Labor Union Is Controlled By Reds, Probers Charge

TIDYING UP TANK

The crew of this Marine Corps T46 tank take time out during a lull in fighting in Korea to give their charge a quick wash and enjoy the cooling water themselves. At right members of a tank retriever crew look on as they await their turn at the "ole swimmin' hole".

No Shows On Borden County Drillstem Test

Union Oil No. 1 William Loggie, Northwest Borden wildcat, has reported no shows from a drillstem test in the Pennsylvanian lime.

The test covered the interval from 8,786-809 feet. With the tool open one hour, recovery was 1,300 feet of drilling mud and 690 feet of salt water. Electric logs are now being run, and it is expected that the operator will then order the project plugged and abandoned.

The No. 1 Loggie is about 15 miles northwest of Gail and 23 miles northeast of Lamesa in section 9-32-t6n-EL&RR. It is about five and one-half miles north of the Borden field.

PRODUCTION TESTS

Crane Oil Co. of Texas and Newman Brothers Drilling Co. No. 1 C. J. Clanton, North Howard test, is expected to attempt production tests in the Pennsylvanian lime soon.

A 90-minute test of the Pennsylvanian from 7,888-903 feet had gas at the surface in 17 minutes. No fluid came to the top while the tool was open, but recovery was 1,770 feet of 43-gravity oil and 120 feet of heavily oil and gas cut mud.

Open flowing bottomhole pressure was 310 pounds. A try for 15-minute shutin pressure failed.

Electric log surveys were to be taken, and it is believed that casing will then be run for production tests.

The No. 1 Clanton is about two miles east of the Vealmoor field, between the original Vealmoor and East Vealmoor fields. It is in section 35-32-t3n-T&P.

DRILLING REPORT

Texaco No. 1 M. A. Fuller in extreme North Scurry County has drilled out cement in casing one foot below its previous total depth of 7,606 feet and is preparing to clean out the hole before drilling deeper. Open hole is to be tested when the project has been drilled 25 to 50 feet deeper.

In Northeast Borden County, Superior and Intex No. 13-536 Lanham is fishing for a joint of pipe covered, the operator is to resume running casing.

Superior and Intex No. 14-598 Jordan, Borden wildcat, is drilling in shale below 5,265 feet.

Ohio No. 1 Gaskill, 16 miles northwest of Clairemont in Kent County, is at total depth of 3,597 feet in lime and shut down for repairs. It is to drill deeper when the repairs have been completed.

Standard of Texas No. 1 Jones, Northeast Howard wildcat, is preparing to perforate for tests in the Upper Canyon limestone.

Continental No. 2 Mary Ross, 13 miles west of Knox City in King County, is drilling in shale below 4,803 feet.

Charter Election Is Called For Oct. 21

An ordinance calling for a special election on Oct. 21 to decide whether or not Snyder shall adopt a home-rule charter was passed last night by the city council in a called meeting.

The proposed charter calls for a change from the present form of city government to the "council-manager" form of government.

A 15-man commission has been working on the charter for nearly a year.

Basically, the council - manager form of government provides for the separation of the formulation of policy and administrative detail, Russell Yorgesen, secretary of the commission, said.

He explained that under the charter all policy making power will be vested in the city council and the carrying out of that policy will be vested in a city manager. Powers of the city will be greatly broadened under the home-rule statutes.

Yorgesen said that the charter has been developed and patterned after a large corporation with a board of directors and general manager. There is also a similarity to the school board and the superintendent of schools, he said.

Forest G. Sears, mayor, is checking today to see if copies of the new charter can be printed and put in the mails by Sept. 20. Under law all qualified voters in the city must have a copy of the proposed charter 30 days before the election.

Mayor Sears also extended the thanks of the council to John Sentell, chairman of the commission, for the work done on the charter and said that a letter to the commission commending them for their work was forthcoming. Sentell was present at the meeting last night.

McGrath Due Back Before Tax Probers

WASHINGTON (AP) — A House investigation of the Justice Department had an open date today but Chairman Chelf (D-Ky) announced its next star witness will be former Atty. Gen. J. Howard McGrath.

McGrath, who was fired by President Truman shortly after his first appearance before the committee last spring, is slated to appear on Sept. 15 in public session.

Meanwhile, the committee planned to continue a closed-door session with T. Lamar Caudle, ousted by Truman from his post as assistant attorney general last November.

The next huddle with the Wadesboro, N. C., lawyer who once headed the government's criminal and tax prosecuting agencies will take place tomorrow.

Caudle indicated in an executive session on Tuseday that he has a lot of information to pass on to the probers.

And it is expected he will be quizzed about the committee's latest exposure: the case of a government attorney getting a "gift" after a government case was of $750 from a law firm in 1947 dropped against the Carnation Milk Co., Buffalo, N. Y.

Caudle was chief of the Criminal Division at the time.

James A. Mullally, whose resignation came quickly last month after he was suspended from his Criminal Division post, testified he received $750 from Gordon L. Eakle, a former departmental colleague who quit in 1946 to enter private practice.

It wasn't a fee and it wasn't compensation "because I did nothing to earn it," Mullally told the committee.

He said the whole thing started with a telephone call from John Acker, counsel for Carnation, who once had been a government lawyer.

'Subs' Sighted May Be Whales

ANCHORAGE, Alaska, Sept. 4 (AP) —The "submarines" reported off the Alaska Coast may have been Beluga whales, the Alaska command indicated today.

Reports from Nome, in northern Alaska across the Bering strait from Siberia, told yesterday of unidentified objects within one or two miles of shore. The Air Force base there had been alerted, the reports said.

The Alaska Command said its investigation showed:

"1. There is a normal state of activity at the Nome base. (This was interpreted by the public information officer to mean there was no alert);

"2. There have been reports of unidentified objects;

"3. Our evaluation indicates there are no submarines;

"4. Beluga whales are known to frequent these waters."

The Navy in Washington also received the report of an unidentified submarine. The Navy said it looked into the report and plans no further action.

A spokesman said investigation of the reported contact "revealed that no conclusions are practicable."

Use of the word "contact" indicates no visual sighting was made but that something was picked up by underwater detection gear or radar.

Texas Loyalist's Leader Gives Shiver's Advice On Convention

HOUSTON, Sept. 4 (AP)—Cross-filing of Democratic nominees for state office as Republican nominees, is "confusing, dishonest and illogical," Walter G. Hall of Dickinson, chairman of the Loyal Democrats of Texas, said today in a letter to Governor Allan Shivers.

The Republican State Convention on August 26 "adopted" the Democratic nominees for state offices and, if the nominees do not decline within 20 days, will put them on the GOP ticket in the general election. The Republicans said cross-filing does not affect the party affiliation of the nominees.

Hall, who wrote the letter in response o the governor's request for public expressions on what the Democratic State Convention in Amarillo next Tuesday should do about the national ticket, also opposed putting any other presidential candidates in the Democratic column in addition to Gov. Adlai Stevenson and Sen. John Sparkman.

Hall said Stevenson and Sparkman are the Democratic nominees and should appear on the ballot as such without any additions. There has been talk by Attorney General Price Daniel and others of putting two sets of electors on the Democratic ticket, one set pledged to Eisenhower and Nixon and the other to Stevenson and Sparkman.

The Dickinson bank president said that while he is not in accord with all that has been under the Democratic party, he can "proudly support" its nominees after a careful analysis of what the two parties stand for.

New Evidence Introduced In McCarthy Suit

WASHINGTON (AP) — Attorneys for Sen. McCarthy (R-Wis) indicated today that an intercepted private letter will become major evidence in the senators two million dollar libel-slander suit against Sen. Benton (D-Conn).

But Edward B. Williams, one of McCarthy's lawyers, declined to tell newsmen how he got a copy of a confidential note to Charles Stanley Allen, Benton's administrative assistant.

Allen testified at a pre-trial hearing yesterday that the letter reached him in February from the Senate postoffice marked "Opened by mistake." One end had been snipped open, then stapled together he said.

Robert Fleming, described as a political writer for the Milwaukee Journal, wrote the note asking Allen's help in getting material from the files of a Senate subcommittee investigating McCarthy's fitness to continue as a senator.

Fleming suggested that the letter be destroyed. But Allen said he still had a copy of it and said he thought he could produce it along with copies of other correspondence with Milwaukee Journal employes which McCarthy's counsel has subpoenaed.

The hearing was adjourned indefinitely until Allen could collect this correspondence. He said it was somewhat voluminous and scattered.

Williams read his copy of the letter dramatically at the end of a long hearing. Then he said to Theodore Kiendle, one of Benton's attorney's, "There goes your case."

Twelve Migs Are Claimed By UN Pilots

SEOUL, Korea, Sept. 4 (AP)—The U. S. Fifth Air Force said U. S. Sabre Jet pilots today rolled up a near record score for one day against Communist MIG jets—12 destroyed and three crippled.

