Overshoots Landing Area

CAPE CANAVERAL, Fla. (AP)—Astronaut Malcolm Scott Carpenter successfully orbited the earth three times today and then—after a harrowing 35 minutes when it was not known whether he had survived the re-entry—he was sighted sitting in a life raft in the Atlantic Ocean.

A Navy P2V Neptune bomber flashed the word that Carpenter apparently was all right after spotting him in the raft some 135 miles northeast of Puerto Rico. Floating nearby was the Aurora 7 spacecraft which had carried Carpenter three times around the globe in 9 hours and 56 minutes at 17,332 miles an hour.

The Neptune reported it was circling the raft and said that Carpenter was "sitting upright." There was no immediate report on his condition, but the plane said he appeared to be okay.

As he passed over Cape Canaveral just before entering the third orbit, he attempted to jettison a balloon which he had towed behind the capsule for one whole orbit. However, he reported the jettison switch failed to operate and he was unable to release the 30-inch sphere.

Phoumi Is Told To Quit Some Posts

By ANTOINETTE YARDE (AP)—VIENTIANE, Laos (AP)—Royal government officials reported today that the United States has demanded Gen. Phoumi Nosavan, strongman of the pro-Western Vientiane regime, resign his Cabinet posts.

Phoumi, vice premier of Prince Boun Oum's government, controls the royal armed forces as defense and interior minister. The Kennedy administration blames him for blocking negotiations to set up a coalition government in Laos under neutralist Prince Souvanna Phouma.

Way Cleared For Refugees

By JOHN M. HIGHTOWER (AP)—WASHINGTON (AP)—President Kennedy has cleared the way for the admission to the United States of thousands of refugees from Communist China.

British authorities have turned back more than 50,000 hungry refugees since May 1. From 4,000 to 5,000 crossed over early today and were detained.

Asked why he thought the mass outpouring of the last few weeks had developed, Kennedy cited a combination of factors, including a severe food shortage and possibly political considerations.

Eichmann's Lawyer Returns To Israel

TEL AVIV, Israel (AP)—Dr. Robert Sevattias, Adolf Eichmann's West German lawyer, returned to Israel Wednesday night to hear the verdict on the former Nazi officer's appeal from the death sentence.

The courtroom, packed with sympathizers of Salan and the Secret Army, broke into a moment of mourning at the announcement by the president, Charles de Gaulle, that the tribunal had found circumstances to extenuate Salan's leading role in the abortive general's revolt in Algiers in April 1961 and his leadership of the Secret Army thereafter.

Gen. Salan's Life Sentence Is Regarded As OAS Victory

PARIS (AP)—A special tribunal's sentence of life imprisonment for ex-Gen. Raoul Salan was interpreted by many Frenchmen today as a victory for the terrorist Secret Army.

Some observers anticipated violent street demonstrations from the extreme left.

### Four Texas Women Win Awards

WASHINGTON, D. C. — The first awards to potential college faculty work announced today by the American Association of University Women Educational Foundation. Fifteen women from seven southern states will receive tuition grants and personal stipends for graduate study leading to master's and doctor's degrees, and in one case for post-doctoral review courses.

Financed by a \$225,000 grant from the Rockefeller Brothers Fund, the Association's College Faculty Program is designed to encourage nature college women to enter a career in higher education. Planned over a three-year period as a demonstration program in 11 states, it is open to residents of Alabama, Florida, Georgia, Kentucky, Louisiana, Mississippi, North Carolina, South Carolina, Tennessee, Texas and Virginia. Graduate schools of regionally accredited colleges and universities enrolling students in this program will receive cost-of-education subsidies.

Of the 1962-63 recipients, who will begin their studies in the fall, all but one are mothers, many with three to five children. Their fields of study range from mathematics, psychology, and plant pathology to English and home economics. The awardees, most of whom are now employed, are between the ages of 34 and 50 years.

Doris S. (Mrs. Glenn A.) Andrews, Houston, will attend the University of Houston to work for Ph.D. in Education. Currently a homemaker and mother of two children, she has been employed as a computer and zoologist assistant. She has also been a research assistant on radio and radar equipment for high-speed aircraft.

Kathryn (Mrs. Donald N.) Clafin, Houston, will attend University of Houston to earn M. A. in Psychology. She is an elementary school teacher, and mother of three children.

