported signs Friday that
its campaign to cut spending for
scarce foods is off to a running
start.

The Agriculture Department said
a review of market trends since
the first of the year shows wide-
spread resistance by housewives to
the high price of butter and choice
meat cuts.

Demand for meat in some areas,
the report said, has turned "slug-
gish." Consumers are showing more
interest in cow and chuck beef,
veal and lamb, less in steaks and
roasts from top grade steers.

Brakes On Inflation

In the dairy markets the demand
for butter fell off more sharply
than usual after the year-end hol-
idays, the department found. It
said high prices were a factor.
Secretary Anderson said self-ra-
tioning of this kind is one way to
put the brakes on inflation of food
prices.

Anderson said consumers should
be especially careful of their spend-
ing for meat because it is leading
the forward march of prices.

SKEPTICISM
While one man is saying, "It can't be done,"
someone is doing it. Folks are skeptical of things
they do not understand, never taking the trou-
ble to study them. Revolutionary inventions
have been scouted as impractical. Every new
discovery has its hosts of doubters, without the
expenditure of an hour's study, even a moment's thought, the un-
thinking boldly proclaim every new idea an impossibility because
perchance, simple as it may be, it is unintelligible to them.
The new is condemned, if for no other reason than its newness.
It is not unusual for some people to forget that these are days
of change, when scientific revolutions are effected overnight. Skep-
tics ask, "What possible assistance can be given disordered kid-
neys, liver, stomach or heart by CHIROPRACTIC SPINAL AD-
JUSTMENTS?"
Pulling the trigger of a gun is remarkably easy. Without a
knowledge of the latent force within the cartridge, its effect upon
any living thing within the line of fire might well appear incred-
ible. But to those who can reason from CAUSE to EFFECT, the
consequences are clearly defined.
So it is with the SPECIFIC CHIROPRACTIC ADJUSTMENT
... it immediately releases the latent force which is an inherent
part of all living organisms, stirring dormant matter to life and
action. And its value in the restoration of conditions wherein nor-
mal functioning of the various organs may be resumed is testified
by thousands of chronic invalids who have regained normal
health through its application.
TURN TO CHIROPRACTIC FIRST... NOT AS A LAST RE-
SORT. It gets QUICKER results. It DOES get sick people WELL.

Midland Survey To Be Launched Soon By B&PW

Delbert Downing of the Midland Chamber of Commerce, citing the shrewdness of the high cost of living to members of the Business and Professional Women's Club in the Scharbauer Hotel Thursday afternoon, endorsed the survey to be conducted by the B&PW education committee, headed by Miss Dick Looby.

The club voted unanimously to take the survey which will concern totals and not individual firms or people. The B&PW and the Chamber of Commerce hope that every Midlander will cooperate in this survey which will help the business of the community as well as of the nation.

Vice President Named
The club's business-luncheon also saw the naming of the executive committee of the Chamber of Commerce as vice president, Glenyth Herring as group activities chairman and Beverly Littlejohn as publicity chairman.

During a business session, under the direction of Mrs. O. M. Linton, the club voted into membership Merle Scott, Ruth Donnell, Aldie-belle Cannon and Margaret Larkin.

The year's total for new members was announced at 43, and thanks was given to Mrs. J. W. Christian and Juanita Collins of the membership committee.

More Than 250 Guests Attend Tea At Midland Country Club

More than 250 women attended a Valentine party given by Mrs. Frank Ashby, Mrs. George Turner, Mrs. Leland Davidson and Mrs. George Putnam Thursday afternoon.

Bridesmaid's Luncheon Feels Elma Jean Noble And Wedding Party

Mrs. Louis A. Bartha entertained with a beautifully appointed bridesmaid's luncheon honoring Elma Jean Noble, bride-elect of Ronald Jarrett, and her wedding party Thursday afternoon in her home, 112 Ridgely Drive.

Attractive decorations featured a Valentine motif. Guests inscribed their names in the bride's book upon entering the reception rooms decorated with bouquets of Italian flowers.