The best single day performance by the fast Sabres was last July 4, when they destroyed 13 Russian-built jets, damaged seven and probably destroyed one.

A big force of Sabres swept across North Korea and destroyed the MIGs in a series of blazing dogfights. They flew cover for swarms of fighter bombers which struck Communist frontline positions. Allied losses, if any, will be reported in a weekly summary.

The intensified air action followed Wednesday night's strike by U. S. Okinawa-based Superforts against the Changjin hydroelectric plant in North Korea—newly - repaired from previous bombings.

SEOUL, Korea (AP) — U. S. Superforts from Okinawa last night blasted the Changjin hydroelectric plant deep in North Korea, newly repaired from previous bombings.

Clouds covered the key power installation and the B29s used radar to aim their bombs.

The Far East Air Forces said in Tokyo there was no Red opposition and all the bombers returned. The number on the raid was not disclosed.

U. S. Marine fliers knocked out the Chanjin's Plant — last night's target — late in 1950. Repaired, it was bombed in a big air attack last June. The Air Force said new repair work indicated the turbines were desperately needed to bolster the Communist power supply.

Fourth Escapee Arrested By El Paso Police

One of the five felony prisoners who escaped from the county jail here last Oct. 20 has been apprehended at El Paso, leaving only one of them still at large, Leonard J. White, deputy sheriff here, said today.

White said the El Paso police department telephoned the sheriff's department this morning to announce the capture of John Willie Baker, 31-year-old former Snyder Negro, under three indictments here alleging burglary.

Baker was not wanted in El Paso, and no charge had been filed on him there, according to the telephone message, White said. He said he did not learn how Baker was arrested. The deputy said the escapee was being held in the city jail there and would probably be returned here by tomorrow night. The only other man still at large from that escape is William C. Kidd, 25, charged here with car theft. The other three, all of whom have been recaptured and sentenced in district court here, were Wilbur James Williams, 37, Negro, convicted of burglary; J. M. Steward, 26, who was "no billed" by grand jury of a charge of making a false statement to a bank but was later given a suspended sentence for breaking jail; and Gilbert M. Contreras, 28, charged with car theft.

Abandoned Baby Found In Church At C-City

COLORADO CITY, Tex., Sept. 4 (AP)—A choir director found an infant boy—less than 10 days old—wrapped in a brown paper sack and an old towel on the last pew of the First Methodist Church here last night.

Mrs. N. H. White went into the church for choir practice and noticed the bundle move. Half a bottle of warm milk lay nearby.

The abandoned child was taken to a hospital where he was examined and found in good conditions. Doctors said he was between seven and 10 days old.

Perjury Action Is Being Considered

WASHINGTON (AP) — Senate investigators described a labor union today as "under the control of agents of the Kremlin" and urged the Justice Department to consider perjury action against its officers who signed non-Communist affidavits.

A tightening of the law to prevent Communists from holding union jobs or offices also was recommended by the Senate's internal security subcommittee in a report on its investigation of the Distributive, Processing, and Office Workers of America (DPOWA), an independent union.

The subcommittee made public sworn testimony in which the president of the union, Arthur Osman of Brooklyn, N. Y., and a number of other top officials were identified as Communists.

Osman refused to answer when asked if he ever had been a Communist, invoking his constitutional privilege against possible self-incrimination. Other officers of the union also balked as saying whether they are or ever were members of the Communist party.

The DPOWA, with some 65,000 members, was formed in October, 1950. When Osman was asked if meetings leading to its organization took place in Communist party headquarters, he declined to answer.

The hearings showed that Osman and others identified in the testimony as Communists had signed the non-Communist affidavits required by the Taft-Hartley Law to make the union eligible for certification as a bargaining agent by the National Labor Relations Board.

The subcommittee recommended that a copy of its hearings, conducted mostly behind closed doors, be turned over to the attorney general so that he could determine whether prosecution of these officers for perjury would be warranted.

It also recommended that Congress give prompt attention to a bill previously introduced by Sen. McCarran (D-Nev), the subcommittee chairman, to make it unlawful for a member of a Communist organization to hold office or any job with a labor organization and to permit employers to discharge persons who belong to organizations designated as subversive by the attorney general.

In a statement accompanying the subcommittee report, McCarran said the DPOWA "has advanced the Communist cause in many ways" and also has "become rich and powerful by preying on the gullibility of Negro workers and the fear and helplessness of small businessmen."

Public hearings held by the subcommitee in Memphis, Tenn., last fall brought out that about 95 per cent of the 1,100 members of the union's local there were Negroes.

Lee N. Lashley, president of the local, admitted under persistent questioning of Sen. Eastland (D-Miss) that he had been a member of the Communist party but dropped out because he was unable to get a satisfactory explanation of the party's objectives.

Eastland said he thought Lashley and other Negroes had been used by "unscrupulous people" who desired to set up a Communist organization in the South.

The business agent of the local at the time of the hearings, Edwin Kay McCrea, was identified in the testimony as a Communist party organizer in the state.

Asks Discharge To Take Care Of 2 Infants

A young father who was unable to return from overseas duty with the army in time to attend his wife's funeral is now seeking a discharge so that he may care for his two small daughters.

Pfc. Erwin Bartels, the son of Mr. and Mrs. J. A. Bartels who live near Hermleigh, was serving with the army in Germany when his wife died in a San Angelo hospital at the time the couple's second daughter was born. The army had no provision for returning a soldier from a foreign land to his wife's funeral, so efforts were made to return him under a hardship clause to care for the two young children. The funeral was delayed in the hope that he would arrive in time, but he could not arrive quickly enough.

The maternal grandparents, Mr. and Mrs. Otto T. Halfmann of Rowena, now have the oldest child, Sharon Ann, 11 months old. The baby, Judy Marie, born Aug. 6, is still in the San Angelo hospital.

Rep. George Mahon of Colorado City and Lubbock and Rep. O. C. Fisher of San Angelo have been enlisted to assist Bartels in an effort to secure his discharge from the army. In the event he is discharged, Bartels may either remain with Mr. and Mrs. Halfmann to work on their 600-acre farm or return to his parents home near Hermleigh. Halfmann's land is now being worked by a son who is also subject to draft, Halfmann said.

Child Kidnapped 22 Years Ago May Be Identified

CHICAGO (AP)—The parents of a baby kidnaped 22 years ago waited anxiously today to meet the California housewife reportedly identified as their long missing child.

Mrs. Mary Beck McClelland, 24, of San Pablo, Calif., arrived here last night to meet with Mr. and Mrs. Michael Moroney, parents of Mary Agnes Moroney, who was 2-years-old when she was kidnaped in Chicago in 1930.

Police still list the case as unsolved, the oldest unsolved case in the files of the Chicago Missing Persons Bureau.

Mrs. Moroney, 40, said last night she hoped her mother's instinct will tell her whether Mrs. McClelland really is her daughter. The Moroneys have seven other daughters and sons, four of whom live at home.

The Oakland (Calif.) Tribune said yesterday that new scientific techniques have identified Mrs. McClelland as the missing Moroney child. The Tribune and the Chicago Daily News last February first raised the possibility that she might be the kidnap victim.

Police said the purported identification is based on alleged similarities in finger prints, blood type and teeth of Mrs. McClelland and members of the Moroney family.

The two newspapers called on scientists in five states in an attempt to determine whether Mrs. McClelland really is the missing child grown to womanhood.

Last winter, Dr. E. W. Merrithrew, a physician at Martinez, Calif., said he had arranged for the adoption of Mrs. McClelland in 1927 and that she definitely was not the kidnaped Moroney child. Dr. Merrithrew declined, on ethical grounds, to name the child's parents.

The Moroney child was kidnaped on May 15, 1930, by a well-dressed young woman posing as a social worker, who took the child to buy her some clothes. Mrs. Moroney was told the next day by a woman telephone caller her daughter was being taken to California and would be returned in two months.

But it was nearly 22 years later that the search reached California, after Mrs. McClelland's husband, Everett noted marked resemblance between his wife and pictures of the Moroney family published in the Oakland Tribune with a story of the case.

Ike Holds Lead In Club Count

Gen. Dwight D. Eisenhower still held the lead today in a straw vote being taken among Snyder civic club members.

Two Snyder clubs, the Lions and Kiwanis, have been surveyed by the Daily News, asking members which of the two major party candidates they would choose if they were voting in a general election today.

Out of a total of 66 persons who marked the straw ballots, 41 chose Eisenhower, 17 voted for Stevenson, and eight said they would not vote.

Here are the figures by clubs: Lions — 25 for Eisenhower, 10 for Stevenson, seven would not vote; Kiwanis — 16 for Eisenhower, seven for Stevenson, one would not vote.