Dorcas M. (Mrs. Harold Thomas) Skaines, Houston, will attend the University of Houston to work for Ph.D. in Education. Currently employed as a speech therapist, she also taught brain-injured children. Mrs. Skaines has four children.

Jean Beal (Mrs. D. E.) Richmond, Dallas, will attend Texas Christian University to work for Ph.D. in Mathematics. Currently a homemaker and mother of one child, she has worked in computer programming.

## Tips On Storing Chemicals

Can the gardener tell which of last year's sprays and dusts to keep and which to discard this spring?

It's almost impossible to tell from appearance alone a rick's packages have been left opened or damaged in an obvious way.

Some dusts, such as pyrethrum, may keep their potency only two or three months after the package is opened. Other preparations, DDT for example, can remain effective up to three years after the first use.

Since most pesticides and fertilizers do not carry a "life expectancy" statement on their labels, the homeowner's best bet is to take a few simple precautionary steps when using and storing garden chemicals. The home storage staff offers these tips:

1. Remember that air is a destroyer of chemical strength. Bottles and bags should be tightly sealed after first use. Buying excessively large containers of such items as bottled sprays may prove uneconomical in the long run, the company cautions, since potency may be dissipated long before the spray is completely used.
2. Light and heat are other enemies of most preparations. Store them in dark or shaded cool areas, as a precaution. Brown

glass acts as a substitute for darkness in most bottled concentrates, screening out damaging light rays.

Placing smaller bottles and boxes high up on open shelves in an unheated, unlit garage or basement is best for season-to-season storage. "The cooler they are, the longer they last" is a good rule to follow.

3. Almost all lawn and garden chemicals are poisonous and should be kept from the reach of children or pets. Pesticides, for example, are reported to be fourth among items having toxic effects on children. Cracked bottles or leaking bags should be thrown out, or have their contents transferred to another container. The new package with all important data.

These and other storage steps will prolong the life of garden chemicals. Well-planned summer and off-season is another key factor in the life expectancy.

Open shelves allow air circulation and keep items within reach and vision, as well as being easily movable. Steel units, such as those seen in most hardware and garden stores, also be placed most anywhere around the home, and added to as more equipment is accumulated from year to year.

When shopping for shelving, we advise gardeners to look for units no more than six feet high, shelf depths of 12 to 18 inches are recommended for garden equipment. Shelves should be easily adjustable for various size items, and must resist so the units can stand moisture and weather exposure year round.

### Woman's Culture Club Closes

The Woman's Culture Club closed its season Tuesday afternoon at the Martha Ann Clubhouse with Mrs. Elna Rollins as hostess.

Mrs. Jodie Hyman, president presided.

Mrs. S. A. Tibbits offered a prayer, and as secretary gave a yearly report on the donations the club had made this year.

A motion was made and carried for a check to be sent to the A.P.S. Fifteen members and one guest were served refreshments by the hostess.

**A TRIO OF FLAVORS**—Onion, lemon and cheese — combines to give chicken a lift.

### Use Onions Without Tears

By CECILY BROWNSTONE  
 Associated Press Food Editor

NEW FOOD products come and go, but we are reasonably sure that instant minced onion is here to stay.

This culinary newcomer began to catch on several years ago, and now a good many companies market it. It's routinely found on shelves with spices and herbs and other flavoring ingredients.

What is instant minced onion? Finely chopped dehydrated onion that can be used "as is" instead of minced or chopped fresh onion. It has a fine natural flavor. Nothing, thank goodness, has been added.

If you dislike peeling and preparing fresh onion, this product should enthrall you. You can dump it into soups, stews, sauces, gravies, meat loaves, stuffings. The liquid in these dishes will rehydrate it.

Is a tomato sauce flat tasting? Add instant minced onion to it. Try it in mushroom soup that comes from a can or package. It can point up flavor in the nick of time.

How much to use? Opinions vary, so you may want to experiment. Some cooks use a tablespoon of instant minced onion; others use a tablespoon as the equivalent of a medium onion. Or you can consider the matter

this way: a tablespoon of instant minced onion is the equivalent of a quarter cup of minced fresh onion.

We tried the onion in this chicken dish recently, and our tasters heartily approved.