The table, spread with an Italian cut-work cloth, was centered with two large red satin hearts filled with nosegays of violets which were later distributed among the guests as individual corsages. Valentine cards marked the places of the guests.

The hostess presented to the honoree a gift of antique china, while the bride-elect gave Czechoslovakian cut-glass powder boxes to her attendants. Ernestine Gowan, Charlotte Kinsey, and Elma Jean Noble, the bride, and a special gift to Mrs. DeLo Douglas, who will sing at the wedding.

Those attending were the honoree, her mother, Mrs. Calvin N. Noble, two aunts, Elma Graves and Mrs. Charles Brown of Austin, Mrs. Walter R. Jarrett, mother of the bridegroom-to-be, and Mrs. Robert Goodrich of Fort Worth. Mrs. Douglas, Elma Anne Tolbert, Charlotte Kinsey, Ernestine Gowan of Shreveport, Mrs. William G. Noble of San Angelo and the hostess.

Presbyterian Women Hear Dramatization Of 'What Missionaries Do'

Mrs. C. E. Bissell was in charge of the third meeting Wednesday of the Women's Auxiliary of the First Presbyterian Church in their Week of Prayer and Self-Denial for Foreign Missions program.

The devotional, "Are we thankful for what the missions have done for us?" was presented by Mrs. John Drummond, and Mrs. Jack Hawkins sang two vocals, "A Zulu Lullaby" and "At the Gate of Heaven," accompanied by Mrs. Hugh Gilmore.

"What Missionaries Do" was dramatized by Mrs. Olive Ledebur, who portrayed Miss Pansy Griffin, a retired missionary who talks with three candidates for mission fields. The part of Miss Sarah Lacy, a teacher going to Brazil, was played by Mrs. Newell Ellis, Jr.; Mrs. O. D. Weaver enacted a nurse going to China, Mrs. Henry Nelson; and the wife of a missionary going to Mexico, Mrs. Bassett, played by Mrs. J. R. Martin, Jr.

Sayin' His Prayers

The earliest and often the most effective religious training a child receives is derived from the little prayer he is taught to say upon going to bed. He is proud when he learns to repeat it without his mother's prompting.

Some of the little prayers of childhood have become classics in many languages. Some have been embodied in song and story and have thus achieved lasting fame.

There is a story of a man who was rescued from tragic death, and later was asked how he felt during his experience. He said that in his excitement and fear he tried to pray, and the only words he could think of were "Now I lay me down to sleep."

Pity the child whose little feet are not thus firmly planted upon the rock of faith during his early and most impressionable years.

Parents face a great responsibility in the rearing of children. The task will be easier and the training more effective if they make the Bible their guide and seek the counsel and cooperation of the Church.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Sunday: Jeremiah 14, 15
Monday: Jeremiah 16, 17
Tuesday: Jeremiah 18, 19
Wednesday: Jeremiah 20, 21
Thursday: Jeremiah 22, 23
Friday: Jeremiah 24, 25
Saturday: Jeremiah 26, 27

Forming a typical scene in International Falls, Minn., during the current fuel shortage, a group of mill workers line up for their daily supply of fuel which they hope will carry them through until the morning. Buyers are having to shop from dealer to dealer in order to meet their needs.

South America Wants American Vacationers To Marvel-And Spend

By WILLIAM C. BARNARD
Associated Press Staff

South America, hungry for dollars, wants American vacationers but the \$500 tourist had better stick to Mexico or Central America.

On 500 bucks you can have a great time in Mexico City, Acapulco or Guatemala. In Rio or Buenos Aires the same amount of dough would melt like snow in Texas. You'd be counting your chips every night, wondering how to get back home.

Rafael Ordorica, Latin American trade representative from the International House, New Orleans, says Brazil and Argentina are in the forefront of countries courting American tourists.

Elaborate And Luxurious
The Brazilian government now is subsidizing some tourist bureaus and

Argentina is organizing one of its own.

Ordorica, slim, dark and alert Mexican-born, U. S.-educated and an American citizen, can wax eloquent in six languages over the beauty and the attractions of South America.