Violent Deaths Over State At Unusual High For Mid-week

(By The Associated Press)

A mid-week flurry of violence caused at least nine deaths in Texas, reports to the Associated Press showed Thursday.

In San Antonio, a slight, 11-year-old Latin-American boy was accused of the torch deaths of two small Negro children. Dead were Lindsey Cunningham, 3, and his sister, Louise, 11.

Police said the Latin-American boy had been fighting with the Cunninghams children frequently of late. Wednesday, they quoted neighbors as saying that the boy poured kerosene on the children in the attic of their home and then threw a blazing paper torch at them.

The children died screaming for help as two adults tried vainly to chop their way into the flaming attic.

Automobile accidents claimed the majority of the other victims of violence.

A taxicab and another car collided at Weatherford Wednesday killing the cab driver and a baby girl. The dead were Herman A. Penrod, 53, Mineral Wells, and Penny Candace Williams, 18-months-old daughter of Mrs. James C. Williams.

Mrs. Williams had hired the cab at Mineral Wells to take her and two daughters to Dallas where they were to catch a plane for California. She was to join her husband at Fort MacArthur.

Jimmy C. Galan, 28, was killed Tuesday 11 miles south of Freer when the car he had borrowed to drive to Laredo crashed into a bridge railing. Galan was believed to have been from either Brownwood or Big Spring.

More than $1,000, a wrist watch and a large diamond stick pin, officers said, were believed missing from Galan's body.

David Lafayette Brevard, 80, Belton, was killed instantly Wednesday in a head-on collision between his car and one driven by Lewis Bolton of Dallas. The accident occurred about five miles west of Evant in Hamilton County. Bolton was injured.

At Slaton, little seven-year-old Dwane Sudduth Hubbard was killed when he ran into the path of a truck. The accident occurred near the Slaton school.

James Wallace Wood, 31, was killed instantly Wednesday night when his crop-duster plane crashed when he attempted to land at the Muleshoe city airport.

Wood's body was thrown from the plane which burst into flames and burned. A former Marine Corps flyer, Woods was a resident of Barrington, Fla.

Lewis For Quick Settlement Over Hard Coal Negotiations

WASHINGTON (AP) — John L. Lewis was reported today striving for a quick hard coal agreement so he can concentrate on negotiations with the bigger and more far-flung soft coal industry.

Lewis has never publicly served demands on either the anthracite (hard coal) or bituminous (soft coal) mine owners. But he is reportedly aiming for a sizable boost in the hard coal welfare fund and more wages and share-the-work provisions for soft coal miners.

Talks between the anthracite operators and Lewis' United Mine Workers union took on a hopeful note. Thomas E. Kennedy, the UMW's vice president, told newsmen "some progress" was being made.

The talks, held previously in New York and Wilkes-Barre, Pa., moved here yesterday. The progress statement was made after a two one hour session during which Lewis, Kennedy and Edward G. Fox, president of the Philadelphia & Reading Coal and Iron Company and chief industry negotiator, huddled privately.

The negotiations were scheduled to resume today at the union's headquarters.

Both hard and soft coal operators now pay 30 cents a ton on all coal production toward union welfare funds to finance pension for ex-miners and other benefits.

Hard coal miners produce only about a third as much tonnage as soft coal miners, and the anthracite tonnage royalty has not been enough to pay the pensions. Hard coal miners have been making up the deficit themselves, paying $1 assessments every two weeks. The bituminous welfare fund, by contrast, has a 100-million dollar surplus.

Lewis is believed to be driving hard for a bigger anthracite royalty, perhaps as much as 60 cents a ton.

In the soft coal industry, Lewis has talked informally—with Harry Moses, representing northern mines, and Joseph Moody, spokesman for southern bituminous interests—on a share-the-work plan.

With some soft coal miners working only two or three days a week and others four or five days, Lewis wants some plan to level out the employment. A higher pay rate, or penalty, for all work done after three days a week has been mentioned.

The miner's basic wage is $16.35 for an eight-hour day, part of which includes travel time and a lunch period.

Reds Attacking Iranian Oil Proposal Of U.S. And Britain

WASHINGTON (AP) — The plan put forth by the deadly Iranian government impasse Communists have mounted major propaganda offensive to try to defeat the Truman - Churchill proposals for a settlement of the Anglo-Iranian oil dispute.

The voice of Soviet communism beamed into Iran is a clandestine "Azerbaijan democratic" radio station which officials here believe to be on Russian territory. A record of broadcasts from this station during the past few days has been circulated in the State Department and it shows a violent opposition to the oil deal offered Iran by the United States and Britain last Saturday.

The three-point plan, sent to Premier Mossadegh by President Truman and Prime Minister Churchill, is being denounced by the Reds as "plunderous proposals," a device for "American imperialists" to steal Iranian oil and enemies" of the Iranian people.

The same broadcasts blast with equal heat Truman and Churchill and Mossadegh despite the fact that Mossadegh has already turned down the Truman-Churchill plan.

The Communists probably do not believe that Mossadegh's opposition to the plan will stand up indefinitely and they are calling on the Iranian people—in Communist parlance the Communists and their followers in Iran—to demonstrate and protest against this latest effort to settle the oil dispute.

Truman and Churchill proposed Saturday that the World Court determine compensation for British property in Iran which the Tehran government has nationalized, that Britain's Anglo-Iranian Oil Co. arrange for sale of the Iranian oil in world markets, and that specific steps be taken to end promptly distress.

The United States and British governments are deeply concerned lest Iran's continued lack of oil revenues, cut off for more than a year now, should throw the country into Communist control.

Mossadegh turned down the Truman-Churchill proposals Saturday, simply saying they were "unacceptable."

Officials here are hoping that when he makes a formal answer after the Iranian Parliament meets on Sept. 10 he will leave the door open for further negotiating with the Western Powers.

Officials pointed out that meanwhile the Communists, presumed to be acting under direct orders from Moscow, are doing everything in their power to prevent any improvement in the situation.

Government Foiled In Water Grab From Southern California

WASHINGTON, Sept. 4 (AP)—Neither the Navy nor the Justice Department may spend money to prosecute the government's suit against water users on the Santa Margarita River in Southern California, the comptroller general has ruled.

For nearly a year the government has been trying to establish its claim to the primary water supply for Camp Pendleton, major West Coast Marine base.

The list of defendants includes thousands of property owners, including individuals, churches and school districts.

Congress attached a provision to the Justice Department's appropriation bill prohibiting use of any money "in the preparation or prosecution of the suit."

The Justice Department turned the case over to the Navy, for which it had been acting. Secretary of the Navy Dan Kimbell asked the comptroller general whether the Navy had the authority to proceed.

He said no, ruling that Congress clearly intended to prohibit prosecution of the case by any government agency.

Another Raid Made On Lubbock VFW; No Move Made By Prosecutor

LUBBOCK — No action, civil or criminal, has been taken against the Lubbock VFW after agents of the Texas Liquor Control Board and the sheriff's office seized 96 cases of beer there Tuesday night. Officers found beer there again last night while making "official visits" to several other clubs.

Dudley Brummett, county attorney, left early Wednesday morning on a business trip after giving his office specific orders to take no action on the case. The VFW commander said he would make no statement until some action was taken.

Season Tickets Are Selling Fast Today

Season ticket sales for high school football games boomed this morning as they first went on sale in the office of the county superintendent in the courthouse.

Art Nicholas, school business administrator, said about one-fourth of the reserved seat season tickets were already sold. They will be on sale until noon Saturday, if they last that long, he added.

The tickets, which cover the five home games, are $6 each.

Horace O. Skinner, 707 Twenty-sixth Street, was taken from the hospital here to the Veterans Administration Hospital in Big Spring yesterday by Bell Funeral Home ambulance. Skinner is an employe of the Magnolia Pipeline Co.

Daughter Of Snyder Couple To Polio Ward

Two Midland nurses, one the daughter of Snyder residents, left this week for Sioux City, Iowa, for a special two - months assignment in the polio ward of the St. Joseph Hospital there.

Miss Billie Geiger, daughter of Mr. and Mrs. T. W. Thomas, 801 Twenty - fourth Street, and Miss Ouida Martin of Clarksville, are both surgical nurses at the Midland Memorial Hospital and have volunteered for a series of special polio assignments through the Red Cross.

Miss Geiger, 22, is a graduate of the University of Oklahoma and the St. Joseph School of Nursing at Ponca City, Okla. She had special polio training in Oklahoma City, as did Miss Martin, who is also a graduate of the two schools.

Miss Martin, 21, contracted polio while working with cases in the Midland hospital, but physicians said she has not yet had any ill effects from the disease.

Thomas is an employe of Texas Tool & Machine Co. here, and Mrs. Thomas is a nurse at the Battenfield Hospital.