**Good And Easy Chicken**

1/4 cup butter or margarine  
 1 broiler-fryer (2 1/2 pounds ready-to-cook weight) cut in 10 pieces.  
 Salt  
 Paprika  
 2 tablespoons lemon juice  
 1 teaspoon grated lemon rind  
 1 tablespoon instant minced onion  
 1/4 cup grated Parmesan cheese

Melt butter in baking dish into which chicken pieces will just fit in one layer—about 1 1/2 by 9 by 2 inches is a good size. Sprinkle chicken with salt, pepper and paprika; roll in butter in baking dish and arrange skin side up. Bake in hot (400 degrees) oven 25 to 30 minutes without turning. Brush with lemon juice; sprinkle with lemon rind and onion. Cover and bake 25 to 30 minutes longer until tender. Uncover and sprinkle with cheese. Makes 4 servings.

# LIGHTEST MEXICO

BY JOHN ABNEY

MEXICO CITY—Here in the land of the Aztecs, the latest cure fad is the Japanese magnetic bracelet. Give one to your rheumatic aunt for her birthday, startle the boss if he is ill tempered.

It is absolutely authentic, and cures everything. Whether you have everything or not.

This intelligence comes from Mr. Charles Gupilli, chief pilot of the new English language daily, The Mexico-City Times. Mr. Gupilli did some research into the matter and reports magnetism is now the rage.

Merchants are doing a brisk business in the bracelet field. All prices. The twelve dollar jobs turn green in the morning. Along with Power and Christmas, the Mother of pearl on the magnetism bracelet.

Mr. Gupilli reports a neighbor lady of his wears one of the pearl-ed over curves. And she says she sleeps like a baby these days and nights.

"Naturally, I do not believe in this magnetism hokum," she said casually. "I merely wear the bracelet because I feel better."

And following Mr. Gupilli's directions, your next correspondent gives me the chills, which is bad enough. But on the fourth bill, the matador began making very unemotional passes. Everyone was shouting and cheering. He made a very emotional kill and the place went wild. The lady behind me got so unemotional she stabbed me in the back with her umbrella and almost killed me.

"By the time I got home, I had a terrible case of lumbago and could hardly walk. My wife borrowed a magnetic bracelet from her cousin, who had just bought it, and made me wear it all night. The next morning, I was cured. And now," he said majestically, "I dedicate myself to the sale of magnetic bracelets."

In addition to these testimonials, the magic magnets cure any number of gastric disorders and other curious ailments. Also, they cause elderly gentlemen to react like cats that have just eaten a large helping of catnip.

Naturally, such positive results have made the Japanese bracelets extremely popular. The Health Ministry wrote to Japan and asked what made magnets operate in such fashion. The Japanese wrote back it was the first they had heard of such a thing and where could they buy some? Sort of like the Danish pastry you find only in New York.

Personally, I suffer from a rare disease. And I get temporary relief from this illness when I stop punching typewriters and go lie in a hammock on a tropical beach somewhere. So I thought of buying a bracelet.

Mr. Gupilli observed that it would be a shame to cure such a disease and said the manner in which I was treating it sounded much more intelligent. And he said, possibly I was not aware that the magnets were also good luck. I was not.

Well, he said, it was a fact because a friend of his in Alcoholics Anonymous wore one for a raffie the other night and picked up a prize. A book called "The Bartenders Guide to Mixed Drinks." Mr. Gupilli was convinced of the magnetic business.

"Am I to assume, Charlie-gid boys that are buying one of these curies?" I asked.

"Me?" he said in a startled manner. "Why I am on my way to Tlalapan de la Sal and the hot mineral waters. Now there is a cure for you."

Whether you have it or not.

## Battle Of Shorts Waged

HIGHLAND PARK, Mich. (AP)—The nakedness of a knee was fraught with social significance at Highland Park Junior College today.

Bermuda shorts have become a touchstone of undergraduate dignity. Wednesday, 400 of the college's 1,000 day students wore the shorts in defiance of a new school rule.

The location of the college across the street from Highland Park High School lies at the base of the social drama in the Detroit suburb.

"We are told we are setting an example for students at the high school," said college freshman Jake Ferrineno, 19.

The bare-legged demonstrators one fellow wore kilts—painted a grim picture of their daily academic grind including no penmanship, no smoking indoors, no dancing the charleston in stocking feet.

The students rebelled at the anti-Bermuda regulation and used bare legs as "a symbol of student protest," said Terry Roach, 19 (the one in kilts).