"Rio," he sighs, has white sand, blue sky, and green and russet hills that come right out of the emerald ocean."

Brazil has many spas and resorts, elaborate and luxurious. He cites one especially, Pocos de Caldas, a sulphur water spa in the mining state of Minas Geraes.

Not For Small Purse
And Argentina: "Two days by train south of Buenos Aires is Bari Loche, a region of resorts on glacial lakes where the towering Andes plunge straight down into the very blue and very cold waters. And six hours southeast of Buenos Aires is

Mar Del Plata with magnificent hotels, beautiful gambling casinos a spot for millionaires."

And Chile: "This country has gorgeous scenery and resort accommodations to match, but it has not yet discovered what a gold mine American tourists can be. It is not making much effort to attract them."

In Cuzco, Peru, high in the Andes, you can find the ruins of the Inca Indian empire; at Trujillo, Peru, you will discover 800 churches, two schools and no playgrounds. Bolivia has colorful attractions. But this is champagne-style traveling; don't try it on a shoestring income.

Who Said Classified Ads Aren't Carefully Read?

FULTON, MO. (AP)—The Sun-Gazette carried a classified ad with a mistake in spelling: "Wanted—man between 25 and 30 with an arc. It should have read car."

The next morning the newspaper received a letter which said: "You ask for a man with an arc. When do you expect the flood to come? We are anxious to know as we need the rain very bad. Thank you."

Expenditures for housing average about one-fifth of total U. S. capital expenditures.

COMMON SENSE...

McKenney on Bridge

By WILLIAM E. MCKENNEY
America's Card Authority

At the national tournament held in Atlantic City, N. J., I happened to pull up a chair behind Harry Carr to kibitz this hand. Carr is with Republic Studios in Hollywood and takes part in "wild west" pictures, such as "The Rustlers of Devil's Canyon."

It seemed to me that Carr could not get by with losing only two aces on this hand, but I saw one possible loser after the other fade away as he played.

The opening lead of the three of hearts was won in dummy with the five-spot. (If I had been on opening lead, I would have led the ten of hearts.) Carr saw that there was a lot of finesse to be done, and he needed entries. His next play was the three of diamonds, on which he played the ten from his own hand, and when

it held, he led the seven of hearts. West put on the nine and dummy's jack won the trick. Now the other diamond was led and the jack finessed, then the ace and king of diamonds were cashed.

Carr's next play was quite interesting. He led the four of spades and played the jack from dummy. East who had discarded two spades, went in with the ace and led back the seven of clubs. Carr finessed the ten-spot. West won and for want of something better to do, returned the six of clubs. East did not go up with the queen—he put on the eight and declarer's jack won.

Now when Carr played the king of hearts, East found himself squeezed. If he threw away the nine of clubs, declarer's king and three of clubs would become established. East held the clubs and let go another spade, so Carr cashed his king of clubs, led the queen of spades and overtook in dummy with the king.

His lead of the four of spades had made it impossible for East to stop him from getting a spade entry into dummy. When the hand was over, the opponents' only tricks were the ace of clubs and ace of spades.

Examination System Devised By TCU Prof

FORT WORTH (AP)—Dr. Newton Gaines has devised a new kind of examination.

Gaines, head of the physics department at Texas Christian University, says it is just as hard to think of a good exam question as to answer one.

So here's Gaines' idea: "When a student doesn't know the answer to an examination question, I give him the privilege of omitting it if he can write a better—or at least as good—question in its stead."

"Serious students like the system," said Gaines. "Poor students like nothing about exams—no matter what the system."

Stealing Freckles Is 'Bad' If They Can't Be Returned

By HAL BOYLE
NEW YORK (AP)—Where can you buy a freckle?

I need one bad. I'm in a jam. If I don't find one soon a little girl is going to be mad at me. She said I took it and haven't brought it back.

Other people's kids—they get me in more odd predicaments. But I don't have any children of my own, so I have to play with those that belong to other people.