Only Facts To Enter Stargazer Discussion

ROME (AP)—The world's greatest experts on the secrets of the skies met here today—but flying saucers were a forbidden topic.

Leading astronomers of 35 nations are among the 430 delegates gathered for the eighth General Assembly of the International Astronomical Union.

Flying saucers are not the only subject of public speculation which the stargazers are giving the go-by. Discussion of possible life on other planets also will be avoided.

Boy Is Accused Of Setting Fire To 2 Children

SAN ANTONIO, Tex. (AP) — An 11-year-old boy was accused today of setting two neighbor children afire in the attic of their home. Trapped and screaming, they burned to death.

The victims were Lindsey Cunningham, 8, and his sister Mary Louise, 12, Negroes.

Another sister, Esther, 11, was critically burned trying to save them. She was in San Antonio Hospital today.

A fourth member of the family, a frail, physically handicapped older sister, Ruth, 22, said she wrestled with the young assailant but he mounted a chair out of her reach and threw kerosene on the two children. Then he lit a paper torch and threw it into the attic, where the youngsters had been sorting clothing.

The parents, Mr. and Mrs. Jesse Cunningham, were away at work.

Esther tossed water on the fire, police said. Ruth tried to climb to the aid of the screaming children but could not.

Mrs Maude Wharton, a neighbor, tried to cut through ventilators in the attic with an axe when she heard the children screaming, "Save us, Maude, save us." An unidentified man grabbed the axe when she failed to cut through to the trapped pair, but he failed, too.

District Fire Chief Fred Roth told The Associated Press that the boy, arrested by Juvenile authorities, kept repeating, "I didn't do it, I didn't do it." He said the slight youngster, a Latin-American, wouldn't say anything else at the fire scene.

Patrolman A. C. Sandoval, police investigator, said several witnesses told him the boy had fought with the Cunningham children repeatedly. Sandoval said the boy was seen to enter the home, throw kerosene on the children and light it with a torch.

Firemen quickly brought the attic blaze under control.

Justice of the Peace B. B. Brotherman withheld a verdict pending further investigation.

Mr. and Mrs. Gerald Glenn Morrow of Brownfield, Tex., are parents of a daughter born Wednesday in Lubbock Memorial Hospital. She has been named Michele Lizabeth. The Morrow's are former Snyder residents.

Mr. and Mrs. Roy Stewart, 109 Thirtieth Street, and their daughter, Mrs. George Lee, attended funeral services for Mr. Stewart's sister, Mrs. Sam Jackson, in Vega Tex., Friday.

Mrs. Amy Stimson and Miss Cleo Stewart of Jacksboro were guests of Mr. and Mrs. Roy Stewart, 1909 Thirtieth Street over the week end.

Stolen Car Is Found; Another Missing Today

A 1951 Chevrolet sedan stolen from the Lamb Chevrolet Co. used car lot here several weeks ago was found abandoned near the New Mexico state line last night near Seminole, police said today.

Report of finding the car came about three hours before another car was reported stolen from the residence of O. L. Nichols, 2807 Avenue W.

Nichols phoned police at 5:05 o'clock this morning stating that his 1950 Nash sedan was stolen sometime between 11 o'clock last night and early this morning. The car had not been recovered shortly before noon today.

Oil Fire Put Out On Lease Close To Ira

A fire which burned hotly, but did little damage was put out on an oil lease about four miles southeast of Ira at about 4 o'clock yesterday afternoon, Ivan Gatlin, fire marshal, said.

About 550 gallons of water from the City-County fire truck was used to put out the blaze.

Gatlin said that excess oil and gas being blown out an overflow pipe from a separator at an oil w.. was ignited by the fire used to heat the oil in the separator.

To the Daily News:

In your paper of Sunday, August 31st, in your article entitled, "Bantam Tigers Set to Make Debut Into Class AAA Ball," you quote the head coach as promising few victories this year. And in your paper of September 2nd, we read the following: "Predictions throughout the district are that Snyder will finish last in District 1-3A this season with an 0-5 record". Further, your writer states that, "We might even go so far as winning one or two district games, but even if we don't, we shouldn't be down in the dumps."

True, Snyder will be in a higher bracket and probably meet better and more experienced teams this year than ever before; put personally I think that these predictions are a little too far ahead of themselves. No one knows the outcome of what any of the games will be. No game is ever over until the last whistle has blown. True, Sweetwater, Lamesa, Vernon, Plainview and Big Spring may now seem to have a bigger, heavier, more capable teams than Snyder, but lets don't say that we have lost before we even start. Yes, the Fort Worth paper and others may place Snyder in the cellar. But that certainly is no reason for Snyder to feel that they are.

Snyder has some of the finest sports that you will find in any district. Boys who are determined and willing will never give up. So I think that it is time we all get behind them and push forward. I say "to heck" with the Fort Worth paper's predictions. Let's make our own. Lets get rid of all this talk about losing games and start talking winning games. Surely this "loose em all' or "maybe win a few" does not help the moral of the team.

In 1950 when Kermit played for State, only a few papers had them predicted to win. But they felt that they had a bunch of good boys, and the whole town was behind them. True, they were not supposed to win, so we read in the papers, but they did. So why can't we of Snyder be of the same spirit? Nobody has beat nobody yet, regardless of what we read in the papers. So let's all get behind our team and back them all the way. It's much too early to say "Who is gonna beat who." Let's all say "Snyder will beat," and keep saying it until we are showed different.

Yours for a winning team,
Othel E. Cumbie

SHOT SEVEN TIMES

Returned Ring Brings Death To High School Librarian

LAWRENCEVILLE, Ill. (AP) — A 25-year-old partially deaf Army veteran waited to be formally charged today in the schoolroom slaying of his ex-sweetheart after calmly telling police authorities how he fired seven bullets into her body.

Sheriff Garrel Burgoon said Charles Petrach of Gary, Ind., related the fatal shooting last night while officers took down his admission on a wire recorder.

The victim in the tragedy that ended a campus romance was Miss Georgine Lyon of near Madison, Ind., a librarian at the Lawrenceville High School.

The shooting occurred in a classroom where the young couple were alone. Some 700 students were attending classes in nearby rooms but none apparently heard the shots. Her body was discovered in the empty class room by a faculty member shortly after lunch yesterday.

Petrach said he and Miss Lyon had been engaged, but that the pretty 25-year-old brunette recently returned his ring. He gave no explanantion for the slaying other than it resulted from a "blasted romance."

Sheriff Burgoon said Petrach carried a picture of Miss Lyon in his billfold along with an Oscar Wilde quotation: "Each man kills the thing he loves."

Burgoon said Petrach, whose hearing was partially impaired as the result of an injury while he served with an Army demolition team, gave the following account:

He came to Lawrenceville yesterday morning by taxi from nearby Vincennes, Ind. He went to the high school to talk with Miss Lyon about their broken romance, but when he saw he couldn't patch up their engagement he pulled out a .22-caliber revolver and shot her, leaving her body on the floor.

Petrach, who said he and Miss Lyon met while students at Ball State Teachers College at Muncie, Ind., was picked up by Burgoon shortly after the body was discovered as he hitch-hiked eastward on U. S. Highway 50.

Plastic Lenses For Cataract Patients Used

CHICAGO (AP) — Little plastic lenses are being put into human eyes, replacing eye lenses lost through cataracts.

Dr. Harold Ridley of London, England, reported this new step today to the International College of Surgeons.

Cataracts are a cloudiness over the eye lens. They reduce vision, or blind.

The eye specialist takes out the clouded lens, and substitutes a little disc of a clear, pure plastic.

The lightweight plastic almost floats in the eye, and the patient doesn't feel it there. It is held in place by the iris, which is a muscle, and a membrane in back of the normal lens. The plastic lens does the same job.

There is no distortion in vision, and no need for thick cataract spectacles that magnify highly, Dr. Ridley said. The patient can move his eyes to see things at his side, a soon as bandages are removed.

In three years, Dr. Ridley has done 65 of the lens substitutions, and other doctors elsewhere have done some.

Describing 47 of his patients, Dr. Ridley said 13 have normal vision, and 26 others nearly normal vision. Vision is under par in the other eight. Three persons have plastic lenses in both eyes.

Plastic tubes can sometimes substitute for part of the human esophagus or gullet damaged by cancer or other disease, said Dr. Edgar F. Berman of Mt. Sinai Hospital, Baltimore.

Strips of tubing four to nine inches long have bridged sections of diseased gullets removed in operations on 30 persons in the last two years, he said. The plastic tube may remain in permanently, or be removed after benig surrounded by growth of a fibrous sheath.

Confidence Of UN Is Assured

LONDON (AP) — The United Nations General Assembly will be asked to give the U. N. truce negotiators at Panmunjom a vote of confidence, informed diplomats said today.