The word was out today that students in shorts will be barred from class. "If we back out now," said Roach, "it will look as if we haven't the courage of our convictions."

## Lao Neutralists In Visit To Poland

WARSAW, Poland (AP)—Nine members of the Laos neutralist high command began a seven-day visit to Communist Poland on Wednesday.

The military group, which has been touring Eastern Europe, was headed by Lt. Gen. Kong Le, 28, commander of the Laos faction led by Prince Souvanna Phouma.

## Nuclear Sub Fires 2 Polaris Missiles

CAPE CANAVERAL, Fla. (AP)—The nuclear submarine Thomas Edison fired two Polaris missiles from below the Atlantic surface Wednesday. Both traveled more than 1,500 miles and both shots were declared successful.

The firings, about two hours apart, were the first for the Edison.

## P-A-G HYBRID SORGHUMS

stand up in the field... stand out in yield!

The combination of standability and yields rates high with sorghum producers. Strong stalks, healthy roots, and bred-in resistance to lodging have earned P-A-G sorghums the reputation for being "up" when harvest time arrives. The large semi-compact heads dry quickly in the field for easy combining. High yields of plump grain will bring you top sorghum profits. I have a good supply of adapted seed and would appreciate the opportunity to serve you. Plant P-A-G hybrid sorghum.

## Dick Donovan Still Enjoys 'Good Luck'

By JIM MACKLEMAN  
Associated Press Sports Writer  
Remember the hard-luck Dick Donovan of just a year ago, who that disheartening string of five successive one-run losses? His luck is a little better this season and so's his record—4-0.

The right-hander became the first eight-game winner in the majors Wednesday night when the Cleveland Indians cut loose with another eleven-hour home-run attack and overpowered the Chicago White Sox 5-4. Pitching rookie Al Laplow and Chuck Essegian connected back-to-back in the ninth inning as the Tribe won for the third time in a week with ninth inning homers.

By winning the squeaker, Cleveland remained a half game behind the top-place Yankees, who buried Kansas City 13-7 with a nine-run eighth inning triggered and capped by rookie Joe Pepitone's home run blasts. Boston beat Minnesota 4-1 and dropping the Twins to third, one game back. Washington whipped Los Angeles 7-2, while Detroit and the Orioles were rained out at Baltimore.

Donovan was tagged for 10 hits, one a two-run homer by Al Smith in the first, but singled in one run himself as the Indians stayed close to the White Sox all the way.

Don Zanni, who had pitched strongly in relief of Juan Pizarro, was the victim of Cleveland's uprising in the ninth. Laplow led off with his scoring-time homer into Comiskey Park's lower left field deck and Essegian promptly zeroed in on the same sector with his 11th of the season. Pepitone and fellow rookie Phil Linz, both fill-ins for the injury-hobbled Yankees, produced handsomely in the explosive rout of the A's. Held to four hits by Dan Pflister and trailing 7-4 going into the last of the eighth.

Pepitone kicked off the rally with a homer and climaxed it with another with two aboard, becoming the 15th major leaguer to homer twice in one inning. Linz took over at third after Clete Boyer was hit on the wrist by a pitch in the third, homered in the seventh with one on for his first hit in the majors, and sent the Yanks ahead with a two-run sin-

gle in the big ninth. Tex Clevenger, called up from the minors Tuesday, was the winner with one inning of relief and Diego Segui took the loss. Jimenez whacked a homer for the A's. The Red Sox put a halt to their eight-game skid behind the seventh-pitching of Earl Wilson and Dick Radatz. Gary Gelfer had a homer and double in Boston's 13th hit offensive against Don Lee and two Minnesota relievers. Ed Bressold also homered. Rich Rollins' homer accounted for the Twins' lone run.

Pete Burnside pitched a nine-inning game for the last-place Senators, who broke away from the Angels in the first three innings with seven runs, four of them unearned. Ted Bowfield was the losing pitcher.

## High School Teams Battle In Playoffs

By The Associated Press  
Texas high school baseball teams vie for eight berths in the state schoolboy tournament this week.

Class AAAA has Odessa, Lubbock Monterey, Dallas Kimball, Lufkin, Houston Bellaire, Pasadena, Corpus Christi Carroll and Waco left. The Corpus Christi team beat Waco Tuesday 1-0 in the opener of a three-game series.