Children do for me what music, books, movies, golf or gambling does for many grownups—that is, they lift me out of the world of worry and the high cost of living.

Critics who complain the modern world has lost the art of conversation must never talk to children. If you try to talk down to them, they quickly find you out and shut up. But if you can back the anchor off your adult imagination—what a wonderful realm you enter with them. Commonsense is nonsense, and nonsense is commonsense, and every sentence holds a surprise.

My games with children, however, usually put me in dutch with their parents, who complain later: "It took us hours after you left to quiet Junior and get him to go to bed. You get him over-excited."

The only deal with the younger generation I have come out ahead

in recently concerns the purchase of a dog by two children of some friends in Indianapolis. The kids earned the money themselves. But I made a small contribution to the fund, and another friend later put in some, too.

The kids bought a dachshund. It was so long they decided it needed two names. So they named the front end "Hal" for me—and generously named the back half "Charley" in honor of the last contributor.

Now, about the freckle. I playfully pretended to pluck it off the nose of this five-year-old girl after a visit a month ago.

Last week I called again, and she

crept up behind me and whispered in my ear:

"Please, I want my freckle back. I think it is lonesome for me. I really do want my freckle back. Please don't let it go. I won't forget."

The game of poker is an adaptation of an old Freeritean pastime which was played with only 2 cards and limited to four players

The Best Buy on Earth— IS THE Earth.

By SAM DAWSON

NEW YORK—(AP)—The business story takes on all the suspense of a soap opera Friday.

Will commodity prices continue to tumble? Will the long-suffering consumer get a break at last? Or is it just another of those "technical readjustments" the market experts like to write about?

You can draw almost any answer you want out of the day's news.

Is it the turn in the tide? Here are some items in the news that may bear on the case.

Retail volume declined across the country last week, Dun & Bradstreet reports Friday, but still stayed a little above a year ago.

Pot Roast Skyrockets

New York butchers are asking as much for pot roast as they are for steak. That's because housewives and restaurants have been turning to cheaper cuts. Now they're no longer cheaper. Steaks are down a little.

New Yorkers are paying \$1.01 a pound for butter, the record price. The Associated Press wholesale commodity price index, at a record high January 9, slumped Thursday to levels of last November. That's still quite high.

Babe Ruth, 53, Will Celebrate Saturday

MIAMI BEACH, FLA. — (AP) — Babe Ruth is 53 years old Friday, but won't celebrate until Saturday. The home run king, recuperating at a hotel cottage here, will be honor guest at a small party Saturday night. Ruth, accompanied by Mrs. Ruth and a male nurse, arrived by train from New York Wednesday. He spent Thursday resting from the trip and taking an automobile ride along the ocean front. He expects to be here until about March 15.

Bulldogs To Play Lamesa

The Midland Bulldogs and the Lamesa Tornadoes collide in a 3-AA basketball game at 8 p. m. Saturday in Midland's gym. There will be a "B" game warmup at 6:30 p. m.

The varsity game is one which was postponed from January 27 because of bad weather. Previous engagements between the two teams have resulted: Lamesa 31, Midland 24; Midland 27, Lamesa 22.

Lamesa is sparked by Don Hoover, red-hot forward, and Wally McNeill, a sophomore flash and newcomer. Midland will depend on its war horses: Leonard (Hot) Harris, Larry Messersmith, Fred Dunn, Dicky Jackson, Herman Hankle, Don Hambel, Dunny Goode, Al German and Frank Shepard.

146 Money Men Tee Off Friday In Texas Open

SAN ANTONIO — (AP) — Golf's money men slashed at Brackenridge Park's soggy three miles Friday in the opening round of the \$10,000 Texas Open. Not even rain and cold gave par a breathing spell.

Bobby Locke and his mighty putter got the favorite's call, but the field was bulky and brilliant and the short course enhanced the chances of the lesser lights in the 72-hole scramble.

Locke was among the almost two score players who cracked par 71 figures Thursday in a mass assault by a bulging field in the annual pro-amateur. The methodical man from South Africa chipped in with a 69.