These sources said the 16 countries with troops in Korea will sponsor a resolution in the Assembly, which opens Oct. 14 in New York, reaffirming U. N. support for the Korean War and for the truce talkers. The negotiators are all U. S. military men.

Although the Soviet bloc will undoubtedly vote against the resolution, its sponsors hope to get the overwhelming backing of most other members as a demonstration of U. N. solidarity.

Diplomats here said the resolution is expected to ask for a U. N. endorsement of the negotiators' refusal to return Red prisoners of war who don't want to go

'Annapolis Opens Again With 2nd Largest Class

ANNAPOLIS, Md. (AP)—More than 2,500 upper classmen, composing the second largest brigade of midshipmen in the history of the U. S. Naval Academy, will assemble here Friday upon their return from leave.

The old hands and the new plebes make up a brigade totaling 3,743, not far short of last year's record number of 3,815.

The regular academic year at the Academy begins on Monday.

Hospital Attacked In Bombay By Red Mobs

BOMBAY, India (AP) — A mob of students and others attacked the largest hospital in Hyderabad today and police in the South Indian state's capital opened fire for the third time in 24 hours. Reports from there indicated casualties were heavy.

The mob demanded delivery of the bodies of two persons killed yesterday in a demonstration against the government of the state, a center of Communist aevity.

The police had imposed a dusk to dawn curfew and patrolled the capital's streets throughout the night.

World Financial Plight Is Becoming Worse

WASHINGTON (AP) — The International Monetary Fund says world financial conditions have worsened and the main reason is that some nations are trying to live beyond their incomes.

The world backslid in the past year toward a tangle of restrictive money and trade controls, the fund said in its report for its fiscal year, which ended April 30.

Southern Belles Still In Miss America Race

ATLANTIC CITY, N. J. (AP) — Two belles from below the Mason-Dixon Line and a charmer from California led a parade of pulchritude toward the Miss America 1953 title today.

Iris Anne Fitch of Washington, D. C., Miss District of Columbia, Gwen Harmon of Birmingham, Ala., Miss California, won all-important preliminary contests last night.

The 19-year-old capital queen scored in the opening talent preliminary with her soprano rendition of "With a Song in My Heart."

Earlier, Miss Harmon, 19, and Miss Shores, 20, tied for first place in the swim suit preliminaries.

Government Won't Let Man Help Polio Drive

LEXINGTON, Ky. (AP) — Joe L. Cowart wanted to be a good Samaritan — but the government wouldn't let him.

Cowart, who raises burley tobacco on his Fayette County farm, discovered that he overplanted his 5.9-acre allotment by one-fifth of an acre.

He wanted to know if he could market the excess with the income going to the March of Dimes to aid polio sufferers.

"Unfortunately no," said a Department of Agriculture official.

So today he is going to plow it under.

$1,600 Thrown Away In Used Beer Case

GOBLES, Mich. (AP) — Tavern owner Earl McNamara scoured the countryside yesterday looking for an empty beer case.

It wasn't just an ordinary case, but one in which McNamara hid his Labor Day receipts of $1,600.

In the rush of business, he sold the case full of beer to four men and remembered a short time later what he had done. Yesterday one of the four returned to the tavern and, upon questioning by McNamara, said the men drank the beer and threw the case away.

When last seen, McNamara and some volunteers were headed along Van Buren County highways looking for the lost case.

Bali, where Hindu gods still reign, is a place of temples and spectacular rice terraces, glittering dances and ancient music.

Here's one that could have had a drought slant: Nearly a third of all U. S. farms are run by persons who have another job from which they derive their basic livlihood, reports the Institute of Life Insurance.

The principal income of this group comes from a job, business or profession in a town or city. The group also includes those whose main income is from pensions or invested savings.

This trend, which has almost doubled in the last 10 years, is attributed by the institute to greater use of the automobile and the speed of modern transportation.

Mrs. J. W. BURLESON, Sr., 811 Twenty - ninth Street, returned Tuesday night by train from California. She and her daughter-in-law had driven to Camp Pendleton last week where J. W. Burleson, Jr., is stationed with the Marines. The three visited Los Angeles where they toured MGM studios, movie stars' homes and other attractions. The younger Mrs. Burleson remained in California with her husband.

Busy housecleaning yesterday, Mrs. Burleson said the climate and flowers were fine in California but she was glad to get back to Texas. She noted California couldn't boast of watermelons larger than 20 pounds.

Helps For Homemakers

Send your questions to "Helps for Homemakers", Snyder Daily News, or call 3-5466.

Lunch box time is here again for my children and I'm wondering if you have any suggestions for sandwich fillings? My first grader likes almost anything. Also, while I'm asking, do you have a suggestion for something very simple to serve at a shower? We plan to carry out a pink color scheme. Mrs. O. R. V.

For the school lunch boxes, your children might like one of these fillings: softened cream cheese and chopped seedless raisins on enriched bread; grated carrots, chopped dates and mayonnaise on whole wheat bread; liver sausage, sliced dill pickles and mayonnaise on rye bread. For a special treat, you could cut the sandwiches into attractive figures with cookie cutters.

As to the shower refreshments, you might like to serve pink lemonade and heart-shaped sandwiches. Cut bread into heart shapes with cookie cutters. Three eye-catching spreads can be prepared by varying a combination of softened cream cheese and maraschino cherries. One spread is made by using the cherry juice to tint the cheese pink. For another, the cheese is combined with chopped cherries. For the third, the softened cream cheese is spread on the bread hearts and each sandwich is decorated with a cherry slice.

Is it all right to have small visiting - type cards printed for my little girl? I think the cards would be perfect for including in gifts, but my husband had a fit when I mentioned it. L. N.

It is perfectly proper for very young children to have such cards. If Emily Post has any bearing on what your husband thinks, you can assure him that she approves of such cards for children.

Mr. and Mrs. P. H. Heckman, El Paso Camp, visited early this week in Roswell, N.M.

Houston Chancey, who lived here this summer, left Saturday to enroll in Oklahoma A&M College at Stillwater. He had made his home with his uncle and aunt, Mr. and Mrs. Jesse Hildreth 2506 Avenue C.

Mrs. Adlai M. Ewing, 2905 Avenue W, is in Abilene today to meet with officials of the John Hudnall Chapter of the United Daughters of 1812. She is president of the chapter.

Ambassador and Senator Swim From Asia To Europe Without Trouble

ISTANBUL, Turkey (AP) — An American ambassador and a senator can tell the home folks they swam from Europe to Asia — but they can't claim any distance record. They picked a spot on the Bosporus Strait, where the continents are a half mile apart.

The currents there are swift and tricky, however. So it was something of a feat for Ambassador George McGhee and Sen. Russell B. Long (D-La).

Others paddling along were Mrs. McGhee, two McGhee children, Marcia, 12, and George, 10, and Mrs. Martha Hunt of Washington, D. C., the ambassador's private secretary. A rowboat accompanied each swimmer.

They made the crossing near McGhee's summer home.

Mr. and Mrs. Henry Elkins and their niece, Miss Hattie Elkins, all of Grants, N. M., were week-end guests of Mrs. I. W. Boren, 2901 Avenue T, and visited other relatives here and in Dermott.

Flair Of Chinese For Flavor Is Old Gift From Ancestors

The Chinese have an innate flair for food economy and high flavor.

It might be called a gift from their ancestors. Through centuries of scanty meat supplies, the Chinese have learned how to stretch a small amount to make savory dishes to serve many.

Chinese cookery is not for the homemaker in a hurry, but Americanized versions of some of the dishes add new interest to family or company occasions.

A feast for a Chinese family of wealth may contain 20 to 30 dishes, each served as a separate course. Ceremonial dinners are lengthy affairs, often held at a restaurant. Not only is this a custom of China but it holds with the Chinese in the Philippines, in Hawaii, and wherever they have been accompanied by the traditions of their ancestors.

The ceremonial dinner is served at a large round table, covered with white linen, and centered with a wreath of flowers. Often the menu includes four sweets, four tid-bits, four soups, and nine and even more meat courses. Many of the foods are served on silver compote type dishes, all are eaten and daintily, with chopsticks. The initiated guest takes only one to two "chopsticks" of each main course. There will be duck, goose, chicken, a whole fish, perhaps tender small frogs fried whole, pork prepared in any number of ways, and other foods too numerous for a one-time guest to recall. Preserved eggs, often called one-hundred-year-old eggs, are among the tid-bits. Most Americans pass them by.

MELON SEEDS

Watermelon seeds are nibbled all through the meal. The soups intersperse the main courses. A single dinner may last from 6 in the evening until almost midnight before servants bring trays of steaming hot linen towels, all neatly rolled, one for each guest. These are really dipping with hot steam and perfume. The routine that follows, of wiping face, hands and arms, is scarcely comparable to the dipping the fingertips in a fingerbowl.