In Class AAA, Seminole, Colorado City, Richardson, Carthage, Jasper, El Campo, San Antonio Lee and Kingsville are bidding for four spots in the state tournament at Austin June 5-6. Lee beat Kingsville 6-0 in the start of their playoff Tuesday.

All regional championships must be determined by next Wednesday.

In the regional rounds this week, they're matched like this: Class AAAA—Odessa vs. Lubbock Monterey, Dallas Kimball vs. Lufkin, Houston Bellaire vs. Pasadena, Corpus Christi Carroll vs. Waco.

Class AAA—Seminole vs. Colorado City, Richardson vs. Carthage, Jasper vs. El Campo, San Antonio Lee vs. Kingsville.

## Phillies Cut Another Length Off San Francisco's Bulge

By MIKE RATHET  
Associated Press Sports Writer  
Philadelphia's slip-top Phillies, rejoining the National League's more respected members for the 1962 campaign, have continued San Francisco's skid and cut another length off the Giants' bulge in their tightening pennant race.

Playing solid ball, after shaking off the effects of last year's disastrous 23-game losing streak and a last-place finish 46 games back, the Phillies thumped the league-leading Giants 10-7 Wednesday night.

It was the third consecutive loss for the Giants who up until a week ago were pulverizing the opposition with 17 victories in 20

games and had built a 4½-game lead.

New the Phils, striving to climb into the first division of the expanded 10-club circuit, have cut the Giants edge to 1½ games while moving into a virtual tie for sixth place.

The Los Angeles Dodgers moved into second place with a 3-1 triumph, over the New York Mets behind Don Drysdale's fourth-hitter. St. Louis, its six-game victory string ended by a 6-3 loss to Pittsburgh, dropped into third, 2½ back.

Houston blanked fourth-place Cincinnati 2-0 on Ken Johnson's three-hitter and Milwaukee beat the Chicago Cubs 4-2 as Warren Spahn posted the 31st triumph of his career with a five-hitter.

Tony Taylor and rookie Ted Savage each stroked a double and two singles, scoring three runs apiece, to pace the Phillies' 12th outburst against Mike McCormick (1-2) and four successors. Art Mahaffey (4-5) started for the Phils, allowed only four hits through six innings, but had to leave when his arm stiffened.

The Giants battled back with three runs each off relievers Frank Sullivan and Jack Baldschun but fell short.

The Dodgers cracked a 1-1 tie in the eighth. Ron Fairly's sacrifice fly knocked in the winner before Frank Howard's grounder added an insurance run. The victory was Drysdale's sixth against three losses. Roger Craig (2-5) went the distance, allowing 11 hits.

The Pirates jumped on Larry Jackson (4-5) for four first-inning runs. Ken Boyer homered for the Cards and Bill White went 4-for-3

## Palmer Says Oakmont Course Going To Be 'Awfully Tough'

By WILL GRIMSLEY  
Associated Press Sports Writer  
OAKMONT, Pa. (AP)—"She's a monster," Arnold Palmer said after coming to friendly grips with his next major golf antagonist—the Oakmont Country Club.

This piece of real estate, which in the western Pennsylvania hills is the site of the 62nd National Open championship June 14-16, Palmer drove the 42 miles from his home in Latrobe, Pa., to play the course for the first time in four years.

"She's going to be awfully tough," golf's leading money winner and prime tournament favorite said after a scrambling 18 Wednesday. "I'm having to revise my estimates. Originally, I said 275 would win the open here. Now I believe it'll be nearer 300."

Palmer scored the 68th yard par 71 layout with his professional father, Milfred (Pap) Palmer and two Latrobe neighbors, Harry Saxman and Ken Boszman.

"I didn't keep a score but I

must have shot an 80," he said afterward. "I'll play it again later this week more seriously. I should get a better idea then."

He complained to Frank Hamman, a member of the U.S. Golf Association staff and one of the spectators, about the long glass cut of the fairways on some holes—particularly the 10th, 11th and 12th and the first and second on the outgoing nine.

The fairways offer a large target to the short hitters but taper to as little as 30 yards in the

area where the game's longer drivers, such as Palmer, Jack Nicklaus and Sam Snead might hit the ball.

"I don't see the reason for continually penalizing the long hitter," Palmer said. "Normally, it's the long hitter who is wild and the short hitter who is accurate. But some of these holes make it impractical, if not impossible, for the hitter to attack."