There were 146 teeing off Friday morning. Elroy Marti, Houston pro whose seven-under 64 led the pro-amateur field, was among the late starters.

Marti Low Thursday
More than 300 played in the pro-amateur, which was run off on two courses—Brackenridge's 6,400-yarder and Fort Sam Houston's 6,332-yard layout. Seven hundred dollars was distributed to the winning pros.

Marti earned \$200 by being low man for the day and teaming with Jack Berry, San Antonio amateur, for a best ball of 61. Joe Brown of Des Moines, Iowa, and Johnny Bulla of Phoenix, Ariz., each got \$75 for sparking their teams to a best ball of 62.

Over at the Fort Sam Houston course, Professionals Sam Bates of Virginia Beach, Va.; Harry Dee of Suffern, N. Y., and Otto Greiner of Baltimore each won \$100 for being on teams with a best ball of 66. Greiner's three-under-par 69 gave him the \$50 prize for low man on the course.

Eighteen holes Friday and a like number Saturday will cut the field to 60 low scorers and ties for the final 36 Sunday.

Midland Takes One Meet Crown

ODESSA — Midland topped one championship in the first annual grade and high schools boxing tournament ending here Thursday night. Duane Bush won by TKO over Bob Hunter in an all-Midland final in the 142-pound class.

Two Midlanders were knocked out in the final bouts. Joe Davis of Midland was dropped in the second round by Jimmy Bancroft of Monahan in the 126-pound class, and Thomas Friday of Midland succumbed to Rex Maxwell in the 135-pound class.

Little Terry Gayle, 80-pound Midland grade schooler, was declared in the finals of his division.

Bears, Porkers Clash In Vital SWC Cage Games

By The Associated Press
The congested lead in the Southwest Conference basketball race is due some relief as two of the top three teams, Baylor and Arkansas, open a two-game series Friday night at Waco.

Four other conference teams also see action Friday night. Southern Methodist meeting Texas A&M in College Station and Texas Christian playing Rice at Houston.

Both Baylor and Arkansas boast undefeated records in conference play. The Bears have won six straight and Arkansas four in a row.

Texas Wins Another
Texas the other undefeated leader, won a 62-32 decision from Southwest Texas State Thursday night in a non-conference game play for the benefit of the March of Dimes.

Saturday, Texas Christian switches over to College Station to meet Texas A&M, and Southern Methodist invades Houston to meet Rice.

Either Arkansas or Baylor can go a long way toward eliminating the other by sweeping the series, while a split would make Texas the lone pace-setter.

Western Contestants Sweep Skating Events In Winter Olympics

ST. MORITZ, SWITZERLAND — (AP) — Rhythmic Barbara Ann Scott, Canada's darling of the ice, won the women's figure skating championship in the fifth Winter Olympics Friday—giving the Western Hemisphere a sweep of skating titles that have been the exclusive property of Europe.

Her victory followed by only 24 hours that of Richard Button of Englewood, N. J., in the men's competition.

The games—with only two more days to go—produced these other developments:

Bobsledders Show Well

1. Sweden's stout-hearted distance men pushed that country ahead of Switzerland in the see-saw race for the lead in team standings, with the United States holding a strong third.

2. Nils Karlsson of Sweden won the 50-kilometer (31-mile) ski race in three hours, 47 minutes and 48 seconds.

3. America's daring bobsledders kept the United States' late rally alive with top showings in early heats of the dangerous four-man bobsled race.

Benefit Dance Is Slated Saturday

A benefit dance will be held Saturday night in the City-County Auditorium under the sponsorship of Latin American citizens of Midland.

The proceeds will be divided between the Midland Memorial Hospital campaign and the March of Dimes drive. Tickets are on sale at the Chamber of Commerce.

Bob Williams and his Midland Playboys will furnish the music.

White persons are invited to attend the event.

COTTON

NEW YORK — (AP) — Cotton futures at noon Friday were 25 cents to \$1.35 a bale higher than the previous close. March 33.80, May 33.71 and July 33.18.