But many of the Chinese bowls could be taken for finger bowls. There are covered ones for tea too, and tiny ones for the bits of bone from any of the food, and for shells of the melon seeds.

SUGGESTED MENU

No American cook would attempt a true feast of dinner menu. But for guests truly appreciative of Chinese cusine, the menu might include beef with vegetables, shrimp and pineapple, fried or boiled rice, chicken almond pickled cucumbers or turnips, steamed pork and eggs.

There are any number of recipes for beef and vegetables, but the secret is to prepare the ingredients early and do the cooking at the last minute for crispness and flavor.

Five cups of cleaned vegetables cut in fairly large pieces are the base for the dish. Celery, cauliflower, carrots, onions and green beans will combine. Boil these in a cup of water just one minute. Drain and save ½ cup of this vegetable water.

Combine ½ pound sirloin steak, sliced thin, 1 tablespoon cornstarch, 2 teaspoons orange juice, 1 teaspoon salt, 2 teaspoons Worcestershire sauce, and a few grains of pepper. Both the vegetables and meat may be fixed early.

At the last minute, heat a large skillet, add 3 tablespoons salad oil, and fry the vegetables just 1 minute. Heat meat mixture in 3 tablespoons oil. Add cooked vegetables, ½ cup quartered tomatoes, 1 cup bean sprouts or water chestnuts, ½ cup water saved from vegetable cooking. Mix lightly and serve hot.

PEPPER STEAK

Pepper steak is a savory dish of Chinese leanings. It must be served with the traditional rice, and might be accompanied by radishes, scallions, black olives, pineapple chunks, almond cookies, and tea.

The chinese often serve pork, and a favorite is spareribs sweet-sour. Cut in one rib pieces, spareribs may be an appetizer. Pickled sliced turnips, very thin slices in a sugar-vinegar solution; and cucumbers spiced with freshly ground ginger root and sesame seed may be a companion for spareribs and other meat dishes.

The cook who truly enjoys preparing unusual dishes will find many suggestions in "New Chinese Recipes," a cookbook jointly compiled by Fred Wing, a Chinese amateur gournmet, and Mabel Stegner, an American home economics consultant. A new edition came out last year.

Many test kitchens also release special adaptations of dishes in the Chinese manner. Several dishes that might be a happy addition to home recipe files follow:

SPARERIBS SWEET-SOUR
Four Servings

2 pounds pork spareribs
1 tablespoon salad oil

Cut spareribs in one-rib pieces and place in large skillet. Cover with hot water, bringing to boil, and simmer 10 minutes. Drain and dry thoroughly. Heat oil in skillet and add spareribs. Turn to brown thoroughly.

1 small piece ginger root
1 clove garlic, crushed
¼ cup sugar
¼ teaspoon dry mustard
½ teaspoon salt
2 tablespoons flour
2 tablespoons soy sauce
3 tablespoons vinegar
1 cup water

Peel ginger root and chop fine. Place in a bowl with garlic. Add the dry and the liquid ingredients Stir until smooth. Pour over spareribs in skillet and simmer 20 minutes. Serve hot.

CHICKEN ALMOND
Six Servings

2 tablespoon butter or margarine
¾ cup celery (cut in 1-inch pieces)
¼ cup sliced onion
2 cups diced cooked chicken (or turkey or veal)
½ cup canned mushrooms
1 tablespoon cornstarch
3 tablespoons soy sauce
1 cup canned clear chicken consomme
1 cup unsalted toasted almonds

Melt butter in a skillet. Add celery and onion. Stir and cook 2 minutes. Add chicken and mushrooms. Heat 8 minutes more. Combine cornstarch, soy sauce, and consomme. Stir slowly into chicken mixtures. Sit and heat carefully 5 minutes. Stir in almonds. Serve hot on fluffy rice.

Soy Sauce

5 teaspoons soy sauce
2 teaspoons cornstarch
2 teaspoons sugar
2 teaspoons vinegar
¾ teaspoon salt
1 cup cold water

Boil all ingredients together 5 minutes. Keep hot.

Egg Patties

6 eggs, beaten well
1½ cups chopped cooked meal
2-3 cup finely sliced onion
¼ cup finely chopped celery
1 cup bean sprouts, drained
2 tablespoons salad oil

Combine eggs, meat, onion, celery, and bean sprouts. Heat oil in a large skillet. Dip out ¼ cup of egg mixture and pour it into the skillet. Use a broad spatula to push cooked egg up over the meat to make a patty. Make other patties in the same way. When the patties are set, turn them to brown the other side. Serve hot with soy sauce. This recipe makes 12 cakes.

PORK AND APPLE CHOP SUEY

1 lb. beneless pork
¼ cup fat
3 medium onions, sliced
1½ cups water
1 No. 2 can bean sprouts
½ teaspoon monosodium glutamate
2 cups slivered celery
2 tart apples, thinly sliced
Soy sauce to taste
3 tablespoons cornstarch

Cut pork in narrow strips about 2 inches long. Brown in hot fat; remove. Add onions; brown lightly. Return pork to frying pan; add water and liquid from bean sprouts. Cover; simmer 30 minutes. Add celery and apples; cook 10 minutes longer. Add soy sauce if desired. Dissolve cornstarch in a little cold water; add; stir constantly until thickened. Add bean sprouts; bring to boiling point. Serve with rice. Six servings.

PEPPER STEAK

4 tablespoons salad oil
½ teaspoon salt
Few grains pepper
1 lb. flank steak
¼ cup finely chopped onion
1 garlic clove, minced
4 green peppers
1 cup sliced celery
2 bouilon cubes
1 cup boiling water
2 tablespoons cornstarch
¼ cup water
1 teaspoon soy sauce

Heat salad oil; add salt and pepper. Slice meat diagonally, ⅛-inch thick, add to fat; cook over high heat, stirring constantly, until beef is brown. Add onion and garlic. Cut green peppers in 1-inch pieces; add with celery. Dissolve bouillon cubes in boiling water add. Cover pan; cook over moderate heat until meat and vegetables are tender (about 10 minutes). Blend cornstarch, 1¼ cup water and soy sauce; add; cook, stirring constantly until sauce thickens. Serve with fluffy rice. Four servings.

CHINESE MEAT BALLS

½ pound ground beef
cup white rice
1 teaspoon salt
3 tablespoons fat
¼ cup diced onion
1 cup diced celery
1 cup sliced carrots
2 cups cooked lima beans
1 cup beef broth, or that made with a bouillon cube or that which comes from a can as consumme
2 tablespoons cornstarch
1 tablespoon soy sauce
¼ cup water.

Melt fat. Add salt to meat. Make meat into small balls. Brown balls in fat. Add onion and cook until tender. Add celery, carrots, lima beans and broth. Cover and cook for 15 minutes. Blend cornstarch, soy sauce and water. Add to hot mixture and stir until thick and thoroughly blended. By this time the meat balls will be cooked and ender and will be ready to be poured onto a bed of hot fluffy rice.

CHOW MEIN WITH ALMONDS

1½ cups chicken broth
1½ teaspoons salt
¼ teaspoon ginger
1½ cups diagonally sliced celery
1½ cups thinly sliced onions
2 cups diced cooked chicken
1½ teaspoons kitchen bouquet
3 oz. can sliced broiled mushrooms
1 tablespoon cornstarch
¼ cup slivered toasted almonds
3 cups hot cooked rice

Place broth, salt and ginger in saucepan and bring to boil. Add celery, onions and chicken. Cover tightly and cook over moderate heat until celery is barely tender, about 10 minutes. Add kitchen bouquet, stirring well. Drain mushrooms and combine broth with cornstarch. Add mushrooms and cornstarch mixture, stirring constantly until the chow mein thickens and comes to boil. Add almonds, saving out about 1 tablespoon. Place rice in center of serving dish and pour chow mein around it. Sprinkle with reserved almonds. Serve immediately.

Liquor Board Makes Report

The state liquor control board filed 279 complaints alleging liquor law violations during July, which later resulted in 181 convictions, including four jail sentences, according to its latest report. Eleven of the cases were dismissed, and four persons were acquitted. Fines and court costs totaled $32,975.

More than one-third of the cases were filed in areas where sale of alcoholic beverages in legal, the wet areas having 101 cases filed in July with 96 convictions and three acquittals. The dry areas had 178 cases filed, 85 convictions, and one acquittal. Fines and court costs assessed in wet areas totaled $13,077 while the figure for the dry areas was $19,898, the report showed.

Twenty - seven kinds of liquor law violations are listed as possible in the wet areas, while eight are listed in prohibition areas. Sixteen types of offenses were charged in the wet areas. Tax revenues collected by the board amounted to $1,293,971, according to the report.

Torpedo Kills Six

TOKYO (AP)—Four persons were killed and six injured today in the explosion of a World War II Japanese Navy torpedo at a Kure dockyard. Four others are missing.