Palmer praised the condition of the course, saying "it's in wonderful shape."

## NFL Votes Pay Raise For Rozelle

NEW YORK (AP)—The National Football League has extended another solid vote of confidence in Commissioner Pete Rozelle by voting him a \$10,000 bonus and boosting his salary \$10,000 to \$60,000 a year for five years.

In less than two years, the successor to the late Bert Bell has led the league to a clear cut court victory over the rival American Football League and helped clear the way for a new \$2.5 million 2-year single network (CBS) television deal.

As a result of the court victory the league no longer lives under the shadow of a huge damage action. Under the new TV contract each club is expected to get \$200,000 a year from the TV rights.

"We have no further expansion moves in mind until our two newest clubs (Minnesota and Dallas) are soundly well off the ground," said Rozelle, when asked about the future.

## Chicago Is Likely Scene Of Fight

By MURRAY ROSE  
Associated Press Sports Writer  
NEW YORK (AP)—If you've been wondering, or even worrying, where the Floyd Patterson-Sonny Liston heavyweight title fight will be held, you can relax now. Ninety-nine per cent sure says Tom Bolan, president of Championship Sports Inc., appointee promoter by the champion himself, Floyd Patterson.

"Unless something comes out of Chicago is the place," said Patterson at a press conference on Wednesday evening. Patterson has the right to be skeptical since the night before he thought it was all set for Detroit.

"But at the last minute I discovered that the people in Detroit were figuring on having local promoters to help stage the fight."

"I immediately said that was impossible because Championship Sports Inc. will be the sole promoters," said Patterson.

The only hitch that has to be overcome in Chicago, according to both Patterson and Bolan, is to get a reasonable rental for either Soldier Field or Comiskey Park.

"If they should ask us for a rental of \$200,000 or \$300,000 or \$400,000, then it's something else again," said the champion.

Patterson is partial to Chicago. It's the city where he won the then vacant heavyweight crown by knocking out Archie Moore in 1956 and it's the site of boxing's richest night—the \$2,650,000 pulled in by Jack Dempsey and Gene Tunney for the famous long count battle in 1927.

"The fight is a cinch to gross about a million and a half in Chicago," said Tom Bolan. "We ought to do at least four or five million more with closed circuit television and the rest of the ancillary rights."

## Ex-Champs Are Falling

RICHMOND, Va. (AP)—The ex-champions began meeting their Waterloo today in a Southern Women's Amateur Golf Tournament that after two rounds of action has yet to produce one bona-fide upset.

Five former winners still were around as the tournament reached the round of eight. Today they started doing battle with each other.

Two such collisions of champions spotlighted the quarter-finals program at the James River course.

Six-time champion Polly Riley of Ft. Worth, Tex., met 1956 champion Mary Ann Dowley of Baltimore, and tournament medalist Mrs. W. K. Scripling Jr. of Ft. Worth played Marge Bruns of Greensboro, N.C. in upper brackets.

## NBA Lineup Is Muddled

NEW YORK (AP)—San Francisco is in, but still faces a fight; Philadelphia is out, only after a fight; and no one seems to know about Baltimore.

That's the situation in the National Basketball Association today after the league's board of directors spent another all day session discussing sales, transfers and expansion.

The major development was league approval of the sale and transfer of the Philadelphia Warriors to San Francisco for the 1962-63 season. It leaves Philadelphia, long an NBA stronghold, without a professional team.

## Suggs, Berg Battle Set

DALLAS, Tex. (AP)—Louise Suggs of Atlanta and Patty Berg of Minneapolis are set for their predicted battle for top money in the \$10,000 Civitan Open that starts here today.

Although Miss Suggs has played in only a couple of golf tournaments along the women's tour this year due to illness, she is in the top 12 money-winners.

She has taken first money in the past three Civitan Opens.

Carpenter Welcomed Astronaut Selection

By HOWARD BENEDICT
CAPE CANAVERAL, Fla. (AP) - When Malcolm Scott-Carpenter was selected in 1959 as one of the seven Mercury astronauts, he was thought to be rescued from what he considered a "boring" assignment—a two-year tour of duty on an aircraft carrier.

...ment—a two-year tour of duty on an aircraft carrier.
...On the carrier, he would face long periods away from his family and the disappointing prospect of a postying job—the Mercury program arrived just two days before the ship was to depart San Diego.
...When the carrier command asked him what he was going to do, Carpenter replied: "I'd like to see some of an Atlas three times around the earth."
..."I remember being a little amazed at my own words," Carpenter said recently. "I knew I'd be about the program then. By now I know a good deal more, but the whole idea still fits me well."
...Carpenter, 37, a Navy lieutenant commander, was thrust suddenly into the pilot role for the second time last March 15 when it was disclosed that the chosen astronaut, Air Force Maj. Donald K. Slayton, has minor heart trouble. Carpenter had been backup pilot for Major Col. Min H. Chou on the orbital flight on Feb. 20.
...The handsome, crew-cut Carpenter has been a vital member of the astronaut team—the specialty is navigation and communications. And he has worked intensively with engineers and technicians to develop a foolproof communications system for the Mercury capsule.
...Carpenter is an exemplary citizen now, but it took him a little time to find himself. He said recently that his first year here was a drifter and "sort of a no-go" in his home town of Boulder, Colo., where he was born May 1, 1925.
..."I had to quit high school football because I couldn't devote myself to learning the plays," he said. "I stole things from stores, and I was just drifting through, sort of a no-go."
...After high school graduation in 1943, he enlisted in the Navy and got a start on his flying career in the Navy V-3 flight training program.
...After World War II, he entered the University of Colorado but had trouble adjusting and twice was flunked out of school.
...He became a laborer in Boulder, but not long afterward, when he was 20, he had an auto accident, which changed his whole life. He was unconscious for four days, and during a two-week convalescence in the hospital he decided to return to college.
...He came within three credit hours of earning a degree in aeronautical engineering from Colorado in 1949 but encountered difficulty with a course in heat transfer. Before he could pick up the credits, he courted and married the wife, Rene, also a Colorado student, and rejoined the Navy.
...After graduation from the Navy test pilot school in 1954, Carpenter began the dangerous job of working the links out of some of the nation's newest, fastest-fighting planes.
...Rene, a pretty blonde, recalls some anxious moments when he was a test pilot at Patuxent River, Md. She said she was nervous every time he didn't show up at 6 o'clock sharp for dinner.
...But she says they have discussed the dangers of his job and have learned to live with them. They spend little time worrying—even about the hazards of space. Carpenter and Rene, who also is from Boulder, are very close and write lengthy letters to one another when separated. He writes in detail about his Project Mercury work and once penned 11 pages.
...Soon after he had gone to Washington for one of his first assignments as an astronaut, Rene wrote him: "I think you were born for this and God knows I'd rather have you in space than at sea—I'm so darn happy and proud of you."
...With four children, they have the largest family of any of the astronauts. The youngsters are Mark Scott, 12, Robert Jay, 10, Kristine Elaine, 6, and Candace Noxon, 5. A fifth child, a 6-month-old son, died in 1951.
...Green-eyed Rene, fulfilling a long-time desire, came to nearby Cocoa Beach with the children to be close when Carpenter is rocketed toward space. This is the first astronaut family to be in the Cape area at launch time.
..."There's nothing at all like it," Rene says, "in sitting on the beach and watching the children and the parents' attitude of the crowd."
...She said her husband wanted the sons, Scott and Jay, to witness the launching first-hand. Although daughters are not as space-conscious, he wanted them to be nearby also.
...Carpenter is devoted to the children and spends as much of his free time as possible with them at their home at Lanes Air Force Base, Va. His hobbies are skin-diving, archery and water skiing.
...He is an Episcopalian who has "an abiding faith which sustains me at all times."
...Closing Date Is Set For 'My Fair Lady'
...NEW YORK (AP) — The musical "My Fair Lady" ends its record-breaking Broadway run July 7.
...The definite closing date was set Wednesday by producer Herman Levin. Since opening March 15, 1956, the show will have played 2,821 performances, been seen by 24-million people and grossed almost 20 million dollars.
..."My Fair Lady" broke the previous White House musical record of 2,212 set by "Oklahoma!" last July. Subsequently it became international, including a triumph by besting the London record of 2,238 performances set by "Oklahoma!"

## TOP TV TONIGHT

By BUD EVANS

9:00 CBS "Breaking the Trade Barrier". President John F. Kennedy and former President Dwight D. Eisenhower will outline the challenge and the promise of Free World trade in a wide ranging report on his controversial issue. This sixty-minute report was filmed in several of the United States, as well as Europe and Asia.