Kyodo News Agency said the torpedo blew up when a workman began to cut it up for scrap.

80 Persons Drowned

NEW DELHI, India (AP) — Eighty persons were drowned in the Ganges River near Lucknow when an overloaded boat sank in midstream, reports reaching here today said.

The majority of the victims reportedly were women and children. Few details of the accident were available.

Mahon's Support Of Majority High On Bipartisan Roll Calls

Rep. George Mahon this year went along with the majority 93 per cent of the time when most of the Democrats and most Republicans stood alike in roll-call voting. This is shown in a Congressional Quarterly analysis of such House bipartisan votes taken in 1952. There were 30 bipartisan-support votes out of a total of 72 House roll-call votes.

The average House member went along with the two-party majority on nearly 84 percent of the votes on which he took a stand.

Mahon voted or declared hims.lf with the majority 26 times and opposed it two times out of the 30 bipartisan-support tallies.

On the four votes which decided questions dealing with appropriations, he sided with the bipartisan majority four times. He did so two times on the four foreign policy votes and seven times on the eight military and veterans roll calls.

Last year, Mahon supported the majority on 95 per cent of the bipartisan votes on which he took a stand.

Over the course of the entire 82nd Congress, Mahon's bipartisan support percentage was 94. In the two years 74 of 181 House roll calls were decided by the two-party majority.

For the entire House, the 1952 bipartisan-support average was about five per cent higher than the Senate's. Democratic representatives trailed for the session but led for the full 82nd Congress. Their scores were 82.3 for the second session and 84.1 for 1952 and 83.9 per cent for 1951 and 1952 combined.

Eight Democrats and 11 Republicans had 100 per cent bipartisan-support scores for 1952. Low in the House was Rep. Adam Clayton Powell, Jr. (D N. Y.) with 40 per cent. Eighteen of the top 20 Democrats were from southern states.

Firemen Put Water On Magnesium Blaze; Nine Are Sent to Hospital

FT. WORTH, Tex. (AP)—At least nine persons were in hospitals today injured by an explosion that came when water was poured on a magnesium fire here.

The blast, late yesterday afternoon, ripped apart a warehouse at Bell Aircraft Plant No. 1 here. None of those injured were believed in serious condition.

A fire of undetermined origin had been blazing for 15 minutes when a volunteer fire department from the nearby Saginaw community started pouring water on the blaze, not knowing that magnesium was burning. Witnesses said this caused the blast, felt five miles away.

Censors In Maryland Still Cutting Away

BALTIMORE (AP)—Hollywood has been "deviating from the (decency) code" and Maryland censors will continue to use their scissors on films, the state Board of Censors said yesterday.

Atty. Gen. Hall Hammond recently told the board that in the light of a recent Supreme Court decision, it seemed to be without power except to cut films which are obscene and indecent.

The censors in their annual report to the governor indicated there was still plenty of work cut out for them inn the obscene and indecent department.

Romantic Boatrides

NEW YORK (AP) — Paul Roberts, 69, and Mary Watts, 65, met on a boat ride sponsored by a day center last month.

He sampled a basket lunch she had prepared, and found it "delicious."

Yesterday they went on a city welfare department boat ride — as honeymooners.

BOYLE'S COLUMN

Advice For Those Children Who Are Starting School

By HAL BOYLE

NEW YORK, Sept. 4 (AP)—Kindergarten is what makes or breaks a man.

Millions of future little American husbands, trudging to school for the first time, will learn that this month.

A kindergarten is a "garden of children." But it is also a wilderness where small two-legged bits of protoplasm—part elf, part demon, part angel—speed up their sad and wonderful transformation into human beings.

It separates the boys from the girls, and sets them forever upon their separate paths. There a young fellow will meet and have to try to cope with all the adventures he will encounter in later life—love and loss, victory and disaster, achievement and failure, pride and fall, and golden friendship, ever betrayed, ever rekindled.

LIFE IN MINIATURE

That these adventures are small-scale makes them no less affecting to the half-pint denizens of this classroom. A mouse gets as much fun from a piece of cheese as an elephant does from a ton of hay, and a headache hurts him as much.

So it is with children. The kindergarten which seems to envious grownups a lost Eden is to the small fry a kind of battlefield. The wounds they receive there are immortal; first scars are longest remembered.

Looking back on my own kindergarten days, however, I find that is the only period of my life I would truly wish to relive. This is not because it was an altogether happy time, for it was not that. I don't recall weathering any despair deeper than I knew at one time or another in kindergarten. Nor reaching any higher peaks of joy.

JOY OF SELF - PITY

The fine thing then was that any emotion I went through and a poignancy never attained later. I savored even my moods of despondency almost as much as my rainbow pleasures. A child enjoys his self-pity because he feels nobody in the history of the world has been so put upon. When he grows older he knows this isn't so, and that robs him of most of the fun of feeling sorry for himself.

In college a fellow picks up a lot of detailed knowledge, but it is in kindergarten that he learns the basic principles that will guide him through life. Here are a few I learned the hard way:

1. If you don't like to doff your cap to older people to be polite, don't wear a cap.

2. Never hit a person of the opposite sex when she's down, even if she is bigger than you—and particularly when somebody is looking.

3. Don't lend your last marble, because if you do you won't have anything left to play the game yourself.

4. Never tell all you know. (I made the mistake of confiding to a pal I had a crush on a little girl in kindergarten—a talented creature, she could toe-dance at five. The next day even the big bullies in the second grade were teasing me about it, and I had to call off the whole affair.....

AND DON'T BRAG

5. Don't brag about your galloping.

In our kindergarden galloping was a high art, and I was the best. (I still think so!) One day while we were wheeling around the room ... gallop ... gallop ... gallop I called over to the teacher, who was pounding the piano. "Look at me, Mrs. Steele, look at me now!"...

Just then my flying boot hooked the big flat hoof of a red-haired little filly ahead of me, and down she went on her fat little face—and up again she came in tears, with both fists swinging. I don't recall ever galloping in public again.

Yes, a wise man can learn most of what he needs to know about life in kindergarten.

3 Candidates File Expenses

Only three of the Democratic nominees for county political offices met the requirement of the new state election code by filing sworn statements Tuesday of all expenses incurred to date in their campaigns.

One of the statements filed was apparently filled out incorrectly since figures did not agree with those of previous statements filed by the candidate.

The election code required nominees to file the statements "not less than 10 days after the second primary election" but the political calendar in the office of the county clerk says "less" apparently should have been written "more." The calendar lists yesterday as the day for filing the first statements after the second primary. It also lists next Friday as the date for filing the second post-election statemens.

Other statements are to be filed Sept. 25, Oct. 15, Nov. 1, and Nov. 15, the last date being after the general election of Nov. 4.

Nominees filing statements were Homer Whisnand, listing a total of $442.26 spent in his campaign for sheriff; L. L. (Pat) Moore, who lists his total expense as $200.50; and T. J. (Tom) DeShazo, who listed "total expenditures to date of this statement" as "none." He previously listed $50.10 as a total spent.

In Britain the bumper guards of an automobile are called the overriders.

Experts Talk About TCU As Southwest Conference Power

By HAROLD V. RATLIFF

DALLAS, Sept. 4 (AP)—The uncertainties of Southwest Conference football is aptly illustrated by the fact that almost everybody has picked Texas Christian to win the title but are talking about Texas and Southern Methodist.

Baylor, which suffered what would appear to be back-breaking losses, also is a hot topic. Rice and Arkansas rate plenty by followers. In other words, you can get six championship choices by talking to six different fans or coaches.

Only Texas A&M isn't given a look-in. But the way things usually go in this conference of upsets and grudge games, the Aggies probably will win the title.

FAVORITE USUALLY LOSES

Only once in the past 10 years has the favorite come through. That was in 1950 when Texas was the choice and won. Coach Blair Cherry quit after Texas took the title. He must have figured a good thing like that just couldn't possibly last.

The conference schools all started training this week. Not much optimism came from any of the camps except Southern Methodist. "We are going to have a good team," quoth Coach Rusty Russell. It was precedent-shattering for the usually doleful mentor of the Methodists. The fact that he couldn't find a tackle anywhere last year but has them running out of his ears this season—seven lettermen, to be exact—prompted the choice. SMU also has plenty of veterans back from last season's team that beat Notre Dame, slaughtered Arkansas and didn't do much else except play everybody a tight game.

TEXAS HAS POWER

Texas has many sophomores but sophomores of quality. The Longhorn offense is due to be much better than last season featuring the running of Gib Dawson; the passing of Bunny Andrews, a "find" for the T quarterback spot, and new-found ball-carrying and blocking from Sophomore Billy Quinn. The Longhorn line is anchored to Tom Stolhandske, rated one of the finest ends in the country, and Harley Sewell, boomed for All-America guard.

Texas Christian, which won the championship last season after a lack-luster nonconference showing that included a bad beating from Texas Tech of the Border Conference, is back with almost the same team plus Ronald Clinkscale, a swishing sophomore who makes the tailback spot—key position in the Meyer spread formation—overflow with material. Ray McKown, the very busy young man of last fall, heads the tailback brigade.

TICKET SALES HIGH

Rice, which had many sophomores last campaign, comes up with a top-rated squad that includes Dan Drake, one of the finest passers in the area. Arkansas bulges with veterans, may not be as strong defensively but should be much better on the offense. Lamar McHan, a gifted quarterback, heads the Razorback scoremaking corps.

Baylor emphasizes speed and, according to Coach George Sauer, will do better than the sixth-place finish the sports writers have predicted. Other coaches in the conference think Baylor will be right up there. Nobody expects much of a drop-off. Everybody is all excited and advance ticket sales are good. The A&M, virtually wiped out by grad-ulation, and Coach Ray George agrees with them: forecast is for the all-time record attendance with more than 1,250,000 for the 36 home games.

Indians Fear Detroit May Do Them In During Final Games

By RALPH ROE
Associated Press Staff

There's a growing fear in the hearts of Cleveland's baseball fans today that history is about to repeat.

Last year Cleveland won 17 games and lost only five to Detroit's fifth-place Tigers—but three of those defeats came late in September and knocked the Indians out of pennant contention.

The Tigers are worse off this year. They appear a cinch to finish last for the first time in their American League history but when the Indians furnish the opposition the Tigers act ferocious.

Cleveland started off by winning its first four meetings from the Tigers but since then they have managed to take only five out of 11 from Fred Hutchinson's charges.

They bit the dust again last night, 11-8, blowing a chance to cut the New York Yankees' 3½-game lead. The Yanks were stymied, 3-0, behind the one-hit pitching of Philadelphia's Harry Byrd. In other games, Washington smeared the reeling Boston Red Sox, 9-2, and Chicago edged St. Louis, 1-0.

Brooklyn kept its cozy eight-game National League edge over the New York Giants, nipping Boston, 6-5, while New York nosed out Philadelphia, 4-3, in 10 innings. St. Louis brushed by Chicago, 6-1, and Cincinnati downed Pittsburgh, 1-0, in remaining games.

Don Kolloway, 34-year-old utility infielder, ruined the Indians last night. Kolloway whacked a pinch-hit grand-slam home run off Lou Brissie in the sixth inning to wipe out an 8-6 Cleveland lead.

Byrd walked two and fanned four in hanging up his 14th victory for the A's. Irv Noren spoiled his no-hit bid with a bloop double in the second inning.

The Senators shoved six runs across the plate in the second inning and beat Dizzy Trout and the Red Sox with ease.

Lefty Dick Littlefield held Chicago to two hits but one of them was Sam Mele's 13th homer in the seventh inning and it cost him the game.

The Dodgers overcame a 5-0 deficit in beating the Braves for the 14th time without a loss. The Brooks tied the score with five won out in the eighth when Duke Snider squeezed Jackie Robinson home.

Bobby Thomson of the Giants tripled home pinch-runner Dusty Rhodes from first base in the 10th to beat the Phils.

Veteran Ken Raffensberger recorded his sixth shutout, high for the majors, in out-pitching Pittsburgh's young Ron Necciai.

Chicago tagged Gerry Staley for 12 hits but the Cardinal righthander coasted to his 18th victory as the Cards supplied him with a 6-1 bulge in two innings.

THE GOOD OLD TRY

Sprawled on the turf, Harold Burrows of Charlottesville, Va., makes a successful return to Australia's Frank Sedgman during the third round match in the national tennis singles championship at Forest Hills, N.Y. Burrows regained his footing to take Sedgman's return and went on to win the point. The Australian, the defending champion, won the match 6-2, 6-2, 6-4.

Top Golfers At Odessa Tilt

ODESSA, Tex., Sept. 4 (AP)—Some of the nation's top golfers were in the field today as 70 teams moved out in the opening 18 holes of the Odessa Country Club's fourth annual pro-amateur invitational tournament.

Heading the field were E. J. (Dutch) Harrison, the old Arkansas Traveler who is a veteran of the national golf trail, and Charley Coe of Oklahoma City, former National Amateur champion. Harrison now the pro at Ardmore, Okla., and Coe were rated favorites to take down the top awards of $1,500 in cash and $100 in prizes for the amateur.

Another highly ranked team was Francis (Bo) Wininger of Guthrie, Okla., and his partner, Billy Maxwell of Odessa, 1951 National Amateur king.

The pros are contesting for $6,305 in cash. The amateurs will get $1,075 in prizes. The top 14 teams will finish in the money. In addition there is $100 today in a long-driving contest and a similar amount in putting.

The tournament, a 72-hole affair, runs through Sunday.

Miracle Can Save Giants In Pennant Chase

NEW YORK (AP)—Leo Durocher bravely proclaims in public that his New York Giants can overhaul the runaway Brooklyn Dodgers.

Privately, however, the dapper little manager, who yesterday signed to lead the Giants again in 1953, is looking forward to next year.

"We haven't given up by a long shot," he insists, "not until they can show me in black and white that we're mathematically eliminated."

Leo, however, knows that only a miracle, even bigger than the one that brought the National League flag to the Giants last year, is needed. And he is not counting on it. He knows his team, handicapped by injuries to Monte Irvin and Sal Maglie and the loss of Willie Mays to the service, is not good enough to pull off another miracle. So he is resigned to "wait until next year."

"Things should be a lot different—and better—next year," he says. "First of all, the big guy (Irvin) will be sound again. And there isn't a better clutch hitter in baseball than Monte.

"Also we're bringing up a couple of good-looking youngsters who may help us. They tell me we've got a kid shortstop in Minneapolis who can't miss. All who have seen him tab him as a future great. His name is Daryl Spencer. He is a big boy, 6-2, 180 pounds and a long ball hitter. He's hit 25 home runs, 19 of them after July 4.

"Another who our scouts think of highly is Bill Taylor, an outfielder. He is in the Army now but is expected to be discharged next Feb. 28. We purchased him from Oakland a couple of years ago and he can really belt that ball. He is only 22."

In answer to a question, Durocher said he is ready to trade any player on the club "if we can make a deal to help us."

In Britain the practice of lawyers, called solicitors, is limited to certain courts. Lawyers classified as barristers can appear before any tribunal in Britain.

OPEN SEASON

By DALE WALTON

J. M. Kayser has put coaching aside this year to take on a full time job in the high school as assistant principal.

Kayser, known by most residents here as Mule Kayser, just came back from a summer of class and field work through Texas Tech. Studying in lines far from coaching, he took an archaeological field trip into New Mexico, and he and a group of about 15 students lived in tents for six weeks [illegible] doso.

He came back to Snyder recently with callouses on his hands to prove that he spent the entire six weeks digging for fossils, or whatever archaeologists dig for.

According to Kayser's explanation of the archaeologist's new method of digging, it appears something like digging an Army six by six. He says they not only dig for days until they find something, but they cover it up after they've taken notes on their findings.

Kayser has spent the past three years here coaching, heading the track squads and helping Speedy Moffett with football. Last year, Kayser's cinder team took third in the district. In all, he's put in about 13 years coaching.

The assistant principal plans to try to take on track again next spring, if it can be worked in with his other duties.

The Snyder Tigers will perform the first test of their power this afternoon in a 4 o'clock scrimmage with O'Donnell.

Coach Speedy Moffett and his assistants took the boys to the small town just north of Lamesa today to meet Coach Ed Roberson's squad.

Another scrimmage is slated for 3:30 o'clock Saturday afternoon in San Angelo with the Angelo Bobcats.

High school football fans have their chance this week to get seats near the 50 yard line while they last.

Season tickets are now on sale in [illegible] the county superintendent in the courthouse, and they're expected to go fast.

Coach Jimmy Williams, a newcomer to the school system here, will have his hands full Monday afternoon when more than 100 seventh and eighth graders turn out for junior high grid practice.

Finding 11 starters out of that many boys may be something like finding a needle in a haystack, but Williams says he's ready to try.

Williams' job, a very important one, is to keep all the junior high boys happy in the way of athletics and prepare them for high school ball.

The junior high squad already has games scheduled with Colorado City and Hamlin.

Bulgarian Communists Are Shuffled Around

VIENNA, Austria (AP)—Bulgaria's Communist government has fired two more high officials — Foreign Trade Minister Dimiter Ganev and Agriculture Minister Nicola Stoilov.

Their dismissals, announced by the Sofia radio, came shortly after the firing of Bulgarian Heavy Industry Minister Anton Jugov.