### OTHER HIGHLIGHTS

8:30 NBC "Outlaws". A weekly payroll shipment, believed invaluable to robbers, becomes the target of an outlaw who works with a desperately poor dirt farmer and a naive young man. Gerald Mohr, "Vic Morrow" and Wright King are seen in "No Luck on Friday".

7:30 NBC "Dr. Kildare". Guest star Mary Astor portrays the wife of a man whom Dr. Kildare tries to bring back from insanity. Sidney Blackmer costars in the role of the patient, a former doctor who subscribes to the experimental use of a new drug in the cure of long term psychotics.

7:30 ABC "The Real McCoy". Grandpa is distressed when it seems his friend George is allergic to the checkerboard on which they play. Things get even worse when the allergy is proven to come from corn instead.

8:30 NBC "Hazel". When a summer heat wave causes the mailman to linger at the home of another maid because her house is air conditioned, Hazel tries to convince her employers that it is

unhealthy to live in a home that is not cool.

9:00 NBC "Mitch Miller". A Paris fashion show, an old-fashioned barber shop and a paint-by-numbers segment form the background for the Sing Along Gang and soloists.

## Dog Trapped For 37 Days

IRON RIVER, Mich. (AP)—Lassie lived for 37 days trapped 100 feet underground in a cave-in area around the old Virgil iron mine near here.

Tuesday, long after her master, Edward Moakler, had given her up for dead, Lassie was spotted alive at the bottom of a pit. The dog had fallen into the cave-in April 15, and constant landslides made rescue attempts dangerous. But when Lassie was seen running about the pit bottom, a rescue was tried.

Workmen lowered a basket on a pulley into the hole, baiting it with dog food and an old jacket Lassie used to sleep on at home. But Lassie could not be coaxed into the basket.

The workmen gave up. Later, Moakler checked the pit and saw the dog in the cage. He pulled Lassie home. The dog apparently survived on rainwater.

## Russian Extends His Good Wishes

OSAKA, Japan (AP)—Soviet cosmonaut Yuri Gagarin extended good wishes today to American astronaut Malcolm Scott Carpenter "as long as the project is for peaceful purposes."

That was Gagarin's only remark when asked for comment on the American plans to send Carpenter into orbit today.

## From me to you A DAILY VIEW

Rev. R. Charles Spivey

"Unless the Lord builds the house, those who build it labor in vain. Unless the Lord watches over the city, the watchman stays awake in vain. It is in vain that you rise up early, to go late to rest, eating the bread of anxious toil; for he gives to his beloved in sleep."

Psalm 127: 1-2  
Little do we realize how dependent we are on God. There are so many things that happen in our world that we take for granted and if these things were suddenly stopped, well, we would really be in deep trouble. God runs and rules his universe with such a degree of accuracy and power that we men can not even begin to comprehend it all.

One thing is certain: it is God who wills and works, and without His merciful guidance you and I can do nothing. Let us be ever thankful to Him for this guidance and help.

## Garden Items Showing Up In Markets

By The Associated Press  
Shoppers should watch markets for liberal supplies of home-grown garden items these days. They're increasing as spring advances.

Shipments of strawberries dwindled rapidly as heat and dry weather took their toll. Blackberries are being harvested from Southwest hedges. First shipments of California peaches and cherries have arrived.

Florida grapefruit and oranges, avocados and bananas still retain best-buy labels, although grapefruit is "picked higher" in some markets. Cantaloups are becoming

more abundant and prices are lower. Look for more watermelons this week-end.

Vegetable best buys this week include sweet corn, greens and green onions, potatoes and yellow squash.

Celery and lettuce wholesale prices are some higher than a week ago, says the Agricultural Marketing Service.

Lower price tags are on green beans, cucumbers, corn, okra, blackeye and purple hull peas, and tomatoes.

Look for special buys on frozen

orange juice. The supply is large. Canned freestone peaches remain plentiful.

Protein foods in heavy abundance right now include milk and fryers. Stocks of vegetable fats and oils for salad dressings and cooking continue at a peak.

Arable and Berber are the dominant languages of North Africa. Swahili and other Bantu languages are spoken in the south.

The first telephone booth was patented in 1883, seven years after the telephone was invented.
